

Mr Han 571

Chapter 571: Too Immoral

“With such a score, how is this even called crushing! She is clearly a bully! Crushing plus slapping, Goddess of Fury Lu Man, you can do it!”

Xu Ningxian: “Congratulations, my Sister Lu Man!”

Extremely happy, Lu Man reposted Xu Ningxian’s post: “And congratulations to you too for successfully getting into the National Media University.”

The moment this young lady received her acceptance letter, she had excitedly told Lu Man.

Inspired by Lu Man, Xu Ningxian had gotten into the National Media University and chosen to major in Public Relations.

She was still thinking that Lu Man would definitely have her own work studio in the future, so she would definitely need someone who was a public relations major.

Even though Lu Man was the best, Lu Man couldn’t possibly do everything herself. How could she be an actor and PR professional at the same time?

Therefore, once she would graduate, she would follow Lu Man.

Seeing Lu Man repost of Xu Ningxian’s post, the Great Army of the Goddess of Fury started congratulating their leader.

“Congratulations Xiao Xian!”

“Congrats congrats!”

“Study hard! Once you graduate, flame others together with Goddess of Fury Lu Man!”

“Hahahahaha. Goddess of Fury Lu Man said she would crush you, and she did! She is just that trustworthy!”

“Even if Lu Man didn’t have bonus points, she still had a higher score than Zhang Xiaoying! Rightfully first place!”

“Those who were mocking Lu Man before, come out! Say whatever you said back then one more time! Is your face hurting?”

“Their faces are probably swollen already!”

“Only those useless people like them would think that everyone else is as useless as them.”

“What a good slap, Lu Man! The smack was loud and satisfying!”

“After the recent wave of face slapping, Weibo was peaceful for quite some time, because of which I was so bored for days. It’s great now, I can finally see some face slapping again.”

Suddenly, a netizen released a piece of explosive news. "Latest news. You guys probably still don't know. Previously, that brainless show *Rich Princess* suddenly rose from the dead and tossed aside its last place ranking and started climbing ranks as if on steroids. Guess who helped them with their publicity?"

"Don't tell me. I already have someone in mind."

"Shivering in fear. I actually can't think of anyone else other than Goddess of Fury Man!"

"It is Lu Man! Hahahahaha!" The same netizen announced, "Lu Man fans, you guys really know your idol very well!"

"So-so. Such an average playful thing must have been done by our Goddess of Fury."

"Lololol, why is Lu Man so bad! She was still sending *Great Desert's* flopping viewership ratings up onto the top searches every day in the past, making *Great Desert* even more of a flop than it was. Finally, *Great Desert* admitted defeat and thus, Lu Man stopped posting about their ratings, yet in a blink of an eye, she went to help the last place drama squeeze its way up to the 15th place, and sending *Great Desert* to the grand seat of the last place. Terrifying, too cunning! But, I like it!"

"Pity Great Desert!"

"Great Desert: Who did I offend? Suffering."

"I sincerely urge all investors to carefully think through before choosing Zhang Xiaoying. Be afraid of Lu Man's bad ties with Zhang Xiaoying. Whichever show Zhang Xiaoying acts in, Lu Man will ruin it. It will be hard to deal with a flop."

Surprisingly, Zhang Xiaoying also happened to see this and started shivering in anger.

All these people were too immoral!

Do they want to ruin her acting career?

What if those investors really stop asking her to film shows because they are really scared of Lu Man!

Zhang Xiaoying was anxious, fearing that this was really something that could happen.

"Leaking another piece of news for you guys. *Great Desert* originally thought of finding someone to promote the show too, but they were just too prideful to ask Lu Man and found an ordinary public relations team instead. Yet who knew that *Rich Princess* would actually contact Lu Man. Therefore, by the time the *Great Desert* lost its pride and finally looked for Lu Man, it was already too late."

Chapter 572: Not Allowed to Raise Your Head

"Hahahahaha. In front of our Goddess of Fury Man, don't be stubborn!"

Yet at the same time, some people were questioning. "Is there anyone from the National Film Academy? Is what this Pan Xue person posted real?"

"It's highly likely that this photograph was fabricated. Lu Man got the first place just because she said so?"

“What are you guys! At the start, when they were slandering Lu Man, you believed them. Now that the results are out, and in Lu Man’s favor, you guys don’t want to believe it.”

“Everyone, look here quickly! National Film Academy’s official account also posted something!”

On the National Film Academy’s official Weibo which had the approved blue V logo: “Congratulations to the top ten students in all batches of the Performance major.”

Right after that, they posted all the top ten rankings of all the batches of the Performance major.

The school had officially posted the same as in the photograph that Pan Xue took, corroborating the accuracy of Pan Xue’s Weibo post.

It confirmed that Lu Man indeed got a high score and was the topper.

From her theory class to her performance class, all her scores were excellent.

“My Man is a study beast!”

“Hahahahaha. The school has even personally proved it. I want to see who else dares to say that Lu Man is faking it!”

“Those who were full of themselves in the past, suspecting and raising questions to show off their IQ, what do you have to say now?”

After browsing through a couple of posts, Lu Man stopped surfing.

Putting away her phone, she turned her head and saw Zhang Xiaoying’s ugly expression. Reminded of the bet, Lu Man stood up and walked in front of Fan Xiyue.

“Fan Xiyue, you still remember our bet from before, right? In the future, whenever you see me, lower your head. You’re not allowed to look at me in the eye,” Lu Man said coldly.

“You!” Fan Xiyue burst in rage.

“Lower your head! You’re not allowed to raise your head!” Lu Man scolded her harshly.

Fan Xiyue reluctantly lowered her head, afraid of looking at Lu Man.

From the side, Pan Xue clapped in happiness. “That’s right. Remember this. In the future, when you see Lu Man, don’t raise your head ever!”

Previously, it didn’t find it great, but now she realized that this move of Lu Man was too nasty.

This meant that Fan Xiyue could never live with her head held high in front of Lu Man ever!

Today, after collecting her report and books, Lu Man left for the day.

Once she left the classroom, she called Han Zhuoli. “I’m all done here.”

“Ok,” Han Zhuoli replied simply and hung up the phone.

Coming out of the school, Lu Man saw Han Zhuoli’s Bentley Mulsanne parked across the street.

Excited, she hurriedly walked over, opened the door and entered.

But before she could even fasten her seat belt, Han Zhuoli suddenly closed in on her and aimed for her lips, kissing her as he pressed her against the door.

"I saw your results. Congratulations," Han Zhuoli thick and elegant voice sounded out through his hot, wet lips lowly. As his breath blew on her, it scalded her.

Lu Man's hand involuntarily clutched onto his shoulders. Her lips were now flushed red and plump, even swollen a little from his kisses.

Displeased, she pouted unhappily, "You already know? I still wanted to tell you personally."

This man didn't even leave any room of surprise for her.

Han Zhuoli froze for a moment then smiled. "Who told you to blow it up so much on Weibo?"

Anything tiny thing that happened to her would be exposed by others. How could it even wait for her to tell him personally?

Perplexed, Lu Man blinked at him. "Huh?"

Blew up?

Even though she was a little popular, but she wasn't that famous, right?

Seeing her reaction, Han Zhuoli knew that she still didn't know. "Take a look."

He released Lu Man a little, letting Lu Man go onto Weibo to take a look.

Lu Man originally thought that it were just fans congratulating her. Yet, once she opened Weibo, she found out that Sun Yiwu and others had actually posted something too.

Sun Yiwu: "Congratulations Lu Man for getting first place in your exams."

Chapter 573: As Silent as the Grave

Ji Cheng: "Congratulations, a rightful first place!"

After that, Zhang Shuidong, Zhang Jian, Yu Yanshu, Liu Chuanhui, even Du Lin congratulated her on Weibo.

She had only just achieved a mere first place in her first finals, yet so many people were congratulating her.

Even her colleagues back in Han Corporation Public Relations Department also sent her congratulatory messages on Weibo.

On the other hand, all those people who tried to defame her in the past were rendered speechless.

Qiao Luna's hope of making a comeback using *Fighting Hero* was completely destroyed. Right now, she could only duck her head and pretend to be invisible, wishing that the Han Corporation's senior management wouldn't notice her anymore.

As for those directors who mocked *Red Tiger* and Lu Man just to get on Zhang Lun's good side were also mum.

Even Zhang Xiaoying and the other students who bashed Lu Man on Weibo were also as silent as the grave.

However, the busybody neutral netizens couldn't sit still. "Where's Zhang Xiaoying? What about Yu Jingxian? Come out, what did you say about Lu Man before? Come out and say it once more if you dare!"

"Hahahaha. I was thinking why didn't Lu Man say anything to rebut them in the past, turns out she was waiting to slap them in the face with reality."

"Slapping others in the face with her talent. D*mn cool!"

"I would like to apologize to Lu Man and apologize to Lu Man's fans too. At first, when a few directors came up to scold Lu Man, I didn't think too much into it. I just thought that this was the normal competitive situation in the industry, just like in any other industry. However, when Lu Man's classmates also came out and scolded Lu Man, claiming that she was arrogant, haughty and belittled others, saying that her character was bad and she was boastful, I really believed it. After all, we only get to know Lu Man through the internet. In this day and age, every celebrity is putting on a mask, there will definitely be a difference between how they behave in front of the public and in real life."

"Therefore, when her classmates stood up against her, I really thought they we might have been fooled by Lu Man, fooled by her image on the internet. She could really be like what her classmates describe; private, arrogant and boastful. Arrogant over a little success. Back then, Lu Man also didn't explain anything, so I really thought that Lu Man was feeling guilty, and thus I believed her classmates' words even more."

"That was until today when Lu Man used reality to prove those people wrong. Only now do I know that it wasn't that Lu Man didn't dare to stand up because she was feeling guilty, but she was always waiting to slap people in the face with the harsh truth. She was just waiting for the results to be released today so that she can slap them in the face with the results written in black and white and shut those mouths!"

"No matter whether or not Lu Man is really crazy in private, just based on this ability, she also has the right to be crazy. As for those who look down on Lu Man, I only want to say, what right do you have? If you guys can really score better than Lu Man, then do belittle and look down on Lu Man again. Otherwise, you don't even have the right to belittle and look down on her."

"I agree with the comment above. However, there's something I want to correct. Lu Man is definitely such a crazy and wild person in private. Otherwise, there wouldn't be classmates who were willing to stand up for her. Only a portion of the students are saying that Lu Man is bad, but we can't ignore that today, it was also her classmate who first posted Lu Man's results."

"I agree with you. In the National Film Academy and National Drama Academy, the competition must be pretty fierce. Those people are going to join or have already entered the entertainment industry. Each one of them must be pretty jealous of Lu Man and thus trying to defame her online. Yet, clearly, Lu Man still has friends."

"I have a classmate in the National Film Academy's Performance major, she is in the same class as Zhang Xiaoying and Lu Man. She said that Zhang Xiaoying was originally the most popular in this class, but after Lu Man joined, she stole the limelight from her, so Zhang Xiaoying was very unhappy and furious about it and thus she kept going against Lu Man. That Slender Master Hand is Zhang Xiaoying's minion."

Chapter 574: Lu Man My Famous Niece

"No wonder."

"It's a pity that Zhang Xiaoying's new drama is a flop. Hahahahaha!"

Xu Ningxian: "Sister Lu Man has the same personality on the Internet and in real life as well, she doesn't put on a mask. Those who don't know can go and take a look at the long Weibo post I posted before. After I received the acceptance letter from National Media University, I immediately informed Sister Lu Man about it, and she even gave me her notes on the classic public relations cases that she had made back when she was working."

Xu Ningxian then attached a photo below her text.

It was of the notes on public relations cases that Lu Man had sent her. Other than printed content, the sides were also crammed with annotations, all sorts of analysis, as well as Lu Man's own opinions on them.

"Oh gosh, this is the most thoughtful present I've ever seen. I envy you, congrats!"

"This is even more heartwarming than those expensive gifts people gift. Touched!"

"I don't compare Lu Man to other idols. But I've never really seen such a heartwarming present before."

"This was arranged by Lu Man herself. With her terrifying success in the public relations profession, this is definitely a heavenly gift!"

"Such a sweet gesture, you definitely didn't choose the wrong idol!"

To express her gratitude, Lu Man reposted Sun Yiwu and everyone else's congratulatory posts.

She even reposted and replied to Sister Li's posts and congratulatory messages from her colleagues in the Public Relations Department.

Right now, she was thinking about whether she should give Sun Yiwu a call. After all, it's a just a tiny matter where she got first place for her finals, but it really shocked her that it Sun Yiwu especially posted a message on Weibo to congratulate her.

Just when she was contemplating whether to call him, she got a call from Sun Yiwu.

Within a second, Lu Man picked it up and greeted happily. "Uncle Sun."

Sun Yiwu honestly treated her really well. He treated her as a close junior, so naturally, Lu Man couldn't be distant otherwise it would hurt him.

As expected, once Sun Yiwu heard Lu Man's greeting, he broke into a happy smile. "Hey! Lu Man, my famous niece!"

Lu Man almost spat out her saliva upon hearing him greet her like that. "Uncle Sun, I saw it on Weibo just now. Thank you so much!"

"Why are you being so polite! Ji Cheng and I were originally thinking to take you out for a celebration but thinking about Master Han, we decided not to."

"It's just a final exam. There's really no need to involve so many people." Lu Man was feeling a bit shy.

"This is not just an ordinary first place. What's important is to let those noisy, arrogant people shut their mouths and render them speechless!" It was also because of this that Sun Yiwu dragged Ji Cheng and everyone else to congratulate her online. He wanted to show that they were supporting Lu Man.

It was also to let Zhang Xiaoying and others know that Lu Man wasn't someone with no backing.

After thanking Sun Yiwu, Lu Man took the initiative to give Ji Cheng a call.

After thanking everybody, she finally was free to spend time with Han Zhuoli.

In the end, while she was busy calling everyone, Han Zhouli had already driven their car to the old mansion.

"Grandma knew that you got the first place so she wanted me to bring you along for a celebration. Our mom is here too," Han Zhuoli told her cheerfully.

As long as it was to celebrate her achievement, no matter what, the Han family elders would not forget about Xia Qingwei.

This made Lu Man's heart ooze with warmth and happiness.

However, Lu Man didn't know whether to laugh or cry. "It's just my finals. You all are making it like a grand event."

"Grandma's actual words were, you slapped everyone's faces so spectacularly this time, it's not just to celebrate you getting first place, but also to celebrate that you used your true capability and talent to slap them in the face," Han Zhuoli said.

Regarding this, Old Mr. Han's felt that Old Mrs. Han was a bit unhappy that this matter hasn't been blown up big enough.

At that moment, Lu Man broke into a smile, this was really Old Mrs. Han's style.

She was just about to get off the car and after unbuckling her seat belt, she was just about to open the door when she was suddenly scooped up by Han Zhuoli into his lap.

Chapter 575: Take You Back to My Home

Reclining the seat, he scooped Lu Man onto his lap. He almost did both the actions at the same time, all in one breath.

By the time Lu Man finally reacted, she was already in Han Zhuoli's arms.

Right in front of her eyes was his strong, toned hard chest and her back was pressed against the steering wheel.

Although they had reached the Old Han mansion, they hadn't drove in yet. However, seeing Old Han mansion in the front, Lu Man felt very sheepish about being so intimate with Han Zhuoli.

"You got too many calls. I couldn't even spend time with you properly even if I wanted to," Han Zhuoli said resignedly, "Why are you even busier than I am?"

Feeling remorseful, Lu Man pecked him on the corner of his lip sympathetically. "There probably aren't any more."

However, Han Zhuoli still couldn't rest assured. Hence, he took her phone and put it on silent mode it before throwing it on the passenger seat.

After that, he looked at Lu Man intensely with lust, love and affection.

This young lady was remarkable beyond words!

Back then when she was shooting *Red Tiger*, the weather conditions were too harsh. Yet not only did she persevere through it, considering herself no less than tough man, showing no weakness at all, but she also found the time to catch up with her studies despite the hectic and harsh circumstances.

Moreover, her exam results excelled those students who studied daily.

Under Han Zhouli's intense gaze, Lu Man was feeling a little uncomfortable and shy. So she covered his eyes with her hand. "What are you looking at?"

"I'm looking at my extraordinary, fabulous Man Man." Even when his eyes were covered and she couldn't see the love in his eyes, she could still hear his rich and deep love from his deep and thick voice.

Even if Lu Man couldn't see his affection filled eyes, she still felt the warmth of his love enveloping her.

Her palm that was over his eyes started becoming warm.

Han Zhuoli didn't move her hand away and even though he couldn't see her, his lips found their way to hers very accurately.

Cupping her nape, he sucked and kissed her lips tenderly and delicately.

Lu Man moaned softly and subconsciously removed her hands and let them fall limply onto his shoulder as she got immersed in the intense kiss.

Unable to hold himself back anymore, Han Zhuoli held her slender waist and pulled her deeper into his embrace, their hot bodies sticking to each other.

With her waist being held tightly and pressed against his body, Lu Man felt that her waist was about to break and whimpered, "My waist."

Seeing her moan, Han Zhuoli laughed lightly. "Sorry, I didn't notice."

Aggrieved, Lu Man pinched his waist. "How dare you hold my waist so tightly."

There was limited space within the car and it wasn't convenient for them to shift into a more comfortable position.

Therefore, Han Zhuoli could only let go of his hand and kiss her on the tip of her nose.

Lowering his gaze, he saw that this little girl's skin seemed more fair than snow, her cheeks had a tint of red, contrasting her fair skin. Her skin reminded Han Zhuoli of those chewy white boba pearls.

The very next moment, his hot thin lips kissed her burning, flushed cheeks. "How about we head home first?"

"Huh?" Perplexed, Lu Man blinked her eyes in confusion.

Weren't they outside the old mansion already?

Finding her reaction amusing, Han Zhouli felt a tingling sensation in his heart. This little girl was so crafty when she dealt with others, making her competitors hate her until their teeth hurt, but when she was with him, she was like a dumb little girl.

Yet, she wasn't pretending at all. The moment their lips or skin met, she would go into a daze, becoming a little dumb.

Honestly, that was because this little girl didn't have her guard on when she was with him. She knew that with Han Zhouli there, she didn't need to worry about anything. Hence she would become a dumb and confused little girl who relied on him wholeheartedly.

Han Zhuoli bit on her ear lightly. "Dumb little girl, I'm saying that I'll take you back to my home."

This time, Lu Man finally understood the meaning behind his words. Blushing furiously, she giggled a little.

Turning her head, she nibbled lightly on his chin. His chin appeared shiny, but it felt a little prickly when she kissed it as he had grown a little stubble.

Chapter 576: Why Do You Have So Many Questions?

"Seducing me?" Han Zhuoli squinted, a dangerous glow in his eyes.

How could he have forgotten that this little girl was practically a vixen?

"I'm not!" Lu Man glared at him. *Why was this man so good at twisting the truth?* "Let's hurry up and go in, don't let the elders wait for too long."

As she spoke, Lu Man wriggled in his lap, trying to get out of his embrace.

Yet Han Zhouli again held her waist tightly and pulled her close to his body.

Wanting to leave, Lu Man struggled in his embrace, pushing against Han Zhuoli because of which Han Zhuoli threatened her in a hoarse and deep voice. "Stop moving, otherwise I won't mind doing you right here in the car."

Lu Man: "..."

Without even looking downwards, she could clearly feel his arousal.

Thus, Lu Man kept still, but Han Zhuoli couldn't help but move a little.

Lu Man sucked in a breath in soft, trembling weakly in his arms. "What are you doing!"

"Didn't you say I should hurry up and go in?" Han Zhuoli looked all innocent.

Lu Man: "..."

This man was really talented at twisting the meaning of other people's words!

And he was pretty good at acting innocent!

Even Han Zhuoli knew that they couldn't do anything right outside of the Old Han family mansion, especially in broad daylight.

Thus, he held onto Lu Man's hands. "Why not you help me out?"

Just when Lu Man was thinking about how to deal with this man's thick skin, Han Zhuoli's phone rang.

"This time, it's your phone ringing, don't blame me." Lu Man tittered, rolling her big round eyes gloatingly.

This made Han Zhuoli grind his teeth in anger.

Feeling a bit frustrated, Han Zhouli smacked her on the bum. Just as he was going to reject the call, Lu Man's sharp eyes saw the caller ID. "It's from the old mansion."

Hence, Han Zhuoli reluctantly picked up the call. "Grandma?"

"Your car has been parked at the entrance for really long. Why aren't you guys coming in yet?" Old Mrs Han stood by the window, gazing outside anxiously.

Han Zhuoli: "..."

How long has Old Mrs Han been watching?

"Since the time you parked the car at the door, I knew you guys were here!" Old Mrs Han said anxiously.

"Young brat, hurry up and bring Man Man in!"

"Got it." Han Zhuoli hung up the phone and finally let go of Lu Man.

He then took some time to calm himself down as he suppressed the flame ignited in him by Lu Man.

Just now, when Han Zhuoli picked up the call, Lu Man clearly heard everything Old Mrs. Han said since she was extremely close to him.

Flushed red, Lu Man couldn't help but cover her face. She really.. .really was too embarrassed to go in!

“Let’s go.” Han Zhuoli drove the car to Old Han family mansion’s backyard. He then quickly opened the door and got out of the car. Whereas, Lu Man reluctantly dawdled her way out of the car too.

“What’s there to be embarrassed about?” He entwined his fingers with Lu Man’s. “Our relationship is full of love and intimacy. That’s not something that they don’t know either.”

Lu Man: “...”

Holding her hand, Han Zhuoli entered the Old Han family mansion with Lu Man where Xia Qingwei was chatting with Shen Nuo in the living room.

Curious, Old Mrs Han couldn’t help but ask, “Both of you reached long ago, why are you two only entering now?”

Shaking his head, Old Mr Han tsked her. “What else could two youngsters be doing alone? Why do you have so many questions?”

Lu Man: “...”

With a solemn expression on his face, Han Zhuoli explained. “Man Man ranked first so a lot of people called to congratulate her. I didn’t even have the chance to talk to her. Finally, after a lot of time, the congratulatory calls stopped, so the two of us were just being a little intimate.”

Lu Man: “...”

Suddenly, Han Zhuofeng felt nauseated. Covering his mouth, he ran to the kitchen looking for Auntie Sun. “Auntie Sun, do you have any sweets? Chocolates will do too.”

Surprised, Auntie Sun asked, “Since when did you like eating sweets?”

This child really loved eating sweets when he was young. All children do.

However, since the first year of middle school, who knew what kind of trauma he suffered or what happened to his brain, but he suddenly said that real men don’t need sweets.

Chapter 577: Why Wasn’t He as Thoughtful as His Son?

Since then, he had never touched any sweets, cakes or any such things.

Although she asked him, Auntie Sun still took out a sealed box of Godiva truffle chocolates for him.

Opening the box, Han Zhuofeng grumbled, “It’s so cheesy out there that I felt nauseated and my mouth felt a little sour. I came here to eat something sweet, otherwise I will surely vomit.”

Auntie Sun: “...”

After a short while since they had sat down, Auntie Sun served all the dishes so that the lunch could begin.

“Zhuofeng, have you recommended your classmates to watch *Red Tiger* yet?” Old Mrs Han asked.

Feeling frustrated and annoyed, Han Zhuofeng snickered. "I don't even need to recommend it. During the holidays, all of them watched it with their family and friends already. When I tried recommending today, they even said that I was late to the party, and were shocked that I only found out only now."

Honestly, Han Zhuofeng was really annoyed with that. *Didn't they just start school?*

It's not like he only just found out now that *Red Tiger* was popular.

Their family had even invested in *Red Tiger*, how could he not know?

"Then take them out to watch it a few more times," Old Mrs Han said.

"..." With a face deadpan, Han Zhuofeng sneered, "Why don't you my older brother to buy a few million tickets? Although no one might go to watch, it can add to the box office sales."

"That won't do. There are still many people out there who want to watch it. Wouldn't we be snatching away their seats?" Old Mrs Han shook her head in disapproval.

Han Zhuofeng: "..."

This old lady sure was hard to please!

"Actually, the growth rate of *Red Tiger's* box office sale has started to slow down. In just another half a month, *Attack Force* produced by Maxus Company is about to premiere, it will definitely take up a large proportion of the box office. Moreover, the audience would already have had their fill with *Red Tiger*. So at that time, they would switch to watch *Attack Force* instead."

Taking a Shanghai hairy crab, Han Zhouli carefully removed its shell for Lu Man and dipped the crab roe in crab vinegar before placing it onto Lu Man's plate. He then started peeling the crab meat bit by bit and placed them on Lu Man's plate. He even gave peeled the meat of the crab leg in one complete piece for her.

Not only did he use the crab shell to arrange it to look like a crab, he also arranged the crab meat into crab shape

Han Zhouli was so focused on taking care of Lu Man that the dedication with which his long, slender fingers peeled the crab meat made him even more attractive than usual.

Watching his love for Lu Man, Xia Qingwei said sheepishly, "Xiao Han, don't just worry about Man Man all the time."

She even nagged Lu Man a little. "Man Man, you should look out for Xiao Han more too."

"I'm willing to take the crab meat out for her." Han Zhouli didn't find it a hassle at all.

Xia Qingwei: "..."

Sure, now she felt like she was a busybody.

The look of pleasure and blissful happiness on Han Zhouli's face was almost blinding.

Now, even Lu Man started to feel a little embarrassed. Just when she was about to do it herself, she was stopped by Han Zhouli. "Don't dirty your hands. I like doing this for you."

When Shen Nuo saw it, she couldn't help but raise her eyebrows at Han Xijin.

Why isn't Han Xijin as thoughtful as his son?

Han Xijin: "..."

Naughty brat! You flaunting your love is putting me in trouble!

This naughty brat can flaunt his love to please Lu Man but he shouldn't implicate him!

Now, it seemed like Han Xijin couldn't even compare to Han Zhuoli who was dating for the first time.

"I don't even see you caring for your mom's food so diligently before," Han Xijin sneered angrily.

Chiming in, Old Mrs Han narrowed her eyes at him. "You have never cared for my food before either."

Han Xijin: "..."

Since Han Zhuoli started dating, his status in the family was really rising every single day!

In the past, Old Mrs Han would only bicker with Han Zhuoli, but right now she would bicker with everyone, but not just Han Zhuoli.

"Hehe." Shen Nuo mocked Han Xijin.

Han Xijin: "..."

Thus, he silently picked up a crab and started removing the shell for Shen Nuo.

Chapter 578: Lu Qi is Here

"What about me?" Old Mrs Han asked.

"Crab meat is high in cholesterol. You two elders shouldn't eat it." Han Xijin didn't even look up as he answered.

Old Mrs Han: "..."

Old Mr Han's hand froze stone-cold. He was just about to reach out to grab a crab. "..."

Why did that young brat drag him into this too!

The next day, school officially reopened. Before lessons began, the counselor Professor Liang brought a girl into the classroom.

When Lu Man took a look she saw that it was actually Lu Qi!

Then, she heard Professor Liang say, "Lu Qi is a second-year student from the previous batch. Earlier on, due to filming schedules, she had to take a year off from school. Now, she's back in school again and from now on, she will be joining our class."

Annoyed, Lu Man pinched between her brows. She had been negligent.

In the past six months, she had never seen Lu Qi in school, so her days were rather peaceful.

Moreover, later on, Lu Man had gone for filming and hadn't attended school for a long time. After she came back from her filming, there were all sorts of problems waiting for her to solve.

Through her hustle and bustle, she forgot that Lu Qi was also studying here and since she had to meet her yet, she became careless.

Now that she thought about it, in her past life, Lu Qi applied for a leave of absence at the start of her second year in university, while sailing through with her career in the entertainment industry calling herself a student of National Film Academy.

Back then, she didn't mess with Lu Qi so Lu Qi's career didn't decline, and rather kept making steady progress. She filmed one show after another, taking up all kinds of events and interviews.

On the other hand, Lu Man was in jail then, hence she didn't know when Lu Qi started school again either.

However, in this life, ever since Lu Qi tried to frame Lu Man, she lost all the opportunities of filming shows.

No variety shows invited her and neither did any business activities.

Lu Qi was bored to death at home, and hence she had no choice but to come back and continue with her studies.

"I believe everyone here knows Lu Qi. She has acted in quite a lot of shows in the past. She was your senior earlier, but from now on she will be your classmate."

Although Professor Liang was introducing Lu Qi, all the students looked towards Lu Man.

Looked like everyone knew about Lu Man and Lu Qi.

This is awesome! Lu Qi is now Lu Man's classmate. Who knows how exciting it will get between the two of them in the future?

Zhang Xiaoying thought gloatingly.

"Hello everybody, I am Lu Qi." Lu Qi introduced herself arrogantly. "I think that many people have heard of my name before. From this semester onwards, I will return to the campus life, please look after me."

Annoyed, Zhuang Tingting mumbled to herself, "Look at that arrogance of hers, still daring to say that everyone knows her. She doesn't even have any shows to act now, why is she still pretending?"

Even Zhang Xiaoying humphed softly in agreement.

After that, Professor Liang said, "Next period is practical Performance lesson, right? Alright then, I won't disturb you anymore."

After Lu Qi got settled, Professor Liang left.

Thus, all the students started heading out, preparing to go to the Performance classroom.

“Older sister.” A soft and gentle voice called Lu Man from behind.

She quickly recognized it to be Lu Qi’s voice.

Although annoyed, Lu Man turned around and smiled as Lu Qi walked over. “Older sister, who would have thought that there would be a day where we would be in the same class.”

“That’s right, it’s all thanks to you that I got the chance to come to the National Film Academy,” Lu Man said sardonically.

Lu Qi froze for a little, then said, “I... I didn’t do anything for Older Sister.”

“Don’t say that. If you didn’t force me to quit school, I would still be studying fashion design now, so how could I come to the Film Academy to study Performing Arts? Therefore, I still have to thank you, otherwise, no matter what, I wouldn’t have made it this far.”

Angered, Lu Qi clenched her fist.

Chapter 579: Lacked Self Love and Respect

In that way, it was still her who gave Lu Man a chance to enter the entertainment industry and learn performing arts.

Didn’t she just shoot herself in the foot by giving Lu Man the chance to be her opponent, and letting Lu Man destroy her future in entertainment?

Had she not forced Lu Man to quit school to be her assistant at that time just to embarrass her, then wouldn’t Lu Man be still earnestly studying fashion design right now? Also, unlike now Lu Man wouldn’t be doing so well as she wouldn’t have any shows to film. Lu Man would just have been going to school in shame.

Lu Qi tightened her hands into a fist as she experienced several emotions all at once.

Honestly, she also felt a bit of regret.

But at the same time, she could not stand how well Lu Man was doing currently!

On the other hand, Lu Man just laughed lightly. “Honestly, I need to thank you. You helped me see what a scum He Zhengbai is, and helped me debut the entertainment industry.”

If she hadn’t made Lu Qi a stepping stone, she wouldn’t have become famous so fast, right?

“Lu Man, what are you doing!” He Zhengbai rushed over and pulled Lu Qi behind him. “If you have anything, say it to me, don’t bully Qi Qi!”

Seeing him protect Qi Qi, Lu Man looked at him like he was insane. “Say what to you? Crazy Man!”

After calling him crazy, Lu Man turned around and walked off with Zheng Yuanshi and the other two.

He Zhengbai frowned as he realized the way Lu Man looked at him just now. Clearly, she did not have a single bit of liking towards him anymore.

Could it be that she really did not care about him and he had no place in her heart?

“Zhengbai!” Seeing He Zhengbai in a daze with his gaze fixated on Lu Man’s back, Lu Qi tugged at his arm anxiously.

As He Zhengbai returned to his senses, a quick glint flashed past his eyes as he asked, “Did she bully you?”

“It’s nothing much, I just want to reconcile our sisterly relations. But she doesn’t seem willing,” Lu Qi smiled bitterly and said remorsefully.

“Don’t even think of reconciling with such an obnoxious person,” He Zhengbai said coldly, “Be careful not to let her harm you anymore.”

“En.” Lu Qi nodded her head obediently. “Why did you come over?”

“It’s your first day back at school today and I wasn’t at ease, so I came over to look for you,” He Zhengbai said, “Let’s go, I’ll send you to class.”

Pleased and delighted, Lu Qi nodded happily.

No matter what, He Zhengbai was the previous school idol after all. It was just that when Han Zhuofeng transferred over, he replaced him.

However, his popularity was still there, on the way to the class, she got the jealous looks of all the other girls.

As Lu Qi held onto He Zhengbai’s arm, she felt became prouder.

As the two people walked to her class, they suddenly heard Zhuang Tingting whisper in a low voice, “If it were not for the fact that Lu Man found a sugar daddy, how could she have the chance to film a movie as soon as she decided to be an actress? Haha, she’s just a mistress, what’s there to be so proud of”

Astonished, He Zhengbai had a curious expression on his face and he hurriedly ran up. “What did you say just now?”

Zhuang Tingting was shocked, and upon seeing it was He Zhengbai, she went into a daze and stared at his handsome face.

“Quickly tell us!” Lu Qi urged at the side unhappily.

Who was this girl, how dare she stare at He Zhengbai coyly!

Returning to her senses, Zhuang Tingting said in a low voice, “We saw it ourselves, someone dropped her off at the school in a Mulsanne.”

As soon as she said that, Zhuang Tingting hurriedly walked away.

“What is it? Have you finished your job?” Zhang Xiaoying saw Zhuang Tingting run over and asked anxiously.

“You had me purposely let He Zhengbai and Lu Qi hear, don’t worry, everything has been done.”

Feigning concern, Lu Qi pretentiously told He Zhengbai, “How could older sister do this? She’s doesn’t respect herself and lacks self-love.”

He Zhengbai’s facial expression was a bit strange; he thought back to how every time he met Lu Man, somehow she seemed to be becoming prettier and prettier.

It was not just on the surface, it was like seductiveness ran deep into the bone.

Now that he was reminded by Zhuang Tingting, He Zhengbai realized, wasn’t this the glow and look one of after s*x?

Chapter 580: Judging

Back then, Lu Man was pretty too yet she lacked something. Whereas now, Lu Man had a seductive glow to her and was like a plump, sweet, enticing fruit.

In the past, no matter what, Lu Man refused to let him touch her. However now just for a bit of fame, Lu Man had learned to participate in casting couch and had found herself a rich backer, letting him toy her as she lacked self-love and dignity.

Thinking about how Lu Man had degraded herself to such a low level, He Zhengbai felt utterly disgusted and at the same time, he was unwilling to admit that he was a little jealous.

After all, Lu Man was his ex-girlfriend, and although she had not allowed him to touch her before, she was willingly embracing another man now.

Thinking about Lu Man being naked and hugged by a big, fat man, he was quite jealous and unwilling to admit defeat.

Honestly, in any man’s eye, Lu Man was really more beautiful and charming than Lu Qi.

Lu Qi’s innocent white flower look was beautiful but if one looked at her for too long, it was hard not to get bored. On the other hand, Lu Man’s look was captivating and she had a bewitching presence.

Since the time they had laid a trap for her in the hotel, Lu Man seemed to have changed a lot.

She was still the same Lu Man from before, yet at the same time, she was not the same one too.

As sly as a fox, she was now very cunning and incomprehensible. She was no longer easy to control or fool.

The Lu Man in the past was dumb and very easy to trick.

It was probably because, at that time, Lu Man was still in the Lu family and could not escape, and had been forced into a corner.

At that time, He Zhengbai became her only savior.

No matter what she felt, she could only believe in He Zhengbai, even if she was tricking herself, only when she was with He Zhengbai could she breathe.

But later on, Lu Man's personality took a 180-degree turn.

She became sly, smart, and could no longer be controlled at all.

Although her current personality made people hate her, she also turned into an enchantress.

Unlike the time when He Zhengbai was in a relationship with Lu Man, right now his mind was completely occupied by Lu Man in the past.

Lu Man did not know that ever since He Zhengbai had been bashed by her, He Zhengbai came to school more often, and couldn't help but sneak glances at Lu Man from afar.

He just did not know what kind of illness he had as he could not control it.

"Zhengbai?" Lu Qi tugged at He Zhengbai.

Suddenly, He Zhengbai returned to his senses and asked, "En? What is it?"

"The stuff I said just now, did you not hear it? What are you thinking about?" Lu Qi's expression darkened. "Why did you get lost in your thoughts when I mentioned Lu Man?"

Seeing He Zhengbai's eyes flash, Lu Qi's expression darkened even more. "Is it that you cannot forget Lu Man?"

That vixen, even after breaking up, she's still seducing people!

"Why won't I be able to forget her? She's someone's mistress! I find her dirty. How can she even compare to a single hair of yours!," He Zhengbai hurriedly held Lu Qi's hands. "I was just busy thinking of how to use this to deal with her."

As soon as class ended, Lu Man followed Zheng Yuanshi and the other two to the canteen.

On the way there, Lu Man felt that the students around her were looking at her strangely.

All the hallways she passed by, she felt people throwing unfriendly, disdainful gaze at her.

There were people who even directly passed comments at her.

Listening to their comments, it did not seem like they were curious because of *Red Tiger* .

"What's going on?" Pan Xue frowned. "We just attended two lessons and came out, right? Why does it feel like the world has suddenly changed? What's with these people's gazes? It's like they are judging us."

Pan Xue looked all around her and confirmed that their gazes were indeed on them. "They are really looking at us, right? No matter how I look, it doesn't seem like they are looking at anyone else."

Such disdainful gazes were really directed at them and not anywhere else.

Lu Man frowned. "I feel like they are looking at me."

"That can't be!" Pan Xue found it strange and couldn't understand why. "Even if they are looking, it has to be because of Lu Man's recent popularity, so they shouldn't have such a contemptuous gaze. I'm not smart, but I feel like they are looking down on us, could it be that I'm mistaken?"
