God, the Real Miss Hated Everyone Equally Chapter 85

The audience in the live streaming room began to worry about Brielle.

Chapter 85

Although Brielle showed a certain level of strength.

But they felt that Jebl was even more powerful.

After all, Jebl won the championship and fought for ten years in the real combat field.

Although he was arrogant, his strength was unquestionable.

In addition, so many people took the initiative to side with Jebl and became his dogs to deal with Brielle together. Brielle was almost sure to lose.

In the midst of the audience in the live streaming room, the audience was worried about Brielle.

In the forest, Brielle directly pulled back her bow and shot arrows at Fukuyu.

Suddenly!

Three arrows were shot in a row.

All of them were aimed at the crotch of Fukuyu!

nailed to the tree.

They did not get hit, but they actually felt the illusionary pain.

"Ah...!" Fukuyu let out a miserable scream. His whole body trembled violently, and his face twisted into a ball.

The force of the arrow forced Fukuyu to retreat again and again. Finally, he leaned against a tree. The three arrows were all

Everyone looked below him, only to see that the place where the arrow hit quickly spread a mass of blood.

Everyone subconsciously closed their legs.

This woman was too terrifying!

Everyone swallowed their saliva in fear and subconsciously retreated a few steps to the side. They also placed their hands in front of their bodies to block their important parts, afraid that they would also be 'shot" accidentally.

Even Tana was shocked.

This was quite frrational behavior. Fukuyu was Jebl's dog.

"Fuck!" "Damn Oscus woman, do you know what you are doing?"

As soon as she finished speaking, the arrow shot out.

She did not expect that Brielle would take the initiative to attack Fukuyu for her.

When Brielle attacked Fukuyu, she would slap Jebl in the face. Jebl would not let it go.

Jebl's pupils shrank. He quickly reached out and grabbed a person, blocking in front of him.

Sure enough, the next second, Jebl got angry.

"Fukuyu is my man. How dare you hurt him? You are provoking me!"

Brielle pulled out an arrow from behind her and aimed it at Jebl. She said coldly, "Not only will I hurt him, I will also not let you

pushed the man out.

"Ah..."

The rest of the people's faces changed greatly, afraid that they would be caught as human meat blocks. They quickly scattered and hid behind a tree.

Jebl also dragged the man and quickly retreated behind a tree. After making sure that Brielle could not shoot him, he angrily

Jebl hid behind the tree and shouted angrily, "Brielle, you actually made an enemy of me for a temporary partner. Is it

He knew that the big bosses behind the scenes had also prepared a white tiger with extremely strong killing power.

"You can stop now. There is still time!" "Only by becoming teammates with me can you walk out alive. Otherwise, you will definitely die!"

Only he had the medicine that could shock the white tiger. If other people don't join him, none of them will be able to get out alive.

At this time, the material package fell down.

"Damn, I can meet idiots no matter what program I participate in. So annoying!"

Brielle shouted impatiently, "Are you fucking crazy?"

Brielle cursed as she walked towards the open space.

others.

Brielle did not open the package. She directly picked it up and threw it to Lov, letting him take it.

"I don't like you when I don't have teammates. It has nothing to do with others when I target on you!"

"Ah-"

Completely crippled!

None of the three arrows missed!

"A bunch of idiots, get lost!"

Jebl was furious.

Deadic also quickly followed him. "Sir Jebl, save me! Don't leave me behind!" Fukuyu shouted loudly.

He endured the pain and forcefully pulled out three arrows.

Not only was his dick crippled, his body was also crippled.

Why did that woman, Brielle, shoot so accurately?

Fukuyu cried out in pain, his legs weak as he collapsed to the ground. "Damned Brielle! I will kill you!"

There were barbs on the arrows, and when they were pulled out, pieces of broken flesh were pulled out.

Brielle walked in front of Fukuyu and kicked him in the face. "Ah..."

Fukuyu screamed, and more than a dozen bloody teeth flew out of his mouth.

Brielle stepped on his hand and broke his five fingers, making a creepy sound. "Ah -!"

He didn't want to die.

"Crack!"

angrily.

She did it on purpose! She deliberately found a reason to hit him!

But he didn't dare to say anything. He could only kowtow to her, hoping that she would spare him.

Can't kill? She also remembered this rule yesterday.

She was originally thinking about how to create an accident and kill Jebl and the other beasts.

Now, it seemed that there was no need for an accident, she could just directly attack! €0

should send rescue personnel to pick up the contestants.

The program team did not stop Fukuyu from insulting Tana.

However, Brielle had a bow and arrow in her hand, so he did not dare to rush out to fight her. He was afraid that he would be shot to death by her arrow before he even got close to her. He was very upset and angry. Damn it, he actually let Brielle take the bow and arrow away. In the forest, if she had a long-range attack weapon, it was simply an invincible existence! If the bow and arrow were in his hands, he would definitely be more powerful than Brielle. Deadie said weakly, "Jebl, what are we going to do now? Are we going to teach Brielle a lesson?" Jebl said angrily, "How? Can you get close to her?"

Regardless of whether she could use the things inside or not, she had to pick them all up, leaving nothing behind for the

He glared viciously at Brielle and said fiercely, "Don't be arrogant. You will come to beg me!" "And soon, you will kneel down and beg me to help you!" Jebl sneered and turned to leave without hesitation.

He was crippled, completely crippled.

"Who the fuck are you shouting at?" Fukuyu was kicked until he saw stars, and his face was numb with pain. He couldn't feel it anymore.

Fukuyu's face was green and red, and he was so angry that he almost fainted.

Fukuyu let out another scream, which was mournful and desperate.

He couldn't die either. Someone had placed a bet on him. If he lost so quickly, his family would also suffer.

He was afraid that as he spoke, he would bleed and provoke her. He could only lower his head and say with a trembling. voice,

"Brielle, please let me go. The program has a rule that you can't kill people on purpose. If you kill me, you won't be able to

The program team did not follow the rules that had been set beforehand. After the contestants gave up the competition, they

After a while, he came back to his senses and looked at Brielle in horror. He said vaguely, "1... I was wrong. Please... let me

"Don't you fucking know manners? You are talking to me while bleeding and drooling. Are you humiliating me?" Brielle said.

Even if she had smoke bombs to cover them, she did not kill them. However, the appearance of those beasts last night made her understand that the program team wanted them to die.

So when she hit people, she used smoke bombs to cover them, leaving no evidence.

Since that was the case, why should she abide by that fucking rule?

Maen was kicked in front of the lion and was bitten to death by the lion. The program team did not stop it.
