### Chapter 411 The Wedding Ring

Half an hour later, the owner of the store quickly walked in, seeing the two people on the sofa, he pulled the servant and whispered, "How do they know that I have the Star of Sky?"

After taking a glance of Jingyan and Yiyao, the servant answered, "They are dissatisfied with those rings, so I told them about the Star of Sky, I thought that they are not rich enough to buy it, however they make up their mind to try it."

"You...." The owner was speechless and patted her forehead.

The servant felt a bit painful but she didn't dare to rebut. Finally, he could only greet them himself.

He bowed and said with a smile, "Sir, is there anything I can help you with?"

Jingyan looked up at the man in front of him, he might be around forty with a beer belly.

Then Jingyan asked, "Are you the owner of this store?"

"Yes, sir." The store owner replied with a smile.

"We want to try the Star of Sky."

Jingyan directly said his request, however, the store owner was a bit reluctant.

"This ....." He smiled awkwardly, "Sir, it's a bit convenient for us. The Star of Sky is so valuable and it's still on the evaluation period."

"Just tell me how much do you want." Jingyan interrupted him and said forcefully with his leg crossed.

Hearing this, the store owner was stunned and then said in a hesitated manner, "We haven't decide the specific price yet."

"Is eighty million yuan enough?" Jingyan didn't want to waste time and said direct to the point.

The store owner was about to continue, however, after hearing Jingyan's words, he stopped.

Eighty million? Really?

Although the diamond was priceless, but it was small in size, eighty million had far beyond its price.

“Sir, please come with me.”

Of course he was shock by such a price, although he made efforts to get it, eight million yuan was definitely enough.

Hearing this, Jingyan felt calm, he knew that nobody would refuse such large amount of money, the store owner was no exception.

They went back to the store, the boss took out a key, and a few seconds later, the show case was opened and the ring was shinning in the light.

When Yingyan put the ring on Yiyao's finger, Yiyao felt a sense of coldness and then held her breath.

The size was suitable, the brilliance of the diamond made her feel dizzy. It seemed that she was already Jingyan's wife.

Thinking like this, Yiyao felt shy, this was actually the thought in her heart.

Her mind wandered, after a while, she regained her thought and raised her head. However, she found that Jingyan was looking at her with interest, she hurriedly caressed her face and asked, “What's wrong with my face? Is it dirty?”

Seeing that Jingyan kept silent, she took out her phone to check, however, was stopped by Jingyan. He just stared at her and said, “My wife is so pretty.”

“You .....” Hearing this, Yiyao felt very shy that her face turned red. How dare him to say this in public.

Jingyan, however, did not realize that and just pulled her hand and looked at the shinning ring.

Jingyan nodded, “It looks pretty, I'll take it.”

“What?” Hearing this, Yiyao quickly held back her hand and was about to take off the ring. Was he crazy? How could he spend 80 million on a ring!

Jingyan knew what she was going to do and quickly stopped her, then he k!ssed her on the finger.

“Since you've put on the ring, you are my wife now.”

Yiyao was stunned by his words and movement. Then Jingyan held her to the counter.

"Sir, the total amount is eighty-one and a half million yuan, will you pay by card or...?"

Jingyan took out a black card and handed it to the servant, "Swipe the card."

The servant was a bit stunned, and quickly she regained her thought for she was an experienced woman. Seeing the movement of the servant, Yiyao felt a bit depressed, it cost an arm and a leg.

Her mind drifted again, seeing that she was walking slowly behind, Jingyan turned back to held her.

"Money is not necessary but the ring is, we can't get married without it." Jingyan caressed Yiyao's hair and smiled happily.

"Well, it is really a large amount of money." Thinking of this, Yiyao felt depressed again.

Hearing this, Jingyan laughed, "You're a money-grubber!"

"Of course, it's money!" Yiyao murmured the whole way, however, Jingyan still listened to her carefully and patiently.

He continued buying things for Yiyao, after a while, many bags appeared in his hands. People only know that women are fond of shopping, however, men can also spend money like water!

After walking for a while, Jingyan found that something went wrong with Yiyao, so he asked, "Do your legs hurt?"

Yiyao shook her head.

"Then are you hunger?"

Yiyao still shook her head.

"So do you want to buy more? Let's continue!"

Yiyao couldn't bear it anymore and said, "Do you really don't know or are you playing dumb, you must know it!"

"Well!" Jingyan felt happy to see her acted like this and said, "Spending money can please us, why can't you enjoy this?"

Enjoy?

As soon as she thought about the money he spent, she felt very depressed.

“Come on, don’t act like that, it’s just a small amount of money, you have to get used to this or how can you endure me in the future?”

Jingyan felt helpless, after comforting Yiyao for a while, she finally calmed down.

“You must be hungry, let’s go eat!” Jingyan stuffed the things into the car and held Yiyao back to the mall.

“First, please don’t....”

“Well, I know!” Jingyan quickly stopped her words and nodded his head.

Actually, a meal wouldn’t cost much. Since Yiyao had stayed in the army for a long time, she was not sensitive to numbers, except the large amount. The daily consumption made no senses to her.

It was late, so there were not many people queuing. Jingyan picked a restaurant in the corner.

Yiyao felt a bit anxious when sitting in the restaurant for there were just a few customers and even the servants were standing far away.

The decoration was simple, but Yiyao knew that it was just the style of those top-class restaurants. People who ate here were all well-educated and talked in a low voice.

Yiyao browsed the menu in her hand, she was not that hungry and handed it to Jingyan.

Actually, she didn’t know how to order for all of these dishes were written in English. Although she was an educated woman, she didn’t know some of those dishes.

Jingyan simply took the menu and started to order, as soon as he finished, the servant took the iPad to the back kitchen.

“Are you a regular here?” Yiyao felt bored and asked casually. Since Jingyan quickly ordered the dished, he must come here frequently.

Jingyan took a sip of tea to clear his throat and then answered, “I’ve been here several times before, the desserts here taste good. I’ve always wanted to bring you here have no chance. We can finally eat here together.”

Hearing this, Yiyao pouted her mouth. It turned that he already had a plan. However, since he praised the dessert here, she must have a try.

Since it had not many customers, the dishes were served quickly, each of them looked delicate and delicious, which arose Yiyao's appetite.

"Let's start" Yiyao inquired, actually before Jingyan answered her, she quickly picked up the food she liked.

After tasting it, Yiyao felt satisfied and said, "It tastes good!"

"Then eat more!" Jingyan kept putting food in her bowl, quickly her bowl was full. Then Yiyao quickly stopped him and said, "That's enough!"

Hearing this, Jingyan put down his chopsticks and started to watch her eating.

Yiyao ate with great enjoyment at first, but the more she ate, the more tedious she became. Finally she just stopped eating and looked at Jingyan and asked, "Why don't you eat?"

"I'm not hungry." Jingyan wiped off the rice on her mouth and then replied.

Yiyao felt a bit shy with her face turned red, then she said, "Then don't look at me either, or I won't eat!"

"Well." Jingyan nodded and started to eat himself.

Yiyao didn't expect him to be so obedient, after looking at him for a while, she started eating again.

.....

Chuxue still lied in the bed, her gaze could burn the ceiling.

She didn't leave the bed except going to the toilet. She didn't know how long she would bear this. She felt bored and now every once in a while, she would turn over and change a pose.

"Chuxue, eat some fruit." Zhao took a banana and peeled it.

Chuxue pushed his hands away and said, "I'm not hungry, just eat yourself!"

Seeing this, Zhao felt helpless, then he continued, "Bananas are good for digestion, how can you excrete what you've eaten if you keep lying on the bed?"

"Well, it seems that you know I'm lying on the bed." Chuxue sneered, "It's very inconvenient for me, you can't help me if I want to go to the toilet?"

"This ....." Thinking the embarrassed scene, Zhao didn't know how to answer.

"Well, just eat yourself." Chuxue said impatiently and turned back her head. He was really stupid sometimes.

Zhao didn't know why she was unhappy, he touched his nose and ate the banana himself.

"You ....." After hearing the sound, Chuxue turned to look at him, how could he really eat it?

"What's wrong?" Zhao took another bite and looked confused, it was she who asked her to eat.

Chuxue was furious, "Do you really don't know or are you playing dumb with me?"

"I ....." Zhao didn't know how to answer this question. It was hard for him to give an appropriate explanation.

Chuxue was really a smart girl for she gave him such a difficult question. So he could only answered, "I don't know, it depends on you!"

"You! I'm really very angry."

"No way! How can you say that!" Zhao looked at Chuxue seriously.

Hearing this, Chuxue felt even more furious, she didn't know how to communicate with this man.

"Well, I want to go out." Since Kerry and Venus were not here, Chuxue wanted Zhao to take her out.

However, Zhao refused firmly, "No way!"

"I'm starving, I want to eat the dish of Wang Family restaurant!" Chuxue pretended to be sad. If needed, she could even cry.

And sure enough, Zhao asked, "I can buy it for you, what do you want to eat?"

"Please, the food tastes bad if you wrap it up!" Chuxue continued to beg him. She said that all the food she liked should be ate at the restaurant or the taste were destroyed.

Hearing this, Zhao was a bit convinced, it was rare for Chuxue to make some requirements, how could him refuse her.

Seeing this, Chuxue squeezed out a few tears, "I'm so hungry."

“Can you eat this first? I’ll definitely bring you there after you discharge from the hospital.”

“No way, I want to eat now!” Then Chuxue started crying, which made Zhao felt heartbroken.

“Well, please stop crying, I’ll take you there!”

“Really?” Hearing this, Chuxue suddenly stopped crying and asked excitedly, “Don’t lie to me!”

Seeing that she was excited, Zhao knew he had fallen in the trap again, so he smiled helplessly, “You....”

Chuxue spat out her tongue and said, “Let’s go now, there must be not many people now since it’s not mealtime.”

In fact, she just wanted to leave the hospital, if Venus and Kerry came back, there was no chance for her to go out.

Seeing that she acted energetic, Zhao felt a bit excited and hungry. Then he said, “Clam down and change your cloth.”

“Well, there’s no need for me to do that since it is inconvenient for me. Do you want to help me to change the pants?”

“This .....” Zhao didn’t know how to do and said, “We can just wait for auntie, she can help you!”

“Then, you can just ask me to stay here.” Hearing Venus’ name, Chuxue felt depressed, of course Venus wouldn’t agree her to go out.

Chapter 412 You Are Unique.

Seeing that Chuxue Ye was angry, Zhao Nangong had no choice, “Well, I listen to you, let’s go now!”

“Then what are you waiting for, let’s go!”

She lifted the blanket and wanted to get out of bed, but was stopped by Zhao, “You are still injured. I hold you!”

As soon as he finished speaking, Chuxue only felt a little dizzy and when she came to her senses, she was already in Zhao's arms. She looked up and saw his firm chin and for a moment she felt that he was very manly!

"Chuxue....."

"What?"

"Don't keep staring at me."

Zhao even turned his head a little when he said this but Chuxue was still looking at him. Her sharp eyes saw his discomfort and saw his ears redden so she couldn't help but snicker.

I didn't expect this nerd to be so easily shy, what fun!

.....

Zhao was good at driving so there were hardly any bumps to reach the destination. He opened the car door and carried Chuxue back into his arms.

"You put me down here. There's a wheelchair, isn't there?" Actually, she was feeling embarrassed to be held in public with so many people watching.

Zhao teasingly smiled, "When the wheelchair got into the elevator, can others still get on the elevator? We also have to think about others, don't we?"

"You ....." Chuxue rolled her eyes at him so holding her like this was very space-saving?

But she did not say it out. Since he wanted to hold, let him hold. Anyway, she had nothing to lose.

When they walked into the store, everyone casted curious glances at them, a handsome man holding a woman in a hospital gown. It was easy to imagine how attractive the situation was.

Chuxue patted his arm, "Put me in a seat by the window."

Zhao also saw that seat. Without hesitation, he held her and walked over. Before Chuxue had sat down, the waiter came over with a menu.

"May I ask what you need to order?"

This is a Chinese restaurant. The drinks here are tea besides plain boiled water. It does not sell red wine.

Zhao glanced at Chuxue, "I'd like Tuilu tea."

The waiter responded, leaving the menu and leaving. Zhao did not even look at the menu and directly handed it to Chuxue.

Chuxue directly picked up a pen to write on the menu. After a while, she didn't even ask Zhao and directly handed it to the passing waiter.

The reason they came here was because she wanted to eat and Zhao just to accompany her so he might not need to order any dishes.

After they ordered the food, there was nothing to do and they were relatively speechless. Chuxue could only look out the window to the coming and going of pedestrians.

When she was fascinated, two familiar figures suddenly appeared in front of her and walked by. She looked carefully and found that they were Yiyao Duan and Jingyan Ye.

Chuxue hurriedly patted the glass, "Jingyan, Jingyan!"

Zhao did not know why she was suddenly so excited. He looked out the window and saw Jingyan and then he knew the reason.

"Chuxue, take it easy. Do you have something to say to him? I'll go out and call him back for you."

"Eh .....?"

Before Chuxue spoke, Zhao had already taken a big step and walked out.

A few minutes later, Jingyan and Yiyao followed behind Zhao and walked slowly. They already drew a lot of attention but now they were getting even more attentions.

Chuxue was a little helpless. She thought to herself that Zhao was such a fool. She just wanted to say hello to her brother, who told him to bring them in?

"I heard you want to see me?" Not long after, Jingyan stood opposite Chuxue, looking down at her. His gaze moved to her injured foot and he couldn't help but frown.

"Who let you out?" In his impression, mom and dad loved her very much so she must have let him sneak her out.

"Jingyan, I was too tired of sitting in the hospital so I wanted to come out for a walk. You don't tell mom and dad, I'll go back immediately after eating!"

When Chuxue saw Jingyan's eyes, she knew he must be thinking of telling Venus so she started to act pathetic, "I'm still hungry. You have to let me finish my meal before I go back to the hospital!"

"Who knows what you're up to again?"

Jingyan turned around and looked at Zhao, "In the future, you don't have to meet all of her demands. You can tell which ones to meet and which ones not."

Zhao was a little speechless because Jingyan was like an older man lecturing a younger man, which made him more or less unhappy in his heart. But he couldn't say anything because after all, Jingyan was Chuxue's brother.

Chuxue hurriedly greeted Yiyao, "Yiyao, you haven't eaten yet, sit down and eat with us!"

She knew that she would definitely be rejected if she spoke to Jingyan directly but Yiyao was different because she didn't usually refuse others.

When Yiyao heard her say that, she wanted to refuse but Chuxue gave Zhao a look.

Zhao immediately understood, "How tired we are standing. Let's sit down and talk!"

He didn't dare to touch Yiyao, but he stepped closer to her and then Yiyao helplessly sat down. Since she sat down, Jingyan naturally had no problem with it.

They had already eaten earlier so when they saw the greasy meals, they didn't really want to eat.

"Eat, how delicious!" Chuxue saw Yiyao didn't pick up chopsticks, thinking she was embarrassed so she took the initiative to pick up food for her.

Yiyao quickly waved her hand, "No need! We've just eaten!"

"Ah!"

Chuxue suddenly shrieked, "Don't move!"

Yiyao didn't know what she was going to do again so she held her hand up and didn't move.

She pulled over Yiyao's hand and stared at her hand, "This diamond is so pretty!"

The corners of Yiyao's mouth twitched. She screamed because she saw the diamond. Yiyao thought she was not afraid of being heard by others?

"Where did you buy it?" Chuxue suddenly raised her head, her eyes shining. She was also very fond of this kind of jewelry.

"Don't think about it, it's unique." Jingyan patted Chuxue's hand and said carelessly.

When Chuxue heard him say that, she suddenly lost interest. "It's just a diamond. The world is so big. There must be a better diamond than this!"

Jingyan raised his eyebrows and that expression was as if to say that you went ahead and found, anyway, you couldn't find this one.

After the meal, Chuxue was a little depressed. She thought what kind of ring she would buy for wedding. Venus's and Yiyao's rings were unique, should she just buy one casually?

Zhao noticed that Chuxue was lost in thought but he said nothing, lowered his head and ate by himself, chewing the food in his mouth.

After eating, Jingyan really didn't leave her a trace of hope and called Venus directly. In order to prevent her from escaping, he even waited until Venus arrived before leaving.

"I'll go first." After speaking to Kerry, Jingyan turned back and waved to Venus.

Chuxue sat across from him, glaring at him and spitting out her tongue. She thought to herself that he should stay here all the time and accompany her until she was discharged from the hospital!

Jingyan felt her resentment from a distance, gave her a look which told her to conduct herself well and then turned away, leaving a dashing back.

Venus patted Chuxue on the forehead. "Stop staring! Come back with me at once. Don't act like we hurt you!"

"Mom ....."

Chuxue aggrievedly touched his head, "If you hit me like this, I will become stupid!"

"You are not smart at all. It's okay to be more stupid!" Venus did not care this at all and patted her head again.

Chuxue shook her head in protest. She thought to herself how did she get such a family? It was not good to go back to recuperate? Did they have to catch her like a fugitive?

Venus saw that she did not want to get up. She was about to go forward but was stopped by Zhao, "Auntie, her foot doesn't heal. You get on the car first. We will be there soon."

Venus wanted to say something but stopped, glanced at him and turned around to walk towards the car.

"Ouch, my foot hurts!" Chuxue waited for Venus and the others to leave and started to be unreasonable.

Zhao did not know that she was acting so he nervously went forward and squatted half of his body to check her foot, "Where does it hurt, let me look at it!"

"Ouch! It hurts so much, it hurts so much!" Chuxue bent over and as soon as Zhao touched her foot, she called out loudly.

Zhao saw that she was in pain and became even more anxious, "Chuxue, hold it for a minute. I'll take you to the hospital right away."

And then he was about to pick her up. Chuxue reached out her hand and tapped him on the forehead, "Dumba.ss, why are you so stupid!"

"Chuxue, I'll take you to the hospital right away. Hold it for a minute!" Zhao thought she was in so much pain that she started babbling.

When his hand was just placed on Chuxue's back, she hit it down, "You ..... you want to piss me off. I pretend to be in pain!"

"Huh?" Zhao stiffened in place and still did not know why, "Why did you pretend?"

In that way, when she went back to the hospital, she had to check. That was a lot of trouble!

"I just don't want to go back!"

"You want to stay here a little longer?"

"You ....." Chuxue was so angry that she couldn't speak. The hand pointing at him shook angrily.

"You can't leave if you pretend to be in pain." Zhao did not know why he had made her angry again and could respond to her aggrievedly.

"You can tell my parents that I'm really in pain. Your home is close to here so I go to your home first to rest!" Chuxue helplessly pushed him away and she was really too angry.

“Chuxue, don’t get angry, I’ll go talk to your parent right away!”

“Then go quickly!” Chuxue turned her head, not wanting to see him.

“Well, well.” Zhao made a gesture to let her take it easy and hurriedly ran out.

Not long after, Kerry and Venus reappeared in front of Chuxue.

Kerry frowned and asked, “The wound is cracked again?”

Chuxue hurriedly put on a pitiful face and nodded to him, “Yes!”

“You can’t walk?”

“Yes!” Chuxue nodded again.

“You want to go to his house to rest?”

“Yes!”

Kerry did not ask more questions and directly picked up Chuxue, “If I hold you, can we go back to the hospital?”

“No, Dad .....

Chuxue lied in his arms and did not dare to move, but she was very anxious. If she got in the car, she basically went back to the hospital.

“I don’t want to go to the hospital, I don’t want to go!”

She didn’t care about her injury and kept moving restlessly in his arms in order not to go back the hospital again.

Seeing her fierce reaction, Kerry helplessly put her down, “What the hell do you want?”

“I ..... I just don’t want to go to the hospital.” Chuxue usually did whatever she wanted, but as long as Kerry was angry, she would also restrain her emotions.

“You just want to go to his house?” Kerry was unhappy. Obviously he was already angry.

Chuxue waved her hands repeatedly, “No, no, I just want to go home!”

Kerry looked at her for a while. He found that she did not lie so he was not so angry, “Well then we will go home.”

"Kerry ....." Venus on the side wanted to object, but she saw Kerry gave her a look and thought for a moment and then she also did not speak.

.....

Back at home, Chuxue lied on the sofa, took a deep breath and smiled, "This is what home feels like!"

There was no smell of sterilized water and it was not all white here. At home, even the breathing was much smoother.

"Chuxue, do you want to eat fruit?" Zhao also followed her back, holding a bunch of grapes and shaking them at her.

Chuxue waved her hand, "I'm not hungry!"

She wanted to get well as soon as possible and then go out.

In the hospital, her goal was to go home. Now that this had been accomplished, her goal had become to go out.

Zhao looked at her round eyes and couldn't help but be scared for a moment because he knew she had some ideas in her mind.

"You come here!" Chuxue hooked her finger.

"What?" Zhao was scared for a moment and had a feeling that he was going to die.

"Oops, come closer!" Chuxue impatiently hooked his neck over, "You're so far away, am I a time bomb?"

Zhao skimmed his mouth, thinking that she was not a bomb, but more terrifying than a bomb.

Of course, he only thought about it in his heart and didn't dare to say it. After all, she had a bad temper!

"What is it?" Zhao began to listen carefully to what Chuxue wanted to say.

Chuxue rolled her eyes, "Now, your task is to find a way to get me out!"

"What?" Zhao did not understand. She had already been out of the hospital. Where else did she want to go?

Chuxue felt helpless and sighed that she had just rolled her eyes at him too early and she might be even more helpless later.

She took a deep breath and tried to restrain her emotions, "Are you stupid, do you want me to be looked at like a prisoner every day?"

"No one is watching you." Zhao wondered. After sending her back, Venus and Kerry went out on a date. He didn't watch her either and even he helped whenever she wanted to go anywhere!

Chuxue was so angry, "Are you really stupid or pretending to be stupid! According to today, I will be caught back wherever I go, not to mention freedom!"

### **Chapter 413 Meeting A Girl**

Zhao Nangong wondered, "Why do you always want to go out?"

"I ....." Chuxue Ye didn't know how to answer. She didn't know why she was always thinking about going out, just letting her stay like this made her feel very annoyed.

"Anyway, mind your own business. If you don't agree that, I'll think of my own way."

Chuxue sneered and sat back on the sofa and that made him at loss.

"Chuxue, what's wrong with you again?"

He felt helpless because as long as his thoughts were different from hers, no matter it was right or wrong, she would get angry and even lose her temper.

"I ....." Chuxue also reflected on it. What the hell was wrong with her? In front of others, she was not even so selfish, but once in front of Zhao, she seemed too pampered. When they were together, he had to listen to her completely and she ..... became completely unlike herself.

Zhao saw that she didn't say anything and thought that he had made her angry again so he carefully apologized, "I'm sorry. I didn't mean to, don't be angry!"

"All right, all right, you just stop saying that!" Chuxue hugged a pillow and sat in a corner of the sofa angrily.

Zhao sometimes wanted to come over to apologize to her but he was driven back by Chuxue. To the end Zhao was angry too, "Why are you angry? Why are you so inexplicable ....."

"I just don't want to see you!" When Chuxue heard "inexplicable", she became even angrier and she didn't even think about what she had said and blurted it out directly.

Zhao was so angry that he laughed, "So it's like this. You should tell me earlier, I'll leave!"

After saying that, he turned and left with a big step. With the door closed, Chuxue was left alone in the living room. She curled up and felt a pain in her heart.

This fool, how could he be so stupid. When he was told to leave, he left without hesitation. Did he not understand the temper of women?

The more she thought about it, the more aggrieved she was. She thought if Zhao never looked for her again, would they just break up?

But ..... she was too embarrassed to go to talk to him. What was she going to do?

When Venus and Kerry came back and saw Chuxue curled up on the sofa asleep, they were a little surprised and thought it was a little unbelievable. With her character, she definitely wouldn't stay so peacefully.

After looking at the living room, they found that something was missing. Kerry went over to check Chuxue's foot and then they remembered that Zhao was gone!

Where did Zhao go?

He was so thick-skinned and he specially wanted to live in their house. It was kind of unbelievable that he left before they came back?

"Wake up, wake up!" Venus tapped towards Chuxue's face a few times. She moved his lips slightly and woke up.

"What's wrong?" Chuxue rubbed her sleepy eyes and saw that it was Venus and then she was a little disappointed.

"You go to bed to sleep. You are drooling. You're not even under the covers....." Venus was a little less satisfied with Zhao. How could he go back without covering her with a quilt?

Chuxue wiped her mouth casually, "Why did you guys come back?"

"It's night, where are we going to go if we don't come back?"

After Venus said that, Chuxue looked out the window and realized that it was already dark. She even did not know what Zhao was doing.....

Why did she think of him again? She really shouldn't be thinking about him.

"Why are you alone here? Where is he?" Venus couldn't help but ask.

She didn't directly say who that person was but everyone knew. Chuxue shrugged her shoulders indifferently, "I let him go back first."

Venus and Kerry looked at each other, knowing that things were definitely not that simple, but they didn't want to ask more questions. Zhao and Chuxue had their own ideas. If they got involved too much, they would be a burden.

.....

Yulin Xiao drove around the empty street, behind him was Yuqi Mu. Yuqi turned a corner and they drove together.

"How's it going with you and that actress?" Yulin steered the wheel and asked Yuqi who was concentrating on driving.

Yuqi paused for a moment and his car became much slower than Yulin's car. He smiled bitterly, "Stars don't have serious relationships. We should never be in a relationship with them again."

"What? It sounded like she dumped you!" Yulin teased and smiled and then parked the car.

Yuqi saw him parked so he also followed him to stop, "I'm not being dumped by her, just I understand some things."

"Oh? Tell me about it!" Yulin raised his eyebrows with interest.

"The other people all say that actresses do not have true feelings. As long as you give money, you can chase any actresses."

Speaking of this, Yuqi smiled bitterly, "Am I not handsome?"

Yulin looked up and down, "You're pretty handsome, but you're not as handsome as me."

"Fvck you!" The originally serious Yuqi pretended to kick him after he said that.

"She slept with that fat director just for a movie, you say ....."

Yuqi was still angry when he thought of this, "You say if she is with me, not to mention a movie, as long as she tells me about it, I can help her make ten or even twenty movies."

"You are so generous!" Yulin couldn't help but tease.

"Don't be garrulous." Yuqi was in an extremely bad mood. After a few casual words with him, he had no desire to talk to him.

But Yulin kept teasing with him and didn't stop until they reached their destination.

"All right, all right, I know you are prescient, so be it. Don't talk when we drink and I feel irritable when you talk!"

Yuqi waved his hand. He was already very unhappy but Yulin kept talking about this thing that made him upset.

Yulin also knew when to stop teasing him, in case one day he would be dumped by women. Love was unpredictable.

There was noisy music, confusing lights and people who danced to music in the bar,

As soon as Yuqi and Yulin entered, they relaxed. They walked to the bar and casually ordered a whiskey.

Sitting on the chairs, they had a pleasant conversation. Usually at this time, even if they were sitting in the corner, there were many women who would come up to talk to them because they were both so elegant and handsome that women wanted to flirt with them.

They had just gotten halfway through their conversation when a seductively dressed woman twisted her sexy waist and approached them.

"Don't you two gentlemen have any other companions? Would you like me to have a drink with you?" Although she said so, she had already sat down.

Yuqi frowned and was just about to speak when he was stopped by Yulin.

Yulin smiled, "Yes, drink this cup first."

The woman didn't even think about it and drank it directly. After she had just drank this glass of wine, she felt that the taste was a little strange but before she thought more, she was a little dizzy.

"Sir, what kind of wine did you give me? Why do I feel a little dizzy?" The woman held her forehead and swayed to move closer to Yulin.

Yulin slightly leaned over and the woman fell on the edge of the counter. She held the counter and said, "You are so bad."

"You take care of her first!" Yuqi was so disgusted with this kind of women that he just turned around and left.

"Ugh?" Yulin wanted to call out to him but he was stopped by the woman behind him.

"Don't go, let's have another drink."

Yulin was a little confused. She just drank a glass of wine that mixed with three or four kinds of wine. Any others must be very drunk after drinking this wine.

But he did not know that this woman kept holding his arm after she drank that wine. When he managed to break free, Yuqi had already walked away.

He sat helplessly on a booth, drinking alone with women around him always coming to seduce him. After a few times, no one came to try to talk to him anymore.

"There you are!"

A woman's voice came from above. Yulin looked up and was wondering who she was when he just saw a dark shadow and then she fell on top of him.

"Hey, who are you? Get up quickly!" Yulin wanted to push her away but she stuck to him like an octopus.

"Don't ..... say anything, drink!"

The woman lied on top of him and her hand grabbed the wine cup on the table haphazardly, "Cheers!"

Yulin felt baffled, "I don't know you. Don't pretend to be drunk, get up!"

"I ..... I'm not drunk. Eww."

Before she finished speaking, she couldn't help but vomit it all over him.

"You get up!" Yulin finally could not maintain his gentlemanly demeanor and he directly pushed the woman to the ground.

He took off his jacket and threw it on the booth, "You ..... forget it!"

The woman on the ground still didn't know what she was doing and spoke unclearly. Yulin lowered his head and finally saw her face clearly.

Unlike other women who wore heavy makeup in the bar, she didn't wear much makeup.

She was good-looking and lovely, wearing simple clean jeans and white T-shirt, not like a person who often came to the bar.

"What are you doing? Did I make you angry again?" Yulin was about to leave but she hugged his leg. He tried hard to break free but he didn't succeed either.

He then squatted down and tried to reason with her, "Little girl, it's dangerous for you to hug a stranger in a bar like that!"

"You're not a stranger. You're my boyfriend!" The woman hugged his leg pathetically and refused to let him go no matter what he said.

Yulin was a little confused, could it be that he was wrong. This woman was not as innocent as she looked?

Thinking like this, he took out money from his pocket and put it in front of her, "You've got the wrong person. If you want money, let go of me!"

Unexpectedly, when she heard to give her money, she howled, "I do not want your money, I just want you back!"

Yulin knew that she might be dumped by her boyfriend, drank too much in the bar and mistook him for her boyfriend.

Yulin had no too much flaws and the only flaw was so soft-hearted. Seeing a woman crying in front of him, he couldn't bear to blame her.

His legs were held tightly by her so he simply sat on the ground, handing tissues to her.

"Don't cry yet, tell me what happened."

His gentleness made her slightly calmer, "I dreamed that you didn't be with me and wanted to break up with me and even you were with another woman."

"E ....." Yulin did not know what to say. He thought that it was another girl who met a bastard.

Although he was not a good person, he simply couldn't tolerate for the man who had an affair with two women at the same time. This kind of behavior didn't show how powerful the man was but it just made this man shamed.

He handed an issue to her, "Do not cry. There are many good men. Why you make yourself into this situation for a bastard now?"

Yulin smiled bitterly because he never thought that he would one day give others advice about emotional problems and still would give advice to a little girl whom he did not know.

She probably drank too much, looking at Yulin's legs for a while and falling asleep.

"I searched for you for a long time but you're staying with a girl!"

Yuqi ran over and saw Yulin was in a mess so he couldn't help but laugh, "What, like this kind of girls again? You use to like charming mature women and now you like a naive girl!"

"Cut the crap. Quickly pull her away from me. My feet are numb!" Yulin glared at him and asked him for help.

Yuqi also found it strange and stopped teasing him, "What's going on? She wouldn't let you go?"

"She broke up with his boyfriend, came bar drinking and ended up mistaking me as her boyfriend."

Yulin helplessly spread his hands. Did he look ordinary? Did everyone look like him?

"Well, she may be the one you love!" Yuqi patted his shoulder and could not help but laugh.

"What love, a little girl, I am not interested in her at all."

Yuqi skimmed his mouth, "That's impossible!"

"All right, all right, don't be silly, hurry up and drag her away!"

They made a lot of effort to pull her off Yulin's feet. As soon as Yulin just walked away, she clasped him round the waist again.

"Don't go ....."

Yulin helplessly rolled his eyes at the ceiling. Today he was so unlucky. How could he to be haunted by such a woman?

He turned back to Yuqi for help but Yuqi took a step back, "She is yours, it's useless to force others to take her away. Believe me. You should accept her so as not to spend more physical strength."

"Let me go." Yulin's strength was after all bigger than her so he was easily to ditch her. He pushed her to the booth, got up and prepared to leave.

"It hurts ....." the woman covered her hand and gave an aggrieved wail. Her hand was made red by Yulin and she didn't dare to pull his hand again.

Yulin had just stepped out a few steps and then a punk came over. He skimmed his eyes, just in time to see the punk touched her.

He was worried about her so eventually he went back and scolded in a deep voice, "What are you doing?"

The punk turned back unhappily and saw that Yulin's aura was different from the others around so he did not dare to mess things up. He had to take back his hands and leave with curses.

Yulin turned back helplessly and stood in front of her, not knowing what he was thinking about.

### **Chapter 414 Arguing**

"If you want to bring it back, just do it. What are you thinking about?" Yuqi Mu walked over, leaning on the backrest of the seat and teased.

He finally got something. From now on, the two of them would switch their position and he would be the one who didn't have to worry.

Yulin glared at him, "How? Sleep with you?"

"I don't care. If you think I'm too noisy, I can choose not to go back tonight." Yuqi shrugged, waiting for a show.

"Well...drink more..."

The woman lying on the seat suddenly sat up. Seeing the two tall men in front of her, she was confused for a moment, but soon, she got lost, searching for the wine glass on the table.

She was about to get it, but Yulin took the glass and asked her in a cold voice, "Where's your house?"

"Why don't you...let me drink?"

The woman was chaotic, completely unable to hear what he was saying, only to know her glass had been taken away by him. Thus, she was unpleasant.

Yulin took a deep breath and repeated again, "Answer me, where do you live?"

"Well...home?" The woman thought for a while, "Across from McDonald's."

Yulin pursed his lips. What's wrong with her? There were so many McDonald's, so how could he know which one she was talking about?

“Come on, drink with me.”

Yulin took a look at Yuqi. Seeing he was with no expression, he knew he was telling him to make the decision by himself.

He put the glass down and went forward without waiting for the woman’s reaction. He then picked her up and left. The crowd was surprised.

This often happened in bars. What would a woman face after getting drunk? Harassed or taken away. Everyone knew what would happen.

However, it was hard to see a man taking away a woman in this way. Therefore, the crowd knew he was someone. Those who were often in the bars had seen this many times. And no one would offend rich and powerful people because of a lost girl.

“Stop!”

However, there were exceptions. Someone was bold enough to stop them.

The two turned around to see who was messing around, but before they got to see his face, they froze.

How could Zhao Nangong be here?

When Zhao Nangong saw them, he was also surprised. The three of them stood there for a while. People there thought they were going to have a fight.

After a while, the person in Yulin’s arms began to move, insisting on walking by herself. It cost Yulin a long time to make her quiet, but now, he was in vain. And when Zhao Nangong saw her, he panicked.

“I...always see you two as gentlemen...but you...”

He drank a lot, so he was stumbling, but he had expressed himself clearly...

After saying that, he could not stand still and he slid down by the pillar he was holding. Yuqi frowned and went over to hold him.

But Zhao Nangong shook him off, “Don’t touch me. I don’t have friends like you!”

The people watching the show suddenly realized that they were good friends and they were fighting for a woman. They had thought the two did not know each other, but now a hero wanted to save the beauty.

Someone in the crowd was about to take out their phones to take pictures. Yuqi was afraid if they posed on the Internet and his family knew this, it would be a nightmare.

Before getting Zhao Nangong's permission, he directly dragged him towards the outside.

"Let me go."

Out of the bar, Zhao Nangong was vomiting to a tree.

Yulin felt sick, but he was still waiting for him to finish. He handed him some tissues, "Clean yourself. It's disgusting."

Zhao Nangong took the tissue and wiped his mouth, looking at him with contempt, "Where is Yulin? He's an asshole..."

Yuqi stopped him, "OK, OK. Are you sober now? Don't mess around."

"Do you think I'm drunk? When I find Yulin, I'll kick his ass. Let's go back and drink more."

Yuqi, of course, was speechless. He knew he was not sober at all, "Look at you, you're not OK. Don't try to save that girl and I'll send you back first."

Zhao Nangong pushed Yuqi away, "Send me back? I drove here by myself!"

After saying that, he wobbled towards where he parked. But he was unable to see anything clearly and fell down after a few steps.

"Come on! You? You cannot even walk. Don't drive, OK? Can you tell me which one is the brake and which one is the gas?"

Yuqi pulled him up with one hand. But all of a sudden, he used too much strength to keep balanced. Fortunately, he hadn't been dragged to the ground by him.

He complained, "Fvck. Yulin only cares girls. How can he leave me alone to deal with this asshole?"

"Asshole? Who do you think is an asshole?" Although Zhao Nangong was drunken, he was still very acute. When he heard the bad words, he immediately asked.

Yuqi was grabbed by the collar, which made him mad, so he said fiercely, "You! You're an asshole."

"Fvck you!" Zhao Nangong made a drunken move—punching him in his face.

Yuqi did not drink much, so he dodged his fist. Then he started punching. It hit Zhao Nangong's face.

He only felt his face hurt. But this made him sober up. Touching his face that had been hit, he looked at Yuqi in puzzlement, "Why did you hit me?"

"Why ask me? You started first." Yuqi was still in anger. Seeing Zhao Nangong's appearance, he knew that he had sobered up. However, he became even more furious.

Zhao Nangong wiped the blood from his mouth, not caring that Yuqi had hit him too hard, and asked, "Why are you here?"

"Of course, I came over to have fun, but you, don't you should stay by Chuxue's side? Why did you come here and drink so much? It's not like you."

Yuqi calmed down. Seeing his lonely appearance, he had already known the reason.

He must have quarreled with Chuxue again.

Talking about Chuxue, Zhao Nangong smiled bitterly, "Don't say her name. I really don't know what she was thinking about. I really don't know why she is so complicated."

"I have time to listen to you, so tell me what's going on with you guys." Leaning on his fancy car, Yuqi was ready to hear the long story.

Zhao Nangong rubbed his sore temples, recalling the thing happening during the daytime, and retold it.

After listening to it, Yuqi laughed, "I told you you're a fool, but you just do not admit it. It's not a big deal. She was having a temper. If you cannot stand this, what to do in the future?"

"But I did nothing and I do not know what I did wrong to make her so angry..." Zhao Nangong was more puzzled. He just said a few words, but why did she kick him out?

"Women, don't you know them? They are temperamental, but, the more temperamental she is, the more she likes you."

"Is that so?" Zhao Nangong did not understand. He had lived for more than twenty years and had contacted with many women, but why did he was in a mess when he met Chuxue?

"You are within and without. I bet Chuxue is also in a mess. Listen to me, make an apology and everything will be fine."

Zhao Nangong nodded, "Then I'll go to her tomorrow."

Yuqi already opened the door, "tomorrow? You want to wait until tomorrow? If I were her, I wouldn't forgive you."

"What's wrong?" Zhao Nangong had a bad headache, for he drank too much today. He planned to go back and have a rest before going to her. Then he would look better.

Yuqi came back to his sense and walked to him, not knowing what to say, "I'm speechless. I don't think this can be waited till tomorrow. Because at night, keen women are very fragile and they will think a lot. In the end, she will be disappointed about you."

"Seriously?" Hearing Yuqi's analysis, Zhao Nangong felt that he learned nothing from his experience with women. Yuqi deserved to be his love teacher.

"Belie me."

Yuqi got Zhao Nangong into his car and drove out like a sword off the string.

Yulin, sitting in his own car, helplessly rubbed his forehead. What's wrong with him? Why did he take this woman to the car?

Now she was drunken and unconscious and where could they go?

Home? Definitely not!

As an adult, although he was not living with his parents, they occasionally would come over. What if they saw...

Yulin shook his head, trying to make himself not think about such a terrifying scene. How could he take a girl to his house? He didn't know who she was and what if she was a rival, pretending to be drunken to pry?

Thinking about it, he finally decided to take her to the hotel, which was simple and not troublesome

...

When they arrived at Ye's villa, Yuqi honked the horn. When the butler saw him, he opened the gate.

The butler bent down to him, "Good evening, Master Mu."

Yuqi woke up Zhao Nangong, who was sleeping in the car, and asked, "Where's my uncle and the others?"

"They are inside." He showed them the way before leaving.

Zhao Nangong took a step back and hesitantly looked at Yuqi, "Do we really have to go in?"

Yuqi wrapped his arms, "We've already here! What do you think?"

"I...I'd better come tomorrow." The smell of alcohol was in the air and if he got inside, he would be disgusted by Kerry and Venus.

"Come on, I'll give you three seconds to think about it. Go in or not?" Yuqi just stopped there, instead of walking towards the house.

He really didn't have to do this, for it's really none of his business. He couldn't figure out his own thing but he still worried about others.

"Let's go. Just do it." Yuqi got impatient and dragged him inside before time's up.

Yuqi found he was pretending to regret, for he already flushed. Yuqi was really speechless, so he shook his head.

Chuxue was not in the living room after Zhao Nangong took a glance disappointedly and bent down to greet Venus, who was sitting on the sofa watching TV, "Good evening, Mrs. Ye."

Venus looked up in surprise, "Why are you here?"

"What?"

"Chuxue said you went back home, so why are you here again?"

Zhao Nangong subconsciously looked back, only to see Yulin was signaling him. He awkwardly scratched the back of his head, "That, I'm exactly here for Chuxue. Is she here?"

"Upstairs."

Venus took a deep breath, and asked Zhao Nangong while covering her nose, "Did you drink?"

Zhao Nangong bent his head lowered even more, "Yes, I drank a little because..."

"I asked him out for a drink. I was alone, and he was free, so he accompanied me to drink a few cups."

Yuqi knew Zhao Nangong was going to tell the truth like a fool, so he quickly interrupted him, afraid that he would tell Venus all the thing.

If so, not to mention asking for Chuxue's forgiveness, he would be kicked out before he could say anything.

Venus, for sure, didn't believe this completely, "Is that so?"

Yuqi turned his gaze at Zhao Nangong, who immediately understood and nodded, "Yes, yes, yes!"

"Chuxue is upstairs. I'll go and ask her to come down." Venus got up and stopped pursuing whether what they just said was true or not.

"Hey! Auntie, no, thanks. We can just go upstairs." Seeing that Venus wanted to go upstairs, Yuqi hurriedly stopped.

They were hoping to talk to Chuxue alone, so they came tonight. If Venus and Kerry were here, how could they say it?

Venus stopped and turned back, "You? Go up for her?"

Zhao Nangong nodded, "Yes."

"What for?" Venus warily surveyed Zhao Nangong. He looked honest, so he shouldn't do anything out of the ordinary, right?

"We...that..." Zhao Nangong didn't know how to lie, so he stuttered when Venus asked.

"What?"

Being pressed by Venus, Zhao Nangong could only turn to Yuqi for help with his eyes fixed on him.

Yuqi thought about it and laughed, "Auntie, why are you asking so much about the two of them?"

Venus nodded, "The two of them...so why are you following him?"

"I...I'm afraid that Zhao Nangong doesn't know the way."

Yuqi kicked at Zhao Nangong, who echoed, "Yes, yes. It's been so long and I've already forgotten where her room is."

"The first room near the stairwell."

"Sorry?" Zhao Nangong was still thinking about the question just now and he was surprised that Venus suddenly changed the subject.

But Yuqi, different from Zhao Nangong, naturally understood what Venus meant and waved his hand at Zhao Nangong, "Auntie has told us the location of her room. Don't you know what this means? Idiot, hurry up!"

"Me?" Zhao Nangong pointed to himself. Didn't he promise him to be his adviser? Why did he let himself go up alone now?

"Yeah. Have a good conversation and make an apology. I trust you." Yuqi winked at him, hoping to take some short minutes to teach him how to deal with Chuxue.

But Zhao Nangong was not that smart after all. After thinking for a while, he still couldn't figure it out, so he chose to ignore it.

"Okay, then I'm going upstairs now."

He looked at Venus and asked. Seeing she nodded, he went up step by step as if he had received the message from the king.

Though it only took him a minute to get there, Zhao Nangong had imaged several different scenes of Chuxue opening the door. No matter which one, he stood at the door, not daring to knock the door.

"Chuxue! I'm coming!" When Yuqi saw Zhao Nangong standing at the door like a dummy, he couldn't help but shout out.

Chapter 415 What the Hell Are You Guys Doing?

Chuxue opened the door reluctantly. When she saw Zhao standing in the doorway, she was a little angry.

"It's late at night. Why are you here?" asked she.

"I ....." Zhao stammered,

"You stink." Before Zhao could say anything, Chuxue covered her nose and tried to close the door.

Zhao hurriedly reached out to stop the door that was about to close. "Chuxue, please wait. I want to make an explanation."

"Fine, I'll give you a chance." Chuxue stared at him. "Explain it."

Zhao scratched his head and caught a glimpse of Venus who was looking at them. Then he asked in a low voice, "Can we go in and talk?"

Chuxue was about to refuse him when Yuqi Mu's words came from the living room. "Auntie, where is my uncle going?"

She held back her anger and said to Zhao, "Come in."

Venus was in the living room, but she was paying attention to Chuxue. When she saw Zhao enter, she wanted to stop him, but Yuqi suddenly came.

"This TV has already been updated to thirty episodes on the network, but why does the TV only put on twenty-five episodes?" Yuqi deliberately attracted Venus's attention.

"No wonder the network is all discussing it." Venus was distracted and forgot to tell her daughter not to stay alone with Zhao.

"Chuxue, I'm sorry I was wrong." Zhao, who was a slightly drunken, apologized.

"It seems that you're reluctant to apologize to me. I didn't force you to apologize. Just go." Chuxue pushed Zhao to the door.

When Zhao came to her family with Yuqi today, she knew that it must be Yulin who gave him the idea to apologize to her. Otherwise Zhao wouldn't have thought of this method.

"Chuxue, please forgive me." Zhao said in a begging tone. "Don't be so unreasonable."

"Zhao, do you still think that I am being unreasonable?" Chuxue, who was not that angry, became even angrier after hearing Zhao's words.

"No ..... that's not what I meant. And you know I don't know how to say sweet words to please a girl." said Zhao earnestly. He had obviously come to ask for forgiveness, but he had made her even angrier.

"But you are very eloquent when you make me angry." Chuxue said deliberately.

"Chuxue, I am very sincere in apologizing to you today."

"Sorry, I don't see your sincerity." Chuxue said irritably. "I know it was Yulin who gave you the idea, that's why you came."

"No, it's my idea. I just happened to run into him." Zhao immediately retorted.

"You're lying again!" Chuxue said.

Knowing that the apology didn't work, Zhao was ready to change his strategy. Suddenly he became serious.

"Chuxue, I've apologized to you many times." He said, expressionless.

Chuxue was a little shocked at his sudden change.

"I come to beg for your forgiveness, but you don't accept it." Zhao pretended to be angry. "Since you don't forgive me, then I will ....." Then he raised his hand.

"What ..... do you want?" Chuxue closed her eyes in fear.

Watching Chuxue get scared, Zhao smiled. Then he quickly wrapped his arms around her and apologized again, "I'm sorry."

"I thought you were going to hit me." Chuxue suddenly choked up and said. Just now she really thought Zhao was going to slap her.

"How could I hit you?" Zhao said. He held her even tighter.

Chuxue blushed, "You ..... you let go of me."

No matter how she struggled, Zhao held her tightly. He started touching her face, her neck, and then continued to.....

"I haven't forgiven you yet. You are not allowed to take advantage of me." said Chuxue.

Her words reminded Zhao. He lowered his head close to Chuxue's face, breathing on her face, "You still don't forgive me?"

His sudden change caught Chuxue off guard. She didn't expect him to be so bold to touch her now without permission.

Actually, Zhao was a notorious womanizer before he fell for her. Flirting with women was his instinct.

Only when he met his beloved one, he became clumsy. When he was sober, he was still shy. Now he was a little drunk, so he got the courage to do it.

"You let ..... go of me!" Chuxue said. She felt Zhao's breath. The faint smell of alcohol mixed with the smell of his body caused her to wander for a moment.

Before she said she disliked the smell of alcohol on him on purpose. Now that she was so close to him, she felt that the smell of his body was not so bad, but rather made her feel good.

“Then do you forgive me now?” Zhao held her tighter again.

“If you don’t let go of me, I’m going to call someone. My parents are all home.” Chuxue reminded him.

Zhao thought for a moment, and then said, “Anyway, I won’t let go of you until you forgive me.”

“All right. I’m going to shout. When my parents come, I hope you don’t regret it.”

Chuxue looked up at him, but Zhao kissed her suddenly on the mouth.

Suddenly there was a knock at the door. The two who had been hugging each other immediately let go of each other.

“You go ..... to open the door.” Chuxue whispered.

.

Zhao looked down, not daring to look at Chuxue’s eyes.

Then there were several more knocks on the door.

Zhao hurriedly smoothed down his clothes which were wrinkled by Chuxue, and then he took a deep breath and opened the door.

“What are you doing in there?” asked Venus.

Zhao kept his head down, not daring to meet her eyes. Venus became even more suspicious. “What the hell are you guys doing?”

“We .. ....”

“We were just kissing. If you don’t come, we’ll make love.” Chuxue said promptly.

“Did you?” Venus asked. Cold sweat flowed from Zhao’s forehead.

Venus was even more suspicious when he saw that Zhao was nervous.

“I said we were kissing. You’re the one who disturbed us.” Chuxue held her head up.

Venus was a little angry. She would not allow her daughter to do that before she was married.

But seeing how calm Chuxue was acting, she thought she was joking. If they were really kissing, there was no way Chuxue would dare to say it.

She looked at Chuxue once again. "As a girl, how can you say something like that?"

"You're the one who asked me to say it." said Chuxue. She didn't make any more unnecessary explanations.

"Next time, think before you speak." Venus reached out and gave her a gentle pat on the forehead. "I made some midnight snacks, so come down to have some."

With that, she left.

Zhao couldn't believe she just left. She turned his head to look at Chuxue in confusion.

Chuxue made a face. "Why are you scared? Didn't you just say that you wouldn't let go of me no matter who came?"

"I ....." Zhao was still in shock. "Why did you tell your mom we were kissing and she didn't believe you?"

Chuxue glared at Zhao. "She didn't believe I had the courage to say those things. So when I told her, she thought I was joking instead."

Zhao thought what she said seemed to make sense. He couldn't help but smile bitterly. "Why do I become dumber when I'm with her?"

"Why do you still stand here? If we don't get downstairs, my dad is going to come upstairs. He doesn't believe me as easily as my mom does." Chuxue said.

.....

Yulin woke up in the hotel. The woman who was staying with her at the hotel was sleeping soundly. Last night he endured the strange look of the hotel attendant and carried her into the room.

He looked down and smelled the smell of cigarettes and alcohol all over his body. Looking at the jacket thrown aside, he stretched out two fingers and took it away.

He pushed the woman who was still sleeping in the bed, but she turned over and didn't open her eyes.

He yanked her arm and called out, "Get up, go take a shower quickly!"

She didn't answer him.

"Wake up." Yulin called out again. Then he patted her face.

Looking at her, Yulin had mixed emotions. Her powder-free skin was a little dull, but her features were delicate. From her dress, Yulin could tell that she was that kind of woman who often went to bars.

He took her hand away and said again. "Please get up. I'm going to take a shower!"

"I don't want to. I want to sleep with you." The woman closed her eyes and tugged on Yulin's arm.

Then Yulin had to push the woman away from him with force. He was just about to sit up when the woman pressed on top of him again.

"What the hell do you want?" Yulin finally got angry. He thought she was just like those bar girls. They all wanted to have a one-night stand with him for money.

## **Chapter 416: My Mysterious Husband - Tips**

0 7 minutes read

### **Chapter 416 Just Kidding**

But her tactics was more sophisticated, she pretended to be a pure and innocent girl, but on the bed she was so profligate.

The woman did not open her eyes, just heard someone yelling at her, she could not help but be aggrieved, closed her eyes tightly and shed a few tears.

"I'm sorry, I'll stop talking, so is this not going to make you angry?"

Yulin Xiao saw her tears and didn't know what to do, he could only gently pat the top of her head, "I don't blame you ....."

"Well ....." The woman heard the words and lay on his arm with satisfaction.

Yulin frowned, he was so helpless that if he didn't push her away, he was really afflictive, but if he did so, maybe she stated to shed tears again ...

It really was a dilemma to choose, after thinking for a while, the woman in his arms had been asleep.

Yulin looked down, and finally could only resign himself to closing his eyes. Well, anyway, only one night, just endured it!

.....

The next day, just after dawn, Yulin was awakened by a shriek, he rubbed his eyes and looked at the woman in his arms in confusion, "What are you doing?"

The woman jumped up from his arms and covered her chest, "Who ... who ... who are you? What did you do to me?"

She got up, making Yulin's paralyzed arm slightly conscious, he raised his hand and opened half of his eyelids, "Sober?"

The woman nodded, and then shook her head, "No, what the hell are you? Where is this place?"

Yulin didn't answer her asked, "Now you're scared?"

"Who the hell are you?" The woman was even more irritated when she couldn't get an answer.

Yulin rolled his eyes and compromised, "Well, look at the clothes on you, other than being crumpled, everything is normal"

Hearing his words, the woman unconsciously looked towards her own body and couldn't help but relieve when she saw that it was really like what he said.

"Then why are you holding me to sleep?"

"Me? Hugging you?" Yulin pointed at his nose in amusement, "Are you seriously? It's obvious that you dragged me to sleep with me, and now you want to accuse me?"

"It's impossible!" The woman subconsciously retorted, but when she thought about it, she was indeed the one who was sleeping with his arm.

"What exactly happened?"

"Well!" Yulin raised his eyebrows, and seeing her standing opposite himself with messy hair and dumbfounded, he couldn't help but laugh.

"What are you laughing at?" The woman approached him suspiciously, "You must lie, right?"

Yulin only found it interesting to tease her and continued to say, "You don't know what you will do after drinking?"

"I ....." the woman was speechless, last night was the first time she got drunk, how could she know what she had do!

Yulin still wanted to say something, but a strange smell floating into his nose, he waved his hands to drive the smell away, "No, I have to take a shower!"

Walked to the woman's front, he stopped, "You'd better not go out like this, or people will think that there must be something happened!"

Without waiting for the woman to answer, Yulin walked directly into the bathroom and closed the door.

The woman stood in front of the mirror to look at herself, just now she simply bowed her head, knowing that she was very wretched, but looking at the reflection from the mirror, she was much worse than that!

It was the look of a lost girl!

She sat on the bed, listening to the sound of water coming from inside, she thought anxiously, staying here was definitely impossible, although this man did not have any sinister motive, but after all, it was a man, it was too unsafe for a lone man and a woman to share a room!

It was not impossible to go out like this! Even if she could endure the gaze of other people in the hotel, but the people on the street, the classmates in school...

Thinking about it, she couldn't help but shake her head, she should not be too capricious.

Just during her thinking, the bathroom door was opened, she heard the sound and looked up, Yulin appeared in front of her wrapped in a bath towel.

The upper half of his body was naked, the abs on his stomach were visible, she couldn't see any muscles at all with his clothes on, but when he took them off, they were all here!

"Eh-hem!"

Yulin dried up the water on his head, did not hear her moving, so he thought she had gone, and then he turned back but faced a pair of obsessed eyes, he could not help but cough to remind her.

"Well..." The woman smiled awkwardly, never thought she was found by Yulin!

"Just take a bath." Yulin directly throw her a bath towel.

The woman pulled off the bath towel over her head, said angrily, "I'll go, please be polite!"

Yulin rolled his eyes, "My princess, take a bath please!"

"Humph!"

The woman pulled the bath towel, glared at him, and walked directly towards the place where Yulin came out.

"Wait!"

"What is wrong?" The woman heard him call her, and although she was annoyed, she still stopped.

Yulin also did not look at her, combed his hair in the mirror, "What is your name?"

"Anna Xie."

.....

Anna dawdled in the bathroom for a long time, until Yulin came to knock on the bathroom door.

"Dead in there?"

"I know I know! Don't urge me!" Anna took a bath towel and wrapped herself up tightly.

Yulin's gaze darkened, covering his lips and coughing, "I've asked someone to send you clothes! Wait a little longer."

"Okay ....."

The atmosphere was suddenly awkward, Anna just stood there, and Yulin also moved his gaze elsewhere.

Anna looked down and observed her fingers. Were all rich people so moody? Just now he was fine, now he asked her to shut up for no reason...

Yulin, of course, did not notice Anna's emotional changes, sitting on the sofa, trying to control himself not to look at her.

But half an hour had passed, and he had not turned a page of the financial magazine in his hand.

"Thump, thump, thump!"

A knock on the door broke the dull atmosphere between them at the right time.

Yulin opened the door and it was the secretary standing at the door with a bag.

“Young master, here are the things you want!”

“Okay, you go down first.” Yulin took the stuff and took a half step sideways, blocking the secretary’s line of sight.

Although the secretary was puzzled, he nodded obediently, “Then I’ll go down first.”

Yulin closed the door, brought the bag in and handed it to Anna who was shrinking at the foot of the bed, “Change it, I’ll send you back.”

Anna was stunned, so there was something for her, she opened her mouth, did not know what to say, could only nod to Yulin, turned around and re-entered the bathroom.

A few minutes later, Anna reappeared in front of Yulin, this was a loose dress, and the size was not large, but it looked so loose when she was in it.

She was a little awkward to hold the clothes, it was almost like pajamas, and there was no difference between this and going out like that .....

Yulin also could not help but frown, he did not know the size of her, so he could only asked the secretary to buy a dress that everyone could wear, but he did not expect his aesthetics was so ..... unimaginable.

Yulin was stumped for a while, suddenly saw a belt on the pants he wore yesterday, he walked over and ripped it off.

“What ..... are you doing?”

Anna took a few steps backward, staring unblinkingly at Yulin who was approaching to her step by step.

Yulin did not say anything, forced her to the corner, when he saw her shivering, he could not help but smile.

“I warn you ..... don’t come over, or .....”

Yulin looked at her with amusement, “Or else what are you going to do?”

“Or else ..... I’ll cry for help!”

Anna raised her head recklessly, so that Yulin felt more interesting.

“Fine, just do it! If you can’t ask for help, I’m going to tie you up and ...”

“You .....” Anna saw him like a different person, and her anger was uncontrollable, “You were all pretending before?”

“Let go of me, let go of me!”

At first Anna thought he was joking, but when the belt was tied around her body, she was already completely flustered.

Yulin didn’t care about her struggle and tied the belt around her waist.

“Well, my hands are scratched by you!”

After Yulin tied it, he immediately let go of Anna, his hand was full of traces scratched by nails, a few long and thin slashes on them, bloody.

“What the hell are you doing?”

Anna suddenly relaxed, the whole person broke down, wiping tears and asked.

“Hey, you are so timid!”

Yulin saw her crying and immediately panicked, he just wanted to make a joke, but he didn’t expect that she was so timid.

Anna did not listen to his words and complained him with tears, “Why ..... why are you so bad?”

“OK, OK, OK, I am wrong, don’t cry!”

“You scared me ... ohh ...ohh.... “

Yulin looked helpless, accompanied her, and when she was almost done crying, he handed her a tissue.

.....

“Are you okay? You are almost crying until to eat lunch!” Yulin secretly rolled his eyes, if he had known he would not have joked! Causing himself to coax her with a hungry stomach.

“I have already explained to you, I just want to help you add a belt to make the clothes fit better!”

“Why..... why did you ..... not to speak properly?” Although Anna had stopped wiping her tears, but she still sobbed.

She was really scared, thought she was about to be...

In this place, there was no one to help her.

“My fault, I admit it, can you stop crying?” Yulin slapped his forehead fiercely, how could he suddenly think of this bad idea, if he knew she would cry all morning, he did not dare to molest her!

Anna looked up, Yulin was touched suddenly when he saw her watery eyes. She opened her mouth and said, “I’m hungry.”

Chapter 417 We Don Not Want The World Of Two To Be Disturbed

Anna Xie tugged at the belt that Yulin Xiao had just tied and was a little embarrassed.

How could it be that at this time, she was hungry!

Yulin glanced at her and turned back to the sofa, “Wash your face first.”

Anna touched her face, she just cried so hard, must have become a turtle! If she just washed it, the red and swollen eyes couldn’t be covered up.

She hesitantly looked at Yulin, but he was indifferent, did not react at all, and did not take out something to eliminate the red eyes.

Anna could not stand the hunger coming from her stomach and went into the bathroom.

In the bathroom, there was large mirror across the room, which could shine her in all shapes and sizes, just now due to nervousness, she had no time to appreciate the clothes Yulin remodeled.

The white T-shirt dress looked more white and flawless on Anna’s body, and the original wide clothes, became fit with a belt restraint.

The belt around her waist was not like most of the styles she had seen, not too wide, with bits and pieces of embellishment on it, it could both as a men’s belt and as a women’s belt, and it tied to the skirt without any sense of contradiction, but something special.

Anna simply freshened up and hurried out.

"I'm ready, go out to eat!"

"Let's go." Yulin put down the book he had just opened in his hand and opened the door.

.....

"You eat so quickly!"

When she saw the dish just served, she used both hands to put the food into her mouth, devouring.

Yulin propped up his forehead, covering most of his face, although he did not often come to this restaurant, he didn't guarantee that there would be acquaintances. If they saw, they must be laughing at him for half a year!

"Well, it's delicious, why don't you eat?" Anna looked up in confusion, only saw Yulin keep staring at her, she touched her nose awkwardly.

She was really too hungry, not paying attention to her image at all, and being looked at by him all the time like this, she felt as if she was a naive girl.

But the food was really too delicious! If she didn't feel awkward, she wouldn't want to stop at all.

"I'm not hungry, just eat." Yulin looked at her eyes full of light and pushed the food in front of him towards her.

"Well ..... okay."

With Yulin's permission, Anna would be more at ease to eat, she ate with great pleasure and looked up at Yulin sometimes, and saw he did not want to eat, also did not care.

"After eating, tell me where your home is, I will send you back." Yulin played with the ring on his index finger and carelessly asked.

"No, no, no!"

Hearing that he wanted to send her back, Anna immediately refused. She was not from this place, but studied here, if she went back to school, his car was too flashy, and if she was seen that it was her who got off, there would definitely be people talking about her behind her back!

"Just say, don't talk about other things." Yulin frowned, she actually refused him, did she want to take a taxi by herself?

This possibility was denied by Yulin directly, although he wasn't a man full of pity, he was not ruthless.

"If you don't say, we'll stay here." Yulin clasped his hands on his chest, crossed his legs, and just looked at her casually.

"No, no." Anna knew that he misunderstood her meaning and hurriedly explained, "I live at school, it's not convenient to go back like this."

Yulin did not understand, "Why?"

"Your car .....", Anna did not know how to explain, said two words and then stop saying, looking at him hesitantly and did not know how to say.

Yulin listened to what she said and immediately understood, "Don't be afraid. They did not dare to gossip!"

"But ....." If you were there, they certainly did not dare to say, but when you left, then I would die!

"Stop it, let's go." Yulin picked up the jacket in the waiter's hand, turned around and let her follow him, and walked out.

Anna sighed, she couldn't refuse him, so he could only comply with his wishes.

.....

Yiyao Duan sat on the sofa, waiting for the busy figure in the kitchen to come out with the dishes.

Today he was going to cook for her! Although her wounds hadn't healed completely, cooking was not difficult for her, but Jingyan Ye insisted on letting her rest and did the cooking himself.

There were several mistakes during the cooking period, but they were all solved. Yiyao was wondering how he could be so skilled when the meal was already set on the table.

"What's wrong?" As soon as Jingyan sat down, he saw Yiyao staring at the table dumbfounded.

Yiyao didn't pick up her chopsticks to taste first, but looked up and asked him, "When did you become such a good cook?"

"I am a good cook!" Receiving Yiyao's affirmation, Jingyan couldn't help but gloat and handed her the chopsticks, "Try it, it must taste good too!"

Yiyao held the chopsticks and didn't know where to start, although the dish was finished very well, the appearance was still not enough, it was a mess of several clusters, so she didn't know where to try it from.

Yiyao hesitated for a long time and finally put down her chopsticks and asked him tentatively, "Why don't you eat first?"

"I'm not hungry!" Jingyan stared at Yiyao with interest, and saw her turning her head back and forth, not knowing which one to choose.

Then he kindly reminded, "Just eat whichever dish you want, it's all made for you anyway."

"Okay." Yiyao gritted her teeth, reluctantly smiled at him, and picked the nearest dish to herself and chucked it into her mouth.

After chewing carefully for a few times, she suddenly opened her eyes, "Did you really make this?"

Jingyan saw her expression and then relieved, "Of course I made it, otherwise have you seen who else is in this house, besides the two of us?"

Yiyao thought about it, except for the two of them there was indeed no other people, although this dish did not have a good appearance, but eating it, it was not as hard to eat as expected, no, with Jingyan's skill, it could be said to be delicious.

Jingyan was so happy, at first he also hesitated for a while because of the selling of the dish, but after tasting, he was confident.

"How did your cooking skills suddenly improve?" She remembered that he seemed to be unable to cook, today he offered to cook by himself, she was watching TV, but kept a frightened eye on the direction of the kitchen, fearing that he might blow it up if he didn't pay attention.

"I don't know, maybe I was born with it, I didn't get the hang of it before."

Jingyan looked smug, holding his head high like a child who had won a big red flower.

Yiyao couldn't bear to see his smug look and just wanted to hit him when the doorbell suddenly rang.

"Who could it be at this time?" Jingyan frowned, his parents would not come over at lunch time, let alone others, they would come over to say hello in advance, only strangers seemed to be ringing the doorbell like this.

The two men in police uniforms were standing outside the door, and Jingyan was even more confused, "What happened?"

The police handed him a piece of paper, "This is a notice of court, I hope Mr. Ye will come on time!"

Jingyan took the paper, and looked at it, it was the matter of Ziying Duan. These days had been so restful that he had forgotten that this matter had not been resolved.

"Thank you for coming!" Jingyan accepted the paper and then said a few polite words to the police.

Seeing that he didn't come back, Yiyao also followed him out, and when she reached the door, she only saw the backs of the two policemen.

"What's happened?" Yiyao asked in confusion.

They just cooked a meal, how did they get the police to knock on the door?

Jingyan took her into his arms, his chin rubbing the top of her head, "It's okay, it is about Ziying, it'll be quiet when I've settled all these things."

Yiyao's body stiffened for a moment, but she quickly came back to her senses, "When is the court session?"

"Two days later."

Jingyan had carefully read it once and had already memorized all the important information in it, basically as soon as he was asked, he could answer it.

Yiyao gently responded, it's time to end it, otherwise there was always a scar in her heart, when somebody mentioned it, the scar was deeply torn again, it would never be healed.

Jingyan saw she was silent, knowing that she thought about the baby so he hugged her tightly.

"Don't think too much, Yiyao ....."

Yiyao ambled on his chest, listening to his heavy and strong heartbeat, and nodded gently.

They cuddled in the doorway for a while until the sun veered towards the door before they let go of each other and then closed the door to go back to the villa.

“Wait!”

When the door was still a crack away, they were suddenly shouted at, Jingyan saw Zhao Nangong and Chuxue Ye running far towards them. When they wanted to close the door, Zhao was quick to reach out a hand to stop Jingyan’s movement of closing the door.

“Why are you guys here?”

“We came to see you ..... er, you guys!” Zhao chuckled and secretly glanced back at Chuxue.

Chuxue walked a little slower, at this time, during their conversation, she accelerated her steps and ran to Jingyan.

“Brother, you haven’t come back for several days, I miss you so much!” Chuxue squeezed in between Zhao and Jingyan.

The distance between them was almost close to their noses, Jingyan frowned and stepped back a little, “Why are you here?”

Both people were behaving abnormally, they must had done something wrong.

“We came to see you!”

Chuxue took the opportunity to open the door and burrowed in, and her afterimage swept to Yiyao, and hurriedly ran over to hug her arm.

“Sister Yiyao, I miss you so much too!”

Yiyao was startled by the sudden intimacy, and looked at Jingyan for help, seeing that he was also confused, so she could only wait for her later words without making a sound.

But after waiting for a long time, Chuxue just ate some fruit and never said anything else.

Zhao just carefully accompanied Chuxue, helping her to serve tea and water, as if they had ignored the two masters.

Jingyan finally couldn’t help but snatch the apple from Chuxue’s hand, “What’s wrong with you today? Why are you coming to our place.”

Chuxue discontentedly reached out, "I just want to come to see you guys, why don't you believe me?"

"How can I believe your words, just say, if not, get out." Jingyan lifted her up from Yiyao's side.

Zhao just wanted to step forward, but was stopped by a look from Jingyan, "You'd better not get involved in the affairs of our two siblings."

"I ....." Zhao's outstretched hand immediately retracted and smiled awkwardly.

"Brother, let go of your hand!" Chuxue struggled in Jingyan's hand, seeing that it didn't work on him, she had to turn her gaze to Yiyao, "Yiyao, help me ....."

"It's useless to beg anyone, if you don't tell the reason, I'll throw you out now!" Jingyan said and made a gesture to move two steps towards the door.

"No,no,no! I say! I say!"

Chuxue saw him really want throw her out and couldn't help but whisper aggrievedly, "Just like mom and dad, not humane, I must be picked up!"

"What is the same as mom and dad, you quarreled with them?" Jingyan keenly found the loopholes in her words, immediately pursued the question.

"That ..... is ....." Chuxue's eyes flashed, and finally closed her eyes under Jingyan's sharp gaze, "It's not a quarrel, it's that mom and dad kicked me out!"

"Kicked out?"

Jingyan stared at Chuxue, "What kind of trouble did you get into?"

Chuxue gave him a blank look, "It wasn't me!"

"Then who is it?" Jingyan turned to Zhao and narrowed his eyes dangerously.

They hadn't even officially informed their parents about him and Chuxue yet, and they were already having trouble with their parents.

Zhao was scared and he waved his hands repeatedly, "It's not me either!"

"Then who the hell is it?" Besides the two of them, there were others?

Under the pressure of Jingyan's gaze, Chuxue swallowed.

"It's mom and dad..."

"It's you who don't know what to do, and you blame them!"

"No!" Chuxue was so anxious that she couldn't speak, "We didn't quarrel, it was they who disliked me and kicked me out."

"You better speak clearly!" Jingyan lifted her back and sat on the sofa with a cold face.

"Dad said he wanted to spend time with mom as a couple, but Zhao and I were always hanging around in front of them, and they found us annoying, so they kicked us out."

And they did not ask them whether they had place to go. She got out with a man, would it be safe? This kind of behavior of theirs was not like the performance of her biological parents.

"So why did you come here? We don't want to be disturbed either." Jingyan took a sip of water carelessly and spoke indifferently.

Chuxue rolled her eyes, "How can you do that, I'm your sister!"

"I don't know about that." Jingyan indifferent shrugged his shoulders, the corners of his mouth hooked up a smile.

Chuxue called out in chagrin, "Brother!"

"Even you won't take me in!"

Jingyan spread his hands, "I can't help it."

"Please let me stay here for a few days, otherwise I'll have to sleep on the bridge!"

She pityingly blinked her eyes at Jingyan, seeing that it didn't work so she immediately looked at Yiyao for help.

Chapter 418 You Should Be Responsible For It

Yiyao Duan was sympathetic about her , she said, "Let her stay, we are not short of rooms."

"But we are not short of the third wheels either!"

His words made Yiyao speechless, smiled at Chuxue Ye, "Why not you go outside to play a few days and then come back?"

"I don't want to!" Chuxue stubbornly stood up, "You will lose me!"

"Anyway, you are redundant." Jingyan Ye interjected.

These words made Chuxue more depressed, "Well, I'll go!"

"Chuxue." Chuxue also did not say much, turned around and went towards the door, Zhao Nangong immediately got up and followed her.

Yiyao saw Chuxue was so angry so she pushed Jingyan beside her, "Come on, just don't tease her."

Jingyan raised his eyebrows helplessly, Yiyao had to speak up herself, "Chuxue, we are joking, you can stay here for as long as you want, just come back!"

"Really?" Chuxue turned around and stared straight at Jingyan, waiting for him to nod his head.

"Mm!" Jingyan nodded lightly, not saying much.

But just like that, it was enough to make Chuxue happy, she came over and hugged Jingyan's arm, "I knew you were the best, brother!"

"Well, I have a condition, you can stay here, but he can't." Jingyan disgustedly drew out his arm and gazed at Zhao who was not far away.

"I ....."

"That's for sure!" Chuxue opened her mouth to interrupt Zhao's words.

Zhao stood in front of her and was aggrieved, "Chuxue ....."

Chuxue also did not look at him, directly waved her hand, "You do have a place to live, just go back!"

"I don't have!" Zhao did not move half a step and stared at Chuxue with a pitiful gaze.

"I don't believe it!" In addition to the villa, he had several apartments, if he said there was no place to live, it must be a joke.

If she also had the foresight to buy a small apartment, she wouldn't have to run over to beg Jingyan.

When Zhao saw that Chuxue did not have the intention of letting him stay here, he could only instruct her in a whisper, "Take good care of yourself, I'll see you tomorrow!"

When he closed the door, Jingyan's gaze cooled down, "What does he mean?"

It seemed like Chuxue had married. Took good care of herself? Chuxue grew up in his family, okay?

"Brother, you do know that he has a low IQ, so don't bother with him!"

Chuxue saw that Jingyan was still a bit angry, so she had to change the subject, "I haven't eaten yet! What do you eat at home, I'm starving!"

With that, she ran to the refrigerator and looked for it, taking out a bag of potato chips and running back to the sofa.

"There are still some meals made by your brother, I'll go and heat them up for you, you can't just eat snacks for the main meal."

Yiyao put the dishes on the dining table into the microwave oven, Chuxue heard that it was Jingyan's cooking, was immediately interested it, "Brother's cooking, I must eat!"

"Just give her some casual food to pad her stomach, one or two meals is not a big deal." Jingyan turned his head awkwardly, the meaning of his words was obvious, that was, didn't heat up the meal anymore.

But Yiyao and Chuxue pretended not to hear, a few minutes later, the meal was ready, Chuxue sat on the dining table and tried Jingyan's cooking.

"Get up, this is made for your sister-in-law to eat, if you want to eat, go to the kitchen and do it yourself!"

Chuxue spat out her tongue at him, "No, brother you are too stingy, it's just some meal, and it's still what you have left over, why can't you give it to me?"

Jingyan glared at her, "Just because it's my cooking!"

"Then I have to try it even more!" Chuxue didn't wait for Jingyan's reaction, she picked up her chopsticks and started to eat.

"Huh? Brother, is this really what you made?" Chuxue heard that it was Jingyan's cooking she was not hopeful about it, but when she ate, it was not at all the strange taste that she had imagined.

The more you ate, the more delicious you felt!

"It's amazing, if I did not suddenly come, do I never eat it?"

"If you know, don't say it." Jingyan did not want to stay in the restaurant, finished and left.

Chuxue looked at Yiyao suspiciously, Yiyao skimmed her lips, "Just he is, I guess he is embarrassed."

"I didn't expect that brother has so many skills." Chuxue also did not put it on the heart, continued to eat the meal on the table.

.....

"Here we are."

Yulin Xiao parked the car in front of a school and gently reminded.

In front of them was a grand and atmospheric retro building gate, this school was the best university in their province, and also ranked in the top ten higher education institutions in the country.

Yulin glanced at Anna Xie through the rearview mirror, she was sitting in the back seat and was hesitant to get out of the car.

He did not understand how a student who could get into such a school could go to a place like a bar, shouldn't they all live a disciplined life?

"Now there are so many people, can I wait a while before going down?" Anna looked up and asked carefully.

It was time for students to go to class, and groups of students passed by their car on the road, holding their books.

The yellow Ferrari stood out in the crowd, and everyone was curious about who was sitting inside, but the light-blocking glass obscured the faces of the people inside.

Yulin nodded, "Anyway, there is nothing to do, just wait a minute."

They sat in the car, no one spoke first, Yulin only felt a little dull, so he opened his mouth and asked, "Why did you ..... go to that place yesterday?"

"I ....." Anna smiled bitterly, "It's all in the past, I won't be stupid again."

"Because of a man?" Yulin asked tentatively, after all, he remembered when he was about to leave, she was the one who pulled him to prevent him from leaving, apparently treating him as another man.

Anna looked up in surprise, "Did I say anything to you?"

"Maybe you have said all important things." Yulin held back his upturned mouth, wanting to tease her.

"How can I ....." Anna moved her body in a panic, "Then I also said about him?"

"Not only did you say it, you also took me for him, otherwise why were you in my arms this morning?"

"Huh?" Anna was even more surprised, "Didn't I do anything out of the ordinary to you, right?"

She didn't know what she looked like when she was drunk, but yesterday she was too painful, drinking alone, and after a few cups her brain was already dazed.

Yulin smiled, "k!ssed me, touched me, and holding me, do these count?"

"Ah!"

Anna screamed, realizing where she was she immediately covered her mouth, "Did I really do ..... do those things?"

She completely could not imagine that she was that way when she was drunk, became not even like herself!

"Of course, there was all your saliva when I got up, almost disgusting me!" Yulin said and it seemed that he thought of something and couldn't help but shiver.

When Anna saw that he reacted greatly, she believed it and covered her face and bowed her head, "Why didn't you stop me, I really didn't mean it!"

Yulin's eyes flashed with a hint of promotion, "You don't know how domineering you are when you're drunk, how could I stop you? Besides, you said you were drunk, who knows if you did it on purpose?"

"In case you see that I'm handsome and pretend you're drunk, I'm totally unaware of it!"

"No, no, no!" Anna hurriedly waved her hand, "I won't do that, I was really drunk, I don't remember anything from last night!"

Yulin turned back with a serious face, "You took advantage of me and now you want to deny it, if you really want to deny it, there is nothing I can do, after all, there is no surveillance in the hotel room."

"You can go if you want, I'm a man, and I don't need to be responsible for anything."  
Yulin sat aggressively in the car and helped Anna open the door.

Anna put her hand on the door handle, but hesitated, it was clear that she was at a disadvantage, but by Yulin, as if she was a client, he was a resentful woman. If she didn't comfort him, she would be uneasy.

"I ....."

"Just go, I'm fine." Yulin held back the smile, he wanted to laugh but just to flirt with her, so he held back until now.

When he said that, Anna was even more overwhelmed, reached out and touched the top of his head, "I really didn't mean to, don't be sad."

Yulin felt a pair of small hands on top of his head, and a string in his heart suddenly trembled.

He moved his head and left Anna's hand, "I'm really not sad, you should go."

Anna glanced at the door, there were a few students, she did not recognize at all, so she was considering whether to open the door, and turned back to see Yulin hanging head, and she was a little overwhelmed again.

So she asked him, "Are you really okay?"

"I'm fine, just go!" Yulin was impatient, if he had known that he would not to tease this little girl, now she kept asking, it was not his own personality charm had convinced her, right?

Anna did not listen to him or open the car door, Yulin felt strange, turned his head, saw that she was staring at him with a gaze.

He asked her, "What for?"

"I really didn't mean to do it, what do I have to do that you don't get sad?"

"I'm really not sad!" Yulin solemnly emphasized.

Anna did not speak, staring at him, so that Yulin was a little scared. After a while, he said, "If ... if ... if you really want to compensate me, just leave a phone number. "

"Why?" This was not like compensating.

"I can't think about it now, of course, I'll contact you if you leave me a phone number! Otherwise, if you run away, where can I find you for compensation?"

Yulin also just made up a random excuse, he did not understand why he subconsciously wanted to ask her contact information, just this idea suddenly popped into his head, so he opened his mouth to say.

Anna looked at him for a while, could not find a reason to refuse, after all, she was the first to cause trouble, she could only take a piece of paper from the bag, and wrote a series of numbers on it.

"If you think of it, contact me." She handed the note to Yulin.

Yulin took the note and gave her an OK gesture, Anna wanted to say something else, but after thinking about it, she finally shut her mouth and opened the car door.

When she stood still, Yulin did not say anything, directly started the car, and went away.

Anna stood at the roadside, this night, it was like a dream, there were luxury hotels, expensive cars, and a handsome man.

When she woke up, she was a college student again, following the rules all day, not skipping classes, not missing classes, not being late and not leaving early.

Before getting off the car she actually wanted to instruct Yulin not to call again during class time, because she might not be able to answer. But on second thought, a man like him, he might have a lot of women, how could he miss her?

Maybe as soon as he returned, he threw the note she left into the trash.

The conversation that just asked her to compensate, she also knew that Yulin was teasing her. She could know that he must be a playboy from his appearance, it was impossible that he would be aggrieved just because he was k!ssed.

"Don't think about it, don't think about it!" Anna slapped her head, carrying her cloth bag towards the school.

Yulin saw Anna from the rearview mirror, couldn't help but smile. This little girl, what's going on in her head, silly .....

.....

Jingyan sat in the living room, muffled, while on the other side, Chuxue and Yiyao were chatting happily.

He grunted coldly and saw Chuxue with k!lling gaze.

From dinner he understood why mom and dad had to kick her out, she was always hogging someone else's wife, how could they not angry.

Before she did not come, Yiyao was his, now she came, taking his wife from this place to another, and always chatting. It seemed that he was not here.

In this way, let alone a few months, he could not stand it even one day!

“Sister Yiyao, how come your earrings are always the same style? I brought this year’s latest model, come, help you try it.”

Chuxue pulled Yiyao to sit in front of her and opened the small case she brought when she came, which was all gold and silver jewelry, all kinds of jewelry.

Yiyao was sitting on the sofa, confused, “I think this pendant is simple, also quite suitable for me, so there is no need .....

“Come on, you don’t understand, of course women need all kinds of jewelry to decorate, beautiful clothes to set off, only in this way you will look better!”

Chuxue picked a slender tassel pendant, and as she spoke, she had helped her wear it on her ear.

“How about it? I said this suits you, right?” Chuxue clapped her hands, measuring her masterpiece with satisfaction.

Yiyao twisted her head, carefully examining the new earrings in the mirror, her face was not big, wearing such earrings with femininity, the whole person became flirtatious.

“Does this ..... look good?” Yiyao frowned, she did not understand what was different at all, just felt that there was a little gravity on her ears.

### **Chapter 419 It’s So Humiliating**

Chuxue Ye fiddled with the earrings, “It looks good! If you don’t believe me, just ask my brother!”

He brought Yiyao Duan to Jingyan Ye’s side, “Brother, do you think the earrings I picked out for Yiyao look good?”

Jingyan was reading the newspaper, and when he heard someone calling him, he raised his head and sighed in his heart: Now you finally know that there’s me? I really thought you were going to abduct my wife!

His head turned to Yiyao’s ear, but hesitated to speak.

Yiyao apprehensively glanced at him, "Does...it look good?"

"Good-looking." Jingyan squeezed these two words out of his teeth.

What was going on!

His wife, was dressed up into a courtesan by this little kid!

"See, I told you, brother likes this!" Chuxue raised her head proudly, a posture of knowing her brother best.

Yiyao looked at herself in the mirror a few more times, "Is that so?"

Why did she feel that this look was a bit frivolous?

Or did ..... Jingyan just liked women who were a little more frivolous?

Chuxue saw that they all agreed with her vision, and hastened to take credit, "This is the most popular this year, when my brother went to a social engagement, he was followed by a woman like this, I think he likes this kind of dress, but my face is a bit round and not very suitable."

Saying that, he lowered his eyebrows and looked at her own face

Chuxue turned her heads to Jingyan and asked him with ulterior motives, "Is that so?"

"No, no, no, she said it's a social engagement!" Jingyan smiled, but he had actually cursed Chuxue in his heart.

"A social engagement at a night club?" Although Yiyao did not understand the rules of business, but she had done so much, knew that this kind of dressing was basically an escort girl in a night club.

Jingyan smiled obsequiously, "Not all, some famous girls also like to pursue the trend, you see, Chuxue has collected so many messy things?"

But Yiyao did not believe it, "Which time period do you socialize the most?"

Jingyan could not say anything for a moment, she asked this, clearly asking whether entering the nightclub was before or after meeting her .....

"A year ago, my brother did not go home all day!" Chuxue heard Yiyao asking, quickly interrupted Jingyan.

Jingyan glared at her fiercely, hating to plug her chattering mouth.

Chuxue, however, remained heartless, and after exchanging a glance with Jingyan, she just indifferently spat her tongue at him, "Brother, why are you glaring at me? Is what I said wrong?"

"Yes, it's right, I think you should stay at the dessert store tonight, I may not be able to accommodate you here." Jingyan gritted his teeth, if she was not his own sister, he probably would not have been able to control to beat her up violently.

"Come on, the dessert store is not yet cleaned up!" Hearing Jingyan's threat, Chuxue instantly became much better behaved, "Well, I won't say anything, you guys ..... discuss it, well, discuss it!"

Yiyao also came back to her senses and asked with a cold gaze, "Now can you explain?"

"Yes." Jingyan retracted his gaze, "That was before, the customer must go to the nightclub to talk about things, we had no choice but to make the decision, I really never went in myself!"

"Really?"

"Really!"

Seeing Jingyan speak so categorically, Yiyao froze, and the most doubt in her heart disappeared.

Chuxue ran over and pulled Yiyao, "Sister Yiyao, if you don't like this, I can still give you a new one!"

This time Chuxue held a handful of punk style earrings in her hand, making Yiyao couldn't help but shiver and shook her head hurriedly, "No, I still fit the original earrings."

"Well, people always have to change ....."

"All right!" Jingyan could not help but interject, wearing an earring, he had been forced to ask, if a few more, maybe they would break up, his sister was really not reliable at all!

"If you are idle, just go to the study to get a few books to read, do not hang around here, we still have business!"

"Business?" Chuxue was immediately interested in it, "I can help you!"

Jingyan's forehead was sweating, the "business" between him and Yiyao, what could she help?

"Well, what business do we have?" Yiyao was also confused, how come she didn't remember that they had business?

Jingyan gave her a wink, then said to Chuxue, "You just leave it alone, it's time to sleep, don't keep hanging around in front of us!"

"Brother ....."

Chuxue stared aggressively at Jingyan, and seeing his serious face, she could only nod aggressively, "Oh."

She turned back and took one last look at Jingyan and Yiyao, silently went upstairs, and the hall was instantly quiet.

And upstairs, Chuxue took a few books, reading on the bed .....

Yiyao woke up and only felt soreness all over her body, she felt her neck was a little stiff and couldn't help but move it, but she woke up the man sleeping beside her.

In fact, she couldn't even remember how she took a bath, only remembered that she was confused and rinsed by Jingyan for a while, and then he took a bath towel and wrapped it around her, and laid down on the bed.

"Wake up?" Jingyan tenderly stroked the hair on her face.

"Mmm."

Jingyan moved his arm and put his arm around Yiyao again, "It's not yet dawn, just sleep!"

Yiyao opened her eyes slightly, saw the darkness in the room, and nodded her head with her eyes closed.

.....

"Brother, what time is it that you guys are still sleeping?"

Yiyao had just fallen asleep again when she was called up by a startled cry, she opened her eyes in confusion and heard another knock on the door.

"Brother, are you guys there?"

The veins on Jingyan's forehead bulged, he pulled his arm out from Yiyao's head and tenderly helped her cover up the quilt, "You can sleep a little longer, I'll go."

Yiyao couldn't sleep, she just nodded her head, but did not close her eyes.

“Bro .....

Chuxue just wanted to call him again, but the door suddenly opened from the inside, she saw Jingyan standing there, the rest of the words was swallowed into her stomach.

“What the hell is the matter?” Jingyan impatiently rubbed his forehead.

“Well...” Chuxue stammered for a long time, “I’m hungry, but there’s nothing to eat in the refrigerator .....

Jingyan heard her words, forced to resist the urge to get angry, “You will not go out to buy yourself?”

“I’m not familiar with here, I don’t know where to buy breakfast!”

Jingyan stared at her coldly, “There is a store nearby.”

“Oh ..... then I’ll go first.” After saying that, Chuxue ran out, she did not want to wait for Jingyan to lose his temper and then leave, then it was not so easy to leave!

Walking halfway, she suddenly retreated and called out to Jingyan who was ready to close the door, “By the way, brother, do you and ..... Sister Yiyao want to eat anything?” After all, they were tired all night .....

She did not dare to say the latter phrase , she was afraid that Jingyan bore grudges.

“Just buy what you see.” Jingyan impatiently sent her away and then unceremoniously closed the door.

“Is it Chuxue?” Yiyao asked as she lay on the bed.

Jingyan could not see the expression on his face against the light as he answered softly.

“What time is it?” If she heard correctly, Chuxue had just said it was so late.

If even she said it was late, then it must be very late!

Jingyan opened the curtains and the sunlight spilled through the window onto the bed, he turned back and glanced at his watch, “It’s almost eleven o’clock.”

“Ah!”

Yiyao shrieked and wanted to sit up, but realizing that she had nothing on, she hurriedly laid back down again.

No wonder Chuxue said it was late! Because they didn't open the curtain, it made her think it was still dark outside, but even so, she didn't sleep well, she was really tired last night!

Jingyan returned to the bed and took Yiyao into his arms, "It's still early, if you're tired, just sleep a little longer."

"No." Yiyao struggled to get up, how dare she sleep again, it was almost lunch time, how bad would it be if Chuxue saw her!

Jingyan seemed to know the concern in her heart and gently touched her head, "If you are concerned, I'll ask her not to come back!"

"How can I do that?" Yiyao raised her head, "She's your own sister, how can you do that!"

"How can a real sister be so ignorant."

Although that Chuxue thought she had played her best acting skills this morning, she was still seen through by Jingyan at a glance. His sister was completely deliberate, she must have heard about them and deliberately came over to provoke him.

But in order to protect the face of Yiyao, he could only accompany her acting.

They sat quietly for a while, and Chuxue came back with a lot of things.

"Brother, look, I've bought back everything I saw! How is it? Good, right!"

Chuxue put the things on the table, all kinds of edible bird's nest and some ordinary breakfast.

"How's that? I am thoughtful, right?" Chuxue came close to Jingyan, wanting for his compliment.

When Yiyao saw the things on the table, she instantly understood and her face turned red into a monkey. But Jingyan looked as usual.

Jingyan turned over the things on the table and nodded in satisfaction, "It's okay, I'll pay you later."

"Okay!" Chuxue clapped her hands, squinted her eyes and smiled brightly.

When it comes to money, she knew that what Jingyan gave her could not be just this amount of money for the edible bird's nest, so she volunteered to pick up the edible bird's nest on the table and was about to run to the kitchen, "I can boil this edible bird's nest, I'll make it for you!"

After saying that, she happily ran away, and from her back, she looked like a little nanny they hired.

Yiyao was red-faced all the time, waiting for Chuxue to enter the kitchen before she finally raised her head shyly, "Does she know about last night?"

Jingyan pondered how to answer, but seeing Yiyao's red face, there was no way but to nod to her.

"Ah! It's so humiliating!" Yiyao buried her head into the pillow, she had been controlling her voice, but she didn't expect that Chuxue had already heard it!

In addition, this person was her sister-in-law!

### Chapter 420 Scam

The cars streamed in the street, and the neon lights blazed under the night sky. Yulin Xiao sat in front of the french window and raised his glass of red wine to drink it off.

"You sent that girl back?"

Yulin turned around and saw Yuqi Mu walking towards him, who smiled meaningfully at him.

He put down the wine glass and wiped the red wine off the corner of his mouth, saying: "Of course I sent her back, she's just a little kid, what else could I do to her?"

Yuqi sat down opposite Yulin and poured himself a glass of wine, "No, no, she's just right for you, who is as simple as a piece of white paper, how adorable!"

"Fvck you!" Yulin rolled his eyes and said, "Only you like that kind of young girls, I don't want to bring 'disaster' to them, who still have a promising future, just like what you always do."

Yulin was pushed by him and leaned naturally on the glass behind him, "To tell you the truth, I have a feeling that you will definitely be in love with that little girl helplessly!"

"Come on, I think you'd better take care of yourself. What about the thing between you and your young star? If our parents know about your story from the entertainment headlines....."

Thinking of this matter, Yuqi felt quite anxious, "I didn't know that the paparazzi nowadays are so capable that they can even find out such a secret thing!"

Last night when he woke up, he found that the gossip about him and that young star was being reported everywhere, and those paparazzi even took many candid pictures of them kissing. Now he has been carefully hiding that thing from his family, but as a saying goes: Fire cannot be wrapped up in paper, and he could only hide it temporarily.

Yulin smiled, picked up his wine glass again and took a sip, "Do you think that really was taken by the paparazzi?"

"What do you mean?" Yuqi was quite shocked, thinking: How absurd! If this is not the work of the paparazzi, could it be disclosed by myself?

After Yulin saw him being quite confused, he couldn't help but laugh, "Who else was with you that night, beside that woman? Think about it, that photo was clearly taken indoors, if it hadn't been taken by one of you two, who else would have gotten in to take the photo?"

Hearing him say that, Yulin hurriedly checked the news in his phone, and he found that all the photos were indeed very blurred, besides, judging from the background of their hugging with each other, they were indeed in a hotel room.

Several of them clearly showed his and the woman's faces, and with such a shooting angle, they indeed did not look like the candid photos, but more like the photos that were shot indoors deliberately.

"You mean that she took the photos herself and disclosed them to the periodical office on purpose?"

Yulin waved his hands, saying: "I didn't say that, but you already have the answer in your own heart!"

Yuqi couldn't help but smile bitterly, lowering his head: "That's impossible, what good would a scandal do her? It will only damage her reputation!"

"You've been in the entertainment circle for so long, can't you still understand?" Yulin said as he touched his glass of wine, "She slept with the director some time ago because she wanted to be the leading lady in a certain play, right? If what I guess is right, this play is about to start airing recently."

"What does this have to do with the play....."

Yuqi said as an idea suddenly came in his head, "Are you saying that..... she is using her fame to create scandal in order to make this play be known by people?"

Yulin nodded, "You finally understand, maybe she planned the whole thing before. After all, she can also be more famous if she can have a scandal with you!"

Yuqi, who knew the truth, sighed reluctantly and drank off the red wine in his glass, "I really didn't expect her to be such a woman! I was such a fool to be with her!"

"Come on, it's too late to regret now, let's think about how to deal with our parents."

As long as they thought about their parents, they felt quite worried. Although they loved seeking pleasure, they had never caused a big scandal, which was well-known to all.

As long as they didn't go too far, the elders in the family would just turn a blind eye to their lives. But if something like this happened and was known by them, they would definitely punish them seriously!

"We can only temporarily hide it from them and see what will happen, what if I'm lucky and this matter is not found by them at last?" Yuqi smiled bitterly, although he knew the chance of that was extremely small, he still had a fluke in his heart.

"What's that look on your face! Now that you can be so optimistic, don't look so sad! Come on, have a drink first!"

Yulin poured much wine in both of their glasses, and after he handed the glass to Yuqi, they clinked glasses.

Yuqi then frowned and worriedly drank off the wine in his glass.

.....

Yulin sat in his car, holding the steering wheel in regret. He drank too much wine last night, and he kept thinking about Anna Xie, so he drove over the school early in the morning and waited at the school gate.

He wanted to drive straight into the school, but he didn't know where she lived. While he was hesitating, he suddenly remembered that Anna seemed to have left a note with her phone number on it when she left.

Yulin searched the car for a long time and finally found it in a box, but the paper was unsigned with only the word "Xie" and a string of numbers.

As soon as he found the note, someone tapped on his window. Yulin turned his head and saw a man dressed like a security guard looking at him, so he couldn't help but frown.

He lowered the window and asked, "What's the matter?"

"Sir, please don't park your car here, our students still will come out."

Yulin looked out of the window, and it turned out to be noon already and many people were coming out of the school one after another.

"I see."

After he finished his words, he slowly raised the car window, turned the steering wheel and turned the car around in the crowd. When the car was parked in the parking lot, Yulin jumped out of the car at once.

He typed in the number on his phone, and dialed it after he hesitated for a few seconds.

"Hello?" On the other end of the phone, Anna's voice came clearly into Yulin's ears.

He became very excited after hearing her voice, but he soon calmed himself down and asked her, after feeling that nothing was wrong: "Hello, where are you?"

"Who are you?" Anna held the phone in bewilderment. It was a strange number, and it's a man's voice on the other end of the phone!

"You tell me where you are first?" Yulin asked again instead of answering her question.

"Who the hell are you?" Anna was already a little impatient when she heard him ask, but she still held back her revulsion and intended to ask him one last time.

Yulin held the phone and couldn't help smiling, and he could already think of what Anna looked like right now, who was definitely frowning her beautiful brow and pursing her lips.

"Little girl, you can't have forgotten about me so soon, can you? Didn't you said that you are going to pay me back?"

"Ahem....."

Anna had been drinking water, but she was so shocked that her throat was choked with a large mouthful of water after she heard Yulin's words, and she coughed for a long time before she finally could speak.

"Where ..... where, where are you?" Anna immediately lowered her voice, being afraid that her roommate would hear her.

Yulin laughed out loud, "So you are shy now? But that night, you....."

"Fine, fine, don't talk anymore and directly text me the address!"

Anna hung up after she finished the words, being afraid that he would continue to say something out of the ordinary. And not long after, her phone vibrated, and she saw the address and even a seductive emoticon after she checked the message.

She gripped the phone tightly and cursed “Fvck off”, but finally she stomped her foot helplessly and followed the address.

Yulin leaned against the wall, waiting with determination for the furious little girl to come over. He already knew that she was bound to be quite angry by the time she saw him, but he wasn't afraid, after all ..... that would even be more interesting!

“You!” As Yulin was thinking of how to tease her later, Anna had already walked up to him, who pointed at his nose in exasperation, not knowing what to say.

“I what?” Yulin avoided her finger and stared at Anna with an innocent look.

Anna was even more furious, and as she was just about to speak, Yulin interrupted her, “Didn't you say you wanted to make it up to me? Then why am I calling you here as if I committed a crime?”

Anna was stunned after hearing his words, thinking: Indeed, it is originally my own mistake and I did want to make up for it. So now I am too pretentious if I am angry at him and have a bad attitude.

“That ..... is not what I meant. Tell me, what can I do for you?”

Yulin snickered, “Do you still have classes today?”

Anna thought for a moment and said: “No.”

It was already almost the end of the semester, and her classes were almost over, so after that she would just review by herself.

“Alright, get in the car!” Yulin took a step back, and Anna saw the car that he had driven to send her back last time.

“Where are we going?” She looked at Yulin warily, thinking: Why can't he talk to me here? I will be in a completely passive position when I get into the car!

“I'll tell you where we're going later. But what's with you being so careful? Shouldn't I be the one to ask for you to make amends?” Yulin opened the passenger door for her and bowed a little to Anna to invite her to get on.

Anna rolled her eyes, who did not know how to refute him, so she could only indignantly get on the car.

“Can you tell me where we’re going now?”

Yulin started to drive the car, while Anna turned her face to window. All she wanted to do now was to hurry up and do something for him to pay back this favour!

Yulin did not look at her and said, “I haven’t thought about.....where we’re going yet, but now that it’s meal time, and I’m a little hungry, we should go eating first.”

“You .....” Anna finally couldn’t stand him anymore and said, “You are on purpose!”

“What?” Yulin showed an innocent look again, thinking: We are just going to have a meal, why is she so angry?

“You just want to command me by virtue of my promise!”

“Shouldn’t I?” Yulin asked her, “I was taken advantage by you, can’t I even let you do such a small thing?”

“Besides, it’s not a hard thing, and I just ask you to have a meal with me so that I won’t be too lonely.....”

Saying that, Yulin looked quite aggrieved, “It’s not like I’m asking you to give me money or do heavy work .....”

“Fine!” Anna couldn’t stand his expression, so she quickly compromised.

Yulin smiled triumphantly and thought: This woman is really easy to be deceived!

But ..... after thinking of the scene of her eating before, he felt very appetizing, although she was not ladylike when she ate!

It was probably because she ate so much that the people around her were easily influenced by her and became appetizing!

Yulin deliberately chose a restaurant that he thought was quite good this time, and he took Anna inside after handing the car to the doorman.

But the moment they went in, someone who was hiding in the shadows pressed the shutter, and stopped shooting them once they were inside.

Yulin led Anna into a box, in which was a large dining table, and only the two of them were seated.

Anna fidgeted and could not help but move a little, then she asked: “It’s just the two of us here?”

“Or what?” Yulin said as if nothing was wrong.

Seeing that Anna was a little apprehensive, he hurriedly approached her face and asked: “What’s wrong? What’s going through your mind.....”

“Stop it!” Anna hurriedly pressed Yulin’s chest to prevent him from making the next move.

“Aren’t we here to eat? Then hurry up and.....eat!” Anna pulled her chair a half step back awkwardly to increase the distance between them.

Seeing that his purpose had been achieved, Yulin pressed the button on the watch, and immediately someone knocked on the door, asking: “May I come in, please?”

“Come in!” Yulin stopped kidding and answered seriously.

The waiter walked in with the menu and went in front of them, after putting it down, he asked: “Sir, madam, here are all the dishes in our restaurant, do you need my recommendation?”

“Okay, recommend some to me.” Yulin didn’t look up, but just took the menu.

“Our restaurant’s signature dish are there, among which the ‘Mr and Mrs Smith’ (A Chinese food which is made with sliced beef and ox tongue in chili sauce) is the most famous, you can try it.”

“Oh? Mr and Mrs Smith?” Yulin was interested at once. Although it is a standing dish, its name is very meaningful.

But the waiter didn’t understand the profound meaning in Yulin’s words, who answered at once: “Yes, this is one of the most popular dishes among the couples.”

“Couples.....” Yulin sighed, “Shall we order it then?”

Being stared by him, Anna was quite nervous, “No ..... no need, it is made with sliced beef, and it’s not good as soon as you hear it!”

“Madam, it is made with our chef’s original cooking method, which tastes different from the outside’s. If you don’t believe me, you can order one and have a try!” The waiter explained hurriedly, after all, this was one of their restaurant’s signature dishes, and it definitely couldn’t be underestimated!

Yulin glanced at Anna in confusion, “Then lets’ order one and have a try. And you don’t have to be so shy, you were very active just now!”

The waiter was stunned, remembering that they did not call the waiter to come in for a long time after entering in the box, so it turned out that they.....

As the waiter misunderstood them, the expression in his eyes naturally changed as he peeked up at them, and he immediately looked down again for fear of being discovered by them. However, although he just saw them for a few seconds, he had already gotten a good look at their looks, thinking: They are indeed a pair of good-looking people!

While Anna looked down in embarrassment and said to Yulin in a low voice, "What else do you want, order them all at once, don't dawdle, didn't you say that you were hungry?"

"Yes, I am hungry~" Yulin smiled meaningfully, and he deliberately emphasized the pronunciation of 'hungry'.

This deepened the waiter's misunderstanding of them, and he bowed his head and dared not say a word. He actually also hoped that they would finish ordering the dishes quickly so that he could go out at once and not disturb him from 'eating his fill'!

"Just serve all the signature dishes of your restaurant." Yulin then handed the menu back to the waiter, and never looked at him again.
