

# God, the Real Miss Hated Everyone Equally

Chapter 96

## Chapter 96

Jeb1 looked at Deadie with cold eyes and said angrily. “Are you doubting my strength?”

Deadie quickly shook his head. “No, no, no. I absolutely have no intention of doubting your strength. In my heart, Jeb1, you will always be the most powerful. I just...”

Jeb1 interrupted him. “Enough. I don’t want to listen to your excuses. If you don’t believe me, then get lost. Don’t follow me!”

After saying that, he ignored these people and strode forward.

Although he let them go, he still remembered the hatred in his heart.

If someone really dared to betray him, after he got the crossbow, he would kill them first!

Deadic only hesitated for a few seconds and followed Jeb1.

The others thought about it and followed.

They had already offended Brielle and could not offend Jeb1 anymore.

Jeb1 soon found a suitable space and began to wait for supplies to be released.

The helicopter sent by the program team deliberately circled around in order to prevent Brielle from hearing the sound.

The helicopter flew above the open space and threw the supplies into it. Then, it circled around a large circle and flew away.

It came without anyone noticing and left without anyone noticing. Brielle could not find it at all.

They were not surprised that the materials were accurately thrown to Jeb1.

Because the materials from yesterday were also accurately placed above Jeb1’s head, but they were taken away by Brielle in the end.

This time, when they saw the parcel falling down, they were worried that Brielle would suddenly rush out and look around, nervously.

Some people even hid behind the trees in advance to prevent Brielle from suddenly appearing.

Fortunately, when the materials landed, they did not see Brielle.

They let out a long sigh of relief and ran to the front of the package with Jeb1.

Jeb1 opened the package and saw the arrows inside.

Jeb1 could not wait to pick up the arrows and examine them carefully.

This was actually a crossbow.

The

range was also very far.

Moreover, there was a large bundle of arrows, and there were a hundred of them.

Jeb1 tied the arrows to his waist, making it convenient to take them.

Then, he continued to look through the material package and found that there was a bulletproof vest inside!

Wearing the bulletproof vest, even if Brielle shot him, he would not be injured!

Jep1 was overjoyed. He immediately took off his clothes, put the bulletproof vest inside, and put on the clothes again.

As a result, it could not be seen.

Jeb1 sneered, “Hehe, Brielle, let’s see what you can do to fight me this time!”

“Although you took away the big white tiger, it doesn’t dare to approach me. It won’t be a threat to me.”

“Now I have a crossbow that is more powerful than yours, and a bulletproof vest. The advantage is on my side. You are dead!”

Deadic said excitedly. “Oh my god, there is such a good weapon in the materials the program team gave. This crossbow will definitely suppress Brielle!”

“As expected of Jeb1, your luck is so good!”

“I already said that victory is yours. Brielle can not compare to you at all!”

The rest of the people also praised.

Jeb1 said arrogantly, “Take a look at what else is in the bag.”

Those people immediately surrounded him and began to look through the supplies.

“Oh my god, there’s so much food.”

“There’s actually adrenaline?”

“There’s so much, a total of fifteen. One for each of us is enough!”

When Jeb1 heard this, he took a look and found that there were really a lot of adrenaline.

He immediately walked over and took ten more. “Your ability is not good. It is useless to leave adrenaline to you. As the main force, I will take more.”

“The rest, you can decide.”

Deadie quickly reached out and took the remaining five. “My combat strength is second only to Jeb1. I take the rest. Do you have any objections?”

The remaining dozen or so people had ugly expressions on their faces.

But they did not dare to say anything.

Jeb1 said, “Alright, stop arguing. Let’s eat first. Then we will find a place to ambush. When Brielle and the others come over here, we will catch her unprepared!”

At this time, the public live broadcast on their side was closed, but the internal broadcast was turned on.

John, who was in the viewing room, saw that Jeb1 had successfully obtained the weapon and felt relieved in his heart. A smile appeared on his face again.

“Hmph, I want to see how arrogant Brielle will be this time. Jeb1 will definitely teach her a lesson. Our Widi will finally win back a round!”

The bearded man laughed, “Brielle was no match for Jeb1 in the first place. Previously, she was just lucky and barely managed to take a small advantage.

“Now that Jeb1 has the same weapon as her, she definitely can’t beat Jeb1. Let’s just wait and see her be beaten by Jeb1!”

Deadie also had a smile on his face. “Hahaha, no matter how powerful Brielle is, she can’t compare to Jeb1!”

“No matter how powerful Oscus is, it can’t compare to Widi!”

John smiled and said, “I was so angry last night that I didn’t sleep for the whole night. After I see that Brielle was subdued by Jeb1, I will go to sleep.

Last night, he stared at Brielle’s live broadcast room for the whole night and wanted to see the big white tiger attack her while Brielle was sleeping.

He did not believe that the big white tiger would be loyal to Brielle.

However, after watching for the whole night, not only did the big white tiger not attack Brielle, but it also wagged its tail to help her drive away mosquitoes. It was more loyal than a dog. He was so angry that he did not feel sleepy.

Fifty million dollars to buy a loyal pet for someone else, no one could swallow this.

Someone asked, “John, although the big white tiger does not dare to approach Jeb1, it dares to approach others. What if the big white tiger attacks others?”

“The big white tiger is so huge. Once it moves, no one can escape.”

John sneered, “Then let it bite a few people to death.”

“Now that the big white tiger has listened to Brielle’s orders, even if it bites someone to death, it will be counted on her!”

“Although it is legal to kill people in the festival after they signed the agreement in Noglia, Oscus has a lot of pedantic people, and there are many Internet SJW. They will definitely count this on Brielle and rape her on the Internet.”

“Although the Internet violence does not have any physical damage, I am happy to see her being scolded by her own country.”

Toofucker smiled ingratiatingly and said, “John, Deadie has always been very obedient to Jeb1. Can you pass a message to Jeb1 and let him bring Deadie with him?”

Even if he can’t take first place and take second place, he can also make a lot of money and win a glory for their country.

John smiled and said, “Mm, I’ll ask the director to inform Jeb1.”

In the forest.

Brielle and the others continued on their way.

It was only in the afternoon that they approached the place where Jeb1 and his group had set up an ambush.

At this time, Jeb1 was hiding behind a big tree, staring at Brielle who was approaching in his direction with vicious eyes.

He sneered, raised the crossbow arrow secretly, and aimed it at Brielle...
