The body of the county's master, how can a small cricket be touched.

"Retreat!" Wenxi said lightly.

"Don't help her get on the carriage?" Xiao Yan glanced at Yahuan's thin body, sneered at her, and stopped. "Sure enough, she didn't report well!"

Although the carriage was not large, but the thin girl ring was still holding an individual, he did not believe that he could go up.

But the next moment, Xiao Yan's eyes widened, this girl actually actually hugged herself and went up!

Go up?

Xiaoyi blinked and looked at it clearly. Sure enough, Yahuan half-embraced the person and her mouth widened. If it was him, it would definitely not work.

But this girl ring looks thinner than him, why ... why did you go up?

"Okay!" The people around are not small. After reading, some people applaud, not to mention that it is not okay, even an adult may not be able to look at it, it looks quite relaxed.

The girl ring was also very satisfied, with a proud smile on her face. She followed the master of her county to practice martial arts since childhood. Of course, unlike other people, holding the lady on the carriage was really nothing, but someone was quite happy. .

At least this represents the approval of others.

Yahuan really wanted to say a few words of modesty.

Qin Yiyan was twisted fiercely in the waist, and she immediately frowned, and did not dare to say anything more. The aggrieved half helped Qin Yiyan enter the carriage and whispered: "Sir, everyone else says I'm great!"

After that, the two had entered the carriage, and the curtain of the carriage fell, blocking the people outside.

"You also said that your master was injured, and you still have time to show up here, is it because I don't pull you, and you want to say a few words to show your acceptance!"

Qin Yiyan helped Yahuan sit upright, and said unpleasantly, how could she have such a stupid girl who was not a showman and was proud of it.

If you do n't need such a girl ring, you need a little force. You can get yourself into Wenxichi 's carriage without the help of others, and she 's never seen Wenxichi. She does n't want to take her. come.

Look at this stupid, martial arts are practicing silly.

"Your master is not a big deal, right?" Xiao Xi won Wen Xichi's

Meaning, went to the carriage and asked the curtain.

"There is something, our master has something, you let the carriage go quickly, don't delay time!" With the attention of Qin Yiyan, Yahuan hurriedly loudly, and the voice brought a bit of crying voice. This girl ring cried again inside.

The life of the master is unknown at this moment, and this state of being a girl ring is the most correct.

Qin Yiyan gave Yahuan an encouraging look, saying he did a good job.

The carriage moved forward slowly, Wen Xichi and Xiaoxi followed, and his house was not far away, and it was quick to take a few steps.

The idlers on the road immediately dissipated. If this happened in front of other people, there is still a lot to see. This little fame is very famous, and he won't do anything deceiving, and he doesn't see the fiction. They all came down and gave up the carriage to the woman who hit the carriage.

Some people on both sides saw this scene, and they said that the woman in the carriage might not be good, and it seemed that she had deliberately hit Xiao Wenxiang.

They all came to Xiaowen Xiang, who made Xiao Wenxiang's reputation good, and who made the master and servant look weird, and some people said with a big brain that they would bump into it. What kind of marriage is coming, if this is all right, it is estimated that from time to time, someone will hit the carriage of Xiao Wenxiang.

In the carriage, Qin Yiyan heard this and was very proud. She just fancy Wenxi Chi, what happened!

"What happened?" Mrs. Tai heard that she had invited the doctor, and hurriedly brought a few girls, and the mother rushed over.

"Mother, nothing is wrong." Wen Xichi stepped forward to salute.

"How can there be nothing? I heard that all the ladies have been knocked out. I haven't woke up yet," said Madam Tai anxiously.

The girl from the ring was not an ordinary girl, and Mrs. Tai became more anxious. On this evening, which lady was still outside, she actually collided with the carriage.

"Which house is it? It's the place to invite the parents." Mrs Tai said again.

The lady inside was still faint. She could only find the elders in her house. Such a young lady who lived alone in her house had a bad reputation. It had to be brought back by the elders. It was really impossible and she had to stay with the elders.

Accompany, no one will gossip in the future.

"Yiyan County Lord." Wen Xichi said quite a bit.

Before Qin Yiyan was held by Yahuan, he didn't notice. If he was found to be Qin Yiyan, he would have sent her back to her house. Now it is better. Yahuan cried and said that she could not move, otherwise she really came out. By the way, she can't eat and walk away.

"Yiyan County Lord?" Mrs. Wen Xiang froze for a moment, then after she tasted the product, she suddenly became happy, pulled Raven Xichi's sleeve, and pulled him aside, "Since it is the Yiyan County Lord, then Let her stay! "

The identity of Yi Yan County Master Qin Yi Yan is perfect for his son.

The Yiyan County Lord originally lived in the King's Mansion. He was the concubine's niece and the cousin of the Emperor. He had a good relationship with the Queen's wife. The queen maiden is also excellent, and there are even rumors that a token in the hands of the first emperor was sent to the first queen and fell to Qinfu.

Qin Fu later let the Yiyan County Lord go to Beijing and gave the token to the queen's maiden, which was a great help to the queen's maiden and the emperor.

Regardless of whether these things are true or not, it is certain that the Lord's favor will prevail.

Qin Fu went up and down. Since leaving Beijing, he has not returned to Beijing this time. Only Qin Yiyan lived in the middle of the capital. Qin Yiyan used to live in the King's Mansion. Now Qin Yiyan lives in the county's main government.

There is only one master up and down in the county government. It is really impossible to find her elders unless you go to the palace to find the emperor and queen mother.

But this time is not appropriate.

Mrs. Tai actually found the Yiyan County Lord in the earliest time, and for so many years, although the Yiyan County Lord did not let his son loose, but at least it was not so unforgiving. No, this shows that it is an opportunity! Mrs. Tai thinks this can be done, of course.

Right now, the Yiyan Junzhu is actually the most suitable for his son. The age difference between the two is not great. Although Jingzhong said that the Yiyan Junzhu is an old girl, Mrs. Tai still thinks they are suitable.

The son's temperament is very persistent, too young lady can't resist, it's still as good as the county master.

"Mother, it is not appropriate to stay here in accordance with the word." Wen Xichi had a headache.
