

A MISTAKEN MARRIAGE WITH MR. CEO

Chapter 21

"Oh, I know. So, I came to ask where you are. As the company's CEO, I have to show compassion to my subordinates. " He Yi Ning replied casually on the phone.

Thank your sister! You are already grateful for not finding trouble with me, alright?

Of course, Shen Qi wouldn't dare to say these words out loud.

If he really said this, then he was probably going to die soon.

Shen Qi cursed for a long time before she unwillingly gave her address.

Twenty minutes later, just as Shen Qi finished applying the ointment and was about to leave, she saw a Maybach parked in front of the clinic.

Shen Qi sighed from the bottom of her heart, it was truly like a ghost that wouldn't leave!

The moment Shen Qi saw He Yi Ning, she simply wanted to flee.

Seeing He Yi Ning, Doctor Qi immediately smiled merrily and said: "Xiao Qi? Your husband came to pick you up? "

Shen Qi's face suddenly changed, she immediately waved and explained: "No no no, you misunderstand! He is mine... Boss! I'll be leaving first. I'll pay you my medical fees next time! "

After saying that, Shen Qi ran out as if her butt was on fire.

Doctor Qi looked at Shen Qi strangely, then looked at He Yi Ning, and muttered to himself. "It's clear that these two are husband and wife ..."

When Shen Qi rushed out, she saw He Yi Ning had already opened the passenger door.

Shen Qi did not want to be the center of attention, so she quickly got in the car.

He Yi Ning stepped on the throttle of the car and with a burst of clamor, Maybach drove away.

Seeing that the car had left the Shen family's territory, Shen Qi secretly heaved a sigh of relief.

If the people from the Shen family were to see him get into a stranger's car, who knows what kind of nasty words they would say.

When Shen Qi came back to her senses, she realized that this path was the one that led to the Jinghua Manor.

"Director He, I've applied for leave today ..." Shen Qi stuttered.

"I know." He Yi Ning's narrow and long phoenix eyes slightly slanted and glanced at Shen Qi: "If you work overtime while you're seriously ill, your pay will double."

"I will keep my post!" Shen Qi immediately abandoned his moral integrity and answered resolutely, "What kind of occasion is it today? I'll go back immediately and bring the toolkit. "

"No need, the things have already been prepared." An extremely faint smile surfaced at the corner of He Yi Ning's mouth as he said, "Are you that short on money?"

Shen Qi's face reddened, and she stuttered as she nodded, "I still want to pay you back the two million ..."

He Yi Ning chuckled, he did not say a word, and after a while, he returned to the Jinghua Manor.

After getting off the carriage, a butler immediately brought Shen Qi to a room, pointed at everything in the room and said: "These are all the personal belongings of the CEO. It will be changed every seven days. Today, CEO wants to meet an important partner at home, so please start as soon as possible. "

"Understood." Shen Qi immediately went back to work. "I will do it!"

Although it was a business meeting, they still chose to meet at home. This meant that their relationship was very harmonious.

Therefore, today's modeling is mainly for leisure and comfort.

Shen Qi very quickly picked out a loose linen shirt from the large cloakroom, matching with a set of matching body tempering pants.

Abandoning too serious an ornament, he chose a sports watch.

He opened the drawer and quickly picked out the products suitable for He Yi Ning's skin.

When Shen Qi was choosing her items, He Yi Ning had already taken a bath and walked over lazily.
