

A MISTAKEN MARRIAGE WITH MR. CEO

Chapter 25

He Yi Ning gestured for Shen Qi to grab the ball like how he did with the others.

Shen Qi glanced at He Yi Ning uneasily, and her body stiffened as she grabbed onto her bat.

Just as Shen Qi was considering whether to randomly swing a few rods and deal with it, suddenly, her back felt warmth!

Shen Qi's eyes instantly widened, and her entire body instantly stiffened!

He ... He actually ...

Shen Qi did not dare move.

As long as she lightly moved, she would almost completely crash into the other party's embrace.

As if nothing had happened, He Yi Ning stood behind Shen Qi, wrapped his arms around Shen Qi's body, and held onto Shen Qi's stiff fingers with both of her hands. He said softly next to Shen Qi's ear: "You must grip your hand like this, relax your arm, don't be too nervous ..."

How could he not be nervous?

He Yi Ning, wasn't it said that you never got close to women?

Weren't you the one who never let a woman get close to you?

Now give me an explanation!

He Yi Ning did not miss the shock and resistance on Shen Qi's face. He suddenly went close to Shen Qi's ear and sighed: "As long as you help me win this project, I will forgive you the debts of five hundred thousand."

"One million." Shen Qi endured the steam spewing from the other party's ears and subconsciously bargained with him.

"Hur hur." He Yi Ning chuckled. "Come, I'll teach you how to play ball."

When he thought of how he could escape from this demon as soon as possible, even if he was not used to it, Shen Qi still mustered his strength and followed He Yi Ning's movements, swinging his staff and hitting the ball.

Watching as the golf ball flew away, He Yi Ning suddenly touched Shen Qi's earlobe lightly as if he was playing a prank: "You did well."

Shen Qi's body could not help but tremble.

He Yi Ning caught her trembling in an instant.

When Director Qian saw the ball fly out, he immediately stood up and clapped. "I didn't think that even a stylist would have such a talent. Looks like Director He doesn't plan on letting me have a share of the share? "

He Yi Ning did not let go, he only straightened his body and said, "Chief Qian already has so many items. One more doesn't mean much, one less doesn't mean much. Since my He's Consortium wants to enter this industry, why not just give me the money and let me play with it? "In return, I can give you the land in the southern suburbs at a cheaper price."

Chairman Qian thought about it and said, "Alright, since Director He wants to play, how can I not cooperate? Director He is the emperor of an economic empire, I willingly acknowledge my inferiority. "

The corner of He Yi Ning's mouth rose slightly, "Then I'll have to thank Chief Qian for your help."

When Director Qian saw that He Yi Ning was still holding onto Shen Qi's hand, he instantly understood what was going on, and said: "Since Director He still has matters to attend to, then I will take my leave first."

"Butler, see the guests out." He Yi Ning smiled and nodded. "Please forgive me for not being able to send you off."

"I wouldn't dare." Director Qian immediately said, "Hold it."

The surrounding people all backed off, and Shen Qi immediately pulled on his finger, but she found that He Yi Ning was still holding onto it tightly, and was unable to pull out his finger at all.

Shen Qi felt that she was about to be driven crazy by He Yi Ning.

What did he mean?

He clearly had no intention to do it, but why did he still harass him time and time again?

Shen Qi felt that she could no longer tolerate it and turned around to push He Yi Ning away, saying sternly: "Director He, if there is nothing else, I will take my leave first."

He Yi Ning's smile suddenly vanished, and he looked straight at Shen Qi: "Tell me." What is your motive for coming so close to me? "

Shen Qi felt that she was really going crazy!

When did she want to get close to him?

He had always been avoiding them, okay?

He was his uncle in name!

How could she possibly want to get close to him?

Even if this marriage was just a joke, would it still be alright to be recognized by the law within a year?
