Chapter 541 Yuqi Got Angry

Seeing that Qiqi kept defending that guy, Yuqi Mu was extremely angry. His voice turned cold instantly, "I am not thinking too much. I wish you had a chance to see what he really is, but I won't give you the chance to."

Feeling the murderous anger in Yuqi's tone, Qiqi got nervous and asked, "What are you going to do?"

"I don't like that guy. I hate him harassing you for all kinds of ridiculous reasons. Of course I won't allow him to stay here around you."

Yuqi sounded so overbearing and Qiqi was trembling because of anger. She said furiously, "Yuqi, if you dare to be filthy, I won't talk to you any more! And I will never forgive you!"

It was the first time that Yuqi had heard Qiqi talk to him like this. He got stunned first, then he showed a sullen face.

"You are talking to me like this, for another man?"

Qiqi was a bit intimidated by Yuqi, but she wasn't intending to look weak. She insisted that she's right. She lifted her proud chin and said, "It doesn't matter who he is. I just don't like you when you are so unreasonable and self-centered. Do not bully the weak just because you are rich and powerful!"

As soon as she finished talking, Yuqi's fist came at her.

Qiqi was dumbfounded, thinking he would teach her a lesson. She even closed her eyes.

But the fist did not fall upon Qiqi.

Qiqi opened her eyes slowly, meeting Yuqi's angry eyes.

In his eyes, Qiqi could see the image of herself, intimidated and panicked.

Qiqi also saw a broken heart of Yuqi. It made her hard to breathe.

Qiqi was trapped between his arms which held straight against the wall. Yuqi looked like a wounded lion. He roared, "I love to be unreasonable; I love to bully the weak and I love to do whatever I want to do; I would love to handle things with money instead of using my brain!"

Yuqi's words stung Qiqi's heart. She asked him, "Are you using the same trick on me?"

"I have given my heart to you! You know it but you keep avoiding it! You are making me into this overbearing and unreasonable man!"

Qiqi wanted to get angry but she just couldn't. seeing the poor man complaining in front of her, she suddenly pitied that man.

He knew it, that Qiqi had been avoiding him this whole time...

Seeing that Qiqi was not talking, Yuqi got closer. He frowned and asked, "Why are you not talking? You were having a lot to say just now. In your heart, I am nothing but a scum bag, right?"

"No!"

"What? You don't think I am a scum bag or you don't think I like you?"

Yuqi was so close to her that she could feel his hot breath. It made her uncomfortable.

She had to step back and avoided looking him into his eyes. She said, "You...do not stand so close to me...I feel hot."

"Answer my question."

"Hay! What question?" Qiqi pushed Yuqi hard and frowned, "Do you feel good teasing me?"

Seeing that Qiqi's face blushed, Yuqi knew that she actually had feelings for him.

The sudden discovery made Yuqi a bit thrilled.

Yuqi showed a serious look. He still looked Qiqi in the eyes.

He said, "I am serious. My feelings for you are true. I can't bear to see another man around you, trying to hit on you."

Qiqi did not know how to explain it. She said, "But I don't like him! Whatever he does, he won't get my heart!"

"Really?"

"Why do I lie to you?"

"But a girl like you, should admire those who are tidy and polite, gentle and excellent, right?"

Hearing Yuqi's words, Qiqi sank into silence.

While waiting for Qiqi to reply, Yuqi held his breath, feeling so unconfident in his heart.

He was thinking in his heart, that if Qiqi should dare to admit that she had feelings for that guy, he would break down!

Qiqi looked up and said, "In my eyes, he's just an excellent senior. I am only studying from him. That's all."

On hearing the answer, Yuqi raised the corner of his mouth, "You don't have feelings for him? Not at all?"

"No, not at all."

"Why?"

Oh my god, why did Yuqi keep asking! Qiqi started to get impatient.

She frowned and said, "Why do you have so many questions? One after another, are you done yet?"

"Of course I have to make sure you are telling the truth."

"You are crazy! Why do I lie? It's a waste of my time!"

"It's for me to judge. Hurry, tell me why you won't have feelings for him!"

"I don't want to tell you!"

"Then you were telling a lie!"

"No!"

"Then tell me the truth!"

"What truth! The truth is I like you!"

Qiqi got so impatient and annoyed by Yuqi. She did not even realize what she just said.

Both of them got stunned there.

Yuqi was smiling with his mouth wide open while Qiqi was about to cry, blaming herself for being so stupid.

At the moment, Yuqi's concerns were all gone. He leaned closer to Qiqi and asked smilingly, "Qiqi, what did you say?"

Qiqi was so regretful that she wanted to take her words back.

"I just can't be more stupid! He doesn't even need to question me! I just told him the most important thing!" she blamed herself.

She thought she was in charge of the situation by blaming Yuqi for how controlling and overbearing he was, but at the moment, she was totally exposed to him, by herself!

Qiqi was about to spit blood. But she still pretended to be tough, "No. You heard it wrong."

"No I didn't. you just said that you like me. So, does it mean that you agree to be my girlfriend?"

"Bullsh!t! I did not say yes to you. I am just too tired from studying. I did not mean to say those words. Forget about it. Eh, I need to go back. Do not come to annoy me before my exams!"

Then Qiqi turned around and ran towards her dorm.

Watching Qiqi leaving, Yuqi raised the corner of his mouth, "Hmm, this girl finally knows my heart! It's worth the effort!"

With two hands stuck into his pockets, Yuqi shouted, "Qiqi, tell me you would, after the exam!"

"I would my a.ss!" Qiqi complained in her heart and hurriedly ran into her dorm.

...

Yuqi did leave her alone after that day.

But Qiqi's kept thinking about him.

She always thought of what she said that day then started to get regretful.

Jake noticed her strange behavior. He came to her one day after night class.

"What's the matter with you? You look so distracted these days while studying."

Qiqi was embarrassed and smiled, "Huh? Did I?"

“You are not focused when you memorize the English words. And you are always absent-minded in class, it’s not good.”

Hearing Jake’s words, Qiqi started to feel guilty.

She lowered her head, “I get it. I’ll adjust myself.”

“The exam is just around the corner. Focus, nothing is more important than that.”

“Yes, I know.”

“Tell your friend not to annoy you before the final exam. Every time he comes here, you would get deeply affected. It’s not okay.”

Qiqi was silent for a while, then she said, “I’ve already told him. He won’t come.”

Jake nodded, “It’s not that I want to interfere with your personal life. I just feel...he’s not the right one for you.”

Qiqi was a bit surprised. She looked up and asked, “You know him?”

“I am not interest in financial field, but it’s not difficult to know who he is.”

Qiqi laughed and said, “You are right, Yuqi and I are from two different worlds.”

Jake showed a serious look and with a rather mean tone, he asked, “That’s not the point. The point is, are you ready for a gambling? Do you know what you’ll lose in it?”

“Gambling?”

“Yes. It’s an act of gambling, your relationship. If you win, then you’ll live happily ever after; but what if you lose? Can you afford to pay the price?”

Qiqi lowered her head, then she shook her head, “I...I have nothing to lose.”

“Yes you have.”

“What is it?”

“Your precious heart,” Jake looked so serious, “you’ve been through those heartbroken moments, feeling unwanted and misunderstood, right? How did it feel?”

Jake’s words made Qiqi silent. And when she looked up, there’s sadness in her eyes.

Seeing Qiqi like this, Jake’s tone got soft, “I didn’t mean to make you sad. I just want you to feel happy. Use your brain, not your heart. Yuqi will use all kinds of tricks to get

you. You won't even be able to escape from him. He may look like he's offering you a chance to choose, but he's manipulating you, making you think that you want to be with him."

Qiqi got dumbfounded. She suddenly had a bad feeling.

"Did Yuqi lead me to say those words? If so...if so..." Qiqi suddenly panicked. She looked so helpless.

Jake knew that he had to reveal the truth to her, however embarrassing it might be. She had to face it. No one else could be of help.

Jake could stay indifferent if it's another girl. But he just could bear to watch Qiqi suffer. After all, she's such a happy and positive girl.

"Qiqi, are you regretful?"

Hearing Jake's words, Qiqi felt so confused, "Of what?"

"Of meeting someone like him."

Qiqi got silent then she smiled, "No. If it had been for him, I wouldn't have had a chance to meet so many good friends with whom I created a lot of good memories. Those memories, bitter or sweet, I consider them to be the arrangements of fate."

Jake was impressed by Qiqi's words.

He tried to hide his feelings surging in his eyes. Finally he said, "You are so positive."

"Ha, that's the last weapon I've got left."

"Then keep it up. Try your best for the exam. Do not let those things affect your future."

Qiqi nodded, "I know. Thanks for reminding, senior."

"I am glad you listened."

"You care about me. I know."

"Good. Off you go."

Qiqi nodded and left.

But as soon as she turned around, she took away her smile.

Even an outsider could see things clearly. How could she still dream about unrealistic things? She liked Yuqi, but they were really from two different worlds!

Thinking of this, Qiqi started to blame herself.

But only three minutes later, Qiqi started to cheer herself up again, with both her fists held tightly.

“Anyway, forget all about this. Let me handle the exam first.” Qiqi said to herself.

And the review for exams began...

...

After the review, the final exam finally came.

Qiqi was trying her best in the exams, and her friends felt nervous for her, too.

In the afternoon the next day, Chuxue Ye, Anna Xie and HYiyao Duan were sitting in the cafe, chatting while waiting for Qiqi to finish her exams.

Time went by little by little. Chuxue looked at her watch and frowned, “The exam is about to be finished. I wonder how Qiqi is doing.”

Anna tried to call Qiqi but she was told that Qiqi’s phone was shut.

She said calmly, “Maybe it’ll take longer to restart her phone.”

Chuxue stretched her arms and yawned, “It’s finally over! Shall we hold a celebration for Qiqi?”

“Maybe a feast suits her better.”

Chuxue thought and said, “I agree. She must want a feast. Let me make a reservation. Let’s have a good dinner tonight. It’ll be my treat.”

Hearing this, Yiyao asked, “Shall we invite others?”

Yiyao said “others”, but Chuxue knew clearly who she meant for.

Chuxue licked her lips and shrugged, “One or two more is okay with me. But it’s Qiqi’s big day, I won’t let anyone ruin her good mood.”

“You are right. We just want to have fun together. No one will cross the line.”

Since Yiyao said so, Chuxue could not go against her. She just nodded and sipped her coffee.

But coffee and desserts had been finished, Qiqi was still not here.

Chuxue got impatient and said, "She should be able to use her phone now."

"Let me call her again," Anna Xie took out her phone and dialed Qiqi's number again.

This time, the phone got through. Anna raised her eyebrow and said to Chuxue, "Yes, it's ringing."

Chuxue sighed in relief. She was going to call the police. Because it's not normal for Qiqi to get lost right after the exam.

Besides, she had gone through something unhappy. No one knew how much more she could take and what would happen if she should break down again.

While Chuxue was sunk in her thoughts, Qiqi's excited voice came.

"Hi, Anna!"

"Congratulations! Finally it's over! How did you do in the exams?"

"I feel good."

"You sound relaxed. You must have done a good job. Oh, Chuxue will treat us to a feast. Come!"

Hearing this, Qiqi said unwillingly, "Maybe some other day."

"We are going to eat your favorite food – spicy hotpot!"

Anna tried to lure her with hotpot, but Qiqi just laughed, "What a coincidence! I am eating hotpot right now!"

Other people's voice came while Qiqi was talking.

"Miss, this is the beef and Beef Strip you ordered."

"Okay, put it down here."

The voice of the waitress stunned Anna. She said, "That voice sounds so familiar!"

"Yes, I'm having hotpot, near our school. She's the boss here."

"Ah! How can you not invite me along!"

The hotpot in the restaurant was Qiqi and Anna's favorite.

Anna's mouth was watering!

Qiqi said while boiling mutton, "You are a big star now. You cause attention everywhere you go. I won't be able to enjoy my food if you come."

"Qiqi, are you picking on me?"

"No no, I am joking."

Though feeling unhappy for not having the chance to enjoy the hotpot, Anna stopped worrying about Qiqi when she heard Qiqi's relaxing voice.

"Anyway, you owe me a hotpot!"

Qiqi sighed and said laughingly, "Why do I always owe people!"

"What do you mean? You are not alone?"

"Of course not! I am too happy to eat alone!"

"Then who are you with?"

Looking at the boy in front of her, Qiqi smiled and said, "He's my fellow classmate Jake. He has helped me a lot with my study. Thanks for his help, I feel I did well this time in the exam."

Anna did not remember hearing Qiqi mention someone called Jake. She got curious, "Jake? Do I know him?"

"Maybe not. He's senior to us. He's a post graduate student of D university when we came to the school."

"D university? So cool."

"Of course. Jake is so good that can be a good example for me."

Qiqi's exaggerated tone made Jake a little bit lost with saying: "Qiqi....."

He had wanted to stop her from bragging because he felt embarrassed.

But somehow his voice sounded so intimate. Anna heard it and felt it too on the other side of the phone.

Qiqi did not notice it at all. She just stuck out her tongue and said to Anna, "I have to go. Let's have lunch some other time."

"Okay, enjoy."

Then they ended the call.

Anna looked a bit serious and concerned.

Chuxue and Yiyao saw her face and they started to get nervous.

"Anna, what's that look?"

Anna frowned and said, "I have a hunch..."

"What is it?"

"There's a rival for Yuqi Mu, I'm afraid."

"Huh?"

Chuxue and Yiyao were both surprised. They couldn't understand why Yuqi suddenly had a rival after a normal phone call.

Anna thought for a while then she looked at the two and said, "Do you want to have a look at Yuqi's rival?"

"Is it possible?"

"I know where they eat. Let's go now. We should be able to meet them there."

Chuxue felt so excited about it, so she nodded hurriedly.

But Yiyao stopped them.

Anna knew what Yiyao was going to say, so she frowned and said, "Sister Yiyao, maybe you think we are doing this because we are bored, but I am worried that Qiqi might make a wrong choice just to avoid Yuqi."

Yiyao shook her head and said lightly, "I'm not trying to stop you. I just want to remind you that you should disguise a little. Do not let them recognize you."

Er...

Anna and Chuxue looked at each other and smiled.

Then Anna nodded and said, "Don't worry. I am good at it."

At the same time, in the hotpot restaurant, Qiqi put down her phone and continued to boil mutton.

It had been a long time! After the tough time preparing for the exam, Qiqi really missed the food here. She felt her soul was flying every time she took a bite.

Jake asked Qiqi smilingly, "Who were you calling?"

"You're not gonna believe this. She's my good friend as well as a big star. Anna Xie!"

"Okay."

"Okay? Nothing else?"

"Should I say something else? Sorry I don't know much about her."

Qiqi tilted her head and said, "Others would laugh at me! They think I'm bragging."

Jake looked at Qiqi gently and said softly, "I'm not someone else. I know you. You won't brag. I believe you."

I believe you...

The simple words stunned Qiqi. It took her a while to recover herself.

Seeing Qiqi's reaction, Jake took away his smile. He asked, "Qiqi, what's wrong? Did I say something wrong?"

Hearing Jake's voice, Qiqi got herself back. She lowered her head awkwardly and said smilingly, "No. I just feel we should have met each other earlier."

"It's still not too late."

Jake could see the sadness hidden in Qiqi's eyes.

Qiqi tried to forget about those bitter and painful memories, but those memories would crowd in on her when she's emotionally weak.

Jake understood the feeling too well.

So he pitied Qiqi more.

Qiqi laughed and raised her glass, "You are right. It's still not too late."

"Good! Cheers! For meeting each other, and for a coming good result of the exams!"

The glasses collided each other and Qiqi and Jake looked at each other and smiled. Their smiles were pure, which showed their happiness at the moment.

The two were eating and chatting. Though they had just met each other, they felt they had known each other for a long time already.

Qiqi was so thankful for fate.

But what Jake thought about it was unknown.

While they were enjoying the food, three girls were staring at them outside the restaurant.

Chuxue shook her head and asked, "That boy?"

"Yea, that boy," Anna squinted her eyes and said, "hmm, he's quite handsome."

"Yes, he's tidy and his smile is warm. He's considerate and he makes Qiqi laugh. He's totally different from Yuqi, but more suitable than Yuqi."

Chuxue felt worried.

He's not a strong rival. He could totally crush Yuqi!

Compared to the boy, Yuqi was a smart boy and a play boy. Any girl with a good brain would know how to choose.

Besides, they had been together this whole time, and this boy had been taking care of her, so, Yuqi stood little chance now!

"What's that look, you two!"

"We are worried about Yuqi!"

"It's no use worrying. They are the ones to make their own decisions. Maybe Yuqi knows how to handle it. We are worrying too much!"

Chuxue sighed, "Hay! Hope he really knows how to handle it. Otherwise he will have to be kicked out!"

She thought Yuqi stood little chance but she still felt pity for him.

Or maybe she was impressed by Yuqi true heart.

Such a playboy would actually love someone.

Hmm! Chuxue sighed. Maybe it's karma. Yuqi had broken many girls' hearts, and now it's his turn.

Hay!

Anna had wrapped herself with many layers of clothes, which made her look so strange. The passers-by kept looking at her.

Someone got sharp eyes seemed to have recognized who she was.

Anna covered her face anxiously, "Let's go! I'll be recognized by someone else but Qiqi."

Chuxue complained, "It's not that easy to come out with a big star! We feel great pressure!"

Her words upset Anna. She frowned, "Are you picking on me, huh? I won't give you my signatures for you to show off!"

Huh? Chuxue had already promised her friends that she would get Anna's signatures. She must get them!

So Chuxue changed her attitude right away. She smiled, "I am joking! Come, let's go. Let me drive you home!"

Anna hummed and left. She looked like a proud peacock.

Chuxue did not say anything else. She just followed. Yiyao shook her head smilingly.

Qiqi and Jake did not notice what had happened out there.

After lunch, Qiqi had wanted to go back to her school alone.

But Jake said he wanted to visit the school, too.

Hearing this, Qiqi did not say anything else. So they went back to school together.

A lot of changes had taken place at school since Jake graduated. New teaching buildings and library had been built. Wherever Qiqi went, she would tell Jake about the changes. Like a warm-hearted tour guide.

Soon they reached the dormitory building.

"It's me. I need to get packed. I'll go home later," Qiqi paused then she said, "Jake, thank you."

Seeing Qiqi's blushing face, Jake showed a warm smile, "You have thanked me a lot ever since we met. It's really unnecessary."

Qiqi showed a sincere look, "You think it's unnecessary, but they just express my feelings properly."

Jake looked at Qiqi, "Actually, I am expecting something in return."

Qiqi looked curious, "What do you want in return?"

"It's..." Jake looked into Qiqi's bright eyes. Then shook his head and said smilingly, "Anyway, forget about it. We will talk about it when the result of the exam comes out."

"Okay," Qiqi nodded. Then she walked into the building.

Qiqi was long gone, but Jake was still standing there.

On the other side, Yuqi rushed to Chuxue's dessert shop.

"Where's Qiqi?"

Hearing this, Chuxue blinked her eyes, "Eh, she should be at school."

"Good."

Chuxue stared at Yuqi and asked, "Why not call her if you want to know where she is?"

"Because I want to surprise her today!"

A surprise?

At the moment, Anna was at the shooting scene. Only Chuxue and Yiyao were in the store.

The two looked at each other, then Chuxue reminded Yuqi, "Actually, it's not a good time for surprise today."

But Yuqi did not get her meaning. He waved his hands, "I'm not a man of superstition. I think it's a right time today."

"What a pity! It's not a right time now."

Chuxue said in a low voice. Yuqi asked, "What are you talking about?"

Chuxue had no proof so she could not tell him anything.

Chuxue smiled at Yuqi and said, "Nothing. But can you tell us what surprised you have prepared for Qiqi?"

"It's a surprise! You will tell her! So I can't tell you now!"

Chuxue laughed with embarrassment, thinking what a smart guy he was!

Yuqi looked outside and then he said, "It's getting late. I need to go."

"You'll go to find Qiqi now"

"Yes."

"Eh...Qiqi has just finished her exam. She might be in some celebration. Maybe she's not at school."

Chapter 543 A Turtle Hidding In Its Shell

Staring at Chuxue Ye suspiciously, Yuqi Mu said, "But that's not what you just said."

What was a slap in the face? This was it!

With an embarrassed smile, Chuxue said: "It's my bad, I was being thoughtless. I don't know where Qiqi is."

"Then I'll go to her school to find her. I'll meet her eventually. Besides, I need to arrange something first."

What kind of surprise needed to be arranged in advance. It seemed that the situation was going to be high profile.

However, how much hope there would be, how much disappointment there would be.

Chuxue wanted to say something, but in the end, she could only keep silent and watched Yuqi turn and leave.

Yuqi didn't discover Chuxue's worries and anxieties. All he was thinking was how to give Qiqi a perfect and unforgettable night.

.....

Qiqi was packing luggage in the dormitory when she suddenly heard a commotion downstairs.

But Qiqi didn't pay attention to it. After the postgraduate entrance examination, there would always be students who wanted to celebrate care free, and it was normal to make some strange sounds.

But the sound this time seemed to be a little overwhelming.

Qiqi thought that these people were getting crazier and crazier as she was packing. If the sound got any louder, the school leaders might be attracted. At that time, they would be criticized by the teachers, or even getting a punishment, which would not be worth the loss.

Just as Qiqi was thinking, someone ran to her dorm and said out of breath, "Qiqi, why are you still packing? Come outside and take a look!"

Qiqi didn't look up and said with a smile, "I prefer not to join in the fun."

"It's about you, don't you want to check it out? Then there is nothing to see!"

She was stunned by the words. Before coming back to her senses, she was dragged away.

Qiqi was dragged all the way out of the dormitory building. Standing under the building, she was startled by the scene in front of her in an instant.

As the night fell, the lights were on.

Today's dormitory downstairs was particularly bright.

Because someone lit 999 candles down there and put them together into the shape of a heart.

By the side, there were 999 roses more. In the light of candlelight, the roses looked charmingly delicate and beautiful.

Next to him, a man was sitting with a guitar in his arm, looking at Qiqi affectionately.

Such a scene was so romantic. Everyone could tell from a glance that there was going to be a public confession!

It was no one else but Yuqi Mu who was going to make the confession.

Today's Yuqi changed from the usual suit to a leisure sportswear. His hair stuck to his ear, which slightly covered his eyes as well as covering part of his usual sharpness, so he appeared much younger.

And this was the effect Yuqi was looking forward to.

Since seeing the image of Qiqi and Jake together, Yuqi started to care about his own age.

He never minded these things in the past. Yuqi was a proud man. He felt that no one could beat him except himself.

But now, he felt inferior in front of a woman, and even wanted to use some means to narrow the gap between himself and her.

No one would believe it. Even Yuqi himself thought it incredible.

So what? There must be some different things and experiences in life. Besides, it was for Qiqi. Yuqi didn't regret it.

To be honest, Yuqi was quite nervous at the moment.

It was not that he was not self-confident, but that he didn't know whether Qiqi would like this side about him and his way of showing love.

Yuqi was worried, feeling uneasy. However, others were infatuated by this kind of Yuqi.

It was so cool, a kind of coolness that was able to make everyone faint!

Yuqi used to be superior, high above like the master of a business empire. Yuqi at the moment was amiable and approachable. His gentle and soft temperament was more appealing.

It was like that Yuqi Mu had turned from a distant dream beyond reach to a reality, which made people couldn't help but eat him alive.

Seeing Yuqi in front of her, Qiqi was stunned at first, at a total loss about the situation.

She couldn't figure out why Yuqi showed up here at this time in such a state.

Did he lose a bet?

Well, it was quite possible.

Just as Qiqi was making blind and disorderly conjectures, Yuqi suddenly took a deep breath and then opened his mouth.

“Qiqi, you said you like a boy who can play guitar and sing to you. Although I used to be dismissive of such a fantasy, since you like it, I had learnt it for you. I made myself become what you like, and I hope you will like me like this.”

There seemed to be something wrong

In the envious eyes of the public, Qiqi took back a breath.

By candlelight, Yuqi’s face was gentle, his fingertips flicked, and a tender melody flowed out like the moonlight.

It was a moving love song, which was one of Qiqi’s favorites. When she worked in the dessert shop, she often played it to enjoy.

But she didn’t expect Yuqi to keep such small details in mind, which moved her a little bit and also made her somewhat at a loss.

Yuqi had always been handsome. Under the soft candlelight and the sound of the music, he looked more fascinating.

All the girls were drooling at Yuqi, while the boys, on the other hand, sighed and admitted that they were not as good as Yuqi.

As for Qiqi, from beginning to end, she looked dazed and puzzled.

As the song ended, everyone in the crowd was intoxicated. Yuqi stood up, picked up a bunch of flowers from the side and went straight to Qiqi.

Yuqi looked at Qiqi affectionately and said, “Although I think this way is naive, you like it, so I prefer to humor you.”

He handed the bouquet to Qiqi, “Qiqi, let’s be together.”

After listening to Yuqi’s words, Qiqi raised her head little by little until she looked straight into Yuqi’s eyes. She felt that the picture in front of her was so unreal.

Yuqi had confessed to herself, and in the way that she most yearned for, which let her become the object of envy of all girls.

In Qiqi’s daydreams, she had such dreams countless times.

But when the dream came true, she felt calm, as if all this was happening to someone else.

Shouldn't she get excited? Someone was willing to play guitar and sing songs for her in public, how much it looked similar to an idol drama.

Qiqi was asking herself the rhetorical question, and her silence made Yuqi's nervous heart tighten more.

The spectators around didn't know the details, and they began to cheer, "Together, together, together..."

Yuqi ignored others. He looked straight at Qiqi and didn't urge her, seemingly to be waiting for Qiqi to make her own decision.

The cheering cry was getting louder and louder, which made impossible for Qiqi to continue to be a turtle with a shrunken head.

At the moment, she had to respond.

"I...I..." Qiqi bit her lip and then shouted with a cry, "I want to pee, I need to go to the bathroom!"

With that, Qiqi turned around and ran away, faster than a rabbit.

What the hell?

Everyone was surprised. They looked sideways at Yuqi, wanting to see what his reaction was.

Public confession, but the heroine ran away, as the hero, he must be desperately angry.

However, the fact was again exceeding everyone's expectations. Yuqi laughed.

He had guessed this result. Qiqi would not accept his pursuit in front of everyone. She would hide, which was normal. After all, this surprise was too sudden. Qiqi was unprepared at all and had been forced out of her safety zone as not to know what to do.

Yuqi would give Qiqi time to think. Tomorrow, no matter what, he must get an answer from her!

Eyes narrowed, Yuqi turned to go, cool and not caring anything, which rippled the crowd's mind.

Such an outstandingly excellent man, how could Qiqi disapprove with his public confession? Wasn't she playing hard-to-get? Well, it must be so. Otherwise, who in the world could resist such pursuit?

No wonder she could attract Yuqi Mu. Those were her means!

There were many discussions, while Qiqi was sitting in her dorm, with her mind deeply confused.

Qiqi was kind of glad that Yuqi treated her so attentively.

But after that, would she agree with his pursuit? Was he really suitable for herself?

Jake's words rang in Qiqi's ears involuntarily. This time, was Yuqi using his own method to force her to choose him?

It' was so annoying. How annoying was this kind of complicated thing!

Qiqi rubbed her hair irritably. Everything was fine today originally. Why did this happen all of a sudden and ruin everything?

In addition, she had told Yuqi that she was not suitable for him. Why couldn't he leave her alone? Did she look like a person who was easy to be calculated and manipulated?

No way, this time, she would not let Yuqi keep controlling herself in the palm of his hand!

The next day.

Anna Xie had a social event last night, so she went to bed late. In the middle of her sound sleeping, she suddenly heard a noise outside the door.

Eyes opening a gap, Anna found that the people around her had disappeared.

Anna didn't think much about it. She turned and went back to sleep.

But the noise outside was getting louder and louder, even to the extent that someone was shouting something, which made Anna cannot ignore it anymore.

Being unable to sleep under the noise, Anna simply sat up. With a chicken's nest hairstyle, she walked out of the room to see what the hell was going on out there.

See Anna coming out, Yuqi immediately pointed at her and said, "Just about the time, let's ask her!"

Yulin quickly stopped Yuqi, frowning: "Don't be ridiculous. Anna slept late last night. I won't allow you to affect her rest."

"Never mind, I've been woken up by him. You can let him go on."

Anna yawned, and then sat in the sofa and looked at Yuqi drowsily with sleepy eyes.

Bypassing the resentful Yulin, Yuqi raised his voice and questioned, "Do you know where Qiqi's hometown is?"

"I know."

"Give me the address, I need to find her now!"

Yuqi's murderous look made Anna's drowsiness lost gradually. She asked warily, "What do you want?"

"What do I want? I want to ask for an answer from her!" Yuqi was holding his fists. Fierce and ruthless looks flew across his eyes.

There were anger and chagrin in the looks.

"I confessed to her in public yesterday. She didn't give me a reply and I didn't say anything. I gave her a whole night to think about it. But this morning, out of blue, she went missing. I inquired about it. It turned out that she packed up and went back hometown!! Now she doesn't answer my call. What does she mean!!"

Anna was holding a cup of water, about to have a drink.

But after listening to Yuqi's "tragic" experience, she paused in the place. She held the water cup for a long while, and then asked, "Did you scare her?"

"How is that possible? I was very gentle, OK! Qiqi said that she likes men playing guitar. I specially practiced it in order to give her a proper and romantic confession, leaving no regrets behind. But she didn't make any sound and just left like that. What a pity that she should let me down!"

Speaking of this, Yuqi was full of grievances.

He was always the best one from the crowd, God's favored one. He was used to getting what he wanted. When would he bother so much for a person?

Qiqi, this ungrateful woman, wantonly trampled on his heart. It was outrageous!

Although Yuqi looked very sad, why did she want to laugh? A kind of laugh that somewhat took pleasure in other people's misfortune.

She raised her hand to cover her lips. With a slight cough, she hid the smile at the bottom of her eyes, "I'll help you contact Qiqi, and ask what she is thinking by the way. But before that, I hope you can calm down and don't do anything impulsive, so as not to make you two lose the possibility to reconcile."

"Just give me the address and I'll find her myself."

"If you go like this, you will definitely scare Qiqi."

"But I need to personally ask her about it. Why did she leave without saying goodbye? Giving me an answer is that hard?"

"She not answering you is because she felt confused in her heart. Saying "Yes" and saying "No" occupied each half. If you go now, maybe in Qiqi's mind, the proportion of saying "No" will increase."

Anna's words froze Yuqi in the place.

Chapter 543 A Turtle Hiding In Its Shell (2)

Yulin Xiao on the side added, "Anna is right. You'd better calm down and let Anna do the job first. We are businessmen. We never fight unprepared battles."

Yuqi Mu thought for a moment, then opened his mouth with a gloomy look, "Well, I'll leave it to you. If you can't give me a satisfactory answer, I'll do it myself."

With that, Yuqi left, and Yulin wiped away his cold sweat.

Since they were born, Yulin had never seen Yuqi so serious and murderous. It seemed that this time, he was really pissed off.

Sitting on the sofa, Yulin took a breath gently and said with emotion, "Honey, this friend of yours really have some guts. As far as I know, she has rejected Yuqi twice. The courage alone is so intimidating."

After the surprise, Anna regained her composure and said, "What's so strange about this? There are more intelligent people in this world than Yuqi Mu. But a girl as charming and cute as Qiqi is the unique one. You all think that if Qiqi and Yuqi are together, it is Qiqi who climbed up to Yuqi. But in my opinion, Yuqi is not good enough for Qiqi."

Yulin didn't argue with Anna. He nodded and said, "Yes, yes, that's why Yulin cherishes and treats her like a treasure. He had dedicated so much to this relationship. We have to help him, don't you think so?"

Squinting at Yulin, Anna snorted coldly and said, "Cherishes her? Come on, how come I didn't see it. I only saw him let Qiqi run away out of despair."

"He could learn guitar for Qiqi and play it so well in such a short time. On the one hand, he is gifted; on the other hand, he must have spent great time and efforts. In spite of Yuqi's anxiousness of confession, he waited until the end of Qiqi's examination. It can be seen that he had been considering for Qiqi all along in his heart."

Yulin's tone was gentle and soft, neither fast nor slow, touching people though.

With eyes flashing, Anna felt a little helpless, "Yes or no, settle the issue this time. The two of them either be a heaven-made match or be apart from each other, don't keep pestering each other anymore. As an onlooker, I'm tired watching them like this."

"Well, leave the decision to Qiqi to make his time."

Anna nodded, then turned on the computer and started to operate.

"What are you doing?"

"Booking tickets online. I'm going to Qiqi's hometown."

On hearing this, Yulin's face turned bitter, "Are you kidding? You are leaving again?!" This kind of thing could be taken care of by a phone call."

"Didn't you hear what Yuqi said? Qiqi didn't answer the phone. I guess she didn't want to hear from anyone and won't listen to anyone's words. I had to go there myself." After booking the ticket, Anna looked sideways at Yulin, secretly taking pleasure in his romance misfortune, "I'll be back in a day or two at most, soon. Besides, don't you support me to talk to Qiqi?"

It was Yuqi who was chasing a woman, why did he let his wife run around for him!?

Yulin looked depressed, asking with a sad face, "I regretted, OK?"

"No way, a man is a man. When a man made a promise, he has to keep it no matter what!"

After turning his eyes around, Yulin suddenly changed his attitude, "OK, I got it. Honey, when are you leaving, let me drive you off."

Yulin's words let Anna squint at him, examining him up and down.

This guy's attitude was changing too fast. Something was wrong about him!

But the issue was urgent. Anna didn't have time to chat with Yulin, and she went back to her room to pack.

Qiqi's hometown was not far from the capital city, but the environment there was quite different from the prosperity and tension of the capital city, as like as an apple was to an oyster.

Over there, the town was not big, quietly existing by a river, with laziness drifting in the air, which made people wantonly enjoy the passing of time.

This was where Qiqi grew up.

Qiqi's parents were both teachers who were very open-minded and relaxed in their parenting skills, which made Qiqi a lively and cheerful disposition.

It was winter vacation at the moment when Qiqi's parents were not busy. It was rare for the family of three to get together and enjoy their quality time.

This time instead, there was occasionally a sense of loss showing on their daughter's face since she was back. Qiqi's parents knew that their daughter had something on her mind.

But they were not in an urgency to ask. If their daughter wanted to say it, she would tell them herself. They wanted to give Qiqi a safe and relaxed environment to let Qiqi gradually relax her guard. It was hoped that one day she would be able to speak up voluntarily to disclose the secret in her heart.

Today, Qiqi went out to take out the trash.

But as soon as she opened the door, she saw a person who was not supposed to be here rubbing palms and constantly huffing.

Although the temperature here was not as low as that of the capital city in winter, it was still chilly and gloomy on a cloudy day.

Anna was fully armed, with glasses, hat, mask and scarf, which covered her facial features completely.

Even so, Qiqi recognized Anna at a glance and felt shocked.

Anna was stamping her feet and said, "I've been waiting for you for a long time. How can the weather be colder than the capital?"

Qiqi blinked and asked in disbelief, "Why are you here? Do you have a job here?"

"No, I'm here for you."

“For me?”

“Yes, I have something to ask you.”

“You can call me, why go all the trouble...”

Half way through, Qiqi realized that she had changed her cell phone card. How could others contact her?

Qiqi lowered her head embarrassedly and scratched her hair.

Anna had been frozen stiff, and she puffed again and again. She came straight to the point, “Well, do you know why I came here in person this time? I’ll get back to you later for not answering my call. I’m here to ask you a very important question. You must answer me truthfully.”

Anna sounded serious, letting Qiqi can’t help being nervous. She said with a smile, “What question? You are making me nervous.”

“What’s your thoughts about Yuqi Mu?”

Qiqi smiled awkwardly, “This is an embarrassing.”

“You just need to say yes or no.”

“...”

Before Qiqi finished her words, a couple of middle-aged man and woman came out of the door.

Looking at how they dressed, it seemed that they were going out.

One of them saw that Qiqi didn’t come back and began to nag as soon as seeing Qiqi.

“My silly girl, I asked you to go out and take out the trash, why is it so slow?”

As the voice fell, Qiqi’s parents found a strange woman standing at the door, tightly wrapped from head to toe, looking weird.

Worrying about this person’s possible devious intentions, Qiqi’s parents immediately asked warily, “Who are you?”

Seeing the elders, Anna quickly took off her hat, glasses and mask, she greeted them respectfully, “Hello, uncle and aunt, I’m Qiqi’s classmate as well as her good friend, Anna Xie.”

Qiqi's mother was stunned, asking her husband, "Who, who does she say she is?"

"Anna Xie!"

"Is she really Anna Xie, the big star?"

"I think it's her. Well, she's more beautiful in person than on TV."

"Well, the students in my class adore her like crazy. I've confiscated several of her photos from them."

"Ah, I remember. Qiqi mentioned before that she had a very good friend at school, named Anna Xie. I thought it was the same name before, but I didn't expect it was the big star herself." "

Seeing her parents nagging on and on endlessly, Qiqi looked awkward and said, "Dad, mom, how inappropriate to talk about the guest in front of her."

"That's right. Sorry Miss Xie, we were being impolite. It's cold outside. Don't stand here talking. Come on in, and stay for dinner tonight."

Although Qiqi's parents were somewhat gossipy, they had no malice at all. Their words were friendly, and they didn't make others feel embarrassed. On the contrary, they made others feel warm and friendly, just like a couple of elders caring for a youth.

But staying for dinner would unavoidably cause inconveniences for them, so Anna said, "Uncle and aunt, I come here to chat with Qiqi casually, and I'd rather not disturb you."

"Don't feel so. You must have helped take care of Qiqi in school a lot. It can't be more normal for us to treat you to a family dinner."

"Forget it, don't force it. Maybe our family food can't get into the eyes of a big star."

"I see, it's my faux pas."

The two talked in chorus, making Anna want to laugh and cry at the same time, "No, no, it's not like that. I'm just concerned with bringing too much trouble to uncle and aunt."

"What's the trouble? It's just a few more dishes, home cooking, that's all."

Seeing her parents' insistence, Qiqi also helped lobby her friend, "Anna, stay. It's inconvenient for you to stay outside. It's cold out here, and you're not wearing much clothes. Don't freeze and get hurt."

"Well, OK, sorry for the trouble I bring to aunt and uncle."

Seeing that Anna nodded to agree, Qiqi's parents were very happy, "Hurry up, go to Qiqi's room to warm up for a while, and we are just about go shopping."

"Great."

"Come on in, Qiqi. Treat Miss Xie well. Don't neglect your friends."

"I will."

Then, Qiqi invited Anna back to her room and poured a glass of water for her.

This was the first time that Anna visited Qiqi's room. She looked up and examined the room which was full of a little girl's atmosphere, smiling and exclaiming, "It's so tenderly pink."

Qiqi grinned and said, "This is the color my mother chose for me. She thinks that a girl should choose some charming and adorable colors."

"It's adorable indeed," Anna said, taking off her coat and picking up the water cup. The temperature inside the cup warmed up her cold hands. "To be frank, your mom and dad are really nice people, kind and open-minded. They should be rather sensible people."

Mentioning her parents, Qiqi nodded with a smile. But soon, she showed a lost look, "They are really good parents, but I'm not a good kid."

"How can it be? You are so excellent that your parents don't need to worry about you."

"But this time back, I think mom and dad are behaving weirdly careful in front of me, so I guess that they must have figured out something. They are worried about me, but they don't know how to ask me."

Looking at Qiqi's melancholy appearance, Anna sighed lightly, then put down the cup, "Actually, it's not that complicated. You have to decide what your feeling about Yuqi is. When this issue is settled, you will naturally get back to normal, and the people around you will no longer have to worry about you."

Seeing that Anna was still pursuing with this matter, Qiqi bowed her head in embarrassment, pulling the big doll in her hand and murmuring, "I..."

After this one word, Qiqi pondered for a long time, with no following words.

Seeing her so tangled, Anna asked, "You like him, don't you?"

On hearing this, Qiqi immediately gave out a stern refusal, "I don't like him!"

This silly girl, did she know that her expression on the face already showed her true answer?

Anna shook her head, then said: "If you don't like it, just reject him directly, just like you reject the boy in the school who pesters you. Why did you run back home without saying a word?"

"I...I just don't want him to hang on to me."

"You don't want him to hang on to you? That's easy. Turn him down in the face and attack him with the cruelest words. Such a proud man will not pester you anymore."

Qiqi looked dazed for a moment and asked, "But would he be very sad then?"

Anna shrugged her shoulders and said indifferently, "Of course, you are the first girl he goes all out to pursue. Being rejected would no doubt hurt his self-esteem. He would be inevitable to feel loss, and very likely to feel depressed for a while."

At the thought that such a dazzling brilliant person would be depressed for herself, Qiqi couldn't bear it.

Looking up at Anna expectantly, Qiqi asked, "Well, is there any milder way?"

"No," Anna vetoed it decisively. She said, "Relationship is either a matter of everyone being happy, or a matter of causing destruction to both sides, nothing but hurt, more or less. Your wish to solve this matter mildly is impossible."

Qiqi was so anxious that she was going to cry, "But I don't want to hurt Yuqi Mu. No matter how he treats others, he is good to me."

"Then say yes."

"No."

"Why?"

Qiqi looked tangled and painful, saying, "We are not people of the same world at all, and we will not be happy together. And I hate the way he pushes me."

"Ah?"

Anna understood the former part of the words. As a woman, she understood Qiqi quite well.

But what did the latter part of words mean? Did Yuqi had forced Qiqi and she didn't know about it?

Just when Anna was confused, Qiqi hung her head and gave an explanation.

“Yuqi is a successful businessman, while I’m just a silly average girl without any agenda. For being calculating, I’m not his opponent at all. He chose to retreat as a move to force me to make a decision. He even used public opinions to make me obedient to him.”

The more Qiqi said, the tighter her brows frowned.

But Anna couldn’t agree.

“Qiqi, if Yuqi had such calculated thoughts, he would have collected you in his pocket long time ago. How could he let you run back alone? He couldn’t find you, and let me find a way to reach you. Well, for the sake of you two, I’ve done so much.”

While saying this, Anna was observing Qiqi’s reaction.

However, Qiqi did not have any change in her expression.

After a long while, Anna broke the silence and asked voluntarily, “What should we do now? Do you have an answer in mind?”

Qiqi shook her head, “I didn’t know what to do, that’s why I went home.”

“You can hide for a while, but you can’t hide for a lifetime. You know clearly what Yuqi’s temper is like. He has patience now to follow the rules. But if one day he loses control and comes straight here for a showdown in front of your parents, what should you do then?”

On hearing this, Qiqi shook her head at once and said, “I can’t let my parents know about it. They will worry about me.”

“Then sort out the mess to make a quick decision. Dragging it on will do nothing but harm to both you and Yuqi.”

“How to sort it out?”

Holding Qiqi’s shoulder, Anna involuntarily accentuated her tone, “Just follow your heart, as you wish, do what you want to do, and don’t look back.”

Under Anna’s intense gaze, Qiqi licked her lip. Then, there seemed to be a bursting wave of courage coming from her limbs and bones, and finally it condensed in Qiqi’s chest, heating her head up, “I got it! I’ll find Yuqi to make it clear.”

Anna was indeed forcing Qiqi to make a decision, but she thought that Qiqi would see her heart clearly if she helped putting Qiqi into a situation with no other way out.

It was out of expectation that this girl should insist on her own opinion on such a situation, sticking to her own ideas even more determined.

“Even if it makes him sad, you won’t regret it?”

Qiqi shook her head, “He will only be sad for a moment, and he will eventually meet the next girl who moves his heart again and forget everything now. You’re right. Since we can’t be together, I should make a quick decision and stop the torture between us.”

Seeing Qiqi’s insistence, Anna had a long sigh, “Well, since you have decided, I respect your choice.”

Finally making a decision, however, didn’t make Qiqi have any sense of relaxation. Instead, she felt stuffier in the chest, more suffocating.

Chapter 544 I do Miss you (2)

“It’s a precious opportunity for you, seize the chance. But Qiqi, how come I haven’t heard you talk about him before, umm, Jake, is that his name? What kind of person is he? Is he trustworthy?”

Qiqi lowered her head and said, “I met him in a remedial class. He had interned in the educational institution which he introduced to me, said that they treat newcomers good and they’ll teach me useful skills that would be value for me in the future. So even though it’s a little bit far from here, I still decided to go.”

Qiqi’s mother nodded after hearing this, she said, “Well, it’s good to learn how to be a teacher, and learn more during the holidays. Jake sounds quite reliable. When will you let mommy see what he looks like?”

Qiqi knew her mother too well, as soon as she heard it, she understood what her mother meant and became speechless immediately.

Why did her mother think she’s not marketable, whenever she heard a man of right age, she would ask around him.

Qiqi couldn’t refute her mother obviously, she said verbatim, “He just offered me a chance, I barely know him. No photo.”

“Isn’t there some photos on WeChat?”

“Jake doesn’t like to post photos on WeChat.”

“Then

“Oh well, I know what you are thinking, he already has a girlfriend.”

Qiqi interrupted her mother’s question impatiently.

“Oh, I see.”

The disappointment appeared on the face of Qiqi’s mother couldn’t be more obvious.

Qiqi’s mother sighed, then she said, “You’re at your 20s, didn’t you meet any cute guys? Mom and dad are very open-minded, as long as he’s a good-natured man, we will not obstruct you.”

“Mom, I just want to concentrate on my education now, I don’t want to think about anything else.”

“But

Qiqi’s father patted his wife’s hand and comforted her, “Forget it, maybe she just hasn’t realized the beauty of love yet, when the day comes, she will naturally bring her boyfriend back home, don’t worry about it.”

Qiqi’s mother can only comfort herself like this now.

Turning her head to look at Anna, Qiqi’s mother suddenly asked, “Anna. Does Qiqi have any wooer at school?”

Uh

Anna was listening to their talk and joining in the fun, but she didn’t expect Qiqi’s mother to throw the question directly to her.

But, how could she say?

Of course, Qiqi has many wooers, but they are either bad perverts like the man with glasses or good perverts like Yuqi Mu, and it seemed that none of them would be welcomed by Qiqi’s parents.

They only want to a man who can provide Qiqi a stable life, he doesn’t need to be rich, only treat her well. If she said their names, she would definitely make Qiqi’s parents worry.

Moreover, Anna guessed that in order to keep her parents from worrying, Qiqi couldn’t mention she had received psychotherapy, so it’s tricky to answer the question now.

If Anna and Qiqi didn't know each other well, Anna could find an excuse and stall her parents.

But they are close friends, Anna doesn't even have any excuse to evade the question.

Anna bit her lip, then looked at Qiqi beside her, Qiqi kept winking at her. Anna had no choice but to smile stiffly and said, "Umm of course many boys like Qiqi, but she is focused on her school work that she doesn't want a relationship."

"No, she should start to consider a relationship. If she continues act like that, youth would be far away from her. Qiqi, look at Anna, she found a good husband even before she graduated, you should learn from her."

Qiqi was really helpless, she felt a bit depressed that she took another long drink of wine, the spicy alcohol made she almost cried.

Seeing that Qiqi was in a bad mood, her father said, "Okay, wife, don't push her, Qiqi is an excellent girl, what kind of men couldn't she win. Anna is our guest, let's not bother her with domestic trivialities."

Qiqi's mother realized that she had not acted properly after her husband reminded her, she smiled apologetically at Anna and said, "That's right, Anna, sorry for my ignorance."

Anna shook her head and said, "It's okay, auntie, parents are just like this, they always have to worry about everything."

Turning her head and tapping Qiqi's forehead, Qiqi's mother said, "Look, it's the big star who has a way with words. You, don't be a fool, learn something."

"I know, I know, Mom and Dad, let's eat, the food is getting cold."

"Okay, okay, let's enjoy the meal."

Seeing that the moment was a little awkward, Anna raised her glass, looked at Qiqi's parents and said with a smile, "I'm very happy to taste the delicious food cooked by aunt and uncle today. Please. Toast to uncle and auntie, thanks for your delicacies and your efforts."

Being complimented, Qiqi's parents forgot about their daughter's problems, they raised their glasses and said to Anna with a smile, "Nothing, don't mention it, as long as you like it."

Then, Anna chatted with Qiqi's parents to make them comfortable, and they all laughed delightedly.

Qiqi was relieved.

After dinner, Qiqi's parents invited Anna to stay overnight warmly.

Because Anna came in a hurry, she didn't book a hotel, it's a good choice to stay with Qiqi.

Qiqi's parents originally planned to let Qiqi sleep in the guest room and offer Qiqi's room to Anna.

But Anna refused, wanting to sleep in the same room with Qiqi.

Seeing Anna's insistence, Qiqi's parents didn't say anything more, they prepared an extra blanket and went back to rest.

After get washed, Anna wore Qiqi's pajamas and sat in front of the mirror for skincare.

Qiqi sat on the bed, hugged a cushion and said, "Thanks to your help today, otherwise my parents would have taken turns to bombard me, I couldn't stand it definitely."

"Uncle and aunt said that for your own good, they are worried about you, this could be considered as a sweet burden, right?"

Qiqi sighed and said, "But there are some things that I can't tell my mom and dad, if I do, it would only make them worry about me."

"I understand, so there are some things that I didn't tell aunt and uncle. Just wait until the opportunity, you can tell them yourself." Anna walked to the bed and sat beside Qiqi, she changed the topic and suddenly asked delicately, "But, seriously, does Jake have any interest in you?"

Qiqi was helpless, she pushed Anna and said, "Oh Anna, why have you become so gossipy too."

"Curiosity made me do it. Why did he help you so much for no reason? There is always a reason."

Qiqi said seriously, "The reason is that he is my senior, he thought I need help, so he offered me a chance. This world is not like what you think, sometimes people can help others for no reason and no ulterior purpose."

Looking at Qiqi's face, Anna said gently, "No purpose? Qiqi, do you know what can happen between male seniors and female juniors at the same school, I can make up dozens of ambiguous stories, do you want to hear that?"

"Geez, you guys are so boring. If you have time to make up stories, you'd better go to bed early."

Saying that, Qiqi threw the cushion to the ground and went into the bed.

Anna then also got into bed, she moved close to Qiqi, squinting her eyes and said, "Oh, seriously, it's been a long time since we slept together, it feels like we're back in school, I miss those days."

Qiqi also missed the days when they were just simple students who didn't need to worry about anything, only needed to attend classes every day, eating and sleeping, days were monotonous but joyful.

And now

Qiqi squeezed a bitter smile, and then she teased at Anna, "You can go back to school, we have not graduated yet anyway, but the condition is that Yulin Xiao's willing to let you go back."

When she thought of Yulin Xiao who looked as if he's abandoned when she left that day, Anna could not help but laugh.

Turning her head to look at Anna's smiling face, Qiqi said, "It's good to see you being so happy."

"You will find your happiness too, you've grown up, you know how to make your own decisions."

Anna just didn't know whether Qiqi would regret today's decision in the future or not.

Yes, they have grown up.

Qiqi pursed her lips and sighed longingly, "It's just that growing up is not very pleasant."

"But as long as you are strong and independent, everything will be fine, this is what I have learned."

"Well, you're my role model, we're good friends, and I'll try my best not to lag behind."

"Then go for it. By the way, I'll go back tomorrow."

Qiqi was startled, she asked, "So soon?"

"I spared my time to come here, there's a lot of work left to be done. Besides, since I already know the answer, my task is done. Only you have to be prepared that Yuqi Mu is not that easy to get rid of, perhaps, he will be b.razen-faced."

Hearing Yuqi's name, Qiqi's heart ached.

What should come will always come, she can't escape from that.

Qiqi took a deep breath, tried to make herself look like nothing had happened, and said, "No, Yuqi is a proud man, maybe when I refuse him, we'll not see each other in the future."

"How can it be, as long as you work in the dessert house, you will always see each other as you are in the same roof."

"Since you mentioned it, I don't plan to work in the dessert house either."

Anna was stunned, she asked, "When you come back from your internship, you won't go to the dessert house either?"

"Yeah."

Anna smiled bitterly and said, "Qiqi, are you trying to distant yourself from us?"

"I don't mean it, I just want to hush this matter, and when everything settled down, I will come back. At that time, Yuqi should have a new girl and forget about me."

Qiqi said in a light-hearted way, but when she thought of the time when Yuqi and herself were no longer involved, her heart was stifled, as if a big stone was pressed on.

Although Qiqi didn't say anything, Anna sensed something, she sighed, "Gosh, doomed love, doomed love!"

After she said that, neither of them said anything else, only the clock ticked in the silent room.

Anna went to sleep slowly, while Qiqi stared at the ceiling in a daze until dawn.

Sitting up dizzily, Qiqi went to get washed and intended to go downstairs to help her mother make breakfast.

But standing in front of the window, Qiqi rubbed her eyes heavily that she thought she was dazzled.

But when Qiqi looked carefully, she found that the person standing downstairs was really Jake!

Only, how did he come here? Jake is not living in the city either.

Qiqi was puzzled and tilted her head, considering whether she should go down and say hello to him.

Just as Qiqi went to get washed, Anna woke up. At this moment, seeing her standing by the window without any move, she walked over to see what was going on.

Anna looked downstairs, she couldn't help but narrow her eyes and murmured, "It's him!?"

Qiqi was thinking something when she suddenly heard Anna's voice, she was startled.

Turning her head to look at Anna beside her, Qiqi asked, "Do you know Jake?"

Anna was absent-minded for a moment, then she shook her head and said, "Nah, I don't know him, but who can come here to look for you, he must have something to do with you. After all, you don't even allow Yuqi to come here."

"Don't compare Yuqi with him, Jake is self-reliance and hard-working, he helped me a lot, he's like a mentor to me. Only" Qiqi was confused and asked, "Why is he here?"

"Then go, say hello and ask him."

Qiqi hesitated for a while, she went to get a coat and said without looking back, "I'll go and see."

She ran to downstairs, yelled at Jake when she saw his back.

"Jake!"

Hearing Qiqi's voice, Jake turned back immediately and looked at her with a warm smile.

At this moment, the first rays of the morning sun shone on Jake that made he look so gentle, and smiled so warm.

Seeing such a smile, Qiqi's heart suddenly became soft. Some tangled things seemed to dissipate now.

When Jake walked to Qiqi, he smiled and said, "I've read your information and I know you live here, but I don't know the exact address, so I had to take my chances to see if I could find you."

Qiqi looked puzzled and asked, "Looking for me?"

"Yes, looking for you. Would it be too abrupt for me to come like this?"

“No, make yourself at home. It’s just that why are you looking for me, is there something wrong?”

“Nothing, I just want to see you.”

Although these words were a bit ambiguous, Jake looked so upright that he didn’t give Qiqi any chance to doubt him.

When Qiqi lowered her head, Jake slightly stepped back and said in a relaxed voice, “I finally have a vacation and want to hang out. But I didn’t know where should I go. It occurred to me that you’ve mentioned the beautiful scenery and food in your hometown, so I wanted to come here to have some fun.”

Hearing what Jake said, Qiqi suddenly sighed with relief in her heart and could not help but say, “So that’s how it is, I thought

“What?”

“Thought you missed me, haha.”

Qiqi laughed mindlessly, but Jake looked at Qiqi seriously and said, “I did miss you quite a bit.”

Uh

At this moment, Qiqi really wanted to let herself shut up!

Qiqi, you are so stupid! He didn’t even mention anything ambiguous, why did you say that! So embarrassing! Let’s see how you can settle it down!

Luckily, Anna came out to join the fun, clouding with a Jacket and wearing sunglasses, she came out and broke the awkwardness.

“Qiqi, this is the senior you mentioned about?”

Hearing Anna’s voice, Qiqi was so delighted as if she saw her savior.

Qiqi walked to Anna and introduced her with unusual passion, “Yes, this is my best friend, the big star Anna Xie!”

When Jake saw Anna, he didn’t show any surprise or deliberately ingratiating expression, but simply nodded and said, “Nice to meet you.”

Well, Anna likes his courteous attitude.

That is not pretending to be fossile or noble, he's really not interested in Anna's identity, as if she's just a passerby.

However, maybe Anna is indeed just a stranger for Jake.

A gentle smile appeared at the corner of her mouth, Anna said, "Hello, thank you for taking care of Qiqi, she always talks about you and praises you for being excellent and a predecessor worth learning."

The word "predecessor" was deliberately emphasized by Anna, in order to remind Jake of his status. This is not the same as senior, it has some distance.

After Anna said that, Jake still kept smiling, as if he didn't understand what Anna was talking about, he said, "Qiqi is a cute junior, she is always very confused about anything that I couldn't just stand by. Such a lovely girl, no one will think she is a trouble, right?"

Even it's just predecessor and junior, he can make the atmosphere hazy and ambiguous as usual, but he said it without any vulgar and greasy feelings, like no one would be bothered.

But Anna did, she really did.

Today she meet a master who didn't let anything come out of the surface, yet she felt she was offended.

Chapter 544 I do Miss you (2)

"It's a precious opportunity for you, seize the chance. But Qiqi, how come I haven't heard you talk about him before, umm, Jake, is that his name? What kind of person is he? Is he trustworthy?"

Qiqi lowered her head and said, "I met him in a remedial class. He had interned in the educational institution which he introduced to me, said that they treat newcomers good and they'll teach me useful skills that would be value for me in the future. So even though it's a little bit far from here, I still decided to go."

Qiqi's mother nodded after hearing this, she said, "Well, it's good to learn how to be a teacher, and learn more during the holidays. Jake sounds quite reliable. When will you let mommy see what he looks like?"

Qiqi knew her mother too well, as soon as she heard it, she understood what her mother meant and became speechless immediately.

Why did her mother think she's not marketable, whenever she heard a man of right age, she would ask around him.

Qiqi couldn't refute her mother obviously, she said verbatim, "He just offered me a chance, I barely know him. No photo."

"Isn't there some photos on WeChat?"

"Jake doesn't like to post photos on WeChat."

"Then"

"Oh well, I know what you are thinking, he already has a girlfriend."

Qiqi interrupted her mother's question impatiently.

"Oh, I see."

The disappointment appeared on the face of Qiqi's mother couldn't be more obvious.

Qiqi's mother sighed, then she said, "You're at your 20s, didn't you meet any cute guys? Mom and dad are very open-minded, as long as he's a good-natured man, we will not obstruct you."

"Mom, I just want to concentrate on my education now, I don't want to think about anything else."

"But"

Qiqi's father patted his wife's hand and comforted her, "Forget it, maybe she just hasn't realized the beauty of love yet, when the day comes, she will naturally bring her boyfriend back home, don't worry about it."

Qiqi's mother can only comfort herself like this now.

Turning her head to look at Anna, Qiqi's mother suddenly asked, "Anna. Does Qiqi have any wooer at school?"

Uh

Anna was listening to their talk and joining in the fun, but she didn't expect Qiqi's mother to throw the question directly to her.

But, how could she say?

Of course, Qiqi has many wooers, but they are either bad perverts like the man with glasses or good perverts like Yuqi Mu, and it seemed that none of them would be welcomed by Qiqi's parents.

They only want to a man who can provide Qiqi a stable life, he doesn't need to be rich, only treat her well. If she said their names, she would definitely make Qiqi's parents worry.

Moreover, Anna guessed that in order to keep her parents from worrying, Qiqi couldn't mention she had received psychotherapy, so it's tricky to answer the question now.

If Anna and Qiqi didn't know each other well, Anna could find an excuse and stall her parents.

But they are close friends, Anna doesn't even have any excuse to evade the question.

Anna bit her lip, then looked at Qiqi beside her, Qiqi kept winking at her. Anna had no choice but to smile stiffly and said, "Umm of course many boys like Qiqi, but she is focused on her school work that she doesn't want a relationship."

"No, she should start to consider a relationship. If she continues act like that, youth would be far away from her. Qiqi, look at Anna, she found a good husband even before she graduated, you should learn from her."

Qiqi was really helpless, she felt a bit depressed that she took another long drink of wine, the spicy alcohol made she almost cried.

Seeing that Qiqi was in a bad mood, her father said, "Okay, wife, don't push her, Qiqi is an excellent girl, what kind of men couldn't she win. Anna is our guest, let's not bother her with domestic trivialities."

Qiqi's mother realized that she had not acted properly after her husband reminded her, she smiled apologetically at Anna and said, "That's right, Anna, sorry for my ignorance."

Anna shook her head and said, "It's okay, auntie, parents are just like this, they always have to worry about everything."

Turning her head and tapping Qiqi's forehead, Qiqi's mother said, "Look, it's the big star who has a way with words. You, don't be a fool, learn something."

"I know, I know, Mom and Dad, let's eat, the food is getting cold."

"Okay, okay, let's enjoy the meal."

Seeing that the moment was a little awkward, Anna raised her glass, looked at Qiqi's parents and said with a smile, "I'm very happy to taste the delicious food cooked by aunt and uncle today. Please. Toast to uncle and auntie, thanks for your delicacies and your efforts."

Being complimented, Qiqi's parents forgot about their daughter's problems, they raised their glasses and said to Anna with a smile, "Nothing, don't mention it, as long as you like it."

Then, Anna chatted with Qiqi's parents to make them comfortable, and they all laughed delightedly.

Qiqi was relieved.

After dinner, Qiqi's parents invited Anna to stay overnight warmly.

Because Anna came in a hurry, she didn't book a hotel, it's a good choice to stay with Qiqi.

Qiqi's parents originally planned to let Qiqi sleep in the guest room and offer Qiqi's room to Anna.

But Anna refused, wanting to sleep in the same room with Qiqi.

Seeing Anna's insistence, Qiqi's parents didn't say anything more, they prepared an extra blanket and went back to rest.

After get washed, Anna wore Qiqi's pajamas and sat in front of the mirror for skincare.

Qiqi sat on the bed, hugged a cushion and said, "Thanks to your help today, otherwise my parents would have taken turns to bombard me, I couldn't stand it definitely."

"Uncle and aunt said that for your own good, they are worried about you, this could be considered as a sweet burden, right?"

Qiqi sighed and said, "But there are some things that I can't tell my mom and dad, if I do, it would only make them worry about me."

"I understand, so there are some things that I didn't tell aunt and uncle. Just wait until the opportunity, you can tell them yourself." Anna walked to the bed and sat beside Qiqi, she changed the topic and suddenly asked delicately, "But, seriously, does Jake have any interest in you?"

Qiqi was helpless, she pushed Anna and said, "Oh Anna, why have you become so gossipy too."

"Curiosity made me do it. Why did he help you so much for no reason? There is always a reason."

Qiqi said seriously, "The reason is that he is my senior, he thought I need help, so he offered me a chance. This world is not like what you think, sometimes people can help others for no reason and no ulterior purpose."

Looking at Qiqi's face, Anna said gently, "No purpose? Qiqi, do you know what can happen between male seniors and female juniors at the same school, I can make up dozens of ambiguous stories, do you want to hear that?"

"Geez, you guys are so boring. If you have time to make up stories, you'd better go to bed early."

Saying that, Qiqi threw the cushion to the ground and went into the bed.

Anna then also got into bed, she moved close to Qiqi, squinting her eyes and said, "Oh, seriously, it's been a long time since we slept together, it feels like we're back in school, I miss those days."

Qiqi also missed the days when they were just simple students who didn't need to worry about anything, only needed to attend classes every day, eating and sleeping, days were monotonous but joyful.

And now

Qiqi squeezed a bitter smile, and then she teased at Anna, "You can go back to school, we have not graduated yet anyway, but the condition is that Yulin Xiao's willing to let you go back."

When she thought of Yulin Xiao who looked as if he's abandoned when she left that day, Anna could not help but laugh.

Turning her head to look at Anna's smiling face, Qiqi said, "It's good to see you being so happy."

"You will find your happiness too, you've grown up, you know how to make your own decisions."

Anna just didn't know whether Qiqi would regret today's decision in the future or not.

Yes, they have grown up.

Qiqi pursed her lips and sighed longingly, "It's just that growing up is not very pleasant."

"But as long as you are strong and independent, everything will be fine, this is what I have learned."

"Well, you're my role model, we're good friends, and I'll try my best not to lag behind."

“Then go for it. By the way, I’ll go back tomorrow.”

Qiqi was startled, she asked, “So soon?”

“I spared my time to come here, there’s a lot of work left to be done. Besides, since I already know the answer, my task is done. Only you have to be prepared that Yuqi Mu is not that easy to get rid of, perhaps, he will be b.razen-faced.”

Hearing Yuqi’s name, Qiqi’s heart ached.

What should come will always come, she can’t escape from that.

Qiqi took a deep breath, tried to make herself look like nothing had happened, and said, “No, Yuqi is a proud man, maybe when I refuse him, we’ll not see each other in the future.”

“How can it be, as long as you work in the dessert house, you will always see each other as you are in the same roof.”

“Since you mentioned it, I don’t plan to work in the dessert house either.”

Anna was stunned, she asked, “When you come back from your internship, you won’t go to the dessert house either?”

“Yeah.”

Anna smiled bitterly and said, “Qiqi, are you trying to distant yourself from us?”

“I don’t mean it, I just want to hush this matter, and when everything settled down, I will come back. At that time, Yuqi should have a new girl and forget about me.”

Qiqi said in a light-hearted way, but when she thought of the time when Yuqi and herself were no longer involved, her heart was stifled, as if a big stone was pressed on.

Although Qiqi didn’t say anything, Anna sensed something, she sighed, “Gosh, doomed love, doomed love!”

After she said that, neither of them said anything else, only the clock ticked in the silent room.

Anna went to sleep slowly, while Qiqi stared at the ceiling in a daze until dawn.

Sitting up dizzily, Qiqi went to get washed and intended to go downstairs to help her mother make breakfast.

But standing in front of the window, Qiqi rubbed her eyes heavily that she thought she was dazzled.

But when Qiqi looked carefully, she found that the person standing downstairs was really Jake!

Only, how did he come here? Jake is not living in the city either.

Qiqi was puzzled and tilted her head, considering whether she should go down and say hello to him.

Just as Qiqi went to get washed, Anna woke up. At this moment, seeing her standing by the window without any move, she walked over to see what was going on.

Anna looked downstairs, she couldn't help but narrow her eyes and murmured, "It's him!?"

Qiqi was thinking something when she suddenly heard Anna's voice, she was startled.

Turning her head to look at Anna beside her, Qiqi asked, "Do you know Jake?"

Anna was absent-minded for a moment, then she shook her head and said, "Nah, I don't know him, but who can come here to look for you, he must have something to do with you. After all, you don't even allow Yuqi to come here."

"Don't compare Yuqi with him, Jake is self-reliance and hard-working, he helped me a lot, he's like a mentor to me. Only" Qiqi was confused and asked, "Why is he here?"

"Then go, say hello and ask him."

Qiqi hesitated for a while, she went to get a coat and said without looking back, "I'll go and see."

She ran to downstairs, yelled at Jake when she saw his back.

"Jake!"

Hearing Qiqi's voice, Jake turned back immediately and looked at her with a warm smile.

At this moment, the first rays of the morning sun shone on Jake that made he look so gentle, and smiled so warm.

Seeing such a smile, Qiqi's heart suddenly became soft. Some tangled things seemed to dissipate now.

Chapter 545 We're not a Good Match (1)

Anna's no pushover, she arched an eyebrow and said with a smile immediately, "Qiqi is such a confused and mindless girl, and sometimes words just come out of her face, she doesn't even know she messes someone. Maybe her thoughtless words cause some misunderstanding to others, yet she doesn't mean anything serious, really."

These words made Qiqi's mouth twitch.

"Anna, are you complimenting me, or attacking me?"

Anna turned her head to look at Qiqi, her smile was tender and generous, she said, "Of course I'm complimenting you, you weirdo!"

Oh, how did she think Anna's words were so mean?

Qiqi was confused, but Jake just held his smile and didn't say anything.

"E-tchee—"

Anna didn't want to lose the battle, but the temperature was too low in the morning and she felt so cold in her flimsy clothes, so she sneezed and had a running nose.

Jake said slowly, "It's cold outside, let's talk inside, shall we?"

Qiqi slapped her head and said, "Look at me, come in, come in. Jake, please sit down and have a drink, I'll make some breakfast later, you can stay here and have some too."

"Then I'll make myself at home."

Anna followed them into the room and grunted, "Indeed, you're making yourself at home."

Maybe Jake heard what Anna said, he sat on the sofa and smiling at Anna, and then he complimented Anna.

"Actually, I like Miss Xie's TV series very much, I'm your fan. I heard you have a movie coming out, good luck with the box office."

Anna replied him with a seemingly smile, "Thank you so much."

Even Qiqi felt that Anna was not being nice to Jake, she leaned close to Anna and whispered to Anna's ear, "Anna, don't be so indifferent to Jake, it's embarrassing. After all, he is also your senior too."

But Anna replied Qiqi seriously, "Wrong, he is not my senior."

"How is it possible, he graduated from our school, I have asked about it, he didn't lie to me."

Hey, Qiqi is simply a blockhead.

Forget it, Anna didn't want to waste her efforts to argue with Qiqi, because she couldn't get it at all, and Anna herself couldn't explain it clearly.

Anna looked at Qiqi's rounded eyes, then shook her head as if she was looking at an idiot.

Hearing their voices, Qiqi's mother came out of the room and saw them sitting on the sofa. She said apologetically, "Oh, you're both awake, I'll go make some breakfast now."

Qiqi's mother turned around and finally realized that a strange boy was sitting on the couch.

She turned around again immediately, looked up and down at Jake like a radar and asked with a smile, "Qiqi, who is this?"

"Oh, he's Jake, I've told you before."

Jake stood up, smiled at Qiqi's mother and said politely, "Aunt, nice to meet you"

It must be said that good boy like Jake is mothers' type.

Now, Qiqi's mother looked at the handsome boy in front of her, nodding her head repeatedly.

As a teacher for many years, Qiqi's mother is a good judge of character, and she can see from his eyes that he is very decent and knowledgeable. He seems to be a well-educated boy as he has good literary attainments.

Plus he has helped Qiqi a lot before, Qiqi's mother couldn't be more satisfied with him.

Unfortunately, he already has a girlfriend!

Thinking of that, Qiqi's mother glared at Qiqi as if she's frustrated.

Such a good choice for Qiqi, and they're together like every day, why did she let other girl snatch him?

If Qiqi could spare half of her interests on eating delicacies for finding a boyfriend, she wouldn't have to worry about her like this!

Qiqi stood beside, suddenly she felt her back was cold, she touched it and turned around to meet her mother's icy gaze.

That sharp eyes made Qiqi shiver in her heart, something bad was about to happen, she thought.

As expected, what Qiqi's mother said next made Qiqi close her eyes hopelessly.

Her mother looked at Jake again, and praised him over and over, "Oh, such a good man, who can be your girlfriend? She must be lucky."

Jake laughed and said, "Aunt, I don't have a girlfriend."

Oh? Is that so?

That made Qiqi's mother arched her eyebrow and said, "But Qiqi said you do have a girlfriend."

Jake glanced at Qiqi, then he said, "Maybe it's a misunderstanding."

At this moment, Qiqi really hoped the ground could have her swallowed up.

Jeez, who can end her with a knife, it's too embarrassing!

But Qiqi's mother didn't feel embarrassed, she's even happier than winning the lottery.

"Misunderstanding? Ha, a good misunderstanding." The mother of Qiqi felt that it was rude to say that, so she explained, "Ah, I don't mean anything else, I just hope I can help you find a girlfriend as you're such a great young man."

Jake smiled politely and said, "Thank you, aunt, in fact, I've really got a girl I like, only she doesn't know yet, so you can call it an unrequited love."

Hearing the gossip, Qiqi looked at him with a smile and asked, "Really, do I know her?"

"Well, actually, you know her."

"Woah, it's not from our remedial class, right? That"

Just as Qiqi was speculating wildly, Anna couldn't stand it.

Oh no, this kid came with bad news today. Qiqi was about to reject Yuqi Mu, and now here came a helper. Yuqi's pretty much doomed this time.

Qiqi's mother seemed to have noticed something from their words, she twinkled and then said that she was going to cook dinner, and asked Anna to rest in her room, leaving Qiqi and Jake alone in the living room.

Although Anna was not willing to leave here, she needed to pack her luggage, so she had no choice but went to her room.

At breakfast, Qiqi's mother treated Jake with unusual kindness, serving him food and telling him funny stories about Qiqi's childhood, which made everyone laugh.

Oh, except Anna, and Qiqi who's used as a laughing stock.

Qiqi was helpless, thinking that her glorious image in the heart of Jake had just shattered.

Yet Anna was judging Jake silently, she has been speculating.

She knew that compared to Yuqi, Jake was more suitable for Qiqi.

But put aside that, Anna didn't want to send Qiqi to a complete stranger, she didn't know anything about Jake.

When Anna lowered her head and stared at a bowl of porridge, Jake looked at the suitcase beside her and asked, "Miss Xie, are you leaving?"

"She"

Qiqi was just about to speak when Anna interrupted her and said, "Not yet, I have to see whether I can book an air ticket or not. By the way, I wonder how long will you stay here, Jake?"

"I come here for a trip, probably I'll stay until the Spring Festival."

It's too long, she didn't have time to deal with him.

Anna remained silent, while Qiqi's mother said delightedly, "Our town is raw and habitable. Nowadays, there are not many young people like you who have good taste and are willing to live in a quiet city."

After being praised, Jake laughed and said, "I've wanted to visit this town for a long time, but I couldn't squeeze the time. Now that I'm in a vacation and Qiqi can be my guide, it's the perfect opportunity. Just hope you wouldn't regard me as a trouble, Qiqi."

"No, you've helped me so much, it's not a problem, really. Besides, it's my duty to help promote the beautiful scenery of my hometown."

After Qiqi said that, she looked at Anna and said, "Anna, why don't you stay for a few more days, I can take you guys for a sightseeing together. Although this place is not as prosperous as the Capital City, it also has the beauty of tranquility and purity. I think it might be a pity that you've already come here, but you haven't hung out with me."

Anna sighed and said, "I would like to, but my schedule is really tight. I came yesterday and already put off the shooting of two ads, so I can't delay any longer."

Thinking of Yuqi's previous reminder, Qiqi couldn't help but say, "You're so busy, you should entertain properly, in case of your husband has some opinions about you."

"Hmph, how dare him?"

“Who doesn’t want to be together with the person they love, you are always so busy, it is inevitable that he’s left out.”

“What about you?”

Anna suddenly asked, Qiqi was startled and asked her in confusion, “Me? What’s wrong with me?”

“Do you want to be accompanied by someone you like?”

With her mother present, Qiqi didn’t dare to show anything unusual, she turned around and said in a relaxing voice, “Ha, if I do have one, of course I hope so. It’s just a pity that my Mr. Right hasn’t appeared yet.”

“Don’t worry, I will make your dream come true sooner or later.”

Anna glanced at Jake, found that he was also looking at her, his eyes were clear like a clean spring.

Such pure eyes, in turn, made Anna’s side-tracking a bit nasty.

After the breakfast, Anna left Qiqi’s home.

Qiqi was very reluctant for her leave, holding her hand and chatting with her for a long time at the door.

Looking at Qiqi’s disappointed eyes, Anna held her hand and said, “When you are troubled, don’t hesitate, call me.”

Qiqi was a bit sad, she nodded and said, “Well, I will.”

“If you meet a good man, consider to accept him, don’t always obsess about Yuqi.”

This question is a bit off-topic, but Qiqi still endured it and nodded, saying, “I know.”

“Also, that Jake, I can see that he is interested in you. If you think he’s good, you can try to get in touch with him.”

This time, Qiqi could not bear it.

She scrunched her face and said, “Oh, what are you talking about? The relationship between us is very simple and pure.”

Simple? Tell me about it!

“Well, let me see how long your simple friendship can last.”

“Come on, don’t worry about me, you are the one who need me to worry about. You work so hard, don’t let your body break down. Even if your husband doesn’t say anything, what about his family? You’re married and have a family now, think about them, care for them.”

Reaching out and pinching Qiqi’s round face, Anna said with a smirk, “Oh, is this still the silly girl I know, how dare she lecture me like she really knows something.”

Qiqi patted Anna’s hand, she said, “Hey, I’m serious.”

“I know, I can deal with it, so don’t worry about me. But the man inside keep an eye on him.”

“I know, I know, you’re getting nosy.”

Although Qiqi acted like she disliked what Anna said, she felt so warm inside her heart.

Anna understood her, she didn’t bother with her, only said with a smile, “Ungrateful girl! Well, I have to go, take care of yourself, don’t eat yourself into a big fat pig.”

After saying that, Anna turned around and got into the vehicle sent by her company.

Sitting in the car, Anna stopped smiling in an instant, actually she’s even more worried about her.

She was concerned about Qiqi, but Qiqi needed to grow up, and made her own choice. No one can help her.

She just hoped that Qiqi wouldn’t make a choice that she regretted.

Anna leaned on the seat, She sighed softly and began to close her eyes to rest.

After a while, the car suddenly stopped.

At first, Anna didn’t pay attention, thought the driver was just waiting for a red light.

But when the door was opened, and the sound of footsteps came, Anna felt something was wrong.

Opening her eyes, Anna found two men in black clothes, she questioned them seriously, “Who are you? Why are you

Before she could finish her words, Anna was stunned when she saw their faces.

“Why are you guys here!?”

At this moment, it was the two brothers, Yulin Xiao and Yuqi Mu, who stood in front of Anna.

Chapter 545 We're not a Good Match (2)

Yulin Xiao looked relaxed, he said with a smile, “Honey, this is my surprise for you, how about it, do you like it?”

Jeez, if Anna only saw Yulin, she might be happy for a while. But seeing Yuqi Mu beside him, that's nothing but a shock for her.

If Yuqi met Jake, she couldn't imagine how disastrous the consequences would be.

Yuqi looked calm, he pursed his thin lips, so Anna couldn't tell whether he know about Jake or not.

Now, she only hoped that they wouldn't see each other, otherwise it's certainly Qiqi who struck a bad patch.

Yuqi finally said something, yet it's still about Qiqi.

“Do you just come out from Qiqi's house?”

“Yes.”

“Bring me to her.”

Anna shook her head immediately, indicating her refusal.

Yuqi's face darkened slightly, he said, “If you can find her, I can too, it's just going to take me a little more effort.”

Yulin persuaded Anna too, saying, “Anna, just tell him, he can find Qiqi sooner or later anyway, why waste his time and make everyone unhappy.”

Anna asked them, “If I let him go to pester Qiqi, will Qiqi be happy?”

“I just need an answer.”

“Then you don't have to find Qiqi, I know the answer too.” Anna knew this was cruel, but it was Qiqi's decision, “Let her go.”

Hearing these words, Yuqi felt he was choked, and his whole body ached.

He clenched his fist and gritted his teeth, said verbatim, "I want Qiqi to tell me personally."

"Why bother, since Qiqi avoided you, you should know the answer."

"But I'm not willing to quit, I want to ask her what have I done, why did she hate me!"

"You're quite good, it's just that, you two are not a good match."

Yuqi raised his head in an instant and said with his eyes red, "How does she know it's not suitable if she doesn't try? I'll admit it, I was a playboy before, but that's because I haven't met someone who can make me want to settle down with her. Now, I want to live a stable life with Qiqi, I also want to be like you two, one life, one marriage, one love!"

"I feel for you in your sorrow, but you have to see if Qiqi is willing to accept you."

"You all badmouth my relationship with Qiqi, even if she wants to accept it, she is influenced by you subconsciously."

Anna frowned, she asked somewhat angrily, "You mean, it's us who to blame that you and Qiqi didn't work out?"

"I didn't say that, but, certainly that's part of the reason."

"Oh my god, damn your eyes! Don't bite the hands that feed you! Well, if you want to find her, just go, I have nothing to tell you, as I badmouthed your relationship!"

Seeing that Anna was angry, Yulin comforted her, "Honey, don't get upset, Yuqi's so anxious that he was talking nonsense."

Anna folded her arms and turned her head, she snorted coldly, "I don't have time to bother with him, tell him to get off now, I want to go back to the Capital City!"

"Hon"

"It is not negotiable!"

Yuqi was irritated too, he said, "Okay, I'm leaving now, I can make Qiqi come back to me all by myself! Stop the car!"

The car slammed the brakes on urgently, the door was opened, and Yuqi left without looking back.

Seeing that things had come to this point, Yulin sighed several times.

But just when he was about to say something to Anna, she suddenly sat up straightly, she waved at the driver and said, "Sir, take the side road and go back to where we got up."

"Okay."

Yulin was startled, he didn't know what Anna was doing, he asked, "Honey, what do you mean by that?"

Anna was no longer angry and serious, she was so impatient at this moment, she asked him instead of answering, "Let me ask you, do you know who is coming to Qiqi's house today?"

Yulin shook his head and said, "I don't know."

"Then you have to follow Yuqi, lest he beat someone as he couldn't control his anger!"

Yulin rubbed his arms and said, "Why are you talking so creepy? Yuqi is going to beg Qiqi to change her mind, he won't beat her, I can guarantee that."

"Well, not her, but others will suffer! Sir, please hurry up, hurry up, we couldn't be late."

The driver speeded up again, the scenery on both sides flashed.

"Honey, what's going on?"

"Yuqi's love rival is now standing at Qiqi's home!"

Yulin was stunned, he searched in his mind and then glared at Anna, asked, "Is that Qiqi's senior, Jake?"

"That's him! I was unable to stop him from going to see Qiqi, so I could only irritate him and let him get off the car, so I can find another way to save the day."

Now, Yulin understood how serious the problem could be, he urged the driver to speed up with Anna, "Please be quick! Their lives are at stake!!!"

At this moment, Qiqi, Jake and her parents all had their breakfast, Qiqi's father went out to play chess. Qiqi's mother invited Jake to drink tea with her, so that she could get to know him.

Through their conversation, Qiqi's mother really likes the young man in front of her, he's patient, without any of those stinky characters of young men, just like a role model!

It would be perfect if she can have him as her daughter's boyfriend!

What's more, he asked Qiqi to be his guide especially. It can be seemed that he doesn't harbor a grudge against Qiqi, maybe he even has some feelings towards her! That's the cornerstone of more chances between them!

If she could have such a son-in-law, not only Qiqi could find her happiness, but their family would feel proud.

The more Qiqi's mother thought about it, the more she felt that it was a good idea. Delightedness was all on her face.

However, Qiqi was a little distracted, and it took her a while to come back to her senses when someone spoke to her.

A while ago, Qiqi didn't want to think about anything, she stayed at home every day, buried her head like ostriches.

However, when she saw Anna, she knew that what will be, will be. She has to face it.

If Anna can find her, Yuqi can naturally do the same. Perhaps, she will soon be able to meet with Yuqi.

When they met, she must explain to him clearly, and they must have a clean break. From now on, she has nothing to do with Yuqi, Yuqi has nothing to do with her.

Qiqi was determined, but she still felt something's not right, she had a feeling that something's going to happen. i

"Qiqi, Qiqi?"

Just as Qiqi was concentrating on her thoughts, she heard someone calling her name, she turned her head slowly and asked, "Oh, what did you say, mom?"

"Girl, why are you dazed when our guest is talking to you?"

Looking apologetically at Jake, Qiqi said, "Jake, sorry, what did you say just now?"

Jake smiled tenderly and said, "Nothing important, I just want to ask you if you're free tomorrow, can you hang out in the town with me?"

Once she heard this, Qiqi patted her chest and promised him, "Of course, I'm totally free now. Don't worry, I'm familiar with this place, I promise to show you around here, you won't feel boring at all."

"Thanks a lot."

“Thanks for what? You helped me with my lessons, I haven’t even thanked you properly.”

“You are so polite to me. Whenever you talked to me, you would thank me in every minute, which made me feel speechless. Qiqi, you don’t have to do that.”

Hearing what Jake said, Qiqi rubbed her forehead in embarrassment, then smiled shyly.

Qiqi couldn’t sense Jake’s feeling to her, yet her mother did. Within just half an hour, her mother could tell that Jake has a crush on Qiqi.

This discovery made Qiqi’s mother jump for joy, thinking that her silly girl has finally gotten lucky and met a good man!

.....

Standing at the entrance of the residential area, Yuqi smoked one cigarette after another with a gloomy face.

Although he showed his indifference in front of Anna and Yulin, he did feel tangled and frustrated.

That’s why Yuqi, who rarely smokes, now smoking to relieve his stress.

At this time, Qiqi’s father came home from outside and saw a young man in front of him puffing on cigarette, and a lot of cigarette b.utts were around his feet, he shook his head.

In fact, those cigarette b.utts were not from Yuqi, he threw in the trash can behind him.

But such a scene is easy to make others misunderstand him.

Qiqi’s father has been a teacher all his life, seeing young people so decadent and not caring for the environment, he felt like he should express his opinions.

“Young man, smoking in public is already against public morality, why do you throw cigarette b.utts on the ground, that’s not gonna work.”

Yuqi was already annoyed, he tried to say in a calm voice, “Sir, I’m very frustrated now, can you leave me alone?”

“Hey, young man, don’t be frustrated when you come across a problem, youth is your strength, cheer up! “

Seeing him could be endless, Yuqi was somewhat annoyed again, he said with a frown, "I don't need you to lecture me, you can go busy with your own business, don't put your finger into my pie."

Yuqi's attitude made Qiqi's father shake his head in disappointment, he said, "So rude, I don't think I can count on the youngsters!"

After said that, Qiqi's father walked into the residential area. He had an extremely bad impression on Yuqi.

Hearing the door open, Qiqi raised her head to see her father, she asked, "Dad, why are you back so early?"

"My brother Li had something to do today, so we finished playing chess early."

Qiqi's mother took his jacket and hung it on the hanger. When she noticed that he didn't look good, she asked, "What happened to you, did you lose to Mr. Li?"

"How can I lose to him, he's bad at playing chess. I saw a young man at the door who had no sense of public decency and he was so impatient when I said a few words to him. If everyone be like him, there would be no hope for this society."

"Oh, not everyone is as polite as Qiqi's senior, Jake."

When Qiqi's mother mentioned it, Jake smiled gently.

Qiqi's mother was about to say something when the doorbell rang.

"Who could be here now."

"I'll get it."

Qiqi walked over quickly and opened the door, but she was stunned when she saw the person outside the door.

"Qiqi, who is it?"

"Umm, insurance salesman."

After Qiqi said that, she wanted to close the door.

Outside the door, Yuqi raised his arm to block her from closing the door, he looked so persistent.

Qiqi had no choice but to walk out of the door with Yuqi.

Closing the door tightly, Qiqi's brows wrinkled, she said, "Yuqi, don't you come to find me again. What you asked me last time, I've already thought it clearly and I can give you an answer now."

Yuqi looked depressed, he looked straight at Qiqi, pleaded her, "Before you give me your answer, can you listen to me for a few words?"

Yuqi's frustrated face made Qiqi's heart ache.

But before she could say anything, someone came out of the house and yelled with a clear voice, "Qiqi, why are you still out there?"

The moment Yuqi saw Jake, he was so angry that he couldn't even believe what he saw, he said in a ferocious voice, "Why is he here?"

Qiqi was worried that her mom and dad would see it, so she said impatiently, "Jake came here for a trip and I'll be his guide."

"I want to hang out in your town too, can you be my guide?"

"Stop fooling around, leave now."

"I'm not fooling around, I'm serious. It's just that your parents are here today, so I've come to pay my respects to them."

"Hey, you"

After he said that, he walked past Qiqi, pushed the door and walked into the room.

"Uncle and aunt, nice to meet you."

Yuqi born noble, he's so impeccable that he could make people respect him even if he's just standing still in the room.

Qiqi's mother didn't know what's going on, she looked at Qiqi and Yuqi, said, "Woah, since when insurance salesmen are so handsome? You look like a movie star, young man!"

Qiqi's mother couldn't help but compare the young man in front of her with Jake, thinking that judged from appearance, the young man in front of her was more handsome and powerful than Jake, like he's born blue.

But considered Qiqi's marriage, she would prefer Jake, as he could offer Qiqi more sense of security.

However, it is good to see such a good-looking man, she felt happy that she hasn't seen anyone like him in her real life!

Qiqi's father poured a cup of tea to drink, when he looked up, he saw Yuqi.

It was him!

Putting the teacup aside, Qiqi's father looked serious and said, "Sorry, our family doesn't need to buy insurance, you can leave now."

The confidence Yuqi had disappeared in the air instantly when he saw Qiqi's father.

How could he be Qiqi's father!

Yuqi felt so embarrassed, but he still squeezed a smile on his face, said courteously, "Uncle, I'm sorry about what just happened, actually"

"There is nothing to be sorry for, I was minding other people's business, you don't need to pay attention to me as I'm a bad old man."

Before Yuqi could finish speaking, Qiqi father interrupted him, and then sipped his tea indifferently.

Listening to what Qiqi's father said. her mother asked, "Oh, is he the young man you've just talked about? The rude boy?"

Qiqi's father nodded his head, then he told Yuqi, "Young man, I don't want to say that, but even if you have a stunning appearance, the morality is the most important, that's what you can count on in the future."

Once Qiqi's father seized a chance to talk, he could speak for a whole day. That's what a teacher be like.

Through this incident, Yuqi realizes one thing, that is, never argue with the elder outside, perhaps he will be your future father-in-law.

Yuqi felt he's totally collapsed, yet Qiqi just giggled beside, not wanting to help him at all.

Finally, it was Jake who explained to Qiqi's parents owing to his kindness, "Aunt, uncle, I think you both missed something, he's not an insurance seller, he's Yuqi Mu."

Qiqi's mother was puzzled, she asked, "Who is Yuqi Mu? Is he a movie star like Miss Xie?"

"No, he is the President of Mu's Group."

“Mu’s Group” Qiqi father thought for a moment and said suddenly, “Oh, I remember, one of my students told me he went to Mu’s Group, said that it is a large company with good environment and excellent potential for growth.”

So the young man in front of her is a president, no wonder he’s so imposing.

But Qiqi’s parents didn’t change their attitude towards Yuqi because of the identity of him.

Qiqi’s father frowned at Yuqi and asked, “You are the president, so what? Why are you here?”

Qiqi has been avoiding Yuqi’s sight, but Yuqi looked straight at her, not allowing her to escape.

“I’m looking for Qiqi.”

“Qiqi, do you owe him money?”

Qiqi’s mother misunderstood her, because the way Yuqi looked at Qiqi made her feel like Qiqi do own him money.

Hearing this, Qiqi denied in a loud voice, she said, “Mom, I don’t”

“Yes, she does owe me.”

Before Qiqi could finish speaking, Yuqi interrupted her and admitted it immediately.

This made Qiqi dumbfounded, she turned around and glared at Yuqi angrily, rebuking, “Yuqi, don’t try to slander me, okay? When did I owe you money!

“When you were sick, I was the one who paid your bills in the hospital!”

Yuqi said verbatim. Qiqi cursed Yuqi in her heart!

This bastard, he just knew that she wouldn’t dare to let her parents know she had been sick, he was threatening her!

No, I can’t let him get away with it!

Chapter 546 Aggressive Move (1)

Qiqi glared at Yuqi Mu angrily, her brain spinning, thinking about countermeasures.

Qiqi's parents were taken aback and asked, "What's the matter, Qiqi, are you sick?"

Qiqi's expression looked a little ugly and said, "It's just a small problem, diarrhea."

"How much money can it be? Just give it back to him. Does he need to come to home to collect the money."

Yuqi looked around to examine the room and said in a flat tone: "Money is not much. Selling this house can make it just right."

These words changed the expressions of the people in the room.

Jake's good-looking eyebrows wrinkled together. It was rare for him to get angry and warned, "Don't go too far!"

"People like you who live at the bottom of the society surely don't know how much a top hospital would cost a day, and how much it would cost to hire the world's top experts."

Being beaten in the face with money, especially by Yuqi Mu, made Qiqi feel very uncomfortable. Her face turned blush and she said, "Isn't it just about money? I will pay you back now."

Yuqi shook his head and said in a leisurely manner, "I don't need you to pay back the money. I just want a guide and show me around here. Then we are clear."

With a cold hum, Qiqi reached out to push and shove Yuqi towards the door.

"What stupid guide, if you don't leave now, I'll call the police."

"OK, you can call the police all you want, but when the police come, they will only deal with it strictly as a business affair and mortgage your house."

"You..."

"All right, stop it!"

Not wanting to see his daughter pulling and pushing with a stranger. Qiqi's father stopped them.

After pondering for a moment, Qiqi's father made a decision. He raised his hand and said, "Well, a visitor is a guest. If you want to play here, don't be so tense to treat each other with daggers. You'd better find a place to live first and let's talk tomorrow."

"It's uncle who knows the world better."

With that, Yuqi took out his mobile phone, bowing his head and playing with it.

Qiqi didn't want to see this unreasonable, savage and absurd guy for another minute. Seeing him dawdling, she impatiently and impolitely hastened: "Why don't you go yet?"

Yuqi didn't lift his head, "I see a sign for sale hanging next door, so I just asked my assistant to buy this house. Now, we are neighbors."

Finishing the last word, Yuqi looked up and exposed his snow-white teeth to Qiqi.

His smile was full of provocations, which made Qiqi burst into anger. She wanted to rush forward to grab and hurt the guy's face!

"Yuqi Mu, cut it out!"

Qiqi was gnashing her teeth, trying her best to restrain her anger, so as not to do anything impulsive.

However, Yuqi didn't know when to stop. He said, "I live alone and I can't cook, so I'll come here for free meal in the future."

"You have the ability to afford a house, why can't you afford to hire someone to cook for you?"

"There is no warmth of home."

"It's the warmth of my home, which has nothing to do with you!"

Picking his eyebrows at Qiqi, Yuqi said, "Who said it has nothing to do with me? In the future, it's very likely that it will be my..."

Yuqi didn't say the last word, but everyone could recognize the ambiguous and teasing sensations in the man's tones and eyes.

Asshole!

Qiqi lowered her head and looked around as if she was looking for something.

Seeing this, Yuqi turned around and slipped away. When he got to the door, he turned and said to the people in the room, "Let's leave it here. We can talk more later."

"Talk my a.ss!"

Qiqi fetched a bottle at hand and smashed it ruthlessly, which hit the doorframe hard and made a dull sound.

Bang!

Although the door was closed, Qiqi was still staring at it ferociously, like wanting to burn two holes in it.

“Qiqi, what exactly is the relationship between you and that Mr. Mu?”

Qiqi’s mom’s voice drifted from behind, making Qiqi stunned.

Qiqi turned around with a stiff head. She dared not to look into her mom’s eyes, “I have nothing to do with him.”

“If you have nothing to do with him, why would he like to take you to the hospital when you’re sick?”

Apparently, Qiqi’s parents didn’t believe their daughter’s words.

“Well, I worked at a dessert shop before, and he and the shopkeeper were relatives, that’s why I got to know him. Later, I was hospitalized and he helped me. I was thankful to his help, and I didn’t expect that he was intended to extort me for money.”

Qiqi explained it another way, but Qiqi’s parents still didn’t quite believe their daughter.

“He is so rich, why should he care about your pathetic small money? This fellow takes so much trouble to approach you, I always feel his intention is not simple.”

It was not simple indeed, but if Qiqi’s parents knew Yuqi’s real intentions, they would rush towards him taking a kitchen knife.

No, no, she couldn’t let that happen!

Qiqi clenched her fists in silence and decided to let Yuqi disappear from her life no matter what!

Taking a deep breath, Qiqi said with a firm tone, “It’s just for a few days. I’ll be patient to coax him and make him happy. Then, he will naturally leave. Mom and dad don’t need to worry.”

“But...”

“Uncle and aunt, I will help Qiqi. I won’t allow her to be bullied. No matter how rich and powerful the other party may be. After all, this is a society ruled by law, and it’s not up to him to fool around.”

Qiqi’s words alone had insufficient strength and intensity. With Jake’s assistance on the side instead, her parents hesitated for a moment and then decided, “In that case, thanks for your kindness to take care of her in advance. We appreciate your help a lot.”

“Qiqi is like my younger sister. Helping her is my obligation.”

Jake looked down at Qiqi as saying. His eyes were full of encouragement and support.

Under this circumstance, getting such considerate comforts made Qiqi feel especially warm.

“Jake, thank...”

“Don’t say thank you or other grateful words.”

With an understanding smile, Qiqi said, “Well, I’ll take you out to have some fun, absolutely unforgettable for you.”

“OK, I’m looking forward to it.”

At the same time, Yuqi walked to the gate of the community, and there he saw Anna Xie and Yulin Xiao.

Both of them were panting nervously at the moment, with anxious looks on their faces.

When finding him, the two glanced up and down.

Seeing that he was OK, they were relieved.

On the other hand, Yuqi raised his eyebrows when he saw the two, “How come you two hadn’t leave yet?”

Anna took a breath and frowned, “Yuqi Mu, did you come here by plane? How can you be so fast?”

“You have your way, and I have mine. Now, Qiqi and I have become neighbors. After running into each other day by day, I don’t believe that I can’t move her!”

Yuqi took an oath devoutly, but Yulin and Anna’s hearts sank with deep worries.

“You just met Qiqi?”

“Yes.”

“Did you meet Jake too?”

With a snort, Yuqi said, “Yes.”

“You didn’t fight, did you?”

“Such a harmonious society, why should we fight? Besides, letting Qiqi fall in love with me depends on sincerity, not force.”

Well, it was weird to hear such words from Yuqi Mu’s mouth.

But no matter what, it was good that the two did not get into a fight, which would let the scene become so ugly.

However, it was Yuqi Mu. If a man dared to wander around his woman, would he let the man off the hook easily? It was impossible.

By the way, he just said that he and Qiqi had become neighbors. What was that about?

Anna asked the doubt in her heart, while Yuqi said slowly and leisurely, “I bought the house opposite Qiqi’s house. In this way, I can be open and aboveboard to live next door to Qiqi. I can be a nice neighbor to her, and I can see her every day. Meanwhile, I can use the opportunity to show my ability to Qiqi’s parents and let them entrust their daughter to me.”

Well, this guy was really aggressive with drive and sweep in carrying out a decision, but was he a little too confident?

Thanks to Anna’s understanding of Qiqi’s parents, the two elders would definitely stay away from Yuqi. By comparison, it was Jake who was better worthy of their daughter.

“Hey, don’t you have anything to do? Go back now. I stay here.”

Raising her eyebrows to look at Yuqi, Anna asked, “Are you sure?”

“Of course, I’ve been fighting in the business world for so many years, can’t I even deal with an immature boy?”

Yuqi sounded self-confident, but Anna thought that the matter may not be reliable.

After taking a gentle breath, Anna said, “I hope you don’t get slapped in the face by yourself in the end.”

“Don’t worry. You can rest assured this time. I will definitely marry the beauty home!”

Anna still wanted to say something, but then Yuqi’s assistant drove over in a car loaded with a lot of daily necessities, articles for daily use and all kinds of other things, rather comprehensive.

It seemed that he was planning to live for a long time.

Yuqi and his assistant went back to the room together to set up things, while Anna and Yulin stood in place downstairs, speechless.

At last, Yulin patted Anna on the shoulder and comforted her: "Now that he had an idea in his mind, let him do what he had to do."

It was a big provocation to camp opposite the enemy. How could Qiqi and her family get along with Yuqi peacefully? I'm afraid there will be a tough battle between them soon!

She pursed her lips, "Anyway, he can't hurt Qiqi, otherwise, I'll make him pay blood."

"Relax, if he really dares to do something stupid, let alone you, I will punish him personally."

Looking ahead, Anna squinted and asked: "Besides, why this guy is so confident this time?"

"Maybe he thinks his opponent this time was a small potato."

A small potato?

She snorted from nostrils, "Underestimating the opponent too much will make him end up losing miserably."

Seeing that Anna was not optimistic about Yuqi, Yulin couldn't help but ask, "Why did you say so? Did Qiqi's parents say anything to you?"

"I've met Qiqi's parents. Obviously, they are just ordinary people who want to live a peaceful life."

"In other words, the more money Yuqi spent on them, the more dislikable he would be for them?"

"That's right," Anna nodded with a serious expression. "On the contrary, Jake is a decent person with a simple background. He and Qiqi can count as a perfect match. For them, he is the perfect choice. Now as long as Qiqi nods and agrees, her parents would go to Jake's home to propose the marriage right away."

Hearing this, Yulin took a deep breath and said, "It seems that Yuqi's future is uncertain."

"Exactly. From my point of view, you'd better guide him from now and then. Don't go further and further down the wrong road."

Yulin nodded, "You can also call Qiqi to get in touch from time to time to ask about the situation. Although we can't step in their business, we can give Yuqi some useful information."

Anna nodded too, "Well, now it's the only way."

As the voice fell, they both looked towards Qiqi's unit building again and sighed together.

.....

Since Qiqi's parents had an appointment with someone at noon, today's lunch was only for Qiqi and Jake, so they kept it simple and cooked noodles.

Qiqi's cooking skill was average. She made only two fried noodles with soy bean sauce, looking black and making people lose appetite.

But Jake was very supportive. He ate it up, enjoyably.

Seeing him like this, Qiqi was a little relieved. She sat beside Jake and began to eat her share.

It was only after tasting it herself that Qiqi found that this bowl of noodles was really mediocre. It was unbelievable that Jake should eat it up.

Qiqi put down her bowl and chopsticks, saying, "Jake, why don't we order takeout."

"Why order take out? This noodle is delicious."

"Which part of the noodles is delicious? The sauce is too salty and the noodles are too stiff. Quit eating now."

As saying, Qiqi reached for Jake's bowl and chopsticks.

But Jake stopped her and said, "It's delicious, really. I am from the south. I seldom eat this taste of noodles. I like it very much."

Jake's expression was sincere, leaving no way for people to doubt his words.

But Qiqi knew that Jake was just too kind to hurt her sensitive self-esteem.

Looking at Jake, Qiqi smiled, then picks up chopsticks and ate it as well.

Being with Jake, the noodles didn't seem taste so bad.

The two ate while chatting in a warm atmosphere. Imperceptibly, a bowl of noodles was eaten up.

Just as Qiqi was about to take a rest, a string of hasty knocks at the door came over, which made people lose the peace of mind.

Wiping the corner of her mouth, Qiqi trotted to open the door.

But as soon as she opened it, she slammed it shut again, as if she saw some dirty stuff.

Yuqi's face was full of smiles, but Qiqi shut the door in his face, giving him a cold-shoulder treatment. His good mood slowly sank and he called out outside the door: "Qiqi, open the door!"

There was no movement inside the door.

Well, very well, playing dead! All right!

With a sneer, Yuqi said, "If you don't open the door, I'll go downstairs and shout to let everyone know my feelings for you. Heaven and earth can prove it for me."

This a.ssh0le!

Qiqi was very angry, thinking that he was a jerk and wanting to open the door to reason with him.

But Jake held the doorknob in advance and signaled Qiqi to take it easy.

Seeing Jake's eyes, Qiqi slowly calmed down, then silently backed off and let Jake stand in front of her.

Qiqi was in a rage. If she confronted Yuqi head on, it was to add fuel to the flames, which would let the scene get out of control.

Considering this, Qiqi did not argue with Jake. She decided to let him handle it.

Turning around, Jake pushed the door open and looked slightly cold at the person outside.

"What's the matter?"

Yuqi didn't expect that the person who opened the door was Jake. With a gloomy face, he squeezed his way in from Jake's side and sat in front of Qiqi.

Noticing two empty bowls, Yuqi asked, "I'm hungry. Do you have any food?"

“No!”

“Then what did he eat?”

Qiqi tried to sound patient, “Noodles with soy bean sauce, the last one.”

“Then cook another one.”

In the face of Yuqi’s bossy command, Qiqi clenched her fists, gritted her teeth and said: “No noodles.”

Yuqi thought for a moment, then suddenly laughed. He closed to Qiqi and said smilingly, “Let’s go to the supermarket and buy some, then you can cook for me. We can buy some spareribs. I’d like to have b.raised spareribs in brown sauce.”

Qiqi stared at Yuqi angrily: “Yuqi Mu, you’re asking too much!”

Yuqi shrugged and said, “Isn’t that what you should do?”

“You...”

When Qiqi was going to lose her tempers, Jake blocked in front her, looking neither humble nor pushy, “It’s not good to bully a girl like this, don’t you think?”

Chapter 546 Aggressive Move (2)

Looking at Jake provocatively, Yuqi Mu said coldly, “You letting her cook for you is for granted, I letting her cook for me is bullying her? What’s the reason for that?”

“You and me are not the same.”

“Which part is not the same?”

“For me, Qiqi is willing to do it; for you, she wants to avoid it.”

This almost made Yuqi vomit bl00d out of anger.

The corner of Yuqi’s mouth rose, and his smile was full of coldness.

“Boy, you’re quite arrogant!”

“I’m just telling the truth.”

Jake was standing beside Qiqi. The two sent out an unspeakable sense of harmony, which made Yuqi wanted to beat him.

He turned around to pick up a coat and put it on Qiqi. Jake laughed at Yuqi and said, "If you want to stay, help yourself. Qiqi and I are going out for a walk. Excuse us."

Saying this, Jake held Qiqi's arm and about to go out.

Yuqi was still sitting there, but his body was a little stiff. He roared, "Without my permission, who dares to go?"

But the two didn't pay attention to Yuqi's roaring, and went away without looking back, leaving Yuqi at home alone.

When he heard that the door was closed, Yuqi raised his hand and threw two porcelain bowls on the table to the ground, raging like a lion.

Out of breath, he got up and was about to chase after the two.

But the sole of his feet stepped on a piece of broken porcelain.

Yuqi hesitated, and then he patiently cleaned porcelain pieces before going out of the door.

He knew himself that his image in Qiqi's parents was not very good.

If they knew that he had broken a bowl in their home and he didn't clean it up, his image in their heart would become worse.

It was pathetic to think about it. When would he, Yuqi Mu, comprise so much out of consideration for a woman? After paying so much hard work, that woman pretended to be blind and didn't take him seriously at all, which broke his heart!

No matter what this time, he had to get rid of that stupid boy. He had to have Qiqi to his own!

Yuqi narrowed his eyes and hurriedly followed up without stop.

At the moment, Qiqi and Jake were standing by the side of the road waiting for the bus.

She hid her cheek in a thick scarf, covering half of her small face, so adorable that made people cannot help loving her upon seeing her.

Looking down at such Qiqi, Jake sighed and then said, "If you don't want to go, we can go back now."

"No." Qiqi refused without even thinking about it, saying, "If we go back now, we might meet that guy again. I don't want to see him now."

“You don’t want to see him because you hate his hot pursuit, or are you afraid that you will waver?”

Qiqi was stunned at first, and then righteously refused, “I certainly hate his pursuit. How crazy I am to be attracted to him.”

“But Yuqi is quite a catch. He is just a little overbearing and didn’t pay much attention to other people’s feelings. Except for that, I think he is good to you.”

Qiqi was holding her hands with an uncomfortable expression on her face. She said in a cold voice, “Which part is good? He never considers other people’s feelings. Everything has to be done as he wishes! If something is out of his control, he would be like what he is today, stirring up a big mess!”

Jake looked at somewhere ahead, nodded and said, “Well, I agree with that part.”

Qiqi found that Jake was staring at a place, so she looked towards that way.

And this look let her mood just calming down surged with waves again.

“He’s really a haunting soul!”

Ahead of the way, Yuqi was sitting in the car and staring at the two coldly.

“Do you want to go and say hello?”

“No!”

“Do you want to get rid of him?”

“Of course.”

Jake nodded and said, “Let me help you.”

With that, Jake reached for Qiqi’s hand and held it tightly.

This action made Qiqi froze. She looked up at Jake, puzzled.

In this regard, Jake explained, “Didn’t that person want you to agree to his pursuit. If he knows that you have someone else in your heart, he may give up.”

Qiqi’s complexion looked like in a bit of a dilemma, “Then I have to use you as the shield. I’m afraid it’s not very proper.”

“It’s all right. I’m happy to help.”

Looking at the gentle-smiling Jake, Qiqi felt guilty and said, "You helping me like this will make me feel that I owe you a lot."

"If you really feel like you owe me, think about where to take me to have fun."

"That's for sure." Qiqi thought for a moment and said, "How about we set out now? I'll take you to the wildlife park where have fantastic animal shows."

"Great."

While talking, the bus came far away, and the two got into the bus talking and laughing.

And the eyes of the one in the corner were going to blow fire.

Asshole, how dare that man hold Qiqi's hand!

Although he knew that the two were deliberately pissing him off, Yuqi still couldn't control himself. The flame in his heart was about to burn him to ashes.

When the bus started, Yuqi followed behind. The bus stopped and drove all the way. Finally, it stopped at the gate of the wildlife park. Yuqi watched the two walking in side by side.

After thinking about it, a faint trace of wicked smile suddenly rose from the corner of his mouth.

The animal shows here were famous all over the country, amazing and thrilling, which could make people exclaim constantly.

Qiqi took Jake to find a spot with excellent vision, and then began waiting for the show to start.

About 15 minutes later, an emerald green bird flew around the field for a circle, simultaneously accompanied by elegant and graceful sound of music.

"Here it comes, here it comes!"

Qiqi's eyes lit up shining and took out her cell phone and got ready to take pictures.

Seeing that Qiqi was so interested, Jake smiled and sat beside her. He also began to wait for the show to start holding his breath intently.

Qiqi didn't exaggerate. In fact, the show here was wonderful, thrilling and exciting, which made Jake really enjoy himself.

Halfway through the show, several parrots flew in, some red, some green, and some colorful, big and small, altogether more than ten.

Qiqi, who had seen the performance, carefully explained by the side, "These parrots are very smart. When the host describes a person's features, the parrots can identify the person from the audience."

"Isn't it a trick?"

"No way, it's all random. You can see it on the big screen in a moment...WOW!"

Before Qiqi finished speaking, a big parrot fell on her shoulder. She was startled.

She raised her head and laughed at Jake, "It seems that I am the lucky one to be picked."

Jake raised his lips but didn't say anything.

"Congratulations to this young lady, who was chosen by our Bonnie to be the luckiest person present!"

Under thunderous applause, Qiqi nodded smilingly to the audiences. She dared not make big movements, for fear that the big parrot would stretch out its claws and scratched her in order to keep the balance.

"Since Bonnie likes this young lady so much, here is one elaborate gift for you."

With that, the host made a snapping sound with his fingers, and the parrot lowered its head and put a crystal bright ring in the palm of Qiqi's hand.

"Wow!"

It was judged at a glance that the ring was worth a lot, stunning Qiqi.

The people around her were so envious that they were about to drool. They were all shouting to let the host send another surprise gift.

The host didn't say anything, while Qiqi looked gloomy. She walked through the crowd and got out of the show field.

As for Jake, he was quiet from the beginning to the end. Seeing Qiqi getting up and leaving, he followed her in silence.

Walking to a deserted square, Qiqi took out her mobile phone and dialed numbers with a sullen face.

Soon, the call was connected.

Before the other side could speak, Qiqi roared, "Yuqi Mu, come out!"

Yuqi said slowly with a smile: "Why, can't wait to see me?"

"Bullsh!t. Come out quickly and take back your ring. I don't want it!"

"If you don't want it, throw it away. I don't care that little money."

"You..."

Qiqi was so infuriated that she didn't know what to say. She just thought Yuqi Mu was an asshole, an asshole that couldn't be gotten rid of!

Jake on the side opened his mouth.

"Since the ring is unclaimed, we'd better turn it over to the police station and let the police find the owner. Let's go back to the show now."

This seemed to wake up Qiqi. She repeatedly nodded, feeling that Jake's words made sense.

Over the phone, Yuqi heard Jake's advice and lost his smile.

"Qiqi, you dare!"

Taking the initiative again, Qiqi showed complacent expression and hummed, "Why don't I dare? I won't talk to you anymore. I have a show to enjoy."

Then Qiqi hung up.

Yuqi didn't give up. He called several times, but Qiqi hung up again and again.

Finally, Qiqi simply turned the phone off.

Yuqi was pissed off wildly. Holding the phone, he murmured, "Qiqi, you are not like this before. It must be that bastard said something to you and taught you bad moves! No, I can't take him anymore!"

.....

Because there was a pair of eyes behind her staring at her all the time, Qiqi was not in the mood to continue to play. She walked around randomly with Jake and then decided to go back home.

When Jake sent Qiqi home, he happened to meet Qiqi's parents.

Seeing that the two came back together, Qiqi's mother shined with happiness. She was beaming with smiles, "Where have you been?"

"I went to the zoo with Jake today."

"Oh, that's great. Have you had dinner outside?"

"Just a little bit. If mom makes sweet and sour ribs, I can have some more."

Qiqi's mother pointed Qiqi's forehead and said, "Greedy girl, it's not easy for you to lose weight. After all the trouble to get thinner, you'd better not eat more to get fat again."

Listening to this, Qiqi doubted whether her mom was her real biological mom. Qiqi simply wanted to cry.

Instead, Jake was indulgent to Qiqi, "If you want sweet and sour ribs, I'll take you out to eat them tomorrow," He said on the side.

There was tenderness in Jake's gentle eyes, making Qiqi somewhat at a loss.

"No. I'm just talking about it. "

Qiqi's mother heard the two murmuring and said encouragingly, "Oh dear, don't feel embarrassed. Don't you like the sweet and sour ribs of Zhang Ji most? You two go there together to taste it tomorrow."

Seeing that her mother changed attitudes so fast, Qiqi felt helpless.

"Mom, didn't you just imply that I was fat? Why do you encourage me to eat now?"

"Oh, I was joking with you. You are my own blood. How can mother dislike you for being fat?"

At this time, she remembered that Qiqi was her biological daughter, then what were the previous complaints about?

Qiqi was speechless, while her mother was already happily chatting with Jake.

When they first met, Qiqi's mother was embarrassed to talk about Jake's family.

But now it was different. Qiqi's mother could see that the purpose of Jake's coming here was not simple.

Since he was a brave boy to face Qiqi's family, why didn't she take the opportunity to ask clearly?

With no more scruples, Qiqi's mother asked Jake about his three generations. The more she asked, the more satisfied she was.

Well, the boy's family was also engaged in education, in the same industry with them. No wonder the boy was always gentle and well-behaved, always pleasant to the eyes.

Qiqi's mother had considered the boy as her son-in-law already. The longer she looked at the boy, the better she liked him.

Qiqi, on the other hand, was about to die of embarrassment.

Qiqi wanted to stop her mother. She hinted at her several times and even made noises to stop her. She didn't want her mother to keep asking. But her mother turned a blind eye to her. The more she talked, the happier she was.

Qiqi was really helpless, sitting on the sofa, sighing and feeling no way out.

Suddenly, someone knocked at the door. Qiqi immediately sat up on guard.

When she got to the door, Qiqi looked through the peep hole. Seeing that the man outside was not Yuqi, she was relieved slightly.

She opened the door. The people outside politely smiled to her and asked, "Excuse me, are you Miss Qiqi?"

"Yes, I am."

"Hello, this is your order. Please sign for it."

"Ah?" Qiqi was confused, saying, "I didn't order any meal."

"But the address and contact information left here are yours. And the bill has been paid. Please enjoy."

With that, the man and his companion brought in several heat insulation boxes, put them on the table, and then opened them one by one.

As soon as the lid of the boxes were opened, Qiqi smelled the fragrances of the meal and couldn't help taking a deep breath.

Braised prawns!

Braised hooves in brown sauce!

West lake vinegar fish!

.....

One after another exquisite dishes were served, Qiqi's saliva had overflowed.

Finally, the other party took out a bottle of wine, politely bowed to Qiqi and said, "Miss, all the dishes are served, please take your time to enjoy."

Qiqi swallowed her overflowing saliva and asked, "Are you sure you didn't send it to the wrong place?"

"The room number is 502, right? You are Miss Qiqi, right?"

Qiqi was just about to nod her head, but an incredible idea flashed through her mind.

Her eye balls turned and she asked, "What number did the person who ordered the meal use to contact you?"

The man rummaged in his pocket, took out a printed sheet and handed it to Qiqi, saying, "That's the number."

Glancing at it, Qiqi's face changed at once.

Sure enough, it was Yuqi Mu!

Storming out of her house, she patted Yuqi's door and shouted angrily, "Yuqi Mu, what are you doing?"

Hearing the clamoring noise, Yuqi opened the door and asked, "What's the matter?"

"What's the matter? Don't play dumb with me. You know it clearly! Hurry up and take away the food from my house. Come on!"

Qiqi was urging, but Yuqi didn't seem to hear it. He walked slowly to Qiqi's house and looked around.

Chapter 547 She's The One I Like (1)

"Oh, the meal has been delivered, the delivery man came very quickly."

Qiqi walked in front of Yuqi Mu angrily and said, "Don't play dumb with me, take your things away quickly!"

“Why should I take the things away? These are all I bought to show filial respect to my aunt and uncle.” Yuqi looked at Qiqi’s parents confidently and said, “There is a misunderstanding about what happened before, I hope you can give me a chance to explain.”

Qiqi’s father was quite calm as he asked, “What misunderstanding could be a reasonable excuse for you to bully Qiqi?”

“I did not bully her, on the contrary, she has been bullying me.”

Ha, Qiqi finally knew what was the meaning of calling white black.

Qiqi smiled instead of being angry and waited for Yuqi’s response, asking, “Yuqi, tell me clearly, how do I bully you?”

Being stared by Qiqi, Yuqi was not in a hurry and said slowly, “A few days ago, something happened to you at school and you had nowhere to go, so I ended up taking you in, right? When you got sick, I also took care of you until you recovered, right? Now that you’re fine, you just left directly and even are still as cold as ice to me, aren’t you being a little too realistic and cruel?”

Yuqi’s accusation made Qiqi feel quite awkward.

Qiqi’s parents also looked quite surprised after hearing Yuqi’s words, and finally, her father asked in a trembling tone, “You two have lived together?”

Qiqi then explained hurriedly, “No, no, Chuxue Ye, the owner of my part-time shop also lives with us. The three of us live together.”

Then Qiqi thought: Damn it! It’s better not to say this. Why dose it sound even more ambiguous after I said this thing.

Just as Qiqi was in anxiety, Jake said beside her:

“Uncle and aunt, don’t worry. I believe in Qiqi’s character, and she won’t do anything that goes too far.”

Jake’s warm voice soothed Qiqi’s heart. She kept nodding and looking at her parents with an expectant expression.

Then, Jake turned his head to look at Yuqi again, whose expression had a hint of disdain.

“It’s not uncommon to stay at a friend’s house when you’re in trouble, but tarnishing Qiqi’s reputation in this way is not what a friend should do.”

“Who said we were friends,” said Yuqi, who was not easy to be messed with, then he said the words that made everyone present shock, “She’s the one I like.”

Hearing his words, Qiqi’s entire body froze.

She looked at Yuqi’s eyes and thought to herself, “This guy is indeed a scourge

Seeing that they were shocked by his words, Yuqi was satisfied.

Well, this was the reaction he wanted. He just wanted everyone to know that Qiqi was his woman!

Curling up his lips, Yuqi looked at the motionless Qiqi’s parents and said, “Let’s not talk about that. These dishes are cooked by the chef of a five-star restaurant, which taste very good. I bought them specially for you as an apology for my capriciousness two days ago. I don’t think you would welcome me to stay and enjoy the meal together, so you take your time to eat and I’ll go back first.”

After saying that, Yuqi bowed to the two elders, and then left.

The figure of Yuqi closing the door was filled with loneliness and desolation, which made people feel quite sorry after looking at it.

Qiqi was dumbfounded for a moment, and only after Yuqi closed the door did she come back to her senses.

Covering her chest, Qiqi grunted and thought: Good for you, you’ve even learned how to use the ruse of self-injury to win my parents confidence.

That is fine for him to use the ruse, but why do I feel panic and blush? Damn it, Qiqi, you have to be calm!

Qiqi silently calmed herself down, but she actually felt even more panicked in her heart.

Suddenly, a warmth came from the palm of her hand, causing Qiqi to freeze.

After looking up, Qiqi saw Jake, then she gradually calmed herself down, feeling as if she had fallen into a starry sky of shiny light.

Jake smiled at Qiqi and said, “I’ve taken a look at the meal, which also includes ribs. Don’t you want to eat the ribs? Come and taste some.”

Qiqi curled her red lips with an arrogant expression, saying: “These are what Yuqi bought, I don’t want to eat.”

“If you don’t eat those dishes, won’t it be a waste? Although you are angry with Yuqi, these delicacies are all innocent. I think they don’t want to be bought by someone like Yuqi either.”

“Well, it’s quite possible too.”

“As a saying goes: There’s a reason for the injustice and debt. Don’t bother yourself being angry with Yuqi, and sit down to enjoy the meal.”

As Jake said, he pressed Qiqi’s shoulder to make her sit down.

Then Jake used his excellent verbal talent to persuade Qiqi’s parents to sit down together and enjoy the delicious food and wine. The atmosphere seemed to be quite joyful.

But actually, everyone had no appetite and ate absentmindedly.

After the meal, Qiqi and Jake went to take out the rubbish together.

Downstairs, Qiqi hesitated for a moment and called out Jake.

“Well, me and Yuqi, we really don’t have that kind of relationship.”

“I believe you.”

Qiqi had wanted to say something else, but she didn’t expect that Jake would say those three simple words, making her not know what to say afterwards.

Seeing Qiqi looking at himself dumbly, Jake couldn’t help but rub her head and said with a smile, “What’s wrong?”

“Ah, I just didn’t expect that you would trust me so much.”

“I’ll judge for myself what kind of person you are, instead of labeling you by someone else’s words.”

Jake’s trust and support made Qiqi smile bitterly.

“Well, I’m really getting glad that I got to know you. It feels so good to be trusted.”

“From what you’re saying, it sounds like someone doesn’t trust you.”

Not wanting to recall that unhappy experience, Qiqi shook her head and said, “It’s all in the past. By the way, where are we going to play tomorrow?”

“Well, before I came here, I heard that there’s a park over here where holds art exhibitions from time to time, and there are quite a few great people, so I want to go and have a look.”

“I know the park you’re talking about! Then we’ll take our chance tomorrow and go to the park to have a look. Even if there’s no art exhibition, the gardening there is also great, and even lots of wedding photography studios go to the park for finding a view.”

“Fine.”

The two chatted as they walked back, being unaware that someone was looking at them coldly upstairs.

Yuqi admitted that he had underestimated this young man.

Instead of succumbing to his fame, this man confronted him without being servile or pushy, and so far, he had made good results.

To be honest, Yuqi admired the man of courage and counsel. But what they were competing for was Yuqi’s beloved one this time, so he would never give him a single chance.

So no matter how good that young man was, he was destined to be a loser!

.....

It was Monday, and Qiqi and Jake went to the park to take a chance, but they didn’t expect that there would really be an art exhibition. So they were very delighted, as if they had won a lottery.

However, Qiqi didn’t know much about these artworks, so after looking at them for a while, she lost interest in them.

While Jake chatted with an artist, and the two of them got on very well with each other.

Seeing that Jake was so interested in the art exhibition, Qiqi didn’t want to spoil the fun, so she just stood aside and stared at the water lilies in the pond.

“Qiqi, do you want to eat some ice cream?”

Qiqi was excited at once after hearing the two words ‘ice cream’, who had been quite bored, then she hurriedly nodded and said: “Yes!”

Jake then smiled and said, “Wait for me then, I’ll go buy one for you.”

“But weren’t you just chatting?”

“Chatting with him for a while is enough. No matter how, I can’t leave you alone because of other people, right?”

Jake’s voice seemed to be magnetic, making people feel quite warm and comfortable after hearing him talk.

However, Qiqi was like an ‘insulator’, that insulated his magnetic poles. Though she knew that Jake was gentle and considerate, she just couldn’t have feeling for him.

Noticing that Qiqi avoided seeing him, Jake did not say anything, who just rubbed her hair and then got up to buy ice cream.

At the dessert station, there was a man standing there, staring cantankerously at Jake

But after Jake bought two strawberry ice creams, he turned around to leave at once, as if he hadn’t seen him.

“Compared to strawberry ice creams, Qiqi prefers chocolate flavoured ones.”

Jake stopped walking after hearing his words, then turned around and said, “No matter what flavour it is, as long as it is the ice cream I buy, Qiqi will like it.”

His words succeeded in irritating Yuqi.

Then Yuqi clenched his fist, not wanting to talk nonsense with Jake anymore, and said, “You, leave Qiqi, and I can give you a sum of money for that.”

Jake sneered and said, “Haha, you finally look for me to talk about this topic.”

His smile made Yuqi frown, then he asked: “Do you agree, or disagree?”

“What do you think?”

“I guess you will not lose heart until you reach a dead end. Even if I give you a huge sum of money, you won’t be moved. It doesn’t matter, I have another good idea to get you leave Qiqi.”

“Then tell me, what is the good idea you have?”

Yuqi then curled up his lips and said carelessly, “As far as I know, your parents’ had you at an old age and they love you very much, so if anything happens to you, they would definitely be heartbroken. But if something happens to them, would you be heartbroken too?”

It was obvious that Yuqi was threatening Jake.

And his threat was also Jake's soft spot.

But instead of immediately conceding, Jake looked at him disdainfully and said: "Hum, this is what you're thinking of? You are really despicable!"

But Yuqi did not care about his words, who shrugged his shoulders and said, "It's fine if it works well, I don't care about the process."

"What about Qiqi, does she not mind it either? If she knows that you use this kind of shameless method, she will only get further and further away from you."

After hearing his words, Yuqi was dazed for an instant, but he quickly came back to his senses and said, "It's none of your business. I will have my own way, all you need to do is just disappearing from our life."

"What if I don't agree?"

"Well, then you can't blame me for being hard-hearted." Yuqi pretended to be very sorry and said, "Your father is a great master of traditional Chinese painting, it would be a pity for many people if they could never enjoy a masterpiece like the work of your father again."

Yuqi shook his head as he spoke, as if he had been truly sorry.

"How dare you! It seems that Qiqi made a wise decision by not choosing you."

"Bastard, what did you say!?"

As Yuqi was about to swing his fist, Jake turned around unhurriedly and said, "If you don't mind being known by Qiqi that you are following us, then just punch me!"

After hearing his words, Yuqi stopped his movement and put down his fist, looking at Jake's back angrily.

Then he thought: I, Yuqi Mu, should be mocked by a b.rat!!

And for all this, Qiqi is to blame, because she is my soft spot.

But that woman is not self-conscious at all, and she even helps those initiators of evil to go against me, making me feel so hurt and painful.

Looking at Jake's back, Yuqi frowned and said angrily: "You've got some nerve! Since you think I am joking with you, I will be serious for once this time to let you know what is the price of pissing me off!"

Jake then returned to Qiqi and handed her the ice cream.

Qiqi took it happily, but with a suspicious expression on her face.

“Hmm, the ice cream seems to have melted.”

“Oh, I ran into a friend on the way back, so I had a chat with him, taking a little time.”

“How come you have an acquaintance here too?”

“I used to study painting and be educated by a famous teacher, so I have known many people in the fine arts circle and it’s normal that I bump into them here.”

Qiqi nodded and said, “Well, that’s true.”

“Eat it now, it is going to melt in a while.”

Qiqi licked it and said, “Mmm, the chocolate flavoured ice cream is the most delicious.”

After hearing her words, Jake curled up his lips and said: “If you eat too much chocolate, you will turn dark.”

His words made Qiqi immediately change her decision, then she said, “Then I’d better eat the strawberry flavoured one.”

Chapter 547 She’s The One I Like (2)

Looking at Qiqi’s well-behaved look, Jake couldn’t help but pinch her face and said, “Well, you are quite charming when you look as pink and soft as a strawberry.”

“Don’t pinch my face, it is already big. It’ll swell up after you pinch it.”

“It’s okay, I think you look quite good.”

Jake looked at Qiqi gently with affection.

His expression made Qiqi sigh helplessly, thinking: Why does he look at me like that again? I really can’t stand it!

People passing by all could not help but feel that it was good to be young, after seeing Qiqi and Jake, who was still looking tenderly at Qiqi with affection.

There happened to be an empty easel ahead. Then Jake tugged Qiqi over and said excitedly, “Qiqi, let me draw a portrait for you.”

“You know how to draw?”

“Yes. Come on, sit down and don’t move around.”

Jake pressed Qiqi to sit down, then he found a position with the best angle and started to draw Qiqi’s face with simple lines.

At first, Qiqi found that having her portrait painted was quite interesting, so she sat still, not daring to move.

But as time went on, she couldn’t sit still any longer and started to look left and right, hoping that Jake would finish drawing soon.

As she waited, Qiqi became sleepy and she started to close her eyes, nodding her head over and over again.

“It’s done.”

What? What’s done?

Qiqi wiped the corner of her mouth in confusion, then looked straight ahead. And only after she saw Jake’s face clearly, did she know that the portrait was done.

Getting up and moving her stiff limbs, Qiqi walked over to Jake’s side and looked at the portrait.

“Wow, not bad. It’s even more beautiful than me.”

To be honest, Jake was really good at drawing. The Qiqi he drew was so lively and dynamic that her charm and temperament could even be felt through the drawing.

Seeing that Qiqi liked it very much, Jake said with a smile, “My technique can only portray one hundredth of you in person. The real you is far more vivid and lovely than this painting.”

When Jake said this, he looked at Qiqi with a meaningful expression, as if he was about to confess his love.

This was awkward.

Qiqi rubbed her head and deliberately changed the topic, saying, “Haha, I’m not that good. I was obviously asleep, so you must not dare to draw my ugly face. By the way. Did I snore?”

Jake was not fooled by Qiqi’s gag, who looked Qiqi straight in the eye and said, “I am serious. Qiqi, I

“It’s getting late, I’m going back.”

Before Jake finished saying, Qiqi ran away at once, just like a rabbit.

Looking at Qiqi's back, Jake smiled helplessly.

It seemed that Qiqi had already realized what was going on, and that was why she ran away like this.

Sighing softly, Jake followed her and said, "I'll see you off, then."

Seeing that Jake did not mention the topic he had just said, Qiqi gently sighed in relief and smiled at Jake, "Yeah, okay."

Qiqi did not avoid Jake anymore. Then the two of them walked side by side for a long time, and neither of them spoke first.

Slightly frowning, Qiqi felt quite nervous and panic.

She wondered: If what I did upset Jake? It is indeed rude to interrupt someone like that. If Jake didn't mean to confess his love to me, but to say something serious, would that be awkward?

The more Qiqi thought about it, the more annoyed she felt, who thought that she had ruined the day.

"Qiqi?"

Just as Qiqi was letting her imagine run away, Jake suddenly said.

Hurriedly looking at him, Qiqi raised her head and asked, "What is it?"

Jake was silent for a moment and said, "Last time when Yuqi Mu came to the training course to look for you, I noticed that you two were getting along very well, and there was no awkwardness between you."

Qiqi never expected that Jake would say such a thing in such a situation.

Thinking about that man, Qiqi felt quite complicated, and she could not figure out what she really felt for Yuqi.

But one thing was clear to Qiqi, and that was that she did not want to get involved with this man for the time being.

"Jake, can we not mention him."

Ignoring Qiqi's resistance, Jake said with a meaningful expression: "Actually, I sometimes envy him."

Qiqi felt quite surprised after hearing his words.

In their usual contact, Qiqi felt that Jake was very contemptuous of Yuqi, but at this moment, why would he say such words?

Qiqi pondered for a moment and asked, "What do you envy him for? Being rich?"

He shook his head and said, "No, I envy him for being able to see the real you."

His words made Qiqi frown and asked, "You mean that I have been disguising myself in front of you?"

Then Jake thought: Why can not this girl understand the real meaning of my words?

Jake looked at her helplessly and explained, "What I mean is that you only laugh freely and have no scruples in front of Yuqi. But when you are with me, you always have your guard up, as if I would eat you."

Without thinking, Qiqi immediately shook her head and said, "No."

"Then don't be so polite with me all the time. We're friends too, aren't we?"

"Oh, okay, I know."

Looking at Qiqi's cautious look, who seemed to be afraid of angering himself, Jake knew that Qiqi didn't know what his words meant at all.

Then he thought: Well, it's still a long way to go.

Jake sighed, then turned his head to look at Qiqi and said, "You'd better take a day off tomorrow. Playing all day is also very tiring. Besides, it's not good for me to ask you to stay with me for too long, otherwise your parents should be unsatisfied with me."

Judging from his words, he did not know much about Qiqi's parents, who actually wanted Qiqi to stay with him all day and cultivate feelings with Jake.

But Jake's decision was just what Qiqi wanted, so she nodded and said, "Okay, then call me whenever you want to go out to play."

"No problem."

When Qiqi got home, it was just about to get dark, and the lights in the house were dimly lit.

When she pushed the door in, she felt the atmosphere in the house was quite strange.

Now knowing why, Qiqi felt that the house was very strange and her heart was filled with apprehension even before she saw her parents.

Taking off her coat, Qiqi said loudly, "Mom and Dad, I'm home."

Hearing Qiqi's voice, her parents came out of the room and her mother said in a hoarse voice:

"Qiqi....."

Just after saying Qiqi's name, her mother choked up and couldn't speak anymore.

Seeing her mother in such a state, Qiqi was shocked and went over to hold her mother's hand and asked, "Mom, what's wrong, why are your eyes so red? Have you been crying? What happened?"

In an instant, all sorts of tragic stories appeared in Qiqi's mind, while her mother kept her head down and didn't say anything, making Qiqi feel so anxious that she was about to cry.

Finally, Qiqi's father said in a gloomy voice, "When that kind of thing happened to you at school, why didn't you tell us? And why did you choose to suffer all by yourself? My little girl!"

When she heard this, Qiqi became quite panic, thinking that her parents must have known something.

But she still pretended to be quite calm and asked: "Mom and Dad, what are you talking about?"

At this moment, Qiqi's mother was calmer and looked at her with both heartache and discontent expression in her eyes, saying, "Don't hide it, we already know what happened at school. Qiqi, you must feel sad about being misunderstood. It's even harder to bear the feeling of having no one to talk to about your thing. Others can't support you, but mum and dad are definitely on your side, so why didn't you tell us?"

"Yes, if we would have known it earlier, we could have contacted your teachers, or even your school leaders to help you."

At this moment, Qiqi suddenly had a feeling of powerlessness.

Why didn't she tell her mother and father? The answer was simple: Though her mom was always casual and careless, she had a heart condition and could not take strong stimuli.

Therefore, Qiqi thought that it was hard enough for her mother to cope with her busy work schedule, and if she were to be bothered by her affairs again, she would surely have a heart disease.

As her mother smelt like herbs now, she must have taken a quick-acting heart pill just now.

The matter was over and few people knew about this thing, so her mother and father should not have been able to know about it, but how did they know now?

Qiqi did not say anything, frowning.

Seeing that Qiqi did not say anything, Qiqi's mother became even more anxious and said, "Even until now, you still want to hide it from us? You are good in every other way, except that you don't like to tell us when something's wrong with you. If anything happens to you, what can I do?"

After taking a deep breath, Qiqi looked up at her parents indifferently and said, "I am your daughter, this kind of rumour is just an exercise for me. Before, I was not strong enough, so I was attacked in every way. But now I am different and I've grown up, so don't worry about me."

"Don't worry? You were in hospital and have suffered from mental illness, how can we not worry about you?"

They knew quite a lot about this thing, it seemed that someone had deliberately revealed this thing to her parents.

And of course Qiqi could guess who this person is without thinking too much!

Qiqi clenched her fist, and a cold expression appeared in her eyes.

While Qiqi's mother was still crying, Qiqi's father was comforting her, who then sighed and looked at Qiqi, saying seriously, "We are also worried about you, Qiqi, no matter what happens in the future, mom and dad will always be your strong backing."

Qiqi smiled and said, "It's all over, and I'm okay now. Look at me now, I'm doing fine. I always have to go through something in life before I can fully grow up. Now I'm completely different from the old me, and I'm much stronger inside."

Seeing her daughter smile indifferently, Qiqi's mother became even more heartbroken instead.

She held her daughter's hand and said, "But we wish we could have taken care of you at that time, and it will be our lifelong regret if we can not stay with you when you are at your most vulnerable."

Her mother's tears made Qiqi feel deeply guilty.

She then held her mother's hand and said seriously: "I know, I promise that I won't pretend to be strong like that again. You just don't feel bad, okay?"

"Well, my little girl....."

"Okay, it's all fine now. I even got to know Jake by accident for this thing, isn't that a blessing in disguise? We'll get better and better."

Qiqi's father gently patted her head and said, "Qiqi is right, we will get better and better. Now that some things are over, it is useless to think about them now. But Qiqi, you have to promise us that you will tell us about everything if anything happens to you in the future, and you won't take it on your own."

"I see, of course I will."

"So have you eaten yet?"

"Yes. Mother, just go and take a break now."

Qiqi's mother indeed needed to rest at the moment. Because she had been quite irritated by the unexpected news, she needed some peace and quiet now

Qiqi's father took Qiqi's mother back to her room, while Qiqi stood there, becoming more and more gloomy.

She was so angry, as if a fire had been burning in her heart and burning out her reason. Then she went across the room, raising her hand and pounding on the door.

After a while, someone inside opened the door, then he raised his eyebrow after seeing Qiqi standing at the door.

"It's a rarity that you would come to me."

Tilting her head to look at the man, Qiqi clenched her fist and said indignantly, "Yuqi, you've gone too far!"

Yuqi looked quite puzzled and asked, "What's wrong again?"

"Did you tell my parents about my hospitalization?"

Then Yuqi said, frowning, "I didn't."

Although Yuqi denied it, Qiqi didn't believe him at all, who was certain that the man in front of her was the culprit, because apart from him, no one could have done such a detrimental thing to her.

Looking at the man in front of her, Qiqi felt so disappointed that she was about to cry.

"Once upon a time, I only thought you were domineering, but at least you were not bad. But now I realize that you are simply a villain! You have promised me that you wouldn't talk to my parents about that thing, but you should use such unseemly tactic behind my back! Do you think I won't suspect you if you don't admit it? You are so childish!"

Her sudden accusation made Yuqi feel quite annoyed, who then raised his volume and questioned her: "Before you accuse me and let me take the blame, shouldn't you make it clear and tell me exactly what happened!"

"What else should I say? Aren't you the one who told my parents about my hospitalization? Just because I didn't listen to you, you just punish me like that, and even involve my parents in this whole thing!"

The more Qiqi said, the angrier she became. But she felt more disappointed and sad than angry.

Looking at Qiqi, Yuqi was furious and he yelled in an even louder voice, "I told you that I didn't tell your parents about that thing!"

"Who else could it be if it were not you!?"

"How could I know? I did not do that anyway. Qiqi, you can't suspect me whenever something like that happens."

"But you're the only one who has the motivation to do such a thing."

Yuqi then squinted his eyes and asked: "So you think I'm a villain who would use your soft spot to threaten you?"

Qiqi said at once, without even thinking, "Yes, that's right!"

Such an answer made Yuqi feel quite hurt.

Did this woman not know how many things he had done for her? He did like her, but he still had a bottom line!

Then he slowly clenched the palms of his hands hanging on his sides into fists and said: "If I were a villain, I would have taken advantage of you long time ago, and how would I still give you the chance to point at my nose and scold me here? Qiqi, why are you so pigheaded? What are you thinking on earth!?"

However, Yuqi's words did not make Qiqi become sensible.

"I indeed am as stupid as a pig, that's why I trust you again and again. But this time, I won't make the same mistake again!"

Qiqi's disbelief in him made Yuqi suddenly smile.

"You're right, so am I."

Yuqi smiled coldly, which Qiqi had never seen before.

This made Qiqi feel uneasy in her heart, so she asked, "What are you doing?"

"Now that I like you so much, of course I am going to do what you want."

"You"

"Well, it's getting late, I need to rest. Good night and have a sweet dream."

Then Yuqi pushed Qiqi out of the door and closed the door at once.

After she staggered for a second, Qiqi looked at the closed door and slapped the door.

But this time, there was no more response from inside.

Qiqi frowned and said to warn him, "Yuqi. Don't you dare to do anything stupid!"

Because she was worried that her parents might hear her, Qiqi didn't dare to speak to him loudly, so she didn't know if Yuqi heard her words or not.

As she returned to her room with anxiety, Qiqi's expression was gloomy, being afraid that something bad would happen recently.

However, a few days had passed and nothing happened. As for Yuqi, he seemed to have moved away, whom Qiqi had not seen for a long time.

But at the same time, Jake did not show up in these days as well.

Although he said that he had to take two days off, he just seemed to disappear and there was no news from him at all!

Had he gone home?

Out of courtesy, Qiqi called Jake to ask him how he was doing.

"Hello, Jake, how have you been"

“Excuse me, are you a friend of the patient?”

Before Qiqi finished saying her words, she was interrupted by the person on the other end of the phone.

He was not Jake, and what he said shocked Qiqi.

“The patient?”

“Yes, here is a hospital, and the patient was injured, who suffered a brain injury and is convalescing in the hospital.”

“What!?” Qiqi was quite shocked after hearing the words, then she hurriedly asked, “Tell me your address, I’ll come now!”

Inside the hospital...

Jake had gauze wrapped around his head and was holding a cup of hot water in his hand, smiling at Qiqi ingratiatingly.

Chapter 548 Can’t You See That I Like You? (1)

But Qiqi was oblivious to Jake’s ingratiation and stared at him as she wrapped her arms around her chest, frowning at the same time.

Having no other way, Jake apologized, “Alright. I know I shouldn’t have kept you in the dark about my injury. I’m sorry.”

So you know you are not right,” Qiqi said as she frowned, “ You don’t know anyone other than me here, let alone having someone to look after you. Under this kind of situation, you still say nothing to me! That is irresponsible to yourself and disbelief in me!”

“It’s not that serious, is it?”

“It is that serious!”

Looking at Qiqi’s serious expression, Jake smiled lightly and said, “Actually, there are doctors and nurses looking after me, who are quite good to me. So I think informing you of this thing will only scare you and make you worry.”

“But you feel the most vulnerable when you are sick, and companionship is most needed.”

“Is that your voice of experience?”

After blinking her eyes, Qiqi looked away and said: “This is the kind of thing that any normal person would understand, right?”

Qiqi’s dodge caused Jake to sigh, who then lowered his head, making Qiqi wonder what he was thinking.

Because of feeling diffident, Qiqi did not want to talk about this topic anymore and she asked about the reason for his injury.

“Speaking of which, how did you get hurt so badly?”

Jake shook his head with a complicated expression and said, “I’m not sure. I was walking on the road and was suddenly surrounded by five people, who started to hit me without saying anything.”

Qiqi was puzzled by his words and muttered, “You’re new here, and you shouldn’t have messed with anyone. So why did they only pick on you?”

Jake shrugged and said, “Who knows, maybe they just don’t like me.”

Qiqi frowned and said, tilting her head, as if she was saying to herself, “This is so inexplicable. I don’t feel right about this.”

“Well, forget about it. I’ve called the police, just let them handle it.”

What Jake did make Qiqi feel that he was very generous and gracious, but she was full of guilt. With her head bowed, she said, “I’m really sorry that this happened to you when you come here on holiday.”

“Silly girl, this has nothing to do with you, why do you apologize? On the contrary, I’m glad to be in hospital.”

Then she looked at him in shock, as if she had seen a fool, then she said, “You become silly after you were hit by them, right? Why do you feel glad to be in hospital?”

Jake did not become depressed because of his injury.

On the contrary, he smiled happily, staring at Qiqi and said, “I’m not stupid, I just know that this is the only way that you are willing to sit by my side and not try to slip away.”

After hearing his words, Qiqi was stunned.

Even if Qiqi was a careless person, she could still feel the deep love in Jake’s eyes.

At this moment, he no longer hid his passionate love for Qiqi, who even wanted Qiqi's response.

But Qiqi looked away, not daring to respond to his words, and could only pretend to be confused and not understand what he said.

But this time Jake did not give Qiqi a chance to dodge, who thought: Since she is pretending to be confused, the I'd better be frank.

"Qiqi, can't you see that I like you?"

Even though Qiqi knew that Jake seemed to have a crush on her, hearing his words in person was still a big shock to her.

"I you that"

Qiqi tried to say something to ease the awkward atmosphere.

But her brain went blank and she couldn't say anything , though she was actually quite talkative.

"I know that you still like Yuqi Mu."

She did not know what to say, but Jake actually had a lot to say to her.

And his words still went straight to the heart of the matter.

But Qiqi did not admit, who said confidently, "Who would like that egomaniac! I don't like him, not at all!"

The more Qiqi said, the louder her voice became, and while replying to Jake, she was also secretly admonishing herself not to waste extra feelings on the wrong person.

Looking at Qiqi defending her dignity like a little wolf dog, Jake smiled and shook his head, saying: "Don't fool yourself, it's useless. You won't believe it, I won't believe it, and Yuqi won't believe it either. Since you don't want to be with him, I have an idea that will make you dissociate yourself from Yuqi and make him not bother you anymore in the future."

Qiqi was interested in Jake's word at once, who stared at him and asked: "What is it?"

"The best way to let him give up on you and bring you relief is to start a real relationship." Then he patted himself and said, "You see, someone as good as me is a good candidate for you. How nice it is for you to have someone who likes you very much and still is willing to be used by you."

Jake pretended to be quite delighted as he said, but his voice actually had a strong sense of heartache and helplessness.

Qiqi thought: The man in front of me is so good that he should have been matched with an equally good woman. But how could he like someone like me?

This question troubled Qiqi, who couldn't help but ask, "Jake, can I ask you a question?"

"Of course."

"Why do you like me? I know I am worse off than some and better off than many, but you're still too good for me."

"But I just like you, I like everything about you, what can I do?" Jake was quite honest, "You look smart, but you're actually muddleheaded as hell. When someone treats you well, you're so touched that you can't wait to do all the good things for them. So you're easy to fool. And although we haven't known each other long, I just couldn't stand that you get upset. So I got you to come around and gave you a few suggestions from time to time. Perhaps because of that, I started to be in love with you and just can not stop loving you."

When Jake finished speaking, he was a little anxious after he saw that Qiqi was still silent: "After all I've said, shouldn't you tell me something? Even if you just say 'thank you' to me will do."

"Well, thank you."

Qiqi was usually stubborn, but at this time, she was obedient to Jake, making Jake wonder that if she said that on purpose.

Then Jake sighed softly and said helplessly, "I really don't know what to do with you!"

Qiqi also felt that her reply was a bit perfunctory, who scratched her head in a tangle with her eyebrows frowning, then she thought for a while and said, "I'm in a bit of a mess. This thing happened so suddenly that I can no longer think."

"Well, that's true. You're so stupid, this whole thing is indeed more than you can handle."

Then Qiqi thought: One moment you are confessing your love to me, and the next moment you just start to blame me without mercy, what do you want to do on earth?

She frowned and asked angrily, "Who are you calling stupid!?"

"I'm talking about you," Jake replied as a matter of course, who recalled the past with a complicated expression, "I have thought you are cute, hardworking and kind since you

were at tutorial class, except that you are a little stupid. My love for you is so obvious that everyone knows that I am in love with you. But you're the only one who's still stupid enough to think I don't have feelings for you."

Jake expressed his love in a profound and unobtrusive way, making Qiqi not only not have forced feeling, but also know that his words had full of affection to her at the same time.

But even he said with such affection, he still didn't touch Qiqi's heart, but made her feel even more embarrassed.

Lowering her head, Qiqi avoided the eager expression in Jake's eyes and said, "That's because I trust you, but who would have thought that you would hide it so well."

"That's because you're stupid."

"But you're the one who's more cunning."

"Well, I am cunning. So do you want to consider my suggestion?"

He started to talk that topic again, making Qiqi sigh helplessly before saying, "But I don't think that's a good idea."

"How do you know it won't work if you don't have a try? Or do you have a good idea to get rid of Yuqi?"

Qiqi shook her head and said helplessly, "Not yet."

"Then listen to me and let's put on a show. I rarely have holidays, so I don't want the egomaniac to ruin my holiday. Let's just work with each other and resolve the external conflicts first, then you can take your time thinking about the relationship between us."

Looking at Jake, Qiqi felt like a sinner. She felt that she was really bad because she could not be able to respond to Jake's feelings, but also would take advantage of him in a blatantly.

But just as Jake had said, could she think of anything else except for this solution?

"Jake....."

Looking at Qiqi's eyes, Jake knew clearly what she was thinking.

But instead of relieving her, he said jokingly, "What, you are touched by my being understanding and considerable?"

Qiqi also understood that Jake did not want to force her, and there were some things that he would not continue to say after he had mentioned once.

Now that Jake was unwilling to mention that thing, Qiqi naturally would not take the initiative to mention it, so she smiled and said, "You've thought too much, I just want to ask if you are hungry now."

After hearing her words, Jake sighed with a painful expression and said, "Qiqi, you're really a total foodie. I wonder if you'll finally choose me if I turn into a steamed bun with meat stuffing?"

Looking at Jake's teasing expression, which hid his deep love, Qiqi started to smile bitterly.

Then she thought: Why can't I like Jake? If I liked him, I would not be in such pain as I am now.

What he said is right, the best way to get over a relationship is to start a new one.

He is so good, so maybe I will really fall in love with him if I get to know him slowly.

As time goes by, everything will fade away and one day, I will forget Yuqi and bring peace back into my otherwise uneventful days.

Qiqi curled up her lips, who had a resolute expression in her eyes.

.....

After a few days of convalescence, Jake's injuries were much better. The gauze on his forehead was also removed, leaving only his face, which was still bruised and battered.

They both deliberately not mentioned the name of that person, as if in their lives, this person had never existed.

But Qiqi knew that this was just self-deception. Because Yuqi was like a floating ball in the sea water, the harder he was pressed down in the sea of her mind, the more tenaciously he would hold himself up and she would then miss him more and more.

But this guy did not show up for a long time.

Could it be that he had given up on her?

Thinking of this possibility, Qiqi took a deep breath, thinking that it was still good and both of them could be relieved at last.

She deliberately suppressed the thoughts in her heart and kept numbing herself to accept the status quo.

But just as Qiqi was about to succeed in doing that, a phone call came, which broke all the tranquility of pretence.

On that day, Jake went for a medical check-up, and Qiqi waited for him in the ward in silence.

When she was bored, she took out her mobile phone to read the news, but because she was absent-minded, she didn't read anything, just kept staring at the screen.

In the midst of the silence, Jake's mobile phone suddenly rang.

Qiqi glanced at it and didn't intend to pay any attention to it.

But the phone rang over and over again, and she was worried that it might be someone calling for something important, so she picked it up for Jake.

"Hello."

On the other side of the phone, there was voice of a formulaic tone saying, "Hello, this is the police station. There has been an update on the attack on the victim, come to the station for advice if you are convenient."

Gripping the phone tightly, Qiqi hurriedly asked, "Excuse me, have you already found the culprit?"

"Not yet, but we have found very important clues. And it's only a matter of time before we find the murderer."

"What kind of clues?"

"We've caught the hatchet man and he confessed that he was ordered to do it. But he refused to say who ordered him to do that, so we need a little more time to find the murderer."

Ordered to do that?

After hearing such an answer, Qiqi frowned.

Jake had not been here for long, and he didn't know many people, so how could he have offended anyone? Besides, given his gentle disposition, it didn't seem like he would get into a fight with anyone.

Qiqi thought this was very strange, and after hearing the following words, Qiqi was so shocked that she squinted her eyes at once.

“By the way, the hatchet man inadvertently revealed that his employer had an accent of Capital City and was very rich, who was full of superiority judging from the tone of his voice. Think about it yourselves, whether you have offended such a person, so that you can provide some important clues as well.”

Then Qiqi thought: Capital City.....superiority.....isn't it.....

Once the seed of doubt was planted in the heart, it would take root as quickly as possible. So when Qiqi came back to her senses, she had been already convinced of her own judgment without doubt.

Chapter 548 Can't You See That I Like You? (2)

Then Qiqi thought: Yuqi Mu must have done that. Jake is unfamiliar with the place, and the only person he knows is just Yuqi, so he must have had a confrontation with Yuqi.

Just a short while ago, Yuqi even said that he would teach Jake a lesson and make him pay the price. After Qiqi thought about all the details of the matter, she was sure that Yuqi was the culprit!

Then she slowly clenched her palms, whose eyes were filled with anger.

Hanging up the phone, Qiqi grabbed her bag and ran out of the hospital.

Yuqi had been disappeared for so long, so maybe he had gone back to the Capital City long ago.

But Qiqi still wanted to take her chances. If she met Yuqi, she would definitely teach him a lesson!

Qiqi then turned her anger into strength, who slapped the door with great strength, causing the frightening sound of “thud, thud, thud”.

But after a long time, there was no response from inside, so Qiqi thought that Yuqi was not in his room.

Just as she was about to turn around, he opened the door from inside.

Hearing the sound of the door opening, Qiqi immediately turned back, whose eyes were filled with anger.

Seeing Qiqi looking at himself with that kind of expression, Yuqi froze for a moment, then said discontentedly, "What kind of expression do you have, it is so scary, as if you wanted to eat me."

Since Yuqi quarreled with Qiqi several days ago, he had wanted to teach her a lesson. But something suddenly had come up at the company and he needed to go back to deal with it personally.

So he went to deal with his business for the past two days, and only now did he have time to come back. However, he didn't expect to be treated by Qiqi with such a bad attitude just after he returned, so he naturally was quite angry.

"Yuqi Mu! So it's really you!"

Yuqi was confused by such an inexplicable accusation, who asked at once, "What have I done?"

"Don't play dumb, Jake is injured and is in hospital! So now you're satisfied!"

Hearing this, Yuqi sneered and said, "He is injured? Ha, what a blessing from the God!"

"You're still gloating, Yuqi! Do you have any conscience!"

Yuqi then shrugged with an indifferent expression and said, "I hate him, so what's wrong with my gloating? I just don't like him, and I don't like seeing him be happy as well!"

"So you asked someone to hit him, right?"

After hearing her words, Yuqi frowned slightly and said: "As much as I want to do that, I really did not do that this time."

"Yuqi, you just dare not to admit it!"

"If I really did it, why wouldn't I admit it? Now that I told you that I did not do that, then the truth is just that I did not do that! There's no need for me to lie about such a trivial matter."

Yuqi said seriously, but Qiqi didn't believe him at all, who looked at him in disbelief, as if she was looking at a despicable and shameless villain.

It was already exhausting enough for Yuqi to deal with the company's affairs, and he even came back overnight to see the woman he missed very much. But he did not expect that he was questioned and belittled by her like that, which made Yuqi feel quite annoyed and sad.

"You don't believe me?"

Qiqi said categorically, "No!"

Then Yuqi sneered with detachment and said:

"I still haven't gotten even with you for what happened last time, now you even want to slander me again!"

"You know clearly whether I slander you or not!"

Qiqi's eyes were still very bright, but she looked at Yuqi with a cold expression in her eyes.

That kind of coldness made Yuqi feel quite hurt, who even had the urge to punch someone to give vent to his anger.

If he had been misunderstood by the others, Yuqi would not have bothered to care about it at all.

But it was Qiqi who misunderstood him, and he didn't want there to be a misunderstanding or a gap between the two of them.

Therefore, he patiently explained to Qiqi, "I admit, I did find someone for the want of hitting that man. But he has too many enemies and he was hit by other people first. Anyway, it makes me feel quite upset as well now."

Qiqi snorted coldly and said, "Bullshit, I'm not going to believe your words!"

Seeing that Qiqi still didn't believe him despite his humble explanation, Yuqi became angry at once, who yelled: "Fine, if you don't believe me, then you can go to be with your Jake, stupid woman!"

The reason Qiqi came here today was just to let herself give up on the idea.

But his words made Qiqi feel very disappointed. She was really disappointed this time, who even wondered why she liked such a person in the first place.

If Yuqi had dared to admit it, Qiqi would have at least admitted that he was a man of blood. But now, she just wanted to draw the line with this coward in her heart.

"Fine, I don't want to stay with a two-faced guy like you anyway!"

After saying that, Qiqi turned around and left.

Looking at Qiqi's back, Yuqi was furious.

He thought: Is this woman a pig? Why doesn't she believe my own words? Am I just a villain who could not be trusted in her heart!?

The more he thought about it, the angrier he became, who clenched his fist and yelled: "Qiqi, you will definitely regret it!"

But Qiqi said at once, not even turning around: "The thing I regret most is knowing you!"

Her thin figure gradually disappeared from his sight.

The next moment, Yuqi turned around and smashed everything that he could fetch to pieces.

In an instant, the room that had been neat and tidy was turned into a place which was as messy as a rubbish dump, and Yuqi stood in it, breathing heavily.

Taking out his mobile phone, Yuqi asked his assistant to book the nearest flight, because he was ready to go back to the Capital City.

Yuqi felt that he must have been completely lost his mind that he should give up his good life there but choose to come back here to be tortured by that stupid woman again!

Now, he just wanted to give up everything here, because he had had enough of this!

.....

Today, Anna finished work early and she found no one was in the house after returning home early.

Then she thought: Well, hasn't Yulin Xiao returned yet?

Anna was a little upset and took out her mobile phone to call Yulin.

When the call was answered, Anna asked him with dissatisfaction: "Didn't you say that you would come back to have dinner with me tonight? Why haven't I seen you until now?"

"Honey, Yuqi is back."

Yulin didn't explain much to her, but made Anna understand the reason for not returning by saying only one sentence.

After hearing his words, Anna sighed and admonished, "Drink less and come back earlier."

"Yes, I know."

“Honey, do you think Qiqi and Yuqi really don’t fit?”

Yulin then was silent for a while and said: “On this issue, we onlookers really have no right to say anything. Only they themselves know whether they fit or not. But from the current situation, neither of them feel more relaxed than the other.”

Anna raised her eyebrows, seemingly not to agree with such an outcome, then she said, “I think the only person who doesn’t feel relaxed should be Yuqi.”

Yulin shook his head and explained, “I know him very well. If he was hurt completely by Qiqi and decided to give up on her, he would go to a deserted place and live a decadent life for three or two months before he comes back and lives a good life again. But now, there is still hope in his heart, and it is because of this hope, he is tortured.”

Hearing Yulin’s words, Anna sighed with emotion, “It seems that he is also a pitiful man.”

“I don’t know whether he is pitiful or not, I just hope they will not regret in the future. Well, That’s enough, I have to drive to the bar now.”

“Okay, be safe on the road.”

Hanging up the phone, Anna was filled with emotions.

Although she also had gone through a lot with Yulin, fortunately they finally were able to have a happy ending.

But Qiqi and Yuqi were not that lucky.

After sighing again, Anna put her phone aside and prepared to cook for herself.

Although Yulin was not home, Anna still wanted to have a nice meal, so she prepared the rice with curry beef for herself.

Just as she was about to eat, her mobile phone rang.

After picking it up and looking at the number on the screen, Anna found that the person calling was Qiqi.

Smiling, she picked up the phone and said, “Greedy cat, I’ve made rice with curry beef, which is very fragrant and delicious. It’s a pity you can’t eat it and have to crave it now.”

But after she said that, Anna did not hear Qiqi’s response for a long time.

This made Anna feel strange, but before she spoke again, a hoarse voice came from the other side of the phone.

“Anna.....”

After hearing her voice, Anna immediately stopped joking and asked her, frowning, “Qiqi, what’s wrong with you, are you crying? What’s going on, tell me slowly.”

At this moment, Qiqi had already made up her mind. But why did it still hurt so much in her heart?

When she was arguing with Yuqi at that time, Qiqi was very determined.

But in fact, it was so hard for her that as soon as she turned around, she started to cry.

In order not to be noticed by Yuqi, she left very fast, being afraid that if she walked slowly, she would can not help looking back at him.

Since everything was already over, she’d better be decisive now. Anyway, heartache was nothing, and even the deepest wounds in the heart would be healed slowly.

After taking a deep breath, Qiqi tried to say to her in a calm voice, “Anna, I have decided to be with Jake.”

Anna paused for a moment and asked, “Are you serious?”

“Yes.”

Anna then said in a steady voice: “I don’t know what happened to make you make that choice. But it’s clear that you’re not happy right now.”

Anna’s words soothed Qiqi’s panic, making her slowly calm down.

Wiping her tears, Qiqi said firmly, “This is only temporary. One day, I will forget Yuqi. And when I mention him in the future, it will be as if I am talking about a stranger.”

Silently sighing, Anna said, “As long as it’s a decision you make, I will give you my support.”

“Thank you, Anna.”

“We’re friends, of course I’m going to support you. So now, can you tell me what happened?”

“Does it even matter, now that it’s already happened anyway? Well, I have to take care of Jake. I will hang up.”

Take care of Jake?

As Anna was about to ask something, Qiqi had already hung up the phone.

Hearing the “Beep” sound of the phone, Anna shook her head in the room.

Then she thought: Why must they torture each other in this way?

Meanwhile, on the other side—

Yuqi drank the wine one glass after another, as if he had been drinking water, which made Yulin feel quite worried.

Scratching his forehead with his fingers, Yulin said, “Well, even you want to drink down your sorrow, you can’t drink like that. Did you ask me to come here just to see you get drunk and then carry you back?”

“Of course not,” Yuqi said in a gloomy expression, putting a bottle of wine in front of Yulin, “Drink with me.”

Looking at the bottle of wine, and then looking at Yuqi, Yulin shook his head and said, “Now that I do not know why you want me to drink, I won’t drink it.”

Frowning at Yulin, Yuqi asked in a cold voice, “What do you mean?”

“I don’t even know why you’re getting drunk, why should I drink as well?”

“I’ve lost my love. Is that okay?”

“Ahem—”

Yuqi said it so bluntly that Yulin was so shocked after hearing his words that he directly choked on his own saliva.

“Did I hear you right? You are Yuqi, and you should admit that you’ve lost your love now?”

“You heard me right. I, Yuqi, have lost my love. Is this reason worth having you accompany me to get drunk?”

“This

“Cut the crap. If you are my brother, drink this glass of wine.”

As Yuqi said, he pushed a glass full of vodka in front of Yulin.

Looking at this glass of vodka, Yulin was about to cry.

“Are you asking for my life?”

“Drink it!”

“Alright, brother, it’s rare for you to lose your love, so I’ll bet my life to accompany you.”

After saying that, Yulin held his breath and tilted his head to drink it all in one gulp.

The hot and spicy wine passed through his belly, causing Yulin to frown.

After a while, Yulin still frowned. Wiping the corner of his mouth, he said, “Since you’ve decided to give up on her, just be free and easy and forget about her completely now.”

After hearing his words, Yulin felt quite panic.

Then he thought: Forget about her?

I will let this woman completely disappear from my life, as if she never existed?

That is good. Now that she doesn’t know what is good for her, then we’d better go our separate ways from now on.

Although he knew that this was the most sensible outcome, Yuqi still was quite frustrated, feeling quite empty in his heart.

This feeling made Yuqi feel chagrined, who rubbed his forehead in annoyance and said in exasperation, “That’s for sure.”

“In that case, get to know other girls for a change of mood. Anna must know nice girls, who are beautiful with good body shapes, and most importantly, they are not ungrateful people.”

Hearing this, Yuqi said out of instinct, “Qiqi is not ungrateful.”

But after saying that, Yuqi was stunned.

Then he thought: Now that she is so hateful, why did I still speak for her? Why can I not help but feel painful in my heart when I hear other people denigrate her? Yuqi, can you have some backbone!?

Being chagrined, Yuqi happened to meet Yulin in the eyes after he raised his head.

Looking away at once, Yuqi said awkwardly: “She’s just a bit stupid.”

Yulin crossed his legs and smirked, saying: "Whether she is ungrateful or stupid, that is her own business. Today, I will accompany you and find a few girls to play with you. And I guarantee that you will definitely be happy again."

"Aren't you afraid that Anna will be angry with you?"

"I'll just say that it is you who ask for finding those girls to play with you, and I will put the blame on you."

"Hum, you are really shameless."

"Well, I do that just to make you happy!"

After saying that, Yulin was about to take his phone to call some girls.

But Yuqi stopped him, slightly narrowing his eyes and said, "I don't want girls to accompany me today, I just want to drink. Don't you dare run away."

Yulin smiled helplessly because his intention was discovered, who then said, "No matter how tough you pretend to be, I know that you still haven't given up on her in your heart, and you still can not like anyone else."

Yuqi felt annoyed and waved his hand, saying, "You've talked too much! Just drink!"

"Okay, fine!"

Yulin took the glass of wine and drank it down.

But Yuqi had already finished drinking half a bottle of wine after Yulin just finished drinking one glass of wine.

Yuqi drank too fast, which made Yulin feel quite worried that something might happen to him, so he made small talk with him to distract him and slow down the speed of Yuqi's drinking.

But Yuqi didn't care about that, who still drank much as Yulin talked to him.

In the end, Yulin gave up persuading him and allowed him to drink as much as wine he wanted.

After a while, Yulin wanted to pee because he had drank too much wine with Yuqi. So he got up and went to the washroom, then he gave Anna a call in there to report on the situation.

Anna repeatedly warned Yulin to take care of Yuqi, and if it did not work, she asked him to call his parents and ask them to help deal with this thing.

But Yulin refused her proposal.

He knew that if his mother and father would definitely be shocked if they knew that Yuqi was drunk like this.

And then, they would force him to go on all kinds of blind dates until he went to the tomb of marriage..... no, the palace of marriage.

Thinking about this process, Yulin felt very desperate.

When Yuqi was unhappy, he would drink to give vent to his sadness. And he, as his good brother, would of course accompany him to drink until Yuqi was very drunk and unconscious.

In the past, he could also be drunk with Yuqi.

But now, he still had to keep healthy for preparing to have a baby with his wife, so how could he be that drunk as before?

So Anna must not reveal this to his parents

Chapter 549 She Doesn't Choose You(1)

Besides, Yulin Xiao thought that he couldn't let Yuqi Mu tell his parents about this thing as well. Therefore, Yulin knew that he must make it clear to Yuqi in advance.

Thinking this thing in his mind, Yulin went back to the box to look for Yuqi.

However, once he entered the box, he found that Yuqi was not in there.

"Huh, where is he?"

Yulin walked out of the box suspiciously, then he stopped a waiter and asked, "Where is the person who was just here?"

"He's already left."

"He's gone?"

"Yes, about five minutes ago."

"Damn it!"

Then Yulin thought: Yuqi have drunk so much, God knows what he would do. Right now, he is very possible to stir up trouble, just like a ticking time bomb, so I must find him.

When the waiter saw that Yulin was about to leave, he immediately stopped him and said, "Sir, this is the bill, please pay it."

No way.....

Yulin then swiped his bank card and left helplessly.

After leaving the bar, Yulin tried to find a way to contact Yuqi.

However, his mobile phone was switched off and his car was still parked in the parking lot, so it was not easy to find him.

While Yulin did not know what to do, Yuqi had already been on a private jet, going to the town where Qiqi lived.

Yuqi was very dizzy and had a headache, as if it was about to explode.

At this moment, his consciousness was a little blurred and he was very faint, but he knew that he needed to meet someone very important.

Staggering to the door of Qiqi's house, Yuqi raised his hand and slapped the door.

Feeling a little weak, Yuqi leaned against the door frame and shouted in a slurred voice, "Qiqi, Qiqi, open the door, I want to talk to you!"

"Don't think you can avoid me by not saying anything. You've been hiding from me for so long, this time is the last time I bother you, so you must come out and see me!"

"Still not talking? That won't affect anything, I'll just talk like this."

Yuqi closed his eyes and laughed lightly, saying, "You are the dumbest girl I've ever seen. You are so stupid, and you can't do anything right, which always makes people worry for you. But the dumbest thing you have done is rejecting a man as good as me. You know, you'll regret missing me for the rest of your life."

"Besides, you have a really bad eye for people. You should give up on me, and treat the rubbish-like one like treasure. You think that Jake of yours is just righteous? Hum, bullsh!t! When you find out the truth, surely you will cry....."

Before Yuqi finished saying his words, someone opened the door from inside.

When the door opened, Yuqi stumbled and almost fell.

He managed to stand firmly, who frowned in dissatisfaction and yelled, "What's the matter, why don't you open the door after you....."

As he blinked, he found that the people standing in front of him was not Qiqi, but Qiqi's parents.

Qiqi's parents frowned at the young man in front of them, who was disheveled and had a smell of alcohol, which made them want to cover their noses just by looking at him.

Besides, after listening to the nonsense he had just said, Qiqi's parents had a worse impression of him now.

Then he became a little sober, and he felt that he should say something to make up for what he had said.

"Uncle and aunt, I was abrupt just now."

"Your behaviour is indeed very abrupt." Qiqi's parents were not polite to him either, saying seriously, "My daughter has already made her decision, and she did not choose you."

"I know."

"Now that you know about this thing, don't bother our lives anymore. Although we are only ordinary people, we won't let anyone bully us!"

"But I still want to see Qiqi one last time and say something to her."

"No need, Qiqi is happy about being with her boyfriend. And you don't need to tell her the words that don't matter."

Boyfriend

The word made Yuqi feel quite hurt.

He had thought that drinking much wine would numb himself, but now he realized that it was all in vain.

Yuqi did not know how he left the bar. He just walked on the street, like a walking corpse.

Suddenly, he remembered that Qiqi had said that that sh!tty Jake was injured and in hospital, so now, could she be in the hospital as well?

Thinking of this possibility, Yuqi immediately asked his subordinates to investigate, and soon he found out which hospital Jake was staying in.

By now, Jake's injuries had mostly healed and he was able to move around on his own.

But he was still slouching, leaning back on his pillow, and talking breathlessly.

It was not that Jake was pretending to be sick, he just liked to see Qiqi do something for himself.

It was so fulfilling and satisfying.

And Qiqi didn't feel troublesome, who was helping Jake peel the apple.

After peeling the apple, Qiqi handed it to Jake and said, "There you go."

But he didn't take the apple and said, "I want to eat small pieces of it."

"Oh."

Qiqi then cut the apple into small pieces and put them in a bowl, then she handed it to Jake.

But Jake still didn't take the bowl and said, "Why is there no fork?"

"Wait a minute."

Finding a fork and sticking it in a piece of apple, Qiqi once again passed the bowl over.

Looking at the small pieces of apple, Jake still picked on her and said, "Those pieces of apple look messy and doesn't look appetizing."

Taking the bowl, Qiqi thought for a moment, then squeezed a few S shapes on top of the pieces with the salad dressing.

Jake was just joking with Qiqi, but to his surprise, she didn't lose her temper at all, and was quite submissive to him instead.

Smiling helplessly, Jake said, "Qiqi, you're too good-natured, aren't you?"

Squeezing the salad dressing, Qiqi said with an indifferent expression, "It's just a small matter, there's no need to bother about trifling things."

"But you are easy to suffer a loss with your good temperament."

Qiqi laughed and said, "You're exaggerating. Cutting an apple is just a trivial matter, how can it be related to the level of a personality issue."

Seeing that Qiqi always missed the point, Jake shook his head and sighed, "Well, such a silly girl."

Jake's words had another meaning, but Qiqi didn't want to think it over, then she asked after looking up at him, "Do you want to eat it or not, the apple has been oxidized."

Jake stretched his neck forward and said, "Can you feed me?"

"This requirement goes too much."

"So you still know how to resist, I thought all you know is just resigning yourself to adversity."

Qiqi's hands even were sore because she had been holding the plate for too long, while Jake still had no intention of taking it over.

Then she took back the plate, and poked a piece of apple for herself and stuffed it into her mouth, saying, "Seeing that you are in such good spirits, I think you don't need eating this apple, so I'd better eat it myself."

The apple was very sweet and Qiqi ate one piece after another, without any intention of stopping eating.

Seeing the big apple that had belonged to him was being chewed by Qiqi, Jake licked his lips and looked at her with an innocent and eager expression.

The expression in Jake's eyes was so innocent that Qiqi, who was eating alone, felt that she had committed the ultimate sin.

With no choice, Qiqi had to give in to Jake and said, "Fine, I'll share it with you."

Jake then ate the apple and smiled with satisfaction.

"Well, that's right, if other people saw your behaviour just now, they would think you were abusing the patient."

Qiqi then argued for herself and said, "I didn't. You didn't want to eat it, so I ate it because I didn't want it to go to waste, not because I was abusing the patient."

"Fine, what I said is not quite right. I should say that you were abusing your boyfriend."

After hearing his words, Qiqi was stunned for a second, not knowing what to say.

It was suddenly quiet in the ward and the atmosphere became unusually awkward.

While the person who started it still did not feel that he had done anything wrong and was still waving at Qiqi.

“Qiqi, come and sit down.”

“What for?”

“Eating the apple, of course. Or what, eating you?”

Jake’s teasing made Qiqi feel a little helpless.

“Jake.....”

Then he smiled and said, “Okay, I won’t tease you anymore. I am really a bit thirsty and want to eat some pieces of the apple.”

After getting to know Jake for a long time, Qiqi realized that he was not as serious as he appeared to be, but he also liked to make a joke and occasionally tease her.

However, he knew the boundaries and his teasing would not make people feel embarrassed. Just like now, although Qiqi was teased by him, she still could not be angry because of his innocent smile.

After sighing, Qiqi felt that she should also find a chance to ‘fight back’, as she could not let Jake always take advantage of her.

But the thought of having to think a method to tease Jake made Qiqi feel tired, and then she thought it would also be good to maintain the current situation.

Thinking about this, Qiqi dutifully fed Jake the apple without complaint.

Qiqi’s restfulness left Jake with a feeling of powerlessness.

He thought: She used to be such a lively girl, who was quite talkative and full of energy, as if she had an inexhaustible supply of energy.

But now? She seems to be sluggish and depressed, making me feel quite heartbroken.

Jake didn’t like to see her look, so he decided to use a little ploy to make her regain some energy.

“Now that you are so well-behaved, I will give you a gift in return.”

After saying that, Jake k!ssed her gently on the back of her hand.

His action made Qiqi be stunned.

“You

Before she finished saying her words, Jake suddenly leaned close to her ear and said in a very ambiguous manner, “He’s outside the door.”

Just this one sentence alone made her body tremble.

Qiqi’s reaction made Jake feel both heartbroken and resigned.

When she was with Jake, she was always silent and never reacted like that. But she would only become active and energetic after hearing about Yuqi.

Although she said that she didn’t care about Yuqi, her actions proved how important Yuqi actually was to her. At this moment, she was a contradiction, frantically wanting to see Yuqi, but she also worried that she might be seen by Yuqi.

Then she thought: How about just turning around and glancing at him, then pretending to happen to see him?

As soon as she had this thought, she couldn’t help but want to turn back around and have a look at Yuqi.

But as soon as she moved, she was stopped by Jake.

“Don’t look back, or you’ll fall short of success for lack of a final effort.”

Qiqi clenched her palms tightly, whose body was a little stiff.

Seeing her struggle, Jake frowned, then said in a low voice, “Qiqi, lean over a little and rest your head on my shoulder.”

“Why?”

“This is the only way to make him give up on you. No matter how many words you said, it is not as powerful as what he sees with his bare eyes.”

Qiqi resisted a little at first, but Jake didn’t force her, who waited until she finally gave in.

She then lowered her head and leaned on Jake’s shoulder, whose eyes were filled with tears.

Then Jake felt Qiqi’s weight and warmth.

But at this moment, he was not happy at all, but felt heartbroken.

His lips gently rubbed against the top of Qiqi's hair and, unsurprisingly, Qiqi's body stiffened again.

But she didn't move.

Jake could not see Qiqi's expression, but he guessed that she must be quite sad and desperate at this moment.

Well—

After a long time, Jake patted her shoulder and said, "Okay, he's gone."

This was a great relief to Qiqi, who immediately sat up straight and wiped the corners of her eyes.

Not daring to look up at Jake, Qiqi said in a hoarse voice, "I'm sorry."

"For what?"

"Because I used you as my pretext."

"Isn't that what I'm for? I'm self-aware enough to understand my position in your heart."

Chapter 549 She Doesn't Choose You(2)

Jake's self-deprecating words made Qiqi feel more and more ashamed of herself. The more he was so considerate, the more Qiqi felt that she owed him more than she could ever repay in her lifetime.

"Jake..... actually you don't have to force yourself."

Jake smiled and said, "How do you know that I am forcing myself? Why can't I have fun?"

"Of course you are not happy now that you're being used to take the blame."

"Me. I'm quite happy. I think it's a good deal to exchange the pain for your company."

Jake's tenderness was like an impermeable net, which trapped Qiqi, making her unable to struggle and unable to break free.

At first, Qiqi would resist a little. But now, she compromised, wanting to let nature take its course.

Now that the man was no longer behind her, Qiqi could look back with impunity, look in the direction where he had stood just then.

After taking care of Jake, Qiqi got up and left the ward.

As she passed a corner, someone suddenly reached out his hand and tugged at Qiqi's wrist.

"Help....."

Qiqi had just shouted for once when her mouth was covered and she was dragged towards the corner.

The man, who smelled of alcohol and was breathing heavily, hugged Qiqi and wouldn't let her go.

Qiqi was so scared that she thought she had met a gangster.

She thought: At this time, I must not give up and find a way to get rid of him.

Qiqi struggled with all her strength, but the man behind her said a name suddenly.

"Qiqi—"

As soon as she heard his voice, she was stunned.

It is him, Yuqi Mu!

At this moment, Qiqi couldn't tell what kind of mood she was in. She wanted to see Yuqi, yet she was afraid of seeing him.

"Are you.....drunk?"

Yuqi did not move, who he did not let go of Qiqi, as if he wanted to draw warmth from her body.

After a long time, Yuqi asked in a hoarse voice: "Are you really with him?"

Qiqi curled up her lips and said without hesitation, "Yes."

Yuqi showed a self-deprecating smile and said, "I have known the answer, but I still have to ask you myself so that I can totally give up on you. Am I abusing myself?"

Seeing Yuqi be so dispirited, Qiqi felt heartbroken.

Yuqi was supposed to be active and be looked up to, how could he fall into such a state of despondency?

Qiqi then thought: He doesn't deserve to live like this!

Qiqi then made up her mind and broke free from his embrace ruthlessly, looking at him indifferently. Then she said: "Yuqi, I already have a boyfriend, you have gone too far."

"Boyfriend?" Yuqi sneered and said, "With what could that hypocritical man be your boyfriend? Qiqi, is there something wrong with your eyes!"

"Stop venomously slandering him, Jake is not a hypocrite!"

"He is not? Hum, watch out for your Jake!"

Seeing that at this kind of time, Yuqi still smeared Jake, Qiqi could not help but frown, saying: "You better watch out for yourself. Don't come looking for me again, and don't disturb my life, let's just pretend we have ever met!"

After saying that, Qiqi turned around and left.

Looking at Qiqi's back, Yuqi wanted to call out to her.

But then what?

Yuqi did suspect Jake. But it was only a suspicion, and he didn't have any evidence to prove that Jake had done something.

Without proof, no matter what Yuqi said, Qiqi would not believe him.

If Qiqi had any trust in Yuqi, the two of them would not be in this situation today.

Yuqi cared more about Qiqi's attitude than that inexplicable Jake. Obviously, it was her attitude that made him feel heartbroken.

As for Qiqi, she hid in a corner where no one was around and choked silently, with her arms tightly wrapping around herself.

She knew that Yuqi was not the right man for her, but she still foolishly liked him, and in the end, she was hurt and heartbroken.

Qiqi told herself over and over again to give up on him and be the simple, happy Qiqi she used to be.

But in fact, Qiqi felt like her whole body had been hollowed out, and she was a walking corpse at the moment without a soul.

Qiqi was helpless, who found that she was unable to control her own heart. Was there anything more tragic than that?

Looking up at the sky, Qiqi was expressionless.

She was thinking that perhaps in the future, she would never see such a brilliant starry sky again. And all the beautiful memories were sealed in that autumn.

.....

Jake noticed that Qiqi was not in the right state, but instead of asking her the reason, he deliberately teased her to divert her attention.

In the past, this approach would have been somewhat effective.

But now, no matter how funny a story Jake told, Qiqi remained calm and sometimes, she even inexplicably dazed.

When Jake noticed that Qiqi was dazed again, he was quite helpless.

Reaching out and waving his hand in front of Qiqi's face, he asked, "Is my story that insipid?"

Qiqi came back to her senses and said absentmindedly, "Oh, sorry, what did you say?"

"Nothing, I am just making small talk with you."

"Oh."

After making a simple response, Qiqi lowered her head and fiddled with the flowering b.ranch in her hand.

"Qiqi, you"

As Jake was about to say something to Qiqi, her mobile phone rang.

"Sorry, I'm getting a call."

Putting down the flowering b.ranch, Qiqi picked up the phone.

"Qiqi, come quickly, Yuqi is going to die!"

The voice on the other side of the phone was filled with fear and trembled. And it was hard to distinguish that it should be Anna Xie's voice.

Qiqi was stunned and asked, "Anna, what are you talking about?"

"Yuqi had a car accident and is in the hospital in Capital City, his injuries are serious!"

"Car.....car accident!?"

“Yes, Yuqi drove the car after having drunk much wine yesterday, and as a result, he was rear-ended by a big truck and his car was smashed flat. Now he is still in the operating room, whose life is uncertain!”

Hearing this, Qiqi’s face turned pale, and then her phone fell to the ground.

“Hello, hello, Qiqi? Are you coming or not

Anna was still talking on the phone, but Qiqi could no longer hear it, and she was expressionless, staring blankly ahead.

Qiqi’s look made Jake quite worried, who frowned and asked, “Qiqi, what’s wrong with you?”

Qiqi remained unresponsive, who was dull, as if she had been a soulless doll.

“Qiqi!”

Jake shouted her name while holding her wrist tightly and looking directly at her.

As her pupils focused, Qiqi saw the person in front of her clearly and then she started to cry.

Hugging Qiqi in his arms, Jake was nervous and said in a low voice: “Okay, first tell me what happened!”

Qiqi’s lips twitched a little before she said:

“Yuqi had a serious car accident and his life is uncertain!”

After hearing her response, Jake narrowed his eyes.

“So what are you going to do now?”

“Me?” Qiqi was confused for a moment, then she gradually became firm and said, “I’m going to the Capital City to be with him!”

“What will change even if you go there?”

“But I can stay with him, even if just simply looking at him will be fine!”

“Then does Yuqi want you to stay with him?”

After hearing his words, Qiqi was stunned.

She thought: Yes, does Yuqi still need me? Especially after I said those hurtful words to him, he must be very disappointed in me.

Thinking that she was not even qualified to visit Yuqi, Qiqi suddenly felt very sad.

Seeing Qiqi's tears streaming down her face, Jake hugged her even tighter.

However, his following words made Qiqi feel even more desperate.

"I think, Yuqi's car accident is more or less related to you. After experiencing life and death, Yuqi may not forgive you again, and his family will not tolerate you as well."

Then Qiqi thought: Yes, Yuqi was already drunk yesterday, and instead of considering for him, I went against him in every way, making him feel heartbroken.

And that Yuqi was drunk is probably because of me. In that case, I am the real murderer for his accident, right?

Thinking of this, Qiqi closed her eyes in despair, who was full of remorse and regret.

Jake then held her arm and looked straight at her, saying, "Alright Qiqi, don't worry about this matter anymore. Although Yuqi is injured, there will naturally be countless famous doctors to treat him. Right now, it is you who need to be treated the most."

Looking blankly at Jake, Qiqi muttered, "Me?"

"It's time to break off the relationship with Yuqi, are you ready?"

At a time like this, how could Qiqi give up on Yuqi? It was even already late to blame herself.

But apart from blaming herself, what could she do?

She might as well just do it and be the bad one to the end.

Then she looked at Jake and said expressionlessly, "Okay."

Although she just said one word, it seemed that she had used up all of her strength.

She wanted to cry, but she felt that she had no right to cry at all.

She thought: I am a bad woman, and a bad woman should watch others cry and laugh at the others, right?

With this thought in her mind, Qiqi managed to smile.

But her smile made the Jake feel very distressed.

Raising his hand to hold Qiqi's face, he said, "Don't smile."

"Why not? I've succeeded. Yuqi will never pester me again."

Qiqi continued to smile, but she started to cry and she couldn't stop the tears from flowing from her eyes.

"Qiqi....."

Jake wanted to say something else, but Qiqi waved her hand, turned around and left.

Qiqi acted sensibly, but there were still some times when her emotions were simply out of control.

She could pretend to be righteous in front of Jake.

But late at night, she couldn't stop herself from worrying and wanting to see Yuqi more and more.

Especially after having a nightmare, Qiqi was even more determined to see Yuqi.

It was just after dawn when Qiqi tiptoed out of her room, carrying her bag, and walked to the station.

As Qiqi was ready to leave on the first train, she saw someone who should not have been here at the platform.

"Jake!?"

Looking back at Qiqi, Jake smiled and didn't say anything.

However, Qiqi felt guilty.

She was quite determined yesterday, but now she changed her mind again. What the hell was she thinking?

Qiqi lowered her head, whose fingertips were slightly cold, not daring to look at Jake.

Jake walked up to Qiqi calmly, still being quite gentle.

"You haven't eaten breakfast, have you? Here."

As he said, Jake handed her a cup of soy milk and some steamed stuffed buns.

But Qiqi didn't take them, who still was lowering her head to hide the shame in her eyes.

"What's wrong? You don't like to eat that? Then tell me what do you want, I'll take you to eat."

"Jake!" Qiqi suddenly said in a hoarse voice: "You can say whatever you want, and I know that I must have let you down. And I lied, I actually am dying to see Yuqi. I'm going to the Capital City now, and I won't change my mind no matter you laugh at me or mock me!"

Looking at Qiqi's determined expression, Jake sighed and asked: "Is it worth it?"

"Yes!"

"Alright, I'll go with you."

Qiqi was stunned after hearing his words.

"You won't stop me?"

"Since you have already made your decision, it's futile for me to say anything else to persuade you, so I might as well fulfill your wish."

"But your wounds have not yet healed."

Lifting his arm, Jake smiled and said, "I've almost recovered under your care. As long as you're not going to fight with Yuqi, I'll be fine."

Qiqi feel ashamed in front of Jake, who was so considerate.

Honestly, she would rather have Jake pointing his finger at her nose and scolding her than to bear his deep love.

His love was too deep, and Qiqi could not repay it, nor did she know how to repay it.

Curling up her lips, Qiqi said in a low voice, "I'm sorry for disappointing you."

But Jake looked quite indifferent, who reached out and rubbed Qiqi's hair and said with a smile, "You're a good girl who values emotions, so it is quite normal for you to do this. Besides, after you meet him, you will make up your mind to give up on him, so it might also be a good thing."

In fact, Qiqi didn't think so in her heart, but she didn't explain anything.

The two of them then went to the Capital City and went to the hospital where Yuqi was staying.

It was not difficult to find out which ward Yuqi was in.

But getting in unnoticed was more difficult.

Jake racked his brains to come up with a good way to tell Qiqi, but he found that Qiqi was distracted.

Reaching out and waving his hand in front of Qiqi, Jake asked, "Hey, what are you thinking about?"

Qiqi still looked ahead, saying, "Yuqi is in that ward."

Jake looked back and found that the door of the intensive care unit was closed, and he could not see anyone inside.

Although he couldn't see Yuqi, Qiqi's eyes were filled with deep emotion and expectant.

Jake then frowned and said, "I know you want to see him very much, but you have to memorize what I've told you so that no one will find out your weak point."

"Weak point?" Qiqi hesitated for a moment, then shook her head and said with a smile: "I'm not coming over, I will just look at him from a distance here."

"Don't worry, I have a way for you to come in."

"But I really don't want to go."

Seeing that Qiqi was not perfunctory, Jake knew that she was serious.

"But didn't you come just to see him?"

Qiqi shook her head and said, "No, I just want to feel his breath. I'd rather.....not see him, besides, he may not want to see me."

Saying that, Qiqi looked with emotion at Yuqi's direction again, then turned to leave.

But just as she walked to the elevator door, Qiqi happened to meet two people.

"Qiqi?"

Seeing Qiqi, Chuxue Ye and Zhao Nangong were both surprised.

Qiqi then became panicked for a moment before asking: "Why are you all here?"

Chuxue sighed heavily, whose tone was full of complaints, but the unconcealed apprehension could still be seen in her eyes.

“Of course we will come after such a thing happened! This Yuqi really looked for death to drive after drinking. He was really lucky to have only a broken arm and leg!”

After Chuxue said the words, she found that there was another person standing beside Qiqi.

“Huh, isn’t this Jake?”

Qiqi did not expect Chuxue to know Jake, who asked, “You know each other?”

“Uh…… I don’t know him, but you’ve shown me his picture.”

“Have I?”

Qiqi recalled and felt that she had never shown Jake’s photo to Chuxue.

However, Chuxue was quite sure and spoke with certainty: “You have! You don’t take such a thing seriously because you’re too busy studying.”

“This ……”

“Since you’re here, go in and take a look at him. Well, never mind, you’d better not look at him. Yuqi is gaunt now, you will feel heartbroken when you see him.”

Mentioning Yuqi, Chuxue became quite serious again and began to sigh heavily.

“Is he …… very serious?”

“He is still unconscious up to now, and the blood clot in his brain can’t be removed, so he is likely to become a vegetable. All of his body organs were damaged, even the doctor said it is a miracle that he did not die immediately.”

Hearing Chuxue’s words, Qiqi felt so panic that she was about to faint.

What Anna said on the phone was not clear, and Qiqi had not known what exactly was going on with Yuqi before.

Now that she heard his situation with her own ears, she couldn’t help but feel her hands and feet go cold and her pupils tighten because of panic and worry.

“How did this happen ……”

Zhao looked at Qiqi and Jake before asking, “Qiqi, what did you say to him that made him go mad and drink and drive after he met you?”

Chuxue was a little angry after hearing his words, who frowned and asked: "Hey, what do you mean by saying that, could Qiqi deliberately harm Yuqi?"

Chapter 550 Care (1)

"I don't mean that. I just want to know what stimulates Yuqi Mu to be willing to die and to not value his own life. As long as Yuqi has a little sense, he will not drive crazily, as if he is deliberately pursuing for death. "

Deliberately pursuing for death!?

These four words, like a heavy hammer, hit Qiqi's heart and let her body shake.

Jake immediately supported Qiqi by clenching her hand to give her some strength.

As Chuxue Ye saw these two people hand in hand, she slightly frowned her brow down, and said, "Impossible. Yuqi should have stronger psychological endurance."

But Zhao Nangong was still searching for an answer, asking, "what exactly did you say to Yuqi?"

"I...I just told him that I wanted to have a relationship with Jake and tell him not to come to me again, just as we never knew each other."

Hearing these words, Chuxue and Zhao Nangong were silent.

Qiqi couldn't help looking up at they two, and found that they were frowning and staring at her with extreme disapproval.

With some panic in the heart, Qiqi asked, "I think this words are not too much. Don't lovers always say such words to break up?"

"It isn't the matter whether these words are too much or not. Don't you know that Yuqi loves you?"

"No matter she knows or not, it doesn't mean that she have to accept his affection. It doesn't seem to make any sense." Before Qiqi's reply, Jake said to Chuxue for her.

Jake was silent all the time. Nobody paid attention to him before.

But as soon as he spoke such words, the atmosphere became tense.

Looking up at Jake, Chuxue found that this young man looked like gentle and good-tempered. But as long as observed carefully, he had hidden a touch of coldness and arrogance in his eyes.

Since Jack's words were not polite to her, Chuxue didn't need to pretend to be friendly anymore. She sneered and said, "You're right. But it's quite not proper to bring your girlfriend to show off in front of her ex-boyfriend."

"I don't think so. Qiqi is kind of missing their previous friendship and wants to visit Yuqi. That's all."

"So you won't refuse Qiqi to meet Yuqi, will you?"

Chuxue seized the flaw in his words and refuted, but Jake behaved calmly. He said slowly, "Qiqi just wants to pay a visit to Yuqi. It's reasonable to go inside."

After saying so, Jake looked down at Qiqi and said: "Qiqi, just go in."

But Qiqi shook her head repeatedly, with a very resistant expression.

"How can I see Yuqi again? He became like this because of me. "

"You little fool, did you force Yuqi to drunk driving? It's just he can't bear being refused by your several hurtful words. No wonder her girlfriend will be taken away by some riff-raffs. "

Chuxue's words made Qiqi more shameless and she felt guiltier about Yuqi.

When Chuxue said this, she kept staring at Jake, with her eyes full of provocation.

Zhao Nangong knew Chuxue's temper, who might quarrel with Jake in the next moment.

After all, they were in a hospital, and it was unnecessary to let people all know their little things, so he then mediated a bit. "That's it. Qiqi, let's go and have a look."

With a provocative look at Jake, Chuxue pushed Qiqi away.

Qiqi didn't want to go, but Chuxue was too strong, and Jake didn't help her. Finally, she was pushed into the ward.

As soon as Qiqi saw Yuqi, she immediately covered her mouth.

All the description did not as shocked as she saw the tragic scene by herself.

Although Qiqi had already known that Yuqi was seriously injured, it was still hard to accept seeing Yuqi lying quietly on the hospital bed, whose breath was light and even invisible.

This boy liked to show off, whose laughing was more brilliant than the sun in the sky. Why did he become like this?

At the moment, with his face as white as a sheet, Yuqi was wrapped in bandages all around his body and half of his face was swollen out a lot.

Before seeing Yuqi, Qiqi still had some illusions. She hoped that Yuqi was not hurt. He just wanted to joke with her.

But after seeing him in person, all the illusions were shattered. The man in front of her was really on the line of life and death. Maybe in the next moment, he would.....

No, no, no. Yuqi was a naughty boy, so he would tease her for thousands of years!

Qiqi covered her mouth with tears uncontrollably dropping down, and stepped back two steps.

Hearing the sound, Anna Xie and Yulin Xiao turned back.

As Anna found Qiqi, a strange look instantly appeared in her face.

Looking around the room, Chuxue asked, "Where are your uncle and aunt?"

"They are already back."

"It's good to go back and have a rest. They should be tired these two days."

After chatting with Chuxue for a few words, Anna focused on Qiqi and said, "You girl, you still know to come here? I didn't hear from you after I called you. I thought you were abducted and sold!"

Chuxue looked at Jake and said unsatisfactorily, "It's not abducting, it's brainwashing."

Qiqi seemingly didn't recognize Chuxue's banter. She bowed her head and said, "I'm sorry, I've been a little busy these two days. I got my time recently."

"No matter how busy you are, you should come here sometime."

"I..."

Before Qiqi could figure out how to reply, Chuxue hummed first, "She is busy to have a date. How can she have time to care about us? OK, as for Yuqi, you've seen him. You can leave now. "

Seeing Chuxue wanted to drive Qiqi to leave, people here immediately called her, "Chuxue!"

But Chuxue didn't want to change her mind, instead she asked, "Am I wrong? Maybe from her perspective, we are dispensable. We are definitely less important than her boyfriend."

"Well, stop it."

"Why should I stop? Look at Qiqi now. Is she still the girl we knew before? She..." Chuxue was still complaining, but Anna was attracted by other place.

After staring at Yuqi carefully for a moment, Anna was shocked. She tugged Yulin's hand and yelled, "It moves!"

"What moved?"

"Yuqi's fingers just moved!"

After hearing this, everyone was surprised.

Yulin was still calm. He immediately pressed the bedside bell and called the doctor.

Soon, the doctors came in a hurry, pushing Qiqi and Jake behind.

When she heard Anna's words, Qiqi's eyes were fixed on Yuqi, hoping that he would take a turn for the better and be out of danger, and be as energetic as before.

The busy scene seemed so unreal, like a dream.

If it were possible, Qiqi preferred that all this was just a dream. Yuqi never knew her in such a dream.

Looking at Qiqi with a pale face, Jake shook her hand and said softly, "Qiqi, shall we go back first?"

Qiqi didn't want to leave. Her eyes expressed everything.

Jake also saw Qiqi's decision, but he didn't agree with it. He said, "If we stay here, we can't help but become a burden."

As Chuxue saw they two whispering, she went over and heard Jake lobbying Qiqi.

At the moment, Chuxue sneered and interrupted, "Isn't it good to stay and wait for an answer. If Yuqi doesn't survive, you can drink and celebrate, right?"

Turning around, Jake looked at Chuxue's sarcastic face and said in a light tone, "I can't drink as I haven't recovered from my injury."

"You..."

Chuxue was talked back. She stared at Jake speechlessly and was about to break out.

Zhao Nangong stopped Chuxue in time, frowned and said, "Be quiet for a while. Do you have to fight at this time?"

"I didn't want to fight with him. This guy didn't know what he should do!"

"True, I don't know what to do, so I won't stay here to bother you guys."

With that, Jake tugged Qiqi's hand and was about to leave with Qiqi.

But Qiqi didn't move. Her eyes were still fixed on Yuqi.

Qiqi's reaction gave Chuxue some confidence so she looked at Jake defiantly.

Jake ignored Chuxue's provocation. He, with his eyes full of worrying, looked at Qiqi, who seemed to lose her soul.

After examination, the doctor came to the conclusion. He turned back and said to the people, "we have examined the patient, and nothing has changed."

Anna didn't want to give up, she added "But Yuqi's fingers did move just now!"

"It shows that the patient has a positive response to a certain stimulus, and you should continue to do so, which may be beneficial to the patient."

"Stimulus..."

Chuxue was silent. Then she clenched Qiqi's hand with her eyes staring round, "Qiqi, Yuqi must hear your voice. Only when he wants to say something to you can he have a reaction!"

"Me?"

"Yes, it's you! Then you should stay and take care of Yuqi. You also hope that he will recover soon, right?"

After listening to Chuxue's words, people immediately understood her meaning.

Qiqi hesitated and was at a loss.

Jake, next to her, frowned and said in a slightly cold voice, "This is a moral kidnapping. What does it have to do with Qiqi whether Yuqi recovers or not?"

"Just because of their previous friendship, can't Qiqi stay and help? Qiqi is not as cold-blooded as you are. She will stay. Qiqi, will you?"

Looking at Chuxue's eyes, Qiqi opened her mouth a bit, but she didn't speak.

Chuxue knew that Qiqi wanted to stay, but she couldn't pass the obstacle in her heart, so she continued, "Will you really watch Yuqi die? If he can't get through this, he will really die! "

Anna followed Chuxue's words and added, "Even if you don't want to have a romantic relationship with Yuqi, you can't refuse to save his life. If Yuqi really died for this, would you regret it in the rest of your life? "

She would definitely regret, and it would last the rest of life.

Qiqi didn't want to regret the whole lifetime, let alone watch Yuqi die.

Sipping her lower lip, Qiqi looked up at Jake.

"Jake?"

Qiqi now had her answer. No matter what Jake said, she would not change her mind.

Jake would not like to be a villain. He said helplessly with a smile, "If you really want to stay, just stay. Anyway, it won't affect our relationships."

Seeing that Jake didn't object her decision, Qiqi showed a brilliant smile, nodded and said, "That's it. I'll stay and take care of Yuqi."

At this moment, Jake felt sorry for himself.

Even with his careful company, he couldn't take the place of Yuqi in Qiqi's heart. She looked so happy just because of taking care of a patient.

That happiness was from the bottom of her heart, without any trace of camouflage. In contrast, Qiqi was more modest and courteous together with him.

It was obvious that Qiqi and Yuqi were closer to each other.

There was a slight loss at the bottom of Jake's heart, but Jake didn't show anything.

Chuxue didn't miss the opportunity to ridicule Jake as she found something. She snorted and said, "Qiqi, when you're free, please spend more time in accompanying Yuqi and talk more about what he likes to hear. As for those who have nothing to do with it, don't bring them here please, so as not to make Yuqi unhappy. "

Chuxue's words made the situation a little awkward. But Jake didn't care. "It doesn't matter, I'll wait in the hospital hall," he said in a flat tone

This guy was so shameless.

Chuxue frowned and said, "Don't you get hurt? Why don't you have a good rest?"

"I'm afraid that with so many wolves staring, Qiqi, the little sheep, can't escape."

Although Jake's tone was calm, his words were sharp. In terms of innuendo, Chuxue was really not his well-matched competitor.

After listening to Jake's words, Chuxue immediately burst into anger. She raised her voice, "how long have you known Qiqi? We are all her best friends. Will we scheme against her?!"? What a joke! "

"Really? Never? "

Jake's deep eyes made Chuxue flustered for a moment. It seemed that the secret in her heart was found out.

In order to cover up her anxiety, Chuxue shouted with a higher voice, "We do these are all for the sake of Qiqi!"

Chapter 550 Care (2)

Compared with Chuxue Ye's nervousness, Jake's tone was still calm and slow, but his words were aggressive.

"It hurts more to plot against others in the name of love. You're not the victim. Do you know what she wants? "

Chuxue bit her lip, gnashing her teeth and said, "What a teacher. Your eloquence is really good."

"You know me very well. If I don't know you, I will think you have investigated me."

"Hum, why will we investigate person as simple as you? Just ask about..."

“Chuxue!”

Chuxue was stunned and then realized that she had said something wrong.

Staring at Jake, Chuxue said angrily, “You said that deliberately!”

In the face of such accusations, Jake smiled lightly and did not deny it.

Jake’s attitude had the same effect of slapping Chuxue, which made her angry enough to want kill Jake.

Just as Chuxue was grinding her teeth, Qiqi asked a question, “Why do you ask about Jake?”

Worried about Chuxue said something wrong again, Anna Xie explained before Chuxue might answer, “We are worrying that he may be another man with glasses, who will do bad things to you. We do this because we care about you. “

After Qiqi heard this, a different light shone in her eyes.

She felt something wrong in her mind, which was a feeling of distrust.

But before Qiqi said anything, Jake spoke again.

“If you put it in a sound way, it’s caring, but it’s actually controlling. You are all well-known people, only Qiqi is a naïve and a little silly girl. It must be nice to be able to control other people’s lives, isn’t it? “

Chuxue couldn’t bear Jake anymore. She rushed to Jake and was about to beat him. Fortunately, Zhao Nangong stopped her.

“Don’t stop me. I should teach this kind of boy a lesson to see if he can talk nonsense again or not!”

Jake looked at Chuxue fearlessly and said, “Did I say wrong?”

“You are wrong from the beginning to the end. You are just afraid that we are not in chaos and want we to fight against each other! How can you alienate our friendship with Qiqi? “

“True friends will not be separated unless your friendship is too weak.”

“You...”

Chuxue could not win Jake in language. If they continued to argue with each other, Qiqi would misunderstand them more.

Therefore, Anna interrupted Chuxue and frowned, "That's it, everyone. Stop please. This is the ward! "

After listening to Ana's words, everyone calmed down and said nothing more.

But everyone held their own thoughts.

Qiqi left in a hurry so she didn't tell her parents. Jake went with her to explain to her parents and prepared something for Qiqi.

As soon as they left, Chuxue punched and kicked angrily at the air.

"That guy is absolutely a disaster. We can't keep him!"

Anna had contact with Jake and knew that he was not as simple as he looked like. She said, "if we attack him at this time, aren't you afraid that Qiqi will suspect us?"

Chuxue raised her head and said, "We have deep friendships with Qiqi, so he cannot outweigh us in Qiqi's heart."

Anna sighed lightly, "I'm afraid you've been too confident this time."

Chuxue thought for a while and finally understood what Anna meant.

Obviously, Chuxue didn't accept this. She widened her eyes and said, "Do you think Qiqi will suspect us? Not really. Although Qiqi understands things slowly, she is not stupid. She knows who is sincere to her."

"We are sincere to her. That guy may not be insincere."

Chuxue was very angry and dissatisfied, "How can you always speak for him? Are we so bad?"

"I'm just analyze the truth and tell you not to be so optimistic," she then continued after a pause. "Do you see Jack's injury? I heard that Yuqi Mu made it. This is also the fuse for the breakdown of his relationship with Qiqi. "

With her eyes blinking, Chuxue looked unbelievable.

"How can Yuqi leave evidence to expose himself for such a thing?"

"Ordinary people can't, but although that guy looks very harmless, he is a tough guy to deal with, and he has some extraordinary means."

Yulin Xiao, who had not spoken for a long time, suddenly sighed and said, "If it was easy to deal with him, Yuqi would not have become what he looks like today."

“What’s wrong with all of you? He is just a young man. How can you all consider him as a powerful monster? I don’t believe that he can deal with us all by himself only. “

Looking at Chuxue’s eager expression, Anna said, “Chuxue, don’t mess with him. We should find some wise ways to deal with him, instead of fighting with him directly. Anyway, Qiqi will stay. We have a lot of opportunities. We are not in a hurry for a while.”

“Yes, Qiqi will stay, and so will the nuisance. I really don’t want to see him for a moment. I must find a way to get rid of him! “

Anna was a little helpless, looking at Zhao Nangong and nodding at him.

Zhao Nangong knew that Anna wanted him to stop Chuxue to make any other troubles.

However he could not change what Chuxue had decided to do. Very likely, he would help Chuxue, lest she got into trouble.

Seeing Zhao Nangong shaking his head, Anna touched her forehead helplessly.

After patting Anna on the shoulder, Yulin said, “Don’t worry too much. Just let it be. If we can’t keep Qiqi, let’s not force her. Everyone has their own way to go. It’s lucky that you can accompany each other a journey.”

“However…….”

“Don’t forget, the most important thing for us now is to help Yuqi recover.”

This words made Chuxue speechless. At this moment, Chuxue was so upset, since she couldn’t do or say anything.

“You are so annoying!”

Chuxue stamped her foot, turned and ran out. Zhao Nangong followed her.

Looking at Chuxue’s figure, Anna’s eyes were full of worry.

Yulin touched Anna with his forehead and comforted her, “Don’t worry, With Zhao Nangong’s company, Chuxue will be fine.”

Anna sighed deeply and said, “Yuqi, Chuxue and Qiqi, why do they make us worry so much?”

……

Until hanging up the phone, Qiqi’s parents didn’t find any flaws, which made Qiqi take a long breath.

With her eyesight flowing up, Qiqi saw Jake look at her with a warm smile.

There was too much emotion in his eyes, which made Qiqi unable to bear it, so she subconsciously lowered her head and avoided eye-contact with Jake.

Qiqi realized Chuxue's hostility to Jake. If Jake stayed here, he would definitely be made difficult, so she said, "Jake, our holiday will surely be ruined. Maybe, it's better for you to go back first. When I have free time, I will definitely make up for it."

Jake shook his head indifferently and said, "I'm free this time, so it will be the same wherever I'm staying. It doesn't matter. Besides, you are here. If I leave you, I will miss you all the time."

Qiqi pretended not to hear his last half sentence and said, "But I don't want you to be hurt by them inexplicably."

Jake smiled confidently. "Don't worry, they won't hurt me. At this moment, I'm afraid they have to draw a clear line with me, so as not to let you misunderstand. Time is different. The most they can do is to satirize me but not to hurt me."

Jake looked confident and seemed to be in control.

However, Qiqi knew Chuxue fairly well. She was really a straightforward person. If anyone offended her, she would use the most direct and primitive way to make that person pay the price.

It was obvious that Jake had already touched her baseline.

After sipping her l!ps, Qiqi asked, "Jake, did my friends do anything to you before?"

"No, they're just investigating my background. Don't worry."

"They are all good people. Maybe their words are a bit cold, but their hearts are really warm. They just worry that I might be cheated by you, so they investigate you."

As for this, Jake did not take a stand, but gently raised the corner of his mouth, with a slight invisible smile.

"Oh, and my parents, thank you for helping me convince them."

Jake sighed and said pitifully, "Oh, I wish my lies would come true one day instead of comforting myself with lies."

Qiqi knew that Jake was waiting for her promise.

But at this time, she couldn't make any promise, so she could only bow her head, "Jake, I'm so..."

"Don't say sorry again. You promised me you wouldn't say these words again."

"Well, I won't say."

It is clear that Qiqi is unable to make a commitment, but her expression seems to be more aggrieved, which makes Jake feel helpless.

After rubbing Qiqi's head, Jake said, "don't push yourself too hard, just follow your heart, and don't leave any regrets. As for others, just let it be."

"Thank you."

"Then organize yourself. I'll go out first. When you're ready, I'll take you to the snack bar nearby to eat something delicious."

Qiqi nodded with a reluctant smile "Okay."

The next day——

Qiqi appeared in Yuqi's ward as negotiated. Looking at the unconscious man lying in the bed, her eyes were full of pain.

The sound of footsteps came behind, from far to near, including the thump of high heels.

After wiping the corners of her eyes, Qiqi got up and looked back calmly.

Chuxue first looked around the ward, and didn't find Jake the annoying guy, so her face was slightly relieved.

"Did you come by yourself?"

"No, Jake is waiting for me outside."

After hearing this, Chuxue became unsatisfied down again.

"Well, he did what he said."

Seeing that Chuxue had a lot of opinions on Jake, Qiqi said immediately, "Chuxue, Jake intended no harm and has helped me a lot. I don't want you to misunderstand each other."

"It's not misunderstanding. It's a deception. That guy is a wolf in sheep's clothing. Only you treat him as a good man!"

Finding that Chuxue adhered to her own views, Qiqi felt that she could not communicate with her.

Anna looked at Qiqi who was helpless and Chuxue who was angry. She sighed and said, "Forget about it, Chuxue. In terms of feelings, people falling in love know by themselves whether it is cold or warm. If Qiqi love him, no problem. As her friends, we just wish her the best in silence."

"Even if she was cheated!"

"Even if she was cheated, it is out of her willingness."

Qiqi frowned when she heard they both use the word "cheat".

"You keep saying that Jake cheated me. You should have some evidence. If you don't, you're just talking."

Chuxue pointed to her eyes and said, "Do you still need evidence? Just watch with your eyes. He must be plotting against you."

"Jake just wanted me to become his real girlfriend. Just I can't now. "

Seeing that Qiqi had always been speaking for Jake, Chuxue said angrily, "No matter what he says, you shouldn't promise him! You should care more about Yuqi who becomes like this for you. Shouldn't you be responsible for him? "

Looking back at the man in the bed, Qiqi was heartbroken and murmured, "I.....I will take care of Yuqi wholeheartedly. As for the other things... "

Chuxue waited for Qiqi's following words, but after a long time, she didn't complete her words. It could be seen that Qiqi still didn't want to make up with Yuqi.

This made Chuxue angry. She didn't care that they were in the hospital, she held Qiqi's shoulder and yelled, "You have already gone so far. It will be better even if you lie to Yuqi! Qiqi, when did you become so cold-blooded? That's Yuqi, who love you so much to carve you into his bones. You can't do this to him! "

When Chuxue talk to Qiqi, she kept shaking Qiqi's shoulder, hoping to shake this stubborn woman awake.

Anna stopped Chuxue and frowned, "Enough. Chuxue, please don't force her. Let Qiqi think about it by herself."

“Think by herself? Her mind is full of Jake. What else can she think of! I don’t know if that man gave her ecstasy!”

The quarrel made the atmosphere a little awkward. Anna wanted to ease it, but she could not figure out a proper way.

In the embarrassment, someone broke the deadlock.

“What’s the matter? What’s the noise?”

Hearing this voice, they immediately looked to the door, and could not help but restrain their anger.

“Sister Yiyao Duan.”

Yiyao walked into the room and looked at them with stiff faces. Finally, she looked at Qiqi and said with a smile, “Qiqi, it has been a long time that I haven’t see you.”

Qiqi really hadn’t seen Yiyao for a long time. Yiyao’s belly bulged obviously, which made it easy to see that she was pregnant.

Qiqi showed a smile and said, “Sister Yiyao, how do you do?”

“Fine, you...you don’t seem fine.”

Qiqi knew that how spiritless she looked now even if Yiyao didn’t remind her.

Looking back at Yuqi, Qiqi were full of pain in her eyes.

Yiyao immediately understood Qiqi’s worries. She said, “don’t worry too much, the doctor said...”

“The doctor said that as long as the beloved ones wholeheartedly accompany, there will be a miracle! Since Qiqi is here, she will certainly create that miracle.”

Before Yiyao finished speaking, Anna interrupted her and said the following words for her.

In addition, Chuxue also helped to convince Qiqi, and also winked to Yiyao from time to time.

Qiqi’s attention was all on Yuqi, so she didn’t find Chuxue’s small actions.

Yiyao picked her eyebrows and seemed to understand something.

Anna turned to smile at Qiqi and said, "OK, we will go out first, Qiqi. Please take care of Yuqi."

"Okay, fine."

Except for Qiqi, everyone else went out of the room, and the ward immediately became quiet. Only Yuqi's ventilator made a cold and monotonous sound.

Sitting beside Yuqi, Qiqi held his cold big hands and gently kissed them lightly.

She wanted to give Yuqi some warmth, but his body was very cold, like ice. No matter how hard Qiqi tried, she couldn't transfer the temperature.

The feeling of powerlessness made Qiqi cry.

Tears dropped the back of Yuqi's hand. Qiqi choked, "They all say that I was wrong. Do you think I'm wrong? You'd think so. If it wasn't for me, you wouldn't be lying here. Yuqi, you must hate me very much, because of me, a tiny girl, you have a stain on your life. "

Qiqi's voice, echoing in the ward, seemed empty.

Qiqi was seemingly chatting with Yuqi, but she couldn't wait for a response. Maybe, she could not get any response all her lifetime, which made Qiqi very desperate with her tears flowing even more fiercely.

"Yuqi, wake up, please? Please, your life should not be like this. As long as you wake up, I will promise you to be your girlfriend. "

Speaking of this, Qiqi suddenly gave a bitter smile.

"Oh, you hate me so much. How can you let me be your girlfriend? It's impossible between you and me. Yuqi, you must want me to stay away from you. But I won't go. I'll wait for you to wake up. Drive me out by yourself. "

After Qiqi was talking for a long time, Yuqi didn't respond at all. Qiqi's eyes slowly darkened.

Qiqi took out her mobile phone from her bag and flipped through it, "I found the song you played. You don't sing very well, which is far from the original. So I find the original song for you to listen to. What's the gap between you and the original singer? "
