Biquege, the latest chapter of the Prince of Medicine is updated as soon as possible!

"Lord, let's go back, it's so late!" Yahuan pulled Qin Yiyan's sleeve and pulled it hard, and timidly persuaded, "It's so late. What happened, but how is it good? "

How did she feel that His Royal Highness' idea was not so reliable! .

"What are you afraid of? I'm not really weak!" Qin Yiyan said indifferently, and she stretched out her hands and sleeves and pulled up. She felt that she seemed to be weak, but in fact she was not weak.

When she entered Beijing, in order to enter the Royal Palace, at that time she was called a weak and helpless under the request of Concubine Lan Tai, as if the Royal Palace did not take her in, and she would soon faint on the ground and pass out. Think about how shameless she felt when she was so weak.

"But right now ... it's getting dark at this time, it's not always good!" Yahuan is still persuading her, and looked around, "Country Lord, if this matter is to let the queen's mother know this, you will definitely be punished for punishing her Caution, women! "

Qin Yiyan is now under the control of the queen's wife, not only her, but also her affair, which is also said by Princess Lan Taigui in front of her.

Even if Qin Yiyan was not satisfied, he dared not say anything.

Speaking of which she is older than the queen queen mother, why let her control herself, which makes her feel embarrassed.

But whether it was Princess Lan Tai or the elders in her own family, she felt that it was most appropriate for her personal affairs to fall into the hands of the queen mother-in-law. If Qin Yiyan objected, it would have no effect.

Right now it doesn't work.

"It's okay, the queen lady is in the palace, I don't know." Qin Yiyan rolled his eyes.

"But the concubine sent by the queen mother is still waiting for you in the county's main house. If you don't go back for a while, you can ... but it's not easy to say!" Said the girl in the wrong.

At that time, it was certainly not only the county owner, but her little follower, she really didn't want to follow along, she just wanted to stay in the government.

Touch your belly, and you are already hungry and flat.

"A moment later, I'll be here soon!" Qin Yiyan shook his hand, motioned her not to worry, the probe looked outside, and suddenly saw a carriage coming over, carefully discerned it, and immediately flashed, "Come Up

!! "

"Come ... come?" Yahuan was more tense, she looked out and looked outside. Sure enough, a carriage came over, not fast or slow.

"Remember I taught you." Qin Yiyan rejoiced and rushed out.

Wen Xichi stayed in the palace for a longer time today. Some important things could not be dealt with at once, so I intentionally left it for a while, to see if it was early, before returning home.

The coachman was upset, and it was dark outside.

Immediately, a woman suddenly rushed out in front of her. It seemed that the carriage was in front of her. The woman who rushed out took two steps backwards, stumbling and fell in front of the carriage.

In front of her, the coachman held the horse unbearably.

Wen Xichi hit his forehead against the carriage window, reached out and touched his forehead, and asked unhappily, "What's going on?"

"Master, a woman suddenly rushed out." The coachman looked angrily at the woman who fell to the ground, said, so suddenly rushed out, and at such a dark time, if it wasn't for him to react quickly, this is the best There really is something going wrong.

"Master, master ... you ... don't scare your slaves!" Hutian crying, passed around, a girl looped the skirt corner, rushed out, and once rushed out,

hugged the woman who fell to the ground, Crying loudly, "If something goes wrong, how can the slaves live, who owns the carriage, and walks without looking at the road?"

The coachman was so annoyed that he was trying to speak, but he heard a low cough in the back, knowing that his grandfather was about to come out, and jumped off the carriage angrily to make room.

When Xiaoxi pulled the curtain, Wen Xichi got down from the carriage and looked at Qin Yiyang crying as if Qin Yiyang really lost her life, and looked at him lying in her arms. At every turn, Qin Yiyang frowned.

"What happened, hit someone?" Looking at the situation on the ground and the distance of the carriage from the woman, it didn't seem to really hit.

It was only during his time in the wagon that although he bumped a bit, the movement like this did not seem to be a major accident.

"My dear, she didn't hit it, she fell." The coachman said indignantly, looking at the girl crying and grabbing the ground, people who didn't know really thought he had hit him.

"Master, don't you do it on purpose?" Xiao Yan looked at Qin Yiyang's motionless appearance and couldn't help it.

Secretly scorned in his heart, and did not look at who his master was, he dared to touch the porcelain. At that time, he must let Xiangye send people to the government.

This girl ring is crying too loudly, and it sounds like a loss.

"What's the intention, you hit my master, and you said that my master intentionally. Does my master need to do it on purpose? We ask people to judge, you do not say, we master passed out, you still say this The wind is cool, which reason!" Yahuan cried loudly.

The lord said, do n't be afraid of the trouble, let 's get into trouble, she 's really not afraid of the trouble, it 's just that the queen and queen in the palace will know.

There were not many people at night, but the movement here was not small. Some people had already come around to see it. Some people recognized it

as a carriage with little literary details, and did not follow the ring to point, but looked lively.

Xiao Wenxiang's reputation in Beijing has always been good. When he comes back late from the palace, the carriage travels slowly, and it doesn't seem to be able to hit people. Besides, the young lady didn't.

Which one is this trouble?

"It's not far from my house. Take your lady with you. Will a doctor in my house help you to see if your lady's health is good?" Wenxi Chi asked gently.

"Okay, okay, go now!" Ya Huan wiped her eyes, and immediately stopped crying, half-embracing Qin Yiyan and got up. "Hurry up, our master is hurt, something is going to happen."

Xiaoxiong is going to be cheered by this girl's acting skills, and she said she did n't mean it. It's intentional to see it like this. It's really been a long time. In the past, those young ladies just bumped into their father and then fainted on him In front of him, someone fell into the water in front of the grandfather.

There are new patterns in porcelain.

There is no fear that when a horse lifts its legs, it will trample people to death.

"A big event, something big, obviously it was deliberate, and we looked at our dear Lord!" Xiao Yan was very unconvinced, and whispered as he came over, trying to help the carriage.

"Why, what are you doing, stand still!" Seeing Xiaoxi going to hold her hand, the girl was anxious, staring at Xiaoxi, "Do not touch our master."
