Chapter 511 I' m Rich

Why was he so cheeky? He really didn't care about what she was saying.

"Qiqi, you..."

The man with glasses was just about to approach Qiqi, Qiqi immediately took several steps back, keeping a distance from him. She said seriously, "anyway, I will not like you. Also, do not bother me, no food or gifts. Please."

After saying that, Qiqi turned around and left.

Standing behind her, the man laughed and shouted, "Qiqi, I'll be waiting for you!"

When he shouted, Qiqi stumbled and almost fell down.

Hey, how did she get such an oddball? Damn it.

Qiqi looked up, almost crying out.

...

The rumors in college always spread fast and only within a few days, almost everyone in the department knew that there was a lovey-dovey boy who often sent gifts to Qiqi.

When someone met Qiqi, they even made fun of her.

Every time, Qiqi tried to explain, but they didn't listen. Instead, they thought Qiqi was tempting him by keeping some distance.

After a long time, Qiqi really didn't want to explain anything.

One day, Qiqi was about to return a book to the library when she happened to run into the union president on the alley.

The president was a girl, but she liked the man with glasses for a long time. But the man had no interest in her.

Now the rumors were all over, so she was having a tough time.

When she saw Qiqi, like others, she also joked, but no one knew what she was thinking inside.

Seeing Qiqi holding a lot of books, she smiled and asked, “to the library?”

“Well, yeah.”

“Where’s your boyfriend? Didn’t he come to the library with you?”

Smiling awkwardly, Qiqi said, “why don’t I know I have a boyfriend?”

“Stop it. We all know it’s the one who sends you gifts.”

“Don’t be ridiculous. He’s not my boyfriend.”

Obviously, it had been a fact that all knew, but Qiqi still denied, making the president think she was hypocritical, who also felt sorry for the man with glasses.

“Hey, he cares so much about you and don’t you think he’ll be hurt when he knows you said this?”

“It has nothing to do with hurt. He’s really not my boyfriend.”

“Hmph. Lying.”

The president’s weird attitude made Qiqi annoyed, so she frowned and said, “oops, I need to go now.”

Then Qiqi was about to leave.

But when she looked up, she bumped into another one.

“Oops!”

Then the book in her arms were about to fall to the ground.

Fortunately, the man was so nimble that all the books were held between the two’s chests.

Although this prevented books from falling to the ground, the posture of Qiqi and the man was very ambiguous.

Qiqi did not look up, but she knew that it was a man. Blushing, she immediately put the book in order, saying, “I’m sorry.”

“Why are you always so reckless?”

The voice full of teasing made Qiqi froze.

Looking up, Qiqi drowned in his beautiful eyes. The time seemed to stop.

Yuqi Xiao looked at Qiqi with a smile and he seemed to satisfy with her reaction of being attracted by him.

However, the president behind them coughed, for she thought it's not proper for them to do such a thing here.

Qiqi immediately came back to her senses and immediately pushed Yuqi away. She said, flushing, "Mr. Mu. Glad to see you. What are you doing here?"

"Oh, I happened to pass by, so I want to come to see if I can run into you."

Yuqi didn't tell the truth. Yuqi was indeed passing by, but he came for Qiqi on purpose.

Yuqi thought that he was very busy these days and would gradually lose interest in her and forget her.

Unfortunately, the more Yuqi wanted to forget her, the more clearly he remembered, and he even didn't have any appetite.

Every time he ate something delicious, he was thinking if Qiqi was here, she would gobble it all up, which was exactly what Yuqi loved to see.

Thinking about it, Yuqi could not help but come to Qiqi.

The first moment they met, he bumped into Qiqi, so was this a reward?

Facing Yuqi's constant gaze, Qiqi blushed and didn't even know what to say.

And her shyness was noticed by Yuqi. Now she was like delicious and sweet ice-cream and Yuqi really wanted to eat her.

Taking a look at the books Qiqi were holding, Yuqi asked, "are you busy?"

"Fine, now I have to go to the library to return the books."

"Then let's have lunch together. My treat today."

Only by now did Qiqi remember he owed her a favor.

There was no class in the afternoon, and she didn't need to do her part-time job, so she could go with him and have a meal. Qiqi nodded and said with a smile, "fine, wait for me please and I'll go return the books first."

“Let’s go together. You can just show me around.”

“Then, I can be your guide. Our campus scenery is awesome, like the maple road ahead, Furong Lake and so on... They are quite famous and many people will specially come here to take pictures.”

“Then later, like others, let’s take a picture, shall we?”

“Sure, I’ll take a picture for you.”

Qiqi and Yuqi were walking in front of the president. Seeing the two, the president fell silent.

Walking with Qiqi in campus, Yuqi seemed to have regained his simple student life.

Qiqi kept talking, with a relaxed and lively tone. She seemed to have a magical power to dispel Yuqi’s tiredness, which made him couldn’t help but get closer to Qiqi, as if he could get constant source of enthusiasm and warmth.

Standing in front of the maple road, Qiqi looked up at the dense leaves above, squinting and said, “these trees are old. Some of them even are more than a hundred years old, witnessing...”

“Qiqi!”

Before Qiqi could finish her words, Yuqi suddenly called her from behind.

Qiqi turned around and saw that Yuqi was taking pictures with his phone.

Covering her face in a sec, Qiqi said, “oh, I’m not ready yet. My face will look big if you take a picture like this.”

Yuqi took the phone and admired the photo on it and the smile on his face got sweeter and he said, “it’s already big enough. Don’t worry.”

“Let me have a look.”

Qiqi leaned over to check it.

But the big face on Yuqi’s phone took up three-quarters of the screen, scaring herself.

“OMG, what the hell is this? Delete it!”

Qiqi reached out to grab the phone, but Yuqi dodged it and put the phone in his pocket, saying, “it’s fine, I won’t delete it.”

"The face looks big. Nonsense. Delete it."

"At the very least, the smile is very nice. Every time I see it, I can laugh for a while."

Qiqi was really speechless.

"Mr. Mu..."

"Well, this is the library, right? Aren't you going to return the books? Hurry up."

Yuqi said and pushed Qiqi forward, signaling her to be quick. He didn't want to cancel their meal.

Qiqi had no choice but to return the books first, and when she had the chance, she could delete the ugly photos in Yuqi's phone.

Thinking about the photos, Qiqi didn't notice it's weird that people around her were staring at her.

After returning the books, Qiqi got into Yuqi's car and asked, "where are we going to eat later?"

"It's a secret. When we get there, you'll know."

It's just a meal, but why did he make it so mysterious?

Raising her eyebrows, she listened to the music radio in the car, which played a song that she liked, so she immediately got high and catch the beat.

Seeing Qiqi was so happy, Yuqi laughed out.

It was obvious that there was nothing to be so happy, but with Qiqi, it always seemed to be very relaxed, and he just wanted to laugh and laugh.

In the relaxed atmosphere, Yuqi drove to a Japanese restaurant.

The place was exquisitely decorated and it was clear that it was expensive.

"So, we're eating Japanese food today."

"Yeah."

"Are you sure?"

Yuqi laughed and said, "it's just a meal. Why do you ask that?"

“Because I can eat a lot. I can make you go bankrupt.”

Seeing Qiqi got serious, he laughed out again. Then, he reached out to rub Qiqi's hair and said, “don't worry. I have enough money to make you full.”

“Then thank you so much,” hearing this, Qiqi rubbed her palms and said with a smile, “Sushi, sashimi, tempura... here I come!”

Qiqi walked into the shop with her head lifting high, but after seeing the prices on the menu, she got depressed.

The price made Qiqi's palms got sweaty, and in the end, she closed the menu to cover her face, whispering to Yuqi.

“Let's just change another place.”

“Why, don't you like it?”

Qiqi shook her head with an exaggerated expression, “it's really too expensive. I don't know how can it be so expensive. Ridiculous.”

Hearing this, Yuqi smiled and said, “my treat today. Don't worry about me.”

Yuqi looked like “I am rich” and his expression was very arrogant.

“It's just noy because of your treat. The money spent here one time is enough in school for a year!”

“You will know it's worth when you try it. The food quality ad taste here deserves the price.”

“But...”

Qiqi was still hesitating, so Yuqi tried to persuade, “street stalls are delicious, but this kind of star restaurant, is also good. Don't you want to figure out the difference between the two?”

Though he was true, but Qiqi didn't want him to spend so much to treat her.

Timidly looking at Yuqi, Qiqi said, “but it's so expensive. I can't afford to treat you back.”

“It's just food to fill your stomach. Why do you have to divide the class? Isn't it most important to eat happily?”

Yuqi was eloquent. Compared to him, Qiqi was just a chicken.

The most crucial thing was that Qiqi agreed his words.

The pictures on the menu were so fascinating that Qiqi just almost drooled.

Seeing Qiqi agreed, Yuqi said again, “besides, rich people like us earn so much and we need to spend it, otherwise why do we work so hard?”

“Well, that makes sense.”

“Yes, it is. Right, so now, can we order now?”

Qiqi smiled and said, “sure.”

Yuqi reached out to signal Qiqi to open the menu and order.

After Qiqi finished ordering, she handed the menu to Yuqi.

Yuqi didn’t even look at it and he said to the waiter, “please, double the things this lady has ordered.”

“Okay, please wait for a moment.”

When the waiter left, Qiqi admired him a lot.

Finding Qiqi’s gaze, Yuqi asked, “what’s going on?”

“I must tell you’re especially handsome today.”

“Only today?”

“You’re handsome every day, but today is the most.”

Yuqi was amused by Qiqi’s serious look.

He shook his head with a very helpless look and said, “food can make you say something you actually don’t agree. You really have no principle.”

“I’m a very honest person. I can only say the temptation is too hard to resist.”

“Then later, eat more.”

Qiqi patted her chest and said, “don’t worry. I will definitely live up to your expectations.”

Next, Qiqi did indeed do it. Her ferocious appetite was true and the empty plates were put one over on, and the speed of her eating gradually slowed down.

Finally, Qiqi put down the last empty plate, then burped.

“Full?”

Qiqi was satisfied and said with a smile, “not just full. I’m about to blow up.”

At this moment, Qiqi was like a cat, lazy and cute, making Yuqi wanted to tease her.

But before Yuqi could tease her, Qiqi suddenly stopped talking.

Seeing that Qiqi seemed to be in some pain, Yuqi asked, “what’s going on?”

Reaching out to press her stomach, Qiqi said, “my stomach hurts.”

“Eat too quickly?”

“Maybe,” looking up and smiling at Yuqi, Qiqi said with some difficulty, “it’s okay. It should be fine in a while.”

“Let’s go out for a walk and see if you can get better.”

“Hmm.”

When Yuqi paid the bill, Qiqi didn’t have the time to worry about the money, because her stomach hurt more and more.

Just now, she was able to walk a few steps, but now, it hurt so much even just to stand.

As soon as Yuqi turned around, he saw Qiqi’s face turned pale and her forehead got sweaty.

Frowning, Yuqi asked, “I don’t think you’re good. Let’s go to the hospital.”

It’s already troublesome enough, so how could she ask him to take her to the hospital?

Besides, it’s really embarrassing to go to hospital for eating too much.

Looking up, Qiqi said to Yuqi, “it’s fine. I’ll just go back and drink some hot water. Drinking hot water is a panacea and it will definitely help.”

He knew Qiqi forced herself to smile, but Yuqi didn’t say anything and just took Qiqi to the car.

Qiqi thought that Yuqi was convinced by himself, so she felt relaxed, sitting on the seat.

As soon as she got relaxed, her stomach hurt even more, as if something was stirring inside, making Qiqi keep sweating.

Gently closing her eyes, Qiqi wished she could concentrate on the song to distract herself.

But as she listened, Qiqi fell asleep.

When she came back to her senses, she felt it's bumpy. She was warm and she could hear steady heartbeat.

Qiqi tried to open her eyes, and then, she found Yuqi was holding herself, running fast and furiously.

Chapter 512 An Embarrassing Moment

Qiqi was a bit shocked, just as she wanted to say something, she felt painful.

She felt nothing while sleeping, now the pain would almost kill her.

Hearing Qiqi's voice, Yuqi Mu sped up. After seeing the doctor, he immediately said, "The patient gets stomachache, and she has already fainted once."

"Please hand her to us, we will take care of her."

Then Qiqi was brought away by the nurse, she turned to look at Yuqi Mu and felt that they were getting further.

She even felt a sense of death.

Qiqi shook her head, and didn't want to think more.

After some checks, the results came out.

Before telling them, the doctor looked serious with a frown.

Seeing his expression, Qiqi felt very nervous and upset.

"Doctor, will I die?"

"You"

"I don't want to die, I'm so young, I still have to be an agent in the future."

Before the doctor saying, Qiqi cried sadly and guessed some bad situations.

The doctor was helpless, he waved his hand to Qiqi and said, "Don't worry, it's just gastroenteritis, you can leave here once you take the injection and medicine."

Gastroenteritis?

Qiqi didn't expect to hear this, she was a bit stunned and looked at the doctor with confusion.

Seeing this, the doctor laughed, "Are you dissatisfied with this result?"

"Of course not, you looked serious just now, I thought I had a cancer."

"I have rhinitis, sorry."

Well, she knew the fact, thinking of her ridiculous behaviors, Qiqi smiled. But soon, she felt shameless.

Needless to say, it must be related to those fresh sashimi.

It was she who refused Yuqi Mu's suggestion. Now she was sent to the hospital, it was really embarrassing.

The more she thought, the more shameless she became. She didn't know how to face Yuqi Mu. However, the next moment, he appeared.

After hearing that the check was over, Yuqi Mu went to visit Qiqi in the ward.

But as soon as he entered the ward, Qiqi curled up like a shrimp.

She was pretending to sleep, but her phone rang at this time.

Damn!

Qiqi cursed and took her phone.

"Qiqi, where are you?"

It was from the man with glasses. He was really clingy.

Qiqi was in bad mood now, so she answered impatiently, "I want to sleep now, don't disturb me!"

Then she hung up the phone and then closed her eyes.

Actually, she said this to Yuqi Mu, hoping that he would leave the ward quietly.

Unfortunately, Yuqi Mu did the opposite way.

He just walked to Qiqi and asked with a smile, "You look much better now."

However, Qiqi didn't answer him and turned to the other side.

Seeing this, Yuqi Mu was stunned and asked, "What's wrong?"

"Nothing, I feel good now."

Qiqi's voice was a bit hoarse, as if to remind Yuqi Mu that she was a patient who needed care and love.

Thinking like this, Yuqi Mu looked at her kindly and said, "You are still weak and need to have more rest."

Qiqi hid her face in the blanket, and said in a muffled voice, "I just eat too much. Don't worry."

"No, it's a big problem, you mustn't take care of yourself in the school."

Yuqi Mu did not mention the Japanese food at all, which made Qiqi feel better.

Hearing this, Qiqi echoed, "You're right, I'm tired of studying."

"Take care of yourself, health is very important, I've learned from this."

Hearing this, Qiqi didn't feel embarrassed at all and asked curiously, "Why do you say this?"

"No, but it was similar to that, I worked so busy and neglected my health, when I was lying in the hospital, I knew that health is of vital importance."

Then, Yuqi Mu stared at Qiqi and said seriously, "You really scared me just now, you have to care about those who love you and take care of yourself."

"Then, are you one of them?"

Once the words fell, both of them were stunned.

Qiqi lowered her head and felt embarrassed, why did she say that stupid words? It was really awkward now, Yuqi Mu must be laughing at her!

Qiqi really wanted to hid herself, however, after thinking for a while, Yuqi Mu said, "Of course I care about you, you are a good girl."

Yuqi Mu's words made Qiqi flushed, she was very shy and a bit excited.

Qiqi told herself not to think much, maybe he said this for easing the embarrassment. However, she couldn't suppress her feelings, she felt like flying!

"Qiqi?"

Seeing that Qiqi kept silent and lowered her head, Yuqi Mu thought she was uncomfortable again, so he asked her.

Qiqi quickly calmed down and said in a serious manner, "The doctor said I can leave, I want to go back to school first."

"Now? But I'm not worried, you can stay at my house and go back tomorrow."

Again?

Qiqi didn't know how to answer, seeing this, Yuqi Mu flicked her forehead and asked, "Why aren't you talking?"

Qiqi touched her forehead and said, "I don't want to bother you. I can go back to school."

"Well, don't be polite, you can just sleep in the guestroom, or do you think I will do something to you?"

Qiqi sighed in her heart and muttered, "I'm afraid of myself."

"What did you say?"

After realizing what she had said, Qiqi quickly stopped and felt regret. How could she be that stupid?

Qiqi closed her eyes and shook her head in a weak manner, "Nothing."

"Then do as I said, have more rest and go back to school tomorrow."

After saying this, Yuqi Mu left the ward and went to paid the fee.

However, Qiqi was still lying in the bed, she really wanted to hide somewhere.

.....

Although she didn't want to stay with Yuqi Mu, she felt pleased when lying on the soft bed.

The bed was really comfortable. After living outside with Anna for a while, she had gotten used to such soft bed.

But since Anna got married, she had to come back to the dorm, the small bed made her really uncomfortable.

It was great to enjoy such a large bed when she was sick.

Qiqi had forgotten about her worries and smiled happily.

Knock.

The knock of the door suddenly shocked Anna, then she acted seriously.

"Qiqi, are you still awake?"

Then Qiqi answered, "Yes."

Hearing this, Yuqi Mu walked in.

"Since you haven't slept, eat some hot porridge first." Yuqi Mu brought the porridge to Qiqi under her gaze. "You have to eat something light first."

Looking at the bowl of porridge, Qiqi asked, "Did you make this?"

"Yes."

"So, you know how to cook!"

Qiqi's tone and expression made Yuqi Mu smiled and asked, "Do you think I'm useless?"

Qiqi hurriedly waved her hand and said, "I didn't mean that, but you are a smart man, I don't expect you to do this for me."

However, Yuqi Mu caressed Qiqi's head and said, "Well, eat the porridge and have a good rest."

"I know."

Just as she was eating, the phone rang. It was from Chuxue.

Qiqi thought it was weird at first, but suddenly she realized that it was her working time now!

Chuxue must be very anxious for she didn't tell her.

So, she quickly answered and said carefully, "Chuxue, I may ask for leave today."

"What's going on?"

"I"

"Qiqi, I put it here, remember to eat them all."

"I know."

Qiqi nodded dumbly, then was about to explain to Chuxue.

However, Chuxue said first, "Is that Yuqi Mu?"

"Yes."

Chuxue frowned and asked, "Why does he there? Why do you stay with him?"

"Well, we went for dinner tonight, however, I felt sick and was sent to hospital, so Mr. Mu asked me to stay here and have a rest. I'll go back to school tomorrow."

"Then you listened to him?"

"Yes."

Hearing this, Chuxue was speechless. She was worried, compared with the illness, Yuqi Mu was more dangerous.

But she'd better talk to Yuqi Mu.

After taking a deep breath, Chuxue said, "Since you're sick, have a rest and come when you're well."

"Fine."

After hanging up the phone, Chuxue immediately called Yuqi Mu.

Seeing the call, Yuqi Mu smiled.

"Hello?"

“Yuqi Mu, you promised me not to lure Qiqi!”

“I do nothing! I’m just taking care of her. Since she gets sick, how can I leave her alone?”

“Don’t pretend to be a good man in front of me, I know you well, keep distance from her, she is innocent, don’t take her as your goal.”

“Chuxue, do you think that only coquettes can match me? Can’t I find a innocent girl?”

Such serious question made Chuxue a bit stunned.

Before Chuxue answered him, Yuqi Mu smiled bitterly and said, “You are right, I’m just a playboy. Don’t worry, I will do nothing to her, I will send her back to school tomorrow.”

Chuxue frowned slightly and asked, “Are you all right?”

“I’m fine, I’m long used to being misunderstood by you.”

“You act strange today, are you irritated by something? Is there anything wrong about your company?”

“I’m find, I just want to talk to you, I’ll hang up now.” After saying this, he hung up the phone, which made Chuxue a bit stunned.

Could it be that she acted indifferent just now?

Just as she was doubting herself, she suddenly looked up at the calendar and then narrowed her eyes.

“Yuqi Mu, you are really a rascal!”

It turned out that at the beginning of every month, Yuqi Mu would fool others.

Of course, what he said just now were lies. Fortunately, she was alert, or she would be cheated as well. Chuxue was very furious.

The other side.

Yuqi Mu was staring at outside with his arms put on the window frame.

.....

The next day, Qiqi felt better.

But her face was still a bit pale and her appetite was not very good. She looked a bit weak.

Yuqi Mu drove Qiqi back and urged her to take the medicine properly.

Qiqi nodded and waved her hands, "It's too late, I have to go to class. Thank you for what happened yesterday."

Yuqi Mu smiled faintly and said, "Don't be polite, just have your classes now."

Qiqi smiled and then walked to school.

Chapter 513 The Rumors

Until Qiqi was out of reach, Yuqi Mu drove away.

But as soon as he left, a man came out from the darkness, with a grim look.

She was almost late, so Qiqi began to trot.

However, this made her stomach hurt, very uncomfortable.

But just when Qiqi was about to go up the stairs with the pain, a man came out halfway.

Stopping Qiqi, the man with glasses stared at her, and he looked extremely angry.

Qiqi frowned and said impatiently, "get out of my way."

But the man just ignored her. Then he questioned, "who did you go out with yesterday?"

"It's none of your business."

"You're my girlfriend. So, it's my business."

Qiqi laughed and said, "are you crazy? Who's your girlfriend? Hurry up and get out of the way. I'm late."

Saying that, she was about to run past the man with glasses.

But the man dragged Qiqi back, which was so rude that it hurt Qiqi.

"Now you're afraid of being late? Then why did you come back last night? Tell me, where did you go and who were you with?"

Qiqi shook off the man, frowning, and said, "let me tell you, this has nothing to do with you. Don't tell me what to do or not to do."

This guy was really annoying. He was insane.

Qiqi was full of impatience and did not want to waste any time on him.

But the man wouldn't give up. He stared at Qiqi with a fierce look and asked, "tell me, were you with the man who just sent you back?"

Qiqi was annoyed by his question and said provocatively, "so what?"

Her words made the man lose his last hope.

The man snorted and said, "the president told me that you are a fickle woman. At first, I didn't believe it, but now it seems that I am the only one who completely believes you like a fool! Qiqi, I've been so good to you, so how can you go out with others? And you stayed out all night."

"What are you thinking about? We're just friends. And we haven't slept with each other."

"Humph, how can you two be friends? He's a man and you're a woman. What a shame. You degenerate scum."

The man's words offended Qiqi. With her fist clenching, she looked at him with hatred, threatening, "bastard, if you keep talking nonsense, I'll kick your a.ss."

"How dare you say this? I've gave you a chance and thought you would change, but I didn't expect you to be so b!tchy. You hooked up with someone else's husband. Don't you think you ruin their marriage?"

The more the glasses man said, the angrier he got, thinking he had misjudged her. He always thought Qiqi was innocent and cute. At this moment, he only felt she was hypocritical. Her every movement and look were to s.educe men.

And Qiqi was confused by his words. "What are you talking about? Ruin the marriage?"

Seeing that Qiqi was still denying, the man yelled, "I know everything. Isn't that man Anna's husband? You're Anna's good friend, but how dare you s.educe her man? I'm really shamed of myself to be interest in you."

It turned out that he thought Yuqi was Yulin.

Qiqi felt both angry and amused, saying, "I think you've misunderstood."

The man thought Qiqi was laughing at himself, so he widened his eyes and rebuked, "b!tch, what are you talking about?"

"He is not Yulin, but Yulin's younger brother, Yuqi. The two looks alike, but not they can still be distinguished. How can you not figure it out? Besides, Yulin is now on his honeymoon with Anna. Do you think there is any possibility that he can come back and sleep with me?"

The angry man could no longer listen to any explanation, so he said, "nonsense. I won't believe your words anymore!"

Qiqi stopped saying more. She really didn't care what he was thinking. It's none of her business.

But now, the class was about to start, and Qiqi didn't want to be late for any reason, so she frowned and asked, "I don't need you to believe me. Now get out of the way! If you don't fvck off, I'm going to call the security."

The man stared at Qiqi with a cold and murderous look and threatened, "Qiqi, I won't let this go. You'll pay for it. I don't allow anyone to deceive me."

After saying that, the man turned around and left, while Qiqi was puzzled. Gosh, what a bad day.

This man was completely insane. He was abnormal and maybe he should go to see a doctor instead of staying here.

Qiqi rolled her eyes and then ran to the classroom.

Luckily, Qiqi was not late.

However, from the moment Qiqi walked into the classroom, she felt that everyone was staring at her with strange looks.

When she passed by the president, the president gave her a snort. It seemed that Qiqi had make her feel sick.

What's wrong with them? It's only been one night, so why did they all change their attitude towards her...

Qiqi sat down and took out the text book, but the president began to talk.

"Hey, don't get so close to her. She's got some severe disease."

When the girl next to Qiqi heard this, she got up and went away.

Qiqi thought she was talking about her enteritis, so she looked up and frowned, saying to the president, "Do you have any common sense? It's not contagious."

Seeing Qiqi admitted this, the president raised her voice, "well, I don't expect you'll admit this. Why do we have a woman like you, who is so b!tchy, in our class? The honor that our class has built up is all ruined by you easily."

What's going on this morning? Why was everyone saying something weird?

Qiqi frowned and said, "I just have enteritis, so how can you say b!tchy?"

"Hmph, nonsense. Are you sure it's only enteritis?"

"You..."

"The teacher is coming."

The quarrel which was about to start was stopped by the teacher's showing up. But the two stared at each other, wanting the truth to come out.

When Qiqi sat down, the students around her immediately scattered as if she was a smelly trash.

Qiqi was a little depressed, although she did not know what was going on. One thing Qiqi was sure—she was isolated.

When the class was over, students left the classroom, leaving Qiqi alone.

When ran into some girls she knew, Qiqi quickly walked over and stopped them.

"Let's go for a cup of coffee later, my treat?"

The girls stopped smiling and their look made Qiqi know they were reluctant to be stopped by her.

"No, thanks. Didn't you think that we are too fat? We're on a diet now."

Saying that, they were going to leave.

It was just a joke and they all knew it was a joke. But now, they used such a silly excuse, so it could be seen that they were trying to draw a line with her.

Qiqi frowned and stopped them again, asking directly, "what's wrong with you all? Why don't you want to talk to me?"

"That's because we were cheated by you. We thought you were simple and honest, so we were willing to make friends with you. But now, we know you and we don't want to be friends with someone like you."

Again, she was smeared. No matter how good-tempered she was, Qiqi was about to lose control.

"Me? What have I done? Tell me!"

"This is what you want to hear, so don't blame us." A woman raised her jaw and said, "you already have a boyfriend, but you are still having an affair with a rich man. Besides, you're his mistress. And the marriage you ruin is your friend's marriage."

"One of the things is enough to make people disgusted of you. Tell us, how can we still treat you as a friend? In the future, don't greet us or ask us out. We don't want others to misunderstand us. We're not the same."

What she was saying made Qiqi tremble in anger.

Indeed, such a woman was really annoying, even Qiqi hated such bltches.

But she didn't do this. She was not having an affair...All these had nothing to do with her.

Qiqi stared at the girls and asked, "who told you all this?"

"Everyone is talking about you."

"You believe this? Don't you know rumors can k!!! one?"

"If it was not true, who would be so boring to make up these and create rumors about you?"

"Yes. Many people saw you and Yulin go to the lib.rary together that day, so close to each other."

Qiqi was so mad that she grabbed her hair and said, "again, it's not Yulin, but Yuqi."

Unfortunately, her explanation was of no use. It seemed that girls didn't care what the truth was, as long as there was a target to be attacked, so that they could gossip.

Just as now, there was an evidence to make Qiqi innocent, but they turned a blind eye to it and even denied it.

"We don't know them, so how can we know it's true or not."

“Indeed. Even if this is a lie, we don’t know.”

“Or, you deliberately let the two brothers swap their identities to cover up the truth.”

The girls amused themselves as they wanted, while Qiqi was getting desperate.

She looked down, muttering, “if you don’t know, just ask me. How can you assume a person is guilty because of that? It’s ridiculous.”

“We don’t have time to do that. Anyway, keeping distance from you is the best choice for us all.”

“You...”

Qiqi was about to say something else, but they had already left, as if they were avoiding the plague.

Looking at their backs, Qiqi suddenly felt sad.

At that time, Anna also faced many rumors and gossips.

But at that time, Qiqi was with Anna and she could comfort and support her.

But now, she had to face all this alone.

It’s indeed awful to be misunderstood by others...

Qiqi took a deep breath and kept walking with her head down.

In fact, Qiqi was not feeling well, and she felt worse for being isolated by her classmates, so she did not want to work at the dessert place in the afternoon.

But when she thought that she had already taken a day off yesterday, Qiqi was too embarrassed to ask Chuxue again, so she had to go to work.

When she came to the dessert place, Qiqi saw Chuxue studying something on the computer, so she greeted her.

“Chuxue, hi. How are you?”

Seeing Qiqi, Chuxue immediately stood up and walked to her, seizing her up.

“Good. Qiqi, are you feeling better?”

Although Qiqi was sick, Chuxue was too much, as if Qiqi had a severe disease.

Why the people she saw today were so strange?

Qiqi forced a smile and said, "well, better. Thanks."

"But you don't look good."

Of course she didn't look good. How could she still pretend as if nothing had happened?

"It's just my classmates..."

Qiqi originally wanted to tell Chuxue all this, but she knew nothing would change after Chuxue knew this. This would make her worry.

So, Qiqi changed the subject. She smiled, shook her head, "nothing."

Seeing Qiqi was ready to tell something, Chuxue realized that something had happened to her.

But if Chuxue wanted to know more about it, she needed to ask instead of waiting for her to tell.

But no matter what it was, it must be about Yuqi.

Looking at Qiqi, Chuxue cursed Yuqi inside. She needed to teach him a lesson when she saw him later.

Qiqi was kind, confident and innocent, but Yuqi made her get so depressed. This was something that Chuxue didn't want to see.

In order not to let Qiqi trust Yuqi again, Chuxue was ready to have a good talk with Qiqi.

Holding Qiqi's hand, Ye Chuxue told Qiqi not to rush to work first.

The two of them sat near the window, and Chuxue just got to the point.

"Qiqi, do you still remember that I told you to keep distance from Yuqi?"

If it was before, Qiqi would not think there was anything wrong with this.

But after all this, she was keen to her such words.

Pursing her lips, she asked instead of answering, "do you think I should do so?"

Before thinking about it, she nodded and said, "yes."

"Just to avoid the rumors?"

“But also, to protect you.”

“Protect me?”

This made Qiqi a little confused.

“Yes, Yuqi is a very charming man and girls can easily be attracted by him. Perhaps before he knows it, he has already made others fall for him and they cannot stop themselves.”

“Let’s say, he is a love master. Or, we say, he loves everyone. But what about you? You’re young and innocent. So, with him, it’s easy to be attracted and then be unable to take yourself out.”

“He’s not that into you, so don’t let yourself sacrifice too much for him. you’ll hurt and get nothing else.”

Chuxue’s words made Qiqi fall silent for an instant. She then nodded and said, “I know what I should do.”

Looking at Qiqi’s pale face, Chuxue felt that she was a bit cruel.

But she must tell her the truth. If Qiqi took the wrong path and chose the wrong person, she would suffer more in the future.

“Qiqi, it’s for your own good. I know Yuqi better than you do, and I have seen many girls got hurt, so that’s why I don’t want you to have a same ending like them.”

Chapter 514 Why Not Listen to Me?

Qiqi forced a smile and said, “don’t worry, I know it’s for my good.”

Although she said so, Qiqi looked not good.

Chuxue Ye did not know that Qiqi was suffering emotional abuse at school, so she thought she was so direct that she made Qiqi uncomfortable. Therefore, she tried to be careful as much as possible, hoping not to make Qiqi feel embarrassed.

“Qiqi, well, I’m not forcing you to make a choice. I just want you to be better.”

“I know, and I appreciate you tell me the truth. Sometimes, I’m too optimistic, and it’s easy to lose.”

“Qiqi...”

Chuxue told her all the things and she didn't blame her, but why did Chuxue still feel uneasy?

Unlike Chuxue, Qiqi looked much more relaxed.

“Then, I'll work first.”

“Well, good.”

Qiqi turned around and went to the counter, while Chuxue couldn't help but sigh.

It seemed like she still made things worse.

When no one was there, Qiqi washed the plates with a sad look mechanically.

Her pain not just came from her physical discomfort, but also mental boredom.

Obviously, she didn't do anything, and there was nothing between her and Yuqi, so why did she seem to have made a huge mistake that every one was accusing her?

This kind of feeling was really terrible.

When she thought of this, her eyes began to tear up.

But before she could comfort herself, her phone rang.

Qiqi blinked, looking down, and then froze.

It was a text message from Yuqi.

Yuqi originally wanted to call Qiqi, but he thought the call would disturb her, so he sent a message.

Qiqi stared at the screen for a long time, but she didn't read it. In the end, she directly deleted it.

She thought that he would give up, but half an hour later, Yuqi called her.

Since Qiqi didn't reply him, Yuqi thought she would choose to eat too much and hurt herself, so he called her.

Qiqi struggled for a long time, but she still answered the phone.

“Hello, Mr. Mu.”

Hearing Qiqi's calm voice, Yuqi sighed in relief.

At this moment, Yuqi did not realize that he would be so into a girl. He only felt that caring for Qiqi was just a little thing, for she was Anna's friend.

Relaxing down, Yuqi's voice also sounded uplifted.

"Are you okay? Why didn't you reply my message?"

Looking at the empty dessert place, Qiqi said something not true, "ah, I'm too busy with work, so I didn't notice it."

"Work? You're not going to work, are you?"

"Well, yes."

"Silly girl, you've just recovered and you need to rest. Don't make yourself too tired."

Qiqi looked down and murmured, "no, not at all. It's not tiring."

"But you don't have the time to reply me."

Well...

Qiqi trapped herself and she didn't know Yuqi was so sly.

Fortunately, Yuqi didn't suspect Qiqi, for he just thought she was too shy, so he said, "do you feel it's not proper to talk to Chuxue about this? Then how about this? I will help you take a few days off, so that you can rest for a few more days."

"No, no, thanks. I'm fine now."

"I don't think you are fine. Qiqi, this is just a part-time job, so you don't need to work so hard. Chuxue will understand you. Tell her your situation and she will give you some rest."

The more Yuqi said, the more serious he became, as if he really wanted to ask Chuxue for leave, which made Qiqi a little anxious.

Chuxue, however, had stated that she didn't love to see the two being together and if he asked Chuxue for leave for her, Chuxue would definitely think that Qiqi was going against her and didn't take her advice.

Her relationships with others at school were already a mess, and Qiqi didn't want to ruin her relationship with Chuxue, so she needed to stop Yuqi from getting involved in this.

But before Qiqi could say anything, Yuqi said, "I'll come to you when I'm done."

Qiqi's pupils shrank, as if it was horrible news.

"No, no. Just do your work. Don't come to me."

Qiqi's tone showed her anxiety, making Yuqi knew something was happening.

"What's going on? You're strange today."

"Nothing...nothing."

"Good, then. Well, after the meeting, I'll go the dessert place."

"Don't..."

Before Qiqi could finish her words, Yuqi hung up the phone.

Holding the phone, Qiqi really did not know what to do.

Bending over the table, she was in a mess. She couldn't think of any better solutions. Maybe no one could save her.

Qiqi's strange behavior attracted Chuxue's attention.

"Qiqi, what's going on?"

Originally, Qiqi still wanted to say something to make things look better.

But now she was nervous, even say cranky, so she said directly, "what should I do? Mr. Mu is coming."

Squinting, Chuxue said with a sullen face, "don't worry. I'm here with you. Well, later you can leave earlier."

"OK."

Looking at Chuxue's reaction, Qiqi worried about her, feeling there was going to be a war.

Then some guests came. And Chuxue planned to leave after they left.

However, to her surprise, when she was leaving, she bumped into Yuqi at the door.

Damn it. Gosh!

Qiqi looked up at Yuqi, trying to hold back her tears.

“Nice to see you, Mr. Mu.”

Finding there was some sadness, frustration and anger on her face, Yuqi suddenly laughed out. He patted her forehead and asked, “what do you look at me in this way? Have I offended you?”

Qiqi didn't want to be too intimate with Yuqi, so she took a step back and kept the distance between them. She looked down and said, “no, I just didn't expect you to come here so early.”

“The meeting ended earlier, so I came over earlier. You are off work, aren't you? I haven't eaten yet, so let's go and eat something.”

“Qiqi is not off work. I asked her to buy something that my place desperately needs.”

Just when Yuqi was about to take Qiqi away, Chuxue showed up.

She had been standing there, keeping a close eye on Yuqi's every move.

As expected, he was still the man he used to be, and when he met Qiqi, he wanted to do something to her.

The naïve girl couldn't resist his such movements. He surely didn't listen to her. Yuck!

Seeing Chuxue's fierce look, Yuqi felt that he might be in trouble, so he was ready to slip away, “then I'll go with her. I can help her.”

Grabbing Yuqi's clothes, Chuxue was preventing him from slipping away, “do something for me. There is a bulb out, change a new one for me.”

Looking back, Yuqi found Chuxue was staring at him, who was not friendly at all.

Yuqi trembled and pursed his lips.

As soon as he looked away, Chuxue wore a nice smile and said to Qiqi, “Qiqi, go then. And you don't have to send it back. Just bring it here when you come to work tomorrow.”

“Well, I see.”

Seeing Chuxue needed to talk to Yuqi, Qiqi immediately left.

Without Qiqi here, Yuqi just got to the point. Sitting on the sofa, he said, "Chuxue, you do this on purpose, don't you?"

Chuxue just admitted it, "yes, you're right."

"You're not angry about that phone call, are you? You don't know that I just like to joke around."

"Joke? Yuqi, you're really good at excusing yourself. You never keep your word. Yuqi, I told you to stay away from Qiqi, but you didn't do as I said. You and Qiqi are different and your treating her like this is hurting her."

Yuqi, however, was unhappy to hear this.

"Qiqi and Anna are classmates. Anna can marry Yulin, but why can't Qiqi have anything to do with me?"

"That's different. Yulin and Anna are genuinely in love. You? You just think Qiqi is cute and interesting, so you see her as a pet. You two will not have a good ending."

Yuqi wanted to explain that he didn't treat Qiqi as a pet and he just felt relaxed when he was with her.

But no matter how he explained, Chuxue wouldn't believe anything.

Yuqi did not want to embarrass himself, so he tilted his head and asked, "you are sure that I will not fall for Qiqi, right?"

"I'm not sure. But one thing I am sure is that you will only bring trouble to her."

Shrugging, Yuqi looked down and said, "okay, I see."

Yuqi's reaction made Chuxue speechless.

"What? What kind of reaction is that? As if I'm bullying you."

Yuqi lowered his voice, "isn't it? We have known each other for at least twenty years, but I never thought you would see me in this way. I am a man and I will love someone. She is the one that I want to cherish..."

"Okay, okay, don't be icky." Before Yuqi could finish, Chuxue interrupted him with a look full of disgust, "I've already been cheated once and I won't be fooled by you again. Yuqi, I won't pity you."

"You, you're really insane. I'm going to talk to Zhao Nangong sometime, and ask him what he has done to make you change so much. You've changed a lot; do you know that?"

"Please go. We're good. You made me act so weird. I don't want to see you anymore."

"Really? Well, I'm afraid I will come here more often. You want more people to come here, right?"

Then Yuqi turned around and left the dessert place, while Chuxue yelled at his back, "remember, stop seeing Qiqi."

With his back to Chuxue, he raised his hand and waved, making an OK gesture.

Looking at Yuqi's back, Chuxue frowned.

Why was he a bit abnormal?

Everything today was very abnormal.

...

Qiqi originally thought that the rumors would eventually stop and people who knew her would come back to her and still be her friends.

Unfortunately, Qiqi was too optimistic. So far, even people from other departments started to talk about this. What's more, there was some harsh comments on the online forum.

She knew who did this on the forum.

Qiqi was about to collapse, so she asked the man with glasses to stop all this and tell others the truth.

But before Qiqi and the man with glasses could get to the point, the president came over and stuck to the man, looking at Qiqi with a provocative look.

The man was suffering from "love" during this period of time, and the president had been accompanying him. She said a lot of horrible things about Qiqi behind her back, while comforting him, showing her care and love.

The man originally hated flighty women like Qiqi. Accompanied by the president, he would naturally compare the two and the thoughtful and sweet president attracted him. Two like them got no better choices, so gradually, they fell in love with each other. What a match.

Holding the man's arm, she pretended to be obedient, but her tone was not friendly, "you've already broken up, so stop pestering my boyfriend."

Qiqi was speechless.

"He and I have never been together. Since you're together, just be nice. Stop smearing me, okay?"

The president raised his eyebrows and said, "you did it and it's not smearing. I'm surprised that you haven't realized your fault until now. Don't you know what you've done?"

Qiqi was annoyed by her words. She snorted and said, "what? Are you accusing me? He is completely a trash, but you like it. Be nice to him. I haven't done the things you are talking about and one day, the truth will come out. But two of you have done so many sh!tty things. Then, be good forever, I sincerely wish. Asshole and b!tch."

After saying that, Qiqi turned around and left.

The president was pissed off. Looking at her back, she shouted, "how dare this b!tch say that about us? I need her apology."

The president went to chase Qiqi, but she was stopped by the man.

Turning to look at the man, the president was dissatisfied, "why stop me? You still love her?"

The man sneered and said, "no, of course not. I am innocent, but Qiqi ruined me, so I needed to let her pay for it. However, I don't want you to do this. Let me."

It turned out that the man was feeling sorry for himself.

The president became gentle and quiet again. Leaning on the man's shoulder, she was happy to see that he was protecting him.

Although the man's voice was gentle and soft, but he looked fierce and cold.

Not having a good conversation with the man, Qiqi was in a bad mood. She chose to go out for a walk to calm herself down.

Now Qiqi got mad, for when she saw a place with many people, she thought they were talking about herself.

If this continued, she might have some psychological problems. So, Qiqi decided to go to the park to cheer herself up. The life still went on.

Chapter 515 Being Pushed Away

Sitting by the park pond, Qiqi was on a bench. Watching the swans inside swimming freely, she suddenly was very envious of their simple life.

Her life was so tiring...

Qiqi was shocked by her such thought...

Shaking her head, she said to herself, "it's not a big deal. And everything will be fine. Didn't Anna also go through the same attack? Now she is fine. So, I will be fine too and I'm sure it will get better and better."

The more Qiqi said, the redder her eyes became, and in the end, she whimpered.

Anna was happy because she had Yulin, but what about herself? Where was her happiness?

She had to fight against all the gossip alone. It's hard to have someone who wanted to help her, but everyone around her wanted her to stay away from that man.

Perhaps it was her fate to end up alone.

Raising her hand to wipe the tears, Qiqi found that recently she cried a lot. But she used to be strong.

No, no, she couldn't be like this. She needed to pull herself together.

Qiqi suddenly stood up, scaring the swans in the pond.

Clenching her fist, Qiqi took a deep breath and cheered herself up, "Qiqi, you are the best. You will become the agent of the most popular stars in the future, so why do you need to hurt yourself for the b!tch and a.ssh0le? Fvck them."

Qiqi used all her strength to shout out the last sentence.

Although she was too loud, she felt much better. At least she didn't feel heavy while breathing.

Stretching, Qiqi decided to eat something delicious to treat yourself.

After several days of eating tasteless things, Qiqi was getting mad. So, she decided to eat some Sichuan food later.

With this in mind, Qiqi went to the Sichuan restaurant she often went to, and ate a lot.

Sure enough, she would feel better when she ate well.

She was wondering her depression had something to do with this. If she didn't eat well, she would have no energy.

Well, it must be the reason.

Touching her full belly, she decided to go buy some snacks. When she was in a bad mood, she used food to give herself energy.

When Qiqi went back to school, it was already dark.

After a small path was the back gate of the campus, which was close to her dormitory, though it was remote.

The recent situation was not good, so Qiqi didn't want to wander around. It's better to go back to the dormitory earlier.

Carrying two bags of snacks, Qiqi looked up and saw several people standing at the end of the path, with no good intentions.

Frowning, she knew it was dangerous if she kept going, so she turned around.

But behind her, there were people with crazy smiles blocking Qiqi, approaching her.

Qiqi was very nervous and questioned with trembled voice, "what do you want?"

"I heard that you cheat on someone, so we are here to teach you a lesson, so that you will know what you should do."

"Nonsense, I did not do those things. Go away, or I will scream."

Qiqi was nervous, while loudly scolding.

Though this path was remote, sometimes people would pass by.

But people who passed by saw this, they all ignored it, for they didn't want to run any risk.

Even if there were warm-hearted people wanting to help, they would stop and sneer when they found it was Qiqi, leaving Qiqi there. It's her fate and she had to pay for it.

She was a mistress and she hooked up with her best friend's husband. Every one knew this would condemn her.

Seeing people getting less and less, Qiqi lost her last hope.

When those people found Qiqi was lost, they showed a disdainful look, saying, “you’re really good at acting. Do you know this? If we haven’t heard about you, we would have been fooled by you.”

They slowly approached Qiqi and she looked at them warily. Back to the wall, she asked, “what do you want?”

“I told you that I need to teach you a lesson.”

The grin on their face was hideous, frightening Qiqi.

But she didn’t want to show her fear and shouted in a loud voice, “don’t come over. I’ll scream.”

“Do it. Do you think you will be helped? You fvcking b!tch.”

Looking at the empty places on both sides, Qiqi looked down and said, “I will call the police if no one helps me.”

Then Qiqi was about to take out her phone.

When they saw Qiqi wanted to call the police, they came up to grab her phone, but Qiqi shunned. And they began to shove.

During this, Qiqi’s snacks scattered on the ground and some of them were stepped on. It was her favorite!

Looking at her carefully selected delicious food was trampled on, Qiqi got angry.

“Bastards, stop bullying me.”

But they were not intimidated by Qiqi’s anger. They even reached out to push Qiqi, teasing, “we want to bully you. What can you do?”

Indeed, what else could she do? She was alone and they were all men.

Just when Qiqi was thinking about how to escape, a man had some bad ideas when he noticed her beautiful face.

“Since you like to s.educe men so much, come and s.educe us. Let’s see how good you are at this.”

The man then reached out to touch Qiqi' s face.

Qiqi slapped it away in disgust and said, "don't touch me!"

"Now you're pretending to be chaste? When you were with the married man, you didn't push him away, right?"

The nasty words humiliated Qiqi, so she immediately rebuked.

"You seem to know more about men than me. What are you hesitating?"

The man froze and then realized what she was saying. At that moment, he was pissed off. He didn't allow a b!tch to humiliate him like this.

"Bitch, shut up. I'll make you suffer."

The man reached out to rip off Qiqi' s jacket and lowered his head to k!ss her.

Qiqi fought hard, trying to dodge him and bite his ear when the man was not looking.

As for the rest of people, they were watching, arms around their c.hests.

"Ah!"

Suddenly, the man screamed miserably, covering his ears and backing away.

There was bl00d flowing out from the man's fingers, and he stared at Qiqi, as if he wanted to k!ll her.

When his companions saw that he was injured, they mocked, "what a surprise. She's just a little girl and you got hurt. Don't brag to us in the future. We don't think you're undefeated as you said."

The man was extremely angry and looked at Qiqi with a terrifying look.

"Bitch, I won't let you go."

Then the man slapped her, which made Qiqi unable to see things for a moment.

Just as the man was about to do something more, someone holding a flashlight shouted from the other side of the path, "who's there?"

"The guard is coming. Let's go."

The punks immediately ran away.

Qiqi sat helplessly on the ground and her face now was like burning.

Just now, she focused on fighting and she didn't feel any pain. But now, she tasted blood. If she moved slightly, she felt painful.

The security guard walked to Qiqi. After taking a look at her, he seemed to understand something.

"Nowadays, girls really don't love themselves. You are here to study not to mess around. Don't you know your family will worry about you?"

Qiqi stood up, but she chose not to explain. Anyway, no one would believe it.

Before the guard could finish his words, Qiqi had already walked away.

Seeing Qiqi simply ignored him, the guard shook his head and said, "Hmph, you deserve no pity."

Walking in the school, as expected, Qiqi knew others were pointing an accusing finger at her.

And today, they got more to talk about.

They had all turned into righteous men who took pleasure in bashing a girl.

And Qiqi seemed to be unable to see those people. Although she was in a mess, she walked straight to the dormitory as if nothing happened.

However, someone was not happy to see her in such a good state.

The president stopped her and looked at her with a raised eyebrow and mocked, "Qiqi, what's going on? Is it possible that you have seduced someone's boyfriend again and got beaten up?"

Qiqi coldly looked at her. Although she did not say anything, her gaze frightened the president.

But there were students watching, so the president couldn't lose. Lifting her jaw, she said in a loud voice, "stop gazing at me. Am I wrong? Look at you now, you are our shame."

Looking at her with raised eyebrows, Qiqi laughed coldly and said, "you seem to know very well about what I have just gone through."

This made the president act guilty, she immediately looked away and said with folded arms, "everyone knows it since you're in such a mess."

“Well, that’s true. Nasty people think everything is nasty.”

Such mockery made the president reprimanded, “what did you say!?”

Qiqi looked at her without any fear and said coldly, “I know you hear what I’m saying. You know what you have done.”

She didn’t expect Qiqi to have the guts to stand here to argue with her, so now she was fvcking furious.

She should be condemned by everyone, and never be forgiven. But now, she stood here, arguing righteously.

The president stared at Qiqi and pointed at her, “Qiqi, are you accusing me? Look at you. How dare you?”

Compared to her excitement, Qiqi was calm, “at least, I didn’t hurt anyone, so I’m better than you. Some people seem to be decent, but in fact, they are doing nasty things.”

When Qiqi said this, she looked into her eyes, as if she was accusing something.

The president became more and more guilty. After looking around, she found everyone was there watching and gossiping.

Therefore, she could not lose. If she did, she would definitely be looked down upon in the future.

She sneered as she raised her jaw, “cut the crap. It’s obvious that you are the one who have done the wrong things. Are you declaring that you’re innocent? Do you think we are foolish enough to believe you?”

“It doesn’t matter, but you must not be believed either.”

“Nonsense!”

“Don’t you know what I’m saying? Go ask your boyfriend. He knows it. From this point, you two are a perfect match.”

Qiqi’s sarcasm made the president angry, so she rebuked, “are you jealous because I’m too happy? My boyfriend and I are very happy now. Don’t regret pushing him away.”

Seeing that the president was pretending she knew nothing, Qiqi didn’t wanted to talk to her anymore, so she was ready to leave.

But before she could take a few steps, water poured down.

Her hair stuck to her face, making Qiqi look even more terrible.

The president looked up and smiled at the one upstairs. She folded her arms and mocked, "good job. Wash the dirt before you go back to your dormitory. I don't want you to disgust others."

After this, the president and people around laughed uncontrollably.

Qiqi wiped the water on her face, then looked up and glared at the president viciously.

"Why are you looking at me in this way? What? You feel it's unfair?" She snorted and said, "someone like you should be treated like this."

"Really? Then what treatment should you deserve for ruins my life for your own amusement.?"

Qiqi's soft and calm ask made everyone present freeze, while Qiqi turned around and went back to her dorm alone.

After she got to the dorm, she took off the wet clothes. When she looked at her swollen corner of her mouth, her eyes began to tear up.

When she was taking a shower, she rubbed the skin hard that was touched by those assholes. She rubbed it so hard that it turned red.

After the shower, Qiqi went to bed, still trembling in fear.

She folded her arms and told herself, "it's going to be okay and everything is going to be fine..."

Tonight, Qiqi didn't have a good sleep, as if she was burned by fire.

When she woke up, she felt weak and limp.

Raising her hand to touch her forehead, Qiqi groaned.

She got a fever.

Taking a look at her phone, she found it was almost noon.

Without thinking, she knew her classmates would definitely not explain to the teacher for her absence.

In order not to affect her final grade, Qiqi got up with great difficulty. She changed her clothes and went to the infirmary.

After the doctor checked her, he prescribed some cold medicine and trauma medicine, and wrote a note for Qiqi.

With it, Qiqi went to her teacher to ask for leave, but on the way, she ran into the person she didn't want to see.

Looking at Qiqi's pale look, the man with glasses looked satisfied.

Qiqi looked at the man with no expression and said, "yesterday, it was you who sent someone to mess me around, right?"

"I don't know what you are talking about."

"You don't have the guts to admit it? Well, that's right. You're such a pussy. When something happens, the president will be your shield, right?"

The man despised Qiqi, but now he was humiliated by her, so he immediately widened his eyes with a fierce look and said, "say it again!"

Qiqi said unhurriedly, "you know what I'm saying. You are a coward. The president is just like you, doing some nasty things behind my back."

The man with the glasses couldn't stand Qiqi's provocative attitude and immediately said, "what can you do if I admit it? A bitch like you should be taught a lesson, otherwise you'll still be a slut and a menace."

Chapter 516 Someone to Kill Time With

Qiqi blinked her eyes and tried to hold her temper. She said impatiently, "Let me tell you again. I've never promised to be your girlfriend. It's only your wishful thinking. And besides that, it's my freedom what friends I make. It has nothing to do with you. And last, I will sue you if you keep making up stories about me and put shame on my name," Qiqi turned her head away and show a scornful smile, adding, "I don't know what you will end up to be, but you need to stop bothering me. Do not harass me. Or I'll have your ass kicked!"

Qiqi's threat made the guy wearing glasses laugh. He said, "Where do you get the balls to brag?"

Qiqi took her phone out of her purse and flipped it over in her hands. She said, "Woops! I accidentally hit the record button and of the phone and it has recorded everything you said. If I show this to the public, what will happen to you? Which school will want such a student as you?"

The guy wearing glasses did not expect Qiqi to be so smart like this. He was trembling because of anger and did not know what to say.

Then Qiqi started to “comfort” him, “Don’t get angry! I am the unlucky one, okay? If you can let go of me, I can go easy on you. But if you keep being stubborn, I won’t hesitate to show everyone what a student with good merits has done! I am sure they’ll be surprised!”

“I dare you!”

“If you don’t let go, I would like to take a chance. You have brought me hard time, so I would like to let you know what it feels like.”

Qiqi looked so serious, as if she really would show the record to the public.

Well, it can be nothing if no one should know this. But it would turn to a big deal if the school should know about it and give him a bad record for it.

The man wearing glasses thought he had grabbed Qiqi tightly in his hand. He did not expect Qiqi actually had a chance to fight back. When he thought about this, he became so angry and gritted his teeth.

“I have underestimated you. Do not show this to anyone. Or I will make you suffer!”

“You don’t have to worry about that. As long as you stay away from me, I will keep it a secret. Whatever you do with the monitor is none of my business, but do not spread rumors about me any more. By the way, delete the nonsense on internet and explain to everyone that you and I, from the beginning to the end, are nothing but classmates.”

The guy showed an evil look and said, “Qiqi, you are asking too much.”

Qiqi shrugged, “I just want things to go back what they were, anything wrong with that? If you don’t want to do as I said, that’s fine, I’ll just send the record to our teacher.”

Qiqi threat made the guy really grumpy. He stared at Qiqi’s phone and said, “I can delete the things on internet, but how will I know you will stop threatening me with the record?”

“You won’t. But I’m not like you. I’ve got a life to live. Anyway, that’s a deal. And, hope to never see you again.”

Then Qiqi passed by the guy and left without looking back.

The guy turned around and looked at Qiqi’s back. There’s coldness in his eyes.

"You have embarrassed me, and you think you can get away with that? I've got ways to make you suffer!"

Actually, when Qiqi was bargaining with the guy, she felt so dizzy that for several times she even could not stand still.

Fortunately, the guy was so angry that he did not notice it, otherwise he would have come to take Qiqi's phone by force.

Leaning against the wall, Qiqi took some time to rest. Then she slowly walked up the stairs and knocked at the door of the teacher's office.

"Come in!"

With the teacher's permission, Qiqi went in. She told the teacher that she's not feeling well and handed the note asking for a leave.

The teacher did not know the gossips among students. He took over the note and said smilingly, "You can ask your classmate to help bring this note to me. You are not feeling well, you don't have to come in person."

Hay! Qiqi thought about it , too. But she did not know who to trust or who would set her up.

She sighed and said to the teacher, "Thank you, teacher."

"Okay, go back and have a rest."

Qiqi turned around and was about to leave.

But the teacher called her name again.

"By the way, your school performance was excellent last term, and your grades were good, too. I have recommended you to take part in the Campaign for Excellent Youths."

Hearing this, Qiqi felt hopeful again.

Getting to be selected as an Excellent Youth will be very helpful to her on her way to getting a master's degree.

With a bright smile on her face, Qiqi became the positive girl she had used to be again!

"Yes, Mr! I'll make good preparations for it!"

“Good!”

Qiqi let the office happily.

Standing in bright and warm sunshine, Qiqi no longer cared about what others were saying about her.

“Indeed, good things will happen as long as you don’t give up,” she thought to herself.

Her smile was warm and beautiful though she still felt dizzy and weak.

...

The monitor rushed to the lib.rary and finally found the guy wearing glasses in the corner.

Sitting in front of the guy, the monitor questioned him, “Why did you delete everything on the internet?”

It was silent in the lib.rary, and the monitor’s voice sounded so harsh. The guy frowned.

He stood up and hinted the monitor to come out with him.

Standing by a small flower bed behind the lib.rary, the guy said impatiently, “Are you crazy? Why did talk so loud? You want everyone to know we did it?”

The monitor soon became an intimidated shy girl in front of this guy, regardless how arrogant and aggressive she was to others. She dared not talk back at all.

“I...I am sorry. Please don’t get mad.”

The monitor grabbed the guy’s sleeve and said poorly.

The guy pushed his glasses upwards and said, “Be careful next time.”

“Yes!” seeing the guy did not get angry, she monitor smiled happily, “but why did you delete them? You forgave Qiqi, didn’t you?”

Actually this was what concerned the monitor. She tried hard to be with the guy, so she couldn’t afford to lose him to Qiqi again.

The guy hummed, “I’ll never forgive her for the things she has done to humiliate me!”

Hearing his words, the monitor sighed in relief.

But she couldn't figure out why he deleted them all, as she still had a lot to write, to finally force Qiqi to leave the school.

She looked at the guy in confusion. The guy frowned, "I was forced to delete them. Qiqi is a smart a.ss. She led me to say the words I shouldn't have said and she secretly recorded everything. She threatened to expose the record to the public if I don't follow her orders. As much as I hate her, my reputation matters more. I can risk my future."

The monitor clenched her fists tightly and said angrily, "What an evil snake! I can't let her get away with it!"

"Me, neither!"

Then the monitor rolled her eyes and showed an evil smile.

"Leave it to me. I'll make her suffer!"

"You've got a good idea?"

She nodded, "Yes, she'll s.uck big time!"

"It's your decision and you will do it. I have nothing to do with it!"

"Don't worry. You will not be affected. She won't even know it's me. There are so many people who hate Qiqi."

Hearing this, the guy nodded and held her hands, "lucky that I chose you. You've helped me a lot!"

With the guy gazing at her with love, the monitor's bones almost melted by his gentleness.

She would do anything she could for him!

At this moment, Qiqi was working Chuxue Ye's dessert shop. She had no idea that someone was going to set her up.

Looking at Qiqi's tiny face, Chuxue said with pity, "Qiqi, why don't you rest for two days? I will still pay you. Take a good rest!"

Qiqi was surprised, "Did I do something wrong?"

"No, you are too tired these days. Look at your face, it has become so much thinner!"

Qiqi smiled, "Oh it's fine! No pain, no gain! I am enjoying it!"

Pale as Qiqi looked, her smile was beautiful and it made Chuxue less worried.

Chuxue smiled too and said, "You are the most positive girl I have ever seen!"

"Laugh often and good fortune will come! I am experienced in this!"

"I agree with you," Chuxue held Qiqi by the wrist and said, "Come, taste the pizza I cooked."

Qiqi licked her lips and said, "It looks tasty!"

Chuxue handed a piece of pizza to Qiqi and said, "Eat more and get strong! Anna will blame me for starving you!"

Speaking of Anna, Qiqi frowned and said, "Anna has been on a vacation for almost a month already. And she doesn't seem to want to come back."

"They will spend more days there I guess. Think about it, Yulin Xiao doesn't have to work, so they can enjoy their vacation without any worries."

Qiqi could imagine how happy Anna was. She said, "She must be happy these days!"

"That's true. No one is urging them to come back. They can just take their time."

Speaking of Yuqin, Qiqi couldn't help thinking Yuqi Mu.

Muqi never came back to her after that day, like they had never known each other.

It's good that they could be able to live their own lives. But somehow, Qiqi felt empty in her heart.

Seeing Qiqi was absent-minded without taking a bite of the pizza in her hand, Chuxue urged her, "Eat it! It'll get cold!"

"Oh, okay!"

Qiqi recovered herself and took a bit.

But the pizza no longer tasted good. It was great a while ago! It was as tasteless as candles!

While Qiqi was chewing, the customers on the table exclaimed.

"Look! Who's that on TV! He's so charming!"

There's a TV screen in the dessert store for the customers to watch news or entertainment shows.

At the moment it was a piece of financial news.

Qiqi heard them and looked up.

Then she got stunned.

It was Yuqi on TV.

He's wearing a set of high-class custom suit, sitting in front of the hostess and giving his opinion about some topic.

He was so charming. He's such a successful businessman.

There seemed to be a huge gap between him and Qiqi. Qiqi felt she suddenly didn't know this man well.

The Yuqi she knew, was someone who would put on pajamas and cook for her, someone who she could eat hotpot with and someone who would carry her to the hospital when she's sick...

Thinking of these, Qiqi lowered her head and started to feel upset.

Since when had she started to remember everything Yuqi did for her? She wanted to forget about them but she just couldn't.

Qiqi sat there stupidly as if she had lost her soul. Her reason told her not to listen to anything about Yuqi, so that everything would fade away; so that she could be saved.

But she just couldn't help it. Though there was no actual meaning in the gossips.

The girls kept talking about Yuqi, not knowing at all that the man they admired actually showed up a lot in here.

"Don't you know who he is? He's the young master of the Mu's Group. He's Yuqi Mu!"

"He is Yuqi Mu! He's so handsome! He looks more attractive than a star!"

"Not only so, he's rich! He has no girlfriend! Anyone who is lucky enough to marry him will be the young Mrs of the Mu's Group!"

"Wow! Just like in TV! I really want to meet him!"

"Come on! He likes actresses! His ex-girlfriends were all the se.xy type. They were either classy or se.xy. You are the innocent type. He won't be interested."

"Hey! Don't say this! What if he suddenly changes his idea and fall for a girl of my type!"

"He will only play with you. You will never be the one."

"Oh it's not nice of you to say that!"

Qiqi heard every word they said and then she clenched her hands.

"To Yuqi, I am nothing but someone he k!lls time with. I will never be able to gain his heart!" Qiqi thought.

She comforted herself. But she still felt upset. It felt like something was torn off from her heart and it kept bleeding.

"Huh? Why is the TV off?"

Qiqi was buried in her thoughts when suddenly she heard the girls exclaim.

She looked up and saw Chuxue standing in front her, smiling. Chuxue said, "Sorry, there's a problem with the cable. Ah, Qiqi, go get water for our guests!"

Chapter 517 Being Humiliated in Public

Qiqi hurriedly stood up and said, "Oh, okay."

Then she walked to the counter to get lemon water for the guests.

Chuxue Ye walked to her and said, "Don't listen to them gossip. Don't think too much."

Qiqi suddenly realized that it was Chuxue who shut off the TV.

Qiqi hurriedly show a nice smile, "I won't. they are just doing some chitchats. I won't take it personally. I would talk more exaggeratedly if I were with my friends!"

"Good that you didn't think too much."

Qiqi looked at Chuxue seriously and said, "Chuxue, I'm fine. My frustration these days has nothing to do with this. I have just met Mr. Mu. It doesn't matter to me whether he calls me or not. You are the one who should stop thinking too much."

Chuxue looked Qiqi and saw there's nothing hidden in her innocent eyes, then she sighed in relief, "Good. Then I won't be worried about you."

"I'm strong. I won't be defeated easily. Don't worry."

"Yes, you are our good girl!" Chuxue patted Qiqi on the shoulder then she left.

But the smile on Qiqi's face were disappearing little by little.

...

Without the monitor and the guy wearing glasses making up stories, the rumors about Qiqi died down gradually.

Though the students still treated Qiqi coldly, Qiqi felt satisfied already. She believed that if given time, she would finally recover from this drama.

She firmly believed this and always encouraged herself.

However, her health condition was not as good as her mind.

First she had a stomach problem, then she caught a cold, plus she had been discouraged for quite well. She had not recovered herself yet.

Looking at her pale face in the mirror, Qiqi took out her make-up package and decided to make herself look better.

But one hour later, when Qiqi looked into the mirror again, she saw a pair of dark-circled eyes and funny red cheeks, just like a clown.

It's strange. She couldn't figure why she could do it perfectly for Anna but her.

She had no choice but to remove the make up. At this moment,, she started to miss Anna. If Anna were here, she could help Qiqi.

A moment later, Qiqi looked weaker.

She used to have a round face, but now it's so thin. Her used to have rosy cheeks, but now they look pale. The only thing that could make her happy was that her eyes seemed to have got bigger.

But she could not go to the award ceremony like this. She needed to give a speech on behalf of all the students who were granted the award of Excellent Youth. It would be too casual if she should look like this.

Then Qiqi had to find a video on the internet where there a lot of girl teaching people how to wear makeups.

Half an hour later, Qiqi looked into the mirror again and sighed in relief.

Well, it still didn't get much better, but at least it's not terrible any more.

She got changed and then went to the ceremony hall.

But when she got there, she found the ceremony had already begun.

What happened? She started thirty minutes earlier, but how come she's late?

Qiqi frowned. But when she saw the monitor, she understood why.

The monitor must have told her the time, trying to make Qiqi embarrassed.

But it seemed the ceremony had just begun, so Qiqi did not miss much of it.

Seeing Qiqi, the monitor show a bad face, "Why are you late? What time is it? Don't you know we are a team? I don't understand why the teacher would grant the award to you. You do not value teamwork at all!"

Qiqi couldn't say anything, though she knew the monitor was giving her a hard time on purpose.

First, she had no time to argue with her; second, no one would believe her even if she told them what the monitor did. It would only cause another fight and make her the focus again.

So this time, Qiqi just lowered her head and apologized lightly.

Seeing that Qiqi apologized, the monitor did not push further. She told Qiqi to sit in the front row.

On the way to the front row, the guy wearing glasses saw Qiqi.

Qiqi had put a little bit makeup on her face and it made Qiqi so attractive. The guy just couldn't get his eyes off her.

The monitor who had been staring at Qiqi of course noticed this. She was about to freak out.

"What a slut! How dare you seduce my man again! But soon you will pay the price. I'll let everyone know what kind of bitch you are!" the monitor thought and showed an evil smile.

The ceremony went fast and soon it's time to grant awards.

Qiqi and the other students walked up to the stage and got the certificates from the teacher's hands. They all smiled happily.

Then the other students left the stage. Qiqi, led by the hostess, walked to the microphone to give a speech.

Qiqi had prepared well for this. She might not be a good speaker, but with a sincere heart, she believed that the students would be impressed by her speech.

But just as Qiqi was about to speak, some students under the stage started to make some noise.

They all stared at the big screen behind Qiqi and started to talk with each other.

Qiqi was curious. She turned around, too, then she got dumbfounded.

It was a picture of Qiqi, though not clear.

In the picture, Qiqi was held by Yuqi. They were standing in the hospital and they looked very intimate to each other. The doctor and nurses beside them were talking about something.

Qiqi couldn't get her eyes off Yuqi.

At this moment, she found herself missing Yuqi.

While Qiqi was buried in her thoughts, the students down the stage started to gossip.

"What a hypercritical woman! She claimed that she has nothing to do with Yuqi Mu. But look at the picture!"

"How will she defend herself in front of the evidence? Look how innocent she is! I almost got fooled by her!"

"She's a good actress, and that's how she can play men around."

"Hey, what did they do in the hospital? To abort the baby?"

"It seems so!"

...

They were talking louder and louder and the situation was a bit out of control.

The teacher went up stairs hurriedly. He tried to calm down the students and at the same time ordered the operator on the backstage, "Whose trick is this! Remove the picture!"

The screen went black but the students got noisier.

Someone stood up angrily and said, "She doesn't deserve this award!"

Soon a lot of students stood up to support this idea.

"She has a bad reputation and a dirty personal life! How can she be a representative of us students!"

"She gives our school a bad name! Our school's reputation will be severely affected, too!"

"We strongly recommend that her qualification be canceled!"

The teachers feel into a predicament.

Qiqi turned to the teacher hurriedly and explained, "They are all rumors! I have done nothing of them!"

Someone said right away, "Then where are the picture from? Do you think we are blind?"

"I was sick and he was only taking me to the hospital."

"Who knows! Maybe it's an abortion!"

"You..."

"Enough! Do not discuss it in public! You are so ridiculous!" the teacher stopped the two and then said to Qiqi, "Qiqi, you can leave now. We will look into it first. If it's true, your qualification will have to be canceled; but if you are innocent, we will give you justice."

"But I..."

"Alright, that's it. Let's continue the ceremony."

Qiqi still wanted to say something but the teacher stopped her, hinting her to get off the stage so that the ceremony could continue.

Qiqi had to leave the stage with her head lowered, feeling upset.

They students down the stage look at Qiqi and showed a judging look.

Qiqi heard them taunting her clearly.

“How dare she even go up the stage and claim the award? If I were here, I would find a corner and hide myself!”

“She’s got the nerves to do those dirty things, so of course she doesn’t feel shameful at all of claiming the award.”

“Ha ha, you’ve got the point.”

Qiqi couldn’t take it any longer. She got up and ran out quickly.

Seeing Qiqi running out, the monitor turned around and saw that the guy wearing glasses was smiling, then she showed a smug smile, too, “Qiqi, how can you be proud again, now that the teachers have found out what you did. Get out of the school!” she thought in her heart.

While running out of the hall, Qiqi could feel everyone’s unfriendliness.

They were mocking her and their laughter stung her skin and gave her pains all over her body!

Qiqi wanted to get rid of those mocking eyes so she kept running till she couldn’t run any more. She sat on the ground weakly and started to weep.

“Why is everyone against me? Why they don’t trust me?”

Qiqi thought as long as she could stop the monitor and the guy, the rumors would be gone. And everyone would go back to normal.

But it’s only a good wish.

The wise man will stop the rumors? It’s bullsh!t! Everyone seemed to be enjoy this show. No one would like to stand up for her, no one!

She thought things were getting better, and that darkness was fine finally gone and dawn was coming.

But what waited ahead was deeper desperation. The blaming words from strangers were like knives were stabbing Qiqi in the heart ruthlessly.

Gradually, Qiqi seemed to have forgotten this pain. She started to get numb. And that coldness inside her heart started to spread to every part of her body.

At this time, no one could warm her. She's the only one to protect herself. She told herself numbly that everything would get better, everything.

But would it? Qiqi had done all that she could and tried to face everything courageously.

Then what? Harm and desperation struck her once and once again.

"Am I going to live my life being talked about by others?" Thinking of here, Qiqi started to feel hopeless.

Ding!

Suddenly her phone rang. She took over the phone with her trembling hand and cried harder when she saw the caller's name.

It was Anna Xie.

Anna found some very tasty chocolates. Knowing that Qiqi loves chocolates, Anna specially bought one box for her.

Assuming that Qiqi wasn't asleep, Anna called Qiqi to see what she was doing.

Anna said smilingly, "Qiqi, I bought some chocolates for you. They taste great! Do you want me to bring them to you or mail to you? Hmm, let me guess, you must want them now! Let me mail it to you, okay?"

Anna's voice fell. But there's no reply for quite a while.

Anna was a bit surprised, "Qiqi, do you hear me?"

Then, a trembling voice came, "Anna..."

Anna had never heard this weak voice of Qiqi. In her eyes, Qiqi had always been an active and positive girl. When she's down, she would soon cheer herself up for delicious food.

But what's happening now?

Anna held her phone tight and asked, "Qiqi, are you crying? What happened? Tell me everything.

But where should Qiqi begin?

Qiqi covered her forehead with her eyes closed. She chocked, "I don't know where to start. They are really too bad! I didn't do anything. How can they bully me like that! No one would like to believe me. Anna, I really don't know what to do."

Anna was confused. She frowned, "good girl, I believe you. Don't cry. Tell me what they said about you to make you sad."

Qiqi really wanted to tell everything to Anna but Anna was still on vacation. She couldn't just bother Anna with her own worries. As she thought her life had already been a mess, she couldn't let others suffer the same pain.

Qiqi lowered her head and laughed, "Come on, you believed what I said? Ha ha! I was joking! You haven't call me for so long, so I want to tease you. What, you believed it?"

Qiqi tried to make herself sound active, like it was only a prank.

But Anna did not say anything, nor did she blame Qiqi for the joke.

Having sensed the silence, Qiqi asked cautiously, "Anna, are you angry? Come on! I am sorry! I didn't mean to make you worried. Don't get mad, please?"

Anna was not angry. She was just worried.

She's so close to Qiqi, how could she not tell when she's serious or joking?

Qiqi chose not to tell Anna about it, so it meant that it's serious.

Since Qiqi didn't want her to know, Anna stopped asking.

"Yes, I am angry. I am worried about you! If anyone dares to bully you, I will kick his a.ss!"

Hearing this, Qiqi showed a bitter smile.

Taking a deep breath, Qiqi said, "Don't worry, if anyone dares to bully me, I will fight him first! Hey, I need to go to the library now. Let's talk some other time."

"Okay, go ahead. Take care of yourself."

"You, too!"

Qiqi hung up the phone. With her phone still held in her hands, her tears began to fall.

And Anna, did not put down phone either. She looked serious.

Chapter 518 The Punishment

Yulin Xiao came to Anna Xie and kissed her on the forehead, "Why are you so serious? What's wrong?"

Anna looked at Yulin and frowned. Finally she said her worries, "There's something wrong with Qiqi. She's quite strange today."

"Let me talk to her."

"I already have. But she wouldn't tell me what happened. Maybe she doesn't want to make me worried, I guess. But it will only make me worry more."

Yulin thought about it and said, "Call Chuxue. She may know something."

"You are right."

Anna took out her phone right away and dialed Chuxue Ye's number.

She did not ask directly what had happened to Qiqi because she's not sure whether something really had happened. So she asked Chuxue how Qiqi was doing these days.

"Oh, Qiqi is fine. She's hardworking. But..."

"But what?"

"She called to ask for a leave a while ago, saying that she had to focus on her school work these days."

Hearing this, Anna was basically sure that something had happened to Qiqi.

Anna frowned and asked Chuxue, "She has been acting weirdly lately, did you notice that? I mean, maybe she's too stressed out reviewing her schoolwork."

Chuxue thought for a while then shook her head, "Eh, no. She's fine. She'll be even better without Yuqi Mu disturbing her."

Anna was puzzled, "How come Yuqi is involved?"

Chuxue got angry when speaking of it. She instantly became talkative, "I am telling you, this playboy is hitting on Qiqi! I tried hard to protect Qiqi from being his prey!"

What?

Anna and Yulin looked at each other, guessing that Yuqi was the reason why Qiqi behaved so strangely.

“Okay, I see. Glad she’s fine. Let’s chat some other time.”

“Okay, take care of yourselves.”

Anna hang up the phone and stared at Yulin.

Yulin was disturbed by the way she’s staring at him.

“Why...why are you staring at me like this? Did Chuxue say something?”

Anna nodded slowly.

“Come on, tell me! What did she say? You are making me nervous!”

Anna bit her lips lightly then said slowly, “Do you think Yuqi is a playboy?”

“Of course.”

Yuqi admitted it without thinking.

No one know his twin brother better than he does.

“But Yuqi only loves one at a time. He’s just a loving man.”

Yulin’s words made Anna even more worried. She frowned and said, “I am worried that Yuqi will keep bothering Qiqi.”

“Impossible! Yuqi has a better taste! Eh...I mean, she’s not his type. He prefers someone se.xier.”

Yulin had to change his way of talking because he’s intimidated by Anna’s stare.

But he expressed his opinion, that Yuqi wouldn’t fall for Qiqi.

But Anna was still worried, “We are not with them so we don’t know about them. Should we call Yuqi to remind him to stay away from Qiqi?”

“You wanna call Yuqi?”

“Yes.”

Yulin passed his phone to Anna without thinking.

“Call him if you want. Make things clear so that you won’t have any regrets.”

Anna smiled at Yulin and took over the phone.

Yuqi was having a meeting. When the phone got through, Anna heard Yuqi was still saying something to his partner. Finally he said, “Hi! I thought you are dead!”

“Yuqi Mu, it’s me, Anna Xie.”

Hearing Anna’s voice, Yuqi was a bit stunned. Then he asked nervously, “Why are you calling? What happened?”

“Nothing. We are fine. Don’t worry.”

“Really?”

“Yes.”

Then Yuqi sighed in relief, “Whew, good.”

Now it’s Anna’s turn to get angry, “Eh...there’s something I wanna ask you.”

Yuqi smiled and said, “Anna, just tell me directly what it is. Don’t talk like this. You are making me nervous.”

Hmm, brothers! They gave the same reactions!

“Do you...do you know Qiqi?”

Hearing Qiqi’s name, Yuqi paused, then he said lightly, “Yes, isn’t she your classmate?”

“Okay, what are you now? I mean, are you close?”

“No! I’ve only met her a few times. We are not even friends!”

Indeed, they had only met a few times, had lunch a few times and spent several nights together.

“That’s it?”

“Yes,” Yuqi suddenly thought of something, “Did Chuxue say something to you?”

Anna quit pretending and said, “She did tell me something, so I want to confirm it with you.”

Yuqi sounded helpless, "She's being too nervous. I can't even talk to Qiqi because Chuxue might think I am seducing her! Am I really that bad in your heart? I am picky!"

Anna hurried explained, "Don't get me wrong, it's not personal. I just called Qiqi and sensed there's something wrong with her. I thought it's because of you. But what really happened to her?"

"Maybe she's sick? She didn't feel comfortable in her stomach the other day."

Then Anna started to get suspicious, "How do you know it?"

Yuqi went silent for a while then he said, "Chuxue told me. I went to her store last time and heard her talking about it."

Yuqi's explanation sounded so reasonable that Anna couldn't say anything about it, however strange she felt in her heart.

Anna lowered her head and sighed, "Qiqi would tell me directly if she's really sick. But I did feel something strange about her. She's trying to hide something. She's a strong girl but she just cried over the phone. I am really worried about her."

Hearing Anna's words, Yuqi's heart ached.

Why did Qiqi cry? Who made her cry?

Yuqi loves Qiqi's smile. He couldn't bear to see that happy girl cry. He wants to guard Qiqi and that beautiful smile forever.

So, after hearing Anna's words, Yuqi said firmly, "I will go to check on Qiqi for you. I will take care of her for you. Don't worry."

Anna blinked, feeling confused.

She didn't remember asking Yuqi to take care of Qiqi for her.

"I have to go. I'll take care of everything here. You and Yulin have fun. Don't worry."

Then Yuqi hurriedly hang up the phone, leaving Anna no chance to fight back at all.

Yulin had heard their conversation.

He seemed not so relaxed as before.

"Yuqi is lying."

Hearing this, Anna's heart skipped a beat. She hurriedly asked, "What do you mean by he's lying?"

"He and Qiqi, they are not simply friends."

"Oh, did he bully Qiqi? Damn! I'll go to confront him! How dare he make Qiqi cry! Unforgivable!"

Anna said angrily and was about to book a flight to go back.

But Yulin stopped her, "Calm down! That's not what I mean!"

"Then what do you mean? Tell me! You are making me worried!"

Yulin showed a serious look and said, "I take back what I said. Maybe Yuqi cares about Qiqi more than he seems."

It was a bit hard for Anna to take in his words. She asked, "Yuqi cares about Qiqi a lot?"

"Yes, more than I could imagine."

However, that did not make Anna feel better.

"According to what you said, his care might mislead Qiqi to fall in love with him. Then Qiqi will end up having a broken heart! Oh no! Qiqi must be suffering a lot now!"

Yulin had to calm her down, "Do not think too much. How do you know Yuqi will hurt Qiqi? As beholders, we should never jump to conclusions too fast. Think about us! No one believed we would get together, but look at us now, we are in love with each other!"

Anna looked up and said, "But you are different from Yuqi! You said he's a playboy!"

Yulin really wanted to slap himself on the face for calling his brother a playboy. Now he had to make up for it.

He rubbed his chin on Anna's hair and said, "We are twins. With such an excellent brother, how bad can he be? Yuqi played around just because he did not meet the right girl. Trust be, he's man of strong sense of responsibility. He won't play with the one he really loves."

Anna pouted her red lips, "He's your elder brother, of course you would defend him."

Yulin hugged Anna tighter and said gently, "I am telling the truth. I won't take any side. If you still feel worried, I will warn him not to do anything before we go back."

That's the only way.

Leaning on Yulin's shoulder, Anna sighed lightly. She still felt worried.

After Yulin finally calmed Anna down, he found a chance to call Yuqi alone, trying to ask what was going on.

But Yuqi seemed quite busy, saying that he's in a meeting and then hang up the phone.

Yulin had to give up. He had to find another chance to talk about it with Yuqi.

...

Yuqi planned to go see Qiqi, but he had promised Qiqi that he wouldn't show and disturb her life. He just couldn't go to find her for no reasons. Wouldn't it be too shameless of him?

If Chuxue should find out about it, she would definitely laugh at him.

So Yuqi had to find a right excuse.

But what excuse should he find?

While Yuqi was trying hard to figure it out, his assistant brought in a pile of file for him to sign.

He took over the files and signed his name on them. Then he stopped.

He noticed a donation agreement, which would donate money to a university to buy precision instruments.

This school was right the one in which Qiqi was studying.

Yuqi seemed to have got a good idea. He smiled then signed his name on it.

Ever since the incident in the ceremony hall happened, Qiqi became so frustrated and even her smiles had disappeared.

Unlike before when she forced herself to smile to remind herself that she did not care about those rumors, this time, she's really tired of pretending. It just didn't matter to her any more what others were thinking of her.

What she did everyday was eating, having classes and sleeping. She could remain silent the whole day.

She used to be a noisy girl. She would rather die than stay silent.

But it seemed quite alright to her now. At least she could shut herself from all those dirty rumors.

All she wanted at the moment was to study alone in peace.

But it was only a good wish.

One day, Qiqi went to the dinning hall for lunch. It's a noisy place but all those chats and laughter had nothing to with her. She just wanted to enjoy her lunch in peace.

In front of the bulletin board, there stood so many people reading something and talking.

Someone noticed Qiqi and exclaimed, "Look who's here!"

Hearing this, everyone turned to Qiqi, waiting to see a good show.

The class monitor and the guy wearing glasses were there, too. The monitor leaned herself into the arms of the guy and looked at Qiqi with smug smile.

Qiqi ignored them and passed by directly.

"Hey, Qiqi!"

The monitor called her, not intending to let her leave without humiliating her.

Qiqi stopped and looked at the monitor with no emotion on her face.

The monitor was a bit startled when seeing Qiqi's eyes, because those eyes were full of darkness and emptiness.

But soon the monitor came back to herself. She showed a tricky smile, "Hey, it's about you. Don't you want to check it out?"

Qiqi took a glance at the bulletin board and was about to go.

But she just couldn't get her eyes off it.

Seeing Qiqi's reaction, the monitor crossed her arms and started to taunt, "You have been removed from the list of winners. You deserve it! A shameless person like you should be expelled from the school!"

Qiqi did not pay attention to what the monitor said at all. She just stared at the announcement and froze there.

The announcement said that Qiqi had lost the qualification of being granted the award because of her dirty personal life, and that she shall be warned as punishments.

This punishment finally took away all her hope and strength. She broke down totally.

Chapter 519 She's My Girlfriend

Seeing how lost Qiqi was, the guy wearing glasses felt great in his heart.

"That's what I thought – anyone who dares humiliate me won't end up well," the guy wearing glasses thought.

But he wanted more. He want this girl to be punished more severely.

He showed a tricky look and was about to say something.

But before he could say anything, Qiqi hurriedly rushed to the bulletin board and ripped off the announcement.

She did it so angrily and crazily as if she was using all her strength to fight against their rudeness and unfairness. She was so fast that it took the other students a while to realize what she's doing.

When they finally realized that, Qiqi had already torn off the announcement and stepped on it with her both feet.

"Qiqi, are you out of your mind? How dare you tear it off? Do you have doubts about our school's decision?"

The class monitor shouted hysterically but Qiqi just ignored her and kept stepping on the announcement paper madly.

Seeing that Qiqi ignored her, the monitor went up directly to stop her. She even pinched Qiqi while dragging Qiqi away.

But Qiqi endured the pain and resisted the monitor. Qiqi even pushed her back hard.

"Ah!"

The monitor lost her balance and fell on the ground.

Seeing that his girlfriend got bullied in front of him, the guy wearing glasses got furious. He rushed to Qiqi and slapped her on the face.

Bang!

Qiqi's face instantly turned red. Qiqi was completely dumbfounded.

"You b!tch! Are you done yet? How dare you touch my girlfriend!"

The scene soon fell into silence.

"What are you doing here?"

The majestic voice calmed everyone down immediately. They stepped backwards to make space for Qiqi.

It was the headmaster who was talking. That's why the students stopped behaving crazily.

Beside the headmaster, there stood other leaders of the school who were frowning and looking at the students. At the same time, they were glancing cautiously at a young man next to them.

It was no one else. It was Yuqi Mu who was wearing a suit.

Yuqi stared at the students with no emotion on his face. It's hard to tell what he was thinking about.

The headmaster said to Yuqi smilingly, "The students are being naughty. Please don't mind it."

Yuqi did not say anything. He walked to Qiqi who was isolated by the students and stopped one step away behind her back.

The students had no idea what Yuqi was going to do. They did not dare to say a word.

Yuqi took a glance at the announcement which was already into pieces on the floor, then he said lightly, "Dirty personal life? Can you explain? What do you mean by that?"

It seemed that the headmaster did not know about announcement. He turned to the dean directly.

The dean's face turned pale instantly, knowing his luck had gone.

He walked to the headmaster and whispered something. Then the headmaster's face turned pale, too.

While they were chatting, Yuqi lifted Qiqi's chin gently. Then he saw a slightly swollen face.

Yuqi's heart ached for Qiqi's wound, but what Qiqi looked like at the moment really broke his heart.

Qiqi had always been a positive girl and she could always make Yuqi forget his sorrows. She's like the sorrow-extinguisher. Yuqi could always turn happy whenever he had a talk with her.

But look at her now – her eyes were full of emptiness as if her soul had been extracted. Her eyes on that tiny face just kept staring at Yuqi, without any emotions.

Yuqi's heart totally broke on seeing her like this, and the same time, a feeling of fury arose from his heart.

He turned to the guy wearing glasses and questioned him, "Did you hit her?"

"I...I..."

The guy became a coward right away. His arrogance and aggression totally disappeared.

Yuqi had that light smile on his face, a smile that made the students more intimidated.

"Is this how the students in your school are supposed to behave? A man hits a lady in public? I wonder how you could remain indifferent. What's worse, you did not care to bring justice to the victim, instead, you humiliated her with this bullsh!t announcement! Should I take back the money I donated?"

On hearing this, the headmaster sweated right away.

"No, no, Mr. Mu, It's a misunderstanding."

"A misunderstanding? So I was wrong – this guy did not hit my girlfriend?"

"Girl...girlfriend?"

Hearing his words, everyone was stunned but Qiqi.

Yuqi raised the corner of his mouth and showed an evil smile, "Yes, my girlfriend. I have a question – what did she do to make you say that she has a dirty personal life, and even pull up an announcement so that the whole school will know?"

"Eh..."

Apparently, the headmaster did not expect things would be like this. Who would have imagined the innocent girl to be Yuqi's girlfriend. They did not match at all!

Yuqi looked up slowly at the guy wearing glasses, then he raised the corner of his mouth. The smile made people scared.

"You! You hit my girl. Tell me, in what way do you want to die?"

In the eyes of the guy wearing glasses, Qiqi was nothing but a slut. He thought that the rich guys would only play with her, and that no one would defend her.

It's a shame that things went against his will. He created the mess but it's far beyond his power to clean up the mess.

"I...I did not mean it," the guy was trembling. He dared not look Yuqi in the eyes and his brain was drawing a blank.

Then the guy saw the monitor. He grabbed her as if she was his savior. He said, "It's her! She told me that Qiqi seduced you! I was misled by her!"

The guy thought he could get away with it by blaming it on the monitor.

And the monitor did not expect her boyfriend would betray her. She was stupefied for a while then she cursed angrily, "How can you blame me! I'm doing this because of you! You said Qiqi played with your feelings. That's why I helped you teach her a lesson!"

"Bullsh!t! Qiqi is too good for me! I don't even dare to dream about being with her. You envy her! She's smarter than you, and she does better in schoolwork. You think she's the reason why you lost your claim of the award. You did it to her in the name of me!"

The guy reacted rather quickly. He would rather die than admit the bad deeds he had done. He even turned to Qiqi, begging her for mercy!

"Qiqi, I am sorry! I didn't mean to hurt you! I did not know I was being used! Please forgive me, and please ask Mr. Mu to forgive me, too!"

The guy almost cried. But Qiqi did not react at all. She still looked dumb.

The monitor kept punching the guy, blaming him for being an ungrateful guy and a coward who let a woman defend him!

Yuqi cared nothing at all about what the two were arguing. He just stared at Qiqi. Seeing that Qiqi did not talk or move, he frowned and got anxious.

"You two, shut up, will you?"

Yuqi roared and the two stopped arguing immediately.

He looked at the headmaster and said calmly, "Mr, I'll leave this thing for you to handle. If you handle it well, I'll leave this matter behind. But if you can't, I'll show you how to handle it."

The headmaster hurriedly said, "Don't worry, we will educate our students as well as out teachers. You will be pleased with the result, I guarantee."

"Fine. I'll be waiting. Then we'll talk about the donation."

Then Yuqi held Qiqi's hands and left.

The students were all dumbfounded, not realizing what had just happened.

"They are really together! Did we really misunderstand her?"

"It's possible. After all, Qiqi is very close to Anna Xie, whose boyfriend is Yuqi's brother. It's perfect."

"Ah, I said some bad words about her. Will she hold grudges and come to me for it?"

"It's never our business what kind of boyfriend Qiqi has. We are totally out of this matter. We are just fooled and misled by someone."

Then everyone's eyes were fixed on the monitor and the guy wearing glasses.

The two no longer seemed arrogant or aggressive. At the time, they were staring at each other, and blaming each other for ruining their lives.

The students were talking when suddenly the headmaster roared, asking them to leave this place. then he called the monitor and the guy wearing glasses to his office, saying that he needed to know what happened.

In the car...

Yuqi was sitting beside Qiqi, holding her hands. But he felt Qiqi's hands were so cold that even he couldn't warm them.

Yuqi frowned. A bad hunch.

He held Qiqi's shoulder and said gently, "Qiqi, don't be afraid. No one can hurt you. Those who spread rumors about you, I'll leach them a lesson!"

But Qiqi did not seem to have heard him. Still, she kept her eyes staring wide and gave no reactions.

Yuqi started to get frustrated. He held Qiqi's hands tightly and said, "Qiqi, talk to me. I am worried about you."

But Qiqi did not reply at all.

Yuqi then turned a serious look and ordered the driver, "To the hospital."

"Yes, sir."

The car then headed quickly to the hospital. Yuqi directly brought Qiqi to the psychiatry department. Qiqi was inside with the doctor and Yuqi was waiting outside with a sullen face.

Phone was not allowed to be brought in, so Yuqi kept Qiqi's phone. Right at this time, Qiqi's phone rang. Yuqi answered it.

"Qiqi, why didn't you answer my call?"

It was Chuxue Ye.

Yuqi answered coldly, "She can't answer the phone right now. She'll call you back when she can."

Chuxue was surprised to hear Yuqi's voice. She said, "how come it's you again! Why are you with her again! Yuqi, didn't I warn you to stay away from..."

"Qiqi is in hospital right now."

Yuqi did not wait for Chuxue to finish.

And it's out of Chuxue's expectation. She started to get worried and think about all the bad results that might happen to Qiqi.

"What happened? What did you do to her?"

"Come to the hospital if you want to know."

Yuqi hang up the phone and sent a location to Chuxue, then he switched off the phone.

Twenty minutes later, Chuxue arrived at the hospital. She hurriedly asked Yuqi as soon as she saw him, "What happened?"

At the moment, the results of Qiqi's body examination just came out. She was sitting quietly in the patient room alone.

Yuqi pushed the door and walked in, without saying anything.

Seeing Yuqi's serious look, Chuxue felt so nervous.

But when she saw Qiqi sitting there safe and sound, she sighed in relief. Then she checked Qiqi up and down. Seeing Qiqi was fine, she said, "There's nothing wrong with her! You really scared me on the phone! I thought something bad had happened to her!"

"Do not make hasty conclusions. Go and talk to her."

Chuxue looked at Yuqi, thinking this guy was strange.

"Is he trying to distract me so that he can get away with harassing Qiqi? If it's the case, I'll teach him a lesson!" Chuxue thought to herself.

Chuxue bit her lips lightly and turned to Qiqi. She held Qiqi's cold hands and asked with concern, "Qiqi, I am here. How are you? Why do you keep asking for a leave these days? You never came to work, why? Does Yuqi scare you? Don't worry, I am here. I won't allow him to harass you."

Long after Chuxue's voice fell, Qiqi remained the same gesture. She just sat there without moving.

Chuxue pushed Qiqi lightly and asked, "Qiqi, why don't you talk to me?"

Chuxue also noticed that something was wrong. She turned around and asked Yuqi, "What's going on?"

"The doctor said she might have the stress response syndrome."

"What is that?"

Seeing Qiqi like that, Yuqi felt his heart was bleeding. He replied, "Simply speaking, Qiqi is suffering great stress. And her nerves choose to protect her and separate her from the outside world."

"How come? Qiqi is such a positive girl! How come she's mentally stressed?" Chuxue held Qiqi's hands and suddenly she remembered something and asked, "by the way, Anna called me. She talked strangely. Does she know about this, too?"

"Yes, she just learned about it. And she asked me to do her a favor by going to see Qiqi in school. Then..."

Yuqi paused. Something was just too embarrassing to be said.

Seeing that he stopped talking, Chuxue urged hurriedly, "Then what?"

“Someone is making stories about Qiqi at school. The students spread rumors and humiliate her. Maybe that’s why she’s mentally stressed.

Thinking of the scene when Qiqi got bullied, Yuqi was so angry that he really wanted to k!!! them!

Of course he could not k!!! them. But he will make them suffer!

Chuxue was angry to hear it too. She said, “How can they bully such a lovely girl! Who are they?”

“Qiqi’s classmates,” there’s hatred in Yuqi’s eyes, “one of them was courting Qiqi. Qiqi turned him down so he started to make stories about her, and it brought great pressure to Qiqi.”

“What a sc.um bag! Tell me his name. I’ll have someone kick his a.ss!”

“Leave it to .me. I won’t let him get away easily with bullying Qiqi.”

Yuqi said angrily, with murderous aura around him.

Chapter 520 A Secret Trouble

Chuxue Ye was quite pleased with his reaction. She said, “This is the best damn thing I’ve ever heard since I knew you. Do not have any mercy on him. Do kick his a.ss real hard!”

“You don’t have to say it. I will.”

“What can I do for you?” Chuxue asked.

Speaking of Qiqi, Yuqi Mu showed a soft appealing look that could melt the solid ice.

He looked at the girl who seemed to have lost her soul. There were mixed feelings shown in his eyes.

“The doctor said, in order to heal her, mental therapy will be needed, because this belongs to mental disease. He will treat her and instruct her, and some medicine will be given to her to make her heal faster. As for us, all we need to do is to stay with her, talk with her and make her feel she’s not alone.”

Chuxue nodded, “I will come to see Qiqi whenever I am free. She is a young girl, and she will recover herself soon from being frustrated.”

Then Chuxue started to feel guilty. She blamed herself, "I did not pay enough attention to Qiqi when I first noticed there's something wrong with her. She was having a hard time but I was too insensitive to ask her if she's fine. If I had done that, she wouldn't be like this now."

Chuxue was not the only one who felt guilty.

Yuqi was regretful, too. In order not to cause trouble for Qiqi, he had been avoiding to see her, thus leaving her alone to face all the evil rumors.

If he could reverse time, he would never leave Qiqi alone again!.

Yuqi held Qiqi's hands tightly and said, "Things have already happened and it's no use regretting. Let's take positive measures to help her heal and make it up for her later."

Chuxue nodded and said nothing else.

All of a sudden, Yuqi's phone rang.

He wanted to refuse the call but when he saw the caller's name on the screen, he hesitated and finally walked out of the patient room.

Yuqi answered the phone, "Why are you calling me now?"

Yuqi's serious voice puzzled Yulin Xiao. Yulin said, "Nothing, just checking if you are free to talk."

"It's about Qiqi, isn't it? I have been wanting to talk with you about her the other day but I was not sure of my heart then, so I did not know how to answer your questions."

That's how brothers talk, simply and directly.

Hearing that Yuqi was mentioning it first, Yulin knew that Yuqi had got the answer.

"What about now? Are you sure of your heart now?"

"Yes," Yuqi paused, then he added, "I want to ask Qiqi to be my girlfriend."

Yulin surely remembered how ambiguous Yuqi sounded when they talked about it the other day. What made him change his attitude?

"What has happened, causing you to make this decision?"

Yuqi lowered his head and said, "I can't bear to see her being misunderstood by others. I want to protect her from all harms and rumors. I don't want her to face all these sh!t alone. I want her to be my girlfriend."

“Do you like her? Or is it just a heroic impulsive thinking?”

It has to be admitted that Yulin is the one that knows Yuqi best. He can tear down all Yuqi’s disguises and hit straight to the core of the problem.

Yuqi got silent. Truly, he had never thought about it. He was just doing as the heart told him to do – to protect his beloved girl.

But Yulin’s question indeed make Yuqi puzzled about himself.

After a while, Yuqi said, “I think, I have feelings for Qiqi. We will get to know each other first. It’s no use thinking too much now.”

“It’s your business. You make the decision.”

Yuqi was a bit relieved to get Yulin’s support.

“By the way, Anna can’t know this now.” Yuqi added.

Yulin said, “I know. And you’d better take care of this thing before we come back. Or she will freak out when she finds out about it.”

Speaking of Anna, Yuqi felt a headache.

“She will not be happy to see me approaching Qiqi, like Chuxue.”

“Do not care about what others say. Make your decision and go for it. Do not fail yourself.”

Hearing Yulin’s words, Yuqi smiled and said, “Thanks.”

“Hey, it’s hypocritical of you to say thanks to me.”

“Maybe, but it expresses my feelings perfectly now. And by the way, there’s something wrong with Qiqi and she cannot answer her calls. Can you find a way to stop Anna from calling Qiqi?”

“Okay.”

The two finished talking and Yuqi headed back to the patient room. Then by the door, he saw Chuxue.

“Why are you coming out?”

Chuxue lowered her head and said gently, "The therapist is inside. I can't bear to see the scene, besides, I am not supposed to disturb them when they are doing the treatment. I come out for some fresh air."

It's indeed torturing to see such a positive girl being treated for being frustrated.

Yuqi felt the same way, too. He put his hands into his pocket and stared at the ground.

Suddenly, Chuxue patted her own cheeks to cheer herself up.

"We can't be like this! Qiqi is inside fight hard against her disease, so we should cheer her on instead of m0aning for her! She will be fine! We should be positive!"

Yuqi looked up at Chuxue and laughed.

"Whatever you say."

"It's my first time to experience this. I need time to adapt to it! Oh by the way, I just had a talk with the doctor. He suggests Qiqi go home to recover, after all, home is more relaxing than hospital."

Yuqi nodded, "Go to my place then."

"Why your place?"

"First of all, Qiqi can not return to school, where there are unpleasant memories."

Chuxue couldn't agree more. So she nodded.

"Second, Qiqi has been to my place twice, so she's quite familiar with it."

"Twice?" Chuxue squinted and grabbed Yuqi's collar, "You said once! Yuqi Mu, what on earth did you do to Qiqi?"

Yuqi arranged his collar and said calmly, "It's not like what you think. She was only having a rest there. We did nothing."

Chuxue looked at Yuqi in disbelief, "It's ironic, with you saying the words."

Yuqi patted his chest and said seriously, "That's because you hold prejudice against me. People think I am a playboy but I am a devoted guy."

Normal as Yuqi seemed, Chuxue still laughed.

“Yuqi, quit saying this kind of words! Or I’ll have to see a therapist, too! But I am warning you here, you’d better be telling the truth that you did not touch Qiqi, or I’ll kick your a.ss real hard!”

“Don’t worry. You won’t have the chance to kick my a.ss.”

“Anyway, you have to both work and take care of Qiqi. Can you handle it alone?”

Yuqi lifted his chin and said, “Hey, I have you! You don’t have to come to the hospital everyday! Just come to my place directly.”

Chuxue frowned, not expecting Yuqi should make arrangement for her.

“That’s your plan huh?”

“You’ve got a better idea?”

Chuxue was about to say something when suddenly the door of the patient room was open.

It seemed that the therapy was over.

Seeing the doctor, Yuqi hurriedly asked, “How is it going?”

The doctor seemed serious, “It’s only the first treatment.. she doesn’t want to cooperate. Let’s take it slow.”

The therapy did go well.

Seeing the two all frowned, the doctor said, “Don’t be frustrated. I can see that the patient is a strong girl. She is only temporarily weak. Be with her to let her feel loved, and she’ll recover soon.”

“Okay, we will.”

“I have instructed the nurse about the medicine she needs to take. The nurse will instruct the patient.”

“Okay, thank you doctor.”

“You are welcome.”

As soon as the doctor left, Yuqi and Chuxue entered the patient room. Qiqi was sitting there like a while ago. She did not move at all.

Then the two sighed lightly.

Chuxue said, "I'll go to her school to pack her things up, then I'll send them to your place."

Yuqi was puzzled, "No need, we can buy new things for her."

"You said she needs to be around the things she's familiar with. I think Qiqi would like to have her own thing around her. It's helpful."

Yuqi nodded and said nothing else.

While Yuqi was walking Chuxue to the parking lot, they saw someone familiar in the elevator.

Looking at the two people in front of her, Chuxue was surprised, then she said, "Sister Yiyao?"

Yiyao Duan and Jingyan Ye did not expect to see them here, either. Jingyan raised his brow and asked, "why are you here?"

Yuqi and Chuxue looked at each other and said, "Well, we can tell you, but you can't tell Anna."

"Okay."

"Qiqi is in hospital receiving treatment."

Yiyao frowned, "What happened?"

Yuqi told her about the whole story and Yiyao started to frown.

"These students need to be taught a lesson!"

Yiyao said angrily and loudly. Jingyan hurriedly held her hand and said, "Do not get angry. The doctor said you can't get angry."

Jingyan's behavior made Chuxue nervous.

Chuxue started to guess the reason why Yiyao and Jingyan were in the hospital. Should they be...

Chuxue started to get anxious. Seeing Yiyao and Jingyan had no intention to explain at all, she asked, "Sister Yiyao, why are you here?"

Hearing this, Yiyao put on a light and happy smile. Then she covered her belly with her hands.

Having noticed what Yiyao did, Chuxue was surprised at first, then she started to get excited.

“Are you...”

Jingyan smiled and nodded, “We wanted to tell you some other time. But since you are here, well, I can just tell you in advance. Yiyao’s pregnant.”

Yiyao covered her mouth with her both hands and stared her eyes round. She was overjoyed.

“Oh Mine! This is great news! Congratulations to you, sister Yiyao!”

The previous abortion had a great effect on Yiyao. So she did not expect herself to be a mother again so soon. She was so grateful for this.

Hearing Chuxue’s words, Yiyao smiled sweetly, “Thanks.”

“Mom and dad will be happy to hear it!” Chuxue said.

“You and Zhao Nangong need to catch up with us!” Yiyao said.

Chuxue blushed immediately. She waved her hand, “We still have a long way to go.”

Seeing the happy smiles on their faces, Yuqi smiled lightly, too. But that smile soon disappeared when he thought of Qiqi who’s suffering alone in hospital.

“I’ll go have a cigarette.” Yuqi turned around and left.

Watching Yiqi’s lonely figure, Yiyao asked, “What’s the matter with him?”

Chuxue sighed, “It seems that Qiqi’s matter has affected him greatly.”

“He has something to do with it?”

“Yes. Something has happened while you are resting these days.” Chuxue said.

Jingyan asked directly, “Something happened between Yuqi and Qiqi?”

Chuxue had wanted to tell the whole story but she did not expect Jingyan to end the story so soon. She stuck out her thumb and said, “My brother’s got sharp eyes! He can see things through!”

Yiyao frowned, “Is Yuqi serious to Qiqi?”

Chuxue rubbed her forehead, "I had the same doubt. But according to Yuqi's behavior – he was so concerned about Qiqi, he must be serious!"

Jingyan said, "You can't judge a person by his appearance. He may look like a playboy, but he's a devoted guy when he finds true love."

Chuxue shrugged, "It's shame we never get to see his inner world. He has been showing us that he's a playboy."

"It seems you are not quite in favor of their relationship."

"It's a bit too early to call it a 'relationship'. let's wait for Qiqi to recover first."

Yiyao was silent for a while then she said, "I want to see her."

"Okay, I can take you there."

Then Chuxue took Yiyao to Qiqi's patient room while Jingyan went to find Yuqi.

Yuqi was smoking, "I know you don't smoke, so I won't offer you cigarette. And by the way, I forgot to congratulate you."

Jingyan leaned himself lightly against the railing and said, "You've never had a girl like Qiqi."

"What do you want to say?"

Jingyan turned around and looked at Yuqi, "You are too different. Are you sure you can be happy together?"

"I would like to take some time to get to know her. I feel happy and comfortable when I am with her. I want to protect her so that she won't get bullied by others. This is love, I suppose. Anyway, my past has gone. You can't predict my future by judging my past. Am I right?"
