### Chapter 561 Yuqi Mu's Insistence (1)

Anna didn't think it was a big deal, but Yuqi didn't think so.

When he listened to what Anna told him, his face looked desperate.

"Why she did not let me touch her? We are a couple, not strangers. How terrible it will be if I can have body contact with her!"

Yulin Xiao expressed sympathy for this, but he could only comfort Yuqi: "You have to give Qiqi some preparation time, she hasn't grown up yet."

"But I have grown up."

"Then you just wait, no, what else can you do?"

Lying weakly on the table, Yuqi murmured, "I'm so desperate..."

Anna didn't like to see him in such a somber state, so she frowned and said, "Now you've got Qiqi as your girlfriend, so don't be so rash, just give her some time. It's useless to be anxious for bodily touch."

"Yes, I also think you are too impatient. Qiqi hasn't seen your inner charms yet. You have to make her want you."

"My charms..." Yuqi thought for a while, and immediately shook his head, and said, "No, my charm is just sh!t in the eyes of Qiqi, she doesn't like it at all."

"You are so stupid, just do whatever Qiqi likes, just go for it."

Yuqi grabbed his hair and said: "But, it would not work, you know, last time I just sang and played the musical instrument before Qiqi, but I scared her away!"

Yulin patted Yuqi and said: "This time is not the other time, Qiqi is now your girl and she can't run away. I believe that now you can still play and sing for her, and the effect will be absolutely effective, trust me."

"You have to have confidence in yourself. The most difficult phase has been passed, and the road waiting for you will be a broader and brighter road."

Looking up at the sky, Yuqi said with emotion: "I think people have a smooth relationship with each other. Why do I have so many twists and turns when I fall in love?"

"Nobody can succeed at his will."

"If you don't experience wind and rain, how can you see a rainbow?"

"I have already said what I should say, and it's up to you to do it."

"Also, in the future, take care of this little thing by yourself, don't always disturb Anna. We're busy with having a baby."

Anna frowned and beat Yulin, while Yulin was kept smiling, not paying attention to her explicit warning at all.

Hey, look at Yulin and Anna, as a couple they laugh and tease each other, but as for myself, there is still a long way to go. Yuqi sighed deeply and began to think hard about how to break the deadlock between he and Qiqi.

After thinking about it for a long time, Yuqi called Qiqi.

Perhaps because of Anna, Qiqi didn't refuse to answer Yuqi's phone calls any more, and the phone rang for a while and then Qiqi answered it.

"Qiqi, shall we meet some time, okay?"

"It's okay, you... won't you do strange things again?"

"Anna has conveyed your thoughts to me. I think I need to give you my word, okay?"

"What is the word?"

"In the future, without your permission, I will never do strange things before you. In front of outsiders, I will not be too intimate. If you don't want me to be near you, I will stand ten feet away."

Yuqi's serious attitude made Qiqi couldn't help laughing.

"You don't have to be so serious, as long as you don't always act on me, I won't be angry."

Hearing Qiqi's laughter, Yuqi slowly got eased, his voice was no longer anxious, and his tone turned flat: "I promise you, then you don't hide from me, okay?"

"Okay."

"If you have anything in the future, let's communicate face to face, don't always trouble others. You see Anna and the others are also very busy, so don't bother them."

"I know."

"Then, are we reconciled?"

"We didn't quarrel in the first place, it's just that our views are a bit different, just communicate it clearly would be fine."

Qiqi's words made Yuqi lightly relaxed.

Sometimes this feels really strange.

The small storm passed finally, Yuqi and Qiqi continued to get together, except that Yuqi accidentally crossed the boundary occasionally and was warned by Qiqi. They are all in plain love and sweet relationship.

On this day, Yuqi took Qiqi for a drive, but the last place he stopped was a private airport.

Looking at the helicopter in front of him, Qiqi was a little dumbfounded.

"Where are we going?"

"Go up and find explore."

With that said, Yuqi helped Qiqi to get on the helicopter and put on sound-proof headsets for her.

This is Qiqi's first helicopter flight, and she's curious about everything.

Especially after the helicopter took off, she looked at the familiar scenery from a height, and found it very strange.

"Ah, that's our school! Look at it this way, it's so small."

"Hey, isn't this the park. That lake is like a pearl."

Qiqi grabbed Yuqi's hand and chatted and discussed, like a happy bird.

And Yuqi always listened to Qiqi's words with a smile, and replied her from time to time.

After the initial freshness passed, Qiqi felt that the scenery below was similar, and she was getting sleepy.

Yuqi patted her shoulder and said, "If you feel sleepy, just rest on my shoulder for a while."

Qiqi yawned and asked, "How long will we be there?"

"It's still a while."

"All right, I'll sleep for a while. When it's time to land, remember to wake me up."

"Okay."

With Yuqi's promise, Qiqi began to doze off.

The weight on his shoulders made Yuqi's heart feel very warm.

The helicopter traversed the vast sea, traversed the majestic Mountains, and finally hovered over a small town.

Lightly patted Qiqi on the cheek, and Yuqi said: "Qiqi, we are almost there, wake up."

Qiqi rubbed his eyes and looked outside, then tilted her head and muttered strangely: "How do the scenery here look familiar."

"Familiarity is normal, this is your hometown."

"What?"

Qiqi sat up straight, staring outside.

"Yuqi, why are you bringing me here?"

"Take you home."

"Why go back home at this time?"

"I think it's better to tell your parents about the news of our being together."

The corners of his mouth twitched stiffly, and Qiqi said, "Stop it."

"Why not, don't you want to accept your parents' blessing?"

"But what we have to face is not blessings, but violent storms. Think about it, it feels terrifying."

"Don't worry, I can handle everything."

Qiqi snorted coldly, and said, "You ask for your blessings first. Don't be so optimistic, boy."

“Girl, don’t be too pessimistic. I am so good and sincere. Your parents will definitely accept me.”

“Hey, don’t be optimistic blindly, or you will definitely die miserably.”

“Let’s wait and see.”

Yuqi insisted, and Qiqi had no other choice but follow him.

And there was one thing that Yuqi was right: The news of their being together will be known to parents sooner or later, which means this storm will be faced sooner or later.

He is a person who can give Qiqi happiness. Even if there is a misunderstanding before, it is enough to solve it. It shouldn’t be a matter that would affect the future happiness of two people.

With such confidence, Yuqi and Qiqi returned home together.

Hearing a knock on the door, Qiqi’s mother came and opened the door.

Because the door was half open, Qiqi’s mother only saw Qiqi, and her face was full of surprises.

“Qiqi, why not tell us in advance for your coming back home? So that Mom and Dad can prepare your favorite dishes.”

“I.....”

“Why are you standing outside, why don’t you come in?”

“Qiqi, what’s wrong with you?”

Seeing Qiqi being anxious, Yuqi was also anxious, so he squeezed her aside, smiled and said to Qiqi’s mother: “Auntie, hello.”

“Damn!”

Yuqi hid so well that Qiqi’s mother never found him. The sudden appearance now shocked Qiqi’s mother.

Qiqi’s mother immediately changed her look and frowned, “Yuqi, why are you here again? Didn’t you have break up with Qiqi...”

Qiqi’s mother’s loud voice had an amplifying effect. It was estimated that all the neighbors had had heard it.

Qiqi couldn't afford to lose her face again, so she walked in with his mother's arm, and said, "Mom, let's go in and talk."

"You can come in, this guy is not allowed to come in. We have told you everything very clearly, why is he still pestering you!"

"This is a long story."

After Qiqi wanted to go in, Yuqi spoke slowly.

But Yuqi couldn't wait and threw a bomb directly.

"Auntie, I'm with Qiqi now and will be with her in the future!"

"What!?"

This news directly shocked Qiqi's mother.

And Qiqi looked at Yuqi angrily, frowned and said, "Do not be so direct!"

"I just wanting to be direct."

Qiqi's mother dragged Qiqi to her side and asked angrily, "Qiqi, is this guy forcibly trying to be with you? Now mother is here. He dare not bully you!"

Such a topic made Qiqi very uncomfortable for she was afraid that the neighbors would hear them.

Qiqi hurriedly dragged her mother back to the room, while Yuqi followed closely behind, for fear of being thrown out of the door.

"Where is Dad?"

"He went downstairs to play chess with neighbors."

Qiqi's mother still couldn't accept this reality. She frowned and stared at Qiqi, and said, "Aren't you with Jake? So why are you be with this guy?"

Qiqi lowered her head and said with some embarrassment: "Actually, I am not with Jake. That is, he was just pretending to be my boyfriend in order to comfort you."

"So, you lied to us before?"

Qiqi knew that as long as she admitted, it would cause a disaster.

But this was the end of the matter, and it was useless to avoid this topic. For the present plan, she could only face the fact.

With her eyes closed tightly, Qiqi was ready to be beaten by her mother.

Qiqi is very clear about how much my mother likes Jake. Now that she lied to her, the consequence would be dire.

But when Qiqi thought her mother would lose her temper and beat her, Qiqi's mother only sighed deeply.

Looking up, Qiqi felt pain in her heart when she saw her mother's disappointed eyes.

"Mom....."

"Looking at how you were with Jake, I guessed that there was a problem with the two of you. But I deceived myself and told myself that I would rather believe it is true..."

Qiqi's mother shook her head repeatedly and said, "Jake is such a good person, why can't you accept him? It is more important to live a stable life than anything else."

Hearing the disgust of Qiqi's mother, Yuqi was not reconciled and said: "Auntie, I am actually quite good person too."

Looking up to meet Yuqi's eyes, Qiqi's mother said: "Yes, we have always known that you are excellent, but my Qiqi is too poor to be worthy of you."

"What are you talking about, Qiqi is the best girl in my heart." Yuqi said softly, "She is kind and cute, and tough. She works very hard and is a very good girl."

Yuqi's evaluation made Qiqi's heart warm. After looking at Yuqi for a while, Qiqi suddenly spoke and asked an irrelevant question.

"In your evaluation of me, why do you not use the word 'beautiful'?"

Chapter 561 Yuqi Mu's Insistence

"Oh, it's good if you know your weakness. But you don't need to say it out, haha."

"You mean, I'm not pretty?"

"It's fine if I like you, haha."

"You mean, I'm not pretty! Yuqi, you..."

"Ahem -"

When the two young people were engaged in arguing, Qiqi's mother reminded her that she was still here.

Yuqi secretly gave a kiss to Qiqi, and when he looked at Qiqi's mother, his behavior became serious again.

"Sorry, auntie, I am a man who is not worthy of Qiqi's love. I have been through a lot, and I don't have the same vigor and vitality as Qiqi. She is lively, but I am lifeless. She is imaginative, I am monotonous. When I am with her, I would always find I am not that confident."

This was the first time Qiqi heard Yuqi say in this way, and at the same time she was a little bit moved by his words, but meantime, she was at a loss as well.

As for Yuqi, he looked at Qiqi tenderly. There was endless tenderness filled in his eyes.

Looking at the eye contact of these two children, Qiqi's mother knew that their relationship was very sound and good.

But, that being the case, Qiqi's mother's face remained unchanged, her voice remained calm, and she said, "Don't think that by saying something sweet, I would put my trust in you. You businessmen are the most crafty people."

"It will take time to gain your trust, but I am not in a hurry. I will use my practical actions to make my you feel relieved to hand over Qiqi to me." Yuqi spoke without any rashness, but with composure and calmness.

This act surprised Qiqi. She thought that Yuqi would use all kinds of promises to convince her mother, but he didn't. Yuqi just used plain words to express his deep affection for her and his unwavering belief.

Looking at Yuqi, Qiqi couldn't help but showed a glad smile.

Seeing her daughter's idiot-like smile, Qiqi's mother could not do anything.

With a light cough again, Qiqi's mother said to Qiqi: "Come here, I have something to tell you alone."

On hearing this, Qiqi became very nervous in her heart, and she couldn't help but looked at Yuqi with anxiety in her eyes.

Seeing Qiqi was in a daze, Qiqi's mother looked fiercely, and said angrily: "What kind of eyes you have, and I'm not going to eat you, come here!"

Yuqi patted Qiqi on the head and comforted her: "Go ahead, behave well, and try to make your mom happy."

“Good.” Qiqi reluctantly separated from Yuqi and walked to another room with her mother.

As soon as the door was closed, Qiqi’s mother reached out and poked Qiqi’s forehead, and said angrily: “Is he the one who gave birth to you? I think you are more obedient to him. !”

“Mom, keep your voice down, the room is not soundproof.”

“So what?!”

“If the conversation between you and me can be heard by Yuqi, why did you bring me here to talk alone?”

Qiqi’s mother was speechless by Qiqi, with a depressed expression on her face.

“I want to know, do you really like that man?” Qiqi’s mother asked her.

Hearing this. Qiqi nodded shyly.

“Then do you know what you will face after you are with him?”

The smile was a little frozen, and Qiqi nodded again.

Qiqi’s mother sighed deeply and said, “He is not that excellent in my eyes.”

Why don’t Qiqi know about my mother’s concern?

But being with Yuqi is the result of Qiqi’s careful consideration. She showed a solemn expression and said seriously: “I just like him, it has nothing to do with his identity or money.”

On hearing Qiqi’s reply, Qiqi’s mother was a little anxious and said: “It’s easy to say, but you will have many problems in the future. I’m just worried about your everlasting happiness.”

Qiqi gave her mom a soothing smile and said: “Mom, now I have to grow up and learn to deal with problems by myself. Besides, this time I am not alone, but with Yuqi with me, we will face problems together.”

Qiqi’s mother’s words not only failed Qiqi’s heart, but made her firmer. This made Qiqi’s mother frown and she said, “It seems that you are very determined to be with him.”

“Yes.”

Qiqi knew that her mother was a little angry, but she couldn't live according to her mother's order, so she lowered her head, and said, "I... still want to get the blessing from you and Dad."

"But so far, we are very worried about your future."

"That's because we haven't worked hard enough to prove to you and make you believe us. You can rest assured that we will work harder to become excellent."

Looking at Qiqi's firm eyes, Qiqi's mother suddenly felt sorry for her.

Reaching out and stroking Qiqi's face, Qiqi's mother said earnestly: "Your idea is good, but the road ahead will be really tough."

"Isn't my father always saying that young people are going to make a break? I am willing to take risks. I also look forward to being able to rely on my own efforts to obtain happiness."

Being rejected by Qiqi again, Qiqi's mother sighed and said, "You really have grown up and you have your own ideas. Mom can't control you. I'm old too. I can't stay with you. For you, you still have to take the road on your own in the future."

At this moment, Qiqi suddenly felt that her mother was much older. She used to think that her mother was very young. But now, the wrinkles in the corners of her eyes can't be hidden, and her tired look makes people feel distressed.

Qiqi felt sore in her heart and plunged into my mother's arms and said coquettishly: "Mom, you believe us, we will work hard together to be happy. No matter what the result is, I will not regret it. "

The girl in her arms really has grown up. Qiqi has his own preferences and opinions, she needed to respect her own choice. With a soft sigh, Qiqi's mother said: "You have said so, what else can I do?"

Hearing her mother's tone loosened, Qiqi immediately smiled and asked, "Mom, do you agree?"

"I didn't say that, I just want to observe. What's more, even if I agree, you need tyo get your father's consent too. He has a lot of biases on Yuqi, and it is difficult to persuade him."

"As long as Mom is on our side, Dad is not a problem. Besides, we will move Dad with our sincerity!"

Qiqi was full of confidence, but the actual result disappointed Qiqi.

When Qiqi's father heard the news, he coldly slammed the door and returned to the room without saying a word.

Qiqi was a little at a loss, trying to pursue him but was stopped by Yuqi.

"Your father is angry, no matter how much you say, he won't listen."

Qiqi was very anxious, but she really had nothing to do.

Looking helplessly at his mother, she said, "I won't leave you for dinner today. Let's go back."

"Mom, my dad..."

"What kind of temper is your father, don't you know? He is really disappointed at you this time."

Qiqi was very unwilling. She didn't say anything yet, and her father didn't understand the situation. Why was he so arbitrary and didn't even listen to any explanation?

Qiqi stomped dejectedly and said, "Dad is really stubborn."

Qiqi had no choice but to leave home with Yuqi. Qiqi walked very slowly with hard stop along the way at this time, hoping that Dad would walk out of the room and take a look at herself.

But until Qiqi walked out of the residential area, Qiqi's father did not leave the room.

Qiqi left with disappointment. Qiqi's mother opened the door and walked behind Qiqi's father and asked, "Old man, would you really ignore your daughter?"

Qiqi's father shook the cup, and the tea in the cup was floating up and down. The heat lightly smoked his eyes. It took a long time before he spoke.

"If it's that easy, just accept it. The kid named Yuqi Mu must look down on us and our daughter, because we are from poor family, and we can only use our own methods to protect Qiqi."

After hearing Qiqi's father's words, Qiqi's mother fell silent and said nothing more.

The two people sat in the room, feeling a little uncomfortable in their hearts.

Qiqi was also in a bad mood right at the moment.

Although Qiqi is not such a good child, she has never let his parents worry about her since she was a child. But now, she has let his parents down, and she doesn't know when they will forgive herself. Thinking of this, Qiqi's eyes turned red.

Yuqi felt distressed and said, "Don't be sad, honey, we'll make it."

Qiqi's eyes were in a daze, and she nodded and said, "Yeah, good fortune is always ahead for us to get."

With his arms around Qiqi's shoulders, Yuqi comforted her: "Since your parents have known us being together, let's find ways to face it positively. Don't always complain."

"Then do you have a good way to stay positive? Then tell me about it."

"When you have time, let's go back to your home. I will cook two more dishes for you parents, and drink a little wine with your dad, so that they can understand my sincerity, and slowly they will let go of their grudges and accept us in the end. Today is just the first day. Over time, they can always find my good, and then they will give you to me."

Yuqi's words calmed Qiqi's flustered heart slowly.

"Yes, sounds very nice."

"I will turn words into actual actions, so don't worry. Now. Let's go back and eat some delicious food to soothe the wounded soul, how about it?"

After taking a deep breath, Qiqi sat up straight, turning his grievances into appetite, and said, "I'm going to eat hot pot, I want to order ten plates of lamb slices!"

"Well, let's order as much as you want. Your boyfriend may be lacking in other aspects, but in respect of eating, you absolutely can rely on me!"

...

In Chuxue's dessert shop, there was a gathering.

Everyone arrived, but it took a long time to see Chuxue and Zhao Nangong's appearance.

Chuxue was habitually late, and everyone didn't take it to heart. They continued to eat and drink, chatting, and laughing endlessly.

Suddenly, someone opened the door, and then sat among them, with anger on the face. It was Chuxue.

And behind her, followed Zhao Nangong.

Yiyao looked at Chuxue, and then at Zhao Nangong, and asked: "What's wrong, why is Chuxue so angry?"

Nangong sighed weakly and said, "Hey, don't mention it, something big happened."

His words raised everyone's attention.

"What's the big deal?"

"Chuxue had a whim, she didn't want to hold a wedding ceremony!"

"What?"

Well, this was indeed a big event, everyone was shocked.

But why cancelling the wedding ceremony? Is there a relationship problem between these two people?

Faced with the questioning eyes of everyone, Zhao Nangong hurriedly waved his hand and said: "This matter has nothing to do with me, it is Chuxue's own idea, she didn't even discuss it with me."

It turned out that the problem was Chuxue.

Once the goal was set, everyone began to focus on Chuxue.

"Chuxue, no matter what happens. Let's discuss things carefully. You are going to be a bride soon. Don't play a childish temper."

"That's it, you and Nangong have finally become a couple. And you should be very happy, why you made such a weird decision!"

"And if you do, it will embarrass your parents."

Facing everyone's questioning, Chuxue said with a calm face and without hesitation: "I didn't play my temper. This is the result of my careful consideration. I'm fed up with endless details of planning for the wedding. I want to be simple!"

After hearing what Chuxue said, everyone was even more confused. Turning to look at Nangong, Yiyao asked again: "Nangong, what is going on?"

"The wedding dress designer's design manuscript is lost and needs to be re-measured. Because of the delay, the selected materials are out of stock. We can only choose another set of wedding dresses. The wedding dress is changed, and the matching wedding set, tableware, etc. Wait, we must reconsider everything."

After listening to the explanation, everyone was relieved and felt that this was not a big deal.

Patting Chuxue's shoulder, Anna said, "Just because of this little thing? Humm, stupid."

Chuxue looked very angry, and said, "Is that a trivial matter? It's damn complicated and busy preparing everything for the ceremony."

### Chapter 562 I Already Have a Plan (1)

Chuxue became more excited as she spoke, and was already on the verge of freaking out.

Holding Chuxue's hand hurriedly, Qiqi said: "No one wants such a thing happen. Now that it has happened, let's face it together. Why should we give up the wedding? Just because of your little emotions, you will leave Nangong alone? He will be sad for this."

"I don't care about ceremony. We are going to travel and get married. We will go out to play when we get the certificate. As for the ceremony, whoever loves, let him arrange it!"

Jingyan Ye asked faintly beside him: "Do parents know about this?"

"They do not know yet."

With a soft snort, Jingyan said, "I guess so too, otherwise they would have called me for this."

Chuxue clenched her fist and said, "Even if you get me back home this time, I won't change my mind. I want to control my own destiny!"

Everyone glanced at each other, and there was some helplessness in each other's eyes.

"Well, since you are so firm, I won't object you, as long as you don't regret it."

"I'm going to be free soon, how can I regret it, and it's too late to be happy. None of you can stop me!"

"Well, nobody will stop you, you decide it for yourself. You must be hungry, let's eat something first."

Seeing everyone had changed the subject so quickly, it seemed to them they had accepted Chuxue's crazy decision.

This made Chuxue a little uncomfortable.

"You guys, don't you want say anything anymore?" Chuxue said.

Anna shrugged and said, "Why do we say so much? Anyway, you won't listen. so why waste time?"

"Then, I will eat quick have some soft drinks."

"It's all high-calorie things, don't you want lose weight?"

"Anyway, I don't need to wear a wedding dress anymore. Why do I have to lose weight. Today I want to eat a lot and eat whatever I like."

Anna patted the table and said, "You can eat whatever you like. I want marble cheese and mocha, oh, and a piece of Black Forest." With that, Anna's eyes were shining.

Qiqi often met Anna these past two days. Every time she saw her, she was always eating, which made Qiqi feel a little strange.

"Anna, you seem to have a good appetite these days."

"I'm hungry. I didn't dare to eat in order to stay in shape. Hey, being an artist is really hard."

"Then why do you eat so much now?"

"Life is short, and I can eat whatever I like. A person's life span is only a few decades, and we need to make the best of it."

After Yulin Xiao heard this, he smiled with bitterness and said: "Haha, what you said makes sense, you're right, come to my side and I will give you a big hug."

"No thank you sir. What I need now is good food, not handsome man."

Just like this, Yulin felt slightly injured in heart. But he still wanted to please Anna, and asked: "So how about get some boiled fish?"

Fish? A weird feeling came from her stomach, Anna immediately shook her head in disgust, and said, "No, don't mention fish before me!"

Seeing Anna looking uncomfortable, Yulin said hurriedly: "Are you sick in your stomach again? Hey, sooner or later, your stomach will have problems."

“Okay, don’t be fussy!” Anna was a bit irritable and scolded him calmly.

Looking at the people on the table, Qiqi tilted her head and whispered to Yuqi, “What happened today? It feels like everyone is a little weird.”

“Don’t talk too much, just watch the scene, maybe there will be an answer in a while.”

Qiqi still wanted to talk, but Yiyao over there began to ask questions.

“When are you going to leave?”

These words made Chuxue stunned and asked, “Go? Where?”

“You said that if you want to travel and get married, you are going to travel somewhere.”

“Ah, oh, I... haven’t determined the places yet.” Chuxue turned to look at Nangong and asked, “Nangong, do you have any good ideas?”

“Then go somewhere nearby, how about Thailand?”

Chuxue’s eyes rounded and said, “This is a honeymoon trip. I want to have a good time. Let’s go a little farther place.”

“Then where do you want to go?”

“I’m going to Northern Europe and stay there for two or three months.”

When Yulin heard this, he laughed and said, “You want to play for so long time?”

Raising her eyebrows, Chuxue said, “You have played longer time than me during your last vacation!”

“Umm, haha, sorry.” Yulin replied.

Then the snacks were served, Chuxue turned bad mood into good appetite and began eating.

Jingyan opened his mouth suddenly and asked, “Then when do you plan to tell parents about your decision?”

Chuxue kept her mouth open, and said vaguely: “When I book a ticket and leave the capital.” “Otherwise, they will definitely not agree with me to go. I can only leave the capital and be out of their control to do what I want to do.”

Jingyan snorted coldly and said, “Humm, if Dad knows that he will definitely break your legs.”

"Then let them know later, then I will carry a baby in my belly and come back to see how they are going to beat me."

As soon as she said this, everyone around bitterly laughed.

Jingyan strongly disagreed with Chuxue's idea, frowning and saying: "You can't do this."

"OK, but you can't stop me either." replied Chuxue.

With that being said, Chuxue made a face to Jingyan.

Jingyan didn't want to talk to her any more. He turned around to take good care of Yiyao next to him.

Qiqi watched the whole scene. She found that Anna had eaten up all the desserts in front of her, faster than Chuxue.

Looking at Yulin, Qiqi asked, "Did you steal her snacks?"

Yulin smiled and said, "No, how could I have that opportunity? See, she is enjoying her food right now."

Qiqi knows about Anna's appetite, she can't eat so much in ordinary times. But Anna seemed hadn't eaten enough snacks.

Qiqi tilted her head and looked at Anna, puzzled.

And Yiyao who was sitting next to her also noticed this, and asked, "Oh, I think Anna seems to get pre..."

Yiyao stopped saying the word pregnant, but Qiqi didn't get it.

Looking sideways at Yiyao, Qiqi asked, "What is it?"

Yiyao smiled and said, "Oh, Let's wait for Anna's good news."

What was it? why Yiyao kept it mysterious?

Qiqi had an inexplicable look, didn't understand what Yiyao wanted to say, but Yiyao had already chatted with other person about other things and did not intend to explain more to Qiqi.

After chatting for a while, Jingyan Ye helped Yiyao and said, "Now time is almost up, Yiyao, you go back to rest, you guys stay here and keep having fun."

Anna also stood up and asked, "Yiyao, are you full?"

"I'm full, how about you, are you full?"

"Anyway, it's just some snacks, not a regular meal, just so so."

What? Anna wanted to eat more? ! Qiqi showed an incredible expression.

Since they entered the dessert shop, Anna kept eating.

Cakes, biscuits, milk tea, etc.

Under Qiqi's shocked gaze, Yiyao said: "Next time, we will make an appointment to have dinner together. You can order what to eat."

"Okay, as long as it's not boiled fish, I'm fine."

"Ok."

Yiyao's smile was filled with expectation and meaning.

Sitting in the car with Jingyan, Yiyao leaned her head on Jingyan's shoulder.

"Darling, you feel tired?"

Yiyao shook her head and asked, "Do you really agree to let Chuxue cancel the wedding ceremony?"

"How could it be possible!"

"Then what are you going to do, why don't you keep reasoning with her?"

"I won't do this kind of nerve-racking thing. Some people will do it."

Yiyao smiled and said: "Who would want to do such an offensive thing."

"Of course, Nangong will be very positive to do that."

Yiyao couldn't figure it out, and asked: "Nangong should be on Chuxue's side. How could it be possible for himself to create problems for himself?"

"It's very simple. If Chuxue doesn't agree to hold the wedding, and the Ye family will not agree to her marrying. Then, Nangong will definitely rack his brains to find a way to persuade Chuxue to attend the wedding."

After hearing Jingyan's explanation, Yiyao showed a dazed expression.

“Honey, your trick is really...”

“It’s wonderful, right?”

“No, very cunning.”

“Haha, that’s easy. Are you going to give me a pretty baby girl?”

Looking up at Jingyan, Yiyao smiled and asked: “I haven’t done the check-up it yet, how do you know I’m going to give birth to a girl?”

“I like girls, and I will definitely have a daughter this time.”

“What if it’s a boy?”

“Then continue having a baby girl next time.”

These words made Yiyao sigh: “Huh, it’s really easy to say, anyway, it’s not that you get pregnant!”

Jingyan’s chin rubbed against Yiyao’s hair, and said in a deep voice: “How hard you give birth to a baby, in the same way, I will work hard to treat you well in the future. It is the luckiest thing for me to have you in this life.”

Leaning in Jingyan’s warm and generous embrace, Yiyao felt very happy.

The corner of her mouth slightly raised, and Yiyao said: “I am also very lucky to stay by your side.”

“It’s a pity that Chuxue doesn’t cherish the happiness coming up for her. She and Nangong are the ones who are so self-willed and they will suffer a loss for not hold a wedding.”

“Then, about Chuxue’s decision, when do you plan to tell your parents?”

“I didn’t plan to tell them.”

“What?”

Looking down at Yiyao’s surprised eyes, Jingyan kissed her on the cheek, and said softly: “The wedding will proceed as usual, no one will be absent.”

“You are so confident? Will Nangong solve it successfully?”

“If he doesn’t have this ability, he won’t be our Ye family’s son-in-law.”

"You are really overbearing."

Although he was making complaints, Yiyao still had a smile on her face.

...

Because her mental state was not very good recently, Anna did not want to work for longer hours, and she just wanted to get more rest. As a workaholic, she had been working for a long time.

She has a close friend Qiqi, so she came to Qiqi to have tea and do nails and shopping.

But while drinking tea, Anna suddenly received a call from Chuxue and who hurriedly asked where she was.

Anna gave Chuxue the location. Before she ask more, Chuxue hung up the phone.

"What's happening?" asked her friend.

Anna shrugged and said, "I don't know, wait a while and let me talk to Chuxue later."

About half an hour later, Chuxue opened the door and walked into the cafe, looking around in a hurry.

Anna and Qiqi were both confused. Before she could ask anything, Chuxue hid in the bathroom.

Qiqi walked to the door, knocked on the door, and asked, "Churxue, what's wrong with you?"

"Don't ask, if you see Nangong, just say you didn't see me."

"What the hell is going on?"

"Oh, don't worry, just say as I told you!"

Chuxue's tone grew impatient. Anna and Qiqi were anxious, but they couldn't ask anything.

"Anna, are we really going to lie to Nangong?"

Anna shrugged and said, "Chuxue is inside. If you don't follow her arrangement, she will definitely go crazy."

"But, is this really good?"

"Who knows what happened between them, but I guess it's definitely not a good thing, otherwise Chuxue's face won't show those panicked facial expressions, let's wait and see what will happen next."

## Chapter 562 I Already Have a Plan (2)

Just when Qiqi was hesitating what to do, she heard footsteps sound outside the door. She turned around and saw Zhao Nangong walking in quickly.

"Is Chuxue here?" asked Zhao anxiously.

"She said she wasn't here." Anna said. But her words made Qiqi couldn't help but laugh out loud.

As soon as he heard Anna's words, Zhao immediately knew that Chuxue was definitely here. He was so anxious that he went around the room. "Chuxue, I can explain it to you." he shouted.

Soon he found someone in the bathroom and he was about to rush over. But Anna stopped him. "Didn't you hear what I said? She's not here."

"I really need to talk to Chuxue." said Zhao.

"If she wanted to hear your explanation, she wouldn't have run away. No matter what you say now, she won't listen." Anna paused, and then she continued. "Now it is not a good chance for you to explain to her. You go back first. We'll talk to her."

Zhao Nangong was hesitant. He wanted to explain to Chuxue himself. But he also knew that Anna was right. Chuxue was angry with him now. When she saw him, she would still fight with him.

Zhao took a deep breath and shouted in the direction of the bathroom. "Chuxue, no matter what, I always love you."

His deafening voice disturbed the peace of the place, which made Anna and Qiqi want to stop him.

"Don't you know this is a tea club? It's very quiet here. Your voice can travel from the first floor to the top floor clearly."

Zhao could not care about that. At this moment he only wanted to find Chuxue. However, Chuxue did not want to see him now.

He turned back with every step he took. It took him a lot of time to get out of the room.

While waiting for him to go out, Anna walked to the door of the bathroom. She knocked on the door and then said, "He's gone. You can come out now."

After a while, Chuxue came out and there seemed to be tears on her face.

Anna held her hand. They walked over to the table and sat down. "What's going on?" She asked.

Speaking of Zhao, Chuxue's eyes moistened again. She wiped her cheeks and said hatefully. "Zhao betrayed my confidence. I don't like him anymore!"

But Qiqi did not believe her words. "Really? Zhao could abandon everything for you. I don't believe he would betray you."

"It's true. I'm not lying."

"Then tell me, who is that mistress? Does she have a good body? Is she more beautiful than you?"

Anna's words were so strange that neither Qiqi nor Chuxue reacted to what she was talking about.

"Anna, what are you saying?" Qiqi asked

"Did you guys really not understand or are you pretending not to understand? Isn't it that Zhao has the other woman?"

"Things aren't what you think they are. It has nothing to do with women." Chuxue hurriedly explained.

"Then it's got something to do with men. God, Zhao is gay." Anna jested.

However, Chuxue was really speechless. She was not as angry as she was earlier.

"Anna, what are you thinking? Can you be normal?"

"Then you tell me what the hell is going on?" Anna asked.

Sitting on the chair, Chuxue looked despondent. "Originally, Zhao agreed that we wouldn't hold a wedding and then we traveled to Northern Europe. But I find that he is still secretly preparing for the wedding. Obviously he doesn't want to go out with me. He wants to have a wedding. Is this not betrayal?"

Anna and Qiqi looked at each other, puzzled. "Then why did he do that?"

"It's definitely for his family's reputation. But I just don't want to have a wedding. If he wants to hold it, then he just get married alone."

"If he does this for his family, then why is he with you against his father's wishes?"

Chuxue's eyes moistened. "Maybe he has a sudden impulse to be with me. But he regrets it now."

"Do you believe this reason yourself?" Anna said.

Chuxue came to find Anna and Qiqi to complain about Zhao, but she didn't expect them to speak for him, which made her angry. "Shouldn't you guys join me in blaming Zhao?"

Anna shrugged her shoulders. "If he did something wrong, for example, he found a mistress, then I would definitely go after him. But he didn't do anything wrong, he just thought a lot about you and worried that you would regret it later."

"I don't want to have a wedding, so how can I possibly regret it?"

"You really won't regret it? What about your parents? You will make your family the laughing stock of everyone. Do you know that?"

Facing Anna's questioning, Chuxue hesitated. "But I can't force myself to do what I don't like."

"Aren't you happy to be the bride in the limelight? And don't you want everyone to witness your happiness?" Qiqi said.

"But it's so complicated to prepare for a wedding. I really don't want to go through this." said Chuxue.

"It's just the wedding setup. We can help you." Anna said.

Chuxue froze and looked up at Anna. "You guys help me?".

"Yes, we are your friends. We can help you prepare the wedding as long as you trust us."

"But that kind of thing is so boring, I don't even want to deal with it, so how can I bring it to bother you guys." said Chuxue.

"We won't find it boring. Qiqi has not worn a wedding dress yet. I'm sure she will definitely be happy to pick the color and style. Qiqi, what do you think?"

Hearing this, Qiqi nodded happily.

"As for me, I have no problem with wedding etiquette, and I may even come up with better ideas."

Hearing Anna's words, Chuxue fell silent. She no longer resisted talking about this issue of the wedding.

"Look, things are settled like this. It's not a difficult problem either. There's no need to fight with Zhou because of this." Anna said.

"Yes, why didn't I think of asking you guys to help me?"

Seeing Chuxue calm down, Anna sat next to her and poured a cup of tea for her. "It would have been easy to solve this matter. It's not that complex."

Holding the cup of tea, Chuxue regained her composure. The problem that was giving her a headache was really solved.

"Since there is a solution, why didn't you guys tell me earlier? I can't eat or sleep well these two days, I've lost weight." said Chuxue.

"Before we didn't know your problem, but now we know it, of course we have to help you."

Chuxue had no reasons to retort. "Well, what you said makes sense."

"Then do you agree?"

"Yeah, thank you."

"Then since your problem is solved. I'll call Zhao first."

Anna went to make the call, and Qiqi talked to Chuxue from the side. "I guess now everyone in this tea club knows there's a girl named Chuxue here."

Thinking of Zhao just shouting in the tea club, Chuxue was a little uncomfortable. "Zhao is such a reckless guy."

Soon Zhao returned to the room. Chuxue didn't expect to see him so soon. "How did you ..... get back so quickly?"

Zhaoge looked very tired. "I didn't leave. I'm waiting downstairs."

"Why didn't you leave? Aren't you worried that I'll still yell at you?"

Zhao took Chuxue into his arms and said fondly. "Yes, I'm worried that when you're angry, you won't be able to find anyone to vent your anger. If you keep your anger inside, you'll hurt yourself."

Anna and Qiqi saw them reunite, and they hurriedly left the room.

Then Zhao bowed his head and looked deeply at Chuxue. "Chuxue, you're not angry anymore?"

"No, I'm still angry." She immediately pushed Zhao away, and then said seriously. "I want to know why you secretly prepared the wedding behind my back."

Zhao reached out and stroked Chuxue's hair. "We are not children anymore. We have to learn responsibility. I understand that you don't like to prepare for the wedding, but after we leave, our families won't necessarily understand why we leave." He said softly.

"Then why didn't you say these to me?"

"You're in the rage. You wouldn't listen to me. I know you're understanding and will figure this out someday. Since you don't like planning the wedding, I'll do this. You just need to get ready to be the most beautiful bride."

Chuxue was moved. At the same time, she felt guilty for her own capriciousness. When she was unhappy, she would always be angry with Zhao, and Zhao had no complaints and always thought of everything for her.

Chuxue inwardly despised herself.

"This doesn't need you to worry about it, just leave it to Anna and Qiqi. I just discussed it with them already. They will help me."

Zhao froze for a moment. "You ..... no longer reject having a wedding?"

"Yes, I'm not that unreasonable. I was just a little angry."

Zhao was very happy. He didn't expect Chuxue would agree to hold the wedding so quickly. Then he excitedly hugged her again.

"Zhao, let go of me, I can't breathe."

After releasing Chuxue, Zhao narrowed his eyes with a smile. "You're so nice. Fortunately, I didn't listen to Jingyan, otherwise ....." Zhao paused. He suddenly realized that he had said something he shouldn't have said.

"You talked to my brother? What did he say?" Chuxue asked curiously.

"No, nothing." Zhao said, and then he habitually scratched his hair with his hand. Every time he did this. It was an indication that he might have something on his mind.

Chuxue stared at Zhao's eyes as she pursued the question. "You must have something to hide from me, you better tell me."

"Nothing, it's just that he gave me some advice to keep you." Zhao said gently. He didn't want to tell Chuxue about the advice her brother had given him earlier about how to get her back. After all, the advice wasn't very friendly.

"From what I know about my brother, He can't simply give you a suggestion." Chuxue held Zhao's hand. "Did he threaten to keep me from marrying you if you couldn't convince me to agree to have a wedding?"

Now if Zhao did not tell Chuxue what her brother had said to him, then she may think that he and her brother were hiding secrets together. But if he told her, it might trigger a conflict between them.

Zhao hesitated for a long time, and then said. "He is also doing it for our own good. Don't take his words seriously."

Chuxue's face darkened. "Don't speak for him. My brother likes to control everything."

"No matter what, his intentions are good."

"I don't know if he's really doing it for my own good. Maybe he just likes to control everything. I have to do something about it." said Chuxue. She had got so much on her mind at the moment.

"Then can you tell me what you want to do?"

Chuxue suddenly showed a wicked smile. "I already have a plan. My brother will definitely always remember the lesson I taught him, I guess."

Chapter 563 Anna Is Pregnant (1)

Zhao Nangong was frightened at Chuxue Ye's smile. He asked cautiously, "What is your good idea?"

"I can't say it yet, you will definitely be surprised when you know it!"

Zhao said, "Chuxue, calm down! My psychological endurance is very weak. We can't stand a very strong stimulation."

"I'm so calm, as calm as still water."

Well, indeed, Chuxue's facial expression at the moment was very calm, so calm, that made people gruesome.

"But....."

"The tea here tastes very good. Enjoy the tea please. After a while, let's go shopping. I want to buy a new necklace. The necklace you gave me fell into the swimming pool last time. I plan to buy a new one. "

Chuxue made a cup of tea for Zhao.

He knew that Chuxue didn't want to continue this topic, and no matter how much he asked, there would be no answer.

With a weak sigh, Zhao had to accept the reality and said in a light tone: "Okay, so long as you are happy."

"Also, my trick against my brother, you have to tell him."

Zhao was about to drink tea. He was stunned after hearing what Chuxue said, then he turned to look at her and asked: "Are you sure, why don't you tell him?"

Chuxue said slowly: "I just wanted you to tell my brother."

Zhao was confused and said, "This...I can't understand it..."

"My brother is a very arrogant and conceited person. Let him know what I think, he will only laugh at my whimsical thinking, and will not take this matter to heart. "

Chuxue was clear and organized, and she knew immediately that she was really ready to go on her plan. Once she made a decision, she really couldn't be persuaded by others.

"Okay, let's stop talking about this matter, Zhao, during this period, I'm sorry to make you feel embarrassed."

Chuxue's attitude changed quickly. After a moment, Zhao Nangong stretched out hand and rubbed Chuxue's head, saying: "As long as you are happy, these are nothing to me."

Chuxue felt a little embarrassed when she thought of her unreasonable troubles made to Zhao.

"Zhao, only you can tolerate my bad temper. Would you feel embarrassed?"

"Is your temper very bad? Why I don't think so. In my eyes, you are a little princess, and occasionally lose your temper. It's also because I didn't understand your thoughts and I didn't do well."

Zhao's gentleness made Chuxue moved and ashamed, and she took the initiative to plunge into Zhao's arms. Chuxue surrounded him with a happy smile.

"Nangong, you will really spoil me like this."

Holding Chuxue tightly, Zhaomo touched the top of her hair and said, "Then let me spoil you forever."

Looking up at Nangong, Chuxue's eyes were gentle as water. Seeing Zhao's heart moved, he leaned over and kissed Chuxue.

When the two of them were in the room, Qiqi was worried.

Sitting next to Anna, Qiqi frowned and asked, "Anna, you said the two of them won't quarrel?"

Anna said while driving the car, "Don't worry, Chuxue will not be angry with Nangong. I guess the two of them are enjoying sweet hours now."

"Really?"

"Of course, don't worry about them. Let's relax and eat something delicious."

"Still eating? Anna, your recent appetite is really scary. Would you like to see a doctor?"

"If you have a bad appetite, you need to see a doctor. If you have a good appetite, you also need to see the doctor, right? You think too much." She looked at her face from the reversing mirror, Anna noticed that and said, "However, I need to lose weight. Yes, I feel I'm getting fat now."

"If you eat like this, you're bound to get fat."

Qiqi unintentionally complained, making Anna serious and asked: "Why, do you think I'm getting fat? Then I really want to lose weight, otherwise I won't look good."

"I don't know what's wrong recently. I always feel very tired. I can't get enough energy when I want to eat or do anything. Since my condition is not good, I just take a rest for a while and make adjustment for the body."

Anna's words made Qiqi more worried, she frowned slightly and said, "I think you still have to see the doctor. You worked so hard before, and it is very likely that you have damaged your body. It's better to adjust it as soon as possible."

But Anna didn't take it seriously, and said perfunctorily: "I know, I know, I'll see a doctor when I have time."

"Go now. I know an old Chinese doctor is very famous and he is very accurate in diagnosis. I will take you to see him."

"Now? I'm still a little hungry."

"Oh, seeing the doctor is very important over hunger. Turn right at the next intersection and drive for twenty minutes."

Qiqi insisted, Anna was helpless, so she had to say: "Okay. Let's go to see a doctor."

Anna turned around and was about to cross the intersection when an electric bike suddenly came out.

"Anna, be careful!!"

Anna stepped on the brakes immediately, and the tires made a harsh sound. The car glided for some distance before it came to a stop.

At the same time, a heavy object landed, and a woman immediately fell on the ground.

The two girls in the car were scared. After a while, Anna murmured: "Qiqi, I...I hit someone?"

"Don't move, I'll get off and take a look."

Qiqi was also very scared, but Anna is a famous star and it is not suitable for her showing up.

At this moment, an elderly woman was lying on the ground with a painful look on her face. Seeing Qiqi, she immediately started howling.

"Ouch, you young people, how do you drive a car? Are you road killers?!"

Qiqi leaned down and asked, "Sorry, are you okay?"

The old lady didn't answer Qiqi's question, she clutched her waist, and hummed: "Drive a good car and smash poor people, do you have a heart!"

There were more and more people watching the scene around, and they began to point to Qiqi, and some of them said something cynical.

It's no way to drag it down like this. Qiqi stepped forward trying to help the old lady up, and said, "We didn't mean that. Let's go to the hospital."

But the old lady shook off Qiqi's hand and said, "I don't want to talk to you little girl, let the driver come down, I want to talk to him!"

The old woman stared and said, "What is this, do you want to avoid responsibility!? I tell you, people around here have seen you hit me, you can not deny the fact!"

Hearing the old lady's remarks, Qiqi whispered: "I think you are in good health, and you don't look like being injured."

"What did you say?"

Looking up, the the old lady saw a decent woman standing in front of her wearing a hat and sunglasses, with an unrelenting manner and demeanor.

Well, she looks like a rich woman!

Old lady's eyes lit up and she hummed: "Oh, you finally dared to show up? I thought you were going to hide in the car forever."

The shock just now made Anna feel a little uncomfortable and her face turned pale.

But the oversized sunglasses cover most of her face, and while hiding her face, it also covered her pale face.

With a dizzy head, Anna barely supported her body and asked: "Where are you feeling uncomfortable?"

The old lady hummed and said, "I have back pain, leg pain, and head pain. It may be a concussion. It would cost a lot of money to go to the hospital."

"Then we go to the hospital."

"Oh, in fact, you just need to give me some money, and it's fine."

The old lady's tone changed suddenly, her expression was still very impatient, as if Anna and Qiqi didn't know what to do.

Qiqi has just been observing the old lady, and found that her body seemed to be fine, her mental state was very good, and she was clearly very good.

Leaning to Anna's side, Qiqi whispered: "Anna, I think she is trying to blackmail us."

Anna snorted coldly and said, "Huh, I've seen her trick through."

"Or, let's give her some money and leave here, it won't be good to have unnecessary trouble."

"Why should I waste money on liars? No!"

Anna became stubborn, raised her chin slightly, and asked: "Old lady, tell me how much you want."

The old lady looked at the car logo, then stretched out a finger and said, "Only 10,000 yuan."

Anna snorted coldly, and said, "Ten thousand yuan? You really are a big lion. Your broken bike is not even worth ten thousand yuan."

"It's not just my car, but also my body. I'm too old to withstand such collision. You have to pay me the damages."

But Anna didn't want to be fooled, she said, "But I see you're pretty good. The voice is loud and you don't seem to be get injured. As for your bike, it's already in dilapidated condition. So, I can only give you two hundred yuan at most, which is regarded as the fee for everyone around here to watch your lively performance."

These words made the old lady's face changed, and she scolded: "What did you say!?"

"Not enough? Then let's go through the procedures and call the police."

Seeing Anna's insistence, the old lady was puzzled and angry, and said: "You drive a luxury car anyway, why are you so stingy?!"

"I am rich, but I just don't want to give my money to deceivers."

"You... well, you want to call the police, then you go ahead!"

Although The old lady refused to admit defeat, it was obvious that her momentum had already weakened, and her eyes were still peeping from left to right.

Soon, the police came here.

Seeing the old lady on the ground, the police showed a helpless look.

"Old lady, it's you again?"

Hearing this, the old lady must be a habitual offender of the law.

The old lady said, "I'm old and they hit me down."

Turning to look at Anna, the police prepared to take notes from Anna.

But her sunglasses was so tight that she covered her face.

This behavior was a bit strange. The police frowned slightly and said, "Take off your sunglasses, please, please cooperate with our investigation."

Anna sighed slightly, and then took off her sunglasses.

Seeing Anna's face, the police were stunned.

People watching the scene around also recognized Anna, and exclaimed: "Hey, isn't she... that big star?"

"Yes, yes, that's the one who acted in the movie, and won the prize."

"It's so lucky to be able to meet her here!"

The old lady lying on the ground was also dumbfounded. She didn't expect to meet the celebrity.

The police took down the notes and the old lady was still by her side, murmured unwillingly: "Don't the celebrities make a lot of money? When the gossip reporter comes, isn't it you who is the suffer trouble?"

Anna heard the grumble of the old lady, turned her head, righteously said: "What's wrong with my being a celebrity, will the celebrity bow to liars!"

The surrounding crowd applauded for Anna's reply, and some raised their mobile phones to take pictures of Anna.

Anna wore no makeup today and was not suitable for being taken pictures.

But Anna didn't care about these things. At this moment, she felt a bit dizzy, and her whole state was very bad.

She never felt this way before. Anna felt that she really should see a doctor.

Anna asked the police: "Do I need to sign my name on your notes?"

"Sign here, and then the car will be temporarily detained. You just need to wait for a few days."

"Fine." After signing her name, Anna left with Qiqi.

Chapter 563 Anna Is Pregnant (2)

Qiqi found that there was something abnormal in Anna's condition so she held her hand.

After touching the hands, Qiqi realized Anna's hands felt very cold.

Being shocked by this, Qiqi looked up at Anna and found that her eyeballs seemed to have lost focus.

Such a scene made Qiqi very uneasy, and she turned around to take Anna and left here.

"Excuse me."

But instead of giving way to her, more and more people crowded here to witness the demeanor of the superstar.

Anna was taken aback when the incident happened so suddenly. Her heart grew a little uncomfortable seeing so many people coming toward her.

There were more and more people now, and some were rushing forward. Although Qiqi tried to protect Anna, such little effort would help.

With cold sweat on her forehead, Anna felt that she seemed to be unable to hold it.

Qiqi said, "I think we should call Yulin and let them pick us up."

"If we wait for his arrival, the paparazzi will also arrive. By then, the scene will be more chaotic."

"Then what shall we do?"

Anna looked in the direction of the police and said, "I have an idea, go..."

Qiqi was waiting for Anna's answer, but Anna fainted and lost consciousness.

This situation caused Qiqi to panic first, and then seemed to think of something.

Could this be Anna's trick?

Calling an ambulance is indeed faster than Yulin's speed.

It's just that, such a waste of resources, some with no ethics.

Qiqi was a little bit conflicted in heart, but still cooperated with Anna and bent over to hug her.

“Anna, Anna!? You guys, don’t gather here!”

Qiqi yelled, she was about to get her cell phone.

But at the corner of his eyes, Qiqi found a touch of redness.

Turning head to look over, she saw blood flowing out between Anna’s legs.

Her pupils shrank, Qiqi’s limbs turned cold, and she roared bitterly, “Anna!”

The police saw this scene and hurriedly said: “I will take you to the hospital first!”

Qiqi was confused and her head turned blank, so she couldn’t help but get into the police car together and rushed to the hospital.

...

Nobody don’t know how long it passed, Anna opened her eyes slightly.

She looked around in confusion, and then met her gaze with a haggard face.

“Qiqi?”

Qiqi looked at Anna with sadness and joy on face, and said hurriedly: “Anna, you finally woke up!”

“Where am I now?”

“You are in the hospital.”

Hospital?

Anna thought for a while, and the scene before she fainted came into her mind.

Grinning her pale lips, Anna said: “You girl, you are quite smart, knowing that I asked you to call the police.”

After hearing Anna’s words, Qiqi moved her lips, but said nothing.

On the contrary, Anna herself noticed something wrong.

“No, why did the police send me to the hospital? What happened later. Why don’t I remember?”

Qiqi looked a little hesitant, considered it for a moment, and said: “You... are sick, fainted, and were sent to the hospital.”

"I'm sick? What's wrong?"

"Yes, it's nothing serious."

Anna's heart suddenly rose, and she asked nervously, "I'm sick, why isn't Yulin not here? Does he still know?"

"He knows, he's talking to the doctor about your condition."

This time, Anna was sure that she must have a problem.

Anna looked serious and asked, "Qiqi, you can honestly tell me, did I have any terminal illness?"

Qiqi waved hands again and again and said, "No, there is no danger to your life, you can rest assured."

"Then why does Yulin talk to the doctor alone? Also, why are you hesitating, what can't you tell me about the fact?" With that being said, Anna took a deep breath. "Actually, things are not as bad as you thought. Some people have encountered this kind of situation, and there are still many people. In the end, they all turned from danger to peace."

"Oh, just say it, what's the matter with me!"

Anna was pressed so hard that Qiqi had no choice but to tell the truth.

"First, you are pregnant."

"I am pregnant!?"

This news shocked Anna.

She thought she was seriously ill, but she didn't expect that she would receive good news.

Lowering her head and stroking her belly, Anna felt that at this moment, she suddenly had a very strange feeling.

Her movements softened involuntarily, and it was obvious that she already had the glory of motherhood.

Looking at Anna like this, Qiqi felt very happy.

"Yes, because you are pregnant, you have a surprisingly good appetite recently. At the same time, you will feel tired and lethargic."

"No wonder..." The corners of her mouth turned up uncontrollably, Anna said with a smile: "I actually have a baby, Yulin must know it, he must be happy."

"Well, of course he is very happy."

But what followed made her frown.

Think of what Qiqi just said. Anna asked, "You just told me the first thing, then what is the second thing?"

"Secondly, it is the reason you were hospitalized." Qiqi said, "This baby is in danger of miscarriage."

"What!?"

Obviously, she was still so happy just now, and Anna fell into the abyss in the next instant.

She hasn't had time to carefully taste the feeling of motherhood, is she going to lose this baby?

No, she can't stand the harsh fact!

Seeing Anna's disillusioned look, Qiqi said hurriedly: "It's just that there is danger, and the doctor also said there is still great hope. Don't be too anxious."

Not in a hurry? How is that possible.

Anna pretended to be calm, and said, "Go and call Yulin."

Qiqi wanted to say something, but in the end she just sighed deeply, then turned around and walked out of the ward.

After a while, Yulin pushed the door and walked in.

Originally, there was a heavy facial expression on his face. But after seeing Anna, he became as if nothing had happened.

Sitting next to Anna, Yulin shook his hand and asked softly: "Anna, do you still feel dizzy now?"

Anna sat there blankly and said, "Tell me what the doctor said."

As soon as Yulin was about to say something, Anna said: "Since there are some things that I have to know sooner or later, it is better to let me know early." With a weak sigh, Yulin said, "Okay, I said. You have inherited hyperglycemia, so the risk of pregnancy will

be higher. Because you didn't pay enough attention before, you ate too much high-sugar and high-fat foods. , Make your blood pressure unstable, plus a little irritation, there is a risk of miscarriage."

After hearing Yulin's words, Anna felt that she was really useless.

The baby is coming, she doesn't know. Originally, she should protect her baby from wind and rain, but because of her negligence, the baby was in danger.

Gently closing her eyes, covering the pain in Anna's eyes, she asked gently, "Then what should I do now?"

"The doctor will closely observe Anna's pain, and Yulin is very worried about her. The big palm gently touched the top of Anna's hair, Yulin comforted, "Don't put too much pressure on your heart, if this child has fate with us, he will stay."

Turning around and leaning on Yulin's shoulder, Anna said in a tired tone: "I was too careless and failed to discover the existence of the fetus earlier. If I can be more careful, these things won't happen anymore. I am really not a qualified mother."

"It's not like that. You can't control your physical condition by yourself. Don't demand yourself too much. I know you're sad, so am I. But we have to believe in the baby. He is working hard to take root in your body. We have to work hard. Be optimistic and set a role model for your baby."

Tears flowed down involuntarily, Anna murmured: "But I am really not optimistic now. I feel that all my strength has been exhausted, and there is no way to be strong anymore."

"This is only temporary. You can't accept this fact a bit, and you will get better. Moreover. With me, with you, I will accompany you to face the difficulties and problems. Now, close your eyes and rest for a while."

Anna was very obedient. She lay down again, closed her eyes, and murmured softly: "I really hope, all this is just a dream."

Her words cut Yulin's heart like a knife.

Upon receiving the call, Yulin rushed to the hospital, panicked. But the doctor's words completely lost his sense of measure.

Seeing that Jingyan Ye and Yiyao were okay to buy the supplies the baby needed, and the two were still discussing the baby's name, Yulin was very envious.

He also hoped that he and Anna could also have a child of their own.

Now, the dream has come true, but in this way, which is really sad and happy news.

...

Soon, Anna's relatives and friends learned of the news, and they came to the hospital to visit Anna, hoping that she would get better soon.

However, Anna always uses the excuse of taking a break and does not want to see anyone.

Her state is very bad, but she can do nothing.

But among the friends, there was one person who can still walk into Anna's world.

At this time, Yiyao's belly was already very big, and her movement was still a bit inconvenient.

But her mental state is very good, her face is red, and she is full of happiness.

It stands to reason that such Yiyao is not suitable to appear in front of Anna, for fear that she will get hurt. But Yiyao came anyway, and came with an open mind.

At this time, Qiqi had just walked out of the room, with food in hand.

Yiyao saw this and asked: "How is Anna?"

Qiqi shook his head and sighed, "I'm very depressed."

"I'll go in and talk to her."

Walking in with flowers in her hand, Yiyao saw Anna lying quietly on the hospital bed with empty eyes.

Hearing the footsteps, Anna looked over lazily, and saw that it was Yiyao, she curled her lips.

Yiyao brought a vase over, put the bouquet in the vase, and said with a smile: "I have also been hospitalized, knowing that being hospitalized is really a monotonous and boring thing. I can only look at the wall in a daze all day, and I can feel sick even if I am not sick. So, I brought you a bouquet, with fresh air, and a change of mood."

"Thank you." Turning to sit on the opposite side of Anna, Yiyao found Anna staring at her belly, with a painful look across her eyes.

Leaning over and holding Anna's hand, Yiyao said softly: "Anna, in fact, I am the person who understands you best, because we have had a similar experience. The mood at that time was really difficult."

Yiyao's words made Anna almost shed tears.

After taking a deep breath, Anna's voice was obstructed and said: "Fortunately, you came through that period."

"Yeah, finally I got it through. The same to you, you can do it too."

Anna kept shaking her head, her tears couldn't stop, she cried and said, "How do I go through it? I really blame myself. I think it's because of me that things have become so worse today."

"Regardless of whether this matter has anything to do with you, it doesn't make any sense now. What you have to do is to cooperate with the doctor as much as possible and take care of the baby. Originally, the baby still has a 50% chance of survival. But it is because of you, it may only have a 30% chance of survival. Maybe the baby is okay, it is because of your worries that it becomes dangerous."

Yiyao's words made Anna even more embarrassed, but at the same time, she also realized that she could no longer escape the challenge.

Looking up at Yiyao, Anna stopped her tears and asked, "What can I do to make me stronger?"

"Believe in your baby and yourself. Others can doubt it, but you must have confidence. Also, talk to him more. Trust me, he will hear you."

Looking down at her flat belly, Yiyao nodded and said, "Just try it."

Raising her hand to stroke her belly, Anna said softly: "Baby, have you heard your mother speak to you? Mom will always be with you."

Looking at Anna's appearance, Yiyao smiled and said: "Anna, there are some things that others can't help you, so you can only move forward by yourself."

Anna smiled and said, "Yes."

"That's right, smile more, don't always frown, let your baby actively infect your baby. Now you have to stay in bed and wait for a while. You can stroll around, It will not be as boring as it is now, always thinking about it."

"I don't think about it, I want to tell my baby a story."

### Chapter 564 Planning the Wedding (1)

"Yeah, it's better to start antenatal training now, sooner the better for the baby. Are you ready to see your friends now?"

"Sure."

"I'll take them in then, Chuxue has been worried about you."

"Why?" Anna was confused.

"That you may get burnt out a bit from planning the wedding."

"Well..." Smiled Anna.

"She thinks big and a lot, see? So don't be the same like her, just smile to them." Said Yiyao as she opened up the door, where there were Qiqi and Chuxue waiting, who walked inside the room excitedly.

"Anna!" Exclaimed Chuxue.

"Don't be that loud, Chuxue!" Uttered Qiqi.

"Oh..." Chuxue let out a smile of apology, "Finally, here we are again, Anna."

"Yiyao talked me out of all the nonsense I had my mind trapped in, just...I'm sorry, Chuxue."

"Why?"

"I promised you that I'll plan out the wedding, but here I am brought down by illness."

"It's not a big deal!" Said Chuxue as she waved her hands, "It's all fine, Anna, I can take care of this, all by myself."

That kinda surprised the whole room.

"Are you sure, girl?"

"Yeah! Come on, sisters, I'm Chuxue Ye!"

"Finally, there's some maturity in you." Smiled Anna.

“Just take your time relaxing, Anna, baby is always before everything.”

“I’ll do my best.”

It was at that moment Anna realized the happiness of the companion of friends again. People dispersed a while later when Anna needed to take a nap, Qiqi and Chuxu headed to the parking ground together.

“Didn’t see it coming that you would take care of the wedding by yourself, Chuxue.” Said Qiqi.

“Everyone’s been telling me that I don’t really have anything to do with Anna’s business, but...” Sighed Chuxue, “Probably everything could’ve gone smoothly if it weren’t for me. Anyway, I’ve decided to plan out the wedding, it’s always better for me to take care of my own thing.”

“My plate is empty these days, I can help you out with it.” Smiled Qiqi, she was glad to see the change in Chuxue.

“If only your dear husband would set you free!” Smiled Chuxue as she pinched on Qiqi’s cheek, “I don’t think he would ever live a second without you being around him.”

“So be it!” Qiqi blushed, “I won’t just spend every minute with him.”

“Sure?”

“Sure!”

“Alright, then!” Chuxue threw her arm around Qiqi’s neck, “Let’s hit the jewelry shop together tomorrow, I’ve got the clothes done.”

“Shopping? Hooray!”

“I’ll call you tomorrow!”

As they reached the parking ground, Zhao was there waiting.

“Let’s get Qiqi back to school first.” Said Chuxue as she hopped on the car.

“Isn’t Yuqi with you today?” Asked Zhao.

“He doesn’t know I’m here.”

“Wow, no wonder!”

“Just drive, okay?” Qiqi blushed again.

"Be nice on her!" Smiled Chuxue, "I'll do some shopping with her tomorrow, so consider it a day off for you."

"But I don't need a day off!" Zhao was quite upset, "I can help you girls with your bags!"

"It's not that we're going for a Black Friday, come on!"

"Here I am ditched again." Sighed Zhao.

"You've got things to handle, don't you?" Sneered Chuxue.

"Whatever you say, boss."

By the time they got to the hospital, they noticed a crowd gathering up at the entrance.

"Cameras...are these guys journalists?" Asked Zhao.

"Paparazzi." Frowned Chuxue, "Why the hell are they still here?"

"Cause Anna's worth their time."

"Jesus, this is hospital...stop here, Zhao, I'll show them how to spell manner!"

"Wait, Chuxue!"

But the paparazzi all dispersed even before Chuxue got off the car.

"What?" Chuxue was confused, "Did they...feel me?"

"It must be Yulin." Smiled Zhao, "It's now the most stupid timing for anyone to disturb him."

"Troubles never come along." Sighed Qiqi as she laid her eyes on the street where there were few people walking. She headed straight to the canteen after she got back to school, but just before she started enjoying the food, Yuqi made a call to her.

"What are you doing, honey?" Asked Yuqi, soft as streams in the forest.

"Having lunch."

"At this time of day?"

"I just got back from hospital, got some things to handle this morning."

"Hospital? Why didn't you tell me about it?"

"Really? I head to hospital everyday for Anna, didn't you know that already?" Sighed Qiqi.

"No, I don't...anyway, I just miss you, Qiqi. Can't you spend more time on me?"

"Didn't we meet yesterday?"

"It's yesterday! Do you have time for dinner with me tonight?"

"The school has a meeting for us, so no."

"Fine...guess I'll just have to wait for the next day."

"That still depends."

"Why?" Uttered Yuqi, trying his best not to shout.

"Chuxue and I are going to do some shopping tomorrow."

"So you'll just leave me alone?"

"You know you sound like a lost puppy, right? Probably I'll have some time left for you after the shopping's done."

"Really?"

"Yeah!"

"Sure, I'll be waiting in the company, and don't you stand me up!"

"Or?" Smiled Qiqi.

"You'll fine me crying at the gate of your school!"

"Come on!" Laughed Qiqi,"Is this all you got?"

"It's you that took all the toughness away from me, come on!"

"So it's my responsibility?"

"Of course it is! And you're going to take your whole life to fulfill it!"

"Cur the crap, my lunch is getting cold!"

Qiqi hanged up the phone and got down to her, well, business. She headed for supermarkets for snacks, at which time she got a call again, an unknown number.

“Hello?”

“Is Qiqi speaking?”

“Yes.”

“Your food just arrived.”

“Huh?”

Qiqi walked down the dorm, and was quite surprised as she laid her eyes on a pizza box in a delivery guy’s hands. It was quite of a expensive pizza.

“Greetings, this is the seafood pizza set you ordered.”

“But I didn’t...could it be that you got the wrong number or something?”

“Well...I checked the number, the name and the address, all correct.”

“Who made the order any way?”

“Here’s the number.”

Qiqi patted on her head as she saw the number, it was Yuqi, he knew that the food in canteen was never enough for Qiqi.

“Thanks.”

Qiqi headed back to her room and asked her roommates to join her for pizza.

“Wow! I’ve always wanted to try their pizzas! Thanks, Qiqi!”

“You’re boyfriend bought this for you, right?”

“Yeah, so don’t let his money go wasted, come on, take some!” Smiled Qiqi.

Girls snacks party is always full of gossips and laughter, though the incoming graduation brought a slight tinge of sorrow of departure into the room.

Qiqi sat aside and checked her phone, and there was a text from Yuqi.

“How does it taste?”

Qiqi smiled and texted back an emoji of drooling.

"It may be too much for you, I guess."

Qiqi just took a picture of girls and the pizza and sent it to Yuqi, the pizza was almost gone. On the other side, Yuqi let out a big smile as he saw the picture as his secretary walked inside his office.

"The meetings is about to begin, sir."

Yuqi took a few second to put his merchant-face back up, tightened up his suits and straightened up his mind. Even the picky customers seemed to be easy to be dealt with as he thought that he would see Qiqi again the next day.

## Chapter 564 Planning the Wedding (2)

Bags, bags and bags, Chuxue and Qiqi almost ran out of hands to take all the things they bought.

"Jesus, should've had Zhao with us today." Said Chuxue Ye, panting.

"Let's just take a break."

"How about the pizza shop over there?"

"Uh, no, I had pizza yesterday."

"What would you like to have then?"

"Let's have some coffee, I don't have time for a meal, have to head over to Yuqi after this."

"I knew it!" Laughed Chuxue.

"Drinks on me, let's go!"

Bags dropped on the ground, Chuxue finally caught a moment of relax as she sat down in the coffee shop, surrounded by cool air and soothing music.

"Which base are you two in now?" Asked Chuxue.

"Huh?"

"You know, first base, second base or third base?" Smiled Chuxue as she winked at Qiqi.

"Chuxue!" Qiqi blushed, again.

"Zero base then." Laughed Chuxue,"Damn, is this guy just stupid or he's just way too patient?"

"Will you just stop?"

"Sorry, my bad!"

Qiqi kept her head down and played with her dessert, but as she looked up again, she was met with Chuxue's eyes which was filled with a look of complicated feelings: confusion, sympathy, gloating and everything.

"What are you looking at?"

"Okay, okay! I'll get Zhao over here, since I'm not even allowed to look at you." Smiled Chuxue.

"You better do, I don't think you can take everything back just by yourself."

"Yeah, he can shop with me in the afternoon." Said Chuxue, knowing that Qiqi was in no mood of joking.

"Afternoon? I thought you're already too tired to do that."

"Never had I got tired shopping, girl...what are you looking at?" Said Chuxue, noticed that Qiqi was staring at something.

"That pumpkin pie looks quite good, I'll get one for Yuqi."

"Wow, the lovers, you two!" Laughed Chuxue,"Always have each other in mind!"

"I...he just bought me pizza yesterday, this is returning the favor to him!"

"Oh, he bought the pizza." Uttered Chuxue,"See? Usually lovers give each other gifts like rings and necklaces, and you two? Food!"

"Are we done here?" Said Qiqi, pretended to be annoyed.

"Look at you, girl! I'm just joking." Laughed Chuxue,"Okay then, I'll free you for the rest of this day, I'll just stay here waiting for Zhao."

"I'm not in a hurry to see Yuqi!" Said Qiqi,"It's just...desserts like pie tastes the best when it's just out of the fridge."

"I know, it's not that you miss him. Off you go!" Smiled Chuxue.

"Bye!"

"Naive girl." Sighed Chuxue, as Chuxue left the coffee shop, "Quite jealous of you that you still don't know what missing someone feels like."

Qiqi and Yuqi had know each other for a lone time, but it was Qiqi's first time to Yuqi's company. It surprised her as she arrived though she had heard about how powerful and wealthy Yuqi's company was. She dropped into a feeling of powerless standing there staring at the sky scrapper, which reminded her of the gap between her and Yuqi which seemed to be impossible to be bridged.

She thought about turning around and running away, but soon kick it out of her mind since she's determined.

"Greetings, are you Qiqi?" Said a lady as Qiqi walked inside and got lost reading the departments guide in the ground floor.

"Uh, yeah."

"Mr Mu is still in a meeting, he'll be here soon. You can wait in the parlor."

"Okay. Thanks."

Qiqi was led to a room and stayed there waiting. She caught sight of the lady's employee ID card and found out that she's probably Yuqi's secretary. She couldn't help but start worrying since this lady, Linda, is quite gorgeous, what if Yuqi...

"Jesus, just stop it, Qiqi!"

She shook her head and cleared those thoughts out of her mind, after which Linda walked inside with snacks and desserts.

"Mr Mu prepared these for you, Qiqi. There are some more in this little fridge here."

"Oh, thank you, Linda."

Being surrounded by snacks and sweets, Qiqi felt like she just became a little girl again. She turned herself loose and indulged into the carnival of snacks, and soon she found herself quite full since everything there in the parlor was prepared by Yuqi, the man who knows what she likes the most.

She sat back down on the couch and stared at the pumpkin pie, worried that Yuqi may not like it since all the snacks she just ate seemed to be far more tasty than it. As she thought of eating the pie herself, she felt her teeth aching. She tried to get some water by only found juices and sugared soda.

She could only grabbed a cup and walked out of the room and head for the drinking room of the employee since she couldn't found Linda. And just as she arrived outside of

the drinking room, she picked up a conversation among Linda and a few other girls who were right there in the room: "You see the girl that just walked in? She's the one that Mr Mu takes a shine to. Quite a surprise, isn't it? She's just, I mean, ordinary. Not gorgeous, not sexy, I just don't understand why Mr Mu likes her."

"Probably Mr Mu's just tired of the beautiful ones."

"Yeah, it would be a shame if I lose this competition to her."

"How long do you think it will take for this girl to be ditched?"

"A month, tops."

"Maybe just two weeks, and I'm telling you, this girl would be crying, begging Mr Mu not to let her go."

The gossip kept on going, but Linda stayed silent.

"Hey, Linda, how do you feel about this girl?" Asked a girl, who considered Linda as one of her opponents in the company, but she was quite annoyed since Linda still seemed to be stern when chance for them to be on the same side popped up.

"I won't lay any judgement on her, and this is really stupid of you to gossip about Mr Mu's girlfriend here."

"Stop playing acting like a saint, okay? We're just chatting!"

"Chatting like this may cost you your jobs."

"Isn't it the truth we're talking about?"

"Truth? The truth is that this is the only one that Mr Mu invited to the company and had desserts and snacks prepared for her. Do you have any idea what it means?"

"What does it mean then?"

"Mr Mu cares about her, a lot! And if she ever picked up conversation like this, for just once, all of you will be fired." Said Linda as she looked to the entrance of the drinking room, "What do you think, Qiqi?"

Qiqi, and the other girls, were both surprised. Well, she could only have walked inside and pointed at the cup in her hand.

"I...just came to get some water."

Embarrassed, one of the girl pointed at the water fountain at the corner of the room, another girl just walked up and took the cup in her hands.

“I’ll do it for you, and...we were just, joking.”

“Yeah, we hope you don’t mind, it was really just some jokes.”

Though being gossiped about doesn’t feel good, Qiqi didn’t really care since she had nothing to do with all these girls.

“It’s alright, I don’t mind it.”

She headed back to the parlor, and Yuqi arrived there as well about half an hour later.

“Wow, look at this!” Smiled Yuqi as he saw all the snacks Qiqi devoured, “Looks a some burglars just threw a party here.”

“You’re late!” Said Qiqi as she burped, “What else am I supposed to do when I was waiting?”

Chapter 565 The End Part 1

“Come on, let me see if you have put on some more weight.” Smiled Yuqi Mu as he was about to hug Qiqi.

“Yuqi!” Said Qiqi as she stepped aside, “Your people will gossip again!”

“Again?”

“Well...”

“You’re upset.” Said Yuqi as the smile on his face was gone, “Because of the gossip, I heard.”

“You heard?”

“There’s no secret in this place to me.” Said Yuqi, head held up high.

“Of course, Mr Mu.” Smiled Qiqi.

“Don’t worry, Qiqi, never will you see them again here.”

“What? Did you just fire them?”

"I did, and they would never ever be hired in anywhere else in this city, for they talked behind my girl's back."

Qiqi was quite shocked since she knew how hard it was to be admitted into Yuqi's company, but it was not the girls that Qiqi was worried about, it was Yuqi.

"Is it okay to just...fire them?"

"It's all fine. I've promoted Linda to take care of things like this for me, and there will always be new guys here to fill in the blanks."

"Linda..."

"Yeah, the lady that brought you snacks and everything."

Qiqi suddenly realized why Linda chose to stay silent back in the drinking room. It was not that she sided with Qiqi because of her integrity, it was that she was using Qiqi as her stepping stone. As for Yuqi, he smiled as he saw the look on Qiqi's face and landed a kiss on her cheek.

"What...what did you do?"

"You seemed lost." Smiled Yuqi, "And I just summoned you back."

"Fine." Said Qiqi, she handed the pumpkin pie over to Yuqi and said, "I brought you snacks, too, just don't know if you like it or not."

"As long as it's from you." Said Yuqi as he took a bite on the pie and had Qiqi's fingers in his mouth, smiling.

"Ewww!" Exclaimed Qiqi as she took her hand back, "Anyway, just take it as the appetizer."

"What's the entree then?"

"Entree?"

"Wait, is this all you have?"

"So what?" Smiled Qiqi as she blinked her eyes.

"You silly girl." Laughed Yuqi, "Come on, let's go for the entree."

"Where to?"

"The canteen."

“Huh?”

It was a surprise to Qiqi since she thought that people like Yuqi would never eat in a canteen.

“Yeah, canteen, but don’t forget it’s a canteen in our company. Whatever you want to eat, just name it.”

“Really?”

“Yeah, we have Michelin Stars chefs here, quite many of them!”

“Wow...lead the way!”

“Didn’t you just had a ton of snacks?”

“Like I said, appetizers!”

Yuqi burst into laughter and took Qiqi to the canteen. The staffs were there relaxing and chatting, but everyone stopped and stayed silent as they noticed Yuqi walked inside. Qiqi was quite embarrassed but Yuqi seemed like he didn’t care.

“Here we are, Qiqi, pick whatever you like.”

But Qiqi just picked some sushi, which quite confused Yuqi it didn’t seemed like the Qiqi he knew.

“Really? That’s all?”

“Well...” Said Qiqi as she stood upright, “I think I should...behave myself here.”

Yuqi burst into laughter again, which was quite a scene to the staffs there since they’ve never seen Yuqi laughing so hard.

“Hey, Yuqi! What do you mean?”

“It’s just...” Said Yuqi, eyes squinted from laughing, “You’re so adorable!”

“That doesn’t sound like a compliment.”

“It is a compliment! So lucky of me to have you here with me!”

“Whatever.”

Qiqi sat down and enjoyed the food. It did taste good, and she was quite confused that none of the staffs there seemed to be fat though the food here in the canteen were stunningly delicious.

“Knock knock!” Smiled Yuqi as he handed some steak over to Qiqi, “Give it a try, Qiqi, I just don’t understand why you always, say, zone out when you have me around you. I mean, I’s quite handsome, right?”

The scene! Mr Mu cutting steak for a girl! The staffs all fixed their eyes on Qiqi and Yuqi while Qiqi had already got used to it.

“Yummy!”

“Told ya!”

“Okay, I think I’m...” Said Qiqi, trying her best not to burp, “I’m full. I guess you don’t really eat here, do you?”

“Dah.”

“That’s why they look at you like you’re a panda in the zoo.”

“It’s for their own good, you see what they’re like when I’m here.”

“That...makes sense. So why chose here today?”

“Showing you our family business, by family I mean...you will be one of us soon.”

Qiqi immediately started coughing, she was drinking water when Yuqi’s words surprised her. Yuqi reached over to pat on her back.

“Cut...cut the crap! It’s not that I would own this place like you!”

“Well, you love the snacks and sweets here, right?”

“Yes.”

“And the food.”

“Yes.”

“And me.”

“Y...huh?”

“Yes or no?”

“...yes.”

“Deal!” Smiled Yuqi as he leaned back on the chair.

“Deal?”

“Yeah, deal. Come on. I’ll show you around this place.”

“Can I just...go? I want to head back to school now.” Uttered Qiqi, feeling like it was a mistake to have come.

“Why? You got some emergencies?”

“Nah.”

“Then stay.”

“But...”

“Don’t you like being with me? Does this feel like a shame to you?” Asked Yuqi, sternly.

“What? No!”

“Then why are you in such a hurry to leave?”

“It’s just...I don’t feel comfy here.”

“Why?”

“People here...they look at me like I’m a freak.”

“No, Qiqi, they’re just curious. They know who you are, and I’m just showing them the queen.”

“Don’t you think it’s too early to do this?” Said Qiqi, frowned.

“What is this about? Are you going to break up with me or what?”

“No.”

“What is this then?”

“It’s just...I don’t want them to feel like that it’s your money that I’m after.”

“I’ll be glad if you are! If only money makes you feel better about me.”

“Don’t...be like this, Yuqi, it’s not that I’m privileged to you.”

“But you’re always like it, right now you don’t even want to stay a bit longer with me.”  
Said Yuqi, looking a bit upset.

The scene again! Mr Mu seemed to be bordering upon crying because of a girl!

“Okay...” Sighed Qiqi, knowing that the way people looked at her turned a bit spiteful, “Let’s go for a walk here.”

“Really?”

“Really,”

“Yeah!” Yuqi smiled up again, and Qiqi let out a sigh because of Yuqi’s fickleness. They set off for a short tour in the company, Yuqi showed Qiqi quite many details of the company though Qiqi wasn’t really focused on it.

“Greetings, Mr Mu, and Qiqi.” Said some staffs as they met Qiqi and Yuqi, which quite surprised Qiqi.

“They know my name?” Asked Qiqi.

“It’s about manners, they must know how to behave themselves when the queen is around.”

“Just...don’t call me like that.”

“As you wish, your majesty.”

“Yuqi!”

Chapter 565 The End Part 2

“No...” Murmured Qiqi, hands placed on her head, “This...this is just a dream...”

She lied back down and buried her head under the pillow. Yuqi just smiled, rolled over and kissed her on her shoulder.

“What are you doing?” Qiqi was shocked again.

“You said it’s a dream, well, then I’ll just do whatever I want.”

The touch of Yuqi told that this is not a dream, Qiqi tried her best to push Yuqi away and turned around, nearly crying.

"Hon, look at you! You enjoyed it last night, don't you remember?"

"Jesus..." Qiqi could barely made herself heard because of embarrassment,"Then you must take on the responsibility!"

"Huh?" Yuqi seemed to be quite confused,"Shouldn't you be the one to do this?"

"What? It's you that started everything!" Qiqi put one her clothes, decided that she would just act like she couldn't remember anything.

"So you just dine-and-dash on me." Uttered Yuqi,"I'll tell everyone about this."

"What the hell are you doing?" Shouted Qiqi as Yuqi reached for the phone.

"Cause it seems like you want to ditch me after everything."

"Jesus, I'm the victim, okay?"

"So you still remember everything, huh?"

"Just...stop it. I'm quite lost now, I want to head back to school."

"Then take your time to recall what happened last night." Smiled Yuqi,"I can give you some hints of it."

Yuqi got up from the bed and headed for shower, n.aked.

"Holy..."

Qiqi nearly passed out, she still couldn't believe what happened last night. She checked her phone and found a few unanswered calls from Chuxue, and she called it back.

"Qiqi? Where were you last night?"

"I was quite busy, anything you need to tell me?"

"Doctors told us that they will discharge Anna soon since she doesn't need to stay in hospital for recovery!"

"That's great!"

"If you wanna see her just head to her house, she still have to stay there for a long time."

"Well, I need to see her tomorrow." Smiled Qiqi, "I got some files of graduation from the school that needs her to sign on it."

Phone hanged up, Qiqi quickly dressed up and headed to Anna's house. She tried her best to calm herself down and decide she needed someone to straighten out her mind, but she was surprised as she saw the crowd in Anna's house.

"Wow, you guys are all here." Uttered Qiqi.

"You don't sound like you're happy to see us." Smiled Chuxue.

"No, I just...didn't see this coming."

Well, what was worse was that Yuqi was also there. Qiqi could only look away from him and put the files down on the desk. Anna noticed the awkwardness on Qiqi's face, then she murmured to Chuxue and told her to gave Qiqi a cup of tea.

"Did you two had fun last night on the ocean?" Asked Chuxue.

And Qiqi immediately coughed out the tea and got choked by it.

"Jesus, girl!" Said Chuxue, patting on her back, "What happened? Did you catch a cold?"

"She's fine, and we had a wonderful night together." Said Yuqi with a look on his face which seemed like he was implying something. Qiqi quickly tuned around and glared at Yuqi, which caught everyone's attention.

"So Qiqi didn't answer the phone last night?" Asked Anna.

"Yeah." Said Chuxue.

"What about you?" Said Anna to Yuqi.

"Well..."

"Hey, you dropped your denture!" Murmured Qiqi to Yuqi as she quickly grabbed him to the corner of the room.

"Huh?"

"You'd better watch your mouth, or you'll be in need of denture soon!"

"Oh." Yuqi nodded, then he turned around and made an announcement: "Guys, Qiqi wasn't with me last night and we didn't had a slept over together on a yacht!"

Noticed the look on Qiqi's face, Yiyao grabbed her hand and asked all the men in the room to leave for a while, it's time for some girl's talks. Yuqi wanted to stay, but Yulin just patted on his shoulder and took him outside.

"Okay, girls, it was...not what you guys are thinking about." Said Qiqi sternly, though she knew that probably none would believe it. Well, there went her reputation, thanks to Yuqi.

"What we think about it doesn't matter, dear." Smiled Anna,"As long as you don't find it annoying or upsetting. So, Qiqi, do you find yourself in happiness?"

Happiness?

Qiqi thought about it for a while: She has close friends, a boy she really takes a shine to, parents are both healthy, everything seemed great to her if what happened last night doesn't count.

"Maybe...yes?"

"Then just accept it and grab the chance when you still can."

"But...it takes time to make decisions." Stuttered Qiqi.

"Come on, Qiqi!" Laughed Chuxue as she winked at Qiqi,"Be b.rave and, maybe be wild as well! You have all of us here for you! If Yuqi ever wrong you, I'll beat the crap out of him!"

"We're are experts of r0mantic relationship, but at least we've experienced it before you did, you can always come for help."

That cleared all the hesitations away from Qiqi's mind. She burst into a big warm smile and realized that it would be only a waste of time thinking about what would eventually happen, she just needed to accept it.

"And off all the people in the room, I guess I'm the one that is in some real trouble." Sighed Chuxue,"The wedding is coming in just a month, and there's still quite many things left undone."

"I thought you nearly got everything set."

"Basically everything, but I'm just nervous and couldn't think of anything else but the wedding. I can't even sleep well these days."

"That happens." Smiled Yiyao,"But everything will be great after that!"

"That's how I said to myself."

"But why are you nervous?" Qiqi was confused,"It sounds like that wedding is a burden to you."

"You will feel the same when you have to deal with your own wedding." Smiled Anna.

"Whatever." Said Chuxue,"Qiqi, do stay at my back, I'll throw the bouquet to you."

"Sure!"

In Qiqi's mind, wedding is always full of romance and happiness, but is it so?

Soon the wedding day came, quite many Mr Big in the city were invited since it was a marriage between the Ye's and the Nanong's family. Chuxue's nervousness peaked and it quite exhausted Qiqi since she tired her best to cal, Chuxue down.

The whole ceremony came to an end quickly. Looking at Chuxue in fancy white wedding dress, Qiqi was a bit teary, she's happy that Chuxue found her true love. Soon it came to the time for girls to fight for the bouquet.

Chuxue left a tacit glance at Qiqi and raised the bouquet.

"Three, two, one!"

She threw the bouquet to where Qiqi's was at, and Qiqi kept her hands up and waiting for the bouquet, or to say, the happiness to landed on her. But there came a fat girl who came out of nowhere, she bumped into Qiqi and stayed there, waiting for the bouquet to come.

"It's mine!"

But she tripped her self on someone and fell down on the ground, and the bouquet just dropped on the ground as well and picked up by Yuqi, who was there only because that he was worried that Qiqi may fall down and gurt herself.

"Well...thanks, Chuxue."

People started cheering up for Yuqi, the one who picked the bouquet is believe to be the one that would be married soon.

Chuxue didn't see it coming as well, but it doesn't really matter since he's already Qiqi's man.

"Congrats, Yuqi! So when will you round up your wedding?"

"That's...up to Qiqi."

Yuqi thought about it for a while, he walked to Qiqi, bouquet put down on the ground and took a ring out of his pocket and knelt down on his knee.

“Will you marry me, Qiqi?”

Boom!

None of the people there saw it coming, not even Yuqi himself since he just improvised. He was quite nervous as well since he knew what Qiqi's like, she may probably poured wine down on his head out of shock and confusion.

“Yes.”

Qiqi's voice broke the silence, and it was Yuqi's turn to feel like dreaming.

“E...excuse me?”

“I said, Yes!” Qiqi was nearly shouting, and smiling in the same time.

“And don't you regret!”

“Never will I regret this!” Said Qiqi as she took the ring and put it on. She was also nervous, but she had made up her mind that she would embrace whatever that is destined to come.

“Thank you for this bouquet, Chuxue!” Yuqi was laughing like a kid, “Tell me how you planned your wedding out, I need to learn something!”

“Come on, it's not like we're getting married soon.” Smiled Qiqi.

“The sooner the better, isn't it?”

“Hey.” Qiqi grabbed him by his hand, “I'm still a student, okay?”

“But...Anna got married when she was still a student.”

“It's different, and I just don't want to get married too soon, I need time to grow and learn more things before I take on the responsibility of being a wife of a wealthy family.”

“Well...” Yuqi was quite reluctant, but he had to agree, “Okay then, two and a half years for postgraduate, right? I'll be waiting.”

“It maybe longer.” Smiled Qiqi, “Maybe I'll continue until doctorate.”

“Huh?”

Qiqi just turned around and joined the talks of the girls, and all the boys came near Yuqi and congratulated.

“Just be patient, dude, a watched pot never boils!”

“Qiqi!” Shouted Yuqi, “You will marry me in a year, I promise!”

He was met with no answer. Qiqi didn’t turn around, but the smile on her face told everything, everything about her love, her passion, and her life of happiness.

(This is the end of the whole story, thank you for reading!)
