

Chapter 199 Gunter's Affair

Fidelia helped Gunter, who was as drunk as a skunk, get off the car.

This was not the first time he had gotten drunk. However, the wine he had consumed appeared to be particularly potent and had aphrodisiac effects.

Fidelia had no money, so Gunter was the one who paid for the room.

After entering the room, she helped him onto the bed and said, "Take a rest now."

All of a sudden, Gunter grabbed her wrist to stop her from leaving.

Meanwhile, Fidelia feigned surprise but eventually agreed to do what he wanted.

A man and a woman alone in the bed. Of course, something would happen between them.

After the deed, Fidelia leaned against the headboard with only a quilt covering her naked body. What was more, she looked pitiful with her eyes brimmed with tears.

Gunter stared at the bloodstain on the bed sheet and did not say anything for a long time.

At last, he let out a sigh and said, "I didn't expect that you're still a virgin. Don't you worry. I'll be responsible for you."

Meanwhile, Fidelia could not bring herself to meet his eyes in guilt.

The truth was, the sex caused her to bleed because Willie had taken her to the hospital for a surgery to cosmetically repair her vagina.

According to Willie, Gunter would love and cherish her more if she was still a virgin.

Sure enough, her virginity mattered to Gunter.

Fidelia's grip on the quilt tightened. She hated Audrey to the core. That woman was the reason she had lost her virginity and also why Isaac never took a liking to her.

At this moment, Fidelia was filled with nothing but hatred toward Audrey. She swore to herself she would take revenge on Audrey when she had the chance.

Come to think of it. She could take Audrey's husband now.

At the thought of this, Fidelia decided to work harder. "I know what had just happened was an accident. Don't worry. I won't blame you."

She got up but fell into his arms again in exhaustion.

Gunter had never been this passionate before. Surprisingly, he felt young and full of vitality now with Fidelia. Moreover, he was not tired yet and felt that he could still keep going.

With that, they had sex again.

As they lay on the bed panting, Gunter gave Fidelia a huge sum of money. "You should find a safe place to settle down, then buy whatever you want with the rest of the money."

"But this is a lot. How can I accept this?" Fidelia reluctantly said.

Gunter chuckled. "Am I still a stranger to you after what has just happened?"

The wrinkles on his forehead and eyes could be clearly seen when he smiled.

It was a sign of age. Even so, Gunter still appeared manly. He was tall and quite muscular for his age. But then again, he was not getting any younger.

However, at his age, there was charm young men did not have.

At last, Fidelia accepted the money.

Well, she did not think too much about this. All that was on her mind right now was revenge. With Willie's brainwashing and how Gunter reacted to the loss of her virginity, taking revenge on Audrey was a piece of cake.

At this moment, Fidelia lowered her head and made herself appear shy.

"It's so good to be young. Your skin is so soft," Gunter said while stroking her face. "Tell me, how's your family? Is there anything I can do for you?"

This was the first time they had met each other, and yet they already had sex. Gunter must be fond of her.

Willie once said to Fidelia that the more pitiful she looked, the more Gunter would care for her.

"My parents died when I was a child," she answered while biting her lower lip. "My grandfather is all I have left. I actually live with him at the moment. My family is poor, and my grandfather is sick. I borrowed 8000 dollars from loan sharks for his medical treatment, but the interest grew to 5000 in less than a week. I can't afford such a huge sum of money. And now, they're looking all over for me. If I hadn't met you, I would've fallen into a wolf's den."

Gunter touched her hand, moved by her story. "You're right. You're very pretty. They'll certainly take advantage of you if you fall into their hands. Luckily, you met me. I'll take care of you."

"Y-you... you're married, aren't you?" Fidelia cautiously asked. "I don't want to be a mistress..." Gunter's expression changed at the mention of Audrey.

"My wife is getting old. I get so annoyed when I see her."

Upon hearing this, Fidelia raised her eyebrows in delight.

In all honesty, Audrey looked young for her age. However, like everyone else, she too was getting older. If that was the case, it seemed that she no longer held the same power and influence over the family.

"You're so annoying. How could you say that about your wife?" Fidelia threw herself into his arms and acted like a spoiled child. "Am I prettier than her?"

"Of course," Gunter answered without hesitation.

The truth was, in her youth, Audrey was more beautiful than Fidelity. But that did not seem to be the case now.

If Audrey had not possessed a beauty like no other, Gunter would not have remained faithful to her for all these years.

No wonder there had been no scandal about him cheating.

"It's getting late. I think I should go home now." Gunter handed his business card to Fidelity and added, "Call me if you need anything."

Although he did not want to leave Fidelity, he still feared Audrey. He was worried she would make trouble if she found out about what had happened between him and Fidelity.

Fidelity nodded in response.

Without further ado, Gunter got dressed and left.

When he arrived home, Audrey had just returned. She happened to see him come in, so she asked, "Didn't you come back last night?"

Guilty, Gunter looked away and reasoned out, "Oh, I drank a little and fell asleep in the private room."

Audrey caught a whiff on his body, so she believed him. "Go wash up."

She was aware she had not been a good wife to him recently, so she thought he had gone out to blow off some steam.

Besides, her husband had never fooled around with women behind her back.

"Okay." Gunter ran to the bathroom, deliberately avoiding his wife.

Audrey stretched her limbs. She had been occupied with her company's affairs lately. Fortunately, her hard work had paid off. She had finalized a project with Travis and was now prepared to meet with the other party the following day.

At the thought of this, she felt so much better.

She went to another bathroom and washed up. Then, she changed into a sexy lingerie and waited for her husband in the bedroom.

In the bathroom, Gunter, burdened with guilt, could not bring himself to face Audrey. He dawdled for a long time before coming out.

"What took you so long? Did you wash away all the traces of your woman?" Audrey jokingly asked.

Her words startled Gunter and made his hair stand on end.

He forced himself to calm down and pretended to be offended. "What nonsense are you talking about?"

Audrey gently patted him on the chest. "Relax. I was just kidding. I've been really busy in helping Travis stabilize the company, so I couldn't take care of you. I'm sorry."

As she spoke, she leaned against Gunter and caressed his body.

Little did she know, Gunter and Fidelia had just had sex. He was no longer in the mood and could not even bring himself to have an erection.

Audrey noticed it but did not take it seriously, thinking she could do something about it. Perhaps she could seduce him to excite his libido.

Unfortunately, her efforts were in vain.

"I'm probably just too tired," Gunter reasoned out so as not to let Audrey down.

"What made you so tired? Do you know how long we've gone without having sex?"

Audrey had come back early today to make it up to her husband. Besides, it was still early in the morning. What could he have done this early?

Gunter rolled his eyes and assured her, "I know, and I also know how tired you are. I can see the sacrifices you're doing for our family. I just don't want you to overexert yourself."

"Really?" Audrey asked with narrowed eyes.

"Do you think I can lie to you? If I ever lie to you, I swear I will never be a man—"

"Alright, alright." Audrey rolled her eyes at him and chuckled. "I believe you."

However, as soon as she finished speaking, Gunter's phone rang. His heart skipped a beat. He rushed to grab his phone, but Audrey beat him to it.

"You seem nervous," she remarked upon noticing the anxiety on his face.

"Me? Nervous?" Gunter asked with a nervous laugh.

Audrey took a look at the caller ID. It was an unknown number. Perplexed, she pressed the answer button at once.
