Chapter 531 I Definitely Have to Punish You

Qiqi hurriedly shook her head to deny that Yuqi was her boyfriend.

“Since you’re not his boyfriend, please don’t interfere in her affairs.” Anna said to Yuqi.

“Chuxue, give me a hand. I’m taking Qiqi out of here.” said she.

Hearing Anna call out to her, Chuxue thought for a moment, and then she helped Qiqi up.

Then they walked towards the door.

Chuxue didn’t look at Yuqi’s face, but she knew that he must be staring at her viciously. But Chuxue would rather anger Yuqi than offended Anna.

Seeing the three women in front of him directly ignore him, Yuqi was angry. He coldly watched as they strutted past him.

“They have already left. Are you still not going to come out?” Yuqi suddenly said.

After a while, a man walked in from outside.

“Why are you alone here? Where is Qiqi?” Yulin asked. He pretended not to know what had happened just now.

“We are twins. I know you well. You can’t fool me with your poor acting.” Yuqi said.

“Well, I’m just pretending I don’t know what just happened so that you won’t feel embarrassed.” Yulin said.

“If you had just shown up, you could have helped me avoid this embarrassment.”

“Then wouldn’t I be the unlucky one? Anna will definitely be angry with me.”

“So you just watched them take away the woman I like?”

Seeing that Yuqi was a little angry, Yulin patted him on the shoulder. “Actually, Qiqi moving out of your house is not a bad thing. You can also find the opportunity to get in touch with her. As long as Qiqi dropped her guard on you, maybe she will slowly accept your love.”

Eventually Yulin’s few words made Yuqi slowly calm down.

Sitting on the chair, Yuqi let out a soft sigh. "Why does everyone think that I am not sincere to Qiqi?"

"To be honest, we don't see the love you have for Qiqi."

Yuqi's eyes narrowed. "I will let you guys see it." He said firmly.

Yulin heard Yuqi speak in a strange tone. "What are you ..... going to do?" asked he.

Yuqi, however, was not going to tell his brother. "You'll know when the time comes."

"I hope your surprise won't shock us."

"Don't worry. I know what I should and shouldn't do."

"Well, it's time for me to be home. I guess there's a storm waiting for me at home." said Yulin.

Then he patted Yuqi's shoulder, turned around and walked out. The sky outside was clear, but Yulin's heart was filled with dark clouds.

From the time he agreed to help Yuqi, Yulin knew that Anna would definitely be angry with him.

"I just returned from my honeymoon and then have to face the punishment from my wife. I'm so miserable," murmured Yulin. Then he returned home with a heavy heart.

It was late afternoon when Anna finished helping Qiqi move out of Yuqi's house. They and Chuxue had dinner before going back to their homes respectively.

When she arrived at the door of her house, Anna found lights on inside the house. She knew that her husband must be at home.

Pushing the door in, Anna just ignored Yulin. She put down her bag, and was ready to go back to her room. Instead, Yulin enthusiastically surrounded her. "Honey, are you hungry?" He asked.

"I've already eaten dinner." Anna said coldly.

"I haven't eaten yet. Can you eat some more with me?"

"No, I'm busy."

Anna's cold attitude made Yulin sad.

"You are angry?" He asked cautiously.

Anna raised her eyebrows and looked at him. "Of course I should be angry." said she.  
Hearing this, Yulin immediately held Anna's hand.

"I know I was wrong." said he seriously.

"You tell me why you were wrong."

"I shouldn't have promised Yuqi to lie to you."

Anna turned her head and looked squarely at him.

"I trust you so much, and you're hiding such an important matter from me. If Qiqi is really in danger, what should I do?"

"Uh, sorry, I just....Yuqi is my brother, I...."

"Qiqi used to be strong, but now she can faint after starving for a while. It makes me worry about her." Anna interrupted.

Yulin smiled awkwardly. "It's just a coincidence that she fainted today."

"I won't believe your words anymore. None of your two brothers' words are credible."

When Yulin heard this, he realized the seriousness of the situation.

"Honey, I accept your punishment and then please forgive me." He hurriedly admitted his mistake.

"I definitely have to punish you. And I've already thought of how to punish you."

When Anna said this, there was an evil smile on her face, which made Yulin a little worried.

"What method have you thought of?" Yulin asked apprehensively.

"I'm going to move to live with Qiqi for a few days. During this period, you better reflect on your behavior at home."

Her words left Yulin speechless.

He was hugging Anna's waist and begged bitterly. "No, don't leave me alone at home."

"You can get your brother to accompany you, and then you two can have a good chat all day long." said she sarcastically.

"No, I just want my wife!"

"Now you know I'm important? But it's too late. My luggage happens to be unpacked yet, I'll move out later."

Yulin really regretted it. He didn't help Yuqi, instead his wife had to move out.

"We just got married and you move out. If my buddies find out, they will make fun of me."

"Just don't let others know. I believe you have the ability."

"So you have to move out?"

"Yes."

"There is no more room for negotiation?"

Anna nodded.

Taking a deep breath, Yulin suddenly changed his attitude.

"Then when you get tired of living outside, come back earlier. I will miss you." He suddenly compromised.

Yulin suddenly changed his attitude, which made Anna full of doubts.

She thought that Yulin would not agree to her moving out, but she didn't want him to compromise so quickly.

Then Anna turned around and walked back to her room, picked up her luggage and left.

Although Yulin did not want her to move out suddenly, he knew she would not listen to him.

After Anna left home, he immediately took out his phone and called someone.

.....

Knowing that Anna wanted to move in, Qiqi really didn't know what to say.

She made it clear that she was physically strong and did not need to be taken care of. But first she was caught taking pills, and then she was taken to the hospital when she fainted from hunger. Anna would certainly not believe her words.

So when Anna moved into Qiqi's apartment, she had no reasons to refute it.

But the person who surprised Qiqi was not only Anna.

Looking at the luggage in front of her, and Chuxue, Qiqi was a little helpless.

“You’re staying here too?”

“Yes, it’s fun to live together. Don’t you think so?” said Chuxue cheerfully.

“Now I can take care of Qiqi. You don’t have to stay here.” said Anna.

“We are friends. This is what friends should do. Besides, you have to shoot a movie. At this time, I can help you take care of Qiqi.”

Hearing Chuxue’s words, Anna was silent for a long time.

But Qiqi did not want so many people to take care of her. With Anna here, she was already depressed enough. Now Chuxue also came. Then she was even more depressed.

“Actually, I can take care of myself.” said Qiqi, then she was waiting for the two women to respond. But they continued to chat as if they hadn’t heard her.

Qiqi raised her voice. “Hey, I’m talking.”

“We heard you.”

“Then why don’t you guys give me a response?”

Xiana turned her head to look at Qiqi. “What do you want us to say? We’ve moved all our stuff over and you want to throw us out?”

“I don’t mean that.”

“If you didn’t, then shut up. It’s not like we’re going to hurt you.” said Anna. Then she turned her head to look at Chuxue again. “I have a commercial to shoot the day after tomorrow. When I go out, you stay at home and don’t let anyone else in.”

“Don’t worry, I won’t let Yuqi in. I’ll always support you.” Chuxue patted her chest and said confidently.

“Well, so far it looks like you support me.”

“Yeah, I will always support you”

Anna gently raised her eyebrows and did not speak.

"By the way, after you and Yulin came back, we haven't celebrated your return yet. I'll treat you guys to dinner tonight."

This proposal made Anna couldn't help but laugh out loud. "You're desperate to help Yulin and Yuqi ask us out now."

"You misunderstood me. I don't want to invite Yuqi. I just want to invite Yiyao."

Her answer was unexpected to Anna.

After coming back, Anna had been so busy with Qiqi that she didn't even visit Yiyao Duan. And Chuxue's suggestion just helped her make up for her regret.

So after a slight pause, she nodded her head. "It's good. After I came back, I haven't contacted Yiyao yet. I miss her a lot."

"Then let me handle this matter. I'll let you know when and where I set the time and place."

Chuxue was very exuberant, which made people feel she odd.

"It's about our trust in you. Don't let me down." Anna reminded.

"Don't worry, I will definitely not tell Yuqi about us going out for dinner!"

Under Chuxue's arrangement, they planned to hold a party in the evening on the second day.

Chuxue wanted to cook for them herself, but Qiqi didn't let Chuxue into the kitchen to cook. Although Chuxue wanted to show off her cooking skills, she didn't get the chance.

Finally Chuxue booked a long-established Sichuan restaurant. Although the store was crowded, Chuxue made a reservation to a private room.

.....

"I have two things to celebrate today. First, we are going to celebrate Anna's return. Second, we celebrate that Yiyao is pregnant. Third ....." said Chuxue happily.

Before Chuxue could finish her third point, Qiqi interrupted her. "Chuxue, you said there are two things to celebrate, how come you ran out of the third thing?"

"Don't care so much about the details. I have too much to be happy about, so I'm just going to say more."

"As long as you don't cook, you can say whatever you want." Qiqi teased.

Qiqi's words made the crowd chuckle.

Chuxue was teased, but she wasn't angry. "The atmosphere is all ruined by you." said she.

Then Anna raised her glass. "It is the happiest thing for us to get together, so here's to our gather."

The crowd all raised their glasses and clinked.

"There's a life inside. It's so amazing." Chuxue put down her glass and stared at Yiyao's stomach.

Yiyao smiled and touched her stomach. "Yeah, we don't know if it's a boy or a girl inside yet."

"Do you hope it's a boy or a girl?"

"Whether it's a boy or a girl, I am happy."

Chuxue nodded her head. "I'm sure the baby will be very smart."

Anna listened and laughed. "You are good at flattering."

"What I said is true. Since my brother and sister-in-law are so excellent, my nephew must be excellent as well."

Yiyao was amused by Chuxue's serious look. "Well, thank you. But today's main character is Anna.

"Anna, didn't you say you have prepared gifts for us? We are looking forward to it."

A few words from Yiyao diverted the attention of the crowd, especially Qiqi, who looked at Anna eagerly.

"Anna, where are our presents?"

Chapter 532 Did They See Through Our Ploy?

"Here's the gift. I've prepared it long ago." said Anna. She took out a large box with all kinds of exquisite gifts inside.

"So this box contains gifts. I just thought it was wine, otherwise I would have opened it long ago." Chuxue said excitedly.

"These are carefully selected by me. Each one of them is unique. Just see if there is a gift that you like." Anna said confidently.

Qiqi saw something, and her eyes lit up. She reached out to take it. "This chocolates look delicious."

"I knew you would like chocolates."

Chuxue held out a beautifully wrapped box, full of surprise. "This is a baking mold from Wilton. I've been fond of it for a long time."

"I'm sure you can make better desserts in the future." said Anna.

Qiqi and Chuxue selected their gifts happily, while Yiyao just looked at them with a smile.

When Anna saw that Yiyao didn't pick gifts, she said to her. "Yiyao, aren't you going to pick something?"

"Any gift is fine for me. Let them pick the gifts first." said Yiyao.

Looking at the cosmetics, perfumes and other things in the box, Anna didn't find anything good for Yiyao. "I didn't know you were pregnant before. Otherwise, I could have bought some baby clothes for you. Now all these may not be very suitable for you."

Yiyao saw a doll in the box, bent down to pick it up. "The doll is so cute. I like it very much."

Seeing Yiyao find a gift that she liked, Anna smiled sweetly.

But the laughter did not last long before they were disturbed by a group of uninvited guests.

"You are sharing the gifts. Is there any for us?"

Seeing Yulin and the others come in, Anna looked angry. "Why did you guys come in?"

Yulin shrugged. "No one told us we couldn't come in here." said he with a smile.

Anna frowned and turned her head to look at Chuxue.

Chuxue was busy waving her hand. "Anna, this has nothing to do with me. I didn't tell them where we were eating."

"It does have nothing to do with Chuxue. I found the reservation number from her phone and inquired about it." Zhao Nangong explained

After hearing Zhao's words, Chuxue stared at him fiercely. "Zhao, you're ruining my friendship with Anna."

However, Zhao showed a helpless expression.

"Don't blame him. This was my idea. It's rare that we have time to eat together. Why do you girls have to let men and women eat separately?" Jingyan said.

After hearing him, the girls didn't complain about their sudden appearance. But the atmosphere was a bit awkward.

"Since you guys are here, and then we can have dinner together. There are still empty seats here anyway." Yiyao said.

Anna saw that the boys were already here and knew that it was impossible to make them leave. She didn't say anything either. The boys all sat at the table as well.

Yuqi wanted to sit beside Qiqi, but he was dragged away by Yulin. The four of them sat on the other side of the table, while the four girls sat across from them.

They looked like they were about to have a negotiation, not about to eat together.

Zhao walked to the door and called out to the outside. "Waiter, bring the menu."

The waiter came over at the sound of the voice. Once he opened the door, he found a room full of handsome men and beautiful women.

Taking the menu, Yulin first looked at Anna. "Anna, what else do you want to eat?" He asked.

Anna looked cold. "Do you really want to know what I want to eat?"

"Of course. You girls are in charge today."

"Fine, we just want to drink." Anna thought for a moment and said.

"Waiter, serve the wine!"

Anna shouted, causing the waiters to shiver.

Soon, the wine was served. Placed in front of the lady was a very low alcohol content of red wine. And in front of the men was a high alcohol content wine.

Yulin looked at the various bottles of wine in front of him. "It's not quite fair, is it?" He laughed bitterly.

"If you guys think it's not fair, just leave. It's not like we're forcing you guys to stay." Anna snorted.

"It's just drinking. There's no need to count whether it's fair or not, just for fun." Zhao was busy saying.

"Zhao, let's have a drink!" Chuxue poured a full cup for him.

Looking at the glass of wine in front of him, Zhao laughed bitterly.

Chuxue drank up the wine in the cup and saw that Zhao was hesitant. "Why aren't you drinking?" She asked.

Zhao let out a soft sigh, picked up the glass of wine in front of him and drank it all in one gulp.

Seeing him drink so quickly, Chuxue wanted to say something, but only her lips moved and didn't say a word.

If they keep drinking like this, it wouldn't be long before they are both drunk. Yulin thought about it and decided to tell his wife something first before getting drunk.

"Anna, after you moved out, I'm so bored at home alone. It just happens that Yuqi's house is vacant, so I decide to move to his place for a few days." said Yulin.

Once she heard this, Anna smiled coldly. She raised her eyebrows and looked at him.

"It's more fun for the three of us to live together. I guess you want me to live miserably alone."

"You've decided it already. No need to ask me."

"Thank you, Honey."

Knowing full well that Anna did not want these few people to get together, but Yulin deliberately wanted to live with them.

Since entering the private room, Yuqi did not have the opportunity to talk to Qiqi.

Looking at his beloved in front of him, Yuqi could only gaze at her from afar, which made him very anxious.

While Anna was talking to Yulin, Yuqi took the opportunity to get closer to Qiqi.

Seeing Yuqi leaning over, Qiqi immediately sat up straight.

“Qiqi, how are you doing these two days?” asked Yuqi.

“Uh, I’m pretty good.”

“Did you take your medicine on time?”

“I’m off the medication now.”

“That’s good. It must be very tiring to study, take care of yourself.”

“Thanks, I will.”

Then Yuqi took a deep breath lightly. “Qiqi, I’m wondering....”

Before he finished, Anna walked over and interrupted. “What are you guys talking about?”

“Nothing.”

“I saw that you guys were just having a nice conversation. Why are you guys stammering when I come over?” She said coldly.

“Anna, don’t disturb others’ chat.” Yulin said.

“Now we are competing for drinks, no chatting is allowed.” Anna retorted.

“Okay, then I’ll toast Qiqi.” Yuqi said. He poured a full glass for himself, and then filled it up for Qiqi, handed the glass to her.

He looked at her with deep affection.

“I’ll drink this wine for Qiqi.” Anna took the glass.

Yuqi finally got anger. His face darkened. “Qiqi can drink it by herself.”

“Qiqi has to review her lessons for the exams. She can’t drink.”

Upon hearing this, Qiqi was busy waving her hands. “Then I’d better not drink.”

Qiqi's refusal made Yuqi sad.

He sighed, raised his glass, and said to Anna. "You're Qiqi's best friend, so I toast you."

"Do these two have anything to do with each other?"

"No, but I don't think you would refuse to drink this glass of wine with me."

Anna raised her eyebrows, drank up the wine in her cup, and then looked at Yuqi.

Being stared at by Anna, Yuqi could only tilt his head and drank up the wine in the cup. The spicy liquid slid down his throat, making his heart hot.

After drinking for a while, Jingyan stared at the gift boxes. "Can we have a share of these gifts?"

"If you want a gift, you can pick it out." Anna said indifferently.

Although Anna said this, anyone who looked at her knew that she did not want the boys to take the gifts she had prepared.

But Jingyan directly ignored Anna's look and seriously began to pick the gift. Then several other men also began to select gifts with Jingyan.

Then several men squatted next to the box to pick gifts, which was funny.

"It's all female items, and it's not really appropriate for us to use." Jingyan picked for a while and didn't pick anything that he liked. Suddenly he saw the chocolate next to Qiqi's hand.

"Qiqi, is that chocolates one of these gifts?"

"Yes." Qiqi said.

"Can we try it?"

"Sure." Qiqi said, and handed the box of chocolates over.

Although Qiqi appeared to be generous, she was actually very reluctant. With so many people, if everyone tasted two pieces, the box of chocolates would be eaten all

Qiqi only hope that the men were not interested in chocolate. But the men kept eating the chocolate as if they had never eaten chocolate before.

When the last piece of chocolate was also eaten by them, Qiqi was really desperate.

“Sure enough it’s delicious.” said Zhao.

Chuxue gritted her teeth in anger at the side. “This is a gift for Qiqi. You all ate it all!” said she angrily.

“I’m really sorry.” Jingyan looked at the empty chocolate box and was a little embarrassed. “Then we’ll give Qiqi another box of chocolates.”

Before Jingyan could wait for Anna’s reaction, he turned his head to look at Yuqi. “I remember you have friends in Italy. How about you have them mail a box to you and then you give it to Qiqi?”

Yuqi nodded his head. “Yes, just leave this matter to me.”

But soon, Anna saw the trick of these guys. Her eyes suddenly narrowed.

Looking at Anna’s expression, Yulin panicked. He knew that once she showed such an expression, it meant that someone was going to suffer.

Just when Yulin was secretly speculating, Anna said something.

“All of you just ate more than ten pieces of chocolate, right?”

“Yeah, It seems so.”

“In return, you each need to have a dozen drinks. That’s fair, right?”

As soon as Anna’s words came out, the girls gave her thumbs up, while the boys just laughed bitterly.

Then she got up and poured wine for all of them one by one, with a sly smile on her face.

Looking at the glasses of wine in front of them, the men sighed, but none of them dared to retort.

Two hours later, the previously handsome men were now collapsed in their chairs, obviously drunk.

There were a dozen empty bottles on the table.

Anna felt that the air here was terrible, so she turned around to open the window

“Yiyao, we can go back now.” She said to Yiyao.

Yiyao didn’t have any special reaction, she just said quietly. “Ok.”

However, Chuxue looked worried. “Anna, have you ever thought about a problem?”

“What?”

“They are so drunk that they can’t even walk, who will send them back?”

“That’s easy. They stay here. When they wake up, go back on their own.” Anna snorted.

Such a cold response made Qiqi’s eyebrows frown slightly. “This is not good.”

“Then you guys can carry them back?”

Hearing Anna’s words, Qiqi lowered her head and said nothing more.

“All right, let’s go.”

Then they left, closing the door of the private room.

Listening to the footsteps outside the door go further and further away, while the men in the private room slowly sat up straight. They were clearly pretending to be drunk.

Zhao pulled down his collar and frowned. “How come they don’t care about us at all when we’re drunk? Our ploy didn’t work.”

Yuqi was also puzzled. “Did they see through our ploy?”

Chapter 533 I Keep Everything about You in My Mind

Jingyan Ye recalled the scene that had just happened. He suddenly turned his head to look at Yulin Xiao. “Yulin, did you just do something to make your wife suspicious?”

“I just had an itch on my face, so I scratched it. This was discovered by her?” Yulin said.

After he was finished, the crowd began to complain that he had exposed their plan.

“Damn it, Anna saw through our ploy!”

“We drank so much wine, but we still can’t get their concern.”

“Yulin, you wouldn’t be an undercover agent sent by them, right?”

Yulin shook his head. He could only smile awkwardly. “I am very sorry. It was just an accident. I’m sure we’ll have another chance later.”

Then he hurriedly apologized to everyone, but the mistake had already been made. So everyone complained and had to let it go.

.....

Anna's work also gradually was back on track.

Although she married into a rich family, she did not want to rely on her husband. She still wanted to pursue her career.

When it came to work, she worked very hard. She was even harder than before she got married.

Previously, Anna was worried about Qiqi being harassed by Yuqi Mu. But with Chuxue Ye at home and Yuqi rarely appearing lately, she slowly dropped her guard against him.

This day, just after dawn, Qiqi got up to drink water and saw Anna standing in the living room fully dressed.

"Anna, you're out so early." asked she. She couldn't help but yawn.

Anna seemed tired. "I am just back." said she.

These words really shocked Qiqi.

"First I shot a magazine cover, then I recorded a variety show, then I talked to the director about the script, so I'm just now getting back."

Seeing that Anna was very tired, Qiqi was worried about her. "You're really working too hard."

Anna took off her high heels, and then lay down on the sofa. "It's just that I'll be more tired at the moment. After a while, I won't be so busy." Anna said.

"Then take a shower and go get some sleep."

"Um, okay." said she, and then she went to the bathroom.

Qiqi planned to go out to get breakfast. She wanted to prepare some breakfast for Anna when she woke up.

After she changed her clothes, she went out.

In the early morning, there were not many pedestrians on the street. But there were many people lined up in front of the breakfast store.

But suddenly Qiqi felt her pocket move. She subconsciously touched her own pocket, and unexpectedly touched a person's hand.

She was busy rummaging in her pocket with her other hand and found that her cell phone was missing. She immediately glared angrily at the person. "What are you doing?"

The man was caught stealing and growled. "Let go of my hand."

"You stole my phone, give it back to me!"

The man attempted to rush away while raising his voice. "Let me go!" He yelled.

"You stole my phone. I'm calling the police."

"You b!tch. Shut up." The man growled angrily, then he was about to raise his other hand to hit her.

At that moment, someone walked up to the thief and grabbed his hand and twisted it hard.

The thief cried out in pain, "Ouch, it hurts."

Qiqi immediately looked up and found that the person was Yuqi.

He looked at the thief and said in a cold voice, "Give her back the phone."

The thief obediently took out the phone and handed it to Qiqi. "I don't dare to steal anything anymore, please let me go." He begged.

"You do something wrong, so you have to be punished. If I let you go, the people present will not agree."

Hearing this, all the people immediately said that they would send the thief to the police station.

Yuqi borrowed a rope and tied the thief up.

"Qiqi, call the police." He said.

After making the call, the police soon came over. After seeing the thief, the policeman sighed helplessly. "It's you again."

It turned out that the thief was a habitual offender.

After the thief was taken away by the police, Qiqi and Yuqi immediately became the heroes in the eyes of the crowd.

Qiqi felt a little uncomfortable being stared at by the crowd, so she wanted to buy breakfast quickly and leave. But when it came time to pay, the shop owner waved his hand. "Miss, your boyfriend is great. This is free for you"

"He's not my ....."

"Thank you very much." Before Qiqi could finish, Yuqi interrupted her.

"Qiqi, let's go." said Yuqi

Seeing that there were so many people behind her, Qiqi could only take her breakfast and leave first.

"Thank you just now." Qiqi looked up and smiled at Yuqi.

Looking down at Qiqi, Yuqi found that he missed her more than he thought.

Seeing that Yuqi didn't say anything, Qiqi looked up at him.

Qiqi's lips moved slightly and Yuqi had an urge to hug her.

After he calmed down, he smiled. "You are welcome."

Even if Qiqi was slow to react, she had just seen the deep affection in Yuqi's eyes.

She suddenly felt a little embarrassed. She hurriedly tried to find a topic of conversation to keep the scene from becoming so awkward.

"You..."

"You..."

But unexpectedly, the two people spoke at the same time.

They looked at each other and smiled.

"You first." said Yuqi

Qiqi pursed her lips. "Why are you here?"

"Just for breakfast."

Qiqi blinked, a little incredulous. "But this place is far from your apartment."

"The doughnuts here are delicious, so I came here on purpose to buy them."

In her memory, Yuqi was not such a food lover, so she did not believe this reason of his.

Qiqi was puzzled, but she didn't say anything. "Since you are also here to buy breakfast, then the breakfast should also be divided into half for you." said she.

"You can take them all back."

"But don't you come here for breakfast too?"

"I'll buy my breakfast later."

But Qiqi still handed him half of his breakfast anyway. "I'm in a hurry to get back, bye."

Waving to Yuqi, she turned around and left.

Looking at Qiqi's back, Yuqi was frustrated. He did not go back to his own apartment, but went to another residence, which was very close to the place where Qiqi lived.

.....

At this moment, Yulin had already got up. His hair was messy.

Seeing Yuqi and the breakfast in his hand, Yulin was a little surprised. "What's wrong with you today? You never buy breakfast for us? It's really not like your style of doing things."

"This is from Qiqi."

"So you ran into Qiqi?"

"Yes."

This answer made Yulin frown. "You are too impatient. Fortunately you met Qiqi today. If it were Anna, she must have seen what you wanted at a glance. Then your previous efforts will be nothing."

Yuqi did not think so. He shrugged. "If I hadn't been there, that thief would have hit Qiqi."

"You could have sent someone else to protect her secretly, just like what I did for Anna, and no one would have found out."

"I just want to watch her."

Yuqi's repeated retort made Yulin finally couldn't help but snorted. "You're simply making excuses. You'll ruin everything."

However, Yuqi did not want to talk about this topic anymore. "You must be hungry. Have breakfast first." said he.

Yulin looked at the breakfast and shook his head straight. "This breakfast is not enough for the three of us to eat."

"This is for you guys."

"Why? You don't have it?"

"I'm going to the office later. It's almost late." said Yuqi and prepared to go upstairs.

Looking at Yuqi's back, Yulin raised his eyebrows. "If I remember correctly, you wouldn't have been so diligent before."

"That was before, now I have to work hard."

Yulin knew that he hard work for Qiqi. Only he didn't expect Yuqi to change him because of a woman.

.....

Although Qiqi and Anna moved out of the school, they still have to attend some important activities at school.

This year was the school's 50th anniversary. All the students and teachers must be present. Anna and Qiqi also returned to the school to attend the ceremony.

Now, Anna was not only a famous figure in the acting world, but also a noblewoman of the Xiao Group. So the school leaders wanted Anna to speak on stage as a guest of honor.

But Anna didn't think she had the ability to be a student representative, so she politely declined the school leaders' offer and sat in the audience with her classmates.

But from the moment she sat down, many students kept looking for her autograph and even a campus reporter came over to interview her. This kind of disturbance was also uncomfortable for Qiqi.

Finally Anna made an excuse and walked out of the school auditorium. After she left, Qiqi also left the auditorium in between the leaders' speeches.

The school grove was quiet because most of the students and teachers had gone to the auditorium.

Perhaps it had just rained, so there was a faint smell of earth in the air, which was refreshing.

And just as Qiqi was walking alone in the grove, a man came up behind her and gently called out to her.

“Qiqi...”

Hearing the person’s voice, Qiqi froze. She thought she was hallucinating. But when she then turned around, she saw Yuqi behind her.

“Why are you here?” asked she.

“Last time I said I would give you chocolates, so I asked my friend to bring back several flavors of chocolates.” Yuqi said with a smile. Then he handed her the bag in his hand.

Chocolate! As soon as she heard it, Qiqi was inexplicably exhilarating. She took the chocolate box, opened it. It was filled with various colors of chocolates.

Qiqi swallowed involuntarily. “Can I only pick one?” She asked.

“If you like, you can take them all.”

Qiqi was very satisfied with this answer, but as a girl, she didn’t want to appear to be such a food lover.

“Then would I be too greedy?” She asked deliberately.

“This is originally bought for you. If you don’t want it, I’ll feel sad.”

“Thanks, then.” said Qiqi, smiling.

Qiqi couldn’t help but take a piece and put it in her mouth. “Hum, It’s really delicious!”

A box of chocolates could make Qiqi so happy, and Yuqi also felt very satisfied.

“It’s good that you like it.”

“I didn’t expect you to remember this.”

“I keep everything about you in my mind.” said Yuqi affectionately.

## Chapter 534 I Plan to Give Her a Surprise

Yuqi stared at Qiqi affectionately, which made Qiqi blush.

And Qiqi's shyness made Yuqi find her more and more interesting. He knew that if he confessed to Qiqi now, she would definitely reject him.

"I know you are busy preparing for your exams recently. After your exams are over, can you give me a chance to pursue you?" Yuqi suddenly said.

Yuqi's sudden change of topic made Qiqi a little overwhelmed. "Didn't I already make our affairs clear before?"

"But I remember that you didn't explicitly reject me. You just said that we were not good for each other. In that case, I still have a chance to pursue you, right?"

"I ....., " Qiqi frowned.

Before Qiqi could finish, Yuqi suddenly patted her head gently. "Just focus on your exam. Don't think nonsense." said he softly.

Qiqi hadn't thought about her relationship with Yuqi, but his words made her a little confused. She forced herself to behave naturally and not to think about it, but her face was still burning.

"Why is your face so red? Are you having a fever?" asked Yuqi worriedly.

"Uh, I might have caught a cold."

"Do you need to go to the doctor?"

"No,no, I'm fine."

"But you'll be taking the exam soon. You can't let the cold get to you. You'd better go to the doctor with me."

"See the doctor?" murmured she. If the doctor asked her what cold symptoms she had, Qiqi didn't know how to answer the doctor's question. "Am I going to tell him my face become red because I'm shy? Oh, god, I definitely can't go to the doctor." She thought.

"Qiqi, you ....." said Yuqi, but he was interrupted.

"What are you two doing?" said a girl loudly.

Then the girl angrily walked up to them, and Qiqi was startled by her.

She was wearing a baseball cap, black sunglasses and a mask.

Looking at her for a long time, Qiqi recognized her. She patted her chest. "Anna, you scared me. Why are you dressing yourself up like this?"

Anna took off her mask, took a deep breath, and then put it back on.

"There are fans chasing me. I have to dress like this."

"You're popular now. Congratulations." Yuqi teased

She frowned at Yuqi. "Why do you come here? Are you trying to pester Qiqi again?"

"We are just talking."

"I saw you just put your hand on Qiqi's head." Anna was a little angry.

"So what?"

"You ....."

Anna didn't expect him to admit that he was having intimate actions with Qiqi. She narrowed her eyes and was about to say something, but Yuqi suddenly stopped her. "Anna, keep quiet, someone is coming over there."

Anna turned around and found that people from the TV station had come.

She wondered where these people had gotten the information about her being at school. Were they detectives or reporters? She thought bitterly.

She gritted her teeth and turned her head to look at Yuqi. "Don't disturb her. She has an exam coming up and must concentrate on her revision."

"I know. Now she's not studying, so I visit her. I have some boundaries."

Qiqi was not in the apartment today and Yuqi just happened to meet her in the school. Was this really a coincidence? Anna thought.

"It seems that you know Qiqi's schedule well."

"No, it's just a coincidence that I ran into her here today." said Yuqi.

Anna glanced at him, and then took Qiqi's hand. "Qiqi, let's go!" said she loudly.

They two walked very fast, while Yuqi was following them not far behind.

Muyuqi always followed them, which made Xie Anna very angry. She planned to go back to her apartment instead of going back to the auditorium.

But even so, when Anna was driving, she still found Yuqi's car following them.

After she parked the car in front of her apartment, she glared angrily at Yuqi behind her. "Yuqi Mu, that's enough."

"I'm passing by here." said Yuqi casually.

"Nonsense, you're already driving to my apartment."

"Yeah, I'm just going to your apartment."

Yuqi ignored her, which made Anna feel humiliated.

She pointed at Yuqi. "Even if you're my husband's twin brother, I won't be nice to you."

Anna was so furious, but Yuqi still remained calm. He slowly walked past her. "Hurry up. Everyone is waiting for us right now."

"What do you mean? Who's waiting for us?"

"You'll know it when you come home."

Looking at Yuqi's back, Anna was very puzzled.

"Am I missing something? Why am I a bit confused about what he's saying?" She said to Qiqi.

Qiqi shook her head, indicating that she also did not understand him.

"He must be deliberately fooling us again." Anna said, "Come on, we won't go back. Just let him wait at the door by himself."

Then she turned around and was about to leave. But someone called out to her from behind.

"Honey, you're back!" said Yulin happily.

Hearing her husband voice, Anna turned back with a frown. "Why are you all here?"

Zhao Nangong rubbed his head shyly. "Today is the anniversary of my first encounter with Chuxue, and I plan to give her a surprise. Now I want to ask for you guys' help."

Anna now understood why these people were here at the same time. There was just no way for her to drive Yuqi away now.

She glared at Yuqi and then said to Zhao. "What do you need me to do?"

"I want to decorate the room, so I need some balloons, candles, and flowers. And a projector, I need to screen something."

"It's easy to buy things. I can take care of it. As for the decoration, we need your help." Jingan Ye said to Anna and Qiqi.

"No problem." Anna said.

"Thank you." Zhao smiled and said gratefully.

"You're welcome." Anna said. "You're quite romantic."

"Honey, if you want a surprise, I can prepare one for you as well." Yulin said suddenly.

However, based on Yulin's recent performance, Anna seriously doubted that his surprise was only a shock.

"You'd better not prepare it. I'm afraid I can't bear your surprise." Anna teased.

With Anna's support, Zhao looked more exuberant. "Then we'll go shopping now. I'll leave the decorating to you guys."

.....

Soon all the things Zhao needed were bought back.

In the room, Anna saw Yiyao arranging the vase, and then she immediately walked over. "Yiyao, don't be too tired. Leave these things to us."

"It's okay, I can do these."

"You're pregnant now. You need to rest more."

Then Anna took the vase away from Yiyao's hands.

Turning around, Anna was considering where to put the vase when she saw Yuqi standing by Qiqi's side.

Her face darkened. She was about to rush towards them. But Yiyao yanked her.

"You are now protecting Qiqi like an old hen, afraid that she will be caught by the eagle." said Yiyao, smiling.

"Yuqi is not an eagle but a fox. Qiqi will only fall for his tricks."

"But maybe Qiqi is willing to fall for his tricks."

Anna froze. "I don't know. Qiqi is too simple. She can't see his true face, so she will be deceived by him."

"That's the way things are with relationships. No one can tell who's right and who's wrong."

"I'm still worried that she'll be cheated by a man."

"But you can't protect Qiqi forever. You have to let her grow up. She has to learn to deal with emotional matters."

Hearing Yiyao's words, Anna was silent.

She turned her head to look at Qiqi, then hesitated and eventually didn't go over.

Although she didn't go to stop them from talking, but her eyes kept staring at Yuqi. As soon as he made any intimate moves towards Qiqi, she would definitely run over to stop him.

Muyuqi was very satisfied with just chatting with Qiqi up close. And Qiqi felt that Yuqi's care for her made her feel like she was a princess.

But Qiqi knew that she was not a princess but just a maid to the princess. So Yuqi's kindness to her made her very uncomfortable. She felt happy but at the same time, she also had a sense of loss. She didn't like this feeling. She would rather have never had him than be confused with when he would leave her.

While Qiqi was thinking, she stepped on a decorative ball. Suddenly her body fell backwards.

"Be careful!"

Qiqi, in order to keep her balance, reached out and tugged on Yuqi's collar, and then the two of them hugged each other in a very intimate position.

Looking at Yuqi's dark eyes, Qiqi's heart was beating fast. And Yuqi looked at her with affection, his eyes full of concern.

Time seemed to stand still as everyone stopped what they were doing. They all looked at Yuqi and Qiqi.

Finally, someone coughed lightly.

Anna glared at Yulin, and then she ran to Qiqi's side. "Are you okay?"

"I'm fine." said Qiqi. Then she stood up from Yuqi's arms, blushing.

"What exactly did I do just now? I actually fell into Yuqi's arms in public." Qiqi thought.

Yuqi leaned down to pick up the decorative ball. "Be more careful, or you'll trip and fall again." said he quietly.

Qiqi lowered her head and nodded gently.

Zhao looked around the room and saw that everything was ready. He suddenly clapped his hands.

"Everything is ready. Now we can call Chuxue and ask her to go back." said Zhao excitedly.

To divert people from her, Qiqi immediately raised her hand. "I'll make the call!"

"Do you know what to say?"

Qiqi nodded. "Of course, trust me!"

"Well, then, please."

Under the eyes of the crowd, Qiqi took a deep breath, took out her cell phone, and dialed Chuxue.

After the phone rang for a while, it was answered. Qiqi immediately asked, "Hey, Chuxue, where are you now?"

"I'm at the dessert store, what do you want?" Chuxue asked, puzzled.

"The water pipe at home suddenly leaked. Can you come and take a look!"

"Okay, I'll go back now. Remember to turn off the water gate first. I'll be right there." Chuxue said, and then she hung up the phone.

And Qiqi let out a long breath.

Anna looked at Qiqi teasingly. "Qiqi, you actually have a talent for acting."

### Chapter 535 Cram School

Hearing this, Yuqi Mu said in a serious tone, "Qiqi, if you are interested in this, I can invest to open a film company, and you will be the boss."

Well...

Yuqi was serious, while Qiqi felt embarrassed.

At some moments like this, Anna should keep quiet. But she really couldn't stand Yuqi's arrogant look, so she sneered, "do you think money is everything? Qiqi, however, likes to fight for something by herself, not by you."

Turning his gaze at Anna, Yuqi rebuked, "you do know her well, but in the future, I will know her better than you."

Well, he was too confident.

Raising her eyebrows, Anna said, "we'll see."

The important person was about to come back, but the two seemed to have a fight, which made Zhao Nangong a little impatient.

Yiyao Duan saw he was nervous, so she said, "it's almost time. Qiqi and Anna, you two stay here. Everyone else, in your positions."

As soon as he heard Yiyao's words, Zhao Nangong immediately cast a grateful glance at her.

And the others also tensed up. Anna and Yuqi temporarily put aside their problem and acted according to the plan.

Chuxue, knowing nothing at all, rushed back and saw Anna and Qiqi at the door.

"How is it? Is it still leaking?"

"Yes, but it got better now."

"I'll go and take a look."

Chuxue pushed the door and walked in, but the room was so dark that she couldn't see anything.

Hey, wasn't the leak, but why also blackout? No, it's daytime, so it shouldn't be so dark.

Chuxue felt that something was wrong, so she turned around to leave.

But she was pushed by someone and she stumbled and walked into the room. Then the door closed, leaving her alone in the darkness.

"You guys..."

Before Chuxue could finish her words, the projector in front of her began to work, and photos were played one by one.

There were photos about her and Zhao Nangong, laughing, full of happiness.

Chuxue pursed her lips, a little surprised and touched, but also doubtful.

Soft music was played and Chuxue got to recall the past happiness and warmth. She got soft.

Suddenly, the room was as bright as daylight, causing Chuxue to squint.

Looking forward, Chuxue saw a person, holding flowers, stand in front of her.

Chuxue laughed out, "Zhao, what are you doing?"

Zhao Nangong looked at Chuxue in a serious way and walked to her. Suddenly, he got down on one knee and took out a ring, saying piously, "Chuxue, marry me!"

After this, flower petals were falling down, like a dream.

Chuxue froze. After taking a look at the handsome Zhao Nangong, her families and friends full of blessings, and the camera, Chuxue began to cry.

Seeing she was crying, Zhao Nangong held her with concern, saying helplessly, "Chuxue, please. If you don't want to marry me, I won't blame you. Don't cry, OK?"

Zhao Nangong said, and reached out to wipe away her tears.

But Chuxue wouldn't stop, as if her tears were floating water.

Zhao Nangong got more and more panicked and people there were also in puzzlement.

Obviously, everything was going well, but why it was out of control at last?

Yiyao walked to Chuxue, reaching out to pat her. She asked in a gentle voice, with determination, "Chuxue, tell me, why are you crying? Don't you like this?"

"No, I...I like it very much."

"Then why are you crying so sadly?"

"Because..." Chuxue, who had just calmed down a little bit, got agitated again. With chagrin, she said, "I didn't put on makeup today, nor did I wear a nice dress, and my hair is still messy! At such a moment, I will look ugly on the photos."

Well, that's the reason.

Anyway, her such explanation made people in relief.

Zhao Nangong gently sighed in relief and comforted her, "you are the most beautiful girl in the world and even the tears are also beautiful. And you are not as awful as you think. You look good and your hair is not messed up. And I like it when you don't put on make-up. Everything is just right."

Zhao Nangong's sincere attitude convinced Chuxue, so she tilted her head and asked, "really?"

"Sure." Zhao Nangong took a deep breath and he looked a little nervous, "then Chuxue, will you marry me?"

Chuxue sucked her nose, showing a rare shy look, and gently nodded.

Once she nodded, the crowd breathed in relief, then they cheered and applauded, making the scene lively.

Zhao Nangong hugged Chuxue, full of gratitude.

After all the hardships, he, finally could have Chuxue.

Looking at the happy couple, Qiqi was truly happy for them.

Standing next to them, Qiqi tilted her head and said with a smile, "great, we're going to have a wedding soon."

Hearing this, Anna teased, "Qiqi, do you care about the wedding a lot?"

Qiqi didn't say anything with her tongue hanging out.

But someone didn't agree and immediately refuted Anna.

"I think there is nothing wrong with Qiqi's concern. The wedding symbolizes a blessing, and passing this blessing on is also a good wish of the new couple."

It's only a joke, but Yuqi got too serious about it. It was a little excessive.

But Qiqi didn't think so and she thought he was considerate, so she smiled gratefully at him.

And the interaction between the two made Anna speechless.

This guy stated to work on Qiqi and with no doubt, Qiqi would never notice.

Yiyao had told Anna to stop, but if she stopped, Qiqi would definitely be his slave.

But Yiyao also said that they couldn't always protect her and she needed to face something on her own.

They could offer her suggestions, but it's still her own life and she needed to make some decisions.

These contradictory thoughts made Anna struggle.

Seeing Anna frowning, Yulin walked to her and whispered, "what a happy moment, but why do you look so unhappy?"

Anna stopped looking at Qiqi and Yuqi and said, "nothing."

Although Anna didn't say anything, but Yulin knew very well what she was dwelling on.

Raising his hand to pat Anna's shoulder, Yulin said, "don't worry so much. Everyone has their own choices. And in most situations, one needs to face the risks. Why do you have to make things difficult for yourself?"

This was not what Anna liked to hear. She raised her eyebrows at Yulin and said, "you are men and of course you can say these so easily."

"How do you know Yuqi hasn't suffered?"

Anna laughed disdainfully and said, "of course he hasn't. This is with no doubt."

Yulin, however, shook his head and said, "only Qiqi eats well, sleeps well and what she needs to do is to study, right?"

"Yes."

“But Yuqi suffers more. For Qiqi, he can’t eat or sleep well. He missed her so much that he has lost some weight. Who do you think is suffering?”

“Really? Are you serious?”

“You don’t believe me? Ask Zhao Nangong.”

Anna was still skeptical, so she said, “you are bros and you will tell me the same. I don’t believe you guys.”

Yulin looked helpless and said, “honey, I tell you nothing but the truth. What can I get if I say something for him? Do you think I will offend my own dear wife for him? It’s impossible. I won’t do such silly things.”

This seemed to make sense.

“Now, I’m sure that Qiqi is someone special for Yuqi. Perhaps even Yuqi himself did not notice.”

Staring at Yuqi, Anna seemed to be considering something.

Seeing Anna seemed to believe his words, Yulin smiled and did not continue to talk about this. He held Anna’s hand and walked forward, “well, it’s time to eat some cake. Let’s go and try it.”

Following Yulin, Anna walked to the cake. Looking up, she saw the happy Qiqi and her face was as red as an apple.

And next to her stood Yuqi, focusing on Qiqi, with tenderness and softness in his eyes.

Looking at them, Anna frowned and there was something that she didn’t say in her eyes.

...

Because of the wedding, there were many things to prepare, so Chuxue then moved back home to live, leaving Anna and Qiqi in the department.

One was shooting and the other was studying and there was no time for them to take some rest. Though they met each other sometimes, they got no time for a good chat, for they needed sleep a lot. Anna also did not have time to talk to Qiqi about her and Yuqi.

They were busy, but someone got nothing to do. When Qiqi was at school, Yuqi would often come to see her.

Sitting in the study room, Qiqi took a look at her watch. When it was ten o'clock, someone came, just like the previous days.

As soon as the man appeared, there were students looking at Qiqi ambiguously, with some envy.

But this was not a good thing for Qiqi.

With her head down, Qiqi did not make any eye contact with him. Luckily, he also did not bother Qiqi and he just sat behind her, taking out his computer to deal with his official matters.

What's wrong with him? Qiqi knew that Yuqi was here for her.

But he didn't say anything while just silently sitting behind. He sometimes gave her some water or some desserts and this was just right. Qiqi wouldn't be bothered or got depressed.

But Qiqi did not want Yuqi to do so. She couldn't give him the answer he wanted, so why did he still be so nice to her? He would only make her blame herself and make himself waste time.

Taking a deep breath, Qiqi decided to make it clear later, telling him not to come tomorrow.

Then Qiqi buried herself in studies.

Soon, it was noon.

Everyone packed up their things and prepared to go to the cafeteria for dinner.

Qiqi also packed up her things, but she didn't plan to go to the cafeteria for now, for she had something to say to Yuqi.

Turning around, Qiqi looked at the man behind her with a serious look.

"I have something to say to you." "I have something to say to you."

The two spoke at the same time, which made Qiqi cringe, like a deflated ball.

Yuqi smiled, and his eyes were filled with gentleness.

"This time, let me say first." Then he handed her a flyer, introducing, "this is a course for post-graduate entrance exam. I hear the teacher is famous, so I apply for it. I'm wondering whether you're interested or not."

Taking a look at the flyer, she got surprised.

"It's more than famous. Every student preparing for the exam all hear about her. The passing rate is super high, but the number is limited every year, so many people can't don't have the chance."

"So, do you want to go?"

Qiqi nodded and said, "of course I want to go."

"Then do it. It starts next week, for a month, no contact with the outside world. When it is over, it's time for the exams. I guess, you will improve greatly."

To be honest, Qiqi was very interested in it. But she also knew that it cost a lot.

"But it must be very expensive."

"You don't need to care about the money. You can still earn it when it's gone, but if the opportunity is gone, no money can buy it."

Yuqi's words made sense. Qiqi thought about it and said, "then, after my exams are over, I will work hard to pay you back."

"Let's talk about it when the exam is over. By the way, are you going to eat now?"

"Huh? Oh, yeah."

"I'm also hungry, so since I did you such a big favor, there's nothing wrong for you to treat me today, right?"

Qiqi smiled brightly, "of course, let's go, let's go. I'll treat you whatever you want."

"I have a meeting in the afternoon and I'm afraid I don't time to go out for lunch. Let's just go to the cafeteria and eat some."

"Well, that's good. Although our cafeteria is crowded, there are some delicious food still. The taste is very good. You can order some then."

"Okay then, thank you for treating me today."

Qiqi smiled and walked with Yuqi side by side, completely forgetting that she needed to draw a line with him.

The cafeteria was already crowded, and when Yuqi appeared, he was naturally being focused.

### Chapter 536 Honey Trap

Qiqi was all thinking about what she was going to eat and she didn't have time to care about others' reaction.

There were many people in the stall, so Qiqi asked Yuqi Mu to wait there while she went to the queue.

Yuqi looked around and said, "I don't know what to order. I trust you, since we have similar tastes. I will like what you order."

Fearing that there would be more and more people in the cafeteria, Qiqi then turned around and rushed into the crowd, searching for food.

Yuqi was sitting there alone. He was in a suit, sitting straight, who was out of place here, the noisy cafeteria.

People passing by would take a look at him out of curiosity, but no one dared to say hello to Yuqi.

But someone went forward after spotting him. He came to him and just sat down.

"Hello, Mr. Mu. What brings you here?"

Seeing the director, Yuqi said calmly, "I come to see my girlfriend and I'm going to eat with her. It's not for business, so don't get so nervous."

"Ah, all right." Seeing there was a book for post-graduate entrance exam on the table, he got to know something and asked, "Is Qiqi planning to study for the exam?"

"Yes."

This answer offered him an opportunity to show his ability, so he said, "oh, Qiqi has excellent grades and good performance, so she can just keep studying in our school."

"As far as I know, her goal is not our school. And I also hope that she goes to a better school with her own efforts. At least, there will not be teachers and students who do not know right from wrong."

Yuqi's words made the director flush.

Then Qiqi returned with some food. She marched off through the crowd, and then placed the plate on the table.

"Excuse me, here is..." Before Qiqi could finish her words, she saw the director turn around.

"Sir."

When she saw the director, Qiqi got a little nervous. And it was the same for the director.

"Oh, Qiqi, how are you doing these days? How's your preparation for your exam? Sit down and eat."

The director got up and offered her a seat. He then patted her shoulder, as if he thought highly of her.

Qiqi nodded and said, "it's fine. Thank you."

After he left, Qiqi let out a long breath, then asked Yuqi, "what is he doing here?"

"How should I know? Maybe I don't look like a student, so he came over to make sure I'm not a terrorist."

What a joke. The director was flattering when he saw Yuqi was here, so he must know who he was.

But since Yuqi did not want to say more, Qiqi stopped asking. What she wanted now was to eat and she didn't have time to think that much.

Pushing the plate forward, Qiqi smiled and said, "these are all my favorites. I hope you like them."

Yuqi looked at the dishes and they indeed looked good, making him feel satisfied.

But Yuqi did not choose, but nodded and said, "they look great."

"Of course, these are all my favorites, because I don't know what you like, so I ordered one of each."

"Then pick one you like most."

This trapped Qiqi in a difficult situation.

These were all her favorites, so it's hard to choose the one she liked most.

Seeing Qiqi was in a dilemma, he smiled and got up to get two clean bowls and handed one to Qiqi.

“We split, so that we can eat all of them.”

Qiqi slapped her head and laughed, “yeah, you’re so smart.”

“Obviously you’re the silly one.”

“Hey, it’s my treat, but you’re talking about me like this? It isn’t very decent, right?”

“That’s true. I’m sorry for what I’ve said.”

“Good.”

Qiqi used a spoon to divide each dish into two, and then she ate her own one with a contented look.

But without eating, Yuqi looked at Qiqi and smiled.

“Hey, why don’t you eat?”

For Yuqi, as long as he could watch Qiqi eat, he would feel at ease. Besides, she was much more charming than food.

But he wouldn’t tell Qiqi, otherwise, it would only scare the silly girl away.

Picking up his chopsticks, Yuqi ate slowly, which was in stark contrast to the gobbling young girl.

But such two people were not weird. On the contrary, in some ways, they matched each other. One fast and one slow, perfect.

The people passing by envied a lot.

They thought that Qiqi was only something new to Yuqi and after a short time, Yiqi would be fed up with her. Prince Charming and Cinderella only existed in fairy tales.

However, Yuqi’s various consideration and tenderness to Qiqi, not only embarrassed them, but also made them doubt whether he was a playboy or not.

Yuqi never cared about what people think. At this moment, he was planning something else.

“By the way, the cram school, Anna won’t object, right?”

Qiqi shook her head and said in an affirmative tone, “no, Anna also knows how rare such an opportunity is and will definitely support me.”

“Well, that’s good.” Yuqi ate slower and said, “I think she is busy lately. Yulin is complaining about it.”

This made Qiqi confused and said for Anna, “what? Anna is not wasting time and she is busy with her career.”

“She is busy with her career, but she doesn’t care about her husband at all. If this continued, they will have some marital troubles.”

Yuqi’s words made Qiqi scowl and asked, “did Yulin say something to you?”

“He did say something. You are Qiqi’s good friend, so it would be best to tell her this. Career and husband, she should balance them.”

Qiqi, with a serious look, nodded and said, “okay, I see.”

“It’s not a bad thing for a woman to have her own career. It’s just that she should at least care more about her family, don’t you think so?”

Qiqi still looked serious and gently nodded.

“Besides, Yulin has some pressure from his parents.”

This made Qiqi get to know what he was saying and asked, “pressure? What’s that?”

“Ye family wants to have their grandchildren, as well as my parents. They don’t know that the two are not living together. If they know, Yuli will be in trouble.”

This made Qiqi feel deeply guilty.

If it wasn’t for her, Anna wouldn’t have been separated from Yulin. Even if the two were busy, they still had the opportunity to see each other every day.

Thinking of this, Qiqi really did not have any appetite, so she put down the chopsticks, looking depressed.

But Yuqi did not stop talking. He looked down and said with complain, “when they got in trouble, every time I would suffer too. It’s really none of my business.”

“Why would you suffer?”

“Everyone around me has married, and I’m the only one with no wife, so of course I suffer.” Saying that, Yuqi looked up at Qiqi with sincerity, “to be honest, I also want to

settle down, but the girl I fancy is always like the wind. I really don't know what to do to make her stay."

Yuqi's eyes were clear and firm, as if it has some magic that could draw people in completely.

Qiqi gawked for a moment, and then, she suddenly felt something inside.

She knew that she would fall for him.

But she couldn't. Yuqi was a monster that she should never get closer to him.

After taking a deep breath, Qiqi looked away, a little wretched.

Just now, Yuqi found Qiqi's struggle and hesitation. Perhaps with a little more effort, he could make this girl tell the truth.

But...

Yuqi was not willing to give up, but Qiqi seemed to have pulled herself together, smiling at Yuqi, "didn't you say there is still a meeting in the afternoon? Hurry up."

"I..."

"Well, I'm done. Take your time."

Saying that, Qiqi picked up her school bag, running away.

Looking at Qiqi's back, Yuqi sighed.

Tonight—

Qiqi stood in the kitchen, cooking some sweet soup and waiting for Anna.

But when she was cooking, Qiqi got lost in thought and couldn't help but think of what Yuqi had said to her. She then laughed or scowled sometimes, even herself didn't notice.

Qiqi was so absorbed that she didn't even notice Anna's return.

Anna was very tired, but after smelling the soup, she cheered up. Following the aroma, she got into the kitchen. But the soup in the pot had overflowed, and Qiqi stood there, like a wood.

Anna went over to turn off the switch and wiped off the spilled soup with a rag.

When Qiqi came back to her senses, Qiqi screamed and then cleaned up the mess.

Anna frowned and asked, “what are you thinking about?”

Qiqi looked down and said with embarrassment, “nothing, just the exams.”

“Then be careful, it’s dangerous just now.”

“I see.” Qiqi gave her a bowl of sweet soup and smiled, saying, “Anna, have some sweet soup.”

Anna originally wanted to complain, but seeing Qiqi’s pleasing look, she just let her go.

Taking the bowl, Anna asked, “why don’t you sleep?”

“After doing two papers and drinking a cup of coffee, I cannot sleep.”

“Drinking coffee? You should know how to fend for yourself. Look at you, you’ve lost weight again.”

Anna then pinched Qiqi’s chin and shook it.

“Me? Aren’t you the same? So much work. I just can’t understand why you became a workaholic after you got married to Yulin?”

Anna sat at the small table in the kitchen, looking tired, but her eyes were bright.

“I was always afraid that I was not good enough for Yulin and I would have low self-esteem, and always wanted to use external things to strengthen myself. But then I figured out that everything is just nothing, and the only thing that can really defeat me is myself.”

“That’s why I have to keep making myself excellent, busy and strong. Then I won’t be afraid of being compared to anyone else, and I won’t be suspicious because of others’ meaningless actions. Then Yulin and I can be forever.”

Looking at Anna’s confident and calm look, Qiqi smiled and said, “Anna, you are incredible.”

“As long as we have a goal and are willing to work hard for it, we will be incredible.”

Qiqi suddenly thought of what Yuqi said during the day, so she hesitated for a moment and said, “you are very good now, but don’t forget to spend more time with Yulin. After all, you are newly married, so it’s not good to separate for a long time.”

"He's very supportive. It's okay. Besides, we have phone and video contact during, so we're good. You know what, it's called hunger marketing, so he..."

Anna still wanted to say something, but she found Qiqi was confused, so she shook her head; "forget it. It's not something you should know."

Qiqi was a little confused, but she was very insistent, "But if others know this? Rumors are terrifying and you will never know what people will talk about you."

"Now, rumors will not knock me down again."

"What about Yulin's parents? You will even not care about them?"

"Why do you say that," Raising her eyebrows to look at Qiqi, Anna asked, "did you hear something?"

Qiqi was guilty, so she looked away and said, "ah, nothing. I'm just worried about you. It's not what my in-laws want to see. You are too busy."

"Don't worry, they are very open-minded. I met with them when Yulin and I came back and they are very supportive of me pursuing my career. My mother-in-law will even talk about showbiz gossip with me. She's a very sweet person."

"They didn't stop you?"

"No."

Why her words was not the same as what Yuqi said.

Qiqi got confused, and after a moment of hesitation, she asked, "then will they complain about you behind your back?"

"My mother-in-law is straightforward and would not do that kind of thing. If they really have any complaints, they will just talk to me."

"But, this kind of thing, it's embarrassing to just tell you. It's true that they will speak to Yulin, but he loves you so much that he may not tell the truth."

"Believe me. This will not happen, I know my man very well, and also believe my in-laws." Anna put down the soup bowl and asked, "it's weird. Why do you recognize that my in-laws have said something about me?"

Qiqi smiled awkwardly and said, "someone who marries into a rich family is often to see to be bullied and that's what happens in TV dramas. I'm worried you'll suffer the same thing."

“Don’t worry. I know what to do. If this happens to me, I’ll definitely find a way out. Now, I’m not that silly girl and I know how to protect myself.”

Hearing Anna’s confident and powerful words, Qiqi took a look at her and found that Anna seemed to have changed somewhere.

After a moment of confusion, Qiqi said, “I feel that you have grown up very quickly and are no longer that simple and naïve schoolgirl. At this moment, you are the queen. Even if you stand next to Yulin, you will still shine brighter than him.”

### **Chapter 537 Qiqi, Struggling**

Anna was stunned and then laughed out. She patted Qiqi’s head, saying, “thank you. It’s sweet of you.”

“I’m just telling the truth,” Qiqi said with a serious look, “I’m happy to see you get stronger and stronger.”

Patting Qiqi’s shoulder, Anna smiled and said, “you too. You work so hard and you will definitely get good grades and get into the school you like.”

Hearing this, Qiqi sighed and said, “hey, although I studied hard, I haven’t seen much progress. You see, I’m going to a cram school.”

Anna did not have any objections, nodded and said, “it’s good and you can study with people like you. You can learn from each other and then you will benefit you a lot.”

“I think so. But it lasts one month and I cannot have any contact with the outside world.”

“That doesn’t matter. As long as you can get good results, it’s doesn’t matter at all.”

Seeing that Anna didn’t object, Qiqi was relieved and laughed, “I know you’ll support me. Yuqi is really small-minded.”

This time, Anna said nothing.

She turned her head to look at Qiqi and asked, “wait, what does this have to do with him?”

Without thinking too much about it, Qiqi directly said, “he gives this opportunity. I wanted to apply for that, but there were too many people and I didn’t even get a chance. With his help, I got the opportunity to participate in the training. This time, I’ll cherish it.”

Anna laughed and said, "oh, I see."

"I'm glad you agree, so I'm going to take a shower first."

"Well, go ahead."

Having a good mood, Qiqi was even more relaxed than ever.

But Anna was not so. She scowled and wondered what Yuqi wanted.

...

This day, Anna got a day off, so Chuxue Ye asked her friends to come out.

But when it's the time, they realized that someone was missing.

"Hey, where is Qiqi?"

Putting down the tea cup, Anna explained, "Qiqi went to a cram school and she will not be able to contact us in a month."

"Oops, a month? I miss her now," Chuxue calculated the time and said with a raised eyebrow, "so, when she finishes the course, won't it be time for the exam?"

"Exactly."

Chuxue shrugged and said, "she doesn't have much time left. I'm a little nervous."

"Don't be. Though Qiqi sometimes looked not very reliable, when it comes to important things, she will make it right. I trust her."

This was true. She wouldn't mess it up when it's a pivotal moment.

Supporting her jaw, Chuxue sighed, "when Qiqi is free again, we need a celebration party. Recently everyone is so tired and we need time to relax."

This made Anna smile, "Qiqi is preparing for the exam, so she is. I work so hard, so I am. Yiyao is pregnant... But you, the bride-to-be, why are you tired?"

Once Chuxue heard this, she widened her eyes and began to complain.

"Do you think it's easy to prepare for the wedding? I am dying. The dress, the suits, the guest list, the hotel and the wedding company... I literally don't want to think about these things."

Looking at Chuxue in anxiety, Anna smiled and said, “but you’ll enjoy it. You only have once.”

“Hey, I just want to quit.”

“Nonsense. Zhao Nangong will be sad if he hears so.”

“Hmph, I don’t care at all. I’m just very tired and irritable. I just want to find someone to fight to vent.”

Hearing this, Yiyao shook her head with a smile, “I have a suggestion. Let me tell you.”

Anna and Chuxue were there waiting.

“When it’s over, we can go on a trip together, a small island. There is no work or anything tiring, only waves and sea breeze, starry sky and vast ocean. We can catch little crabs bare footedly, paint and sleep.”

This made the two got interested in, and a picture seemed to appear before their eyes.

Cupping her jaw, Chuxue was looking forward to it.

“This is a good idea. Isolating from the world... we can throw away all the fvcking things.”

“I also think it’s great. We can also go fishing and do BBQ. What a self-sufficient life.”

“BBQ? I’m good at it. You will love it.”

Chuxue was confident, but Anna still remembered the Terrible cuisine that Qiqi mentioned, “forget it, you better not do it. I don’t wanna die.”

“Come on, can we not mention this anymore?”

Chuxue was a little awkward while the two were laughing at her.

Just when they were talking and laughing, several girls next to them were whispering.

Finally, summoning all the courage, one stood up and walked to Anna, “excuse me, are you Anna?”

“Yes, I am.”

The girls blushed as soon as they heard that.

“Yeah, Anna! I really like you in ‘Goodbye, Next Tomorrow’, can you sign it for me?”

“Sure.”

They got excited. However, Chuxue’s words made them even more jubilant.

“Do you want to take a picture with us?”

“Really? Thank you so much!”

A girl took out her phone and handed it to Chuxue. They gathered around Anna and smiled happily.

After taking the photo, Chuxue handed the phone to them with a warm and generous smile.

Looking at them, Anna smiled and said, “she is the owner of the dessert place. You guys should come here more often in the future.”

“We will. The boss is beautiful and kind and we’ll take more friends here.”

Getting the autographs and photos, the girls left in satisfaction.

Chuxue smiled at Anna and teased, “you’re really famous now. Even my friends are asking me about you, hoping to have a meal with you or something. But seeing that you’re so busy, I’ve turned it down for you.”

“I don’t want to make it difficult for you.”

“Hey, it’s not a big deal. But you, in the future, wear sunglasses or something, otherwise more people will gather to watch you.”

Yiyao smiled and asked, “how does it feel after turning famous?”

“It’s not bad. I’m happy to see that my work liked by everyone.”

“Good.”

Anna smiled with some relief and said, “after experiencing a lot, I don’t care about that much. On the contrary, I try to hold on the things that are really important to me.”

Chuxue nodded and said, “yes, that’s true. It really makes sense. Now, few people say that you are Yulin’s wife, but say that Yulin is the husband of the star Anna. In the past, the news would only say that the end of the rich bachelor’s single life will make girls heartbroken. But now, they don’t understand why you get married so early at such a young age.”

Anna laughed at them and said, “people are fickle.”

"It's your efforts that made them change. The process was hard, but you did it."

"Yes, we know how hard you've worked, and you deserve all this."

Anna covered her face and said, "oops, thank you so much. Thanks for always being with me."

Chuxue suddenly took out her phone and said, "come on, Anna, take a picture with me. I want to put it on my Facebook, so that others will envy me."

But Anna blocked the camera and said, "I don't want it. You are prettier than a star and it will make me embarrass."

"Don't be. Come on."

When they were having a happy time together, Qiqi now was struggling.

Although she would meet some friends here, there were too many awesome people. Compared to them, Qiqi was just a beginner. They were too smart.

Looking at others' mock exam grades, Qiqi lost much confidence when she found she got a quite low mark.

God, why did she have to face this? She thought she was doing well before, but now it seemed that she was deceiving herself.

Qiqi was much behind them, so she got more and more depressed. For a long time, she didn't even smile.

Although Qiqi was not in a good state, people around her knew this.

However, those who came here to study were all for the exam, so how could they have the time to comfort a competitor they didn't know very well?

Therefore, Qiqi became more and more silent and inefficient.

When Qiqi felt that she needed to fix herself, she immediately stopped all her work and left the classroom, intending to go to a place where no one was around to empty herself and then pull herself together.

At this moment, it was already dark, and Qiqi was lying on the grass behind the classroom, with her arm behind her head. Looking at the starry sky, she got better.

Looking at the sky, Qiqi felt she was very small, as well as her distress. She felt easy and relaxed.

However, Qiqi began to think of a person that she should not think. She was curious, at this moment, what was he doing?

Thinking about it, Qiqi had an illusion and a man was standing at her feet, looking down at her with a smile.

Qiqi sighed and then looked away, mumbling with her eyes closed.

Yuqi deliberately came to see her, but what was her reaction? She took a look at him and then she just ignored him?

Feeling funny and also helpless, Yuqi asked, "it's time for study, but why are you here?"

Hearing his voice, Qiqi sat up immediately and stared at Yuqi with surprise.

"What? Am I a ghost?"

"Is it really you?"

"If I'm not myself, then who I am? What's going on? Silly girl?"

Realizing it was indeed Yuqi, Qiqi blushed and looked down, "Ah, I just...just didn't expect you to be here."

"I'm passing by, so I come to see you. How are you? Everyone is inside studying, but why are you here?"

Thinking about her terrible state, Qiqi felt a little sorry.

Yuqi asked others for help so that he could give her this valuable training opportunity. But she ran out to slack off when everyone was studying. She really messed everything up.

Yuqi must feel very disappointed with me her.

Qiqi looked down and said in a hoarse voice, "it's a little stuffy inside, so I came out to get some fresh air. I'll go back later."

Seeing Qiqi was a little down, Yuqi asked, "you don't look very well. Did something happen?"

"Nothing, it's just that...a kick in my head. I'll be back soon."

Then Qiqi got up and was about to leave.

But Yuqi tugged her hand and said in a gentle voice, "Since you need some rest, sit down and talk to me. Take it easy."

Qiqi really didn't want to go back, so after hesitation, she nodded and asked, "kick in the head? Is it because other their grades are better than yours?"

Qiqi nodded and asked with some embarrassment, "should I accept the fact that they are stronger than me?"

"It often happens. But you should know that there are always people who are better than you. It will be really exhausting if you want to defeat everyone. Besides, none of us urge you to get the first place or anything. Just try your best."

Yuqi said jokingly, but his words indeed lessened her anxiety. She laughed, "are you comforting me, or looking down on me?"

"I'm just telling the truth. Don't push yourself so hard. Just try your best and there is no need to compare yourself with others. You just need to be better than before, then the cram school works, and that's why I applied for it."

Taking a deep breath, Qiqi found herself in a much more relaxed mood, and her sorrow and nervousness had gone.

Actually, Yuqi was very good at comforting people. In a short time, he caught the point and solved Qiqi's problem.

Clenching her fists, Qiqi seemed to come back to normal. She looked at the sky and said, "you're right. My enemy is myself, and only I can defeat myself. I will definitely become stronger and better."

Looking at Qiqi's confident look, Yuqi smiled with squinting eyes. He looked at her with endless tenderness.

He then reached out to pat Qiqi's head and said contentedly, "Qiqi, I trust you. I'm glad that you are full of energy so quickly again. I'm happy."

Yuqi's action was a bit ambiguous, which made Qiqi blush immediately. She suddenly had a feeling of being pampered.

But Qiqi thought that it was an illusion, so she immediately dodged and shook her head, forcing herself not to think about it, and then changed the subject.

"By the way, what are you doing here? It's so late, or for work?"

"No, I'm here for you."

### Chapter 538 Tempt Qiqi with Food

His straightforwardness made Qiqi in a mess again, though she just fixed herself.

She didn't dare to look at Yuqi's eyes, which were full of deep affection, so she looked away, not knowing what to say.

Yuqi admitted that he was deliberately making fun of her. He just liked to see her a little careful and shy.

But Yuqi also knew when to stop. If he pushed her so hard, she would be like an ostrich, burying her head in the sand.

Then Yuqi said, "I'm worried that you cannot eat well here, so I brought you something delicious."

Food!

This made Qiqi's eyes light up.

She couldn't get out, so naturally no one would be allowed to go out and buy any snacks.

The foods here were simple and monotonous, and she could only not feel hungry. Qiqi, who loved to eat, must be longing for food. In addition to making some progress, she hoped to eat her favorites.

So, once she heard this, Qiqi became curious and asked, "where is the food?"

"I've brought too much for you and I think it will be caught. I don't want you to be in trouble, so I leave it in my car. Come with me. They are studying now, so they won't notice us."

"Is there a lot?"

"Yes. Chips, beef jerky, cookies, bread, peanut beans...oops, a lot, and I cannot remember what else. Anyway, there is a whole box."

Qiqi gulped, hoping she could get the food as soon as possible.

She had been depressed for the past two days, and her bad mood had affected her appetite. Besides, there was really nothing good to eat here, so she didn't eat well.

Now thanks for Yuqi's enlightenment, she was in a better mood and her appetite is recovering. As soon as she heard there was something delicious, she desperately wanted it.

Looking at Qiqi's such look, Yuqi patted her head and said, "let's go, my car is parked over there."

Then Yuqi took her there. Without considering too much about Yuqi and her, she just followed. For food, she would care about nothing else.

Yuqi's car was parked under an old tree at the entrance, shaded by the tree, so few people passed by.

Qiqi was thinking all about the delicious food, so she didn't notice Yuqi's gaze.

"Thanks..."

Qiqi was about to express her gratitude when Yuqi dragged her and held her in his arms.

This was so sudden that Qiqi froze and forgot to even resist. Or rather, she was not willing to resist at all.

His embrace was very warm, making Qiqi feel that it was a sweet harbor. It could be her shield, giving her the courage to face the difficulties in life.

Here, Qiqi didn't have to pretend to be strong. She could laugh or cry at any time. She didn't have to pretend, but to be the most real self.

If it was possible, Qiqi would really like to hide away like this for the rest of her life.

But she knew such warmth wouldn't last long.

His love could be given to many people, and she was only one of them.

But Qiqi was not willing to be the one, but the only one. She wanted all his love.

So, knowing that Yuqi could not give her what she wanted, she should stop all this.

Closing her eyes, she pushed him away all of a sudden. Looking down, she was lost.

Her getting away made Yuqi lost, as if he had lost something, or being abandoned.

Pursing his lips, Yuqi wanted to question Qiqi. But looking at Qiqi's lost look, Yuqi frowned and sighed.

Then, he came back to normal and said jokingly, "it's not very polite to ask your weight, so I can only use this way to know whether you are fat or slim."

Since Yuqi wanted the embarrassment to disappear, Qiqi was happy to cooperate with him, "so am I fat or slim?"

Yuqi rubbed Qiqi's cheek and said, "you've lost some weight, so you have to gain more when it's over, otherwise you won't be pretty."

Breaking away from Yuqi's arm, Qiqi frowned and said, "nonsense, it is said that a good girl should not be over 50 KG, so it is better to be like this."

"Have you not heard the rest of the sentence? If she is not over 50 KG, either flat-chested or short. But I believe that you are definitely not the first kind."

This made Qiqi flush. Scowling, she retorted, "Yuqi, bad boy."

"Yes. But you are a rabbit, so I haven't shown who I really am. I don't want to scare you."

"What about now? You've changed your mind?"

"I have no choice. Anna will never allow me to be a gentleman, for she will always catch me. In that case, I'd choose to tell you this by myself."

"Well, then, now you did it. I know who you are now."

Yuqi smiled and turned around to open the trunk of the car, taking out the box.

"Originally, I wanted to get you more, but the box is too big to be put inside my car. So, just eat and I'll come back with more when you finish it."

Seeing the delicious food, Qiqi was no longer mad at him. Instead, she nodded with a smile.

Seeing her like this, Yuqi said, "go back quickly. I won't see you off."

"Sure, thank you. it's not far away. Then I'll go back first. Drive carefully."

"Okay."

Holding the box, Qiqi was satisfied.

Yuqi, however, who was watching her go away, gradually lost his smile.

Just now, he really wanted to take Qiqi away and stuff her into the car, regardless of the exams, Anna, and others' opinions. He loved her and he wanted to be with her.

This idea was so crazy that it would definitely scare her, so Yuqi could only suppress himself. He didn't even dare to get closer to Qiqi again, fearing that what he did would make things worse, thus destroying the relationship between him and Qiqi.

Therefore, he could only let Qiqi leave, so that he could calm down instead of doing something too much.

But Qiqi did not know Yuqi was struggling. At this moment she was in a joyful mood, smiling.

Before she could return to the dormitory, she suddenly saw the teachers on night patrol and was so scared that she immediately hid herself.

If the teachers saw the snacks, they would definitely confiscate them.

Qiqi would definitely cry out, for she didn't eat any of them if they were confiscated just like that.

So, she must guard her snacks.

Pursing her lips, Qiqi took a few steps back, intending to leave from the other side.

There was no street light on that path, so few people passed by on weekdays, and Qiqi walked with fear.

Under the moonlight, the shadows of the trees were waving. The wind was so strong that everything was shaking. At a such night, people were always careful.

Holding the box tightly, Qiqi was getting more and more nervous, so she walked faster.

But the faster she walked, she stumbled more often, and she almost tripped several times.

But luckily, after the intersection, Qiqi could slip back to the dormitory.

Bending down, Qiqi moved faster.

But things were against her wishes.

"Who's there?"

Someone shouted behind her, but the voice was gentle and soft.

But for Qiqi, it was the voice from hell.

God, why should she be caught when she was almost there?

Qiqi began to blame herself, but she had to face it.

Turning around with her head down, Qiqi held her box tightly and begged, "I'm sorry. I made a mistake. Please don't confiscate my snacks, okay?"

The one laughed and then said, "if you keep saying in such a loud voice, your snacks will be confiscated when teachers hear you."

His relaxing tone made Qiqi stunned and she came back to her senses.

"Jake!?"

The boy standing in front of Qiqi was young, but he was a teacher here.

He and Qiqi were alumni, but now he was a post-graduate student and he comes here to work part-time after school.

Because of his excellent grades and rich experience, Jake was able to teach here at a young age, just like other teachers.

He was very popular among students, especially the girls, because he was handsome, taught well, and had a lot experience. In addition, Jake was good-tempered, and everyone had a good relationship with him, seeing him as a friend.

Because they were from the same school, Jake paid more attention to Qiqi.

He thought Qiqi was a little cute dummy, but she was also determined.

Now, Qiqi's shocked and hopeful gaze made him not want to confiscate her snacks, so he smiled and said, "pack up your things and get back. Remember, this will not happen again."

Jake's words made Qiqi in great relief, as if her execution was canceled.

The happy Qiqi bowed to him and thanked them. She turned around with the box in her arms, ready to leave.

But after several steps, Qiqi turned around again, taking out a bag of chips from the box, and stuffed it to Jake.

"This is a thank-you gift. Thank you!"

After saying that, Qiqi ran away.

Looking at her back, Jake shook his head.

When she returned to her dorm, Qiqi's roommate had not yet returned, so she stuffed the snacks into her locker, which was just big enough.

Taking out a bag of beef jerky, Qiqi chewed it contentedly. The satisfaction made Qiqi feel refreshed and she was full of energy.

Feeling full, Qiqi seemed to have been reborn and was in a very good mood.

Opening the book, Qiqi concentrated on it.

At this moment, she wouldn't be affected by others' grades. What she wanted was to be the best Qiqi.

...

Lunch break was the most relaxing time for students, because there was an old TV in the cafeteria that would broadcast some news while students were eating.

And this was one of the few ways for students to relax.

The fried rice in the cafeteria was hard and dry, and Qiqi forced herself to eat every time.

Others seemed to have their own ways. Some just swallowed it with water.

Suddenly, an entertainment news was broadcast on TV, which attracted everyone's attention.

The TV was broadcasting an entertainment feast, which was an awards party. Gentlemen and ladies dressed in glamour, with decent and generous smiles.

The camera suddenly changed the direction and focused on Anna.

She covered her lips, looking shocked.

It turned out that she won two awards—the Best Newcomer and the Queen, which was considered as a miracle in the entertainment industry.

When Anna went on stage to receive the award, her eyes were slightly red, but she was calm.

The brief speech was just three minutes. And Qiqi knew how hard she worked for this.

Qiqi stood up and said with excitement, "Anna is incredible! Now, she can hold her head high."

The girl next to Qiqi asked with a smile, "you sound like you know her very well."

The students who are studying here came from all over the country and were not familiar with each other. They just thought Qiqi was bragging.

And Qiqi got serious and said, "we know each other very well. She is my best friend."

"If you are really good friends, then please ask her to sign it for me, with 'wish Yiwen Wang, the best of luck.'"

"No problem."

"Me too. Me too. 'wish you find a good husband as soon as possible'."

"Does this mean that the dream will definitely come true? Then I want 'wish you win \$10 million'."

"You guys are too much."

Seeing they were laughing and joking, Qiqi frowned and said, "hey, you guys don't believe me? Come on."

After saying that, Qiqi got up and left with her dinner plate.

Looking at Qiqi's back, those who were just joking were still a little puzzled.

Qiqi loved joking a lot, and she she shouldn't be angry about this.

After leaving the cafeteria, Qiqi walked to the pay phone and thought about it and called Anna.

"Hello?"

Because Qiqi was using the pay phone, so Anna didn't know who she was. That's why she asked politely.

"It's me. Anna, you busy now?"

Getting to know that was Qiqi, Anna relaxed and said with a smile, "I'm waiting to come to the stage. Why do you call me? Is something happening?"

"No, I'm good. I saw the news about your award and I was happy for you, so I called you to congratulate you."

Anna smiled happier and said, “thank you. I’m also very happy to win the award.”

“I know. It’s your dream as an actress. You are now getting closer to your goal and I believe your future must be bright and infinite.”

“You too, my future agent. Keep moving on. In the future, with you, I will not be afraid of others to give me unfair terms or set me up.”

“Sure. I will.”

“Ah, I gotta go now. I’m going to shoot.”

“Well, take good care of yourself.”

“You too.”

Hanging up the phone, Qiqi felt extremely satisfied.

Although it was hard now, they were both fighting for their dreams.

Anna has already achieved something now, so Qiqi had to work harder.

Qiqi clenched her fist and cheered herself up.

Jake passed by and saw Qiqi standing at the phone, so he asked, “Qiqi, don’t you have any change to call?”

Hearing Jake, Qiqi came back to normal, shaking her head back, “no, I’ve already called.”

“Calling your boyfriend?”

Chapter 539 Bribing the Senior

Qiqi smiled and rubbed her hair, and said, “Eh...no, i am calling my classmate. And I don’t have a boyfriend.”

“The guy who brought you snacks that day, isn’t he your boyfriend?”

Qiqi was a bit stunned. She then waved her hand and said, “You mean Yuqi Mu? Oh no, he’s just a friend of mine.”

"I can see that he's into you. He's rich and powerful but he gives you things secretly. I guess, he could easily make the best teacher here pay extra attention to you and teach you."

Jake's words made Qiqi puzzled.

"Jake, how do you know..."

"A limo car was parked outside of the school gate the other night, and you happened to have received something. Hmm, it's not hard to guess."

Oh that's why.

Qiqi lowered her head and said, "He thought I was too tired from schoolwork and wanted to help me relax. I am just a plain student. Even the best teacher cannot enlighten me. They would only get frustrated by my silliness."

"Ha, you don't have to such things about yourself. I've checked your grades. You've made great progress, compared to what you were when you first came here. You are quite potential. Keep it up and you'll be surprised at your achievement at last!"

He's telling the truth or not, Qiqi did not care. She was totally encouraged by him and felt thrilled in her heart.

Qiqi squinted her eyes, "Jake, you are such sweet person."

Qiqi's words made Jake serious. He said, "I am here to help you study. I am not your therapist. I job includes analyzing the advantages and disadvantages for my students. I won't be confident unless I have enough reasons. You are really excellent. It's just you haven't see it in yourself. So, be confident. You can be better!"

Hearing this, Qiqi put away her smile and started to feel shocked at what a decent and powerful guy he was!

"Thank you," Qiqi paused, then she took out a pack of tofu snack from her school bag and handed it to Jake, "Here you are."

Jake finally failed to maintain his serious look. Looking at the snack that Qiqi gave to him, he burst into laughter.

"Qiqi, you want the whole school to know you've brought snacks?"

"But that's all I can offer you!"

"There's something else."

“What is it?”

“After the night class, there’s still half an hour before the bedtime. I can make use of the time and help you with your study.”

Hearing this, Qiqi nodded first then she shook her head hurriedly.

“What, you are not okay with that?”

Qiqi looked confused and said she said, “Jake, are you offering to help me or asking me for help?”

“Hmm, I’d be glad to help you make progress, because your success shows how good I am as your teacher.”

“But...”

“It’s a deal. You know you still have a long way to go to catch up with others. So as not to embarrass our school, you need to work harder.”

Qiqi was quite impressed when she heard Jake’s words.

Thinking of what she had been through, Qiqi sighed, “If only my schoolmates were as kind as you...”

“What do you mean by that?”

Qiqi hurriedly waved her hand and smiled, “Oh, nothing. I mean, I will treat you to dinner if I can pass the post graduate exam.”

“Well, I’m counting on that! I want to eat the hotpot outside of our school!”

“Have no worry! Eat as much meat as you want!”

Qiqi smiled. Her eyes looked like the moon in the starry sky, which made people happy and want to smile with her.

...

Jake is a gentle guy, but he was rather strict when he tutored Qiqi. Qiqi would be scolded if she made a mistake.

So, when studying with Jake, Qiqi was very cautious. She was so concentrated in that thirty minutes, not daring to be distracted at all.

Though tired, Qiqi felt the process went quite effectively. With the help of this strict teacher, Qiqi progressed quickly.

However, in other people's eyes, it's a different thing.

Qiqi got back to the dorm before the lights went out, looking tired.

The other girls in the dorm started to tease her.

"Qiqi, have you finished your study today?"

"Yes."

Qiqi answered weakly and threw her schoolbag on the desk, too tired to move.

A girl got close and said, "Hmm, you have such a handsome guy tutoring you! You are making us jealous!"

The other one also said, "Yes, I was planning to ask him out for coffee the end of this term. Hmm, it seems I don't have a chance now."

Qiqi frowned. She looked at the two and said, "What are you talking about!"

"Come on! Jake is into you! We all know that."

Hearing this, Qiqi immediately showed a serious look and said, "Bullsh!t! He won't be interested in me!"

"Well, then why is he tutoring you everyday, alone?"

"It's because we are schoolmates."

"He's from my city, and he should pay more attention to me! Come on, quit denying. It's okay to admit that you are in relationship. You are old enough."

"Besides that, Jake is handsome and competent. Though he's only a teacher now, he will make a difference in the future. You are so lucky!"

"What? Can't I be better?" Qiqi shook her head and said, "Hay! He's really not my boyfriend. We are not into each other. Besides, I like someone else."

Qiqi was surprised when she said that. She did not expect herself to say something like that.

Qiqi already got an answer in her heart. But she kept avoiding and denying.

But her real thoughts were easily revealed when she's mentally off-guard.

It upset Qiqi. She couldn't understand why she failed to control her feelings. She had conquered the difficult math problems, those endless English words and the boring Politics, but how come she couldn't control her heart?

Qiqi bit her lips and there's frustration in her eyes.

But the two girls were quite interested. They asked, "Huh? Really? Who is he?"

Qiqi looked awkward. She lowered her head and replied, "Em, just a friend. I am not that close to him."

"Huh? You like someone you are not close to?" Clearly, they didn't buy it. They asked, "Is he more excellent than Jake?"

Qiqi shook her head, "No, not at all. He's not excellent and he's a playboy, and everyone knows that. He doesn't deserve his achievements at all. Anyone can do better if in his position. Though he likes me, it won't last long. You know, feelings come and feelings go."

The girls looked unsatisfied, "How can he be better than Jake?"

Qiqi shrugged and said, "I don't want to compare the two. I tried to control myself not to fall in love with him but I failed again and again."

Seeing how upset Qiqi was, the two did not ask any more. One said lightly, "Truly, you can't reason when it comes to love. And, girls love bad boys."

Is that really so?

Qiqi knew the answer, but she just didn't want to admit it.

Yuqi Mu, in Qiqi's eyes, has got something that other don't. maybe that's how Qiqi was so deeply attracted to him.

But Qiqi, at the moment, was like an ostrich, burying her head in the sand, not daring to face her real heart, and of course, refusing to admit her feelings for Yuqi.

While Qiqi was in thought, one girl capped her hands and said, "Wow, so, it was him, the guy you like, who brought you the snacks, right?"

Qiqi got alerted right away. She hurriedly sat up straight and asked cautiously, "How do you know about the snacks?"

"Come on, the dorm smells like dried beef and potato chips! We've got good noses!"

Qiqi's face blushed immediately. She lowered her head and said, "I still have some left here. Would you like to have a taste?"

"Of course! The food in the school dinning hall is driving us crazy! We have been wanting to eat something different."

"Hay! I had to control myself not to search your closet for snacks!"

"Hurry! The lights will go out soon!"

Qiqi smiled and took the snacks out of the closet. She poored them all on the desk.

Now she no longer had to eat the snacks secretly. She felt so much happier when sharing with her friends.

Indeed, happiness doubles when you share.

The girls who admired Jake was smiling while eating, "Hmm, I thought Jake gave you these snacks. It's good that he's not the one. That means I still have a chance to ask him out!"

"Don't dream! Don't talk like you would have a chance if he were single!"

"I do stand a chance! I will grab every chance and try my best! Jake will be mine sooner or later! You'll see!"

"Keep that up in your school work, then you'll do better in the exam."

"Why do you keep mentioning the unpleasant things?"

Seeing how happily they chatted, Qiqi felt herself quite lucky. Her new friends were warm-hearted and positive, which made her a happy person again. She needed those positive power.

It's just...

Chewing the chips in her mouth, Qiqi couldn't help thinking about that man. She did not know what to do about it.

So as not to cause any unnecessary trouble, Qiqi did not go to see Jake any more in the following two days.

Since rumors started to spread, Qiqi decided to keep a distance from Jake. She did not want to cause any trouble for Jake.

However, somebody got unhappy.

After lunch, Qiqi decided to take a nap and memorize some English words afterwards.

But as soon as she walked out of the dining hall, she ran into Jake.

They looked at each other and the atmosphere was somehow embarrassing.

“You did not come to study. Why?”

Jake said lightly. It was hard to tell what emotion he had. He talked naturally as if he was talking about the weather.

Qiqi scratched her head and said, “It’s good to study in my dorm, too. I don’t want to bother you.”

“Do not get lazy for the little achievements you’ve had. Keep working!”

“I will.”

“Then tonight, the usual place. Be there or be square.”

Huh?

Qiqi thought she said it quite clearly already. Jake should have got mad or upset. Why was he still offering to help Qiqi with her study?

Qiqi blinked and said, “Jake...”

“Anything important?”

Hesitating for a while, Qiqi decided to be honest with him. After all, he had the right to know.

Qiqi took a deep breath and cheered herself on, then she said, “There are rumors about us. I think it would be better if we just stop studying together now.”

“What rumors?”

“Eh...eh...”

Qiqi was too embarrassed to say it.

She felt she was only embarrassing herself by mentioning it, after all, Jake was such an excellent guy while she’s just a silly girl.

Seeing that Qiqi was stuttering, Jake said laughingly, “They think I like you?”

Hearing this, Qiqi laughed with embarrassment. She hurriedly waved her hand and said, "Oh it's nonsense! How is it possible that you..."

"But I do like you!"

Jake blurted it out.

Qiqi was dumbfounded.

"What?"

"You are so cute! What's wrong with liking you? Besides, it's normal for me to like my students, otherwise how could I be of help with your studies?"

"Jake..."

Jake talked so frankly that Qiqi felt a bit awkward.

She lowered her head and said, "Sorry, I misunderstood you."

"you silly girl! Quit thinking about it. We can't stop people from talking about us. The most important thing is we feel innocent in our hearts. If you start to avoid me because of their rumors, they will be so happy! Do not pay attention to what they say. The rumors will be gone finally."

"You've got the point."

"Everything will be okay. No one can defeat you as long as you have a strong heart."

Hearing Jake's words, Qiqi sighed lightly.

Seeing her upset look, Jake asked, "Why the long face?"

Looking back to those dark days, Qiqi's eyes got red. She said, "If only I had known you earlier, so that you could be of help, guiding me through the darkness and saving me from those painful moments..."

Then she shook her head quickly and changed her tone, "Anyone, let bygones be bygones."

Jake was silent for a while, then he said with pity, "You've been through some hardships."

"That's why we call it life."

"It's hard to believe you are actually saying these wise words."

### Chapter 540 A Hard Question

“Are you praising me or are you mocking me?”

“Whatever you think it is, do not be absent again tonight.”

Facing the invitation, Qiqi hesitated a bit and did not respond to Jake right away.

Jake seemed to have sensed Qiqi's concern. He added, “There will be other students tonight. You don't have to feel embarrassed about it.”

Someone else would be there, too? So it meant that Qiqi wouldn't be alone.

Thinking of this, Qiqi giggled in relief.

“Jake is such a gentleman! He's so considerate. He can be a great boyfriend.” Qiqi thought to herself. But it's a pity that Qiqi's heart was occupied by someone else, otherwise she would be totally obsessed with Jake.

Seeing Qiqi's smile, Jake said, “No more worries huh? Will you be there?”

Qiqi shook her head, “No more worries. I will be there on time.”

“Great. Off you go.”

“Okay.”

Qiqi turned around and left. After a few steps, she turned back and said to Jake smilingly, “Thank you, Jake.”

Jake pouted, “Silly girl, you don't have to say thanks. I am your teacher!”

His words wipe all Qiqi's concern away. She was no longer alerted or embarrassed.

Ever since that day, Qiqi had continued to study with Jake.

There were three more students, with whom Qiqi made a group, so that they could help each other with their studies.

There might be rumors about Jake helping Qiqi, but when they saw the other three students and their grades, they understood it all.

Jake was really helping with the students who had trouble studying.

So everyone stopped spreading rumors, instead, they all started to admire Jake for being a responsible teacher.

A potential storm thus died down.

But the potential storm had caused Qiqi to feel guilty for Jake. She blamed herself for listening to the rumors, which almost caused her to fail Jake's trust.

Therefore, she worked harder than anyone else to pay back Jake's kindness.

While she was buried in study, someone seemed to feel ignored.

Not having been able to see Qiqi for almost ten days, Yuqi Mu could no longer resist his yearning for Qiqi.

He decided to go meet Qiqi at night so as not to disturb her in the day time while she's studying.

But Qiqi wasn't in her dorm.

He was told that Qiqi was still studying with a tutor.

Hmm, it's almost eleven at night. What a hardworking girl!

Worrying that Qiqi was too tired, Yuqi headed to the teaching building.

There was only one classroom with the lights on, and Yuqi had no difficulty finding Qiqi.

Outside of the window, he watched the girl he loved.

"Hmm, did she get thinner? She's not eating well? Why can't she take care of herself?" Yuqi complained in his heart.

Qiqi, at the moment, seemed as if she's trying to work out a difficult problem. She frowned while she was writing something on the paper. Then she lost her patience and started to draw madly on the paper. Yuqi saw her pouting her lips.

Her childish behavior made Yuqi laugh. Then he laughed at himself for how deeply attracted he was by her, as he considered Qiqi to be cute even when she's mad.

But the next moment, a boy came close to Qiqi and said something to her smilingly.

Qiqi lifted her chin and responded to him. The boy then explained to her the difficult problem patiently. He even slowed down several times just for her to digest the knowledge.

With the help of the boy, Qiqi finally worked out the problem and showed a cute smile.

And the boy patted Qiqi on the head lightly. It looked so intimate.

seeing the scene, Yuqi showed a sullen face. He kept his mouth tightly shut and stared at the boy coldly.

The boy would sometimes help the other students, but not as gentle and patient. He only smiled to them politely.

What the smiles meant, Yuqi knew it clearly.

Soon they finished studying. The students all left and went back to their dorms.

Qiqi was about to leave too but Jake called her name.

“Qiqi, wait for me. Let’s go together.”

“Go together?”

“Yes, it’s my duty today in the dormitory building. We are going to the same direction.”

Hearing it, Qiqi smiled, “Okay.”

The two walked side by side, and they would sometimes talk. What a harmonious scene!

Qiqi need this, after a whole day’s tiring study.

That’s why her smile looked extremely warm and bright, as if all her pressure was gone with in that smile.

All of a sudden, Jake stopped walking. Qiqi looked at him in confusion. Then she noticed Jake was staring at someone in front of them coldly.

Qiqi was a bit stunned when she saw the man.

“Yuqi?”

Yes, it was Yuqi who was standing in front of them.

He looked at the two with no emotion on his face. Then he fixed his eyes on Qiqi and asked her, “It’s so late. Why are you still outside?”

"I just finished studying."

"Just finished? As far as I know, the night class was already over."

Qiqi disliked being questioned like this, with this tone. But with Jake standing beside her, she could not get mad. She had to control her temper and said, "Yes the night class was over, but my teacher tutored me for extra hours."

"Your teacher?"

"Yes, he is my teacher, as well as my senior."

Then she introduced Yuqi to Jake.

However, Yuqi had no intention of knowing this boy. He just observed him up and down and turned his head away.

But Jake was rather polite. He said to Yuqi smilingly, "Hi, are you Qiqi's friend?"

"We are more intimate than that."

Actually, Yuqi had wanted to say he's the boyfriend, but he did not want to irritate Qiqi, so he gave an ambiguous answer.

But the answer made Qiqi blush. She urged him, "Yuqi, talk properly."

"I am talking properly!" Yuqi started to pretend to be innocent, "I've brought her something to eat. I can't bear to see her suffering."

Qiqi frowned. She raised her voice and warned him, "Yuqi, do not talk nonsense. Bring food here is not allowed here!"

"No?"

"No!"

"Then from now on, I say yes."

Seeing that Yuqi was being so unreasonable, Qiqi was about to explode.

"Yuqi, this is too much!"

Yuqi said calmly, "You don't like the food here, and I am only making a change for you. Why don't you let me?"

"I...I'm here to study, not to enjoy! I can go home and enjoy, but this is the school!"

In Qiqi's heart, Jake had paid a lot attention to her. She did not want to be treated differently. She wanted to try her best to study, so as not to fail Jake.

But Yuqi came and tried to embarrass her! What a friend!

But Yuqi had to admit that Jake looked more qualified to be with Qiqi, as he considered he had nothing but money.

Qiqi and Jake were about the same age and had the same dream...Yuqi just couldn't wait to tear them apart!

Yuqi lifted his proud chin and said coldly, "You can eat as you want while you are studying."

"It's not just about eating! You've crossed the line!"

"You are the first person to describe me like this. Hmm, it feels good to cross the line for somebody!"

Qiqi almost cried when she saw how self-centered Yuqi was.

"I mean it! I am not joking!"

"I know."

"You...I don't want to talk to you! Jake, let's go!"

Qiqi was so angry and was about to leave.

Jake glanced at Yuqi lightly and followed Qiqi.

How could Yuqi just watch his beloved one leaving with another man? he could rush to Jake and grab him by the collar and teach him a lesson.

But he didn't. he just stared at Qiqi while she walked, and raised his voice, "I had the snacks sent to your dorm already!"

Hearing Yuqi's words, Qiqi almost fell.

He must have said it on purpose, to embarrass Qiqi!

As soon as she entered her dorm, her roommates rushed up to her and said excitedly, "Qiqi, we have a lot of snacks here! Our dorm is like a shopping mall!"

On Qiqi's desk, there were two big boxes in which there were snacks of all kinds and from all countries. They looked so inviting!

But Qiqi showed no interest in them at all. She said lazily, "I know."

Her coldness did not stop the girls from gossiping. She asked, "Are these snacks from the guy you like?"

Qiqi immediately jumped up and said, "I take back what I said last time! I don't like him any more!"

Qiqi's reaction shocked everyone. With confusion, they asked, "How come? You don't like him bring you these wonderful snacks?"

"No! He's such an arrogant and overbearing guy! His so called kindness can only cause trouble for people! I don't like him, not at all!"

Hearing Qiqi's words, the girls looked at each other and said, "Hmm, they must have had a fight."

A girl said while chewing the snacks, "Look at all these snacks! Come on, just forgive him! If someone would care to buy me so many snacks, I would marry him!"

Qiqi frowned and said, "Where are your principles?"

The girl took a box of chocolate and her eyes were glittering, "This chocolate bar costs two hundred dollars, and this is my principle. I am fortunate enough to have a taste of it. I shall have no regrets!"

Qiqi was so generous and said directly, "You can have them all if you like."

"Really?"

"Of course! Chocolates give me toothache."

"Ha! Thank you then!"

"You can take whatever you like!"

"Wow! Thank you!"

The girls picked their favorite snack while Qiqi was sitting there angrily, not even wanting to look at the snacks."

The second day...

Qiqi did not sleep well. She felt dizzy. She was so sleepy during classes.

It was time for lunch but she had no appetite. All she wanted was a good sleep, otherwise she wouldn't be able to make it through the whole afternoon.

At the moment, students were all in the dining hall. Few people were around the dormitory building.

So anyone showing up in that area would easily catch people's attention.

Like now, Yuqi stood in front of the dormitory building straight, looking at Qiqi smilingly and gently.

He acted like nothing had happened, with smile and love in his eyes.

But Qiqi looked like a giant panda, with dark circles around her eyes.

They stood a few steps away from each other and frowned.

Yuqi was the first one to break the ice. He said gently, "Do you like the snacks?"

How dared he mention it!

Qiqi got so angry when she heard Yuqi mentioning it.

"I gave them to my roommates. I didn't eat them at all."

"Why! They are all your favorites! Have you changed your taste? I'll send some more today!"

"Yuqi, stop pretending to be innocent! I'm here to study! I don't want to be treated differently! You will only cause trouble for me!"

Seeing Qiqi like this, Yuqi raised his eyebrow and said, "Hmm, you know you are here to study!"

"What do you mean by that!"

"Nothing. You totally forget what you are doing here when you see a handsome guy!"

Yuqi sounded so jealous, but it seemed he did not realize that.

He was not that successful man any more at the moment. He was more like a little boy.

However, Qiqi noticed Yuqi's strange behavior. She held his fists tightly and said, "Explain to me! What do you mean by that?"

"You are so silly. You followed that guy, thinking he wants to help you. Look at how silly you are! It'll be too late when you realize that!"

Qiqi was stunned at how jealous Yuqi was. She asked, "Do you mean Jake?"

"Yes, you are not that stupid!"

Qiqi was so helpless, "Jake is my tutor, that's all. What are you talking about! You are humiliating me as well as Jake as a teacher!"

Yuqi did not pay attention to Qiqi's explanation at all. Instead, he laughed scornfully, "A man comes to you with no evil intentions? Come on! I can tell from his eyes that he gets close to you wanting something!"

Whenever Yuqi thought of the scene that Jake touched Qiqi's hair, he would go crazy.

But Qiqi found it hard to understand Yuqi. In his eyes, Yuqi could do much better than getting jealous. He kept finding fault with Jake!

But Jake was innocent! She explained again, "Jake just wants to help me with my study! That's all! Do not have any filthy thoughts about that!"
