[Chapter 1041 Interrogation In The Ward](#)

Vivian did a background check on Roger before she hired him for her plan. She found out that he was not a native of Barnes, and his family had been living in a small town in the south. He had been living here in Barnes alone for more than 10 years and therefore lost contact with all his family members. He didn't have many friends except for a group of gamblers who he always hung out with.

Roger always took on shady jobs. Whenever he accepted one, he would be gone for a few months, sometimes even up to a year.

His body now lay at the bottom of an unfinished structure.

So this was what was going on.

However, before Janet could speak, Ameer immediately rebutted fiercely and it was so loud that it resounded through the ward, "Shut up! What nonsense are you talking about?"

Suddenly, a crisp slapping sound was heard as Ameer struck Kathie squarely on her cheek. She tilted her face to one side, and a red palm print instantly appeared on her smooth cheek.

Kathie cursed, "How dare you hit me again! You snob! Had I known you were such a wimp, I would have left you for another man!"

[Chapter 1043 The Dish Is Burnt](#)

The sun's warm rays dappled the table, making the dishes on the table to look more appealing.

At first, Brandon had no appetite, but when he saw that Janet had earnestly arranged the dishes for him, he couldn't help but smile and say, "You don't have to do all the work yourself. I'll hire a maid to help out at home from now on. You just focus on your own work."

Brandon picked up a piece of broccoli and popped it into his mouth. The fresh taste of the vegetable exploded on his tongue.

However, Brandon noticed that the dishes tasted different than they usually did.

[Chapter 1044 Stalling Ethan](#)

At first, Charis was stunned. She froze on the spot as her mind drifted, back in time, to her high school days.

When she was sixteen years old, she thought Ethan was a cold, emotionless young man who kept

everything to himself, living in his own world. She yearned to see him smile.

[Chapter 1045 A Friend Came To Visit Him](#)

Frank just arrived home and was exhausted. He certainly didn't expect Janet to call him at this time.

"I know about it," Frank replied, answering Janet's question. "Don't worry; that's a good thing."

"Brandon's mood has been fluctuating a lot today. I'm afraid that he might have other problems, so I called you for help," Janet whispered as she massaged her forehead. Although her tone was soft and gentle, it was obvious that she was concerned for Brandon's health.

[Chapter 1046 New Challenges](#)

"What's the mean of this?" Brandon asked with a blank look.

Garrett cleared his throat and sheepishly scratched his head. "So here's the thing. The Harding Group finished recruitment just a few days ago. The candidates weren't exactly suitable for the Harding Group, but I think they will fit in the Larson Group nicely. I suggested for them to apply for an interview with your company, and those youngsters were also keen on the idea. I wanted to recommend them directly to you. Of course, I'll gladly vouch for their eligibility."

Brandon glanced at the list of names, his eyes narrowing. These people were quite famous, being the most popular newcomers in the industry.

[Chapter 1047 Laney's Sacrifice](#)

Laney's smile faltered, and she was no longer in the mood to finish the cake. "I'll wait until the baby is born. I don't want to endure it all the time, and I won't."

Janet immediately noticed that something was wrong with Laney. She held Laney's hands and worriedly asked, "Is there anything I don't know about yet?"

When she touched Laney's hands, they were cold and clammy.

"I'm fine. Don't worry about me," Laney assured. It was just that what had happened in the past few months suddenly flashed in her mind. She sighed heavily and started to tell Janet her story.

[Chapter 1048 Life Assistant Lola](#)

Outside the window, the sky was a clear canvas, and the sun was shining on the stone road of the street, casting a warm glow.

The waiter packaged the cakes Janet had ordered and handed them over to her.

"I think it's about time. Should we head back to the hospital or go shopping for a while first?" Janet took the cakes in her hands and inquired about Laney's opinions.

[Chapter 1049 Assign Vivian An Important Position](#)

After watching Garrett and Laney leave, Janet walked into the inpatient department carrying a chocolate hazelnut cake.

The door to Brandon's ward was half closed and Janet could hear the men inside having a conversation when she was at the door.

Brandon was talking very softly, and Janet strained her ears to hear the conversation.

"You can give Vivian an important position while I'm away. She is cautious and dedicated in her work. I'm sure she's also a good problem solver. She'll be able to help solve a lot of troubles," Brandon said in a meaningful tone.

"Mr. Larson, why did your opinion of Vivian change so quickly? Weren't you still guarding against her a few days ago?" Sean asked in confusion. He was shocked and couldn't figure out what Brandon was thinking.

[Chapter 1050 The Investigation Result](#)

"It's clear as day that Vivian and Charis were acquainted," Brandon admitted to Janet. "I suspect that Vivian had something to do with the recent events, but I don't have any concrete evidence to prove it yet," Brandon told Janet.

Lately, the two of them had been too exhausted to delve into the topic. But after seeing Garrett, Brandon felt much more at ease and decided to discuss the matter with Janet.
