

## A MISTAKEN MARRIAGE WITH MR. CEO

### Chapter 3

Mrs. Shen hugged the young girl painfully. "Fine, fine, we won't marry. Since we, Yinyin are so beautiful, of course we'll marry the best. "Since you don't want to marry, then let your sister marry her!"

"She isn't my big sister, she doesn't have the Shen family's bloodline on her." Shen Yin Yin said in disdain, then changed her tone: "If you want to marry, you must marry He Yi Ning, he is the future family member of He Family."

Shen Qi returned to her room in a daze. When the door closed, her entire person leaned on the door and slowly slid down, suddenly sitting on the carpet.

He hugged his knees as tears streamed down his cheeks.

Zhan Bo did not know if he was dead or alive, but his family actually wanted him to marry them for Shen Yin Yin.

If he doesn't marry, the Shen family will cut off his brother's medical expenses.

But if he were to marry ...

Then what about Zhan Bo?

Why did God do this to him?

Someone knocked on the door. "Xiao Qi, I know you're in the room, can Mommy talk to you?"

Shen Qi's body stiffened, her fingers instantly tightened.

After a moment of silence, he opened the door.

Mrs. Shen didn't care whether or not her daughter had changed into wet clothes. She walked in and said, "Xiao Qi, I know you hate me. But there's nothing I can do! That year, when I brought Xiao Liu to marry you, I suffered for who knows how much. The Shen family also treated you two as your own, giving you the surname of the Shen family, allowing you to study and treat your brother's illness. "You know that your brother won't be able to get better in this lifetime. If there isn't a good hospital, then he won't be able to live for long."

Shen Qi's downcast eyes concealed boundless sorrow.

"Just thinking about how our Shen family would be forced into debt because of the He Family, my heart is not at ease. Without all these, what would you and Xiao Liu do? " Mrs. Shen rubbed his eyes pretentiously, "I did all of this for your own good. Although the He Family is just a foster son, he's still the eldest son of the He Family. Once you marry him, you will be the eldest young mistress! Even if he is not the leader of the He Family, He Yi Ning will still consider it as being a brother and give you a lifetime of wealth and glory. "

Seeing that Shen Qi was not moved, Mrs. Shen finally used her ultimate killing move. She turned around and started to wail: "My life is miserable! I've had three children in my life. One of them was born stupid, while the other was born unfilial and wanted to kill me, my mother! Pity my Yinyin is still so small, she's going to be a motherless child... Woo woo ... \* I might as well die right now! What's the point of me living? "

Every time Mrs. Shen was like this, Shen Qi would compromise.

But this time, Shen Qi asked indifferently: "Mom, Zhan Bo has been filial to you since he was young, so he would bring gifts to pay respects during festivals. Did you ever ask me about him? "

As soon as he said that, Shen Qi's eyes instantly reddened and she almost cried again.

"Isn't he already dead? It's just a dead man, what's there to ask? " Mrs. Shen blurted out: "If it wasn't for the fact that Zhan Bo's family still had some power, how would I have agreed to have a relationship with you?"

Shen Qi shut her eyes forcefully, and her tears started to fall.

She was truly unwilling to admit that the person who had said those words was actually her mother.

In her eyes, besides herself and Shen Yin Yin, who else did she care about?

"Besides, didn't I find you a better home now?" Shen Qi, you better not be lucky here. What kind of family was the He Family, and what was the Zhan Clan? I warn you, if you dare not marry Xiao Liu, I will immediately get someone to stop Xiao Liu's treatment! " Mrs. Shen exhausted his patience and immediately stood up. He did not even glance at Shen Qi before he left the room.

Listen to what she said? It was her son! She wanted to threaten her daughter with her own son!

Hearing the door being slammed shut, Shen Qi could no longer control her emotions, she hugged her knees and started to wail.

A figure timidly stood in front of Shen Qi and timidly spoke, "Xiao Qi, your clothes are wet."

When Shen Qi heard this voice, she slowly raised her head.

Shen Lu's astounding appearance instantly caught Shen Qi's attention.

Shen Qi instantly stood up and threw herself into Shen Lu's embrace, fiercely venting all of her grievances with her tears.

No one in the whole family noticed the rain water on her body. Only her brother, who had the autism disease, noticed it.

"Brother ..." Shen Qi tightly hugged onto Shen Lu's waist, and sobbed without a sound.

"Don't cry, Xiao Qi, don't cry." Shen Lu's body stiffened, but he still mechanically stroked the top of Shen Qi's head.

Shen Qi coaxed Shen Lu to sleep as he sat in a daze.

Since she could remember, taking care of her brother had become her responsibility.

He didn't know when, but his brother had been discovered by the autism, and would never communicate with anyone ever again.

Other than Shen Qi being able to approach him, no one else was able to.

Shen Qi reached out and gently caressed his brother's face, the bottom of his heart becoming soft.

In terms of looks, she was the only existence that could be said to be on par with He Yi Ning. One was bewitching and the other was bewitching.

However, the two of them were in completely different situations.

His brother could only be locked in his room and immerse himself in the world of loneliness.

He Yi Ning, on the other hand, was the ruler of the financial world.

When he thought about He Yi Ning, Shen Qi felt that his mood was terrible.

After his brother's long treatment, he was already willing to communicate with him. The doctor said that if he persisted for a while longer, he would be able to communicate with normal people.

At this critical moment, how could she stop the treatment?

However, all the money he earned was taken away by his mother for the sake of nourishing his brother's body, not to mention the one million yuan he still owed. If the Shen family is unwilling to pay ...

Shen Qi did not dare to think further.

She could not imagine Shen Lu falling into the darkness once again.

No, absolutely not!

He Yi Ning shook the wine cup in his hand, looked at his big brother who suddenly paid him a visit, and slightly squinted his eyes: "Give me a reason to marry you."

He Yi Ning's big brother, the adopted son of the He Family — He Yi Qi forcefully poured all the red wine in his hand into his mouth and let out a long breath, "Yi Ning, I have already officially renounced the right of inheritance for the He Family."

"But that's not enough for me to give up my marriage as a bargaining chip." He Yi Ning chuckled, a glint of light flashing across his phoenix eyes: "Change the terms."

"If I were to tell you that I already have you, who has been bitterly searching for that little girl's whereabouts ... "What about this condition?" He Yi Qi suddenly raised his eyes and looked at his younger brother, whose eyes were already shining with sharpness and seemed to be able to shake the world.

He Yi Ning's fingers suddenly tightened, his handsome and charming face instantly changed: "Are you serious?"

He Yi Qi nodded his head: "The last place she appeared in was the place I wanted to go. I can help you find out about it along the way."

He Yi Ning was still a little hesitant.

He Yi Qi immediately said: "As long as she isn't pregnant a year from now, the Old Madam will drive her away. You will only have to pay a year's worth of freedom."
