

## A MISTAKEN MARRIAGE WITH MR. CEO

### Chapter 17

He Yi Ning's phoenix eyes swept across Shen Qi before he finally opened the car door and sat down confidently.

Shen Qi bit her lips, turned and walked to the front passenger's seat.

He Yi Ning did not speak, he steadily drove Shen Qi to his destination.

Shen Qi got off the car carrying her bag: "Thank you."

He Yi Ning stared fixedly at Shen Qi, his phoenix eyes rippling with emotions. He nodded, stepped on the gas pedal, and instantly disappeared from Shen Qi's line of sight.

Seeing that he had truly left, Shen Qi heaved a sigh of relief.

He raised his wrist to check the time. It was already ten in the evening.

She hadn't had much to eat for tonight's dinner,

so she was really a bit hungry now.

If you can go home and eat, then go home and eat.

Although she had never seen her husband in name before, the He Family would still send some daily necessities over regularly.

Shen Qi didn't want to waste her money outside, so she decided to make do with the bubbling surface s.

Shen Qi thought for a while, then raised her hand to call a taxi and told the driver her address.

After the taxi left, the son of the Pagni ghost quietly appeared at the place Shen Qi was standing just a moment ago.

He Yi Ning lowered the car window, and looked in the direction that Shen Qi had left in, and a slight smile appeared on the corner of his mouth, his eyes rippling with laughter: "Interesting."

This was the first time he had seen a woman that avoided him like this.

He reached out and caressed his own cheeks, thinking back to what Shen Qi had said before, that he was the second handsome man Shen Qi had ever seen.

Then, who was the first one?

He Yi Ning suddenly wanted to ask about the details.

When Shen Qi returned home, she was so tired that she was about to collapse.

He went to the kitchen and cooked a bag of bubbling surface s, and even swallowed all the noodles and soup. Only then did he seem to come back to life.

Looking at the villa in a daze, Shen Qi finally came back to her senses.

Today was her wedding day.

Unfortunately, she didn't even know what her husband looked like.

He Family's adopted son rarely appeared in public. Even if he were to stand in front of his now, she might not even be able to recognize him.

It doesn't matter, it's better not to see each other for the rest of my life. He did not have to think of a way to avoid it.

After finishing his meal, Shen Qi took a bath, threw himself onto the bed, and instantly fell asleep.

In his dreams, He Yi Ning suddenly pressed her down onto the bed, and laughed sinisterly: "Shen Qi, I've finally found you. "Tell me, how are you going to make it up to me?"

Shen Qi shuddered and immediately woke up.

He touched his chest and broke out in cold sweat.

"How strange, how did I dream about He Yi Ning?" Shen Qi reached out and caressed his cheeks, which were burning hot, as if he was still embarrassed from the terrifying dream.

Outside the window, the night was dark and the night wind was blowing gently, gradually dispersing the tension in the room.

Shen Qi sighed lightly, and immediately lost all sleep.

He walked barefoot to the balcony and held onto the railing to look at the night sky.

The night sky was as clear as a wash. The cold stars were twinkling, and it was as lonely as her current state of mind.

It was as if he had shed a few layers of skin that day, causing him to be exhausted.

It was hard to even rest properly, especially when he thought of returning tomorrow, Shen Qi felt even more of a headache.

There were no bridegroom at today's wedding. What should he do when he returns tomorrow?

She could already foresee what Shen Yin Yin would look like when he saw her.

At daybreak on the second day, Shen Qi took a bath early and dressed herself as much as possible. Then, she bought a few nutritious items and returned to the Shen family.

Unsurprisingly, she stood at the Shen family's gate for half an hour, but no one came to open the door for her.
