[Chapter 1111](#)

1111 Mom and dad won't mind

It was still alright.

She wanted a child.

However, she was in the middle of her pregnancy, and she couldn't possibly reject it.

At that thought, Nian lie's warm heart turned cold again.

"And then?" mother ning asked.

Ning Qing didn't understand. what do you mean by 'after'? "

"Give birth to the child safely and take care of your body. What do you want to do after your sister wakes up?"

What was he doing?

Ning Qing's mind was in a daze.

She didn't think about the future.

To be exact, she did not know what her future would be like.

Quarreling with Nian lie, the Lou family, and his parents

She didn't know.

Mrs. Ning could see her confusion. She was anxious. Qingqing, your father and I both think that you should go back to the Lou family to see Qianqian after you've given birth and recovered.

Ning Qing understood what they meant, and her mood instantly fell to the bottom.

Her face turned cold. why should I go to the Lou family's house? "

"That's where you should go," father ning said.

"My surname is ning. I should return to the ning family."

Qingqing, no matter what, she's your biological mother.

Mother ning held ning Qing's hand, not allowing her to escape.

"Blood-related, this isn't something that can be erased just because you haven't seen each other for a few decades."

Ning Qing's heart swelled with pain. She did not know whether she felt sorry for herself or for her mother in front of her. mother, I've only had you and father in my eyes. Only you two are my parents. She, Zhenzhen, did not want me and sister in the past. She even caused a misunderstanding between us and sister seven years ago. She has always been so selfish and has never thought of me at all!

Mrs. Ning held Ning Qing's hand tightly, her eyes full of melancholy. Qingqing, your father and I only acknowledge you and Hanqing. No matter what you become, you will always be the most beloved children of your father and I. But Qingqing, your father and I have taught you since you were young that you should be grateful, kind and tolerant. Besides, Hanhan might have her own difficulties.

"No matter what difficulties she has, she has already abandoned me and my sister!"

Ning Qing was about to become a mother herself, so she understood the feelings of a mother too well.

Even though she was still in an ambiguous relationship with Nian lie, she had never thought of giving up on the child.

As for Lou LAN?

A simple sentence of having difficulties would do?

Mr. Ning could tell that Ning Qing was upset. He said with a serious expression, "Qingqing, you can't say that. She's your biological mother. Without her, your mother and I wouldn't have been able to become the parents of you and Hansu.

"....."

Ning Qing's voice was hoarse.

Mother Ning agreed with tears in her eyes.

If what Lou Qingyue said is true, then she must be in a very difficult situation now. Even if it's to repay her for the kindness she has shown you, Qingqing, you can't just leave her be.

Ning Qing's face was tense and pale, but she refused to let go.

Qingqing, she's your biological mother. It's only right for you to do anything for her. After all, she's the one who brought you into this world. Your mother and I don't mind. We don't have the right to mind.

Ning Qing's eyes turned red. Dad, ran ran.

Father Ning lowered his head and sighed. He walked over and patted her shoulder.

Sensing the weakness and slimness of her shoulders and her frail body, Father Ning's eyes welled up with tears.

"Qingqing, you have to think about the future. Your mom and I are fine, but if something happens to Lou LAN, how can you and Hansu escape? If the Nian family wants to protect you, they'll have to do everything they can to do so."

"....."

Ning Qing lowered her head, tears falling.

[Chapter 1112](#)

1112 About to give birth (1:

Nian lie's heart ached as he looked at her.

He couldn't care about anything else and went forward to hug her waist. Feeling her stiffness, his heart turned cold, but his face was determined. dad, mom, don't worry. No matter what she chooses, I will do my best to protect her, the child, and you.

Father ning and mother ning were silent and only looked at ning Qing.

Ning Qing thought for a long time. Finally, she raised her head. Her lips were trembling. after I give birth, I'm willing to go to the Lou family.

Ning Qing's mother's eyes brightened, and warm tears flowed out of her eyes.

"Child, I knew you wouldn't be so cruel."

Ning Qing hugged her mother. mother, I'll always remember the kindness you and father have shown me. I'll also do my best to protect you and not let you get hurt.

Mother ning and her stood in each other's arms. Father ning wiped the corner of his eyes and turned to the side.

Nian lie looked at the woman's thin and weak body, his worry overflowing in his words.

It was supposed to be a heartwarming moment, but suddenly, ning Qing let out an " ah! .

Mother ning let go of her. what's the matter? "

Ning Qing's face turned pale and her expression twisted. my stomach ...

Before he could finish, an even more extreme pain came from his lower body.

Nian lie's eyes were deep with shock. He heard mother ning exclaim, " she's giving birth to Zhenzhen! She's giving birth!

He was shocked and quickly bent down to pick ning Qing up. find a doctor! Hurry up!"

He carried ning Qing out of the ward, and the noise startled the whole building.

The gynecologist was already waiting for him. He led him to the waiting room and began to check on him.

This was the first time Nian Ying had experienced something like this. He was flustered and numb, and he felt like he was in a dream.

He watched as mother ning busied herself with work. After the doctor said, " she's indeed going to give birth. The pregnant woman's physical condition is fine. She can start preparing to give birth once the cervix opens up. he seemed to have woken up from a dream. He grabbed the doctor's collar and asked, " how much longer will she be in pain? "

The doctor was also in a difficult position. Mr. Nian, this depends on a person's physical condition. It's hard to say. Some take a few hours, and some take a day or two.

Who was Nian lie?

How could he bear to let ning Qing dote on him for so long?

The man's eyes were red, and he seemed to have lost his mind.

"Is there any way to make her not feel pain?"

The doctor hesitated. Wanwan, if you're in a hurry, you can do a C-section. However, if there's no need for a C-section, natural birth is better.

Nian lie was a little confused. He suddenly thought of something and looked at ning Qing.

At this time, ning Qing's face was covered in a thin layer of sweat. The pain made her speak intermittently. doctor, I, Hanhan, can do a C-section directly. I've done a C-section before.

When she said this, she almost couldn't catch her breath. Mother ning's heart ached so much that she stroked her back.

The pain in Nian lie's dark eyes was obvious. He tightened his grip on the doctor. With great difficulty, he spat out, "prepare for the operation.

The doctor understood and quickly nodded, calling for someone to prepare.

"Hold on,"

Ning Qing spoke again, and everyone's attention was attracted.

She was in too much pain.

It was so bad that he couldn't even breathe.

He adjusted his breathing with great difficulty and waited for the pain to subside.

Ten seconds later.

Ning Qing propped herself up, and Nian Jin rushed forward to hold her. ah ning, what do you want to say? wait until the child is born. Save some energy for yourself.

Ning Qing grabbed his arm and the man was shocked.

These days, she had been avoiding him like a snake. When had she ever taken the initiative to approach him?

Not to mention physical contact.

"I have something to tell you," she said in a low voice before he could feel relieved.

[Chapter 1113](#)

1113 I want you to draw: clear line with this child (1:

The corners of Nian lie's lips curved into an unconscious smile. what can't we talk about later? "

Ning Qing pursed her lips tightly. Her pale face was covered in sweat, and her wet hair was stuck to her ear. A struggle flashed in her eyes.

Ning Qing's mother was shocked.

Is Yingluo in trouble?

“.....”

Ning Qing looked at the man in front of her. His expression was filled with genuine worry for her, and there was a faint mix of fear and joy.

She knew that he really loved this child.

However, Yingluo

How could she forget the despairing past and the damage that had been done?

These days, she had tried to forget everything and not think about it.

However, every time she thought about how she was depressed and could not hurt herself because of guilt and love, her heart ached so much that it became numb.

She had trusted him time and time again, but he had betrayed her again and again.

A person's courage would be exhausted.

“.....”

Ning Qing closed her eyes. When she opened them again, she was already in a daze.

Nian lie, ” she said slowly, ” everything that has happened between you and me has long exhausted All My Love For You. I'm taking this opportunity to tell you clearly that I won't be with you in the future.

“.....”

The smile on Nian Xi's lips froze, then stiffened and fell.

She clenched his hand tightly, but she didn't know that there were already marks on it.

after I found out about everything, I thought about not having this child, but after that, I felt that Hanhan was innocent. I couldn't bear to lose my child a third time, so I gave birth to him.

Mother ning's eyes widened in shock. Qingqing, what are you saying? ”

Nian lie couldn't sense the suspicion in the shocked gazes of the others. His eyes were pitch-black.

“What's the premise of a Rascal?” he forced out a word from his throat.

There was a trace of pity in ning Qing's eyes, but it was immediately replaced by determination.

She said, ” I want you to draw a clear line between you and this child. After he's born, I'll sign a divorce agreement with you. I don't want anything from you. I only want the custody of the child.

“.....”

He didn't make a sound, as if his entire being had been hollowed out, and he stood in front of her in a daze.

Ning Qing suppressed the pain and her vision turned dark. She still clutched his arm tightly. you have to promise me! Otherwise, I won't give birth."

Nian lie's entire body trembled. There was a look in his eyes, but it was earth-shattering, as if he had been abandoned by the whole world.

Ning Qing looked away. Mother ning held her hand. Qingqing, how could you do this? " Nian lie is the child's father. How could you say such foolish things?"

Mr. Ning couldn't hold it in anymore. Qingqing, this is about the child. How can you play around with her? "

And what about the divorce? why did she suddenly say such hurtful words at this critical moment?

At the moment, no one cared if there were other people listening and watching.

Ning Qing held her stomach, her back drenched in sweat, and slowly told the truth.

"Dad, mom, I remember now."

Mother ning was stunned, and father ning was shocked. you remember now? " You!!!"

Ning Qing almost couldn't bear the pain. Her expression was twisted. She stared at Nian lie stubbornly and madly. Panting, she said, " I'm just waiting for you to say one thing. Nian lie urged me to wait for you.

She let go of his hand and slowly leaned against the bed.

A sharp pain hit her, and she closed her eyes in pain, wanting to vomit.

Father ning and mother ning looked at each other. They had finally accepted that she had regained her memory, and suddenly didn't know how to persuade her.

It seemed that she had been thinking about it for more than a day or two.

This decision was probably made after careful consideration. As parents, how could they persuade her?

[Chapter 1114](#)

1114 He said,"ah ning, I'll fulfill your wish (1::

Was she supposed to persuade her to accept a man who had 'abandoned' her time and time again?

It was so long that only ning Qing's rapid breathing could be heard in the room.

Nian lie lowered his eyes and looked at her deeply. have you really made up your mind? "

Ning Qing snorted. His only hope had been cruelly shattered.

Mother ning could not bear to see him so sad. She said to ning Qing, " Qingqing, there was a misunderstanding about what happened seven years ago. It's not that Nian lie didn't want you. His parents forced him to do that. He had no choice. Also, after you fell into a coma, he threatened his parents with his life before he came out. He even tried to force them to do so.

"Almost killed myself." Before he could finish, he was interrupted by Ning Qing.

"I don't care about that."

Mother Ning didn't understand. Then why are you doing this? How can a child be born without a father?"

Ning Qing shook her head and bit her lip in pain. She didn't want to say anything, but she had nothing to say.

Nian Xi's limbs stiffened, his dark eyes filled with the deepest pain and sorrow in the world.

What will happen if she gives birth naturally?" he asked the doctor with his back turned.

The group of doctors were already scared out of their wits. They replied in fear, "If Madam has performed a C-section before, she should do it this time as well. If she gives birth naturally, the pressure during the process will be too great, and it's enough to tear open the previous wound. It's very easy for medical malpractice to occur. Also, if Madam is unwilling to cooperate, I'm afraid of the consequences. I'm afraid of the consequences."

That person didn't dare to continue, but everyone present understood.

Nian Xi closed his eyes. His heart was torn apart, and he was in indescribable pain.

But she was still in pain.

Before this, he had read a lot of books and knowledge about the whole pregnancy, so he knew how painful it was to give birth.

"....."

Ning Qing looked at the man warily.

After he asked that question, she had an absurd thought!

Perhaps, for the sake of the child's custody, he would not agree to her conditions at all.

Perhaps, he wanted to fight her to the end and see if she could endure the pain or he would compromise with her!

Nian Xi didn't know what she was thinking. He only knew that when he said those words, he felt more pain than if he had broken a dozen ribs.

"Yingluo, I promise you."

"....."

The surroundings were as quiet as death.

Nian Xi opened his eyes. There was not a single blade of grass growing in his dark eyes.

"Ah Ning, I'll fulfill your wish," he said.

Ning Qing's heart ached so much that she almost cried.

She hurriedly turned her head to the side. Nian Jing stared at her, as if he had used up all the love in his life. He raised his hand and placed it on the side of her face.

But in the end, his hand did not fall on her face.

“.....”

He endured it, his face calm, but the grief in his eyes was greater than anything else.

“Take her for the surgery.”

After saying this, he turned around and left the ward.

The man walked so fast and hurriedly, as if he was escaping.

Ning Qing’s eyes were wet, and mother ning’s heart ached at the sight. child, why do you have to do this? ”

Ning Qing shook her head, tears gathering in her eyes.

sorry to trouble you,” she said to the doctor, afraid that she would continue thinking about it. please start the operation as soon as possible.

The doctor immediately moved, and not long after, ning Qing was pushed into the operating room.

At the door, mother ning’s face was full of tears. She held ning Qing’s hand reluctantly. Qingqing, forget it. It’s better for you to come out safely.

you’ll be fine. Relax, child. Mr. Ning put his hand on her shoulder.

[Chapter 1115](#)

1115 It’s time to set her free (1:

Ning Qing lay on the bed and smiled with tears in her eyes.

He was pushed into the operating room.

Outside the door, a red light lit up.

Mother ning couldn’t bear the burden and leaned into father ning’s arms. these two children, why do you have to do this!

don’t be too nervous,” father ning said with a worried look. let’s wait until the child comes out.

Mother ning nodded. There was indeed nothing more important than ning Qing and her child’s safe exit from the operating room.

The two of them sat down on the bench outside the door and leaned against each other.

She had thought that Nian lie would never come back after he left. However, ten minutes later, he still appeared outside the operating room.

Mother ning was the first to see him. She wanted to wave at him, but she didn’t know how to comfort him.

Nian lie strode forward and stopped in front of the two of them. dad, mom.

He still looked tall and handsome. He was dressed in a solemn and neat manner. There were no wrinkles on his collar, and he did not look too sad.

Mr. Ning patted the seat beside him. have a seat.

Nian Yu pursed his thin lips and sat down.

Mr. Ning glanced at him and chose his words carefully. Nian lie, about what Qingqing just said, Zhenzhen.

Nian lie's eyes darkened. dad, don't worry. I'll do as she says.

Mr. Ning knew that he had misunderstood him, but he didn't explain himself. she has always been stubborn. When she doesn't understand something, she might have to stay in a dead end for a while. But as her husband, you should understand her more.

"I know, dad,"

After hesitating for a while, father ning finally said it.

don't take what she said to heart. She's just too sad right now and has made some decisions without thinking. Maybe she'll think it through after some time.

"....."

Nian lie laughed mockingly, and the coldness in his heart spread to his entire body.

He did understand her.

She was too decisive and too cruel.

That was why he asked for the doctor at the first opportunity.

However, he lost to his heartache and love for her.

Perhaps, he would never be able to wait for ning Qing to forgive him.

Ning Qing's mother could tell that he was being pessimistic, so she took the initiative to say, "the child's father is right. You shouldn't think too much about it. The most important thing now is that the adult and the child are safe. When she comes out, you'll have plenty of time to sort things out. Don't be too sad.

Nian lie forced himself to raise his eyebrows so that he didn't look too sad.

"I know, mom and dad."

"....."

I will respect all her decisions. In the past, I was too overbearing and unreasonable. I thought that I was doing it for her, but I have never considered her feelings.

His smile was somewhat desolate, making people's hearts ache.

“Perhaps I should set her free and let her think clearly about what she wants.”

what about you?” Mr. Ning frowned.

“I think she’s good,” Nian Yu said in a low voice after a moment of silence.

Father ning and mother ning were both shocked and didn’t speak for a long time.

“.....”

Time passed by quickly. Yan Sichen had returned to the company to settle some matters. When he heard that ning Qing was about to give birth, he rushed over. When he arrived, the lights in the operating room had just dimmed.

Nian lie was the first to stand up. He rushed toward the doctor Who had removed his mask. how is she?
”

The doctor smiled and said, ” the child is 2.6 pounds. Both mother and daughter are safe. Congratulations, Mr. Nian.

Nian Ying was stunned.

The mother and daughter were safe.

Qingqing and Qianqian had given birth to a daughter for him?

Father ning and mother ning rushed over. Ning Qing was just pushed out by the nurse, and Yan Sichen also held her hand. The three of them followed into the ward.

Nian lie stood alone in the corridor. Soon after, the nurse carried the child out.

He trembled violently. wait!

[Chapter 1116](#)

1116 What name do you plan to give the child (1:

The nurse stopped and said, ” Mr. Nian, this is your and Madam’s daughter. Look at her, she’s so cute!

Nian lie lowered his head and stared at the baby in the nurse’s arms in disbelief.

She was small and her flesh was pink in color. At this moment, she was staring at him with a pair of black grape-like eyes, and one of her little fingers was in her mouth.

She wasn’t wrinkly like the other children. Instead, she was smooth and cute.

Nian Xi’s heart was in turmoil, and an indescribable feeling rushed into his eyes.

He was so excited that he didn’t know where to put his hands and feet. In the end, he said emotionally, ” you look like your mother.

His eyes and face were very similar to ning Qing’s, but the outline and nose were like his.

The nurse really liked this baby. She said happily, ” she has perfectly inherited the good qualities of you and Madam. She’s a beauty. When she grows up, she’ll definitely attract a lot of people!

Nian lie had been upset earlier, but now, as he looked at the child, his eyes welled up with tears. good, very good.

“Do you want a hug?”

Oh? ” Nian Xi was stunned. Like a child, she asked nervously, ” can I carry her? ”

The nurse chuckled. of course you can. Be careful and learn my posture. Ah, yes, this hand is so soft.

The man mimicked the nurse and held his daughter in his arms for the first time.

The feeling of being connected by blood was like injecting heat into his cold blood, and the subtle taste made him very happy.

The child didn’t know why he was showing such a sad and happy smile. She seemed to have sensed it and reached out to touch Nian lie’s chin.

He suddenly smiled in satisfaction. little thing, I’m your daddy.

She looked around innocently and burst into tears.

Nian Xi panicked. what’s wrong? Why is she crying?”

“Maybe she’s hungry,” the nurse said,”I need to feed her some milk.”

Nian lie nodded his head numbly. alright.

He carried the child and walked towards the ward, just in time to see Yan Sichen.

The two men looked at each other and did not speak.

Nian Xi walked straight into the door. Yan Sichen turned sideways, and everyone inside looked over.

His soft eyes met ning Qing’s half-squinted eyes and he stopped moving.

come in, ” said Mrs ning.

Nian lie hesitated. the nurse said that she’s hungry, Yueyue.

Ning Qing’s mother took the child from his arms and carried him to ning Qing’s side.

She wasn’t very clear-headed, but she couldn’t say anything when she saw Nian lie’s disappointed expression.

The doctor finished explaining the things to take note of and left.

Nian lie and Yan Sichen stood there.

Ning Qing’s lower body was still numb and she couldn’t move. Mother ning wanted to help her, but Nian lie was faster and easily changed her position.

“: ‘m going to feed her milk now: : ning Qing said instead of thanking her.

“I’ll help you,” Nian lie said.

Ning Qing frowned, clearly trying to drive him away. you should go out.

His hand froze, and he slowly straightened his body.

“Hello, Yueyue.”

The three men walked out and stood in the corridor, leaving only mother ning to help her.

Father ning wanted to say something but stopped. Yan Sichen pondered for a long time. Nian lie was both sad and happy.

When mother ning called them in, the atmosphere became very strange.

Qingqing, are you feeling unwell? ” Mr. Ning sighed in his heart as he looked at the two of them.

Ning Qing was a little weak. I’m fine. The anesthetic hasn’t worn off.

she’s a good girl. She doesn’t cry or make a fuss, ” said Mr. Ning as he looked at his sleeping son.

At this moment, ning Qing revealed the gentleness of a mother. yes, she was very obedient when she was in my stomach, and she didn’t like to disturb me.

Yan Sichen smiled gently. what do you plan to name the child? ”

[Chapter 1117](#)

1117 Her nickname is youzi (1:

The sudden change in topic made ning Qing unable to react in time.

Nian lie happens to be here, ” Mr. Ning continued. it’s better if you two decide on the child’s name.

Nian Yu knew that they were helping him, and his eyes were filled with gratitude.

Ning Qing watched the interaction between the three of them and pursed her lips. she’s just been born. There’s no rush.

The light in Nian Xi’s eyes dimmed.

Mother ning broke the awkwardness and brought the water to ning Qing’s mouth. here, Qingqing, have some water.

Ning Qing was very cooperative, and it didn’t take long for her to get tired. She then went to rest.

Nian lie knew that she didn’t want to see him, so he stood up and left.

After he left, ning Qing’s wound began to hurt.

Mrs ning looked at her sad face and said, ” no matter what, he’s the Father of the child. Qingqing, don’t you think you’re going too far by doing this? ”

Ning Qing frowned. is that so? ”

Mr. Ning glanced at him and said, ” you don’t even allow him to have any relationship with the child in the future, but he’s the child’s biological father. It’s understandable that he’s here to see the child.

"Yeah, he's not having it easy either,": mother ning chimed in:

Ning Qing looked at the two of them and felt that their attitudes were really strange.

She said, " dad, mom, don't worry about me and him. He agreed to my request. I didn't force him.

"Isn't that acting tough?"

Ning Qing looked at her father, a little peeved. he doesn't need to care about my life or death.

"Qingqing, aren't you being too biased against Nian lie? Seven years ago, Xuanji "

"I don't want to hear about what happened seven years ago." I'm tired, " ning Qing interrupted him with a straight face. I really need to rest.

Father ning and mother ning looked at each other. As an outsider, Yan Sichen played along and said, " she just finished her operation. Uncle ning, aunt ning, you should prepare something for Qingqing and the child. Let her rest well.

"Alright, you can rest."

mm. ning Qing grunted and smiled at Yan Sichen before closing her eyes.

*

After the anesthetic wore off, ning Qing's wound hurt more and more.

She fell asleep in a daze and was woken up by the pain again. She repeatedly tossed and turned until night.

Mother ning went out once and brought back two thermal containers and some food.

here, the chicken soup I made for you is very nutritious. You should drink more and not waste it.

She laughed as she filled ning Qing's bowl and brought it to her mouth.

Ning Qing didn't have much of an appetite. I don't really want to drink.

Mother ning pretended to be stern. you have to drink it. Otherwise, how can your body take it? " You still have to feed the baby."

At the mention of the child, ning Qing compromised.

He took a sip of the soup with the spoon. Other than the taste of the greasy chicken soup, there was no other taste.

She frowned subconsciously. what's wrong? does it taste bad? " asked Mrs. Ning, concerned.

Ning Qing thought that it was the soup she had made in the afternoon. She felt a little strange in her heart, but it was not appropriate to say anything. She just said simply, " it doesn't taste good.

Mrs ning smiled awkwardly. you just had a surgery. It's not a good time for you to be jealous.

Ning Qing didn't doubt him. She nodded obediently and drank a bowl of chicken soup.

After the doctor came to check on her, she soon fell asleep with the child in her arms.

*

Ning Qing lay in bed for almost two weeks before she recovered. During this time, it was Mother ning and her who took care of the child.

Because her daughter's face was round and cute, she gave her a nickname, little youzi.

"Little youzi, be good. Mommy will take you to see mommy's sister."

Ning Qing was wearing loose clothes and carrying the child in her arms. Mother ning followed behind her and went to ning SU's ward.

[Chapter 1118](#)

1118 Nian Jinyu?

Yan Sichen had been busy with company matters and had not come for two days, leaving only a nurse behind.

Ning Qing pulled a chair over and sat by the bed. The woman on the bed looked the same, without any change.

She looked at ning su, and her state of mind changed.

"Sis, I've brought youzi to see you."

youzi, this is Auntie. She's really good to mom. She was extremely gentle, and the child in her arms was ignorant of the world. He opened his eyes wide and pulled out a warm smile.

she's smiling because she understood, " Mrs. Ning said.

Ning Qing smiled gently and talked to ning su for a long time.

Mother ning was afraid that she would feel uncomfortable, so she urged her to go back to the ward.

sister, if nothing goes wrong, I might have to go to the Lou family's house in a while.

Ning su was silent, and ning Qing held her finger.

"Mom and dad are right. I shouldn't be too stubborn. After all, she gave birth to us."

"....."

I don't know how you've been living in the Lou family all these years. You've changed a lot. Perhaps the Lou family isn't a good place, but I don't think I have any reason to reject you, Yueyue.

"....."

"For mom and dad, for me, for youzi, and for you, I have to go back."

After she finished speaking, Ning Xi's mother started to rush her again. She stood up and said gently, " I'm going back to the ward. I'll come back to see you later.

She turned around and left with the child in her arms, not noticing the woman's twitching fingers.

When she returned to the ward, the two thermal containers were already there.

In fact, ning Qing had long known that mother ning hadn't spent much time and effort making those tonics, but she had never exposed her.

She didn't want to face it, and she was too lazy to expose him.

I asked your father to bring it over. Do you want to have some immediately? " Mrs ning said awkwardly.

Ning Qing got on the bed and gently patted youzi. Her eyes were closed, and she seemed to be falling asleep.

Seeing this, mother ning's heart overflowed with love. why does this child like to sleep so much? " she asked softly.

"Isn't the child like this when he's just born?" ning Qing whispered.

that's not for sure. Some children are just so noisy, " Mrs. Ning rebuked.

Ning Qing didn't say anything. She coaxed youzi, her eyes full of gentleness.

youzi's already so big, " mother ning said, still in a daze. don't you want to give her a name? "

Ning Qing was stunned.

She had almost forgotten about this.

you're a mother, " mother ning said. you don't care at all. Why don't you think of a name for your child?
"

mother, do you have any ideas? " ning asked.

"What can I think? You young people, why do you need us, the older generation, to worry about your naming?"

Ning Qing nodded. After a moment of silence, he gently said,"Zhen mu."

Moist and bright, gentle and generous, and happy for a lifetime.

Mother ning stopped in her tracks. Nian Jinyu? "

Ning Qing's hand that was patting the child paused, and mother ning instantly felt a little guilty. uh, the child's father's surname is Nian. That's not a problem.

"....."

"Qingqing, you're not really planning to get a divorce are you?"

Ning Qing slowly put the child down. When she turned around, the gentleness on her face disappeared. do you think I would joke about this? "

"....."

but Yingluo, he's the Father of the child. You can't take away the child's surname.

Ning Qing lowered her eyes. I don't want the child to have anything to do with him in the future.

"The child is his. How can it be unrelated?" mother ning said softly.

Ning Qing stopped talking.

Mother ning was also afraid that she would overthink things, so she quickly changed the topic.

Outside the door, the man's tall figure cast a dark shadow, and the half-hidden and half-bright light fell on his face, making his expression even more secretive.

The quiet sadness poured out, and powerlessness filled the corridor.

1119 We can choose not to get: divorce (1:

Ning Qing recuperated for another week. After her confinement period, she did not dawdle and prepared to go to the capital.

The day before she left, she made an unprecedented attempt to meet Nian lie.

She returned to the ning family. After Nian lie found out, he drove back as well.

In the familiar environment, Nian lie sat on the sofa, feeling uneasy for some reason.

Ning Qing was packing her luggage. In fact, she had nothing to take with her. She had only come back to feel at ease.

During that time, Nian lie offered to help her, but she rejected him. He could only sit in the living room obediently and wait for her to finish tidying up.

Two hours later.

Ning Qing finally prepared herself mentally. She walked over with a glass of water and sat opposite him.

: Are you tired?: Nian lie asked considerately after seeing her posture:

Ning Qing shook her head and went straight to the point.

"I want to talk to you about the future."

Nian Yu's eyes darkened. He knew that he couldn't avoid it. tell me, what do you want? "

Ning Qing was wearing a white sweater. She sat upright and held a glass of water in her hand. I'm going back to the Lou family's house tomorrow. I want to ask if Lou qingyue is still at your place.

you want to bring her back to the Lou family? " Nian lie asked.

This was a disguised answer.

Ning Qing was very serious. bring her back. With her by my side, at least Lou si won't easily attack me.

"You can't go back alone," Nian lie rejected her outright.

Ning Qing looked at him indifferently. it can only be me.

"....."

"Otherwise, who do you think can help me?"

Nian lie's Black eyes turned frosty and he was a little impatient. ah ning, the Lou family is not as simple as you think. I've already sent someone to investigate. On the surface, Madam Lou LAN is temporarily staying with the Lou family because of her illness. In reality, she is being controlled by Lou Si's people. However, it is not easy to become the head of the Lou family. She has to go through the election of the elders and many rounds of selection. Lou si is not the eldest daughter. It is not easy for her to sit in that position.

"I don't think what you're saying has anything to do with my return," ning Qing said suddenly, listening quietly.

Nian lie's head ached. what I mean is that you are Madam Lou Lan's daughter. It's just that something happened to ning su, so it's reasonable for the position of family head to fall into your hands. But recently, Lou si has been trying to win over people's hearts. Some of her people also support Lou qingyue's Ascension to the position. It's a double-blind stalemate. What you need to do now is to obtain the support of the family elders and relatives.

"....."

Madam Loulan might have a way to deal with the elders. As for the relatives, the Nian family can do it.

Ning Tingting understood and thought his idea was ridiculous. you want to support me? "

"Yes," Nian lie replied firmly.

Ning Qing said,"in what capacity are you supporting me?" An ex-husband who's about to get a divorce?"

no! Nian Xi's heart ached, but he knew it was not the time to be pretentious. we can choose not to divorce! he said immediately.

Ning Qing smiled coldly. you're dreaming.

what I mean is that we can stay married for the time being, " Nian lie said hurriedly. that way, I can legally intervene in the dispute between you and the Lou family as your husband. It can also help you win some chances of winning.

Ning Qing held the glass of water tightly, and her expression became serious.

She raised her eyes and looked at the man opposite her. Her heart was in turmoil.

Nian lie leaned forward excitedly. ah ning, you have to know that your return to the Lou family this time will definitely cause a huge commotion. It won't just be within the Lou family, but also the entire country's business world, including the overseas market. You'll play a vital role in dividing the power and future of the Lou family. Many people are watching you. Other than Mrs. Loulan, you have no other guarantee.

1120 I'll be more at ease if youzi is with you (1:

Ning Qing pursed her lips and did not refute.

He was right.

To be honest, she was not confident at all. She only agreed to go back because she had a clear conscience. But with her experience, it would be better if more people helped her.

However, Yingluo

"I don't want the Nian family's help," ning Qing said bluntly.

"At a time like this, you're still going to argue with me over this?" Nian lie said.

"....."

Nian lie had no choice but to compromise. He forced himself to soften his tone and said, " okay. If you feel that I'm giving you pressure and guilt by bringing the Nian family to support you, you don't have to take it to heart. I'm youzi's father. Whether we separate or not, this is an established fact.

Ning Qing looked at him, her long eyelashes fluttering, her mood in a mess.

Nian lie deliberately lowered his voice, making it sound even more humble. ah ning, just think of it as me doing this for youzi, okay? "

Silence.

It was quiet as usual.

"I can agree to your request," ning Qing finally said after a long consideration.

Nian lie's anxious heart finally settled.

however, you have to promise me that after we return to the Lou family, everything will be based on my wishes. You can't make any decisions on your own.

Nian lie's Black eyes flickered. alright.

and our marriage, Yingluo.

Ning Qing paused for a moment, because her eyes had been stung by the ring on his finger.

He was actually wearing that ring.

: I understand!: Nian lie replied nervously. I won't think too much about it, and I won't use this to blackmail you or youzi."

At the mention of children, both of their hearts softened.

Nian lie's expression darkened even more. I don't know how to take care of children, " he said. I'll be more at ease if youzi is with you in the future.

“.....”

Ning Qing's heart ached when she heard this.

She turned her head away and tried her best to put aside these personal emotions.

“I'll need you to make arrangements for my parents and sister.”

Nian lie calmed himself down. send them abroad in secret. It's for the best for you and them.

Ning Qing nodded.

The serious business was finally over. The two of them had nothing to say, and it was inexplicably strange.

Ning Qing held the cup in one hand and continued to drink, while the other hand fell to her waist and rubbed it.

“Lower back pain?” Nian lie noticed and asked with concern.

Ning Qing was deep in thought. She looked at her hands and said, “ No.

Nian lie was much calmer now. after giving birth, your back pain is caused by a lack of proper sitting during confinement. You'd better be more careful and eat less raw, cold, and spicy food.

“Yes.”

Yueyue, I've learned how to massage from someone. Let me give you a massage.

Ning Qing pretended not to hear his anxiety. no need.

“Must you be so distant from me?” Nian lie mocked himself.

“Let's go back to the hospital.” Ning Qing stood up and did not reply.

Seeing that she still refused to look at him in the eye, Nian lie felt even more helpless.

After returning to the hospital, ning Qing told her parents that they were willing to cooperate and could leave at the same time as her the next day.

Nian lie had also made arrangements for ning su, and everything was ready.

The next day.

Ning Qing sat alone in front of ning su. sister, I'm going to send you, dad, and mom abroad for a while. I don't know when I'll be able to see you again, ran ran. I hope to see you again, but you've already woken up.

She leaned over and put her face on ning SU's palm, which was as warm as before.

She choked. don't sleep anymore.

Beside her, the sound of the instrument was jumping, but the woman had no reaction.

At the door, Nian Xi walked in. Seeing how emotional she was, he said in a low voice, " you can get ready to leave.
