Mistaken Marriage, Unexpected Love

Chapter 123

Isaac put her on the bed and climbed on top of her. "Why? Do you think I'm dirty?"

"No..."

He lowered his head and kissed her pink lips, taking her hand and

pressing it against his shirt. "Unbutton it for me."

Blushing shyly, Camila turned her head and averted her gaze

But Isaac held her chin and made her face him. "Look at me."

What a bossy guy!

"You're bullying me." Camila pouted, pretending to push him away

Isaac chuckled. This woman was so cute

He lowered his head, resting his forehead against hers. "I only bully you." Camila chuckled. "Turns out you can also flirt."

"I'm only human," Isaac said with a smile

He didn't have to pretend to be reserved in front of the woman he liked!

Isaac's hand reached up and touched her face, his fingertips slowly moving down to her neck. Her skin was as delicate and smooth as jade, which aroused him so much

With her head tilted to one side, Camila quietly let him stroke her neck

Then, Isaac became bolder. He suddenly reached under her nightgown and lifted the hem!

The cold air suddenly rushed in, making Camila shrink uncomfortably

Seeing this, Isaac pressed his body against her, lending her his warmth

It all happened so fast. In the blink of an eye, the man had ripped off all her clothes!

Isaac pressed his lips against hers, kissing her passionately. Just as Isaac was about to go further, there was a hurried knock on the door! 3

Camila immediately came to her senses. She pushed the man off and

It all happened so fast. In the blink of an eye, the man had ripped off all her clothes!

Isaac pressed his lips against hers, kissing her passionately. Just as Isaac was about to go further, there was a hurried knock on the door! 3

Camila immediately came to her senses. She pushed the man off and

hissed, "Someone's at the door." 4

Isaac wanted to ignore the intruder. He grunted, refusing to stop kissing her

"The door is unlocked," she warned

Whoever was at the door knocked again

It sounded urgent

Camila was afraid that they'd open the door directly
What if they were caught like this?

"Who is it?" Isaac finally called

"Mrs. Johnston, your brother just left. He said that your
father passed away." Glenda's worried voice came from
outside

The next second, Camila's mind went completely blank

Tears welled up in her frightened eyes

Isaac was the first to come to his senses. He looked down
at Camila and

asked in a low voice, "Are you okay?" But Camila was too
sad to even speak

She felt cold all over, and her body began to tremble
uncontrollably

Isaac sat up and pulled her into a warm embrace. "It's
okay. I'm right
here."

A single tear drop rolled down her cheek

"I... hated him, but... I feel so bad..." Her voice trembled as
she spoke

Rubbing her hair comfortingly, Isaac whispered, "I know, I
know." Her father just died

How could she not feel bad?

"I... I want to see him," she suddenly said, standing up in a
hurry

But her hands were shaking so uncontrollably that Isaac
had to help her

get dressed. "Don't worry."

"How can I not worry?!" she snapped. The next second,
she covered her
mouth in horror

She realized that she shouldn't have shouted at Isaac
Even if she was sad, it wasn't Isaac's fault that her father
died. She

shouldn't have vented her messy emotions on him
.. I'm sorry." She apologized in a low voice
Isaac wiped away her tears and murmured, "Don't
apologize."

She looked at Isaac in a daze and suddenly threw herself
into his arms, sobbing violently!

Isaac held her and patted her back. He knew that nothing
he said would comfort her at a time like this

After a while, she gradually calmed down and the two
headed straight to the hospital

When they arrived, she saw the nurses pushing a body
covered with a white blanket to the morgue. Trudy was
behind them, crying bitterly

After some slight hesitation, Camila took a deep breath
and walked over

Trudy pushed her away angrily. "You jinx! Your father died
because of you!"

"Mom!" Aldrin was mortified. "How dare you blame her? If
you didn't quarrel with father just now, he wouldn't have
been so mad!"

After all, he was present when Marvin died

He knew that Camila had nothing to do with Marvin's
death

Trudy shot her son a murderous glare

How could Aldrin side with this bitch?

He should've sided with his mother!

Camila cast a cold glance at Trudy

Marvin's illness was indeed serious, and they all knew that he wouldn't

live long. However, now that he had suddenly passed away, it was most likely that Trudy had something to do with it

Plagued with a guilty conscience, Trudy didn't dare to look into Camila's cold eyes. She quickly changed the subject and howled mournfully,

"Marvin, how could you leave us like this? How can we live without you?" She played the role of a mourning wife well. Of course, she couldn't forget to slander Camila while she was at it

"Look at your daughter! She hasn't even shed a tear! What an ungrateful child!"

"Mom, stop it," Aldrin warned Trudy. "If you behave like this, Camila won't have the chance to see Dad for the last time."

Once again, Trudy glared at her son

Aldrin ignored his mother and pulled her aside, leaving room for Camila to see Marvin for the last time

Camila looked calm, but the hands hanging at her sides were clenched into fists, betraying her true emotions

Isaac held her hand. Although he didn't say a word, Camila felt a bit of reassurance from him. Taking a deep breath, she lifted the white

blanket off of the body, revealing Marvin's pale face

Although his eyes were closed, she could tell that he didn't leave peacefully, judging from the angry expression on his face!

Looking at Marvin's lifeless body, Camila didn't cry

She looked at Aldrin and said seriously, "When dad left, you were there

Did he say anything?"

Aldrin opened his mouth to say something, but then Trudy quickly

interrupted. "He said that he was going to leave the Haynes' assets to

Aldrin!" @

Aldrin still tried to speak, but Trudy silenced him with a murderous

glare. "Why would I lie? I'm your mother!"

She stressed the last sentence, as if warning Aldrin to keep his mouth

shut

Helpless, Aldrin finally fell silent

And Camila was already expecting such a reaction from Aldrin

She just asked this to test Trudy

And judging from Trudy's attitude, there was definitely something wrong going on, and Camila wasn't going to let it slide

At first, she didn't give a damn about the inheritance, but now, she was

determined to take it!
