Chapter 07: Job Well Done

"You're safe now," I whispered, my voice hoarse with desire. "I won't hurt you."

The bunny girl let out a soft moan, her body relaxing as she surrendered to the sensations coursing through her. Her muscles clenched around me with each thrust, her breath coming in short, rapid gasps. I could feel her arousal building, her juices coating my length with every stroke.

I quickened my pace, my hips moving with increasing urgency. The sounds of our bodies coming together filled the air—the wet, slick sounds of our passion mixing with her soft moans and my low growls. I felt my control slipping, my own pleasure building to an unbearable peak.

"I'm close," I warned her, feeling my cock twitching.

She didn't reply, just meeting my thrusts with more urgency. Her body was ready for me, her walls clenching and unclenching around my cock.

"UGH!" With a fierce growl, I quickened my pace even further, my hips slamming against her plump buttocks with each powerful thrust. I felt her walls clenching around me, her juices flowing freely as she neared her pinnacle.

"Come for me," I growled, my voice deep and commanding. "Let go, and I'll show you the stars."

"Ahh!...Ahhh~!" My words seemed to break through her hesitation. With a soft cry, the bunny girl surrendered to the pleasure, her walls clenching around me as her release washed over her. I felt her juices flowing, coating my length as her body trembled with the force of her orgasm.

"Ugh!!...damn!" I followed her over the edge, my own release surging through me with an intensity that took my breath away. I buried myself deep within her womb, my cock throbbing as I filled her with my essence. I felt our bodies connected, our pleasure intertwining in a symphony of ecstasy.

Even though the experience was great, I couldn't shake a sense of disappointment. The reason for my existence in this world had not been fulfilled. She hadn't conceived.

"More!" I was eager for more. NO! I won't stop until she gets pregnant with my offspring. But I want to see her face as I plant a baby inside her.

Tightening my grip around her hips, I slowly began to pull her out of that magical portal. My cock was still deep inside her, she was warm, and I didn't want to let go. Her body resisted at first, but with a strong pull, she slid out, her soft fur brushing against my skin.

She didn't glance back at me, and her first instinct was to run. She performed a small jump, and my cock slid out of her in a pop, letting some of my hot cum dripping on the ground.

"Wait." As the bunny girl attempted to flee, my possessive instincts kicked in, and I refused to let her go without a fight. I swiftly grabbed her hips, making both of us fall into the dirt.

She tried to struggle against me, but I was stronger. I flipped her on her back, staring at her face for the first time.

When she met my gaze with those large green eyes, her fear quickly turned to bewilderment. Too bad she can't communicate with me. But I was determined to keep breeding her inside. I put a little bunny inside her. However, I didn't want to proceed while she was so fearful of me.

I remained silent, locking my crimson eyes with her green ones. Slowly, I made myself comfortable on her chest and brought my manhood close to her mouth.

The bunny girl's eyes widened as she realized my intention. She shook her head vigorously, her eyes pleading with me to stop. Fortunately for her, I was in control of my actions.

I merely brushed the tip of my cock against her lips, painting them with my essence. I didn't know if it was out of curiosity or a natural reaction, but she licked her lips and tasted my cum.

I watched with satisfaction as her eyes widened in shock. Undoubtedly, my essence was the most exquisite thing she had ever tasted, thanks to my skill.

"You like that, don't you?" I murmured, my voice rough with desire. "You want more."

She extended her pink tongue to lick me, but I stood up, confusing her. I sat on the opposite tree, opening my legs wide.

This time the bunny girl didn't attempt to escape. Instead, she remained still, raising her head slightly to stare at me. Then, her eyes shifted to my cock.

'I'll make her beg for it,' I thought. With that, I slowly stroked my cock, allowing the remaining essence on my shaft to drip onto the ground.

"Do you want it?" I waved my cock in front of her eyes. "Come and get it."

The bunny girl's eyes widened further at my bold proposition. She hesitated, her gaze flicking between my cock and my face. I could see the internal struggle playing out in her eyes—her fear and her desire waging a silent war.

"Come on," I urged, my voice low and persuasive. "You know you want it. Take what you desire."

Slowly, as if drawn by an invisible force, the bunny girl crawled towards me. Her eyes never left my cock, her gaze fixed on the object of her desire. I felt my heart pounding in my chest, the anticipation building with every inch she closed the distance between us.

When she was close enough, she reached out with tentative bunny-fingers, tracing the length of my shaft. Her touch was feather-light, sending shivers down my spine. I bit my lip to suppress a moan, my body tingling with anticipation.

The bunny girl's pink tongue darted out, licking her lips as she eyed my cock hungrily. She seemed to be savoring the moment, the anticipation building within her as well. With a gentle grip, she wrapped her bunny-fingers around my shaft, stroking slowly and deliberately.

"That's it," I murmured, my voice hoarse with desire. "Take what you want."

She needed no further encouragement. With eager moans, she leaned forward and took the tip of my cock into her mouth. Her warm, wet tongue swirled around the sensitive head, sending waves of pleasure coursing through my body. I threw back my head, my eyes closing as I surrendered to the sensations.

The bunny girl suckled and nibbled, her mouth working feverishly on my cock. Her soft lips slid up and down my length, her tongue teasing and tantalizing me. I could feel her passion and her need, and it only fueled my own desire.

"Ahhh!...Fuck!" I gently held her head, guiding her movements as she bobbed up and down on my shaft. Her mouth was like a vice, sucking and milking me with expert skill. I could feel my control slipping as the pleasure built to an unbearable intensity.

"I'm close," I warned, my voice strained. "I'm going to cum soon."

The bunny girl didn't slow down. Instead, she sucked harder, her mouth moving faster and faster. I felt the familiar coil in my loins, the pleasure building to an explosive peak. With a fierce growl, I released my seed into her waiting mouth.

"Ahhh!" I threw back my head, my eyes rolling back as wave after wave of pleasure washed over me. My cock twitched and throbbed, emptying my essence into her mouth. I could feel her swallowing, savoring every drop of my cum.

As the pleasure subsided, I looked down at the bunny girl. Her eyes were closed, her chest heaving as she savored the taste of my cum. I knew that my seed would nourish her, and the thought brought a satisfied smile to my face.

"Good girl," I said, gently caressing her cheeks. "Come here."

Slowly I pulled the bunny girl closer, our bodies pressing together. She didn't resist, her eyes closed as she surrendered to the moment. I could feel her soft fur against my skin, her hard nipples against mine, and her breath coming in short, rapid gasps.

"You're amazing," I whispered, my voice hoarse with desire. "I want to give you more pleasure."

Our lips locked together in a passionate kiss, our tongues dancing in a sensual rhythm. I could taste myself on her lips, the combination of my cum and her natural sweetness driving me wild. My hands roamed her soft fur, caressing her curves as our kiss deepened.

The bunny girl responded eagerly, her arms wrapping around me, pulling me closer. I could feel her desire, her body pressing against mine as she returned my kiss with equal fervor. Our tongues entwined, tasting and exploring each other, the heat between us building with every touch.

Gently I spread her legs, positioning the tip of my cock at her entrance, but I didn't push. I wanted her to ride me this time.

The bunny girl didn't disappoint, and without breaking our kiss, she slowly lowered herself onto my cock, her moans muffled by our kiss. Inch by inch, the bunny girl impaled herself on my length. Her eyes squeezed shut as she adjusted to my size again.

"You feel so good," I whispered, biting her lower lip, making her moan in pleasure "Ride me, baby."

"Ahhh~!" The bunny girl didn't need any further encouragement. With a fierce growl, she began to move, her hips rocking back and forth as she rode me with abandon. Her soft moans filled the air, mixing with the slick sounds of our passion.

I could feel her walls clenching around me with each thrust, her juices and my cum flowing freely as she surrendered to the pleasure. Her pace quickened, her movements becoming more urgent as her desire built.

"That's it, baby," I growled, my hands gripping her hips, helping to guide her movements. "Ahh~!...more"

The bunny girl threw back her head, her long ears flopping against her back as she cried out in pleasure. Her breasts bounced with each thrust, her hard nipples rubbing against my chest. I could feel my own release building, my cock throbbing with every stroke.

"I'm close," I warned, feeling the coil in my loins tightening. "I'm going to cum soon."

The bunny girl didn't slow down, her hips bucking wildly against me. She met my pace, her body trembling with anticipation. With a feral cry, she pushed down on me, her walls clenching around me as she reached her peak.

"Ahhh~!" She screamed, her body shuddering with the force of her release. Her juices flowed freely, coating my cock as she milked me with her walls.

"Ugh!!...Yes!" I cried out, feeling my own release surging through me. My hips bucked up, driving deep into her as I emptied myself into her warmth, load after load of my seed into her womb.

This time, I had done the job right.

A smirk appeared on my face as I read the system's notification. I did it. I claimed this bunny girl for me. Satisfied, I raised my eyes to look at her face.

"What's wrong?" I asked in confusion. She was staring at me in pure shock. For a whole minute, she didn't move or blink, just stared at me. Then, she slowly brought her hand to her belly. Immediately, her shocked expression turned into uncontrollable joy. That's when I realized that she sensed I had impregnated her.

I smiled, unable to contain my satisfaction. "I gave you a gift," I said, my voice gentle. "You're carrying my child now."

The bunny girl immediately latched onto me, kissing and hugging me tightly. She was happy, and I was happy too. I wrapped my arms around her, returning her embrace with equal fervor, sealing it with a long, passionate kiss.

"Damn, I like this world already,"
