

《Medical road》

Chapter 51

The pace of life in Quark county is really slow. Before 10 o'clock in the morning, except for a few Han people, other restaurants don't open. Especially in winter, there is no business before noon. Zhang Fan they came for two weeks, and the municipal hospital informed them that they could rest for two days. Lao Li is happy to go to photography. He likes photography. He carries a camera and a tripod. He specializes in drilling where there are few people.

There was no operation in the morning. Zhang Fan simply went to the city to finish the treatment for Li Xiao and was ready to drive away. As a result, Wang Yanan came with him“ Are you going back to the city? ” She asked Zhang Fan“ Yes, I'll be back in the afternoon. ”

"I'll go back, too. There's no surgery. It's really boring to stay." Anyway, they don't belong to the county hospital, and Dong Hua asked Tang Jingjing to say hello to old Zou“ OK, have you told director Li? ”

"Yes, I agree."

Driving away, Wang Yanan was not very curious about Zhang Fan's car. Her home conditions were not bad and it was not uncommon to have a car. I'm curious about Zhang Fan's ability to drive. They have just graduated from college. Why can you drive. She didn't ask where Zhang Fan came from, so she kept asking, is the car easy to learn? On the way, Wang Yanan looked at the road and said to Zhang Fan, "why don't I try? Just drive for ten minutes. "

Zhang Fanli ignored her. There are not many cars on the way to the city in Quark County, but Zhang Fan hasn't lived enough. The girl is very masculine and likes to control“ Stingy. ” Zhang Fan ignored her, so she put down her seat and narrowed her eyes to rest. In the distance, there are snow mountains, blue sky and warm sun. If the girl in the seat is more gentle, she will have a burst of happiness. When she first came into contact with Wang Yanan, she still felt a little cold. When she became familiar, she found that she was a man in a woman's skin. Straight to death!

The car is a new car. Zhang Fan didn't get a CD or something. He doesn't like it. It's mainly expensive. Quark county goes around the mountain from tea vegetable City, and there's no signal on the radio. She squinted for a while and was really confused. In the urban area, Zhang Fan pushed Wang Yanan: "wake up. Where are you going? I'll take you there." Wang Yanan opened his eyes, looked out of the window and said, "the

family home of the Health Bureau. Call me when you arrive. I'll sleep a little longer. "

The immortal just put Wang Yanan down from the car and her mother came out. Seeing her daughter just woke up, she got out of a car and exploded. She grabbed the door handle and asked Wang Yanan, "what's the matter, Yanan. Didn't you go to the county? " Then he glanced at Zhang Fan and asked, "what's going on?"

Zhang Fan couldn't drive. He simply got out of the car and said hello to her mother: "Hello, aunt. I'm wang Yanan's colleague. " As soon as her mother heard that she was a colleague, she relaxed a lot and asked, "where have you been?" This time, I obviously asked Zhang Fan " Mom, this is my colleague. I came to the city when someone had something to do. There are no patients in the county below. Stop talking and hurry home. "

"Why are you in a hurry? Now that you're at the door, please invite someone in. Your father, your uncle and your uncle are chatting. I'm going to buy some vegetables. What's the boy's name? " Her mother also has a headache for Wang Yanan. You said that a big girl spends all day in a pile of men, and she has never talked about her boyfriend. She is not in a hurry. Her mother is in a hurry, introduced several, and she doesn't meet others! Looking at this posture today, she thought Zhang Fan and her girl had something to do, so she began to find out.

As soon as Zhang Fan heard the cold sweat, he came down for a joint trial in the third hall. Here, Wang Yanan was impatient, "don't be so fussy. Hurry up. I have something else to do. " She took her mother and left. When she left, she said to Zhang Fan, "what time do you leave in the afternoon? Call me when you leave."

Zhang Fan hurried away in his car. It's horrible! Li Xiao didn't go out today. He was doing recovery gymnastics taught by Zhang Fan at home. As soon as Zhang Fan entered the door, he found Li Xiao doing exercises in the big living room in his fitness clothes. Seeing Zhang Fan's smiling face, he floated up. "Doctor Zhang, do you think I'm up to standard. These days I feel that it's easier for me to bend down than the previous days. It's much easier. "

"Very good. Sister Li must take it easy and follow it step by step, otherwise the gains will not pay off." Zhang Fan deliberately explained again.

"OK, I must pay attention. Sit down first and I'll clean up. I didn't expect you to come

so early today. I'm sweating all over. Rush, wait for me. You drink tea and smoke first.

"OK, you don't care about me."

Li Xiao's assistant soon made tea for Zhang Fan, and brought cigarettes and ashtrays. Zhang Fan owed his body and said to his assistant, "thank you." The assistant didn't speak and smiled at Zhang Fan. When giving Li Xiao treatment, Li Xiao said, "Doctor Zhang, will your treatment be passed on to men rather than women in the future?" Li Xiao's CT asked her sister to take it to the capital shuitanzi hospital. Other experts directly said to have an operation quickly, otherwise there would be a big problem. After a few weeks, her waist became better and better, and her symptoms were much lighter. She knew that Zhang Fan was really good.

Zhang Fan didn't relax and said, "Sister Li is joking." In fact, Li Xiao has begun to have ideas about his hand massage. After treatment, Li Xiao asked Zhang Fan to stay for dinner, but Zhang Fan refused. I ate some rice outside and called Wang Yanan. When Wang Yanan was picked up, her mother stood next to Zhang Fan. She was not polite to Zhang Fan. She also took a lot of food and put it in the car.

These days, I work in the county hospital. I don't have to go to the city hospital. I go back to quark county directly. As a result, as soon as he entered the county hospital, he saw Wang Sha coming to him. After seeing Zhang Fan, Wang Sha took a few quick steps and said to Zhang Fan, "Zhang Fan, I haven't seen you for a long time. I have something to trouble you. I don't know if you are busy now. "Fang inconvenient" also nodded to Wang Yanan.

As soon as Zhang Fan heard it, he knew it was about Li Hui. He hardened his head and said, "I'm not very busy. Are you all right? " He didn't want to get involved in their affairs. It was obvious that Li Hui did Chen Shimei. The judge can't do anything about this. What can he do.

"I'm fine. I'm getting married. You must come then." With a smile, Zhang Fan was really engaged!

Wang Sha took Zhang Fan to the second floor where they had lived before. The dormitory is not as empty as before. There are many people enrolled, and they are almost full. After entering Wang Sha's dormitory, there was only one new girl, and the others went to work. "I beg you for something. Here is something. Please bring it to Li Hui. It's not convenient for me to find him again, so please. " A package, not big or small. Zhang Fan thought, what is this time. Wang Sha smiled and said to Zhang Fan, "it's nothing. It's just some things he gave me before. It's not appropriate for me to keep it. It's a pity to throw it away. Let him deal with it. "

Then he put the package in Zhang Fan's hand. Zhang Fan saw that Wang Sha's eyes were red and held back his tears. In fact, what he handed over to Zhang Fan was not something, but seven or eight years of feelings. The best youth was in this package. Since then, she and Li Hui have been passers-by. They can't even be friends. Wang Sha also decided to let go. She said she would let go, not at all.

"Please." The voice is a little crying. She is to pay tribute to her lost years and feelings.

"No trouble. If there's nothing else, I'll go. Have a rest." Zhang Fan was scolding Li Hui in his heart. What his grandson did made Lao Tzu uncomfortable. He owed as if he had abandoned others.
