

Medical Princess: Touching Porcelain with Small Texts (XVII)

Biquege, the latest chapter of the Prince of Medicine is updated as soon as possible!

"Second Brother, you are crying again, so shameful!" Another voice came from the door, and the little princess also took the same attitude as the second prince. He poked a head behind the door and saw his own second brother's bear-like, little princess. Could not help but groaned, then opened the slightly opened door, and a lady came in.

Helplessly took a few steps and didn't know if it was uncoordinated. He fluttered and sat on the ground.

After sitting down, he still looked stunned and didn't seem to understand why he fell. He stared blankly at the two older brothers in front of him. One of his mouths was flattened and he wanted to cry. The fall was really painful.

The second prince stopped crying, he felt that he was a boy, and he was also an elder brother. The lord said, the boy bleeds without tears, and especially cannot cry in front of the girl. This is too shameful, especially for a little princess. Crying pack, but also broken mouth, if you cry today, everyone in the palace must know tomorrow.

Then his face was lost.

Moreover, the appearance of the younger sister is too ridiculous, and it is too silly to cry.

The actions of the second prince at this time were completely instinctual. The small mouth that originally wanted to cry, at this moment immediately opened up, and laughed. The tears hanging in the eyes were also laughed. He wiped Laughing with tears, she said loudly: "Little girl is too stupid!"

The little princess couldn't bear it anymore, and when she saw her second brother laughing, she burst into tears. Where can she put up with it, she cried loudly.

The little prince had a headache and felt that the twin siblings were here to torment himself.

Glancing at the second prince fiercely, he rebuked angrily: "Shut up, the emperor saw it for a while, and can't spare you!"

If it is said that the father and the emperor hurt most, both the little prince and the second prince knew that it was his own lady.

The second prince reached out his hand and hurriedly covered his mouth, his eyes rolled around, fearing that his father would suddenly appear. The second prince was a ghost who had taught his father.

His Royal Highness passed over and pulled the little princess. The little princess looked at him while crying, and wanted to find some comfort from the elder brother. The second elder brother was the worst, and the elder brother was the best.

"Doesn't it hurt?" Seeing the crying face of the little princess, His Royal Highness Your Highness

I was going to rebuke her for a few moments, and now she couldn't help feeling distressed. Napazi wiped her tears and asked gently.

"It hurts!" The little princess nodded while crying.

"Deserve it! Crying pack!" The second prince said lowly, the girl just didn't like it, and went down and fell down after crying. If there is anything to cry, just get up and run.

Although these words are not low, the little princess was desperate to find comfort in the two elder brothers. Now her eldest brother has comforted her, but the second elder has gained such a sentence, and the little princess is also annoyed, turning her head while crying and still retaliating: "The second brother hates it the most. He was crying just now, so shameful!"

"I didn't!" The second prince thought this was a stain on his life, and retorted loudly with a chubby face.

"That's right, I saw it." The little princess wiped her tears cleanly, and immediately felt that she was a little lady again, her mouth slipping away. "Tai Fu said, the second brother is not good at learning anything, not at all good, I'm fine, Tai Fu always praises me. "

"You didn't learn it well!" The second prince didn't give up, and walked over, to have a good theory with his sister, how could he not learn it well.

"Brother, the second brother only broke Mo. The father's ink seems to be for you. He broke it all, I saw it." The little princess started to sue. Yes, it exposed her second brother.

At that time, she was actually on the side, and she saw the embarrassment of her second brother overturning something, and she also saw the **** next to the second brother took the second brother to change clothes, wash clothes, destroy the evidence, and then saw the second brother After knowing how to find a mother, the little princess felt that she had to go to her father to sue.

But I looked around but couldn't find it, and finally found the little prince here.

"You bullshit!" The second prince was angry and annoyed, feeling that his face had been lost by his sister.

"I didn't talk nonsense, let's go to the father, and let the father send someone to see it." The little princess said loudly, and felt that the louder the sound, the more reasonable. After saying that, she was gloating. I'll give you a meal and see where you run this time! "

"I ... I didn't ... I didn't mean it on purpose." The second prince was also wronged, and his eyes became red with a sore nose. The more he thought about it, the more he felt wronged.

He flexed, stretched out His Royal Highness Prince's placket, and raised his tearful eyes: "Brother, I'm looking for a mother, I ... I'm looking for a mother."

The second prince felt that at present only the mother can save herself.

At first glance at the second prince, the little princess was proud again, and giggled, the little girl's laughter was crisp and cheerful.

When Xiaoxuanzi came in, she saw the little princess and the second prince pulling the robe of His Royal Highness, and His Royal Highness' body was twisted to the left and right. It can be seen that these two hands are really good.

"The father-in-law of Xiaoxuanzi is here." As soon as Xiaoxunzi came in, His Royal Highness said.

The little princess and the second prince were no longer in trouble, not only innocent but also unruly. The little boy reached out and pulled his own corner of the clothes, then looked at Xiao Xuanzi, and asked sweetly, "Xiao Xunzi, you see the Father Huang Are you and your mother? "

The second prince was clever and asked quickly, "Where is the mother?"

Compared to the meaning of the little princess, the second prince said that he was a little emotional now, and just wanted to see his gentle mother, but the father queen was still missing.

Lest the emperor be angry again!

"The slave has seen His Royal Highness Prince, the Second Prince, and the Princess." Xiaoxuanzi said with a smile. After so many years passed, Xiaoxuanzi was actually not too young, and he was much taller.

"But my mother is with my father?" His Royal Highness looked at the little **** holding a thick pile of folds behind Xiaoxuanzi, feeling really tired. He felt that he had to run away from home for a while to appease the injured soul.

The children of other people are playing at this time. Why is he so tired? The main thing is that these are not the things of the father and emperor? Why do you have to throw all your father's affairs on yourself?

His Royal Highness the more he thought about it, the better he felt. The little fist in his hand shook his eyes, and his eyes turned. He already had a new idea. Isn't General Qi going to return to Beijing?

General Qi, who helped to guard the border, also counted hard work. In fact, he could greet him, indicating that he was serious about General.

Isn't that what the kingdoms do?

In fact, he is still young, and he has to play more to grow taller and to take greater responsibility ...
