Chapter 491 I Bring a Gift to You (1)

Then Lucy gazed affectionately at Yulin Xiao.

The other men would definitely be attracted by her affectionate gaze. Even if they knew there was a trap that she had set for them, they would willingly jump into it.

“It’s probably because Miss Lucy likes drinking more.” Yulin said in a joking tone.

Hearing this, Lucy was a little embarrassed.

“She is already drunk. Mr. Xiao, can you send her home?” Her boss asked deliberately.

Yulin didn’t expect Lucy’s boss to directly ask him to send her home. He raised his eyebrows. “Yes, it’s my pleasure.”

Then he took Lucy’s waist with one hand and led her out of the party.

When people saw Lucy being taken away by Yulin, they all had strange looks.

After sitting in the car, Lucy narrowed her eyes slightly. She stared at Yulin.

Leaning back on the seat, Lucy asked in a begging tone. “I don’t want to go home.”

“Then where do you want to go?”

“Anywhere is fine as long as I can be with you.”

“But you are drunk now.”

“I’m fine. A cold shower will clear my head.”

Lucy’s hint was obvious, and Yulin already had an idea in his mind. “Okay, I’ll take you to the place where I live.”

Lucy thought that she had finally got Yulin on the hook, but she didn’t know that she was the prey in Yulin’s eyes.

The two of them went back to the hotel. Lucy went to take a shower first.

Hearing the sound of water inside, Yulin took off his suit jacket.

“How long do you want to hide before you come out?” Yulin suddenly said.

Then Yuqi walked out of the room.

Leaning against the wall, Yuqi Mu's arm was around his chest. "Yesterday you told me that you and your girlfriend are in love, but today you brought another woman back?"

"No, you misunderstand me." said Yulin

"Although I am angry that you let me go to the party alone today, I still bring a gift to you."

"A gift?" Yuqi was puzzled.

Yulin pointed in the direction of the bathroom. "Weren't you interested in Lucy before? I brought her back."

Yuqi whistled and laughed. "Brother, I just can't believe you're suddenly so nice to me."

"We are twins. Of course I have to be nice to you. And I thought you might feel lonely when you watch me and Anna in a relationship. So I bring a girl for you."

Yuqi tilted his head to look at his brother. "I'm afraid that it's an excuse, trying to get rid of Lucy is the real thing."

"Isn't it good that you can have one-night stand with the beauty and know what tricks she is playing at the same time?"

"But I'm being used by you. It's weird. I need to think about it."

Yulin laughed lightly. "Oh, that woman has big b00bs."

At once Yuqi's eyes brightened.

"You hurry to my room to rest. I promised I would satisfy your guest and not disappoint her."

"Remember don't make too much noise." Yulin said with a smile. Then he left the room.

After the sound of water in the bathroom stopped, Lucy wrapped a bath towel and came out.

"Was there someone you were talking to just now?" Lucy looked at Yuqi and asked.

"Uh, I'm just talking on the phone." He glanced down at Lucy's breasts and then walked over to her.

Then he put his arm around her shoulders and took a deep breath, "Honey, you smell so good."

Lucy giggled. "You smell good too. Only you didn't just put on perfume."

Lucy felt that something was wrong and was about to ask something when Yuqi suddenly wrapped his arms around her waist and looked her straight in the eyes.

"Just for the vibe. Do you like it?"

Yuqi was better at flattering girls than Yulin. He diverted Lucy's attention successfully.

"Of course I like it."

Yuqi blew into Lucy's ear and then took her up.

"You haven't showered yet."

"Can you take a bath with me?"

"But I've just washed."

"Then take a bath again."

Once again, the sound of water came from the bathroom. But this time, there was a woman's moan mixed in it.

Meanwhile, in the next room, Yulin was on the phone with Anna. "Why are you still awake?"

Anna was sitting on a chair with the script in her hand. "I have a night scene today. I may have to stay up late."

"Don't work too hard. I'll be worried about you."

Anna smiled. "You seem to be very tired."

Leaning on the sofa, Yulin pulled loose his tie. "I'm not tired. I'm just tired of dealing with all kinds of hypocritical guys."

Listening to Yulin's sexy voice, Anna felt her heart beat faster. She licked her lips.

"Did you miss me?" He suddenly asked.

"Yes."

"How much do you miss me?"

"I'm missing you a lot."

Hearing Anna's words, Yulin was very happy.

"In about three days, I will be able to go back. By then, you can tell me how much you miss me with your body." Yulin deliberately trailed her voice with a flirtatious meaning.

Although she and Yulin were far apart, Anna still blushed. "We're just talking. Don't say those e.rotic words."

"I didn't say those things, Anna. Do I not satisfy you to make you think too much?"

Yulin said immodest words in a serious manner, which made Anna speechless.

She pretended to be angry, but Yulin dissolved her anger with his own way.

"As long as I can chat with you, even if you are angry with me, I am also very happy. Anna, I can't get away from you more and more, what should I do?"

"I...."

"Anna, it's your turn."

Before Anna could finish her words, someone behind her was calling her name.

"Oh, I'm coming." said Anna.

Then Anna said to the phone. "Sorry, I have to hang up the phone."

"Okay, just go to work."

Hanging up the phone, Yulin leaned back against the wall with a smile on his face.

.....

The next day, Yulin sat in the dining room, enjoying a wonderful breakfast.

After a while, Yuqi walked into the dining room and sat across from him.

He was exhausted. It was obvious that he had not rested well last night.

Yulin smiled and took out a glass bottle with brown liquid inside. Then he handed it to Yuqi.

"I know you must be very tired, so I had someone prepare tonic for you."

"There is no use for any tonic now. I just want to get some sleep. Yulin, this woman is really unusual."

"How is she unusual?"

"She exhausted me." Yuqi slumped on the table and said tiredly.

Yulin slowly ate a piece of toast. "Haven't you ever thought that she might use aphrodisiacs on you?"

"When you say so, it seems to be true. But I guess I'm not the only one who used the aphrodisiac, she must have taken this drug as well."

Instead of being worried, Yuqi was even a little smug.

Yulin raised his eyebrows and looked at him. "It seems that you are still happy."

"Yeah, but being set up by a woman make me a little unbearable." Yuqi said.

"You better go have a rest. Leave the rest to me." Yulin looked at him with some sympathy.

Then Yuqi slowly stood up. "Next time if you need me to help you do this, just tell me. I will definitely help you."

"Don't always have a one-night stand with women."

"Why not? You know, so many interesting women are waiting for me. I'm not going to find a girlfriend to tie myself down like you guys."

"You will regret it sooner or later, really."

"Then I'll regret it then. At least I don't regret what I've done now." said Yuqi. Then he left the restaurant and prepared to go back to his room to sleep.

Looking at his back, Yulin shook his head. "Brother, you really make my head hurt."

The new project was going well, and Yulin was finally able to relax a bit. He thought he would soon be able to return to his country.

Whenever he thought of Anna, a smile played on his lips.

When Yulin was preparing to book a flight back to China, two unexpected guests, Lucy and her boss, came to his office.

Seeing Lucy looking at him with affection, Yulin was expressionless, as if nothing had ever happened between him and Lucy. In fact, the two of them did not happen anything.

Only his coldness made Lucy puzzled. Obviously he was very enthusiastic that night, how come he was so cold today. Lucy was uneasy.

"May I ask what you want to do here?" Yulin asked coldly.

Lucy's boss smiled and went straight to the point. "I have business to discuss with Mr. Xiao."

"Aren't we all done with our business?"

"No, there is still one more business. I'm sure Mr. Xiao will be interested in it."

"Then you need to register it first, prepare a document, and then we can talk about it." Yulin said seriously.

Chapter 491 How Could He Have S*x with Her? (2)

Yulin Xiao was just about to call his assistant, but he was stopped by the man.

"This business can't be known by others"

"Why?" Yulin muttered.

"There are some conflicts within my family. I need to take control of the company to have an advantage. And this business with Mr. Xiao is my advantage."

He gave Lucy a look. Then she handed the document to Yulin.

Yulin took it and roughly flipped through it, then tossed it back to the table.

"You're laundering money. My family never does illegal business." said Yulin. He was a little shocked.

"But you're in England now. I will take care of everything, so you don't have to worry. I'm just using your company's name."

"You don't need to do anything and you can get a share of 30% of the huge profits." He said. "That's a great offer."

"Some money can be earned, but some money I won't even touch." Yulin firmly refused.

The man was stiff. "Mr. Xiao, I have already shown my sincerity to cooperate with you. You can think about it. There is no need for you to reject my proposal right away."

"This is a matter of principle. No matter who comes to talk to me about this matter, my answer will be the same." said Yulin.

The man suddenly smiled a little grimly. "Don't forget that you are now in England. You'd better cooperate with me and not let me use some illegal means against you."

"So you're intimidating me."

He raised his jaw and walked in front of Yulin. "I'm happy to work with you. I don't want things to come to this point either. But Mr. Xiao also needs to show your sincerity in cooperating."

"You're asking me to be willingly used by you. That's impossible. You're just underestimating Xiao Group and me."

Seeing that Yulin didn't agree, he got angry.

"So you're not going to agree to it anyway?" asked he.

"I have already expressed my thought. I don't want to say anything more."

"Haven't you thought about the price of annoying me?"

"I don't have to take care of everyone's emotions. If we agree, we'll talk, and if we don't, then we'll go our separate ways."

He gave a cold laugh. "If you dare to stand in my way, I won't let you off easily."

After saying that, he and Lucy left in a rage.

Just as they left, Yuqi walked into the office. In order to avoid them to see him, Yuqi did not meet with those two people head-on. But he could feel the anger of those two.

"Hey, what's going on? He gave you a beauty two days ago, why suddenly become aggressive?" asked Yuqi.

"This guy wants to use our company's name to do money laundering."

Yuqi laughed when he heard this. "He is really stupid. He is actually calculating this matter."

"No, he's not stupid. Maybe his coming to me to talk about cooperation is just his first step. I guess he has also expected that I would reject him."

Yuqi raised his eyebrows. "You mean he just did it on purpose?"

"Yeah, otherwise how could his articulate female assistant not say a word?"

"Maybe she was so completely attracted to you that she didn't even know what to say."

Yulin looked at Yuqi, his eyebrows slightly knitted.

"Alright, I'm just kidding." He reached out and gently slammed his fist on Yulin's shoulder. "I heard that their family has conflicts recently. It's normal that he would think of working with our company to help him get through it. However, their infighting has nothing to do with us."

"No, we are partners. If he loses, all the rest of the benefits will go to me." said Yulin casually, but there was greed under his eyes.

"So you're calculating this. You're quite greedy." said Yuqi.

"If it weren't for getting the most out of it, I wouldn't stay here. It's so boring up there." Yulin stretched his back.

"You can go on a date with Lucy. I'm sure she'll do everything she can to make you stop being bored."

However, Yulin shook his head straight. "Maybe Lucy's boss has given her orders to kill one of us."

"I didn't know you were even afraid of a woman."

"It's social experience. There's a good chance she's the killer."

Yuqi looked shocked as if he had just swallowed a fly. "Since she's dangerous, why did you bring her back and let me have a one-night stand with her?"

Yulin shrugged his shoulders. "It's because you like her that I just helped you out."

Hearing his reasoning, Yuqi snorted. "No matter what, let's be careful of them lately."

"You should be the one to be careful, because I'm going back to China soon."

Hearing that he was leaving, Yuqi looked at him in surprise. "You'll leave me here alone?"

Yulin looked at him with a smile. "How can you be alone? Don't you still have Lucy?" He teased.

Yuqi stood up suddenly. "Brother, you can't just leave now."

"When you bring down Lucy and her boss, remember to mail me a bottle of good wine as a celebration." said Yulin. He was happy to go home, while Yuqi gritted his teeth. At that moment, Yulin's assistant pushed in the door.

"Mr. Xiao, there are no more tickets for tomorrow's return to China."

Yulin was stunned. "All of them?"

"Yes, sir."

Hearing this, Yuqi was happy instead. He patted Yulin's shoulder. "See? The other side's counterattack has only begun. So don't think you can go back by yourself. We can only work together to go through it."

Yulin raised his eyebrows and looked at him. "You didn't do this?"

"I wish I had done it, but unfortunately it really wasn't me." Yuqi said smugly.

Yulin narrowed his eyes. "They tricked me."

"We now have to think about how to protect ourselves. I told you they have the support from the underworld. We must use brains and not force if we want to be safe."

"Then have you thought of a way?" asked Yulin

Yuqi shrugged. "You obviously already have an idea."

Yulin did have an idea, but he didn't expect to be discovered by Yuqi so quickly.

"You guessed it. It's really no fun."

"We are twins. It's super telepathy. Just like..." Yuqi paused, and then his gaze fell on Yulin's phone. "Your phone will ring soon." said he.

Things were really like what Yuqi said, Yulin's phone really rang. And it was still the one he missed calling. The look on his face immediately became tender. He walked to the side and picked up the phone.

Anna already knew that Yulin was coming back to China and she was excited. "When are you coming back? I'll go pick up you at the airport. "

Yulin scratched his head with some hesitation. "The situation may have changed, I will return a little later."

Anna suddenly had some bad premonition. "When is that?"

"I'll tell you when the time is confirmed."

"Okay."

"I'm sorry. But I bought you a gift. I hope you will like it." said Yulin.

.....

The two people on the phone didn't even know how sweet their tone was. This made Yuqi, who was sitting next to him, couldn't stand it anymore. He knocked on the table. "Hey, hey, just hang up when you're done. We have business to talk."

Suddenly hearing a sound on the other side of the phone, Anna asked curiously, "Who's talking?"

"An annoying guy."

Hearing Yulin comment on himself like that, Yuqi was unhappy. "Why did I become an annoying guy? Yulin, your words are hurting me."

"Well, he's too noisy. I'll call you later."

Yulin knew that Yuqi was talkative, so he hung up the phone so that Yuqi would not talk nonsense again later.

"Now you have a girlfriend, so you don't care your brother's life. I'm so sad." said Yuqi deliberately.

Putting away the phone, Yulin looked at him. "In this regard, you are not qualified to talk about others."

Yuqi was worried that Yulin would talk about his previous stories, so he hurriedly changed the topic.

"Okay, fine. Let's just talk about the business first. What are your plans at the moment?"

"I'll help you take care of those annoying guys first."

His words made Yuqi laugh. He patted Yulin's shoulder. "You finally say something that sounds nice. Then let's join hands and fight them."

.....

When Lucy and her boss got into the car, Lucy wrapped herself around her boss's body like a snake. Her fingers kept touching her boss's chest.

She looked up at him adoringly. But her boss's face was darkened. He clenched his fist tightly.

"Yulin Xiao is really ungrateful."

Lucy laughed. "He would have refused as you expected. If he had agreed, that's what would have made us doubt his sincerity."

"These two brothers are indeed not easy to deal with. We need to be careful of them."

"But we have something on him now."

Her boss looked at her sideways and reached out to cup her chin. "Thanks to your advice, we can control the situation."

"Now we're waiting for Yulin Xiao to beg us."

"I really hope that he won't let us down."

Then he leaned in and kissed Lucy.

.....

Yulin promised to return to China in two days, but he delayed the return date again, which made Anna uneasy.

Anna told herself not to worry too much about him. But her heart was not under her control at all. Once she was quiet, she couldn't stop thinking about why he hadn't returned yet. She knew it was bad to go on like this, so she tried to distract herself with work. She thought if she got busy, she wouldn't have time to think about him.

She became busier and busier. She almost forgot the day she went back to school for her exams. Luckily Qiqi reminded her. Only then did she remember that there were still exams. She still had two days to prepare for the exam.

She took her leave and went to the library with Qiqi.

But now Anna was already famous. She was always surrounded by people in the library.

In order not to disturb other students studying, Anna could only take the books and go back to the dormitory. On the way back to the dormitory, some fans came up and asked to take pictures with her. At the beginning, Anna could smile and fulfill her fan's wish.

But there were more and more people around. Anna could only take a shortcut back with Qiqi.

Finally they took great effort to get back to the dormitory.

Qiqi was lying on the bed, looking at the ceiling. "When you weren't popular, I wished you would become famous so everyone would know about you. But now that you're popular, I wish we could go to eat snacks without people's notice." she murmured

"People always lose some when they gain some."

"You're so right." said Qiqi , then she sat up from the bed. "But don't think about it, hurry up and read your book. I'll go get some food. The way things are going, I guess you won't even be able to go to the cafeteria. I'd better get ready in advance."

Looking at Qiqi, Anna was sorry. "Qiqi, I'm sorry for making you suffer along with me."

"How can it be suffering? You know, there are many people who envy me for being able to come together with you, a star."

Hearing her words, Anna just smiled.

"I'm going to get some buns."

After Qiqi left, Anna took out her book and read it.

But this did not last long. Her cell phone suddenly rang. It was not a phone call, just a message.

She took out her phone and looked at it. She found that a stranger wanted to add her as a friend. When faced with such a situation, Anna usually did not accept a stranger's invitation. But the other party's friend invitation said: If you want to know why Yulin Xiao is not returning to China, just agree to my friend request.

Her senses told her it was most likely a trick. But Anna's finger clicked it uncontrollably.

After accepting it, Anna regretted. As she planned to delete the person, the other party soon sent a photo. And that photo shocked Anna. Her phone also fell to the ground.

When Qiqi went back to the dormitory, she saw Anna sitting there as if she was a statue.

Qiqi was shocked to see her like this. She sat beside her and asked, "Anna, what's wrong?"

Anna heard her talking, but didn't hear what she said. She just dumbly turned her head and looked at Qiqi beside her.

"Qiqi, it seems like you really guessed something."

Qiqi was confused by her words. "What are you talking about?"

Anna stared at the phone on the ground, as if she was looking at a monster that would eat people. She didn't say anything.

Qiqi licked her lips, and then reached for the phone. She saw a photo of a man and a woman lying half-naked together on the phone.

The woman was a blonde, blue-eyed beauty. But the man in the photo was no other than Yulin Xiao.

At this moment Qiqi understood why Anna panicked.

Clenching her fists, Qiqi said angrily. "Yulin Xiao is really going too far. Even if that woman has a great body, he can't have sex with her."

Anna buried her face in her hands, somewhat desperate. "Qiqi, what should I do?"

"Call him and see what else he has to say."

Anna took the phone and immediately dialed Yulin. The phone rang for a long time, but no one answered.

"He's not answering the phone."

"Then keep calling!"

Anna called one after another, but the phone was never answered. This time Anna had become worried. "Why does he keep not answering the phone? Could something have happened to him?"

"It must be that bitch who used Yulin's phone to send you photos. She is really hateful!"

Anna panicked even more when she heard Qiqi's words. She never thought that there would be the other woman between her and Yulin.

Qiqi originally wanted to curse Yulin, but when she looked at Anna's painful look, she swallowed all the words back.

She patted Anna's shoulder. "Don't worry. Yulin will definitely contact you. I think he can give you an explanation."

Chapter 492 Explain to Me (1)

“So, what can I do then?”

“You have to listen to his explanation first and then make a decision.”

Hearing this, Anna was depressed and then turned to left.

“Anna where are you going?”

“I’ll come back soon!”

Qiqi called Anna’s name from behind, but Anna just ignored her and walked faster as if she didn’t hear it.

Then, she took a taxi to the dessert shop, before walking in, she saw Chuxue. Then, she pursed her mouth and walked in.

Hearing the sound, Chuxue looked up, after seeing Anna, she was a bit stunned.

“Anna, you seem to be unhappy, what happened?”

Anna walked directly to her and asked seriously, “Chuxue, I have something to ask you.”

Hearing her serious voice, Chuexue felt something was wrong and nodded, “Well, just say it.”

“You know Yulin Xiao is in England right?”

“Yes.”

“Then do you know the people he contacted in England?”

“I’m not sure about this, but it’s all related to work. Anna, why do you ask?”

Anna thought for a moment and said, “I I want to go to England.”

“What?”

Chuexue felt surprised when hearing this.

“What happened?”

She could tell from Anna's expression that something must happened.

But Anna didn't answer her and sad, "Time is urgent, I only have two days and I have to come back to take the exam."

"Does Yulin Xiao know this?"

"He doesn't know, and I don't want him to know."

"So, you want me to keep it a secret?"

Anna nodded and said, "Besides, I want your help. Please tell him that I'm still here. Chuxue, I trust you, you will help me, right?"

Chuxue couldn't refuse Anna for she saw fear and indifference in Anna's eyes.

After taking a deep breath, Chuxue asked, "Can you tell me the reason?"

"Seeing is believing, I have to convince myself with the facts." Anna said in a desperate manner.

Chuxue knew she was a positive girl. There must be something wrong, or she couldn't act so negative. However, Anna told her nothing, which made her very worried.

After taking a deep breath, Chuxue nodded her head and said, "Well, I promise you."

"Thank you."

"Well, I have something to exchange."

Hearing this, Anna was stunned and asked, "What do you want?"

"I want to go with you."

"What?"

Seeing that Anna was hesitating, Chuxue persuaded, "I know I can't stop you nor can I tell Yulin Xiao, I'm really worried about you, so this is the only way."

"Moreover, I can also help you, I promise Yulin Xiao will never know the truth."

After frowning and thinking for a while, Anna finally nodded and said, "Fine, Chuxue, it's very important, please."

Seeing that Anna agreed, Chuxue sighed with relief. She patted Anna's shoulder and said, "Don't worry, I will arrange it. Just go back and pack your luggage, I'll ask someone to pick you up after I buy the tickets."

"Thanks a lot."

After making the decision, Anna felt tired and went back to the dorm where Qiqi was waiting for her.

When seeing Anna, Qiqi quickly hugged her and soaked, "Where did you go? I'm really very worried, I thought you...." Then Qiqi cried, seeing this, Anna cried as well.

After taking a deep breath, Qiqi regained her thought and asked, "Where did you go?"

"I went to find Miss Ye."

"Why?"

"Because I need her help, I want to go to England."

"What?"

Unsurprisingly, Qiqi was shocked. However, Anna was calm.

"I want to see it myself, I've already prepared for it."

Seeing this, Qiqi felt sorrow and said, "Anna, take it easy."

"Well, don't worry, I just want to know the truth, I'm tired."

"But can you go alone?"

"Don't worry, Chuxue is going with me."

"Miss Ye?" Qiqi looked surprised, but she didn't say more, and just nodded and said, "Well, take care of yourself."

"I know. Help me to ask for leave, I'll come back soon."

"Well, leave it to me."

Anna nodded and then continued packing her clothes.

After a while, Chuxue called her. She wanted to accompany Anna alone, however, Zhao determined to follow her, she had no other choices but to take him, or he would tell Yulin Xiao.

Chuxue looked at Anna apologetically and said, "Just ignore him."

Although Chuxue said this, Anna felt guilty, "It's all because of me! I'm sorry to let you in a hurry."

"Don't say this, it's our own choices. Relax, maybe everything is fine."

Hearing this, Zhao quickly came over and asked, "What happened?"

Chuxue just pushed him away and said, "I don't know either."

"Chuxue, don't lie to me."

"I really don't know. I can comfort her if I know the truth."

While saying, Chuxue looked at Anna, she wanted her to say more.

However, Anna just kept quiet, as if she was thinking about something.

Seeing this, Chuxue sighed, she knew that Anna didn't like to share her feelings.

Since she acted very anxious this time, it must be a big thing related to Yulin Xiao.

Then they boarded the plane and Chuxue was sitting beside Anna.

The night was dark, but Anna was sleepless. Her eyes were as big as copper bells but looked depressed.

Chuxue had already woken up from a short nap, seeing that Anna was still awake, she said, "Anna, sleep for a while, it's better to have a rest now."

"I'm sleepless." Anna sighed, "I don't know whether the decision I made is right or wrong."

"Don't think like that, just take it as a travel, even if something bad happens, I'll be on your side."

Anna looked at Chuxue with appreciation and said, "Thank you, Chuxue."

"If you really want to thank me, then sleep now, it's an order."

Anna had no choice but to close her eyes.

At this moment, Yulin Xiao was sitting in his office, he didn't know that the one he loved was about to come.

It was only when he wanted to call Anna that he found his phone was missing.

After looking for a while, he frowned.

Seeing this, Yuqi Mu asked, "What are you doing?"

"My phone is missing."

Hearing this, Yuqi Mu raised his eyebrows and said, "It seems that Lucy gets action."

"Is it not that simple, what else had they done?"

"They've arranged a group of killers, they are coming for us now, it seems that you are their target."

Hearing this, Yulin Xiao was dissatisfied and asked, "Why can't it be you?"

However, Yuqi Mu sat on the table casually and replied, "All they want is you, there's nothing to do with me."

"It's late for you to say this."

"Well, stop. Both of us are useful for them."

Hearing this, Yulin Xiao grew sullen and said seriously, "They are just dreaming."

Yulin Xiao's words made Yuqi Mu feel excited. Then he rubbed his hands and said, "Let's fight back and play with them."

"Toss a coin to decide the gamer."

"Fine."

Yulin Xiao took out a coin and said, "You are the front and I'm the rear." As soon as he said this, he tossed the coin.

Yuqi Mu grabbed the coin and opened his hand.

"Yulin Xiao, you've been the winner since we were young. You are not cheating, right?"

Yuqi Mu got angry and threw the coin on the table.

Yulin Xiao knew the answer and smiled, "Cheating without being discovered is also a kind of skill. I will worship you if you can do this."

"Don't talking nonsense."

After saying this, Yuqi Mu left in anger.

Yulin Xiao just smiled and asked his assistant to get a new phone card for him, Then he continued working.

However, he was a bit distracted. Would Anna worry about him? Thinking like this, he borrowed a phone and called Anna.

But Anna's phone was off, so he called Qiqi.

Qiqi was sleeping, and when she received Yulin Xiao's call, she immediately woke up.

"Where's Anna, is she with you?"

"You are really shameless. How dare you to ask her?"

Qiqi was very angry, Yulin Xiao was stunned and asked, "What's wrong?"

"You..."

Just as she wanted to say more, she suddenly stopped.

She had to keep it a secret, or what Anna done was all in vain.

After thinking for a while, Qiqi said, "What else could it be? Anna is angry for you didn't answer the call."

"I lost my phone and I couldn't do anything about it."

What a bad excuse!

Qiqi mocked Yulin Xiao in her heart and looked disdainfully.

"What is Anna?"

"She's probably filming the movie, I'm not sure."

"Well, tell her to call back if you see her. I'll explain to her later."

"I know."

After hanging up the phone, Qiqi grimaced at the phone.

"I won't speak for you, just say it to Anna yourself."

Yulin Xiao felt Qiqi's attitude was weird. Could it be that he interrupted her sleep?

Yulin Xiao shook his head and didn't think more.

Chapter 492 Explain to Me (2)

The next day, Anna didn't call him back.

The more Yulin Xiao thought about it, the more anxious he was, so asked Dongzi to have a see. Besides, he asked Dongzi to tell him once there were news.

After hanging up the phone, Yulin Xiao's assistant came in and said someone wanted to visit him.

Hearing this, Yulin Xiao narrowed his eyes, who would come at this moment?

As soon as the person walked in, the fragrance of perfume filled the room, it smelled really disgusted.

Yulin Xiao frowned, he remembered that Anna didn't like perfumes, he could only smell the fragrance of shampoo from her, which made him feel comfortable.

What did Anna doing now?

Lucy stood in front of Yulin Xiao and smiled perfectly.

However, he just ignored her which made her a bit embarrassed.

After taking a deep breath, Lucy said, "Yulin."

Yulin Xiao just raised his head and asked faintly, "What's wrong?"

Then Lucy sat opposite him and said in a shy manner, "Don't be indifferent since we've already slept with each other."

"Since we are in different positions, we'd better keep distance."

Lucy stared at Yulin Xiao, she wanted to know more but was all in vain.

So she looked down and tried other ways. When she raised her head up again, her attitude was changed and she sighed, "Actually, I don't agree with my boss's behavior, since you've already compromised, how could he force you?"

"Don't worry, I will try to convince him to cooperate with you."

"Thanks then."

“Well, that’s not enough.”

Hearing this, Yulin Xiao knew her trick and asked with a smile, “Then what else do you want?”

Seeing that Yulin Xiao believed her, Lucy was happy, however, she pretended to be calm and said, “Just treat me for dinner.”

“That’s reasonable.”

“So you agree?”

“There’s no reason for me to refuse.”

Hearing this, Lucy was extremely happy and said, “Great, I’ll arrange it, see you then.”

“Fine.”

Then Lucy stood up and kissed Yulin Xiao on his face and left.

As soon as she left, Yulin Xiao grew sullen, he wiped his face with the handkerchief, as if he was licked by a dog.

A few days later, Yulin Xiao went for Lucy’s appointment. He was so smart that her appearance had attracted people’s attention.

Seeing this, Lucy sighed in her heart, “What a pity! He could live longer if he accept boss’s request. He is really a stubborn man.”

After thinking for a while, she regained her thought and waved to Yulin Xiao.

“Here!”

After sitting down and looking around, Yulin Xiao said, “I thought that you would find a luxurious place, but didn’t expect to come to an Izakaya.”

“Well, don’t look down at here, it’s pretty famous in England. I paid ten times more to book here. No one will disturb us.”

“Thanks.”

“Don’t be polite.”

However, Yulin Xiao ignored her wink and looked down at the menu and then asked, “What would you like to eat?”

Lucy just held her head with the hands and said, "Whatever, everything is delicious since you are here."

Hearing this, Yulin Xiao said indifferently, "You are really sweat, no wonder your boss trusts you so much."

However, Lucy felt a sense of danger when hearing this, she just pursed her mouth and replied, "Well, I'm very loyal."

"It's rare to have a loyal subordinate like you."

Yulin Xiao's words were strange, which made Lucy a bit anxious. So she didn't want to be nervous and quickly changed a topic and said, "You'll come back to China right?"

"Yes."

"I'll miss you, you make me feel happy on the bed."

Lucy said shyly and even stretched out her feet to touch Yulin Xiao, which made him disgusted, he wanted to cut her feet.

Fortunately, Lucy sensed this and stopped luring him.

Yulin Xiao lowered his head and hid his emotion, then he said, "Don't say this, you must have many suitors for you are so attractive."

Lucy laughed awkwardly and said, "Well, it seems that I'm experienced."

However, hearing this, Yulin Xiao looked at her and said, "Isn't it?"

The gaze made Lucy a bit anxious and she pretended to be calm and replied, "Of course not, I'll definitely miss you."

Hearing this, Yulin Xiao smiled playfully, which made Lucy even more anxious.

She had to stop such conversations for Yulin Xiao was playing tricks with her. Thus she frowned a moment and then poured a cup of wine for Yulin Xiao and said, "If you agree to cooperate with my boss, then we are friends and maybe I can come back with you if you want."

"Well, I have a girlfriend, you will only bring me trouble."

Hearing this, Lucy said shyly, "You are really indifferent, of course I'm better than your girlfriend."

However, Yulin Xiao answered directly, "No, my girlfriend is much better."

Lucy was angry when hearing this, she was very confident, no man could resist her charm.

Thinking like this, she sat straightly and said, "I know your girlfriend is skinny, of course I'm in a better shape."

"Well, I just like her, you know sometimes plump woman will make me feel disgusted."

Yulin Xiao said seriously, however, Lucy grew sullen. She was humiliated by him! How could he say this? She was very furious so that she didn't want to flirt with him and said directly to the point.

She snorted and said, "You're right, you will be more dangerous if I come back with you. At that time, not only our relationship, but those bad things of your company will be exposed."

"Bad things?" Yulin Xiao raised his eyebrows and smiled brighter, "Are you framing me up?"

Although he was smiling, he said in an indifferent manner. People who were familiar with him know that this was a dangerous signal.

Unfortunately, Lucy did not know it, she thought she had the evidence. Then she looked at Yulin Xiao and said slowly, "Well, I don't mean to do that, I can show you the evidence."

Seeing this, Yulin Xiao smiled and said, "It seems that you are busy handling such evidences right?"

"What are you talking about?"

Lucy pretended to be innocent, even Anna would respect her performance.

Thinking of Anna, Yulin Xiao felt better, however, the face of Lucy made him disgusted.

He quickly withdrew his gaze and said, "It's just a little trick, do you think they will believe this?"

"Maybe they won't, but what if they see the photos?"

"Photos?"

Lucy smiled and took out her own phone and handed it to Yulin Xiao.

After taking a glimpse, Yulin Xiao didn't want to continue.

Yuqi Mu was really careless, besides, he looked really ugly on these photos.

Just when Yulin Xiao was judging the photos, Lucy looked at him smugly and said, "Records and data are not enough to convince them, but I believe if they know our relationship, their attitude will change."

Then Yulin Xiao looked at her again and thought she looked better after putting on the clothes.

Then he gave her the phone and said, "It seems that you are really mean."

However, Lucy said casually, "It's just a one night stand. We are destined to have that night."

"You are really very confident."

Lucy caressed her hair and smiled brightly.

However, the next moment, she was frightened.

"What if the person in the photo is not me?"

Hearing this, Lucy was stunned and sneered, "It's really a low excuse."

Lucy didn't believe him, however, Yulin Xiao said slowly, "I don't want to waste time, I guess you know that I have a twin brother."

As soon as she heard this, she knew his thought.

She was not that stupid, he was so reckless to fabricate such a low excuse.

Yulin Xiao slowly explained under her disdainful gaze, "As we all know, my surname is Xiao, his surname is Mu. I am in charge of Xiao's Group while he is the leader of Mu's Group. Although he has some shares of Xiao's Group, I'm the only leader. Since he is a playboy, these photos mean nothing."

Hearing this, Lucy grew sullen and yelled, "That's not the truth, I've seen him, I can distinguish you!"

However, Yulin Xiao continued, "We pretend to be each other since we were young, and so far no one knows our identity."

Lucy slapped the table and said angrily, "It's impossible, it's just an excuse."

Seeing that Lucy was furious, Yulin Xiao said slowly, "Since you say you can distinguish us, then do you know that I get no scars on my shoulder?"

The word made Lucy feel depressed. Yulin Xiao just looked at Lucy and continued, "Lucy, you have to accept the fact, you are the loser."

"Loser? Don't look down at me." Lucy raised her eyebrows and smiled dangerously, "I've already give you the chance, since you intend to irritate me, don't blame me!"

Hearing this, Yulin Xiao felt ridiculous and said, "It's been a long time since I hear such arrogant words, although you are stupid, I admire your courage."

"Don't talking nonsense." After saying this, she left.

She was very furious that she couldn't pretend to be elegant. Yulin Xiao was still sitting in the Izakaya and enjoyed the wine served by the waitress.

As soon as Lucy walked out, a few man come to her, she was very angry with her eyes filled with hatred, then she said indifferently, "Yulin Xiao is really a reckless man. Kill him right now."

"Yes."

Upon receiving the order, the men in suits prepared to sneak into the Izakaya.

But just as they entered, the sound of the gunshot was heard.

Such changes made them feel surprised. Then people in the Izakaya started screaming.

"Lucy, what should we do?"

Lucy gritted her teeth and said, "Just hide yourself and see what happens."

About five minutes later, an ambulance arrived and Yulin Xiao was carried out on the stretcher.

What was going on here!

Lucy frowned tightly, feeling that the situation was a bit strange. She could only go back and asked her boss.

However, her boss already knew this and he praised Lucy.

"You are awesome, great job!"

However, Lucy looked serious and said, "I didn't do this."

"What?"

Lucy bit her lips and said, "I didn't hurt him."

Hearing this, the boss frowned and asked, "Then who was it?"

"I'm not sure, I was outside the Izakaya and was about to do something when I heard the gunshot."

"So, it's not your helper?"

"Right."

Then the smile on his face disappeared, he frowned and muttered, "Could it be that Yulin Xiao has other enemies? It's too much of a coincidence, or..."

Before the boss finished his words, his assistant rushed to his office quickly. Seeing that his assistant acted so reckless, the boss was angry and blamed, "Why don't you knock the door?"

The assistant had no time to explain and said, "Boss, Yulin Xiao is here!"

"What?"

Both the boss and Lucy were shocked.

The boss was strolling in the room, wondering why Yulin Xiao was here.

"Boss, what can we do now?"

The boss hesitated for a while and gritted his teeth, "I'll meet him now!"

As soon as he walked to the meeting room, he saw Yulin Xiao who looked energetic and healthy.

Although he still felt confused, he just pretended to be calm and walked to him.

Chapter 493 Being Kidnapped (1)

"Mr. Xiao, what can I do for you?"

Compared to the boss's pleasant face, Yulin Xiao looked slightly more serious, with pursed lips and a taut jaw.

He seriously scanned the boss and Lucy, who were a little nervous, and then heard Yulin say in a deep and slow tone, "Miss Lucy, please explain why did you hurt my brother!"

Lucy's face turned pale at once and questioned, "What nonsense!"

"Really? You asked my brother to dinner and then you were fine while he had an accident at an izakaya, does that have nothing to do with you!"

After hearing this, Lucy finally understood. It turned out that Yulin was playing the identity swap trick again, he was trying to escape first by himself and then let her take the blame!

No, she couldn't let Yulin cheat like this anymore!

Lucy turned her head to look at her boss and said in a harsh tone, "Boss, the person I'm having dinner with is Yu ..."

"Shut up!"

However, before Lucy could finish her sentence, the boss had already reprimanded her.

"Lucy, I trusted you so much, I never thought you would hurt Mr. Xiao for personal grudges!"

What!?

Hearing this, Lucy first froze, and then slowly came back to her senses.

It seemed that the boss was going to take her as a sacrifice. Lucy's face slowly became pale, feeling that she was finished.

She stared at Yulin with a look of bitter hatred in her eyes.

However, Yulin was not very satisfied with this reaction.

"You two just stop acting in front of me, you're obviously colluding together, don't pretend to be innocent."

"Mr. Xiao, it's not like that, I really didn't know. Lucy has always been a good assistant to me. That's why I was negligent. Please don't misunderstand."

Yulin sneered and said, "Do you think that I will still believe what you say?"

"Mr. Xiao, I really don't know anything, Lucy, tell Mr. Xiao that you did it all by yourself!"

Under the boss's fierce glare, Lucy slowly dropped her head, as if accepting an order.

Lucy spoke in a heavy tone and said, "Yes, everything is done by me, it has nothing to do with my boss."

"Then why did you harm Yuqi Mu?"

"Because I liked him, but he didn't take me seriously. I wanted to disclose our relationship, and he wouldn't allow it, so when he got angry, I tried to kill him."

"Miss Lucy, do you know what will happen if you say that?" Yulin looked at Lucy with a smile, but his voice was like a devil, "You will go to jail, and then you will have nothing. Look at your pretty face, I think you know very well what will happen to you in jail."

Lucy's body jolted and she tilted her head and pleaded, "Mr. Xiao, please give me a way out."

Yulin hooked his lips and said, "A way out? Humph, when you harmed Yuqi, why didn't you think of giving him a way out?"

"You ..."

"Well, Mr. Xiao is right, Lucy, you should be punished as you deserve!"

The boss reprimanded Lucy, so that she did not dare to say another word, but only silently aggrieved.

Turning his head to look at Yulin, the boss smiled ingratiatingly, "Mr. Xiao, I will definitely punish Lucy and give you an explanation."

"You don't need to do anything about this, just give her to me directly and send her to the police station."

"But ..."

"What? Is it because Lucy followed you for years and you sympathize with her? Or is it because you're in cahoots?"

The boss immediately refused sternly, saying, "No, I would never condone my employees doing such things."

"Then let me take Lucy away, and the truth will be known as soon as we find out."

With that, Yulin winked to his men and yanked Lucy up.

Lucy fought back and yelled, "Boss, I can't fall into Yulin's hands, he'll torture me to death!"

But her boss was indifferent to her pleas and only focused on discussing something with Yulin.

The blood in Lucy's body became a little colder, she knew that the boss had given her up.

Biting her lip, Lucy was pushed away.

Before leaving the parlor, she kept her eyes fixed on her boss, hoping he would speak up and retain her.

But in the end, he let her down.

Without Lucy, the boss was more reckless and put all the blame on Lucy, hoped Yulin would not take it out on him and continue the cooperation.

Now, it's a critical moment of his power struggle, and he could not afford to make any mistakes. So, even if he groveled, he still had to please Yulin first. When the important event was completed, it's not too late to settle the score with him.

Yulin, of course, knew the boss's little scheme, he did not move on the surface, but had already made a decision in heart.

He did not agree and did not oppose, the boss had no idea what he was thinking and was anxious like an ant on a hot pot.

Yulin was waiting for the other side to confuse themselves, and then, he could execute the next plan.

After listening to the boss ramble on for nearly an hour, Yulin made an excuse to leave.

Even before left, Yulin did not make his position clear.

Originally, the boss thought he was sure to win, but did not expect the situation to take a sharp turn, he not only lost an ace, but also a great assistant, and his position was already in jeopardy.

Sitting on the sofa, the boss was full of anger and called his assistant.

"Yulin is trying to take advantage of the issue, we must not give him this opportunity!"

"So what are we going to do?"

The boss's eyes narrowed and his tone was gloomy: "Find someone to finish Lucy!"

The assistant froze and looked up at his boss, seemingly in disbelief.

The boss squinted at the assistant and questioned in a cold voice, "Didn't you hear me!"

The assistant was busy lowering her head and said, "Yes, I know."

The boss waved his hand in annoyance and said, "All right, leave me!"

After Lucy was taken away by Yulin, she was arranged to be in the room next to his own, so that he would be the first to know if there was anything happened.

So when he heard a noise next door, he walked straight to it, opened the door, and caught Lucy who was trying to escape.

The last chance was blocked by Yulin, Lucy looked gloomy and shouted with resentment, "Yulin, I won't let you go even if I die!"

"No, I don't want you die yet, as long as you don't kill yourself."

"Aren't you hurting me to death by counting me out like this! I know what you're thinking, don't even think about asking me to help you testify against my boss, I won't let you make it!"

"Don't answer me so fast, lest you regret it later."

With those words, Yulin went out, leaving Luxi screaming in the room.

Yulin walked to the end of the corridor, pushed the door and walked into another room.

There was a man lying in bed, who looked terrible.

Hearing the door open, Yuqi glanced at it, then began to complain.

"It's unfair that on such a nice day, I can only lie in bed and waste my time!"

Yulin sat down in a chair, poured himself a glass of water, and ignored Yuqi.

Seeing that Yulin did not say anything, Yuqi simply sat up straight and questioned with resentment, "Hey, how long do I have to lie here?"

"It depends on how long Lucy and her bosses can put up with it."

Heck, bullsh!t!

Yuqi went back on the bed, and grunted, "I'll never bet with you again, I lose every time, it's no fun."

"Haven't you heard a word? The path you choose for yourself, you have to finish it even if you cry."

"Hmm. Really mean." Yuqi lifted a leg and said, "Come here, my leg hurts, massage it for me."

"Are you kidding me?"

"It's a patient benefit, what, you can't do it? Then I'll get out of bed and walk around for a little relief."

"I can, but remember, don't scream."

Yulin walked over to Yuqi, raised hand, and was about to give him a leg massage.

However, Yulin's fingers had not touched Yuqi yet, a scream came.

"Ah!"

Yuqi waved his hand at Yulin and said, "Not me."

"I know." Yulin smiled wryly and said, "It seems that some people can't wait to make their move so soon."

"Come on, I'm going to be crazy if I keep pretending."

"Don't worry, these guys won't let you down."

Yulin got up and left the room, went to Lucy's room.

He only to see several more black-clad men in the room, all subdued on the ground.

And Lucy cowered in the corner of the bed, with her face full of fear.

A man walked up to Yulin, bowed his head and said, "Mr. Xiao, these people are all under control."

"Is this woman injured?"

"Just a shock, not an injury."

“Very well, take the men out, I want to talk to Miss Lucy alone.”

The others leave, and Lucy looked stunned, glared warily at Yulin.

Yulin took a few steps forward, moved closer to Lucy, leaned down, and said, “I guess you know better than I do who sent these people, don’t you?”

Lucy didn’t say anything, she was just shaking all over and her face was pale.

“See, in your boss’s eyes, you are just a pawn. When you are useful, you are used, and when you are useless, you are thrown away. Is such a person worth your life for him? Now, the person who wants you to die the most is your boss.”

The anger in Lucy’s eyes gathered little by little, and eventually, ignited a monstrous fire.

“If I work for you, I’ll die just the same. Yulin Xiao, you don’t have to pretend to be a good person, I’m in this state today, all because of you!”

“That’s wrong, I just want you to tell the truth about something, I never wanted you to die. It’s your boss who wants you dead, and I, on the other hand, want you alive. When things are over here, I’ll send you out of England, to a place where no one knows you, to start over.”

“Would you be so kind?”

“Whether I’m kind or selfish, you can only trust me now, I’m the one who can save you.”

Although Lucy was so angry that she wanted to kill someone, she knew that Yulin was right.

Lucy stared at Yulin and said angrily, “Yulin, you’re a devil!”

“Thank you for the compliment.” Yulin said with a smile.

Although Yulin was evil, but she must admit that he was also full of masculinity. To conquer such a man must be very fulfilling.

Unfortunately, he’s a devil, he wouldn’t be obsessed with any woman.

Lucy silently lowered her head and thought for a while, then finally made a decision.

Lucy was not stupid, she knew that things had been finalized, there was no need to continue to struggle, the most important thing was to find a new partner.

And this man who set her up in front of her was the one who could save her.

At this moment, the only way to get back to life was to work with Yulin.

She's really not resigned to it.

Just one step away, as soon as Yulin died, she could get the company's equity and a large amount of cash, and she had no longer to live off men.

But now, she was still a pawn in someone else's hand, and even unable to control her own life.

Lucy clenched her fist and said in a hoarse voice, "What do you want me to do?"

Looking at Lucy's attitude, Yulin knew it was a done deal.

Yulin smiled proudly and smugly.

.....

The boss was angry because the assassin he sent out was captured.

It seemed that Yulin was more difficult to deal with than he thought.

Originally, he wanted to exterminate Yulin to strengthen his own power.

But now, he was instead threatened by Yulin and could lose everything at any time.

That's a lot to lose.

In order to avoid it, he must get rid of Yulin and Lucy.

Yulin was not a fool to wait to be beaten, but he didn't know how to take actions.

Just as the boss was pondering, someone brought good news.

"Boss, Yulin's girlfriend is coming to England!"

Yulin's girlfriend ...

The boss pondered for a moment, then gave a sinister smile.

Yulin finished his business, and finally had some time spare.

Chapter 493 Being Kidnapped (2)

Yulin Xiao checked the time, Anna Xie should have had breakfast by now, why hadn't she contacted him? Could it be that Qiqi didn't tell her?

Yulin narrowed his eyes and called Anna again.

But her phone was still off.

At that moment, Dongzi called Yulin.

“Have you heard from Anna yet?”

Dongzi hesitated for a moment and said, “I just got the news that Anna ... has gone to England to look for you.”

“What!?” Yulin frowned and was no longer calm, “Why didn’t she tell me? This is too dangerous!”

“However, Miss Ye and Mr. Nangong accompanied Anna, so it can be better.”

Yulin frowned more tightly and shook his head, “You don’t understand the situation in British, they won’t be of much help, but will get each other in trouble.”

“So what should we do, or I go to England now!”

“It’s too late even if you come over. Never mind, I’ll deal with it.”

Hanging up the phone, Yulin immediately contacted Chuxue Ye.

Luckily, Chuxue’s cell phone got through.

At this time, Chuxue and the others had just gotten off the plane and were looking for a place to rest.

Chuxue saw Yulin’s cell phone number, glanced at Anna next to her, then stepped aside.

“Hello, I ...”

“I don’t care what’s your purpose to England, now, get on the return flight back immediately!”

Chuxue was inexplicably yelled at and instantly got angry and said, “What are you yelling about, do we have to listen to your arrangements? You must have done something unspeakable!”

“Don’t talk nonsense, listen to me and go back!”

“No, we still have to ... Hey, who are you? What do you want!”

Chuxue had not finished speaking, a shouting suddenly came.

Yulin became nervous all of a sudden and asked, "Chuxue, what's happening?"

At this point Yulin could only hear the radio wave tone on the phone.

The call was hung up.

Yulin clutched his phone and he looked very terrible.

Yulin immediately got up and ordered his men, said, "Send someone to the airport, make sure to bring Anna, Chuxue and Zhao Nangong here."

"Yes."

Yulin's people rushed to the airport, while at the moment Anna and Chuxue were in unprecedented danger.

.....

Zhao Nangong went to pick up their luggage. Chuxue and Anna were stopped by some strong men at the corner and shoved into an elevator.

As soon as the elevator doors closed, someone pointed a gun at them and forbade them to shout.

Looking at the situation, Chuxue knew that they had been kidnapped.

Chuxue licked her lips to calm herself down, then asked, "Who are you? Why do you arrest us?"

However, the men did not answer Chuxue, just stared at the changing numbers without any reaction.

"Are you dumb, why don't you speak?"

Chuxue wanted to say something else, Anna tugged her sleeve and whispered, "Chuxue, they must be following orders and won't say anything."

Chuxue frowned slightly and felt a little uneasy.

But she didn't show it and turned her head to Anna and said, "Don't worry, Zhao Nangong and Yulin will definitely come to us, now we have to buy more time."

"Right."

Then the elevator stopped at the underground parking lot.

The men pushed the two into the parking lot and stood in front of a black commercial vehicle.

“You two, who’s Anna?”

Once she heard that they were coming for Anna, Chuxue subconsciously blocked Anna and asked, “What do you want?”

Seeing Chuxue’s behavior, they knew which one of them was Anna.

The man in the lead pointed at Chuxue and said to the others, “Get rid of this woman.”

His words startled both Anna and Chuxue.

Anna tightly tugged on Chuxue’s lapel and rebuked, “How dare you!”

“Hmph, why do we dare not do? From now on, you are no longer any noble ladies, whether you live or die, it’s all up to us!”

“You’re just a little rascal, what qualifications do you have to elevate yourself like that? You should let your employer listen to what you said!”

The man did not expect Anna, who looked thin and small, to be vicious and intimidating.

When the man heard this, his face only became a little more fierce and didn’t say anything else.

Anna was worried that they would hurt Chuxue, so she voluntarily admitted her identity.

“I am Anna, and I will cooperate with whatever you ask me to do. But if you dare to touch Chuxue, I won’t let you get away with it even if I die.”

The man got a little impatient and said, “We won’t touch her, come with us.”

“What about Chuxue?”

“She is of no use to us, just stay here.”

It sounded as if they were ensuring Chuxue’s safety. However, Anna saw the guns in their hands.

If Chuxue was left here, she would be ...

Anna pursed her lips slightly, she didn't want to see that happen and said, "She's coming with me too, otherwise, how do I know if you'll keep your word."

"You're asking for too much!"

"You may not listen, but you know what the consequence is."

Anna was uncompromising, and the man had no choice but to beckon and said, "Well, take them both away together."

Someone took out strips of black cloth and covered Anna and Chuxue's eyes, then bound their limbs and finally threw them into the trunk of the car.

The car swayed and they were off.

Chuxue pressed close with Anna and whispered, "It seems that they are coming for you."

"I'm sorry for getting you involved."

"Don't say that, we're friends. And it's not your fault, it's those guys who have evil intentions. Let's see what kind of tricks they are going to play first!"

Anna was scared to death, but Chuxue seemed to have little change, even became somewhat excited.

"Chuxue, aren't you afraid?"

"What's the use of being afraid, they can't let us go just because we're afraid. The main task now is to stall for time and leave a secret message for Yulin and Zhao Nangong to find us."

Chuxue made a good point.

But Anna was confused and asked, "Don't forget, our hands and feet are trapped, how can we leave a secret message?"

Chuxue smiled smugly, then pressed her waist against Anna's hand and said, "Feel what's in my pocket."

Anna reached out and touched it and said, "A glass bottle with a rounded curve, it seems to be perfume."

"That's right, it's a perfume. This perfume smells unique, it's specially blended for me by my perfumer friend. As soon as Zhao Nangong finds the police dog to smell the scent on my clothes, he can catch up!"

Anna's eyes lit up and she murmured, "Good idea."

Although she was praised, Chuxue was not very happy.

"No wonder just now Yulin asked me to take you back quickly, so there is danger here, if I had known that I would have listened to him."

"Yulin... called you?"

"Well, just as we were getting off the plane, Yulin called and asked me to take you away. At the time, I thought it was because Yulin was afraid that we would find out his secret, but now it seems that he is trying to protect us."

Thinking of Yulin, Anna's expression was a bit gloomy.

"I really want to meet him now and ask him what happened. But, I don't know if I'll ever get the chance again."

"Don't be so pessimistic, we'll definitely see Yulin."

"Hope so."

"Here, now unscrew the cap of the perfume first and pour it out along the seam of the car."

Anna came out of her slouch and started to cooperate with Chuxue leaving coded messages.

The other side ...

As soon as Yulin learned that Anna and Chuxue had been kidnapped, he went to Lucy's boss.

When he saw Yulin, the boss looked calm, unlike the groveling he had just done.

The boss leaned back in his chair and asked knowingly, "Why is Mr. Xiao here again, could it be that you have taken a fancy to someone beside me again?"

Yulin did not talk much with him and ordered with a grim expression, "Hand over Anna and Chuxue."

"I don't know what you're talking about."

"I know you want Lucy, I can give her to you."

The boss smiled smugly and said, "Lucy? You can take her away if you like, I give her to you. If you don't like her, just get rid of her and don't let her come back and get in my way."

"So what do you want?"

"You know it."

Yulin narrowed his eyes and hummed, "Hmph, your appetite is pretty big."

"It's a good deal to use that money for the lives of two beloved people."

"Give it to me."

They threw a few documents to Yulin.

"Sign the papers, I'll have the two women sent to you now."

Yulin looked at it casually and his expression became serious.

These are all evidence of Yulin's secret kickbacks.

As long as he signed, he admitted the fact that he took kickbacks, and if they made things difficult for him at that time, he could not refute it and could only withdraw from the cooperation project and hand over the profits.

But for Anna and Chuxue, Yulin had no other choices.

Eventually, Yulin took a pen and wrote down his name.

The scheme worked, the boss showed a smug smile.

"Yulin, can you imagine that the one who wins in the end is still me!"

"Cut the crap, send them back to me!"

"Don't worry, although our cooperation is full of ups and downs, I always keep my promises."

The boss said and gave a hint to his man.

The man got the order and went to the phone.

But two minutes later, the man came back with a pale face.

The man whispered a few words in the boss's ear, and the boss was instantly on fire.

The boss looked sideways at Yulin, gritting his teeth as if he wanted to eat someone.

Seeing his reaction, Yulin was reassured.

He stood up, slowly walked to his boss's side, and leaned down to draw over the papers.

The boss was tempted to stop. But after thinking about it, he gave up.

Yulin tore several documents into pieces in front of the boss and threw them to the ground.

"There are many people who want to reckon with me. But none of them have succeeded yet. You dare to touch my people, this time, you are dead!"

After saying that, Yulin left, while the boss sat down in his chair, looked terrified.

Yulin went back to his car and received a call from Zhao Nangong.

Yulin smiled and said, "Where are you? I'm going to pick you up now."

"What, they aren't found yet, where can I go?"

That made Yulin's expression stiffen and he asked, "Weren't they rescued by you?"

"No."

"Not you?"

"It wasn't me. When I found the car, the men had been killed and Chuxue and Anna were gone."

Yulin didn't expect things to take a sharp turn for the worse, and his lips pursed.

After a long time, he said, "It seems that there is another group involved in this matter."

"Could it be that another business partner is trying to take advantage of the opportunity to extort us?"

"They wouldn't dare to count both of us at the same time."

Hearing this answer, Zhao Nangong frowned, he didn't know what to do.

However, Zhao Nangong's eyes soon lit up and said, "By the way, can you get me a police dog with a super sensitive sense of smell."

“Helpful in saving?”

“Yes.”

Yulin didn't hesitate and said, “When I find it, I'll send it to you immediately.”

Soon, Yulin came to Zhao Nangong with a trained police dog.

After taking over the police dog, Zhao Nangong began to lead it around the black car in a circle.

Just as the police dog was getting used to the smell, Yulin asked, “What are you doing?”

“Just when I found this car, I found a very strong smell of perfume in this car. That smell is Chuxue's favorite perfume, and, I also found an empty perfume bottle.”

“Normally, they could not have knocked over the perfume bottle in the trunk, it should be a hint Chuxue left.”

“So, you're going to use a police dog to track this scent?”

Zhao Nangong nodded and said, “That's right.”

“OK, let's begin now.”

The two cooperated, they used the police dog to track on the one hand, on the other hand, sent people to access the nearby surveillance, checked all suspicious vehicles.

Soon, they targeted a gray pickup truck.

At this moment Anna and Chuxue had been moved to another hiding place.

And the environment was much better than the trunk of the car, at least it's a room, and there was a faint smell of ink.

The two girls were still bound hands and foot, but the blindfolds had been removed.

Anna surveyed the surroundings, she felt that the decorative style looked familiar.

But she couldn't recall exactly where she had seen this similar decorative style.

While Chuxue became more nervous.

She felt that things were getting a little weird. The opponents weren't the dumb ones anymore.

Chuxue just wanted to get up and look around, but she body was out of control.

Chuxue frowned and said, "Anna, my legs are a little numb."

"Let me help you."

"Not just my legs, my arms are numb too."

"Could it be that they have been tied up for too long."

"I don't know, I'm not feeling well all over."

Anna saw Chuxue sitting there stiffly, as if a wooden man, then began to get anxious.

"Take it easy, I'll go call someone."

Anna rushed to the door and roared with all her might, "Help, help!"

Her voice echoed outside, but no one responded to her at all.

And Chuxue looked more and more terrible.

Anna could only slowly untie the ropes on Chuxue to make she feel better.

Anna took a lot of effort to finally untie the rope.

But Chuxue fell into a complete coma.

"Chuxue, Chuxue!"

Anna called her name helplessly, hoped that someone could show up to help Chuxue.

Chapter 494 The Intricate Truth

Anna Xie heard a sound of footsteps outside the door while she was becoming more and more desperate.

Anna Xie ran past immediately, and then saw two women came in.

There were two blonde beauties, but they speak fluent Chinese.

"Did you shouted just now?"

Anna Xie ignored the impatience in their eyes and said eagerly, "Someone fainted here. Please help her!"

But they ignored Chuxue on the ground and did not even look at it.

"Hey, I said someone fainted, don't you hear? If the hostage died, how can you find someone to negotiate? "

The two seemed impatient, they frowned and said: "Don't worry, she won't die. Just tell her to behave herself, so that nothing else will happen."

It sounded like that the two were familiar with Chuxue Ye.

The woman looked Anna Xie up and down and warned her, "If you don't want to faint, you'd better be honest."

"So, Chuxue was not sick but fainted by anesthetic, right?"

"Yes."

Anna Xie was relieved hearing such an answer.

But the two women in front of her lifted her up and was about to go out.

Anna Xie was frightened and asked, "Where are you taking me?"

"Another room."

"Why are you separating us?"

"You talk too much!"

"If you don't answer, I won't leave, and I won't do anything with you."

Saying that, Anna Xie tried to push her body downward to resist.

Seeing her doing this, the woman snorted and asked, "Do you think I will be afraid of you?"

"Then wait and see, anyway, I have nothing to lose!"

Anna Xie looked fearless and that made these two women began to think about killing her.

But they didn't dare to hurt Anna Xie in the end. They just looked at each other and then one of them spoke.

"It's OK to tell you the truth, anyway, you can't change anything. That woman is useful to us, but you are nothing. We could let you go first if everything is OK. "

Anna Xie was dumbfounded when she heard these words.

"What, didn't you come to catch me?"

The two really lost patience. They frowned and said, "There must be something wrong with your brain and your ears, you woman! I have explained it just now, now shut up and leave here with me! "

After saying that, the woman pushed Anna Xie out of the room.

Anna Xie can't resist on her own, so she can only look at fainted Chuxue Ye and got farther and farther away from her.

Anna Xie and Chuxue Ye heard gunshots in the trunk just now.

They had thought that Yulin Xiao sent people to rescue them.

However, they found that they came from the den of tigers to the den of wolves after getting here.

Strangely, they changed their target from Anna Xie to Chuxue Ye.

And this time, the kidnappers' IQ was much higher. They numbed Chuxue Ye and threw them into prisons separately.

Although things became complicated, there were still some clues left.

One thing was certain at least: they must knew Chuxue Ye a lot.

Chuxue Ye was just an ordinary girl, and she'll never have a grudge against others.

Most likely, they were enemies of Ye family, so they intended to against Ye family by kidnapping Chuxue Ye.

Ye family's enemies ...

Anna Xie closed her eyes and felt headache.

It was impossible for her to know who were the enemies of Ye family.

All inferences seemed to come to an end here.

She can only stay here waiting to be rescued.

It was unpleasant to lose control of her fate.

In another room, Anna Xie buried her head in her palm and tightly frowned.

.....

A crowd appeared in the wilderness surrounding a car with their eyebrows frowned.

Suddenly, they heard a sound of the engine. They looked back and immediately stretched their brows.

It was Yulin Xiao.

Yulin Xiao and Zhao Nangong rushed here as soon as they received the message from the fellows.

Yulin Xiao squinted at the car in front of him and asked: "Is this the car?"

"Yes."

"Go and see if there are any clues!"

Yulin Xiao's fellowman checked the car carefully but found nothing.

But Yulin Xiao felt that the appearance of the car itself was a very important clue.

Yulin Xiao walked to the car and said slowly, "They should be hiding nearby if the car was abandoned here."

"But we are in the wilderness, there is no hiding place. Would it be possible for them to change a car here? "

"There is no trace of wheels around here, it is impossible to change cars."

Zhao Nangong stood with arms akimbo and looked around. He was anxious and said angrily, "There are neither trace of wheels nor footprints. How come it seems to disappear out of thin air!"

Disappear out of thin air ...

These words stirred Yulin Xiao from his reverie and ordered: "Dig down around the car, quickly!"

Although people didn't understand what Yulin Xiao meant, they still followed his order and started digging with tools.

After a while, someone looked up and shouted: "Here is an entrance to the cellar!"

Hearing this, Yulin Xiao's eyes brightened. He ordered: "Open the door and go in and have a look."

"It is too dangerous, let us do this."

"My woman is inside here, I must go in to save her! Open the door! ! "

Seeing Yulin Xiao insisted doing this, his fellowmen can do nothing but to follow his order and open the door.

The underground tunnel was dark, so Yulin Xiao and his accompanies can only use flashlights to illuminate and move forward carefully.

When they walked through the tunnel, the road ahead suddenly became clear.

The lights were bright here just like the sunshine. The facilities were complete with a great sense of life, and the field of vision was wide and the room was clean and tidy.

Apparently, the owner here did not simply regard it as a dark prison, but a warm living place.

Yulin Xiao searched the room one by one and finally found fainted Anna Xie in the corner room.

Yulin Xiao's eyebrows frowned and he bent over immediately. He scooped up Anna and called her name gently.

"Anna, Anna! ? "

A familiar sound came from a far.

Anna Xie moved her eyelashes trying to open her eyes.

She opened her eyes only to see Yulin Xiao looked at her nervously with his eyes full of love.

"Yulin Xiao? Am I dreaming? "

Seeing that Anna Xie was OK, Yulin Xiao breathed a sigh of relief. He held her in his arms and said softly: "It's okay, it's okay now."

Anna Xie felt relieved when she felt the temperature of Yulin Xiao.

Her eyes turned red and she leaned against Yulin Xiao's arms and began to cry.

"I thought I'd never see you again."

Yulin Xiao patted Anna Xie's shoulder and said softly, "It's my fault for not protect you. Don't cry, you are safe now, no one will hurt you again. "

The two people on this side snuggled up to each other, while Zhao Nangong on the other side was already furious.

"Anna, where's Chuxue?"

Anna Xie came to her sense immediately hearing Chuxue Ye's name. She said, "She is in the room on the right side of the corridor. Hurry up, she was taken medicine! "

Zhao Nangong narrowed his eyes and rushed out immediately.

But after a while, Zhao Nangong came back with red eyes.

"Chuxue is not there, are you sure you are right?"

Not there?

Anna Xie frowned and asked, "Have you seen anyone else here?"

"No, no one except you."

"Damn it, they took Chuxue away!"

Zhao Nangong was about to rush out hearing this, but he was stopped by Yulin Xiao.

"Don't worry, you have to figure things out first." Yulin Xiao turned to Anna Xie and asked, "Do you know why they took her away?"

"This group of people is not the former enemy. Their goal is Chuxue. I heard it with my own ears!"

"Chuxue! ? "

Anna Xie nodded and said, "Yes, they said I'm useless and will let me go. Now it seems that they left me and took Chuxue away. "

Anna Xie thought again and asked: "Who is the biggest enemy of Ye family?"

“Why do you say so?”

Anna Xie said: “Because they knew Chuxue a lot, and they knew her temperament. Apparently, they are well prepared. They followed us from the Capital City and took action here. “

“Since Ye family is powerful in the Capital City, so they can’t take action. Therefore, they planed all the way, and took action in taking advantage of me being kidnapped.”

After hearing Anna Xie’s words, Yulin Xiao pondered for a moment and said, “It’s reasonable for such a powerful family like Ye family to have enemies. But it is difficult to find them out just depend on this point alone. “

“Oh, also, I find the environment here very familiar, as if I had seen it somewhere. But I can’t remember it. “

“It seems that they not only has a grudge against Ye family, but also has something to do with you ...”

Zhao Nangong was going crazy. He can’t wait any longer, he wanted to find Chuxue Ye now!

Since they left here, we must be able to find clues here.

Zhao Nangong narrowed his eyes and began to search around the underground passage. Finally, he found another exit.

“Go out and see from here!”

Yulin Xiao stopped Zhao Nangong as soon as he was about to go out.

“I’ll leave my men to you. I’ll send Anna back first, and then I’ll meet you.”

“OK.”

The two acted separately, Zhao Nangong continued to find Chuxue Ye’s whereabouts while Yulin Xiao took Anna Xie back to his residence.

Anna Xe was wrapped in Yulin Xiao’s clothes sitting in the car, and she was still dumbfounded.

It seemed that she just left the Capital City to confront with Yulin Xiao, and then these unpredictable things happened.

“Anna?”

Anna Xie turned her head sideways and looked at Yulin Xiao when hearing him calling her.

“Well, why you came to England?”

Anna Xie bit her lips gently and seemed difficult to tell him the truth.

But Yulin Xiao was still waiting for her answer. Evasion was useless.

Anna Xie closed her eyes softly. She took a deep breath and asked, “Yulin Xiao, I once told you that if you don’t like me anymore, please tell me yourself instead of asking others to tell me.”

“Why do you say so?”

Anna Xie looked at Yulin Xiao with her bright eyes. She got up her courage and said, “I came to England to ask you one thing. No matter what you think, please don’t lie to me.”

“OK.”

“Do you ... have another woman?”

Yulin Xiao shook his head and denied it, “How could it be possible? I like you and you are the only one.”

“So why did you had sex with a foreign woman? And ... and you sent photos to me! “

Anna Xie was deeply grieved in thinking of that photo.

She will know the truth now, but Anna Xie was a little afraid. She wanted to hide herself and never knew the truth for the rest of her life.

But Anna Xie also knew that it was useless to evade. She should face the truth sooner or later.

Anna Xie pinched her palm and plucked up. She looked at Yulin Xiao and listened with respectful attention.

After hearing Anna Xie’s words, an odd expression appeared on Yulin Xiao’s face. He asked, “Did you see that photo?”

These words made Anna Xie heart-broken.

Just now she told herself to deal with it calmly and should never let Yulin Xiao look down on her.

However, after hearing Yulin Xiao's words, she stumbled.

Anna Xie was in low spirits for a while and murmured: "As I've expected, there is such a thing ..."

Seeing Anna Xie misunderstood him deeper, Yulin Xiao said quickly: "Anna, things are not like that."

Yulin Xiao wanted to hold Anna Xie's shoulder, but Anna Xie threw off his hand and choked out: "Not like that? You already admitted that there are photos! "

"There are photos, but the things are not true."

"Ha, Yulin Xia , do you think I'm stupid? Who are you kidding?"

"It is not I think you are stupid, you are indeed stupid."

Yulin Xiao said these words solemnly, which made Anna Xie felt that he deliberately humiliated her IQ.

Although Anna Xie had no IQ now.

But being humiliated in public by the man she admired still made her felt terrible.

"Yulin Xiao!"

Seeing that no matter what he say or do were both wrong, Yulin Xiao simply stopped defending but said: "OK, I won't say anything. You will know it later."

"What do you mean?"

"The two are there. Everything will be clear if you see it yourself."

"That two women are in your place?"

"Yes."

Anna Xie trembled with anger. She pointed at Yulin Xiao and said, "God, Yulin Xiao!"

Well, it was useless to say too much. Let Anna Xie see it herself.

Anna Xie was about to go as soon as she back to Yulin Xiao's residence.

Yulin Xiao grabbed her and asked, "Where are you going?"

"I want to be alone."

“Find out the answer first, then you can be alone.”

Anna Xie sneered and asked: “Why, should I do whatever you want me to do?”

“Go and see the people inside, then you can scold me.”

“Well, I’ll do it. Let’s see how can you explain it!”

Anna Xi didn’t want to be looked down upon by Yulin Xiao, so she pushed the door open heavily.

Just when Anna Xie thought that she would see something terrible, she was stunned by the scene in sight.

Yuqi Mu was lying on bed eating fried chicken. His mouth and hands were full of oil with a satisfied look on his face.

Suddenly, someone opened the door and the huge sound made he almost lost his chicken nuggets.

Yuqi Mu looked at the door discontentedly. As soon as he was about to open his mouth to scold, he saw a beautiful woman staring at herself as if she had seen a ghost.

Chapter 495 My Twin Brother

This woman looked very familiar ... Yuqi thought for a sec, he patted his palm and smiled: “She is Anna!”

Anna didn’t realize what was going on until she heard him calling her name.

Anna looked at Yuqi and Yulin, she felt herself was mirroring the two people inside and out.

“He ... you ...”

Anna can’t say a whole sentence. Yulin kindly explained: “He is the hero of the photo and my brother, Yuqi.”

What! ?

Anna was shocked by this answer.

Yuqi looked at Anna with a smile. He wiped her hands with a tissue, then got up and laughed: "You must be Anna, nice to meet you."

Looking at Yuqi's outstretched hand, Anna hesitated.

She didn't know whether she should shake hands with him or refuse him.

Yulin took the opportunity to come over and blocked Anna behind him. He asked, "Have you forgotten that I have a twin brother?"

It seemed that Yulin Mu was talking to Anna, but in fact, he had been staring at Yuqi, suggesting that he should be careful and not to make trouble for him.

Yuqi gave Yulin a hint, and then explained to Anna: "I went abroad to expand my career recently, so I didn't get to know you well. If I have the honor today, we should have dinner. "

"No, thanks."

"Never mind, it's just a meal, and you'll be hungry, too."

Now, Anna had no time to think about eating, she finally understood that Yulin was teasing her deliberately!

Anna turned to Yulin and asked: "Why didn't you tell me the truth just now?"

"If I tell you the truth in advance, how can you know how wrong you are?" Yulin thought himself sounded reasonable, and he said firmly, "you don't believe in our relationship, so when others make mischief, you'll believe it without any doubt. Say, should you be punished? "

Anna also knew that she had made a mistake.

But she was also very innocent, so she defended: "There is a reason. After all, the person in that photo is so similar to you, you are exactly the same."

"Twins are similar."

Anna panicked for a while, then she calmed down and began to defend herself.

"Why did you sent me the photo that made me misunderstood? I called you and you switched off. It is difficult for me to not misunderstand you. "

Hearing this, Yulin's face darkened slightly.

"This matter is worthy of investigation."

“What do you mean?” Anna thought for a moment and asked, “Did someone sent me that photo on purpose?”

“That’s right.”

Anna was confused and murmured: “What’s the good for them to show me the photo?”

“What’s the good? Well, haven’t you seen it now? “

Yulin snorted, and Anna understood what he meant.

Anna lowered her head in remorse and said: “My willfulness made Chuxue disappeared. She must be safe, otherwise, I will never forgive myself.”

After hearing this, Yuqi, who had been ignored for a long time, asked quickly: “What happened to Chuxue?”

“She came to Britain with Anna and was taken away.”

“Ah? ! ”

“It is not simple this time. Obviously, someone is targeting at us.”

After removing the bandage for pretending to be injured, Yuqi said, “What are you waiting for? Find her quickly!”

“Zhao Nangong has gone. If he get news, he will definitely tell us.”

“After all, Zhao Nangong had just came to Britain, so he is not as familiar with here as I do. I will take my fellowmen to look for her. “

Saying that, Yuqi began to gather his fellowmen.

But before he set out, Zhao Nangong came back.

Looking at the expression on Zhao Nangong’s face, Yulin knew that something must be wrong.

Yulin walked in front of Zhao Nangong and asked: “Is there any news?”

Sure enough, Zhao Nangong shook his head.

Yulin patted Zhao Nangong on his shoulder, he turned around and said to others, “Go talk to Lucy.”

“Why should we talk to her?”

“She stole my phone, so only she can explain it clearly. “

After saying that, the several people all went to Lucy’s room.

Lucy immediately became alert when she heard a jumble of footsteps.

When she saw the door opened and a group of people entered, Lucy moved back quickly and asked, “What do you want?”

The moment when Anna saw Lucy, she recognized that she was the woman in the photo.

Although she was wearing clothes, she still couldn’t hide her beautiful figure.

Then she looked down at herself ...

Anna suddenly felt that there existed a huge gap between them two.

Yulin sat opposite to Lucy and said, “Don’t be nervous, we just come here to ask you some questions.”

“What question?”

“You stole my phone, right?”

“Yes.”

“Why did you do so?”

“If I want to forge an evidence of your kickback, I must steal your phone to commit perjury.”

“Why did you send a photo if you just want to commit perjury?”

Lucy’s eyes twinkled when she heard this question.

Yulin knew, Lucy must know something.

He didn’t urge her but said slowly: “At this moment, no one will protect you. Only by cooperating with us can you save your life.”

Lucy knew that Yulin was right. Now she had nothing to do but to follow Yulin.

Lucy bit her lower lip and said, "Someone contacted me and said that if I could do them a little favor, they can help me get rid of my competitors."

"In the beginning, I didn't believe it. However, a vice president who had always opposed me suddenly had a car accident and quit the management of the company, that's when I started to believe his words. "

"I believed in their strength, and I wanted him to help me more, so I decided to cooperate with him. However, his request was very strange. I should simply use your phone to send a photo. "

"I thought such a little thing can be done by any thief, and there was no need for me to do it myself. But we were cooperative, I didn't need to explain anything to them, so I said nothing else. "

"Then how did you contact each other, a phone?"

"No, we sent letter."

"Letters?"

This answer dumbfounded everyone in present.

There were less and less people who were still writing letters in this era.

Was it their personal taste or they had another purpose for them to do so?

Lucy continued to speak under the questioning of them.

"In fact, I also felt ridiculous. But they seemed to know what I cared the most in my heart, and I was satisfied with their offer. Moreover, this will do me no harm. It was just a lift of a finger, so I agreed. "

"Where did you sent the letters?"

"234, Philip Road. I didn't write my name. They told me that some one will receive it as soon as I sent it there. "

Everyone plucked up when they get this clue.

"Let's go there and have a look."

Before Anna left, Lucy suddenly called out.

"Miss Anna!"

Anna stopped and looked back at her.

Seeing this, Yulin stood by her side, as if Lucy would use some tricks.

It was her ...

Lucy looked at petite Anna, who was well protected by Yulin, and suddenly felt sorrowful.

It turned out that he can also be considerate and care for a person sincerely.

Unfortunately, that person can't be her.

Until now, Lucy realized that she had lost badly.

Lucy had a self-deprecating smile on her face and said faintly, "Nice to meet you."

Anna felt a little puzzling.

But before she asked, she was taken away by Yulin.

The place they were going was full of uncertainties, so Yulin did not take Anna with him.

Anna worried a lot, but she also knew that the road ahead was dangerous. She might not be able to solve any problems, but became a burden to them, so she stayed.

When they arrived at the place Lucy told them, they found that the house was unoccupied.

Yuqi looked around and said: "It seems that no one has lived here for a long time."

"But recently, someone has been here." Yulin pointed ahead and said, "See, the sofa and bed are all dusty. Only the table is clean. Obviously, someone has been here, and as long as someone is there, there will be clues. "

Yulin thought for a while and ordered: "Look around and find out if there is any garbage."

"Yes."

Yulin's people were all well trained. Soon, they found a card, which obviously didn't belong here.

Yulin squinted when he looked at the business card handed by his fellowman.

Yuqi leaned in to see it and let out a little cry.

"This is a famous bar. I go there often."

A business card of the bar ...

Yulin took it in his hand and looked at it carefully, "This business card is a bit old. It seems that it has been in the pocket for some time."

"This shows that he may be a frequenter to that bar, and he has to call in advance to order or something."

Yuqi suddenly laughed and said confidently: "I am also a frequenter to that bar. I know the bartender there. Maybe I can ask him something."

"No time to wait, let's go now."

At this point, the bar had just opened, there were no guests, and it was not as noisy as it used to be.

The bartender smiled and greeted Yuqi as soon as he saw him.

"Mr. Mu, why are you here so early today?"

"I'm not here to drink today, I have something to ask you."

"Please."

"You are here every day, so you must have impressions about the frequenters."

"Of course, I am the bartender here, so I need to know the taste of the guests. If you are a frequenter, I'll remember more clear. "

"Then, who is left-handed?"

Just when Yuqi was thinking to ask him something, Yulin opened his mouth first.

However, his question made people felt puzzled.

"Left-handed?"

Yulin nodded, he took out the business card and said: "The left side of this business card was polished. So the man should take the business card with his right hand and dialed the number with his left hand."

Well, that made sense.

The bartender saw the business card in Yulin's hand, he couldn't help but say: "Hey, this business card was in the format two years ago, and we have changed the format now."

Yulin's eyes brightened after hearing this. He asked: "That is to say, the owner of this business card is at least a guest two years ago, right?"

"Yes."

"Left-handed, a guest two years ago, who do you think it should be if we narrow it down?"

The bartender began to meditate carefully and finally gave an answer.

"It may be the muscular man with the beard."

"Do you have his number?"

The bartender shook his head and said, "No, besides, he hasn't been here for a while, at least for two months."

"Does he have other characteristics, such as what wine he likes to drink and what hobbies he has?"

The bartender recalled it carefully and said, "He is a big man with calluses on his hands, and he likes to drink laurel vodka. Oh, this vodka is only available in one liquor store in the East Side. If he doesn't come to the bar, he will go there to buy it. "

Everyone was shocked when they got this important clue.

Yuqi patted the bartender on his shoulder and smiled, "Thanks a lot, I'll bring some people here another day."

After saying that, Yuqi left the bar with others and rushed to the liquor store.

The liquor store was easy to find. The owner was a young man with glasses and acted gently.

Seeing the store was suddenly full so many Asian people with a murderous look in their eyes, the owner was dumbfounded.

"You'd better not make troubles, otherwise I will call the police! ! "

The owner secretly picked up his phone, but before he dialed the number, he was subdued by Yulin's fellowmen .

Seeing that they can practice kung fu, the owner looked even more pale.

Yuqi patted those people and asked them to go away. Then he walked beside the manager with a smile.

“Don’t be afraid, we are not here to smash your store, we just want to ask you about someone.”

The owner will definitely tell them everything he knew seeing that scene before, so he nodded his head constantly.

“Do you know a muscular man with a beard who likes to buy vodka here?”

“A beard ...” The owner thought for a while and nodded his head, “The person you said should be the guest who just bought wine here.”

“Just ...”

“Yes, he just left for five minutes.”

Hearing this, Yulin and them rushed out again.

The owner was dumbfounded in the face of people who came and went away in a hurry.

He still held his phone, but he didn’t know whether he should call the police or not.

The owner thought about it and finally gave up the idea of calling the police.

Yulin and the people were searching for the bearded man everywhere, and they finally went to a wooden hut under the guidance of passers-by.

Zhao Nangong was very anxious in thinking that the key figure was inside, but he was stopped every time he was about to rush in.

This figure was too important, and if he died, this clue will be broken again.

They didn’t know how long it will take to collect evidence, and it was also extremely unfavorable for Chuxue Ye.

Yuqi can do nothing about it but to keep an eye on Zhao Nangong to forbid him to make a bold move.

It was not until Yulin made a gesture that they rushed into the house in front and in rear.

But the room was empty, no one was here.

Chapter 496 Track the Trace

It was impossible, the passers-by said that Beard had just come back and didn't leave.

The road was narrow here, he had no chance to escape unless

Just when Yulin Xiao was pondering, someone attacked him from behind.

Fortunately, Yulin Xiao's helper protected him and then started the fight.

Beard's figure was as huge as a mountain, making people feel very oppressed. However, at the same time, his body was so soft and sensitive.

It was hard to capture him. He could easily slip away.

Yulin Xiao found the terrain was complex here, once he ran away, it was harder to capture him.

Beard seemed to have the plan for he tried to rush to the door.

Although he was powerful, he couldn't get rid of so many people.

In another dash toward the door, he was hit by Yulin Xiao's helper and fell to the ground.

Seeing that he was surrounded, instead of being anxious, Beard smiled disdainfully, "I won't say anything, don't waste your time!"

"Well, everything is possible."

Then Yulin Xiao made a gesture to his men, and Beard was arrested. However, he noticed the weird smile of Beard, which made him frown.

Anna was waiting anxiously, and finally she saw Yulin Xiao's figure. So she rushed to him and checked his wound.

"How did you get hurt?"

"Don't worry, it's not a big deal."

Yulin Xiao said lightly, he didn't want to scare Anna.

"Really? Is there any news from Chuxue?"

Hearing this, Yulin Xiao frowned and said, "It's just a helper, I have ways to make him talk."

Yulin Xiao was confident, but Beard was really a brave man, he said nothing even under such tortures.

Thus Yulin Xiao wanted to see him alone.

Seeing that Beard was weak, Yulin Xiao frowned.

If he kept silent, then the mastermind would probably know this and transfer Chuxue to another place, then it would be harder to find her.

Just at this moment, Yulin Xiao's helper came over with a stack of materials.

"How is the investigation going?"

"This is all we can find about him."

After taking a glimpse of those materials, Yulin Xiao smiled.

He handed the materials to his helper and squatted beside Beard, "You are brave, I would respect you if you didn't hurt my friend. Unfortunately, you had done the wrong thing, I'll try my best to force you to speak."

However, Beard still closed his eyes and smiled disdainfully.

"Don't taking nonsense, you won't wait until now if you have any idea."

"I just try to persuade you, I know that you've earned a lot these years. But you haven't enjoyed yourself and send the money to a woman who has born a child for you."

After hearing this, Beard suddenly opened his eyes and glared at Yulin Xiao.

Seeing this, Yulin Xiao acted more casual.

"The woman and your employer, which one is more important?"

Beard couldn't act calm and he struggled violently, as if he was going to hit Yulin Xiao.

"Bastard, if you dare to touch her, I will definitely kill you!"

The smell of blood from Beard made Yulin Xiao frowned.

He took two steps backward and sneered, "I don't want to that, but you have to tell me something about Chuxue."

“Don’t waste time, even if I say, you can’t defeat him.”

“Who is he?”

“He is omnipotent, you are not qualified to defeat him!”

“It’s not depends on you. Just tell me.”

After thinking for a while, Beard said, “Give me a phone.”

“Give him the phone.” Then he called someone.

As soon as the phone was connected, Yuqi Mu grabbed the phone before Bear finish his words.

However, the mastermind had already hung up the phone.

Yuqi Mu dialed again, but the phone had turned off. He was furious and asked, “Are you teasing us?”

“Well, I’m not that bored, since things are arranged, of course he would hang up the phone.”

“What did you say?”

“He want to have a conversation with Jingyan.”

Hearing this, people felt sullen, which made Beard very satisfied.

Yuqi Mu was irritated and he directly hit Beard and asked, “I ask you to tell us his background, what are you doing!”

Beard covered his belly and his face turned pale, and after a while, he said, “I’m just a sidekick, I know nothing. I’m just a middleman.”

“You mean your boss know we would find you?” Hearing this, Yuqi Mu was anxious.

But Yulin Xiao knew it was a lie and said, “Don’t listen to him, if his boss is really powerful, he can come to Jingyan himself. Why did he do this?”

Then, Yulin Xiao looked at him indifferently and said, “Since you are not sincere, then I’ll ask someone to k!!! your woman!”

“Bastard, how dare you!”

“Just wait, I can even film the process and show you.”

“Damn!”

“Remember, it is you who hurt her, as long as you can work with us, she can be alive.”

Beard acted more serious and said, “That’s all I can do.”

“No, you are useful, at least you can be the middleman.”

After seeing Yulin Xiao’s eyes, Beard knew his plan and shook his head, “You want me to lie to my boss? It’s impossible!”

“Well, don’t worry, tell me about the characteristics of the man. Gender, nationality or anything you know.”

Since Yulin Xiao wanted to kill his woman, Beard answered seriously, “Every time we met, he sat in the dark, I could not see his face clearly. But he looks like a tall Asian man.”

“And what else?”

“His eyes seem to be a little different.”

“Where is difference?”

“I can’t say it clearly, his eyes looked terrifying.”

After hearing these, Yulin Xiao began to speculate the mastermind.

Seeing that Yulin Xiao frowned, Beard said, “Why don’t you ask Jingyan? Just let them have a talk.”

However, Yulin Xiao snorted, “We are not that stupid to fall in your traps.”

“Do you have other ways?”

Yuqi Mu hit Beard’s head and warned, “You are now a prisoner, be respectful!”

Hearing this, Beard kept silent.

Yulin Xiao turned around and told his helped, “Monitoring him carefully, nobody is allowed to hit him without my permission. I’ll let the mastermind see who is more powerful.”

“Yes.”

Then Yulin Xiao left, followed by Yuqi Mu and Zhao.

Then, Yuqi Mu asked, "Can we trust him?"

"He didn't dare to cheat us for we get his weakness. Besides, he is tippler, of course he is just a sidekick."

Hearing this, Yuqi Mu nodded his head, and seeing that Zhao was silent, he asked, "Zhao, why aren't you talking?"

"I am thinking whether to call Jingyan and tell him about this."

"Chuxue is his sister, we have to tell him." Yuqi Mu patted his shoulder and continued, "I know you are afraid that they would be amused, But an old saying goes, he who would catch fish must not mind getting wet. Only when you know the weakness of our enemy can we defeat them."

"But I'm worried that his target is not them."

Zhao's words made them quiet.

After a while, Yulin Xiao said, "Well, we have to tell them first and then discuss together."

"Right, we can work together and find the mastermind. Don't be depressed."

Zhao took a deep breath and said, "That's right."

Then they drove back, all of them looked serious.

Anna had been waiting for Yulin Xiao, and when she heard the sound, she immediately walked out. After seeing him, Anna felt relieved.

Then she poured glasses of water for them and asked, "How is the situation?"

"They want to talk to Jingyan."

Hearing this, Anna put down the cup and frowned, "It looks like a feud. Do we need to inform Mr. Ye?"

"Of course, it's their business, there must be something we can't deal."

"But, we'll fall in their traps. That's what they want."

"Chuxue is still in their hands, she would be dangerous if we don't do this. Besides, Jingyan is a shrew man, we would act better under his help."

After hearing this, Anna nodded.

“Anna, I’ll send you back.”

The words of Yulin Xiao made Anna stunned.

After making sure that Yulin Xiao wasn’t joking, Anna immediately shook her head and refused, “It’s all because of me, how can I leave?”

“But you are dangerous here.”

“I haven’t thought of that familiar sight yet, I may help you to find the mastermind if I remember that.”

Anna stared at Yulin Xiao eagerly. Then she held Yulin Xiao’s hand and begged, “Let me stay, or I’ll be anxious. I promise I’ll listen to your words, okay?”

Yulin Xiao was a bit helpless, after hesitating for a while, he said, “Fine, but you have to promise me that you won’t act alone and I’ll protect you.”

Seeing that Yulin Xiao agreed, Anna smiled happily.

Hearing this, Yuqi Mu said, “A friend in need is a friend indeed. You are really a nice woman.”

However, Anna still felt sad and said, “Don’t say that, it’s all because of me. Chuxue would still be safe if she didn’t come with me.”

“If that’s the case, I’m the one that need to be blamed. I’m too careless. Don’t blame yourself and fight against the enemy together.”

Before seeing Yuqi Mu, she had heard of him. He was a playboy who was not similar to Yulin Xiao.

But now it seemed that he was brave and knew what he want.

Rumors were false, she was struck into rumors as well.

Then she looked at Yuqi Mu and smiled.

.....

Hearing the news, Jingyan and Yiyao rushed to England.

Anna was surprised to see Yiyao.

“Yiyao, why are you here?”

Yiyao’s face was still a little pale, but her eyes were bright.

“Of course I’m here to save Chuxue, how dare they to kidnap her?”

“But, you……”

“Well, it’s just small injuries, don’t worry.”

Yiyao acted casually, however, Jingyan frowned.

“Doctor told you to have a rest.”

“I know my body.” Yiyao said and then looked at Yulin Xiao, “Tell me about the situation.”

The appearance of Yiyao suddenly inspired the crowd.

Chapter 497 I Have to Face Him Now That There Is No Escape

Jingyan Ye, however, did not like seeing Yiyao Duan be like that. She was so strong that it made him feel heartbreaking.

“You should at least take a rest, I can do all these things.”

“There’s no need to take a rest after simply taking a plane? Don’t waste time, now that those people are still behind the curtain, we must discuss a reasonable countermeasure to deal with them.”

Only after seeing Jingyan nod did Yulin Xiao tell Jingyan and Yiyao all the information he knew.

Yiyao listened carefully, then looked up and said, “Take us to meet the bearded man.”

Yulin then led the way, taking them to the secret room.

The bearded man was still lying on the bed with wounds on his body, whose eyes were closed.

Suddenly, he heard the sound of the door opening.

Gently lifting his eyelids, the bearded man looked over.

Then he saw an oriental woman walking slowly over to him.

She was so beautiful that she looked like an elf.

But the expression in her eyes was very harsh, like a knife that could scrape flesh and pick bone.

Unconsciously shivering, the bearded man tried to prop up his body and sit up.

But he was so badly injured that he lied down again.

Yiyao then squatted down beside him and ordered him succinctly, "Tell your master that Jingyan has arrived in England, and we need to speak to Chuxue Ye to make sure that she is safe before we agree to meet your master."

Yiyao's voice was straightforward and decisive, making people want to be absolutely disobedient after hearing it.

Then the bearded man thought: This woman gives me a feeling unlike any I've ever felt before, who is she?

Seeing the bearded man staring at herself, Yiyao ran out of patience and raised her hand to pinch the bearded man's wound, reproaching, "What are you thinking about? Call your master now!"

The bearded man really didn't expect that one moment she was like an elf, and the next moment, she turned into a demon.

So he dared not think much, and he crouched on the ground, wailing.

The scene was so bloody that Anna Xie immediately looked away, and Yulin hurriedly patted her arm gently to give her reassurance.

The bearded man gradually stopped screaming, whose face turned pale and body started to tremble.

Looking down, the bearded man reached out to pick the mobile phone up after seeing that it had been thrown to his feet, then he reluctantly dialed the number.

With Yiyao around, the bearded man didn't have the energy to swagger around, who was properly subdued, just like an eggplant withered with frost.

Seeing the bearded man be like this, Yuqi Mu grunted smugly and said, "Don't worry, we won't rob your phone this time, you can take your time to make the call."

After the call was answered, the bearded man spoke briefly. Then he held the phone forward and asked, "Which one of you wants to speak to Chuxue?"

Zhao Nangong and Jingyan both wanted to take the phone, but after the two men looked at each other, Zhao took a step backwards.

Yuqi patted him on the shoulder and looked at him to encourage him.

Taking the phone, Jingyan called out in a low voice, "Chuxue?"

"Brother, where are you? Come and save me!"

Hearing Chuxue's cries, Jingyan felt a little relieved.

"Chuxue, don't cry, we are all in England now and will definitely pick you up and bring you home. Are you okay now? Did they bully you?"

"No, but they shut me up in a small room, just like a prison. It's annoying that there's always a nasty smell of horse manure. Brother, come and pick me up, and agree to whatever they ask. I really can't stand being in here."

Jingyan clenched his fist and said, "Okay, I know, you"

Before he could finish his words, Jingyan heard the scream of Chuxue, coming through the other side of the phone.

The shrill voice slowly became distant, and soon, another grim voice came through the receiver.

"Jingyan, long time no see!"

It was a strange voice, but the person on the phone seemed to be incredibly familiar to Jingyan.

"Bastard, don't touch my sister!"

The person on the phone then smiled smugly and said slowly, "What I will do with your sister depends entirely on your performance. Jingyan, do you have the guts to meet me alone?"

Jingyan snorted disdainfully and said, "Tell me the time and place."

"Tomorrow morning at 8:30, I will see you at Hengshui Pier. Remember, you must come alone, otherwise I'll kill your sister!"

"I can meet you, but how do I know if you will let my sister go?"

“Don’t worry, my target is only you, and after meeting with you, I will send your sister back.”

“I can’t believe your promise without guarantee.”

Then the person on the phone laughed coldly, whose voice was hoarse and cruel, “You are not qualified to negotiate with me, Jingyan, you are destined to lose from the moment you arrived in England, and now, you are just dragging out your feeble existence!”

After saying this, the person on the phone hung up.

Damn it!

Throwing the phone aside, the expression in Jingyan’s eyes was fierce.

Seeing Jingyan throw away his phone, the people next to him immediately gathered around and asked, “How’s that, what did the person say?”

At this moment, Jingyan’s pupils were slightly shrunken, and he had a imposing manner all over his body.

Anyone who was familiar with him knew that he was angry.

And they also knew that to annoy Jingyan was a very scary thing.

But at this moment, Jingyan tried his best to restrain himself, who turned back to say to the others, “Send someone to investigate all the stud farms in London.”

“Stud farms?”

“Yes,” Jingyan said coldly as he calmed himself down, “Chuxue gave a hint when we called. She said that there was the smell of horse manure around her, so it was clear that she was being imprisoned in a stud farm, which can’t be too far from Hengshui Pier.”

Hearing these words, Yuqi immediately said, “I am more familiar with England, so leave the matter of finding the stud farm to me.”

“Remember, you only have one night to find the stud farm. And after you find it, don’t act rashly and alert anyone, wait for the reinforcements to arrive and then make your move.”

Yuqi nodded and said, "This time, I will definitely save Chuxue. It's just a pity that we can not catch the man behind the curtain."

"Why not?"

Jingyan's confidence made Yuqi be stunned and said, "If we save Chuxue, the other party will definitely get the news, then of course they will not go to meet with you."

"Hum, do you think that person will really let the real Chuxue to meet with me? It's just a trap!"

"What!?"

Recalling the voice on the phone just now, Jingyan said, "That man's voice was unfamiliar, but I could tell that his voice was full of hatred. Since he hates me, how can he aid me in doing a good deed?"

"What deep hatred does this man have for you, now that he even racks his brains in scheming!"

"When we catch him, we will interrogate him with torture. After you rescue Chuxue, kill all the people on the spot immediately, not leaving them the possibility of passing on information."

Yuqi nodded and said, "Don't worry, I know how to do."

"Then let's take action separately. Zhao will lead people to ambush around the pier, and Yulin and Yuqi are responsible for rescuing Chuxue."

Yiyao did not agree to Jingyan because she was not among Jingyan's arrangement.

"I'm going to the pier too."

"No, we don't even know what the enemy is like, it's too dangerous."

Being not afraid at all, Yiyao said, "We have to make all-round preparations because we don't know the strength of the other party. I've just taken a look at your firepower preparation, and it's simply not enough to fight against the other party."

As she said, Yiyao opened her suitcase, which was dark and filled with all kinds of heavy weapons.

Yuqi smacked his lips after seeing that, thinking that no wonder he felt the suitcase was so heavy that it almost broke his back when he helped carry the luggage just now, it turned out that so many heavy weapons were inside the suitcase.

Jingyan felt helpless after seeing these heavy weapons.

“When did you prepare these?”

“Before I left home.”

Well, Yiyao was indeed very well prepared now that she could put all the various types of those heavy weapons in the suitcase so quickly.

But these weapons were very unfamiliar to Anna, who had only saw the props of those heavy weapons when she filmed the play.

But now these weapons were much more realistic than the props, which were even emitting an eerie glow.

Swallowing the saliva, Anna asked, “Sister Yiyao, are these all real?”

“Of course, they are all good stuff, which definitely can help you gain more fighting capacity!”

Taking a glance at the weapons, Jingyan said, “I’ll take the weapons, but you must stay here.”

“Jingyan, if you don’t let me go, you won’t be able to touch these weapons either!”

The two were diametrically opposed to each other, and neither of whom was willing to back down.

In the end, Yulin said to ease the conflict between them:

“Even if you don’t agree for Yiyao to join the action, I’m afraid she will still follow us in her own way. That would, in turn, be more dangerous to her. So it’s better to agree to her joining us.”

After hearing his words, Jingyan pondered for a moment and finally agreed.

“Alright, but you are not allowed to act without permission, I cannot bear the pain of losing the people I love again.”

There was a surprisingly pleading tone in Jingyan’s voice.

Yiyao was in a trance for an instant and nodded solemnly after hearing his words, “I see, I won’t act rashly.”

The next day—

At the time for action, everyone got ready and was about to leave.

Anna, as the only one that stayed in position, watched them leave with a vague bad feeling in her heart.

Yiyao strapped weapons to her body, then looked at Anna and said, "Anna, you stay here and don't go anywhere."

"Okay, I will prepare the wine and food, and wait for you to come back victorious."

"Definitely."

Turning around to see Anna standing there quietly, Yulin was suddenly heartbroken.

Originally, he had wanted to give this girl a peaceful life.

But what awaited her was one ordeal after another.

Yulin blamed himself and reached out to hug Anna, then he leaned down and kissed her on the lips, regardless of other people present.

Before Anna came back to her senses, Yulin had already stared at her with a meaningful expression.

"Trust me, everything will be fine."

Anna knew that Yulin was comforting herself because he had noticed her unease.

Trying to smile, Anna said, "I believe in you."

"Good girl."

Yulin then rubbed the tip of Anna's nose again, looking at her dottingly.

Yuqi couldn't stand their look anymore and said helplessly, "That's enough, please pay attention to the rest of us, okay?"

After hearing his words, Anna blushed and took two steps back.

While Yulin said, "You talk the most."

"I just can't stand you often showing affection in public. No, someday I will also find a girlfriend and show affection in front of you everyday, and I will wait and see if you can stand me."

"Fine, let's go."

Seeing them leaving, Anna suddenly said to Yulin:

“Yulin, make sure to be careful.”

Yulin turned around, waved his hand at Anna and said “Yes”.

The man in front of her then walked further and further away, slowly disappearing before her eyes.

And as he left, a certain place in Anna’s heart was empty.

Then Anna thought: No, I can’t feel self-pity anymore.

The room suddenly became quiet after they all left. Anna wanted to do something to make herself feel better, but she didn’t know what to do.

When she took a book to read, she could not focus on the book at all. And when she took out her mobile phone, she just stared at it and did nothing. When she turned on the TV, she could not listen to a word on the TV, as if she had been doing an English listening test that she could not understand at all.

She just felt extremely annoying!

Anna then turned off the TV and lied down on her bed, trying to rest with her eyes closed.

She hadn’t slept well last night and was always awake, resulting in a headache now.

Therefore, she thought she might as well catch up on her sleep while she had nothing else to do.

It was a nice thought, but Anna felt that she wouldn’t be able to sleep. After all, something big would happen today.

But it actually didn’t take long for her to fall asleep after she lied down.

As soon as she fell asleep, Anna began to dream.

She dreamed that she returned to the Capital City and was getting ready to go back to school after coming out of the film set.

It was dark and there were not many people on the road, and the sky was drizzling with rain.

Anna wrapped her clothes tightly and quickened her pace, hoping to get back to school sooner.

But as she walked, she suddenly noticed a shadow behind her, which was following her closely.

She was too scared to look back, so she walked faster and faster, hoping to get to a place where there were lots of people and lights to get rid of the guy behind her.

Unfortunately, the thing was not what it seemed. The road was getting narrower and narrower, and the lights were getting less and less, and it was so quiet that she could even hear her own heartbeat.

Faster, faster!

Anna ran as fast as she could, but what lay ahead of her was a dead end.

In an instant, her surroundings changed dramatically, and it should become a cellar that imprisoned her.

That was strange, how did she end up here?

With nowhere to run, Anna turned around in horror, staring at the approaching figure behind her.

She held her backpack, not even daring to breathe aloud.

The man who had been chasing her slowly stepped out of the backlight, revealing his true face.

His face, his face

After seeing his face, Anna's pupils shrank in terror at once and she was about to call out a name!

"Ah!"

At the critical moment, Anna suddenly woke up, breathing heavily and looking around in confusion.

It turned out to be a dream

She closed her eyes, and beads of sweat were still seeping out of her forehead.

Although it was only a dream, Anna recalled a very important thing through it.

She finally knew where that familiar-looking place was!

For it was such an urgent thing, Anna hurriedly found her mobile phone and intended to call Yulin.

“Who are you going to call?”

A cold voice came from behind her, and Anna felt as if she had fallen into an ice cellar.

Anna did not dare to turn around and she squeezed the phone tightly, trembling from her head to toe.

But the person behind her was smiling and walking towards her step by step.

“Long time no see. That’s how you welcome me?”

Her body trembled more and more, and Anna wished this had also been a dream.

Her fingertips pinched into her palm, leaving deep marks and making her feel quite painful. She then knew that this was not a dream.

Then she thought: I have to face him now that there is no escape!

Chapter 498 Anna Xie Is Missing

Anna Xie took a deep breath, and when she turned around, in front of her eyes, she saw a pair of eyes glowing evil lights.

“You...”

Before Anna finished, she felt being surrounded by darkness and passed out.

On the Hengshui Wharf...

Time passed by fast. Not getting any news from Yulin Xiao, Jingyan Ye started to get worried.

Zhao Nangong had been hiding in the corner. He used the walkie-talkie to communicate with Jingyan.

“It’s about that time. Why hasn’t that bastard shown up yet? And what happened to Yulin? Did something go wrong?”

Jingyan squinted and said, “Let’s wait longer. You two hide well. Don’t expose yourselves.”

“Okay.”

It was already five past eight, but there’s nothing strange on the busy wharf.

Jingyan and his party started to get impatient.

Finally, Jingyan’s phone rang.

It was from Yulin.

Jingyan asked, “Why are you calling now? Did you find Chuxue?”

It was noisy on the other side of the phone. Yulin sounded anxious.

He said to Jingyan loudly, “Chuxue’s fine! Get out of the wharf, now! Chuxue said that she overheard their conversation, saying that they have hidden bombs there on the wharf. You will all be bombed into pieces!”

Jingyan immediately got alerted and rushed to Yiyao Duan. At the same time, he talked to Zhao with the walkie-talkie, “Run!”

“What happened?”

“Explosives here! It’s dangerous!”

By now Jingyan had already reached Yiyao. Hearing Jingyan’s words, Yiyao frowned right away.

“Explosives? What about these unarmed citizens?”

“Leave them! Let’s get out of here!”

Jingyan took Yiyao’s hand and pulled her to run with him.

But Yiyao couldn’t stay indifferent.

She just couldn’t let so many innocent people die for them.

Yiyao showed a serious look and the next second, she raised her gun and shot the bullet up in the air.

“A terror attack, run!”

Yiyao roared. And when the people on the wharf heard her words, they all ran madly towards the exit of the wharf.

Watching this tough woman beside him, Jingyan was speechless. But he was quite proud because she's so smart and courageous.

Yiyao released the news without delaying so the people on the wharf got to escape in time. Soon the wharf went empty. And right at this moment, the bombs exploded.

...

They had no chance to see the mysterious man, but they got Chuxue out, which was a success.

Sitting in the car, Jingyan called Yulin to asked the details of what had happened.

Yulin sounded tired, "Chuxue was indeed in a racecourse nearby. It took us some effort to finally found her."

Yulin left out the details but Jingyan knew what Yulin had been through in the process of saving Chuxue.

They could talk about the details when they should meet.

"Where's Chuxue? How's she?"

"She's fine. But she's startled and now she's asleep."

"Good to hear she's fine."

"What about you? How is it going?"

Jingyan squinted and hummed, "We are fine. We didn't see that guy either."

"What a bastard, doing such a filthy thing!"

"Anyway, let's talk about it when we go back."

They drove to Yulin's house. And Yulin's car arrived at the same time.

Jingyan had wanted to give Chuxue a warm h.ug but Chuxue went directly into Zhao's arms and started to cry.

Zhao h.ugged Chuxue tightly like h.ugging a long lost baby.

Yiyao patted Jingyan gently and showed a warm smile.

Jingyan was a bit awkward. His little sister no longer belonged to him.

When Chuxue finally calmed herself down, she suddenly realized she had a brother.

She looked up and walked to Jingyan. With her red eyes, she said, "Brother1"

Jingyan patted her on the shoulder and said, "You've done a good job and I found you. You are fine now."

"I thought I could never see you again!"

Chuxue started to weep again.

Yiyao put her arm around Chuxue's shoulder and patted her gently.

Chuxue wiped her tears and asked, "Did you get the bastard! How dare he kidnap me! I'll kick his a.ss!"

"He got away. Did you find any clue when you were kept there?"

Chuxue thought for a while and said, "I was locked in a small wooden house. There were two women who brought me food and clean clothes everyday."

"Did you eat well there?" Yuqi said.

Chuxue frowned, "Why are you asking this?"

"I noticed you have put on weight!"

Chuxue was awkward and defended herself, "It's because I cried too much! My face swelled!"

"Ah, it's okay. Someone people just eat a lot when under a lot of pressure."

"I did not eat much!"

Seeing that Chuxue was being teased, Zhao said, "At least that guy did not make you suffer. He treated you nicely, didn't he?"

Well, it seemed like so.

Yuqi crossed his arms and he looked confused, "I don't get it. This guy seems to have a special feeling for you Ye Family."

"Whatever it is, he needs to pay the price! How dare he hurt the Ye Family!"

Jingyan looked so serious and angry, as if he was about to tear the enemies into pieces.

“Not only you. Yulin hates him to death, too. By the way, Yulin...”

Yuqi was about to say something to Yulin but when he turned around, Yulin was already gone.

“Yulin!”

Soon Yulin walked out.

Unlike the others, Yulin looked anxious.

“Yulin, what’s going on?”

“Anna’s gone!”

“What?”

As soon as Yulin came back, he had been looking for Anna to tell her the wonderful news.

But Anna was nowhere to be found, which got Yulin so concerned.

“Maybe she felt bored and took a walk nearby.”

Yulin shook his head, “Her everything is here – her passport and purse. Where mcan she go?”

They went to Anna’s room and saw her room remained tidy. No one seemed to have broken in.

Yiyao squinted, “She had no chance to fight back at all...”

“Were they tough?”

Jingyan got Yiyao’s meaning and said, “No. We have a mole here.”

“A mole?”

It shocked everyone.

Yulin looked so pale.

“Damn! He ignored us and played us fool!”

Yulin waved his fist at the wall and it made a huge sound.

They understood how Yulin felt at the moment. But they knew it's no use saying nice words. It's better to find clues first.

Yuqi squinted and said, "He's a good one. He knows about our schedule and our habits. It's just that I don't get him. He kidnapped Chuxue to threaten Jingyan, but why did he take Anna? If Anna is really important to him, why did he even let her go in the first place?"

Jingyan continued, "That's why I would say he's smart."

"What do you mean?"

"It's called the interlocked stratagems. He planned to get rid of me and take Anna at the same time. There must be something going on between Anna and him."

Chuxue said with disbelief, "Anna is just a student. How can she know such a man of complicated backgrounds?"

Yulin paused and said, "Well, she did mess with a man of complicated backgrounds."

"Who's that?"

"Brother Six."

Yiyao frowned, "The man you mentioned last time?"

"Yes."

Chuxue was confused, "What are you talking about? What brother Six?"

"Anna was once sold by her cousin to a man, from whose hands I saved Anna. The man who bought Anna, people call him brother Six."

On hearing it, Chuxue felt so angry and clenched her fists.

"what a poor girl Anna is! I should have taught her cousin a lesson!"

Yulin was quite upset. He had no more attention to pay to Anna's cousin. He said, "If it's really brother Six, things will get a bit tough to handle. Brother Six has power in the underground world and it's easy for him to make someone disappear."

Chuxue panicked, "We can't let Anna fall into his hands! Brother, do you know how to deal with him?"

Jingyan remained silent for a while then he said, "He will come back to me because he failed to kill me this time. And when he approaches me again, we will deal with him."

"It'll be too late!" Yulin said.

Everyone turned around and looked at Yulin. Yulin looked so mad and fearless.

Yuqi was quite worried to see Yulin like this.

But he just could not urge Yulin to calm down because he was couldn't feel what Yulin was suffering inside.

Yuqi hesitated for a while then asked, "What do you want to do?"

"He's not the only one who has underground power. I can deal with violence with violence. Let's see who's tougher!"

As everyone could see, there's madness in Yulin's eyes.

Fearing that Yulin would go to extremes, Yuqi hurriedly said, "Let me handle this, what do you think?"

"Are you worrying about me? There's no need to. I will catch that bastard and make him regret for living as a human in this world!"

"What do you need us to do?"

"I will talk to the Big beard first. Then I'll come to you when I need help."

Then Yulin left, leaving everyone standing there feeling puzzled.

When Yulin went far enough, Chuxue grabbed Yuqi's arm and asked, "Why did brother Six take Anna?"

"I've no idea!"

"Aren't you twins with Yulin? You are supposed to know whatever happens to him!"

Yuqi was so speechless, "Come on! Who told you that twins should feel what each other thinks? How would I know what happens between him and his girlfriend?"

Chuxue still wanted to ask something but Zhao stopped her, "Come on Chuxue, Yuqi had been in the UK when it happened. He wouldn't have known."

Yuqi nodded hurriedly.

Zhao's words make sense but Chuxue felt even more confused.

She sat in the couch and pouted her lips, "It's making me crazy! What kind of thing did we Ye Family mess with?"

"Chuxue, mom and dad should not know about this, at least for now."

Jingyan seemed to have sensed what Chuxue was thinking, so he warned her.

Chuxue was stunned, "Are you sure?"

"Yes. We don't even have a clue how. We shouldn't make them worry."

Chuxue was a bit awkward, "But mom and dad are having a vacation in Europe. I hope they don't suddenly miss us and come to see us."

Everyone got silent when hearing this.

Seeing that everyone was discouraged, Yiyao clapped her hands, "Think something good. Yulin knows this brother Six better than any of us. Maybe he has already had a way to deal with brother Six by now. Let's not be upset. We might discourage him. From tomorrow, let's use all the connections we have to find this brother Six!"

Being encouraged by Yiyao, everyone felt hopeful again. "Yes, let's do it!"

While everyone was talking about their plan here, Yulin walked into the secret room.

The Big Beard was half awake. Hearing the door being opened, he looked up.

His eyes met with Yulin's eyes.

With coldness in his eyes, Yulin walked to the Big Beard, squatted and said, "surprised to see us again, aren't you?"

The Big Beard turned away and said, "I don't know what you are talking about."

"Stop pretending! I already know that someone has been keeping in touch with you, promising that he could give you freedom. But it seems that he did keep his word."

There's suspicion in the eyes of the Big Beard.

And Yulin saw it.

"Your boss has come and taken away the person he wants, leaving you here waiting for death."

Yulin then added, "You devoted your life to him, but he just treats you as something useless. Your life is worthless, but your family will die for your carelessness. Are you really okay with that?"

The Big Beard started to get panicked. He frowned, "They haven't been transferred to somewhere safe already. In no way will you find them!"

"Really?" Yulin took out his phone and showed the pictures to the Big Beard.

The pictures were sent to him long ago, but Yulin still used it as a bait. He bet that the Big Beard would collapse on seeing this. Because the Big beard had nothing more to lose except his family.

Seeing the reaction of the Big Beard, Yulin knew that he won.

Hard as the Big Beard tried to control his feelings, he heard that had been trembling exposed his inner thoughts.

"Where did you get the pictures!"

"What do you think? Your daughter is cute! She has a pretty face! I am sure she will grow into a beauty in the future, I mean, if she can grow up safely."

Chapter 499 To Find My Love

Suddenly, Beard rushed to Yulin Xiao like a frenzied beast.

However, Yulin Xiao stepped on him and stopped him easily.

Beard was very furious and he yelled in anger, "Bastard!"

"You and your boss are real bastards. You could choose to cooperate with me or die yourself."

Hearing Yulin Xiao's words, Beard kept silent.

Seeing this, Yulin Xiao snorted and then turned to leave.

"Wait!" Beard suddenly asked him.

"Have you made the decision?"

"Even if I tell you the truth you can't help my family."

Obviously, he was lured.

“Of course I can, I’m as powerful as Sixth Brother.”

Hearing this, Beard struck in thought. After pondering for a while, he answered, “Well, I’ll tell you, but remember to keep your promise, or I’ll definitely k!ll you.”

“Don’t talking nonsense and tell me what you’ve known.”

After taking a deep breath, Beard said slowly, “The person that connect me is the cook.”

That ordinary woman?

Yulin Xiao frowned and said, “It’s really a surprise.”

“She is not our member and did that only for the money.”

“Do you think I am a fool? How could an ordinary woman do that? Tell me the truth.”

However, Beard didn’t want to say more and just lowered his head, “That’s all I know.”

Hearing this, Yulin Xiao didn’t ask more and left.

Yuqi Mu was waiting outside, and when he saw Yulin Xiao, he quickly asked, “What did he say?”

Yulin Xiao told what he had heard, then Yuqi Mu looked serious.

“Do you trust him?”

“Well, a little.”

“We can just k!ll him for he doesn’t tell us the truth till now.”

“Don’t waste our time, we should find the cook first. It’s the only trace about the mastermind.”

“Fine, I’ll do that.”

The next day.

Lucy’s boss was in an awkward condition now for he had lost Lucy’s help and his investments were failed. Now, a new problem appeared.

Looking at the man in front of him, the boss frowned.

“Why are you here?”

Yulin Xiao was sitting there elegantly with his legs crossed, then he said with a smile, “The previous matter is still unsolved, of course I come to chat with you.”

Hearing this, the boss grew sullen and yelled, “I’ve already given up the project and now you are the only winner, what else do you want?”

However, Yulin Xiao just smiled and said, “If you can do me a favour then I can give you the money and help you to be the controller of the company.”

Although this was luring, the boss was alert and asked, “Well, it must be an important thing right?”

“It’s easy for you, I just want you to help me find a woman.”

“Who?”

“Anna.”

The boss held his face and asked, “She’s been kidnapped?”

“Yes.”

“Who’s the mastermind?”

“The Sixth Brother.”

“Sixth Brother

Hearing this, the boss felt confused, he didn’t heard of him before.

“His eyes are purple.”

Hearing this, the boss felt nervous and waved his hand immediately, “I won’t help you.”

Then Yulin Xiao was anxious and asked, “Are you afraid?”

“I know that man, he is really cruel and perverse. Nobody dares to offend him. I don’t want to irritate him as well.”

“Your family are powerful in the underground world in England, why do you afraid a new comer? This is too incredible.”

“To be honest, my family are not as powerful as before. Those new forces improve very fast now. Don’t look down at them.”

"What's more, I've already made a mistake, how dare I to cause trouble again?"

Hearing this, Yulin Xiao smiled playfully and then said, "In China, there is an old saying goes one should stay prepared for adversities in time of peace. Although you will be safe if you keep the current life, you'll gain reputation if you kill Sixth Brother."

Yulin Xiao was good at persuading people, now the boss was a bit lured.

Seeing this, Yulin Xiao continued, "Besides, I'll be your helper, what else are you afraid of?"

"Are you serious?"

"Of course, he caught my woman, I'll definitely defeat him."

After pondering for a while, the boss clenched his teeth and said, "Fine, I agree!"

Seeing this, Yulin Xiao smiled. But he looked quite indifferent.

.....

After waking up, Anna looked around in confusion.

"You're awake?"

The voice was cold which made Anna tremble.

She slowly raised her head and looked at the door, and then, she saw a man.

Sure enough, it was him, it wasn't a dream. Then she was scared and trembled even harder.

Seeing this, Sixth Brother felt very interesting. He stood up and approached Anna with an evil smile on his face.

"Are you scared?"

Of course, no one could be calm under such circumstance.

Anna tried to calm down and asked flatly, "Why do you do this?"

However, Sixth Brother just stared at Anna, as if she was a prey. Then he wanted to caress Anna's face, but was pulled away.

Seeing this, he sneered, "You really hurt me. How could you say that since I like you so much."

Anna frowned slightly and said, "It's not the first time we've met, don't be so hypocritical."

After looking at Anna for a while, the man mocked, "Is it the power of love? You look totally different."

Anna didn't allow him to humiliate her love, so she rebutted, "Well, that's only your thought, I think I'm better now."

"It's because you are shallow. Don't talking nonsense."

"You are not me, how do you know my thought? You are too arrogant."

Anna's words made Sixth Brother very angry and he narrowed his eyes and said, "Good, you dare to rebut me now."

After saying this, he walked to Anna.

Seeing this, Anna kept retreating and gazed him, then she asked, "What do you want?"

"I just want you to know the result of rebutting me."

"Don't touch me!"

He directly held Anna's hands and pressed them on the handles of the chair, then he said, "You are not qualified to let me do that."

Sixth Brother looked grim, as if he had no desire at all.

But why did he do this? Their poses looked really awkward.

Anna looked at him warily and asked, "So what are you doing now?"

"I'm wondering whether to kill you or not!" Sixth Brother said coldly.

At that moment, Anna knew that he dared to do that.

However, after a while, she calmed down and said firmly, "You won't kill me."

"Why?"

"That's not what you want. You have other plans."

Hearing this, Sixth Brother sat up and looked at Anna playfully, he gradually calmed down and said, "You are smart."

After thinking about the whole thing, Anna grew calmer. She was not afraid of Sixth Brother anymore.

"Since you want to take me as a bait, you'd better treat me better. If I don't cooperate with you, you'll have troubles."

"You seem to be stupid again." Sixth Brother smiled evilly, like a snake, "Even if I kill you, Yulin Xiao won't know."

"You're the stupid guy, do you think that Yulin Xiao will trust you if he doesn't see me? We'd better keep distance now, you can go to find him and I'll stay here quietly, that's the only way."

Hearing this, Sixth Brother was surprised, Anna really acted calm.

"I'm interested in you now, what a pity to take you as the bait."

However, Anna just felt disgusted and said, "I'd rather be the bait."

"You'll regret one day. What an arrogant woman!" After saying this, Sixth Brother left.

As soon as he left, Anna felt tired and fell on the bed.

She stared at the ceiling, and thought it was like a dream.

She really changed a lot and she couldn't believe that she had the courage to rebut Sixth Brother.

Although it meant nothing, she felt better and calmer now.

Then Anna closed her eyes and sighed, her missing must make Yulin Xiao very anxious.

But did he know the mastermind? Even if he knew, how would he help her?

Anna was anxious, she didn't know about her future.

Meanwhile, Yulin Xiao was trying to find Anna. Other people also tried their best to help him.

Only Yuqi Mu was sitting in the restaurant calmly and enjoyed his meal.

While eating, Yuqi Mu looked at the woman and said with a smile, "Auntie, the dishes taste good today, I want to eat more."

The woman was very enthusiastic and said with a smile, "Well, I'll serve it to you."

Then, Yuqi Mu just stared at her with his hands crossed, then he said playfully, "Auntie, since you are so good at cooking, there must be many people who want to hire you."

"No, you are my only employer."

"So, I treat you nice right?"

"Yes."

"If that's the case, why did you betray us?"

While saying, Yuqi Mu still looked relaxed, as if he was joking.

But the woman was stunned. Then she quickly calmed down and said with a smile, "Mr. Mu, don't joking."

"Do you think I'm joking? I treat you nice, if you still don't tell me the truth, then don't blame me."

Yuqi Mu still said playfully, and people didn't know his intention.

But the woman knew that he was serious.

Under his gaze, the woman lowered her head and said, "Mr. Mu, I"

Yuqi Mu interrupted her directly for he had no time to hear her lies. Then he said indifferently, "Tell me the truth or your family will be in danger."

Yuqi Mu was warning her about the cost of lying.

Hearing this, the woman's face turned white and she looked desperate.

"I didn't betray you, someone ask me to do him a favour."

Of course Yuqi Mu knew who asked her to do that, he sneered and said, "You knew that Beard is our enemy, why did you help him? You almost kill us all."

Hearing this, the woman was stunned, "Could it be that serious?"

"Don't pretend to be unknown."

The woman was very anxious and quickly waved her hands, “I really don’t know, when I sent meals to Beard, he begged me to bring a letter to his wife. He looked so poor, thus I helped him. How could he do that?”

However, Yuqi Mu just stared at the woman coldly and said, “You perform well, I almost trust you.”

Chapter 500 Get the Evidence

The woman dragged Yuqi Mu’s sleeve and said anxiously, “What I said is true, please trust me.”

“Why should I trust you?” Yuqi Mu raised his eyebrows.

“I’ve been working here for quite a long time, of course you know my background, they paid me nothing, why should I work for them? ”

Hearing this, Yuqi Mu nodded and said, “Well, what you said makes sense.”

Seeing that Yuqi Mu was getting calm, she thought there was hope and quickly said, “Please forgive me, I know it’s my fault.”

“I will investigate on this matter, and I will apologize if your words are true. Just keep working hard.”

“Yes.”

“Well, back to work.” After saying this, Yuqi Mu left.

As soon as he walked out, he said to his aides, “Keep an eye on her and tell me if something happens.”

“Yes, sir.”

Then days past as usual, and people tried their best to search Anna. However, they became more depressed.

After the investigation, they found that the woman was really a victim, she knew nothing about Beard’s plan, thus Yuqi Mu apologized to her and hit Beard violently.

Then people all acted normal, however, the woman said she felt guilty and cooked some dishes to make up for her fault.

Those dishes looked quite delicious, so people said nothing and sat down to enjoy the meal.

But while eating, someone felt sleepy and then lost their consciousness with blood flowing out of their mouths.

Seeing this, the woman smiled coldly. Then she walked to the adytum where Beard was imprisoned and opened the door, then she snorted, "I thought you are loyal, but you betrayed me."

However, Beard looked at the woman and sneered, "It is you who betrayed me first, then don't blame me, I have to find other ways."

"We've already arranged your family, what else do you want?"

"Don't lie to me, I've already seen the photos."

"Photos?" The woman frowned and then quickly smiled disdainfully, "They must lie to you, it's hard to distinguish their tricks."

"You are the same!"

Hearing this, the woman grew sullen and asked, "So, you don't trust me right? Well, I'll just kill you now."

Then she aimed at Beard with the gun.

"Although I don't want to interrupt you, we'd better deal the things now." The sudden voice made the woman stunned.

"You! Why are you still alive?"

Yuqi Mu mocked, "How can your tricks beguile us?"

"But you've already believed my words, I performed well."

Yulin Xiao said with a grim face, "That's just your thought, we've already known your tricks."

"It's impossible!"

"Why not? Then I'll tell you now." Yuqi Mu smiled and said, "The original cook is loyal and kind, beside she is a stammerer, and would stutter once she get anxious, but you said fluently that day, how can I trust you?"

Hearing this, the woman fell on the ground, she knew she was failed.

Then Yulin Xiao looked at her from above and said coldly, "What else do you want to say?"

The woman calmed down and sneered, "You can do nothing even if you find me, you are destined to die!"

"But before that, you will die first, and in a miserable manner."

"Well, I'm not afraid at all!"

"Indeed, death is easy but tortures are more scaring." Yuqi Mu leaned over and looked at her with a dangerous smile and said, "Sixth Brother has already known your message, and he thought we are corpses now. What will he do if he find it's just a lie."

She hadn't said this to Sixth Brother, they must tell him the false news.

It really mattered a lot to Sixth Brother, if he knew the mission was failed and he was cheated, she must be heavily punished.

Thinking like this, she trembled, as if she was thinking something very horrible.

Seeing this, Yuqi Mu stood up in satisfaction.

"So, I'll do nothing to you, Sixth Brother will punish you."

"No! Please don't do that to me!"

Hearing this, Yuqi Mu teased, "Why not, you acted loyal just now."

"Anyway, I beg you, just kill me or let me go."

Yuqi Mu raised his eyebrows and said, "Unfortunately, I can't agree to either of your suggestions. I'm the ruler, you can listen to my arrangement. Take her away!"

"Yes."

Then the woman was taken away, she yelled loudly and wanted Yuqi Mu to kill her. It seemed that Sixth Brother was really a cruel man.

Then Yuqi Mu turned to look at Beard, he shrugged his shoulders and said, "There are many fools in your organization, you'll be regret one day."

"So, you will give me a chance, right?"

"Well, there is a chance, but you have to seize it."

Hearing this, Beard made up his mind and said, "I'll live for myself this time."

"Good."

Then Yuqi Mu turned back and nodded to his followers, and then they understood his thought.

Everyone acted normal, as if nothing had happened. Those sat beside the table still acted to be unconscious.

After a while, Sixth Brother arrived, before he entered, he saw Beard who was lying on the ground weakly.

"What's going on?"

Beard coughed and said, "Nobody bring me food today, so I tried my best to run away to a check, however, that's what I saw. It seemed that they are died."

What?

Hearing this, Sixth Brother didn't seem to be happy.

He frowned and ordered, "Find Chuxue and Jingyan now and see if they are alive or not!"

"Yes."

But as soon as his followers turned back, they were killed silently.

Seeing this, Sixth Brother narrowed his eyes and behaved calm.

Then a group of people walked out from the corner, and they were exactly Yulin Xiao and others.

They looked energetic and had no blood on face at all.

Looking at the mysterious man in front of him, Yuqi Mu looked a bit excited and said, "I'm afraid that you'll be disappointed!"

"Well, I know you must be alive."

Jingyan looked at Sixth Brother with fierce eyes, he wanted to kill him now. He clenched his fist, and said coldly. "Of course I'm alive and I'll torture you."

However, Sixth Brother was not scared at all, he looked at Jingyan provocatively and said, "What you said is also my thought, just see who's the final winner."

Hearing this, Yiyao frowned and said, "You are already surrounded by us, it's easy to k!ll you, how dare you to say that?"

"Well, Anna is still under my control, just k!ll me if you want her to die."

These words made Yulin Xiao feel nervous.

Yiyao just looked at Yulin Xiao and said, "We can still find Anna and save her after we k!ll you."

"As soon as I die, the people who supervise Anna will k!ll her as well. Don't dreaming." Then Sixth Brother looked at Yulin Xiao arrogantly.

Jingyan smiled angrily and said, "Well, this is really your style."

However, hearing this, Sixth Brother acted weirdly and then quickly kept distance with Jingyan and said, "Don't say that, you know nothing about me."

Such scene made them feel strange and Jingyan and Chuexue looked at each other and then Jingyan asked, "Why did you do that? Do my family offend you?"

"I just don't like you." Sixth Brother sneered.

"Such an answer is meaningless, I would rather hear that you hate us."

"Then I'm afraid that you'll be disappointed, I have nothing to do with you."

Although Sixth Brother didn't admit it, Jingyan turn back to Chuxue and said, "It seems that he has something to do with our family."

However, hearing this, Sixth Brother was furious and yelled, "Don't you understand my words, I have no relationship with your family, nor do we know each other!"

"We have eyes and make our own judgement, you'd better tell me the truth."

"I have nothing to say."

Chuxue shrugged casually and said with a smile, "Since our parents are travelling in Europe, maybe you can have a talk."

Hearing this, Sixth Brother squeezed his fists and became gloomy, as if he had found his enemy.

Thus, people knew that there must be some connections.

Originally, Jingyan didn't want to tell this to his parents, now it seemed that only they could reveal the truth.

Yulin Xiao didn't care about the truth, all he worried was Anna.

"Let Anna go and then we can let you go as well, besides, we can also arrange a meeting between you and Jingyan's parents."

"I don't need you to arrange for me. You'd better care about yourself. I can tell you clearly that you will definitely die in England!"

"Tell us the reason! Why do you want to kill us?"

"Because you deserve it!"

Sixth Brother really wanted to kill them, they could sense his hatred.

Jingyan grew sullen and said coldly, "Everything has its reason, even if you don't tell us, we know that there's must be some conflicts between you and our family."

"But how can you be sure that all you've known is the truth? Maybe you are wrong, it's just your speculation."

"You are the one that be cheated." Sixth Brother looked at Jingyan and Chuxue pitifully, "Just enjoy your dream, you'll be soon awake, then you'll know all you've gained now are fake! It is really ridiculous."

His weird gaze and horrible tone made people feel strange.

Hearing this, Chuxue was a bit stunned, however, she said reasonably, "You also heard from others, how can you be sure that the person didn't lie to you?"

"There's always be someone who will make you convinced and you'll do everything for him."

Jingyan was also stunned, but he was much calmer than Chuxue, at least nobody could sense his nervousness.

After hearing those words, Yiyao pondering for a while and said, "Generally speaking, you would only do this for your lover or your relatives. However, relatives fit the situation better. Could it be that your relative is involved with our family?"

What Yiyao said was very close to the truth, which made Sixth Brother even more furious.

"You are not qualified to say that, shut up!"

"It seems that I am right."

"Bitch, shut up!"

Sixth Brother said rudely, Jingyan was about to give him a lesson but was stopped by Yiyao.

Yiyao comforted Jingyan and then said to Sixth Brother, "Well, just tell me how can you let Anna go?"

When hearing Anna's name, Sixth Brother grew sullen and said, "That woman has good shape, I want keep her."

His words really irritated Yulin Xiao, he wanted to give him a lesson, "Bastard, you"

Yuqi Mu quickly stopped Yulin Xiao and said with a frown, "Calm down, he just wants to provoke you!"

Yulin Xiao could no longer suppress his anger, he wanted to kill him now.

Seeing that Yulin Xiao was about to lose control, Yiyao immediately said to the point, "We can reach a compromise. It's good for none of us."
