Chapter 501 Confrontation, the Leverage

“A compromise?”

“Yes. It will make it fair, and, for the time being, it will calm us down. We can't just stand here and keep confronting each other.”

Yulin Xiao stared at Brother Six and said, “give Anna to me. Otherwise, there is nothing to talk about.”

But Brother Six just ignored Yulin and said easily, “she is my trump card, so how can I give her to you?”

“Then there is nothing to talk about. I'll kick his a.ss to see if he can still be so arrogant.”

“I have a good idea. Do you want to know that?”

Facing the cheeky Brother Six, Yulin no longer had any hope. What he wanted to do now was to beat him up, otherwise, he didn't know how to be nice.

But because of Yiyao, he could not say anything, only to make some preparations secretly and plan how to start later.

“I need to see Anna and I need to contact with others at any time I want.”

When he said this, everyone was stunned, including Brother Six.

Looking at Yiyao incredulously, Yuqi said, “Yiyao, are you crazy? One of us is already controlled by him, being his hostage. Don't you think if you go there now, he will get one more bargain chip?”

“Hostage, well, one or two make no difference. I can help take care of Anna if I go, so you can also worry less.”

Jingyan Ye frowned and asked, “what about you? Won't I worry about you?”

Yiyao lowered her voice and said to him, “what he's going to deal with is your Ye family. I'm an outsider, so he won't waste his time on me. You should take the opportunity to find out his aim, so that you can find a way to work with me to save Anna.”

“No, it's too dangerous.”

“Is this not dangerous if I don’t get involved? This man is dangerous and his existence will keep Ye family in danger, so I cannot sit there and do nothing. Therefore, it is necessary to use this opportunity to find the truth.”

“But it should be me to do this, not you. I don’t want to see you run the risk.”

“I’m more suitable than you to do this. I’m glad that I can help you.”

Before Jingyan could say something, Yiyao stopped him, “Okay, Jingyan. We cannot waste more time, otherwise, things will get worse. Besides, you need to believe me. I’ve experienced a lot, so this is not a big deal. I can handle it.”

Staring at Yiyao, full of worry. Deep inside, he strongly opposed this idea.

Brother Six originally did not agree Yiyao’s suggestion. But when he noticed that Jingyan was worried about her so much, he suddenly changed his mind.

“Hey, are you ready?”

Yiyao turned back, whose tone showed her determination, and said, “yes. This is what we want, so do you agree?”

Brother Six shrugged and smiled, “how will I refuse? Since you want to step into the trap, of course I’m happy.”

“Very well, then, can I go with you now?”

“Sure.”

Others wanted to stop Yiyao, but none of them could change her decision.

Yiyao was a determined woman and once she had decided on something, she wouldn’t change it easily.

“Don’t worry. This time, I will definitely bring Anna back safe and sound.”

Taking a look at the crowd, she followed Brother Six and walk away, holding her head up proud.

When Yiyao passed Jingyan, Jingyan reached out to hold her hand.

She pinched his palm and smiled. Then she slowly took away her hand and left without looking back. Finally, she shrank into the distance.

Punching at the fence, Yuqi said, “what the hell is going on? We designed to lure Brother Six to come here, but what now? He took Yiyao away.”

Chuxue Ye sat on the sofa distractedly, frowning, and said, “stop it.”

“But I can’t accept this. Things shouldn’t be like this!”

“Then how do you think it will be?”

“We would catch Brother Six, torture him, and force him to tell us where Anna is.”

Chuxue shook her head and said, “If things could really be that simple, would we let Brother Six take Yiyao away?”

“Even if Yiyao is strong, she will be imprisoned and have no chance to do anything to make things better.”

Jingyan said in a hoarse voice, “Yiyao is going to help Anna, so that she won’t be bullied by Brother Six, and secondly, she is making a contract.”

“Contract?”

“She wants Brother Six to meet the seniors of Ye family and have a good chat about the grudges and hate.”

It hit Yuqi and he said, “So, this is Yiyao plan. Well, she really does a lot for us.”

Yiyao was indeed well-intentioned, but the more she did so, the more heartbroken Jingyan became, and the sorrier he was for her.

He did want to stop Yiyao no matter what would happen.

But Yiyao would not listen to him at all. Both of them were too familiar with each other, so that’s why Yiyao made her own decision without even discussing it.

Finally, he still owed Yiyao.

...

Yiyao was blindfolded and pushed into a car.

All the way, Yiyao didn’t say a word.

Instead, Brother Six found her trick and mocked.

“Don’t waste your time. I deliberately take a detour, so there’s no way you can remember it.”

Brother Six was right. He asked his man to drive around in circles, passing through a noisy market, an abandoned factory... He just drove randomly.

Sighing, Yiyao rested her body. Obviously, she gave this up.

But she still did not speak anything. Because she had something more important to think about.

Brother Six also did not want to talk to her. As long as she was in his hands, no matter how magical she was, there was no way out.

It was getting more and more deserted and Yiyao even felt the sand pounding on her face.

Just when Yiyao was thinking, the car started circling upward. Up the mountain?

It was bumpy all the way and the car stopped. Someone opened the door and took Yiyao out.

Through an archway, her mask was suddenly taken off.

The bright light made Yiyao squint, and then, she quickly adapted to it.

She looked carefully at the surroundings and found that the place where Brother Six was hiding was not the same as she had imagined.

It was old-fashioned, both the decoration and the arrangement. It was very strict, not a vicious person's preference, but a knowledgeable scholar. He must have spent a lot of effort on this.

Having someone offer a cup of tea for Yiyao, Brother Six smiled and said, "You can look around. Here, will be the place where you will live for a long time."

However, Yiyao coldly hummed as a response.

Although Yiyao didn't say anything, she didn't stop observing. She needed to get to know more about the place and its characteristics.

Padding to the window, Yiyao found that she was actually on a small island, surrounded by raging water.

No wonder Brother Six feared nothing. It turned out that he had already made all the preparations.

Smiling, Yiyao said, "that's great. I love the ocean the most, and it's a blessing to see the endless sea every day when I open my eyes."

Turning around, Yiyao said in an arrogant tone with no expression, “where is Anna? I want to see her.”

Brother Six made a gesture to the person beside him, signaling to take her to see Anna.

At this moment, Anna was sitting in the room with a sad look, not expecting to meet a friend here.

“Anna!”

Raising her head incredulously, Anna was surprised to see Yiyao.

“Yiyao, why are you here?” Anna immediately ran to Yiyao, holding her hand and nervously asking, “did Brother Six kidnap you?”

Patting Anna’s hand gently, Yiyao said, “no, I asked him to take me here.”

“Huh?”

Anna was completely confused.

Yiyao didn’t explain more and she just tried to calm Anna down, “I’m here and I’ll protect you. Don’t worry.”

“Humph, you can’t even protect yourself, so how can you protect her?”

A person came out behind her, which made Anna immediately very nervous.

Obviously, Anna was afraid of Brother Six. Once he was here, she turned into a guarded kitten.

Sensing Anna’s fear, Yiyao shielded her behind her and said without changing her look, “the person who is really in trouble is not me. We’ll see.”

Humming disdainfully, Brother Six said, “don’t act like you are controlling everything. It makes me sick.”

“It has nothing to do with me. I just hope that we can be at peace with each other.”

Yiyao was surprisingly calm, which surprised Brother Six.

This woman was not ordinary.

So what? Anyone who had relations with Ye family would be punished by him.

Stopping looking at the two, Brother Six turned around to leave the room, and as he walked away, he said with contempt, "naïve."

Brother Six would definitely be at peace with the two women.

This made Anna nervous and puzzled, "Yiyao, what is going on?"

"In short, we found out the spy that Brother Six had arranged, and then we made a trap to catch him. Although we caught him, we could do nothing, because you are here."

"After thinking about it, we decided that it would be better for me to come here to protect you while cooperating with Jingyan and others."

Yiyao told her the whole thing with a calm look, but it really shocked Anna.

She shook her head, thinking that this idea was too crazy.

"Yiyao, this is too dangerous. You don't know Brother Six and he's simply a psycho!"

"I don't care. As long as he has his weakness, he can be manipulated," Yiyao smiled and said, "this time, it seems to be dangerous, but in fact, there is the hope. Brother Six, I'm afraid, has something to do with Ye family. He will keep us until, he meets Ye family's seniors. And we can then take the opportunity to escape."

Anna still felt it was dangerous, but now that it seemed that this was not only related to her, but it was his grudge against Ye family.

In this way, she couldn't say more. She just frowned and murmured, "it seems that a lot of things have happened in the past few days when I was away."

"Indeed."

Thinking that it was entirely because of her that things had become so complicated, Anna blamed herself thousands of times inside. With head down, she said, "well, I'm sorry that I get you involved. I'm such a fool."

"Don't think too much. Brother Six is very strong and powerful and we don't have 100% confidence to win, so don't blame yourself. And you know what, your suffering is because of Ye family. Ye family owes you an apology."

Anna waved her hand and said, "no. It's my fault."

"Well, we're family, so we should work together to solve this. I'll talk to you later about the plan and I need your help."

“Well, I will definitely spare no effort if I can do something. By the way, how about Chuxue, is she okay?”

“She’s good. She wasn’t abused and seems to have gained a little weight.”

Hearing this, Anna felt weird.

“Brother Six is really wired. Though he always said that he wanted to avenge, he never hurts them.”

This made Yiyao frown.

Seeing that Yiyao did not speak anymore, Anna asked, “Yiyao, what’s going on?”

“Nothing. I’ve just thought about one thing.”

“What?”

“Well...” Before she could say that, Yiyao found that she was too absurd, so she laughed, shook her head and said, “it’s nothing. It’s just foolish notions.”

Seeing that Yiyao didn’t want to talk about it, Anna stopped asking.

She sat beside Yiyao and looked out the window at the endless sea, always feeling that leaving here was harder than anything.

But she had to hold on. She had not yet become a woman good enough to match Yulin and her life had just begun. There were countless possibilities waiting for her in the future, so how could she die in this unknown place?

After taking a deep breath, Anna turned her head to look at Yiyao and asked, “Yiyao, what should we do next?”

Yiyao smiled, then whispered in her ears.

Anna listened to carefully. She then looked at Yiyao with some surprise and asked, “that’s too simple, isn’t it?”

“Yes, it is.”

Anna was about to ask something more, but she saw Yiyao put her finger in front of her lips to signal her to shut up.

She had no choice but to keep her doubts inside for the time being. She looked at Yiyao, sitting across her, helplessly.

Yiyao showed a smile to Anna, which made Anna feel a lot safer.

Although they were locked up, the food for Anna and Yiyao was good...even great.

Looking at the food in front of her, Yiyao tilted her head and asked the food delivery man, "where is your boss eating?"

"Why do you ask this?"

"I want to personally thank him for his hospitality."

What a lame excuse!

The man was going to ignore Yiyao, but Yiyao suddenly made a move and grabbed his gun from his waist and put it against his temple.

Her actions were so fast that before the man could react, his life was already controlled by Yiyao.

Trembling, he said, "even if you kill me, you can never get out."

Chapter 502 Keep the Secret

"I don't say I will run away. I just don't like rude people and I want to help Brother Six get rid of fvcked guys."

The man felt awful about her words and asked, "when have I been rude to you?"

"I asked you a question but you didn't answer me. Isn't that rude?"

"I, I was trying to keep the secret for our boss."

Yiyao Duan hummed disdainfully and said, "it's not confidential, so why to keep it? Even if you don't tell me, I'll find it by myself by all means."

"But there are all people guarding outside. You can't get out of here."

"What an idiot," Yiyao laughed, full of disdain, "I never think Brother Six will hire someone stupid like you. If he doesn't realize this, then he will destroy himself in the end."

It was fine if he was looked down upon, but he was very unhappy that his boss was also looked down upon by this woman.

However, just as he was about to raise his head to say something to Yiyao, she raised her hand and hit him on the back of his neck, so he passed out in a sec.

“Cut the crap!”

Disgustedly throwing away the man, Yiyao stood up and picked up the bowl and said, “don’t you think it’s boring if only two of us eat here? Let’s go and find someone else.”

“Who?” “Brother Six!” “What!?”

Anna Xie was shocked and couldn’t understand Yiyao’s intention.

Without explaining to Anna, Yuyao held her hand and went out.

The men guarding there didn’t expect that the captives would walk out of the room by themselves, and almost at that instant, someone rushed over and wanted to stop Yiyao.

But what Yiyao said made everyone give up.

“Your boss, I need to see him. Those who know the way, show me the way. And I need someone to help me take my meals.”

They looked at each other, not knowing whether they should listen to her or not.

“Hurry up. Don’t you hear me?”

Yiyao yelled, making them frightened.

Yiyao could easily make others be in awe of her. Glared by her, they trembled.

In the end, someone timid stood up and showed her the way.

They felt that since Yiyao dared to come out and ask to see Brother Six in an upright manner, she must have gotten permission from Brother Six. Otherwise, why would she run the risk?

And during these days, they knew Brother Six’s attitude towards Anna. It’s more likely that Brother Six had some interest in this girl. And Yiyao was her friend, so she couldn’t be offended.

Thinking about it, no one stopped Yiyao and Anna, so the two walked to the table and sat opposite Brother Six.

“Why not eat together?”

Seeing them come to him, Brother Six was pissed off. He, frowning, yelled, "how dare you come here?"

"I just want to eat with you," Yiyao said seriously, as if it was a perfectly normal thing, "the room is too stuffy, so we'd better eat here."

"Remember, you are captives."

"Captives have to eat too, don't we?"

"Get back to your room!"

Brother Six's attitude was harsh, but Yiyao was smiling brightly.

Folding her hands and putting them on her jaw, Yiyao said, "we just want to have a pleasant meal with you. Why are you so nervous?"

"I'm nervous? Seriously?"

"If you're not nervous, why can't you allow us to stay? It's just a meal, we can't do anything to you."

This was not about a meal, but a provocation to him.

If it was just Anna alone, he wouldn't mind sharing a meal with Anna.

But the person opposite was Yiyao, a woman that he couldn't control.

He squinted and said, "you talk too much and I really don't like women talking too much."

Yiyao laughed and said, "you are still the first one to say that I talk too much. Others all think I'm strict, determined and strong."

"I don't think so. Here, I'm the boss and you must do as I say."

"Well, since you don't welcome us, we will go back first."

Yiyao looked at Anna helplessly. She then got up and picked up the food, ready to leave.

Anna looked dumbfounded.

She knew Yiyao very well and she wouldn't give up so easily if she had made up her mind.

Why did she leave so easily after Brother Six' s refuse?

Anna felt puzzled, but she could only obediently follow Yiyao and.

Looking at the backs of the two, Brother Six ordered with a sullen look, "who let them in? Kill them all."

"Yes."

Returning to the room with Yiyao, Anna looked at her in confusion.

Though Anna was in a mess, Yiyao was eating happily, as if she had a good appet!te.

Anna couldn't bear it anymore, so she went over and asked, "Yiyao, why did you do this?"

Yiyao looked around, then took out something from her pocket and showed it to Anna.

Anna looked at it carefully, and then, she covered her mouth in surprise.

This, this, this, was a wire! So, what Yiyao just did was to set it up.

But, when did she do it? She was sitting next to her, so why did Anna not see it?

Anna was full of confusion, but she was too embarrassed to ask, so she just sat there in silence, waiting for Yiyao' s explanation.

"We got a guy say that Brother Six, doesn't care about anything, but the meals. He needs the feeling of ritual, so every time he eats, he has to sit in the dining room and dine in a strict manner. And there is the best place for information exchange, so that we can get some important information."

So that's how it was.

Anna nodded and then added, "Even if we got important messages, there is no way to tell Mr. Ye and the others."

"Since I dare to come here alone, naturally I have my way to contact them. Don't worry. Everything is going smoothly. In the end, we will definitely be able to leave here."

Looking at Yiyao' s confident face, Anna also smiled.

However, at this moment, she did not have any appet!te.

Stirring the food in the bowl with a spoon, Anna smiled bitterly and said, "you are all so smart and know what you should do. But look at me, I can't do anything."

"Specialist only master his own field. I am a soldier, so it's not surprising that I know this. And you are an actress and filming, singing and walking on stage are something that I cannot do. So, don't be upset, you're just not suitable for these."

It could be seen that Yiyao was trying her best to comfort Anna.

If Anna still couldn't realize this, then Yiyao didn't know what she could do.

Looking up, Anna showed a smile and said, "Yiyao, thank you."

"Don't be. Maybe in a short time, we'll become a family."

Yiyao's words made Anna blush and murmured with her head down, "but, I haven't become strong enough yet."

"After this, you are no longer the original Anna, and you are certainly qualified enough to stand by Yulin's side."

"Really?"

"Of course, you're a good girl and you have to be confident in yourself."

Yiyao's words gave Anna some confidence.

If, she could get through this time, she must tell Yulin that she loved him very much.

When the night fell...

Yiyao and Anna were sleeping peacefully in their room.

Hearing the steady breathing next to her, Yiyao suddenly opened her eyes.

Sitting up and looking at Anna beside her, she then tiptoed to open the door and walked out.

Due to they went to see Brother Six in the morning, Yiyao had already familiarized with the place, so at this moment, she could find the study by herself without asking anyone.

Yiyao was nimble and she saw the guards along the way, but she didn't make herself be found.

Moreover, Yiyao found a very important thing.

The guards here had all been changed.

Humph, Brother Six, was really careful.

With a cold hum inside, Yiyao walked into the study and picked up a book on the bookshelf.

Geomantic Omen.

She really did not expect that this guy would like to read such things.

Yiyao leaned back on the back of the chair, casually flipping through the book and reading it absentmindedly.

As soon as Brother Six finished directing his men, he walked into the study and saw Yiyao sitting there lazily, hog the seat that belonged to him.

This time, Brother Six got mad.

“Who allowed you to be here?”

“No one didn’t allow me to come here to read.”

How dare she!

Brother Six’s face was gloomy as he angrily said, “now then, you cannot leave the room.”

“I don’t agree.”

“What!?”

Putting down the book in her hand, Yiyao looked at Brother Six without fear and said, “although I volunteered to be your captive, we do have a cooperative relationship. You can’t lock me up, for it will make me feel bad and there is no way to keep my promise.”

“What promise?”

“To take you to meet with the seniors of Ye family.”

Brother Six squinted and said, “why don’t I remember that you have said so?”

“Although I didn’t say it, you know what I’m thinking. Otherwise, you wouldn’t have brought me here. Brother Six, we are smart people, so don’t pretend.”

Yiyao was right. He did have his own plan for taking her back here.

But this kind of thoughts shouldn't be known by anyone else, which should be secret.

Staring at Yiyao, Brother Six rebuked, "don't think you're smart. I still have my way."

"I don't think so. I'm just bored, so I come here to read a book to pass the time."

"You're not welcome here. Go back!"

Yiyao didn't feel any displeasure because of his expelling. On the contrary, she knew that she got the opportunity today.

Leaning forward slightly, Yiyao smiled and said, "actually, I know Ye family no less than them. Don't you want to talk to me?"

"You know what I want to hear?"

"Probably."

Brother Six snorted coldly and said, "then tell me. I want to know."

Hell knew what he liked to hear. Brother Six was too sly.

Snorting inside, Yiyao began to tell the story.

"Mr. Ye and Mrs. Ye always love each other and their relationship has remained unchanged for decades, which is really sweet. Although they have experienced ups and downs, nothing could separate them. Their love is strong enough to be tested by anything."

"Really? I don't think so."

Brother Six is full of mockery, as if he had heard a very funny joke.

Looking at Brother Six, Yiyao asked, "it seems like you know something. Why don't you tell me?"

This made him squint as he rebuked, "aren't you the one who is going to say something to me? Why do you ask me?"

"It's a small talk and I need your response, otherwise it will be too boring."

"If you hear something you shouldn't, do you know what will happen?"

"To be killed, right?"

"Since you know, keep your mouth shut."

Yiyao laughed, folding her arms and said, “don’t worry. I won’t tell anyone. In fact, I am a very good listener, and I have some connections with Ye family, but I am not a Ye family member. I know much about Ye family but nothing can threaten me.”

“But I have nothing to say to you.”

“You have nothing to say? But I have a lot of things to say,” Yiyao said, smiling at the man who was about to lose his patience, “you don’t really want to k!!! them.”

Brother Six denied her words without hesitation and said, “who told you? I just want to make them suffer more and k!!! them when I think it’s enough.”

“What can you benefit from this?”

“I’ll be happy to see them suffer.”

Obviously, Yiyao did not believe what he was saying.

Laughing, Yiyao said, “there are only two of us here, so it’s meaningless to say something that no one will believe.”

Yiyao’s confident and calm appearance made Brother Six want to k!!! her.

“Don’t always think you know a lot. What you are doing will only make me want to k!!! you!”

“But you can’t k!!! me, at the very least, not now. So, let’s cooperate.”

Brother Six didn’t expect Yiyao to say such a thing. He raised his eyebrow and asked, “cooperation?”

“That’s right, cooperation.”

Squinting, Brother Six said, “as far as I know, you are Jingyan’s wife and you two have a close relationship. There is no reason to betray him.”

“Why should I betray him if I cooperate with you?”

“Then do you know what you have to do to cooperate with me? It’s not something funny but about living and death.”

“Don’t always say such a thing. I only see that you treat Chuxue well, and you don’t hurt Anna, so there is a high chance that we can cooperate with each other.”

Turning his head to the other side, Brother Six hummed, "I just don't want to waste any time on the two women. If this makes you misunderstand something, it's really unnecessary."

"I do not care, but I only want to know whether you are interested in my suggestion or not."

"Then, first, tell us your proposal."

"Mr. Ye and Mrs. Ye will come to England next week to visit their children. And I, can arrange a meeting for you."

Chapter 503 The Truth

Hearing these words, Brother Six began to think.

For a long time, he said only word, "continue."

Seeing that he was interested, Yiyao Duan smiled and continued, "if you are going to avenge, go for the ones that owe you. It's no use of finding troubles for Jingyan. Even if they get killed by you, it just doesn't make sense. However, meeting with the seniors of Ye family will be different. Perhaps they will understand your past after a conversation with you. This is something that you should do."

"The so-called revenge is to make the a.ssh0les suffer. Killing them will make them painful, but not miserable. The only way to make them suffer mentally as well is to make them live in hell and be tortured for the rest of their lives."

When Yiyao said this, there was no expression on her face. It was hard to imagine that the cruel suggestion was targeting at her husband.

And her reaction made Brother Six suspicious, so he asked, "as far as I know, you have a good relationship with Ye family, so what can you gain from this?"

"It's not me who is going to do this. I'm just offering you suggestions. It's not the same thing. Besides, I can take the opportunity to take Anna out, which is the more important thing."

Yiyao's words made Brother Six feel quite surprised and murmured, "I never think you'll tell me this. You're really confident about your plan."

Yiyao smiled indifferently and said, "that's right. I am so confident that I can tell you openly. Also, you can stop me to see which one of us will win."

“You are incredible.”

Raising her eyebrows and looking provocatively at Brother Six, Yiyao said, “I have finished. Now it all depends on you. Are you ready to declare a war?”

“As if I will look like a coward if I don’t agree.”

“That’s right, I have told you all. If you still refuse to agree, then I really have nothing to say.”

Looking at Yiyao and thinking by himself, Brother Six said, “it seems that I have to agree.”

“Good.”

Seeing that things were going on according to her plan step by step, Yiyao gradually relaxed.

Now, it’s Jingyan’ s turn to cooperate with her and make some arrangements.

...

Kerry Ye and Venus Mu happily came to Britain to visit their children who were also here on “vacation”.

What they didn’t know was that something unexpected was waiting for them.

After listening to Jingyan, Kerry was so angry that he just wanted to rush to Brother Six.

Venus was trying to calm Kerry down, signaling him to relax.

But how could he calm down after hearing this?

Kerry was gasping, staring at Jingyan and questioning, “you guys are really too much. How can you keep it from us after it happened?”

Jingyan bowed his head down and said, “I’m sorry. I don’t think it through.”

Taking a deep breath, Kerry calmed down, and then asked, “what is the situation now? Yiyao and Miss Xie, are controlled by him?”

“Yes.”

“Haven’t you sent anyone to look for them?”

“Brother Six seems to be very familiar with Ye family. The men I sent were all killed by him.”

It had been many years since anyone had dared to look for trouble with Ye family.

This young man managed to piss Kerry off.

“Hmph, what a young man. He has a lot of guts.”

Jingyan raised his head, looking at Kerry, and said with a meaningful tone, “dad, I think this person seems to have something to do with our family.”

“Oh?”

“He hates us so much.”

Squinting, Kerry asked, “you mean, he is our enemy?”

“Not exactly. If he is an enemy, when he captured Chuxue Ye, he took good care of her instead of mistreating her. His some behaviors are quite contradictory and I simply can’t understand him.”

“Since you can’t understand, let me!”

“This man was very dangerous, so we must be careful.”

“What else can you do if you’re not careful? He has your wife, OK?” When he said this, Kerry was very angry, “you really do a good job. How dare you let your woman alone fight for us?”

Hearing this, Jingyan said nothing. He just looked down, trying to keep it to himself.

When Venus saw this, she knew how painful he was.

Sighing, Venus said to Kerry, “forget it. He surely feels bad. If there was another way, he would never let Yiyao risk her life. Since things have come to this, think about something to solve it, instead of doing something useless. We need to get Yiyao and Anna out as soon as possible.”

“Let’s talk about this later when we’ve done.”

Seeing that her father was still in rage, Chuxue was trying to say something nice to comfort them, “Mom and Dad, you’ve just arrived in Britain. Why not take a good rest and have a good meal so that you get the energy to do things?”

Venus echoed, “yes, she’s right. Let’s think about whether there is such an enemy among the people we know.”

“I’ve been out of the business for years, so I guess it’s a grudge from a long time ago.” Kerry frowned and thought about it, and ordered to Jingyan, “send me Brother Six’s information. I need to know more about him.”

“Got it.”

After telling the serve men, Kerry and Venus went back to their room, while Chuxue was going to have them make more delicious food.

When the meal was ready, the whole family gathered around, but Jingyan and Yulin didn’t show up.

Chuxue went to Jingyan’s room to look for him.

Knocking on the door, she walked in and asked, “brother, aren’t you going to eat?”

Sitting in front of the computer, he answered without turning back, “no, I don’t want to.”

“Come on, don’t let mom and dad worry about you.”

“We don’t have too much time left and I have to find a best route. There is no time to eat.”

“But…”

“Send the food to my room, and I’ll eat it after a while. Is that okay?”

A while? He would definitely not eat it.

Chuxue sighed, then walked out of the room and returned to the dining room.

When Venus saw that she came back alone, she asked, “where is your brother?”

Chuxue gently shook her head with a helpless look.

Zhao Nangong sighed and said, “hey, he is the one takes the most.”

Yuqi looked to the empty seat beside himself and sighed, “that’s wrong. Obviously, Yulin also takes a lot.”

Hearing this, all of them fell silent.

At this moment, Yulin, who had everyone worried, was sitting opposite Lucy's boss. No one could tell what he was thinking about, for he was now calm as Stillwater.

"How's the thing I ask you to do?"

The boss took out a map, showing it to Yulin and said, "we've got more information about Brother Six. His power in Britain is mainly in these three major areas."

Saying that, the boss drew three circles on the map as an indication.

Although there were only three major areas, it included the most famous and rich neon-lit warehouses, and it was the territory of his men.

When he thought of this, the boss's hatred grew.

All the wealth and glory were taken away from him. This was not only about financial losses, but a humiliation. If possible, he really wanted to let Brother Six pay for it with all means.

Yulin naturally saw the hatred inside his boss. He said in a lazy tone, "if you destroy Brother Six, all these territories will belong to you, and I don't want any of them."

Hearing this, the boss froze, seemingly not daring to believe it.

The fortune would be invincible. Was he serious?

"I know what's in your mind. Money is not important to me and what I want is to destroy him."

The boss raised his eyebrows and said with a smile, "so it seems that we are really the best partners. These years, Brother Six has got enough. It is time to get him thrown off the bench."

"Now, then, let's do it."

Raising his eyes and looking at Yulin, the boss called his own men and ordered something in a low voice, with a weird and horrible smile.

The whole British underworld would shock because of his words.

Many shops in Brother Six's territory were destroyed by force and many had died and got injured.

The men in charge of this area couldn't fight back, so he reported to Brother Six.

Faced with this situation, Brother Six was calm.

“Not only those in Queens were smashed, right?”

“Yes, the underground casinos and banks in the Old Bailey, the nightclubs in Sh!pton Square, and so on, all were affected. Boss, after this, we have lost a lot and we must find the one behind this.”

“Do you have any clue?”

“His power is very strange, seeming to be Europeans and Asians. I can’t tell what kind of gangs they belong to.”

“They don’t belong to any gang. You can’t find it out, believe me.”

The man froze, thinking if they weren’t gangs, why would they look for their trouble?

Brother Six stood up, walking to the window. He took out a cigar and breathed it in.

The smoke touched the window, blurring Six’s features, and the murderous aura in his eyes.

“They’ve really done a lot to force me to show up. If I don’t do something, it seems that I’ll let them down.”

“So, what do we do now?”

“I’ll go by myself. Otherwise, there’s no way out.”

Driving to the smashed shops, Brother Six walked around, and found that they had indeed been violent enough. The shops were almost in ruins.

“Boss!”

Seeing Brother Six, someone immediately ran over.

“Any clues?”

The man looked down and said with trepidation, “not yet. We need more time, I’m afraid.”

Squinting, he said, “just stop. Restore the shops as soon as possible and reopen them.”

Someone had already made them lose a lot, so why didn’t Brother Six stop looking into it and fight back?

The man didn’t know his intentions, but he didn’t have the guts to question. He just lowered their heads and answered, “yes, boss.”

Ready to go back by car, Brother Six spotted a car not far behind from the reverse mirror. Then he suddenly realized something. The game was about to start.

They were trying to find more information about Brother Six.

But after chasing for a while, they found that they lost Brother Six.

Damn it. Why did they lose him again?

After getting rid of them, Brother Six returned to the island and found there was only Anna there.

Seeing Brother Six, Anna was full of fear.

Anna did not expect the Brother Six would suddenly come back. When Yiyao left, she said Brother Six ran into trouble and he would be back very late, so she went out to do her own business.

But now, facing him, she really didn't know how to explain why Yiyao was not here.

Anna was full of anxiety, while Brother Six did not mention Yiyao.

"Why do you look at me in this way? Are you afraid of me?"

Anna moved back and answered Brother Six with her actions.

But Brother Six didn't see it and he still got closer to Anna, saying causally, "because of that woman, I don't even have a chance to have a good conversation with you."

"I don't feel that there is anything to talk about."

"It's sad that you say so, but I have a lot to say to you."

When Six took a step forward, Anna took a step back, with a look of fear.

"I think, you don't need to be afraid of me, because I am not going to hurt you. My target is Ye family."

"I won't allow you to hurt them!"

Brother Six smiled disdainfully and asked, "well, how can you stop me? Honey trap?"

Saying that, Brother Six even reached out his hand to touch Anna.

Anna immediately turned her head away, her tone full of disgust, and said, "go away. Stay away from me!"

Holding Anna's hand, Brother Six's tone was grim, "you know what. The more you want to get rid of me, the more I want to get closer to you, so that I can enjoy your flustered look."

"Transformation!"

"I am. I believe, you will like this in the end."

Anna was really scared and she felt this guy was going to do something.

If, if he really wanted to...fvck Anna, Anna would rather die.

Just when Anna made up her mind to kill herself, Yiyao suddenly rushed in, pushing Brother Six and used her body to protect Anna.

"What are you doing!?"

Brother Six's collar was messed up by Yiyao, so he looked down to fix his shirt and said coldly, "have you finished exchanging information with Ye family?"

Yiyao didn't say anything, just frowned and stared at him.

"Tell Jingyan that he can send his men, but no matter what, they will all be the snacks for sharks."

Yiyao slightly raised her jaw and said, "Okay, I'll tell him."

Wearing an evil smile, Brother Six slowly approached Yiyao.

They were so close that if one of them slightly turned their heads away, they would have touched each other.

Anna's heart was beating fast, for she was also scared.

But Yiyao stood there calmly.

Brother Six said with great resentment, "you won't be happy for too long. Because soon, I will let you know what it is like to lose the love ones. All of you will feel like in hell!"

"Once, you also feel the same, right?"

Yiyao sneered, making Brother Six stunned. This was out of his expectation.

Yiyao was winning now. With a disdainful look, she asked, "Answer me. Isn't it?"

Chapter 504 The Taste of Losing Someone You Loved

“Shut up!”

She chuckled softly, showing her sympathy, pity, and disdain.

“For you, we are going to die anyway. What can we do even if we know it? Just tell us, so that we can know who will die for.”

Yiyao Duan was provoking Brother Six, and for a moment, Brother Six did lose his senses.

But he quickly came to his senses, and with a mocking tone, he said, “what a cunning woman. I know you’re trying to let me tell you something, but I won’t. Also, you say you are here for Anna Xie, but I feel that you are using her to bury the scandal for Ye family.”

Smiling at Anna, Brother Six said, “seriously, when you know the truth, will you choose to kill Anna to bury it?”

This time, before Yiyao could say something, Anna said first, “don’t divide us. Compared to a murderous devil like you, I choose to trust Yiyao.”

Brother Six shook his head, seemingly with regret, and said, “you are really naïve. The world is far more vicious than you think. You treat others well like this, but you may not get the same in return.”

Anna hummed and said, “it’s funny. An evil monster is actually teaching me to be kind and rewarding.”

“Some are evil on the surface, while some hide it under their righteousness, which is even more disgusting.”

“You mean that Ye family are even worse than you?”

“That’s right. Maybe you can’t understand it now, but soon, it will be beyond your imagination. By then, you will know that I am not a bad guy at all.”

When Brother Six said this, he looked serious, and his eyes, which were always grim, seemed to be clear that ever.

This made Anna stunned. She just stared into the eyes of Brother Six, as if he had fixed her soul.

Suddenly, someone pushed Anna, so she came back to her senses.

“Anna, don’t listen to him. The guy is just hoping that we will be in a mess. And he’d love to see that everyone will die with him.”

Brother Six shrugged indifferently and said, “well, for your own good, I’ve mentioned you, but you misunderstand me. Forget it, I won’t say anything more to persuade you guys. Let’s wait and see and the truth will tell you all.”

After saying that, Brother Six turned around and left.

Seeing Brother Six leave, Yiyao turned around to hold Anna’s hand, saying, “Anna, don’t listen to that crazy man.”

“Of course, I won’t believe it, but...” Anna frowned and said, “what happened back then to make him hate Ye family so much?”

“We don’t need to worry about this. The seniors of Ye family know what to do. The only thing we have to do now is to return home safe and sound.”

Speaking of this, Anna sighed, with some despair, and said, “you’ve seen it all for these days. We are surrounded by seawater. Unless Brother Six let us go, we cannot get out.”

“We will. Trust me. If you give up yourself, then there is really no chance of getting out.”

When she thought about it, it made sense, so Anna rubbed her head and said with some embarrassment, “well, I’m too pessimistic.”

Yiyao held Anna’s hand tightly and said, “Anna, you have to believe in me and also Ye family. We will never die here.”

Looking at Yiyao’s confident look, Anna nodded, but the uneasiness inside was growing.

...

They failed again of catching Brother Six.

This almost drove Yulin crazy and made him more and more impulsive.

He knew that some of his actions would never be allowed by them, so he began to act on his own, without cooperating with Ye family.

Slowly, everyone noticed Yulin’s abnormality and stopped him when he was, once again, ready to act on his own.

“Yulin, what are you doing?”

“Get more guys and launch an attack.”

“Are you crazy? That area is surrounded by seawater, with no cover. As soon as your men show up, they will be spotted and killed. You’ll lose at the beginning.”

“Then I can’t do nothing and just keep wasting time here,” Yulin rubbed his hair, like a madman, and muttered, “it has been days, so we cannot wait any longer.”

“Yulin, calm down!” Jingyan frowned, holding Yulin’s shoulders, and said, “Yiyao is there, so you should know that I’m suffering too. But if we act rashly, the danger and risk they are enduring at this moment will be in vain.”

Sitting on the sofa with a decadent look, Yulin’s voice was hoarse, “I understand, but I can’t sit there and just wait.”

“We have decided to have a showdown with Brother Six.”

This decision made Yulin froze.

He looked up at Jingyan and asked, “have Mr. Ye and Mrs. Ye agreed?”

“Yes. What you need to do now is to wait here and don’t mess around.”

This hurt Yulin. He muttered and asked, “do you think what I’m doing now is to mess around?”

“You put all yourself in this, so now you cannot make rational judgement. I have to say that you are trapped yourself in this. What we are facing is not an ordinary enemy, but Brother Six, who hates Ye family so much, but knows us well. Moreover, he has our beloved ones, so we cannot fail.”

Jingyan looked straight into Yulin’s eyes and said, “I understand, but at this critical moment, we cannot afford failure. You, really cannot do whatever you want without letting us know.”

Jingyan’s painful look made Yulin hurt.

Pursing his lips, Yulin nodded and said in a solemn tone, “you’re right. I will adjust myself as soon as possible.”

“I’ll give you a few days. Adjust yourself and when you feel OK, then join us.”

“Okay.”

After placating Yulin, Jingyan informed Yiyao of the meeting time and place.

Soon, Yiyao found Brother Six and put the note with the time and place on Brother Six's desk.

Taking a glance at it, Brother Six asked, “what is this?”

“The time and place to meet with Ye family.”

Brother Six raised his eyebrows, making Yiyao unable to judge he was happy or angry, and asked, “Kerry has come to Britain?”

“Yes.”

“Very good,” Brother Six asked with an evil smile, “won't you guys worry that I will kill Kerry?”

Yiyao looked indifferent, not even wanting to tease him, “do you think you can do that?”

“I will let you know I can do so.”

Unwilling to say more nonsense, Yiyao turned around and left, returning to her room.

At this moment, Anna was looking out of the window, not knowing what she was thinking about.

“Anna, get ready. In the next two days, we have a chance to leave here.”

Anna froze for a moment, for she didn't know she should be sad or happy, trembling and asked, “really?”

“Of course. You do not have to be afraid anymore.”

Anna was first happy, and then, immediately, she felt sad again.

Looking at the sea and sky, Anna said, “but how? This is surrounded by sea and it is difficult to leave unnoticed.”

“When Brother Six left the island, this island is completely under our control. And it will be easy for us to leave. As long as he gives us enough time.”

Brother Six had left before, but Yiyao never made any movements.

Now she seemed resolute, so could it be...

Her face lit up with a smile, “have Mr. Ye and Mrs. Ye came here?”

“That’s right.”

Such an answer made Anna both nervous and a little worried.

Seeing Anna was nervous, Yiyao comforted, “don’t think too much. Our mission, is to get out of here safely, so that Jingyan and the othes won’t worry about us.”

“I see.”

“I will tell you more when the time comes. Just listen to me. Don’t push yourself so hard.”

“Okay.”

She finally could get out here, so she was very excited.

When she saw Yulin, she must hold him tightly and tell him how much she misses him these days...

Although everything had been arranged, but Jingyan was not at ease.

He found his father and had something to discuss with him.

“Dad.”

“What is it?”

“How about finding someone else to meet Brother Six?”

Kerry looked up at his son and asked, “why?”

“He is ruthless and cruel, and I am worried that you will get hurt.”

But Kerry had his own reason to meet him in person.

“Since that young man harbors a grudge against Ye family, I am the only one that can solve all this, otherwise, the harm will never stop. Moreover, this is my responsibility and I don’t need anyone to do anything for me.”

Jingyan, helpless, looked at Venus next to him and asked, “Mom, say something, OK?”

Venus was full of anxiety, but there was nothing she could do.

“If he listens to me, he wouldn’t stand here at this moment.”

Seeing his wife and son with sad looks, Kerry questioned, having a temper, “do you not believe in me? It’s just a young man and I can handle it.”

Venus sighed and said, “you have already made a decision, so it is pointless for me to say no. Do what you want. Anyway, I’ve been worrying about you all my life and I don’t mind one more time.”

Holding his beloved woman, Kerry rubbed her hair with his jaw and said, “when I come back, we continue to travel around the world. No matter how much trouble our children make, I won’t get involved.”

“I hope you’ll keep your word.”

“Of course. When have I ever failed to? It’s been so many years and you should trust me.”

The couple began to reminisce about the past years, so Jingyan left the room to give them enough space.

Seeing Jingyan walk out, Chuxue asked, “what did Dad say? Did you succeed?”

Jingyan shook his head.

Chuxue sighed, full of worry, “it will be dangerous. What can we do? I don’t want him to take any risk.”

“Dad will not act rashly, so let’s trust him. Moreover, this time we will assist him. We should have some confidence. Things will be fine.”

Chuxue sighed helplessly and murmured, “now we can only hope so.”

...

It was cloudy and dark and the waves were crashing over. It looked like there was going to be a rainstorm.

Standing in front of the window, Anna was anxious, with her hand grabbing her collar.

Today was the day to move. Brother Six had already left by boat, so at this moment, he was going to meet with Ye family.

She really couldn’t image what would happen when the two met.

Just when Anna was anxious, someone barged in.

Hearing the voice, Anna was startled.

Turning back, her pupils shrank and her voice began to tremble.

“Yiyao, why is there blood all over your body?”

“It’s not my blood,” Yiyao moved crisply and threw a set of clothes to Anna and instructed, “here, change your clothes.”

Although she had a lot of questions, now it was not a good time to ask. Anna could only put all her questions inside. She put on the clothes nimbly, and walked out of the room following Yiyao.

When she got out, Anna was shocked to find that there were corpses lying on the ground, and it looked like there had been a severe battle.

But why did she not hear any sound?

It seemed that Yiyao and they had planned long ago. When the time came, they would fight back.

Yiyao and they had been busy around, but what about her? She was just waiting there like a fool, without helping.

Thinking about this, Anna felt very sorry. Therefore, she slowed down her pace.

Running to the beach, someone immediately trotted across and greeted Yiyao.

“Young lady.”

“Is the boat ready?”

“Yes.”

“Let’s go now.”

On the beach, the number of dead bodies was even more than just now, horrible and terrifying.

Anna’s face turned pale, who started to tremble in fear.

Suddenly, a hand covered her eyes.

“If you are afraid, close your eyes and take my hand.”

Taking a deep breath, Anna looked up and smiled at Yiyao, saying, “I’m okay. I can do it. Let’s leave the place first.”

Saying that, Anna pretended to be calm and walked out before Yiyao.

There was no need to tell that Anna must be scared to death inside.

But she did not want to become a burden to others, so she pretended to be strong. However, Yiyao easily saw through her.

Fortunately, everything was coming to an end and Anna would soon return to the life belonging to her, smooth and peaceful.

She looked not good and Yiyao followed.

But before they could get on the boat, someone ran towards them in panic, looking terrified.

“Young lady, Brother Six is back.”

Frowning, Yiyao muttered, “how did he come back at this time? Has he found out something?”

“Then what do we do? Do we fight, or hide?”

Yiyao thought for a moment and said, “I’ll go and try to stop Brother Six. You guys make sure to control the arsenal here. If you can’t, blow it up!”

“Yes!”

After the arrangement, Yiyao asked Anna to find a safe place to hide.

Chapter 505 Why Don't You Say My Mother's Name ?

But this time, Anna Xie did not listen to Yiyao Duan's arrangement.

“Yiyao, it's better to leave this matter to me.”

Yiyao frowned, seemingly surprised. “But it's dangerous.”

Anna laughed gently. “You once said I was professional at acting, and with my presence, Sixth Brother would let his guard down.”

“He is very cunning. Yours tricks may not be able to fool him.”

“Yiyao, I am at least an award-winning actress. As long as he can believe it, we’ve won.”

“But

“Just believe me. We don’t have much time left.” said Anna.

At this moment while Sixth Brother’s ship had already appeared on the other side of the sea.

Yiyao’s men were anxious. “We can’t delay any longer.”

Finally Yiyao gritted her teeth and made up her mind. “You must be careful. Try to lure him towards the weapons depot.”

“Okay, got it.” said Anna.

Yiyao and her men went to the weapons depot, leaving Anna alone on the beach.

The waves around were crashing on the shore.

Anna’s hands and feet were cold and her body trembled. She was afraid not because of the corpses next to her, but the man she was about to face.

She knew what Yiyao said was right. Her performance might not be able to fool him. But she had to find a way to delay them and protect Yiyao now.

Anna took a deep breath and stopped thinking nonsense. She put the blood on the ground on her face and body, and then kneeled on the beach, letting the seawater wet her dress.

As Sixth Brother’s boat got closer and closer, Anna became calmer instead.

She waited quietly. Until she saw Sixth Brother standing in front of her, she slowly lifted her head, tears flowing all over her face.

The moment he saw Anna, Sixth Brother froze. Her eyes were filled with despair.

“Help, please help me”

Anna pleaded with almost all her strength. Her body trembled. She was so helpless that one could not help but pity her.

Sixth Brother reached out to hold Anna’s hand and helped her up. “What happened?” He asked softly.

“Yiyao came to save me. But when we were about to run to the beach, she got hit by a bullet and bled a lot. Please save her, she is dying!” said she, trembling. Her face was white.

Hearing this, Sixth Brother snorted coldly. “I knew that woman would cause trouble.”

She gently tugged at Sixth Brother’s sleeve. “I know I shouldn’t have run away with her. Please go save her, please.” said she.

“Why should I save her?”

“Don’t you still have a use for keeping us? I promise we won’t run away again, okay?” Anna promised.

“Your words can still be believed. But I can’t trust Yiyao Duan.”

“She is badly injured. Even if she wants to do something, she can’t do it anymore. Please help her.”

Sixth Brother was silent for a few seconds, but that made Anna feel like a long time had passed.

Finally, Sixth Brother asked again. “Where is she now?”

Anna gently sighed with relief. “Right there on the beach. I’ll take you there!”

She ran forward anxiously. After running to a boulder, Anna stopped and looked around in confusion.

“She’s gone. Where did she go?”

“Are you sure she’s here?” Sixth Brother asked.

“Yes, she fell right here, covered in blood.”

Anna pointed to an empty space, which was washed away by the sea water without any trace.

Suddenly, Anna’s face went white. “She was washed away by the sea water? What can we do?” she murmured.

Just as she finished speaking, a loud sound suddenly came from behind the island.

Looking at the direction the sound came from, Sixth Brother suddenly narrowed his eyes. “Now you have to consider how to explain to me!”

Anna still looked terrified. She pretended not to understand what Sixth Brother was saying. "I don't know what happened. There's a fire over there, do we have to run away from here?"

"So you're not going to save Yiyao Duan?"

"I"

Before Anna finished, Sixth Brother suddenly revealed an evil smile. "She didn't come here to save you anyway. She just wanted to help Ye family to finish me. You're the one who's been foolish enough to believe her."

After saying that, Sixth Brother reached out and took hold of Anna's wrist. Anna was panicked.

"What are you doing?"

"Since you've been abandoned by them too, I'll take you to come with me to hear the old story."

"You want to take me to see Mr. Ye?"

"It seems you know a lot."

Anna shrank back, shaking her head. "This is your secret. It's not good for outsiders to know."

"In my heart, you're not an outsider."

"But I don't want don't"

Anna refused to get on board but her resistance was useless. She was still pushed onto the boat.

Yiyao led the people to run out, and then saw Sixth Brother take Anna away in the boat.

"Damn it!" Yiyao grabbed her submachine gun and jumped onto the boat.

"What do you want?"

"I want to get Anna back!"

"Even if we catch up with them, we won't necessarily be able to save her."

“So you’re going to let me watch Anna get taken away by that bastard and do nothing?”

“No matter what, we can’t let you put yourself in danger!”

Then several of her men stood in front of her.

Yiyao pointed her gun at them. “Get out of the way. Believe it or not, I’ll shoot you all.”

“But we still can’t let you save her.”

Her men refused to budge. As Sixth Brother’s boat sailed further and further, it was already impossible for her to catch up with them.

Yiyao put down her gun and finally got on the boat, ready to go back. She took out her cell phone and contacted Jingyan Ye.

When Jingyan knew that she was safe, he was relieved.

But Yiyao was tightly tensed and her voice was hoarse. “Tell Yulin that Anna has been taken by Sixth Brother to meet your father.”

Jingyan was silent for a moment before saying. “Okay, I know.”

As Jingyan expected, Yulin immediately went crazy after he heard the news.

“Where are you going?” asked Jingyan.

“Of course I’m going to your father’s side. I want to make sure Anna is safe.”

“I’ll go with you!”

.....

Then they went together to the cafe where Kerry was.

Kerry sat in the restaurant and waited for a long time. It was already past the appointed time, but he didn’t see Sixth Brother. He wasn’t in a hurry, still sipping his tea slowly.

After a while, he heard the sound of footsteps. He raised his eyes to look.

“Why are you guys here?”

Jingyan and Yulin stood in front of Kerry with a panicked look.

“Dad, the situation has changed. Anna was tied up by Sixth Brother to come and meet with you.” said Jingyan.

As soon as Kerry heard that, he understood what was going on. His brow furrowed. "I will save Miss Xie, but you two have to leave now."

Yulin had always listened to Kerry, but this time he refused without hesitation. "No, I can't leave."

"He's trying to gather all of you and kill you all at once!"

"He has his plan, and I have mine. It's still unknown who will win in the end. Besides, you are also here, and you're in danger too."

"Dad, no matter what happens, we must face it together."

Seeing that they made up their mind, Kerry had to agree.

Getting Kerry's permission, Yulin clenched his fist and looked towards the door of the cafe, with a murderous aura flashing in his eyes.

When Sixth Brother appeared, someone immediately reported his whereabouts to Ye family members.

Yiyao also led people to get there. They were waiting for Sixth Brother to appear and settle the old and new grudges with him.

Finally, Sixth Brother appeared in front of the crowd with a smile at the corner of his mouth.

The people of Ye family were nervous, while Sixth Brother was relaxed. He walked in slowly with Anna and then sat down at the table. "Everyone is waiting for me, I am really honored."

When he saw Anna, Yulin wanted to save her. But Jingyan tugged him.

The beloved one was right in front of him, so how could he not be impulsive? He really wanted to hug Anna right now.

And Anna also wanted to hug Yulin. Her fear reached its limit in this moment, and she could not stop her tears from flowing.

Kerry was surprised when he really saw Sixth Brother.

"You"

"You think my face is familiar, don't you?" Sixth Brother smiled coldly. "People who know me say I look a lot like my mother."

Kerry's brow furrowed slightly. "So, you're her son."

"Why don't you say my mother's name? Did you feel guilty?"

"I didn't do anything wrong to your mother. Why would I be guilty?" Kerry said.

"You still don't admit your fault. Do you want me to tell them about the despicable things you did?"

"I did not do anything wrong. No matter what you say, this is my answer."

A grim smile appeared on Sixth Brother's face. "Then I'll tell them how you ruined my families when you were young."

"Very well, I also want to hear the story from your mouth."

"Once I had a happy family with loving parents. But after you appeared, everything changed. You tempted my mother and destroyed their relationship." said Sixth Brother hatefully.

"My eyes are exactly the same as yours. Do you know what that means?" said Sixth Brother, and then he raised his eyebrows and looked at the crowd. "Why are you guys silent?"

Kerry was calm. "This is what your father told you, right?"

"Yes. You want to confront him? Then unfortunately, I'm afraid you won't have the chance while you're alive."

This news came as quite a surprise to Kerry. "He's dead?"

"Yes. You are happy to hear this news, aren't you?"

"Yes, he deserved it."

Kerry's words made Sixth Brother furious, and he even wanted to shoot Kerry immediately.

Yiyao immediately drew her gun and aimed at him, signaling him not to make a rash move. But Sixth Brother was oblivious to this, at this moment he only wanted to kill Kerry.

Kerry ignored his anger and continued. "You think I'm the one who ruined your family. But the person who really made you miserable was your father!"

"Do you think I'm a three-year-old child who can let you make a fool of me?"

Then he untied his clothes, revealing the explosives inside.

Seeing the explosives, all the people were stunned.

“What do you want?”

“I didn’t think of leaving alive today. It would be nice to have all of you die with me.” said Sixth Brother coldly.

Kerry’s eyebrows knitted slightly. “But your mother definitely doesn’t want to see you become like this.”

“What she would like most is to see you die in pain, as if she had done back then!”

“Your mother was indeed miserable, yet it was not me who caused it.”

Seeing that Kerry was still babbling, he snorted coldly. “Since you say that my father caused the tragedy, then I want to hear what ridiculous reason you can give.”

Chapter 506 You Are Not My Son

“You’re actually the member of Ye family as well.”

“I know, that’s why I loathe myself so much and also hate you. I vowed to use all means to ruin your family.” Sixth Brother clenched his fist and said in a hateful voice.

“No, you misunderstand. You are not my son.”

“You still don’t admit it. I won’t believe you.” Sixth Brother roared.

“This is the truth. You are your fathers’ biological son.” said Kerry calmly. “Your eyes will be the same as mine only because your mother is a member of Ye family.”

Sixth Brother froze. “What did you say?”

Recalling that past, Kerry looked a little sad. “She was my father’s illegitimate daughter. We didn’t know her until she was born. My father did not recognize her as his daughter, and she did not want to return to the family. Then I never saw her until we went to the same college.”

“After a few years of getting along, we became good friends. Then when I knew she was getting married, I went to meet with her. However, your father misunderstood us,

which made your mother very angry. At that time she was already pregnant, so she married your father. She did not contact me after that.”

“That’s the answer you wanted.” Kerry said compassionately.

Such a fact surprised all the people.

After the shock, Sixth Brother stared at Kerry angrily. “You are talking nonsense!”

“That’s the truth. We can go get a paternity test, and then everything will come out.”

“You made up a lie just to get out of here. But I won’t be fooled by you. Today, you will die for sure! And all of your relatives will die with you.” shouted he. He was getting more and more frantic, as if he was about to press the detonator in his hand.

Kerry took out a photo from his pocket and put it on the table. “Okay, this photo won’t lie to you.”

It was an old photo with four people standing together. But they all looked serious.

Sixth Brother saw at once that the girl on the right was his mother. She was wearing her hair in braids and had a black mole on her eyelid.

“This photo was taken when your mother came to the Ye family.”

Sixth Brother hesitated and then took the photo.

In fact, just after listening to Kerry’s explanation, he already knew that Kerry was telling the truth. He did not want to admit that it was the truth because of the hatred. And now in front of the many evidences, he felt that his insistence was so ridiculous.

His hand was trembling slightly. A look of uncertainty appeared in his eyes.

“This can’t be true. If that’s true, why didn’t my mother tell me it?”

“Your mother is a very proud person. She doesn’t want to admit that she is an illegitimate daughter, and she hates your father.”

Seeing his confusion, Kerry also softened his tone. “It’s their fault for causing your tragedy. Just stop before things get any worse.”

“Once you start some things, you can’t stop.” Sixth brother smiled miserably.

“What do you mean?” asked Kerry.

He hesitated for a moment and then said. "I have installed a time bomb in this café. There's still one minute left before it's all over."

His words startled the crowd.

"Run!"

Everyone was running outward, and only Sixth Brother was still sitting there without moving at all.

Although Sixth Brother had done a lot of evil, he had never hurt Anna. After hearing the story just now, Anna even sympathized with him.

At this moment, everyone was running out. But he didn't moved, which made Anna anxious for him.

"Get out of here."

Looking sideways at Anna, Sixth Brother smiled. "I don't want to run. I'm tired. I want to go to my parents and ask them why they're doing this to me."

"But"

"Anna, it's too late, go!"

Anna still wanted to persuade Sixth Brother to flee the place, but was dragged out of the café by Yulin who was next to her.

At the last moment, everyone ran out of the cafe. They lay down on the ground and waited for the sound of the blast.

But three minutes had passed, and it was still quiet behind them.

Yiyao slowly straightened up and squinted at the back. "We've been tricked!"

They reentered the café and found that Sixth Brother had disappeared.

"What kind of trick is this guy playing?"

Kerry narrowed his eyes. "I guess he wants us all to think he's dead."

"This is the best ending for him. Now the misunderstanding is lifted. We do not bother each other from now on. Once he regarded us as enemies, and now he can hardly accept us." Yingyan said.

Kerry nodded. He knew that Jingyan's words made sense.

But when he thought of his sister, Kerry felt sad again. If she would have been less stubborn, perhaps what happened today would not have happened.

Kerry let out a soft sigh and saw the pale Anna.

"You are Miss Xie, right?" Kerry asked.

Anna nodded her head. "Yes. Mr. Ye."

"I'm sorry to involve you in this matter."

Anna was busy shaking her head. "It was an accident. No one could have predicted it. Fortunately things worked out perfectly and everyone is safe."

Seeing her composure, Kerry couldn't help but appreciate her. "You're a nice girl. I'm sure Yulin's parents will like you."

Hearing this, Xiana was a little shy.

"Well, let's go back first. Venus must be very worried about us." said Kerry.

Then they got into the car and prepared to leave. And Yulin and Anna looked at each other face to face with affection.

Yiyao was about to call out to Anna when Jingyan patted the back of her hand, signaling her not to disturb them.

At this moment, Yulin only had Anna in his eyes. Seeing her standing in front of him, Yulin still felt a little unbelievable, as if he was dreaming.

"Anna, Anna, Anna" Yulin murmured her name over and over again.

Anna smiled lightly. "I'm back."

He hugged Anna. "Anna, I will never let you leave me again."

Anna also hugged Yulin and put her face in his arms. "Yulin, I want to talk to you about something."

"What?"

"I love you. I love you very much. I don't care what society will say, I just want to be with you."

Anna's words surprised Yulin, and then he brightened.

"Anna, let's get married."

This time Anna was dumbfounded. She tilted her head and looked at the man in front of her. "Aren't we moving too fast?"

"Not at all, I still think it's slow. When I get back I'll start preparing for the wedding. It has to be grand."

"But your parents don't know about it yet."

"They will definitely agree to our marriage. Now it's up to you to agree or not."

Under Yulin's eager gaze, Anna gently nodded her head.

"Great!" said Yulin excitedly.

"But I have a request."

"What request?"

"I want to get married after I graduate. I'm still studying now."

Yulin patted his forehead suddenly. "Oh, I'm sorry I forgot about that. Then we'll get engaged first."

Anna nodded her head.

The two young people embraced each other again. They couldn't hide their happiness.

In the corner, Sixth Brother watched them silently, with a complicated look on his face.

Suddenly, his cell phone rang. He picked it up and looked at it, and his brow furrowed.

"What's up?"

On the other side of the phone was Qiaoqiao Su.

"I want to ask how the plan was going." said Qiaoqiao.

"It was cancelled."

Qiaoqiao's face turned pale and she was busy questioning. "Why was it cancelled?"

“This is my business. Remember, you are just a pawn of mine. I’m warning you now to stay away from Anna.”

Qiaoqiao would work with Sixth Brother because he can deal with Anna and make her lose her reputation.

She hated Anna for repeatedly stealing her thunder and opportunities. So she silently swore that she would ruin her. But now Sixth Brother canceled the plan when it was about to succeed. Qiaoqiao could not understand why, but did not dare to ask him.

She had seen the cruel side of this man and knew the price of annoying him. So, even though she was very curious, she never dared to ask one more question.

“But I can use other people to deal with Anna.” Thinking of this, Qiaoqiao smiled wickedly. “Okay, I know what to do.”

“I hope you really know what to do.”

Hanging up the phone, Sixth Brother was silent for an instant, and then called for the people around him.

“You go keep an eye on Qiaoqiao. If she still dares to deal with Anna, finish her off.”

“Yes, understood!”

After handling these matters, Sixth Brother looked at Anna again.

At this moment, Anna and Yulin had already gotten into the car and were ready to leave.

Looking at her, Sixth Brother was sad. “Anna, this is the last thing I can do for you. Take care.” He muttered, then turned around and walked in the other direction.

He and Anna were like two parallel lines, never to cross again.

.....

Half a year later, Anna and Yulin suddenly held a wedding.

In the dressing room, Anna sat on a chair with her big belly, a little angry.

Today was her wedding day, but she wasn’t happy.

Originally, Yulin had agreed to wait until she graduated before getting married. But she suddenly got pregnant, and they could only do the wedding first.

Although having a child of her own was something Anna had dreamed of. But this baby came at a wrong time, which made Anna a bit sad.

She hadn't graduated yet. Her pregnancy would definitely affect the timing of her graduation. Besides, taking care of the baby was very time-consuming. Anna was an actress, so this would do her no harm but good.

The night before the wedding, Anna learned from the drunken Yulin that he had deliberately made her pregnant just so he could marry her early.

He completely disregarded her feelings and made such a selfish decision! The more Anna thought about it, the angrier she became. She suddenly stood up, lifted her dress and walked out.

Seeing this, Anna's mother quickly asked. "Anna, where are you going?"

"I'm not getting married!"

"What are you talking about? Now is not the time for you to be capricious." her mother was busy stopping Anna and spoke sternly.

Qiqi was beside her, looking puzzled. She didn't understand why Anna suddenly didn't want to get married.

Could it be premarital syndrome?

Qiqi slipped out of the dressing room and went to find Chuxue. She asked Chuxue to tell Yulin to come here.

Soon, Yulin knew this, and rushed to the dressing room.

Chapter 507 She Had Been Tricked by Yulin Again

"Anna, it's my fault." said Yulin Xiao."I'm sorry."

He held Anna Xie's hand and knelt down on one knee in front of her, paying no attention to the eyes of others.

Looking at him, Anna snorted. "You know you're wrong now?"

"But you are the one who lured me into making a mistake. You are also responsible for this."

Anna didn't expect him to use this excuse to justify himself. She was a little angry. "No, I didn't."

Yulin looked at her with a serious look.

"You are so beautiful, so lovely, and so kind. When I see you, I can't control myself. You are in front of me all day long and I can't have you as a husband, I'm going crazy." said he in a tearful voice.

"And all my buddies have babies, and their babies are so cute. I want to have a baby too. And then the three of us can live happily ever after."

"Anna, haven't you always said you want to have a baby, and now that your wish will come true soon, why are you hesitating? Do you really want to leave me and the child?"

Yulin was clearly making excuses for him getting Anna pregnant, but he was acting so sincere that Anna had no reason to refute him at all.

Moreover, the people around were looking at them, which made Anna even more squirm.

She reached out to tug Yulin's arm. "You just stand up. People are watching us."

But Yulin shook off Anna's hand. "Unless you forgive me, I won't get up." said he sadly.

"Don't be childish. You're going to be a father."

"My child may be born without a father, I'm so sad to think about that. In the future, when he goes to kindergarten, all the other children have parents send them to school, only my baby goes to school alone."

Hearing these words, Anna was really speechless.

"Please marry me, okay?" He pleaded.

Since this was the case, she couldn't even disagree. And it was quite awkward for him to keep kneeling like this now.

Anna reached out to help him up. "I'll get married with you. But please don't do this stupid thing again."

"Okay, I promise. You are not allowed to back out!" said Yulin.

Then he immediately stood up and urged. "You guys quickly put makeup on Anna. I'm going out first."

Anna felt that she had been tricked by Yulin again. She wanted to look for Yulin, but was stopped by the staff around her.

“Madam, let me help you with your hair and then fix your makeup.”

Anna was surrounded by several women soon. They helped her with her makeup one moment and help her fix her clothes the next.

“Maybe Yulin is the person I’m meant to be with in my life.” Anna thought. Then a smile played on her lips.

Suddenly the host’s voice came.

“Here, welcome my bride to the stage!”

She took a deep breath, and then walked to the stage led by the staff.

Before going on stage, Qiqi called out to her. “Anna, throw the bouquet to me later.”

Anna smiled and nodded her head

The wedding went smoothly. Although Anna was a little slow because of her pregnancy, Yulin was very attentive to take care of her.

When it came time to throw the bouquet, more than ten girls stepped forward and were ready to catch it.

Anna looked at Qiqi, then threw the bouquet up high to Qiqi

Qiqi was happy, jumped up with force, reached out to catch the bouquet.

But the other girls were also to catch the bouquet. They squeezed Qiqi to the side.

The one who got the bouquet was a stout girl. At this moment she was holding the flower and smiling happily.

Anna was a little helpless. She shrugged. Qiqi felt sad that she didn’t get the bouquet. But just as she was about to stand up, a big hand reached out to her.

“Miss, are you okay?” said Yuqi. He just came back for Europe.

Yulin had to prepare for the wedding, so the company’s affairs were handed over to Yuqi to take care of. Yuqi had been busy in Europe until today he had time to come back for his brother’s wedding.

But he didn't expect a beautiful woman to be in front of him as soon as he came to the wedding. Her cute look made him find her interesting.

Qiqi tilted her head, saw Yuqi. She could not help but be amazed.

"Huh, are you Yulin's double?"

Yuqi smiled, and then squatted. "Yeah, I am his double, and he is also my double."

"What do you mean?"

"If you want to know, go out for a drink with me. I can tell you slowly."

Qiqi looked at Yuqi's eyes, and then she put her hand on Yuqi's big hand.

When Anna found Qiqi being taken away by Yuqi, she was little worried.

"Where is Yuqi taking Qiqi? I can't let him take Qiqi out." said Anna.

Yulin stopped her and said with a smile. "Don't worry. Although Yuqi is a playboy, he won't mess around with a girl without getting her permission. From what I know about Qiqi, Yuqi may not be able to take advantage of her."

Anna was still looking in the direction Qiqi left. Yulin had already tugged her hand and went to toast the guests.

"Everyone has their own path to follow and their own story to tell. I can't always worry about her getting tricked." Anna thought. Now she had to believe Qiqi can take care of herself. All she can do was to silently wish her well.

Turning back, Anna held Yulin's hand and walked to the stage. She looked at the stage and wore a happy smile.

.....

On this day, Qiqi went to the bookstore alone. She selected a pile of review materials.

She didn't get far out of the bookstore when she received a phone call. Taking out her phone, she smiled heartily.

"I thought you had forgotten about me since you got married." She complained.

Anna on the other side of the phone smiled. "Who pissed you off? You sound so grumpy."

"Of course it's you. You've been out for so long, and you just remember to call me now."

“I’m jet lagged. And you’re studying now, so I’m worried it will affect you.”

“You’ve got a lot of excuses.”

“Well, don’t complain. I’ve bought you a present, you’ll love it.”

“Well, it depends on what you have prepared

Before Qiqi could finish her sentence, a man walked quickly past her and bumped into her at once. The books in her arms fell to the ground.

The man just turned around and said “sorry”, and then rushed to the bus.

Qiqi frowned and spoke to Anna on the phone, then hung it up and packed her books.

“Hey, what’s wrong with the man?” She was complaining when a pair of black leather shoes appeared in her sight.

The man squatted down, picked up two books and put them in Qiqi’s arms.

When she looked up, Qiqi met a pair of dark eyes.

The man was Yuqi Mu.

He helped Qiqi pick up the books, and then helped her stand up.

“You helped me again, many thanks.” said Qiqi gratefully.

Looking at Qiqi’s smile, Yuqi was in a trance for a moment.

Qiqi saw Mu Yuqi don’t say anything. She was puzzled. “Mr. Mu?” She asked curiously.

Yuqi raised his eyebrows. “Ah, I am wondering if you should buy me a meal.”

“So you’re hungry. It’s just about noon, let’s go eat something. And what would you like to eat?” Qiqi said.

“You decide. Eating with a beautiful woman, anything I eat will be delicious.” Yuqi said.

His words made Qiqi laugh. “You are the first one to call me beautiful, just because of your straightforwardness, I must treat you to a good meal.”

Then Qiqi took Yuqi to a snack bar, but Yuqi sat inside, very uncomfortable.

The small store had many seats. It seemed very crowded, which had no privacy.

The surrounding was very noisy. Most of the young people dressed casually. This made Yuqi, who was wearing a suit, very odd.

Looking at the table next to him in a mess, Yuqi frowned. "What kind of restaurant is this?"

"Special snacks. This is my and Anna's favorite. Have you never eaten it?"

"No." Yuqi shook his head.

"Then you can try it today. Trust me, you'll love it!"

Yuqi didn't want to eat here. He said politely, "Perhaps, we can eat somewhere else and have some"

But Qiqi didn't wait for him to finish his words before he stretched out hER arm and waved to the waitress. "Here."

Qiqi touched his forehead, thinking that this was really the worst meal ever. But half an hour later, he realized he was wrong.

About half an hour later, he put his suit on the back of the chair, unbuttoned the three buttons of the shirt on his chest, and his hair was a little messy. Then he wiped the corner of his mouth with a tissue.

At the moment, the table in front of him was also in a mess, just like others'.

"What do you think of the food here?"

"Very good."

Qiqi could also see that Yuqi was enjoying the lunch.

Qiqi laughed heartily. "I said you would like it."

"Although the environment here is a little worse, it's a very new and memorable experience."

"I'm happy you like it." Qiqi said as she smiled.

But when Qiqi went to go through her purse to check out, she found that her purse was missing.

"What's wrong?" Yuqi asked.

"I can't find my wallet!"

After saying this, Qiqi lowered her head.

Yuqi smiled. "I'll pay the bill later."

See Yuqi take money to pay the bill, Qiqi was sorry. "I said I would buy you a meal, but I made you pay, I'm really sorry."

"Maybe you can invite me to have dinner next time."

"Then can I have your contact information? I'll definitely treat you to dinner next time."

Yuqi took out a sticky note, writing down his phone number and handing it to Qiqi.

Qiqi put it in a book. She tilted her head and saw Yuqi's kind smile.

She used to think that all the people of rich families were arrogant and domineering, but after meeting the Yulin and Yuqi, she realized that they were gentle and kind. She felt very comfortable getting along with them.

After eating, the two of them said goodbye.

Qiqi went back to school and was in a good mood.

One of her classmates saw the new books in her hand and her eyes lit up.

"Qiqi, are these the new books you bought? Can I borrow them for a while? I'll return them to you later."

"Oh, take it." Qiqi graciously handed over them. Then they chatted for a few more minutes and went off to do their own thing.

But Qiqi didn't know that Yuqi's cell phone number was in the book, and her classmate had thrown it away.

.....

The dessert store was no customer, so Qiqi took out her book to review.

Suddenly, someone opened the door and walked in. Qiqi immediately stood up. It was Chuxue who came in. She walked up to Qiqi.

"You are about to take the exam, right? Are you nervous about revising lately?" asked she suddenly.

Chapter 508 You Better Stay Away From Her

Qiqi rubbed her head. "I'm not so nervous. I don't class myself as being very brainy, so I have to put more effort on my study." said she with a smile.

"But I think you are smart. Just relax, you can definitely do it." Chuxue said.

"Thank you. I feel a lot more confidence too."

Looking at Qiqi confident look, Chuxue couldn't help but smile too. She sat on the window seat, took out the computer and started doing her work.

Qiqi, on the other hand, sat next to the counter and continued to read the book.

The store was filled with soft and gentle music, which calmed people's mind and also made people a little drowsy. When Qiqi was drowsy, the door of the store was pushed open.

Qiqi immediately perked up, but froze after seeing the person who came up. The person was Yuqi Mu.

He was wearing a suit, with a smile on the corner of his mouth.

But Chuxue didn't seem to welcome him. She turned her computer off and lifted her head. "Why are you coming over?" asked she.

"I just pass by, so I come in to take a look." said Yuqi. "Why do I feel that you don't seem to welcome me?"

"Yeah, I really don't welcome you."

"Why? I have never offended you recently."

"You never buy cakes when you come to my store. Why should I welcome you?"

"Did I?" said Yuqi and then he waved to a waitress. "Please"

He didn't finish his words before he saw Qiqi.

He gave Qiqi an amicable smile, but Qiqi didn't dare to look at him.

Originally she said she would buy him a meal, but it turned out that Yuqi had to pay for it. She had agreed to contact him, but ended up losing the phone number he gave her. She felt very sorry.

Seeing Qiqi with her head down, Yuqi found her interesting. "Hey, what are you thinking about?"

"Ah, nothing, I'm thinking about anything."

Qiqi's reaction also made Chuxue curious about what had happened between them.

After hesitating, Qiqi still felt that she needed to explain something. "I wanted to call you that day, but I lost your phone number, so I justjust" she stammered. And then she looked up and saw Yuqi staring at her.

His gaze made Qiqi completely forget what she was going to say.

In the end, it was Yuqi who took Qiqi's phone that was on the front desk. "I'll save the number to your phone."

Then he returned the phone to Qiqi.

"Thank you." Qiqi said.

He raised his hand and patted Qiqi's forehead gently. "You're welcome."

His gentle move made Qiqi flush and immediately lowered her head, not daring to look at him again.

Then he sat down opposite Chuxue. As soon as he looked up, he found Chuxue staring at him with an unpleasant expression. Such a stare made Yuqi raise his eyebrows.

"Why are you looking at me like that?"

"Yuqi, she is a very simple girl. You'd better stay away from her." Chuxue warned.

"I just want to make a friend with her."

Chuxue snorted. "If it was someone else who said that, I might believe it. If it is you, I just"

"What do you mean? Am I that bad?"

"Yes." said Chuxue.

Her answer made Yuqi displeased.

"Well then, I will impress you with my actions." said Yuqi, and then he walked towards Qiqi again with a charming smile.

"I guess studying is tiring. Do you want to go to a snack bar after work?"

Qiqi also did not think much about it. She just nodded. "Yes, I'd love to. Last time I failed to pay for the dinner. Tonight is my treat."

After Qiqi accepted the invitation, Yuqi turned back and winked at Chuxue.

Chuxue was tensed and also walked to Qiqi's side. "Qiqi, you better go back to school after work. There are many bad people outside."

Then Chuxue also deliberately glanced at Yuqi. But Qiqi did not notice Chuxue's hint.

"Aren't you very busy studying? Don't hang around outside." said Chuxue. She was a little worried about her.

"No matter how busy people are studying, they have to eat. Only when one is well-fed will one be efficient in studying." Yuqi said.

Chuxue looked at Qiqi, and then at Yuqi. She was a little angry.

"Anyway, take care of yourself!" Chuxue glared at Qiqi and said.

"Oh, got it." Qiqi said. But she still didn't understand the meaning of Chuxue's words.

Chuxue didn't want to chat with them anymore. She turned her head and gave Yuqi a warning glance, then left the dessert store.

Seeing Chuxue leave, Qiqi looked at Yuqi. "Is Chuxue angry?" asked she.

Yuqi shrugged. "I guess so."

However, Qiqi couldn't figure out why Chuxue was angry suddenly. Before she could say anything, a guest walked in.

"There are guests, I'll get busy."

Qiqi was too busy to pay attention to Yuqi as the number of guests grew.

As the female guests entered the store, they were attracted to him.

When it was time to close, there were still customers staying in the store, staring at Yuqi.

Qiqi was very hungry now, but she couldn't drive away the guests.

Yuqi looked at the time and walked up to these female guests, smiling politely.

“Miss, I’m sorry this place is closing.”

“Ah, sorry, we forgot the time.”

“That’s okay.”

“May I ask if you are the owner of the store?”

“No, but the owner of the store is my sister. I guess she will be glad if you can come to the store next time.” said Yuqi politely.

Then a few girls finally paid the bill and left.

Qiqi hurried to clear the table. She was sorry for making Yuqi wait for her for so long.

“I’ll be ready in a minute, please wait for me a little longer.” She said.

“You don’t have to rush. I have time and patience.” Yuqi said with a smile.

It didn’t take her much time to clean up the dessert store. Finally she went to the snack street with Yuqi.

Qiqi was really tired this night. She was so hungry. They went to a hot pot restaurant.

But Yuqi was not hungry. He elegantly sat opposite Qiqi and watched her eat.

Qiqi ate happily, but found that Yuqi kept staring at her. She was a little embarrassed.

“Aren’t you going to eat?” She said.

“I’m not hungry.”

“But I ordered a lot. If you don’t eat, I can’t finish it all by myself.”

Yuqi had seen how much Qiqi could eat, so he just smiled at her and didn’t answer. He knew that she could finish all the food on the table.

Sure enough, she did finish most of the food on the table, and then leaned back in her chair, content.

Looking at Qiqi’s satisfied look, Yuqi couldn’t help but smile.

Suddenly, the phone on the table rang.

“Sorry, I’m going out to make a call.” said he politely.

The call was from the company. They had a long discussion about a certain issue at work. Only when Yuqi hung up the phone did he realize that they had talked for more than twenty minutes.

“It’s been so long. She must have been waiting impatiently.” murmured he.

With the phone in hand, Yuqi walked into the restaurant, and then he found Qiqi lying on the table asleep.

She recently stayed up late to review her lessons, and today she was very busy. Now she ate so much in the evening, she naturally felt sleepy.

Originally Qiqi wanted to take a nap. But unexpectedly, she fell asleep and let out a soft snoring sound.

Yuqi didn’t disturb her. He sat next to her and watched her. When Qiqi woke up, there was not a single customer in the restaurant.

“What happened?” Qiqi asked, confused. Her hair was still sticking up in a strand. Yuqi found her hair funny, so he reached out and smoothed it for her.

“You fell asleep.” He said with a smile.

Qiqi was surprised. She couldn’t help but blush. “It’s getting dark. I have to go back.”

Qiqi stood up, picked up her bag and was about to leave. But when she walked out of the restaurant, she realized that there were so few people outside.

Taking out her phone and looking at the time, Qiqi couldn’t help but exclaim. “Oh my god, it’s eleven o’clock. The dormitory is closed.”

“Then you can go to my house.” said Yuqi.

“Go to your house?” Qiqi asked, confused.

“I have an apartment, not far from here. You can rest there for one night and then go back to school tomorrow morning.”

This time Yuqi explained very clearly, but Qiqi felt something was wrong.

“This is not appropriate, right?”

“Why?”

“It seems not good for men and women to stay alone together.”

Yuqi laughed. He really wanted to say that Qiqi really didn't need to worry about this because he was not interested in her.

But he was worried that if he said that, Qiqi might get angry. So he found a reason. "You're Anna's good friend. Isn't it normal for me to help you?"

Qiqi thought for a while before saying. "That's quite reasonable."

"Your time is precious, don't waste it." Yuqi added.

After some hesitation, Qiqi agreed to Yuqi's suggestion. "Thanks then." said she.

Then he took Qiqi to his apartment.

.....

When they arrived at his apartment, Yuqi prepare clothes for her.

Looking at the scented clothes he handed to her, Qiqi was full of surprise.

These clothes belonged to Yuqi's former female companion. He used to bring a female companion every time he came here, so there were women's clothes here. But these he certainly would not tell Qiqi.

"I'm a member of a brand-name clothing store. They sometimes give me gifts. One year, their staff got the wrong information and thought I was a female customer, so they gave me a few sets of women's clothes."

Qiqi nodded her head in disbelief.

Since she really had nothing to change into, she had to take it and then get ready to take a shower.

The design of the dress that Yuqi took out was very distinctive. It can set off a woman's figure to the fullest.

As soon as Yuqi looked up, he saw Qiqi's hot body.

Although this girl looks innocent, but her body was quite hot.

Yuqi casually looked at her. "You can rest in that room tonight. Good night." He pointed to a room and said.

"Okay, thank you. Good night."

Yuqi then went back to his room.

Qiqi looked back at him and then at the environment she was in. She felt very incredible. She had actually gone back to a man's house at night. And he was so handsome that she couldn't help but want to have something with him.

"Qiqi, what are you thinking about? He let you stay in his house for one night. But you're thinking about some nonsense. Now go to sleep." She muttered to herself.

Then she was busy shaking her head and forced herself not to think about the fantasy of Yuqi.

Qiqi thought she needed to show her gratitude for Yuqi. So the next day she purposely got up very early and prepared breakfast for him.

She didn't know what Yuqi liked to eat, so she made some rice, noodles, and dumping, hoping there would be something Yuqi would like.

After the breakfast was ready, Qiqi went to knock on Yuqi's room door. But no one answered for a long time.

"He's not in his room?"

Then Qiqi went back to the living room and saw a note.

"Sorry, there is an urgent matter in the company, I have left first."

Qiqi's enthusiasm was extinguished by these few words.

She sat alone at the dining table, looking at the sumptuous breakfast, but had no appetite.

.....

After reviewing her lessons alone for a while, Qiqi realized that she wasn't studying very well, so she joined a study group. They would have self-study sessions and discuss problems together.

In this study group, there was a boy wearing glasses who showed more than usual enthusiasm for Qiqi.

Whenever Qiqi appeared, the man with glasses would come up to her and talk to her.

Whenever people in the study group saw the two of them together, they would make jokes about them, and every time the guy with glasses would just laugh and Qiqi would look serious.

Qiqi was afraid that people would misunderstand her relationship with the boy, so she kept him at a distance. She thought others would stop paying attention to the matter when they got tired of talking about it, so she didn't explain her relationship with that guy to others.

But Qiqi's non-explanation made the man with glasses misunderstand that she was interested in him.

That day, when it came to noon, the man with glasses came to Qiqi's side. "Qiqi, let's go for lunch together." He said with a smile.

"No, I've ordered take-out."

"How about we go to the library together today? I've already saved a seat for you."

"I have to work part-time in the afternoon, so I can't go to the library until the evening."

"Then I'll wait for you at the library tonight."

The glasses man's insistence troubled Qiqi.

"You don't have to wait for me. I don't know if I'll be able to make it to the library in time."

"Whether you come or not, I will save a seat for you. The seat next to me always belongs to you."

After saying that, the man with glasses suddenly flushed, and then he walked away.

As soon as he left, the students around Qiqi made jokes.

"Does he think he's in a drama? What a gross line."

"Yeah, really, I just got goose bumps."

"After listening to his words, I can't even eat dinner, let alone lunch."

One of them even raised her hand and put it on Qiqi's shoulder.

Qiqi frowned and nudged the girl next to her. "Then just don't eat lunch. Look at your belly full of fat, you should lose weight."

The girl was shocked and looked at the fat on her stomach. "Ah, really? I must have eaten too many snacks. Do you guys have any good ways to lose weight?"

When they talked about weight loss, they would have many words.

Seeing that their attention was diverted, Qiqi said, "Then I'll go to the cafeteria to eat first. You guys take your time to talk."

"Didn't you buy take-out?"

"No, I lied to him."

Qiqi winked mischievously and turned around to leave.

Chuxue have recently been developing new dishes. At noon, there would be a free trial, and it was quite delicious.

So Qiqi always went to the dessert store to try new dishes, which can save her a lot of money.

But today, Qiqi was not the only one who came to eat the free dishes.

"It smells so good."

Hearing Yuqi's voice, Qiqi looked up, smiling lightly.

Yuqi nodded to her, and then walked to Chuxue's side. Looking at the pizza in her hand, he licked his lips.

"It smells good, give me a piece." Yuqi was about to reach out to take it.

But Chuxue slapped his hand and refused to give it to him. "No way! You come here for free desserts again." said she.

"No, I'm here to buy some desserts." said Yuqi. Then he looked at Qiqi. "Please give me one of each cake here. Oh, I also want a cup of Blue Mountain coffee."

Qiqi pursed her lips and smiled. "Okay, please wait a few minutes."

Then she turned around and went to prepare dessert.

"Isn't your company very busy lately? Why do you still have time to come to my store?" Chuxue asked curiously.

“No matter how busy I am, I need to relax. Besides, talking with that girl really makes me feel relaxed.”

He was indeed very busy lately. Thinking of Yulin who was on his honeymoon, Yuqi felt how unfair fate was. But when he thought of Qiqi, he felt that the day was not so boring.

So when he had time, he came to the dessert store to see if he can meet Qiqi and teased her for fun.

Unfortunately, there was not only Qiqi in the dessert store, but also Chuxue. She was like an old mother hen protecting her chicks to keep him away from Qiqi.

Suddenly Yuqi lifted his arm and stared at Chuxue.

Chuxue was shocked by his stare. “What are you thinking about? Why are you staring at me?” She asked.

“I was thinking about how you would react if I were to ask Qiqi out?”

Chuxue frowned. “She’s revising for her exams. Don’t disturb her.”

“Studying can also be tiring. She also needs to take a rest.”

“You are looking for her to let her rest? Hmph, I don’t believe you. I know what you’re thinking.”

“Am I so bad in your mind?” asked he.

“It wasn’t that bad before. But when you want to screw a simple girl like Qiqi, I find you very abhorrent.”

“I just think she’s funny and like to talk to her.”

Chuxue didn’t believe his words at all. “Then why are you looking at her with eyes full of flirtation? Qiqi is so innocent that she will surely be bewitched by your look like that!” she snorted.

Yuqi looked puzzled. “Did I? Oh my god, you’ve wronged me.” He muttered.

Chuxue wrapped her arms around her chest, not believing him. “Don’t pretend in front of me. I won’t be fooled by your poor acting.”

“The cake and coffee are ready.”

Because Yuqi had ordered a lot of cakes, Qiqi had been preparing the pastries. She didn’t notice Chuxue and Yuqi arguing because of her.

She put the cakes on the table and smiled at Yuqi. "These are the cakes you ordered."

Seeing Qiqi was leaving, Yuqi was busy waving to her. "Why don't you sit with me for a while? I can't finish these desserts by myself."

"Thanks, but I'm working now." Qiqi hurried to say.

Looking at Chuxue, Yuqi frowned. "Chuxue, it seems like your employees are very afraid of you."

Chuxue just quietly looked at Yuqi, silent. However, Qiqi was a little nervous.

"It's not like that. Chuxue is very good to me. It's just that I don't think employees can be lazy during work hours." She explained.

"Hey, you will be bullied by your boss like this." said Yuqi.

Suddenly Chuxue slapped the table. "Yuqi, go back to work, don't stay here." said she impatiently.

Seeing that Chuxue had lost her temper, Qiqi was busy picking up the tray. "I'm sorry I have to go and get busy first." said she. Then she immediately left.

"You're so serious that Qiqi is afraid to talk to me." Yuqi said.

"It's obvious that she avoids you."

"But last time she was at my house, we got along very well." Yuqi blurted out.

As soon as he finished speaking, Chuxue was on fire. She reached out and grabbed Yuqi's neck. "You said you wouldn't play with Qiqi. Why did you bring her to your house?" said she indignantly.

"That day after we had dinner, it was too late. So I invited her to my house. I didn't do anything to her. Please don't pinch my neck, I can't breathe."

"Then don't breathe."

Qiqi heard noise over here, so she looked towards them. Then she ran over. "What's happening? Please don't fight."

Yuqi shook off Chuxue's hand and shook his neck. "I didn't fight with her. Obviously she suddenly went crazy. Qiqi, I'm leaving first. If I still stay here, you may never see the living me again in the future."

Then he got up and hurriedly left.

Chuxue wiggled her fingers. "Luckily, you left. Otherwise I would not have spared you."

But soon, Chuxue found that something was wrong.

She looked at the cakes on the table and yelled at Yuqi's back. "Bastard, you haven't paid yet!"

Qiqi stood next to her and pondered for a moment. "Are you angry with Mr. Mu?" She asked cautiously.

Chuxue waved her hand. "We two have been like this since we were little. I'm used to it."

Hearing this, Qiqi nodded her head.

"Qiqi, Yuqi is a playboy. I think you need to keep him at a distance."

"The two of us are pretty far apart when we talk."

This answer made Chuxue a little speechless.

Chuxue rubbed her forehead. "What I mean is that you shouldn't have too much contact with him, lest he disturb your studies."

Qiqi nodded. "It's true that when I'm with Mr. Mu, I do feel my heart beating faster."

"This means that you are affected by him, which will delay your revision." Chuxue said seriously.

These words immediately alerted Qiqi. She nodded her head. "Then I understand. I will be away from Mr. Mu."

Now in Qiqi's eyes, nothing was more important than concentrating on her studies.

Qiqi thought that if her grades still didn't improve, she would have to ask Chuxue for a leave of absence and focused on her exams.

Seeing Qiqi's serious expression, Chuxue nodded her head. "Well, it's good that you understand. There are many bad people in this world. I don't want to see you being deceived."

Yuqi was a bad person? Qiqi didn't think so. In her eyes, Yuqi was very polite to people. She was very happy with him.

.....

After the store closed, Qiqi prepared to go back to school.

Just out of the store, Qiqi found a car outside the store looked familiar. The windows slowly lowered and the man inside waved at her. It turned out to be Yuqi.

Seeing him, Qiqi smiled sweetly.

“Hi, Mr. Mu.”

Yuqi looked behind Qiqi. “Has Chuxue gone back?” asked he.

“Yes, she went home very early.”

Hearing this, Yuqi breathed a sigh of relief. “She’s been so grumpy lately. You should be careful when you work under her.”

“Chuxue is very good to me.”

“But you’ve seen how mean she is. Maybe one second she’s friendly, the next she gets angry. Oh, forget it, let’s not talk about her.”

“Shall we go to dinner together? Let’s go to the snack bar you took me to last time.”

Qiqi touched her stomach. “But I’m full today.” She said apologetically.

Yuqi was a little disappointed because he couldn’t see Qiqi’s manner when she was eating.

Every time he watched Qiqi eat, Yuqi would feel happy. He had never had this happy feeling before.

He gently shrugged. “Okay, then let me driver you back to school.”

“Thank you, but I can go back by myself.”

“I’m passing by. Just get in the car.”

Seeing that he was so insistent, Qiqi didn’t refuse his kindness again. So she got into his car.

Yuqi smiled, started the car, and drove in the direction of Qiqi’s school.

But halfway through the drive, the car stopped slowly.

Qiqi poked her head out and frowned at the densely packed cars in front of her. “Is there a traffic jam ahead?”

“Yes. But don’t worry. Focus on your book. “

Qiqi smiled lightly.

Chapter 510 The Sudden Confession of Love

Then Qiqi focused on reading.

There was soft music playing in the car. Yuqi Mu looked at Qiqi and found that she was actually a pretty girl.

“Beep.”

The car behind was honking, Yuqi Mu suddenly regained his thought and quickly drove forward, he felt a bit weird, how could he be attracted by a student?

Could it be that he was busy recently? How could he has such a change in taste. This was not a good phenomenon, his aesthetic level became worse.

Thus he took a deep breath and calmed down, then he kept driving. He was driving carefully at first, however, when there was a break, he was attracted by Qiqi again.

What happened to him? Did she has magic?

To be honest, she was a quite a pretty girl with good shape. If she wanted to dress herself, then she would be prettier.

At this moment, Qiqi raised her head, however, she was shocked by what she had seen.

“Stop right now!”

Yuqi Mu quickly stopped, the car almost collided with another car.

Qiqi rubbed her chest and murmured, “That’s too dangerous.”

Yuqi Mu felt a bit embarrassed and said, “It’s all because of the traffic jam, I’m a bit anxious.”

“Right, it’s been almost an hour and we haven’t even gotten off the bridge yet.”

Wait, an hour?

Qiqi looked at her phone and found that it was almost eleven o'clock again.

"God, I'll be late again."

Seeing that Qiqi was upset, Yuqi Mu comforted, "Don't worry, you still have a place to go."

He was right, however, she felt awkward to live with him.

"Well, I can't bother you again, since it's not far away, I can just walk back."

Yuqi Mu looked ahead and said, "It's about half-an-hour walk from here, but once we pass the crowded intersection, I can drive you back in ten minutes. Which one do you prefer?"

"But what if there is still traffic jam ahead?"

If this was the case, then Qiqi couldn't go back today.

But Yuqi Mu insisted, "Then let's bet, I bet there will be no traffic jam in the front."

Hearing this, Qiqi felt interesting and forgot about the traffic jam, then she asked, "What is the bet?"

After thinking for a while, Yuqi Mu said, "A meal, if you lose this time, let me treat you for a meal."

"Fine." Qiqi nodded her head excitedly, but soon, she felt something was wrong, "Are you sure? I should treat you for the meal if I lose."

"No. Since you've treated me once, it's my turn now. However, my taste is weird, maybe you won't like that."

"Don't kidding." Qiqi waved her hand and said excitedly, "I eat everything."

Seeing that Qiqi agreed, Yuqi Mu narrowed his eyes with a smile and said, "Then it's a deal, I'll pay and don't regret."

Qiqi patted her chest and said, "I always keep my words!"

"Well, we're about to cross the intersection, let's wait and see."

As soon as he said this, the car moved, and then they passed the intersection.

There were police cars parked beside the road, moreover, many destroyed cars could be seen.

Qiqi blinked and said, "It turns out that there's a traffic accident."

However, it was really nice to take a ride at night, people could enjoy the tranquility and feel relaxed.

After taking a glimpse of Qiqi, Yuqi Mu found that she was leaning on the window like a kitten, thus he smiled.

After driving for a while, the car finally stopped in front of the school.

"I won't be late!"

After checking the time, Qiqi smiled happily.

Yuqi Mu stretched out his head and said, "When you're tired of learning, call me and I'll take you to a meal."

"Okay, thank you."

"Don't be polite, go back now, good night."

"Good night."

Yuqi Mu drove back, Qiqi stood in front of the school and smiled brightly.

She didn't know why she was so happy, it seemed that she was like a free bird when staying with Yuqi Mu.

She ran back to the dorm and felt that she must have had a good dream tonight.

"Qiqi!"

Someone called her from behind. Qiqi stopped and turned back, after seeing the man's face, her dream was broken.

The man with glasses stared at Qiqi, and looked serious.

"Is there something wrong?"

The man stepped forward and reached his hands, "I've been waiting for you and these are the buns I prepared for you."

Hearing this, Qiqi remembered that he had invited her to study this evening.

Although she didn't agree, she still explained to him, "Well, I met a traffic jam and come back late."

"Who was man on the car?"

He was afraid that Qiqi would be hungry, so he went to buy the snacks for her, and saw her in a luxury car.

Hearing this, Qiqi was a bit angry, why did he say this since they were just classmates?

Thus, Qiqi frowned and said, "Just a friend."

"Close friends?"

"No."

"Then why do you sit on his car? It's very dangerous for a woman."

Qiqi was speechless and said, "Don't talking nonsense, he is much richer than me and lacks nothing."

"So what? Psychopath is always rich people."

Qiqi was getting impatient and said: "Well, it's late, don't say such scaring words."

However, the man continued, "I'm just talking about it, what about you really meet one?"

"I'm tired, I'm going back now. You'd better go back as well."

"Fine, be careful, and, this is for you."

"I'm not hungry."

"Take it, I bought it for you. Just throw it if you don't want."

Then he shoved the buns to Qiqi in a shy manner.

Qiqi had no other choices but to take the bun and said, "Thank you."

"Don't be polite, I'm willing to do that. Besides, I'll send breakfast to you tomorrow morning, remember to turn on your phone."

"You don't need...."

Before Qiqi finished her words, the man left.

Looking at his back and the bun in the hand, Qiqi sighed helplessly.

The next morning, Qiqi overslept, so she rushed to classroom after waking up.

The professor of today's lecture was very strict, he would definitely blame her once she was late.

Fortunately, Qiqi arrived in time.

"Qiqi."

A man called her from behind with a smiling face. However, Qiqi was shocked.

She turned back and frowned, "Don't scare me."

"Don't be afraid, I'm just here to send you the breakfast, since you've turned off your phone, I can only come here to find you." Then he handed her the breakfast.

Such things made people around exclaimed, besides Qiqi was a bit embarrassed.

As she wanted to refuse, the professor walked in and then the man left quietly.

After seeing the man, the professor smiled and said, "There are not many thoughtful and gentle boys these years. You have to seize the opportunity."

It was rare for the professor to joke, and everyone smiled happily, except Qiqi who felt embarrassed.

Then, the professor began to lecture, and Qiqi's friends were still making jokes about her.

"He really cares about you, or he wouldn't bring breakfast to you."

Qiqi quickly put the breakfast in the desk, as if they were poison.

"We are all classmates, of course we need to help each other."

"Then why didn't he bring me the breakfast?"

"Do you want it? I'll tell him. Come on, the professor is watching us! Keep quiet."

Hearing this, her friends didn't dare to say more and focused on studying.

However, Qiqi was anxious. People had misunderstood them, she had to explain to the man.

After class, Qiqi ran into the man with glasses in the hallway.

Before he wanted to say something, Qiqi said, "I want to talk to you, come with me."

Seeing that Qiqi wanted to talk to him alone, the man was pleased.

He cleared his collar and followed Qiqi happily, then they walked to the garden behind the school building.

It was quiet there so that they could talk about something secret.

However, he misunderstood Qiqi.

He thought Qiqi was a very innocent girl, but it seemed that she was wild. That was fine, at least someone should be more active.

The man lowered his head with his eyes full of joy.

However, Qiqi kept silent for a long time. She just didn't know how to say that. She was afraid to hurt him for they were classmates.

But, would he understand her words if she said politely?

Just as Qiqi was pondering, the man said, "Qiqi, do you have the breakfast?"

Seeing that Qiqi was silent, the man thought she was shy, so he said first.

However, Qiqi was stunned and shook her head, "No."

"Don't you like it? What do you like? I'll buy it to you next time."

The man took out a notebook and was about to write down Qiqi's words.

Seeing this, Qiqi then took away his notebook and said seriously, "I like many things, but I don't want you to send me."

"What do you mean?"

"Don't treat me so nice, I don't want to be struck in gossip."

The man thought Qiqi was shy, so he waved his hand and laughed, "Don't care about them, just let them say."

Qiqi got anxious and said impatiently, "Those rumors have already affected my life, I really appreciate your care, but just don't do that, we are just classmates."

Hearing this, the man was stunned and said, "I just care about you, can't I?"

"It's just a burden to me, do you understand?"

The man shook his head and said, "I don't understand, I do this for I like you, what's wrong?"

Hearing this, Qiqi felt embarrassed.

"What?"

The man was stunned as well, he didn't expect himself to say this at such a moment.

It was all in a hurry, he wanted to be more romantic.

But since it happened, he would say clearly and made a surprise to Qiqi.

Thinking like this, the man straightened his back and said loudly, "Right, I like you, please be my girlfriend!"

Hearing this, instead of being happy, Qiqi was a bit upset.

"Sorry, I just want to study now, I don't want to involve in such things."

"Then I'll wait you, can you be my girlfriend when the exam's over?"

He said in a confident manner which made Qiqi feel helpless.

Why didn't he understand? She had already refused him. Qiqi was about to cry, however, the man still misunderstood her words and held her shoulders, then he said, "I know you are afraid that this will affect our study, we can just take it as a test and I'm sure that we'll like each other more after the exam."

Qiqi was very speechless and said, "Why do you think I like you?"

"I just feel it."

"Then something may be wrong with your feelings, I don't like you."

Since she refused him directly, he should understand this time. Then she shook off his hands indifferently.

But the man still looked at Qiqi with affection in his eyes and said, "Are you shy? You don't need to be embarrassed, it's also my first time to say that."

God, Qiqi didn't want to say more. She looked at the sky and was very speechless.
