Chapter 421 Don't Misunderstand

The waiter must misunderstand them, for the man did not want to order food, only to be impatient to drive him away, which indicated that the two people would...

Thinking of this, the waiter reminded himself that when the food was served later, he must knock on the door first, lest he would see something he shouldn't!

"What are you doing?" Anna Xie frowned, she knew he was doing it to mislead the waiter!

Yulin Xiao pretended to be innocent, "Nothing, I just chatted with you casually, how could I know he would misunderstand?"

"You ..."

Anna was speechless. He always argued with excuses, but she was unable to prevail upon him, so she could do nothing but to sulk by herself.

Yulin didn't care about this, still drank in a good mood, "This is not a big deal, why are you so angry like this? What if misunderstood by everyone?"

Anna glared at him angrily, "If you didn't do that, who will misunderstand?"

"What did I do?" Yulin looked helpless.

Seeing this, Anna didn't want to talk anymore, turned around to look at her phone by herself, and Yulin stopped teasing her.

It didn't take long for the waiter to walk in with an assortment of dishes, and he took a special look at both Yulin and Anna as he entered.

Seeing that they were farther apart than just now, he guessed that after he left, they must have done something, because they were caught off guard when heard a knock on the door and moved a bit more than before.

And the strange expressions of them were the best evidence!

"All the dishes have been served!" The waiter stood by Yulin's side and bent down respectfully.

Yulin nodded, "All right, you can go!"

The waiter understood it, in fact, he could fully understand Yulin's meaning only with a wink.

"Okay, no one is bothering us now, you can eat!"

Yulin handed the chopsticks to Anna, but Anna didn't take them. She kept staring at Yulin until he felt uncomfortable.

"What are you doing?" Yulin finally couldn't help but ask!

"What do you want? Please, let me do it quickly and leave early!" Anna was upset. If he just wanted to humiliate her, he had achieved his goal!

"Nothing, just eat your food! I'm hungry now!"

Yulin put the chopsticks in front of Anna, then had some food by himself. seeing that she didn't react, he began to chew it loudly.

"Mmm! It's delicious! It's really a signature dish, tastes much better than the others!" Yulin spoke extremely exaggeratedly, in fact the taste of the dishes here was just moderate, but in order to get Anna's attention, he acted very exaggeratedly.

Sure enough, hearing him, Anna couldn't help but turn her head in the direction of Yulin, which was also the direction of Fu Qi Fei Pian(a famous Chinese food, "Fu Qi" means "couple" in China).

However, when looked at the waiter, she turned her head in anger again, but when smelled the aroma, she could not help but swallowed secretly.

Forget it, it was not necessary to starve herself.

Then Anna picked up the chopsticks in front of her and ate a piece of Fu Qi Fei Pian. Although it was not as delicious as she thought it would be, to Anna, who was starving, it was very good.

After dinner, Anna got back in Yulin's car.

She was impatiently, "Where the hell else are you taking me?"

"Don't talk, just follow me!" Yulin didn't give her an exact answer, just drove to the suburbs.

The location was getting remote and Anna was a little scared, "Where are you going?"

"What? Are you afraid?" Yulin smiled, but didn't intend to stop the car.

“Weren’t you very bold just now? How come you’re like this now?”

Yulin’s laugh gave Anna goosebumps, she held her arms and winced, “Don’t be so shady!”

“I didn’t want to say it before, but since you have known, I have to admit it.”

“What?” Anna reflexively asked.

Yulin smiled even more sinisterly, “I’m sure you can see that I’m not short of money!”

“So ... so what?”

What does that have to do with the current situation?

Seeing her confusion, Yulin couldn’t help but chuckle, “So have you ever wondered where all my money comes from?”

“How could I know!” Anna shrank back warily, “Besides, it is your secret, why would you tell others?”

“You’re going to contribute yourself anyway, so it’s okay if I tell you.”

Anna’s heart thumped, and she looked at Yulin quietly, waiting to hear what he would say next.

“I ...”

“No!” Yulin stopped the car and suddenly came close to Anna, she was so scared that she couldn’t help but scream, and moved backward unconsciously. But because of the seat belt, she could not retreat more.

Yulin couldn’t help but snicker, and continued, “My job is to abduct young girls, bring them to the wilderness, and put them ...”

“You you must be kidding!” Anna was very frightened, but forced herself to play it cool.

Yulin unbuckled himself and held Anna, “How could I be kidding? After I enjoyed them, I sell them to all kinds of places to get a large number of money!”

After saying that, he came close to Anna, there’s only a gap of a pin at the tip of their noses, and even their breaths met together.

"You ... you you ..."

Just now Anna had only a little suspicion, but now Yulin's actions made her very afraid.

"Don't do that, or I'll call the police!" Anna reached out to pull out her cell phone, but was stopped by Yulin easily.

He laughed in a way that made people sweat, "I warn you not resist, or else it will be you who suffers!"

"Please, don't do this, just let me go back!" Anna held back her tears and pleaded with Yulin.

And Yulin, after seeing how scared she was, finally couldn't help but laugh loudly, "Haha, you're so easy to cheat!"

"You ... you are cheating me?" Anna had been relieved, but what if he was lying again?

"Silly girl!" Yulin couldn't help but flick Anna's head. It seemed that she was really scared just now!

"What are you doing?" Anna rubbed her head, and her eyes well up with tears because of extreme fear.

"It's just a joke, why are you making such a fuss?" Yulin glared at Anna with carelessness and helped her unbuckle her seat belt.

"Get down!"

He jumped out of the car, and saw that Anna was still in the car, his frowned again, "Why don't you come down yet? Do you want me to carry you?"

"Where is this?" Anna vigilantly looked at Yulin, the surrounding was wilderness, while the place where he stopped was a manor with many people there. She did not know anyone here, if he lied...

When seeing how cautious she was, he couldn't help but laugh, "What? I was just joking with you, and you're scared? It's not the same as you were drunk."

"You" Anna was speechless. She just got drunk once and he always threatened her with that!

She vowed never to get drunk again!

No, not even a drink!

"Come down quickly!" Yulin frowned, why does this girl like to wander so much, how could she start running away when talking to him?

"No!" Anna sat in the car and insisted that he had to take her back, "I won't get out of the car until you take me back!"

"You come down, just walk me in and I'll send you back later!"

Anna shook her head, "Don't lie to me like that, I won't believe any more! Take me back now, or we'll wait like this!"

"Really?" Yulin suddenly smiled, "Fine, I'll go in alone, but you don't hide in the car and cry then!"

"What do you ... mean?" Hearing Yulin's words, Anna became a bit regretful! Nothing would happen in this car, right? He must lie to me again!

Yulin noticed that she's a little wavering, and continued, "You know what, in the wilderness, when the night comes, I don't know what kind of animals will appear. This car could defend small animals, but it's difficult to deal with behemoths!"

"You are lying!"

Anna controlled herself not to think too much.

He must be joking, the man was always immodest!

"Fine, I'm lying! Then you stay here, I'll go in!"

After saying that, Yulin turned around and walked towards the mansion.

Anna sat in the car and watched him walk further and further away. There was a sunset in the sky, and a rustle of insects chirping.

Everything around here made her feel that this place was incomparably bleak, and when a cool breeze blew by, she couldn't help but shiver.

"Wait a minute!"

Hearing her voice, Yulin smiled secretly at that moment, but when he turned around, he pretended to be expressionless.

"What? Don't want me to leave?" He recovered his sloppy appearance and found a tree to lean on.

"What you you just said is true?"

Yulin raised his eyebrows, "Do I have to tell lies? I could have used much simpler means to get you down, like just carrying you down!"

"You ..." Anna wanted to scold him, but on second thought, that seemed to be reasonable. He had many ways to get her down, so it's not necessary to tell a lie.

"Then ... then you open the door!" Anna pulled on the door a few times but to realize that Yulin had locked it when left.

Yulin played with the car keys in his hand, and did not mean to approach her, the keys were tossed in the air and caught repeatedly, "Unless you beg me!"

"You ..." Anna gritted her teeth. He brought her to this hell place, she didn't even want to go in, and now she had to beg him, what a scoundrel!

Yulin finally threw the key into the air and grabbed it fiercely, "It's useless for you to curse me in your heart, you have three seconds to think about it, if you don't talk, I'll really go away!"

"One."

"Two."

"Three!"

Yulin stopped talking and was going to leave.

"Wait!"

Anna gritted her teeth, "I beg you!"

"What?" Yulin put his hands behind his ears, "I can't hear you! Speak loudly!"

Anna clenched her fists, she just wanted to kick him hard, but now she was stuck in the car.

"Please, please let me out!"

"Is that how you beg?" Yulin bowed his head carelessly, but showed a sign of smiling.

Anna was furious and stomped her foot heavily, and the car immediately shook with it.

"Hey, don't do that, this car is the latest one, it has to take millions to repair a little paint!" Yulin heard the sound from the car, immediately became less calm than before.

When Anna heard that, she was a little happy, for she finally knew his weakness.

“Fine, if you don’t let me out, I’ll kick it to pieces!”

Yulin finally ran to the car and glared viciously at the person in the car, “How dare you!”

“You can try!” Anna angled her head and kicked the car hard in order to threaten Yulin.

“OK, OK, I’ll let you out, stop it!”

Yulin hurriedly pressed the key in his hand, after the car rang, Anna opened the door.

“Ouch!” Anna accidentally fell off the car and cut her knee with a small wound.

Yulin was very angry. When he saw her fall from the car, he took a step back deliberately, wanted to give her a lesson. But when he noticed that her knee was bleeding, he’s worried about her.

“So careless, so stupid!” Yulin helped Anna up, though cared about her, he spoke in a mean way!

Anna glared at him and said angrily, “It’s all your fault!”

“And I just saw you backing up!”

“Don’t blame others for your own stupid, you can’t even get out of the car, you must be blind!” Yulin touched his nose unconsciously, although he did it on purpose, it was a little embarrassing. And he was always a gentleman, it’s all because she made him angry this time!

The two argued all the way into the lodge, which was decorated splendidly, and the closer they went, the louder they heard.

When arrived at a villa, she heard the sound of piano.

“Where are we now?” Anna frowned. There were several groups of people dancing together, and although she didn’t often attend such activity, she could recognize that it was a party.

Chapter 422 Pretend to Love Each Other

“Let’s go.” Yulin Xiao didn’t answer, just helped her went into there.

But Anna Xie stopped, "We shouldn't go in here!"

Yulin was holding her up, then stopped too, "Why not?"

"Are you stupid? This is a banquet, not a big stall, and we will definitely be laughed at if we dress like this!"

Anna glared at him. A man who drove a luxury car, went to the upscale restaurants even didn't know about this, what an upstart.

"Oh, I see!" Yulin laughed, "But your wound looks serious, if you don't put medicine on it, you might get tetanus ..."

"No, no!" Anna covered his mouth, "Are you cursing me? Don't talk nonsense!"

"Uhhh..." Yulin didn't expect her to cover his mouth suddenly, and was a little breathless, so he struggled hard to pull her hand away.

Anna thought he was joking with her and pulled Yulin's hand tighter.

Their struggling sound caught the attention of the people inside the house. "Who are you?" Several people ran out, and the man in the lead frowned and asked.

Yulin was a little embarrassed, for he recognized that it was his good friend's voice. If he saw Yulin in such a mess, he's going to laugh at him for a while!

Then Yulin turned back. Anna thought he was trying to break free and grabbed him harder, but stepped on a rock and, accidentally pushed him down, and she pressed against him.

In this way, Yulin's face was facing upwards. Those who rushed out later and saw this scene were staggered in place.

"Mr. Xiao, what are you doing here!" One of the leading men was the first to recognize him and ran over to pull him up.

Hearing this, the people behind him all understood suddenly and rushed over.

"Wait, Wait! You back up!"

Yulin afraid that they would hurt Anna accidentally, ordered them to back off, and he gently poked Anna.

"Hey, are you okay?"

"No, don't move!"

Anna shrieked, and Yulin, who had been pressed under her body, immediately stopped moving, "What... what happened?"

"Nothing, a foot cramp."

Yulin was speechless, what a fuss!

He inclined his head to look at Anna, "Now can you get up?"

"Oh oh! Sorry!" Anna had wondered why the ground was so soft, and she didn't hurt when fell down. It turned to be a human flesh cushion under her.

"How about you? Are there any more injuries?" Yulin got up and started checking Anna's body, and relieved to see that there were no wounds all over her.

His such performance made the surrounding people all feel surprised: is he the formerly prodigal playboy? What's wrong with him? How would he care so much about a woman!

"Well ... Mr. Xiao!" The man who first recognized him just now called him softly, then stood out from the crowd.

Anna was uncomfortable when Yulin looked at her like that, then looked in that direction of the sound, she only to be instantly stunned.

How could there be so many people? So they had been watching the embarrassing scene just now? God, what a shame!

"Why are you all here?" Sensing Anna's shyness, Yulin couldn't help but step forward and shield her behind himself.

"We heard a commotion outside and thought something had happened, so we all came out to take a look, but we didn't expect it to be you, Mr. Xiao." That man hurriedly explained when found that Yulin's was unhappy.

Yulin nodded and said nothing more, "You guys go on, she's hurt, I'll take her upstairs to refresh the bandage."

Turning around, he saw Anna's confused expression and sighed, then took her in his arms and walked towards the crowd.

Seeing Yulin approaching, the crowd hurriedly scattered to the sides to make a way.

When everyone looked at them, Anna was a little embarrassed and hid her head into Yulin's arms.

And the women around her had been glaring at Anna with jealous, and if there was no Yulin, maybe they would have rushed up and torn her to pieces!

“Do I have to go downstairs later?”

Anna asked Yulin tentatively when they reached the upstairs bedroom.

She did not want to go down, because she would certainly be ridiculed dressing like this. Besides, the stares of those women just now were already enough to make her unbearable, and if she went down again, there will definitely be trouble.

“Of course you have to!” Yulin looked up, “We come here for this party, why don’t you go down?”

“What do you mean? Didn’t you ask me to compensate you? What does this have to do with compensation?” Anna felt like she had fallen into a trap and was getting deeper and deeper.

Yulin flicked her head, “What are you thinking about? This is the way to compensate me!”

“What?” Anna was a little confused.

From the beginning, she seemed to be taking advantage, eating, riding in luxury cars, attending banquets, except for that little episode that he lied to her, while all of there had nothing to do with compensation!

“Today is a woman’s birthday, you just need to stay by my side and do nothing, and that’s it.” Yulin explained, but still didn’t make the point.

Anna didn’t know if it was an illusion, but felt that there was a hint of sadness in Yulin’s eyes when he said this.

She wanted to retort as she did before, but on second thought, she didn’t say anything.

“But look, it’s not appropriate for me to come here for a party dressed like this!”

Anna looked down at herself, a simple T-shirt, a pair of white denim shorts, a pair of white shoes, which were completely different from those dressed up ladies below. She would be a joke!

“Don’t worry. Let’s bandage the wound first, don’t get infected.” Yulin continued to clean the dust from the wound.

Anna watched him do it gently and had a strange feeling in her heart. When the cotton swab was dipped in alcohol and placed on the wound, a sudden stinging pain brought Anna back to her senses.

“Aah!”

Yulin looked up once more, “What’s wrong? Does it hurt?”

Anna was uncomfortable by his look and blushed, “Yes, a little ...”

“Then I’ll be more gentle.”

Yulin looked down again and focused on cleaning her wounds.

“Yulin.”

A soft female voice sounded at the door, and Yulin froze for a moment, but quickly resumed cleaning the wound.

“I knew you would come!” When the woman saw that Yulin was ignoring her, she didn’t get angry and just said.

Yulin still didn’t say anything, and there was silent throughout the hall. The woman waited for a while, until Yulin still did not speak, then she sighed softly.

“Anyway, thank you for coming!” After saying that, she stopped waiting for Yulin and turned around to go downstairs.

Anna looked down and saw Yulin’s gradually relaxing after the woman left, which made her a little sad.

She suppressed that strange emotion and asked, “Who’s she?”

After waiting for a while, Yulin said, “It’s the main character of today’s banquet, we’ll have to go down later.”

“Oh.” Anna replied absent-mindedly. Just now when woman entered the door, she could feel that innate temperament, and that superiority that made others inferior.

But she was still curious and took a peek at the woman’s face, and for a moment, she blamed God for being so unfair, for giving her supreme glory, and an incomparable face!

She had delicate features, even when frowning was more beautiful than others.

"Okay, try standing up and see if you can walk." Yulin bandaged her up and then got up and took a half step back.

Anna stood up obediently, took a few steps, and did not feel much pain.

In fact, she felt this is not a big deal at all, but he may be used to seeing pampered and spoiled girls, so he thought she was also weak like them.

But Anna simply did not care about this little injury, even without bandages, she could move freely, but a little tingling occasionally.

"Here are some dresses, try them on, if they don't fit, I'll find others." Yulin pointed to a row of dazzling gowns behind her and said.

Anna turned around and was speechless with surprise. There were all kinds of colorful dresses in the back, each of them was like specially tailored for a princess.

"Then you can pick one first, I'll be right outside, call me if you need anything."

Yulin said and went out. The moment he closed the door, Anna felt relaxed completely, she didn't want him to know her discomfort.

She always felt that if two people were not on equal position, then she could not talk to him without fear.

The clothes here were all too flashy, she looked around and didn't find one she liked. In a crowd, she did not like to be too attractive, so finally, she did not choose anyone.

Opening the door, Yulin turned around with a smile, and expected to see

a woman in full dress appearing in front of him, but only to find she had changed nothing.

"Why didn't you change your clothes?" Yulin frowned and asked her.

Anna was a little nervous, "The clothes inside don't quite fit me, so ..."

"So what?"

"So can I not go to the party?" Anna closed her eyes and asked it finally.

"Not go there?" Yulin laughed, "What do you think I bring you here for? Do you think you have another choice?"

"I can compensate you in other ways!"

In fact, in addition to those inappropriate clothes, she also had some selfish thoughts that she didn't want to be a shield between he and that woman, which made her a pawn without dignity.

"The compensation is up to me, except for this I haven't thought of any other ways yet!"

Yulin did not want to talk more, walked directly to the dresses, and casually picked one, "Just this, you are not the main character, so don't have to wear so bright."

"I'll come in in ten minutes."

Gave it to Anna, Yulin closed the door again.

Anna took the dress and stood frozen in place. It was a knee-length white dress in simple style, without too many decorations but a large bow around the waist, which looked very cute.

"It's been three minutes!"

Anna heard Yulin's sound at the door and immediately woke up, for she knew that a scoundrel like him would rush in when time's up!

Anna started undressing without hesitation. If that was a compensation, she had nothing to lose. She just had to eat and drink at the party, and enjoyed the upper life by the way.

"Ten minutes is up!"

After saying that, Yulin pushed the door immediately. Yulin froze when he saw Anna.

Although he could only see her back, with her slender figure and such a dainty gown, her looked so elegant.

"What's wrong?" Anna turned, she heard nothing and thought she was wearing a wrong clothes.

"Nothing, it's beautiful." Yulin was also a little embarrassed. He's a playboy who had seen many women, how could he be charmed by a little girl?

"Let's go." Yulin held out his arm for her to take.

"OK."

Anna took his hand and was about to take a step, while Yulin stopped and called her, "Wait a minute!"

"What's wrong again?" Anna looked at him in confusion.

"You wear these shoes?"

Anna looked down at the white shoes on her feet and asked rhetorically, "Can't I?"

"God!" Yulin was furious, how could there be a girl who didn't know how to match her outfit!

"Sit down." Yulin didn't wait for her response, went straight to the shoe section and picked a pair of high heels over.

Touching Anna's ankle, he suddenly noticed the injury on her knee, "You can't wear high heels, right?"

"Huh?" Anna hurriedly waved her hands, "I can, I can wear!"

But Yulin went back to the shoe section and re-found a pair of heels that were only three centimeters high.

"This would be better, after all, you have to match this gown with high heels."

"Okay." Anna agreed, and when Yulin was about to put on shoes for her, she quickly stopped, "I ... I can do it myself!"

Yulin's looked at her eyes, "We should pretend to love each other!"

Chapter 423 Don't Force Yourself

Anna withdrew her hand, sat up straight and stretched out her feet uncomfortably. Yulin Xiao smiled when saw her embarrassing look, picked up her feet and put her shoes on.

"Okay, have a try." Yulin stood up and reached out to her.

Anna was in a trance for a moment, but quickly calmed down and took Yulin's hand in hers. When she touched him, her palm glowed with heat.

"Is it hot?" Yulin looked down and saw Anna's strange expression, "Or the shoes are too high to walk in?"

"No ... it's fine!" Anna lowered her head to hide her inner stirring, she didn't know what was wrong with her, she was always distracted today, and didn't dare to look Yulin, as if she had done something bad.

Today, Yulin was completely different from the first time they met, she could feel the noble aura on him. Instead of being overbearing like before, he had become attentive and even a bit charming.

"Tell me if you really can't, don't force yourself!" Yulin instructed her as he took her downstairs.

Anna hurriedly assured, "I can, just a little scratch, it doesn't hurt at all!"

"Yeah?" Yulin gave Anna a skeptical look, "Anyway, tell me if it hurts."

Only after Anna nodded her head for the third time to confirm, Yulin led her downstairs. When the people below saw them walking down, they stopped what they were doing and looked up at them in unison.

Including the radiant hostess, who unconsciously clenched fist, when saw Yulin tenderly holding Anna's hand.

Although she knew that Yulin most likely did this on purpose, she couldn't help but be angry.

"Yulin, here you are!" The woman stepped forward and naturally took the other side of Yulin's arm.

At that moment, the whole room was in an uproar, Anna felt her hand was on fire. She moved her fingers and finally let go of Yulin, and the moment her hand dropped, it was held by Yulin immediately.

"Hold on to me, don't get lost!" Yulin said.

Anna froze, saw the woman in front of her frowning and glaring at herself, and agreed slowly, "Okay."

Although Yulin were whispered, the people around could hear him clearly. They didn't dare to talk about it, but showing surprise.

"Wei Xu, it's your birthday, you should go to the stage now." Yulin did not look at her all the time, and even helped Anna pull her hair back during speech.

Wei Xu held his arm tighter and laughed, "I want to you to come with me, you blow out the candles with me every year, don't you?"

"I'm afraid I can't this time, cause I don't want to make her sad." Yulin said dotingly and scratched Anna's nose.

Before Anna could react, Wei Xu pulled her back, “No, you won’t, Yulin and I just grew up together as friends, I know you won’t mind, right?”

“What?” Anna didn’t keep up with them and looked at Yulin confusedly, but Yulin didn’t give her a look this time.

Wei Xu was aggressive, and she had no choice but to say, “I ... don’t mind.”

“Look, she already said that, Yulin, let’s go up.”

Yulin pulled his wrist from Wei Xu and held Anna’s arm, “No, I know her best, she will definitely hide and cry by herself later, so I can’t leave her.”

“No, no...”

Anna tried to explain, but was interrupted by Yulin, “Just don’t trying to be tough, I know you.”

Anna glanced at him: what the hell are you talking? It is obvious that you do not want to go up, but also talk me as a shield!

“Yulin” Wei Xu looked at her hand, “You’ve changed.”

“People are growing up, we can’t stay the same, we should change ...” Yulin said this with some regret, but more decisive.

“You’re right, this time, I should learn to go up there by myself.”

Wei Xu smiled at Anna, then raised her head, still like a princess, and walked up to the middle of the stage in a star-studded crowd.

The moment the lights went out, Wei Xu took a complicated look at Anna, who couldn’t help but shiver.

Anna had done nothing wrong, but there was always a feeling of shame, as if she had robbed something that Wei Xu cherished.

Lighting the candles, Wei Xu clasped her hands, closed her eyes and made a wish, before blowing out the candles, she picked up the microphone.

“Thank you all for being here today, I am very happy, but there is one thing that makes me a little distressed.”

With that, she shifted her gaze to Yulin, and everyone knew what had happened, expected that she would take the opportunity to vent her frustrations like a spiteful woman.

However, Wei Xu was always a condescending girl, it's her limit to say such things in front of people.

After saying this, she suddenly smiled, "But bless you, my best friend, even though you didn't tell me first about your girlfriend."

Then she blew out the candle in one breath, and after that, she looked up Yulin arrogantly.

It's like she's saying, "See, I can blow out all the candles without you!"

Yulin gradually tightened Anna's hand, at first Anna could withstand it, but Yulin got harder and harder unconsciously.

Anna finally couldn't resist and came close to him and whispered, "My hand hurts a little!"

Hearing this, Yulin was like waking up from a dream, he looked down, found himself holding Anna's hand tightly.

He let go of Anna's red hand, and Anna frowned from too much pain, but when saw someone looking at them, she still held her head up and smiled.

Yulin felt a little guilt, although she was told to compensate himself, he knew that she didn't need to do so, after all, she had no obligation to bear the sadness for himself.

The more he thought about it, the more he felt sorry for her. Yulin directly reached out and hugged Anna into his arms.

He did so as a simple apology, but to outsiders it looked like he was swearing sovereignty, and everyone looked at Wei Xu in unison.

Wei Xu was having a toast with others one by one, and although surrounded by the buzz, she looked some lonely.

The glass in her hand was refilled again and again, and the smile on her face was impeccable. Yulin looked at her for a while, felt uncomfortable and turned back.

"What's wrong?" Anna felt that something was wrong with him and subconsciously asked, but after asking it, she felt regret, what else could make him uncomfortable here, except the woman surrounded by the crowd?

Although she didn't know exactly what their relationship was, she could tell from their behavior that they were definitely not just good friends.

"Let's go." Yulin did not answer her question, but took her directly to the crowd and handed her a glass of wine.

After a pause, he said, "If you can't drink, just sip it, don't force yourself."

Anna rolled her eyes at Yulin, she was a very good drinker, otherwise how could she go to a bar alone.

"So how did you get drunk?" Yulin asked, understanding the meaning of her expression.

"That was just an accident!" When he mentioned it, Anna was depressed, if he wasn't too sad to get herself drunk deliberately that day, how could there be such a shitty thing today.

"Come on, stop muttering, after we go in there, you don't have to talk, just follow me."

Anna nodded, he said as if they was going into a tomb, and she would be killed in danger here if not careful.

Anna laughed out when she thought about it. Seeing her staring at the crowd, Yulin knew that she was thinking about something again, and held her hand tighter.

"Don't wander off!"

"Oh." Anna responded with grievance, this hand was the one he squeezed just now, it hurt a little when touched.

Seeing her look, Yulin followed the arm to see their holding hands, and then released, "Sorry, I don't know..."

Anna looked up and smiled brightly at him, "I'm fine!"

Of course you don't know, you just focus on that Wei Xu, how could you care about others!

"What are you whispering about?" Anna could tell right away that it was Wei Xu's voice.

Looking up and seeing her holding her glass gracefully with an impeccable smile, Anna was a little disgusted.

Both of them were upset inwards, but pretended to be indifferent. Anna got a little angry if Yulin kept asking her questions, but by suppressing herself like this, she seemed to become more angry.

“Yulin, cheers.”

Before they answered, Wei Xu had already raised her glass to Yulin.

Yulin moved his fingers and finally raised his glass as well to toast with Wei Xu, “Happy birthday to you!”

“Thanks.”

The two looked at each other and then drank all the wines.

It reminded Anna of the parting scene on soap operas, where both men drank their wine with determination, then turned and left in their respective directions.

The reality was not as grandiose as the TV show, but it made people feel sad.

Anna didn’t know whether her sadness came from Yulin or Wei Xu, or both of them.

“Staying here tonight?” After drinking, Wei Xu wiped her mouth with a tissue and asked in a seemingly casual manner.

“No, I’ll drive back.” Yulin pressed his temples, “So I can only have this one drink today, otherwise it will be a DUI.”

“You didn’t used to be like this!” Anna wondered.

Yulin inclined his head and lifted Anna’s hand, “I used to be alone, but now I have her, so it’s better to be careful.”

“Well?” Wei Xu paused her wiping, “Yulin, you’ve really changed!”

Yulin didn’t reply, just said, “It’s getting late, we should go.”

“If it weren’t for your face, I’d think you were a fake Yulin.”

Yulin paused for a moment, “I’m still the same Yulin.”

Yulin walked out of the crowd and picked up his pace. Anna was able to keep up with him at first, but it was a bit difficult later for her injury on knee.

“Ouch!”

Finally, when she was about to walk out, Anna tripped over the threshold and sat down on the floor.

“How are you?” Yulin heard her shriek and rushed over to help her.

"It's okay, I'm sorry." She knew he wanted to get out of this place quickly, but her leg hurt!

"Sorry for what?" Yulin was angry. She didn't do anything wrong, it was all his fault, but she apologized to him first.

"What's wrong?" Wei Xu heard that and hurried over, and her followers also came and gathered around.

"She fell down?" Wei Xu frowned and turned around to order the maid, "Go get the medical kit!"

"I'm okay." Everyone came over and surrounded her, and she was a little breathless sitting on the floor.

She wanted to remind them to spread a bit, but on second thought, she was nobody, how would people listen to her?

She sat on the floor and struggled to breathe, but still felt a little uncomfortable and couldn't help but close her eyes.

Yulin recognized that and pushed Wei Xu away, who came close, "I'll do it, you take them to leave!"

Wei Xu was surprised and answered bitterly, "Fine."

Then she was the first to turn away, "Let's go, it has nothing to do with us anyway."

Yulin also stunned for a moment, but quickly paid his attention to Anna.

"Are you okay?"

Anna nodded, "Yes."

She was some guilt, feeling that he and Wei Xu were the prince and princess, while she was the witch between them.

Yulin picked her up directly, "Your wound is getting worse, I have spare medicine in the car, I'll re-bandage it for you later."

"Oh." Anna crouched on Yulin's shoulder. Through the crowd, she saw Wei Xu looking right at them.

She shivered, and thought about that sultry and painful look.

“What are you think about?” Yulin carried her into the passenger side. She had been quiet abnormally.

“Is it too painful?”

Yulin bent down to look at her knee, which had oozed a little blood, and in addition to this wound, there were many small bruises and scrapes on her skin.

“How careless.” Yulin frowned. She merely attended a party with him for over an hour. How did she get herself so many injuries?

Chapter 424 Are You That Casual?

Anna Xie stuck out her tongue and said, “It’s not my fault!”

Her injuries were all somewhat inseparably related to him. Yulin Xiao stopped disinfecting her injuries for a second after hearing her words, then he apologized to her: “I’m sorry, I didn’t think it would be like this.”

“You and that Wei Xu……” Anna wanted to ask what their relationship was, but when she started to say the words, she didn’t know how to ask him instead.

Yulin stared to disinfect her injuries quickly again and said, “She and I have been good friends since we were kids.”

“That’s it?” Anna didn’t believe it was that simple.

“Yes.”

Since Yulin had said so, Anna couldn’t ask him any more. Anyway, whether their relationship was really that simple had nothing to do with her.

“Em……”

Surrounding was too quiet, and Anna suddenly remembered that when she got off the car just now, Yulin said there would be wild beasts. But how could he not be afraid at all and keep squatting outside the car door?

“Well, hurry up, in case later there really are some wild beasts……” Anna was not good at holding back her words, and she just said what went through her mind directly.

Yulin raised his head and stared at her extremely seriously for a long time before he spoke, “Do you really believe my words?”

"Shouldn't I?" Anna felt quite puzzled, thinking: It is not strange that there are wild beasts in the middle of nowhere, right?

"You're really stupid!" Yulin flicked her forehead, closed the car door and returned to the driver's seat.

"If there were really beasts, why would a manor be built here? And even if there are many guard bars, it wouldn't be hard for the wild beasts to break them through, right?"

Anna thought about his words carefully and felt that seemed to make sense, "So..... you were lying to me just now?"

"Of course." Yulin felt she was funny, thinking: How could there be such a stupid woman, I'm afraid that even if she is abducted one day, she would still help the traffickers count money.

Anna was quite angry and turned her head to the window, looking at the scenery that past by.

"You're not going back tonight, are you?" Yulin suddenly spoke as he drove the car.

"What do you want to do?" Anna looked back at him warily.

Yulin concentrated on driving and did not look at her, "I did not enjoy the wine I just drank, so I want to find a place to drink some more."

"I don't believe you!" Although Anna was careless, she was still very careful about her personal safety.

"Why do you take me to drink with you?"

"It's not funny to drink alone! You were sad that day too, weren't you? Doesn't drinking alone make you feel more and more sad?" Yulin lowered his head to hide his feelings.

Anna then looked at him for a long time and couldn't help but sympathize for him, because she knew that he was very hurt today and she had experienced such despair as well.

But he was the one who hurt others, why did he have to act like the victim in front of her.

"She's getting married soon."

"Huh? What?" Anna thought she hadn't heard him clearly and asked again, "How come, isn't today her birthday? If she's getting married, how come that man isn't around her?"

"She doesn't love that man."

“Then why.....”

Anna was a little confused and thought: If she does not love that man, why does she want to marry him?

Yulin smiled bitterly, “She studied abroad for a while and broke up with me some time ago. After she came back, she suddenly got pregnant.”

“Pregnant?” Anna thought it was unbelievable, “Doesn’t this kind of tacky thing only happen in TV plays?”

“But it did happen.” Yulin felt quite painful, who did not what to think more about what had happened on earth, because the two of them were impossible to be together no matter how!

“Don’t be too upset.....” Anna didn’t know how to comfort him, thinking: This kind of thing should be considered as being cheated, right?

“Who said I’m sad?” Yulin turned his head and said, “I’ll buy you a drink, are you going with me?”

“Em.....” Anna felt a little sympathized for him after seeing him change his mood so quickly, so she raised her head and answered, “Of course. I’m not afraid of you!”

Yulin smiled and stepped on the accelerator at once, went to a villa all the way.

“What do you want to drink?” Yulin took Anna to his wine cellar, which was full of all kinds of wines.

Anna picked a bottle of wine and weighed it in her hand, “I will drink this, which looks quite good.”

Yulin didn’t stop her, and he chose a few bottles of wine for himself. Though Anna couldn’t tell what kind of wine those were, she knew that they were all very strong.

The two sat on the chairs in the garden and chatted, each holding a glass of wine in the hand.

“Why did you go to the bar to drink before?” Yulin held the glass in his hand and shook it, watching the golden liquid flowing slowly down the glass wall.

“Because of a j.erk.” Anna dazedly drank a mouthful of wine, and after tasting the slightly sweet liquid, she could not help but smile .

"He told me that he liked me crazily, but in the end, I found out that he actually had several lovers."

"How could you fall for such a man?" Yulin couldn't help but feel disgust, thinking: How can such a person exist, who is so fickle in love?

"I don't know." Anna slapped her head, trying to wake herself up, "Maybe I was totally mad, just like I am now."

"Women are such strange creatures."

Yulin muttered and started pouring one glass of wine after another into his mouth, "Forget about them, let's get drunk today!"

"Alright, let's get drunk!"

Anna smiled and clinked glasses with Yulin. At last, she was so drunk that she could no longer tell which bottle of wine she had chosen for herself, so she grabbed the bottle and directly drank the wine in it.

"Well, what are you doing?"

In a daze, Anna saw Yulin move closer to her, and his face appeared in front of her eyes.

"Actually, you are quite good-looking!" Yulin was also so dizzy that he directly kissed her crimson lips after saying that.

"No!" Anna reached out to push on his chest, with her eyes wide open, trying to stand up.

"Don't move."

Yulin stopped kissing her lips and started to kiss her ears, making Anna feel so dizzy that she dropped her hands and allowed him to kiss her recklessly.

She thought: I must be crazy!

After realizing that this man was Yulin, she couldn't even resist him, and she kept reassuring herself that Yulin had suffered from love and she could make him feel better.

But

But her heart was beating very fast for some unknown reasons!

.....

The next day, after Anna woke up, she rubbed her forehead with one hand, then she felt that the other hand seemed to be pressed against something, so she turned her head and saw Yulin's face at once.

"Ah!"

Her shout woke up the sleeping Yulin, who stared at Anna in confusion and asked, "What's wrong?"

"YouI" Anna looked at him and looked at herself, finding that neither of them had any clothes on.

"What's wrong" Yulin asked her again with his languid voice.

Anna suddenly wrapped her n.aked body tightly with the quilt and stared at him incredulously.

Then she tried hard to recall what had happened last night: At first we were drinking and talking, then..... later I seemed to see a face, then..... then I don't know what happened!

Thinking about this, Anna could not remember what happened. But after seeing their n.aked bodies at this time, she also knew that there was no doubt that they must have had se.x last night.

Anna slapped her forehead twice, being quite regretful that she got drunk again yesterday. Every time she got drunk, something bad was doomed to happen.

Yulin also sobered up, who couldn't help but laugh at Anna's look. He watched her with amus.ement as she frowned with a frustrated expression.

Noticing Yulin's gaze, Anna turned to him.

But as soon as she saw his handsome face, she thought of what had happened between the two of them last night, making her feel so embarrassed that her face turned extremely red at once.

"What's the matter?"

Yulin then thought: So she's shy now? He couldn't help but want to tease this little girl again when he saw Anna's funny look. Then he smiled slightly and said, "It seems that you would only become passionate after drinking. That was the case last time, and this time it is the same."

Anna's face turned red, and she was so embarrassed that even if there had been a hole in the ground, she would have burrowed right in and never come out.

But there was nothing like that in this room, only a closet which could be taken as a hiding place. But she could not move at all, because she was n.aked. Anna then took the chance to observe this room, which was decorated in a very simple way, without any extra decorations, and the dominant tone of the room was also gray and white. Then she lowered her head and noticed that even the tightly clutched quilt was also pure gray.

Yulin seemed to have thought of something, and he became quite serious, whose eyes had a trace of coldness and contempt, "Are you always that casual when you're drunk, just like the way you are last night?"

There seemed to be a little bit of displeasure in his voice, but neither of them had the mood to pay attention to it at this time.

As Anna was observing the room, she came back to her senses after hearing Yulin's voice, who looked quite puzzled: "Em? What did you say?"

Yulin then frowned and repeated his words after thinking: This woman should not listen to me!

This time Anna heard his words clearly, who thought: What does he mean? Does he think that I am a slutty woman? Anna felt quite uncomfortable at once, as if she had been wronged.

She then pulled the quilt towards herself and raised her chin slightly, staring at him and said: "Does it matter to you? Although we had se.x, who are you to say that about me?" Even Anna didn't know why she was so angry.

Could it be that she was afraid of being found out, or else why did she response so intensely? Yulin thought he made her angry because he was right about her.

"I want to change my clothes, please leave here....." Anna was quite furious. In fact, she had wanted to get dressed for a long time, but because of the presence of him, she hadn't dared to move.

"I leave?" Yulin raised his volume, "This is my room, if there's really someone who must leave, that one should be you!"

"You" Anna was full of incredulity, thinking: Why is he so aggressive? If he weren't that handsome, he would have been beaten up by others for many times! He's really mean!

"I what?" Yulin seemed to have failed to see that Anna was already so angry that even her cheeks were puffed up, and he continued to provoke her.

Anna turned her face to the other side and didn't say anything, thinking: Yesterday I seemed to have a strange feeling about this man, but now I just want him to disappear right in front of me. No, what I felt about him yesterday must be an illusion! Anna even shook her head as she thought so.

Yulin thought she felt uncomfortable, after seeing Anna shaking her head, and he should feel a little concerned about her, whose eyes were not filled with coldness anymore.

Anna looked back after she heard the sound behind her back.

"Ah....." Yulin got off from the bed with nothing on, so Anna was so shocked after seeing him that she closed her eyes at once as soon as she just turned around, while Yulin ignored her screams and walked straight to the bathroom.

Hearing the sound of the bathroom door closing, Anna opened her eyes a little to make sure that he was not in the room anymore. And only when she heard the sound of running water coming from the bathroom, did she dare to get out of bed and pick up her clothes from the floor to put them on.

How could he finish the shower so fast, the bathroom door opened within two minutes after Anna put on her clothes. Yulin was still wrapped in the heat, with only a bath towel around his body and the water droplets were running down the lines of his muscles.

It was only then that Anna took a good look at his body, which had the wheat-colored skin, and the abs and biceps on his stomach could show that he often exercised in his daily life.

"Have you seen enough?" Yulin approached her step by step, who smiled slightly, after he noticed that Anna had been staring at his upper body for a long time.

After Anna came back to her senses, she was a little embarrassed, then she instinctively stepped back with her eyes staring straight at the elusive man in front of her, after she saw Yulin walking towards her.

"Bang." Anna's heels kicked the edge of the bed, then she stumbled and sat on the bed, and Yulin subconsciously grabbed her arms.

Anna sat on the bed and looked up at Yulin, saying: "Em can can you let go of my arms?" Anna moved her arms a little, and only then did Yulin noticed that he was still holding her arms, so he hurriedly dropped his hands. Then Anna moved to the side and stood up, because she was stared by Yulin, which made her feel a little uncomfortable.

Then Yulin thought: Haha, what is this woman hiding from me for? It's not like I'm going to eat her. Besides, I'm not interested in her skinny body at all.

Yulin walked straight to the bed and sat down, staring at Anna, who was already hiding in the corner and felt very uncomfortable.

Anna didn't know why Yulin kept staring at her, was it because she had something on her face? Or was she wearing her clothes inside out?

Subconsciously, Anna looked down at her clothes at once, because she was indeed in a hurry just now when she put on her clothes, so it was possible that she might have worn them inside out or something like that.

But after looking at her clothes for a while, she realized that she did not wear them inside out and there was nothing wrong, then Anna subconsciously touched her face and turned to look at herself in the glass to see if there was anything dirty on her face.

"Haha....." Yulin laughed out loud.

He could not help but laugh as he saw Anna checking her clothes and looking at herself in the glass, he then thought: Such a cute and muddleheaded girl!

Chapter 425 A Drunken Mistake

Being stared at by Yulin Xiao, Anna Xie was a little uncomfortable. When Yulin burst into laughter, Anna took Yulin's laughter as a ridicule. "Hey, what are you laughing at?" Anna said.

Anna didn't know that Yulin's laughter was really from his heart and he did not mean to laugh at her.

Yulin held back his smile and said, "Aren't you going to take a shower?" Instead of answering Anna's question, Yulin asked her if she wanted to take a shower.

After hearing what Yulin said, Anna thought of what happened last night and her ears were red. Anna held her beautiful big eyes wide and stared at Yulin. "The implication of your words is that I am dirty if I don't take a shower as we had se.x last night." Anna thought.

"I...I..." Anna said. The blush, which had only been in her ears, spread to her face. She wanted to refute Yulin's words, but at last she didn't say a word.

Looking at Anna's red face, Yulin smiled. Yulin felt Anna's more and more amusing.

Without knowing why, Yulin wanted to play a joke with Anna when he saw Anna's shy.

Perhaps Yulin did not even notice the smile on his own face. His mood was more and more cheerful because of Anna.

“What do you want to say? Why you stammered? Do you think I’m too handsome? Are you overwhelmed by my appearance?” Yulin said.

Yulin smiled with a gleam of teasing in his eyes, waiting for the dull Anna to respond.

Anna puffed out her cheeks and stared at Yulin somewhat angrily with her eyes wide open. “I didn’t stammer. Besides, you are so narcissistic. I won’t be captivated by your appearance.” Anna said.

After saying that, Anna looked at Yulin’s handsome face. Indeed, Yulin’s appearance is so perfect that ordinary people would envy him.

Yulin stood up and walked step by step from the bed to the corner. He looked at Anna and asked, “So you mean that I am attractive, right?”

As Yulin approached her step by step, Anna’s face became red involuntarily. “No.” Anna said.

Yulin lowered his head and moved slowly in Anna’s direction, saying, “Oh? Really? Then why you are nervous?”

Seeing at Yulin’s handsome face coming closer and closer to her, Anna leaned back subconsciously. But she found there was only a wall behind her and nowhere else for her to hide. She could only try to turn her head to the side.

Yulin did not stop approaching Anna because of her avoidance. Instead, he kept moving closer until there was only the space for a pin between them.

At that moment, Anna’s was as red as an apple.

Anna thought Yulin would kiss her and she was ready to revolt him. Unexpectedly, Yulin chuckled suddenly and said, “Go to the bathroom to take a shower right now. Do I have to carry you into the bathroom myself?”

There was a gleam of light in Yulin’s beautiful eyes, but Anna didn’t understand what the light meant. Even Yulin himself didn’t know what’s the meaning of the light in his eyes.

“I…you get out of the way first.” Anna said uneasily with red face.

After hearing that, Yulin smiled and looked at Anna. Then he removed his hands from the wall and turned and walked quickly to the soft bed.

He flopped down on the bed with a smile on his face. Seeing Anna doesn't move, he frowned and said, "Do you really want me to carry you in?"

Anna was just a little afraid that Yulin would do something too much to her. But as she saw how Yulin looked, she thought Yulin would not do that to her.

Trusting of luck, Anna told herself again and again in her heart, "Anna, don't be afraid. Be bold."

"Hey, are you waiting there for me to take a bath with you?" Yulin said. "Why is she cowering? Does she think I will do something too much to her?" Yulin thought.

After hearing what Yulin said, Anna ran towards the bathroom swiftly, saying, "Ah? No. I will go to take a bath right now."

As soon as Anna entered the bathroom, she closed the door and locked it. After that, she sighed slightly and leaned against the door in thought.

"I'll give you only ten minutes." Yulin said outside the bathroom. Then Anna took off all the clothes she had just put on quickly.

"Have you finished?" Yulin said. "Why does she take so long to take a bath? Could she have passed out in the bathroom? If she doesn't come out in two minutes, I will go into the bathroom" Yulin thought. The next minute, Anna was out of the bathroom.

Seeing Anna out, Yulin breathed a sigh of relief. "It's a good thing she didn't faint in the bathroom, or I'd have to go in and save her." Yulin thought.

"I told you you have ten minutes. What took you so long to get out?" Yulin said. Even though Anna has come out safely, Yulin was still a little uncomfortable. "She made me worry in vain. What the hell was she doing in there? She took so long to get out." Yulin thought.

"Does he think girls bathe as quickly as boys? Girls take slow showers, okay? And it's normal for me to take a shower slowly as we had sex last night." Anna thought.

Anna stared at Yulin with her big eyes wide open and said in a low voice, "I'm already fast."

Just out of the bath, Anna's hair was still wet. Drops of water from the top of her hair trickled down to the tips and onto the white floor.

Yulin narrowed his eyes suddenly and said to Anna, "Get the hair dryer out of the bathroom drawer."

“Hurry up!” Yulin said in an almost commanding voice.

Anna thought that Yulin’s gone too far as he commanded her like that. After being shouted at by Yulin, Anna was somewhat sad without knowing why.

Seeing Anna standing still, lost in thought, Yulin said, “What are you waiting for? Go at once.” Yulin was annoyed at the thought that Anna might not have heard what he had just said.

Anna felt sad in her heart and said slowly, “No. Why don’t you get it yourself if you need it?”

“Hurry up. Do you believe I will do what I did to you last night again?” Yulin said. Yulin narrowed his eyes and looked at Anna with a deliberate look of anger.

Anna pouted with her eyes wide open. She wanted say something more, but as soon as she thought of what Yulin had said, she went to the bathroom to get Yulin a hair dryer.

Anna went to the bathroom quickly. She found the only drawer and took out the hair dryer. She mumbled something as she walked to give the dryer to Yulin.

Seeing Anna mumbled as she walked, Yulin was amused. He restrained himself from laughing. “She was so cute when she talks to herself while walking. The awkward look she has as has to give the hair dryer to me is also cute.” Yulin thought.

Yulin laughed in his heart. “Come and sit here.” Yulin pointed at the edge of the bed and said. Anna didn’t want to sit there, but she was afraid that he might make strange moves at any time when she saw Yulin’s serious face.

Finally, she obediently walked over and sat next to Yulin.

“Why he asks me to sit here? Is he trying to do something to me again? Will he do something to me because of what happened yesterday?” Anna wondered in her heart.

The more Anna thought of it, the more scared she was. But she did not dare to move, for Yulin was right behind her.

Yulin plugged in the hair dryer and put it on top of Anna’s head.

Feeling Yulin’s blowing her hair, Anna froze. She felt the soft place in her heart was scratched by Yulin gently and it’s itchy.

“It turned out that he had asked me to take the hair dryer not for his own use but to dry my hair. But why he blows dry my hair? Why?” Anna thought.

“Why?” Anna spoke out involuntarily.

Yulin's hand, which had been holding the hair dryer, paused. "Yes, why I help her to blow the hair?" Yulin thought.

At first Yulin just thought that it's not good for her health as her hair was wet. If she goes out later and gets caught in the wind, she will probably have a headache. So without even thinking about it, he just asked Anna to get the hair dryer. Then he naturally blow-dried her hair.

Why Anna asked him why, he was also confused.

"Do I fall in love with her? No, it's impossible. How could I possibly fall in love with such a b.rat? It must be that I am sad for what happened yesterday. It just that Anna broke up with her boyfriend and that's what happened to me. Therefore, I probably sympathize with her" Yulin thought.

"Why...It's because I think it's ugly for you to go out like that. I can't lay my eyes on it." Yulin looked at the top of Anna's head and said with an ashamed facial expression.

"Oh." Anna said. "It seems that I mistook him. How could he possibly care about me?" Anna thought.

Yulin threw the hair dryer away and said, "Well, your hair is dry. Go to comb it. You look so ugly."

Anna nodded and stood up to go to the bathroom. She looked into the mirror and found her appearance's ugly indeed.

"How beautiful Wei Xu looked yesterday, but my present appearance is so ugly. Yulin must like women as beautiful as Wei. No one should like a woman like me, and that's why I was cheated by that two-timer." Anna thought.

The more Anna thought, the more self-abased she was. She just wanted to get out of this place and keep away from Yulin. She hoped they would never see each other again.

But it was all preordained. She and Yulin were destined to have more connections.

Anna combed her hair casually and walked out the bathroom. "I've combed my hair. Well, I want to go back." Anna said to Yulin.

After hearing that, Yulin frowned and asked in an unhappy tone, "Why do you want to go back now?" "Why she is so nervous. Does she think I will do something to her? Does she need to get away in such a hurry?" Yulin thought.

"I need to go back to school. You don't have to give me a lift. I can take a taxi." Anna said carefully.

"No." Yulin said. "Anna hates me, which is why she is so eager to run away from me." Yulin thought.

At the thought of this, anger came to Yulin's heart without a reason.

Looking at Yulin's sullen face, Anna asked with great care, "Why?"

Then Yulin seemed to think of something and rolled his eyes, saying, "Well, you can go back if you want. Just go." Then he lay down on the bed with his eyes closed, not looking at Anna.

After hearing what Yulin said, Anna's mood was mixed. She seemed to be a little sad. There seemed to be a voice in her heart complaining, why did not Yulin continue to ask me to stay?

"Never mind, I will never meet him again. It's not bad to say goodbye now." Anna thought.

As Anna didn't bring anything but her phone with her, she went out of the room and went downstairs hurriedly after she took her phone.

When Anna went downstairs, she found she was in a villa district, where seems to be no taxi available.

"Hum, Yulin must know there is no taxi, so he let me go easily." Anna thought. Anna stamped her foot angrily on the spot.

Yulin was behind Anna and he saw what Anna did. He smiled and thought, "She is so cute."

Yulin walked up to Anna and looked at her with a smile, saying, "Oh, why are you still here? There seemed to be a person who wanted to leave immediately. By the way, you can't get a taxi here. Have you been waiting for a long time?"

Seeing Yulin's triumphant look, Anna puffed out her cheeks and stared at Yulin. She looked cute in that way.

"Hum, it's none of your business. You're not gonna give me a ride, anyway." Anna said. Anna was very angry when she saw Yulin's laughing. "He did let me go first, but when there is no taxi after I wait for a long time, he comes to laugh at me." Anna thought.

Yulin raised his eyebrows and said, "Maybe I will become benevolent and give you a lift." Yulin was happy when he saw Anna staring her eyes.

It was as if teasing Anna is a very funny thing for Yulin. He was happy to see Anna being bullied by him. "Come on, I grant special favour to you and I will give you a lift."

Anna didn't want to ride in Yulin's car, but she had no other choice. She bit her lip and thought for a while, and then she nodded and followed Yulin.

Yulin drove the eye-catching and coquettish yellow Ferrari.

Anna sat in the car, her fingers twisting her clothes. Her mind is full of thoughts.

"I didn't want to have anything to do with Yulin again. But I am sitting in Yulin's car now and Yulin he sends me back to school." Anna thought. Neither of them spoke after they got into the car. Yulin didn't even ask where Anna was going.

The reason why Yulin didn't ask is that he knew Anna could only go to her school but nowhere else.

Anna felt very embarrassed and did not want to have anything to do with Yulin in the future. She didn't want Yulin to be responsible for her. As that's an accident happened when they were both drunken, neither of them was to blame.

Chapter 426 You're the First Person I've Ever Had Sex with

Anna Xie looked out the window at the people and things passing quickly. She thought she and Yulin Xiao would never meet again and have any more connections, just like the fleeting scenery.

"We just met in a hurry and say goodbye in a hurry." Anna thought.

Without knowing why, Anna was sad when she thought of these.

She didn't know why she's sad, and she didn't want to figure it out, but there was a voice in her heart, saying, "I don't want to have nothing to do with Yulin from now on like that."

Yulin caught a glimpse of Anna in the rear mirror. He saw her twisting her clothes and tilting her head to look out of the window, lost in thought.

Silly, she looked out of the window. Yulin wondered what made Anna so entranced when he drove at such a high speed.

"There is a handsome boy in front of her for her to look freely, but she chooses to look out the window of the blurred scenery.

At the thought of this, Yulin felt somewhat displeased and suddenly sped up. "Ah..." Anna cried out in alarm. She was thrown forward by the sudden acceleration and hit her head at the back of the passenger seat.

"Why are you suddenly speeding up?" Anna said. "Does he want to commit suicide? If he does, why he takes me with him? Besides, is that how he usually drives? It's dangerous to drive like this." Anna thought.

At the thought of that, Anna glared at Yulin discontentedly.

Yulin wanted to say sorry to Anna because she hit her head for his sudden acceleration, but he didn't do that when Anna reproached him and stared at him angrily.

"Shit...I was just trying to say 'I'm sorry' to Anna. Is a hell!" Yulin thought.

Without saying anything, Yulin just looked at Anna in the rearview mirror and sped up again.

"Hey, what do you want to do? Don't take me with you if you want to die." Anna said. Anna has never been in a car so fast before, and she was dizzy. She felt as if the food in her stomach was being thrown up.

"Hum, it turns out that I am such a bad person in your eyes." Yulin thought. Yulin lifted the corners of his mouth into a self-mocking smile, with a flicker of sadness in his eyes.

"Don't shout, you won't die." Yulin said. As the car was filled with Anna's roar, Yulin was annoyed.

"Hey, Yulin, can you drive slower?" Anna said. "Oh my god, is that how he usually drives? It's dangerous." Anna thought.

Yulin looked in the rearview mirror at Anna and muttered a curse, "Shit!"

Anna patted her chest, trying to suppress the discomfort caused by the drag racing of Yulin.

"That it's really awful. Does Yulin usually drive like this? It's too dangerous." Anna thought.

Anna stared at Yulin, who was on his ears, and said angrily, "Is that how you normally drive?"

"What's wrong with me driving like this? Aren't you afraid your life is in danger? I've already slowed down. What else do you want me to do? What do you mean by questioning me now?" Yulin thought.

Yulin looked at Anna with disdain on his face and said, "It's none of your business."

"What? How could he say it's none of my business?" Anna thought.

"Do you know how dangerous it is to drive like this?" Anna said.

"So what if I know? And what if I don't know?" Yulin frowned and said unhappily.

"Do you have any idea how dangerous it is to drive like that? Are you aware of your safety? You have to be responsible for your own life, do you know?" Anna said. Anna was so angry that she wanted to grab Yulin's ear and shout in his ear.

"He has no sense of safety. He doesn't take his own life seriously. Driving like this will lead to an accident sooner or later." Anna thought.

"What did Anna mean by saying that? Is she..." Yulin thought. "Are you showing me that you care about me?" Yulin looked at Anna with sparkling eyes and said. Yulin wanted to see something from Anna's eyes, but Anna evaded his inquiring gaze.

"Just concentrate on driving!" Anna said.

Anna wouldn't admit that she's caring about Yulin, or Yulin would blow his trumpet, so she had to evade his inquiring gaze.

"Hum." Yulin said. Yulin looked ahead, no longer tangled with Anna about what had just happened, but began to drive seriously.

The two men in the car fell into complete silence, and neither of them spoke.

Soon, they arrived at Anna's school. Yulin parked his car at the gate.

Yulin caught a glimpse of Anna in the rearview mirror and said, "Here we are."

"Yes, I know here we are. But as there are so many students, how can I get off the car?" Anna thought.

Anna looked at Yulin anxiously, with supplication in her eyes, saying, "Could you park the car a little farther forward? There are too many students who know me."

Anna lowered her head immediately as soon as she said that. She was really afraid that her students would see her in a Ferrari.

There were already a lot of students looking at the direction where Anna and Yulin were, because the yellow Ferrari is too much of a draw.

Anna lowered her head. She was afraid that some students would see her through the window, so she had to keep her head down.

As it's noon, there were so many people coming and going. Yulin was amused to see that Anna wanted to bury her head under the car.

Looking out of the window at the crowds, Yulin nodded and said, "OK."

When Yulin started his yellow Ferrari, the eyes of a large number of people were attracted again.

"Wow, here is a Ferrari. It's so cool. I don't know what it's like to be in it." A female passer-by said.

After hearing that, another passer-by mocked at her mercilessly, "Hum, you are dreaming. You want to sit in a Ferrari? Why don't you piss a puddle to look at your true reflection?"

Yulin parked his car in a less crowded area. Anna leaned over the window and looked outside. After confirming that there were no students she knows, she was ready to say goodbye to Yulin.

"Thanks for the ride." Anna looked at Yulin and said with a smile.

"What's wrong with her? Why she didn't say anything after having se.x with me? And why she just said "thanks" after I sent her back to school? Is it possible that if any man had se.x with her and then pretended to be kind enough to send her back, she would also smile and say "thanks" to the man? Shit!" Yulin thought.

Yulin frowned somewhat unhappily and did not answer Anna's words.

"I'm leaving." Anna said. Seeing Yulin does not speak, Anna thought it was his acquiescence, and she was about to open the door. But Yulin suddenly grabbed her arm as she was about to open the door.

Anna cried out in alarm. Looking back, she saw Yulin's pretty face with some displeasure.

"What do you want to do? Let me go." Anna stared at Yulin angrily and said. "Where does he get his strength? Why can he make me painful every time? Are boys all so strong? Do boys always grab girls with that much force? It's so strange." Anna thought.

"Do you have anything to do with other men?" Yulin narrowed his eyes and stared at Anna closely. He didn't want to miss a single expression on her face.

"What? What did he mean by saying that? Last night was the first time I had se.x. How could he say that?" Anna thought.

The more Anna thought of it, the more wronged she felt. Then tears welled up in her eyes.

"Just tell me." Yulin said.

"Did you have se.x with other men before me?" Yulin asked.

Yulin persisted in asking. It was as if he would break Anna's arm if she said yes.

"No." Anna said. Anna didn't know if she cried out of the pain in the arm or because of Yulin's words.

All she knew was that she was very sad without knowing why. And then, for no apparent reason, tears rolled down her cheeks. She tried hard not to cry, but...

Seeing Anna's tears, Yulin realized that he might have been holding her hand too hard. He immediately pulled his hand away and let go of her arm.

Yulin still looked at Anna with burning eyes, stubbornly waiting for Anna's answer.

"No. You're the first person I've ever had se.x with." Anna said in a wronged way with red eyes.

After hearing what Anna said, Yulin's unhappiness instantly disappeared.

Somehow Yulin was in a very good mood. The gloom on his face also disappeared, replaced by his usual ruffian smile.

"Can I leave now?" Anna said. Anna didn't want to be in the car for a minute, not even a second. She wanted to stay away from Yulin, an unruly man who is on the other side of the tracks.

"OK." Yulin leaned against the chair with a smile on his face and said.

Getting Yulin's permission, Anna opened the door and left as fast as she could.

Seeing Anna gallop away, Yulin smiled with some gentleness on his face.

When Anna was out of sight, Yulin started his Ferrari and drove off.

After Yulin drove off in his Ferrari, three girls came out of a shop on the left. The girl at the head looked at the direction where the yellow Ferrari left and smiled secretly.

"The one who just got off the car seems to be an old friend of mine." The girl at the head said.

"Qiaoqiao, I think that girl is Anna."

"Yes, that's her. How dare her s.educe the president?"

The girl who is called Qiaoqiao looks very gracious. She looked at the other two girls and said, "Don't talk nonsense. Let's go back to school."

.....

Chuxue Ye held his phone and pointed to one of the clothes, asking, "Yiyao, don't you think this looks nice?"

"Well, does it look nice?" Yiyao said. She really didn't know what to say about the dress.

Chuxue showed Yiyao a dress of the latest style. The dress is bold in design. It's with contrasting and bright colors.

"Isn't it particularly nice? Yiyao, let's each buy one." Chuxue said. Chuxue blinked her eyes, waiting for Yiyao's answer.

"Ah? No, the dress doesn't fit me." Yiyao waved her hands and shook her head and said, showing she really didn't want to buy this dress.

"Why the dress likes this? The neckline of it is V-shaped, and the hem of it likes that of a fishtail skirt, but why the lengths of the both sides are different? Besides, why is the dress patchwork? And why the colors are so bright?" Yiyao thought.

Yiyao thought there would be many people look at her if she goes out in that dress, and there must be some people dish out criticism to her. Though she can endure the criticism, she really doesn't like the dress.

Seeing Yiyao refuse her, Chuxue curled her lips. "Yiyao, let's buy it together." Chuxue said in a peevish way.

"Er, I really don't like this dress. Chuxue, buy it yourself if you like. Leave me alone." Yiyao said. "You really don't have to worry about me. I don't like it and I don't want to buy it." Yiyao thought.

Of course, Yiyao didn't speak out what's in her mind.

"Yiyao..." Chuxue held Yiyao and said.

Not knowing what to do, Yiyao looked at Jingyan Ye, who was sitting on the sofa reading a magazine.

Jingyan had noticed them for a long time, but he didn't go to ask them or look at them.

He waited for Yiyao to ask for help. At that moment, his goal was reached.

Jingyan took a look at Yiyao and then walked slowly up to them.

"Chuxue, what are you doing?" Jingyan looked at Chuxue expressionlessly and said.

"Nothing. I just want Yiyao to buy the same dress as me." Chuxue excused herself in a low voice.

"I really didn't rock the boat this time. This dress is the latest fashion and it's in vogue." Chuxue thought.

"Oh? Buying a dress? Let me see how it looks." Jingyan said. Squinting his eyes, he reached for the phone in Chuxue's hand. Looking at the dress in the mobile phone, Jingyan's face gradually became sullen.

"Ha, ha, my brother also thinks the dress looks good. I knew it." Chuxue thought.

"Brother, does it look good? I think I and Yiyao will look good if we go shopping in this dress." Chuxue said.

Chuxue felt very excited at the thought of her and Yiyao wearing this dress to go shopping. She thought they would attract a lot of attention.

"What did Chuxue say? She said she wants to go shopping with Yiyao in this dress? She also said they would look good. I can't let her stay at my home anymore. She is so annoying." Jingyan thought.

"Chuxue, how much money did you bring when you came?" Jingyan asked Chuxue expressionlessly.

"How much money do I have? I don't know how much money I have. I just know my money is enough for me to squander for a long time." Chuxue thought.

"I don't know how much money I have. Anyway, I have a lot of money and I can afford to buy this dress." Chuxue said. Chuxue thought Jingyan didn't want to spend so much money to buy the dress for Yiyao, so she said, "I will buy the dress for Yiyao and you don't have to pay for it."

"Is she really my sister?" Jingyan thought.

Chapter 427 Bullying You

Jingyan Ye thought: How could Chuxue Ye ask her sister-in-law to wear such a revealing clothes! It was fine if she wore that kind of clothes herself, because he didn't care about the way she dressed, but Yiyao Duan was different.

Yiyao was his woman, and how could she wear such clothes out.

Jingyan understood that Chuxue had come to their house to set a bad example for Yiyao.

Jingyan even had some doubts whether Chuxue had been kicked out or not. Maybe she just found a random excuse to get Zhao Nangong to lie to Jingyan with her again.

The purpose of her was just to stay at their house and set a bad example for Yiyao!

Jingyan frowned at Chuxue, "Go and take the wallet you brought here."

Chuxue didn't feel anything strange, so she also obediently went to get the wallet.

"Here." Chuxue handed the wallet to Jingyan, who took a look at it and began to smile at once.

Suddenly he said, "Huh? Someone knocked on the door, Chuxue, go and see who it is?"

Chuxue generally did what Jingyan asked, so she just curled her lips and ran over to open the door. But there was no one.

Jingyan went behind Chuxue and gently pushed her out of the door, casually throwing her wallet out as well.

Then he clapped his hand and closed the door at once.

"Brother, what are you doing?"

"Brother, open the door, I am your own sister....."

"Brother..... Yiyao..... help me"

"Jing..... Jingyan, why don't you open the door for her?" Yiyao finally could not bear to shut her out after hearing her pleading.

"No! She has so much money, why does she still live in our house?" Jingyan said firmly.

He said with a tough tone and a distinct attitude, and what he meant was that no one could open the door for Chuxue.

“Yiyao, let’s go to sleep?” Jingyan looked at her with a smile.

“No.” Going to sleep after eating is easily to make people become fat. Besides, she wasn’t very sleepy either.

“Why?” Jingyan pretended to look a little hurt as he looked at Yiyao, whose aggrieved look made her could not bear to refuse him.

“Alright, then let’s go lie down for a while.” Yiyao seemed to think of something after she finished speaking, “But what about Chuxue?”

Just now, Chuxue had been shut out by Jingyan, and it was scorching outside in the middle of the day, so what if Chuxue got heatstroke?

After hearing Yiyao talk about Chuxue, he frowned at that moment, and then he thought: Never mind, she is not stupid anyway.

“It’s alright, Chuxue is not stupid, and she will find a place on her own. Come on, let’s go and rest.” Jingyan looked at Yiyao and said gently.

“But is is Chuxue really okay?” Yiyao once again raised her head to ask Jingyan, still worrying about Chuxue.

“She’s fine.” Jing Yan frowned, thinking: What is wrong with Yiyao.

It was all Chuxue’s fault for making Yiyao not put him first.

Being not happy at the moment, he directly picked up Yiyao and carried her back to the bedroom.

“Ah!”

“What are you doing, Jingyan.” Even though there were only two of them, Yiyao was still a little shy and even blushed slightly.

“Take a nap!” Jingyan hugged her, whose heart was bursting with joy as he finally kicked the clingy Chuxue out of the house.

Finally, it was time for only the two of them to be together again.

Jingyan laughed, feeling quite happy.

.....

Chuxue, who was standing outside the house, thought: Hum, he should kick me out just like that, woo woo woo.....

He is so cruel..... that he should throw me, a young girl in her flowering season and his own sister out the door! And he even did not give me a penny..... not even my mobile phone then how can I contact Zhao

Huh.....? Well, it seems that he threw out something when he pushed me out?

The thing that was casually thrown out by Jingyan seems to be my wallet!

Chuxue then took random little steps and walked step by step carefully, looking at the grass next to her to see if there could be something there.

"Found it!" Chuxue found her wallet in the grass next to her.

"It's still good of my brother to know to give me wallet before kicking me out. But butmy phone is still in the house....."

Chuxue knew she couldn't go back, so she walked outside on the road by herself and called a taxi.

"Master, go to the nearby mall." Chuxue looked at the slippers she was wearing on her feet and the clothes on her body, and said to the taxi driver without hesitation.

The taxi driver took two more glances at Chuxue in the rear view mirror, thinking: This girl is dressed really strangely, she couldn't have left her keys at home, could she?

Well, it's very likely that this is the case, judging from her look.

The taxi driver then imagined in his mind about why she came out in slippers and pajamas.

.....

"Jingyan, would Chuxue still be outside the door by herself?" Yiyao still felt a little worried about Chuxue being out there alone.

Jingyan was not happy and frowned after hearing her words, and then he closed his eyes and said calmly:"She's fine. Don't worry about her."

After thinking for a moment, she still felt quite worried and wanted to get up and go down to see if Chuxue was still outside the door.

"What are you doing?" Jingyan, who originally had his eyes closed, opened them because of Yiyao's movement.

"Chuxue doesn't have any money or a phone with her, where can she go? I have to go and check her." Yiyao said anxiously.

He laughed as he listened to what she said.

Yiyao could only look at Jingyan innocently with her big eyes open, not knowing what he was laughing at.

Then Jingyan said: "I threw her wallet out of the door with her phone in it just now."

He smiled and looked at Yiyao, who was stunned after hearing his words, then he reached out his hand and touched her nose.

"You just threw out both her wallet and the phone?" Yiyao was still a little confused.

"Of course, she's my own sister." Jingyan said, feeling a little amused.

No matter what Chuxue had done, she was still his own sister. Therefore, no matter what Jingyan did to her, he still loved her very much.

"Alright, take a good sleep." Jingyan kissed her forehead and buried his head in her neck, speaking calmly.

"Okay." Yiyao looked at his side face and felt quite warm in her heart.

But from time to time, she still thought of that unborn baby.

That baby who had passed away due to an accident.

Just two days ago, she received a court summons, saying that in just a few days, the trial would be held. And the thought of it made Yiyao feel sad.

Jingyan noticed that Yiyao seemed to be thinking about something, so he opened his eyes, looking at her tenderly, and asked: "Yiyao, what's wrong? You can not sleep?"

Jingyan originally wanted to let her rest for a while at noon, but now Yiyao seemed to not be very sleepy.

"It's alright, Jingyan, let's rest together for a while." After saying that, Yiyao closed her beautiful eyes.

Jingyan then narrowed his eyes, who knew that Yiyao might be sad again because of thinking of the baby.

“Okay.” Jingyan looked at her, who had already closed her eyes, and said in a low voice. Then he slowly closed his eyes as well.

.....

After Anna Xie went back to school, all she did everyday was attending classes, without being late or leaving early.

Everything remained exactly the same as before and nothing had changed.

Recently, she did not have any classes. So she held many revision material and reviewed them in the library or the terrace classroom everyday.

Anna did not contact Yulin Xiao, and he also did not come to school to see her, who never..... called her once.

Yulin did not contact Anna during this week, and Anna herself could not say exactly what kind of feeling she had. But she felt kind of painful in her heart, who just felt hurt a little without any reasons.

Butdidn't she herself not want him to come to her? Didn't she decide to cut off contact with him?

So that was good.....just like now, no one contacted each other

Everything was the way she wanted it to be.

In the terrace classroom, Anna was sitting by the window, who was wearing a white dress today, with her long hair casually draping over her shoulders.

As soon as Yulin entered the classroom, he saw this scene: Anna was looking down at something seriously, and she suddenly laughed, then turned her head to look out of the window.

A gentle breeze blew outside the window, causing Anna's hair to fly up from her shoulders, and she lifted her hand to pin the loose hair behind her ear.

Yulin was attracted by her, whose heart even seemed to have missed a beat. He felt as if his empty heart and low mood of the week had all gone with the breeze blowing in through the window the moment he saw Anna.

“Anna!”

When Anna heard someone calling her, she turned her head and saw Yulin leaning against the wall and grinning. The sunlight was shining through the glass on him, who seemed to be an angel, but an angel with an evil smile.

"Why are you here?" Anna felt complicated when she saw Yulin, but she indeed was slightly delighted in her heart.

At this moment, Yulin was less unruly than his usual look and he was gentler and happier.

With a smile on his face, Yulin slowly walked towards Anna from the door, saying: "Well? I've come to see you, after all"

Then he paused and stopped walking, then he looked at Anna fixedly, saying: After all, our relationship is not ordinary, so it is quite normal to come to see you, isn't it?"

Then Anna thought: Yes, Yulin is originally a young master of a rich family. So it seems that I have indeed thought too much.....

Indeed..... how could he have come to see me just because he misses me?

Haha, Anna laughed at herself in her heart.

"What? Aren't you happy to see me come here?" Yulin frowned, whose originally good-looking eyebrows became slightly twisted.

He thought: Why is Anna suddenly frustrated? She was obviously very happy just now.

Is it because she hates me? Or because of my arrival?

Thinking of this, Yulin felt a little depressed without knowing why.

But then he thought: Why should I think so much about it? As long as I am happy, it does not matter for me whether she is happy or not, and whether she hates me or not.

"What are you doing here? Didn't I already compensate you last time?" Anna glared at him, frowning her eyebrows, and she looked at him with confusion.

Yulin snickered, "Yes, you indeed have already compensated me the last time, but"

Then he walked up to Anna and whispered by her ear: "But you haven't compensated yourself for what happened that night"

Yulin felt that Anna was his own happiness, and he just liked to tease her without knowing why. He even thought she was quite cute when she was annoyed at him.

Yulin didn't know what was wrong with himself, for he had not had this kind of "hobby" before.

When exactly did he become like this? He seemed to.....have a change after he met Anna.

Thinking of this, Yulin could not help but smile, but Anna looked at him angrily and said, "That night was originally an accident, and..... and it was me who suffered a loss, right?"

Yulin then thought: So this girl is not very stupid, now that she knows that she is the one who suffered a loss.

Mentioning the thing about that night, Yulin felt quite awkward. After dropping off Anna that day, he had wanted to go to a bar with some of his friends.

But somehow, he drove to that villa without knowing why, and then he went into the wine cellar and stood there motionlessly, thinking about how he and Anna went into the cellar that night to get the wine. And the more he thought about it, the happier he became, and he even smiled unconsciously.

After standing there for a long time, he went to the room dizzily and stood at the door, remembering what he had said to that silly girl Anna.

Then he went back to the bed to lie down. Though the sheets had not been changed, and he had excessive concern for neatness, he still lied on the bed directly.

He had not noticed that a bit of blood was in the middle of the bed sheet.

But the moment he saw it, he had a extremely complicated mood, who felt excited, happy, nervous, and surprised at the same time.

Multiple emotions instantly occupied his brain.

"I don't care. Anyway, that night Miss Xie was very active and took advantage of me."

"Well, now you want to deny it?" Yulin came closer to her little by little, asking: "Miss Xie..... you don't want to deny it by virtue of drunkenness, do you?"

Chapter 428 He Held Her More Tightly

Yulin Xiao frowned unhappily and reached out to pinch Anna Xie's chin, forcing her to look at him.

Anna felt hurt and frowned at him, saying : "Stop, what are you doing? You are hurting me."

Anna then thought: Why does he pinch me and make me hurt every time? It is the same this time and before. Do I make him feel annoyed?

Yulin immediately dropped his hands after he heard Anna's words, thinking: Why is this girl so weak, I did not even use much strength before she cried out.

"Why do you not answer my questions and are so absent-minded?" Yulin acted like a young master of a rich family, whose words were also so unreasonable.

"I was just thinking about things." Anna raised her head and stated the reason why she had been absent-minded.

Come on? Who is not thinking about something when one is absent-minded? Yulin thought as he felt quite speechless, then he said: "Let's go, I am quite happy today, so I'll buy you a big meal."

Then he directly pulled up Anna and left, who was sitting on the chair. Then Anna said: "Hey, my books....."

Yulin looked at Anna's book on the desk, smiling, and he directly held the books in his arms before he walked forward.

"Hey hey" Anna was stunned at once, being somewhat unsure about what happened.

She was still not sure about what was going on when Yulin left alone with her review materials that had been put on the table.

When he walked to the door, Yulin shouted, "Hey, are you leaving? Do you still want your books or not?"

Yulin was very smart, maybe every young master of a rich family was that smart.

He always knew what kind of excuse he could use to make Anna not refuse him.

.....

"Chuxue Ye, do you think this is good? I'll buy it for you, okay?" Zhao Nangong held a light yellow dress in his hand and said cheerfully to Chuxue, who was sitting at the side leisurely and drinking tea.

Chuxue really couldn't stand him any longer, feeling Zhao was very annoyed, then she looked up and said, "Okay. Wrap it up."

After hearing Chuxue's words, Zhao was happy again for a while, calling the shopping guide at the side to wrap it up for him.

Chuxue really didn't know how Zhao knew that she wasn't at her brother's house, who had been following her since the first day she was kicked out.

Chuxue did not wait for Zhao, who was still looking at the clothes, and walked straight towards the door to take the elevator.

"Okay, help me wrap this up too! Thanks." Zhao said with a gentle smile to the shopping guide.

Turning his head to look at Chuxue, he found that she was no longer sitting in the original place, and only after hurriedly looking for her, did he find that Chuxue had taken the elevator to go to the third floor.

"Hello, checkout and wrap it up for me, and I'll come down and get it later." Zhao hastily dropped his bank card and asked the shopping guide to help wrap it up, then he went up alone to find Chuxue.

.....

In the living room, Jingyan Ye was busy cooking and said, wearing an apron, "Yiyao Duan, take a plate over for me."

Since the last time he received Yiyao's appreciation and praise of his cooking, Jingyan seemed to have taken a keen interest in cooking.

Now, he cooked for Yiyao almost every day and cooked several different dishes for her every time.

Jingyan was busy cooking for a while, then he found that Yiyao still hadn't brought the plate to him yet, so he stopped what he was doing and turned his head to look at her.

He saw that Yiyao was sitting on the sofa. Then he became a little depressed as well, for him knowing that Yiyao was thinking of that child again.

He brought the dishes on the table and the two ate quickly as they were going to court today.

After they finished eating, Jingyan packed up the things and prepared to go out, then Yiyao stared at him before he went out and said: "Jingyan, I'm going too."

Her eyes were full of determination.

Jingyan originally had not wanted Yiyao to go with him, but he could not stop her if Yiyao really wanted to go.

After all.....

He nodded and looked at her, saying: "Good."

Jingyan then looked at her, who was closing her eyes and felt quite painful, thinking: It is all my fault!

I.....I failed to protect her and our baby.

He walked over to the sofa and sat down, "Yiyao, don't be so sad. Don't feel bad about the things that have past. Okay?" He hugged her and continued to say: "We still have a promising future, we....."

Jingyan had wanted to say something else, but suddenly he felt Yiyao was trembling slightly.

He then held her even more tightly.....

He thought: Damn it! I made her cry again!

The court session was opened, and Ziying Duan appeared in the prison uniform.

Although she had been quite gloomy, she seemed to be quite delighted the moment she saw Jingyan, and she kept shouting in the direction of Jingyan and Yiyao.

The judge finally sentenced that she was insane, and the judicial outcome was only a fine and two months' imprisonment.

This result made Jingyan feel quite confused.

He had not expected to such a simple outcome.

While Yiyao was quite indifferent, as if she had already expected it.

But the more she pretended to be indifferent, the more heartbroken Jingyan felt.

At least, she should make a reaction.

Suddenly, Yiyao began to cry.

She fell into his arms and sobbed, "Why do the bad people always get their way?"

"Yiyao, Yiyao, don't be like this. She's indeed bad, but our life can't be ruined because of a bad person, we still have to be happy and live our lives positively. In the future, we will have another baby. Yiyao, don't cry."

Jingyan was in panic at the moment, who had no idea how to comfort her, so he could only keep patting her back with his hands and keep saying: "Yiyao, don't cry, don't cry anymore."

But he knew that it was useless to comfort her like that.

"Have another baby?" Yiyao repeated these words with tears in her eyes.

But in her heart, she was screaming frantically, refusing his proposal.

No..... No.....

I won't have another baby.....

I will never have another baby..... never again!

"Don't be sad, okay? Yiyao, when we get home later, I'll make you another delicious meal."

Jingyan gently patted her back and said to her.

"Wipe your tears and let's go eat, okay?" Jingyan said as tenderly as he could, who doted on her to the utmost.

"Okay." Yiyao nodded. She knew that Jingyan had been very tired lately, who usually comforted her and cooked several different dishes for her everyday in the past two days.

Although some of the dishes were not delicious, she was still deeply touched.

She knew clearly in her heart that she fell in love with someone who loved her deeply as well.

The two left and went back home again. And Yiyao was indeed hungry again.

Jingyan then was busy cooking in the kitchen again, wearing the same pink apron.

While Yiyao was sitting on the sofa, trying to calm herself down.

And as she turned her head to look at Jingyan, she suddenly felt that she was really very happy.

"Dinner is ready! Come and eat." Jingyan had already put the dishes on the table, which were all Yiyao's favourite.

There were four dishes and one soup on the table: Roasted eggplant, b.raised fish in brown sauce, roasted sweet potato, stir-fried bamboo shoots and pork rib soup.

.....

Anna Xie had seen Yulin's yellow Ferrari before, but this time he had changed his car again, which was a red Ferrari.

Anna was speechless, wondering why all his cars were so eye-catching, "Where are we going on earth?" After Anna got on the car, Yulin drove the car, saying that he was going to take her to eat a big meal.

Anna remembered the place that Yulin had took her to last time, which was not suitable for someone as ordinary as her to go at all.

So if they were still going to that kind of place this time, Anna would not go with him no matter how.

Yulin glanced at Anna with a smile, who was sitting on the passenger side, then he said: "I've already said that I'll take you to have a big meal."

Then Anna thought to herself: You said the same thing last time, but you still went to Wei Yu's birthday party.

Yulin seemed to know clearly what Anna was thinking, and he glanced at her, who was quite depressed, then he said with a smile: "Don't worry, it won't be the same as last time, this time I will really take you to have a big meal."

Hum, it'd better be that way. If what you said is not true again, I will never go out with you! Anna thought with dissatisfaction in her heart.

"It'd better be that way, otherwise next time..... I won't go out with you." Anna looked at him with dissatisfaction and said.

Yulin then looked sideways at the disgruntled Anna and found she was quite cute, who was curling her lips and frowning.

Luckily, this time they were indeed going to have a big meal, because Yulin's friends were having a barbecue today. Thinking of this, Yulin actually felt slightly relieved in his heart, as if he was glad that this time he indeed would not take her to that kind of party.

Soon, Yulin took Anna to a place. On the outside, it didn't seem very luxurious, but only when Anna got inside did she realize that it was actually a very large hotel.

He took Anna inside and looked for his friends.

She thought it was just a luxuriously decorated hotel with a large area, but she never expected that there would be a site for barbecue inside.

Anna followed Yulin closely, and Yulin could not help but feel quite happy after seeing her follow him.

He liked Anna's reaction at this moment and this feeling of her relying on him.

"Come on, stupid girl." Yulin pulled Anna and held her in his arms, keeping others away from her.

"Yulin is here? Oh, who's this little girl?"

Yulin's friends whistled to him as they watched him walking in, and they even cheered after seeing Anna.

"Stop." Yulin wasn't annoyed at their words, who greeted his friends and joked with them.

A man, who held glasses of wine came towards Yulin, then Yulin took one and smiled at him.

Anna noticed that there were actually some girls here in addition to his friends, who were probably the female companions of them.

"Didn't you say there was a big meal?" Anna looked at the people, raised her head at Yulin and asked in confusion.

Anna thought: Aren't we having a big meal? Where is the big meal? Why isn't here any food? I am very hungry.

Yulin froze when he heard her words, then he said seriously to his friend, "Shit, didn't you tell me to come and have a big meal? Where's the big meal?"

His friends were also stunned, for the meal was not ready yet, and was that little girl who seemed to be very innocent "kidnapped" by Yulin?

How come the first thing she said was "Didn't you say there was a big meal? Where is the big meal?"

She was quite different from the women present, who was as clean as a pure spring.

"Uh, right away. We just finished building the fire." The man who had just given Yulin the glass of red wine said, then he looked at Anna with amusement.

"Well, you heard him say that they just finished building the fire." Yulin said to the dumbfounded Anna.

Yulin looked down and saw a shelf not far away with food for the barbecue, and then he said to Anna, "Look over there, it's full of food on the shelf. Go pick something you like to eat."

"Oh, yeah." Anna was excited to see the food and she almost ran over to it.

"Wait a second," Yulin called out to stop her, "You know how to grill food, right?"

Anna thought to herself: What can I not do? Even if I don't know how to grill, I can learn. Then she straightened out her chest proudly to him and said: "Of course, don't underestimate me."

"That's good, go ahead." Yulin touched her head dotingly and said with a smile.

Yulin's friends all became dumbfounded after hearing his words, thinking: When did Yulin, who has the casual and elegant bearing become like this?

He even was not that concerned about Wei Yu, right?

They originally had thought that this Anna was just an innocent student girl that Yulin had found temporarily, but now it seemed..... like their relationship was not that simple.

"Well, Yulin, who is this little girl?"

The man sitting in the middle of the people asked. "Just a silly little girl." Yulin said as he looked at Anna who had already chosen her food by the grill.

Some of those women had known Yulin before, and they were full of jealousy since they had never seen Yulin treat any woman so specially.

Yulin was talking to his friends, but he glanced at Anna inadvertently for several times.

For a moment, Yulin was even jealous of the vegetables that Anna had been holding in her hands and staring at, thinking: Why should a pile of vegetables make Anna keep staring at them?

Why can't I be stared by her like that?

Yulin was completely unaware that what he thought now meant he kind of liked Anna already.....

"Yulin, come and play, let those girls go grill the food and eat on their won." A man took out a pair of playing cards and said.

“Okay.” Yulin looked at Anna, who was still grilling the food alone, then he said yes to the man.

“I’ll not play, for I’m a bit hungry and I want to go grill something to eat.” The man who spoke was dressed in casual clothes, and he was the same man who had just given Yulin a glass of wine.

“Dongzi? You’re not playing?” Yulin asked.

“I’m a bit hungry, and I will go over to eat some food.” Dongzi smiled and walked over to the barbecue grill after he finished his words.

After looking at him, Yulin turned around and said: “Alright, deal the cards.”

Dongzi took some food and wanted to go to one of the barbecue grills alone to grill them and eat, but when he passed by Anna, he noticed that her food were all burnt.

He narrowed his eyes, thinking: This girl does not seem to know how to grill food.

Dongzi then put the food on her grill and asked: “Do you need help?” Then he picked up Anna’s vegetables that had not been grilled yet and put them on the grill.

Chapter 429 Jealousy

The man in front of her was wearing a sports suit with short hair and smart face. Anna thought he looked pretty handsome.

“There are tricks for Barbecue. You are not skilled.”

What? Tricks? After imagining for a while, a scene appeared in her mind.

In TV shows, the chef just put the food on the grill and then sprinkled some salt and cumin or something, they just needed to turn the food over and prepared to eat.

It seemed to have no tricks.

“But, what skills I need to learn?” Anna was confused, she did exactly the same as the chef in TV show.

Dongzi was calm, however, after hearing Anna’s words and looking at her innocent face, he smiled and said, “Look, the food are burnt.”

After seeing the burned food and the smiling boy in front of her, Anna was convinced.

"Why?" Anna asked in confusion, she frowned and didn't know the reason.

"You forgot to put the oil." Dongzi laughed, the girl in front of him was really cute.

However, Anna just ignored his words and indulged in her own world. Dongzi thought that if there were not many people here, she would probably bit her finger and grabbed the clothes.

When Anna finally regained her thoughts, she patted her head and spat out her tongue towards Dongzi.

"I'm stupid to make such mistake." Anna's face flushed.

"Well, it's okay, everyone acted like this before." Dongzi replied softly, his voice was as warm as sun.

"Have you finished?" After staring at Dongzi's food for a while, Anna suddenly said.

After realizing what she had said, Anna felt embarrassed, how could she say that? She was just a foodie.

Hearing this, Dongzi was a bit stunned then he answered, "Do you like to have a try?" Then he handed some vegetables to Anna.

Anna was very happy to hear this, it turned out that he was not only handsome, but also kind and gentle. He just treated her the food. However, Anna didn't know that Dongzi was shocked. She looked at him with desire in her eyes.

He thought that she would ask him the skills of Barbecue and didn't expect her to say this.

This girl was really interesting, Dongzi remembered that she came here with Yulin Xiao.

In the past, Yulin Xiao was the first to come. Today, he came so late, besides, he even brought a girl with him. She must be a very important girl.

Thinking of the face of Yulin Xiao, Dongzi felt very excited, he hadn't seen him to act like that for a long time.

It was really interesting.

Seeing that Anna ate very fast, Dongzi grilled more, however, it seemed that Anna was very hungry that she kept eating.

Dongzi knew that the Barbecue he made taste good, however, it was the first time for him to see such a girl who ate so much.

While Anna was eating, she still stared at the food on the grill. Dongzi was shocked, was she really a girl? How could she eat so much?

After noticing Dongzi's expression, Anna felt a bit embarrassed and said, "I'm just a little hungry, do you want it? I can give it to you." Anna said a bit reluctantly.

"Well, just eat yourself, I'll eat later." Dongzi replied with a smile.

Anna thought that Dongzi was really a nice man, so she introduced herself, "I'm Anna."

Hearing this, Dongzi smiled, "Just call me Dongzi, they all call me like this."

Dongzi? The name sound a little weird, how could him be Yulin Xiao's friend? He was so nice!

It seemed that there were also kind playboys just like Dongzi.

"Anna!" Seeing that Anna chatted happily with Dongzi, Yulin Xiao felt furious and yelled with his fist clenched.

Why was she there? She said that she went to eat the Barbecue. Why was she chatting with Dongzi? It seemed that she lied to him.

"What?" Hearing that someone was calling her, Anna turned back, the next moment she saw Yulin Xiao who looked very unhappy.

"Do you want to eat some? Dongzi is good at making Barbecue." Anna smiled happily and asked Yulin Xiao with her hands waved.

Hearing this, Yulin Xiao felt better, it seemed that she still remembered him.

"Give it to me." Yulin Xiao reached out his hand, seeing that Yulin Xiao still stood there, Anna didn't felt angry and just walked to him and handed him the food.

However, the next moment, she turned back to Dongzi, which made Yulin Xiao very furious.

Seeing this, Dongzi smiled playfully.

.....

"Yiyao, let's go out to have a walk. We haven't gone out for a long time." Jingyan said while washing the dishes.

After thinking for a while, Yiyao agreed, she knew that Jingyan did this for her, he wanted to make her happy even though he was already very tired.

They hadn't gone out for a long time.

"Knock, Knock!"

"Brother, open the door, I'm Chuxue."

When Yiyao was pondering, she heard that somebody was knocking the door.

After listening carefully, she knew it was Chuxue. Then, she quickly walked over to open the door.

"Yiyao, I really miss you so much."

As soon as the door was opened, Chuxue held Yiyao tightly and said, "I miss you!"

"Do you want to go out?" Yiyao dressed differently so that Chuxue noticed it. Obviously, she wanted to go out.

Chuxue smiled and asked, "Where is my brother? Is he here?" Chuxue looked around but didn't find Jingyan.

"He is changing his clothes upstairs." Yiyao smiled and looked at Chuxue who always looked happy.

"I know that you are hanging out, just take me with you, please." Chuxue winked at Yiyao and said in a shy manner.

"OK?" Seeing that Yiyao kept silent, Chuxue asked again.

Of course, Yiyao couldn't bear this and answered, "Fine."

Hearing this, Chuxue felt happy and exclaimed, "Great."

"Who allowed you to come with us?" Jingyan suddenly stopped Chuxue.

"Brother, please, I can serve you on the way." Chuxue looked at Jingyan and said cautiously.

Hearing this, Yiyao smiled, Chuxue was so cute. Of course she wouldn't ask her to do that.

Jingyan was speechless, was she really his sister? Why did she interrupt he and Yiyao?

After thinking for a while, Jingyan suddenly thought something and quickly held Yiyao, then he said, "I only love Yiyao, don't love me!"

Hearing this, Chuxue was speechless as well, she thought that Jingyan was really imaginative. How could he think like this? So she quickly rebutted, "Don't worry, I don't like you."

Seeing that Yiyao kept laughing, Chuxue explained, "Yiyao, you have to trust me, I don't like him at all."

Just at this moment, Chuxue suddenly thought about Zhao, it seemed that she had left him in the store alone.

Thinking like this, Chuxue felt a bit guilty, it was hard for him to find her. He even bought so many things for her, how could he leave her alone? Should she go back to see whether he was still waiting in the store?

Then, Jingyan said in a deep voice, "We'll go out, you are not allowed to be with us, just stay at home."

Of course, Jingyan wouldn't let Chuxue to stay with them, if this happened, then there was no chance for him to be with Yiyao for Chuxue would keep chatting with her.

"Well, have fun." Chuxue said to Jingyan and Yiyao. "I'll be waiting for you."

Although Chuxue agreed, actually she was thinking about Zhao.

Jingyan narrowed his eyes and looked at Chuxue, then he said, "Behave well okay? We'll go out now."

"Well, I know, I'm not a child anymore." Chuxue pouted her mouth and said a bit grieved.

"Fine." Then they left.

"Chuxue, we're leaving, I'll bring some delicious food to you." Yiyao smiled softly.

"Well, thank you, Yiyao." It seemed that Yiyao was her sister, her brother acted like a stranger.

After they left, Chuxue felt bored, so she took out her things and left.

.....

Yulin Xiao didn't know how to describe his feeling. He felt unpleasant when he saw Anna was chatting with Dongzi. However, he told himself that he just didn't want Dongzi to cheat her.

It was not love, that was all his thought. He comforted himself like this and ignore the feeling in his heart.

"What did Yulin Xiao say to you?" Dongzi focused himself on the grill and asked casually.

"Nothing." Anna opened her eyes and looked at Dongzi.

Seeing Anna's behavior, Yulin Xiao was even more furious.

Anna was still waiting for the food in Dongzi's hand, she gave one Yulin Xiao, so she had nothing now.

Seeing this, Dongzi smiled, he deliberately grilled longer and noticed Anna's expression.

Anna couldn't bear anymore and she asked, "It is okay?"

"Well, here you are," Dongzi smiled, it was the first time for him to see such a special girl.

However, at this moment, someone took the food away. Anna raised her head and yelled, "Yulin Xiao, what are you doing? Give it to me."

Anna glared angrily at Yulin Xiao, she was very angry now.

"Come with me." Yulin Xiao said nothing but grabbed her.

"What are you doing?" Anna didn't know what happened, then she was taken out of the hotel.

"Get on the car," Yulin Xiao still didn't answer her question and said indifferently.

"No, I won't do that." Anna was angry, what happened to him? Why did he do this to her? Was he crazy?

Every one has the right to be angry.

"Are you waiting for Dongzi?" Yulin Xiao said nonchalantly.

He felt very furious when thinking like this.

“Well, you’re right, I’m waiting for him, I’ll go back to eat the food made by him.” Anna replied angrily with her head turned aside.

Chapter 430 Seduce the President

“Well, how dare you!” Yulin Xiao felt very angry and then he drove away.

Anna stood still and didn’t know what happened, she felt very grieved.

Yulin Xiao didn’t even explain to her, he just asked her to eat dinner and then left her alone and played with his friends himself. Fortunately, she met Dongzi who could instruct her and make food for her, or she would be very hungry.

Anna waited there for a long time, she thought that Yulin Xiao wouldn’t left her alone, however, all her done was in vain.

At this moment, a blue Lamborghini stopped at Anna’s feet. After the window fell down, she saw Dongzi, then he asked, “Anna? Why are you here alone?” After looking around, he didn’t saw Yulin Xiao, so he continued, “Where is Yulin Xiao? He should be with you.” Dongzi didn’t know what happened.

Hearing Yulin Xiao’s name, Anna felt a bit depressed and replied, “He had left.”

Hearing this, Dongzi knew that they must had a quarrel, he remembered that Yulin Xiao had dragged her out of the hotel. After looking at her for a while, he said, “Anna, get on, I’ll send you home. It’s hard to take a taxi here.”

“Well, I can go home myself.” Although she thought Dongzi was a nice man, she didn’t dare to trust him, so she refused directly.

After chatting for a while, Dongzi left as well. Before leaving, he reminded her that this area was dangerous with all kinds of people, she must be cautious.

The sky was getting darker and darker, just like her heart.

Anna took a taxi to school.

As soon as she entered the school, she saw that someone were pointing at her. She ignored them at first, however, when she walked into the campus, more and more people were discussing about her.

She even heard two girls saying, “It turns out that she is Anna, how dare such a plain girl to s.educe the president?”

"You're right. She must have her ways. Perhaps....." The two girls looked at each other with an implicit smile and then left.

"Seduce the president?" Anna didn't know what they were talking about. She was too tired to pay attention to the rumor, after she went back to the dormitory, she quickly lied on bed and fell asleep and even didn't notice the weird expressions of her roommates.

.....

"Anna, wake up, why are you still sleeping?" Anna was woken up by her roommate Qiqi, "What's wrong?"

"Don't you know the rumor? You've said to have seduced the president, and people all say that you have an affair." Qiqi said anxiously, she really wanted to know the truth.

"What are you talking about? It is ridiculous." Anna felt a bit annoyed, what was she talking about?

Anna regained her thought and frowned at Qiqi, then Qiqi continued, "Look, you are now a famous person on the school website."

After taking a look at the phone, Anna felt furious.

Those were the photos of her and Yulin Xiao, besides Dongzi was also on them. She looked extremely happy when staying with Dongzi in these pictures.

It was definitely a rumor, she only wanted the food in Dongzi's hands, how could they say this?

However, Qiqi looked at Anna excitedly and asked in surprise, "Anna, this is you, right? Oh my god!"

Anna just ignored her words, she wanted to know who took such photos. They really looked vivid.

Even her quarrel with Yulin Xiao was shot, not to mention the moments when they were on the car.

She tried her best to avoid those classmates and acted carefully, how could this happen?

She didn't want to contact Yulin Xiao, but why did he call her yesterday? Why did he leave her alone?

“Anna, who is your boyfriend?”

Qiqi kept asking, however, she couldn't answer her, she met Yulin Xiao a while ago, and Dongzi was just someone she met yesterday.

Even if she was stupid, she couldn't believe this. No one would trust her.

“Anna, I think Yulin Xiao looks better, he is so cool.” Qiqi was totally indulged in his smart appearance.

“I like neither of them!”

Just at this moment, the phone rang.

“Whose phone is ringing?” Qiqi said.

It was Anna's phone, and the number looked unfamiliar, so Anna knew who was calling. Except Yulin Xiao, nobody knew her number.

“Anna, why don't you answer the phone?” Seeing that Anna just took the phone and didn't answer, Qiqi asked.

There was no need for her to answer his phone. They owed each other nothing now.

Thus, Anna hung up the phone without hesitation and replied, “It's just a scam phone call.”

However, the next moment, Yulin Xiao called again and she hung up again.

“Those fraud really works hard.” Anna laughed dryly. Unfortunately, the phone rang again, after seeing that it was the same number, Qiqi asked, “Is it really a scam phone call, you'd better pick up first.”

Anna felt a bit embarrassed, she didn't know what to say, there was nothing to talk about between them.

“Well, I left something in the laundry, I'll get it first.” Qiqi patted her head and quickly left.

Although Anna was a bit numb, she knew that Qiqi did this on purpose.

The next moment, the phone rang again. After waiting for a while, Anna finally picked up the phone.

As soon as she answered, someone yelled angrily, “Anna, where are you! I've called you so many times.”

Hearing this, Anna felt grieved, how could he yell at her? It was he who left her alone yesterday.

“Why don’t you answer my question? Anna?”

“Answer my question!” Yulin Xiao was so angry, why did she kept silent?

.....

He called her the whole night for fear that she was s.educed by Dongzi. He even went to Dongzi’s home, however, Dongzi told him that she was waiting taxi alone yesterday and looked very depressed.

After knowing that they weren’t together yesterday, Yulin Xiao felt happy, however, then he became anxious for he didn’t know where she was.

Where she could go? Did she go back to school?

Yulin Xiao didn’t know how he got out of Dongzi’s villa, all he remembered was what Dongzi said, “I heard that Fenfang Road is not safe recently, there was a female college student who got loss there a few days ago.”

Besides, Dongzi also said, “Do you think she is safe or not?”

The next moment, he rushed out to find Anna. He drove very fast and arrived at Fenfang Road, he walked directly into the hotel and asked the manager if something weird had happened. However, the manager kept flattering him.

Yulin Xiao was very anxious and kicked the manger, then he asked, “Was there anything wrong happened?”

The manager was stunned, then he realized the situation and quickly answered, “There seemed to be one.” Hearing this, Yulin Xiao became even more furious and yelled, “Give me an absolute answer.” The manger answered in tremble, “It seemed that a young woman was took away by some rascals. She might be a college student and was waiting for someone at the front of the hotel.”

The manager stood up and looked at Yulin Xiao somewhat frightened, he didn’t dare to annoy him.

“Damn.” God bless her.

“Do you still remember what the girl was wearing?” Yulin Xiao was very nervous, it shouldn’t be Anna. He couldn’t believe that.

“She was wearing a dress.” After thinking for a while, the manager said firmly.

"Do you know those rascals?" Yulin Xiao gritted his teeth and asked.

"No, I haven't met them those rascals before."

"Shit!" Yulin Xiao cursed, which really cursed the manager.

Rascals could be seen everywhere in this area. Yulin Xiao didn't know what to do if the girl the manager described was really Anna.

He wouldn't definitely changed this area into a safer place and gave a lesson to those rascals. Yulin Xiao narrowed his eyes, which were like frost.

He kept calling Anna, however, she didn't answer the phone. So he could only search her around the area. Now she picked up the phone, which made him feel excited and a bit anxious.

It was the first time for him to act like this, even Wei Yu wasn't be treated like this. Maybe it was because that Anna was stupid, or he was careless. He should be responsible for her.

Since Wei had grown up with them, so such dangerous things wouldn't happen to her.

Yulin Xiao was so proud that he just ignored his feeling which made he very anxious and nervous.

.....

"Why do you yell at me?" Anna felt very depressed and her eyes suddenly filled with tears.

"Anna, what's wrong with you?" Yulin Xiao felt anxious, all he heard was Anna's sob.

Yulin Xiao comforted himself that nothing happened to Anna or he would definitely do something crazy.

"I'm angry, there's a rascal who left me alone yesterday." Xiana sobbed, she felt sad when thinking about the things happened yesterday.

Anna didn't realized her tone, she acted flirty and pouty, as if Yulin Xiao was her boyfriend.

"Where did you go last night?" Yulin Xiao asked in a deep voice.

"Where can I go? I went back to school." Anna's words were like sunshine that suddenly warmed Yulin Xiao's heart.

It turned out that she went back to school yesterday.

Why was he so stupid? Why didn't he think about this?

"Why don't you call me? Shit" Yulin Xiao cursed in a low voice, he kept searching Anna and didn't sleep last night.

"It was you who left me alone. Why should I call you?" Anna was furious, she never met such a perverse man before.

"Damn. I went back to find you but you were chatting with Dongzi happily." Yulin Xiao gritted his teeth and said.

Of course he went back but only found that they were chatting happily.
