

Modern Day 1521

Chapter 1521 CEO Jun and Princess Finally Meet

“Get someone to remove the defense immediately and put that aircraft down.” Jun Shiling turned to look at his subordinate, his eyes filled with anticipation and urgency that no one had seen before.

“Okay, okay.” The subordinate hurriedly nodded and went to assign work to the other subordinates.

It was night, and the waves in this sea were too strong. Although the aircraft was already close, it could not land directly.

The subordinates worked for a long time before the aircraft finally approached.

During this long period of time, Jun Shiling had been standing by the railing and quietly looking at the aircraft in the sky.

Half an hour later, the aircraft circling in the sky landed on the deck.

Before the aircraft landed, everyone watched Jun Shiling walk over quickly. The wind blew the corners of his clothes. His side profile was cold as he looked straight at the aircraft.

Everyone was curious who could make Jun Shiling so anxious to welcome them. In the next second, everyone saw a slender figure run down from the aircraft.

Looking at that face that could not hide its stunning light even in the night, everyone looked at each other and understood.

Even though they had only come here later, they had heard of Xia Wanyuan’s name from countless people.

Wasn’t this the legendary Xia Wanyuan running towards CEO Jun?

At that moment, Bo Xiao walked out of the cabin. Seeing Xia Wanyuan, whom he had not seen in a long time, a faint light flashed across Bo Xiao’s eyes, and his tightly furrowed eyebrows relaxed.

Looking at the two people who were already hugging not far away, everyone left under Bo Xiao’s lead.

At this moment, on the deck, Jun Shiling and Xia Wanyuan were hugging each other tightly. It had been three years, but the two of them still had the most perfect compatibility. That embrace seemed to be born. Even though time had passed, it could not change at all.

Feeling the smell that belonged to Jun Shiling fill her nose, Xia Wanyuan’s eyes turned red. She clearly had a lot to say, but in the end, she only said, “I’m hungry.”

Jun Shiling stroked Xia Wanyuan’s hair with a smile in his eyes. “Follow me into the cabin. I’ll make it for you.”

With that, Jun Shiling picked Xia Wanyuan up horizontally and walked straight into the cabin.

At this moment, behind the cabin, his subordinates secretly stuck their heads out.

“Wow, CEO Jun has such a gentle side?? Did you see the way CEO Jun looked at his wife just now... Good lord...”

“I thought someone like CEO Jun would be black-faced when he was in love. Aiyaya... He even carried her bridal style.”

Everyone had been in the team for a long time and basically did not have much entertainment. Now that they had finally eaten Jun Shiling’s melon, they were all extremely excited.

“Ahem.” Bo Xiao had appeared behind everyone at some point in time. He coughed lightly. Without turning around, everyone knew who had come and hurriedly lowered their heads to escape.

Looking at everyone’s backs as they fled, Bo Xiao smiled and shook his head. He glanced at the cabin and secretly ran to the window to take a look before walking away leisurely.

Xia Wanyuan leaned into Jun Shiling’s arms and quietly looked at his side profile.

He had lost a lot of weight. Perhaps because he had been busy traveling recently, there was stubble on his face and his eyes were clearly bloodshot.

Sensing Xia Wanyuan’s sizing up, Jun Shiling looked down at her. “Why? Do you want to say that I’ve become ugly again??”

A smile flashed across Xia Wanyuan’s eyes. “Mm, you seem to be a little uglier than before.”

Jun Shiling placed Xia Wanyuan on the soft couch. “Sit first. I’ll cook a bowl of noodles for you.”

With that, Jun Shiling was about to turn and leave when Xia Wanyuan grabbed his wrist.

Jun Shiling turned around and saw Xia Wanyuan looking at him with a burning gaze.

Time passed bit by bit, and the two of them looked at each other.

Suddenly, Xia Wanyuan’s finger that was holding Jun Shiling’s gently curved and scratched Jun Shiling’s palm.

Jun Shiling narrowed his eyes and grabbed Xia Wanyuan’s hand, then leaned down. “Aren’t you hungry?”

The warmth in Jun Shiling’s eyes was too hot. Xia Wanyuan looked away in embarrassment. “Looks like CEO Jun doesn’t miss me very much. All...”

Before she could finish speaking, Jun Shiling’s aura pressed over.

In a daze, Jun Shiling buried his head in Xia Wanyuan’s neck and said, “Then I’ll let you see if I miss you very much.”

The wind and waves at night were very strong. The huge waves rolled up the sea and kept hitting the ship. The ship swayed forward in the wind and rain.

The huge wave attacked and enveloped the entire ship. In the next second, the bow of the ship bulged and broke through the waves.

After some time, the ship finally sailed to a relatively calm sea. In the distance, at the junction of the sea and sky, a bright red sun was shining through the clouds.

In the cabin, Xia Wanyuan was so tired that she could not speak.

Jun Shiling leaned over lovingly. "Do you feel how much I miss you??"

Xia Wanyuan's ears turned red. "Looking at how haggard you are, I thought..."

Jun Shiling tightened his grip on Xia Wanyuan's waist and pulled her into his arms. He looked into her eyes. "What did you think??"

The blanket was warm, and Jun Shiling's embrace was real. Xia Wanyuan, who had been tense recently, finally felt a rare sense of peace.

She leaned on Jun Shiling's chest and smiled. "I thought CEO Jun couldn't do it."

Jun Shiling's eyes darkened. The hand under the blanket moved slightly, causing Xia Wanyuan to exclaim.

"If Mrs. Jun doesn't mind, I can show you again how much I miss you."

Xia Wanyuan finally became obedient. "No need."

Only then did Jun Shiling move his hand away and hug Xia Wanyuan. "You seem to have lost a lot of weight."

Xia Wanyuan wrapped her arms around Jun Shiling's neck. "I'm really hungry this time."

She had been hungry for the entire day and had spent a lot of energy last night. Now, Xia Wanyuan was so hungry that she almost lost the energy to speak.

Jun Shiling kissed Xia Wanyuan's forehead. "Okay, stay here obediently."

With that, Jun Shiling lifted the blanket and stood up, walking to the kitchen to make food for Xia Wanyuan.

Not long after, Jun Shiling came over with steaming noodles.

Xia Wanyuan did not get up. Jun Shiling took his chopsticks and sat by the bed to slowly feed Xia Wanyuan.

A warm sea breeze blew in from the window, lifting Xia Wanyuan's hair and lingering on Jun Shiling's shoulder.

At this moment, time was silent. In a daze, it was as if nothing had happened, as if the two of them were still where they were three years ago.

However, under this deliberately hidden calmness, the two of them knew that this was temporary peace before the battle.

Chapter 1522 Protection

The sky gradually lit up. The sunlight entered the cabin on the sea breeze. Xia Wanyuan slowly ate the noodles and quietly pulled the corner of Jun Shiling's shirt with her left hand.

Sensing Xia Wanyuan's actions, Jun Shiling looked down at her. Xia Wanyuan smiled at him. Jun Shiling's eyes flickered as he pulled Xia Wanyuan's hand over and held it. "Are you cold?"

Xia Wanyuan shook her head, then nodded. "I think so."

The corners of Jun Shiling's lips curled up slightly. "Then what should we do?"

Xia Wanyuan gently scratched Jun Shi's palm. "Kiss?"

Jun Shiling's eyebrows twitched slightly. He clearly did not expect Xia Wanyuan to be so proactive today, although she was still proactive last night.

Jun Shiling lowered his body and kissed Xia Wanyuan on the cheek. His eyes locked onto her. "Is that enough?"

Xia Wanyuan looked at Jun Shiling and smiled. "It's okay."

The two of them looked at each other and smiled. Looking at Xia Wanyuan smiling, Jun Shiling's heart skipped a beat. Just as he was about to take another step, footsteps came from the door.

"Ahem, I don't think I came at the right time?" Bo Xiao's smiling voice came from the door.

Xia Wanyuan hurriedly pulled her hand out of Jun Shiling's. She stood up and looked at Bo Xiao. Bo Xiao was still the same as before, not much different from three years ago. Xia Wanyuan smiled and looked at Bo Xiao. "Long time no see."

Bo Xiao nodded at Xia Wanyuan. "Hello, Sister-in-law. It's not that I haven't seen you in a long time. I saw you last night, but Sister-in-law, you didn't notice me. Your eyes are all focused on CEO Jun."

Although they had not seen each other for a few years, Bo Xiao was still the same as before. There was a smile in his eyes and he liked to tease.

Seeing her old friend again, Xia Wanyuan was overjoyed to be reunited. What she wanted to know the most was An Rao's situation. "Is An Rao okay??"

"She's good Bo Xiao nodded. "She just misses you quite a lot. She nags about you from time to time. When you're not around, An Rao often goes to the manor to take care of Xiao Bao. It can be considered a relief."

An Rao only had one friend, Xia Wanyuan. Ever since Xia Wanyuan left, An Rao had been talking about her in Bo Xiao's ear, almost grinding calluses out of Bo Xiao's ears.

"Oh, right." Bo Xiao thought of An Rao with an obvious smile in his eyes. "She came back two years ago. Now, she takes care of her son every day and films. Her greatest wish is to film with you in the future."

"If there's a chance, I'll visit her." It had been a long time since she had seen An Rao, so Xia Wanyuan naturally missed her. "And my godson, how's his condition now?"

“He’s very good. He eats and sleeps every day. He’s fair and fat. Recently, he even fell in love with your Little Xiaxia. He treasures her every day.”

Previously, Little Qingli liked to stick to Jiajin the most. The two of them had similar personalities and were clearly good brothers. However, ever since Little Xiaxia arrived, they had become an explosive stone between Little Jiajin and Little Qingli.

The two children often fought over who to play with Little Xiaxia and ignored each other, completely forgetting that they were each other’s best friends.

However, it had to be said that children were everyone’s hope. It was precisely because of these two clowns that An Rao and the others in the manor were clearly much happier.

Knowing that everyone was doing well, Xia Wanyuan was much more relieved. She nodded. “It’s been hard on you two to take care of them.”

Seeing that Bo Xiao seemed to have something to say to Jun Shiling, Xia Wanyuan nodded at Jun Shiling. “You can talk, I’ll go out first.”

“Mm.”

After Xia Wanyuan left, Bo Xiao took a few steps toward Jun Shiling and passed a document to him. The document contains the few people’s brief situation. “The people you want have basically arrived. Sigh, you...”

Jun Shiling glanced at Xia Wanyuan outside the cabin. The sea breeze blew up the corners of her dress a little, and her hair circled in the air. Sensing Jun Shiling’s gaze, Xia Wanyuan smiled at him.

Jun Shiling waved at Xia Wanyuan before looking at Bo Xiao. “Don’t tell her.”

Bo Xiao sighed in his heart. “But won’t she still know in the end? I can’t persuade you much. Perhaps if it were me, I would do the same as you.”

He clearly felt that Jun Shiling’s actions were very crazy, but in all fairness, if it were Bo Xiao himself, he felt that he would have the same choice as Jun Shiling.

If he could accept any punishment on behalf of An Rao, he would not hesitate at all.

However, at this moment, as Jun Shiling’s good friend for many years, Bo Xiao had mixed feelings as he watched Jun Shiling walk towards the most extreme direction step by step.

Jun Shiling’s gaze landed on Xia Wanyuan’s back. “It’s my responsibility to protect her.”

From the moment Xia Wanyuan entered Jun Shiling’s heart, Jun Shiling had placed her in his heart and protected her behind him.

Bo Xiao did not say anything else. He knew that it was no longer important to say anything. The two of them stood in silence, and the huge cabin became quite quiet.

At this moment, on the deck, Xia Wanyuan leaned against the railing and quietly looked into the distance, thinking about something.

Seeing that Jun Shiling and Bo Xiao still had a lot to say, Xia Wanyuan sat aside and called Xiao Bao.

“Mommy.” Now, Xiao Bao was already a calm boy, but in front of Xia Wanyuan, there was obvious attachment in his eyes.

“Good boy.” Xia Wanyuan smiled at Xiao Bao. “Are you reading?”

“I’m practicing calligraphy.”

With that, Xiao Bao showed the painting and calligraphy on the table to Xia Wanyuan. Every stroke on the rice paper imitated Xia Wanyuan’s handwriting.

“It’s written very well.” Xia Wanyuan’s heart suddenly ached. “Who taught you?”

“Daddy.” Xiao Bao pursed his lips. “Mommy, when can you come back?”

“Soon.” Xia Wanyuan smiled at Xiao Bao.

Just as the two of them were talking, an exclamation suddenly came from the camera. An Rao squeezed in. “Wow, Yuan Yuan!!! Boohoo, I heard that you... Aiya, let’s not talk about it anymore. Are you okay?”

Xia Wanyuan nodded. “Mm, not bad. Are you okay?”

An Rao’s eyes were red. “Of course not. There’s no one to eat and shop with me anymore. Boohoo, I left you a lot of beautiful clothes. You can slowly try them on when you come back. Also, your fans check my Weibo every day and say that they miss you. Because of you, I’ve gained a large number of fans. Also, the students you brought are so amazing. Really, you must come back and take a look...”

An Rao spoke non-stop. Xia Wanyuan listened quietly and did not speak, her eyes clearly smiling.

After a while, in the cabin, Jun Shiling looked at Bo Xiao. “I’ll leave the rest to you. I’ve already arranged it. Sorry to trouble you.”

...

Chapter 1523 So It’s Her

Bo Xiao forced a smile at Jun Shiling. “Why are you so polite? Don’t worry, I’ll pick her up now.”

With that, Bo Xiao left the cabin.

Seeing Bo Xiao leave in the aircraft, Xia Wanyuan turned around. “Where is he going?”

“It hasn’t been peaceful recently. Something happened and he needs to leave.” Jun Shiling pulled Xia Wanyuan over. “We’ll probably reach Guiyuan Island tonight. Rest for a while.”

Hearing the name of this island, Xia Wanyuan raised an eyebrow. “Did you name this island?”

“No.” Jun Shiling shook his head. “A long time ago, a Chinese discovered this place and gave it a name.”

Xia Wanyuan nodded. “From the looks of it, they’re inexplicably compatible.”

Jun Shiling stroked Xia Wanyuan’s hair. “Rest for a while. There are still many things to do tonight.”

Xia Wanyuan nodded. “Okay.”

Jun Shiling brought Xia Wanyuan into the cabin. Xia Wanyuan had just woken up and actually could not sleep, so Jun Shiling accompanied her to read. The two of them exchanged what they had seen and heard in the past few years. Just like how they had felt when they interacted previously, there were no changes.

At this moment, about thirty kilometers away from the ship Jun Shiling was on, an advanced laboratory had just been completed.

“To be honest, I was quite surprised. I didn’t expect you to be chosen in the end.” Yu Qian stood at the entrance of the laboratory and turned to look at Lu Li, who was standing beside him.

He had saved Lu Li from Old K. Old K liked such a beautiful girl. Just as Lu Li was about to completely fall into hell, she happened to look up at Yu Qian.

Those pure eyes attracted Yu Qian’s attention.

He brought Lu Li out and nurtured her into the purest blade that could hurt people invisibly and reach their hearts.

However, now, this sharp blade seemed to have really been tainted by the mortal world.

Looking at Lu Li’s silent side profile, Yu Qian narrowed his eyes. “You’re doing this for Xuan Sheng, right?”

If it were in the past, as the most outstanding killer under Yu Qian, Lu Li would not reveal any emotions. However, at this moment, Lu Li had already let go of everything.

Her eyelashes trembled slightly, and there was finally a hint of fluctuation in her eyes.

“Ridiculous.” Yu Qian snorted coldly. “But since you’re willing, follow me in.”

Lu Li nodded, then looked at Yu Qian very seriously. “I hope Xuan Sheng doesn’t know about this. Don’t let anyone know that this person is me.”

Yu Qian looked at Lu Li for a long time with a rare hint of confusion in his eyes, but in the end, he nodded. “Okay.”

With that, Lu Li walked straight into the laboratory, and Yu Qian followed.

The subordinate prepared everything needed for the surgery and left the laboratory.

Watching the laboratory door gradually close, the subordinates looked at each other.

“Have you heard?? The governor is choosing people this time to do a skin replacement surgery. No one is willing to take the initiative to sign up. Lu Li is the only one.”

“I don’t understand. Stop talking. Just pretend to be dead. The governor is unpredictable. If he chooses you, you won’t have a place to cry.”

In the laboratory, Lu Li was already lying on the operating table. The light in front of her gradually blurred, and the effect of the anesthetic began to seep in.

At this moment, the scene of Xuan Sheng leaning against the window and drinking sadly flashed across Lu Li's mind.

Before completely losing consciousness, Lu Li did not have any resentment or regret in her heart. There was only relief.

She had deliberately approached Xuan Sheng for some purpose, but in the end, her heart fell for that lonely figure.

She knew that Xuan Sheng's greatest wish was for Xia Wanyuan to be safe. Then, she was willing to make all the sacrifices for Xuan Sheng's wish.

The moment Lu Li completely lost consciousness, the surgical light lit up. Yu Qian held the scalpel and cut open the first wound.

The sun rose from the east and set in the west. The lights in the operating theater finally went out. As the scalpel in Yu Qian's hand fell, the person on the operating table opened her eyes.

However, the person on the operating table, be it her facial features, actions, or inner temperament, were completely the same as Xia Wanyuan.

Looking at the person standing calmly in front of him, even Yu Qian was a little dazed. He looked at Lu Li quietly. "You look alike."

Lu Li glanced at Yu Qian indifferently, just as Xia Wanyuan had always been used to looking at people. "How long can it last?"

In order to achieve the most realistic effect, Lu Li was sewn and mended by Yu Qian like a doll. If there was anything different from Xia Wanyuan, he would directly repair it with raw skin, so the most perfect effect could not be maintained for long.

"Three days." Yu Qian looked at Lu Li. "Only three days."

"Is that enough?"

"Mm."

Lu Li smiled faintly, got off the operating table, and slowly walked out.

Because of the rejection reaction of the surgery, Lu Li's entire body was filled with indescribable pain, so she walked very slowly. However, Xia Wanyuan's usual walking habits were like this, so there was no need to change them.

She had been by Xia Wanyuan's side for so long and knew all her habits very well. Now, her every move was difficult to distinguish.

Outside the laboratory, Jun Shiling had been waiting for a while. Looking at the person slowly walking over, a hint of surprise flashed across Jun Shiling's eyes.

He walked past Lu Li and nodded at Yu Qian. "Thank you."

Yu Qian did not speak. He lowered his head and quietly packed the surgical equipment.

“Let’s go.” Yu Qian changed Lu Li’s voice. Now, even Jun Shiling could not tell the difference between the two of them.

Jun Shiling did not know who the person in front of him was. He only thought that it was a voluntary death warrior he had sent over. He nodded. “Okay.”

While Jun Shiling’s ship was quickly moving towards Guiyuan Island, another ship was quietly floating on the sea.

No matter how huge the wind and waves were, they could not disturb the person lying on the bed at all.

Jun Shiling rushed day and night with his men and arrived at the hotel around Guiyuan Island late at night.

Just as she got off the ship, Lu Li saw a familiar figure. Her footsteps paused slightly. Jun Shiling acutely sensed it. He turned to look at Lu Li. “What’s wrong?”

“It’s nothing.” Lu Li shook her head. “I just finished the surgery. It hurts a little, but it’s nothing.”

“Why did you bring her here??” Not far away, Xuan Sheng’s beautiful peach blossom eyes were filled with obvious anger. “Xia Wanyuan, are you stupid? Why are you here at this time?”

More than twenty years of training had already given Lu Li strong self-control. She looked at Xuan Sheng calmly. “You shouldn’t have come here either.”

Xuan Sheng frowned. “Why do you care? You’re not anyone to me. I think the scenery here is not bad, so I came to take a look. Stop flattering yourself.”

Although he said that, Xuan Sheng’s gaze could not help but stick to Xia Wanyuan. “What’s wrong with Jun Shiling? Why did he starve you till this state?”

Chapter 1524 Waking Up

Just as Xuan Sheng finished speaking, Jun Shiling’s expression darkened. His eyes narrowed. “Watch your words.”

Ever since Xia Wanyuan left, Xuan Sheng had no scruples in front of Jun Shiling. He did not like Jun Shiling in any way, so he naturally could not be bothered to talk nonsense with Jun Shiling now. “Why do you care so much?? You sent your wife out for three years, and you have the cheek to think that my words are not nice?”

As soon as he finished speaking, Xuan Sheng strode up to Lu Li. “Are you stupid? It’s so dangerous here.”

Although Xuan Sheng was blaming Xia Wanyuan, his eyes were clearly worried and hid his longing.

Ever since Little Xiaxia was kidnapped, Lu Li had never returned to China. In more than three years, this was the first time Lu Li had seen Xuan Sheng.

Three years ago, Xuan Sheng was wanton and ostentatious. He always wore a black shirt with the corners outside, exuding a wild and unruly aura.

However, although the current Xuan Sheng did not look good, his temperament had become much more restrained. He was like a sheathed sword, making Lu Li feel a little strange.

In the past three years, Lu Li had also asked around about Xuan Sheng. The current Xuan Sheng had already taken over Glory World Corporation.

However, she knew that Xuan Sheng was still the same person.

Because the way he looked at Xia Wanyuan had never changed.

Lu Li smiled at Xuan Sheng. "Aren't you here too?"

She did not need to ask why Xuan Sheng had come too, because she knew very well that Xuan Sheng had come for Xia Wanyuan.

"You..." Xuan Sheng wanted to say something, but Lu Li had already held Jun Shiling's arm.

She nodded slightly at Xuan Sheng. "I'm sorry, we still have something to do, so we'll leave first."

With that, before Xuan Sheng could answer, Lu Li and Jun Shiling left.

Watching the two of them leave, Xuan Sheng was silent for a long time. In the end, he shook his head in self-deprecation. "Why bother? I don't care at all."

When they reached an empty corner, Lu Li put down her hand from Jun Shiling's arm. "I'm sorry, CEO Jun."

Jun Shiling looked at Lu Li thoughtfully. In the end, he only shook his head slightly. "It's nothing."

"When does the meeting start?" Lu Li looked at Jun Shiling. She had followed Xia Wanyuan for a long time, so every gaze was 80% similar to hers.

"Tomorrow. You can rest well first."

"Okay."

Actually, everyone knew that the so-called meeting was just an appetizer.

If they could not reach an agreement in the end, this place would become a battlefield.

After Lu Li left, Jun Shiling made a call.

"How's it going?"

"The ship has already begun to return to China. It's estimated that it will reach the coast of China the day after tomorrow morning."

"Mm, pay attention to protecting her safety."

"Yes."

After bidding farewell to Jun Shiling, Lu Li returned to her room. However, just as she reached the door, she saw Xuan Sheng standing at the door.

Lu Li clenched her fists slightly and walked over to Xuan Sheng. "Why are you here?"

Xuan Sheng looked into Lu Li's eyes. "I know I'll be rejected, but I still want to ask, are you willing to leave with me? I'll take you anywhere. Even if I die, I won't leave you alone."

Looking at the determined Xuan Sheng, Lu Li pursed her lips. "I..."

Before Lu Li could finish speaking, Xuan Sheng laughed at himself. "Actually, I know your answer too. I just..."

He was just indignant. Xuan Sheng shook his head. "I'm sorry, I seem to have disturbed you again."

Looking at the careful Xuan Sheng in front of her, Lu Li's heart ached, but on the surface, she did not show any emotions. "There's nothing to be sorry about. You have to live well."

"I've been living quite seriously in the past few years." Xuan Sheng forced a smile.

Actually, Jun Shiling was very sad about Xia Wanyuan's departure, and so was Xuan Sheng.

Furthermore, Jun Shiling could openly miss Xia Wanyuan, but Xuan Sheng did not have the right.

Previously, when Xia Wanyuan was around, Xuan Sheng always tortured his body. After Xia Wanyuan left, Xuan Sheng became quite healthy. He lived regularly and worked seriously.

Even Xuan Sheng's assistant was surprised by Xuan Sheng's change.

That was because Xuan Sheng remembered what Xia Wanyuan had told him. He was really living a good life and had never tortured himself again, because he wanted to wait for the day he saw Xia Wanyuan return.

Now that Xia Wanyuan had returned, in Xuan Sheng's opinion, Xia Wanyuan was clearly here to die. She clearly knew that the governor of the hidden continent was up to no good, but she had followed Jun Shiling over.

"I can tell." Lu Li looked at Xuan Sheng seriously.

In Xuan Sheng's opinion, Lu Li's emotions were more or less a little too cold. She was expressionless, as if he was an unimportant person standing in front of her.

However, what Xuan Sheng did not know was that at this moment, Lu Li looked calm on the surface, but her heart was already in turmoil because she was trying her best to suppress her feelings for Xuan Sheng.

She had many things to say to Xuan Sheng, but when she was about to say it, she remembered her identity at this moment.

She was Xia Wanyuan. Xia Wanyuan would not have any other feelings for Xuan Sheng.

In this place, there might be a spy somewhere. Everyone had worked so hard for today. She could not let so many people die with her.

In the end, Lu Li did not say anything. Instead, she smiled at Xuan Sheng. "That's good."

Seeing how distant Lu Li was, Xuan Sheng did not have the mood to continue pestering her. He lowered his eyes. "I don't have much else. How about this? If you need anything from me, just tell me. I won't hesitate."

"Okay." Xuan Sheng did not realize that the "Xia Wanyuan" in front of him was trembling slightly.

"Goodbye."

"Goodbye."

Forever.

The sea was vast, and the staff were not in a hurry. As they chatted, they drove the ship. Suddenly, a muffled sound came from the cabin.

"Did you hear that?? There seems to be a sound. Could Madam be awake??"

"How is that possible? CEO Jun already instructed before he left that Madam won't wake up for a while. Have you forgotten??"

"No, I still have to go in and take a look. Otherwise, I'll be worried." With that, a staff member was about to enter the cabin to take a look.

However, at this moment, a group of dolphins suddenly swam over from not far away and attracted everyone's attention.

"Damn, there are so many dolphins. Hey, there are two white dolphins over there. They're so beautiful."

The dolphins' passage distracted everyone. Only when the dolphins gradually swam away did the staff remember the commotion in the cabin.

However, it was already time for breakfast. Everyone who had been guarding the entire night was already hungry.

"Forget it, it should be nothing. CEO Jun personally carried Madam in."

"That's right. Let's go eat."

Chapter 1525 Gathering

With that, everyone stopped paying attention to the movements in the cabin and entered the dining room.

At this moment, in the cabin, Xia Wanyuan leaned against the bed. Her head still hurt.

She rubbed her temples and felt a sharp pain in her head.

Xia Wanyuan snorted softly, then pinched the back of her hand, using the pain to force her thoughts to be clear for a moment.

She recalled how she had lost consciousness. Last night, before sleeping, Xia Wanyuan had drunk a glass of milk Jun Shiling had handed her and lost consciousness.

Actually, there was no problem with the tranquilizer Jun Shiling had given Xia Wanyuan. If she woke up at a normal time, there would not be any sequelae.

However, Jun Shiling had made a wrong judgment about one thing. In the past few years, although Jun Shiling had some understanding of Xia Wanyuan's situation, he did not have a complete understanding.

Yu Qian was a very dangerous person. It was impossible for Xia Wanyuan to not be wary of him at all. In the past few years, Xia Wanyuan had been secretly training her resistance to drugs.

She had often gone on missions outside in the past few years and would occasionally encounter very dangerous situations.

More than a year ago, because she had accidentally inhaled some paralyzing medicine during the mission, the mission had almost failed.

From then on, Xia Wanyuan began to consciously take the medicine Yu Qian had placed in the laboratory. At first, when she took the tranquilizer, Xia Wanyuan would quickly fall for it.

Later on, as she slowly trained, Xia Wanyuan's body had resistance to the nature of this medicine, so she did not faint so easily.

Hence, the tranquilizer that Jun Shiling had placed in the milk quickly lost its effect.

With a splitting headache, Xia Wanyuan covered her forehead as she searched for an exit.

However, Jun Shiling got someone to seal all the exits, even the windows.

Xia Wanyuan did not need to think to know that Jun Shiling had gone to see those people alone, but Jiang Qing would definitely not compromise if he could not see her.

Xia Wanyuan had to rush over, or she did not dare to imagine what would happen. She looked around and slowly searched for the source of the fresh air.

She knew that Jun Shiling would definitely leave a natural vent to maintain the air in the cabin.

Soon, Xia Wanyuan found the vent.

However, although she had found the location, she could not open it directly now.

She could guess that there must be many people guarding outside. Once there was any movement, Jun Shiling would immediately know that she was awake.

Xia Wanyuan quietly pondered the solution. Suddenly, she thought of the weather forecast she had subconsciously scanned.

According to the speed of this ship, they would soon reach a stormy sea. That might be an opportunity.

Thinking of this, Xia Wanyuan lay back on the bed.

After dinner, the subordinates were still a little worried and came in to look at Xia Wanyuan.

Seeing Xia Wanyuan lying peacefully on the bed, everyone was relieved. "Look, I knew it. How could anything happen if CEO Jun did it himself?"

“I probably saw wrongly. It’s good that you’re fine. Let’s go out.”

“Mm.”

After her subordinates left, Xia Wanyuan slowly opened her eyes. She lay quietly and thought about the next countermeasure.

The ship floated quietly. No one noticed that under the vast sea, a black nine-pointed star was slowly operating.

In the desert hundreds of miles away, thunderclouds surged in the sky. A strong wind brought up the sand, filling the air with the smell of yellow sand.

This was the first time the new staff had seen such a scene. “Do you smell anything very disgusting?? Why do I feel that it smells like blood?”

“A little. I heard that this place is a little strange. The last group of people who came to work here did not go back at all. A large group of people from our side have gathered to seek justice.”

“Huh? I haven’t heard of it yet. If you know that something’s wrong, why are you still working here? I keep feeling that although it’s hot here, it gives off a gloomy feeling. My heart tingles. What do you think?”

“Sigh, isn’t it because I don’t have money? You know that the salary here is two to three times that of the outside world. So what if it’s a dragon’s pool or a tiger’s den? People die for wealth, and birds die for food. It’s fine as long as we can earn some money.”

The two of them were talking when the manager saw them chatting and shouted, “I told you to come to work. What are you doing?! Go to the cave over there and clean it up!”

“Okay, okay.” After being scolded by the manager, the two of them immediately fell silent and obediently followed the manager’s request to the cave beside them.

When they entered the cave, the two of them felt that something was wrong. When their eyes gradually adapted to the darkness and they saw the scene in the cave, the two of them screamed and ran out.

However, the cave that had been opened just now was sealed.

The two of them screamed as they searched for the exit. In the middle, the two of them realized in despair that there seemed to be many people shouting in despair from a wall away.

That cry was tragic. It was a desperate struggle and collapse.

The two of them’s psychological defense collapsed. “It’s over. The rumors outside are true!! We can’t get out!!”

However, it was too late to say anything now. The temperature in the cave began to rise. The sparks ignited the gasoline that had been placed in the cave at some point in time. Countless figures struggled in the fire. At the same time, the array looked even redder.

The vast sky was cloudless, and the desert was steaming with astonishing heat. The entire world seemed to be completely still. No one expected that under the desert, there were raging flames.

At this moment, everyone around Guiyuan Island had basically arrived.

The moment everyone stepped onto the island, someone sensed that something was wrong.

“That’s not right, right?? Why do I feel that there’s something wrong with the person who came??”

After someone’s reminder, everyone looked around and revealed the same surprised expression.

In this alliance meeting, all the famous forces in World A and World D were actually here?!!

Looking at those families that were usually friends or enemies, everyone had a bad feeling.

How did this look like an alliance?

It was good that the negotiation had succeeded. If it failed, wouldn’t the forces of the entire planet be overturned??

“We small fries won’t come and join in the fun.” Some small families felt that the situation was not right and prepared to run.

However, it was too late.

“Why are you running?? Anyone who comes is a guest.” The black-robed man slowly walked into the venue with his subordinates.

His head was covered with a black cloth, making it impossible to see his expression. However, hearing his cold tone, everyone’s hearts suddenly turned cold.

.....

Chapter 1526 Winner

Looking at Jiang Qing’s black robe, everyone was originally wondering who had entered just like that and did not dare to show their faces. However, some more meticulous people quickly remembered someone.

“I heard that the governor of the Hidden Continent is covered in a black robe all year round. I don’t believe that a nameless person can attend today’s meeting. This should be the legendary sect master, right?”

“Really?? That person has never appeared in public before. He actually came to the alliance meeting this time. Why do I feel that something is getting more and more wrong?”

“So you’re the sect master of the Hidden Continent. Sect Master, I don’t quite understand what you’re saying. Could it be that you want to stop me if I want to leave?” A not very famous patriarch stood up. “Although Sect Master, you’re very powerful, you should be...”

Bang. Before this person could finish speaking, Jiang Qing suddenly raised his arm. The small gun under his sleeve was emitting faint smoke. In front of him, the person who had just argued rationally had already fallen to the ground.

Jiang Qing glanced indifferently at the person lying on the ground. He retracted his gun and stood quietly, a powerful intimidation.

Looking at the sudden scene in front of them, everyone was shocked and looked at Jiang Qing in surprise. "Sect Master, what are you doing??"

Lin Qingyuan and Chu Yi were also here. They looked at each other and alarm bells rang in their hearts. The invitation Jiang Qing had sent did not say that today would be like this.

Before Jiang Qing could speak, a strong vibration suddenly came from not far away. Everyone looked up in the direction of the sound and saw a fleet moving over. That kind of ship was not a civilian ship at all, but filled with all sorts of weapons.

Accompanying the ship was the plane circling in the sky. The jets seemed to have stirred the clouds in the sky, causing everyone to panic.

The sky was quite gloomy that day. The strong wind threw the waves high and back at the cabin. It was wrapped in cold water vapor that splashed on people's faces, making their hearts subconsciously turn cold.

Everyone was not stupid. Seeing this scene, they had a bad feeling. They could more or less guess that this meeting was most likely a trap. What did the sect master of Hidden Continent want to do?? Why did he cause such a huge commotion?

With the previous lesson, no one dared to stand up and say it even if they had doubts. Everyone could only look at Jun Shiling for help.

Jun Shiling did not seem surprised by the current situation at all. He looked at Jiang Qing. "Sect Master Jiang, there's no need to make an example out of him."

Hearing Jun Shiling address him, Jiang Qing raised an eyebrow. "Looks like Xia Wanyuan really trusts you and is willing to tell you anything."

"You don't have to worry about that, Sect Master," Jun Shiling replied calmly.

Jiang Qing looked behind Jun Shiling. "Didn't CEO Jun come with Xia Wei? Why don't I see Xia Wei now?"

"Jiang Qing, I'm afraid you've forgotten your identity." Xia Wei walked out from another direction and looked at Jiang Qing quietly.

Xia Wei was dressed in black and exuded a strong aura. If not for the fact that everyone present had seen big scenes, they would really be frightened by Xia Wei's aura.

Looking at Xia Wei walk out of the crowd, everyone present was shocked. Who is this person? How can he have such a powerful aura? I've never heard of any new person in any family?

Chu Man was also standing in the crowd at this moment, watching Xia Wei walk up step by step. His usually gentle face was now covered in frost.

At this moment, Chu Man felt a little real. Even though she was unwilling to admit it, she had to admit that the current Xia Wei might be his truest appearance.

Sensing everyone's gazes on him, Xia Wei scanned the crowd. When he glanced at Chu Man, he paused for a moment.

However, in the end, Xia Wei still looked away and looked ahead again.

Seeing Xia Wei again after so many years, Jiang Qing's eyes flickered. "How did you wake up?"

Over the years, he had been looking for a way to revive Xia Wei.

In his previous life, he had fought with Xia Wei for so long. Jiang Qing knew Xia Wei's ability very well. Hence, even though he had been reborn three hundred years ago and knew where Xia Wei's tomb was, he had never gotten Xia Wei out early.

Because the time of the nine stars was today. If Xia Wei was revived early, he was worried that there would be additional problems. In the end, Xia Wanyuan, this person who caused additional problems, appeared.

Because of Xia Wanyuan's appearance, three years ago, Jiang Qing could not sit still anymore. He released those news and got Xia Wei's tomb to be found, letting Chu Yi revive Xia Wei step by step. However, because of Xia Wanyuan and Jun Shiling's obstruction, in the end, he even threw away Xia Wei's corpse.

Now, Xia Wei was standing in front of him perfectly fine. Jiang Qing could not help but feel a little puzzled. Could it be that there were other ways to revive??

Xia Wei stared into Jiang Qing's eyes. "It's probably an order from the heavens. They asked me to retrieve everything from back then."

In his previous life, in order to revive Xia Wanyuan, Xia Wei had been accidentally deceived by Jiang Qing and was pulled into the nine-star rotation array.

His family and citizens were buried in history. Xia Wei owed them this.

Hearing Xia Wei's words, Jiang Qing sneered. "You were the one who was stupid back then. If you didn't have a royal sister like Xia Wanyuan, do you think that position could be yours??"

Until now, Jiang Qing still insisted that if his family had been around back then and could fight alongside him, he might have been the one to obtain the throne. It would not have been Xia Wei's turn at all.

The onlookers watched as Jiang Qing and Xia Wei exchanged blows. No one understood a word they said.

This was Xia Wanyuan's younger brother?? Did they leave out important information??

Xia Wei looked at Jiang Qing coldly. "Once you lost to me, you would lose to me for eternity."

These words were Jiang Qing's curse. When Xia Wei said this, Jiang Qing's expression changed. "Okay, then you can try and see who the final winner is."

Speaking of this, Jiang Qing's anger from Xia Wei eased a lot.

So what if Xia Wei had obtained the throne in his previous life? In this life, he had woken up three hundred years before Xia Wei. In these three hundred years, he had already made sufficient preparations.

As the only person in the world who was from the hidden family, ever since he woke up three hundred years ago, Jiang Qing had already planned everything in the past few hundred years. He had prepared for so long, and he had managed those people for so long.

This victory was mine, Jiang Qing's.

Chapter 1527 Going Back

Xia Wei did not react to Jiang Qing's words. He only sneered. "Then let's wait and see."

Seeing the two of them at each other's throats, everyone really wanted to run. However, with Jun Shiling and Jiang Qing guarding, there was no chance to run now.

Everyone looked at each other and saw regret in each other's eyes.

Seeing that the atmosphere had fallen to the freezing point, Chu Yi stood up. "Sect Master Jiang, why are you angry? Since today is the alliance meeting, Sect Master Jiang, you're magnanimous. There's no need to argue with a nameless person."

Jiang Qing ignored Chu Yi's words and looked at Xia Wei. "Where's Xia Wanyuan?"

"She has something on."

"Ha." Jiang Qing's expression was cold. "I wonder what's more important than her children's lives."

"Let's talk inside," Jun Shiling, who had been silent, suddenly said.

"No." Xia Wanyuan was the core of everything. Without seeing Xia Wanyuan, Jiang Qing did not plan to go in at all.

"I didn't expect you to still be so persistent about me after so many years." Lu Li's voice appeared behind Jiang Qing.

Jiang Qing suddenly turned around and saw Lu Li, "Xia Wanyuan", walking out of the venue.

"Xia Wanyuan." After looking for Xia Wanyuan for so long, this was the first time Jiang Qing had faced her directly. Looking at the familiar eyes, Jiang Qing's emotions were a little complicated.

Jiang Qing undoubtedly hated Xia Wanyuan very much. If not for Xia Wanyuan, he would have already killed Xia Wei in the battle of Wu Mountain back then. There would not have been the later Emperor Xia Yuan.

However, to a certain extent, Xia Wanyuan had left a deep mark in Jiang Qing's heart, because Xia Wanyuan was the opponent who knew him the best. In that war to vie for the world, Xia Wanyuan was the only opponent at the top of the sky and the only companion.

"Long time no see." Lu Li stood quietly with a condescending calmness between her eyebrows.

Being stared at like this evoked the memory that Jiang Qing had the deepest impression of Xia Wanyuan.

In his previous life, when the Great Xia Dynasty restored the country, as the defeated party, Jiang Qing was escorted into the capital. At that time, he sat in the prison car and looked at the figure on the city wall from afar.

The scene of Xia Wanyuan accepting the worship of all the officials had always been imprinted in his mind. At that time, Xia Wanyuan had the same gaze.

Xia Wanyuan, who was standing on the high platform, seemed to be looking down on everything. The thought of ruthlessly stepping on Xia Wanyuan had perhaps begun from that moment.

Jiang Qing's expression suddenly darkened. He sneered. "Let's go in and talk."

With that, Jiang Qing turned around and walked towards the building in the middle of Guiyuan Island.

The others wanted to follow, but the bodyguards stopped them.

"Everyone, stay where you are. You're not allowed to leave this island."

Looking at the fully armed guns in the bodyguards' hands, everyone could only sit obediently in the area circled by the bodyguards.

At this moment, a hundred kilometers away from the island, Xia Wanyuan had successfully left the ship guarded by the bodyguards and was rushing to Guiyuan Island at full speed.

All the buildings on Guiyuan Island were in the ancient style that Jiang Qing liked. At this moment, in the small courtyard in the middle, everyone was sitting around a sandalwood table.

"Tell me, why did you get us here?" Lu Li looked straight at Jiang Qing. "What method does my child need to survive?"

"It's very simple." Jiang Qing pulled off the black cloth covering his head, revealing an extremely young face. "You need to be willing to sacrifice."

"What sacrifice?" Lu Li frowned slightly. "I don't understand."

"Tonight is the day the nine stars are connected. The last time such a constellation existed was a thousand years ago." Jiang Qing looked into Lu Li's eyes. "I want you to sacrifice for the array at midnight tonight. If you do this, I'll help you break the curse on your child."

Before Lu Li could speak, Xia Wei had already stood up. "Impossible. What exactly do you want??"

Suddenly, Xia Wei seemed to have thought of something and looked at Jiang Qing in shock.

"You want to go back???!!!"

All along, their thoughts had entered a misunderstanding. They thought that the reversal of time was irreversible. However, now, Xia Wei suddenly had an epiphany.

Since time could jump to a thousand years later, why couldn't it go back to a thousand years ago?

Previously, Xia Wei had guessed that Jiang Qing's goal of tricking him into opening the Nine Stars Rotation Array a thousand years ago was to take revenge and make him and Xia Wanyuan disappear from that era forever, making the entire Great Xia Dynasty disappear from history.

However, at this moment, Xia Wei suddenly seemed to understand.

Perhaps from the beginning, Jiang Qing's goal was not revenge, but to turn back time.

Back then, Jiang Qing wanted to return to before the war began, and the current Jiang Qing wanted to return to the Great Xia Dynasty a thousand years ago.

Jiang Qing was not flustered at all that Xia Wei had guessed his thoughts. He smiled faintly. "I've said it before. The winner will not be revealed until the last moment."

"That child," Jun Shiling said. "How can they escape the outcome of dying young?"

"They've suffered in Xia Wanyuan's place. As long as a loved one is willing to sacrifice and let everything return to its original position, their existence will naturally become reasonable."

Hearing Jiang Qing's words, Jun Shiling's eyes darkened. "Are you sure?"

"You can choose not to believe me." Jiang Qing smiled, but there was no warmth in his eyes. "Do you think there's a second person in this world who understands this?"

Before Jun Shiling could speak, Lu Li turned to look at Jun Shiling with infinite love. Then, she looked at Jiang Qing. "I can."

Jun Shiling suddenly frowned. "No!"

Looking at the two of them arguing intensely, Jiang Qing smiled. "I'll give you five minutes to consider. I'll wait for you in front of the divine pillar over there."

With that, Jiang Qing stood up and left.

No one knew what Xia Wanyuan and Jun Shiling had discussed in the venue, but five minutes later, "Xia Wanyuan" walked out of the venue alone. Her eyes were red, as if she had just cried.

Looking at the clearly fragile Xia Wanyuan, Jiang Qing sneered. "Your luck is really good. In your previous life, you had your two useless parents to protect you. Now that you're in a different world, you can still make a man let go of everything for you. As expected of the number one beauty. Your methods are amazing."

'Xia Wanyuan' did not care about Jiang Qing's provocation at all. She was clearly still a little fragile just now, but when she looked at Jiang Qing, she had recovered her extreme coldness.

"What do you need me to do?"

"Follow me." Jiang Qing glanced at Xia Wanyuan and Xia Wei. "It's time for you to leave this world that doesn't belong to us with me."

Chapter 1528 Untitled

Hearing Jiang Qing's words, Xia Wei subconsciously glanced at Lu Li.

However, Lu Li walked forward quietly without any expression.

Xia Wei took a step back and gently touched Jun Shiling's arm. "If anything happens later, leave immediately with my sister."

Jun Shiling replied, "I know."

With Jun Shiling's promise, Xia Wei relaxed a little and followed Jiang Qing in.

On the long narrow path, a group of people was slowly moving. At this moment, outside the coast, a storm was coming. Everyone squeezed together and sighed.

Lin Qingyuan glanced at Xuan Sheng, who was lowering his head, and a hint of mockery flashed across his eyes. "CEO Xuan, why didn't I see Xia Wanyuan bring you in? Oh, right, you don't seem to have anything to do with her. It's hard for you to run all the way here."

Xuan Sheng lowered his head and did not even look up at Lin Qingyuan. "So? It can't compare to Master Lin personally strangling his child."

When Xuan Sheng said this, Lin Qingyuan's expression changed.

Two years ago, Su Yueran got pregnant again. This time, she gave birth safely.

However, the rise of the Lin family had actually offended many people. While Su Yueran was in the hospital to protect the baby, an enemy sneaked in and drugged Su Yueran and the child.

In the beginning, Lin Qingyuan had also invited someone to treat the child, but the other party planned carefully and no famous doctor could treat the child.

At this moment, the other party made a request to Lin Qingyuan, asking him to take out ten billion yuan. If he could do it, he would give the antidote to Lin Qingyuan. If he could not, the antidote would never appear.

Ten billion was a huge amount, but it was not as difficult as ascending to the sky for Lin Qingyuan.

Everyone thought that Lin Qingyuan would quickly produce the money to save his child, but no one expected to hear the news of Lin Qingyuan's child's death.

The people thought that Lin Qingyuan's child had passed away from illness. Only a few people who knew the inside story knew that Lin Qingyuan had clearly killed his child himself because he did not want to be threatened by others.

This was something Lin Qingyuan had always wanted to hide. He did not expect Xuan Sheng to say it so directly in front of everyone. His face turned a little green.

Lin Qingyuan fell silent. The others looked at this strange atmosphere and stayed silent.

On the other hand, Jiang Qing brought people in for about five minutes before they arrived at a twenty-meter-long divine pillar in the middle.

From afar, one could only see a black pillar that was ordinary. It was only when one approached that they could see that this divine pillar was filled with all sorts of complicated patterns. Sandalwood and golden silk cedar surrounded the divine pillar, and all sorts of ancient patterns were carved on it.

What attracted the most attention on this divine pillar were the nine black dragons surrounding it.

These black dragons circled the divine pillar in all shapes and sizes, looking awe-inspiring.

However, dragons clearly represented majestic and auspicious totems. At this moment, the black dragon on the divine pillar revealed an obvious strangeness and an inexplicable evil aura.

Jun Shiling watched from afar and felt that there was something wrong with the divine dragons around the divine pillar. He focused for a while and finally knew what made him feel strange.

The nine dragons actually did not have eyes. Their empty eyes were dark and looked especially terrifying. The nine dragons circled and looked at the sky, as if they were waiting for something.

Jiang Qing stood in front of the divine pillar and reached out to press the mechanism beside him. The mechanism gradually withdrew, and the complicated structure gradually changed. The lotus bloomed, the thick fog spread, and the heavenly dragons circled. The entire divine pillar began to fall, and a palace that was spreading a strange aura rose from the ground.

At this moment, the weather became even gloomier. Tiny raindrops even began to fall from the sky. The clouds not far away surged with a thick black color. The black clouds pressed down on the entire temple, revealing a thick pressure.

Jiang Qing turned around and glanced at Lu Li and Xia Wei. "Let's go."

Lu Li and Xia Wei looked at each other, then nodded and walked in together.

Jun Shiling wanted to follow, but just as he took a step, a group of people walked over and blocked Jun Shiling at the door.

Looking at Jun Shiling's worried expression, Jiang Qing sneered and looked at Lu Li.

"How did you make me part with my family back then? Today, I'll let you try the feeling of parting with your loved ones."

The Jiang family was originally a family of the Great Xia Dynasty. Because Xia Wanyuan's father had reduced his military power, they gradually rebelled. The destruction of the Xia Dynasty was quite related to the Jiang family's betrayal.

Later on, Xia Wanyuan and Xia Wei restored the country and established the Great Xia Dynasty again. The reckoning of the rebels back then began.

The entire Jiang family had been uprooted. Jiang Qing had personally seen his parents and relatives die under the guillotine.

Even though it had been a thousand years, Jiang Qing's hatred for the entire Xia family had never changed.

Even though he had already become one of the strongest people here, to Jiang Qing, his obsession was still the Xia Dynasty from a thousand years ago.

With that, Jiang Qing gestured for his subordinate to bring Jun Shiling aside. He looked at Xia Wanyuan. "Let's go."

“How are you going to save my children?” Lu Li looked at Jiang Qing. “If you don’t say it, I can’t go in.”

Jiang Qing took out a black stone from his arms. “Take this and sacrifice it with it. As long as you die, all the injustice will dissipate, and the influence of the Nine Stars Rotation Array on this era will disappear. Your children will naturally be fine.”

“What if you lie to me?”

Jiang Qing sneered. “I lie to you?? Do you think there’s a need for me to worry about the people and things of this era??”

Lu Li hesitated for a moment before taking the black stone from Jiang Qing. “Alright, let’s go in.”

As soon as she finished speaking, Lu Li turned to look at Jun Shiling. Looking at Jun Shiling, Xuan Sheng’s figure appeared in her mind. Lu Li’s eyes were filled with strong reluctance. She smiled at Jun Shiling. “I’m leaving.”

At this moment, Jun Shiling suddenly broke free from the restraints of the person beside him and took a step forward. “I’ll go with you.”

Lu Li did not expect Jun Shiling to do this at all. Her eyes widened. “What did you say?”

That was not what Yu Qian had instructed me. What was Jun Shiling doing?

Jun Shiling walked forward and signed Lu Li’s hand, his eyes filled with love. “I’ve already arranged things in Beijing. If you’re destined to leave, I want to be with you. I don’t want to stay alone in a world without you.”

“No.” Lu Li rejected decisively.

However, Jiang Qing seemed to be a little interested. He looked at Xia Wanyuan, whose expression was not good, and mockery appeared in his eyes.

He felt that what Xia Wanyuan was unhappy about was quite worth being happy about.

“Who said no?? I think it’s quite good.”

.....-

Chapter 1529 The Princess Arrives

He suddenly felt that letting Xia Wanyuan and Jun Shiling part ways in life was not the best way to make Xia Wanyuan sad, because Jun Shiling was still alive and well in this world.

To Xia Wanyuan, seeing Jun Shiling alive and well was not a punishment. On the contrary, it was the greatest happiness.

If Jun Shiling died for her, it would definitely be the most painful thing for Xia Wanyuan.

Thinking of this, Jiang Qing made a decision. He gestured to his subordinate. “Bring Jun Shiling over too.”

“Yes.”

Xia Wei stood at the side and watched quietly. His gaze had been focused on Lu Li. Suddenly, his eyes narrowed, as if he had guessed something.

Jiang Qing and Xia Wanyuan were not familiar with each other and could not tell that the Xia Wanyuan in front of him was different. He had been by Xia Wanyuan's side since he was young and could tell the difference the moment he saw Lu Li.

Lu Li had actually learned very well from Xia Wanyuan, but there was one thing she did not grasp, and that was Xia Wanyuan's emotions.

When Xia Wanyuan looked at Jun Shiling and Xia Wei, her gaze was different. Only those who were very familiar with Xia Wanyuan would know this difference.

Lu Li was not Xia Wanyuan. When she looked at Xia Wei, there was deliberate gentleness in her eyes. When Xia Wanyuan looked at Xia Wei, that gentleness emitted from her bones. Anyone who had been by Xia Wanyuan's side for a long time could feel it.

He had originally thought that Jun Shiling wanted to get a scapegoat to die with Jiang Qing on Xia Wanyuan's behalf. He was even prepared to cooperate with Jun Shiling. However, seeing that Jun Shiling was actually going to enter together, Xia Wei seemed to understand something.

Jiang Qing was so persistent in finding Xia Wanyuan because Xia Wanyuan had some characteristic he needed. This characteristic definitely did not exist in this fake Xia Wanyuan.

Xia Wei felt that the most likely thing was that Xia Wanyuan was the most yin person who matched the nine-star consecutive heavenly phenomenon. Back then, his yang nature could suppress the suppression of the nine-star rotation array. Now, Xia Wanyuan could also suppress the backlash of the array.

If Jiang Qing discovered this difference, he would definitely not let the matter rest.

As long as Lu Li entered the array, she would be seen through.

Jun Shiling insisted on following her in. Could it be that he wanted to confuse Jiang Qing's judgment on Xia Wanyuan's behalf??

Xia Wei frowned. "Jun Shiling, you..."

"I love your royal sister." Jun Shiling looked straight at Jiang Qing. "So I'm willing to do anything."

Jiang Qing looked into Jun Shiling's eyes. At this moment, only the two of them knew what they were saying.

Xia Wei finally sighed. "Mm."

He knew that Jun Shiling and Xia Wanyuan had a good relationship, but he had never thought that other than his parents and relatives, there was such a person who crossed time and space and loved Xia Wanyuan wholeheartedly.

If Xia Wei had acknowledged Jun Shiling previously, at this moment, Xia Wei felt that only Jun Shiling was worthy of his sister's love in this world.

Looking at the worried Xia Wei and Jun Shiling, Jiang Qing smiled smugly. "Come, the loving Xia Wanyuan and Jun Shiling? Today, this place is to bury your mausoleum."

With that, Jiang Qing walked in. Jun Shiling glanced at Xia Wei, and the two of them reached a consensus.

No matter what happened, the two of them would protect Xia Wanyuan and let her successfully survive in this era.

At this moment, at the edge of the island, everyone was guarded by bodyguards. All the signals were blocked, and anyone who secretly brought weapons in was killed by the guards.

With such an example, the people behind obediently handed over the weapons they had hidden in private.

On the coast, the leaders of the usually high and mighty families were drenched in the rain in a sorry state, not knowing how the road ahead was.

Chu Man was drenched in the rain, and her already beautiful facial features became even more beautiful in the rain, attracting a large number of gazes.

However, at this moment, she ignored these gazes. She looked in the direction of the temple worriedly and clenched her pants tightly, her face clearly anxious.

"I really didn't expect my all-powerful sister to have such a day." Chu Yi looked at Chu Man with interest and admired the expression on Chu Man's face with a faint smile.

"I can't compare to you." Chu Man retracted her gaze from the temple and looked at Chu Yi coldly. "Do you think the woman you're protecting knows what you've done?"

When Chu Man said this, Chu Yi's aura clearly changed. His eyes froze. "What did you say?"

"Ha." Chu Man sneered. "I say, the Chu family is the most infatuated. Let's not laugh at each other. Even if Xia Wei and I can't be together, we're at least friends. What about you? Your sweetheart can't wait for you to die immediately."

Chu Man's words were like a sharp knife that stabbed straight at Chu Yi. Chu Yi wanted to say something, but in the end, he fell silent.

The surrounding people trembled as they listened to their conversation.

Everyone thought to themselves that they did not know if they could get out of here alive.

Now that these big shots had exposed each other, even if they could survive, they would still be silenced.

Help!! We really did not want to know who you loved, who loved you, who killed their son, and who protected who.

The world of the big shots was really exciting.

Just as there was silence, the sound of an aircraft suddenly came from not far away. Everyone looked up. The aircraft passed countless guards, broke through a large number of guards, and headed straight for the temple.

Countless barriers were set up around this island. The aircraft rushed in so roughly, causing intense friction with the various barriers. Wherever it passed, sparks flickered.

“What’s going on today? Who is this?? I deeply doubt if we can really go back alive.”

“The person in the driver’s seat seems to be a woman. Who is here to save her husband again? Her aircraft should be the most advanced model on the market.”

Through the rain, Xuan Sheng looked at the aircraft seriously. When the aircraft flew past the sky, he narrowed his eyes. Why does the woman in the driver’s seat look so much like Xia Wanyuan?!

Xuan Sheng’s eyes suddenly widened. He stood up. However, just as he stood up, the black muzzle pointed at him. “Sit.”

Xuan Sheng looked into the distance and then at the gun in front of him. In the end, he sat down.

In the rain, the aircraft’s speed increased to the extreme. The guards wanted to stop her, but they could not.

...

Chapter 1530 Entering the Temple

Everyone was puzzled by this woman who suddenly barged in. “Who is this? She’s really bold to come here at this time.”

Someone recalled the side profile they had just seen and was puzzled. Xia Wanyuan’s face was too recognizable. Why did that woman look like Xia Wanyuan?

“She just flashed past. Why do I feel that this person is a little like Xia Wanyuan, who had just entered?”

“No way. Didn’t Xia Wanyuan go in... Why is this godforsaken place so strange?”

After being reminded, the others recalled the side profile they had just seen. It was indeed very similar to Xia Wanyuan.

However, when Jiang Qing entered the temple, hadn’t he already brought Xia Wanyuan over?

Just as everyone was discussing, Chu Man, who had been silent, suddenly stood up and walked straight towards the temple. Everyone stopped discussing and looked at Chu Man.

Watching Chu Man leave, Xuan Sheng’s eyes narrowed. He strode to Chu Man’s side. “You want to go in?”

Chu Man had never had much patience for men other than Xia Wei. She glanced at Xuan Sheng. “Coward.”

So what if Xia Wei did not like her? The man she, Chu Man, liked had to follow her even if he did not like her. Even if he died, he had to die in her hands. She was unwilling to sit here and wait for death.

Chu Man's style had never been to sit here and wait for others to tell her the outcome of the matter. Even if he died, she had to watch Xia Wei die.

With that, Chu Man left without hesitation.

After being scolded by Chu Man, Xuan Sheng did not have any other expression. Although she was a woman, she was more carefree and decisive than anyone here. Xuan Sheng shook his head and followed Chu Man towards the temple.

Watching Chu Man leave, Chu Yi's eyes flickered. For some reason, he suddenly stood up. "Wait."

Chu Man stopped and watched Chu Yi approach step by step. "Is there a problem?"

"No." At this moment, beyond life and death, the hatred between the two families was temporarily pulled away. Looking at his sister, who looked a little like him, Chu Yi pursed his lips. "No matter what happened before, I hope you're safe at this moment."

Chu Man looked at Chu Yi in surprise. "Thank you."

When she was young, Chu Man had once chased after Chu Yi and called him brother. She had also acted coquettishly to Chu Yi and said that she would always be his sister. Unfortunately, time passed.

Because of the fallout between the two heads of the Chu family, Chu Man and Chu Yi also divided into two factions.

Under the guidance of the elders of both sides, the two of them were gradually controlled by the power of hatred. On the land of Continent F, the two of them should have joined forces to sweep through Continent F, but because of hatred, they had been divided for a long time and occupied Continent F. Neither was willing to obey the other.

As time passed, Chu Man and Chu Yi were no longer the same as before.

Ever since they parted ways when they were young, the two of them had not seen each other for a long time. Those silhouettes of their youth were hidden in their memories and had never come out again.

However, at this moment, facing the farewell of life and death, all hatred seemed pale and powerless.

The figure of his youth jumped into Chu Yi's mind. He remembered that he had once told Chu Man that he would always protect his sister, Chu Man.

While the two of them were talking, the guard sensed that there was a commotion here and had already walked over with his weapon. "What are you talking about? Aren't you going to squat down? Are you courting death?"

With that, the guard took out his iron rod and prepared to hit the two of them.

Chu Man's eyes turned cold. Her wrist had already moved slightly. Chu Yi took a step forward and stood in front of Chu Man. Xuan Sheng also moved. The few of them looked expressionless, but they were already prepared to fight to the death.

At this moment, the guard's communicator suddenly rang.

Looking at the caller's name, surprise flashed across the guard's eyes. It was actually a first-class officer who had called him directly.

The guard put down the steel rod that he had already raised and walked to the side to answer the communicator. It was unknown what the communicator said, but when the guard returned, he had already agreed to let Chu Man and the rest enter casually.

"Go in. The others can go in even if they want to. Those who don't go in, stay here obediently. Otherwise, be careful of the iron rod."

Hearing the guard's words, everyone looked at the temple not far away with a strange aura and sat quietly on the spot.

Hehe, only a fool would go. That place was definitely a tomb. If we went, we would be courting death.

Only Xuan Sheng and Chu Man turned around and left without hesitation, heading straight for the temple.

Watching the two of them leave, everyone was stunned. They thought to themselves that there were really fools.

At this moment, at the entrance of the temple, Xia Wanyuan had already gotten out of the aircraft. When the person in charge of guarding saw someone break in, he stopped her.

"Don't move. Put down all your weapons, or I'll shoot you immediately. Raise your hands!!"

=As the guard spoke, he raised his hand at Xia Wanyuan.

However, when he saw Xia Wanyuan's face, the guard was a little stunned. Because this face had appeared ten minutes ago. It was clearly Xia Wanyuan!

The guard had his back facing the temple. In addition, all his attention was on Xia Wanyuan, so he did not notice that behind him, the towering temple was gradually falling, and the speed of its descent was getting faster and faster.

Xia Wanyuan glanced at the gradually falling temple and knew that it was about to disappear. She stared into the guard's eyes. "I'm the real Xia Wanyuan. If you don't let me in, if your sect master blames you, you can't bear the responsibility at all."

Xia Wanyuan's aura was too strong, and the guard was stunned by her. "I..."

"Move." The temple fell faster and faster. Xia Wanyuan almost wanted to enter anxiously and scolded the guard sternly.

The guard was shocked by Xia Wanyuan's reprimand. While the guard was in a daze, Xia Wanyuan flashed into the temple.

Not long after Xia Wanyuan entered, Chu Man and Xuan Sheng arrived.

Seeing this towering temple, Xuan Sheng and Chu Man turned cold. What surprised them even more was that this temple was actually falling!!

The descent of the temple became faster and faster. It was only halfway down. Seeing that the door was about to close, if they did not go down now, they would never be able to go down again.

Chu Man did not hesitate and jumped in. Xuan Sheng followed closely behind.

The guard stood at the door and was stunned.
