

God, the Real Miss Hated Everyone Equally

Chapter 93

Chapter 93

When the big white tiger heard Brielle's laughter, it wanted to bare its teeth at her, but halfway through, it remembered her slap and silently closed its mouth. Then, it turned around and faced her with its butt. It even kicked twice with its hind legs to show that it was very angry.

Brielle picked up a branch as thick as an arm and threw it in front of the big white tiger.

The big white tiger subconsciously jumped up and caught it.

After catching the branch, it was still holding the branch and happily jumped twice.

Because it was too big, it stepped on the grass and made many shallow pits.

After jumping for a while, it suddenly realized that it was actually teased by the cunning upright ape with a branch. This was too lacking in its king demeanor.

The big white tiger angrily bit the branch into pieces.

Then, he pointed his butt at Brielle, and the tiger silently became angry.

Right at this moment, the female tiger that had failed in its pursuit of pleasure gave up on its pursuit of the white tiger. It picked up a branch that was half as thin as the one from before and cagerly put it down in front of Brielle. Then, it took a few steps back and looked at her with eager eyes.

Brielle picked up the branch and threw it into the distance.

The female tiger immediately ran to catch the branch.

Then, the other smaller white tiger also picked up a branch and placed it in front of Brielle.

Brielle: "..."

She had only teased the big white tiger out of curiosity just now. Why did these two little ones suddenly like this boring game?

She laughed as she picked up the branch and threw it into the distance.

As soon as one left, the other came back with a branch in its mouth and ran back with cheerful steps.

Brielle was bored and played with them.

When the big white tiger heard the movement behind it, it turned around and found that the two disappointing little brothers actually took the initiative to play with the upright apes.

This was too damaging their reputation as the king of the forest!

The big white tiger stood up and ran into the forest.

Soon, it came back with a branch as thick as a thigh in its mouth.

The puppy played with such a thin branch. They were the kings of the forest, and if they wanted to play, they would play big one!

It put the branch in front of Brielle, then pulled the branch from the other two tigers, and deliberately crushed it with its own big claws.

The corner of Brielle's mouth twitched, and she picked up the branch that was thicker than her thigh, about two meters long, and knocked on the big white tiger's head.

Chapter 93

"Are you stupid? Are you trying to tire me to death by picking up such a big one?"

The big white tiger cried out gloomily.

She was so strong, how could she show off her power if she didn't use this big one?

Brielle stood up, raised the big wooden stick and threw it into the distance.

The big white tiger swept away its depression and immediately ran after it. With another beautiful leap, it opened its big mouth and bit the wooden stick.

Er...

Its teeth hurt a little.

It seemed that this one was a little big.

At this time, the global broadcast room was stunned.

Because the big white tiger was taken in as a mount by Brielle, it aroused everyone's curiosity. The other players were too bored, so the audience from various countries strongly requested to turn to Brielle's side.

In the beginning, the officials were still unwilling.

However, the audience could not see Brielle and Big White Tiger in the official broadcast room, so they had to think of a way to climb over the internet firewall to watch Oscus' broadcast room.

The official watched as a large number of the audience was lost, and could only use the official live broadcast number to transfer the content of Oscus' broadcast room to keep the audience.

Even Widi's broadcast room turned to the camera on Oscus' side.

Because the camera on Jeb's side was really boring, he had been running away.

"

Looking at his cowardly appearance, his heart was filled with anger.

It was better to look at Brielle and the big white tiger.

The people of all the countries in the world looked at the live picture. The big white tiger was like a dog, letting Brielle throw the branches to play with it. They were all shocked and stunned.

[Oh my god, what did I see? I actually saw a big tiger like a big cat looking for humans to play the game of picking up branches? This is even more shocking than me seeing my neighbor and the old lady steal nasal feces!]

[If this wasn't a live broadcast, I would have thought that it was a special effect synthesis. The mighty White Tiger wouldn't do such a thing!]

[This White Tiger couldn't have been pierced by a dog, right?]

[Why do I feel that it is a little silly?]

[It is only silly in front of Brielle. In front of other players, it is still very scary.]

[Is too disillusioned. When the big white tiger first appeared in the cam, I thought it was very imposing and domineering, but now I feel like it is a big cat.]

[Brielle has the attribute to conquer the animal, right? When all animals meet her, they all become strange...]

It now have a whole new level of respect for Brielle. She is too awesome!]

The rich and powerful viewing room continued to be in low pressure.

At this time, the table in front of them was empty.

All the food and drinks on the table were smashed by John.

That damned Oscusian. When he sold the big white tiger to me, he said that it was very fierce and would eat people! Do you think that it would eat people now? A woman could scare it to the point of peeing in its pants, and a branch could make it like a dog. How is this fierce?"

"Even if I buy a husky, it is better than this!"

"Cheating! This is definitely a scam! The despicable Oscusian actually used a big white tiger that was useless to cheat me of 50 million dollars!"

When he bought it, that damned Oscusian still looked like he didn't want to sell it, He begged for a long time before that person said that when he saw how much he wanted it, he would give it up and sell it to him at a low price of 50 million. dollars.

At that time, he thought that he had picked up a great bargain.

But now, he felt that he had been cheated!

The bearded man said angrily. "Baka, how dare he lie to Sir John. This is too much!"

"Does Sir John still remember that person's appearance and name? I will send someone to catch him and vent anger for Sir John!"

Toofucker nodded. "That's right. He dared to use that kind of trash to deceive John, causing you to suffer such a heavy loss and even suffer a joke. I will definitely make him pay the price!"

John's face was ashen as he said, "I met him in the underground arena. He was wearing a mask, so I didn't see his face. He also didn't tell me his name. The money was also given in cash, so I couldn't find any information about him."

"I only saw that he was Oscusian. He was about twenty years old. He was tall and his voice was very pleasant to hear."

Everyone looked at each other.

With such little information, it would be difficult to find.

Therefore, John could only suffer this loss.

At this time, in a certain mansion in Oscus

A young

rich man was watching the live broadcast while eating.

Looking at the familiar big white tiger in the broadcast room, the chopsticks in his hand fell to the ground in shock.

"Damn, isn't this old player of the underground martial arts club, Master Tiger?"

"Wasn't it won by Monkey King? Why did it appear in Noglia's forest now?"

"Moreover, it was so fierce in the underground martial arts club that it could kill a person with one slap, and it could awe the whole audience with one cry. How did it become like this now?"

"Why is it so afraid of Brielle?"

"Why does it listen to Brielle so much?"

Suddenly, he thought of something and jumped up.

"Damn, I see!"

"Is Brielle the Monkey King?"

"When I saw her fight with Master Tiger at the scene, I thought she looked like Brielle. I didn't expect it to be her!"

"It must be her! Otherwise, Master Tiger wouldn't be so afraid of her!"

Because he was working during the day, he didn't watch the live broadcast all the time, so he didn't know what had happened before.

He began to use phone to check the live broadcast online.

When he saw the big white tiger saw Brielle, it immediately ran away and carefully protected his anus. He was extremely sure that Brielle was Monkey King from the underground martial arts club!
