

## A MISTAKEN MARRIAGE WITH MR. CEO

### Chapter 5

"Auntie, I want to stay here with him." Shen Qi's voice was very low, her eyes were glazed, causing one's heart to ache: "We have all left, he will be lonely."

After saying that, Shen Qi silently hugged her knees as she sat in front of the tombstone, and silently cried.

Zhan Bo's parents sighed, and walked away after turning their heads around three times.

Shen Qi just sat there, not moving at all.

The next morning, the workers who were working in the cemetery realized that Shen Qi, who had already been sitting in the grave for an entire day and night, had fainted.

When Shen Qi woke up again, it was already afternoon.

Shen Qi opened her eyes and saw a few drops hanging on top of her head.

Wasn't he at the cemetery? Why was he in the hospital?

He couldn't hold on any longer. Did he pass out?

He was still so useless after all. He couldn't even accompany her for the last time ...

Two streams of clear tears gently rolled down her cheeks, seeping into her temples in an instant and disappearing.

Seeing that Shen Qi had woken up, the nurse checked her body temperature and said in satisfaction, "You have been unconscious for three days. Finally,

the temperature has dropped. Fortunately, the delivery was timely, otherwise it would have turned into pneumonia. "

Shen Qi did not utter a word as she stared at the ceiling above him.

The nurse looked at her more as she adjusted the IV. The patient was said to have been sent from the cemetery. Was his grief due to the death of his loved ones?

"Thank you ..." Please help me with the discharge procedures. " Shen Qi pursed his lips, which were dry and cracked. The pain of saying a single word.

The nurse was stu

ped. "But you're not completely recovered."

"It's all right. I don't have enough money. " Shen Qi said while trembling.

The nurse looked at Shen Qi for a moment, then turned around and helped her complete the discharge procedures.

Shen Qi took out all her money to pay for the medicine, which was only enough for the trip home.

Shen Qi bought the cheapest train ticket and leaned on the corridor of the carriage as she made her way back.

The exit was bustling with people, Shen Qi left the noise behind and stumbled forward.

His entire body was boiling. It seemed that the fever that had just subsided had reignited once again.

Shen Qi laughed bitterly from the bottom of her heart, her vision becoming blurry once again.

Shen Qi tried her best to determine the direction, but when she turned around, she felt a familiar dizziness.

The next second, a sharp and ear-piercing sound of brakes suddenly came from behind him.

Shen Qi turned, and was about to apologize. Before she could say anything, her vision went dark and she collapsed weakly onto the ground.

Before she fell to the ground, she vaguely saw a familiar figure.

He Yi Ning stepped on the brakes, he never thought that he would actually meet that woman here.

It really was ...

They were lingering.

He Yi Ning got off the carriage, walked to the front and squatted to take a look, this woman's face was completely red, with a touch, his body was as hot as fire.

Is this woman crazy?

He's ru

ing around with a high fever.

He Yi Ning frowned.

He raised his head and saw that there were people surrounding him. Some of them had surprised expressions on their faces and wanted to take pictures secretly. A trace of displeasure flashed across their eyes.

He Yi Ning immediately carried Shen Qi horizontally and placed him on the front passenger seat. After fastening her seat belt, her eyes coldly swept over the people who were taking secret photos.

The hands of those people who were secretly taking photos couldn't help but shake as they hurriedly put down their phones.

What a terrifying man.
