Chapter 551 Jake and Qiqi (1)

With that, Qiqi pressed the start button, and then soft music was flowing in every corner of the ward.

Along with the music, Qiqi recalled the night that made her unforgettable.

If she agreed to Jake's love at that time, could everything be avoided today?

If she could do it all over again, Qiqi would definitely not make a choice against her will. She has to be brave, follow her own will, and no longer rely on other people.

It's a pity that what happened can't be reversed, the mistake been made was made, and everything seemed too late.

Thinking of the various things between her and Jake, Qiqi closed her eyes sadly.

Qiqi was crying in the room, but Jake was outside the ward, watching her closely.

Jake does not like Qiqi crying, he will do everything possible to make Qiqi happy.

It's a pity that things tend to go against the will, and Qiqi was not happy at all right this moment.

"So, is it because I messed it up?" Jake thought to himself

"Hey, boy, why you just keep watching her all the time, is this the kind of love you show to Qiqi?"

Suddenly a weird voice came from behind, making Jake eyes grow cold.

Seeing Jake ignoring herself at all, Chuxue Ye said coldly: "Hey, I'm talking to you, why don't you answer me!"

"With you, there is nothing to say."

"Ha, you think I am willing to talk to you, huh? I just want to tell you that give up chasing Qiqi, you'll end up with nothing, I warn you, don't waste your time."

Looking back at Chuxue, face sullen. His face usually is full of smiles, but at this minute, it was another look: angry and indifferent.

“You hypocrites, when Qiqi discovers your guys’ true color, she would not treat you as friends.”

Jake’s insightful eyes made Chuxue involuntarily avoid his gaze.

“I do not know what you’re talking about!”

Chuxue calmed down and replied; but Jake’s tone became sharper, and said mercilessly: “You silly girl, can’t you understand what I imply.”

Seeing this guy being aggressive, Chuxue’s eyes burst into flames, she really wanted to put a gun at the head of this man!

Jake’s eyes remained quiet, and the corners of his lips curled up slightly, and he continued, “Why, you want to hit me? I guess your friend should have told you already. Don’t use violence against me, or you’re helping me.”

Chuxue ground teeth and said, “This is the first time I have been threatened by someone. Very good. You have successfully aroused my interest. I want to see what else you can do!”

After speaking, Chuxue left murderously.

As soon as Zhao Nangong stopped the car and was about to find Chuxue, he met her.

“You’re so early……”

“Do you know Jake? Please help me check him up, I want his information, the more detailed, the better!”

Before Zhao Nangong could say anything, Chuxue coldly gave the order.

Chuxue’s facial expression was a little scary, and Zhao Nangong asked her cautiously, “What do you intend to do with that information?”

“Since he dare provoke me, then I will play with him!”

“Then, what’s the use of investigating other people’s information?”

“I don’t believe that this person is clean since he was a child. As long as I grasp his weaknesses, I’ll reveal his true colors!”

Chuxue was full of confidence, but afterward, since she had read the information given by Zhao, she felt disappointed.

Since Jake was young, he was always good boy, winning various prizes. Finding fault with such a perfect person is damn difficult.

Keeping a close eye on the information sheet, Chuxue was at a loss.

On seeing this, Zhao Nangong said to her, "No need to read further. This guy's life seems a perfect one, with no stains."

Chuxue looked resentful and said, "A clean life without any stains, that's the biggest problem! I always feel that this guy is too hypocritical. He must have hidden something."

Zhao Nangong shook his head straight and said, "You, it's obviously he's not pleasing to your eyes, and with such logic, you're to find his weaknesses, right?"

Chuxue didn't like to listen to such words. She frowned and looked at Zhao Nangong and asked, "I said, it's none of your business, just do what I tell you to do, understand?"

Seeing that Chuxue was about to scold him, Zhao Nangong hurriedly crossed his hands and said, "Fine, Miss, here is the information pages, here you go."

Chuxue pursed her red lips and reached out to grab the information.

But in the process of snatching, a page of information fell to the ground, Chuxue leaned over to pick it up, and then, she was attracted by the content on it.

"What is it?"

Zhao Nangong leaned over to take a look and said, "The experience of learning Boxing."

Chuxue's eyes became very bright, and said: "After three years of learning Boxing, will he be beaten so badly?"

Nangong smiled helplessly, and said, "Please, this was only one of his experiences in elementary school. Since he's grown up, if boxing were abandoned. Isn't it normal?"

"This freak, if he has learnt a variety of skills when he was young, why he only forgot boxing skills," Chuxue took out a few photos and said, see: he learned the violin while he was a child, but now it's also his hobby. He learned calligraphy in elementary school, now he is a member of the Calligraphy Association. At the age of ten, he participated in a summer camp organized by the U.S. Embassy and came into contact with telescopes. Look, he must be skilled in boxing too now."

Zhao Nangong lowered his eyebrows for a while, then asked, "So, what do you mean?"

She narrowed her eyes, and Chuxue's tone was firm: "I need to continue investigating on him, I guess, this guy must be a member of a Boxing club."

"Okay." Zhao Nangong responded, but for a moment, he looked at Chuxue puzzledly and asked, "However, even if he is a member of the Boxing club, what do you want to do with him?"

"If he were a boxer, that means his being attacked by someone must be a feigned act!"

Zhao Nangong put his finger on his cheek and said, "Even if he has the foundation for Boxing, he can deliberately lose to the other side and use a bitter trick to win Qiqi's sympathy. He can completely make a fuss about this, and we can't say anything."

"He's cunning, right?" Chuxue's eyes suddenly became shining, shocking.

As soon as she saw her look, Zhao Nangong knew that someone was going to suffer.

...

Standing up and moving his stiff body, Qiqi looked at the sky outside, and suddenly grunted in her stomach: She felt a little hungry.

Looking down at Jake, she said softly: "I'm going to eat something delicious, you lazy boy, if you want to come together, get up quickly."

After waiting for an instant, Jake remained quiet and did not respond at all.

Qiqi sighed and said, "It seems you want to keep sleeping, Lazy Pig."

Turning around, Qiqi walked out of the room, the facial expression on her face was depressed.

Taking the elevator down to the lobby, Qiqi could not help being surprised when she saw Jake was there.

It's already midnight, why was Jake still here?

Walking quickly to Jake, Qiqi said, "Didn't I tell you to go back, why are you still here?"

"I'm afraid that when you are hungry, no one will eat with you and you will be bored."

Qiqi lowered her head, not knowing what to say.

Jake rubbed Qiqi's hair, and said, "I'm hungry, I will take you to eat something delicious."

Qiqi was indeed hungry, but looking outside, Qiqi had a melancholy expression, "At this time, restaurants must have been closed, there are no more dumplings, fried skewers, and fried chips."

"No, I've checked. There is a food court nearby, and it is open for 24 hours. The with steamed bread, fried skewers, you name it, good foods abound there.

Qiqi licked her lower lip and asked, "Really?"

"Of course it's true, are you going there with me?"

Qiqi nodded and said, "Of course."

"Then let's go."

As Jake said that, they were on the way to food street.

Qiqi chose some favorite snacks, sat on the seat, took a few bites, and was satisfied with the flavors.

The previous Qiqi was a big blow to the Quartet. This thing was not enough to squeeze the teeth.

But now, although she still felt hungry, she felt unable to eat.

But Jake said, "Eat more."

Qiqi shook head and said, "I'm full."

"How can you be full if you only eat a little bit of the food? Or, are these things not to your appetite? Then I will take you to other places."

"No, no, the food here is delicious, I can't eat it anymore."

With that, Qiqi rubbed her belly, indicating that she was really full.

Looking at Qiqi's big face, Jake said distressed: "Qiqi, you are all thinner."

"Isn't that right? I wanted to lose weight a long time ago."

"Eat an extra chicken drumstick for me to make me happy."

Jake raised the drumstick in front of Qiqi and motioned Qiqi to take it.

Qiqi had no choice but to take a bite.

Once upon a time, fried chicken leg was Qiqi's favorite food, but now it has become an obligatory task.

After eating, Qiqi and Jake went back together.

While passing an alley, Qiqi found that the lights on the side of the road were dark.

It's strange, why the lights were broken now, she walked from here every day, it's not so dark like tonight.

Qiqi was wondering when there was a mess of footsteps behind.

Several punks walked past Qiqi, and through the moonlight, they saw Qiqi's young and pretty face.

One of them stopped, looked at Qiqi with a grin, and said, "This girl looks pretty, let's go and fvck her together."

With that beign said, he raised his hand to grab Qiqi's wrist.

Jake immediately guarded Qiqi behind, frowning and scolded, "Go away!"

The punks looked at Jake with disdain, and said, "You go away and get out of here!"

Qiqi was a little scared and said, "Jake, call the police!"

"Call the police? Before the police come, let me satisfy your vigina!" and he stepped forward trying to grab Qiqi's hand.

Qiqi opened bit on the opponent's arm, and never the man let out a scream.

"Ah, you bltch!"

The man was in pain, and Qiqi was about to slap him in the face.

At the critical moment, Jake came up, and slapped that guy instead.

"If you want a hero to save this beauty, then go ahead!"

The words fell, and then countless fists fell on Jake.

Jake guarded Qiqi and didn't want let suffer any harm.

But his own mouth and nose were bleeding.

“Stop it, stop it!”

Qiqi screamed bitterly, but couldn't change anything. She cried anxiously, her voice became hoarse, and her heart was desperate.

“Boss, someone is coming!”

The light came in at the intersection, and the bastard kicked Jake with his head up and his feet, and then he ran away.

As soon as they left, Qiqi immediately leaned over to support Jake, and asked: “Jake, are you okay?”

Even though he was in great pains, Jake still smiled peacefully at her.

See Qiqi crying. Jake reached out his hand to help her wipe away the tears, and comforted: “Don't worry, I'm good.”

“But you are bleeding, go, I will take you to see doctor.”

Qiqi put Jake's arm on her shoulder and tried to lead him towards the hospital.

Chapter 551 Jake and Qiqi (2)

Qiqi didn't realize that the distance to the snack street would be so far. At this moment, she really hated herself for being greedy for delicious food. If there was something wrong with Jake, what should she do?

Qiqi's tears blurred her eyes. Jake looked at her and said, “Qiqi, don't cry, I don't get hurt.”

How could he have no pains after bleeding so much? Qiqi didn't believe his comforting words.

On their way to hospital, some good person saw Jake was injured, so he helped him and send him to the nearby hospital.

As Jake was committed to the hospital, the surgeon gave medical care to Jake's wounds; by his side, Qiqi was watching the doctor treating Jake, seeing such a sight, her tears streamed down the face.

When the doctor saw this, he smiled and said, “Young man, your girlfriend really cares for you. See she was weeping bitterly as if she was the one who got hurt.”

After hearing this, Jake looked up at Qiqi and said, “Qiqi, I am the injured person. Why are you crying so bitterly?”

Qiqi choked and said, "Jake, it's all my fault. The bastards were after me, but you got hurt for protecting me, I'm so sorry."

Qiqi lowered her head, depressed, and continued, "I think I am not a good girl, making a lot of people unhappy. Jake, when you're cured, you should go back, and stay away from me, lest you get hurt again."

Jake wanted to pat Qiqi's head, but as soon as his arm moved, he felt great pain in the heart and lungs.

In order to prevent Qiqi from realizing he was in pain, Jake succumbed to the pain, and said nonchalantly, "Don't talk nonsense, you're great girl."

"Yeah, he's right, little girl, your boyfriend's injury will get healed soon." The doctor comforted the patient.

Originally, Qiqi was quite sorry for the incident. After hearing the doctor's words, she blushed and said, "He is not my boyfriend."

"Oh, if he's not your boyfriend, why would he try desperately to protect you? There are not many men as brave as he is. You need to cherish such a good guy. Haha"

"Okay, thank you doctor."

Qiqi looked at the dark sky outside and said, "Jake, take a rest here tonight and wait until dawn."

"It doesn't matter where I rest, but you are a girl walking at night, I don't feel easy letting you go home alone"

"Then you stay here tonight, with me."

Looking at the only bed in the ward, Yuqi added, "Well, you rest on the bed, I'll rest on the sofa."

Upon hearing this, Qiqi hurriedly said, "Stop joking, you are a patient, how would I occupy patient's bed. Hurry up, you go to the bed and I will sleep on the sofa."

"But....."

"No but. If you don't listen to me, then I will leave now."

Jake had no other choice and said, "Well, if you feel tired, just tell me and we'll give you the bed."

"Okay, don't worry about me, just go to bed and sleep."

Qiqi led Jake onto the bed, covered him with a quilt, and supervised him to take a good rest.

Looking at Qiqi's slightly red and swollen eyes, Jake said: "It is really a happy and uncomfortable thing to be taken care of by you."

"Uncomfortable?"

"I can't bear making you work so hard for me, I should take care of you instead."

Qiqi smiled and said, "You have been taking care of me all the time, and now I should take care of you. Now, please close your eyes and sleep well."

"Yes."

Jake smiled and closed his eyes, and soon fell asleep.

Looking at Jake's sleeping face, Qiqi leaned against the sofa, and fell fast asleep.

Early the next morning, Qiqi found himself lying in bed, but Jake was not here.

Sitting up suddenly, Qiqi's looked around, then lifted the quilt and rushed outside.

At the door, Qiqi almost collided with some one, Qiqi took a closer look, and it turned out that it was Jake.

Jake was holding soy milk fritters in his hands.

Seeing Jake, Qiqi breathed a sigh of relief and said, "Where did you go so early in the morning."

"I thought you are hungry, so I bought you something as breakfast, it's still hot. Come and eat."

With that, Jake put the breakfast in front of Qiqi.

Qiqi was really angry and helpless. She said: "Jake, you are a patient now, please give some care to you self, don't run around!"

Jake nodded repeatedly and said, "Yes, sorry, I won't do that again, forgive me."

Jake has a good temper and a better attitude of admitting mistakes, so Qiqi was not angry anymore.

Seeing Qiqi's facial expression eased, Jake said hurriedly: "If you accept my apology, come to have breakfast and don't waste the food."

Qiqi helplessly said, "Okay."

When Jake heard it, he curled his eyebrows with a smile and said, "Eat more, I bought a lot."

"Got it."

Jake helped Qiqi pour a bowl of soy milk, and then sat opposite Qiqi with a satisfied smile.

After eating half of it, Qiqi felt something was wrong.

"Jake, why don't you eat?"

"Did you forget, the doctor said yesterday that I can't eat fried things."

Ah, that seemed to be the case.

Qiqi asked afterwards, "Then why are you buying fried dough sticks?"

"Because you love to eat, watching you eat is happier than I am eating."

Jake said, his eyes were filled with love.

The atmosphere was a bit embarrassing, Qiqi ate non-stop, pretending that she didn't know anything.

After drinking the last bit of soy milk, Qiqi burped.

Seeing that Qiqi had eaten everything, Jake was satisfied.

Qiqi stroked her belly, feeling that she didn't want to move anymore.

But she still had to take care of Yuqi Mu in the hospital.

"By the way, Jake, don't accompany me today. Go back home and have a good rest."

As soon as Jake was about to say something, Qiqi spoke first.

"If you insist on staying, it will only make me worry about you. Are you willing to watch me worry about you?"

With a soft sigh, Jake said: "Okay, then I will go back. You remember to eat on time."

When the two person walked to the entrance of the hospital, they just ran into Chuxue Ye and Zhao Nangong.

Seeing Jake, Chuxue couldn't help raising her eyebrows, and asked with a smile: "Oh, what's wrong with you?"

Jake didn't intend to pay attention to her at all and turned his head aside.

Qiqi explained: "I ran into some bad guys yesterday. Jake was beaten by them like this, he was in order to protect me. Fortunately, there was nothing serious."

Chuxue looked surprised and asked, "Oh, a good boxer was beaten like this??"

But what she said made Qiqi confused and asked: "What are you talking about, what boxer are you referring to?"

Chuxue held her arms and said, "It's your Jake, or what? Don't you know that he is a frequent visitor to the Boxing club."

With that, Chuxue looked at Jake provocatively, the light in her eyes was evil.

Jake's face became heavy and asked, "I don't know, how do you know this?"

"It's also a coincidence that the club you often visit happened to be run by my friend, and she told me so. ."

Chuxue looked very proud, and said, "You're a hypocrite."

Qiqi frowned secretly after hearing what Chuxue said.

Up to now, she still remembered all the things that happened last night, the despair and sadness at that time, she didn't want to experience it again in this life.

But if Jake is a good play in boxing, why didn't he fight back? It's so weird.

Jake, why...

Seeing that Jake did not speak, Chuxue arrogantly leaned over and asked in a very awkward tone: "Hey, shouldn't you be scared by the bad guys, and then forget that you know how to fight back, right?"

Seeing that Chuxue wanted to launch a personal attack, Zhao Nangong immediately stopped her.

"Chuxue, cut the crap!"

Chuxue also knew that she had gone too far in respect of this matter so said: "Got it, I won't say anything more, bye."

After speaking, Chuxue and Zhao Nangong left.

When Chuxue left, Qiqi turned to look at Jake and asked, "Jake, is what Chuxue said is true?"

Jake answered calmly, "I did learn some skills of Boxing, but I didn't master it very well. I couldn't do it in actual combat. I feel embarrassed, so I never told you this, Don't laugh at me, sorry."

Qiqi shook his head hurriedly and said, "Of course not, you are already very good person. You go back to the hotel and take a good rest. If you feel unwell, call me immediately."

"Good."

Qiqi turned around and went back to the hospital. When her figure disappeared, the smile on Jake's face slowly receded.

Walking quickly to Yuqi's ward, Qiqi knew that Chuxue must be inside.

She had something to ask Chuxue, but as soon as she pushed the door of the ward, she saw Chuxue walking out in a frantic manner.

"Something happened in the dessert shop. I have to deal with it. I may not be able to come over these two days."

Seeing Chuxue look very anxious, Qiqi nodded and said, "Okay, let's go. If you can't handle it, just call me."

"I see, as for Yuqi, please help me take care of him." With that, Chuxue hurriedly left.

Chuxue went too eagerly. Qiqi hadn't asked any questions yet. It seemed that she could only wait for the next time.

Quietly, Qiqi walked to Yuqi's bed side, sitting face to face with him.

Taking the clean veil, Qiqi wiped Yuqi's face and palms with warm water.

Her movements were very gentle, as if she was afraid of waking up a sleeping person.

The tone of her speaking was also gentle as water.

"Yuqi, something bad happened last night. I was really scared at the time. I thought I would never be able to see you again in my life."

"Fortunately, I'm safe. Jake has protected me but he was injured."

Helping Yuqi wipe his face clean, Qiqi leaned over, kissed his cheek, and then whispered: "Yuqi, you have been sleeping for a long time, now it's time to get up and have a good time with us."

Qiqi's voice was soft and full of tenderness.

But Yuqi still did not respond, the room with filled with quietness .

Hope failed again, Qiqi couldn't even remember, this was the first time she was disappointed by harsh fact.

She had always hoped that Yuqi would wake up, but Yuqi's current condition was really bad.

With a deep sense of loss, the overwhelming attack, made Qiqi feel at a loss.

It seemed that she had nothing to do except weep.

Qiqi hates such an incompetent self, but she was really incompetent right now.

Leaning against Yuqi's bed, Qiqi said in a pleading tone: "Yuqi, I beg you, please wake up..."

When the voice fell, Qiqi suddenly heard the door opening.

Immediately she wiped the corners of her eyes, turning around, pretending that nothing happened.

But Qiqi's rabbit-like eyes had seen it, yes, Anna came here.

Looking at Qiqi's appearance, Anna felt distressed.

Facing Anna, Qiqi could relax a little bit.

Two people sat silently on the sofa, Qiqi helped Anna get a glass of tea, Anna said "thank you".

After being quiet for a while, Qiqi spoke up.

"Aren't you busy? I'm here with Yuqi, so you don't need to come here so often."

"It's because of your being here that I need to come here from time to time."

Qiqi laughed mockingly and said, "What are you talking about? Am I sick?"

"Yes, your sickness is as serious as Yuqi's."

“Stop kidding me, I’m fine, where is my sickness?”

“In here,” Anna said, pointing to Qiqi’s heart, “You just tend to think too much, and your whole person’s mind state is not sound, which makes me very worried.”

Qiqi didn’t want to talk about this problem, and she didn’t want Anna to worry about herself, so she said in a playful tone: “Perhaps I have had a psychological problem and suffered a little bit of shock. That will be the case. Just take some medicine will help. .”

“Don’t use this as an excuse. I think someone has influenced you and brought you too many negative influences. Your heart has limited capacity, but someone has gotten in your heart. If you keep living like this, you won’t be able to sustain.”

“Anna, who are you referring to?”

“It’s...” Seeing Qiqi’s haggard appearance, Anna waved her hand and said, “Forget it, let’s not talk about it. Hey, what did you whisper around Yuqi’s ears?”

“Oh, I won’t tell you.”

“Let me guess, maybe: you wake up, I’ll marry you, or something else?”

Qiqi immediately denied: “Don’t talk nonsense, it’s not.”

“But, why are you shy? There are only two of us here. Even if you want to marry him now, Yuqi can’t wake up.”

Anna’s words made Qiqi feel uneasy.

She lowered her head, and said softly, “Anna. I’ve been talking to Yuqi for the past two days, why has he not reacted to me at all? Do he hate me in his heart and don’t want to listen to me?”

“If he really hates you, how could he drink a lot of alcohol?”

Chapter 552 Qiqi Showed Her Love (1)

Anna took some time to come to see Qiqi, she chatted with Qiqi and left.

These days, she was very worried about this girl, she would come to check if Qiqi’s state of mind was fine or not.

And what she concerned had become a reality, Qiqi became more and more silent and fragile, and she would force a smile before others while talking, which made people feel more worried about her.

Because Qiqi has suffered psychological trauma, Anna is very afraid that this incident will touch Qiqi's sensitive nerves and cause the illnesses recur.

If that was the case... Anna's eyes darkened, so she decided to talk to Chuxue Ye about Qiqi's condition.

Thinking of Chuxue, Anna discovered that she hadn't seen her since she came to the hospital.

"By the way, where is Chuxue, hasn't she come yet?"

"She's come here, but she's left already, saying that the snack shop is business, so she left in a hurry. Anna, if you and Chuxue are busy, please don't come here, I am here taking care of Yuqi should be OK."

On hearing this, Anna did not make a reply.

She stood up, put on her sunglasses, and said: "Okay, you and Yuqi enjoy your good time together, I won't disturb you anymore, I'm leaving."

Anna gave Qiqi a look, then turned and walked out of the ward.

The room became quiet again, Qiqi turned around to look at Yuqi, and sighed helplessly.

In the evening, a doctor came to do routine checkups for Yuqi. And Qiqi could go out and get fresh air outside the room.

Because she didn't sleep well yesterday, Qiqi was now very tired. In order to refresh herself, Qiqi went to the coffee shop and bought a cup of coffee.

While walking back with the coffee, Qiqi felt that something was wrong as he walked.

She felt her head was getting dizzy, and footsteps were getting heavy, she was about to fall down to the ground.

Reaching out to support the wall, Qiqi closed her eyes, trying to slow down the walk pace.

A nurse passed by, saw Qiqi was like this, and she hurriedly helped her up and asked, "Miss, are you okay?"

After taking a deep breath, Qiqi opened her eyes and said weakly, "I'm fine."

The nurse frowned and said, "But your face is pale. I suggest you have a check."

"No, I'm OK."

Qiqi tried to take a step forward, but fainted immediately.

"Miss!"

The coffee spilled all over the floor. Qiqi fell on the cold ground, completely unconscious. She was too tired, tired both in heart and body.

She fell into deep sleep. In her sleep, she had dreams one after another, which were both real and false ones in a row.

While she was in sound asleep, it seemed that she heard some people were quarreling around.

The voice sounded familiar, and the content of the quarrel seemed to be related to her.

But Qiqi didn't want to listen, she just wanted to sleep well.

And she wanted to get up and tell those people to shut up, but her body was not under her control, and her limbs couldn't move.

Slowly, the surroundings returned to peace, and Qiqi continued to sleep peacefully.

But falling asleep, Qiqi found something wrong.

She seemed to have something important to do, yes... yes...

What was it? Qiqi thought hard, and finally, a name came to her head.

It was Yuqi Mu!

When thinking of him, Qiqi opened her eyes, widened her eyes, and looked around blankly.

Slowly, Qiqi found out that she was still in the hospital.

But, when and why did she stay here, she didn't know.

Just when Qiqi was confused, someone walked in.

"You are awake." The speaker was a nurse, and Qiqi did not know her.

“What’s wrong with me?”

“You are nervous, lack of sleep, and malnutrition. You fainted on the floor.”

Qiqi is always in good health, so why there are so many problems in her body?

Qiqi was skeptical about this, and then asked: “Then how long did I sleep?”

“Four days.”

Upon hearing this answer, Qiqi widened her eyes and asked, “So long time!?”

“Yes, you don’t have a good rest, and you have a medical history, so I gave you Diazepam and let you have a good rest.”

“But I still have someone to take care of.”

Qiqi was in a hurry, so she opened the quilt and left.

“You come back! You are a patient now. Lie down and rest up obediently.”

The nurse pushed Qiqi back involuntarily.

Nobody don’t know if this nurse was strong, or Qiqi was too weak now. She didn’t even have a chance to resist. She was pushed back down on the bed like a little chicken.

Qiqi knew that she couldn’t compete with each other, so he pleaded bitterly: “Then, I’ll go see him, he is in your hospital, okay?”

“This…….”

“If you don’t agree, then I will not eat, I will not cooperate with treatment, and I will be discharged now!”

The intimidation of Qiqi made the nurse helpless and embarrassed, and finally sighed and said: “Hey, I’ll take you there. But as you have seen your boyfriend, you will come back and have rest immediately.”

Qiqi’s eyes lit up, and she nodded repeatedly, saying, “Okay, for sure.”

The nurse took Qiqi to Yuqi’s ward, Qiqi was a little nervous.

On opening the door of the familiar ward. Qiqi found that the person on the bed had disappeared.

Qiqi was dumbfounded, looked at the nurse behind him, and asked, "Where is the patient?"

The nurse shook her head and said she didn't know.

"Then ask the doctor!"

Qiqi's facial expression changed at once, very fierce, unlike the little cutie just now.

The nurse shivered, turned and ran out.

Soon, she brought a doctor in, and when she came, she was still hiding behind the doctor, for fear that Qiqi would suddenly shout at her again.

Seeing the doctor, Qiqi hurriedly asked, "Doctor, where is the patient?"

The doctor looked serious, looked at Qiqi and asked, "Who are you to the patient?"

Qiqi looked at her lower lip, and said, "I...am his friend."

The doctor looked at Qiqi sympathetically and said, "Then, please forgive me, he's dead..."

The second as Qiqi heard this, she almost stagger on the ground, with disbelief on her face.

Qiqi's body was trembling, and she kept muttering: "How could this be, how could this be..."

Seeing Qiqi in this way, the nurse came to support Qiqi.

But Qiqi immediately widened her eyes and reprimanded, "Don't touch me, you all go out!"

Qiqi seemed to be in a frenzy, and the nurse did not know what to do.

She looked at the doctor, but the doctor waved her hand and said, "The patient is not emotionally stable. Let's leave her alone."

"But....."

"Listen to me, let's go."

The doctor and nurse left the ward, while Qiqi was limp on the ground, looking around blankly.

The things in the room had been cleaned up, and there is no more Yuqi's breath.

She wanted to keep something that could be related to Yuqi, but found that in Qiqi's life, everything about that person had been cleaned up.

The pain in her heart slowly rushed to limbs, making Qiqi's heart worse than death.

Raising her hand to cover her eyes, Qiqi choked up and said, "Yuqi, you can't go, How can you leave me alone in this world, I miss you so much, I can't live without you.

"In that case, will you be my girlfriend, okay?" Qiqi was stunned by the sudden voice behind him.

Looking back, Qiqi saw Yuqi smiling and standing behind. Although his face was hurt, his smile was very warm.

Slowly stretched out her hand, Qiqi carefully touched Yuqi.

The warmth of the fingertips let her know that Yuqi was really alive.

"Yuqi, thank God, you are still alive."

Yuqi smiled brightly, ridiculously too exaggerated, and the cut to the corner of his mouth made his facial expression hideous.

Baring his teeth and grinning for a while, Yuqi said, "What are you saying, do you want me to live, or do you want me to die?"

Qiqi did not answer Yuqi's words, but plunged into his arms. Soon, tears wet the skirt of Yuqi's clothes.

Feeling Yuqi's embrace again, Qiqi felt like she was living in a new heaven.

She really hoped that time can stand still and let everything stay in that moment.

Raising his hand, he gently stroked Qiqi's hair, and Yuqi's chin gently rubbed the top of Qiqi's hair with a passionate expression.

After a long time, Yuqi spoke and said, "I heard everything you've just said."

Qiqi's face blushed and she stood straight, and began to refuse to admit it.

"What did I say, why don't I remember."

"Don't you remember? I still remember, let me tell you. You said you can't live without me, you still miss me, you wanted to..."

“Okay, okay, don’t say it, you got it wrong, I didn’t say it.”

Qiqi blushed when he thought of those words that he had said.

Seeing her appearance, Yuqi curled up her lips and said, “You want to deny? That’s not good.”

“I just don’t admit it, what can you do to me?” Qiqi turned around and ready to run away.

Yuqi wanted to chase after her, but his body was still very weak, let alone running away, just walking a few steps on his own would be a problem.

Seeing Qiqi’s disappeared, Yuqi became angry and yelled: “Qiqi, you stop!”

But Qiqi was still running as if he hadn’t heard it.

“I said, stop! If you don’t stop, I will jump downstairs from here!”

With that said, Yuqi walked a few steps towards the window and was about to jump downward.

Qiqi looked back, her face turned pale. “Yuqi, are you crazy, come back!”

Yuqi had a facial expression of indescribable love. Say: “Do you really have to wait until I die to find out how important I am to you? Well, I can die now!”

Yuqi’s body was dangling, as if she would fall at any time.

Qiqi’s heart cruelly picked up, and said anxiously, “Stop making trouble, come here, it’s dangerous to stand there!”

Chapter 552 Qiqi Showed Her Love (2)

Yuqi Mu said decadently: “You don’t like me, it’s boring for me to live, it’s better to die than to live, for I don’t have a place in your heart.”

“Who said I don’t like you anymore, if I don’t like you, will I take care of you every day?”

“But you also take care of your Jake every day.”

“For him, I can only be grateful. But you are different, I care for you!”

Looking sideways at Qiqi, Yuqi asked, “Really?”

Qiqi nodded repeatedly and said, "Yeah, certainly."

"Then, you can only be my girlfriend."

"Sure." replied Qiqi

After hearing this, Yuqi grinned suddenly.

"All of you, come out, you've heard Qiqi's words, please be witness for me, haha."

When the voice fell, Chuxue, Anna and Zhao Nangong, walked out and looked at Qiqi with a smile.

Qiqi was surprised by the scene, she turned to look at them blankly, and asked, "Why are you all here?"

Qiqi seemed to have thought of something, she asked: "You guy lied to me!?"

Yuqi hurriedly explained: "No, I didn't lie to you, I was just in a coma for a while, not as exaggerated as they told you."

"But why the doctor said you've dead?"

"Who knows, maybe, he thought, I should die, haha."

Anna walked to Qiqi and said, "No matter whatever we do, we want you to see your heart clearly. Isn't this a good thing?"

Qiqi avoided Anna's hand and said, "I understand my heart and I don't need you to help me."

"Since you know, why don't you face the fact?"

"Because... I... Oh, the person I like is Jake!"

After hearing this, Chuxue snorted and said, "Do you still want to lie to your heart?"

"What do you mean?"

"We have made it clear that the person who injured him was not Yuqi at all, but a play he himself directed and acted. Even when there was a problem with the dessert shop a while ago, he was doing tricks and the purpose was to deceive and get your love."

This answer made Qiqi dumbfounded.

"How can it be!?"

“Why is it impossible? If you don’t believe it, you can go to the police station to check the transcripts yourself, the bunch of bad guys have confessed their sins. Jake is a master of Boxing, but he dare not fight back when he met a small group of gangsters, kidding.”

Qiqi’s mind was confused for this moment, too much information came out from her brain, and she was a little caught off guard.

At this moment, she didn’t know whom to believe, she needed to think about it on her own.

Qiqi took two steps back, turned around, and left desperately.

Seeing Qiqi was gone, Yuqi was about to catch up.

Anna stopped Yuqi and said, “Give Qiqi some time and let her think about it.”

“Can’t let her think about it, what if she falls into the pit again? I finally let Qiqi confide her heart. What if she gets deceived again by that crafty Jake?”

Chuxue patted Yuqi on the shoulder and said, “Don’t worry, we have the sin evidence of Jake in our hands. He can’t be vindicated this time.”

Anna also nodded and said: “Furthermore, Qiqi needs to understand by herself that we can’t always be her think tank. The future depends on her.”

The words of these two made Yuqi calm down and stopped being impulsive.

Seeing Yuqi was willing to listen to what the two said, Chuxue breathed a sigh of relief, and then warned: “In short, don’t worry, since things have reached this stage, Qiqi will surely be yours. But you must be nice to her, otherwise, I will never forgive you.”

Yuqi nodded solemnly and said, “Don’t worry about this, I will definitely make Qiqi happy.”

At the same time, on the other side—

Qiqi stumbled out of the hospital, and went straight to a hotel near the hospital.

The elevator came down too slowly. Qiqi climbed the stairs to the fifth floor and knocked on the door.

Jake opened the door and saw Qiqi who was out of breath, he was taken aback seeing Qiqi, and asked: “Is your health getting better? After you fainted, they won’t let me see you again. I know that they are all very close friends to you.”

Qiqi pursed her lips, her voice was a little heavy, and said, "I'm fine."

"But your complexion is not so good. Go to the room and have a rest."

With that said, Jake held Qiqi's hand.

But Qiqi shook his hand away, her face turned a little pale.

"Jake, I want to ask you something."

Seeing Qiqi's facial expression, Jake had already guessed something.

The corners of the mouth, which had always been smiling, disappeared, and Jake said: "What do you want to know?"

Qiqi had a lot of questions to ask, but when it came to her lips, she couldn't say anything.

This was Jake she had always trusted and relied on. If he really deceived her, Oh, she just couldn't want to accept such harsh fact.

Qiqi's eyes flashed, and she asked, "Chuxue told me that your being beaten by others is purely an act directed by yourself. It has nothing to do with Yuqi. So is that true?"

Jake fell silent and did not speak.

His silence made Qiqi's eyes grow darker.

"You answer me, is it true?"

"Yes, it is."

Upon hearing this answer, Qiqi felt that the person she had always trusted had become a bad guy in her heart.

Qiqi couldn't accept such a result. She frowned and asked, "Why were you doing this?"

He said: "Because Yuqi is not worthy of you, he cannot give you a happy life, so I don't want he destroy your future."

"But this should not the reason you deceived me! How much I've trusted you!"

Qiqi was roaring, and she couldn't understand why the thing was like this.

When a person wears a mask and becomes another person, which made Qiqi panic.

From the time Jake started planning, he knew that when the truth was revealed, it would be the time Qiqi leaving him.

Jake thought that such hour would never come, and when he thought he would win Qiqi's heart and they be a couple, then they would lead happy life.

But dream is a dream after all, it's time to wake up from the dream.

Jake wanted to reach out and touch Qiqi's face, but he knew that he was no longer qualified to do so.

Lowering his hand, Jake said with a hoarse voice, "I just don't want to make you feel pain. Believe me, you and Yuqi will not be happy if you are together."

Qiqi smiled mockingly and said, "I don't know if I am happy or not. But I see your hypocrisy. You said that others control my life, but why you try to manipulate my life?"

"I just don't want you to go the wrong way."

"For my good?" Qiqi's question caused Jake to be speechless for a sec, and then raised his eyes with a little embarrassment, repeating: "Yuqi is not fit for you."

"Jake, the person who suits or not, is not decided by you, I'm not blind in love."

"So, your choice is Yuqi..." Qiqi lowered his head and muttered the answer.

"After experiencing a lot, I only know Yuqi is very important in my heart. I don't want to lose him."

After hearing Qiqi's words, Jake's face grew dull. He knew that he lost Qiqi's love.

Such an innocent girl does not belong to him after all, even if he goes against his calculations and does something he doesn't like, he still can't change the ending.

At this moment, Jake sighed and said: "Okay, I respect your choice. This time, I have to say it to me, I'm sorry. "

Jake's apology made Qiqi feel very uncomfortable.

When the thing settled, Jake relaxed.

With a smile on his face again, Jake said, "There is no secret in my heart. Now I'm feeling relieved a lot, anyway, thank you Qiqi."

"So, are we still friends from now on?"

Qiqi was silent for a sec, looked up at Jake, and said, "You are my Jake, you have always been."

"It can only be Jake, right?"

Qiqi listened and nodded.

With a soft smile, Jake said: "This holiday, it really seems to have had an unrealistic dream. Now that the dream ended, I should go back. How about you, want to stay here?"

"Yes."

"Will you tell your parents the truth?"

"Yes, they will know it sooner or later."

"I believe the day they know it, there will be a storm waiting for you."

Thinking of that kind of "storm" scene, Qiqi felt sorry for Jake and his parents.

"Also, be careful of the people around you. You tend to believe what other people say. There are many people who have good acting skills just like me."

Qiqi frowned slightly at the words of Jake.

"What do you mean?"

Jake looked far away into the distance, and said, "It's not just me who deceived you, but also the so-called friends around you."

What! ?

"It's true that Yuqi was admitted to the hospital because he was injured. But his condition is obviously not that serious. Why didn't none of your friends tell you the fact? Instead of telling you the fact, they wanted to see you feel heartbroken for Yuqi, what is it? It's an act conducted by them!"

Qiqi lowered her head, her eyes flickered and said, "They...maybe they have difficulties in telling me the truth."

With a light hum, Jake said, "Their problem is to help Yuqi get you heart. It can be seen that it doesn't matter whether you are happy or not, just as long as Yuqi is happy. Also, although I conceal it I know the fact that I have Boxing skills, but your friends must know it, otherwise, there would be no gangsters that day."

Qiqi's facial expression gradually became hollow and asked, "You mean. Was someone deliberately doing it that night?"

"Yes. If you don't believe me, check it yourself. If you move faster, maybe you can find something before they destroy the evidence."

When the voice fell, Qiqi didn't speak for a long time, her eyes flickered and she didn't know what she was thinking.

Staring at Qiqi, Jake's brows frowned and he said: "Qiqi, I don't mean to set a discord between you and your friends, I just hope that you will not be fooled by others. Think about it."

Qiqi slowly raised her head, looked far away and said, "Yeah, I need to think about it."

...

Yuqi believed that Qiqi would figure it out by herself and return to his side afterward.

After chasing her for so long time, it's time to enjoy the good love he earned.

But after waiting for a long time, Yuqi didn't see Qiqi come, and his heart became disturbed.

He didn't want to wait any longer, and called Qiqi, only to find that her cell phone had been turned off.

Yuqi was panicked now.

Standing up from the hospital bed, Yuqi put on a coat and was about to go out.

Just at this time Anna came to see him, seeing Yuqi was leaving, she asked, "Where are you going?"

At this moment, Yuqi was very uncomfortable. His eyes were red and asked, "Didn't you say that Qiqi will come to see me? Where is she, she didn't show up till now!?"

The sudden questioning caused Anna overwhelmed. After a short while, she asked: "What do you mean, Qiqi has never come back?"

"Yes. No news about her!"

Anna grabbed Yuqi by the collar and frowned, "Then you have to use your brain to think it over. If you haven't seen Qiqi for two days, don't you think the thing is strange?"

Of course Yuqi found it strange, but facing Qiqi, his IQ became 0.

Seeing Yuqi's demented expression, Anna didn't bother to talk nonsense with him anymore, and turned to Zhao Nangong and said, "Go, now go to Jake's place and see if he knows she Qiqi is."

Yuqi also followed, but the doctor stopped him, saying that his condition was not suitable for leaving the hospital. But Anna and Zhao had already taken the elevator down.

At this moment, Jake hadn't left yet. He packed all his luggage and waited for the time to go check out.

Suddenly there were panicked footsteps outside the door, and someone opened the door and broke in, surrounding Jake in the middle, in an interrogation posture.

Jake remained calm, looked up at Chuxue and Zhao, and waited for them to speak.

Chuxue had hated this man for a long time, and at this moment she even wanted to torture him.

Chuxue asked casually, "Where is Qiqi?"

Taking a sip of water calmly, Jake said calmly, "I don't know."

"Hmph, don't pretend to be a fool, she must have come to you just now."

Jake put down the cup and said, "She did come to me, but we chatted for a while and she left. If you don't believe me, you can check the hotel surveillance system."

"What did you say to Qiqi?"

"The truth."

"What's the truth?"

Jake said leisurely: "Everything you want her to know, and everything you don't want her to know."

These words made Chuxue grind the teeth straight.

"I said this guy must have talked nonsense to Qiqi!"

"But what I said is the truth."

"Shit truth, you are afraid that the world will not be chaotic! Today, I must teach you a lesson!"

With that said, Chuxue was about to raise her fist and smash at Jake.

Anna stopped her, frowned and said, "Forget it, let's go and find Qiqi first."

Chuxue was about to explode and said, "How to find her, I don't know where she went! How can I go back and explain this to Yuqi? Hey, it's really annoying!"

Jake raised his hand to check the time, then stood up, picked up her suitcase, and said, "Before leaving, I will give you one last piece of advice. Don't bother Qiqi, let her think about it. Maybe she figured it out herself, and she will come back."

"What if you can't figure it out?"

"I believe that with Qiqi's ability, there will be another happy life for her."

Chuxue said, "It's the same as passing wind!"

"Believe me or not, I don't give a damn, I should go now."

"You're messing up our lives, do you want to go alive?"

"The person who really disrupted your life is yourself. I'm just a small character, a passerby. With what power can I disrupt your life?"

His words stunned everyone.

While everyone was in a daze, Jake opened the door and walked out.

The closing sound made Chuxue wake up like a dream.

"Damn it, he must know the whereabouts of Qiqi!"

Chuxue was going to chase, but Anna said, "Don't go, he doesn't know."

"Why are you so sure?"

"Looking at the situation, with Qiqi's character, she will never have a new relationship with Jake."

"He doesn't know, then where do we go to find Qiqi?!"

Chuxue was anxious and angry, and she really wanted to ignore everything.

Anna sighed for a long time and said, "Go back and talk about this matter later."

Several people returned to the hospital, only to find that Yuqi was not in the ward.

So Chuxue asked the nurse, "Where is the patient?"

"Sorry, Miss, I've no idea."

Frowning, Anna looked at Yulin Xiao and Zhao Nangong beside her, and asked, "Who of you has contacted Yuqi?"

Zhao shook his head and said, "I saw Yuqi this morning."

Under Anna's high-pressured gaze, Yulin Xiao smiled with a guilty conscience and said, "Well, I received a call from Yuqi."

Anna couldn't help raising her tone and asked: "What did you tell him?"

"In fact, it's nothing, just..." Yulin Xiao closed his eyes and said, "I just told him everything I know!"

Anna couldn't help poking Yulin Xiao on the head, and said anxiously: "You guy, why are you foolish, if Yuqi knows the fact, it will only be a bad thing! You see, he's gone!"

Chapter 553 She Needs More Time (1)

"I'll call him right now!"

Yulin Xiao took his phone out in a hurry and made a call to Yuqi Mu.

"Where the hell have you been?" Shouted Yulin as soon as the call went through.

"Looking for Qiqi, since none of you cares!"

"Just...just tell me where you are now!"

"Doesn't matter."

"Let's face it together, Yuqi! You're only get yourself into trouble, and you haven't even recovered yet!"

But Yuqi just hanged the phone up all of a sudden, leaving Yulin's hand shaking out of anger.

"See?" Yulin shrugged as he let out a smile of bitterness to Anna, who was also quite pissed.

"This doesn't feel right..." Uttered Anna as she turned to Chuxue.

"Same here...wait, is it the same thing we're thinking about now?" Said Chuxue, frowned.

"Let's go to Qiqi's hometown now!" Exclaimed Anna.

As for Yuqi, he had his private doctor gave him a shot a medicine as soon as he got off the place, after which it took him a whole afternoon to be able to stand up again. He headed to Qiqi's house but was stopped by a group of people sent by Anna and other people at the gate of the living compound Qiqi was in.

"Out of my way now!" Uttered Yuqi, head held high.

"Didn't they tell you not to get Qiqi's parents involved in this?"

"But they know where Qiqi is! I must find her?"

"Why?"

"I need to know why she's hiding away from me!"

"And after that?"

"We can be together again!"

"You look like more of someone who's collecting debt than a heart-broken boy, you might scare her parents!"

"I'll behave myself!" Shouted Yuqi as he forced out a smile, "Now, get out of my way!"

But he was met with silence. Anna looked to Yulin, with a look on her face saying that everything was started by Yulin.

"Can't you just wait for a while? Let's work something else out, we're here to help you!" Said Yulin.

"You told me the same thing before, and then? Qiqi's gone!" Exclaimed Yuqi.

"You're the one that is to blame in everything, okay? We tried to help but you just screwed everything, now you're saying it's out fault?" Shouted Chuxue.

"So what? You can get out of my way right now!"

"You're just unreasonable!" Uttered Chuxue as she grabbed the other people by the hands and tried to walk away, Yuqi seized the chance and ran past the gate like an athlete before Anna got to stop him.

"Seriously? Didn't he just wake up recently?" Chuxue was surprised.

"Idiot!" Exclaimed Yulin, "I'll follow him!"

Yulin and the rest of the people follow Yuqi into the living compound, worried that Yuqi might do something stupid.

Qiqi's parents were watching TV in the house, and were quite shocked when they were met by Yuqi followed by Yulin and other people when they opened up the door after the bell rang.

"Is Qiqi here?" Asked Yuqi as he pushed Yulin away.

"Oh, she's in internship."

"Has she ever come back these days?"

"No."

"Did that b!tch..."

"It's okay, it's okay!" Shouted Yulin immediately as he pushed Yuqi to the back and said to Qiqi's parents: "Yuqi is just kinda out of his mind now, I hope you don't mind."

"Are you...twins?" Asked Qiqi's mother.

"Yeah, I'm the younger one."

"Oh, I was wondering why you guys look so alike!" Smiled Qiqi's mother, "May I ask why you're looking for Qiqi?"

"We just want to drop by to say hi to her. We'll just go since she's, uh, not here." Smiled Anna.

"Should we call Qiqi to ask her about these things?" Said Qiqi's mother to her husband after Yuqi and the other people were gone.

"Calling her right now."

Soon the call went through to Qiqi and her parents told her what just happened.

"Just ignore them, mom, they probably just don't have other things to be busy with."

As for Yuqi's gang, the argument was still going on.

"Can't you just think twice before you jump to actions? You're only pushing her further away from you!"

"You should feel lucky that Qiqi didn't tell her parents what happened these days. If you ever make her parents worried, there's no chance for you to see her again!"

"I told you we're here to help, okay!"

"Hey? Are you even listening?"

"But why is she running away from me?" Murmured Yuqi, head down, "I just don't understand."

"Let's stop thinking about it for now, you still need more rest!" Said Yulin as he patted on Yuqi's shoulder.

"More? Qiqi's driving me crazy!"

"Both of you need time, okay?"

"I can't wait!"

"You must! You must have faith in this, okay? She will come back for you sooner or later!"

Sooner or later? Yuqi had already lost all his faith.

Three months later in Qiqi's apartment, she stood in the center of the living room and took a glance over the whole place after she packed all her things up. Soon, she noticed two little heads peeking from the door.

"Come on in, kids!"

The two kids walked in and hugged Qiqi from both sides.

"Are you really leaving?"

"Yeah, back to school." Smiled Qiqi.

"We'll miss you..."

"Just call me whenever you miss me, okay?"

"Will you come back for us?"

“Of course! I’ll be back with toys and snacks in every holiday!” Smiled Qiqi as she took two books out of her bag, “Here are my gifts to you, I wish you will have learned everything from them by the time I come back again, okay?”

“We will!”

Qiqi stood up and walked to the door, where there was one of her colleague that just arrived.

“Is the car here already?”

“No, there someone that would like to speak with you.”

“Me?”

“Seems to be a pretty girl, Qiqi, with fancy sunglasses and hat. You should learn something about makeups and clothing sometimes, or it would be a waste of your beauty!”

Qiqi just smiled and rolled her eyes over. She trotted to the end of the hallway and stopped at the back of Anna.

“I know it! Your perfume sold you out, Anna!”

“Qiqi! You look great!” Smiled Anna, surprised by the look of Qiqi, whose hair was tied into a short pony tail and made her look younger and more tender.

“And you always look greater than me!” Said Qiqi, “Come on, let’s chat in my place!”

“It’s quite hard to see you, you know?” Sighed Anna as she sat down on the couch in Qiqi’s living room, “It surprises me that you can just live here for three months. Will you ever reach out for me if I don’t reach out for you?”

“I told you I’m in internships.”

“So, did it help you straight your mind out?”

“Quit much.”

“I’ll take that as a permission to talk about something else then.”

“Which is?”

“Start with...what you’ve been up to all this time.”

"Is it necessary? You wouldn't be here if you don't know that." Smiled Qiqi as her eyes looked quite lost.

Chapter 553 She Needs More Time (2)

The change of the look on Qiqi's face surprised Anna, which made Anna feel like that Qiqi just became a total stranger to her in no time. She wished that living away from all the trouble for three months may be of some help to Qiqi, but it all went to no avail.

"Why do you think so, Qiqi? It wouldn't be hard for us to get to you, we just think that you need some time alone. We're friends and we do care about you!"

"Okay." Shrugged Qiqi.

"I sense misunderstandings, Qiqi."

"Not misunderstandings, Anna, it's just I see difference, like a gap between I and all of you."

"So wide a gap that we can't even be friends?"

"We're still friends, but...changed."

"Could you just tell me what's in your mind?" Said Annam, trying her best not to sound annoyed.

"Friends are ought to be equal, right? But we're not." Said Qiqi, arms threw around her knees.

"How so?"

"You care about me, but they way you do it feels like judging me from your own views without even asking me whether I really want what you've planned out for me."

"So...that's the conclusion you got after all this time."

"Quite of a big leap, isn't it?"

"From being smart to being dumb again." Sighed Anna, "It's...true that we didn't tell you everything about Yuqi. The doctor told us that he might end up being brain-dead. The thing is that all of us thought at least one of us had told you about it but in fact none of us did. By the time we realized it you were already there taking care of Yuqi day and nights, so we just...keep that a secret to you."

"What's with the Jake, then?" Asked Qiqi after a while of silence.

"It still pisses me off now. Jake is a liar, and Chuxue did it to knock his mask off and show you who that bastard really is! She didn't tell us how she plan it, but there's one thing for sure: the gangster were not sent by Chuxue, she would never just stand by watching if you're caught in danger!"

"Sounds reasonable."

"Can you just stop doing this, Qiqi? Let's be honest with each other!"

"I don't think I've said anything wrong, Anna. These thing may annoy me back in the old days but...after all the time I spent thinking back on us, none of those drama ever displease me again."

"So what is your conclusion?"

"We're different, like I said, not the same type of people that should stick around."

"Of all the years we spent together, Qiqi." Exclaimed Anna,"This is your answer to me?"

"Easy, Anna." Said Qiqi calmly,"I'm glad to see you being happy with people around you, being a better girl with their help. We've been on this journey together, and it's time for you to leave me and be on the way with someone else."

"Am I still a friend to you?"

"Of course."

"Then why don't you try to be one of us again?"

"I'm ordinary, Qiqi, not like any of you."

"What about Yuqi?"

"I don't deserve him." Uttered Qiqi as agony shimmered in her eyes of sorrow.

"Jesus!" Shouted Anna,"You're just a twenty years old girl, can't you just man up? All the dreams we had, the plans we made, how can you just ditch them away?"

"Anything wrong about it?"

"I forbid it!"

"You really sound Anna, Anna the superstar." Said Qiqi calmly.

A few kids came into the room and stayed around Qiqi before Anna got to continue.

“Is this the star, Qiqi, the, uh, Anna Xie?” Asked one of the kids.

“Yeah, in the flesh.” Smile Qiqi.

“Wow, it’s really her!”

Anna could only withhold her anger and smiled to the kids as well, glancing over Qiqi every now and then and kept waiting for the kids to leave.

“Would you like to take a picture with her?” Asked Qiqi.

“Really?”

“Yeah, she’s very easy-going!”

“Hooray!”

Looking up to Qiqi, Anna moved her lips and said “You bastard” to Qiqi in silence and was met with “You’re welcome” from Qiqi, in silence as well. One after another, kids took pictures with Anna in turns as if they were at a tourist site.

“Take your time, kids!” Said Qiqi as she slowly walked backward, and eventually, she turned around and left the house as soon as she reached the door.

“Hey, Qiqi! Wait!” Anna tried to followed Qiqi, but the kids all stopped her.

As for Qiqi, she ran out of the house and stopped a few blocks away on a quite street. She stopped putting up her fake smile, right after which she came across Yuqi, who was as shocked as her.

“I knew it...” Murmured Qiqi.

But she was met with silence. To Yuqi’s surprise, he found nothing in his heart to say after all these days dying to look for Qiqi. There she was right in front of him at that moment but he found himself speechless. He followed Anna to this place without Anna knowing, and he never saw it coming that he would meet Qiqi again, in such a bizarre coincidence.

“You’re with Anna?”

“Technically, no. I followed her.”

“Pity, Anna and I had a little chat.”

“About?”

“How much do you want to know?”

“All of it.”

“You can just...ask Anna about it.” Qiqi looked away from Yuqi’s eyes as the look on his face seemed to be growing more enthusiastic. But Yuqi grabbed Qiqi by her wrist as she walked pass him. As if burnt by the warmth in the hand, Qiqi shook Yuqi’s hand off her quickly and took a step back, like Yuqi was a vile monster.

“Are you...still mad at me?” Murmured Yuqi.

“Why would I?”

“I don’t know...I just know that I annoyed you somehow, which is probably why you’re hiding here.”

“Not at all.” Smiled Qiqi, “It has nothing to do with you.”

The smile on Qiqi’s face was probably the worst expression on her that Yuqi could ever imagine, a smile that seemed so distant and lost. As much as Yuqi wanted to spend the rest of his life with Qiqi whatever the cost, he managed to stay calm, thanks to everyone around him.

“Who am I to you?” Asked Yuqi after he took a deep breath.

“Memory, beautiful one.”

“Any chance to be part of your future?”

“No. You’re too fabulous to be in a life of ordinariness.”

Ordinariness? So that’s the life Qiqi favored.

“I see.” Sighed Yuqi, and Qiqi sensed the agony and sorrow in his voice.

“For real?”

“For real?”

“Farewell, Yuqi.”

“Farewell.”

But the answer from Yuqi was way too quick, it didn’t sound true at all.

“I guess Anna got caught in her fans, right? I’ll help her out.” Smiled Yuqi.

“You can get inside by a rear entrance.”

“We’re probably heading to the same place, but...I won’t bothering asking you to join me. Goodbye, Qiqi.”

Frowned and confused, Qiqi was baffled by the feeling in her heart. It was supposed to be a day of relief to her, why everything just changed so subtly as long as Yuqi showed up?

Qiqi headed back to school and put up her smile again, a smile that has a politeness of perfection that would neither flatter people or make them feel being treated unfairly, a smile that Qiqi would never be capable of playing before. She a people-pleaser back in the old days, wishing to make everyone happy regardless of where it would lead her to. After all this time, she learned not to care about the comments anymore.

Along the way, she was met with quite many of her old friends greeting her all the time.

“It’s been a while last time we met, Qiqi!”

“Congrats! I heard you made it to the school you’ve been reaming of!”

“I don’t see your boyfriend, Qiqi, where is he?”

“What boyfriend?” Qiqi was confused.

“Come no, Yuqi Mu! Don’t you tell me that you’ve forgot how he revealed his love to you, girl, that makes you just the most enviable girl in the campus!”

“He, uh, is not my boyfriend?”

“Don’t be timid, Qiqi, we all know it!”

“But...”

“Anyway, I’ll catch you up later!”

Fine, whatever they say.

Qiqi headed back to her dorm and went for showering. She picked her phone up afterward and found unanswered calls from Chuxue. She stared at the numbers for a while and decided to call back.

“Qiqi! How can you just come back without telling us! You still owe us a dinner!”

“Sorry, Chuxue, thing’s have been busy on me.”

“I don’t care, girl! When will you set up the dinner for us?”

“Anytime, I made some money these months, so whenever you want to.”

“Really? I’ll gather our friends up then!”

“Sure!”

“I’ll tell you the time and place, girl, and don’t you stand us up again!”

“I won’t.”

Chuxue hanged up the phone with relief, thinking that Anna may have exaggerated things a bit to far to her since Qiqi sounded quite well. She booked a yacht for dinner and gathered up her friends that night, waiting for Qiqi to come.

Qiqi did plan to be there on time but, again, she got lost on the way. After half an hour trying her best to orient herself, she finally got to the yacht.

“Sorry, guys.” Said Qiqi as she sat down by the table, “I got lost.”

“Finally, Qiqi, I’m starving!” Exclaimed Chuxue out of delight.

Chapter 554 What Is Your Plan? (1)

Qiqi looked around and didn’t find Yuqi Mu. She didn’t really miss Yuqi, and she was just a little curious why he didn’t come today. “Is everyone here?” She asked.

Chuxue did not get the meaning of her words. She looked at the menu intently. “Yes, we can order now. I want to see what dishes are available here.”

Then she studied the menu while Qiqi looked at the door there from time to time.

Anna suddenly approached Qiqi and whispered, “Yuqi is not coming today.”

“I don’t expect him to come.” Qiqi said, then turning her head to look at Yiyao and deliberately changed the subject.

“Yiyao, have you thought of a name for your baby yet?”

“No. There’s no hurry. We want to take our time to think about it.” said Yiyao.

“Yeah, a name is meant to stay with a person for life. It does have to be well thought out.”

Seeing that they kept chatting, Chuxue pouted. “Can we order the food now? I’m hungry. The roasted lamb here is especially delicious, how about we order this dish?” Chuxue said.

Yulin just smiled. “Since you’re so familiar with this restaurant, you can order the food for us.”

“Yeah, I’m happy to do so.”

Chuxue called the waiter and started ordering food.

Seeing that she was so familiar with this place, Yiyao couldn’t help but smile. “Why do I feel like this place is a restaurant owned by Chuxue?” said she playfully.

“Seriously, a dessert store doesn’t satisfy me anymore. I want to expand my business scope, and opening a barbecue restaurant is a good choice. In the future you can come to my barbecue restaurant to get together. In the past, Yuqi always said he couldn’t get enough food when he came to my dessert store. If I open a barbecue restaurant, then I won’t have to listen to his complain.” Chuxue said excitedly.

The atmosphere had been quite good, but after Chuxue mentioned Yuqi, the atmosphere became strange at once.

Chuxue knew that she shouldn’t suddenly mention Yuqi at this time. But she still took out her phone and was ready to call him.

“Hey, Yuqi, are you still in a meeting? We’re all waiting for you. Aren’t you coming to join us?” Chuxue said.

Then she and Yuqi chatted briefly for a couple of minutes and then she hung up the phone.

“Why is he suddenly working so hard and even not coming to dinner? It’s not like him.” She muttered.

The crowd exchanged look, not really knowing what to say. Anna looked at Chuxue warningly, but Chuxue was oblivious to her look.

“People have to grow up.” Anna said. “He should have to work hard.”

“Hey, there are a lot of workaholics around us. He really doesn’t have to be like this.” said Chuxue.

Qiqi felt that even if Yuqi was mentioned, she didn't really care. But everyone still paid silent attention to her reaction. They had been avoiding talking about any topic related to Yuqi for fear that it would make her sad, which made her a little uncomfortable.

"It's a nice environment here. I want to go around." She suddenly said.

"I also want to go out, just so I can go get some air." Yiyao stood up.

Then the two of them walked out together.

As soon as Qiqi left, Anna glared at Chuxue. "Why do you have to mention Yuqi?" asked she.

Chuxue shrugged. "Why can't I mention him?"

"Qiqi doesn't want to talk about him, so we'd better not mention him."

However, Chuxue waved her hand and looked at her in a serious manner. "Anna, you're wrong."

"Why am I wrong?" Anna asked, puzzled.

"You know exactly what Qiqi's concerns are, yet you always turn a blind eye to them. You can't help her at all like this."

Chuxue's seriousness amused Anna instead. "I find that your words are making more and more sense now."

"Really? I've been reading the history of philosophy recently. Maybe it helps me."

Then Anna turned her head to look at Zhao Nangong. "Aren't you guys preparing for the wedding? How come Chuxue still has time to read?" she asked.

"What we should be busy with is already done, and we have people to do the rest for us. Until the wedding is held, we have a lot of free time." Zhao said.

"Hey, this is really bad news."

Anna's words made Chuxue discontented. "Why did you say that?"

"I'm sad for Zhao."

"You should be happy for him that he found a wife as good as me."

Zhao nodded his head repeatedly. "Yes, Chuxue is right. I'm so happy that I wake up laughing every night in my sleep."

Chuxue, however, did not appreciate him saying so. "I didn't ask you."

"But I am really glad that I found such a good wife," said Zhao. Then he even reached out to hold Chuxue's hand with deep affectionateness in his eyes.

Both Anna and Yulin couldn't stand the fact that they were looking at each other with affection.

Yulin coughed deliberately. "Is Yuqi really not coming?"

"Yes."

"When did he become so patient?"

"People always have to grow up. I believe Yuqi will also become more mature soon."

"People are meant to become mature slowly, not suddenly. The speed at which he becomes mature is frighteningly fast," Anna sighed lightly. Then she got up to look out. "The view outside seems really nice. I'll go out too."

"You are obviously worried about Qiqi, so you go out to find her." Yulin said. "You don't have to worry about her. Everything will be fine. Just let the thing run its course."

"Let the thing run its course? Then this will most likely go out of control." said Anna, then she walked out without looking back.

.....

After the crowd didn't mention Yuqi, the atmosphere became harmonious again. People chatted and laughed as if they were returning to the carefree days of the past.

As for Qiqi, she was smiling brightly. She seemed to be happier than usual. She had to prove with a smile that she was fine, and that she was still carefree. She told herself over and over again that she was fine, really fine.

.....

As graduation approached, graduates had either found jobs or were waiting for the new semester to begin to become graduate students. And so did Qi. She was used to being busy. Now she suddenly was free, and she didn't know what to do.

Someone suggested a graduation trip, so Qiqi signed up. But Anna was getting busier and busier. She simply didn't have time to go on the trip with Qiqi, so Qiqi had to go on the trip with other students.

Anna hadn't gone out for a long time, and this time she could only envy Qiqi.

To appease Anna, Yulin promised to take her on a trip around the world when she was done with her work. But her work had been scheduled until the end of the year. When she can go on the trip was unknown.

Seeing she had been working very hard, Yulin was worried about her. At the same time he advised her to relax more. But every time he mentioned this to her, she didn't care.

"I have to think of a way to get Anna to stop pushing herself so hard." Yulin sighed beside.

Hearing him sigh incessantly, Yuqi was puzzled. "Is it that painful to drink with me?" asked he.

Yulin put down his wine glass. "I'm thinking about something. It has nothing to do with you."

"Then it must have something to do with your wife. Anna is angry with you again?"

"No, it's just she works too hard. I'm very worried about her."

Yuqi tilted his head and drank a glass of wine. "But your opinion carries little weight. She won't listen to you."

"If Qiqi hadn't run to Anna and bragged that she was going on a graduation trip. Anna wouldn't have been so lost."

Hearing Yulin's words, Yuqi was silent.

Yulin didn't know how Yuqi really felt about Qiqi. He tried not to mention Qiqi in front of Yuqi, and now that he had accidentally mentioned her, he silently observed Yuqi's expression, trying to read something from his demeanor.

Something did flash in Yuqi's eyes, but Yulin still couldn't figure out what he was thinking.

Yuqi held the wine glass and asked in a light tone, "Did you just say Qiqi is going out on a graduation trip?"

"Yes. What do you want to do?" Yulin said.

"I want to continue to pursue Qiqi," Yuqi said firmly.

His words, however, took Yulin by surprise. "So you didn't give up on her?"

“Of course not.” Yuqi said.

After knowing that Yuqi was going to pursue Qiqi, Yulin was relieved. “Since you haven’t given up on pursuing her, why have you been so quiet lately? We all thought you were going to move on.”

“I won’t act easily again until I think of a good plan.”

“You have a plan now?”

Yuqi’s eyes brightened. “Yes.”

“What’s your plan?”

“I can’t tell you.”

Yulin was waiting to hear, but he didn’t expect Yuqi was not going to say at all. “Be careful, or your plan may fail again.”

“I will definitely get Qiqi back this time. Otherwise I won’t come back.”

Seeing Yuqi so persistent, Yulin thought for a moment. “Have you ever thought why you keep pursuing Qiqi? Do you really like her, or are you unable to accept her rejection?”

This question made Yuqi silent for a while and then immediately said in a loud voice. “I like her.”

Yuqi wanted to continue to express his determination, but Yulin turned his head around and said in a light tone. “It’s good that you know your own heart.”

Yulin clearly didn’t say anything more, but Yuqi was suddenly a little annoyed. “You are really nagging. If you have time, you’d better think about how to get your woman to listen to you.”

Chapter 554 I Won’t Let You into My Room (2)

After saying that, Yuqi Mu put down the wine glass.

“You’ll go?”

“Um, I want to go home and have a sleep!”

Looking at Yuqi’s back, Yulin raised his eyebrows. He thought of something.

.....

On the day of the trip, the students gathered in front of the school.

Qiqi was late. With a bag of dumplings and a cup of soybean milk in her hand, she ran anxiously to the meeting place.

When the class monitor saw her, he smiled. "Qiqi, you are alone? Why didn't you bring your boyfriend?"

"Yeah. I don't have a boyfriend." Qiqi breathed.

"Isn't Yuqi your boyfriend?" asked the monitor.

"No, he is not my boyfriend." Qiqi explained.

But the monitor didn't believe her at all. He always thought that Yuqi was her boyfriend. "You two are really low profile. Hurry up and get in the car, we're leaving."

When she got into the car, she realized that people all have their boyfriends or girlfriends, while she was the only one on the car who was traveling alone.

Qiqi shrugged, found a window seat, and started eating her breakfast.

The monitor got into the car, counted the number of people, and then patted the driver's shoulder, signaling that he could start the car.

"Hey, wait a minute!"

The car was just about to leave when someone suddenly stopped in front of the car and yelled.

Qiqi was drinking the soybean milk, but as soon as he heard the sound, she choked.

It was Yuqi who came up with a large suitcase. He immediately saw Qiqi.

"Hi, Qiqi!" shouted he excitedly.

Qiqi thought they would never see each other again, but she never expected to see him here.

Then Yuqi crossed the aisle and stood in front of Qiqi. "You're too happy to say anything when you see me?" He teased.

Qiqi frowned at him. "What are you doing here?"

"Go on a graduation trip with you."

Her frown deepened. "Are you kidding me? Get out of the car. We're leaving." said she impatiently.

She still pushed Yuqi, asking him to get off the car quickly.

"I'm serious. I want to go out on a trip with you." Yuqi said.

"Go to have a trip yourself. Don't come with us."

"But it's fun to go on a trip with so many people." said Yuqi, then he happily waved his hand to the other students and said hello.

The people were surprised to see Yuqi. The president of Mu's group was going to travel with them. This was something they did not anticipate. They all asked to take pictures with him. And Yuqi also gladly agreed to their request.

Qiqi didn't care how much others want to keep Yuqi. He just wanted to get rid of him anyway. She was afraid that the longer she stayed with him, the more she couldn't leave him.

"You didn't sign up for this trip, so you're not eligible to join us." Qiqi suddenly said.

Yuqi pointed to the seat next to Qiqi. "There are still empty seats here, so why can't I go with you? And I've brought gifts for everyone. If no one objects to me joining your trip, I'll give everyone a gift."

"What gift?" Someone immediately asked.

"Longines watch."

His words took the crowd by surprise. Then they unanimously agreed that Yuqi could go on the trip with them.

Yuqi had expected the crowd to react this way. He smiled at the crowd. "Thank you, guys."

After saying that, he gave a bag which had dozens of watches worth hundreds of thousands to the monitor and asked him to hand it out to everyone.

Seeing that everyone easily agreed to Yuqi's request, Qiqi stood up angrily. She grabbed her bag and headed outside. "All right, you stay, I'll go!"

When he saw Qiqi was leaving, Yuqi immediately gave a wink to the class monitor.

Although this was the first time the monitor met with Yuqi, he quickly understood what Yuqi meant. He told the driver to start the bus immediately and then started giving out gifts to everyone.

These people immediately poured into the narrow aisle, blocking Qiqi's way. She couldn't even walk to the car door to get out, and even standing still was difficult for her.

Finally she held onto the handle and then shouted, "Hey, stop the car! I want to get off."

"Qiqi, for the sake of the collective good, we can't hold up any longer." The monitor said.

Since the monitor said so, she could not continue to insist that the driver stop the bus.

Qiqi was about to enjoy a quiet relaxing trip, but Yuqi's sudden appearance ruined her good mood. She turned around to glare at him, but found Mu Yuqi eating her dumplings.

Then she angrily walked over and grabbed the dumplings. "That's mine!" said she loudly.

Yuqi was eating happily when suddenly the dumplings were snatched away from his hands, and then he looked up at Qiqi. "I haven't eaten breakfast yet."

"Go buy it yourself or maybe you tell them you are hungry. I guess they'll be happy to share their snacks with you." said Qiqi.

"But I just want to eat dumplings."

"No way."

"Qiqi, just give me one."

"No." said Qiqi, and then put the rest of the dumplings into her mouth.

When the people next to them saw Qiqi and Yuqi arguing over dumplings, they thought it was a sign of their love. After all, couples sometimes have a tiff with each other on purpose.

"Look, they are so in love."

"Yeah, I envy them so much."

Hearing their conversation, Qiqi turned her head and glared angrily at the two girls behind her. She didn't like people talking about her and Yuqi, especially when they misunderstand her relationship with him.

Seeing Qiqi's face turned red with anger, Yuqi comforted her from the side. "Just ignore them. There is no need to care too much about what others think."

Seeing that it was impossible to get off, Qiqi could only sit back in her seat. "Yuqi, didn't we agree not to look for each other again before? Why do you still come to me?"

"I suddenly thought of one thing." Yuqi suddenly said seriously.

"What?"

"Since you like a simple life, I'll abandon the things you don't like and live a simple life with you."

Qiqi blinked her eyes. She seemed to understand something, but was puzzled by what he said.

"I don't quite understand." said Qiqi.

"I mean I don't want my fame and status, but to be an ordinary person like you."

"Are you crazy!" said Qiqi angrily.

"I'm not crazy, I'm serious. I've been distressed for a long time because of your words. The thought of losing you made me feel sad. I want to forget about you, but I can't." said Yuqi affectionately.

"Since I can't forget you, I'll find a way to be with you. But you reject my fame and status, so I finally came up with this great idea." He continued.

"This is obviously a stupid idea. How can you throw away your fame, fortune and status? You are too childish to do so. Does your family know about your decision?"

"I'm fighting for our happiness." said Yuqi. "I didn't tell anyone about my decision before I left, but I left a note. They should know by now."

"Didn't they call you?"

"I forgot my phone at home."

Qiqi took out her own cell phone and prepared to call his brother.

Just as Qiqi was dialing the number, Yuqi's body suddenly tilted and leaned on Qiqi's shoulder. Then her phone fell from her hand.

Yuqi reached out to catch the phone. Then he threw the phone directly out of the car window.

“Oh, my phone, what are you doing?”

Qiqi popped her head out of the car and saw her phone being run over by the truck driving across the street.

She turned back and glared angrily at Yuqi. “You did it on purpose!” She yelled.

“I was trying to do you a favor, but I accidentally dropped it. It’s really just a coincidence.” Yuqi explained.

Qiqi no longer wanted to talk to him. She just turned her head to the side, angry.

“I’ll buy you a new one.” said Yuqi. He didn’t seem to see that Qiqi was angry. “Everything I did to make you like me is worth it. I will show you on this trip that we are the perfect match for each other.”

Qiqi didn’t want to talk to Yuqi, but his words made her want to refute him. “What a load of crap. Bullsh!t!” said she.

Hearing her, Yuqi was excited. “You like vulgarity? Then I’ll become vulgar too, so that I’ll match you better.”

“Yuqi, that’s enough!”

“This is just the beginning. I don’t think it’s enough.”

“Please just stop your nonsense.”

“I’m serious, very serious. Until you feel my love for you, I have to keep trying. I heard that this time we are going to a place with beautiful mountains, we can

Yuqi chattered over there while Qiqi turned her head to look out the window. “How can he not understand the meaning of my words?”

Qiqi leaned back in her chair sadly, but once again she was angry because of the conversation behind her.

“See, I told you they had a good relationship!”

Qiqi glared at them.

The girl was just about to say something when her friends immediately whispered in her ear. “They keep a lower profile. We’d better not disturb them.” said the girl in a low voice. Then they were silent.

.....

The group chatted happily on the way and soon they arrived at the destination. Yuqi was having fun chatting with the young people around him.

Once they arrived at the place, Qiqi couldn't wait to get out of the car and deliberately kept her distance from Yuqi.

This time they booked a quaint inn surrounded by mountains and water.

Everyone was full of anticipation for the next journey, while Qiqi looked sad.

While the crowd was chattering, the monitor walked out with a set of keys. He raised his voice. "Those whose numbers are called, come over and get the keys."

The students gathered around and took the keys in turn.

Finally, when there was only one key left, the monitor handed the key to Yuqi.

"Mr. Mu, you and Qiqi will live in Room 504."

Qiqi frowned when she heard that. "I don't want to share the room with him." said she suddenly.

"But there's only one room now." said the monitor. "And others' rooms are full."

The monitor knew that Yuqi wanted to stay in a room with Qiqi, so he kind of did it to help Yuqi, which made Qiqi angry.

She frowned and stared at him. "How much benefit did you receive from Yuqi? Why do you keep helping him?" She asked discontentedly.

"Actually, I am helping you. Yuqi is a nice guy. There are a lot of girls here who like him. If you don't take the initiative, he will be stolen by the other girls." The monitor said in a serious tone.

"I don't care. I'm very grateful to the person who can steal him away." Qiqi said dismissively.

Then the class leader signed. "Does anyone want to change rooms with Qiqi?" asked he.

There were many girls who wanted to do so, but did not respond to the class president. After all, girls could see that Yuqi liked Qiqi a lot.

Seeing that no one responded, Qiqi said coldly. "I won't be in the same room with Yuqi anyway!"

“Qiqi, are you shy? We are all young people, we understand you.”

“We’re out together, and the most important thing is to have fun. Don’t pay too much attention to who you’re staying in a room with.”

“Yuqi is such a nice person. You guys look good together.”

The classmates all spoke up for Yuqi, while Qiqi did her best to explain her relationship with Yuqi. “I don’t like him. We just”

But she hadn’t finished her sentence, and soon the students’ attention was quickly drawn to other things. Then they went to hang out in the courtyard, not paying attention to what she was saying.

At that moment Yuqi walked up to her. “Qiqi, they won’t believe what you say no matter how you explain it. Forget it.”

Qiqi immediately kept her distance from Yuqi. “You shut up. It’s because of you that they misunderstood my relationship with you. I won’t share my room with you.” said she angrily.

Yuqi was speechless. “You won’t be so cruel to me, right? It’s cold at night in the mountains.”

“Yes, I am that cruel. I will never let you into my room.”

After saying that, Qiqi held the key and turned around to leave.

Chapter 555 You Are Quite Cute When You Are Shy (1)

Yuqi Mu wanted to go after her, but he was carrying a big suitcase and couldn’t walk fast. So he couldn’t catch up with her.

Qiqi went back to her room and locked the door. She sat on the chair and let out a long breath.

She turned her head to look at the door and grimaced. “You want to continue to follow me? Then you have to have that chance too.” she murmured.

Yuqi hadn’t booked a room, so he sat in the lobby with his suitcase. But the owner told him there were still rooms available and let him go there to rest. But Yuqi refused and asked the owner not to tell anyone about the spare room.

The shopkeeper was a little confused, but didn't ask him more.

When everyone was ready, they gathered in the lobby and prepared to climb the mountain.

Qiqi changed into a jacket and wore a hat. When she walked out of her room, she saw Quqi again. But she just ignored him.

But Yuqi immediately walked into her. "Qiqi, I can take your bag for you." said he, smiling.

"Thank you, but no."

"Are you thirsty? I have water here."

"No, I'm not."

"The sun's rays are very strong here. Let's go over there."

Qiqi suddenly stopped and looked at him. "No more talking!"

Then Yuqi made an OK sign and zipped his mouth.

She gave him a cold glare, and then followed her classmates, marched to the mountains.

Although Qiqi just ignored Yuqi, Qiqi's classmates all gathered around him. Yuqi could not find a reason to get rid of them, so he had to talk to them.

At this moment Qiqi could finally be alone and take pictures of the mountains. But she didn't stay by herself for long before Yuqi ran to her again.

"Your friends are so warm. I had a hard time getting rid of them. I'll really want to spend time with you than waste time talking with them." Yuqi said.

He was talking non-stop while Qiqi was silent.

She didn't say anything, but Yuqi kept talking. He saw Qiqi's camera and then started to talk to her about photography techniques.

"Maybe I can help you choose a scene. Look, the beautiful old trees are over there. You can stand there and I can take your picture." said he.

Finally Qiqi ran out of patience. She frowned.

"Thanks a lot, but I don't want to bother you." Qiqi said. "I just want to take a few pictures. Can you please be quiet for a while?"

Yuqi nodded his head repeatedly. Next, he was really quiet. He followed behind her and didn't say a word.

But he always followed her, which made Qiqi suddenly felt very annoyed.

Suddenly the chirping of a small bird caught Qiqi's attention. She took out her camera and tried to photograph the bird.

The bird was grooming its feathers and moving deftly.

In order not to disturb the bird, Qiqi approached it gently.

But she was so far away from the bird that she had to cross the creek. But the rocks at the edge of the creek were slippery. She stumbled when she wasn't paying attention.

"Qiqi, watch out."

Yuqi soon grabbed her arm and hugged her.

Looking up at Yuqi's face, Qiqi felt her heart beating faster and faster. She tried to calm herself down, but it was no use.

"No, I can't be seduced by Yuqi's appearance."

She broke away from Yuqi's embrace and got up to leave. But she had only taken one step when she frowned. She leaned over, covering her foot with a painful expression.

"Are you okay?" Yuqi asked worriedly.

She gently shook her head. "I'm fine."

But looking at her, Yuqi felt that she must have been hurt.

He didn't care about Qiqi's resistance. He picked her up and put her on a big rock not far away.

Seeing Yuqi was about to touch her ankle, Qiqi was busy stopping him. "What are you doing?"

"I want to see if your feet are injured." Yuqi gently touched her ankle. "Does it hurt here?"

Qiqi shook her head.

“What about here?”

“A little.”

“Here?”

“Ah, it hurts!”

“This should only be a slight sprain, and the bones are fine. You’ll be fine after two days of rest.”

When Yuqi looked up, he saw Qiqi staring at him gently.

When she met Yuqi’s eyes, Qiqi panicked. She immediately looked away. But even though she was fast, Yuqi found something in her eyes.

The corners of his mouth slowly hooked up. “Qiqi, why are you blushing?” Yuqi asked

“It’s too hot and I get sunburn.” Qiqi explained.

“Really?”

“Oh, yeah., don’t get so close to me.”

Then she pushed Yuqi away. But Yuqi smiled happily. “Qiqi, you’re quite cute when you’re shy.”

Then Qiqi’s face became even redder, and she could only use her high voice to hide her shyness. “I’m not shy. Don’t talk nonsense.”

“Don’t deny it, you’re just shy. You have feelings for me?”

“No, I don’t. Can you change your bad habit of guessing what people think?”

“Well, I won’t be able to get rid of this habit in this life.”

“Fine, forget it

“Let me carry you down the hill.” said Yuqi.

Then he turned his back on Qiqi and squatted down.

“If my classmates see him carrying me, then they will misunderstand my relationship with him again.” she thought.

“Thank you, but I can walk by myself.” Qiqi immediately refused.

"If you barely walk down the mountain, you won't be able to walk for the next few days, and then your journey will be ruined. I know you're angry with me. But if you don't let me carry you and cause your injuries to get worse, do you really think it's good?"

His words made Qiqi silent.

"Didn't you say you have no feelings for me? So just think of me as a stranger trying to do you a favor." Yuqi said.

Qiqi pursed her lips, and then lay on Yuqi's back. Yuqi's shoulders were warm and wide. She felt safe leaning on his shoulder.

With her back to Yuqi, she no longer had to pretend she was indifferent to him. She gently closed her eyes and lay on his back.

Now she didn't care where he was taking her to, at the moment she just wanted to lie on his back.

"The hotel is just ahead. If you want to come down and walk by yourself, I won't object."

At this moment, Qiqi suddenly sobered up. She had to make herself indifferent. "Of course I'm going to walk by myself." She said coldly.

Then Yuqi carefully put her down.

"You were as docile as a kitten just now, why have you suddenly changed to be so cold again?"

Qiqi pretended not to understand his words and limped forward. Yuqi followed her from behind and tried to help her, but she refused.

After some resting, Qiqi's ankle was not so painful anymore. She could walk slowly back to the hotel.

Looking at her, Yuqi was a little anxious as she wouldn't let him help her. If he insisted on helping her, he thought she would definitely stay farther away from him. So he just silently followed behind her.

The students were still climbing in the mountains, and the only person in the B&B was the owner sitting at the computer, watching a variety show.

Seeing Qiqi limping, he was curious. "Did you hurt your foot?"

"Yeah, what bad luck!"

"I have ointment here. You can try it."

“Okay, thanks a lot.”

Qiqi took two steps, and then turned back. She found that Yuqi was still following her. “Why are you still following me?”

Yuqi smiled. “I can help you apply the ointment. You are injured now and need someone to take care of you.”

“Thank you, but I can put the ointment on my ankle. I don’t want to bother you.”

“But

“I know what you’re thinking. I’m not going to let you have the chance to come into my room.” Qiqi interrupted him.

Hearing this, Yuqi was a little aggrieved. “Qiqi, I’ve helped you so much. Can’t you just let me stay in your room for one night?”

“If you hadn’t been following me, I wouldn’t have hurt my foot.”

“But I did help you when you broke your foot, didn’t I?”

“Yes, indeed. But you’re the president of Mu’s Group. I don’t believe you can’t find a place to rest.” Qiqi snorted coldly. “I guess you deliberately said you couldn’t find a place to stay.”

“So you’re not going to let me stay in your room?”

“No!”

Yuqi took a deep breath. “Okay, I’ll figure it out myself.”

After saying that, Yuqi turned around and walked back to the hall, sitting on the sofa. He lowered his head and looked depressed.

Seeing him like this, Qiqi felt a little sympathy for him. She was still wondering if she was too cruel to him. After nightfall in the mountains, it was still very cold. The more Qiqi thought about it, the more she was hesitated. She was considering whether to go out to see Yuqi when she suddenly heard a noise outside.

Chapter 555 You Are Blackmailing Us? (2)

Qiqi walked to the window curiously, and then she was a little surprised. "What is that thing in the middle of the inn courtyard?" She muttered. Then she walked slowly to the courtyard.

There were already a number of travelers gathered there. They were curious about what was built up in the courtyard.

It seemed like it was a camping tent. It looked like four or five people could live inside. It had the necessary supplies for living. It even had a stove and a barbecue grill.

"Finally it's set up!" Yuqi Mu said happily.

Just as Qiqi was observing the tent, he came out of it. Then Qiqi realized that the tent was Yuqi's masterpiece.

Yuqi also saw Qiqi and he was happy. "Qiqi, come and visit it. It took me a lot of effort to put it up."

Qiqi immediately turned her head to the side. "I don't want to see it. I'm not interested."

She was not interested in the tent, but the others were very interested in it. They all looked inside the tent.

"This is so cool. It's like a little house with everything in it."

"This brand of tent is so expensive. It's said that the lights inside cost ten thousand yuan."

People kept making exclamations while Qiqi rolled her eyes, thinking that Yuqi was showing off his wealth again.

"Everyone is welcome to go in and visit." Yuqi said excitedly.

People were all excited. They went in to visit the tent in turn.

Then Yuqi walked up to Qiqi. "Are you sure you don't want to go in and take a look?" He asked with a smile.

"It's just a tent."

"But I have to live in it for few days, and it's still quite comfortable inside."

"Yuqi, you actually prepared a tent. It seems you really came here prepared." Qiqi snorted coldly.

“Originally, I wanted to use it when I took you to see the stars inside the mountain, but I didn’t expect it to be put to good use here.”

These people heard Yuqi’s words and immediately got interested. “Look at the stars? That’s a good idea! The stars in the mountains must be bright and beautiful.”

“Then we can go up the mountain tomorrow to see the stars.”

“Wow, that’s great.”

The young people talked it happily, but there were some who had concerns. “But I don’t have any camping stuff.”

“Yeah, neither do I.”

“We can borrow them from the innkeeper. There must be a tent or something in the inn.”

“Well, that’s a good idea.”

The more people talked, the more excited they became, and then they planned the arrangements for tomorrow night’s activities.

Seeing that they were very excited, Yuqi came over to Qiqi’s side. “Qiqi, do you want to look at the stars tomorrow?”

“No, I’m not going!”

“I guessed you wouldn’t go. Then there will be only two of us here.”

So this was Yuqi’s real purpose.

Looking at her classmates happily discussing their activities, Qiqi felt that something was quite not right.

“Qiqi, what’s wrong?” Yuqi asked when he saw her face suddenly changed.

Qiqi raised her eyebrows and looked at him. “Actually, I really don’t understand what you are doing?” said she with mockery.

“What do you mean?”

“Why are you always around me every day? Don’t you have other things to do?”

“All I have to do is make you fall in love with me.”

“Forget it. There’s no point in discussing this with you.” said Qiqi, and then she turned around and left.

Yuqi really wanted to chase her, but people gathered around him. They talked to him about camping tips, and asked him to give professional camping advice.

Yuqi looked at Qiqi in front of him and sighed softly. And Qiqi turned her head and made a face at him, then walked away quickly.

As she passed through the lobby, Qiqi noticed a public phone at the entrance. She instantly remembered that she should call Anna Xie and tell her that Yuqi was here so they wouldn’t worry about him.

Then she dialed Anna Xie’s phone. “Anna, it’s me.”

“Aren’t you on a trip? Why did you suddenly call me?” Anna asked.

“I didn’t have a chance to hang out with my classmates.” Qiqi said.

Her words made Anna suddenly nervous. “What happened? Are you isolated by your classmates again?”

“No, Yuqi is always following me.”

“He’s with you now?” Anna asked tentatively.

“Yeah, he seems to have gone crazy. He said he didn’t want fame, status, or money anymore. And my phone was also broken by him, so I didn’t have time to contact you until now.”

“Recently Yuqi has been acting very unlike him. I guess he must be working on some plan.”

Anna was suddenly a little vexed. She rubbed her temples. “Oh, I see.”

“You’re reacting too calmly.”

“It’s already happened, what else can I do? I wouldn’t be surprised if he did something strange.”

“But my vacation was ruined by him. You guys need to find a way to let him go home quickly!”

Anna’s lips moved and she was about to say something, but then she fell silent. She thought it would be best to discuss with her husband about Yuqi.

Holding the phone, Anna held it up far and wide. "Hey, what did you say? I can't hear too clearly. The signal is really bad, how come I can't hear anything? Hey, hey?" Anna deliberately pretended that she couldn't hear Qiqi's words clearly, and then she hung up the phone.

Qiqi looked at the phone and was angry. "Anna, you're playing dumb with me now." She grunted.

Then she angrily went back to the room.

.....

Seeing Anna looking at her phone thoughtfully, Yuqi was curious. "What's up?"

"Yuqi went to look for Qiqi."

"Sure enough, he made his move. I really want to know what he has thought of this time to make Qiqi accept him." said Yulin.

"I just hope he won't give Qiqi any more trouble. Qiqi has a peaceful life now. She can't have her life ruined by Yuqi." Anna said, and then she was lost in thought.

"Anna, what are you thinking?" Yulin asked.

"Yuqi left the company, and also said to Qiqi that he would give up fame and money. Is this his way to pursue Qiqi?" said Anna suddenly.

Yulin froze. "What?"

"It probably means that Yuqi wants to abandon everything and be an ordinary person like Qiqi."

After Yulin heard this, he covered his stomach and laughed. "This is the plan that he has thought? He is really stupid."

"You don't think it's a good idea?" Anna asked with a serious face.

"Of course not. Love and career are two different things. How can he mix them up? He's so naive."

"But maybe it will really have an unexpected effect."

"Do you still have expectations of him? We'd better get him back quickly. I tore up the letter he left behind when he ran away from home, so Mom and Dad don't know about it yet. If they know that Yuqi abandoned everything for a girl, my parents must be furious."

“Your parents are sensible people. If Yuqi can find a woman to spend the rest of his life with, they will definitely support him.”

Hearing that Anna supported Yuqi, Yulin looked at Anna curiously. “Anna, your reaction is very strange.”

“If Yuqi is willing to give up everything he has for Qiqi, that means he really loves Qiqi. Then Yuqi should get support.”

“But as his brother, I think his decision is too crazy.”

“Love is crazy. Don’t you think so?”

Anna’s words made Yulin unable to retort.

He shrugged lightly. “Okay, you’re right. Then do we need to do something?”

“Just wait and see first. I want to know just how determined Yuqi is to give up everything he has for Qiqi.”

Yulin nodded and didn’t say anything else. Although he did not retort Anna, he still felt what Yuqi did was wrong.

.....

Yuqi came in from outside and saw Qiqi staring at the phone. “Qiqi, who are you talking to on the phone?”

“No one.”

Qiqi turned to leave, but Yuqi stopped her. “The innkeeper gives me a watermelon. Do you want to eat it? “

Yuqi happily held the watermelon, but Qiqi was not interested at all.

“Thanks, but I don’t want to eat it.”

“Please just eat a piece. I tasted a small piece, and it’s very sweet.”

“I said I don’t want to eat it.”

Yuqi wanted to say something else, but suddenly heard someone talking behind him.

“Why is there a watermelon here? Can I eat it?”

“No, no, that’s what I saved for Qiqi.” Yuqi immediately turned back, and then hold Qiqi’s hand. “See, if we do not go to eat it, someone else will eat it. Come on.”

“I’m not going. You let go of my hand!”

Qiqi tried to shake off Yuqi’s hand, but he yanked her wrist too hard.

Yuqi waved his hand at the people who were watching. “You guys stay away from the melon. It’s Qiqi’s.”

The crowd laughed, and then left.

Qiqi wanted to take the opportunity to slip away, but Yuqi took out a knife.

“Yuqi, what are you doing? Keep that knife away from me.” Qiqi couldn’t help but take a step back. She was nervous.

“Oh, I just want to cut the melon now.” said he and showed a bright smile.

He cut the watermelon into two halves with one knife. Then he continued to cut the watermelon into small pieces. He used a lot of force so that the table was shaking.

“Can you be gentler? This table is going to be broken.” said Qiqi.

“It’s just a table. It’s fine.” said Yuqi, and then he handed Qiqi a piece.

The fragrance of watermelon wafted into Qiqi’s nose, and she couldn’t help but gulp down her saliva. But before she could touch the watermelon, someone suddenly shouted out.

“How can you cut watermelon on this table?” said the innkeeper. Then he quickly ran to the table, carefully check it, and he threw the watermelon to the ground, wiping the watermelon juice on the table.

“Since you have given me the watermelon, it is mine. You don’t have any right to throw my stuff.” Yuqi said unhappily.

“This table is scratched by you.”

Yuqi took a look and found that there was indeed a small scratch on the tabletop.

“It’s just a table. Do you have to be so angry?” said he disdainfully.

The innkeeper turned his head and glared at Mu Yuqi, looking angry. “This is a very expensive wooden table. It is worth hundreds of thousands.”

“I thought it was just an ordinary table. I’m sorry.”

“There’s a sign on it that says: No Touching. Do you not see it?”

“There’s a sign?” Yuqi looked around, then leaned down and picked up a sign from the ground. “Someone threw the sign on the ground. I didn’t see it.”

“You ruined my table. You have to pay me for it.”

“How much do you want?”

“At least fifty thousand Yuan.” said the innkeeper.

“We are indeed sorry for breaking your table. But you want 50,000 yuan for such a small scratch?” Qiqi said. “That’s unreasonable.”

She knew that they had done something wrong. But it couldn’t be that they had to accept being extorted by the innkeeper.

The man knocked on the table, a little sad. “There’s no way to fix the scratch. It will affect its selling price. I’m just asking you for RMB50,000.”

“You’re blackmailing us?”

“You don’t believe? Then you go to the market and ask how much it’s worth.”

Qiqi was about to say something, but Yuqi stopped her. “Okay, I’ll give it to you.”

Hearing Yuqi’s words, the man held back his anger. “So will you pay by cash or by card?”

“I” Yuqi was just about to take his wallet, but suddenly stopped. He came up to Qiqi and whispered, “I suddenly thought of a problem.”

“What?”

“In order to be an ordinary person, I’ve frozen all my cards.”

“And do you have any cash?” asked Qiqi.

“No.”

“Then you call Yulin and ask him to lend you money.”

But Yuqi shook his head repeatedly. “It’s too humiliating. I can’t do this.”

“Now you feel humiliated, then why did you just promise to give him fifty thousand Yuan?”

“All right, I’ll call Anna.” said Qiqi, but the call never went through.

Yuqi saw Qiqi put down the phone unhappily, but actually he was glad that the call didn’t go through. “Do you know other people’s phone numbers?” asked he, deliberately pretending to be anxious.

“I lost my phone. How could I possibly memorize so many numbers?”

“Then what should I do?”

Seeing the two men muttering, the boss asked impatiently. “Have you discussed it yet? How exactly are you going to pay?”

“Please be patient. We won’t owe you any money.” Qiqi said. Then something suddenly occurred to her.

“Didn’t you give out watches to everyone? You ask them for a few back and use them to pay back the money first.” She said to Yuqi.

However, Yuqi shook his head. “How can I ask for back the gifts I gave out?”

“If you don’t go, I will.” Qiqi said. Then she didn’t hesitate to ask her classmates for the watch Yuqi had given them. But it turned out that none of them were willing to give it back to her.

Qiqi was very frustrated.

“Have you thought about it?” The innkeeper suddenly said.

“For now, we don’t have money for you.” Qiqi said helplessly.

“Actually, I don’t think you have so much money.” The man snorted.

His contemptuous tone irritated Qiqi. She could endure his contempt, but she could not endure his contempt for Yuqi.

She raised her hand and patted Yuqi’s shoulder, then raised her voice. “Look, he is Yuqi Mu, the president of Mu’s Group. He definitely won’t owe you fifty thousand yuan.”

“Who’s Yuqi Mu? I’ve never heard of him.” The innkeeper said coldly, and then he took out two printed papers and placed them in front of them. “Now, sign it.”

“What is this?” they asked.

“Since you don’t have money to pay me back, you two need to work for me for a year to cover the debt.”

Qiqi was furious and slapped the table. “Are you crazy? We just owe you fifty thousand. Do you have to make us sign this?” yelled she loudly.

Chapter 556 No, I Won’t Sign It (1)

Before she could finish her words, she glanced at Yuqi writing something. She suddenly had a bad premonition.

“Yuqi, what are you doing?”

After finishing writing, Yuli handed that document to her. “I’m signing it.”

“Are you crazy? How could you agree to such a thing as selling yourself to someone for hard labor?” Qiqi growled.

However, Yuqi was quite calm. “We owe him a debt, so of course we have to pay him back. You have to sign it too.”

Then he also came to shake Qiqi’s hand for her to sign it. And Qiqi was busy putting her hands behind her back and shook her head. “No, I won’t sign it.”

“You can also sign the contract with your thumb.” The innkeeper suddenly said. Then he put an inkpad in front of Qiqi.

Qiqi sneered and reached out to point at him to say something. And Yuqi quickly grabbed Qiqi’s finger and poked it on the inkpad, then pressed her thumb to the contract.

“No, Yuqi.”

Qiqi screamed, but it was too late. The contract was printed with clear fingerprints.

The more Qiqi thought about it, the angrier she became.

“Yuqi, what are you doing?” she yelled.

“One has to take responsibility for doing the wrong thing.” said Yuqi.

“Then this has nothing to do with me. Why do you want me to follow you to do hard labor?”

“We are friends. We have to share the pain and suffering.”

At this moment, Qiqi was speechless. She even suspected that Yuqi and the innkeeper had colluded to make her sign this contract.

She reached out and covered her forehead, helpless. “I really regret knowing you.”

The boss took the two contracts and put them away carefully, and then he said to them, “From now on, you will move to the staff dormitory.”

Qiqi immediately looked up. “I paid for the room, so I should take the guest room.” She retorted.

“Oh, then I can use your room payment to offset your wages. That way, you can work five days less, isn’t that better?”

Seeing Qiqi looking at himself dazed, the boss asked, “Do you have something to say?”

Qiqi lowered her head feebly. “What am I supposed to say now?”

“From tomorrow, you will be responsible for cleaning, cooking, laundry, promotion, purchasing and marketing in the inn.”

These business arrangements made Qiqi frown. “May I ask if there are other staffs in this inn?”

“There was one before, but he just left recently.”

“Then we are multi-tasking, and I demand a raise in salary!” Qiqi said.

“No way.” The boss refused without even thinking about it.

But Qiqi was very insistent. “If you don’t give us a raise, we won’t finish our work on time, and you will be the one who suffers in the end. I suggest you’d better think it over.”

The boss was a bit hesitant, but Yuqi suddenly said. “Qiqi, you can’t work like this, let’s be a good employee

Qiqi was speechless after hearing Yuqi’s words. She turned her head and glared angrily at him and rebuked, “You shut up!”

Yuqi pursed his lips and was aggrieved. He did not understand why Qiqi would be angered when he spoke.

Seeing this, the innkeeper immediately said. "Look, your companions are aware of the need to be a competent employee. Girl, don't always think about money. Improve your professionalism."

Qiqi looked at him and wanted to continue arguing with him, but he hurriedly walked away.

She was going to chase him behind, but Yuqi stopped her. "Qiqi, I can help you move."

"Yuqi, don't involve me in your business again, okay?" She slammed Yuqi's hand away and said angrily.

"I am trying to run this hostel with you to make it better." said Yuqi seriously.

"I don't want to. I just want to get out of here."

"Since we are already employees of someone else, we have toQiqi, don't go. I haven't finished my words."

Qiqi did not want to pay attention to Yuqi. She found that Yuqi's nagging was really killing her.

.....

Qiqi's classmates were worried that the watch given to them by Yuqi would be taken away, so they surprisingly ended their journey early. They left early in the morning to go back to school. By the time Qiqi found out, they were almost at school.

Qiqi was furious, and now she couldn't leave even if she wanted to.

Compared to Qiqi's anger, Yuqi enjoyed this life very much. Even if he was being ordered around by the innkeeper, he was still happy.

Qiqi looked at Yuqi who was busy going around, and she was puzzled.

Seeing Qiqi not working, Yuqi patted her head. "Qiqi, don't be lazy. Come and work!"

"The boss doesn't pay me, why am I so motivated?" Qiqi snorted

"You're not thinking right. Since you're staying, you have to work hard and can't waste time."

"Why didn't I see you so motivated before?"

"I like it here."

Hearing this, Qiqi turned her head to look at Yuqi and found that he was very serious.

“I really like this place. I used to want to open an inn, live in the deep mountains, and be friends with the flowers and plants. It’s really a kind of enjoyment.” said Yuqi. Then he closed his eyes with a very intoxicated look.

“How do you make money at the inn when all you do is to enjoy life?”

“Enjoy the process of making money, don’t just think about money.”

“You’re really a gentry who doesn’t know the hardships of the world. Even if you give up your fame and status, you’re still a gentry who only seeks ease and comfort.” Qiqi said.

“Who told you that you can’t make money and enjoy life at the same time? I can do both.”

Qiqi did not agree with such a statement, “Making money is very hard. You want to easily earn money? This is simply a lie.” She retorted.

“If I can earn money easily, you promise to be my girlfriend!”

Qiqi was about to refute Yuqi, but unexpectedly this guy suddenly changed the topic.

Qiqi’s eyes blinked. “Does this have anything to do with each other?”

“That means I can support you and give you happiness on my own.”

“What an absurd logic.”

“I think it’s pretty good. It’s a deal.”

“No, I didn’t say yes.”

“So you’re saying you don’t need to test me and you’ll agree to be my girlfriend?”

“What are you talking about? No more nonsense!” said Qiqi angrily.

Yuqi acted as if he didn’t hear her. “You only have these two choices now. You either agree to be my girlfriend directly, or test me and then be my girlfriend. Think about it and give me an answer later.”

“I can’t I haven’t finished my sentence, stop.”

Qiqi went after Yuqi, but he seemed to be deliberately teasing her. He ran slowly for a while, then ran fast, but did not allow Qiqi to catch him.

Now that Yuqi had decided to make the inn profitable quickly, he was ready to start his plan.

The next morning, he started remodeling the inn. But he woke up the innkeeper.

He sleepily walked down the stairs and was just about to ask what was going on when he was shocked by the sight in front of him. The lobby had been torn apart and there was dust floating in the air.

“What are you doing? Stop it, stop!” The boss shouted hoarsely.

Hearing the voice, Yuqi stopped. He wiped the sweat on his forehead. “Good morning.”

Looking at his hall turning into a mess, he was angry. “You better explain to me exactly what you are doing!” He yelled.

“The layout here is unreasonable, resulting in a very poor customer experience. It needs to be refurbished. I’ll remove all the corners in the lobby and make it better.”

“Are you kidding? I’ve been running this inn for ten years and no one has ever complained about the poor experience.”

“Believe me. The effect after renovation will be absolutely great.”

“I don’t need it. Put it back.”

Seeing that he couldn’t convince the boss to agree, Yuqi shook his head repeatedly.

“Why don’t you change your mind? If your inn wasn’t cheap, I guess no one would come here. Think about it yourself, do you have repeat customers? I guess the occupancy rate is getting lower and lower, and there are more and more bad reviews.”

“If this continues, your store will soon be closed.” he added.

The innkeeper was furious by Yuqi’s words. His face was red with anger.

“Nonsense!” shouted he loudly.

“Don’t be too old-fashioned. Doing business is to be constantly innovative. Just let me renovate this inn, okay? I can guarantee your inn will be rolling in money.”

Hearing the noise, Qiqi came over to watch them for fun. Seeing the mess, she couldn’t help but raise her eyebrows.

Yuqi had never played by the rules. No matter what he would do, Qiqi would not be surprised.

“Can’t you understand what I’m saying? I don’t need it! Don’t say those useless words. I just want my inn.” The boss growled.

While Yuqi was continuing to decorate the inn, he said casually. “You don’t seem to have considered a problem clearly. There are only three of us here, what’s the point of you opposing it?”

“You you are a madman!”

Qiqi listened from the side and gave a laugh. “Do you just know that? He is a crazy person. Messing with him is the same as messing with trouble. Actually your hard time has just begun.”

After hearing Qiqi’s words, the boss hesitated. “I don’t want you guys to work for me anymore, you guys leave here now.”

Qiqi was happy. Her eyes lit up. But Yuqi suddenly refused the innkeeper’s suggestion. “No, I can’t leave. I still have to chase my girlfriend here.”

“Yuqi Mu, you shut up.” Qiqi shouted.

“Then you promise to be my girlfriend now?”

Facing Yuqi’s eager look, Qiqi was silent again.

“Then I’ll just have to impress you with my actions.” Yuqi sighed helplessly. “Okay. I’m going to get back to work.”

Then he continued to start demolishing this inn.

“I said, stop.” The boss growled loudly, while Yuqi directly ignored him.

Yuqi kept demolishing the inn, so there was dust everywhere. The innkeeper wanted to stop him, but he was choking and coughing.

“Since you can’t stop him anyway, then just let him do it.” Qiqi said. “If he failed, let him pay you back in the end.”

“If he has money to pay me back, why does he stay here?”

Qiqi had no reason to refute this statement.

“Then you’ll just have to trust that he’ll let you make money. Since things are already like this, maybe there will be a surprise.”

The boss did run out of ideas. He was panting roughly and was ready to go back to take some medicine to relax himself.

Before leaving, he looked at Qiqi warningly. “If you guys fail, then you can never leave here.

Chapter 556 How Can You Call It Stupid? (2)

The boss left after he finished speaking angrily.

“Yuqi, are you sure you can make the inn profitable by doing this instead of leaving it in ruins?” Qiqi asked

“Trust me. I minored in architecture in college. I have no problem transforming a small place like this.”

Seeing how confident Yuqi was, Qiqi didn’t argue with him anymore.

After three days of remodeling, the inn really changed a lot. The room became brighter, and when the sunlight shined in, it made everything look vibrant. In such a room, even just sitting there was a pleasure.

Qiqi and the innkeeper wandered around the room.

“How is it??” Yuqi asked with expectation.

Actually the innkeeper was very satisfied with the inn that had been transformed. But he was reluctant to show his appreciation.

“Not bad.” said he coldly.

“Young people like this kind of decoration. I have already written marketing ads for you on the internet. I believe there will be people coming here soon.” said Yuqi confidently.

“I already had guests here. There’s no need for you to help me advertise it at all.”

“You used to use a low price strategy and the customer experience was poor, so most travelers would only come once and then never come to your inn again. Now we want to improve customer satisfaction, provide quality service, and then raise the room rate.”

“Raise the room rate? That’s a good idea.” said the innkeeper excitedly.

“If you want to make money, you have to find a way to increase profits.” Yuqi said.

“I’d like to sell sky-high rooms, but why would travelers come to my sky-high inn?”

“We have a natural mineral health spa. It’s the perfect place for relaxation and wellness.”

“Hot springs? I didn’t know there was hot springs here.” The innkeeper asked, puzzled.

Yuqi was about to explain something when he suddenly heard the sound of a car engine.

“Who come to my inn?”

“It must be something I ordered that arrived.”

“Do you have money to pay for it?” Qiqi asked curiously

“No, but it is paid on delivery.”

“What is this?” asked the innkeeper.

“A new plaque for the inn,” said Yuqi. Then he unpacked the package and said with a smile. “Look, how about it? Do you like it?”

Qiqi and the innkeeper came over and looked carefully at the words on it: Youjia Inn.

It looks very good. But Qiqi suddenly had a bad feeling.

“Can we install the plaque now?” The worker asked.

“Yes, please.”

Soon the workers installed the plaque in less than ten minutes.

With the new plaque, the facade became very different.

Just as the innkeeper was looking at it happily, the workers asked. “May I ask who will pay for it?”

Immediately, Yuqi pointed at the innkeeper.

“I have to pay for this?” he froze.

His words made Yuqi laughed. “Of course you have to pay for the purchase. The plaque, the shipping fee, and the installation fee, they all add up to a total of ten thousand.”

The innkeeper stared at him with eyes open. He couldn't believe it. "Ten thousand Yuan? Just this stupid thing is worth that much?"

"How can you call it stupid? The facade is very important. With the new plaque, our inn is all different. Just pay for it. It's definitely worth your every penny."

The innkeeper immediately covered his pockets and shook his head. "No, I'm going to buy it. I'm not paying for it!"

"No, you're wrong totally. You can't just think about making money and not think about investing. Pay with your bank card." said the innkeeper.

"I you" the innkeeper stammered.

Yuqi found out the innkeeper's bank card and handed it to the worker.

"Although this plaque is very nice, but 10,000 is too expensive to buy it." Innkeeper muttered. At this time the sound of a car engine came from outside again.

He immediately glared at Yuqi. "What did you buy again?" asked he.

"This time I didn't buy anything."

Hearing him, the innkeeper gently sighed in relief.

But what Yuqi said next made his heart tense up.

"I asked someone to come and fix the spa." said Yuqi.

"Does this cost money?"

"Of course. Fifteen thousand dollars in total."

The boss stepped aside, rubbing his chest, breathing heavily.

And Yuqi took the workers over to the spring pool.

"You really want to build the hot spring?" Qiqi asked.

"Yes, I've checked it. The hot spring here is very good."

"But, why do I feel that you are deliberately screwing the innkeeper? You are trying to get back at him?"

"I didn't get back at him. I really wanted to help him. I did all this so that the inn could make money." Yuqi said seriously.

“You are serious?”

“Of course, soon you will believe what I said.” Yuqi said, pointing to the hot spring in front of him, “And there is our advantage. I naturally have to repair it properly.”

Seeing that Yuqi was very serious, Qiqi kind of believed him.

“Hey, you two please come here.” The innkeeper said to them coldly.

Yuqi and Qiqi looked at each other, confused and then walked to him.

He placed the two contracts on the table. “This is the contract for both of you. Now I give it to you two.” said he gruffly.

“What do you mean by that?”

“I can’t afford to hire you guys here. Please leave here now.”

Seeing her contract right in front of her, Qiqi’s eyes lit up and she reached out to get it.

But Yuqi slapped her hand away. “I’m not leaving. I have to help you run the inn.”

However, the innkeeper waved his hand repeatedly. “Thanks, but I don’t need you at my inn. You should leave now.”

“But it doesn’t seem to be the right time for you to let us leave, because.....”

Hearing this, the innkeeper interrupted him suddenly. “You’ve bought something again?”

“I didn’t buy anything. It’s just that I’ve put out an ad. I believe there will be customers coming to the inn soon. I’m afraid you can’t receive so many guests by yourself.”

“Will there be customers that soon?”

“Yeah, of course.”

Just as he finished speaking, the phone at the front desk suddenly rang.

Qiqi ran over to answer the phone. “Hello, this is Youjia Inn. How many rooms do you need? Then I will reserve two double rooms for you. Yes, meals are also provided.”

Hanging up the phone, Qiqi just couldn’t believe that a guest had really booked a room.

“See, there will be more and more guests. You guys just trust me.” said Yuqi proudly.

Yuqi was very complacent, while the innkeeper still didn’t believe him.

"These people wouldn't be the ones you found on purpose, would they?" asked the innkeeper.

"No, Even if I want to do so, I don't have money to hire people to fool you right now."

Then the innkeeper immediately opened the appointment registration program and found that there was really money coming in on it. Just as he was checking it, another person booked a room. Two orders in a row made him surprised.

He thought he was lucky that Qiqi and her classmates would come here for a vacation, but he didn't think others would come forward to book a room at his inn.

He looked at Yuqi, changing his pained expression from just now. "You seem to be talented."

Yuqi proudly held his head up. "I Yuqi Mu, a genius in the business world. It's easy for me to run such an inn. Now, you finally believe me?"

"Yeah, really, your name is so..." The innkeeper paused, and then continued. "So ordinary." Then he turned his head and left quickly.

"What?"

Muyuqi pouted. "I think he's getting back at me."

"He also thinks you're getting back at him. I bet he regrets letting us stay at the inn."

"Soon he will find out how good I am. You have to believe he will be grateful to me."

"Yeah, I hope so."

"Soon, we'll get busy. Qiqi, if you feel tired, I can hire someone."

"You really think you're the boss? You've spent his much money. If you can't make the inn profitable, I'm afraid you'll have to stay here for a few more years." said Qiqi.

"I'll be happy to have you with me for a few more years here."

"I don't want to stay here with you."

"We're friends, so we have to share the hardship together." said Yuqi excitedly. "When I was rich, I was nice to you, but you didn't care. So I thought you preferred to share the hardship with me."

Qiqi frowned, discontented. "No, I don't really want to share the hardship with you. You ruined my trip."

“Don’t you think the trip is boring? It’s just taking pictures. But if we ran the inn together, wouldn’t you feel a sense of accomplishment?”

“Nope.”

“Haha, I know you’re not just saying what you mean.”

“Yuqi, can you shut your mouth?”

“Qiqi, are you shy? You are still a little girl.”

“If you say one more word, I’ll sew your mouth shut.”

Seeing Qiqi was about to get angry, Yuqi immediately shut his mouth.

She glanced at Yuqi, then turned around and left.

Looking at Qiqi’s back, Yuqi sighed lightly. “Qiqi, do you feel my love for you?” He murmured.

.....

As Yuqi expected, the business in the inn suddenly became better. Rooms were full every day. There were many guests who booked in advance.

Qiqi had to clean up the room every day and prepare meals for the guests. Sometimes she suddenly missed the days when she had nothing to do in the inn.

But Yuqi suddenly hired a group of people to help her.

Looking at the busy cook in the kitchen, Qiqi asked. “Did you hire these people?”

“Yes, they are all professional chefs.”

The innkeeper felt just happy to have made a lot of money in the past two days. Now he found out that he had to spend money to hire people again, so he got a little angry.

“Why do you hire people suddenly?” he asked Yuqi.

“Before we didn’t have a professional chef, so the dishes we made couldn’t meet the needs of our customers. Now we have professional chefs, I believe this can improve our customers’ satisfaction with our inn. Then wouldn’t we be able to make more money?”

Once he heard that he could make more money, the innkeeper became excited again.

Seeing Qiqi getting busy, Yuqi walked over to her. He patted her shoulder. “You won’t have to work so hard. I have hired someone to help you.”

“Just earn enough money so that we can leave here soon.” said Qiqi. She didn’t seem to appreciate his kindness.

“Why do we have to leave here? It’s so nice here. I enjoy the picturesque scenery every day and I can also earn a lot of money. How enjoyable. And there’s still you beside me.”

“Can you talk it seriously?” said Qiqi..

“I’m serious. I’ve already made this inn profitable, are you going to keep your promise too?”

“What promises? I’m going to get busy first.” said she, and then she suddenly thought of something.

“Qiqi, you will be my girlfriend sooner or later.” Yuqi said loudly.

After hearing his word, Qiqi quickly left.

While watching Qiqi leave, Yuqi was happy. “Her reaction is really cute.”

Now Qiqi had mixed emotion. She felt that Yuqi just wanted everyone to know that he liked her. But now she just wanted to pay back the money quickly, get out of here, and went back to school.

The boss laughed beside. “Young people really have original means to chase their girlfriends.”

“No matter what means are used, it is a good way to make the beauty fall in love with me.” Yuqi said.

“This is much more difficult than making money. Women’s minds are hard to catch.”

“The process is a little hard, but the ending is sweet.”

“Is that so?” The innkeeper spoke with a questioning tone.

Yuqi’s eyes narrowed. “You seem to like talking about gossip, and then I’ll cancel the reservation in the afternoon so you’ll have more time to talk about gossip.”

“Are there any more guests in the afternoon? Then I’ll go and get ready for this.” said the innkeeper.

But after he walked a few steps, he felt something was wrong. “Why do I always feel like I’m being ordered to do something by him? But obviously I’m the owner of the inn.”

Chapter 557 The Rival (1)

The boss could see that though Qiqi had been saying mean words to Yuqi Mu, she must like him.

Since they both had feelings for each other, why not get together now?

The boss found it hard to understand, but he didn't have to. As long as he could earn money, he could care less about them.

Hearing that more customers would come in the afternoon, the boss felt so happy that he even started to hum a song with his hands held on his back.

After lunch, the sun was warm and the birds were enjoying the warm sunshine lazily in the tree.

All of a sudden, a car came and scared all the birds away.

Judging from the car, the customers this time were rich.

The car stopped. Several pretty girls got out of the car and looked at this hotel up and down.

A girl with red hair started to complain, "Hey, what a poor place!"

"What's to enjoy here in the mountain? We've driven so long for this? We should've gone to the beach!"

The girl in front of the team looked easy-going. She had those long and soft hair and gentle eyes.

She was not aggressive at all. Hearing her friends complain, she touched her long hair and said slowly, "This place has a good reputation on the internet. Let's have a try. There's nothing interesting about the beach,"

"Whatever...as long as you are happy. By the way, where's the servant? Why not come to get our luggage?"

"Let's do it ourselves. Servants? I don't think so."

"Come on! We carry the luggage? Oh no, this place is too poor! We..."

She was trying to say something more when someone next to her pushed her, hinting her to stop.

She swallowed the words but she still looked unsatisfied.

The girl in front held her suitcase first. She walked ahead and said, "Since we are here, we shouldn't complain. Just relax and experience a different kind of life."

Easy-going as she might look, no one dared to say no to her. It seemed that she's more than what she looked like to be.

When they reached the reception, a young and newly hired girl smiled to them politely and asked, "Welcome! Do you have reservations?"

"Yes, room 301 and room 302."

"A moment please," the girl checked her screen and asked, "are they under Miss Wen's name?"

"Yes."

"Miss, here are the keys. You can call us if you need anything."

"Thanks."

The girl, as we know, Miss Wen, took over the keys and was about to leave.

Then the red-haired girl asked, "Where's the elevator?"

"Sorry, we don't have elevators here."

"No? Then how are we supposed to carry our luggage?"

"Use your hand!"

"You..."

The girl in the front desk answered jokingly but it almost drove the red-haired girl crazy.

But Miss Wen stopped her, "She's right. We are supposed to do it by ourselves. Let's go."

Then she carried her suitcase and walked up the narrow stairs.

Miss Wen's friends all looked at each other, then they followed her without saying anything.

They rested for a while then they went to the lobby to order something to eat.

But it seemed that the food here didn't agree with them. They were used to the fancy food. Seeing the menu of vegetables in front of them, they did not know what to order.

Miss Wen went ahead and ordered some drinks for them. They planned to go in the woods after this.

While waiting for their drinks to be delivered, the girls took out their phones and started to do selfies.

Then the red-haired girl saw someone in her camera. She was surprised and stared her eyes round.

"What? Is he Yuqi Mu?"

"What are you talking about!"

The red-haired girl turned around and pointed, "Look, he's there!"

They all looked that way and it indeed was Yuqi.

"Oh lord! It's really him! But how is it possible that he's here? I didn't know the Mu's Group has property here!"

The girls were very surprised and overjoyed. they didn't even bother to hide their feelings.

Miss Wen was rather calm. She stood up and said, "Well, let's go and say hi to him."

Then she walked to Yuqi and said smilingly, "Hi, Mr. Mu, what a coincidence."

Yuqi was busy carrying something, so he was a bit annoyed when someone blocked his way.

He looked up and asked impatiently, "You are..."

"I am the Creative Director of Wen's Ground. We've met before, did you forget?"

Yuqi wiped his sweat and said, "Sorry, I don't remember seeing you. Will you please get out of my way? I am kind of busy here."

He even waved his hand to let her go away.

Yuqi's words and behavior humiliated Miss Wen big time but she could say nothing about it. She had to move aside a little bit, looking annoyed.

Yuqi put the boxes on the ground and waved his hands for some fresh air.

While he was having a rest, Qiqi walked by. Seeing him surrounded by a bunch of beautiful girls, she frowned. She walked up to him and said, "Yuqi, everyone is busy out there; why are you sneaking around?"

Seeing Qiqi, Yuqi changed his look right away. He said proudly, "I am not! Look, I just finished moving these boxes. They are so heavy! I did it all by myself! Aren't I great?"

"Yes, yes, I see it. You don't have to be so happy about such a small thing. Hurry, hang the sheets out!"

Then Qiqi came up and grabbed his hands.

"Hey! Talk to me nicely, will you?"

"We are busy to death! Don't ask me to talk nicely!"

The two walked away, leaving Miss Wen standing there looking unhappy.

Then the girls gathered together and started to chat.

"Who's that girl? Why is she talking so rudely to Mr Mu?"

"What's more, Mr Mu did not even try to disobey her. Maybe that girl is from a noble family?"

"Are you kidding? There's no need for Mr Mu to be so humble. Maybe they are in love!"

The girls were just joking. They could see that Qiqi was not from a rich family. They were only making fun of her by saying so.

But Miss Wen minded it. She turned angry right away, "It's impossible! Look at that poor girl with that poor look! Mr Mu cannot be interested in her."

The red-haired girl did not sense what Miss Wen meant by saying that. She still joked, "Maybe she really is the girlfriend. Mr Mu has a unique taste. It's highly likely that he's into this type of girls lately."

Seeing Miss Wen frown, the girl standing by the side pushed the red-haired girl and said, "Alright, let's not talk about it. Mr Mu will be unhappy if he knows we are talking about him. Let's go in the woods now."

Holding the camera in her hands, Miss Wen felt so attracted to the scenery here. She was taking photos here and there, totally forgetting about what had just happened.

But the girls behind her started to whisper to each other.

“Hey, is it possible that Wen knew Yuqi’s here, so she recommended this place?”

“It’s possible! She likes Yuqi, so she wants to seize this chance of being with him day and night.”

“But Mr Mu is very cold to Wen. He’s not interested in her at all.”

“So what? Just a little bit of tricks and that man will be hers.”

“I doubt it. He’s no one else. He’s Mr Mu!”

“He ‘s a man. Wen will not let him slip away. Let’s just expect the good news.”

“In my opinion, this thing is not that easy. See that girl just now? She’s not simple.”

Speaking of this, everyone stopped talking right away. They reached their necks forward to see Miss Wen’s reaction.

Seeing that she did not seem to notice what they were talking about, they sighed in relief.

“Hey, do not let Wen hear it. Did you see how she reacted? So horrible!”

The girl who mentioned Qiqi nodded right away.

Seeing that the girls didn’t follow up, Miss Wen turned around and asked, “What are you talking about there! Walk faster!”

Hearing miss Wen’s voice, the girls laughed, “Nothing. We are catching up.”

Then the girls walked in the woods aimlessly, having their own thoughts.

They sweated a lot when they came down the hill.

They decided to take a shower then a bath.

Right after the shower, someone knocked at the door.

“Come in.”

Qiqi pushed the door and put the bath robe on the desk. She smiled to Miss Wen and said, “Miss, this is your bath robe.”

Seeing Qiqi, Miss Wen squinted her eyes.

Then she walked up to Qiqi and said, "Just leave it here."

"Okay."

Qiqi put the robe down and was about to leave.

But Miss Wen called her again.

"Wait."

Qiqi turned around and asked politely, "May I help you?"

Miss Wen showed a nice smile and asked casually, "What's your name?"

"I'm Qiqi."

"Ha, an interesting name."

Though Miss Wen was smiling, Qiqi could not see kindness in her eyes, instead, she could see coldness.

Qiqi got alerted right away and raised the corner of her mouth, "What else can I do for you?"

Apparently, Qiqi wanted to finish this boring conversation.

But Miss Wen did not seem to have noticed that. With her hand under her chin, Miss Wen asked with an innocent look, "It's my first time to be here. I want to know more about here. Can you help me?"

Customer is the God. Qiqi had to nod, "Of course."

"Does this hotel belong to Mr Mu?"

"Nope. He's just a worker here."

Miss Wen laughed sarcastically, "He works here? Are you kidding? In this place?"

Her question made Qiqi uncomfortable. Qiqi felt that she was hinting something.

So she showed a serious look and said to Miss Wen, "I don't have to joke about this. You can ask him if you don't believe."

Speaking of Yuqi, she showed a very bad attitude, which made her so unique.

But Miss Wen disliked this, because in her eyes, no one was allowed to despise Yuqi.

Chapter 557 The Rival (2)

Mr Mu was the dream lover of many girls. Miss Wen fell for him the first time she met him in a ball several years ago.

How could such a young girl as Qiqi despise him?

With coldness in her eyes, she asked Qiqi, "You and Mr Mu seem to be in a good relationship."

"Nope, we are not that close."

"But close enough to give him orders and shout at him?"

"He likes being treated toughly. Believe it or not, he will like you if you treat him badly. Excuse me, I have to go."

Qiqi did not want to waste her time with this woman any more. She turned around and left.

Watching Qiqi Leave, Miss Wen clenched her fists.

"Why do you think he won't look at me? Arrogant woman!"

Miss Wen stood up and put on the bath robe. Standing in front of the mirror, she's lost in her perfect figure.

She didn't think she would lose it to that poor girl, with a body like this!

...

Miss Wen got Yuqi Mu's whereabouts from the other workers in the hotel, then with a box of chocolate, she went to the warehouse.

It was dark in the warehouse, but Yuqi lightened this little poor place up.

He was so absorbed in counting the goods, so he really wished not to be disturbed.

However, someone showed up.

Miss Wen opened the door and walked to Yuqi. She smiled lightly and said, "You are so hardworking, Mr Mu! You don't have to do this kind of thing all by yourself. Let your staff do it. You will be too tired working like this."

Yuqi was counting the goods. When Miss Wen talked, he totally forgot the figures.

Damn it!

He frowned and looked at Miss Wen impatiently.

Miss Wen was intimidated by his look. She regretted messing with such a man.

But since she's here, she was not intending to leave empty-handed.

"Besides, the poor girl Qiqi can be with him, why can't I?" she encouraged herself.

Thinking of this, Miss Wen raised her arm smilingly and said, "You must be tired. I've brought something for you."

Glancing at the well decorated box of chocolate, Yuqi said, "Thanks, but I don't like chocolates."

Then she put away her smile and asked awkwardly, "Then what do you like? I can bring them to you next time."

"I don't like the things from strangers."

Yuqi's words were so harsh and they hurt Miss Wen's feelings.

Pretending to be fine, she laughed lightly, "We have introduced each other, so we have officially met. But it's my bad that I did not know you don't like chocolates. I shall bring something else to you next time. You'll like it."

Seeing Miss Wen insisted on giving him a gift, Yuqi frowned and asked, "Why giving me a gift all of a sudden?"

Miss Wen showed a sweet smile and asked, "It's a little reward for your hard work."

Yuqi shook his head and said, "Oh you are so wrong. I am not tired at all and it has nothing to do with you!"

"You are really not tired? Doing all these things alone?"

"Of course not, on the contrary, I am quite happy."

"Happy?"

"Yes. It's a happy thing to see the hotel thrive in my hands."

Miss Wen did not get him, but since he liked it, she would like it too.

Miss Wen put the chocolate box aside and rolled up her sleeves. She bent forward and said, "Since you like it...let me help you."

"Hey! Keep your hands off my stuff!"

Miss Wen was startled by Yuqi when she was about to arrange the big boxes on the floor.

Seeing Yuqi being so furious, she was frightened, "I...I just want to help. You startled me!"

Yuqi walked forward and stood in front of Miss Wen. He said coldly, "You are the guest here. I can't bother you with all these tough work. Just let me do it."

Yuqi's serious look made miss Wen tremble. She even forgot to play cute in front of him.

She flinched her lips and no longer dared to cross the line.

His cold aura forced miss Wen to step back. With a long distance between them, Miss Wen said, "But I want to go through hardships with you!"

Hearing her words, Yuqi laughed. His voice sounded as if he was mocking her.

There's already someone he wanted to spend his life and go through everything with.

And he's not interested in the woman who's concerned about him.

Isn't there a perfect solution?

He sighed in his heart and said, "Do you even understand what it means by 'go through hardships together'?"

those words were meant for Qiqi to hear, so he sounded so gentle.

But Miss Wen heard it and misunderstood. She thought he was asking her the question. She thought her behavior made her a little different in Yuqi's heart.

As a result, an embarrassing self-confidence grow inside her. She lifted her chin and said proudly, "Of course. It's going hardships together and never leave each other."

But the answer only got Yuqi to shook his head.

Miss Wen was surprised, "Am I wrong?"

"You are wrong from the start."

Yuqi's attitude got her more puzzled. She asked, "Then what do you think it means?"

He squinted his eyes and said, "Well, there's no such thing as hardships when you are with the one you love. Even if there is, the hardship will only taste sweet."

It's hard to believe a tough guy like Yuqi could be so romantic when he said these sweet words.

Miss Wen smiled shyly and said, "Indeed. Your beloved one will only make the time together sweet. I just don't get it, who's got your heart?"

"Huh? Not you."

Yuqi's words got Miss Wen's face to turn pale.

She looked up at Yuqi's side face, only to find that his gentle and sweet look had already turned cold and serious, like he's another man.

Embarrassed as she felt, she tried to hold her feelings and squeezed a polite smile.

"I wonder who that rich girl is."

"She's not a rich girl. She's just an ordinary student. She has no background."

Then wouldn't it be...

Her face got paler when she heard the answer.

She could lie to herself when she heard it from someone else.

But hearing Yuqi admit it himself, she could no longer lie to herself.

She liked Yuqi so much but he's only into a poor girl. Miss Wen felt so humiliated.

She held her temper and asked, "You are too good for her, don't you think so?"

"You are wrong. She's too good for me."

Miss Wen was so surprised that she stared her eyes round.

She shook her head in disbelief, "Are you kidding? You are Mr Mu! You can have any girl you want! You are too good for her!"

Yuqi looked so lost. He said, "But the more I want her, the further she gets away from me."

“She’s playing hard-to-get!”

Miss Wen said it so bluntly that Yuqi got surprised. He frowned, “Do you know who she is?”

At the moment, Miss Wen was about to go mad. She gave up the self-control she had long been proud of, and said, “The girl named Qiqi, isn’t she? She’s just so-so. She’s rude and badly educated. She’s not qualified to be Mrs Mu!”

Yuqi mocked her, “So, does it make you qualified?”

“I…”

“Maybe you are one in a million, but it means nothing to me because I don’t like you at all.”

“Is he turning me down? I failed before I even confess my feelings to him? No! I don’t accept this result!” Miss Wen thought to herself. Her face got red then pale. Then with great courage, she said, “How do you know you don’t like me? Why don’t you try?”

Looking at Miss Wen with great interest and curiosity, Yuqi asked, “Are you confessing to me?”

“Yes,” she was no longer shy; staring at Yuqi, she continued, “I’ve liked you for so long. I’m a better choice when it comes to appearance, family and ability. I think, I should be the one standing by your side.”

“If it’s only appearance, family and ability you are talking about, there are so many girl better than you out there. Why do I have to choose you?”

“Because…”

Miss Wen was chocked by Yuqi’s words. She did not know what to say.

When the impulsive feeling finally faded, Miss Wen started to realize how ridiculous her behavior was.

Stared by Yuqi, she had no place to hide. Finally she said, “I might not be the best choice, but she’s the worst choice!”

Yuqi hated to hear someone talk about Qiqi like this. He did not want to waste his time with this stupid woman any more, so he said, “It’s my business whoever I choose to be my girlfriend. You don’t get to judge me. Miss Wen, you’ve infringed my privacy. You and I are not that close. Please remind yourself who you are.”

Then Yuqi got up and left.

Seeing him getting further and further, Miss Wen stood there with her fists clenched.

“Why do you like that poor girl? You must be lonely! And when you are done playing, you will find someone like me! We’ll see!” Miss Wen said madly.

...

Qiqi was busy in the kitchen, and she was having fun working and chatting with her workmates.

Suddenly someone patted her on the shoulder and said, “Qiqi, do you have a moment?”

Qiqi wiped her sweat on the forehead and said, “I’m busy here! What!”

“Room 302 is calling for you.”

It was a newly hired waiter. He said it lightly and calmly.

But on hearing his words, Qiqi’s face turned serious.

Room 302...those spoiled women?

Qiqi’s impression about them was bad. Especially that girl who looked kind on the appearance but aggressive inside.

She wiped her hands and asked, “What do they want?”

“I don’t know. You go check yourself.”

Qiqi thought for a while, then she untied her apron and left the kitchen.

Standing in front of room 302, Qiqi knocked at the door.

“Come in please.”

Qiqi walked in. She saw the girls, and the boss.

The boss looked at Qiqi, then he shook his head.

Qiqi seemed to have sensed something. She asked respectfully, “Boss, what can I do for you?”

Qiqi smelt like spring onions because she had been working in the kitchen. The girls in fancy clothes frowned.

Miss Wen remained emotionless. She questioned Qiqi, "Did you clean my room this morning?"

"Yes."

"I've lost my diamond necklace. You took it, didn't you?"

Qiqi got alerted and she immediately denied, "No! I did not touch it at all!"

The red-haired girl covered her nose and frowned, "If you didn't take it, then why is it gone? Do you know how expensive that necklace is? You are not going to pay it off even if you work all your life!"

"However expensive it is, I did not take it. If you lose something, keep looking for it until you find it. You can't set me up!"

"But you are the only one who has stepped into this room!"

"Well, what about them? They are coming in and out all the time, too."

Qiqi's words made the red-haired woman so angry.

"So you mean we stole our own things?"

"Well, it has nothing to do with me."

"You..."

The red-haired girl was about to rush over to Qiqi but Miss Wen stopped her.

She looked at Qiqi with a cold face and said, "Stop pretending to be innocent. Take out my necklace and we can let you go. There's no way for you to regret when the police come. I heard you are going to graduate soon, aren't you? If the school finds out about this, you will be kicked out!"

"You need to show the proof. You can't just make me confess something I did not do!"

Miss Wen shook her head smilingly, "You are really stubborn, aren't you? You want proof? It's easy. Just let us go to your room and search for it."

"Search as you want. You won't find it because I never took it!"

"Well let's go and see who's lying!"

Then they went to Qiqi's resting room.

Qiqi's room was small. It was furnished with only a small bed, a table, two chairs and a closet. Looking around, everything was in your eyes.

The boss smiled, "There must be a misunderstanding. As you can see, there's no necklace."

"How do you know? We haven't searched this place carefully!"

Then Miss Wen hinted her friends to start searching.

Soon the girls started to move. They searched the closet and the area under the bed rudely. The room immediately became messy.

"You..."

Qiqi was so angry. She wanted to stop them but she had to stop. Because a shiny object attracted her attention.

The red-haired girl waved the necklace in her hand, showing that smug smile.

"Do not tell us that it belongs to you. It's an exclusive edition. As a student, you can never afford to buy this."

Qiqi was dumbfounded. She kept repeating, "How come?"

"Huh? You stole Miss Wen's necklace! I was wondering what tricks you use to attract Mr Mu. Now I know, you are a thief!"

Qiqi clenched her fists and said, "I am not a thief!"

"Then how do you explain this? Does the necklace have wings and flew to your room by itself?"

Qiqi bit her lips and did not know how to defend herself.

Then the red-haired girl walked to the door and said to the crowd, "Look, the staff here steals from her clients! How can you stay in this place? Let's leave this place as soon as possible!"

The boss hurriedly pull the girl back in the room and closed the door. He tried to calm the girls down, "Please calm down. Maybe it's a misunderstanding."

"Misunderstanding? Come on! Are you really going to defend her by saying it's a misunderstanding? Then call the police!"

The boss hurriedly waved his hand, "Do not call the police please. Qiqi is just a young girl. Give her another chance please."

"Another chance? For her to steal from others?"

"But..."

Qiqi interrupted the boss.

"Go ahead, call the police! The police will prove that I didn't do it!"

The boss was begging the girls to have mercy on Qiqi, but Qiqi did not buy it. She fought against them with no fear.

The boss couldn't afford the consequences once the police came, so he pulled Qiqi to the corner and said in a low voice, "Qiqi, don't you get it?"

"Get what?"

"I know you are innocent and I admire your integrity. But clearly, those girls want to make you suffer. Look at the way they dress themselves. They are from rich families. They have ways to make you suffer even the police come!"

Qiqi frowned, "Then what? Should I admit something I have never done?"

"Of course not. Do you remember when and where you once made these girls angry? If you can remember, maybe we can have a chance to talk to them."

Chapter 558 Whose Necklace Is It? (1)

"I'm sure I haven't offended them." said Qiqi. "I don't even know them."

The innkeeper looked back at Miss Wen, and then lowered his voice. "I saw that the girl in the lead seemed to be interested in Yuqi. So she hates you. Now Yuqi has gone into town to make a purchase. If he is there, he will definitely have a way to deal with her." he said to Qiqi.

After the innkeeper mentioned something, Qiqi suddenly got an idea.

"Maybe she deliberately set me up when Yuqi went out." Qiqi murmured.

Then she walked up to Miss Wen. "I need to talk to you."

Miss Wen raised her eyebrows. She was arrogant. "What do you want?" asked she.

"How can you let me go?"

"Since you've done something wrong, you have to accept the punishment." Miss Wen said disdainfully.

"Maybe I did do something wrong, but I definitely didn't steal your necklace."

"Then what do you think you did wrong?"

"I'm supposed to have been in someone's way. So someone hates me."

"Good, luckily, you know your situation well." Miss Wen said coldly.

"Then if I'm willing to leave Yuqi, will you let me off the hook?"

Miss Wen had no grudge against Qiqi. If she was not related to Yuqi, Miss Wen did not want to target her. If Qiqi was willing to leave him on her own, then she saved a lot of trouble.

"How do I know if you will turn back afterwards?" Miss Wen said.

"Through this matter, I have learned that I am not as capable as you. I can't compete over you. So I will leave Yuqi." Qiqi said with her head bowed.

Miss Wen was satisfied with Qiqi's words. "It seems that you are not stupid. I will let you off this time. If you can stay away from Yuqi, I won't find your trouble. If you still dare to play tricks, then I will ruin you."

"I know. I always knew what I should do."

"I hope so." said Miss Wen. Then she left with her friends, while Qiqi was still standing there like a statue.

The innkeeper looked at her worriedly. "Qiqi, are you okay?"

Taking a deep breath, Qiqi looked up at him with a smile. "I'm okay. It's done."

"She won't bother you anymore?"

"Yes, I've made it very clear to her. But there is something I need your help."

The innkeeper let out a soft sigh, and then asked, "What is it?"

"I haven't done a full year, but I worked hard and brought a lot of benefits to your inn. Can you let me leave here early?"

"You're leaving?"

Qiqi nodded gently.

"Then does Yuqi know your decision?"

Qiqi was silent for an instant. "It doesn't matter if he knows or not."

"But I think, you should tell him."

"I have to go now. Otherwise those women will keep looking for me again."

Then Qiqi came back to her room. She cleaned up her room and then packed her luggage. Soon, she prepared to leave.

As she walked down the stairs, she suddenly heard a familiar voice.

"Is anyone here? I need to check in." said a girl.

Qiqi looked up and saw Chuxue Ye.

Seeing Qiqi, Chuxue immediately began to complain. "Qiqi, we finally found you. The place where you stayed is really hard to find. Even the GPS is out of order. Anna and I almost got lost in the mountains."

Qiqi blinked hard to make sure she hadn't mistaken anyone else for Chuxue. The people standing in front of her were really Anna and Chuxue.

When she saw her best friend at this moment, Qiqi had mixed emotions. She really wanted to cry.

She lightly pursed her lips. "Anna, Chuxue, what brings you guys here?"

"Yuqi abandoned everything and left. He didn't even leave his contact information. We heard that he was on vacation with you, so we came here."

Thinking of Yuqi, Qiqi hesitated for a moment. "Sometimes he is just so willful."

"That's why we come to see if he is still alive." Chuxue teased.

"He is quite well."

"Then where is he now?"

Qiqi hesitated, not knowing what to say. And there were already people slowly gathering around, pointing at Anna and talking.

“She’s really Anna Xie, the movie star.”

“She also come here on vacation?”

“How about we go take a picture with her?”

.....

“Anna, don’t you need to wear sunglasses?” Qiqi asked. “They all seem to recognize you.”

“Never mind, I’m here to have fun.” Anna was very calm. Seeing the case at Qiqi’s hand, she asked, “Are you leaving here?”

“I am going back.” Qiqi said. “Let’s talk about this later.”

“Since we are here together, why don’t we talk it now? Why are you in such a hurry to leave?” asked Anna, puzzled.

“Qiqi, they are your friends?” The innkeeper suddenly asked.

“Yes.”

Upon hearing this, his eyes brightened. “I’m a fan of Anna. Will you get an autograph from her for me?”

“This

Before Qiqi could say anything, the innkeeper turned his head to look at Anna and Chuxue. “Hello, I’m Qiqi’s boss. You guys are staying here, right? I can help you choose a room.”

“You’re Qiqi’s boss?” Chuxue raised her eyebrows. “Qiqi is working here for you?”

“Yes.”

“What about Yuqi?” Chuxue asked.

“He is also my employee.”

Hearing this, Chuxue and Anna both showed an incredulous expression. But after they thought for a while, they felt it quite normal when things were related to Yuqi.

“Since you work here, can you show us around the area?” Anna said to Qiqi.

But Qiqi still refused. “I’m not an employee here anymore. I’m leaving here.”

“You’re leaving as soon as we arrive? Don’t spoil the fun. Please just stay for a few more days, okay?”

Soon, their conversation caught the attention of Miss Wen and her friends. She didn’t expect to run into people from the Ye and Xiao families here. If she could befriend them, it would definitely be of great benefit to the Wen’s Group. She immediately got up and walked up to Chuxue and Anna.

After Chuxue saw her, she felt that this girl looked familiar.

“Hello, I am the creative director of the Wen Group.” Miss Wen said with a smile.

Then Chuxue suddenly thought of something. “I remembered. I’ve seen you at a party. Your father praised you, saying that you are his pride.”

Hearing this, Miss Wen was very proud.

“It’s quite a coincidence. I can’t believe we would meet here. How is your trip here?”

“Yeah, pretty good.”

Then Chuxue continued to talk to Qiqi.

“Qiqi, take us to your room. We’ve brought you a lot of your favorite food.”

Qiqi was a little hesitant. She didn’t speak and didn’t move. So Chuxue suddenly felt that Qiqi’s behavior was a little strange.

Through the conversation just now, the innkeeper already knew that the two people in front of him were Qiqi’s friends. “Qiqi has been fired by me.” said he suddenly.

“Why?”

“She was suspected of stealing guests’ valuables. In order not to bring bad influence to my inn, she has to leave.”

“Qiqi would steal? What a joke. Tell me, who exactly did she steal from?” Chuxue asked angrily.

“She stole Miss Wen’s necklace” said the boss, but he was interrupted.

“Actually, there are misunderstandings. I suddenly remembered that I seem to have lent my necklace to my friend.” Miss Wen hurriedly explained.

She was trying to force Qiqi to leave here, but she couldn't possibly offend Anna and Chuxue because of her. Now she wanted to take advantage of this opportunity to befriend the two major families.

“But why was your necklace found in Qiqi's room?” asked the innkeeper.

“Maybe that necklace just looks more like mine. I guess that's not my necklace.” said Miss Wen.

Chapter 558 I Will Definitely Prove Your Innocence (2)

Then Miss Wen took out the diamond necklace. She hesitated for a moment, and then handed it to Qiqi.

Since she had said that, Miss Wen could only reluctantly give up her necklace, while her resentment towards Qiqi grew again.

Chuxue Ye looked at Qiqi, and then looked at Miss Wen. “That means this is just a misunderstanding?” she asked.

“Yes.”

“Since it's a misunderstanding, then Qiqi, you don't have to leave here. Anna and I finally have free time to come to you, you can't spoil the fun.” said Chuxue.

Qiqi did not want to mess with Miss Wen again. Today it happened that Yuqi Mu was not in the inn, so she can use the necklace as an excuse to leave the place. But the appearance of Chuxue and Anna changed her plans.

She let out a light sigh. “Okay.”

Seeing Qiqi finally agreed to stay here, Chuxue was happy. Just when she was about to go to her room with Qiqi, the red-haired girl beside Miss Wen came over to speak up.

“Hey, Miss Ye, Mrs. Xiao, nice to meet you.”

The Xiao family was a famous big family, and the red-haired girl naturally wanted to make Anna's acquaintance.

Chuxue didn't know this person and just nodded politely. “Hello. Nice to meet you, too”

“I'm

The red-haired girl was about to say something else when Anna interrupted her. "Sorry, I'm a little tired. We want to go back to our room to take a rest." said Anna. Then she turned around and held Qiqi's hand and left.

The red-haired girl was a little embarrassed.

Only when they were far away did the red-haired girl show her anger. "Hmph, what a rude actress."

"But she is also Yulin Xiao's wife. You can't compare to her in your life."

Although what she said was true, the red-haired girl still treated Anna like dirt. She immediately retorted with disdain.

"She has no background. Yulin Xiao might dump her at any time. When the time comes, she's just a family outcast."

"Maybe you're right. But now that Qiqi has friends like them, it's hard for us to force her away."

"Just now it's lucky that Miss Wen reacted quickly and had to solve the necklace matter in time, otherwise our little trick would have been seen through by them for sure."

Miss Wen, who had been silent, suddenly snorted coldly. "Since she doesn't leave, I'll ruin her reputation."

"You have a plan?"

"Of course, this time I will definitely make Yuqi hate Qiqi."

Seeing that Miss Wen was confident, several other people knew that she had a plan.

.....

When Anna and Chuxue went to Qiqi's dorm, they looked at the room and frown. And Qiqi smiled and poured tea for them.

"We have such good accommodations, but you stay here. I really can't understand you."

"As long as I'm happy, it doesn't matter where I live." Qiqi said.

"That's true, but are you really happy?"

Qiqi was hesitant, and then immediately smiled brightly. "Of course I'm happy. As you can see the environment here is great, I'm absolutely happy to work here."

“Then who were those women just now? Did they get you in trouble?”

“It’s okay. It’s all in the past.”

Hearing Qiqi, Chuxue knew there must be something wrong.

“They are the ones who falsely accused you of stealing something, right? How dare they frame you? I’m going to settle the score with them now.”

Then Chuxue got up and was about to go to them. But Qiqi stopped her.

“Don’t be so easily impulsive. You are now a bride-to-be. Keep calm, or you may get a pimple.” She said jokingly.

“Qiqi, I’m serious.”

“I’m serious too. Have you taken care of your skin lately? Look at your large pores here and small pimples, your skin is really bad now.”

Qiqi said while shaking her head as if Qiqi’s skin was really terrible.

These two days Chuxue was busy outside. She really didn’t have time to take care of her skin.

She turned her head to look at Anna. “Is my skin that bad?”

“Actually, she’s changing the subject.”

Then Anna frowned at Qiqi.

Qiqi gently spat out her tongue and smiled apologetically at Chuxue.

Looking at her expression, Chuxue knew she was being teased by her. She frowned.

“Qiqi, I was almost fooled by you. I’m going to punish you.”

Then Chuxue was trying to tickle her. Qiqi was ticklish, so she was easily subdued by Chuxue.

“Okay, guys. Just stop.” said Anna.

Qiqi stood there panting. “Since you guys are here on vacation, just relax. The hot spring in the back was just built, but it’s very good. You guys can try it later.”

“There’s a hot spring? Oh, I like the hot springs. By the way, we brought wine so we can have a drink in the evening.”

"It seems that you guys come here prepared."

"That's for sure. Tonight, let's get drunk!"

After Yuqi returned from his purchase in the afternoon, he didn't know everything that happened at the inn today. He was moving goods in the back of the van as usual, his forehead covered with sweat.

"Yuqi"

He had just carried a bag of potatoes when he heard someone shouting his name. And he was also very familiar with the voice.

He froze for a moment as the potato fell off his shoulder, nearly hitting him on the top of his foot.

Then he looked up at the few women in front of him. "Why are you guys here?"

"The inn is not yours. If you can come here, why can't we? Besides, I'm a guest and you're a waiter now. It's not appropriate for you to talk to a guest with such an attitude." Chuxue said.

Hearing Chuxue's words, Yuqi knew that Chuxue already knew everything about him here.

"I'm just asking casually. You two are welcome to come to our inn." said he, smiling.

Chuxue suddenly thought of something. "Yulin said you were going to give up everything for Qiqi. Is it true?" asked she.

"Yes, it's true."

"What's the point of doing so?"

"Then I can be the same kind of person as Qiqi. She would have no reason to reject me. Then we would be able to be well-matched both in wealth and social status." Yuqi explained.

Anna, however, snorted. "Maybe that's just your wish."

"Why do you say that? Did Qiqi say something to you?" Yuqi suddenly asked seriously.

"She didn't say anything to me, so that's why it's a problem."

Anna's words made Yuqi a little annoyed. "What are you talking about? I don't understand."

“When we came today, a woman said Qiqi stole her necklace and then she said it was just a misunderstanding. Although the matter was resolved, this still made Qiqi suffer.” Anna said.

“Qiqi is right beside you, but this kind of thing can still happen to her. But she didn’t tell you and planned to leave here on her own.” she continued.

Yuqi didn’t have pay attention to Chuxue’s nagging.

“I will deal with this matter and prove her innocence.” syaid he, then he was ready to investigate the matter. But before Yuqi could start investigating it, Qiqi looked for him first.

She stretched her arm in front of Yuqi and held up the diamond necklace. “It is not mine. Please give it back to the owner.”

However, Yuqi did not take the necklace. “Qiqi, I’m sorry for putting you through this. But I promise I will definitely prove your innocence.”

“It’s not your fault. You don’t need to apologize to me. It’s just a misunderstanding. Don’t care too much about it. That Miss Wen seems to know you, so it’s appropriate for you to return the necklace to her. I guess she must not want to see me at this moment, so I won’t go to her.”

Qiqi then put the necklace in Yuqi’s hand and turned around to leave.

“Qiqi.” said Yuqi loudly.

“What?”

“Do you believe that I can give you happiness?”

Qiqi looked at him, hesitated. “We are just friends. You don’t have to give me happiness.”

After saying that, Qiqi turned her head and left without the slightest hesitation.

It was not until Qiqi walked away that Yuqi withdrew his gaze. He held the necklace tightly, and then turned around.

“What do you want?”

“Find the person who set up Qiqi.”

“You know who framed Qiqi?”

“Although there is no proof, I already know roughly about it.”

“What a strange answer. Yuqi, even if you’re looking for someone to settle a score, don’t you need to have evidence? And even if you find evidence, you may still drive Qiqi away.” said Anna.

Anna’s words made Yuqi upset. “I’m trying to prove Qiqi’s innocence, how can I drive her away?” said he.

“It seems that you really don’t know.” Anna sighed. “Once the matter is resolved, Qiqi will leave without hesitation. On the contrary, if the matter is not resolved, Qiqi might still stay in order to prove her innocence.”

“But I have to do so, and I can’t let anyone wrong her.”

“There are many ways to find someone to settle a score. You don’t have to settle scores with her face to face. Besides, Chuxue and I will help Qiqi.”

Hearing her words, Yuqi raised his eyebrows and looked at Anna, curious. “Why are you helping me all of a sudden?”

“We are just helping Qiqi, not you.”

“Helping her is just helping me. We will be a family in the future.”

Yuqi’s words left Anna really speechless.

.....

Qiqi led Chuxue to visit the inn. Until the evening, the two sat down and discussed what to eat later.

And Yuqi had been watching the two in the side.

Chuxue just ignored Yuqi, but Qiqi cannot stand his staring. She walked up to him and asked, “What do you want?”

“What are you guys talking about? I want to chat with you guys too.” Yuqi said.

And Qiqi didn’t want him to join in their chat. She was a little impatient. “You haven’t finished your work.”

“Then why can you chat and I can’t?”

“The Chuxue is a VIP. The boss wants me to accompany them and let them have a good time.”

“I want to be VIPs too.”

“Yeah, of course you can be the VIP. As long as you become the president of Mu’s Group again, you are also a VIP.”

Qiqi clearly knew that Yuqi abandoned everything he had in order to stay here with her, so she deliberately said this. Yuqi had no choice but to turn his head and glare at Chuxue with dissatisfaction.

Chuxue was watching them for fun. When she saw Yuqi glare at her, she hurried to explain. “Don’t look at me. I’m here for a tour.”

“Yeah, really? Are you here to travel or to laugh at me?”

“That doesn’t matter. The point is I’ve brought wine. We can have a drink tonight.” said Chuxue. “What’s the recommended cuisine here?”

Yuqi didn’t answer her.

The atmosphere was a little awkward and Qiqi felt a little uncomfortable. “We hire an excellent cook at the inn. Whatever you want to eat, he cook make it.” said she hurriedly.

“I want to eat roasted duck, steamed eggs with seafood

Before Chuxue finished, Yuqi said coldly. “Why don’t you order an Imperial Feast? That way you will eat more and then grow fatter.”

“No, no, I’ve been on a diet lately. I must eat less.”

“You do have to eat less. Otherwise you won’t even be able to wear your wedding dress.”

Hearing his sarcasm, Chuxue pouted.

“Qiqi said I have bad skin and you said I’m fat. I’m really upset.” said Chuxue.

“That’s the truth.” Yuqi said deliberately.

“But I’m just joking.” Qiqi explained. “Don’t care what he said. I’ll take you to the kitchen. You can order the food yourself.”

The two walked hand in hand towards the kitchen, and Yuqi could only follow them behind.

After ordering some of Chuxue's favorite dishes, Qiqi went to the rooftop of the inn with Chuxue and Anna. From there they could just see the sunset in the mountains.

Chuxue took out her red wine and sipped it carefully. "What a beautiful sunset."

Just as she finished speaking, she suddenly smelled something. "What's that smell? It smells so delicious."

"This is our store's signature dish." said Yuqi suddenly. He walked over with the dish. "Chuxue, your sense of smell is as excellent as a dog's. You can smell the dish from so far away."

Chuxue didn't care about Yuqi's teasing. Then she also deliberately teased Yuqi.

"Sir, you are very handsome. Can I have your phone number?" She said deliberately to Yuqi.

"Chuxue, don't pretend that you don't know me. That's too boring."

Chuxue nodded and then continued. "Since the food has been served, you can go now."

"No, I'm hungry. I want to eat them too." said Yuqi and sat down.

"But you are now a waiter of the inn. You can't eat with the guests during working hours."

"No, I'm off duty now. Now I am your friend, so I can naturally sit down and enjoy the food with you." said Yuqi. "Besides, you guys have ordered so many dishes. It will be a waste of food if you can't finish it."

Then Yuqi kept on putting dishes into Qiqi's plate, urging her to eat more.

Seeing the way Yuqi kept pleasing Qiqi, Chuxue showed a disdainful expression while Anna smiled.

Then Anna poured a cup of wine for Yuqi and handed it to him. "You do work very hard. Have a drink."

He took the glass she handed him and smiled. "Thank you."

"How long are you going to stay here?" Chuxue asked suddenly.

"Isn't it good for us to live by our own hard work?"

"Yeah, it's good. But Qiqi will be graduating soon and she has to go back for the graduation ceremony."

“When we need to be present for such occasions, we will naturally go back.”

Seeing that Yuqi kept talking, Chuxue was dissatisfied. “This is Qiqi’s business. She should be the one to make the decision. Why are you making the decision for her?”

“Because that’s what Qiqi thinks.” said Yuqi. “Am I right, Qiqi?”

Chapter 559 Will You Regret? (1)

Qiqi had been busy all day without eating anything, so she was starving. At the moment, she was enjoying her food, not paying attention to what others were talking about.

When hearing her name being called, Qiqi was a bit surprised. She said, “I...”

“My friends, may I sit here with you?” Before Qiqi could finish, someone interrupted her and asked.

Miss Wen was dressed in red, looking classy and attractive, with pretty makeup on her face.

She looked too beautiful to be in this place.

Standing next to her was the red-haired girl who looked respectful.

Chuxue was direct. she turned her down, “Sorry, this is a private party. You are not welcomed here.”

“Sorry for disturbing you, but I really admire Mrs Xiao’s works. I really want to sit down and have a talk with you.” Miss Wen looked at Anna Xie smilingly.

She’s really tricky. She knew who’s the tough one and who’s the soft one.

She assumed that Anna’s easy-going just because Anna’s quiet. But she was wrong.

Anna was quite stubborn.

Chuxue thought Anna was going to say no, but Anna said in a nice voice, “Since you are here, come and have a seat. Let’s drink together.”

Looking at Anna in disbelief, Chuxue thought she heard it wrong.

Yuqi Mu frowned, then he continued eating.

As for Qiqi, she looked so calm. She turned her head away to enjoy the scenery outside.

Anna said smilingly, "What do you want to talk about, Miss Wen?"

"Actually, I've been so interested in acting. I want to open a media company but my father doesn't approve. He thinks the investment is too high and the profit is too small. Can you give me some advice on this?"

"Well, it depends on how you run the company. Whatever business you do, there's fifty-fifty chance of winning or losing. You can't have it all on your first attempt, right? I believe you have the ability to take care of it. You will hit it overnight. If your father is worried about you, why don't you invest a small media company first, and when you learn enough experiences, you can start your own company. By then you will have both experiences and connections.

Hearing Anna's words, Miss Wen looked excited. She said smilingly, "Thank you for your advice. I'll try my best."

"You are welcome. Let's toast to your bright future! I'll drink up to show my respect."

Anna drank her wine up.

Miss Wen felt so flattered. She hurriedly held up her glass and drank her wine up, too.

Then she turned to Yuqi and was about to say something to him. But Chuxue had been staring at her tightly. She was going to teach Miss Wen a lesson if she dared to misbehave.

Smilingly awkwardly, Miss Wen stood up and said to Anna, "Thanks for your advice again. I shall leave you guys alone, excuse me."

Then Miss Wen and the red-haired girl left.

Watching them leaving, Chuxue rolled her eyes. She asked Anna, "Anna, why are you nice to her? You know she has evil intentions for Qiqi!"

Anna lowered her voice, "that's why we need to give her a chance!"

Chuxue suddenly understood and said, "Ah, give her a chance to make mistakes!"

Glancing at Yuqi and Qiqi, Anna said, "We are running out of time. These two are going too slowly. Let's help push them."

"Yes, I'm planning to give my bouquet to Qiqi, so that she could be the next bride."

Anna and Chuxue were whispering to each other while Yuqi was looking at Qiqi with his eyes full of love.

It made Qiqi embarrassed. She stood up and walked to Anna and Chuxue.

“Hey, quit talking secrets! Come and drink together!”

Chuxue raised her glass and said, “Okay, you drink it up first!”

“Why should I drink first?”

“Shouldn’t you be thankful for us? We have helped you a lot since we came.”

“Well, you are right.”

“Then, to show your gratitude, why can’t you drink first?”

“Eh...”

“Yes she should drink. But Qiqi will have a headache if she drinks too much. I’ll drink hers.”

Yuqi suddenly stood up and blocked Qiqi. He raised the glasses and drank it up.

Brave and gentle as Yuqi might seem, Chuxue did not buy it at all. She said, “Did Qiqi ask you for help? If she didn’t, then what you did is meaningless.”

“You asked us to drink and we did. But now you are saying it doesn’t count. Hmm, you are unreasonable!”

“I am reasonable! It depends on Qiqi!”

Qiqi just wanted to enjoy the drinks and meat but she got disturbed again and again. So she patted the table and said impatiently, “Want me to drink? A piece of cake! Stop nagging!”

Then Qiqi raised her glass and bottomed up.

Chuxue got excited when seeing Qiqi like this. She shouted, “Look how determined Qiqi is! I will drink this up for her!”

The two women thus got high. One glass after another, soon half bottle of wine was gone.

Anna sighed and stopped the two, “Should you eat something? Don’t drink too fast, or you’ll get drunk.”

Push Anna's hand away, Chuxue said carelessly, "We'll drink till we get drunk! Do not think too much! Anna, you don't have tasks tomorrow, come and drink with us!"

Then Chuxue gave Anna a glass of wine and hinted her to drink it.

"Crazy woman!"

"Crazy woman is asking you to drink, so you'll drink or not?"

Anna did not want to ruin everyone's good mood, so she drank it.

Seeing Anna drink the wine, Chuxue nodded smilingly, "Yeah that's my girl! I hate it when you nag!"

The three girls were having fun while Yuqi was left alone there.

But he was okay with that, because he knew at the moment Qiqi was happy.

"As long as she's happy, she could drink as much as she wants. If she gets drunk, I'll be taking care of her." Yuqi thought.

Looking at Qiqi smilingly, Yuqi's eyes were full of softness and warmth.

Though standing from a distance, Yuqi's eyes were like an invisible net that tangled around Qiqi.

Qiqi was standing with her back on him, pretending that she knew nothing.

But Chuxue did not give her the chance to keep pretending.

"Hey, Qiqi, are you tired from work everyday?"

"We feel fine."

"Is Yuqi always starving?"

"Not really."

"Then why is Yuqi looking at you as if you are a giant chicken leg?"

The metaphor made Qiqi uncomfortable, "What? Am I as oily as a chicken leg?"

"Do not change the topic! How is it going between you and Yuqi?"

Qiqi's eyes were blinking, "What between us? It goes just like that."

Anna joined their conversation, "It's really rare for a man to give up everything and live a secluded life with you in the mountain. It means you are really important in Yuqi's heart."

Qiqi hurriedly stopped them, "Let's not talk about this now, shall we?"

"It's now or never! You want to wait until Yuqi goes crazy? Look at what he has become now! Give him an answer now! Whatever it is, don't leave him hanging!"

Qiqi hesitated and turned her head to Yuqi.

He still looked attractive and gentle.

But he looked exhausted, with those unshaved beard on his chin and those simple clothes he's wearing.

He should be wearing delicate suit with nicely arranged hair, instead of letting the mountain here cover his charm.

Moving her eyes calmly, Qiqi said, "I did not ask him to come. He wants to stay. I was having a vacation here, but because of him, I became a worker. I am innocent!"

"Then are you happy?"

Was she happy?

Qiqi had never thought about this question. But indeed, she feels so relaxed here. Days went by so fast, with Yuqi around, playing and arguing.

She assumed this should be called happiness.

Looking back on the days that had passed, Qiqi raised the corner of her mouth.

"Well, kind of."

Seeing Qiqi's look on the face, Anna knew she wasn't telling the truth.

But what Anna said next took away Qiqi's smile.

"While you were away, Yuqi was really upset."

Qiqi got silent and said nothing.

"He looked like a different person. He went to your school, the dessert shop, the tutoring school, the hotpot restaurant and so on. He just sat there doing nothing. He just wanted to feel your aura."

“He became a quiet person. We did not know what he was think about. We wanted to commfort him but don’t know where to start. Until one day when he heard the news about you, he finally came back to life. Then he started to ask me about you everyday.”

“You said you want some time alone, so he gave you enough space; you said you want your life undisturbed, so he hid himself carefully somewhere you couldn’t see him and thought about your past alone. Seeing Yuqi like this, won’t your heart ache?”

Of course, Qiqi’s heart ached.

She couldn’t imagine what Yuqi would be like when he got silent.

In her eyes, Yuqi was like the sun in the sky shining brightly. He shouldn’t be in this mountain being just a nobody.

Seeing Qiqi get silent, Chuxue added, “We wouldn’t say anything for him if he had totally forgotten you in the past two months. But he’s really like a changed person. He did not go to parties. He cared nothing but his work. Girls would throw themselves into his arms, like this miss Wen, but Yuqi never gave them the chance. He had been waiting for you.”

Breathing lightly, Qiqi closed her eyes and said, “It’s my fault.”

Hearing Qiqi’s words, Chuxue shook her head hurriedly, “You still don’t understand Yuqi heart now? So he has suffered for nothing?”

“What?”

“Yuqi could endure loneliness but he couldn’t not endure you ignoring him. He’s done so much for you and you know what he wants in return!”

Qiqi lowered her head and said, “But I can’t give him that.”

“Yes you can. If you want, you can be a happy couple.”

Holding the wine glass in her hand, Qiqi frowned, “But I am afraid I can’t give him what he really wants.”

“We are living our lives while learning. Happiness must be earned, not granted. Life is long and full of possibilities. You can’t just give up on him just because you are not sure. It’s not fair.”

“Besides, you like him, too. Why can’t you give each other a chance? You might never find someone like him in your life. Won’t you regret?”

Will I? will I regret? – Qiqi thought to herself.

She closed her eyes and felt deeply disturbed.

While Qiqi was hesitating, the alarm sounded outside of the hotel. It drew everyone's attention.

Chuxue got up and went to the window. She said, "What's going on? How come the police is here?"

The police walked in the the hotel. The owner went up immediately. He asked respectfully, "Hi, what can I do for you?"

"We got a call saying someone's using drugs here."

"Huh?"

The owned stared his eyes in disbelief.

"Ask your guests out. We will inspect them all."

"Yes, officer."

Chapter 559 Will You Regret? (2)

The owner of the hotel had to give the order to the staff, letting them notify the guests to come out for inspection.

It was nap time, so a lot of guests were complaining.

"Who did id? Who was using drugs? Why not come out? Why ruin my nap time!"

"My good vacation is also ruined!"

The complaints went louder and louder. The police had to warn them, "Quiet! Do not chat!"

Then the people had to be quiet.

After a while, a police officer came out and shook his head to his captain, "We found nothing."

The captain frowned, "Was it a false alarm?"

Hearing this, the owner of the hotel hurriedly nodded, "It must be! My guests are decent. They won't use drugs!"

The captain still frowned and looked at the crowd.

Seeing Anna Xie in the crowd, the captain pointed at her, "Are you Anna Xie, the movie star?"

Anna was calm, "Yes."

"Take out your personal belongings please."

Apparently, he's suspecting Anna.

He did not say anything, but Anna is a star, so people are accustomed to judging a star.

Just like now, the police was only asking Anna to cooperate, but a lot of people had already believed Anna was guilty.

Anna was still very calm. She laughed lightly and asked, "what, just because I am a movie star, I become a suspect?"

The police did not say anything. He just said with a serious look, "Please do as I said."

"Of course, I understand, it's your job."

Then Anna took the police to her room and watched them searched every corner.

After the inspection, the police found nothing, so he went back to his captain to report.

The captain frowned lightly and said, "Sorry."

Anna was very reasonable, "It's okay. It's your job."

The police came and found nothing, and caused inconvenience for the guests.

And the one who started this, was a voice from a male or female behind the phone.

Thinking of this, the captain felt angry and looked more serious.

"Who was fooling the police? This person must be punished!"

Someone suggested, "Captain, that person must know we have a star here and want to make some noise around here. We should get the caller's phone number, then we'll know who made the phone call."

The captain nodded and told his man to get the number from the calling center.

Soon the captain got the number and he dialed it with his phone.

Ding...

Qiqi's phone started to ring. It sounded so harsh.

This phone was given by the owner of the hotel.

The hotel is not big with only a few floor. Whenever the boss needed Qiqi, he would made a call.

Qiqi had just got this phone so she's not quite familiar with the ringtone.

It took her a while to realize it was her phone.

Qiqi said hello but nobody was talking.

"Strange, is it a harassment call?"

So she hang up the phone and complained. And when she looked up again, she found everyone staring at her with a strange look.

Seeing the police who had his phone in his hand, Qiqi's heart sank.

The red-haired girl looked at Qiqi and said, "Aren't you Mrs Xiao's friend? Why? Why do you want to frame her?"

"I didn't!"

"But the truth is here! Or you think the police is lying? Look at you, you've drunk too much. So it's a drunk behavior?"

"Hay! I say, she took money from paparazzi. Maybe tomorrow Anna's name will be the headline."

"God! How evil! You are friends! How could you do this to your friend! What a bad fortune it is to have a friend like you!"

Miss Wen's friends started to mock and condemn Qiqi.their words sounded so harsh.

"Shut up! All of you!"

Yuqi Mu suddenly shouted. His voice startled those girls.

Miss Wen hurriedly hinted them to be quiet. Then she turned around and looked at Yuqi gently, "Mr Mu, let the police handle this."

"Aha! You upstarts!"

Before Yuqi said something, Chuxue started to mock the girls.

And Chuxue's words made the girls blush.

Seeing them looking at her angrily, Chuxue said, "Aren't you? You do not know anything about the Ye family and the Xiao Family. Do you think this kind of news will affect our families? You are so naive!"

The red-haired girl said boldly, "Maybe you are powerful, but you can't go against the law!"

"You are the ones that keep ignoring the law!" Chuxue turned around and looked at Miss Wen, "do you think we are a group of dumb sh!ts? Use your brain when you want to frame someone!"

"What?"

"Qiqi is our friend and we know she's a decent person. Do you think we will believe your words and turn our back on Qiqi?"

Miss Wen showed a mild smile and explained, "Don't get me wrong. I have nothing to do with this. The police found out the tricky caller."

"Good, let the police witness what good deeds you have done! Come, let's check the camera!"

Hearing this, Miss Wen and the red-haired girl's faces turned pale.

They had already checked that there's no camera in this hotel, that's why they dared to set Qiqi up for stealing the diamond ring.

But why was there a camera?

Under the eyes of Miss Wen and the red-haired girl, someone took out a laptop, in which there was a piece of video.

In the video, Anna and her friends were drinking and chatting on the penthouse. The red-haired girl stole Qiqi's phone and made the phone call, pretending to be Qiqi. Then she put Qiqi's phone back without being noticed.

It was a perfect secret but at the moment it was exposed to everyone mercilessly.

The red-haired girl was dumbfounded. The plan was supposed to work! What to do next?

She turned around and looked at Miss Wen. Before she talked, Miss Wen scolded her angrily, "How could you do this! I know you don't like Qiqi, but how can you set her up! It's filthy!"

The red-haired girl was stupefied. Then she realized that Miss Wen was abandoning her.

"..."

"Do you know how sad your mother will be when she finds out about this? You are her pride! If you make a mistake, you will lose your qualification in competing with your brother for your family property!"

Clearly, Miss Wen was threatening her, remind her to take the responsibility, or she might lose Miss Wen's support in the family battle!

Hearing her words, the red-haired girl hesitated.

Right at this time, Chuxue said again calmly, "Your mother can't help you, but I can. Your brother is a playboy. If you can get the investment from the Ye's Group through your own effort, I am sure your father will be very happy."

Chuxue's words got the girl excited. But Miss Wen's face turned pale.

"Do you mean it?"

"Of course. As long as you tell the truth, I'll keep my promise."

"Okay, I'll tell everything."

The red-haired girl was about to say something when Miss Wen stopped her again.

"Think twice! You can't afford to lose!"

Miss Wen was still trying to threaten her and manipulate her.

But at the moment, the red-haired girl had found a bigger support. She would no longer show any respect to Miss Wen.

"I'll tell everything I know," the girl then pointed to Miss Wen and said, "she's the one behind all these silly sh!t. She hates Qiqi and wants Qiqi to disappear totally, so that she can have a chance to be with Mr Mu!"

Everyone was stupefied.

“Not only so. She told me to hide her diamond necklace inside Qiqi’s case to set Qiqi up. She wants to ruin Qiqi!”

It’s unbelievable! Miss Wen looked so nice¹ who could believe she actually had a heart of a snake!

Being accused by everyone, Miss Wen panicked.

“She’s lying!” Miss Wen looked at the red-haired girl hatefully, “I’ve been so nice to you and take you as my best friend. Why do you set me up? I see, you must like Mr Mu too, so you did these filthy things. Then you want me to take the responsibility for you, right?”

Seeing Miss Wen was still lying, the red-haired girl hummed, “Good friend? You think I don’t know? All you need is a loyal dog who could bark for you! As for who likes Mr Mu, why not let them check your phone? How many pictures of Mr Mu are there in your phone? Should I tell them?”

Hearing her words, Miss Wen’s face got dead pale. She stared at the red-haired girl and really wanted to rush up and tear her into pieces!

Chuxue hummed and said, “Officer, did you hear that? You must know who to arrest.”

“Miss, come with us.”

Like a dead man with a pale face, Miss Wen turned around, trembling.

When she waked past Chuxue, she heard Chuxue saying, “You think this is the end? Yuqi is not done with you!”

Hearing her words, miss Wen hurriedly turned around, only to see Yuqi’s cold and sharp eyes staring at her.

She trembled. She’s like a prey about to be attacked by the predator.

She felt so cold and scared.

She then looked at Qiqi and showed a poor look, “What about now, is it too late for me to say sorry to you?”

Qiqi was emotionless. She asked back, “What do you think?”

Miss Wen felt hopeful again. She said, “I’m sorry, I was too obsessed. Can you cak Mr Mu to forgive me?”

“Are you begging for mercy? You should be responsible for your mistakes. You should be punished or you will still cause trouble for others. Sounds familiar? You told me these words!”

With her pupils shrinking, Miss Wen cursed, “You hold grudges! A filthy rat!”

“I am a filthy rat, but you are a fake saint!”

Miss Wen still wanted to say something but the police pushed her, “Alright, let’s go! Hurry!”

Thus, a drama ended like this and the crowds all left.

Chuxue stretched her body and yawned, “Great! We’ve finally got rid of the annoying person! We can enjoy our vacation now!”

Qiqi had drunk a lot and she felt dizzy. Plus the drama, Qiqi felt a headache. She wanted to go back to her room and rest.

She kneaded her temple and said, “I am exhausted. You can play as you want but I really need a rest.”

“Come on! What a bummer!”

“I’m really tired! See, my eyelids are colliding!”

Then Qiqi showed Chuxue her sleepy eyes.

Chuxue patted her on the shoulder and said, “Okay, off you go.”

As Qiqi turned around, Yuqi was about to follow her.

Chuxue hurriedly went up, trying to stop him, but Anna stopped her.

“It’s okay, let them talk. Qiqi must have a lot to say to Yuqi now, I supposed.”

“But I’, afraid Yuqi will bully her.”

“Didn’t you notice it? It has always been Qiqi who’s bully Yuqi. This playboy finally has a weak point.”

“You are right! Finally there’s someone who can grab his heart!”

“Shall we keep drinking or go back?”

“Of course we will drink here! So much good food!”

Chuxue and Anna went back to the table feeling relaxed.

But Qiqi felt pressure.

She knew Yuqi was walking behind her and she should talk with him.

But where to start?"

With this question, Qiqi paced up and walked faster and faster.

"Qiqi! I have something to tell you!"

Finally, Yuqi took the first step.

Qiqi had drunk too much, she felt dizzy. And she could see Yuqi floating in front of her eyes.

"What...what do you want to say?"

Yuqi looked at Qiqi serious and said, "Qiqi, let's run away!"

Huh?

Qiqi was surprised. Then she frowned and scolded him, "Yuqi! Don't joke with me!"

Yuqi showed a serious look and said, "I mean it. I wanted to live with you in the mountain but we still get disturbed here. Let's go to another place, where nobody knows Yuqi Mu, shall we?"

Looking at Yuqi in the eyes, Qiqi asked, "Are you really willing to give up everything for me?"

"Yes and I did."

Qiqi felt her eyes were teary, "You won't regret? You'll feel bored if you leave the fancy city life."

"I won't feel bored when I'm with you."

"you are only say so. One day you'll get bored, even if you are with me."

Yuqi squinted and looked at the distant place, "It's a big world. There are many interesting thing to do and interesting places to go. We can go to Africa to see elephants and giraffes, go to Australia to see kangaroos, go to Europe to see fancy building and Latin America to watch football games. What a wonderful world it is! We don't have tome to get bored!"

“and if we run out of money,” he added, “we can make money with our own hands. Like what we are doing now in this hotel. When we make enough money, we can start again. And when you are tired, we can settle down in your favorite city and get married there. We will have kids, boys like me and girls like you!”

Chapter 560 Let's Be Together (1)

Hearing about Yuqi's fantasy, Qiqi showed a light smile, “It's a wonderful illusion!”

“It's not an illusion! It's our future life! We can forget who we are and experience different lives. We can live for ourselves! We are equal to each other. No one is nobler than the other.

After saying this, Yuqi was waiting for Qiqi respond. But Qiqi showed no reaction. He asked, “Why aren't you talking?”

“Because I am a bit impressed.”

“Wow! Then it's a deal! Let's...”

“I am not impressed by your plan. I am impressed by what you've done for me.”

Qiqi's word got Yuqi dumbfounded. He looked up and watched Qiqi. A unique feeling arose from his heart.

“This whole time, it is you who's been chasing after me. We were actually not equal. I thought we were unequal in our status, but I was wrong. We were unequal in terms of givings and takings in this relationship. I do have feelings for yo but I dared not face my heart. Compared to me, you are much braver. You dare to love and hate. You can be so free because you have a lot of things, but I have nothing to lose because I have nothing!”

Yuqi seemed to have understood what Qiqi meant but he was not sure about it.

He blinked his eyes and asked, “So you mean...”

Qiqi took a deep breath and looked at Yuqi, “I would very much like to see elephants and giraffes, kangaroos and building.”

“You are saying...”

“Yes, let's be together!”

Qiqi's words made Yuqi laugh so happily. His smile was so big that his mouth corners were about to reach his ears!

"Qiqi, am I dreaming? Do you really...really..."

"Yes, I meant what I said."

Yuqi ran up to her and hugged her tightly in his arms, as if he was about to squeeze her into his arms.

"Qiqi! I finally got you!"

Being hugged by Yuqi, Qiqi felt dizzy.

She leaned her head against Yuqi's shoulder and said, "You are hugging me too tight! I can hardly breathe!"

"Okay then, I'll let go!"

Then Yuqi let go of Qiqi.

Qiqi could finally breathe. But she felt something warm on her lips and she was surprised.

Yuqi's kiss was loving and overbearing. It was like the soft seawater, surrounding Qiqi tightly and making her want to sink into it.

Well, since she's in love with this feeling, then sink!

Qiqi closed her eyes lightly and wrapped her arms around Yuqi.

The next day...

It began to rain at midnight. But it stopped in the morning. The sun came out.

The air was humid because of the rain. A smell of the fragrant flowers and trees was floating in the air.

Qiqi felt so comfortable to wake up in such a beautiful morning.

She sat up from the bed and stretched her body, feeling refreshed.

She stood up and drew the curtain. Out of the window, the beautiful scenery of the mountain was hidden behind the white fog. It was so pleasant for the eyes to watch.

While Qiqi was enjoying the beautiful view, someone downstairs started to yell, "Time for breakfast!"

"Okay! I'm coming down!"

Qiqi cleaned herself up and went downstairs.

The breakfast were available to the guests, but few guests would like to get so early. Normally, the staff had breakfast first.

Yuqi came to the canteen earlier than Qiqi. He sat by the table and was filling his bowl with porridge.

As soon as he saw Qiqi, Yuqi hurriedly waved at her. He said smilingly, "Come, Qiqi, it's your favorite fried rice cake!"

Seeing Yuqi, Qiqi suddenly thought of something and her face blushed.

She sat on the other side of the table feeling awkward. She kept her head lowered.

But Yuqi came to her and sat beside her. He even touched her shoulder on purpose.

Qiqi felt uneasy, "Why are you so close to me?"

Seeing that Qiqi was like a different person, Yuqi stared his eyes round right away, "are you pretending that you've lost your memory?"

"What memory?"

"You said yes to me! You agreed to be my girlfriend last night! Qiqi, if you dare to regret, I'll bite your neck!"

The Yuqi gritted his teeth.

Oh God! It's real!

Qiqi thought it was a dream, a sweet and beautiful dream. She didn't even want to wake up from it.

Seeing Qiqi was absent in mind, Yuqi stood up suddenly and showed an evil look.

Qiqi hurriedly stopped him from coming to bite her, "Don't be impulsive! I won't regret. But it did feel like a dream! I drank too much!"

"Well, I'm telling you, it's not a dream. Wake up, you!"

“Okay, okay. Are you questioning a suspect or chatting with your girlfriend? Be nice!”

Qiqi frowned and Yuqi immediately turned mild. He smiled, “I am just afraid you might run away again. Qiqi, I wanna hug you now.”

Qiqi took a while to calm down but on hearing Yuqi’s words, her face blushed again.

Moving his body uneasily, Qiqi said, “We are eating. Don’t get too close to me.”

Qiqi got further, so Yuqi followed. He laughed, “Come on! There’s no one else! Let me kiss you! Just one kiss!”

Then Yuqi leaned his mouth closer.

Before he was able to kiss his lover, some unpleasant voice came.

“Hay! What a decay world! Look at these young people! Look at what they’ve become. Control yourselves!”

His good business getting ruined, Yuqi showed a bad face.

“Yes, next time I see Zhao Nangong, I will tell him to control his desires. Because Chuxue doesn’t like it.”

Chuxue crossed his arms and said smilingly, “Hey, we are talking about you! Do not target me!”

“I don’t need you to remind me of my business!”

“What an ungrateful rat! We were helping you yesterday! Now you no longer need us, so you dumped us. Hay! What a cold world!”

“Chuxue, quit talking nonsense! Come and eat breakfast!” Qiqi pulled Chuxue and Anna Xie and said, “why are you up so early? Why not get more sleep?”

“The early worm gets to see the show!”

Chuxue’s joking words got Qiqi speechless.

Anna pushed Chuxue, “Come on, it seems they are finally together. Let’s not tease them!”

Chuxue was happier than anyone else. She joked because she was too happy.

After a while, guests started to come down for breakfast. Chuxue stopped joking and started to eat quietly.

After breakfast, Chuxue asked, "Qiqi, we are going back today. Will you go with us?"

"You only stayed for one day?"

"Yes, we came for an aim. Now that the mission was completed, we surely can go."

Hearing this, Qiqi felt so warm in her heart.

She then turned to Anna and said, "By the way, Anna, I need a favor from you."

"What is it?"

"Leave a picture of you with your signature on it. My boss is a big fan of yours!"

Anna said generously, "Tell him to come over, I can take a picture with him!"

"Let me go and find him!"

Qiqi got up and was about to find the boss.

But all of a sudden, the boss showed up and startled Qiqi.

"Boss, when did you come?"

"I was passing by. Have you had your breakfast?"

"Ah, yes."

Looking at the boss up and down, Qiqi lowered her head and laughed.

He was just passing by? Dressed up so formally?

Seeing Qiqi giggling over there, the boss pushed her and urged, "Hurry, Qiqi, take a picture for us!"

"Okay, okay!"

Qiqi took away her smile and took over the camera, then she took a picture for her boss and Anna.

Standing beside Anna, the boss looked nervous, but his smile was really bright and his eyes were squinted.

After this, the boss held the phone in his hand like holding a precious, then he left happily.

Hmm, the boss actually showed a crazy and cute side! He was not that type of serious like he used to be!

Qiqi smiled, then she realized Chuxue was looking at her.

“What?”

“you haven’t answered my question!”

“I…”

Yuqi immediately interrupted Qiqi and answered, “We won’t go back this time.”

“No?”

“No. We will stay and enjoy our country life.”

Hearing this, Chuxue looked helpless.

“Yuqi! How long are you going to sneak around? You’ve got the heart of your loved one. It’s time to go back and work!”

“I’m serious! We…”

“Yuqi, let’s go back.”

Qiqi interrupted Yuqi and Yuqi was shocked.

“What did you say? Qiqi?”

Qiqi repeated calmly, “I said, let’s go back.”

“But you don’t like living in the city!”

“Well, I have chosen you, so I will accept everything about you, good or bad. It’s no use hiding. Besides, I need to grow. I can’t always depend on you.”

When she said this, she was smiling.

Seeing her smile, Yuqi raised the corner of his mouth too.

Seeing the two getting along well, Anna and Chuxue smiled in relief.

Anna put her hand on Qiqi's shoulder and smiled, "That's right. Qiqi is going to be my manager in future. She'll make a good manager. You'll have to make a reservation if you want to see her."

Yuqi smiled and said, "You are right. Okay, let's all go back. But Qiqi, I'll announce our relationship to the public. You can't hide any more!"

"I've promised you. So I won't regret."

"Hay! Don't talk like you had never regretted."

"What are you saying?"

Yuqi hurriedly shook his head and smiled, "Nothing. Let's hurry and pack up. We need to go before noon. The sun is too hot!"

Seeing Yuqi smiling so happily, Chuxue sighed, "Hmm, it seems only Qiqi can save you. Finally, you are normal!"

"Yes, Qiqi is my cure. I'll be alright as long as she's with me."

The romantic words made Chuxue tremble.

She crossed her arms and pouted her mouth, "I have a feeling, that they'll not stop showing their affections to each other in future!"

Anna laughed, "It's so much better than being a dead man. Hope they can be happy."

...

Hearing that Qiqi was about to leave, the boss cried his eyes red. He kept telling her to come back often. He also warned Yuqi not to bully Qiqi.

Yuqi was unsatisfied with this. He had helped work in the hotel too. Why did the boss only care about Qiqi? He did not say thanks at all, and even considered Yuqi a bad guy who always bullied Qiqi. "Am I really that bad?" Yuqi thought.

Yuqi looked annoyed but Qiqi was very impressed.

It might be a misunderstanding for Qiqi to stay in this hotel, but she felt so lucky to have known the boss.

She had learnt a lot here and met many new friends. The most important of all, she found her confidence and got the courage to be true to her heart. And, she found her true love.

This hotel held so many memories and she'll always remember this place.

After saying goodbye to the boss, they went off the mountain.

Qiqi went back to school first. Yuqi was forced by Anna and Chuxue to go back to the Mu Family to handle family business.

Qiqi waved his hands to Qiqi, not wanting to leave her.

Chapter 560 Let's Be Together (2)

Qiqi was quite direct. She just waved her hand, turned around and left.

Watching Qiqi leave, Yuqi Mu was both upset and angry, yet he could do nothing about it.

"This ungrateful little b.rat!"

"Come on, let's go! Now you'd better think of a good excuse. You'll have to explain yourself to my uncle and aunt in-law."

Yuqi shrugged and said carelessly, "There's nothing worth explaining. I'll tell them honestly that I found a daughter in-law for them."

"Huh? You talk as if Qiqi would marry you."

Yuqi frowned and looked at Chuxue Ye, "Chuxue, why are you saying these discouraging words all the time? Can't you give us some damn blessings?"

"I need to remind you not to be too proud."

"I am proud now. I've got a girlfriend. Isn't it worth being happy for?"

Seeing Yuqi's smug look, Chuxue and Anna Xie felt so helpless about how to deal with him.

At the same time, when Qiqi got back to school, she greeted the teachers and fellow students warmly.

But several students still tried to avoid her. They either turned their heads away or left directly. Qiqi, which made Qiqi confused.

When it's time for dinner, Qiqi went to the dining hall alone.

She finished dinner soon and went back to her dorm, feeling discouraged.

Right at this time, Qiqi's phone rang. She checked it and saw it's from Yuqi.

Yuqi asked Qiqi to come down. He sounded excited.

But Qiqi was in a low spirit. She only answered him word by word.

Yuqi felt strange. But thinking that they would meet soon, he did not ask her about it.

At the school gate, Yuqi was standing by his race car, with a lot of girls giving her admiring looks.

But Yuqi did not care about them at all. He just kept his neck stretched and stared at the school gate.

Finally, his beloved girl came out. He smiled right away.

"Qiqi! I'm here!"

Hearing Yuqi's voice, Qiqi nodded and walked to him.

"Get in, I'll take you out for some night snacks."

"Where?"

"We'll see while driving."

As soon as they got in the car, Yuqi started to become a chatterbox.

"Qiqi, as your boyfriend, I'm really smart. I handled my parents with without any effort. They did not punish me, what's more, they even invited you for lunch!"

Qiqi was surprised. She looked a bit awkward, "It's too soon!"

"No it's not! I think it's about too late!" Yuqi still wanted to say something but when he turned to Qiqi, he found that Qiqi was in a bad mood. He remembered Qiqi did sound blue in the phone, so he asked, "Why the long face?"

Qiqi frowned and said, "It's so strange! Everyone was avoiding me, as if i were a ghost. I did not mess with them. Why are they treating me like this again?"

"Did you do something to offend them?"

"I was away from school for a long time. How is it possible that I did something to offend them?"

"You are right," Yuqi turned his eyes and said, "Hmm, I think I know why."

“What?”

“They still don’t know you and I are in a relationship.”

Qiqi was expecting a serious answer, but Yuqi was teasing her again. She rolled her eyes at him.

“Stop feeling good about yourself! It has nothing to do with you!”

“Yes it has! What would people do, knowing you don’t have a boyfriend?”

“Eh...introduce me a boyfriend?” Qiqi said.

This answered shocked Yuqi and he almost hit the car in front of him. He turned his head to Qiqi, gritted his teeth and said, “What the hell are you thinking about! The first thing people would do, is worried that you might ask them for your watch!”

Qiqi was stunned, then she understood it too.

“That makes sense. I did that before, so they are scared of me. But do they really have to avoid me because of this?”

“Silly girl! as long as you let them know that you are my girlfriend, you’ll not have to worry about it any more.”

Yuqi then hit the b.rake of the car.

Qiqi’s body was moved and she looked out of the window, “Are we here?”

“no. We are going back to school now.”

“Why? You want to eat hotpot?”

Yuqi was so helpless. He said, “All you want is eating. No, we are going back to school and tell everyone about our relationship.”

“We do...do it now?”

“Yes! Or when do you want to let them know? I want to tell the whole world that you are Yuqi Mu’s girl and other men should stay away from you!”

Yuqi did not realize that when he said this, he was actually gritting his teeth.

Yuqi is a successful businessman, but he still gets nervous in front of Qiqi.

The reason why he’s not confident was his age.

When he was a student, he never cherished his school years. He was so eager to grow up and live as an adult, thinking that adults could do whatever they could.

But when he really grew into an adult, he realized how naive he was. There's no such thing as "invincible". It's all bullshit.

Now, Yuqi admired the boy students in the school. They were about the same age with Qiqi. They were so young and energetic.

But look at him, he's got nothing but money.

Of course Yuqi kept the feeling to himself. He would never let Qiqi know how he felt about himself. He had to look strong and charming in front of her.

But Qiqi did not notice what he was thinking. At this time, she was only concerned about what she would face when people should know about their relationship.

She could handle the rumors inside the school, but she was worried about what the medias would say.

She was wondering if she was well prepared enough to handle those evil rumors and intentions.

While she was sunk in thought, Yuqi pinched her hand lightly.

"What are you thinking about?"

"Qiqi shook her head, "Nothing."

"You were absent in mind! Are you nervous?"

Qiqi did not answer him, which meant yes.

"Leave it to me. Don't think too much."

Then Yuqi held Qiqi's hand and walked into the school.

The two of course caused a lot of attention.

People even turned around to look at them and talk about them.

Qiqi's classmates stared their eyes round, not knowing what to say.

Qiqi had never experienced this. Her face blushed immediately.

Yuqi was quite calm. He even put up a big smile.

It looked as if he was about to give people candies if he had some.

The captain of the tourist team saw them and got surprised.

Yuqi knew him and waved at him smilingly.

The captain was confused. He asked, "Qiqi, are you in relationship with Mr Mu?"

Qiqi was not accustomed to being asked this question. She nodded rigidly.

Though Qiqi admitted it, Yuqi was not pleased.

It's a good thing, why did Qiqi have to act like someone was forcing her?

Yuqi was unhappy. So he wrapped his arm around Qiqi's shoulder and said, "Yes, we are in love. Give us your blessings!"

"Ah, you are together. You two finally admit it. Good for you!"

"Thank you!"

"Then, the watch..."

Yuqi waved his hand, "It's a gift. We won't take it back. Don't worry."

Hearing this, the captain smiled in relief.

"How generous Mr Mu is! Then wish you have kids soon!"

"Haha! I like this kind of blessings!"

"I shall leave you alone. See you around!"

The captain left happily but Qiqi was angry.

"Bullsh!t!"

"Bullsh!t? Those are nice words!"

Qiqi stared her eyes and Yuqi immediately got soft.

"Don't worry, the captain knows it, the whole school will know it. Tomorrow no one will avoid you. No more worries!"

"Really?"

“Of course! I guarantee!”

Qiqi licked her lips and said, “Fine, I’ll believe you this time.”

“Actually, it’s nothing big deal. The real big deal is about you.”

Yuqi suddenly got serious, which got Qiqi’s heart to her throat.

“What big deal about me?”

“Your parents.”

Hmm, it’s really a big deal.

Qiqi frowned again, “Why does it have to be so troublesome?”

Look at the other lovers, they are having fun eating and drinking, watching movies or going shopping, how romantic!

Qiqi just couldn’t figure out why it’s different when it comes to her.

Seeing Qiqi’s face, Yuqi held her arm and asked nervously, “Qiqi, did you regret?”

“What?”

“Let me telling you, now you are my girl and everyone knows it. You can’t just dump me!”

Qiqi was speechless.

But Qiqi’s silent got Yuqi worry again. He started to nag around Qiqi.

Finally, Qiqi saw her dorm. She interrupted Yuqi and said, “I’m so tired. I wanna go back and rest. Let’s talk about it tomorrow.”

Qiqi was about to leave but Yuqi pulled her back. He said, “Give me a goodbye k!ss!”

Seeing so many people passing by, Qiqi punched Yuqi and said, “Stop it! They are watching!”

“Don’t worry! We are in love and we don’t have to care about what others say. Come on, k!ss me!”

Then Yuqi leaned his mouth closer.

Feeling hard to get rid of him without giving him a k!ss, Qiqi closed her eyes and wanted to do it simply.

But she seemed to have forgotten who Yuqi was. He gave her a french k!ss directly! That k!ss lasted for a long time!"

Seeing them k!ss, the passers-by could feel their romance.

Qiqi felt her l!ps were swollen. They looked red and se.xy.

Yuqi really wish that they were not in public. He really wanted to swallow her!

"Eh...it's getting late. Go back and have a good rest."

Yuqi was still lost in the feeling, "I want to stay longer with you."

"But I want to rest. Let's talk about it tomorrow. Bye."

Then Qqi turned around and escaped.

Watching Qiqi leave, Yuqi l!cked her l!ps like a wild beast.

I'll let you go fist, I'll swallow you some other day!

...

Because Yuiq was too crazy that day, Qiqi was a bit scared. She hadn't met him since that day.

But Yuqi did not know what to do. He panicked. Finally he had to ask Anna for help, letting her figure out wqi was thinking.

He was really scared. He's worried that Qiqi might regret.

Anna found Qiqi soon.

At first, Qiqi was too shy to tell what had happened the other day.

Then Anna tricked her to tell the truth. Hearing the truth, Anna laughed for quite a while.

Seeing Anna laughing like that, Qiqi was annoyed, "Come on, how can you still laugh!"

Anna wiped the tears by her eyes and said, "I thought you are b.rave! You fear no gods or demons, but look at you now, a man scared you! Isn't it funny?"

“No, not at all!” Qiqi looked at Anna seriously, “Don’t you think Yuqi has crossed the line? Doing that in front of so many students? I was so embarrassed!”

“But it’s normal between lovers!”

“Can’t we just hold hands?”

Anna was helpless, “If Yuqi only wants to hold your hand, then you should really cry.”

“Why?”

“It means she has a problem!”

Qiqi almost broke down, “Do not be so direct, you married woman!”

“Hey, unmarried girl, you asked me a question and I answered your question.”

Qiqi hummed, “You are a team! You are helping him!”

Anna shrugged and said, “You are so ungrateful! I turned my work today, helping you feel better. How can you accuse me?”

“Then tell me something useful! Do not laugh at me!”

Anna leaned forward, “My experience is, Yuqi is right. You should open your mind. You have a boyfriend. Do not act like an old person.”

Qiqi was quite unsatisfied about her advice, “What experience is that? You are pushing me to the darkness.”

“It’s normal between friends. What, you wanna keep a distance with him after you get married? Then how can you have kids?”

Qiqi touched her forehead and said, “You are getting too far.”

“In my opinion, you are not ready yet while Yuqi was in a hurry. You are not of the same pace, that’s why you always gide yourself like a snail.”

Hmm, it sounded better. Qiqi nodded and agreed.

“As for how to handle it, either Yuqi put down his desire to wait for you, or you suddenly understand the things between lovers and throw yourself at him.”

Qiqi patted the table right away, “How can I throw myself at him!”

“Then Yuqi had to slow down and wait for you. Alright, now that I know what you are thinking about, I shall go back and tell Yuqi about it.”

Qiqi suddenly got soft. She asked in a low voice, “Will he get angry?”

“He won’t. but he will get upset. No man will be happy when turned down by his girlfriend.”

Qiqi lowered her head and looked discouraged, “It’s not really a good thing for a new couple to be like this.”

Anna patted Qiqi on the shoulder and said, “The sooner the problems are revealed, the better. Don’t let the problems accumulate until it’s too late. Leave it to me. Don’t worry any more. I’ll keep you informed about Yuqi. It’s not a big deal at all! Take away your bitter look!”
