

Mr Nian 1091

[Chapter 1091](#)

1091 Didn't you say you don't want to acknowledge me (1:

Nian Yu pursed his lips, dejected.

Nian che patted his shoulder and said, " let Auntie look after her. She'll be fine. Besides, she's pregnant. She won't leave her in the lurch.

yeah.

She was still pregnant.

She loved the child so much, but she just didn't want to see him for the time being. As long as she took good care of herself and got well soon, it didn't matter if she didn't see him.

Nian lie said to himself, suppressing the strange feeling in his heart.

He had also been lying in bed for a day. His physical condition was not good, and his voice was a little weak. how's ning su? "

At the mention of ning su, Nian Che's expression turned strange.

uncle has been keeping her company and talking to her, but the doctor said that it's useless. There are still no signs of Qianqian waking up.

Nian lie's legs wobbled, but Nian che caught him in time. brother!

Nian lie raised his hand to stop him, blocking his hand. With a dark expression, he asked, " how many days has it been? "

Nian Yu was stunned. it's already the fourth day.

Four heavens Kasaya

The doctor said that if she didn't wake up a few days ago, there would be no hope in this life.

However, how could Gong Jie and ning su continue to sleep?

She had risked her life to save ning Qing. Ning Qing would definitely blame herself when she found out about her condition. If he couldn't save her, would she hate him?

The more Nian lie thought about it, the more his heart ached. His pained eyes turned sharp. Nian che, get the doctor to think of a way. You must wake her up!

Nian che nodded. I will, brother. Don't worry.

Nian lie relaxed and started coughing.

Nian che was worried. brother, your body is about to collapse. If sister-in-law is already awake, you should listen to the doctor's arrangements and get some rest.

But why would Nian lie listen to him?

He shook his head and covered his mouth with his fist. After suppressing his cough, he turned to face the door.

Through the glass, he saw ning Qing holding mother ning, and the pained expression on her face was reflected in his heart.

“.....”

Seeing how stubborn he was, Nian che sighed helplessly and let him be.

*

Nian lie had originally thought that ning Qing was avoiding him because he had not saved her in time and had caused her to be seriously injured.

However, she had visited ning su time and time again. She had even stayed by his side when she was almost fully recovered and refused to see him. Nian lie knew that she was avoiding him.

In the intensive care unit.

Ning Qing sat alone in front of the bed. The woman on the bed was wearing an oxygen mask. Her beautiful face was covered, and her head was wrapped tightly.

If it wasn't for the fact that the electrocardiogram hadn't been beating yet, ning Qing would have thought that she was dead.

“Sister.”

She called out and held the woman's hand in hers, forcing a smile.

“Why are you so silly? Didn't you say that you don't want to acknowledge me? why did you come back to save me?”

“.....”

that man is a madman. He harmed me once, but I didn't die. He was unwilling to give up and came back to take revenge on me. I also thought that I would fall off the cliff and die with him, but why are you here, Yingluo? why did you come? why did you hit me with your car? ”

She questioned him one sentence after another. There was no coercion in her tone, only endless sorrow.

Tears welled up in ning Qing's eyes. don't you know that it will cost you your life? ”

The heartache ate away at her senses. She held ning SU's hands with both hands and put her forehead on the back of his hand.

“Seven years ago, you almost lost your life because of me, because of my ridiculous love. It was not easy for you to survive, so you should have gone far away and never come close to me again! But why did you choose to save me? why?”

[Chapter 1092](#)

1092 Why have you changed recently?

She had countless reasons in her heart, but she knew all of them.

Ning su had saved her because he felt sorry for her, couldn't bear to leave her, and was even willing to exchange his life for hers.

Her sister loved her and doted on her, just like before.

But what did she do to her?

What had she done for her?

At that moment, guilt and self-blame flooded ning Qing like a tide.

She sobbed, unable to breathe.

"....."

Nian lie and father ning were standing outside the ward.

Through the glass window, he could feel the heavy pain in her heart. Even though he felt the same, he felt his heart tighten inch by inch.

Father ning hadn't had a good time these days either. He stayed by ning SU's side all day long, hoping to wake her up.

However, it was no use.

He looked at his two daughters and said to the man beside him, "it's been hard on you these days."

Nian lie's eyes darkened. I'm sorry, dad.

Father ning knew the reason for his apology.

He shook his head. we have to go through all kinds of accidents in life. It's the same for Qingqing, and it's the same for Hanyu. You can protect her once or twice, but that doesn't mean you can protect her every time.

it's my fault. If I didn't let her out, she and ning su wouldn't have ended up like this. Nian Xi lowered his eyes and forced the words out of his throat.

this isn't your fault, Nian lie, " father ning sighed. don't keep blaming yourself.

"....."

"Perhaps, when the two sisters were brought back to the ning family by their mother and I, everything was already destined."

The two of them were not ordinary from birth, but they had accidentally fallen into an ordinary family.

The happy life in the past was like a fleeting cloud. When the curtain was lifted, they would still have to return to the original world.

Nian lie's eyes flickered, but he didn't say anything.

Half an hour later, ning Qing finally came out of the ward.

Mr. Ning could tell that something was not right between the two of them. He wanted to give them some space, so he went into the ward early.

“.....”

In the corridor, ning Qing's face was lowered. She knew that he was beside her, so she did not even look at him and walked away.

Nian lie was anxious. He rushed in front of her and blocked her way. ah ning!

Seeing that she couldn't leave, ning Qing raised her numb face. what is it? ”

Nian Xi looked at her slimmer face, his heart aching.

“What's wrong with you recently?”

“Nothing,” ning Qing replied coldly, her eyes unmoving.

Her attitude made Nian lie even more convinced that she was hiding something.

He was so anxious that he wanted to hold her hand, but the other party subconsciously avoided him.

“If you have something to say, say it. Mom is still waiting for me to go back.”

Nian lie's hand froze in mid-air, his dark eyes clearly hurt.

“Why have you changed recently?”

“I haven't changed,” ning Qing replied.

He was just thinking about the past.

Nian lie looked at her cold face and said, ” ah ning, ever since you woke up, your attitude towards me has been lukewarm. You don't even want to see me and have been avoiding me. I'm not a fool. I can feel it!

Ning Qing opened her eyes, and the ice in her eyes pierced the man's heart.

She said coldly, ” you're too conceited. Do you think I'm in the mood to argue with you given my sister's current situation? ”

are you angry because I didn't save you and your sister in time? ” Nian lie asked in return.

Ning Qing let out a heavy breath and pursed her lips.

“If you think that way, it's not impossible.”

“.....”

“I'm tired. If there's nothing else, please don't ask me such meaningless questions.”

Under his trembling gaze, the woman walked around him and left without looking back.

[Chapter 1093](#)

1093 Is the child alright?

The sound of footsteps gradually faded away.

Nian Ying turned around in a panic, looking at her indifferent back. Helplessness and hesitation filled his heart.

“.....”

Ning Qing quickly walked up the stairs. As she went up the steps, her steps became faster and faster until she could not help but lean against the wall.

Warm tears flowed down her face. She covered her mouth, afraid that her cries would leak.

What was she going to do?

How was she going to face him after she recalled what he had done to her?

And the child, Yingluo.

Seven years ago, the doctor had already determined that it was difficult for her to get pregnant. However, in these seven years, she had actually gotten pregnant three times!

The heavens were toying with them!

Now, there was only Wufu left. Did this mean that the heavens were not optimistic about their relationship?

“.....”

But it wasn't just the heavens who didn't think highly of him.

Even she herself felt that this relationship had come to a dead end.

She could not see the future.

A mournful cry seeped out from between his fingers, growing louder and louder.

She heard footsteps approaching from behind, and then she was turned around to face an anxious face.

“Ning, why are you crying? Why are you crying? did I make you angry?”

Nian lie was extremely worried, but at the same time, his heart ached.

Ning Qing looked at him, her eyes full of despair, and could only shake her head.

Nian lie apologized to her in a gentle and low voice. I'm sorry. It's all my fault. I made you sad and angry. But, Hanhan, don't be angry at yourself. Don't cry. I'll do whatever you want!

“.....”

His gentleness and pampering was the most fatal poison.

Ning Qing knew this, and she would not eat it willingly.

She pushed him hard. are you serious, ran ran? I'll say anything you want? "

Looking at her reddened eyes, Nian Xi's heart skipped a beat, and he had a bad feeling.

He couldn't help but frown. However, before he could weigh the situation, he was defeated by her sadness.

"Yes, you can say anything you want, as long as you stop crying."

Ning Qing's heart ached and her lips trembled. I'm fine.

I want to divorce you!

I want to draw a clear line between you and the child and never appear in front of us again!

The cold and heartless words moved between her lips and tongue.

Ning Qing tried her best to say it, but when she faced his unconcealed concern and worry, she was stunned and couldn't say it!

"Ning? What's wrong with you?"

Nian lie saw through her struggle. Unlike before, her eyes were filled with despair and pain.

It was something that she had not felt for a long time after they got together.

What was the reason?

He held her arm tightly. you love me, don't you? You can't bear to blame me, but you also feel sorry for ning su, don't you? Ah ning, if that's what you're thinking, why don't you tell me?"

Ning Qing shook her head weakly and cried,"no!" It's not Yingluo."

"Then why are you torturing me and yourself like this?"

Nian lie was also forced into a corner, and his tone was much more serious.

Ning Qing's ears buzzed, and the expression in her eyes faded. don't force me anymore. Don't ask anymore, Zhenzhen.

Nian lie's anger burned even more intensely at her abnormal behavior.

Just as he was about to continue asking, she was so tense that she fainted.

"Ah ning!"

Nian Xi hurriedly grabbed her falling body and called out to her several times. It was only after a passerby called the doctor for him that he hurriedly carried her to the ward.

"The patient was too emotional, which led to a sudden fainting. It's not a big problem."

The doctor said after the examination.

: Is Yingluo's child alright?" Nian lie asked hoarsely.

[Chapter 1094](#)

1094 Nian lie has been standing at the door for a long time (1:

Mr. Nian, don't worry. The child is in good condition. The main problem is that the mother needs to maintain nutrition and physical and mental happiness. It's best to avoid situations like today.

"....."

Mother ning said thank you and the doctor left.

Father ning also came over from ning SU's side. Looking at the unconscious ning Qing, he asked Nian lie, " didn't I give you time to talk? why did you faint all of a sudden? "

Nian Xi moved his lips, his eyes filled with guilt. dad, I forced her to answer. She was too emotional.

Ning Qing's father frowned and looked at ning Qing. After making sure that she was fine, he pulled her out of the ward.

"What's going on?"

From what he could remember, Nian lie had never been someone who lost control of his emotions easily.

He knew ning Qing's current situation better than anyone else, so how could he bear to force her to answer?

Nian lie's expression was dejected. After a while, he said, " father, don't you think that mo Qingqing has been acting a little strange recently? "

abnormal? " father ning was stunned.

Because his mind had been on ning su recently, he really didn't notice ning Qing's abnormality.

Nian lie's brows furrowed deeply. ever since she woke up, she's been unwilling to see me. She's also always avoiding me, intentionally or otherwise. Her rejection of me seems to have suddenly deepened.

Mr. Ning pondered for a moment. Qingqing was probably worried about Hanyu's safety and didn't take your feelings into consideration. Nian lie, ah Hanhan.

His sincere words didn't blur Nian lie's perception.

The man looked down. no, dad. If she's concerned about ning su, I understand. She doesn't need to hide it.

"....."

"I'm just worried that she's not resisting me because of this."

what do you think it is? " Mr. Ning asked in surprise.

Nian lie fell silent.

He couldn't tell.

Ning Qing's rejection of him seemed to have reached a peak.

He felt that she was struggling and struggling on her own. Her heart was in pain, but she was forcing herself not to be close to him.

Father ning looked at the man in front of him. All the changes and disputes in the past few days had changed the calm and reserved man.

Subconsciously, he thought that Nian lie had become suspicious, but he didn't think too deeply about it.

Nian lie, we're in a critical situation right now. Everyone is feeling terrible, especially Qingqing. Think about it. We all thought that the car accident took Hanyu's life. This time, we've tried so hard to get rid of her that she doesn't remember. Subconsciously, she'll think that it wasn't easy for Hanyu to be alive. If anything happens to Hanyu, she won't be able to forgive herself.

He sighed and patted Nian lie's shoulder.

you should try to understand her. She's pregnant, so don't force her.

What else could Nian lie say?

He said solemnly, "I know, dad.

Father ning didn't know how to comfort him, so he could only say this.

"....."

Ning Qing woke up in the ward.

When mother ning found out, she asked about her well-being, but ning Qing's reaction was calm.

Ning Xi's mother then told her that Ning Xi didn't take care of herself, and that she should take care of her body for the sake of her child.

Ning Qing looked at the green outside the window, lost in thought.

Mrs. Ning noticed that. She pretended to be nonchalant and asked, "Qingqing, you fainted again. Everyone is worried about you. Nian lie has been standing at the door for a long time.

Ning Qing's eyes moved, and her voice was weak. what is he doing outside? "

"He's just afraid of agitating you. The doctor said that you can't be agitated anymore, so he thought about how you've been agitated every time you see him recently. But he's worried about you, so he's hesitating."

[Chapter 1095](#)

1095 Let him go (1:

"Let him go,"

what? " mother ning was dumbfounded.

Ning Qing was too lazy to repeat herself. She turned around and closed her eyes, using her actions to show her resistance.

Mother ning was a little embarrassed. She laughed and said, " alright, I'll ask him to leave now.

"....."

Ning Qing heard the door open and her mother say something.

The man's low and hoarse voice still touched a certain nerve in her.

But the more he moved, the more pain he felt.

She closed her eyes tightly and clenched her fists, trying to control her trembling heart. It was not easy for her to get through such a painful moment.

Mother ning returned and sat down beside her.

Ning Qing opened her eyes and stared at a pattern on the ground. has he left? "

Mother ning was a little confused. he left.

"....."

"What's wrong? should I call him back? I'll go now!"

Ning Qing's eyes narrowed, and her voice was flat. no need.

"....."

"Mom, I want to sleep for a while. You don't have to worry about me."

Mother ning didn't understand what she meant. She felt that it was strange, but she didn't dare to interfere.

After all, he had learned his lesson.

After experiencing such a thing again, she was afraid that if she continued to force her, it would lead to another tragedy.

*

Time flew by, and in the blink of an eye, it was September.

Ever since ning Qing had fully recovered, she had been staying in ning SU's ward every day with her big belly and talking to her.

However, the doctor had already said that it was almost impossible for her to wake up if she missed the best time.

However, ning Qing was inexplicably persistent, as if she would collapse if she didn't do this.

She had even called Yan Sichen and asked him to accompany ning su for a while. Yan Sichen was a little confused, but he still accepted her request.

The ning family's parents couldn't do anything about it. Even Nian lie didn't dare to force her anymore, for fear that she couldn't take it.

But what was supposed to come would still come.

*

On this day, the hospital was completely surrounded. Not even a drop of water could escape.

Especially on the floor where ning su was.

By the time ning Qing realized that something was wrong, the woman with an angry face had already barged into the ward.

Lou Si was followed by Lou qingyue. The two of them stood tall and looked at ning Qing with vicious and dark eyes.

Ning Qing did not know Lou si, but she knew Lou qingyue.

At the same time, Yan Sichen went downstairs to get the food, and she was wiping ning SU's body. When they pushed the door open and entered, she subconsciously blocked ning su. what are you doing?
”

Lou SI's eyes swept over her bulging abdomen and looked at ning su again. Her face suddenly darkened.

“You're ning Qing?”

Ning Qing looked at her warily, then at Lou qingyue. Suddenly, anger rose in her heart.

Lou qingyue, you still dare to appear?!

Lou qingyue snorted. She wasn't as arrogant as she was when she was alone, but she still had a high and mighty attitude.

it's just a run-down hospital. Why can't I show up? ”

Ning Qing hated her to the core. you asked Lou Chi to kidnap me! He didn't hesitate to use his life to kill me, and in the end, he caused my sister to fall into a coma!”

Lou qingyue looked at her as if she was looking at the mud under her feet. don't talk nonsense if you don't have evidence.

“Lou Chi personally admitted it! What do you have to say?”

Lou qingyue crossed her arms and took two steps forward to stand side by side with Lou si. my younger brother is already dead. Even if you accuse him of wanting to kill you, it's all up to your mouth.

With her enemy in front of her, ning Qing could no longer maintain her rationality. I know you're vicious, but I didn't expect you to be so vicious that you'd throw your own brother's life away! You dare to do it, but you don't dare to admit it!”

Lou qingyue was angry. say that again!

“Qingyue.”

Lou Si's deep voice interrupted the two's argument.

Ning Qing took a deep breath and looked at Lou Qingyue with resentment.

Lou Si sized Ning Qing up and her lips curled into a cold smile. Qingqing, since you've acknowledged the woman on the bed as your sister, you should know your own identity.

[Chapter 1096](#)

1096 Lou LAN appears (1:

Ning Qing turned to her, the hatred in her eyes not dissipating.

Lou Si took a few steps forward and walked towards the sofa. Lou Qingyue followed behind her and waited for her to sit down. Then, she stood respectfully and meekly at the side.

"By right, you should be calling me aunt," Lou Si said.

Ning Qing's eyes were cold. I have nothing to do with you. I only recognize my sister.

"But she's a real member of the Lou family,"

"....."

The woman sat upright and looked straight ahead. She had a dignified appearance.

But in Ning Qing's eyes, it was like sand in her eyes, a thorn in her heart!

Her face was cold. I don't care who she is. She is my sister and has nothing to do with anyone else.

This neither servile nor overbearing attitude was actually a provocation towards the Lou family, and also a form of dissatisfaction towards Lou Si.

"What are you saying?" Lou Qingyue reprimanded. You're really born in the lower class, don't you know any manners?"

Ning Qing stared at her. I'll treat others the way they treat me.

In other words, you don't deserve my respect!

Lou Qingyue's anger rose and she smiled coldly. then, as your cousin, I have the right to teach you a lesson on behalf of the entire Lou family!

After she finished speaking, she rushed towards Ning Qing without caring about her image.

"....."

Seeing this, Lou Si lifted her chin slightly in a self-satisfied manner.

Ning Qing looked at the door and glared at Lou Qingyue. look carefully at where you are! Also, you don't have the right to make a move on me!"

Lou Qingyue sneered and grabbed her wrist.

Ning Qing staggered and watched as she raised her hand and was about to put it down.

“Hold on,”

A steady female voice attracted the attention of the others.

At the entrance, many black-clothed bodyguards took down the people who had been standing at the entrance. Lou si and Lou qingyue’s men were captured in an instant.

The entire situation was reversed extremely quickly.

The corner of Lou Si’s eyes twitched as she looked at the elegant and dignified woman. She remained silent for a while.

No one had expected Lou Lan’s arrival. After all, she had disappeared for half a year.

The woman was dressed luxuriously in a typical European Palace dress, which was elegant and Noble.

Lou Lan’s gaze swept past the few of them. Lou si stood up and forced a smile. sister Xuxu, why are you here? ”

Lou LAN looked at Lou si, who was walking towards him, and his gaze stopped on her face for a few seconds, taking in her shock.

She slowly retracted her hand and looked at Lou qingyue, who was entangled with ning Qing.

“Qing Yue, what are you doing with your hands raised?”

Lou qingyue wasn’t as shocked as Lou Si by Lou Lan’s appearance and blurted out, “how can you not have Qianqian?”

Lou Lan’s eyes were half-closed, and a sharp glint flashed across his eyes. I’m fine.

Lou qingyue’s body trembled and she quickly let go of ning Qing’s hand. Her expression was stiff and ugly. master, I, I, I don’t mean anything else. It’s just that I haven’t heard from you for too long and there are too many rumors outside. I, I, I, I, I ...

“You believe it?”

“Your niece wouldn’t dare!”

Lou qingyue lowered her head and didn’t dare to look at her.

Lou LAN glanced at her. She exuded the aura of a superior.

“I knew that something had happened to the two sisters, so I rushed over to take a look. What’s going on with you two?”

Her tone was very gentle. If one didn’t listen carefully, one would really think that she wanted to chat with you.

Lou si and Lou qingyue were already feeling guilty. Lou si raised the corners of her lips and said, “ sister, it’s like this. You should know that something happened to Yuan ‘er and Chi’ er was also involved.

“Yes, I know.”

Lou si couldn't read her mind and pretended to be sad, " I don't know what happened to Chi 'er. I've been with Qingqing and Yuan' er. It was the same before. Chi 'er was kidnapped and when she came back, her hand was seriously injured. This time, she even lost her life.

[Chapter 1097](#)

1097 Chasing away Lou qingyue (1:

Without waiting for Lou LAN to speak, Lou qingyue also pretended to be sad.

that's right. My brother has always been obedient and never does anything out of line. The last time, my subordinates found out that it was ning Qing's husband who did it. This time, he came to Ying city with me and inexplicably offended my sister. No matter how insensible he is, he shouldn't have lost his life!

"....."

A few tears fell from Lou qingyue's eyes. She looked very sincere.

"Chi 'er is still my mother's and my relative. Although we're not blood-related, we still have many years of feelings. He was tortured and humiliated by his two younger sisters, and in the end, he couldn't even return home to aunt Xuanji. You have to help us!"

Hearing her distorting the truth and mixing up black and white, ning Tingyi's face turned red with anger and he glared at her.

Lou qingyue, when you say these words, don't you feel bad for your conscience? "

Lou qingyue turned to her with tears in her eyes. sister ning Qing, " she said softly, " it's fine that you've harmed Chi 'er. Now, you're slandering me in front of the master? "

Ning Qing gritted her teeth and mocked him. what did you say to Lou Chi? that's why he came to me. Others might not know, but I do.

"I'm Yingying!"

last time, you asked him to kidnap me and hurt both my hands. If my husband hadn't come in time, I would have lost my life in the sea of fire! Ning Qing's eyes were red. She gritted her teeth. this time, he kidnapped me on the street without a care. He said that he would drive me to death with him!

"....."

She turned to point at ning su, who was sleeping on the bed, and her eyes were so red that tears were about to fall.

"In order to stop him from driving off the cliff, my sister Yingluo had to gamble with her life! I don't even know when I'll wake up!"

Her heart ached. She regretted showing mercy and letting Lou qingyue humiliate her!

Now, she had almost nothing to lose!

She was not afraid of anything!

Ning Qing took two steps forward. Her sorrowful aura, coupled with her cold aura, scared Lou qingyue so much that she retreated to Lou Si's side.

"Now, you dare to say that we're smearing your name in front of my sister! Do you even know what shame is?"

Lou qingyue's Red lips trembled, and she lost all her imposing manner. ning Qing, the master is here. Don't you slander me.

"Ha."

Ning Qing smiled coldly, her eyes full of frost.

She looked at the three of them coldly, including Lou LAN.

I don't want to hear anything, and I don't want to explain anything. I only have one warning. Don't even think about touching my family. Otherwise, even if I, ning Qing, lose all my reputation and become a rat on the streets, I will bite off a piece of your flesh and make you unable to have peace for the rest of your lives!

"....."

Such deep and cold words made the temperature in the ward drop to freezing point.

"If that's the case, you and your daughter can go back first," Lou LAN said after a long time.

Lou Si's eyes flashed with ruthlessness. Lou qingyue received her signal and immediately looked at Lou LAN and said,"but Chi 'er's death, Qianqian."

Lou LAN threw her a look, and the woman's body turned cold.

"I'm sorry, Yimu."

Lou LAN didn't show his impatience.

"You and your mother should return to the capital first and prepare for the family meeting."

Lou si and Lou qingyue were extremely surprised. family meeting?!

That was the meeting that they had been thinking about for a long time. Lou LAN was actually preparing to hold it while Lou Si was asleep?

[Chapter 1098](#)

1098 Mother and daughter meet (1:

Lou LAN stared at them. is there a problem? "

Lou si retracted her surprise and couldn't help but smile, " yes sister, I'll go back and prepare.

Lou LAN nodded his head. Lou si called Lou qingyue and was in a hurry to leave.

Lou qingyue looked at ning Qing unwillingly. but what about them? "

"I'm free to arrange it," Lou LAN replied.

Lou qingyue was dissatisfied, but she didn't dare to say anything. She pretended to say a few words of praise to Lou LAN and left with Lou si.

"....."

Once the two of them left, the people outside the door were also released.

Ning Qing's body was stiff. When they finished speaking, her eyes were still fixed on the ground.

Lou LAN finally looked her in the eye. His blue eyes were filled with complicated emotions.

"Close the door."

The subordinate closed the door, and the ward fell into silence.

The electrocardiogram beeped and echoed in the oppressive space.

Lou LAN was born with a distinguished status and was used to all kinds of big occasions. However, she had never been so nervous when facing an even bigger occasion.

This was because the person in front of her was her daughter.

"Qing Qing Qian Qian"

"Madam Loulan."

Lou LAN nodded, " yes.

Ning Qing tried to sort out her emotions so that she would not show her fear in front of her.

"What do you want to say?"

Ning Qing looked straight at her and did not avoid her.

I don't know how the Lou family gets along, and I'm not interested. But my sister is in a coma now. She still has to face the slander and provocation of the second Madam of the Lou family and Lou qingyue. I can't accept this no matter what.

"....."

as the head of the Lou family, I'm asking you to take care of your own family affairs. At least, don't come looking for me when others are sick. My sister is lying here. She can't say anything, can't refute anyone, and can't pose a threat to you.

She was very calm. She held her pregnant belly, and the gentle brilliance dissipated, as if her whole body was full of thorns.

Lou LAN pursed his lips. I'll get someone to settle the matter between qingyue and her mother. They won't disturb you and your sister for the time being.

Hearing her reply, ning Qing nodded. you'd better keep your word. After all, she's a member of the Lou family. Without her, I'm sure the Lou family will soon be in chaos. You have the responsibility and obligation to protect her.

Every word she said was considered from the surface of the Lou family. She looked calm and rational, but every word was cold, as if she was accusing her of being heartless to ning su.

Lou LAN felt a sharp pain in his throat. don't worry, " she said, pressing it down.

Ning Qing had nothing to say to her, so she turned around and started to wipe ning SU's face.

Lou Lan's gentle gaze landed on her body and slowly moved to her abdomen. how many months has it been? "

Ning Qing paused in her wiping. almost seven months.

Lou LAN smiled. time flies.

She was talking about both the child in ning Qing's stomach and herself.

She clearly remembered that many years ago, when she had heartlessly abandoned these two children and returned to the Lou family alone, they were still a small pair. But now, they had already grown up to this extent.

She had thought that it was the right choice to leave them outside, but God's will was playing tricks on them. It was not enough to bring back ning su, but she had to get into this accident to save ning Qing.

Fate, in the end, still had to lead to the same destination.

This was the fate that the Lou family could never escape!

Ning Qing remained silent. Lou LAN did not have much time to talk to her about the past. you know about your sister's situation, " he said seriously.

[Chapter 1099](#)

1099 Can't be the head of the family anymore (1:

Ning Qing turned to look at her. no one knows it better than I do.

The time she spent in the hospital bed passed by in the blink of an eye, but it also felt like years.

Lou LAN considered his words carefully. she suffered a lot in the past few days.

you didn't show up. She was like a fish on an anvil in the Lou family, waiting to be slaughtered. She escaped quickly and hid here and there to survive until now.

"I'm sorry. I've let you and your sister down," Lou LAN said.

Ning Qing's face turned cold. if you really feel sorry, please protect her well: " she said solemnly: don't let the Lou family's fire burn her.

Ning Qing only mentioned ning su in every sentence, not herself.

Lou LAN knew that she hated him.

He hated her for abandoning them, hated her for not caring about them, hated her for taking ning su away, and hated her for indirectly causing her more pain.

However, she had no other choice!

The noble woman remained calm, and there was not much change in her expression.

Qing Qing, given the current situation, it's very difficult for me to fulfill your request.

Ning Qing laughed coldly in her heart. She had long determined that Lou LAN was a heartless woman and would never be a good mother!

She had no intention of acknowledging her.

as the head of the Lou family, don't you think it's unbelievable to say such words? "

Lou Lan's expression turned serious. you don't know this, but in the six months that I wasn't around, most of the power in the Lou family was in the hands of Lou si and Qing Yue. You can see that their reactions just now proved that they also thought that something had happened to me, so they had already controlled the entire family. Even if I go back now, I would only have the title of the head of the family without much power.

Ning Qing was unmoved. as the head of the family, isn't it just a word from you to take back your power? "

Lou LAN frowned. Qingqing, it's not as simple as you think. In the Lou family's era, women's rights were valued, but the elders in the family were all men. In order to protect themselves, they were a group of Masters who took advantage of the situation. I'm afraid that they have already changed sides during the time I was not around.

Ning Qing could feel the seriousness in her words. so, you mean that you can't be the head of the Lou family even if you go back? "

Lou LAN agreed tacitly.

Ning Qing was a little annoyed. after so many years, you don't even have a trusted aide? "

Lou Lan's voice was deep and sounded like he had experienced the vicissitudes of life and was exhausted after an illness.

originally, Yuan 'er was the heir that I had chosen personally. She was also my right-hand man. All these years, she has been helping me, and I have also done my best to train her to become the heir. According to the time, there is still one year left. As long as she passes the assessment of the elders, she will be the legitimate heir.

"....."

She lowered her eyes and looked at ning su. I can use her as an excuse to pass the position of the head of the family to her, and then I can rightfully take back the power, but now that she's sick in bed, everything has become difficult again.

Ning Qing was shocked. does ran ran know that she's going to inherit the Lou family? "

"Last month, my men finally got in touch with her and told her about the plan," Lou LAN told her the truth.

So, her sister knew that she had a heavy responsibility on her shoulders, but she still used her life to save her?

Ning Qing seemed to have suffered another shock. Lou LAN looked at her red eyes and said in a panic, "Yuan 'er has always had her own ideas. Even if it was to save you, she has thought about it carefully.

After careful consideration, he still wanted to save her, Yingluo.

How good was her sister to her?

[Chapter 1100](#)

1100 Take good care of Yuan: er and yourself (1:

Ning Qing's heart twisted into a ball, and she could not hold the towel in her hand steadily.

"Qing Qing!"

Lou LAN took a step forward to help her up, but she dodged.

"I'm fine," she said.

Ning Qing wiped the corners of her eyes and steadied herself. I don't think you're here just to see my sister, right? "

Lou Lan's hand stopped in mid-air and he retracted it in disappointment.

She said with some difficulty, " with the Lou family's current situation, the power in my hands has been lost. It's very difficult to get it back. Yuan 'er can't help me. You're the only one I can rely on.

Ning Qing smiled strangely. why should I help you? "

Lou LAN didn't dare to look her in the eye. I need you, and the Lou family needs you!

Ning Qing's eyes were cold and sharp.

twenty-five years ago, you didn't need me and my sister and left us behind. Now you're telling me that you need me? "

Lou Lan's heart ached. child, I have my own reasons, Yingluo.

"What reason would make you abandon your own daughter?"

Ning Qing looked at her resentfully, without a trace of affection.

to me, you're no different from a stranger. You're the one who told me that blood ties don't matter.

"....."

in the past, I didn't rely on you at all, nor did I receive any love from you. Now, don't tell me that you need me, because I have no feelings for you at all!

These words pierced through Lou Lan's heart like a thousand arrows. The last bit of restraint Lou LAN had was shattered when his own daughter said these words.

"The position of the family head can not fall into the hands of the second branch! 'Qing Qing, the reason why I haven't returned to the Lou family for half a year is because Lou si has been on guard against me for a long time and is ready to seize power!' She's never approved of me taking the position of the head of the family. All these years, she's been feigning civility with me just for this day!"

"....."

"Lou si is easily jealous and her hostility is too deep. If she becomes the head of the family, the Lou family will only kneel in her hands! She won't let me go, and she won't let you and Yuan 'er go either. Not only you two sisters, but even your husband, your child, and the ning family will be implicated. You're so shameless!"

"Enough!"

shut up! ning Qing shouted. Lou LAN was interrupted and looked at her deeply.

Ning Qing's hands drooped, and her whole body seemed to be stretched to the extreme.

There were tears in her eyes. She was resentful, but her emotions were complicated.

"It's been twenty-five years. You've thought of me because my sister was useless, so you had no choice but to look for me."

Lou Lan's heart ached as tears welled up in his eyes. His face was pale. Qingqing, I'm not Qianqian.

Ning Qing avoided her again and turned around.

"You don't have to say anymore."

"....."

I won't go to the Lou family with you, and I won't help you do anything. Just give up.

"....."

Her back view was so determined and heartless that it was like a knife stabbing into Lou Lan's heart.

She coughed violently, and blood gushed out of her mouth. Her body swayed, and she finally stood firm by supporting herself against the wall.

When ning Qing heard the sound, she clenched her fists and did not turn around.

"You should leave. You're not welcome here."

"....."

Lou Lan's eyes flickered intensely. He clenched his chest and endured the intense pain in his body. He forced himself to not make a sound.

It took a long time, so long that ning Qing felt cold all over.

A weak and gentle voice came from behind him.

"Since you're not willing, I won't force you."

“As for Lou Si’s side, I will think of a way to prevent them from disturbing your life.”

take good care of Yuan ‘er and Qianqian.

Ning Qing was stunned. She moved and walked to the door.

Each step was heavier than the last.

It took ning Qing a great deal of effort to control herself and not turn back to look at her.
