### Chapter 471 I Want To Be a Superstar

"If you hadn't given up on him, maybe he would be the one engaged to you today." Qiaoqiao Su said.

Wei Yu agreed with her words. If she didn't propose to break up with Yulin, Anna didn't have a chance to be with him.

"You're right. I'm the woman who should be with Yulin." Wei said.

"It's all Anna Xie's fault. She is not qualified to be Mr. Xiao's girlfriend. I really want to make a fool out of her."

Qiaoqiao's words had already made Wei start hating Anna. She was confident that even if she couldn't be with Yunlin, she wouldn't allow Anna to steal him away.

"Let's talk about this later. Why don't you help me fix my makeup?" Wei pretended to be calm. In fact, she was already planning what to do to fix Anna.

"Yes, ma'am." Qiaoqiao took out her powder brush and helped Wei fix her makeup.

.....

There were more customers in the dessert store today, so Anna was busy all morning. Only after noon did she have a rest.

When she looked up, she saw Chuxue Ye smiling at her.

"Miss Ye, why do you keep smiling at me? Is there something wrong?" Anna asked, puzzled.

Then Chuxue walked to Anna and patted her shoulder. "Have you and Yulin established a romantic relationship?"

Anna bit her lips, a little shy.

"Seeing you guys finally being together, I'm finally relieved too."

"Why do you say that?"

"You two like each other, but you don't show your love for each other, which makes me anxious."

"Do you think that Yulin really likes me?" Anna asked.

Chuxue couldn't help but laugh. "If Yulin didn't like you, he wouldn't have spent so much time with you. Now that you still doubt his love for you, I guess Yulin should be sad to know that you are asking this question."

Chuxue's words made Anna finally believe that Yulin was serious about their relationship. She believed in Chuxue's words more than Wei's.

And she and Yulin were in different classes. The gap between them was huge. Thinking about this, Anna was a little unhappy.

"Chuxue, do you think I am worthy of Yulin?" She asked.

"As long as you two like each other, it's not a problem." Chuxue said casually.

"But me and Yulin's are in different class."

"I believe Yulin won't care about that."

Seeing Anna's distressed look, Chuxue nudged her. "Don't think too much. Follow your heart and fall in love with him."

"I've been unlucky for so long, and now I can't believe I'm going to be lucky now." Anna laughed bitterly.

"With Yulin around, no one will dare to bully you. From now on, you are going to have good luck."

"But I don't want to be protected by him all the time. That would make me feel useless." said Anna.

"Then you can make yourself become stronger. In my eyes, Yiyao is that type of woman. She never relies on men and can handle anything on her own. I admire her the most." Chuxue said.

Her words made Anna think through a lot. She turned her head to look at Chuxue. "I will try my best."

Seeing that Anna had regained her energy, Chuxue was very happy.

During the afternoon Anna was still thinking about what methods she could use to become strong. But she soon noticed that there was a person who kept watching her.

The person's gaze did not make her feel that he had malicious intent. It was just that Anna disliked being stared at.

Putting down this plate, Anna walked up to that man. "Hello, sir, may I ask if you need anything else?"

"No, thanks." The man said.

"If you need anything, please let me know directly."

The man nodded.

When Anna was turning to leave, the man called out to her. "Miss Xie. You have submitted your resume to my company, have you forgotten it?"

Anna's face changed. She was a little surprised. "You're from Shenyidu Entertainment?"

"Yes, this is my business card."

Taking the man's business card, Anna glanced down and found that he was an agent.

It was the first time that Anna talked to an agent. She was a little nervous and didn't know what to say.

The man smiled at her, signaling her not to be nervous.

"What do you think of me?" Anna asked uneasily.

"I've seen your plays, they're pretty good. Our company needs a group of newcomers recently. I wonder if you want to join us."

"Yeah, I'm very glad to." Anna hurriedly replied.

"Do you have time tomorrow morning at 10 o'clock?" The man asked.

"Yes."

"Then, let's meet tomorrow and talk about this." said the man, and then he left.

Knowing that she was going to sign with an entertainment company, Anna was happy all afternoon. Until Yulin came to pick her up, she was still smiling.

Walking to Anna, Yulin stared at her. But after a long time, Anna didn't even notice him. This made Yulin very dissatisfied. He reached out his hand and waved it in front of her.

"What's wrong?" asked he.

"An agent came to me today and said he wanted to sign with me." Xiana said excitedly.

"And you're happy about that until now?"

"That's a very famous entertainment company. There are many stars there." said Anna.

Seeing Yulin acting calmly, Anna suddenly thought of something. She grabbed Yulin's collar and asked seriously, "You didn't arrange this today, did you?"

"No, I didn't do that. I don't want you to be an actor. I'd rather you find another job." Yulin said seriously.

"I just like being an actor." said Anna.

"Yeah, that's why I didn't stop you. Since the opportunity has come, you just seize it."

"Yes, I will."

"Then I'll buy you dinner and go celebrate it." said Yulin happily.

However Anna shook her head. "I need go to the company tomorrow, so I have to go back early to have a good rest."

"Okay, then I'll drive you back to school." Yulin said.

Anna was happy to see Yulin being so understanding. Previously, Anna thought that Yulin would be a domineering playboy, but after spending some time with him she realized that he was gentle and thoughtful. He would always give her help at the right time. She felt very lucky to be Yulin's girlfriend.

.....

Qiqi was discharged from the hospital today, so Anna went to the hospital to pick her up.

After careful recuperation, Qiqi had recovered as usual and looked good.

"It's good to be healthy. I must cherish my time from now on." Qiqi said.

Hearing Qiqi's words, Anna smiled, and then wrote something in her notebook.

Qiqi was curious to see what she kept writing. She glanced at it and found that Anna was writing down various itineraries and notes for the day.

"Anna, you seem to be very busy today." Qiqi asked.

Anna nodded her head. "I have to go to the company to shoot a commercial later, and then I'll go meet the director. I'll be back at school late today, so you don't have to wait for me to have dinner together."

"Why do you keep yourself so busy? Learn to relax."

"I have to get busy so I can have a chance to be popular." Anna smiled at Qiqi and said. "I want to be a superstar."

Hearing this, Qiqi leaned on Anna's shoulder. "I hope that day will come soon."

.....

On the way back to their dormitory, they ran into Qiaoqiao Su. She was cold. After seeing them, she turned around and walked away.

Seeing her like this, Qiqi snorted. "She acts as if we owe her."

"Never mind. We don't need to pay attention to her."

.....

Lying down in the bed, Qiqi was happy to be back to her dorm room.

Just when Qiqi was ready to sleep, Anna answered a phone call. Then she left the school in a hurry. Yulin Xiao was waiting for her at the door in a red sports car.

"I'm very busy today. Maybe I don't have time to go out with you." Anna said.

"I know you're busy, so I'll take you to the company." Yulin said.

"That's too high-profile."

"What do you mean by high-profile?"

"Your car and your background are all too noticeable. I just joined the company, and this will make people gossip about me." Anna explained.

She very serious, but Yulin laughed out. "I'm happy to hear your flattery."

"I am very serious. I'll get off at the corner of the company."

"You think if you keep a low profile, people won't know you're my girlfriend? They must have studied everything about you. It would be better for you to just tell them that you are my girlfriend instead of letting others guess your relationship with me."

She thought carefully about it and felt that what he said made sense.

Looking sideways at Anna who was thinking, Yulin rubbed her hair. "All right, don't worry too much."

### Chapter 472 Why Did You Get Someone to Cut His Finger Off?

As Yulin Xiao said, everyone in the company knew that she was his girlfriend. Many people in the company b.uttered up Anna. This really bothered Anna. She felt like she got something that didn't belong to her.

After putting on her makeup, Anna didn't want to listen to the makeup artist's blarney. So she made an excuse and went to the restroom.

Sitting on the toilet, Anna stared at the ceiling. She was trying to relax herself for the shoot later.

As Anna was trying to calm down, a few people walked in the restroom. Then they started talking.

"Why does Anna Xie get the lead position? Feifei is more experienced to be qualified to play a central role."

"She is still a newcomer and has no strength at all. I really don't understand why she's getting the company's attention."

Feifei was angry at the unfairness, but she had to pretend to be calm on the surface. "Although Anna Xie has no strength, she has a rich boyfriend."

"She's just Yulin Xiao's plaything. Sooner or later he will dump her."

"When do you think Yulin Xiao will dump Anna Xie?"

"In two months."

"That's too long. I think he'll dump her in a month."

"If you win, I'll treat you to barbecue."

"Yeah, yeah, it's a deal."

Then they left happily.

Listening to their conversation, Anna had mixed emotions. She had known that they would talk about her. Although she was a little sad, she had to admit that they were right. Then she also left the restroom and went to the studio.

The scene supervisor saw Anna and immediately greeted her with a smile. "Miss Xie, are you ready? We are going to start shooting now."

Anna nodded.

The music started and the models began to walk on the stage. Anna stood in the very middle with a big smile. But just as she was about to walk to her spot, someone deliberately stretched out leg and tripped her, which made her almost fall.

The director frowned at them and scolded. "What's wrong with that one at the back? Can't you even walk on stage?"

It was obvious that the director was blaming Anna.

Although it was not Anna's fault, what everyone saw was that her mistake caused the interruption of the shooting.

"I'm sorry." Anna apologized.

"Do over, and this time, mean it."

Seeing that the director was stern with Anna, the supervisor was busy whispering something in his ear. Then the director looked at Anna with a strange look.

As for the others, they were all watching Anna for fun. They pretended to compliment Anna. Actually they didn't like her.

When the morning shoot was over, the staff went to rest and the models went to the lounge. Only Anna wore high heels and practiced on the stage over and over again.

Just during the shoot, Anna could clearly feel that she was not as good as the others. They were professional models, while Anna was the first time on stage shooting commercials.

As Anna was walking on stage, Peng walked onto the set. He looked at her quietly.

"Anna, take a break." Peng said suddenly.

Hearing the voice, Anna looked at him.

Wiping the sweat from her forehead, Anna smiled. "I'm not tired."

"Your legs will be edematous, so the ad still doesn't look good"

Hearing this, Anna's smile became fixed. She didn't expect that practicing hard wouldn't solve the problem.

Anna sat down on the edge of the stage, a little frustrated. "Am I slowing everyone down?"

"You're a newcomer. It's impossible to adapt to these jobs all at once. You have to go through such a painful process. Once you get through it, you'll have a chance to become a new star."

What Anna didn't expect was that Peng would encourage her so much. That deeply surprised her.

Peng smiled and continued. "You don't have to care about what others say about you. Prove yourself to them with your own strength is more powerful than any words."

"Thank you. I'll keep trying." Anna said gratefully

"Take a break. Well, keep it up. You might get lucky." Said Peng, and he turned around and was ready to leave. But Anna called out to him.

"Mr. Peng, please wait." said Anna.

Looking back at Anna, Peng asked. "Anything else?"

"Are you being nice to me because of Yulin?" Anna summoned up enough courage and asked. But as soon as she finished speaking, she regretted it.

Peng thought for a moment and did not return to her immediately.

"I'm not saying that you want to fawn on Yulin. Even if you are good to me because of Yulin, it's normal. Oh, forgive me. I don't even know what I'm going to say." Anna hurriedly explained.

She was anxious to explain but she still didn't make it clear what she wanted to say. She was so anxious that she pulled her own hair.

Peng couldn't help but laugh. "I understand what you mean. But what I'm trying to say is that I signed you because I see your potential. It has nothing to do with whose girlfriend you are."

Looking at Peng, Anna was grateful that he said that. "Thanks."

"No need to thank me. Do your best." said Peng.

Now, Anna became more confident than before. She took a deep breath and prepared herself for the rest of the work.

There would definitely be people trying to find trouble with her. But now she can already handle them with confidence.

.....

After finishing the day's work, Anna went back to school alone.

Originally, Yulin wanted to pick her up and take her back to school, but she refused his kind offer.

Yulin also seemed to be busy, so he didn't insist on taking her back to school. He asked Anna to call him when she arrived at the school.

It was already dark when Anna returned to school. There were basically no people around. She was in a hurry, trying to get back to her dormitory soon.

After a busy day, she hadn't eaten anything. Now she was already starving to death. Before leaving school, she remembered that Qiqi still had plenty of snacks there. Now she just hoped that Qiqi hadn't eaten all the snacks.

But just as Anna was walking through the school gate, someone called out to her.

"Anna!" A woman shouted angrily.

"Auntie?" Anna was surprised.

The middle-aged woman slowly walked out from the shade of the tree. She glared at Anna as if she was looking at an enemy. Then she slowly approached Anna.

Anna had been afraid of her since she was a child. She was mean and could scold people for an hour without getting tired. So Anna tried to avoid her or kept silent when she saw her.

"You're a celebrity now. It's not easy for me to see you."

Anna forced a smile. "Auntie, what are you doing here?"

"I want to see you, can't I?"

"Of course you can, what did you come to see me about?"

"I know the last person you want to see right now is me."

.

"You must have misunderstood me. If I had known you were coming, I would have found a restaurant and invited you to dinner." Anna tried to wear a smile on her face.

"I'm not in the mood to eat right now." She suddenly growled. "My son got his finger cut off because of you."

Xiana took a deep breath. "What did he tell you about his finger being cut off?"

"He said he you wouldn't lend him the money and then you got someone to cut his finger off." Her aunt said angrily.

If she had a knife in her hand at this moment, Anna guessed that she would not hesitate to cut her with it.

"You're really cruel. Why did you cut his finger?"

If it was before, Anna chose to keep silent. It was also because of her repeated compromises that her aunt kept bullying her. Now she wanted to fight back and not let her accuse her for no reason.

"He didn't tell you the truth. He was the one who sold me out. If someone hadn't saved me, I'd probably be dead now." She looked up at her aunt and said.

However her aunt waved her hands. "My son couldn't have done such a thing."

"Just ask him yourself and you'll know." said Anna. She was about to grab her aunt's hand and go with her to question her son.

But before Anna could touch her aunt's hand, her aunt slapped her on the face.

"You've done something wrong and you still slander my son. Do you really think I believe you?" her aunt said angrily

"I didn't lie!"

"Even if he sold you, you are fine now. But his finger was indeed cut off." said her aunt.

Aunt's words made Anna furious. It was obviously her son's fault, but she still talked as if her son was the victimizer.

## Chapter 473 I Hope You Don't Regret

"You've never seen me as part of your family, have you?" asked Anna.

"Yes, you are just the lowly wretch. Even if you die, no one will grieve for you." said her aunt.

Anna pursed her lips gently, and then looked up at her aunt. She knew her aunt had disliked her since she was a child because her aunt discriminated against girls. Now that Anna was older, she would no longer tolerate her bully.

"He has to be punished for his wrongdoing. Breaking one of his fingers is what he deserves." said Anna.

"You bitch, don't you dare talk to me like that. I will rip your mouth out today," her aunt yelled.

"Did you come to me today just to teach me a lesson?" Anna said calmly. "If so, I don't have time to waste with you here. I'm leaving."

"

"Hmph, you made my son break a finger. I can't let you get away with that." She said with her head held high.

"You're looking for me just for the money, aren't you?" asked Anna. She knew these relatives of hers well. No matter what reason they had, it was all about money.

She took out a bank card from her bag. "There are five thousand in this card."

However, her aunt didn't care these five thousand. She pushed Anna's hand away. "You're just going to give me five thousand? Do you think I'm a beggar?"

"Then how much do you want?"

"At least one hundred thousand." said her aunt.

Anna laughed. "One hundred thousand? Do you think I run a bank? I don't have that much money."

"This is what you should pay. One hundred thousand dollars for a finger, I still think it's less." said her aunt.

"It's not that you think it's less, but your son's debtor thinks the amount is appropriate, right?"

Her aunt was obviously told what was on her mind, and then hurriedly said, "Don't talk nonsense. Give me the money quickly."

"If you keep spoiling your son like this, he'll really be ruined."

"Just give me the money, the rest is none of your business."

"But I don't have that much money."

"No money? Hmph, you're really a miser, just like your parents." Her auntie snored. Then she stared at Anna's face with a grim smile.

"You can make money because of your face. If I ruin your face, do you think you'll still have a chance to make money?"

"Auntie, you are also an elder. What you're doing is really not how elders should do."

"What I did was reasonable. It was you who angered me. If you can give me the money, I don't want to waste my time with you."

Then Anna handed the bank card to her aunt again. "I've already said I don't have so much money. That's all I have."

"You've really got on my nerves," her aunt said. Then she grabbed Anna's hair while reaching out to pinch her neck as hard as she could.

Anna was grinning in pain, but she couldn't fight back. So she could only dodge her. At that moment, her cell phone fell out of her bag.

Before Anna could pick it up, her aunt snatched the phone away.

"Your phone looks valuable." said her aunt

If she could solve the trouble with a phone, Anna would gladly give this phone to her aunt. But this phone was given to her by Yulin Xiao. If he found the phone missing, he would definitely ask her why. At that time, he would definitely find trouble with her aunt.

Just when her aunt was happily playing with the phone, the phone suddenly rang. She was trying to turn off the phone, but she didn't know how to use it and she picked it up instead.

As soon as the phone was on the line, Yulin's low voice came from the other side.

"Anna, didn't I tell you to call me? Why didn't you call me?"

Anna was just about to speak when she heard her aunt say, "This phone is mine now. If you want to find her, think of another way."

Her words made Yulin frown. "Who are you?"

However, her Auntie hung up the phone directly.

Anna originally did not want Yulin to get involved in this matter, but now it was impossible to hide it from him. He would definitely look for her aunt and teach her a lesson.

"Aunt, I suggest you return the phone to me, otherwise you will be out of luck."

Her aunt happily looked at the phone. There was no way she could give the phone back to her. She didn't hear the apprehension in Anna's tone and just thought she was threatening her.

"Shut up." She reprimanded.

Anna patted the dust on her body. "I've already given you advice. I hope you don't regret when people come after you later."

"Humph, don't intimidate me. You'd better think about how to earn money for me. Otherwise, I will definitely pester you every day."

"If you have time to come after me, why don't you educate your son properly?"

Her auntie snorted coldly. "If I could make him listen to me, why would I need to come to you to listen to your nonsense?"

"If you took out a tenth of the mind you used against me on your son, he wouldn't have become what he is today." Anna said.

"It's is none of your business. Remember to prepare one hundred thousand yuan. Or I will ruin your face!" her aunt said, and then she left.

Anna sighed and felt she needed to be tougher with her aunt in the future and not be soft on them anymore.

When she returned to her dorm room, Anna listened to Qiqi talking on the phone.

"She's already back." She said into the phone. Then she hung up the phone.

Seeing Anna with blood at the corner of her mouth, Qiqi asked her worriedly

"Anna, what happened to your face?"

Only then did Anna remember that she had just been slapped. Sitting in front of the mirror, she found a palm mark on her cheek and a little blood at the corner of her mouth.

"Today I was slapped by others in order to perform more realistic in a play." She explained casually. "Who did you just call?"

"It's Yulin. He asked me if you were back yet."

Anna nodded gently and didn't say anything.

But Qiqi had a question in her mind. "Why didn't Yulin call you?"

"I lost my cell phone."

"So that's how it is. Then you ....." Qiqi wanted to ask her something more, but Anna had already gotten up and gone to the bathroom to take a shower.

Qiqi intended to wait for her to come out before asking her. But when Anna came out, she was already asleep.

.....

Taking the phone back home, Anna's aunt was very happy.

She took out the phone and put it in front of her cousin. "Son, look at it, this phone is worth a lot of money, right?"

Her son was playing a game and casually glanced at it. "It's a valuable item. Where did you get it?"

"It's Anna's."

Instantly his smile became fixed. "You went to her for money?"

"She broke your finger. Of course I'm going to ask her for money."

"Didn't I tell you not to go to her?" He said angrily. "Now, she has backers. We can't go messing with her."

Faced with her son's warning, Anna's aunt didn't take it seriously. "No matter who her backer is, I'm not afraid. I'm her aunt. She wouldn't dare disobey my words."

"I can't explain it to you," said her son impatiently. "Anyway, give Anna the phone back."

"I've brought it. I'm not giving it back. It is mine." said she.

Her son was upset, but Anna's aunt didn't care about his words. Just as he was about to reach out and grab it, a group of people barged in.

He thought a debtor had come to the door and quickly ran to the door. When he pushed open the window and was about to jump, someone yanked him by the collar. Then he fell hard to the ground.

Anna's aunt ran to her son and reached out to shield him. "Help, someone is going to kill people." shouted she.

"Don't worry. I won't kill you."

Yulin slowly walked up to them. He waved his hand to signal his man to let go of him.

"So it's not a debt collector." Anna's aunt breathed a sigh of relief, and then she began to look up and down at Yulin. For aunt, seeing Yulin was much better than seeing a debt collector. But to her son, he would rather be beaten up by a debt collector than face Yulin. He knew that this guy acted arrogantly and did not follow the usual rules, and he did not know which of his words would offend him.

"May I ask what Mr. Xiao wants to do here?" he asked uneasily.

Before Yulin could say anything, Anna's aunt yelled back. "Isn't he Anna's boyfriend? There's no need for you to be afraid of him."

Hearing what she said, her son's face went white. "Mom, please keep quiet."

"I just can't stand to see you acting so cautiously." said she.

"I am Anna's aunt. I haven't agreed for you to be with her. Hey, forget it, seeing that you guys have a good relationship, I'll agree to let you be together. According to custom, you, as a junior, have to give me some gift when we first meet."

"I don't talk to stupid people, give me Anna's phone." Yulin said coldly.

"Why are you so rude? I....."

"Mr. Xiao, the phone is here." Her son interrupted her, and respectfully offered the phone with both hands.

"Why did you take out the phone?" said Anna's aunt.

"Mom, you should stop talking. If you anger Mr. Xiao, he may burn our house down!" her son said fearfully.

“More than that, I will have someone beat you half to death and throw you into the street.” Yulin added.

“You .....” Anna’s aunt wanted to say something more, but her son asked her to kneel with him in front of Yulin. “Mr. Xiao, we were wrong. Please forgive us. I promise that my mother will never go after Anna again.”

However, his admitting his fault did not relieve Xiao Yulin’s anger.

“You know that Anna is my girlfriend, and you still dare to find trouble with her. You’re ignoring me?”

Chapter 474 Why Do You Suddenly Ask Me to Live with You?

“Please don’t hurt us. I promise we will never bother Anna again.” said her son.

“Remember if you pester her again, I will absolutely k!ll you all.” said Yulin, then he left the room.

When Yulin left, her son’s back was already moistened with sweat. He collapsed on the ground.

Anna’s aunt thought it strange. “Son .....” asked she, but she was interrupted.

“Can you stop getting me into trouble? Are you trying to get me k!lled?” He suddenly stood up and yelled.

“Is Yulin Xiao that powerful?”

“Many big shots in the capital have to give him face.” said her son.

Having just had his finger cut off, he was also indignant and wanted to seek revenge on Yulin. But before he could do it, he gave up on such a foolish idea. He thought that he had no power to fight Yulin.

Hearing her son’s words, Anna’s aunt frowned. “How did Anna get a boyfriend like that?”

“I don’t care how she got such boyfriends. I just want to stay away from them.”

“No, that’s our chance. We must keep in contact with her.” Anna’s aunt said with a laugh.

"What do you mean?"

"Since Anna has such a boyfriend, let her help you put in some good words in front of him, then you'll have a better future."

But her son shook his head. "I've already offended them, how could they possibly help me?"

"We are Anna's relatives. She'll forgive us. Besides, before I was going to her for money. Now, I'm just asking them to give you a chance, and they may not refuse."

"You have a point, but ....."

"Don't worry, I'll go to them."

Her son still looked at her in disbelief. "Will you be able to do it?"

"Definitely, I will help you out!"

.....

After finishing the day's work, Yulin Xiao came to pick up Anna. Leaning against the car window, Anna was looking out at the street light and lost in thought when suddenly Yulin put the phone in her hand.

"Don't let others snatch it away again." said Yulin softly.

"You've met my aunt?"

"Well, yes."

"You ..... didn't hurt them, did you?"

"I just threatened them."

Then Anna was silent.

After waiting for a moment, Yulin asked, "You don't have anything else to ask?"

"What else do I have to say?"

"I thought you would let me stop looking for trouble with them."

Anna laughed softly. "I can forgive people who hurt me once, but I don't always forgive them. From now on their affairs have nothing to do with me."

After the car drove for a while, Yulin suddenly said, "Anna, I think you'd better move in with me."

Anna was originally very relaxed. Once she heard this, she immediately got nervous.

"Why do you suddenly ask me to live with you?"

"I think it's convenient for you to live in my house. You sometimes have social engagements. But in order to get back to school in time, you have to leave early. This will make you miss a lot of opportunities."

Anna all knew that he had a point. Just like today, there was a celebration reception that would probably last until midnight. She had to get back to school on time. So she could only be absent.

She let out a sigh. "I understand."

"So, you agree?"

"You seem to be happy that I move in with you?"

Yulin smiled. "You are my girlfriend. Of course we have to live together, don't you think so? I'm so looking forward to the intimate things we'll do."

His words made Anna blush. "Even if I live at your place, it's only for the convenience of work. I won't have any intimacy with you."

"Fine, I'm just, you know, saying." said Yulin, but his eyes were full of expectation.

"No, sometimes you don't keep your word. I still can't trust you." Anna said, and then she frowned and thought for a while. "I've got an idea."

"What?"

"I've thought of a way. But I'm not telling you." Anna said excitedly.

"I will know it sooner or later."

Looking at Anna smiling happily, Yulin also smiled.

After returning to the dormitory, Anna and Qiqi talked for a long time. Finally they decided to go online to look for rental information. But the places they looked for were either inconvenient or too expensive.

For the past few days, Anna was constantly looking for rental information. She kept staring at her phone with a frown.

Seeing Anna always staring at her phone, Yulin was puzzled. "What are you looking at?"

"I'm looking for rental information. I decide to rent a room outside the school with Qiqi."

Yulin was a little confused.

"Qiqi is preparing to take the graduate school entrance exam, so she needs a quiet environment to study. Because of the filming, I couldn't continue to work at the dessert store. I asked Qiqi to work in the dessert store instead of me, and Chuxue also agreed." Anna explained.

"But how can you live with someone else? You can stay at my house." Yulin leaned back in his chair and sighed. "What about me if you live with Qiqi?"

Yulin suddenly sat up straight with a serious expression. "Let me help you choose a house, okay? I guarantee that the location and the environment are good, and the rent is still the lowest."

"You?" Anna was hesitant. "I'm worried that Qiqi and I will go bankrupt if we rent a house with your standards."

"Don't worry. The rent will not be higher than your ability to pay." Yulin said. Then he took Anna's phone and looked at the house photos on it. "The house I found is definitely a hundred times better than these."

A few days later, Yulin did find a perfect house. It was only a ten-minute walk from the school. The rooms were also large and decorated in a unique style. There was a swimming pool and garden downstairs.

"It's perfect!" said Qiqi excitedly.

Then she turned around and shook Anna's hand. "Anna, this is my dreamy home. My dream has come true now."

Anna also loved this place, but she was more concerned about how much the house rented.

"Then the rent of this house ....."

The broker smiled at Anna. "The rent is fifty thousand yuan a month, and the property fee is settled separately."

Hearing the rent, Anna frowned slightly, and then looked at Yulin.

Yulin was aware of their situation. Anna knew that if this place was really that expensive, Yulin would not introduce it to them.

Yulin smiled slightly, as if he was waiting for Anna to beg him. But Anna didn't do so. She and Yulin stared at each other.

Finally, it was the broker who spoke.

"Miss Xie, our general manager is very optimistic about your development prospects. If you can be the face of our company, you can have your rent and property fee waived."

"Really?"

"Yes. If you agree, we can sign the contract right now."

This news shocked Qiqi. "Anna, just say yes. It's just a spokesperson. You can have a free house to live in just by shooting a commercial."

"I ....."

"Please, it's up to you whether I can accomplish my life goal ahead of schedule." Qiqi looked at Anna expectantly.

This was indeed the best choice. Being a spokesperson was also paid by her strength, not relying on Yulin. Anna thought. Then she agreed.

"Wow, great, Anna, from now on we will have our own home." Qiqi said happily.

"Since Miss Xie has agreed, I will now go back and draft the contract. You guys can just look around here first." said the broker.

Qiqi then continued to walk around in each room.

She was pleasantly surprised to see the open terrace outside. "We can eat barbecue here."

Xiana looked over and nodded. "It does make a good place for barbecue."

"Haizi is good at that. We can let him be the chef."

Hearing Qiqi's words, Anna was just about to say something when she heard Yulin ordered, "No other men are allowed to enter this room except me."

Seeing Anna and Qiqi both looking at him inexplicably, Yulin raised his eyebrows. "Did you guys not understand my words? Then I repeat. I don't allow other men to enter this room, understand?"

"Why?"

"Because I'm the male master here." Yulin said in a serious manner.

Qiqi was full of confusion. "But obviously we rent the house."

"Just now I bought it. So that means I'm the owner of this place."

Anna looked at Yulin, speechless.

"I'm just worried about your safety." said Yulin. Then he took Anna's hand and led her to the door of the room. "Anna, this room is for you. Do you like it?"

Looking at this room, Anna felt something strange.

Qiqi came over and looked inside. "Wow, this room is so big, and it's also a double bed."

Qiqi just said it casually but soon she realized something. She turned her head to look at Anna and Yulin, "You two are going to sleep in the same bed?"

"No."

"Yes."

They two answered at the same time, but with diametrically opposed answers.

"Yes or no?"

Then Anna winked at Yulin.

"It's better to listen to Anna about this." said Yulin hurriedly.

Looking at Yulin's expression, Qiqi knew her guess was right.

Chapter 475 What Are You Guys Doing Here?

Qiqi let out a sigh. "I thought that by moving out, I wouldn't have to be the third wheel. I don't expect that I still was."

Anna was a little uncomfortable. She took Qiqi's hand. "All right, let's go back to the dorm and pack our bags."

Anna had a feeling that she had entered Yulin's trap. Yulin had previously promised her not to live with her. But now this was not much different from living together.

.....

Yulin originally thought that two girls would not have a lot of luggage. But when he saw Anna and Qiqi's stuff, his eyes widened.

He took a car to help them move, but it still couldn't hold all their stuff. He had to call for a van. Then they went to the apartment together in the van.

Actually, this was the first time Yulin took a van. He felt it very interesting. Of course it was also the first time he helped someone move. He didn't think that helping people move was that tiring. He regretted that he should have hired someone to help them move. Now he had to pretend to be relaxed on the surface.

Anna was certainly happy that someone was willing to help her move. She just needed to stand by and direct Yulin to move things. When she was tired, she sat down and drank tea. However, Qiqi was uneasy. She whispered in Anna's ear and asked, "Is it really nice to make him do this?"

"It's not that I want to make him do it, but he asked to help me move."

"Anna, you are so lucky to have such a perfect boyfriend."

Anna laughed.

Even now, Anna would still have a sense of unreality. She didn't expect that she would get together with Yulin,

In fact, with such a boyfriend Anna could take a shortcut to fame. But she was very averse to do so. She thought she would not be able to hold her head up in front of him if she depended on her boyfriend. She would rather suffer herself than to be looked down upon by Yulin.

She put down the tea and walked to Yulin. "Take a rest, I'll do it."

"It's a piece of cake for me."

"But you don't know where to place the stuff. Even if you put them away for me, I still have to sort them out myself."

Yulin felt that she had a point, so he walked to the side, sat down and rested.

After getting the room almost cleaned up, Anna and Qiqi went back to school and prepared to go to class.

Yulin thought Anna would cook for him to show her gratitude to him. But Anna didn't mention it, which made Yulin a little unhappy.

The next afternoon there was no class, and Anna had no schedule for the afternoon. She and Qiqi were ready to enjoy a leisurely afternoon.

Just as they were discussing how to spend the afternoon, there was a knock at the door.

Qiqi wore her slippers and answered the door. Seeing the person outside the door, Qiqi was surprised.

"Won't you let me come in?" Chuxue Ye smiled at Qiqi and said.

"Oh, yeah, come in please."

Hearing Chuxue's voice, Anna walked over. Chuxue and Zhao Nangong, Yiyao Duan and Jingyan Ye were standing outside the door.

"Hearing that you moved to a new place, we brought something for the hot pot. Ah, we also brought you gifts." Chuxue shook the bag in her hand.

Then they walked into the room

"Actually, it's that they are just too bored recently, so they found an excuse to come to your place." Jingyan Ye said.

However, Anna didn't pay attention to what they said. She looked out the door again. "Why didn't Yulin come?"

"Anna, why are you always standing outside the door? Come in." Qiqi said.

After pouring tea for them, Anna sat next to them. Listening to Qiqi happily chatting with them, she was a little distracted.

"Their friends all come, why didn't he come here?" Anna thought.

Chuxue was talking happily. When she saw Anna staring at the tea cup, she reached out and shook her hand in front of her. "Anna, what's wrong?"

"Oh, nothing." said Anna.

“Why are you gawking?”

“Do I? Maybe I’m a little nervous about shooting a scene tomorrow.”

“You’ve been acting for so long. You’ll do fine. I brought a lot of food. Let’s cook a hot pot together.”

At the mention of food, Qiqi was excited. “Oh, yes, yes, we can cook a hotpot outside on the balcony. Anna and I were talking about having barbecue over there last time.”

Then Qiqi thought of what Yulin had said. “But Mr. Xiao said that no other men are allowed to enter this apartment except him.”

Chuxue laughed out loud. “This is what Yulin said? I’m going to use this to laugh at him for a year.”

After a moment of hesitation, Anna asked, “Is he up to something today? I haven’t heard from him all day.”

“Well, Yulin is angry with you.”

Hearing this, Anna was puzzled. “But I didn’t do anything to make him mad.”

“You must have pissed him off, you just don’t know it. I know he is angry, that’s why we came to your house. We want to see how long Yulin could hold back until he shows up.”

“As long as I send him a picture of us eating together, he will definitely show up in less than ten minutes.” Zhao Nangong said.

“In five minutes. I guess.”

“Then let’s make a bet. The one who loses the game will wash the dishes later.”

“Fine, that’s good.”

Just before Anna could react, several people over there had already started betting on the bet.

“If Yulin knew this, he would be mad.” thought Anna.

After a while, there was a knock at the door again. This time, it was Yulin who stood outside the door.

He looked at the crowd inside coldly. “What are you guys doing here?”

“We’re eating. Can’t you see?” Chuxue said

“There are so many places to eat outside, why did you guys come here?”

“We know that Anna and Qiqi moved to a new home, so we came here to cook a hot pot. Is there something wrong with that?”

“When did you guys get so close?” asked Yulin.

Chuxue pointed to Anna and Qiqi behind her and said, “These two, one is my former employee and one is my current employee. It’s normal for me to maintain a relationship with them.”

“I guess you just get way too much free time.” Yulin sneered.

“So what?” Chuxue snorted.

Yulin frowned and walked towards Chuxue, then whispered in her ear, “Didn’t we agree that you would help me speak in front of Anna? Now what are you doing?”

“I changed my mind. It’s not fun to help you.”

Yulin was angry. “Chuxue, you’re just .....

Chuxue pretended not to see that Yulin lost his temper, and still deliberately said, “We’re about to have dinner. Do you want to join us, or leave right away?”

“Chuxue, be nice.” said Zhao, when he saw that Yulin was furious.

“Let’s move the table to the balcony.” Zhao advised.

Chuxue made a face at Yulin and then turned around to walk next to Anna.

Seeing Chuxue and Yulin talking for half a long time, Anna was curious. “Chuxue, what were you talking about with Yulin just now?”

“About you.” said Chuxue.

“Me?”

“Yes, I found out that as long as it has to do with you, Yulin will lose his mind.”

Hearing this, Anna could only laugh bitterly.

After a while, the hot pot was ready, and the crowd sat at the table

Where there was Chuxue, there would be laughter.

Yulin sat across from Anna, watching her laugh so happily, but he was not happy.

“She hasn’t said a word to me since I walked in. Couldn’t she know that I was angry?” he thought. Then he drank one glass after another. By the time the crowd noticed it, he had already drunk a bottle of red wine.

Finding that the bottle of red wine she brought was finished by him, Chuxue shouted. “Hey, you don’t waste my wine.”

Yulin burped. “Don’t you take wine to drink?”

“Do you call that drink? You’re wasting my wine. Besides, what will we drink when you’ve drunk all the wine?”

“Well, just buy another bottle. It’s not a big deal.” said Yulin. “Eat your food, shut your mouth.”

Chuxue wanted to say something else, but she changed her mind when she saw Anna’s slightly worried look. She smiled and walked over to Anna. “Anna, let’s cheers, to your new home.”

Anna clinked her glass against Chuxue’s. “As long as you like it here, welcome you to come here anytime.”

“Really? I like this place a lot, honest. I want to come here often.”

“I’m glad you like it here.”

“You are very hospitable, unlike some guy.” said Chuxue, and then she sighed, “He is uninvited and is still angry now.”

Obviously, Chuxue was alluding to Yulin as the one who came uninvited.

Yulin then wondered why Chuxue was targeting him today although he hadn’t messed with her recently.

He was ready to talk to her. When he ran towards her, he was dragged aside by Zhao Nangong.

“Zhao, what’s wrong with your girlfriend? If she messes with me again, I’ll .....” Yulin said to Zhao.

“Chuxue just loves to joke around, don’t get mad at her. But today you are really not gentlemanly.” Zhao interrupted.

“What’s wrong with me?”

“Why are you angry with Anna? She didn’t do something wrong.”

“I’m not mad at her. It’s just that she ignored me recently, so I just get a little angry.” said Yulin. “And you guys should leave quickly after dinner, don’t disturb me and Anna alone.”

### Chapter 476 What A Cheeky Man

Hearing this, Jingyan Ye was speechless, “You are the one who told us to come, and you are also the one who told us to leave quickly. Do you really think we have time on our hands?”

“We can have dinner anywhere. Aren’t your girls happy? Hey, only the poor me, being disliked.”

Zhao Nangong patted Yulin Xiao’s shoulder and said with a smile, “It’s your time to turn on your charm. Do your thing and win your lady.”

Anna Xie?

Turning his head to look at Anna, Yulin tilted his head and drank a glass of wine.

Anna and Qiqi were having a happy time chatting, but when she noticed Yulin, she was stunned.

She felt she was targeted by a beast, so she alerted subconsciously.

Turning back, Anna looked Yulin in the eyes. This really frightened her.

What the hell was he planning?

Qiqi saw Anna suddenly change the face, who was very serious, so she got curious, “Anna, what’s going on?”

“The way Yulin looks at me is so scary.”

“Really?” Qiqi looked up and only saw his side face and said, “It’s still very handsome.”

“Seriously? Maybe I was wrong.”

Anna then let it go and continued to have a good time with her friends.

The party ended, and they said goodbye to each other.

Only Yulin sat there still. And he had no intention to go.

Chuxue Ye tilted her head to look at Yulin and asked, "Hey, aren't you coming with us?"

Yulin lied, "No, I'm drunk and I want to stay here."

Hearing this, Chuxue and others seemed to know his plan.

Anna was a little embarrassed and said, "Yulin, it's not a good idea to stay here. It's better to let the driver take you back."

Yulin staggered to stand up, leaning on Anna's shoulder and said sadly, "Anna, are you truly my girlfriend? How can you say such cold words to me?"

"It's for your own good. Having a good resting at home is always a little more comfortable than being outside."

"Who told you that? I just feel more comfortable here with you."

Obviously, it's Yuling's one move.

Anna was helplessness, and others knew it.

This time, Chuxue didn't look for trouble and even took the initiative to help, "Anna, just let him stay. Back to his home, there is no one to take care of him, and we don't think he can take care of himself."

Yulin didn't expect Chuxue to speak for him, so he secretly raised his eyebrows.

Since everyone said so, Anna couldn't be ruthless to kick Yulin out of here.

After all, this was also Yulin's house, and she was the one who lived here temporarily.

When everyone left, Yulin occupied Anna's room and did not leave.

"Hey, go to guest room."

Finding a most comfortable position, Yulin closed his eyes and enjoyed himself, "No, it's comfortable here and I'm going to sleep here."

"But this is my room."

"I know, that's why I have to sleep here."

"Yulin, you just did it on purpose."

“Whatever. I’m going to take a shower first.”

Saying that, Yulin got up and walked into the bathroom.

This a.ssh0le...

Anna was really speechless.

Forget it. At least she could go and she would sleep in the guest room.

With her pillow and quilt, Anna was ready to go out.

But Yulin in the bathroom shouted and asked, “Anna, which one is the bathing gel?”

“Can’t you read the words on it?”

“It’s all Japanese. I don’t know it.”

Anna got a little impatient, “The pink one.”

“There are two.”

“The bigger one.”

“Both of them are big. Oh, you just come in and tell me, please.”

Anna was helpless, so she had to go in and help him.

When she opened the door, the bathroom was filled with water vapor, which was vibe.

...

The next day, Anna was woken up by the sun.

Opening her eyes and looking at her phone, Anna went blank for a moment and sat up suddenly.

“Gosh, it’s already late.”

Anna shouted, destroying Yulin’s good sleep.

Yulin reluctantly sat up, squinting and asked, “What’s so astonishing? What’s going on?”

"Oh, my God! Look at the time." Anna had the quilt wrapped around her, full of anxiety, and rushed to the bathroom.

Rubbing his eyes, Yulin laid back again.

When Anna finished her makeup and ran out with high heels, Yulin lazily asked, "Where are you going?"

"The meeting."

"If it's for scripts, you don't have to go."

When she heard this, Anna frowned and asked, "Why?"

"Half an hour ago, your agent called you and told you not to be late."

Anna suddenly had a feeling of uneasiness inside.

"Then what did you say?"

Yulin yawned and said, "I said that you were sleeping and you needed to take the day off."

"What! Yulin, you are really going to ruin me!"

Anna simply wanted to strangle the man in front of her. Did he have any idea what he had just done?

Reaching out his hand, he dragged Anna into his arms. Yulin said with laziness, "What do you look at me in this way? Are you going to k!ll me? If you are not satisfied last night, you can continue."

This made Anna's anger turn into shyness and helplessness.

This man was the best at being cheeky.

Pushing Yulin away, Anna frowned and said, "Anyway, you ruin my work."

With his hand supporting his face, he said lazily, "I am for your sake. I don't want to see you get exhausted."

Anna was uncomfortable with what he said and replied, "No matter what, it was about last night. Today is new and I need to get down to my work."

"You are my girl and you don't need to work so hard."

"It has nothing to do with you. I want to work on my own and I hate depending on others."

"Does choosing to be dependent on me make it hard for you?"

"Yes."

"Hey, it seems that my woman is a strong and independent woman." Yulin got up, put on a jacket, and said slowly, "I'm sorry that I'm joking. I told your agent that you will arrive at the office in an hour. The driver is waiting for you outside, so you can get there in time perfectly."

She didn't expect this was true, so Anna grabbed her bag and ran towards the outside, while still complaining, "Damn it. Can't he not joke from now on?"

Looking at Anna's back, Yulin smiled and said, "I'm here waiting for you. Come back soon."

...

After a busy day, Anna was very tired.

Walking to the gate of the apartment, the security guard was greeting her.

With a smile, Anna greeted him too.

But only after walking a few steps, she heard the security guard greeting another person again.

"Miss Yu, welcome back."

Miss Yu...

Hearing the name, Anna stopped.

And just at the moment when Anna paused, Wei Yu behind her had already walked over.

Tilting her head to look at Anna, Wei Yu smiled and said, "What a coincidence. I didn't expect we would be neighbors."

Coincidence? Was this really a coincidence...

Anna nodded, not knowing what to say.

Her relationship with Wei Yu was indeed very weird.

Although Yulin said that he and Wei Yu were already over, Anna still cared.

She knew Wei Yu was important to Yulin, which she always cared. Besides, she also knew their breaking-up was not because of cheating or something else.

They, in fact, still loved each other when they broke up.

It was because of some inevitable reasons, so they had to be separated.

If it's not because of that, how would there be Anna?

That's why Anna was not very confident about Yulin and her.

She didn't even dare to think more about whether she, or Wei Yu was more important to Yulin.

Because of various reasons, Anna was not willing to face Wei Yu.

But now, she had to deal with it.

After taking a deep breath, Anna pulled herself together. She looked up and smiled at her.

"Does Miss Yu have a property here?"

"Yes, I'm going to get married, and I plan to enjoy my last single life."

"Wow, enjoy life. Good."

"Well, my fiancé is not as romantic as Yulin. He doesn't know how to make a girl happy. But Yulin is really good at this."

Wei Yu said it causally, as if it was something people all knew. But her tone was indescribably vibe and lazy, as if she was the woman living with Yulin, who still was cared and loved by him.

This made Anna unhappy.

Seeing Anna get upset, Wei Yu smiled and asked, "You don't look very well. What's going on? Is the work too hard?"

Anna was a little dazed, then she nodded and said, "Recently I've got some new plays, and meetings, so I'm quite busy."

"Hey, what's wrong with Yulin? Why does he make you so tired? He really does not know how to care for you. In the past, he was not like this. As long as I got tired, he

would feel sorry. He told me many times that he would give me the money to live. He didn't want to see me be a strong woman."

Wei Yu's words made Anna think about what Yulin said that day.

It turned out that he didn't say this to her...

She used a smile to reply, but it was a bitter smile.

Wei Yu seemed to realize that she had said something inappropriate and apologized, "Oops, I'm sorry. Miss Xie, forgive me."

Anna tried to force a smile and said, "No, you're fine. It's not a big deal."

However, Anna no longer wanted to continue the embarrassing talks.

And just when Anna wanted to excuse herself, Qiqi came out to take out the garbage and happened to see them.

"Huh, Anna, why are you standing here?"

"Oh, I ran into a...friend."

Having a difficulty introducing Wei Yu, Anna hesitated for a moment, and in the end, she chose the word "friend".

Qiqi did not find Anna's weirdness, but she was surprised, "Hello, Miss Wei. I'm surprised that you know each other."

This made Anna confused.

Qiqi explained with a smile, "On the first day we moved here, I had the honor of meeting Miss Wei. I didn't know where the property office was, so I ran into her. She not only took me there, but gave me some fruit."

Qiqi was really a foodie. Food could always buy her.

Since Anna ran into Qiqi, she got the excuse to leave.

### **Chapter 477 A Strange Neighbor**

Anna Xie turned back with a decent smile, and said, "It's getting late, so we should get back now."

“Okay.”

Then Anna tugged Qiqi’s hand and walked back.

Qiqi had a very good impression of Wei Yu, and considered her as perfect woman because she was kind and beautiful.

Before leaving, Qiqi waved to her reluctantly and said, “Miss Yu, welcome to our home when you are spare.”

Looking at Qiqi’s bright eyes, Wei Yu slowly nodded her head with a smile.

However, the smile disappeared immediately when Qiqi could not see it.

Taking the elevator upstairs, Anna had not spoken, and she looked very serious.

Qiqi didn’t notice it firstly, still immersed in her own world, babbling about how good Wei Yu was.

“So if I could be as elegant and graceful as Miss Yu, I would even laugh in my dreams ...”

Pow—

Before Qiqi finished, Anna slapped the cup in her hand onto the table with a heavy, dull thud.

Qiqi was startled by the sound and looked at Anna, then she realized something, “Anna, are you angry?”

“Yes.”

“Why?”

Anna paused for a moment and asked rhetorically, “Do you know who she is?”

“Who?”

“Yulin Xiao’s ex-girlfriend, the one who lives in his heart.”

“What!?”

Qiqi was totally baffled.

What’s going on!?

Sitting on the couch, Anna was frustrated and said, "I know that their relationship is over, but it still bothers me inside. I do hope to have nothing to do with her, but you're so nice to invite her to our home."

Qiqi didn't expect Wei Yu's identity, she was chagrined: "I don't know her identity. Well, next time I see her, I'll just pretend I don't know her."

"That won't work either, we often run into each other, it's too awkward. Moreover, she is about to get married and will definitely not live here afterwards, so we'd better put up with it."

With her hand holding her forehead, Anna felt herself was really cranky.

Qiqi gently sat beside Anna, she was full of self-recrimination and said, "Anna, I'm so sorry."

"Why are you sorry for, it's my fault, I am too narrow-minded."

"It's not your fault, everyone would mind it if her boyfriend's ex is so beautiful." Feeling that there was something wrong with what she said, Qiqi was busy waving her hands and said, "Ah, I'm not saying you're not beautiful, it's just that Wei Yu is a little prettier."

God, what am I saying!

Qiqi was almost desperate, she never knew that she could be so stupid.

Looking at Qiqi's depressed expression, Anna laughed instead.

Ann took a deep breath to adjust her mood, raised her hand on Qiqi's shoulder and said, "Okay, I know what you want to say. Forget it, don't think about Wei Yu, it's nothing to do with us anyway, just do our own things."

"Well, no matter how good Wei Yu was, it's all in the past. It's just that she's getting married soon, so why is she still coming to bother you?"

This was a thought-provoking question.

But Anna didn't want to think much about it, or even dare to think much about it. She had thought she could avoid everything by ignoring it.

But Wei Yu did not do what Anna expected, and the next day, she came here.

Looking at Wei Yu dressed in pajamas outside the door, Anna had mixed feelings.

Wei Yu clasped her arms and said, "I locked my keys to the house, and I don't even have my cell phone with me, I have no place to go, so come to you. I hope it won't disturb you."

Anna smiled lightly and said, "It's fine, we are neighbors, and we are supposed to help each other. Come in, what would you like to drink, juice?"

"Great."

Wei Yu sat on the sofa, looked around and said, "Your house is so beautiful, it seems to be designed with great care."

Anna poured a glass of juice and gave it to Wei Yu, saying, "I don't know much about this, it's all done by Yulin."

"Really, he didn't used to be meticulous, it seems he has changed a lot for you."

"I don't know, but he still likes playing tricks."

Wei Yu laughed: "Actually, I admire you so much, be with someone you like and do things you like."

"Isn't Miss Yu the same?"

Wei Yu sighed lightly, and said emotionally, "I'm different, although I come from a distinguished family, I also lost my freedom because of it, I even cannot decide the one I marry. Otherwise, Yulin and I would not have been ..."

Wei Yu deliberately stretched out the tone, then waved her hand and said, "Forget it, it's all over, forget it. Seeing that you are happy now, I am also happy for you."

Anna could see that Wei Yu was saying it on purpose, she wanted Anna to know the difference between them, to know that Anna couldn't have what they once had.

Anna told herself not to care about it.

But she couldn't make it, she couldn't.

Anna was silent, and Wei Yu stopped talking.

Anyway, she had already achieved her goal, and didn't need to say much to make Anna lose confidence.

In the silence, Qiqi walked over quickly and said, "Miss Yu, I called the housekeeping center, they will send someone from the locksmith company soon, just wait a moment."

"Okay, thank you very much."

After that, Qiqi also did not know what to say, they became quiet again.

Looking across at the two women, Wei Yu smiled and said: "You two seem to be very restrained."

Qiqi shook her head, "No, it's because you're so dazzling that I don't know where to look."

Wei Yu couldn't help but laugh, "You are so cute, it must be fun to live with you."

"Haha, no no, I always talk nonsense all day, and only Anna can tolerate me."

"No, I really wish to have a roommate like you, so that the days could be a little more interesting."

Suddenly, Wei Yu seemed to think of something, her eyes lit up and said, "Right, I can also invite a roommate there. Qiqi, how about move to live

with me?"

"Uh ..."

Hearing Wei Yu's words, Qiqi was embarrassed, and Anna also looked unhappy.

It seemed that she was not only going to steal Anna's boyfriend, but also her best friend.

This woman, she wanted everything from Anna.

Anna lowered her head and had a smirking expression.

Qiqi waved her hand and said to Wei Yu, "Don't joke about it, I have a bunch of bad habits, when you find out, you will definitely not be able to stand it."

"If Miss Xie can stand it, I'm sure I can too." Wei Yu's tone was a bit conceited when she said this.

Anna and Qiqi looked at each other, both felt something unintelligible.

Just then, the door lock sounded and someone opened the door from the outside.

As Yulin opened the door, he saw three women with different looks in the room.

For a moment, Yulin was at a loss.

Then Anna stood up first and questioned, "Yulin, how do you have the key to this place?"

Yulin justifiably said, "I got someone to make one."

"Why didn't you tell me?"

"Why should tell you? I'm going to be here a lot later, and it's convenient to have a key."

Yulin spoke as if he took everything he did for granted.

But Anna felt uncomfortable, this was her home, and Yulin had the key without saying.

However, because there were someone else there, Anna could not be angry on the spot, and she only put all the dissatisfaction in the heart and later to find him to settle it.

Yulin stared closely at Wei Yu and frowned questioningly, "Why are you here?"

Wei Yu drank juice, gently shrugged her shoulders and said, "The key was locked in the room and I had no place to go. What, Miss Xie doesn't mind, do you have any problem?"

"I didn't say anything."

Wei Yu put the cup on the table, look relaxed, said, "Don't worry, I won't do anything to your little girlfriend, we just get together to chat. In the future, there will be few opportunities like this, when I get married, I will settle abroad."

Yulin said lightly, "Really? That's good."

Anna wanted to know what Yulin was thinking, but Yulin's eyes were so obscure that Anna didn't see anything.

Instead, Wei Yu c0cked her head and playfully said, "You seem unhappy to see me."

"It does not matter if I'm happy or not, we are just friends, there will be a chance to meet later."

"But did you ask me if I want to meet with you?"

Yulin didn't mean to make Wei Yu uncomfortable, but Wei Yu spoke in a direct way, which made Yulin speechless .

It was once again awkward, and this time, no one knew what to say.

Ding Ding—

The phone suddenly rang.

Qiqi got up to answer the phone and hung up after a short chat.

“Miss Yu, the locksmith is here.” Qiqi said.

“Oh, then I’ll go over there now.”

They were relieved to see Wei Yu leaving.

But Wei Yu stopped at the door.

She turned back and said, “Now it’s dark, maybe it’s not appropriate for me to go alone and meet with the locksmith.”

It was obvious that Wei Yu wanted to spend time alone with Yulin.

Anna sipped her l!ps, then nudged Yulin and said, “Then you can go with Miss Yu.”

Hearing this, even Qiqi secretly poked Anna, not to mention how helpless Yulin was.

Wei Yu smiled slightly, “I think that’s a good idea, hey, let’s go.”

Yulin turned his head to the side and said reluctantly, “I’m tired.”

“The man can freely enter my home, do you really want me to go there alone?”

Hearing this, Anna also said, “Yulin, just do her a favor.”

Yulin seemed annoyed, he got up and walked out the door unhappily.

Wei Yu nodded and smiled at Anna and Qiqi and turned to leave.

She looked elegant and calm, as if the man she dragged away was not someone else’ s boyfriend, but her own.

This made Qiqi a little confused and she looked at Anna and Qiqi asked, “Anna, why did you let Yulin go over there?”

“Do you think that Yulin won’t go if I say no?”

Qiqi didn’t understand what she said, and asked: “What else?”

Anna did not explain but smiled to herself,.

She knew Yulin very well, after Wei Yu said that, he had already faltered. He just couldn't show it too obviously because of Anna. So Anna said it for him.

Anna took a deep breath, leaned down to put the cup away and said, "Wei Yu is right, it is indeed not safe for herself."

"But it's even less safe to be with Yulin. Are you sure they won't do something?"

"If they want, I can't stop it."

Qiqi wanted to say something else, but looking at Anna's unconcerned look, she only stopped talking.

Qiqi reached out and poked Anna's forehead and said, "Look, no matter what happened to them before, you have to remember that you are Yulin's girlfriend now!"

"I know."

Anna still looked indifferent.

Seeing this, Qiqi shook her head in exasperation and went back to her room.

Anna sat on the couch, and her smile faded.

.....

The locksmith pried open the door and was nimbly changing the lock.

Wei Yu held her arms and glanced at Yulin.

As expected, the man looked very impatient.

It's been so long, how came he hadn't grown at all. To those he liked, he would give everything; to others, he only showed indifference.

True rejection did not require such an impatient expression, just a look of indifference that could make one painful.

Unfortunately, Yulin had not yet learned.

Wei Yu said with a slight smile, "Hey, it's so unbearable for you to stay with me now? We've known each other for so long, it's not too much to do me a small favor, right?"

Yulin turned to look at Wei Yu, said nonchalantly, "A small favor? Wei Yu, I know what you are thinking. I already told you last time, don't think about the things that don't belong to you!"

"I just want to see you more, is that wrong?"

Wei Yu had tears in her eyes.

Yulin was astounded by her sadness.

"Yulin, I'm so sorry. I had no choice but to break up with you, why can you act as if nothing happened, while I am stuck in it and can never come out? I want to see if you really don't care about me anymore."

Wei Yu's voice was trembling when she continued.

It was a long pent-up emotion that finally found its way out.

Chapter 478 She Had Nothing to Do with Our Relationship

Anna Xie turned back with a decent smile, and said, "It's getting late, so we should get back now."

"Okay."

Then Anna tugged Qiqi's hand and walked back.

Qiqi had a very good impression of Wei Yu, and considered her as perfect woman because she was kind and beautiful.

Before leaving, Qiqi waved to her reluctantly and said, "Miss Yu, welcome to our home when you are spare."

Looking at Qiqi's bright eyes, Wei Yu slowly nodded her head with a smile.

However, the smile disappeared immediately when Qiqi could not see it.

Taking the elevator upstairs, Anna had not spoken, and she looked very serious.

Qiqi didn't notice it firstly, still immersed in her own world, babbling about how good Wei Yu was.

“So if I could be as elegant and graceful as Miss Yu, I would even laugh in my dreams ...”

Pow—

Before Qiqi finished, Anna slapped the cup in her hand onto the table with a heavy, dull thud.

Qiqi was startled by the sound and looked at Anna, then she realized something, “Anna, are you angry?”

“Yes.”

“Why?”

Anna paused for a moment and asked rhetorically, “Do you know who she is?”

“Who?”

“Yulin Xiao’s ex-girlfriend, the one who lives in his heart.”

“What!?”

Qiqi was totally baffled.

What’s going on!?

Sitting on the couch, Anna was frustrated and said, “I know that their relationship is over, but it still bothers me inside. I do hope to have nothing to do with her, but you’re so nice to invite her to our home.”

Qiqi didn’t expect Wei Yu’s identity, she was chagrined: “I don’t know her identity. Well, next time I see her, I’ll just pretend I don’t know her.”

“That won’t work either, we often run into each other, it’s too awkward. Moreover, she is about to get married and will definitely not live here afterwards, so we’d better put up with it.”

With her hand holding her forehead, Anna felt herself was really cranky.

Qiqi gently sat beside Anna, she was full of self-recrimination and said, “Anna, I’m so sorry.”

“Why are you sorry for, it’s my fault, I am too narrow-minded.”

"It's not your fault, everyone would mind it if her boyfriend's ex is so beautiful." Feeling that there was something wrong with what she said, Qiqi was busy waving her hands and said, "Ah, I'm not saying you're not beautiful, it's just that Wei Yu is a little prettier."

God, what am I saying!

Qiqi was almost desperate, she never knew that she could be so stupid.

Looking at Qiqi's depressed expression, Anna laughed instead.

Ann took a deep breath to adjust her mood, raised her hand on Qiqi's shoulder and said, "Okay, I know what you want to say. Forget it, don't think about Wei Yu, it's nothing to do with us anyway, just do our own things."

"Well, no matter how good Wei Yu was, it's all in the past. It's just that she's getting married soon, so why is she still coming to bother you?"

This was a thought-provoking question.

But Anna didn't want to think much about it, or even dare to think much about it. She had thought she could avoid everything by ignoring it.

But Wei Yu did not do what Anna expected, and the next day, she came here.

Looking at Wei Yu dressed in pajamas outside the door, Anna had mixed feelings.

Wei Yu clasped her arms and said, "I locked my keys to the house, and I don't even have my cell phone with me, I have no place to go, so come to you. I hope it won't disturb you."

Anna smiled lightly and said, "It's fine, we are neighbors, and we are supposed to help each other. Come in, what would you like to drink, juice?"

"Great."

Wei Yu sat on the sofa, looked around and said, "Your house is so beautiful, it seems to be designed with great care."

Anna poured a glass of juice and gave it to Wei Yu, saying, "I don't know much about this, it's all done by Yulin."

"Really, he didn't used to be meticulous, it seems he has changed a lot for you."

"I don't know, but he still likes playing tricks."

Wei Yu laughed: "Actually, I admire you so much, be with someone you like and do things you like."

"Isn't Miss Yu the same?"

Wei Yu sighed lightly, and said emotionally, "I'm different, although I come from a distinguished family, I also lost my freedom because of it, I even cannot decide the one I marry. Otherwise, Yulin and I would not have been ..."

Wei Yu deliberately stretched out the tone, then waved her hand and said, "Forget it, it's all over, forget it. Seeing that you are happy now, I am also happy for you."

Anna could see that Wei Yu was saying it on purpose, she wanted Anna to know the difference between them, to know that Anna couldn't have what they once had.

Anna told herself not to care about it.

But she couldn't make it, she couldn't.

Anna was silent, and Wei Yu stopped talking.

Anyway, she had already achieved her goal, and didn't need to say much to make Anna lose confidence.

In the silence, Qiqi walked over quickly and said, "Miss Yu, I called the housekeeping center, they will send someone from the locksmith company soon, just wait a moment."

"Okay, thank you very much."

After that, Qiqi also did not know what to say, they became quiet again.

Looking across at the two women, Wei Yu smiled and said: "You two seem to be very restrained."

Qiqi shook her head, "No, it's because you're so dazzling that I don't know where to look."

Wei Yu couldn't help but laugh, "You are so cute, it must be fun to live with you."

"Haha, no no, I always talk nonsense all day, and only Anna can tolerate me."

"No, I really wish to have a roommate like you, so that the days could be a little more interesting."

Suddenly, Wei Yu seemed to think of something, her eyes lit up and said, "Right, I can also invite a roommate there. Qiqi, how about move to live

with me?"

"Uh ..."

Hearing Wei Yu's words, Qiqi was embarrassed, and Anna also looked unhappy.

It seemed that she was not only going to steal Anna's boyfriend, but also her best friend.

This woman, she wanted everything from Anna.

Anna lowered her head and had a smirking expression.

Qiqi waved her hand and said to Wei Yu, "Don't joke about it, I have a bunch of bad habits, when you find out, you will definitely not be able to stand it."

"If Miss Xie can stand it, I'm sure I can too." Wei Yu's tone was a bit conceited when she said this.

Anna and Qiqi looked at each other, both felt something unintelligible.

Just then, the door lock sounded and someone opened the door from the outside.

As Yulin opened the door, he saw three women with different looks in the room.

For a moment, Yulin was at a loss.

Then Anna stood up first and questioned, "Yulin, how do you have the key to this place?"

Yulin justifiably said, "I got someone to make one."

"Why didn't you tell me?"

"Why should tell you? I'm going to be here a lot later, and it's convenient to have a key."

Yulin spoke as if he took everything he did for granted.

## Chapter 479 Anna's Aunt Was Used

Hearing this, Wei Yu was stunned for a moment, and then asked in surprise, "Don't know that Anna Xie has moved out?"

This made the Aunt embarrassed, but she still calmed herself down, "Ah? I really don't know about that."

"Maybe Anna is ready to tell you. She now lives in a nicer place. If there is a chance, she should really ask you to live there for a while."

Aunt's smile became even more wired and said, "Oh, maybe Anna hasn't had the time to contact us yet."

"Maybe. She's busy, and it's such a waste to leave a house there."

"Yes, you're right. Excuse me, lady, how do I address you?"

"Just call me Wei Yu."

"Miss Yu, do you know Anna's address?"

"Yes, I do, but if you want to know that, why not just call Anna and ask her?"

The Aunt smiled awkwardly and said, "Anna is busy at work. I'm afraid that I might disturb her if she is working."

"That's true." Wei Yu nodded. Then she wrote the address on a card and handed it to her, "here is the address."

Taking the card, the Aunt said, "Thanks a lot."

Holding the card, she began to plan something.

Hmph, the little b!tch. After she picked up Yulin, she forgot all her poor relatives? Her precious son's injury was because of her and this time, she needed to revenge.

Watching the change of her expression, Wei Yu knew that Anna was going to have some trouble.

She was eager to know how Anna would handle this greedy woman.

She was sure that it would be exciting.

Wei Yu's smile, wicked and tricky.

...

Someone was knocking on the door.

Hearing the doorbell, Anna hurried to open the door.

When she opened the door, she was wondering why Qiqi had forgotten her keys again, for this was the fifth time this week.

Luckily, she was at home, otherwise, Qiqi had to wait outside.

However, when Anna opened the door, she realized that it wasn't Qiqi, but her aunt and her cousin.

"Aunt?"

Before Anna could realize what's going on, her aunt had already pushed her away and got into the room to look around.

Seizing up the house, her aunt praised, "You do live in a big house. What a good house. If I can live here, I will accept a shorter life."

Staring at her aunt, Anna asked, "Aunt, nice to see you. May I ask why you come today?"

Sitting casually on the sofa, the Aunt said as if she was the owner of the house, "I need to talk to you. Firstly, the house is nice, and there are still two rooms vacant, so I plan to let your cousin stay here."

"But..."

Before Anna finished, her aunt interrupted her and continued, "Second, let Mr. Xiao put your cousin to work. Decent one, with more pay, and not too tiring."

Anna frowned and asked rhetorically, "If this is what he wants, why not just stay home?"

With a wave of her hand, her aunt said in a louder voice, "In a big company, isn't there someone who can just drink tea and read the newspaper? Let your cousin do that."

Showing a mocking smile, Anna said, "why should a company hire someone like this?"

"Nonsense. Your cousin is so capable that he can't find a position suitable to him."

"Why not try the president?"

"What's wrong with the president? As long as there's an opportunity, he can do it."

Anna didn't want to continue this conversation. She turned her head away with a helpless look and said, "Aunt, I'm afraid that I can't do that for your son. I'm nobody in the company."

Anna thought that her aunt would get mad when she heard this.

But her aunt smiled slyly and said, "I didn't all count on you. I have someone to help me, so you don't need to worry about the job."

She was surprised by this and asked, "Who can offer you the help?"

"It's..." She stopped, for she didn't want Anna to know everything. She lifted her jaw and said arrogantly, "Why should I tell you? For me, you are not the only one that I can turn to for help."

"I am afraid that you will be taken advantage of."

"As long as I can reach my goal. I don't care I'm being taken advantage of or not."

Seeing that her aunt didn't care at all, Anna got a little anxious and said, "aunt, he is already like this, you can't..."

"Shut up!" The Aunt got a little anxious and rebuked, "it's all because of you!"

"Me? Seriously?"

"Because of you, he got his finger cut off, and now he is so depressed that he refuses to go out. Your cousin was originally such an excellent person, but now, he's completely ruined."

Such an accusation made Anna feel discontented and muttered in a low voice, "he is a loser, indeed."

"What did you say?"

Not wanting to waste more time on this, Anna took a deep breath and said, "Okay, let's not talk about work for now and let's talk about living. I'm not the only one living in this house and my classmate lives here too."

Auntie waved her hand and said with no mercy, "she should leave then."

"How? It's our arrangement. How can I do that?"

"It's just a classmate. Is she more important than your brother?"

"I can't let her go anyway."

She squinted and asked, "That means either you will help us find a job or give us a place to live?"

Anna didn't say anything, which meant she agreed.

Aunt sneered, nodded, and said, "good. What a cold-blooded and vicious girl. But fortunately, I've made some preparation for this."

Then she took her son and rushed to Qiqi's room.

Anna was anxious and followed her, "What are you doing?"

But the Aunt just ignored Anna, and said to her son, "son, which one do you like? Choose one and we'll stay here."

"You can't do that."

Anna tried to stop them, but they just ignored her completely.

Taking a look at the room, her brother liked it a lot.

Seeing that he got a chance to live in it, he was excited and happy, "mom, is it true?"

"We are her relatives, so of course we can stay. Even Yulin can't stop us from visiting her, right? Besides, your finger was cut by Yulin, so it's not a problem to let him find a job for you."

Auntie said as if she was right. If someone who didn't know the whole situation heard this, he would think Anna was the bad guy.

Anna didn't want to bother Yulin because of her family affairs. Yulin had been away on business for days. Now she only hoped to solve this before he returned.

The moment she was thinking, her aunt and cousin had already walked into Qiqi's room and put the luggage inside.

"This room is nice and I'll stay here."

As soon as she heard this, Anna stopped, "No, someone is living here."

But her aunt didn't care about what she was saying. With a wave of her hand, she said, "your classmate? Let her move out. Since she's not here, pack up her things."

The cousin immediately responded, reaching out to put away the things on the table.

Anna got angry. She rushed to her cousin and glared at him, saying, "If you dare to touch anything, I will call the police."

Seeing that Anna was really angry, her aunt gave her son a look and said, "alright. Son, let's stay in that empty room. The living room is good, so you can stay there."

Then they rushed out and began to take their things out from the luggage.

They were laughing and joking, while Anna was in a mess.

She had never met someone cheeky like them.

However, how to explain to Qiqi?

Rubbing her forehead, Anna felt desperate.

Door opened-

The door was open and it was Qiqi who came home with lunch.

With two lunch boxes in her hand, Qiqi raised her voice and said, "Anna, I bought your favorite pork buns. It's still hot, come on."

However, without seeing Anna, she saw two unexpected guests.

When they heard that there was food, the Aunt walked out quickly and took the bag without any hesitation, saying while eating, "I'm hungry. Son, come and eat."

Qiqi was stunned and turned her head to look at Anna, wondering who this woman was.

Anna smiled and explained with sorry, "A relative. He will stay here for a few days and then leave."

Aunt immediately swallowed the food in her mouth and corrected, "We didn't say we're leaving right away. If we get used to it, we'll stay forever."

"What!?"

Qiqi was dumbfounded, but since she was Anna's relative, Qiqi couldn't say anything more.

Taking Qiqi away from them, Anna whispered, "they're talking nonsense. I will kick them out of here as soon as possible."

“Does Mr. Xiao know about this?”

Anna pursed her lips and said, “He is away, so he doesn’t know this yet. That’s why I will ask them to get back in these days.”

Gradually calming down, Qiqi began to worry about Anna and asked, “Anna, I always feel that the two are not good people, so can you make sure you won’t get hurt?”

Looking at them gobbling like wolves, Anna was not very sure, “I’ll try my best. I can’t let them bully me all the time.”

“If you can’t, call Mr. Xiao.”

When Anna heard this, she stopped Qiqi and said, “This is my business. I can handle it myself.”

“Then...okay. I’ll get back in my room.”

Qiqi was a little scared of them, so she decided to go back to her room to hide for a while and see what they would do.

She really didn’t know how long they hadn’t eaten anything. In a short time, everything in the fridge was all eaten.

At dinner time, they were full, so both of them finished an apple and went to bed.

Anna felt sorry for Qiqi, so she wanted to take Qiqi out to eat.

However, she was worried that they would mess around if she was away, so she chose to call for take-out.

When the pizza was delivered to her door, her aunt wanted some. However, she was too full to eat, so she went back to her room, grumbling.

Without annoying ones around them, Anna and Qiqi, staying in Qiqi’s room, finally had a nice dinner.

While eating, Anna discussed with Qiqi about how to deal with them.

Qiqi thought she should break from them and never contact them again.

But Anna didn’t want to do so.

Although they were terrible, they had a good relationship with her mother.

If they were really driven away, the Aunt would certainly exaggerate the fact and twist things up.

Then, her mother would retell the story that she was saved by her aunt from the water.

Therefore, "A drop of water in need, shall be returned with a spring in deed." If she didn't do that, she would be someone ungrateful.

So, what exactly should be done to drive them away?

Anna frowned and thought for a while, but she had no answer. She got more confused.

After dinner, Anna went back to her room, ready to memorize the lines, for she needed to do a play the next day in the early morning.

But while she was focusing on that, she heard Qiqi scream.

Knowing something's happening, Anna rushed to Qiqi's room.

At the door of the room, Anna saw her cousin passing by.

Just as Anna was confused, Qiqi ran out.

She clutched her collar with one hand and tugged Anna's hand with the other hand, who was now terrified.

Patting the back of Qiqi's hand, Anna asked, "What happened?"

"That guy...peeped at me changing my clothes."

What!

Hearing this, Anna was angry.

"Qiqi, you get back in the room and I'll teach him a lesson."

"Anna, don't..."

Anna did not hear the whole sentence.

At this moment, she was thinking nothing else but her cousin. She needed to give Qiqi justice.

She pushed open the door, staring at her cousin lying on the bed. Anna now looked fierce and frightening.

He sat up guilty and asked, "What?"

"Stay away from Qiqi. Don't do anything to her."

Not digging out what was happening, the Aunt rushed in and protected her son, shouting at Anna, "Anna, what the hell are you doing?"

"He peeped at Qiqi changing clothes."

Her aunt rolled her eyes and said, "is this necessary? My son didn't hit her or what. Why are you so nervous?"

This made Anna feel absurd.

"Aunt, it's about a girl's privacy. Do you really think it doesn't matter?"

Folding her arms, she was with a contemptuous look, "What, do you want your cousin to marry her? Your cousin is going to be someone in the future, and he is going to marry a girl from a decent family. This kind of girl is fine to sleep with, but not the one for marriage."

When she was saying, she was extremely arrogant.

Her confidence made Anna feel incredible.

Taking a deep breath, Anna tried to calm down and said, "I don't care who he wants to marry. He peeped at Qiqi and he must apologize to Qiqi."

"Apologize? It's all because your classmate tempted your cousin, so he couldn't control himself. Anyway, it's her fault."

Chapter 480 Anna's Aunt Occupied Her House

"Aunt, you're confusing right and wrong!"

"What? Don't talk nonsense if you can not argue with me."

"You..... anyway, you just won't apologize, will you!"

Without thinking, her aunt said, "Yes!"

"Well then, in order to keep my cousin from being tempted, I have to ask you to move out!"

Looking coldly at Anna Xie, her aunt said, "Anna, is it because you have an unspeakable secret here now that you always try to kick us out?"

"Nonsense!"

"You know in your own heart whether it's nonsense or not. Now, your cousin is going to rest, leave quickly!"

"No, I'm not leaving, he hasn't apologized!"

"Anna, you're gonna keep pestering us, right?"

"Yes, this isn't over for me until you apologize!"

"You ....."

Anna's aunt was about to curse Anna when Anna's cousin tugged at her sleeve, then he stood up and said with embarrassment, "Anna, I wasn't peeping, I just wanted to ask your classmate about something, but I happened to run into her changing clothes, so that is completely a misunderstanding."

Anna's aunt was convinced of his words and yelled at Anna, "Do you hear him, since it was a misunderstanding, get out of here quickly and don't annoy us!"

Seeing that Anna was still standing there and staring at them angrily, her aunt frowned and said, "What, you're still not satisfied after knowing that nothing happened? Anna, you are really a dumb. If this kind of thing becomes a big deal, it's your friend who will suffer a loss! You'd better think it over!"

"Anna ....."

Qiqi walked to the door and called Anna in a small voice.

After glancing at her aunt and cousin, Anna walked out and asked, "Qiqi, what's wrong?"

Qiqi still was quite awkward and said, frowning: "Anna, don't argue with them, it won't lead to anything."

Anna then said, being quite ashamed: "I'm sorry, Qiqi."

"It has nothing to do with you. But I'd better go back to school and stay for a while before they go."

"Qiqi....."

Qiqi smiled and said, "Don't be like that, I know you feel awkward too. But don't feel bad because of such a person, it's not worth it. Well, I'm going to go back to rest, you should also go to bed early."

Qiqi finished speaking and went back to her room.

Looking at Qiqi's back, Anna was in a bad mood.

Anna then thought: Qiqi has helped me a lot before, but I can't even protect her when something happens to her, what kind of friend am I?

No, I can't let Qiqi suffer like this, I must ask my aunt and cousin to leave as soon as possible!

.....

Anna went to the film city early in the morning to film the play, and she came home late.

Qiqi had already gone back to school and at that moment, only her aunt and cousin were at home.

Anna had known that these two people would not leave food for her, so she went home after she packed a snack.

When she went into the house, no one was in the living room, but the light was on in her cousin's room.

She closed her eyes tiredly and took her snack with her, being ready to take a shower first.

But as she walked past the living room, she felt that something was wrong.

So she stopped walking and looked around.

Eventually, she walked over to the TV cabinet and narrowed her eyes.

Turning around and walking to the door of her cousin's room, Anna pushed it open at once, staring at the people inside with an unfriendly expression.

The sound of pushing the door came so suddenly that it startled the two people inside.

As her aunt was about to argue with her, Anna spoke first:

"Where's the television?"

Her aunt was panic for a moment, but she quickly calmed down again and said confidently, "Your cousin sold it because he didn't think it was very good."

"What about the money for selling the TV then?"

"Are you going to haggle over every ounce about that small amount of money with us too?"

"I will ask you again, where's the money!"

Her aunt was quite annoyed about Anna's aggressive look, so she slammed the table and yelled, "We've spent it! So what!"

"You spent it on paying off the gambling debt, right?"

"Even if we used the money to pay off the gambling debts, it's because of you. If you had helped your cousin earlier and let your cousin work to earn a salary, would he have sold that TV? Your cousin's hand was even cut when he moved the TV!"

Anna became quite angry after she heard her aunt's words, then her cousin tugged at her aunt's hand, gesturing for her to stop shouting.

But her aunt didn't care, who even felt what she said was quite right, thinking: This Anna just owes us a lot.

Anna then curled the corners of her mouth, nodded and said, "I will remember this thing, and when my cousin gets paid, this amount of money will be deducted from his salary."

Anna's words then made her aunt become extremely furious, who yelled immediately: "Anna Xie, how dare you!"

"Let's wait and see!"

"You are really something now. You are completely different after having a backer."

Ignoring her aunt's ridicule, Anna said coldly, "I'm warning you, if one more thing is missing here, I'll call the police! Aunt, I don't think you would want those debtors of my cousin's to go to the jail to collect the debt!"

After saying that, Anna turned around and left, leaving all of her aunt's unpleasant a.buse behind.

Going back to her room, Anna sat on the floor with her arms wrapped around herself.

Sitting there alone, she suddenly wanted to cry.

But she couldn't be weak, because she knew that those cold-blooded people like her aunt would chew her up to the bone once they saw she became weak.

Wasn't that why her mother had been bullied by her aunt in the first place?

But she would never be like her mother!

Taking a deep breath, Anna took out her phone and picked out an identical TV online for home delivery tomorrow.

Yulin Xiao rarely watched television, so she might not be able to distinguish that the television in the living room was a little newer.

Anna's 'remedial' work was done promptly.

Because as soon as the TV arrived the next day, Yulin called Anna:

"I'm back, did you miss me?"

Naturally, she missed him very much, but she still had other things to deal with right now.

Noticing the silence on the other side of the phone, Yulin smiled and said, "What are you thinking about, why aren't you talking?"

"Ah, I'm very tired from filming today, so I just was stunned for a while."

"I've told you not to work so hard, how nice it is for you to simply count on me."

"I ....."

"Fine, fine, I'm just kidding. I know you won't listen." Before Anna said anything, Yulin smiled and said, "I bought you a gift, let's have dinner together in the evening, is that okay?"

"Ah, in the evening ..... let's go out to eat."

"Sure."

After hanging up the phone, Anna then began to think hard about how she could keep Yulin from going to her flat.

During the meal, they got along very well. And Yulin doted on Anna very much, making her forget her troubles for a short while.

But there were some things that could not be solved by running away, which she still had to face.

Putting down the fork in her hand, Anna hesitated as she said, "I want to discuss something with you."

"Go ahead."

"Can you.....help my cousin find a job?"

Yulin stopped eating after hearing her words.

Seeing this, Anna hurriedly said, "I know he has a bad character and doesn't need a good job, so helping him find a job to earn his own living and support himself will be enough. My cousin is spoiled by my aunt and doesn't even know how to live on his own. If he's given a chance to support himself, he might be able to live a good life."

"Do you really believe that there is any hope of getting better for the guy?"

Anna was also very guilty and murmured, "After all, we are relatives, I can't just do nothing for him, right?"

Yulin was silent for an instant, then said, "Okay, I'll let my assistant take care of it."

Seeing that Yulin agreed, Anna sighed with relief and smiled at him, saying: "Thank you."

"Don't say thank you for this kind of trivial matter. As long as...you can make me happy tonight."

Yulin said with a very ambiguous smile.

Anna blushed after hearing his words, then she looked down and said awkwardly: "Not tonight. You'd better go home today. I will film the play tomorrow morning, so I have to go to work very early tomorrow and I can't stay up late tonight."

"Now that you will film the play tomorrow morning, why don't you stay at a nearby hotel?"

"Because you're back now, and it's more convenient to meet with you over here."

Her words made Yulin feel quite comfortable, who leaned back against the back of his chair and said, "Wow, I really didn't expect that I am so important to you now."

"Don't kidding, eat quickly, and I'm going back after we finish the meal."

"Alright, I'll let you go this time, and when you finish your work, I'll ask you to make it up to me. By that time, you can not beg for mercy!"

Anna blushed and said, "What are you thinking about all day long?"

"Of course about human reproduction. How's that, it is quite great, right?"

She pushed away Yulin's face with a smile, which was coming closer her, and she was quite helpless but sweet.

But when she returned to her flat, she felt quite heavy again.

Yulin got the thing done very quickly this time and he soon arranged a job for Anna's cousin.

In Yulin's heart, her cousin was a loser.

Moreover, he had even betrayed Anna. Therefore, it was kind enough for Yulin to help him find a job, and of course he would not offer him any important jobs at all.

So when her aunt heard Anna's reply, she was extremely angry.

"What? To work as a security guard! How dare you let your cousin go to work as a security guard! Anna, are you on purpose!"

Anna was quite calm and said, "I help him find this job by asking another's help, don't be unsatisfied."

"Bullsh!t, how can we be satisfied now that you let him go to work as a security guard when he can be a manager with his ability!"

Anna sneered and asked, "Why do you think my cousin can be a manager?"

"He's smart and honest, how come he can't be a manager?"

"You can look around the big companies, those people who can be managers are all the experienced graduates of prestigious universities, who also have the decent character. Does my cousin have the educational background and abilities?"

"If he had, why would I ask you to help him find a job? We just want you to pull strings to find a good job for him!"

How dare she could say such words without shame.

Getting up, Anna said, "Anyway, that's all I could do for him. If you still are not satisfied, then you can only figure it out by yourself."

After saying the words, Anna stopped arguing with her aunt and went back to her room at once.

Her aunt was furious, who cursed Anna with bad language.

After a while, she got tired of cursing and sat down on the sofa to rest.

Her cousin had thought he could really be a manager and bragged many times to his friends.

But now, he could only be a security guard, and the difference of the two positions made him feel aggrieved and disappointed.

Standing next to Anna's aunt, he said, "Mom, I don't want to be a security guard."

"Of course you can't be a security guard, my son, how can you be a security guard!" The expression in the aunt's eyes became stern as she said, "We still have many connections except for Anna. Originally, I didn't expect she to be of much help. But I really haven't thought that she would really be so cold-blooded. Now that she has done that, then don't blame me for being heartless and ruthless!"

When he saw that his mom seem to have a well-thought-out plan, he hurriedly asked, "What do you have in mind?"

Looking mysteriously at his son, Anna's aunt said, "My silly boy, have you forgotten that we have also met a savior?"

A savior.....

After being confused for a moment, he then smiled.

.....

Having just had her beauty treatment, Wei Yu was about to leave when the receptionist told her that someone was looking for her.

Wei had already known who came for her, and she smiled slightly.

Ruffling her hair with her hands, Wei walked to the lounge.

Anna's aunt had been waiting there for a long time, but she wasn't in a hurry.

The lounge was cool, with a good environment, besides, there were so many delicious snacks to eat, so it didn't matter for her no matter how long she waited.

When she saw Wei, Anna's aunt immediately stood up with a pleasing smile.

“Miss Yu.”

“Sit down first,” Wei sat on the sofa with a smile on her face and asked, “Is there anything wrong now that you suddenly called me to meet?”

Talking about that, Anna’s aunt became quite angry and grunted, “Miss Yu, you are right, that Anna really placed obstacles in the way!”

Wei smiled and said, “That’s normal, after all, Anna is going to be a big star in the future, and she thinks that it’s the best for her poor relatives like you to disappear.”

“Hum, now she should resent us! Has she forgotten who she really is!”

“Anna is not the same little girl she used to be. Last week, she even received an invitation to attend the award party of the film festival. I believe it won’t be long before Anna becomes a rising star.”

“When the time comes, the gap between you will be farther and farther, and she will no longer be the little girl you can bully,” Wei then sighed with emotion and continued to say, “You are all from the same background, but because Anna found the right backer, she is able to become rich and famous. While you, on the other hand, can do nothing but have to look up to her in the future. That really feels bad.”

Her words stoked the fire of jealousy in the heart of Anna’s aunt, and then she said angrily, “Hum, such an ingrate! I can definitely make her be defeated!”

Seeing the murderous expression in her aunt’s eyes, Wei hurriedly said, “Don’t do anything stupid, no matter how, you are still relatives.”

“Why didn’t she think we were her relatives when she set us up behind the curtain! If we don’t make her pay the price, she’ll still think we’re all easy to bully!”

Seeing Anna’s aunt slowly walk into her trap, Wei sneered secretly.

Yulin had said that he liked Anna because she was special.

Now, Wei wanted to see if this woman’s specialness would make Yulin change his original thought.

.....

Holding the itinerary in her hand, Anna frowned.

“Won’t I attend the awards ceremony next week? Why is it cancelled?”

This was a very important event, because it was the first official event that Anna attended as a new star.

Anna also took it very seriously and had prepared for it for a long time.

But now, it was cancelled without any explanation, which made Anna feel quite confused.

Anna's assistant, Zhang then asked, being quite awkward: "Anna, haven't you heard the insider information?"
