

## Mr Nian 111

Chapter 111: My brother may be cold, but he's not: bad person (1:

sister-in-law, I just thought that I haven't seen you in a long time, so I came to see how you were doing.

Nian che explained naturally, his eyes darting around her face.

you don't seem to be in good spirits. Did you stay at home for too long? let's go, I'll take you out to play.

Without waiting for ning Qing's permission, he got out of the car, walked over to her side, and opened the door.

"Nian che, I don't want Hanhan." Ning Qing did not think much of it and refused.

"Sister-in-law, aren't you tired of staying at home all day?"

Ning Qing was stunned.

Was he tired?

Of course it was tiring.

She didn't want to face anyone in there anymore.

Her gloom was written all over her face. you've been seeing that woman all this time, " Nian che said. do you really feel good? "

Ning Qing's grip on her bag tightened.

"You already know."

"Yes."

The rumors outside had already reached the heavens.

Ever since his brother had been beaten to the point of death and sent him back to yunhuang No. 1, he had been worried about ning Qing's condition.

She had finally found an excuse to slip out of the house, but her sister-in-law, Wanwan, seemed to know nothing.

Nian Che's expression was heavy.

"Sister-in-law, don't be like this."

"....."

"Seeing you like this, I feel terrible too."

Ning Qing's bright eyes turned to look at him. Nian Yu clutched his heart. really, my heart hurts. My sister-in-law is so good. My brother must be blind to do such a terrible thing.

Although ning Qing smiled, it was a bitter smile.

Nian che, stop fooling around.

Now, Nian lie only had Bai Qingqing and his child in his heart.

He didn't care if she was Dead or Alive.

Nian che stopped in his tracks and observed ning Qing's expression.

Then, he asked in a low voice, "

sister-in-law, do you not trust my brother? "

Ning Qing looked at him and said, " you don't understand.

He no longer needed her to believe him.

Nian che shook his head, his expression serious.

sister-in-law, don't come to a conclusion so quickly. My parents have always been against my brother being with that woman. My brother was beaten up by my father because of this last time.

Ning Qing was shocked. your parents won't allow it? "

Nian che nodded and leaned against the car door, looking down at her.

"That woman is from the entertainment industry and she doesn't look like a good person. You'll definitely be bullied if you fight with her.

However, sis-in-law, I have a feeling that this matter is not as simple as it seems."

Ning Qing glanced at him. what do you mean? "

"Didn't that woman go to film a movie? how did she come back with a child? what kind of coincidence is this? I really suspect that my brother was set up by her. "

Listening to his serious words, ning Qing's long depressed mood slowly rose.

She pursed her pink lips. your brother isn't that stupid.

"My brother isn't stupid, but Yingluo isn't easy to deal with."

Nian Che's tone was harsh and filled with deep resentment.

maybe she's just using flowery words to bribe the hospital and the doctors to testify and fool my brother.

"....."

Ning Qing didn't want to guess the reason for those things, because no matter what she thought, she would not feel good.

"Nian che Xuanji."

“Forget it, forget it,” The man suddenly shook his hand in frustration. When he faced Ning Qing, he put on an indifferent smile.

don't think too much about it. The most important thing in life is to be happy, especially for girls. If you're unhappy, you'll become ugly and not pretty anymore.

“.....”

“Sister-in-law, don't think too much. Although my brother is cold, he's not a bad person.”

Ning Qing smiled bitterly.

Not a bad person?

However, he had destroyed her heart, and he had been more ruthless than ever.

He was evil.

It was only because she was not the right person.

Chapter 112: If you can't even take good care of your own husband, you might as well die

Ning Qing's heart ached, but she restrained herself and stopped thinking about it.

Nian che also changed the topic and dragged her out of the car.

sister-in-law, don't think about anything today. Let's have fun. No matter what you want to do, I'll go with you. How about it? ”

Ning Qing frowned. it's fine. You can send me back to Yingluo.

“What do you mean go back? it's not easy for me to come out. If you dare to go back alone today, I'll come and bother you every day.”

Ning Qing looked at him helplessly.

Nian che grinned and dragged her into the elevator.

This was the largest gaming hub in bamboo city. It had five floors, and there were endless ways to play on each floor.

Ning Qing looked at the children in their teens and some young couples. She began to question Nian Che's appreciation of women.

She wanted to retreat. let's go back.

Nian Xi shook his head with a straight face.

“We won't go back until you're happy.”

He was so considerate of her, and Ning Qing felt warmth in her heart.

Now, it seemed like he was the only one who cared about her feelings and knew how to make her happy.

Forget it.

Ning Qing's lips curled into a smile.

And so, the two of them walked side by side to the brightly lit gaming area.

The entire morning was spent in the game city.

At noon, Nian che brought ning Qing to a private Western restaurant. It was said to be a popular restaurant on the internet, with a unique environment and excellent service.

The two of them were tired from playing, so they sat down and waited for the dishes to be served. sister-in-law, how are you feeling now? are you feeling better? "

Ning Qing took a sip of water. Because of all kinds of games, she had been unable to let go at first.

However, under his influence, she also relaxed. She sang, danced, and played video games as she pleased, not caring if she knew how to do it or not.

With the hot air, her white face also turned red.

mm, " she replied. Nian che laughed.

"It's good that you're happy,"

Otherwise, he would not be able to complete his mission.

When the food was served, the two of them didn't talk much and just ate in silence.

After the meal, Nian Yu planned to send ning Qing home.

However, just as he walked out of the restaurant, he met an uninvited guest.

Su Yinuo was dressed in a white one-piece dress. She was tall and slender, and her long hair was tied into a high ponytail. She was wearing a pair of diamond high heels, and behind her were two people carrying gift bags from various big brands. Her entire aura was full of energy.

Standing beside her was Yan Sichen, whom she had not seen in a long time.

Seeing ning Qing and Nian che together, su Yinuo could not help but be surprised. what's going on between the two of you? "

it's none of your business, " Nian che said unhappily. He felt uncomfortable the moment he touched her.

"....."

Yan Sichen also saw ning Qing, and his warm eyes suddenly darkened.

Speaking of which, ever since Nian lie had expressed his feelings for her, he had not disturbed them.

He thought that those things would be in the past and that she would live well.

But who knew that Bai Qingqing and her child would pop up?

Ning Qing had never expected to see the two of them together. Her lips moved a few times before she finally said, "brother Si Chen.

The man's expression was bitter, and Su Yinuo was surprised. "You two know each other?"

Yan Sichen's eyelids twitched a few times and his voice was a little low. "Yeah.

It was considered a silent agreement.

Su Yinuo looked back at Ning Qing, sizing her up, and said disdainfully,

"I didn't expect you to be so good at seducing people."

"Su Yinuo, what nonsense are you talking about?!"

Nian Che was the first to be unhappy when he heard her mocking Ning Qing.

"I'm not talking nonsense."

Su Yinuo was not afraid. She crossed her arms in front of her chest, not hiding her contempt for Ning Qing at all.

If you're really that good, you should go back and keep an eye on brother Nian Yu.

She sneered, not as dignified and elegant as a young lady, and her tone was full of disdain.

You can't even watch over your own husband and let another woman enter the house and even get pregnant with his child. Ning Qing, that's all you can do. If I were you, I'd rather die.

Chapter 113: What you're waiting for is her next wedding

"What did you just say?"

Nian Ying stood in front of Ning Qing, a little angry.

"Try saying that again!"

Su Yinuo stared at him with an unfriendly gaze.

Nian Che, what kind of magic potion did she give you that you're so protective of her every time? What do you mean by that? Do you like her?"

"You!"

"Nian Che."

Ning Qing opened her mouth and stopped the man who was about to touch her.

Her eyes were serene and exuded a cold air.

His expression was calm.

“Miss su doesn’t know any better. Don’t argue with her,”

Su Yinuo raised her chin, and her slightly narrowed eyes were filled with arrogance.

Ning Qing looked at her with a cold expression.

“It’s my family’s business. I don’t need you to ask.”

“Who do you think wanted to ask you?” Su Yinuo rolled her eyes. if you really want to secure your position as the young Madam of the Nian family, you should at least show some capability. Someone has already come to your house. You should have beaten and scolded him, but you should have said something. What happened in the end? ”

She looked ning Qing up and down many times, and her disdain was obvious.

“If it were me, I would’ve killed that woman if she dared to climb over my head.”

Ning Qing’s face was indifferent. I’m sorry, but you don’t have the chance.

Su Yinuo glared at her for a long time, but she could not say anything.

In the end, she flicked her hair that fell in front of her chest and pretended not to care.

tsk, there are so many men chasing after me. Who would want your lousy opportunity? ”

Nian che could tell that she wasn’t trying to argue: sour grapes: ” he muttered: his lips pursed:

“What did you just say? I dare you to say that again!”

“I said you’re just jealous!”

“Nian Che!”

“.....”

The two of them quarreled like children.

Ning Qing pursed her lips and looked at Yan Sichen, who had remained silent.

He was also looking at her.

After a moment of awkwardness, ning Qing forced a smile.

“It’s been a long time,”

Yan Sichen’s brown eyes flickered. yeah, long time no see.

“.....”

“How have you been recently?”

It seemed that every time the two of them met, he would ask this question.

“I’m alright,” ning Qing said.

“Why are you with her?” she asked after a pause.

: It’s my mother’s arrangement. She wants me to get to know her: Yan Sichen said with a bitter smile as he glanced at the woman who was playing around:

Ning Qing nodded, and then her smile was faint and a little unreal.

“Brother Sichen isn’t young anymore. You should get to know more girls.”

Yan Sichen’s face suddenly turned pale, and the way he looked at her kept changing.

While Nian che and su Yinuo were quarreling, he caught a glimpse of Yan Sichen’s indescribable expression.

He furrowed his brows and walked to ning Qing’s side, standing behind her like a Guardian.

“Sister-in-law, it’s getting late. We should go back.”

Ning Qing didn’t know what to talk about. She looked at Yan Sichen awkwardly and replied, “okay.”

She turned around. brother Sichen, I’ll be leaving first. Goodbye.

Yan Sichen took a deep breath and forced a smile.

“Goodbye, Yueyue.”

Watching the two of them disappear around the corner, a pair of big hands clenched so tightly that they made creaking sounds.

“If you can’t bear to, then you should be bold enough to chase after her.”

Su Yinuo did not hold back when she saw his love for her.

Yan Sichen came back to his senses and looked at her.

“You look like you can’t get what you love, who are you doing this for? Are you waiting for her to turn around and look at you?”

Yan Sichen’s face darkened when su Yinuo gave him a look that said, “you’re so naive.

if you like her, then go after her. Even if you have to resort to unscrupulous means, you have to get what you want. Wait with a bitter face. What you can wait for may not be her return, but her next wedding, Hanhan.

“Miss su,”

Yan Sichen suddenly interrupted her. His warm and good-looking features were a little cold at this moment.

“If you don’t understand the inside story, please don’t make wild guesses.”

“.....”

He looked at her puzzled eyes and suddenly smiled.

“Forget it, I don’t think you will understand.”

No one could see through his heart for ning Qing.

He would not understand.

The man strode forward, and su Yinuo looked at his back as if she was looking at a fool. After a long time, she muttered, “you’re crazy,” and followed him.

Chapter 114: My brother has hated freshwater fish since he was: child, he doesn’t eat fish (1:

Nian che and ning Qing returned to yunhuang No. 1.

She alighted from the car and turned to thank Nian che.

“Thank you for today.”

Nian Che’s smile was as bright as the sun, able to dispel all darkness.

“It’s fine. It’s my honor to make sister-in-law happy.”

Ning Qing smiled and asked subconsciously, “do you want to go in and sit down? I’ll take a seat.”

Halfway through her sentence, she suddenly thought of something.

The smile on his lips faded.

Seeing through her thoughts, Nian che pushed the door open and got out of the car.

“Alright, it’s such a hot day. I want to rest for a while too.”

Ning Qing wanted to say something but stopped.

He had already passed her, handed the car keys to the man, and walked into the manor.

Ning Qing let out a breath and entered the house.

When she reached the living room, the person who usually sat in front of the TV was not there.

Nian che looked around, but didn’t see Bai Qingqing, so he sat down on the sofa.

Ning Qing sat on the single-seater sofa, and the two of them did not speak for a long time.

“Sister-in-law, do you know how to cook?” Nian Yu asked after a while.

Ning Qing paused for a moment. I don’t really know how to do it. What’s the matter? ”

Thinking of what a certain someone had said to him in the past, showing off his sister-in-law’s cooking skills to him, Nian Wanwan smiled and begged ning Qing, ”

“Sister-in-law, I want to eat your cooking.”

Speaking of which, ning Qing had indeed not cooked for a long time.

After Bai Qingqing came, she didn't have the energy to do such things.

She hesitated. Oh my God.

I beg you, sister-in-law. I'm about to throw up from eating the dishes made by the chefs at home. I just want to try your cooking.

He grabbed ning Qing's arm and said coquettishly, "

"Please, please, I promise, no matter if it's good or not, I'll finish it!"

Ning Qing was helpless about this.

She couldn't change his mind, so she could only reply with, " do whatever is in the kitchen.

Nian che was overjoyed.

He chased the kitchen staff to the side and stayed by ning Qing's side, watching her cook.

Fortunately, he had just bought some fresh ingredients today, and there was a fish.

Some memories came to her mind, and ning Qing tried her best to hold them back as she began to busy herself with the work at hand.

That night, Nian lie returned.

After entering the dining room, the huge dining table was split into two sides.

Bai Qingqing sat on one end, while Nian che and ning Qing sat on the other.

Seeing him come in, the few of them stopped eating.

The two of them were happy and harmonious from the beginning to the end and didn't take her seriously, which made Bai Qingqing very unhappy.

When she saw that Nian lie had returned, she rushed over to him like a butterfly who had seen her Savior.

"Brother Yi, didn't you say you weren't coming back?"

Without waiting for his answer, she smiled brightly. did you want me to be lonely? " she said, as if on purpose. so you came back to accompany me.

Pulling out the chair, Nian Yu sat down and said gently,"yes." &Nbsp;

Bai Qingqing smiled. then you must have not eaten yet. Come, eat with me.

She picked up some food and placed it in the empty bowl in front of Nian lie. try this. The kitchen just made some foie gras. It's not bad.

Nian Xi glanced at it, but didn't touch the knife and fork.

"Alright," he said in a low voice.

He raised his hand and ran it through the woman's hair.

Bai Qingqing's face was filled with tenderness and sweetness, looking very mushy.

On the other side, Nian che was about to throw up as he watched the interaction between the two.

On the other hand, ning Qing's face was indifferent, as if she had turned a blind eye to the two people.

Nian Che's emotions became complicated.

He knew that his sister-in-law was having a hard time.

The more he thought about it, the more unfriendly his gaze became.

Finally, when he saw her putting a small tuna into Nian Che's bowl, he couldn't help but mock, "

"Miss Bai, please be aware of other people's preferences before you try to please them."

The two people on the other end looked over.

what's wrong? " Bai Qingqing asked timidly. what happened to Qingqing? "

Nian che put down his chopsticks, his thick brows filled with mockery and disdain.

"My brother has hated freshwater fish since he was a child. He doesn't eat fish."

Chapter 115: A person who meddles in someone else's relationship is not worthy of my respect (1:

I'm sorry, " Bai Qingqing bit her lip and said weakly. I didn't know.

She looked at Nian lie, who had a calm reaction.

"I'm fine."

Bai Qingqing stopped talking.

Nian che watched as she was defeated. Her pretentious look was really unlikable.

He looked back at ning Qing, only to see her staring blankly at a spot.

He lowered his head. sister-in-law? "

Ning Qing suddenly came back to her senses, and the emotions in her eyes were quite complicated.

She pursed her lips. it's fine. Let's eat.

The two of them finished their meal in silence and waited for the servants to come over to clean up.

Nian che rubbed his stomach. I'm so full. Thank you, sis-in-law!

"....."

Sensing their gazes on her, ning Qing did not say anything and nodded.

When they came out of the dining room, Bai Qingqing begged Nian lie to watch TV with her for a while.

"Brother yang, you didn't spend time with me today. Just stay with me for a while."

She even touched her flat stomach, but there was no sign of pregnancy at all.

“Prenatal education is very important. The baby also wants you to accompany us.”

Ning Qing stood where she was, her heart aching.

the two-month-old fetus is not fully developed yet: ” Nian che interrupted loudly: it can't sense anything. What's there to miss? ”

Bai Qingqing felt very hurt after hearing his words.

She held onto Nian lie's arm and furrowed her brows tightly, her expression careful.

the doctor said that the child's heart has already formed and will have self-awareness. I can feel it in my stomach.

the two-month-old baby is still in your stomach, and there's no movement at all. It's as if you're not pregnant. What can you feel? ”

This sharp sarcasm made Bai Qingqing's face turn pale.

She shifted her gaze and said in a weak tone, ” Nian che, do you not like me? ”

“.....”

“Even though I've affected my sister and brother Ben, the child is innocent. Nian che, when he's born, he'll be your nephew or niece. You can't have such ill intentions towards him.”

Nian Che's lips twitched into a smile. With his hands behind his back, he said pointedly, ” I've never acknowledged you, let alone your child. Besides, it's still hard to say whether Qianqian's child is our Nian family's.

Bai Qingqing's lips trembled, and her fair little face was filled with sadness and hurt.

She looked at Nian che with her big, watery eyes, looking weak and helpless.

Nian che, how can you say that about me!

It was clearly a high-pitched tone, but it sounded so sweet that it made her ears go numb.

Bai Qingqing said angrily, ” I don't know what older sister told you. You can hate me. But you can't question my feelings for brother Zheng!

the child can't be tested. If you say it's him, then it's him.

Bai Qingqing couldn't win him in an argument. Her entire body trembled, and in the end, she fell towards the man beside her. brother ran, do you think so too? ”

Nian lie supported her tottering body and lowered his head to look at her weak and vulnerable appearance.

His eyes were dark and his pupils were as black as the night.

“I believe you.”

Although he said that he trusted her, Bai Qingqing couldn't see any love or trust in his eyes.

Her heart skipped a beat, and she hurriedly avoided his gaze.

She buried her head in his arms.

but Nian che actually said that about me. I'm so sad.

Nian lie patted her back to ease her discomfort.

He looked over with an indifferent gaze.

Nian Che's back stiffened, and a chill ran down his spine.

"Apologize to Wanwan," Nian lie said.

why? " for the first time, Nian Xi disobeyed his brother's will. He was indignant.

"You're disrespecting her."

Nian che smiled gracefully. a person who meddles in someone else's relationship is not worthy of my respect.

Chapter 116: Don't let everyone's reputation fall too ugly \_1

The woman in his arms shrank back in fear.

The temperature around Nian lie dropped, his eyes cold.

Nian che, is this what our parents taught you? "

Ning Qing grabbed the corner of Nian lie's clothes and shook her head at him solemnly.

But Nian Xi did not back down, and his tone was as sharp as a knife.

"Mom and dad didn't teach us how to be fickle-minded. Brother, you know how to do it too, don't you?"

Nian Yun's face finally darkened.

A cruel and cold aura spread out.

Nian Che's expression was fearless. He seemed to have made up his mind to fight him to the end.

Their gazes met in mid-air and collided, creating invisible but intense sparks.

After a long while, Nian lie finally explained sternly, " Huahua didn't interfere. I wanted her to come to my side.

He said these words easily.

However, it turned into a sharp arrow in an instant and pierced through ning Qing's heart.

She was unable to remain calm, and sorrow overflowed from her eyes.

In the end, it turned into a cold smile.

then: did you break up with my sister-in-law? ” Nian che asked: raising his head:

Nian lie’s gaze wandered to her.

Ning Qing’s body stiffened and she could not move.

She felt suffocated until he said coldly, ”

“Just because we haven’t separated yet doesn’t mean we won’t in the future.”

Ning Qing leaned forward and almost lost her balance.

Nian Che’s face was filled with worry. After ensuring that she was fine, he turned to look at the two who were stuck together.

His eyes were filled with disappointment.

His face turned cold. let’s not talk about the future. For example, you’re not divorced yet. What will my sister-in-law think if you bring this woman here? ” What would the people outside think?”

“.....”

He pointed at Bai Qingqing with a stern and cold expression.

millions of people in Lin city are waiting to see the Nian family make a fool of themselves. She’s the main culprit, and you’re still treating her like a treasure.

Nian Che’s emotions gradually turned intense, his chest rising and falling.

“Brother, I’m really starting to wonder if there’s something wrong with your eyes or if there’s something wrong with your brain, Yingluo!”

“Nian Che!”

He let out a low growl, indicating that he could no longer endure it.

Nian lie looked at him with his long, slender eyes and warned him in a hoarse voice, ”

“You’d better stop.”

Nian che stared at him for a long time before shrugging his shoulders. His attitude suddenly changed and he said nonchalantly, ”

it doesn’t matter. The person she’s harming isn’t me anyway. Do as you wish.

Nian lie’s breathing was heavy. He supported Bai Qingqing and went upstairs without saying anything.

When he passed ning Qing, he glanced at her coldly.

He did not stop.

“Brother.”

On the spiral staircase, Nian Xi stopped in her tracks.

Nian che was serious and stern. If one listened carefully, one could even hear the threat in his words.

before the divorce, my sister-in-law was still the daughter-in-law of the Nian family. No matter how much you want to marry this woman now, my parents will never agree to it. So, don't let everyone's reputation be tarnished.

"....."

"You understand what I mean."

Nian lie turned around and looked down at the ground. His eyes were dim.

Sensing his wavering heart, Bai Qingqing immediately let out an "oh no ". She said crisply, " brother ran, my stomach hurts a little. Quickly send me back to my room to rest.

The man's breathing became heavy.

He bent down and picked her up.

Very quickly, he disappeared around the corner.

The living room fell silent.

Nian che looked at the woman in front of him and called out worriedly,"sister-in-law, Qianqian."

Ning Qing closed her eyes and took a deep breath.

Then, a smile bloomed on his pale face.

"I'm fine."

Her forced smile made Nian che feel even guiltier.

"I'm sorry, sister-in-law."

"This is between me and him. You don't have to apologize." Ning Qing lowered her eyes.

Nian che felt even more guilty.

The two of them looked at each other in silence. In the end, he said, " I'm tired today. I don't want to go back.

Chapter 117: She fell in love with him, after he fell in love with another woman (1:

Ning Qing was stunned. He then ordered the servants to clean up the guest room for him.

"I'm bored at home, so I'll stay here for a few more days."

Ning Qing had seen through his intentions. Although she was grateful, she did not want him to be so troubled.

Nian che, you don't have to do this.

sister-in-law, don't think too much. I just don't like her. Besides, my parents don't approve of them being together. There must be something wrong with this woman.

Nian che patted her shoulder and assured her, "

"Don't worry. I'm here. I won't let her bully you."

Ning Qing opened her mouth but could not say anything.

After chatting for a while, Nian che used the excuse that he was tired and went back to his room to rest.

Ning Qing also returned to the master bedroom, but she saw that the bathroom light was on.

She was confused and surprised. It was only when the sound of water stopped and Nian lie came out that she believed it was really him.

This was the first time he had returned to the master bedroom since their discussion.

But ning Qing was not happy at all.

As she watched the tall figure in a bathrobe walk towards her step by step, ning Qing was so helpless that she didn't know where to place her hands and feet.

Nian lie stopped in front of her and stared at her.

The pressure from his height made ning Qing breathless.

She didn't think of anything, but blurted out, "

"What are you doing here instead of accompanying her?"

Her eyes were still clear and beautiful. Other than her rejection of him, she seemed no different from before.

Nian Xi was expressionless.

Nian che is right. Wanwan's reputation is very important.

Ning Qing's heart sank, and she nodded a few times.

He casually said, "

"The earlier we get a divorce, the less trouble we'll have."

After she finished speaking, she couldn't bear the pain of being with him.

It brushed past his shoulder.

He rushed to the bathroom.

Nian lie stood rooted to the ground. His eyes were dark, without a trace of light.

After ning Qing rushed into the bathroom, she slammed the door.

She took in deep breaths and could only hear her own rapid heartbeat.

It was so painful that her vision was blurry.

In the past, she had never thought that she would fall in love with anyone.

But today, when she saw him hurt her again and again for another woman, she realized how painful it was to love someone.

She did not want to admit that she had feelings for the man who was deeply tied to her sister.

However, the suffocating heartache made her have no choice but to admit it.

She had fallen in love with him.

After he fell in love with someone else.

It was really laughable.

Ning Qing pressed her hands on the sink, turned on the switch, and splashed cold water on her face to ease her heartache.

After a very long time.

Standing in front of the mirror, she began to take off her long dress.

He used the cold water that was poured down from the top to suppress his numbness.

By the time she had sorted out her emotions and came out, an hour had already passed.

The orange night light at the head of the bed was on, illuminating a corner of the dark room.

One side of the bed was closed, indicating that the man had not left.

Ning Qing couldn't help but walk over with light steps, lift the quilt, and get on the bed.

Nian Xi's broad back was facing her.

She laughed bitterly, then hugged a corner of the blanket and shrank in.

He also turned around and closed his eyes, which were filled with thoughts.

Outside the window, the moonlight shone on the ground, and the stars were competing to set off the weak light. The wheels of the car that passed by from time to time rolled over the road, driving to an unknown place in the night.

On the big bed, the man who had been sleeping moved his eyelids, but his dark eyes showed no signs of sleepiness.

"....."

The night was quiet.

His heart trembled as he listened to her short and shallow breathing.

He knew that she was not sleeping.

However, he didn't dare to take that step out, for fear of seeing her look of disdain.

Even if they were lying on the same bed, he had no way of knowing what she was thinking on the other end.

The two of them had their backs to each other and could not sleep.

Sharing the Same Bed, Different Dreams.

Chapter 118: It won't be too late to abandon her when she's no longer of value (1:

—

In the Nian family's old residence, in the antique courtyard.

A gentle and pleasant lady sat in the pavilion. The courtyard was filled with flowers that bloomed and the fragrance assailed the nose. That slender figure was more eye-catching than the flowers.

Her Jade-like fingers were placed on the edge of the carved wooden table. Beside her hand was a cup of tea that was emitting a faint heat, and the fragrance was overflowing.

Butler Lu stood at the side, his eyes lowered.

Song Wan's expression was indifferent. how did it go? "

she's still living in yunhuang No. 1, " housekeeper Lu replied. eldest young master has taken great care of her. He hasn't had much interaction with miss ning.

Song Wan furrowed her brows. he really doesn't care? "

according to my subordinates, the young master really doesn't care about her anymore. A divorce is only a matter of time.

The woman didn't show much emotion.

His tone was very cold.

no matter what, they'll get a divorce sooner or later. However, it's hard to say what Bai Qingqing's thinking.

It seemed that this woman was a little too pleased with herself because she had won Nian lie's favor.

Song Wan's fingers gently rubbed the black handkerchief and asked as if she was talking to herself, "

"Old Lu, don't you think it's time to give her a warning?"

Her warm and soft tone was like the ravings of a Jiangnan woman.

Butler Lu bowed again and again, choosing his words carefully before he said, "

“If Madam wants the two of them to get a divorce as soon as possible, Bai Qingqing is an indispensable catalyst. Without her, your wish might not be so easy to achieve.

I think it’s better to put her aside for now. It won’t be too late to abandon her when she’s no longer of any value to us.”

Song Wan nodded her head in agreement. that’s true.

After a moment of silence, she thought of something and asked, “where has Luan ‘er been these past few days?”

Butler Lu paused for a moment. second young master and first young master Live together.

Song Wan picked up the green teacup and blew on it with her dark red lips before covering it with the lid and taking a sip.

“This youngest son of mine is pure and kind. He doesn’t know people well, and he doesn’t let me, his mother, rest easy.”

second young master has been abroad for many years: ” Butler Lu replied: it’s normal that he doesn’t know much about the past.

If he knew something, he wouldn’t have been so close to that girl from the ning family.

Song Wan put down her teacup and gently ordered. he hasn’t been home for a long time. Old master is in a bad mood recently. Ask him to go home.

Butler Lu understood. I understand.

She held a black handkerchief in her hand and wiped the corners of her lips.

“The tea is too light, get a new pot.”

Butler Lu lowered his body. yes.

For the next few days, Bai Qingqing couldn’t openly bully ning Qing because of Nian che. Therefore, she spent most of her time hiding in her room.

Even if Nian che wanted to get hold of her, he had no way of doing so.

He had originally thought that he could stay for a few more days and observe what kind of person this Bai Qingqing was. However, his plan was ruined by Butler Lu, who had come to the old residence.

second young master, Madam and master miss you. They want you to return to the old mansion early.

The man in the Butler’s uniform had a respectful attitude, but what he got in return was Nian Che’s worry and panic.

His words were tactful, but Nian che knew that his parents probably already knew what he was up to. That was why they were here to take him back.

It didn’t matter if he went back, but ning Qing was embarrassed.

She received Nian Che's complicated gaze and remained silent for a few seconds. It's nothing. You can go back.

"But you, Yingluo"

"Nian che." Ning Qing suddenly turned serious. You can help me now, but you can't help me forever. Besides, some things can't be achieved by just helping.

Chapter 119: There's really a problem with the child (1:

Nian lie didn't love her. No matter how much she struggled and tried everything she could, he wouldn't even spare her a glance.

Ning Qing seemed to have let it go, while Nian che was helpless.

Before he left, he left behind a sentence: "sister-in-law, there's really something wrong with Bai Qingqing. You have to be careful.

Because of his reminder, Ning Qing secretly paid attention for a few days.

What she didn't expect was that she would hear some shocking news.

Yunyan No. 1, on the rooftop of the third floor.

A figure was standing on top, looking down at everyone in the manor.

Bai Qingqing had been feeling a little uneasy for the past few days.

That person had not contacted her for a long time, and she had promised her that she would take the initiative to inform her if there was any development or stagnation.

However, more than ten days had passed, and there was still no news of Nian lie and Ning Qing's divorce.

She felt extremely guilty and had other thoughts in her mind.

Although that person was her benefactor, she knew better than anyone that she was just using her.

However, it wasn't easy for her to get to where she was now. How could she be willing to live for someone else?

Now that she had Nian lie's love, why couldn't she take the opportunity to escape from his control?

The more Bai Qingqing thought about it, the more she felt that it made sense.

However, she also understood that everything still needed some time.

Hence, she took the initiative to call that person.

"Hello," he said.

“How’s the progress?”

The question was cold.

Bai Qingqing’s mind flickered, and she roughly recounted the recent situation. The other party still didn’t give her any further instructions.

She was very worried about her current situation and asked, ”

“What do I need to do next? do I need to stimulate them again and figure it out?”

“No need,”

The other party interrupted her.

“What you need to do is to maintain the status quo.”

Bai Qingqing couldn’t sense the slightest bit of respect she had for her and was treating her like a chess piece.

The fear and worry in her heart twisted into unwillingness.

She placed her hand on the fence and gradually clenched it.

Her pure facial features exuded a strange coldness.

“What about this child?” she asked.

“It’s still early. This isn’t something you should be worried about.”

The woman was still indifferent and indifferent.

Bai Qingqing couldn’t help but say loudly, ” this won’t do. This child has to be dealt with. Otherwise, when he’s born, this matter will be exposed!

Only she knew that although she had successfully drugged Nian Jing, he had never touched her.

She didn’t even know who the Father of the child in her stomach was. When she gave birth to it and did a paternity test, wouldn’t her cover be blown?

She was very frustrated and distressed.

She was even more afraid that Nian lie would abandon her once the truth was revealed.

If that happened, everything would be over.

The other party ignored her anxiousness. you don’t have to worry about the child. Wait a little longer. he said coldly.

“.....”

Bai Qingqing felt like cursing.

She was not in a hurry, but she was!

She couldn't wait to find ning Qing right now and have a conflict with her, so that the child in her stomach would be gone.

This way, not only would it solve the time bomb, but it would also cause Nian lie and ning Qing to be at odds with each other. Why not?

However, she didn't dare to do that if the other party didn't relent!

She gritted her teeth, and her injured hand started to hurt.

"I know."

The woman didn't say anything else and hung up the phone.

Bai Qingqing looked at the screen and suddenly smashed her phone to the ground.

The sound of shattering exploded, and the soul hidden in her was distorted and unbearable.

After taking a few deep breaths, she finally suppressed her roaring, turned around, and went down the rooftop.

On the balcony of a room on the second floor, ning Qing stood there, shocked by what she had heard.

What did she mean by that?

Give birth? Exposed?

She was so scared. Could it be that the child was not Nian lie's?

For a moment, many questions rushed to his head.

Ning Qing's mind was in a state of turmoil, but she slowly understood Bai Qingqing's words and vaguely understood everything.

Chapter 120: Exposing Bai Qingqing's lies (1:

At 10 pm.

The lights were on in the study. Nian lie sat in front of the desk, staring at the opened documents in front of him. He rubbed the space between his brows tiredly.

"Shua shua--"

There was a knock on the door.

He was slightly impatient and did not even raise his head.

"Enter."

Ning Qing pushed the door open and entered hesitantly.

Nian lie didn't look at her, thinking that it was Bai Qingqing. I still have some work to do. You sleep first.

Ning Qing clenched her fists and mustered up her courage. it's me.

He was shocked.

As he looked up, surprise flashed past his eyes.

"What is it?" he asked after two seconds of silence.

Ning Qing looked at the man who had lowered his head again. His expression was cold and indifferent, and his eyebrows were indifferent. He was not affected by her arrival at all.

": have something to discuss with you: : she said seriously: ignoring the discomfort in her heart.

The fingers holding the pen suddenly tightened.

"I've said it before, we can't get a divorce for the time being," he said coldly.

As long as he waited, everything would be fine.

Why didn't she believe him and kept coming to him to force him?

An inexplicable emotion was stuck in his chest, and he had nowhere to vent it.

Nian lie's tone grew heavier. when the time comes, I won't keep you.

Ning Qing did not expect him to say this. For a moment, she was stunned.

Nian lie didn't look at her anymore, obviously trying to drive her away.

"Get out."

Ning Qing took two steps forward. I didn't want to talk to you about this. I'm Yingluo.

"Brother Yi, can I come in?"

A soft voice came in along with the knock on the door.

Ning Qing snorted, but the man said, "

"Come in."

"I've made some milk. It's good for sleeping."

She came in with a glass and saw ning Qing standing in the middle.

Bai Qingqing's eyes stung, but she smiled.

"Big sister is here too."

She walked slowly to the study table and pushed the glass of milk to Nian lie.

He turned around and asked,"it's so late. Do you have something important to discuss? I won't disturb you then."

Nian Xi glanced at the cup beside her and frowned.

He reached out to stop the woman who was about to leave.

"I'm fine."

He looked back at ning Qing, who was in a daze, and impatiently said, "tell me, what is it?"

How could she have known that Bai Qingqing would come? how could she say those words in front of her?

Bai Qingqing saw ning Qing's hesitation and felt a hidden hatred.

"Sister, do you have something to say that's inconvenient for me to hear?" she said deliberately.

There was a triumphant provocation in his tea-like words.

Ning Qing gave up the idea of beating around the bush and got straight to the point.

"Who were you on the phone with on the rooftop this afternoon?"

Bai Qingqing's smile froze.

How did she know?

She heard everything?

The woman panicked. Her hand on the table curled up, and her nails dug into the table.

With a fake smile, she said, "I don't have any Zhenzhen."

"You don't want to admit it?"

Ning Qing repeated her words with a cold face.

"In another eight months, the child will be born, and the truth will be revealed."

Staring at the woman who could not refute her, ning Qing's words were like pearls, and her cold sharpness pierced through her heart.

Bai Qingqing blinked, looking innocent and pure.

"Sister, what are you talking about? I don't understand."

"Stop pretending." Ning Qing's face was as cold as ice.

"I heard everything clearly from downstairs. Bai Qingqing, what exactly are you planning? The child in your stomach isn't Nian lie's, is it?"

Faced with her interrogation, Bai Qingqing's eyes darted around, and she was completely confused.

When she saw Nian lie from the corner of her eye, her eyes brightened. She grabbed onto Nian lie's arm as if she was holding onto a life-saving straw.

"Brother yang, my sister seems to have misunderstood me. What is she saying? the child in my stomach is yours! You know I'm not lying to you!"

Nian Jin's eyes were deep and difficult to look at.
