Chapter 441 His Philosophy

Array was only allowed to be used as a last resort, which was the rule of Brother Six, and the rule that Huzi must follow.

"I'd like to see if the two can break out of my array." Huzi made another change to the array, making it a little more complicated.

At this time, Sansan clearly felt the aura had changed once again. He knew that it was someone challenging him, or someone setting him up.

"Let's just sit here and not move." Sansan looked at Anna and said calmly. He didn't believe that he couldn't break the array.

"Okay, I do not understand and I'll follow you." Anna nodded and obediently sat there without moving, watching the array change.

Huzi had no idea what the two inside this array were doing, so he just made it more and more complex as he wanted, but the complexity was just to satisfy himself, instead of changing the whole situation.

"It's getting more and more complicated." Sansan frowned and said softly. He kept watching the surrounding trees, hoping to break out from some points.

However, the gray and yellow sky and the thin air were so depressed that they got more irritated and upset.

"Then what should we do?" Anna was full of worry. She did not know what to do, but she was sure that they may have to be trapped here for a long time.

"Where is Yulin?" Anna suddenly thought of something and asked. Where did he go?

Sansan was stunned, for he didn't expect that Anna would just call Yulin by his name. This was not what Sansan thought about, so he could not help but start thinking who she was.

Why are these things going on?

"He's waiting for us outside." Sansan's tone was a little heavy, as if Yulin was very important to him. Of course he was important, for he was one who would pay him.

However, thinking of this made Sansan a little sad. After all, he was now, for the first time, in a dilemma. No, no, no, he would definitely get out.

When it's almost the time, Sansan and Anna still hadn't come out. Yulin and Dongzi got a little anxious.

"Is there anything else underground?" Yulin was very curious about the underground world.

"I heard that the Brother Six is an incomparable talent and he knows a lot about array, five elements and Tai Chi." Dongzi said slowly, for he didn't want to mention this, or it was something he was not willing to face. However, something still existed even if you didn't talk about it.

"Does that mean they may be trapped in it?" Yulin asked with some concern. In fact, deep inside, he got a feeling, but he only felt it was all too incredible. It was not at all what he had imagined.

Or rather, these things were no longer within his control, which all made him panicked. All was just a suffocating battle.

In this game, Yulin did not want to lose, but this time he was unexpectedly defeated.

"Hang on." Yulin closed his eyes and thought about the next step. He didn't dare to do anything rashly to Brother Six.

However, this did not mean that he did not have any preparation. He had put Anna in danger, so how could Yulin just stand there and watch?

The only thing was that he wouldn't act now and he needed to wait for the moment that he would not lose. He must let Brother Six pay for this. But the right time hadn't come yet.

"Good." Dongzi was suspicious, for he did not know what Yulin was thinking. Recently, because of Anna, they were not as close as before. But he really had nothing to do with Anna. Sometimes, the more you explained, the more tiresome you became.

For example, this thing, he could only try his best to save Anna, although they had no doubt about Sansan's ability. The current situation, however, seemed to prove that Sansan was not the opponent of Brother Six.

Otherwise, it wouldn't have taken so long.

"What is Sansan going to do?" Yulin's forehead was filled with sweat. And this was not his usual style. Today he was anxious because of Anna.

Sansan sneezed.

"It's so hot today. Damn it." Sansan complained while watching the change around him.

"Who are doing this? What a cheeseball." Sansan shook his head helplessly, for this really humiliated the ancestors. How could he show off his such shitty style?

Huzi did not know that he would be teased in this way, for he was still gloating.

All this really made Sansan feel funny. When it got slower, Sansan only used five minutes to find the eye of the array. He walked all the way through, so that in a short time, the array would be destroyed, so as to open a path to the outside world.

"Huzi, come here." After seeing the array set up by Huzi, Brother Six got furious. No one could know how to describe his terrible look.

Huizi came to him with hope, for he was eager to hear his praise. However, when he got there, he found Brother Six was with a sullen look, making Huizi feel strange.

Why didn't he give him some compliment? What's going on?

"Boss, I..." Huzi was full of confusion, making Brother Six speechless.

Although just now he told Huzi to do a good job, he did not expect he would let him down, very humiliating.

What a trash array.

"Look at it, do you think it's a good one?" Brother Six said quite euphemistic, not scolding. However, this still hurt Huzi.

Originally, he wanted to help the boss to solve the problem, but he did not expect that in the end, he created problems.

And, now it seemed that the boss was also very depressed.

"Sorry, boss, I messed it up again." Huzi said with sorry, keeping his head down the whole time.

Brother Six sighed, but he didn't blame him. However, Brother Six's expression betrayed himself. No matter how he tried to hide it, Huzi still found his displeasure.

"Good. I'm glad you know this." Brother Six was actually didn't care Huzi so much, for he was now thinking how to meet Yulin and how to get more information about Ye family.

Now, although he did not see Yulin nor contact with Ye family, he at least had taken the first step.

In any case, he got closer to his success.

“Boss, you can blame me. I’m sorry I let you down.” Huzi said this once again.

Brother Six frowned, “Huzi, can we change the words? Can you not say this all the time? How many times have you used it?”

Huzi seemed to realize something, so he flushed. Then he didn’t say anything more.

“Look at this array. He is an expert, so you need to be careful. If you meet someone grumpy, he might mess up your array. And this will be a terrible thing.” Brother Six said extremely serious. He valued the array a lot and loved it so much and he had never been so serious about a thing.

The rumors were not all fake, except for the fact that he liked SM. Other things such as harshness and so on, were still true.

“Okay, boss. I will pay more attention to it.” Saying so, Huzi was studying his own array to see how could he improve.

Suddenly, they saw that the trees were all moving, and the power coming out of that array were extremely strong.

“They made it.” Brother Six calmly looked at Huzi.

Huzi had an urge to go over and see what was going on. He was wondering why they were still inside and how they had broken his array.

“Boss, I want to go and take a look.” Huzi had the urge to try, but because of the boss’s strictness, he didn’t dare to run there recklessly.

“Stay here.” Brother Six was obviously afraid of Huzi to mess around again. Because skilled people were more likely to get into trouble without being conscious of it.

Brother Six had experienced this before, so he was trying very hard to restrain himself from being controlled by the terrible desire to show off, which was never allowed.

He was not willing to let Huzi be controlled by this unnecessary feeling, and the biggest disadvantage was to put them in a passive state. Huzi was not so easy to control and sometimes he was still obedient, but sometimes, he had his own thoughts.

“Don’t go rush into things.” was often said to Brother Six himself. He believed that in time, Huzi would do better, for he was too young now.

“OK.” Huzi just followed his boss.

"Follow me." After Sansan broke the array, Brother Six said to Huzi, and walked away.

Huzi was confused and he didn't know what his boss was going to do. He only knew to follow him, but he had no idea what his boss was planning to do.

"What the hell was going on here?" Huzi still frozen there and it took him a long time to realize what's the next step.

The boss was asking him to follow the two and see what was going on. Otherwise, he wouldn't say that.

"Okay, boss, I got it." When Brother Six was far away, Huzi then hurriedly followed Sansan and Anna.

"Sansan, thank you." Anna was now relieved, for she would soon see Yulin. She didn't know how to explain her kidnapping to him, nor did she know What Yulin would say.

Perhaps it was best for them to end up here.

The closer she got to her, the more afraid she was to see him. This kind of feeling was weird and complex and this was the reason why Anna was trembling.

Since she did not know how to explain to him and she didn't know how to face him, she thought it was not necessary to meet him.

Yulin, at the moment, was hoping to see Anna. He was eager to know Anna's current situation. He was waiting in anxiety.

"Here we are. Go ahead. They're waiting for you there." Sansan sent Anna to where Yulin and Dongzi were staying, and walked straight to a corner of the park by himself.

There was an unwritten rule in their industry that they should never meet with their clients, and the money were put in a secret place, which was only known by the two. Of course, one-third was paid before and the rest was put somewhere they knew when things were done.

Seeing Anna walk out, he finally breathed in relief. This was too difficult this time and he was running his risk.

However, he was also thankful. Because in this field, he finally met a rival. He had never had this kind of feeling for so many years. For him, it was a good choice to have a rival, and it was also a pleasure to know someone was there waiting for him.

"Anna?" When Yulin saw Anna, Yulin stumbled and jumped to Anna's arms. He had never been so awkward in front of others.

Looking at Yulin's beard, she felt he had aged a lot. She seemed to never know this man.

Staring at him, Anna blamed herself. Was this person she had been thinking about recently? In any case, this man had paid a lot to save her, so he at least cared for her.

She didn't want to care how much he loved her, but now, she was sure she was important to him.

"I worry too much about you, Anna." This was the first time Yulin called Anna. When Anna heard Yulin call himself, she froze and then looked at Yulin obsessively.

They looked at each other like this for several minutes and Dongzi next to them felt disgusting.

"Yulin, how can you..." He wanted to say something, but he did not know how to speak. Seeing Anna back, he was sincerely happy for them.

"Come here." Yulin said this after thinking for a while. He blushed and had the urge to hug Anna tightly, but he walked to Anna slowly. He said this a few meters away from her.

Chapter 442 For a Woman, He Couldn't Fall Asleep

Anna Xie felt that everything happened all of a sudden. Thinking of what happened to her in the past few days, she might only see it in a movie. Being kidnapped, being auctioned off, being imprisoned in the basement and being trapped in the array...

At this moment, Anna actually had a feeling of rebirth.

She moved to Yulin Xiao and whispered, "Long time no see!"

It's not a long time and in fact, they just hadn't seen each other for several days.

However, this experience made Anna feel that it had been a century and this was simply a cruel waiting that made people collapse.

"Girl, are you okay?" Yulin paused and looked Anna into her eyes.

It was the first time that he couldn't fall asleep at night for a woman and he used all his power for a woman, but he always thought he would use it for an appropriate time.

However, this time, for Anna, he used almost all of his resources. Although at that time, Dongzi had advised him not to do that.

However, he was still afraid that there was any failure, so if Sansan couldn't succeed this time, he still got Plan B, C... He always felt that Anna made him peaceful.

"Are you okay?" When Anna said this, her tears ran out, for this was the first time she said such words to a man.

"Yes, it's worth it. I'm happy to see you again." Yulin said so and walked to Anna and gave her a hug.

Anna smelled smoke from his body, which made Anna a little confused. Before, she never saw Yulin smoking, but today, it was strong. It all made her feel weird.

"You're smoking?" Anna frowned, trying to hide her uneasiness. But for Yulin, her uneasiness was something else.

"I've smoked some in the past few days." Though he was smiling, Anna found he was actually tired. But at the same time, he was happy, for Anna was saved.

What a coincidence, Yulin, at this time, yawned. It was obvious that he was exhausted.

"Thank you." Anna extended her hands for the first time to hug Yulin.

And Yulin, was instantly froze, for he never thought that one day Anna would take the initiative to hug him, which was something that had never happened before.

However, this scene, surprisingly, was so familiar. It seemed that long ago, such a thing had happened. However, he really did not remember it.

"Yulin, since Anna has returned, I'll leave first." Dongzi did not want to be the third wheel.

And this time, he found out that Yulin really loved Anna.

The sky was yellow, enveloping the whole city, with a little bit of hazy gray.

Anna kept hugging Yulin and the time seemed to stop. Under the sky, they were looking at each other.

Anna gently stroked Yulin's eyebrows and whispered, "Your eyebrows..."

She then touched his eyelashes and said softly, "Your eyes..."

Yulin just smiled and looked at her dotingly, with his fingers stroking her face and whispered, "Your face..."

Next to them were a line of Tung flowers, blooming.

It was said that "Tung blossom was like endless talks between a couple." And everything stopped on the Fengling Street, next to Brother Six's basement. The scenery here had always been recited.

Someone once said, if one couple had not been to Fengling Street for a walk, it was not in love.

This moment, Anna was happy and this would be memorized for the rest of her life.

In the dark, a man, with purple eyes, was staring at them. His eyes were like diamonds, like the ghost fire in the darkness night, terrifying.

"Boss, aren't we going there?"

"I've changed my mind," with an evil smile on his face, Brother Six said, "Yulin likes this woman more than I've thought. She is his weakness. Don't rush. Game just starts."

Huzi didn't understand what his boss was saying.

Of course, Brother Six didn't intend to let him understand. He smiled and took several steps back, hiding into the darkness.

And the two, in love, didn't notice the presence of Brother Six.

Yulin said to send Anna back to take a rest, and without thinking too much, she sat on the car and closed her eyes to rest.

"Here we are."

Dozy, she heard Yulin's voice. Then she opened her eyes and looked out of the window.

Huh, this was not her school.

Turning her head to Yulin, Anna asked, "Why didn't you send me back to school?"

"You need to take a shower now, lie down on a soft cotton queen-size bed, and get some rest. The small and narrow bed in the dormitory is uncomfortable."

Yulin said and leaned down to help Anna unbuckle her seat belt. He then took her out of the car without saying a word, and went back to his apartment.

Anna was really tired, so she did not resist.

Now what she wanted was to lie in bed and sleep for several days.

After the shower, Anna walked out of the bathroom and smelled the grilled sausages.

Following the scent, Anna walked to the kitchen. And she then saw Yulin in an apron, making fried eggs and sandwiches.

Yulin was in a mess, making Anna laugh out. Taking over the spatula, she said, "Let me do it."

"No, this is the dinner I prepare for you. You can just wait there."

Yulin insisted, so Anna had no choice but to sit next to him and watch Yulin in a mess.

Finally, after countless yawns, Anna saw Yulin took two plates of black stuff.

Well...

"How about it? It smells good, isn't it?"

Facing Yulin, Anna chose not to tell the truth.

Under Yulin's gaze, Anna picked up the sandwich and took a bite.

"Do you like it?"

The outer layer of the sandwich was overcooked and a little hard, but the inside was not bad.

"Well, delicious."

Receiving Anna's praise, Yulin smiled like a child.

"It seems I have a talent to be a chef. Tomorrow, the breakfast, I will give you another surprise..."

Yulin turned around and found that Anna was crying.

"What's going on...? If you don't like it, don't eat it."

Anna shook her head and smiled, "It's delicious. See, I eat it all."

"Then why are you crying?"

Bowing down her head, Anna felt bad inside.

She and Yulin had only known each other for a short time, but he did whatever he could to save her.

But what about her cousin? How dare he sell herself to that kind of pervert for getting the money to gamble. It's barbaric, unconscionable. Wouldn't he worry for her?

Anyway, they were cousins.

The more Anna thought, the harder she felt, and finally she cried so hard that her eyes got red.

Looking at her sad appearance, Yulin seemed to guess what was going on.

Reaching out to wipe away Anna's tears, Yulin said, "In the future, I will protect you, and will never let you down."

Looking up at Yulin, Anna cried like a rabbit and choked up, "Can I, can I trust you?"

"Of course, I, Yulin, keep my word. You can trust me."

Yulin's seriousness made Anna smile and said, "Then I'll take it seriously. If you don't keep your word, I will never let you go."

"Good." Smiling dotingly, Yulin asked, "Are you in a better mood? Eat more."

Wiping the tears on her face, Anna nodded and continued the sh!tty food.

Yulin took a hand towel over and gently wiped Anna's long hair.

"You're a girl and why don't you know how to care yourself? You can't sleep until your hair is dry."

Though Yulin looked sloppy, he inside was very gentle and delicate.

When he showed this, girls would all fall for him.

Anna, at this moment, was treated tenderly by Yulin, making her feel that she was the happiest girl in the world.

But, did he also do so to Wei Yu?

Thinking of this, Anna laughed at herself.

Who was she? She just had a one-night stand with him and he would soon kick her out. She shouldn't think she was the special one.

Thinking about this, Anna got a little upset.

And Yulin, who helped her wipe her hair, didn't even notice her change.

After the meal, Anna was ready to rest.

But just as she laid down, she felt someone was sleeping beside him.

Immediately sitting up, Anna looked at Yulin warily and asked, "What do you want?"

"Sleep. I've been tired for days too and I need to rest."

Yulin said and stretched his back with a very comfortable expression.

"It's fine for you to rest, but why are you lying next to me?"

"Because this bed is comfortable."

Anna didn't know what to say.

Lifting the quilt, Anna said helplessly, "Then I'll just go to another room."

But Yulin pressed Anna to the bed with one hand and supported himself with two arms, looking at her from above.

"Is it that hard to sleep with me?"

The two people were facing each other in this position, which made Anna a little nervous.

"Not really, the problem is...is..."

"What? Don't care that much. Hurry up and sleep. I won't do anything to you."

Then Yulin lied back to Anna's side, with his arm across and forced Anna to stay with him. It was impossible for her to move.

However, Anna still tried, but she had no way to escape.

Since this was the case, she could only accept it.

And with Yulin by her side, Anna felt very safe, so she closed her eyes and fell asleep quickly.

Listening to Anna's even breathing, Yulin opened his eyes, smiled and rubbed her hair, and also fell asleep.

But in her sleep, Anna was not at peace.

In the dream, she seemed to be back to that weird place. She couldn't find the exit in maze-like basement.

Anna ran hard and it was exhausted. Finally, she saw the light.

The light was full of hope and made Anna full of hope again.

Come on, run, then you can get out!

Anna cheered herself up and ran fast to the exit.

But what was waiting for her there was not the hope, but the man with purple eyes.

"Ah!"

Anna suddenly sat up, with sweat all over and breathed heavily.

"A nightmare?"

Yulin woke up with shock, looking at Anna and asked.

Anna was freaked out and she couldn't say anything. She just nodded.

Looking at her, Yulin felt heartbroken.

Taking her into his arms, Yulin said gently, "It's fine. It's just a dream. Don't be afraid."

Staying in Yulin's arms, Anna murmured, "Yes, it's over. I will never see that terrible man again."

"I'm sorry, Anna. It's my fault for not protecting you. I promise, this will never happen again."

Anna had come to her senses. She looked up, and said to Yulin, "Don't say sorry. It was my cousin who sold me. I'll let him pay for it."

"Let me do it. I will definitely make him regret coming to this world."

Looking at Yulin's fierce face, Anna knew that if Yulin was going to do that, her cousin would definitely face a tragic death.

Anna was very angry, but she didn't want her cousin to die, so she said, "Just let me do this. I still have something to ask him."

"You do it. I won't stop you. But I have to teach him a lesson. If you don't give him a hard time, he will harm you in the future."

This was very true.

Forget it. She would leave it to him. Her cousin had been spoiled, so someone needed to wake him up, or he would ruin himself in this life.

After that nightmare, Anna was not sleepy at all.

She rested on Yulin's shoulder and asked, "Why didn't you even ask me what happened in the past two days?"

Holding Anna, Yulin said, "I've got to know everything, including Brother Six. I will definitely make him pay for it."

Thinking back to what Brother Six said, Anna said, "I do feel that that Brother Six and you, seem to have some stories."

"How is it possible? What can I have with him? He is a gangster and has such a bad reputation."

These words made Anna complain, "It seems that you don't have a good reputation either."

Looking at Anna in his arms, Yulin did not get angry, but laughed, "It seems that you have recovered. You still know how to make jokes about me. How about doing something else?"

"No, no, I'm still sleepy. Good night."

Anna, like a fish, slipped out of Yulin's arms. Turning her back on Yulin, she tucked herself in.

Anna knew how "fierce" Yulin was. If they were going to do that, then she didn't have to sleep.

Looking at Anna's guarded appearance, Yulin shook his head.

Chapter 443 The Rumor Has Taken Air

The next day ...

When Anna Xie woke up, it was already late in the morning.

Anna walked downstairs, yawning sleepily. Yulin Xiao was sitting at the table, drinking coffee and reading the newspaper.

“Woke up?”

Nodding with a smile, Anna replied, “I haven’t had such a good sleep for a long time. I I should leave now, I need to go back to school.”

Saying that, Anna turned around and was about to leave.

Yulin stopped her and said, “Don’t rush off! I’ll take you to school after breakfast.”

“No, thanks. I’m not hungry.”

Saying this, Anna’s stomach rumbled .

Feeling embarrassed, Anna wished she could just disappear right here, right now.

Yulin grinned and held Anna’s hand, leading her to sit at the dining table, “You’re hungry, have a taste of these.”

Raising her eyes, Anna saw the table was full of delicious food with good look and smell.

It seems that Yulin has made great progress in his cooking skills.

After tasting the wonton, Anna exclaimed in surprise, “It’s so delicious and fresh. Yulin, you are improving so fast.”

Smiling bashfully, Yulin explained, “These are take-out foods.”

Huh?

Seeing Anna was confused, Yulin explained again, “Well, I was going to cook for you. But the pot suddenly broke down, so I had no choice but to order take-out. Next time I’ll invite you to enjoy my cuisines.”

Anna was sure that the pots and pans Yulin bought must be of high quality. How could he break the pot just for cooking wonton?

Anna wanted to go over and take a look, Yulin stopped her.

"It's best to stifle your curiosity, just eat! You think these bought from outside are not delicious?"

"No, it's good. I like it! No matter it was made by you, or from the outside. I like it very much."

Anna's smile was sweet and gentle, soothing and refreshing him.

Yulin had made his mind, since Anna was so supportive, he decided to practice more to improve his cooking skills, turning Anna into a happy chubby girl!

After the breakfast, Anna decided to go back to school.

She hadn't shown up for days, she was worrying about punishment the school was going to give her.

Feeling perturbed, Anna and Yulin arrived at school.

Seeing that Anna looked uneasy and nervous, Yulin asked, "Are you going back to school, or to the hell? Look at your face, you look like you're going to be executed."

With a deep sigh, Anna replied, "I haven't asked for leave in the past few days since I left the school. The teachers couldn't contact me, and I didn't come back to the dormitory at night. There must be punishments waiting for me."

"Don't worry, I've already asked for a sick leave for you. I told the teacher that you were not feeling well, I brought you to the hospital to see a doctor. I also prepared a sick note and handed it to your teacher."

Anna blinked in surprise, then stared at Yulin beside her, feeling warm from the bottom of her heart.

He was very thoughtful. Even such a trivial thing, he had considered and planned for her.

Though Yulin seems like a cynical playboy, when he gets serious, he will surprise everyone with his stunning ability.

Seeing Anna staring at him but not saying anything, Yulin grinned and waved to her, asking, "What are you thinking?"

Then Anna turned her gaze and said sincerely, "Thank you so much."

"If you really want to thank me, don't tell me how grateful you are. What about giving me your love?"

Anna had just praised Yulin in her heart, in the blink of an eye, he turned so explicit that Anna couldn't help blushing.

Not wanting to converse with Yulin anymore, Anna opened the door and jumped out of the car.

Staring after Anna, a faint smile flickered across Yulin's lips.

.....

Although Yulin had asked a leave for her, there were rumors and gossips among the students.

The more the girls chatted, the louder their voices got. Even other people around them, all stared at Anna with disdain.

Qiqi couldn't bear their discussion anymore, she slapped the table, turned around and yelled, "Hey, have you finished? Don't talk about others behind their backs! Shame on you!"

As Qiqi yelled, she directly became the center of public attention.

Anna secretly pulled Qiqi's coat and whispered, "Qiqi, forget it."

"They are talking nonsense! We have to stop them. Those rumors are out of thin air!"

A few of the girls across the table retorted as if they were righteous, "If it's really something out of nothing, how come so many people are spreading the rumors? After all, there is no smoke without fire!"

"That's right, why don't we talk about others, but only about Anna Xie? Instead of reflecting on yourself, you want us to shut up. So ridiculous!"

"You"

Qiqi's eye were red from anger, but simply didn't know how to refute because she was an inarticulate person.

Anna Xie, on the other hand, was much calmer. She pulled Qiqi back to her side, lowered her head and continued to read book.

The best way to handle the rumors and slanders is to ignore them.

They keep talking about those same old gossips. There will be a day, they'll get tired of discussing them, then they will naturally let me go.

She has always been honest and upright. People will know it. Time will tell.

Seeing that Anna wasn't affected by them, Jing Wu couldn't help but snort: "Such a cheeky woman! We have spread so many rumors about her. She's still acting like nothing happened."

Qiaoqiao Su said calmly, "Everyone has self-esteem. She is just pretending. I know how fragile she is. She's going to break down very soon."

Jing then replied maliciously, "Seriously, I'm really looking forward to seeing her devastate!"

After class, Qiqi was intended to go to the canteen with Anna.

But the teacher asked her to stay, so Anna had to go to have lunch alone.

She could imagine that if she sat there alone, she would definitely become the center of the crowd. At that time, no matter how delicious the food was, it would be difficult to enjoy.

So, Anna decided to go back to her dormitory to eat instant noodles.

But when she was walking through the grove near the dormitory, someone blocked her way.

It was her cousin, Anna's face immediately turned pale.

She didn't want to talk to him and was about to swerve from him.

But her cousin stopped her and dragged her to a remote place.

Shaking off her cousin's hand, Anna yelled at him angrily, "How dare you come to find me?"

"Anna, I know you are kind. You won't leave me in the lurch, right? Help me!" He was such an impudent man. Anna felt sick listening to his begging.

But her cousin was feeling good about himself and was still making unreasonable requests to Anna, "You must have earned a lot of money from acting career! Give me some money."

Anna originally thought her cousin came to see her to beg for forgiveness.

She didn't expect that his real intention was to ask for money.

Anna was so angry that she started trembling, shouting, "How dare you come to me to borrow money, I've already lent you quite a lot before. And you haven't paid the money back."

"Ah, but there is an emergency this time. I'm not lying."

"What emergency? I bet you have squandered all your money on gambling. You have to stop gambling, or you will be ruined! You will lose everything!"

Seeing that Anna was reluctant to lend money, her cousin showed his true color. He said impatiently, "Cut the crap, just tell me, will you borrow me!"

"No!"

"You"

Anna's cousin wanted to grab her hair and slap her in the face.

But thinking of her relationship with Yulin Xiao, he could only swallow his anger and said politely, "Dear Anna, aren't you dating with Yulin? He must have bought you a lot of luxury goods, just give me one of those. It will help me get through."

"Sorry to disappoint you, but he hasn't bought me anything expensive."

"That's impossible."

"Believe it or not, I'm telling you the truth."

"How can you treat me so indifferently? I'm your cousin."

Hearing this, Anna stared at her cousin angrily and questioned, "Has it ever occurred to you that I was your cousin when you tried to sell me to a stranger?"

Her cousin didn't know how to answer, grunting, "I I didn't have a choice back then. I was tricked by others. You see, I come to visit after knowing you're fine."

"You think I will believe what you say?"

After saying that, Anna turned around and left.

Anna's cousin also felt anxious about selling Anna to a strange man.

But isn't she safe now? Why couldn't she let go?

Well, she must be unwilling to lend me her money. She's such a penny pincher!

Anna was his last hope. Now she had refused to help him. Her cousin was irritated.

Grabbing Anna's arm, her cousin glared at her murderously and threatened: "Anna Xie, you'd better behave well! I'm negotiating with you. Don't force me to play some dirty tricks. "

"What do you want?"

"Humph, don't you want to be an actress? If I make up some secrets about you and reveal them to the reporters, you think you can still survive in the entertainment industry?"

Realizing that her cousin was virulently hostile to her, Anna found herself pathetic.

Her cousin was supposed to be supportive to her, but were trying to find ways to ruin her now.

Holding back the tears in her eyes, Anna pretended to be strong and indifferent, saying, "I'm just a nobody in the entertainment industry. Even if you want to earn money by making up my scandals, who would want to buy it? You shouldn't waste your time setting me up. Go get a real job! Make some money!"

Anna walked away without hesitation.

"Bitch, how dare you treat me like this?"

Her cousin spat angrily, turned around and left the school. Meanwhile, he was still wondering how to cheat Anna out of her money.

He wouldn't let Anna go. She was his cash cow.

He was concentrating on his thoughts, didn't find that three men were following him.

When he walked to an empty place, the three men behind him suddenly rushed forward and covered his head with a black bag, pushing him into a car.

"Help! Help! Forgive me! I will find a way to repay the money I owe you as soon as possible, I swear!"

Anna's cousin did not ask who they were, directly knelt on the ground, begging for mercy.

Wiping the dagger with a clean cloth, Yulin asked carelessly with seeming indifference, "You have owed me so much money, how can you get so much money in a short time?"

"I I have a cousin. She's beautiful and charming, you guys can take a look at her. See how much she's worth."

If he hadn't mentioned Anna, perhaps Yulin would let him go.

But hearing this, Yulin immediately flew into great rage.

"It seems that you haven't changed!" Yulin removed the mask and said, "What a scum! Why are you still alive? You should go to hell."

"What? You can't kill me. Don't you want your money back?"

Dongzi snorted, "We are not loan sharks."

"Then who are you?"

"We're Anna's friends."

Anna's cousin, after a pause, suddenly stood up and cursed, "That bitch told you to come after me? What a disgrace! She thinks she will marry up, so she disdains me? She's just a plaything of those toffs. Tell me, did you guys sleep with her? Is that why you're willing to work for her?"

Yulin also paused, then slowly raised his head, looked cold and terrific.

Anna's cousin shivered and suddenly realized that he seemed to have provoked someone he shouldn't have.

He shrank backward, licking his dry lips.

But the space inside the car was limited, there was no place to hide even if he wanted to.

Grabbing his collar, Yulin showed an evil grin: "Today, I'll show you what disgrace truly means."

Grabbing this man's hand, Yulin gave it a yank and put it on the ground. Holding the dagger in his other hand, he slashed down on his finger.

Instantly, the car resounded with the screams of Anna's cousin.

Dongzi rubbed his ears, thought to himself that this guy had the guts of a mouse, but his voice was like an elephant.

Seeing that his little finger was rolling down on the ground, this man's face turned pale. He almost fell in a faint.

“Remember, if you still dare to find Anna’s trouble, it won’t be ended with cutting your finger.”

After saying that, Yulin ordered the driver to stop and then threw Anna’s cousin out like he was a trash.

With his finger, as well.

It was quiet again, Dongzi leaned on the window and asked, “He had done such a disgusting thing to Anna. Wouldn’t it be too good for him to cut only one of his fingers?”

“That’s enough. We can’t put Anna in a dilemma. After all, he is her cousin.”

What Yulin said shocked Dongzi. With eyes wide open, he said in surprise, “This is not like what you would say. You have been doing things for your own pleasure, when did you ever care about others’ feeling?”

Squinting at Dongzi, Yulin said, “That sounds like a complaint to me.”

Chapter 444 Heaven Never Seals Off All the Exits

“No, no, I’m just saying it casually. You don’t have to take it to heart. Today’s thing is done nicely, I’ll have a drink later.”

“For drinking, when do I get cold feet?”

“Then go to a bar. Let’s go!”

The two didn’t say anything else, but of them knew that the previous contradiction had disappeared.

The next day.

Yulin Xiao came to Anna Xie and offered to invite her to dinner.

“Well, you’ve done me such a big favor, this meal is on my treat.”

“It’s up to men to pay the bill.”

“But...”

He reached out to cover Anna’s lips, “Don’t worry, there will be a time for you to repay my kindness in the future.”

With that, Yulin rubbed Anna's lips gently with his fingers.

The rough touch made Anna's body shudder. She stepped back instantly and kept the distance between them.

"Well, I won't tease you anymore. Get in the car. I'll take you to some delicious food."

Anna thought about it and sat beside Yulin. Her manner was more self-confident now, without the expression like a thief before.

Seeing this, Yulin couldn't help asking curiously, "Why have you changed your attitude?"

As she was wearing the seat belt, she said, "Anyway, the gossip about us outside had spread like crazy. It doesn't matter if adding more to the gossip."

Although they were just plain words, it hurt Yulin to hear it.

They hadn't known each other for a long time. Yulin knew that she was a tolerant girl who liked to hide her emotions deep in her heart.

If she could say such fate-accepting words, she must have suffered a lot of grievances before.

Were there really so many unkind men of ill intentions in school?

It seemed that he didn't know enough about Anna.

The look in his eyes sank, Yulin stepped on the gas to drive the car.

Yulin knew that going to a fancy restaurant would make Anna uncomfortable, so this time, he took Anna to a unique Japanese food store with elegant environment and good atmosphere.

Such an elaborate and careful arrangement didn't make Anna appreciate. During eating, she was absent-minded.

"Why are you not happy while enjoying your meal? Still thinking about the gossip?"

She shook her head and said, "I met my cousin yesterday."

Being reminded of the yelling man, Yulin suddenly felt a bit disgusted, and the food in front of him lost its appeal.

No wonder Anna was not happy eating. It turned out that there was someone who brought unhappiness to her.

However, he should not dare to show up in front of Anna in the future, otherwise, his remaining nine fingers would be cut off!

A trace of ruthlessness flashed through in the light of Yulin's eyes, but Yulin hid it well and didn't let Anna find it.

She frowned and thought for a moment, then asked, "Can you tell me what I can do to make him correct himself?"

Yulin shook his head and said, "You can't save a man from gambling. He will only destroy his life and break down his family."

Although Anna said harsh words to her cousin, he was still in her mind.

Thinking back to his good old days, she was even more reluctant to give up on him.

"In fact, my cousin used to be very nice and kind to me. He was led astray by his friends, and that's why he got these problems."

But Yulin didn't believe it at all. He shook his finger and said, "You don't have to defend him. That kind of person is bad to the core. He can't be saved, hopeless."

Listening to Yulin's words, Anna stopped talking, but the expression on her face turned depressed.

This was a big meal Yulin specially prepared for Anna. He didn't want it to be destroyed by some unmeaningful person, so he patted Anna's hand and said, "Don't be upset for that kind of person. Eat quickly. I'll take you to the movie later."

At this time, Anna didn't have the mood to see a movie at all. She nodded absent-mindedly.

See Anna like this, Yulin felt more distressed.

This kind-hearted silly girl, others calculated her like that, but she still had others' goodness in mind.

It was easy for her to get hurt like that.

However, he would never let anyone hurt her.

.....

There was an exam next week, Anna was going to the library to review with a pile of reference books.

When she got to the library, she found that her book used for occupying the seat had been thrown to the ground. And now, there was a boy sitting in that seat.

Anna reminded him with a good temper: "Hi, this is my seat."

The boy said angrily in a ruffian way, "Your seat? Then you call for it and see if it responds to you."

His words let the people around snicker, looks of watching a show all over their faces.

Anna didn't want to argue with him, so she bent down and picked up the book. She started to look for another seat.

But the library at this time was overcrowded, otherwise, the students would not occupy seats with books in advance.

But today's Anna had some lucks, she found an empty seat in the corner.

She went over quietly. When she was about to sit down, a person next to her was a step faster, throwing the bag on it.

Obviously, that person was picking on her.

Frowning, she asked, "What are you doing?"

"This seat is taken."

"There was no one here."

"But now, there are someone here."

"You..."

Anna was angry, staring at the person.

But the person looked justified and said sarcastically, "This is a place to study. For whom just pretending to study, I suggest you'd better get out of here quickly. Don't insult this place."

This student's words immediately got the support of people around.

"Yes, with her here, the air becomes dirty."

"Why are you still standing here? After being rejected like that, aren't you leaving now? So shameless."

"Does that kind of person have any shame left?"

"That's right."

Next, words got more and more ugly, which were intolerable to the ear. Anna felt very embarrassed, turned and left.

Anna was a strong girl, but it didn't mean that those vicious words and evil tongue wouldn't hurt her.

She walked out of the library quickly and found a place where there was no one. She put her arm around herself, her shoulder shaking slightly.

Why was there such a rumor? Why should she have to bear a false charge when she hadn't done anything wrong?

She was just an ordinary student, why did she have to go through all this?

Thinking of what happened recently, Anna couldn't help but burst into tears.

"Hello?"

A sudden voice coming from behind made Anna quickly wipe the corner of her eyes. She turned around and asked: "What's the matter?"

"Is your name Anna Xie?"

"Yes."

"Professor Zhang is looking for you and said it was related to the scholarship."

The corner of her eyes brightened, "OK, I see. I'll go now."

At the door of the office, Anna knocked.

"Come in."

Pushing the door to go in, Anna asked: "Professor, are you looking for me?"

"Yes."

Seeing Anna, Professor Zhang showed a loving smile. He stood up, walked to her, closed the door.

“Come on, sit down first.”

Sitting quietly opposite Professor Zhang, Anna waited for Professor Zhang to come to the point.

After pouring a glass of water for Anna, Professor Zhang said, “I’ve heard some rumors in school recently.”

Anna’s face changed, and she said: “Professor, none of that is true. I didn’t do those things!”

Patting Anna’s hand, Professor Zhang comforted her: “I understand. I know you well. I don’t believe those rumors at all.”

After listening to Professor Zhang’s words, Anna smiled gratefully and said, “Thank you.”

“But you are a girl after all, and those rumors have a bad effect on you. Moreover, the results of last semester’s scholarship evaluation came out. You got it originally, but now...”

Half way through the words, Professor Zhang shook his head frequently.

Her quieted-down heart tightened again, “Professor, I didn’t do anything. Cancelling my scholarship will mean that the school also acquiesced in the false of the rumor!”

“I know, I know, this matter is very important, which won’t be decided easily. But you have to understand my difficulties. Although I want to help you, I have to have a suitable excuse. Otherwise, it will be difficult to stop people’s judgement.”

Anna made a deep bow to Professor Zhang and said, “Professor, you must help me.”

“Well, I surely will help you, but I have done so much for you, don’t you need to repay your teacher?”

With that, Professor Zhang took Anna’s hand and scratched her palm gently.

She was stunned for a moment. Standing up, her face was full of shock.

She never expected that such a beloved professor would give her such a hint!

Still maintaining a decent smile, Professor Zhang waved to Anna, “Why are you standing so far away, come closer.”

“You...I...”

Seeing Anna not moving, Professor Zhang walked behind Anna and suddenly reached his hands to hug around her waist.

"Anna, I am still very optimistic about you. Whether you will have a good future ahead of you depends on how you choose."

"No, no!"

Like being burned, Anna broke away from Professor Zhang's arms, her face turning red.

Her resistance had a kind of beauty of shyness, making Professor Zhang's desire for her more.

"It's already like this. What else can't be done? Even if you want to pretend, there should be a limit. Anyway, you're selling your body, which is more important, money or degree?"

Listening to Professor Zhang's words, Anna turned pale, "So you believe those rumors, don't you?"

"It doesn't matter to me whether it's true or not. The important thing is, it depends on how you choose."

Under Professor Zhang's coaxing eyes, Anna straightened her waist, looking proud.

"Don't you worry about my scholarship. I don't want it anymore."

With that, she opened the door and left.

Trotting all the way back to the dorm, Anna was crying her eyes red.

It didn't matter what other people thought of her or said about her. It seemed that she had become a bad woman, even the teacher was convinced in that she was a whore.

Was she hopeless? Was her life destroyed, too?

However, she wouldn't let it go easily because she was innocent. She was not a bad woman at all.

She sat still on the floor not knowing for how long, until Qiqi was back.

Seeing a person on the ground, Qiqi was scared and shocked. Waiting for a closer look, she ran to the side of Anna.

"Anna, what's the matter with you? Why are you sitting on the floor? Why are your eyes so red?"

Anna lowered her head slightly and said, "No, I just didn't have a good rest."

"You are not having a bad rest, you are bullied by the people outside again, aren't you?"

With a bleak smile on her pale lips, Anna said, "Now, is there anyone else except you who doesn't bully me?"

Qiqi looked righteously indignant, "Those stupid bastards are so hateful. Do they have brains? Believe whatever others say."

Feeling very tired, Anna shook her head, "Forget it, it's already like this, what can be changed?"

But Qiqi didn't agree with that. She said with a little excitement, "That's not OK. Why do you have to carry the bad reputation for what you didn't do?"

"What should I do then? Explain it to everyone? It won't have any effect other than making me a joke."

"What should we do..."

Qiqi lost idea too. Sitting next to Anna, she was almost crying.

Seeing Qiqi like that, Anna had to put away her own sorrow and comforted her instead.

"Maybe it's a test from heaven. As long as I can survive this, I can become a King Kong."

Qiqi's lips moved, just as she was about to say something, she heard Anna's cell phone ringing.

Anna was so depressed that she picked up the phone without looking at the caller ID.

"Hello."

"Anna, I'm director Li. I invited you for a casting last time. Now there's a new character. I'm calling to see if you're interested. "

Stunned for a moment, Anna stood up abruptly. With a bright smile on her face, she said, "Of course."

"Then you'd better come now. We're at Hilton Hotel, room number 3303. It happens that the screenwriter is also here. We can have a chat together."

"Well, I'll be right there."

Hanging up the phone, Anna went to wash her face and change her clothes. She dressed herself up carefully.

Seeing the great change of Anna's state, Qiqi asked, "Anna, what's up?"

"A director wanted me for an audition," Anna held Qiqi's wrist and asked smilingly. "As long as there is no despair, there will be hope. You see, isn't this hope coming?"

"Yes, so you have to be strong and don't be knocked down by those bad guys."

"Yes, I will."

Finishing dressing herself up, Anna walked out of the door full of vigor.

Looking at Anna's back, Qiqi sighed uncontrolled.

Such a simple girl, a little good thing could make her so satisfied.

She wished this storm would pass quickly and stopped tormenting poor Anna.

.....

The audition went smooth this time. The director asked Anna to go back and prepare well, not to stay up late or drink, so as to avoid facial swelling and affect the shooting.

She would naturally cherish the chance she uneasily got.

Besides, she didn't have those bad habits. She just needed to keep a good schedule.

To keep quiet, she turned off her cell phone.

When she left the hotel and turned on her cell phone, she found several missed calls, which were all from Qiqi.

Was there anything wrong?

As soon as she was about to call Qiqi back, Qiqi's call came.

"Qiqi, what happened?"

"Anna, something bad happened!"

Chapter 445 Who did you Offend?

Qiqi was so anxious that even her voice was shaking.

Anna Xie frowned as she was puzzled, she asked, "What's wrong this time?"

"A reporter wants to interview you."

"I'm not a celebrity at all, what's for?"

"Girl, don't be silly now! Someone took a picture of you and the professor, you looked so intimate on that photo, and he posted it online, thousands of people followed this post within only half a day. Even television journalists come here too, they want to expose this matter."

"Expose? What do they want to cover?"

"They said that female student s.educed her teacher for scholarship."

"Crazy!" Anna was irritated, she said, "Where are those reporters, I need to explain to them in details, they are hilarious, oh my."

"Girl, how can you explain to them clearly, they carried cameras and all those flashlights made the professor unbearable, he blamed it all on you and went home for a suspension from duties, how can you prove yourself, you silly girl?"

"He blamed it all on me? What does that mean?"

Qiqi paused for a while, it's too hard for her to tell the truth.

Yet Anna couldn't wait, she yelled at Qiqi, "Say something!"

Qiqi had no choice, she ground her teeth and said.

"Professor said that it's you, you s.educed him and got laid with him in voluntary. He didn't hold on to it and let you get what's you want."

Anna felt the whole world spinning that even her body trembled, she gritted her teeth and said, "That bastard, he's lying!"

"I thought so, he must be lying, yet nobody believed you. Those reporters are waiting downstairs the girl's dormitory, don't come back now, I'll find a way to drive them away."

After that, Qiqi hung up the phone.

Anna, standing on the street, feeling rather blankly.

It's a big world, but she has nowhere to stay.

How did things end up like this?

She sat by the roadside vacantly. It wasn't until the dusk did Qiqi called her.

Qiqi said that the school send security guards and drove all these reporters away, Anna could come back now.

But to be honest, Anna didn't want to go back to her university, she could imagine what kind of storm she has to face there.

But things couldn't disappear when you hide away and not to deal with them. Anna has to handle it by herself no matter how hard it is.

She took a deep breath, then came back to her university by taxi.

As she expected, she became the focus of her school again.

But this time, not only students hate Anna.

When she walked inside her dormitory, the building manager pointed at one person while accused another, she scolded, "We are all ordinary people, why somebody acts so shameless! Her private life is totally a mess, that's fine, but she seduces our noble professor! Disaster!"

Anna stopped her footsteps, not knowing what to do.

Seeing that Anna didn't turn around, the building manager yelled at her, "Hey, Anna Xie, I'm talking to you. I don't give a fuck about what you do outside the university, but once you're here, in the school, behave yourself, don't try to use your dirty tricks. Do you know how hard it was to drive off those reporters?"

Anna turned around, and said in a low voice, "I'm sorry."

Then she went upstairs.

Seeing Anna's back, the building manager sighed, "Jesus, a good-looking young girl, why is she such a man trap."

Meeting all kinds of complicated sights, Anna finally went back to her dormitory.

Qiqi just took a shower, she was now enjoying the cool breeze brought by the fan.

Hearing the door opened, Qiqi turned around to see, she said, "Anna, you're back."

"Yeah."

"No people troubled you, right?"

"Yeah, no one is downstairs."

Qiqi took a take-away and handed to Anna, she said, "I think you haven't eat yet, here you are."

"Thank you, but I don't have the appetite."

Anna's voice was hoarse, she insisted to decline Qiqi, "I just can't, thank you anyway."

"Don't, I'm your friend."

She leaned her head on Qiqi's shoulder, then said in a low voice, "Qiqi, if it weren't you, I don't know how to hold on."

"Don't be sad, sham is sham and the mask must be stripped off."

Anna nodded her head, she could only comfort herself in that way.

Fortunately, she wasn't always a bad luck girl, she has to cheer up as a new shooting would start tomorrow.

The next day.

Anna put on a delicate makeup and went to the film base.

She sat on the dressing room, reviewing her lines and waiting for grip's call.

At this time, the grip walked into the room and saw Anna who was strange to her, she asked, "Who are you, why are you sitting here?"

Anna stood up instantly, she said in a good manner, "Oh, yesterday I walked through, Director Li let me play Mingxin, a little girl."

"What's your name?"

"I'm Anna Xie."

The grip browsed through her files, she frowned.

"Do you get it wrong, your name isn't listed on our record, it's not you who plays Mingxin."

Anna was stunned, she murmured, "How did that happen..."

"Look it by yourself."

Anna took over the grip's files, she really didn't find her name on it.

"That..."

"Alright, since you're not working here, please leave, don't make us any trouble."

Anna left the dressing room, she called Director Li to ask what had happened.

"Hello, Director Li, I'm Anna. I just went to the base, but why..."

Anna didn't finish her speaking, yet Director Li interrupt her.

"Sorry, we decided to change the actress of Mingxin."

Anna was startled, she asked hastily, "Why, you said I act it well."

"We saw the post about you, we don't want to let a newcomer ruin our play."

"But I..."

Director Li hung up the phone when Anna was still speaking.

Facing her phone, Anna was on the verge of tears, she sobbed, "I didn't do anything wrong, why should it all fell upon me?"

Walking out of the film base, Anna sat beside a creek, she was crying silently.

Anna was desperate now, she didn't know how to end all these troubles, she even didn't know what would her future be like.

She couldn't handle it even with all her efforts, that's useless, she couldn't hold on to it even she's brave.

Yulin Xiao saw Anna sitting beside the creek far away.

He learned from others that Anna would come to the film base for a play, so he wanted to surprise her.

Yet when he saw the crying Anna, he was shocked.

"I just left for a few days for a business trip, what's wrong with you? Are you okay?"

Seeing Yulin, Anna felt her support's here, she rushed to Yulin and hugged him tightly.

Yulin liked Anna falling in his arms, but he was worried about her condition.

Tears wet his clothes, but he didn't care. He patted on Anna's shoulder gently and asked, "Don't cry, what's exactly happened?"

Anna was choked, she was so desperate that felt she's all alone, now she was talking to herself in a vacant universe.

"Why all people think I'm a evil woman? I didn't do anything, those real bad guys, they slander me, frame me, and want to destroy me. Can they gain any benefits in destroying me? I even lost my last opportunity that I had fought for it, what do they want!"

Yulin said nothing when Anna was complaining tearfully, he let her vent it all out.

He asked when Anna finally calmed down, "Feeling better?"

After let off all anger in her heart, Anna felt much better.

She stepped away from Yulin's hug, and said shyly, "Yeah, umm, sorry for that, I stained your suits."

"Nothing, don't mention that. But why are you so sad?"

Anna was again depressed, she asked, "Don't you surf on the internet?"

"Sometimes, what?"

"Yesterday a post came from nowhere, it said I was tangling with the professor, I even tempted the professor for the scholarship, and everyone believed that. So I lost my scholarship, my role. I'm totally a misfortune."

After she said that, she turned to Yulin and looked at him nervously, "Wait, you don't believe that, do you?"

"Am I stupid, why should I trust that fake news. If you want money, you can simply ask me and be coquetry, why should you seduce an old man? Those who believed it must be ulterior or fool."

Anna felt relieved that Yulin trust her.

Although they didn't get to know each other for a long time, Anna hoped he wouldn't misunderstand her.

As for why, she couldn't tell.

She looked at the calm brook, sighed, "How I wish everyone can be rational like you."

"If anyone was rational, how can they set you up?"

"Set me up?"

He made it so clear but she still couldn't ring a bell, Yulin sighed, he thought Anna's really a slow girl.

Alright, he can just state it clearer.

"Hey, did you offend someone lately?"

"How can I offend other people, it's not gonna happen."

"But judge from what have happened to you, sort those incidents in order, it's clearly that someone wants to ruin you, he or she is ruthless to you."

Hearing what Yulin say, she thought it might be the case.

But after pondered for a while, Anna was still confused, she said, "But I didn't mess with anyone."

"You are muddled, you won't even notice it if you offend others."

"I'm not that stupid," Anna murmured, she suddenly said, "Oh my, hey, would it be the Sixth Brother?"

"You did offend him, but he wouldn't do such narrow-minded thing with his social status. I think it might be a woman."

"Woman..."

Did I displease any vicious women lately?

Anna started to recall all the women she had meet recently.

Yet no one seemed like to be the "murder".

Anna didn't sleep well last night, and she cried for a long time just now, so she felt her brain was about to blow at this moment.

Seeing Anna frowned, Yulin asked, "What's wrong?"

"My head aches."

Yulin hugged Anna in his arms, and said, "Forget it, just leave it to me. Who dares to put a finger on you is a fool who doesn't respect me, I must teach him a lesson in case he thinks I'm the one to be bullied."

Anna didn't want to involve Yulin in her mess.

But she couldn't handle it by herself, so, she wanted to be lazy for once and let Yulin help her.

Thinking of that, Anna put down her guard and leaned against Yulin's arms.

It's rare that she curled up in his arms like a kitten, Yulin was delighted.

Yet he has to warn Anna for one thing.

"Umm, you'd better do something about your face, your makeup is running."

Jesus, that's embarrassing.

Anna was blushed, she stood up immediately and said, "I need to go to the restroom."

"Quickly, join me for a meal later. I didn't eat anything in order to meet you."

Anna was running far away, but she heard what Yulin said, she felt warm.

Anna didn't want to let Yulin send her back to school, rumors already shrouded her, she wanted to let Yulin stay out of it.

But Yulin declined her, he insisted to send her back to her dormitory.

She could imagine how many people will be there to watch them.

Started from the school gate, everywhere she went, she became the focus.

She felt so strange.

However, Yulin enjoyed it, he put his arm around Anna's shoulder, as if they were so intimate.

"Hey, can you go back home now?"

"Why?"

"I'm afraid people would misunderstand us."

"I don't care what other people think."

"But I do," Anna felt awkward, "Later, rumor 2.0 will be updated!"

Yulin smiled, he said, "Look at you, so timid, why are you so bold when you accuse me?"

"I'm not joking!"

"Alright, since you already said that, I'm leaving."

Yulin didn't insist on that, he stood downstairs the female dormitory and looked at Anna with a big smile.

"Have a good night, I'll give you a surprise tomorrow."

Anna said with a long sigh, "I don't want a surprise, I just want a calm life that nobody comes after me."

"Relax, you'll have it soon."

Saying that, Yulin kissed on Anna's cheek and stepped back.

Many people gasped when they see it.

Even Anna herself was startled.

Didn't he know he would make her trouble by doing that?

Anna didn't want to see onlookers talking in whispers, she ran away to her dormitory.

Anna and Yulin were both gone, yet onlookers were still here and started to chat.

"Is that Yulin?"

"Yeah! That's him!"

Chapter 446 I Want to Give You a Surprise

"Wow, Yulin Xiao is so handsome. He looks more handsome than he is on TV."

"But why he is with Anna Xie?"

“Don’t underestimate Anna. She is good at seducing men.”

“Oh, how poor Yulin is. He is the most handsome man in Capital City, but he is fascinated by a low-end woman like Anna.”

“It’s not a big deal that he is fascinated by Anna. This’s just temporary. It won’t be long before Yulin gets tired of Anna. Then Anna won’t be able to act arrogantly.”

The students were talking in groups. They were not involved in the matter and had no idea what was going on, but they were talking nonsense in earnest.

Anna didn’t understand what they were thinking, and didn’t bother to think about it.

Though Anna was sad in her heart, she’s full of energy at that moment again. She would go on living bravely.

.....

Because of the post, Anna was called in for questioning by the school official.

It’s said to be a questioning, but in fact the school official wanted Anna to assume all the responsibility alone.

Compared with a famous professor, the loss of a profligate girl is nothing at all.

But Anna didn’t want to give in.

Why should she admit something she hasn’t done?

To persuade Anna to give in, the school official exercised a combination of inflexibility and yielding. He even said he would offer the postgraduate recommendation to Anna, but Anna was insusceptible.

The school official’ mouth was dry out of persuading, but Anna was adamant.

“Anna, if you are perverse, you’ll be expelled.”

As there’s no solution, the school official had to threaten Anna.

“Expulse me? For what reason?” Anna said.

“You leave bad influence on school spirit for your misbehavior.” The official said.

Anna breathed quickly and said, “But it was the professor who pestered me. I did not lure him at all.”

"Really? The professor's statement is the exact opposite of yours. He said you lured him. Who do you think we're gonna believe?" The official said.

Obviously, the official wanted Anna to confess to false charge.

Anna clenched her fists and said indignantly, "Since we don't have any evidence, you can fire me and the professor. Only in this way can you show the fairness of the school!"

"You..." The official said.

Ignoring what the official said, Anna turned and walked out of the office.

Looking at the view of Anna's back, the official said angrily, "This is too much!"

Back in her dorm, Anna kept thinking about the conversation and buried her head between her knees.

"Is there really no favourable turn? If I do get expelled, I will be too shameful to go home." Anna thought.

Tears welled up in Anna's eyes.

Then Anna's phone rang and she took a look at it lazily.

It's Yulin calling.

Anna raised her hand to dry her tears and then answered the phone.

"What's up?" Anna said.

"Come down." Yulin said.

"Where are you?" Anna asked.

"Are you stupid? I'm under your dorm building." Yulin said.

"Oh my god, is he really here?" Anna thought.

Anna hurried to the window and looked out. She caught sight of Yulin's gleaming white teeth as he greeted her.

"Why is he here..." Anna thought.

Anna washed her face and went downstairs hurriedly.

"Why are you here?" Anna asked.

"I haven't seen you for ages. I miss you." Yulin said.

"It was only yesterday that we met." Anna said.

"You lack a sense of romance." Yulin said. Then he handed a beautifully wrapped gift box to Anna and said, "Here you are. Go back to your dorm and change the clothes."

"Why should I change my clothes?" Anna asked.

"I want you to dine out with me." Yulin said.

"Why should I change my clothes to dine out with you?" Anna asked confusedly.

"Because I think your clothes are too shabby to stand beside me." Yulin said.

Anna stuffed the box back to Yulin's arms and said somewhat angrily, "I am such a poor person. If you think I'm holding you back, don't come to me."

As Anna spoke, she turned to leave.

Yulin reached out and grabbed Anna. He wanted to laugh and weep all at once.

"Am I being too nice to her? Her temper is getting worse and worse. But I like her just the way she is. She is sincere without affectation." Yulin thought.

With a smile on his face, Yulin said, "I have a big favor to do for you. In return, you should dress nicely to make me happy. It's unblamable."

"What favor you have to do for me?" Anna asked.

"You'll find it out in a minute." Yulin said.

"But I..." Anna said.

Before Anna finished what she wanted to say, Qiqi rushed over to her.

"Anna, I saw a cool car when I returned just now. It's red and it's coquettish. Its plate number is rare. It must be a rich man's car." Qiqi said.

"Er..." Anna said.

After hearing what Qiqi said, Anna was embarrassed.

If Anna guessed it right, the car Qiqi saw should be Yulin's.

Anna looked sideways at Yulin, who nodded at her with a smile, indicating that she had guessed correctly.

Seeing Anna ignore her, and flirt with the man beside, Qiqi couldn't help but look at the man.

As soon as Qiqi saw Yulin, she was surprised.

"Oh, isn't he..." Qiqi said.

The word "playboy" nearly escaped Qiqi's lips, but Yulin thought Qiqi was about to say "male god", so he waved his hand with a smile, indicating Qiqi to keep a low profile.

"Are you Anna's classmate?" Yulin asked.

Qiqi nodded her head.

"Then I give you an assignment. Make Anna look good and send her back here. I'll wait right here for you." Yulin said.

"Make Anna look good? That's a good thing." Qiqi thought.

"OK." Qiqi said.

Then Qiqi took Anna by the arm and dragged her back to the dormitory.

"Qiqi, whose side are you on anyway?" Anna asked helplessly.

"I'm on your side." Qiqi said.

"Then why are you helping Yulin?" Anna asked.

"Aren't you and Yulin on the same side? Otherwise, why were you two acting so intimate?" Qiqi said.

"I'm not intimate to him at all. You're wrong. I don't want to wear the clothes he gave me. It's troublesome to change clothes to go to dine with him." Anna said.

When Anna complained, Qiqi helped Anna change her clothes neatly. Qiqi also coiled Anna's hair.

After dressing up, the way Qiqi looked at Anna changed. With bright eyes and her hands clasped, Qiqi said, "Wow, Anna, you are so beautiful."

Anna turned to look at herself in the mirror. She wore a fitted white strapless fishtail dress.

Although there is no pattern in the dress, it is elegant and noble, which makes Anna look graceful.

There is also a set of pearl jewelry in the bag. Qiqi didn't know how much the pearl jewelry is, but she knew it must be worth a fortune by colour and lustre.

Qiqi's hands trembled as she helped Anna put on the jewelry. "This must be the most expensive piece of jewelry I've ever touched in my life." Qiqi said.

"I don't want to wear it. What if I break it?" Anna said worriedly.

"You are going to eat, not fight. How can you break it? Just wear it. You look nice on it." Qiqi said.

Then Qiqi took out her makeup box.

"What else do you want to do?" Anna asked.

"Make up for you, of course. You're like a princess right now, and I'm gonna make you more perfect." Qiqi said.

"No. I can't enjoy the meal with makeup on my face." Anna said reluctantly.

"I'll just give you light makeup. It won't..." Qiqi said.

When Qiqi turned around and was about to powder Anna's face, she found that Anna had slipped out when she was not looking.

"Hum, she really pisses me off." Qiqi thought.

In the girls' dormitory, girls were surprised when they suddenly saw Anna dress gorgeously.

Even the dorm supervisor was surprised and opened her mouth wide. She didn't know what to say.

Anna was awkward and she walked fast with her head down.

"Needless to say, what I do today will cause a big scandal and become my original sin." Anna thought.

At the thought of that, Anna was angry.

"If Yulin had not asked me to wear the dress, there would have been no trouble." Anna thought.

Then she pouted and blamed Yulin in her heart.

As soon as Anna came downstairs, Yulin saw her.

She's beautiful.

Although she did not make up, she was pretty and dazzling.

With high heels, Anna stood in front of Yulin and said, "Are you satisfied now? Now I'm the focus of the school again."

"You are not only the focus of the school. You are about to become the center of attention of the whole Capital City." Yulin said.

"What do you want to do?" Anna asked.

"I will keep it a secret temporarily." Yulin said.

After putting Anna's hand on his arm, Yulin smiled mysteriously.

But Anna always had a feeling of uneasiness.

As Anna and Yulin walked away, a pair of beautiful eyes were staring coldly after them from upstairs.

After driving for some time, Yulin took Anna to a luxury villa.

Outside the villa, luxury cars were parked along both sides of the road, which looks spectacular.

From time to time, well-dressed men and women came in and out of the villa. They are elegant and appear to be the elites of upper class.

At that moment, Anna knew that she had been cheated by Yulin.

Looking at Yulin unhappily, Anna asked, "This is where you're taking me to dinner?"

Yulin nodded and said, "Yes."

Anna freaked out and said, "It's a party."

"You can eat at the party." Yulin said.

"You argue irrationally." Anna said.

"You are one-ideaed." Yulin said.

"You are one-ideaed." Anna said.

As Anna spoke, she opened the door of the car and left.

Yulin ran after her and grabbed her hand, saying, "Come back! Why are you angry? I didn't say anything too harsh. You're not cute."

Anna frowned and said, "I have enough troubles right now. Just don't make it harder for me, OK?"

"No. I'm trying to rescue you. You'll see what I mean in a minute." Yulin said.

Then Yulin took Anna's hand and walked towards the door of the villa.

Anna didn't want to be with the rich young man any longer. She just wanted to keep as low a profile as possible and not let anyone catch on to her.

But she could not break free of Yulin's big hand. She got closer and closer to the party.

There were Yulin's friends nearby, who greeted Yulin with a smile on their faces and looked at Anna curiously.

"Oh, that girl seems to be the one who accompanied Yulin to the birthday party last time."

"It seems that they are really together. I thought Yulin was just having fun."

"Yulin's taste has really changed a lot. He used to be surrounded by hot girls, and now are schoolgirls. But the girl is pretty, too."

"Could he have been provoked?"

"Shush! How dare you say that? Are you courting your death?"

The voice behind Anna suddenly became smaller. Anna listened carefully but could not hear it clearly.

She turned to look at the man next to her and saw that he was smiling and greeting others. She wondered if he had heard the gossip.

"I don't think he heard that. The one who dares gossip about him will die very miserably." Anna thought.

"Hey, what are you thinking about?" Yulin asked.

After being patted on the forehead, Anna turned to look at Yulin next to her and saw him smiling at her.

"I was wondering what kind of party this is." Anna said.

"It's a charity auction. You can tell me what you like later and I will buy it for you." Yulin said.

"Auction?" Anna said. Then she thought for a while and said with disgusted facial expression, "Doesn't that mean paying high prices for things that have been used by others? I don't want to buy things that have been used by others."

After hearing what Anna said, Yulin didn't know what to answer. After thinking for a long time, Yulin rubbed Anna's hair helplessly and said, "You are quirky."

Anna dodged Yulin's hand. Then she looked up and saw a beautiful woman coming over to them.

As soon as Anna saw that woman, the smile on her face disappeared.

Wei Yu walked up to Yulin. She smiled at Anna first and then looked at Yulin, saying, "I didn't expect you to be here. You never like these occasions, and I thought I would not see you today."

Yulin put his arm around Anna's shoulder and said, "Anna likes the atmosphere of festive gaiety, so I bring her here."

With a trace of sadness in her eyes, Wei said, "It seems that you have really changed a lot for her."

"Everyone will change. Haven't you changed, too?" Yulin said.

Wei was embarrassed, but she still kept a decent smile.

Her smile was full of bitterness.

Yulin turned his head away to not to look at Wei's eyes.

"Wei, there are guests over there. Go and greet them."

Enduring the sadness in her heart, Wei turned back and said "OK."

After nodding at Anna, Wei turned to leave.

It's clear that Wei's sad.

"But she's the one who asked for break up. Why is it like she's the victim?" Anna wondered.

But there was one thing Anna had just made clear.

Anna looked sideways at Yulin and asked, "Is Wei the host of this party?"

"What if she is? We're here to eat. It doesn't matter who the host is." Yulin said nonchalantly.

"Do you believe what you're saying?" Anna thought in her heart.

Yulin took Anna's hand and walked into the villa. Anna was a little distracted.

From a distance, Dongzi saw Yulin and ran over to Yulin, saying, "Boss, you are here too."

When Dongzi was in front of Yulin, he found the woman beside Yulin is Anna.

After being stunned for a while, Dongzi smiled and said, "Anna, you are so beautiful today."

"Thank you." Anna said.

After seeing Dongzi and Anna behave like that in front of him, Yulin was unhappy.

Yulin blocked Anna with his body and said with a sullen face, "Where is the food? Anna is hungry."

"Oh, the desserts are over there, and the drinks are over there. How about I take Anna Xie to get something to eat?" Dongzi said.

"No. I want to eat some too." Yulin Xiao said.

As Yulin spoke, Yulin held Anna's hand as if to say Anna is his and went away with his head in the air.

Before leaving, Anna waved her hand toward Dongzi, as if she was dragged away by Yulin.

When Yulin and Anna arrived at the dessert table, Yulin asked Anna with a sullen face, "Do you two have that much to talk about?"

"From the moment we met, I only said two words to Dongzi." Anna said helplessly.

"Two words is a bit too much." Yulin said.

"Do you mean that I should be a dumb?" Anna said.

"Sometimes, I want to poison you dumb." Yulin said.

"You are insane!" Anna said.

After giving Yulin a mean look, Anna ate like a horse.

"Oh, the desserts are really delicious." Anna thought.

Anna wanted to put on airs at first, but as she ate, her true colors as a chowhound showed. She pigged out on the desserts.

In case of Anna choking, Yulin served the drink to her attentively.

Anna did not refuse Yulin's services. She alternately asked Yulin to get desserts and salad. Whenever Anna ate something delicious, she asked Yulin to taste.

The two men thought their interactions are quite normal, but in the eyes of others, their interactions are very intimate.

Staring at Yulin and Anna with her beautiful eyes, Wei Yu clenched her fists.

"Their relationship is good enough to be envied. But as they have known each other for such a short time, how can they be deeply attached to each other? Could it's possible that Yulin is acting on purpose to show me?" Wei thought.

Thinking of this, Wei loosened her fists. The expression on her face was not so nervous.

When Anna had had plenty, she looked up and saw the crowd gathering at the front stage. "What are they doing?" Anna asked curiously.

Yulin smiled helplessly and said, "You just concentrate on eating and you have no idea that the charity party has begun."

"What does it have to do with me that the party's started? I'm only here to eat. Don't forget, it was you who said to take me to dinner." Anna said in a righteous way.

After hearing what Anna said, Yulin didn't know how to retort.

On the main stage, the host took out one auction item after another. After the host's introduction, the guests raised the card in their hand.

Anna glanced over the stage as she ate noodles. She felt so bored.

When the host took out a diamond necklace, Anna stopped eating. "Well, this necklace looks good." Anna said.

"If you like it, I'll buy it for you." Yulin said.

"The necklace looks simple and so it shouldn't be expensive. The auction items are all expensive. How could a normal vase cost a million yuan? It looks like the market is inflating." Anna thought.

"Bidding starts at one million yuan."

Just when Anna had that unspoken criticism in her heart, the host said jubilantly.

"Eh-hem..."

Seeing Anna choke by the noodles, Yulin patted her on the back immediately.

Anna then wiped her lips with a handkerchief.

"Oh my god, how could a simple pendant necklace cost a million yuan? It's no difference from robbing money." Anna thought.

But there were many persons who were willing to spend that large sum of money.

"1.5 million yuan."

"2 million yuan."

"2.5 million yuan."

.....

There were a lot of people raising their card. Everyone was so enthusiastic that they seemed to think the necklace is not expensive at all.

"Oh my god, these people are crazy." Anna thought.

As Anna shook her head, Yulin also raised the card.

"5 million yuan." Yulin said.

Anna looked at Yulin inconceivably with her eyes round open. "It turns out that you are crazy also." Anna said.

"Finally there's something you like, of course I'll buy it for you." Yulin said.

"But you don't have to spend so much money. You are dissipating money." Anna said.

"Don't worry. I'm rich. It's just a small sum of money to me." Yulin said.

"6 million yuan."

As Yulin and Anna talked, someone else raised the card and said.

It's Wei.

Yulin turned to look at Wei and narrowed his eyes slightly.

Seeing Wei's willing to pay more, Anna said immediately, "Since Miss Yu likes it, just let her have it."

"How can you have no principle? If you like it, you must strive for it. Will others cherish the things you give them?" Yulin said pompously.

Anna thought Yulin's words are of implications.

Wei continued to raise her card expressionlessly.

"7 million yuan." Wei said.

"8 million yuan." Yulin said.

"9 million yuan." Wei said.

"10 million yuan." Yulin said.

Everyone was very surprised when they heard Yulin say 10 million yuan.

Wei still wanted to raise her card, but a man besides her pulled her and said something to her.

Wei took a look at Yulin silently and didn't raise her card.

The host took the opportunity to knock down the hammer. Then the host shouted in the direction where Yulin was, "Well, the necklace belongs to Mr Xiao."

In the public attention, Yulin slowly walked onto the stage. After taking the necklace, Yulin put it around Anna's neck with his own hands.

Anna was in the spotlight again, but she didn't like it at all.

People didn't move their eyes away from Anna until the next item was on show.

Anna breathed a gentle sigh of relief. "I want to go to the restroom." Anna said to Yulin.

"Do go." Yulin said.

Anna then turned and walked to the restroom. Looking at herself in the mirror, she felt her neck heavy.

"As the necklace on my neck is worth 10 million yuan, how could it not be heavy? This is not a gift, but a hot potato." Anna thought.

People buy jewelry to make themselves look more beautiful, but Anna's necklace is a hidden danger and it might be robbed in the street.

"I'd better take off the necklace and give it back to Yulin." Anna thought.

With this in mind, Anna took off the necklace and turned to leave the restroom.

But when Anna went back, she didn't see Yulin.

"Where is Yulin?" Anna thought.

Anna then casually strolled around the villa to get some fresh air as well as to look for Yulin.

But when Anna walked to a corner, a coquettish voice stopped her.

Holding her breath, Anna took a step back and hid herself behind the pillar.

"Don't you think that necklace looks familiar?" Wei said.

It's Yulin who stood opposite Wei.

Yulin put his hands in his pants pockets and looked unruly.

"No." Yulin said.

After hearing Yulin's indifferent answer, Wei was sad. With a bitter smile on her face, Wei said, "That is the first birthday present you gave me. All these years, I've kept it safe carefully."

What Wei said made Anna feel a pain in her heart.

"It turned out that the necklace Yulin wanted to buy so much is a gift for his ex-girlfriend. It must be because the necklace has such an important place in his heart that he cherishes it so much. Since such, I can't commandeer the necklace and I must return it to its original owner. But why does my heart hurt so much?" Anna thought.

Covering her chest with her hand, Anna dropped her eyes.

Staring at Wei standing opposite him, Yulin said, "No matter how careful you were, you sold it."

"I want to make a break with the past and I don't want to have anything to do with you anymore." Wei said with a sad facial expression but firm tone, "Anyone can buy this necklace except you."

"I think you misunderstood me. I bought the necklace not because of you, but because my girlfriend likes it." Yulin said.

"Girlfriend?" Wei said with a mocking smile, "Yulin, when did you become so childish? You just found a woman casually to pass for your girlfriend to piss me off?"

Yulin was unpleasant to hear Wei say Anna in such a tone. Then he frowned and said, "You think too highly of yourself. Since the day you said you wanted to break up with me, we've had nothing to do with each other. I've given up on you, and I'm ready to start a new relationship. Besides, Anna is good. Although she is not smart sometimes, she is sincere. I am relaxed when I am with her. When I was with you, I always have to indulge you, as if I were serving the grand empress dowager."

Wei was sad when she heard what Yulin said, but she pretended to be strong and said, "Is it funny that you're saying that on purpose to annoy me?"

"I am just telling the truth. By the way, just put away your look of sympathy. I don't need it." Yulin said.

Wei felt it's satiric that they two, who once took solemn vows of love, argued fiercely for the sake of another woman.

With tears in her eyes, Wei said, "Yulin, you don't understand. You don't understand anything."

"Yes, I don't understand. I don't understand why you wanted to break up with me when we were in a good relationship. I don't understand why you could bear to break up with me after we've been together for so many years. Since we've broken up, I don't care about that relationship. And now I am very happy, I hope you will not interfere with my happiness." Yulin said.

"OK, I won't bother you and I wish you can be happy." Wei said.

After saying that, Wei left stubbornly without looking back.

Yulin just stood there. He didn't leave until Wei's out of his sight.

Anna saw Yulin's every particular gesture and behavior.

"Yulin must be sad. There is certainly a place in his heart for Wei. As for me, I just Wei's replacement. What qualifications do I have to compare with Wei?" Anna thought.

Although that's what in Anna's heart, she shed tears involuntarily.

The tears hit the back of her hand and burned her like fire.

It took a long time for Anna to rejoin the crowd.

Yulin frowned and walked up to Anna, asking impatiently, "Where have you been? I've been looking for you."

Looking up at Yulin, Anna did not speak. Anna looked at Yulin silently with her eyes flickering.

Yulin was frightened by how Anna looked. He reached out and touched Anna's forehead, asking, "What's wrong with you?"

"I am fine." Anna said.

Anna backed away to avoid Yulin's touch. With a deadpan face, Anna stretched out her hand and handed the necklace to Yulin.

"I'd better give you back the necklace." Anna said.

"Why? Don't you like it?" Yulin said.

"I am not entitled to wear it." Anna said.

"What are you talking about? Just wear it as it's a gift I give you." Yulin said.

"No, I can't take it." Anna said.

"Why are you so hard to get along with?" Yulin said.

"Do you just know that I am a person hard to get along with?" Anna said.

After saying that, Anna turned to left quickly.

“Hey, where are you going?” Yulin said.

“As I am full, I want to go back.” Anna said.

“Wait.” Yulin pulled Anna and said, “Wait for a minute.”

“What should I waiting for? How long are you going to let me be your shield?” Anna said.

With a slight frown, Yulin asked, “What shield are you talking about?”

Anna was angry when she saw Yulin’s still playing dumb.

“Am I look that stupid and people can fool me casually?” Anna thought.

After taking a deep breath, Anna looked at Yulin and said, “I know it’s unblamable that you asked me to do you a favor as you had saved me before, but you should tell me about it in advance, so that I won’t take it seriously and have wild thoughts.”

Yulin was totally confused and asked, “Anna, what’s on earth are you talking about?”

“You know clearly in your heart what I said. Never mind, since you want to play dumb, play it to the end.” Anna said.

After saying that, Anna shook off Yulin’s hand and walked out of the villa.

But to Anna’s surprise, there were reporters outside the villa.

When Anna and Yulin walked out of the villa one after another, reporters immediately gathered around them, holding microphones and cameras, aiming at them.

“Mr Xiao, I heard that you are the highest bidder for the auction dinner. Your contribution to charity is there for all to see. I just wonder what kind of auction items interest you so much.” A reporter said.

Yulin reached out to hold Anna in his arms and said with a formulaic facial expression, “Actually, I didn’t plan on going to the auction. My girlfriend likes it and I bought it for her.”

“Girlfriend?” The reporter said.

“Yes. This young lady right next to me is my girlfriend, Anna Xie.” Yulin said.

The news was so breaking that reporters immediately turned their cameras on Anna.

Although Anna faced the camera when she was filming, it was a different experience.

She has lines when she's shooting and if she says the wrong thing, she can do it again.

But at that moment, she couldn't get a single word wrong, which made her nervous.

Seemingly aware of Anna's nervousness, Yulin squeezed her palm to tell Anna not to be nervous as he would handle everything.

Reporters were interested in Anna's identity and one of them asked, "This lady, can you tell us which eminent family are you from?"

Before Anna said something, Yulin said, "She is just an ordinary schoolgirl. I hope you not question closely her and frighten her."

The joke-like tone rescued Anna from a siege.

"Ho, ho, Mr Xiao, you really loves your girlfriend." The reporter said.

"This lady looks very familiar." A reporter stared at Anna and said. Then the reporter patted his head and said, "Oh, it occurs to me that the female student of the post about a female student seduces the professor a couple of days ago seems to be..."

"That's exactly what I was going to say." Yulin interrupted the reporter and said with a serious look, "It is a deliberate slander. I'm going to get to the bottom of this to find out who did this, and give my girlfriend justice."

"So you think Miss Xie is innocent?" The reporter said.

"Of course. Why should she seduce the bald professor as she has a handsome and rich boyfriend? Anyone with a brain knows what the truth is." Yulin said.

"Ho, ho, you're right." The reporter said.

"Well, I'm going to take her back to school, so please make way." Yulin said.

Grasping Anna's hand, Yulin walked past the reporters with Anna.

Chapter 448 A Fake Thing Won't Become True

The reporters seized every opportunity available to take various photographs of Yulin Xiao and Anna Xie.

It's sure that the next day's newspaper would have some news about them two.

But Anna wasn't happy.

She felt the bond between herself and Yulin was getting deeper and deeper, but this was not what she wanted to see.

When they got to the place where no one was, Yulin began to claim credit for himself.

"How will you thank me for helping you out of all this trouble?" Yulin said.

Yulin thought Anna would be moved and shed tears of gratitude in his arms.

But Anna just kept her head low and said with an indifferent look, "You don't have to put on a show like this to help me."

After hearing that, Yulin's smile froze on his face and he asked, "Do you think what I did today was just acting?"

If Anna looked up into Yulin's eyes, she would see the anger in his eyes. In order to live, she would not continue to disobey him.

Unfortunately, Anna did not look up. She continued to cross Yulin's bottom line.

"What else could you do that for? Is it because you like me? Don't be funny. I'm not that narcissistic." Anna said.

"Anna, you are really a smart woman!" Yulin said.

Yulin clenched his fists. He was afraid he might lose control and grab her by the slender neck.

"This woman has the power to drive me mad every time. I don't know what she's got in her head. Since she can't appreciate what is good, why should I help her? Just let her to care about her affairs alone." Yulin thought.

Yulin then turned to leave angrily. His head was about to explode.

Seeing Yulin walk farther and farther away, Anna's eyes became red and tears rolled down her cheeks.

Anna wanted to deceive herself, but the reality didn't give her the chance. She had to face the music. She couldn't continue to act as an ostrich.

"As Yulin doesn't like me, I can't be with him no matter how I like him. I and Yulin are completely different people. Therefore, I won't lose so embarrassedly if I leave him before I am so deeply attached to him. But is it too late for me to make a clean break with him?" Anna thought.

Biting her lip gently, Anna lowered her head and walked silently alone.

The light and shadow lengthened Anna's shadow, showing her loneliness and helplessness.

Suddenly, a big hand took hold of Anna's.

Looking up, Anna was stunned.

It was Yulin, who had gone, returned.

"Why you come back?" Anna asked.

Yulin really wanted to ignore this ungrateful woman.

But when Yulin thought of the day when Anna was kidnapped by Brother Six, he was not assured. He decided to send Anna back and get even with her for that later.

After putting Anna into the car, Yulin said with an awkward facial expression, "Since I brought you out, I must send you back."

It was clear that Yulin was still worried about Anna.

Anna also noticed that and there was a trace of warmth in her heart.

But soon the warmth was replaced by disappointment.

Anna thought the reason why Yulin did that is that he felt sorry for her, and it has nothing to do with love.

Anna then closed her eyes gently. Anna told herself not to have wild wishes and Yulin is just a passer-by in her life.

.....

Because Anna didn't have a good rest last night, she got up late the next day.

After getting up, she was still dizzy and sleepy. She had no strength to do anything.

"Am I sick?" Anna thought.

Anna raised her head to touch her forehead and it seemed a little hot.

After drinking some water with her eyes closed, Anna found the cold medicine. To ward off a cold, she took some medicine first.

Just after she took the medicine, the door was pushed vigorously open. Then came Qiqi's deafening shouts, which nearly blasted Anna's eardrums.

"Oh, why are you still sleeping? Look at today's paper!" Qiqi said.

Anna had some discomfort and her head ached worse after hearing Qiqi's shouts.

Qiqi put a newspaper in front of Anna. Qiqi was very complacent and she urged Anna to read the newspaper immediately.

Anna rubbed her temple and said in a hoarse voice, "Since when do you like reading newspapers?"

"I don't read newspapers. But am I not thrilled that you made the headline?" Qiqi said.

"What? I made the headline?" Anna thought.

Frowning slightly, Anna managed to concentrate and read the newspaper carefully.

Then she saw a striking headline on the front page—The most handsome man in Capital City turned his life around and spent millions to make his girlfriend happy.

The photo on the newspaper was shot when Yulin held Anna in his arms.

In the photo, Yulin talked cheerfully and humorously while Anna rested upon him as a little bird. They look like a good match.

Qiqi's face was radiant with vigour and she put her hands together. "I don't know that you are photogenic. You look like a young mistress of a rich family when you stand next to Yulin." Qiqi said.

"What are you talking about?" Anna put the newspaper aside and said, "Is this what makes you shout? You are not calm at all."

"You are too clam. Do you have any idea what this report means?" Qiqi said.

"I don't know." Anna said.

Qiqi righted Anna's shoulders and said seriously, "As Yulin openly admitted that you are his girlfriend, you are not a s.educer anymore, and no one will make carping comments on you."

"Yes, with Yulin's protection, I can live in peace for some days, but these are all false. I am not Yulin's sweetheart. When he gets new prey, I'll be left to fend for myself, and I will have no connection with him since then." Anna thought.

Thinking of these, Anna's heart began to ache again.

She knew all these long ago, but when she thought about these, she still found it hard to accept.

If possible, she really wished she had never met Yulin.

In this way, she is still the same strong Anna.

Seeing Anna doesn't look happy, Qiqi asked curiously, "Anna, why are you not happy?"

"Maybe it's because I've got a cold." Anna said.

"You don't look good. Would you like to take a break?" Qiqi said.

"No. I have classes in the afternoon. I will get up and get ready for the classes." Anna said.

As Anna spoke, she got up and wanted to change her clothes.

But Qiqi pressed her shoulders and said, "If you really don't feel well, just ask for leave. Health is the most important thing. Besides, as you are Yulin's girlfriend now, who can..."

"Qiqi!" Anna said.

Before Qiqi finished what she wanted to say, Anna suddenly called out to her.

Qiqi looked at Anna confusedly and asked, "What's the matter?"

"Don't talk like that any more. I'm not Yulin's girlfriend." Anna said.

Qiqi smiled and said, "How could that possible? Yulin admitted it in person. Are you still shy?"

"No. What you saw is not the fact. Anyway, don't embarrass me by saying that again." Anna said.

Seeing Anna doesn't seem to be joking, Qiqi stop smiling and said, "You..."

Before Qiqi finished what she wanted to say, there came a knock on the door.

"Come in." Qiqi said.

A girl pushed the door open and gave Anna an ingratiating smile. "Anna, the dean of students wants you to come to his office." The girl said.

"OK." Anna said.

"You look like you haven't had your breakfast yet. This is a bag of bread I bought. Just have some of it." The girl said.

As the girl spoke, she put the bag of bread on Anna's table.

"I can't take it. Thank you." Anna said.

"Just take it. You can eat it when you are hungry." The girl said.

After saying that, the girl waved at Anna with a smile on her face and then left Anna's dormitory.

Though the girl ingratiated herself with Anna, Qiqi didn't appreciate it at all.

Qiqi crossed her arms and said, "She made sarcastic remarks about you before. After seeing Yulin back up you, she fawns on you now. How disgusting she is."

Anna, however, didn't take that to heart. She got up and changed her clothes. "Okay, I'll go see the dean of students first." Anna said.

"OK." Qiqi said.

When Anna arrived at the office, she knocked at the door and said, "Teacher, do you want to see me?"

"Yes, Anna. Sit down." The dean said.

Instead of saying words carry a sting as before, the dean was very enthusiastic to Anna. He asked Anna to sit down and poured her a glass of water himself.

"Well, the school did not make a clear investigation and just jumped to conclusions before, which made you suffer wrong. I apologize to you for that." The dean said.

Holding the glass in her hand, Anna said, "Teacher, don't say that."

"Now we have it all figured out. It's Professor Zhang who took advantage of his position to molest female students. There are several female students who testify that. As there is irrefutable evidence, the school decides to expel Professor Zhang to clear the air." The dean said.

Hearing that, Anna smiled and said, "That's great. This will not only clear my grievances, but also protect other female students from persecution."

"Yes. You have contributed to this too. After discussion with the school leaders, we have decided to resume your scholarship. When the commendation meeting is held, you should speak on the stage." The dean said.

"I'd rather not to speak on the stage." Anna said.

"You are a role model for the students. Just say a few words and share your experience with the students." The dean said.

Anna wanted to say something more, but she had a blackout suddenly.

Managing to brace herself, Anna said, "Teacher, I'm not feeling well. In the afternoon..."

Before Anna finished what she wanted to say, the dean said, "Just take the day off. Shall I take you to see the school doctor?"

"No. I've already taken the medicine." Anna said.

"If you don't feel well, tell me. I will do everything I can to help you." The dean said.

"Thank you." Anna said.

Then Anna stood up and left the office slowly.

Anna thought she would faint, but when she went outside and got in a cold draught, she felt the spirit. At least she could go back to her dorm alone.

Along the way, Anna met many classmates.

Instead of sneering at Anna as before, their attitude towards Anna has changed completely. From time to time, someone greeted her with a smile.

What a contrast it is!

Anna didn't pay much attention to them. She just put on a light smile and no else facial expression.

At that moment, she just wanted to go back to her dorm to sleep. She hoped to wake up feeling better.

As soon as Anna went back to her dorm, she tucked herself in and slept.

She did sleep, but it was an uneasy sleep. She kept dreaming, jumping from one dream to another.

Then Anna opened her eyes suddenly. She gasped a few times and then let out a long breath.

"I finally woke up. I'll be dead tired if I sleep any longer." Anna thought.

Then Anna got up and looked at the time. It's three o'clock in the afternoon.

As Anna had eaten nothing all day, she was very hungry at that moment.

Seeing the bread on the table, Anna immediately climbed out of bed on her hands and knees. She opened the wrapper and gobbled it.

"Although the girl is hypocritical, the bread tastes good." Anna thought.

After eating half a bag of the bread, Anna finally regained some strength.

But she couldn't sleep anymore.

She still felt not well. She was dizzy and uncomfortable.

"Since I can't sleep, I might as well go for a walk." Anna thought.

After thinking for a while, Anna decided to go to the library to read books.

There were not many people in the library at that time of the day, and there were empty seats.

Anna was just looking for a place to sit down when she heard someone calling her name.

"Anna!"

Anna looked up and found the one who's calling her seems to be in her department. Occasionally, they take open classes together.

"But why she's calling me?" Anna wondered.

The girl who called Anna said to Anna, "There's a seat here. Why don't you come and sit down?"

Anna smiled and said, "No. I'll sit where I am. The air is better by the window."

The girl looked embarrassed, but she daredn't say anything. The people around the girl looked at her ironically.

It is indeed humiliating to fail in cottoning up.

But the girl didn't speak ill of Anna as she used to, because she didn't have the guts.

Seeing Anna sitting alone in the corner, Jing Wu pinched her pen tightly.

"How could she gain the upper hand once more? She is so lucky." Jing said.

Qiaoqiao Su took a look at Anna and said, "Keep your voice down. Anna is influential now. Watch out for her picking on you."

"Hum, she just has a man stand by her. She is good at nothing." Jing said.

"Her greatest skill is that she succeeds to be Yulin's girlfriend." Qiaoqiao said.

"That's what makes me angry. What's so good about Anna? Why she is superior to you? It's really uncomfortable to be held in play by her." Jing said.

There was a touch of anger in Qiaoqiao's drooping eyes, but it disappeared soon. She is still a lovable young lady of an eminent family.

But what she said was meaner.

"She is only a temporary gain in power. I'm not going to let her go on like that forever." Qiaoqiao said.

"Then let her enjoy the power for some more time. She won't be able to do that soon." Jing said.

"Atishoo..."

Anna suddenly sneezed. Then she rubbed her nose and found that she had a nasal congestion.

This time, Anna was sure she really had a cold.

"Did I wear too little yesterday?" Anna thought.

That's the only reason Anna could think about.

"Why Yulin gave me such thin clothes? He himself wore suits and slacks. As I made him angry yesterday, I don't think he's gonna come to me." Anna thought.

Rubbing her nose, Anna felt her eyes sour.

"I must forget about him. He doesn't belong to me. It's no use thinking about him." Anna thought.

Stopping thinking of Yulin, Anna continued to read.

But she had only read a few pages when her cell phone rang.

Anna's phone was switched to vibration mode. Anna took a look at the phone and she was stunned, because it's Yulin who's calling her.

"I was just talking about him, and now he calls me." Anna thought.

Chapter 449 Anna Xie Fainted

Anna Xie was somewhat happy and she wanted to answer the phone.

But then she thought of the necklace and she withdrew her hand.

"Since Yulin Xiao doesn't like me, why should we be in touch? We are different people. Just let what happened fade away with time." Anna thought.

With this in mind, Anna covered her phone with a book. Just as the saying goes, out of sight, out of mind.

Anna ignored her phone for a while.

As Anna slowly calmed down, she suddenly felt a strong sense of murder behind her.

Her body shivered, and she felt colder.

"I seem to be getting worse." Anna thought.

Anna was going to pack her things and go to the hospital.

But just as she moved, a dark shadow fell over her.

"Anna Xie, who gave you the nerve not to answer my calls?" Yulin said.

Looking at the man who is angry in front of her, Anna was in a trance.

"Is he really Yulin?" Anna thought.

Seeing that Anna's stunned, Yulin was angrier. "Why are you in a daze? I'm talking to you." Yulin shouted.

"Well, how did you find me?" Anna asked.

"I just found someone and asked him where you are." Yulin said.

At the mention of this, Yulin was angry.

Yulin was angry when he went home the night when he and Anna parted on bad terms.

The more Yulin thought about it, the more he felt something's wrong. He always thought something was wrong with Anna.

Therefore, Yulin wanted to have a talk with Anna.

Yulin didn't expect to be unable to get her phone through. He called more than twenty times in a row and Anna didn't answer.

Worried about Anna, Yulin went to Anna's school to inquire about her.

After some inquiries, Yulin knew Anna's in the library enjoying air conditioning.

Although Yulin was angry, he was relieved when he saw Anna's in a whole skin.

Not dare to see Yulin's angry eyes, Anna lowered her head and said, "I concentrated myself on reading and I didn't hear the phone ring."

As Anna spoke, she took her phone out from the pile of books to show that she wasn't lying.

Yulin believed what Anna said, but he was still unhappy. "I'm telling you now, I want you to dine with me. Go now!" Yulin said in an overbearing way.

"But I haven't finished reading the book yet." Anna said.

"Which is more important, the book or me?" Yulin said.

"The book." Anna said.

"Anna Xie!" Yulin shouted.

Yulin gave a loud shout, and Anna tried to cover her ears.

"Don't shout so loud. I can hear you." Anna said.

"You are so stupid. You really piss me off." Yulin said.

Then Yulin dragged her out of the library without caring about whether she agreed or disagreed.

"Well, I'm not feeling well. I don't want to go." Anna said with a pleading tone.

"Can you think of a good excuse? This is too bad!" Yulin said.

"I..." Anna said.

"Forget it. He's not gonna believe anything I say." Anna thought.

Anna just shut her mouth and was pulled out of the library by Yulin.

What happened was seen by the students in the library and it became a topic of the conversation.

"Wow, it's so romantic. Yulin is a real-life overbearing president."

"Yes. Anna is so lucky. I want to find a boyfriend like Yulin too."

"You're dreaming. There is no such a man around us."

"That's right."

The two girls were chatting excitedly when someone suddenly stood up and shouted at them, "This is the library. If you want to chat, please go outside!"

The two girls were unhappy after being shouted at like that.

But it's their fault indeed. Therefore, although they were angry, they could only stop talking.

Slowly sitting back in her seat, Qiaoqiao Su lowered her head and continued to read.

Jing Wu, who's next to Qiaoqiao, looked astonished.

"Qiaoqiao, you..." Jing said.

Turning the page of the book, Qiaoqiao said neither fast nor slow, "I just want to concentrate on my book and not be bothered."

Of course, Jing knew it couldn't be that simple. But since Qiaoqiao said so, she did not dare to refute. She just pretended to believe what Qiaoqiao said.

Outside the school, the sun was bright, but Anna found it's dazzling.

Anna squeezed her palms to make herself more spirited. "I don't know what he's going to do if I don't serve him well." Anna thought.

Looking around at the small restaurants down the street, Yulin asked, "Is there anything delicious?"

"There's all snack food and no big restaurant. Are you sure you want to eat here?" Anna said.

"You are so wordy. Didn't I just say that? Shall I repeat that?" Yulin said.

"No. What flavor would you like?" Anna said.

"Anything as long as it tastes good." Yulin said.

"Then come with me." Anna said.

Anna took Yulin to a barbecue restaurant.

The barbecue restaurant was not very busy because it was not rush hour. The laddish guests sat in twos and threes.

The restaurant is poorly decorated and badly lit, which makes Yulin's, who wore designer suit, out of place.

From the moment they came in, they became the center of attention there.

The diners were watching them, and so was the boss.

Luckily, Anna knew the restaurant well. Not being served, she sat down with the menu and said, "The barbecue here is popular. Before, when things weren't so bad, my classmates and I would come here to eat once a fortnight."

"If you want to eat it again, just call me. I am not busy." Yulin said.

Anna took a look at Yulin and said, "I can see that you have a lot of free time."

Waving to the boss, Anna skillfully ordered dishes.

As Anna is a regular customer, the boss is familiar with Anna. After Anna ordered the dishes, the boss said with a smile, "Anna, your boyfriend is very handsome. Just now I thought he is a big boss who wants to buy my small restaurant."

Anna smiled and said, "Boss, he is not..."

"Please serve the food quickly. We are all hungry." Yulin said.

Before Anna finished what she wanted to speak, Yulin interrupted her and said to the boss good-humouredly.

"OK. I'm going to get the food right now." The boss said.

After the boss said that, he turned to leave. Anna held her forehead with one hand, lost in thought.

"Hey, what are you thinking about?" Yulin said.

"He is really noisy. I really want to gag him." Anna thought.

Anna frowned slightly and said, "I don't think of anything. I'm just closing my eyes to have a rest."

"Have a rest? Haven't you had enough rest these two days? You are such a lazy girl." Yulin said.

Anna took a look at Yulin and said, "What does it matter to you whether I am lazy or not?"

"This was supposed to have nothing to do with me, but I can't bear to see others being lazy. Therefore, I will always monitor you and help you make progress." Yulin said.

Yulin's words amused Anna. "It's just as well that you don't stir up trouble. How can you say you can help me make progress? It's funny." Anna thought.

"Hey, what's that look on your face? Are you dismissive?" Yulin said.

"How dare I be dismissive? I'm just flexing my facial muscles before meal so that I can eat more later." Anna said.

Of course Yulin did not believe such a poor excuse.

But before he could say anything, the boss came over with the food. The boss helped them turn on the barbecue stove.

With tweezers, Anna spread the slices of meat on the bottom of the pan. After a while, there was a delicious smell of meat.

Yulin got closer to the pan and sniffed, saying, "It smells good."

"Of course. If it doesn't taste good, I won't bring you here." Anna said.

Seeing Anna barbecue skillfully, Yulin also wanted to have a try, so he said to Anna, "Let me have a try."

"Be careful." Anna said.

Taking the tweezers, Yulin turned the meat over and over from time to time, just like Anna.

But the meat he barbecued always scorched in the bottom of the pan. The meat broke at a gentle tug.

"Ouch!" Yulin said when oil splashed onto his hand.

He was angry and threw the tweezers aside. "I don't want to barbecue anymore." Yulin said angrily.

Anna smiled and took the tweezers, saying, "Barbecuing requires patience. As you are in such a hurry, you can't do it well."

"We are barbecuing. How can you conclude a life principle?" Yulin said.

"Life is full of philosophy. It's up to you if you can find it out or not." Anna said.

Through the smoke, Anna's facial expression became indistinct.

Yulin felt something's wrong when he saw Anna like that.

But because of Yulin's pride, he didn't ask Anna what had happened. He was waiting for Anna to confess herself.

Anna, however, didn't say anything about it.

"The meat is done. I'll cut it for you." Anna said. After cutting the meat, Anna put the meat in front of Yulin and said, "There are two kinds of dips, one is with curry and the other is spicy. Which one do you prefer?"

Yulin sat up and ordered, "I want the one with curry. Cover the meat with the dip and feed me."

After hearing that, Anna was speechless. "Yulin, do you want me to eat it for you?" Anna said.

"You can chew it up and then feed it to me." Yulin said.

"Oh my god, what's on earth on his mind?" Anna thought.

After giving Yulin an angry stare, Anna leave him alone. "Just eat it yourself. Don't you have hands?" Anna said.

"You're just being rude. I'm the only one who's kind enough to put up with you." Yulin said.

"Are you so aggrieved? You don't need to put up with me. No one forces you to do that." Anna said.

"You just take you undeserved gain for granted. You must be happy to have a handsome boyfriend like me." Yulin said.

After hearing that, Anna stopped moving the chopsticks in her hand. Then she looked at Yulin seriously and said, "Yulin, stop saying that now. I thank you for doing me a big favor, but please don't say that again. The clothes you gave me the other day have been washed and the necklace has been packed. I will return them to you when I get back to school."

Yulin frowned and said, "Those are all for you. If you don't like them, just throw them away. Don't give them back to me."

"Don't be mischievous." Anna said.

"You are the one who is mischievous. I wonder why you are so hard to get along with." Yulin said. Then he thought for a while and he was suddenly enlightened, saying, "Are you unhappy that I publicly announced our relationship? But I'm doing it for you. There is no one dares to bother you now."

"There are many ways you can help me. Why did you choose this one?" Anna said.

"Because..." Yulin said.

Before Yulin finished what he wanted to say, Anna smiled bleakly and said, "Because that's the most fun thing to do, right? It is like making a dream to help a man who is so humble to rise to the sky. It feels good to control other's life, right?"

Yulin didn't expect that Anna to think of him that way as he is good to her with all his heart. He was very angry.

Clenching his fists, Yulin tried hard to restrain himself from rushing to Anna to pinch her neck.

"Anna, I really want to open your head and see if it's filled with grass." Yulin said.

Poking at the meat on her plate with the chopsticks, Anna lost her appetite. "It's good if my head is filled with grass." Anna murmured.

"Because in this way, I don't have to be so confused. I can get rid of those unnecessary ideas in my head by setting a fire in my head." Anna thought.

Seeing Anna's indifferent look, Yulin's face clouded. "I thought you might have misunderstood something to get that idea. It turns out that I am such a boring man in your mind." Yulin said.

Anna looked up and saw the anger in Yulin's eyes. Then she smiled and said, "You said you are not busy just now."

"I can go to the nightclubs to have fun with girls there if I am not busy, and why should I spend so much time on you?" Yulin said.

"Those women just care about your money and status. It's hard for you to get rid of them after you have something to do with them. But I am easier for you to control. I am at beck and call." Anna said.

"Anna Xie!" Yulin said.

Yulin was so angry and he almost overturned the table, but Anna was still calm. "Eat meat quickly. It won't taste good if it's cold." Anna said unhurriedly.

Yulin finally couldn't control himself and knocked the plate over. "I'm not going to eat meat you barbecued." Yulin shouted.

After saying that, Yulin stood up to leave the restaurant.

Looking at the pieces of meat on the ground, Anna felt sad.

"If Yulin tries the meat, he is sure to like it." Anna thought.

Anna stood up and apologized to the boss. Then she paid the bill and left the restaurant.

The sun outside seemed to shine more brightly. Anna covered her eyes with her hands. Her body swayed and she suddenly fainted to the ground.

Pedestrians walked by gathered around Anna and they were going to call an ambulance.

In the midst of chaos, someone cut through the crowd and leaned over to pick Anna up.

.....

It was an uneasy sleep for Anna. She always felt there were burning eyes staring at her.

Unfortunately, Anna couldn't move at all. She could only let the man stare at her, and she felt a strong sense of pressure all over her.

After an unknown amount of time, Anna opened her eyes and found herself in a bedroom.

It was quiet and there was no one.

"It seems that I had a bad dream." Anna thought.

Anna took a gentle breath, and then found herself put on a drip at the back of her hand.

After recalling what happened carefully, Anna just remembered she had left the barbecue restaurant but nothing else.

"So how did I come here? Where here is?" Anna thought.

Anna then sat up and looked around. She found the decoration style of the bedroom somewhat familiar.

"You wake up."

Hearing the voice, Anna looked at the door and found that the man who's speaking is Yulin.

"Why you are here?" Anna asked.

"Who do you think it is, and who do you hope it is?" Yulin said.

Yulin came to Anna and looked at Anna from a commanding position, but there was a trace of subtle tenderness in Yulin's eyes.

"Why didn't you tell me you are sick? Are you trying to be a hero?" Yulin said.

"I didn't realize that a cold could make me faint. I used to be well after taking a pill." Anna said somewhat awkwardly.

"You are not a child and why you still don't know how to take care of yourself? You take everything for granted. Do you realize that if you wait any longer, you'll get pneumonia?" Yulin said.

Chapter 450 We Have Nothing to Do with Each Other

"Don't bluff." Anna Xie said.

"That's what the doctor said. You can ask the doctor yourself if you don't believe me." Yulin Xiao said.

"Even so, it's your fault." Anna said.

Yulin thought Anna would thank him. To his surprise, however, Anna made unfounded countercharges and blamed him. "What does this have to do with me?" Yulin said with his eyes wide open.

"You gave me that thin dress on purpose yesterday. You asked me to wait on you today when I am sick today. The barbecue restaurant is smoky and I fainted out of fatigue finally. Doesn't this have something to do with you?" Anna said.

After hearing that, Yulin was speechless and he said, "How come your focus is always so weird?"

"You don't think I'm right? If so, you can contradict me." Anna said.

As Anna spoke, she was ready to pull out the needle and leave.

Yulin stopped Anna's crazy move. "Are you crazy? Just lie down." Yulin said with a frown.

"I'm not your pet who is under your command." Anna said.

Grabbing Anna's shoulders, Yulin said with a serious look, "Pet? Anna, I am not just having fun with you?"

"So what am I to you?" Anna asked.

"Er...er..." Yulin said.

Yulin lost his tongue suddenly and didn't know what to say.

"What kind of feelings do I have for Anna? Do I like her? A little, I think. And only a little." Yulin thought.

Yulin found himself a convincing excuse and then said righteously, "I can't bear to see you be bullied as you are so stupid, so I want to protect you."

"I don't need you to protect me. My life would be less troubled if you leave me alone." Anna said.

"I was trying to help you." Yulin said.

"I had more and more problems in my life after I met you. I don't think you're trying to help me." Anna said.

"Anna, are you despising me?" Yulin asked.

Anna drooped her eyelashes and said with a trace of loneliness, "You are the most handsome man in Capital City, and how dare I despise you? I just don't think I deserve to be your friend."

"You can be my friend as long as I think you have the right to be." Yulin said.

"Can I now voluntarily give up being your friend?" Anna said.

"No!" Yulin said in a resolute and decisive way.

Anna smiled gently and said, "See, I am at beck and call for you."

Yulin was almost mad with anger. "I have made myself clear. Why can't she understand? She is a blockhead." Yulin thought.

"Anna Xie, are you a woman or not? Don't you see that I care about you?" Yulin said angrily with round eyes.

"I can see that." Anna said.

"Then why did you deliberately say such nonsense? Are you trying to provoke me on purpose?" Yulin said.

Anna shook her head and said, "How dare I do that? I am nothing more than a plaything that you are interested in now, or a companion when you are crossed in love. If you are pleased, I should be pleased, and if you are not pleased, I should go away myself so as not to annoy you."

Yulin got closer to Anna and looked her in the eye, saying, "If you're really just a plaything, why should I care if you live or die? Without you, I will find a more obedient one."

Suddenly Anna looked up and stared at Yulin, asking, "What am I to you?"

Yulin was speechless. After thinking for a while, he said equivocally, "You are special to me."

"What's special about me?" Anna questioned closely.

Recalling all the things that happened after they met, Yulin said slowly, "When you get hurt, I worry about you. When you're not happy, I'm trying to cheer you up. Seeing someone hurt you makes me so angry that I want to kill him. If someone bullies you, I couldn't help avenging you."

Yulin said that very seriously and Anna couldn't help believing in his words.

With a trace of expectation in her eyes, Anna said, "What do you think your words mean?"

There seemed to be an answer appearing in the bottom of Yulin's heart.

But he didn't want to admit that he's attracted to Anna, so he turned away from Anna and said, "I don't know. Anyway, you're special."

"Yulin, I'm scared." Anna said.

"What are you scared of? Who hurt you again?" Yulin said.

"I'm scared of you." Anna said.

After hearing that, Yulin was helpless. "Me? Are you kidding me? I will only protect you." Yulin said.

Anna shook her head and said, "If someone hurts me, I will defend myself with my armor, but that's not the case when it comes to dealing with you. You put a knife directly into my heart, and I don't have the strength to resist."

After pausing for a while, Anna screwed her courage up and said, "Yulin, let's not contact anymore."

Yulin was stunned for a while and spluttered, "After all I've said, this is the result you're giving me?"

"So what do you want? You are just having fun with me. Do you expect me to treat you sincerely? Yulin, I have my limits." Anna said.

"How do you know I'm just having fun with you?" Yulin asked.

"Because there is someone else in your heart. Can you fall in love with someone else without forgetting Wei Yu?" Anna said.

Yulin clenched his fists and nodded, saying, "You're right. I am just having fun with you. Now I take a liking to you and I want you to stay with me. Dare you disobey me?"

Although Anna's heart ached, she smiled sweetly. She seemed relieved and said, "You're finally telling the truth. You make me feel better the way you are now."

Yulin thought Anna's smile offending to the eyes. "Just lie in the bed. You can't go anywhere without my orders." Yulin said with a cold facial expression.

"No way. I have to go back to school." Anna said.

"I've asked for sick leave for you. You just need to take rest and nourishment to regain your health." Yulin said.

"You've asked leave for me again? There were so many rumors the last time I asked for leave. Will this time..." Anna said.

"With me here, no one dares do that." Yulin said.

After saying that, Yulin turned and left, without giving Anna the chance to say no.

Looking at the view of Yulin's back, Anna looked vacant.

Anna couldn't understand Yulin. Sometimes he is nice to her, sometimes he is overbearing. Anna thought Yulin is utterly unpredictable.

But Anna would rather Yulin treated her badly, because in this way she won't be reluctant to leave when she has to leave.

Closing her eyes, Anna forced herself to stop woolgathering. She could only cope with shifting events when she is calm.

At some point, Anna fell asleep.

When she woke up, it was dark outside the window.

With her stomach rumbling, Anna felt hungry.

Anna got up and got out of bed. She wanted to find something to eat.

Although she was in a bad mood and her head was still dizzy, she wanted to eat. Just as the saying goes, food is the essentials to people. She can only have the strength to plot her way out when she is full.

But as soon as Anna opened the door, she came face-to-face with an old lady.

Anna was shocked, but the old lady was calm. With a loving smile, the old lady asked, "Girl, you are awake."

“May I ask who are you?” Anna said.

“Master Yulin asked me to take care of you. You can call me Mrs. Chang.” The old woman said.

As Mrs. Chang spoke, she walked past Anna.

“When Master Yulin asked me to take care of a girl, I was taken aback. I thought Master Yulin made the girl pregnant and he daren’t let his mother know, so he asked me to take care of the girl secretly. I didn’t breathe a sigh of relief until I saw you. I’ve been with Master Yulin since he was a child. He wouldn’t ask me to take care of someone casually, so you are special to him.” Mrs. Chang murmured as she walked.

After hearing that, Anna was embarrassed. “Well, we don’t know each other well.” Anna said.

“Really?” Mrs. Chang said.

Mrs. Chang didn’t say much, but her mere word made Anna guilty.

“You must be hungry after sleeping for such a long time. This is the dinner I prepared for you. Just eat some.” Mrs. Chang said.

Only then did Anna see that there’s a tray in Mrs. Chang’s hand. She reached out to take it and a smell of delicious food came.

“It smells good.” Anna said.

“As you’re sick, you probably don’t have much appetite, so I cooked preserved egg and lean pork porridge for you especially. Try it and see if you like it.” Mrs. Chang said.

Anna eagerly picked up the spoon and took a mouthful of porridge. With a contented facial expression, Anna said, “It’s delicious.”

“You can eat more if you like it.” Mrs. Chang said.

As Mrs. Chang smiled lovingly, Anna felt a sense of closeness to her.

As Anna was relaxed, she had a good appetite. Unconsciously, she ate two bowls of porridge.

Mrs. Chang’s temper is quite pleasing.

Anna could help but wonder how Mrs. Chang could put up with Yulin.

“Girl, what’s the relationship between you and Master Yulin?” Mrs. Chang asked.

Although Mrs. Chang is old, she has good eyes. As soon as Mrs. Chang saw Yulin's behaviors, she knew Yulin and Anna are not just friends.

But as Yulin is arrogant, he won't tell Mrs. Chang the truth, so Mrs. Chang tried to ask Anna instead.

Anna put down her spoon and was silent for a moment, then she said, "I have nothing to do with him."

"Why you two give me the same answer? Do you really think I am dim-sighted from old age? Though Master Yulin is eccentric and unreasonable, he is a reliable man. If you marry him, you'll be happy." Mrs. Chang said with a smile on her face.

After hearing that, Anna's face became red. "Mrs. Chang, you misunderstood us. I and Yulin are really not in a relationship. Don't talk nonsense." Anna said.

"I am not talking nonsense. All I'm saying is, if you marry him, you'll be happy, but it depends on you whether to marry him or not." Mrs. Chang said.

Mrs. Chang looked innocent, as if she was just saying it casually and Anna was taking it seriously.

This made Anna even more embarrassed and she kept her head down.

From the moment Mrs. Chang came in, she has been watching Anna.

Mrs. Chang could see that Anna is good-natured and kind. She thought Anna is completely different from Wei.

"It's not a bad thing if Anna could be Yulin's girlfriend. But there's some problems between them two and the problems will become their heart knots if they are not solved in time. As the matter of love, no matter how anxious others are, they can't help. Yulin and Anna have to figure it out by themselves." Mrs. Chang thought.

Mrs. Chang sighed lightly and felt she should do something to help them solve the problems, lest them idle their time away.

After dinner, Anna was alone in her room and she was a little bored.

As Yulin didn't come to Anna, Anna thought he was angry with her.

With Yulin's temper, he would really keep Anna stay there if he doesn't want Anna to leave.

Anna has nothing to do lately. As she had asked for a leave, it made no difference where she's.

Besides, as she's not in the school, those rumors would die down. The disturbance might be over when she goes back to school.

But there's an exam around the corner and Anna had no study material, so Anna was troubled.

After thinking for a while, Anna took out her phone and made a phone call.

"Hello, Qiqi, could you please do me a favor?" Anna said.

"Anna, where have you been? Why haven't you come back?" Qiqi said.

"Well, I am sick and convalescing at a friend's house. Could you bring the study materials for me tomorrow? The exam is coming. If I don't review, I'm afraid I won't pass." Anna said.

"OK. Where are you? I have no classes tomorrow afternoon and I can take the study materials to you." Qiqi said.

After telling Qiqi the address, Anna hung up the phone.

Then Anna turned to look out of the window blankly.

"Why the more I want to escape from a place, the more I am stuck in it? Why can't I lose contact with the one I want to elude most?" Anna thought.

With a slight sigh, Anna rested her chin on her knees and looked pale.

After Mrs. Chang left Anna's room, she went to the kitchen.

But at the door of the kitchen, Mrs. Chang saw Yulin.

Leaning against the door with folded arms, Yulin coughed and asked, "Well, has Anna eaten the porridge?"

"Yes. She has a good appetite and she ate a lot." Mrs. Chang said.

After hearing what Mrs. Chang said, Yulin snorted and said, "She is heartless."

"Master Xiao, I don't understand what you're saying. It was you who told me to cook delicious food and do everything I can to make Anna eat more. Why you are not happy when she ate a lot?" Mrs. Chang said.

"I am not unhappy. I just said that casually. It's late and I should go back to sleep. Mrs. Chang, have an early rest." Yulin said.

After saying that, Yulin turned to leave.

Looking at the view of Yulin's back, Mrs. Chang smiled helplessly.

The next day, Qiqi went to see Anna according to the address Anna had given her.

The servant took Qiqi to Anna's room and brought tea and snacks to them.

With the servant around, Qiqi pretended to be poker-faced.

But as soon as the servant left, Qiqi became excited immediately as a different person.

"It's so beautiful here. You also have servants to serve you. Anna, you are like the young mistress in TV series. You are so lucky." Qiqi said.

Anna smiled and said carelessly, "Am I lucky? I don't think so."

"A lot of people want to live your life. You needn't worry yourself about clothing and food and you have servants to serve you. Besides, you have such a handsome boyfriend. Your life is perfect." Qiqi said.

Then Anna looked at Qiqi seriously and said, "Qiqi, Yulin is not my boyfriend."

Qiqi blinked and asked confusedly, "He's so nice to you. How come he's not your boyfriend?"

"The reason why he is so nice to me is..." Anna said. The words were on Anna's lips, but she was unable to speak them out, because the words would make her look pathetic. Anna then turned her head and said, "Forget it, you don't understand."

"You're not thinking too much, are you?" Qiqi said.

Qiqi picked up a piece of cake and put it in her mouth. She ate happily and had a look of enjoyment on her face.
