886 Zhou Zhou Wants to Go Home!

The way Gu Zhou was acting made it difficult for her to resist. Her heart ached as she touched his face.

Gu Zhou stared unblinkingly at Qiao Nian. He took the initiative to place his chin on Qiao Nian's palm, rubbing it gently like a cute kitten. He said pitifully, "Nian Nian, Zhou Zhou wants to go home."

When Qiao Nian heard Gu Zhou's words, her heart melted.

At this moment, Gu Zhou was like a kitten. His clear eyes were fixed on her, as if everything around him no longer mattered. He only had eyes for her.

Gu Zhou made it impossible for anyone to refuse his request.

Qiao Nian said gently, "Zhou Zhou, be good. Let's go home now!"

With that, a silver needle suddenly appeared in Qiao Nian's hand. Before Gu Zhou could react, it pierced into his sleeping acupoint.

Gu Zhou's innocent face was filled with shock. Just as he opened his mouth to say something, his eyelids grew heavier and heavier. In the end, he fell asleep.

Chen Qing, who was standing at the side, was stunned. His mind was filled with confusion. He couldn't help but ask, "Second Young Madam, w-what are you doing?"

With an indifferent expression, Qiao Nian put away the silver needles and carefully helped Gu Zhou lie on the hospital bed. When she was done, she explained, "He's not in a good state of mind now. He needs to rest well. Moreover, we can't go back now. After all, Xiao Shi is still in the hospital. If we go back, what if something happens to her again?"

Chen Qing understood. He stayed by Gu Zhou's bed and said worriedly, "Second Young Madam, I remember that Second Young Master's condition was already very stable in the past. I don't know why his illness acted up again."

Of course, Qiao Nian didn't tell Chen Qing what she had discovered. She didn't want to tell Chen Qing about Gu Zhou's childhood. After all, this was Gu Zhou's secret.

"I know. I'll think of a way to treat him!" Qiao Nian said firmly.

Chen Qing had also investigated before. Second Young Master was suffering from schizophrenia, or multiple personality disorder.

There were many such cases around the world, but he had not seen any cases of recovery. He wondered if he had investigated too little.

It wasn't that he didn't believe Second Young Madam, but this illness was too difficult to treat.

Qiao Nian fell into deep thought.

Actually, she had not been idle during this period of time. She had investigated a lot of information about split personalities. In addition, Gu Chuan's personality had already fused with Gu Zhou's. She felt that she could help Gu Zhou fuse with Zhou Zhou.

Moreover, she was also investigating the poison in Gu Zhou's body. This kind of poison from a mother's womb was the most difficult to remove. The only solution now was to use medicine to suppress the poison in his body.

Qiao Nian was already able to help Gu Zhou suppress the poison in his body. She was now studying how to remove the poison. She had done several experiments in the past, but the results were not good.

Gu Zhou had been taking medicine for the past twenty years. His body had a certain level of resistance to the medicine, so she did not dare to drug him rashly. She was worried that Gu Zhou would develop

antibodies to the medicine. If the medicine did not work, it would be even more troublesome.

Qiao Nian hoped that her grandfather was around. That way, Gu Zhou might recover from his illness.

Although her medical skills were good, she could not compare to her grandfather.

Qiao Nian covered Gu Zhou with the blanket and looked up at Chen Qing. With a serious expression, she said, "I'll send you the prescription later. When the time comes, follow the prescription I gave you and get the medicine. After it's brewed, send it back to the hospital!"

Chen Qing nodded and walked out.

The moon and stars were sparse.

Holding the thermos box, Chen Qing walked to the door of the ward and knocked.

"Come in," Qiao Nian said.

Chen Qing pushed the door open and walked in. He placed the thermos box on a table at the side, then he poured out a bowl of medicine into it.

Qiao Nian was about to help Gu Zhou sit up when she realized that his eyelashes were trembling. In the next moment, she saw that Gu Zhou had woken up.

Gu Zhou massaged his temples and frowned. His head hurt a little, but he could no longer remember what had happened.

Gu Zhou held onto the bed and prepared to sit up.

Qiao Nian helped Gu Zhou sit up and took a closer look at his face. Gu Zhou looked much better than before. She heaved a sigh of relief and said, "Do you feel better?"

887 I Promise You

Gu Zhou's hand, which was massaging his temples, paused for a moment. He recalled what had happened previously and lowered his gaze slightly. He turned to look at Qiao Nian and asked, "Why did I faint?"

Qiao Nian placed a pillow behind Gu Zhou and looked up at him. She met Gu Zhou's gentle eyes and hesitated for a moment before saying, "You were too tired just now. That's why you fainted."

Gu Zhou did not speak. He lowered his gaze and tried hard to recall his last memories before he fainted.

At that time, he had been waiting for Qiao Nian's answer.

Qiao Nian took the medicine from Chen Qing and handed it to Gu Zhou. "Drink some medicine first."

Gu Zhou stared unblinkingly at Qiao Nian's face, not taking the medicine. He had been waiting for Qiao Nian's answer.

Before Qiao Nian could react, she handed the medicine to Gu Zhou. Seeing that Gu Zhou was still looking at her with those deep eyes, she asked, "What's wrong?"

Chen Qing went out with great foresight. He knew in his heart that if he still stayed here, he might have to brush the toilet and put up tiles again.

When Chen Qing left, he didn't forget to close the door.

Only Gu Zhou and Qiao Nian were left in the room.

Gu Zhou looked straight into Qiao Nian's eyes and swallowed. His throat moved. "You haven't answered me."

Qiao Nian met Gu Zhou's eyes, feeling a little uncomfortable under his burning gaze. She recalled what the two of them had experienced together during this period of time. When she thought of the two children, she lowered her gaze slightly. "Yes, I promise you."

Gu Zhou's eyes were filled with smiles. Only then did he notice that Qiao Nian's face was flushed.

Even though Qiao Nian wasn't looking at Gu Zhou, she noticed that he was still staring at her. She handed the bowl of medicine to Gu Zhou. "You can take your medicine now!"

"Nian'er, feed me!"

There was a smile in Gu Zhou's voice. At this moment, not only did his voice sound ascetic, but there was also a hint of coquettishness.

Qiao Nian looked up at Gu Zhou. The current Gu Zhou looked extremely sexy. She suddenly felt her mouth go dry and nodded. "Okay."

Holding the bowl of medicine in her left hand and a spoon in her right, Qiao Nian gently stirred the medicine before scooping up a spoonful.

She brought the medicine to her mouth and blew on it gently. Only then did she bring it to Gu Zhou's lips with a red face.

Gu Zhou lowered his head slightly and drank the medicine Qiao Nian handed him.

For a moment, there was silence in the room.

Qiao Nian scooped up spoonful after spoonful of medicinal soup and brought it to Gu Zhou's mouth. Gu Zhou obediently lowered his head to drink the medicine.

Soon, Gu Zhou finished a bowl of medicine.

Qiao Nian placed the empty bowl and spoon on the bedside table and handed a tissue to Gu Zhou, signaling for him to wipe the stains from his mouth.

Gu Zhou did not speak. He leaned forward, the meaning in his eyes obvious.

Qiao Nian gripped the tissue in her hand tightly and pursed her lips. After some hesitation, she took the initiative to wipe Gu Zhou's lips.

The two of them were so close that Qiao Nian could hear Gu Zhou's breathing and clearly see the hair on his face.

This distance was too ambiguous, making her unable to breathe.

With this thought in mind, Qiao Nian wiped Gu Zhou's lips clean and threw the tissue into the trash can at the side. She casually found a topic to talk about. "How is it?"

"Bitter!"

"That's also to recuperate your health. Good medicine is bitter!"

Gu Zhou saw that Qiao Nian was still too embarrassed to look at him. Seeing that her face was still red, he said in a low and hoarse voice, "Nian'er."

Qiao Nian looked up at Gu Zhou, her eyes filled with worry. She was worried that Gu Zhou was feeling unwell.

"I want candy."

When Qiao Nian heard those words, she turned red from head to toe like a cooked prawn.

The current Gu Zhou was very normal.

It was not the second personality, Zhou Zhou.

He actually wanted to eat candy too.

However, Gu Zhou looked different from Zhou Zhou now. Zhou Zhou's eyes were clear and innocent.

However, Gu Zhou's eyes were filled with desire, making one's blood boil.

She knew that Gu Zhou didn't want to eat candy at all, but...

888 Kiss

Still, she pretended not to know anything. Silently, she looked away, frowning, pretending to be troubled. "There's no candy now."

Gu Zhou's sexy Adam's apple bobbed. He looked at Qiao Nian with a burning gaze and licked his lips. His voice was hoarse and sexy. "You!"

Qiao Nian's heart was beating very fast, as if it would jump out of her chest the next moment. She looked at Gu Zhou in surprise. Was Gu Zhou saying sweet nothings?

However, the man grabbed the back of her head.

Qiao Nian saw Gu Zhou's face grow larger and larger. In the next moment, Gu Zhou kissed her lips domineeringly, as if he wanted to steal all her breath.

Qiao Nian was stunned. Just as she was about to refuse, she didn't expect her actions to give Gu Zhou a chance.

Without hesitation, Gu Zhou's tongue burrowed into her lips, domineeringly wreaking havoc and not giving Qiao Nian a chance to catch her breath.

Qiao Nian's face grew redder and redder. She wanted to escape.

However, Gu Zhou grabbed her waist and pulled her into his arms. She sat on Gu Zhou's legs.

The tip of her nose was assaulted by Gu Zhou's unique scent. The domineering kiss was a little overwhelming.

"Oh..."

Qiao Nian inadvertently snorted.

Perhaps it was because of her voice that Gu Zhou deepened the kiss. He couldn't help but hug Qiao Nian tightly, as if he wanted to embed Qiao Nian into his body, leaving her with nowhere to run.

Their bodies were pressed against each other, and their hearts were beating faster and faster. Qiao Nian felt dizzy from the kiss. Just as she was about to faint, Gu Zhou let go of her.

Fresh air rushed in. Qiao Nian opened her mouth slightly, trying hard to breathe. In front of her was Gu Zhou's perfect and flawless face.

Gu Zhou looked down at Qiao Nian. At this moment, Qiao Nian's face was flushed red, and her beautiful fox-like eyes seemed to be filled with water droplets. Her slightly parted lips were like a delicate rose, making one want to kiss her again.

How beautiful!

With this thought in mind, Gu Zhou did so. He lowered his head and kissed Qiao Nian on the lips, then left quickly.

Seeing that Qiao Nian didn't dodge, his eyes were filled with smiles.

Qiao Nian's heart began to race. She looked at Gu Zhou, whose pure and lustful eyes were filled with dominance and greed.

Her blood boiled.

"Nian'er..."

Qiao Nian pursed her lips slightly and hesitated, not knowing if she should respond.

Gu Zhou wasn't angry. He lowered his head slightly and planted a kiss on Qiao Nian's forehead, then quickly left again.

Qiao Nian felt especially hot where Gu Zhou had kissed her. Such an innocent kiss was even more fatal than the kiss just now.

Qiao Nian lowered her gaze, trying hard to remain calm. However, her rapidly beating heart still betrayed her.

She sat up, her gaze level with Gu Zhou's. Meeting Gu Zhou's smiling eyes, she pursed her lips, her gaze gradually falling on Gu Zhou's lips.

She recalled Gu Zhou kissing her just now. Her mind was in a mess, and in the end, there was only one thought.

Without hesitation, she pressed Gu Zhou against the wall by the bed and kissed him on the lips. She climbed onto the bed and sat on Gu Zhou's lap with her legs apart.

She recalled how Gu Zhou had kissed her domineeringly just now and bit his lip in revenge.

Not only was Gu Zhou not angry, but he also enjoyed it very much.

Qiao Nian had no experience kissing. She just kissed Gu Zhou instinctively. She kissed and bit Gu Zhou.

Perhaps this passionate entanglement expressed one's desire for another even more.

Gu Zhou's blood boiled as well. He took the initiative and hugged Qiao Nian in his arms. With a flip, he pressed Qiao Nian under him.

Qiao Nian was pressed under him, panting heavily. Her fox-like eyes were slightly open, looking enchanting and charming.

At this moment, she was like an insatiable little fox. She licked her lips slightly and called out softly with a soul-stirring smile, "Brother Chuan."

When Gu Zhou heard that word, his throat tightened and he pursed his thin lips. For some reason, he especially liked Qiao Nian calling him that.

889 Are you flirting with me?

He seemed to see Qiao Nian calling him sweetly under him. His lower abdomen tightened, and his eyes turned red. He lowered his body

slightly and looked at Qiao Nian with a burning gaze. “Nian’er, you’re flirting with me. Aren’t you afraid of the outcome?”

“How would you know if you don’t try?” As Qiao Nian spoke, she wrapped her arms around Gu Zhou’s neck, her meaning obvious.

This was the first time Gu Zhou had seen Qiao Nian filled with temptation. He narrowed his eyes and hugged her tightly without hesitation.

How could he bear to let go of Qiao Nian like this?

The ambiguous atmosphere grew stronger and stronger. Gu Zhou reached out and unbuttoned Qiao Nian’s shirt collar, revealing her sexy collarbone. His mouth felt a little dry.

Gu Zhou’s breathing grew more and more erratic, and his heart began to race. Everything around him no longer seemed to matter. Qiao Nian was the only one left in his eyes.

Suddenly, the door of the ward was pushed open.

The sound of the door opening was like a basin of cold water, pouring over the two of them, who were burning with desire. Only then did they come back to their senses.

This was neither the Gu family nor their bedroom. Instead, it was a ward.

Gu Zhou was the first to react. He pulled the blanket over Qiao Nian and leaned out slightly to see Gu Qi standing at the door innocently.

Gu Qi’s grape-like eyes flickered as he looked at him.

Gu Zhou felt a little guilty.

After Qiao Nian woke up under the blanket, she tried hard to take a few deep breaths. Carefully, she poked her head out of the blanket and raised her head slightly to see Gu Qi’s young and innocent face.

She was stunned. What had she just been doing?

If Gu Qi hadn't appeared, would she have gone all out with Gu Zhou in the ward?

Could it be that she had not eaten meat in more than six years so she was desperate?

Or could it be that Gu Zhou was too lewd to have any self-control?

Oh my god, they were in a hospital.

They were really close to...

Qiao Nian closed her eyes in embarrassment.

Gu Qi wasn't tall. As the bed was a little high, he couldn't see Gu Zhou and Qiao Nian. He looked around.

Gu Zhou heaved a sigh of relief. He stood up, got out of bed, and walked up to Gu Qi.

When Gu Qi saw Gu Zhou, his eyes lit up. "Dad!"

Gu Zhou walked up to Gu Qi and squatted down. Looking at him, his voice couldn't help but be gentle. "Xiao Qi, why are you here?"

When Gu Qi heard Gu Zhou's question, the light in his eyes gradually disappeared. He lowered his gaze, looking dejected.

At this moment, Chen Qing silently walked in from the door. He didn't dare to look at Gu Zhou's face. He lowered his head and said, "Second Young Master came over just now. He went to visit Little Miss. I forgot to mention this just now!"

Gu Zhou looked at Chen Qing expressionlessly, his eyes cold. He was no longer as dazed and ambiguous as before.

Chen Qing didn't understand why Second Young Master was looking at him so coldly. He silently lowered his head and couldn't help but shiver. If he had known, he wouldn't have appeared.

Gu Zhou noticed that he was about the same height as Gu Qi when he squatted down. He turned to look at the bed. With Gu Qi's line of sight, he couldn't see the bed.

In addition, the hospital bed and the door were covered by a white curtain. Due to the lack of light, one could see what was happening outside, but not what was happening inside.

Realizing this, Gu Zhou heaved a sigh of relief.

Gu Qi's eyes were filled with worry. He looked at Gu Zhou uneasily and asked, "Dad, why was Sister hospitalized? What exactly happened?"

Although Gu Qi was a child, he knew many things. Being hospitalized meant that she was sick. His sister had clearly been fine previously. Why was she sick?

Gu Zhou retracted his attention and his gaze fell on Gu Qi's face. Gu Qi's eyes were red, as if he had just cried. He knew that Gu Qi was worried about Xiao Shi. He rubbed his head and said softly, "Don't worry, Sister will recover soon. She's been through too much recently. You have to stay by her side and make her happy every day. That way, she won't be sad."

Gu Qi nodded like an adult. He had heard from Uncle Chen Qing about what had happened today.

His eyes gradually became firm as he said, "Dad, I know Auntie Song isn't our mommy, but I still want to thank her for sending my sister over."

890 Little Princess

When Gu Zhou heard Gu Qi's words, a trace of relief flashed in his eyes. His son was sensible. He was really happy.

"I heard that Auntie Song has already left. Sister can't accept these things yet. I'll definitely accompany her in the future and take good care of her so that she won't be sad."

Gu Zhou knew that Chen Qing must have told Gu Qi about these things. However, Chen Qing had glossed over the difficult parts. Now, he looked at Chen Qing with a gentler gaze and his temper improved.

What had happened today was already difficult for Xiao Shi to accept. He did not know if Xiao Shi could get over it. He was very worried that Xiao Shi would be too immersed in Song Man's death.

At this moment, Qiao Nian had already packed up and walked out.

When Gu Qi saw Qiao Nian, his dark eyes lit up. He called out happily, "Mommy!"

Gu Zhou noticed the change in Gu Qi's gaze and was slightly stunned. He turned to look at Qiao Nian.

Qiao Nian walked up to Gu Qi with a smile. She squatted down and pinched Gu Qi's chubby face. "Yes."

The worry on Gu Qi's face gradually faded, and he revealed a bright smile. He said happily, "That's really great. Fortunately, that auntie isn't Xiao Qi's mommy, because Xiao Qi only wants Mommy Nian Nian to be Xiao Qi's mommy."

The smile on Qiao Nian's face grew brighter and brighter as she pulled Gu Qi into her arms.

At this moment, she had already treated Gu Qi as her biological son.

Although she and Gu Qi were not biological mother and son, their relationship was no different from biological mother and son. She lowered her head slightly and planted a kiss on Gu Qi's forehead. Smiling, she said, "I like Xiao Qi and Xiao Shi too."

Gu Zhou was slightly stunned. He looked at Gu Qi's forehead with a dark expression.

Gu Qi didn't notice Gu Zhou's gaze at all. He looked at Qiao Nian with sparkling eyes and asked expectantly, "Mommy, do you like Sister Xiao Shi too?"

"Of course. The two of you are so cute. Of course I like you," Qiao Nian replied matter-of-factly.

Gu Qi asked impatiently, "Then is Mommy willing to be Sister's mommy?"

When Gu Zhou heard Gu Qi's question, he looked at Qiao Nian.

Qiao Nian and Gu Qi had always been close. Gu Qi was also willing to get close to Qiao Nian. He was not surprised that Qiao Nian was willing to be Gu Qi's mommy.

However, Xiao Shi was different.

When Xiao Shi was young, she lived with Song Man. In her heart, Song Man was more important. He didn't know if Qiao Nian was willing to be her mommy under such circumstances.

Qiao Nian smiled and kissed Gu Qi's little face. Smiling, she said, "Of course I'm willing, but it still depends on what Xiao Shi thinks. Xiao Qi, no matter how sad Xiao Shi is now, don't mention this matter first. Let's talk about this again when Xiao Shi isn't sad anymore!"

Gu Qi's face was red. Mommy had kissed him again.

Mommy was really so gentle. Not only was she willing to be his mommy, but she was also willing to be his sister's mommy. Mommy was really the best person in the world.

Gu Qi came out of Qiao Nian's arms and nodded excitedly. He waved at Gu Zhou and Qiao Nian and said happily, "Dad and Mommy, I want to accompany Sister and let her recover early. That way, Sister can be with Mommy earlier!"

Qiao Nian smiled gently and waved at Gu Qi.

How could Gu Qi be so cute?

After Gu Qi left the ward, Qiao Nian stood up straight and noticed a burning gaze on her.

She turned her head and saw Gu Zhou staring unblinkingly at her.

She recalled what she had almost done with Gu Zhou in the ward just now and blushed slightly. She hurriedly threw those shy thoughts to the back of her mind. Her gaze landed on Gu Zhou's face and she said, "Um, when you were sleeping just now, I've already gotten someone to investigate Song Man's situation. I've also gotten someone to unlock Song Man's phone. I believe it won't be long before we find the biological mother of the two children."

Gu Zhou nodded. As long as Qiao Nian didn't leave, nothing else mattered.

He just wanted Qiao Nian to stay by his side. As for the mother of the two children, he could just compensate her with money.

The Gu family had nothing else but money.
