

Mr Nian 1141

[Chapter 1141](#)

1141 The new head of the family is Lou qingyue (1:

Lou qingyue was also a little flustered. mother, I ran ran.

“I’m fine.” She consoled him and smiled at the crowd. this election is fair and just. No matter what the result is, please accept it calmly and don’t hurt our relationship because of this.

Then, she looked at the man beside ning Qing.

Undercurrents surged in the back and forth.

“.....”

Ning Qing didn’t expect their votes to be so close. She had wanted to delay the time and wait for Nian lie to return, but in the end ...

Did this mean that she had a 50% chance of winning?

She couldn’t help but straighten her back, her neck and body extremely stiff.

Lou si opened the note and took a look, but she didn’t say anything.

Ning Qing could not help but look at her.

The woman’s eyes were light and blue, and her lips curled into a victorious smile.

He pressed the paper on the table and announced, ”

the tenth vote, Lou qingyue!

With this order, some people were happy, while others were disappointed.

The pent-up anger that had accumulated in ning Qing’s chest suddenly tightened and then exploded with a bang.

She was a little dazed, and her lowered eyes were filled with unconcealable defeat.

“So, after everyone’s unanimous decision, the one to take over my sister’s position as the family head is Qing Yue.” Lou si said loudly.

“Congratulations, congratulations.”

As the congratulatory voice rang in her ears, Lou qingyue stood up and bowed respectfully. She couldn’t suppress the smile on her lips.

thank you, uncles, for your trust in qingyue. In the future, I will definitely do my best for the Lou family. I also hope that the elders can supervise me in my place!

“Good! Good!”

Someone took the lead in clapping, and the entire scene seemed to have been settled.

Ning Qing had lost.

Beside them, someone had already left his seat and was saying even more high-sounding words to Lou qingyue and Lou si.

Ning Qing's ears buzzed and she stood up abruptly.

"Hold on!"

Everyone looked at her.

"The result is out, what else do you want to say?"

"That's right, qingyue was born and raised in the Lou family, and has received the highest education since she was young. Don't you know what family you're from? If it wasn't for the fact that you're the daughter of the previous master, you don't deserve to stand here!"

As the harsh and unpleasant words entered their ears, those people were no longer afraid.

"I don't agree!" Ning Qing's chest heaved as she said loudly.

"On what basis do you disagree?"

Ning Qing pointed at the display board. everyone has heard what I said just now. Some of you are biased against me and did not consider my situation when you voted, so this voting is not fair at all!

Lou Si's eyes turned cold. Qingqing, the votes are here. Everyone knows whether it's fair or not. Don't make things too ugly.

Ning Qing turned around and looked at her. you know better than I do whether this vote is fair or not.

Lou si pursed her lips as a stern look appeared in her eyes.

ning Qing, I'm leaving you some face for the sake of your Lou family bloodline. Otherwise, I wouldn't have allowed you to be so presumptuous on such an important occasion.

Ning Qing's chest felt heavy. She gritted her teeth. don't use your name to scare me, and don't change the subject.

"....."

the voting is unfair. What right does it have to exist? "

Lou Si's face turned cold and her eyes were sharp and vicious. I think you need to calm down. Someone, bring miss Qing back.

The guard stepped forward and grabbed ning Qing's hand. let me go! she said angrily. I don't acknowledge the vote this time!

"I don't need you to admit it," Lou qingyue interrupted her.

"I'm Yingying!"

"Release her!"

[Chapter 1142](#)

1142 Brought a person's opinion (1:

The sudden shout caught everyone in the conference room off guard.

The few of them looked over, and their expressions changed.

Nian lie's entire body was filled with hostility, and his eyes were frighteningly cold. His aura was fully released, and it was actually much colder than everyone else present!

Ning Qing's eyes lit up when she saw him.

Nian lie strode over and slammed the letter of appointment and other documents on the conference table.

He used too much force and the file slipped a long distance away from the long table.

Some people didn't recognize him. Who are you? This is our Lou family's internal meeting. How dare you barge in?! Get him out of here!"

"....."

Nian Jin walked straight to ning Qing and pried the Guard's hand away with force. The man's face changed in pain.

The next second, he pulled ning Qing into his arms.

"I'll see who dares to move!" He said in a deep voice, his black eyes malicious.

With this shout, none of the ten guards in the hall dared to step forward!

"Are you alright?" Nian lie asked in a low voice as he held ning Qing in his arms.

Ning Qing shook her head and leaned against his chest, feeling an indescribable sense of security.

At that moment, he was like a god who had descended from the heavens and saved her from the fire and water.

She had used all the methods she could and even tried to go back on her words. She just didn't know what she would have done if he hadn't returned in time.

It was a good thing he came.

Nian lie received her reassuring gaze and turned to look at Lou si.

this is Qingqing's husband, Nian lie, " Lou si introduced politely. She was pricked by the cold glint in his eyes.

"Husband? Girl, you're already married?" The old man who was sitting in his original position was a little surprised.

Ning Qing looked over. yes, third great uncle.

Lou Weiwei ran her fingers through her short hair and suddenly smiled. third uncle, their relationship isn't as simple as marriage.

Ning Qing focused, unable to tell if he was a friend or foe.

The man raised the back of his head. they have a daughter.

“Daughter?”

These words stirred up a Thousand Waves.

“You have a daughter? Wasn't he more suitable to be the family head? In that case, there's a candidate for the next family head.”

that's right. Why didn't you tell me earlier that you have a daughter? ”

“.....”

Ning Qing was about to say something when she saw the change in their expressions. Nian lie interrupted her. it's best if you don't have any ideas about my daughter. If you have time, take a look at the things I've brought.

Everyone's eyes were focused on the document bag in the middle of the long table.

The guard went to retrieve it and passed it to Lou si.

Lou si did not open the box immediately. Her face was cold as she said, ” Nian lie, I know that you're Qingqing's husband and that you're part of her family. However, today is the day of the selection of the head of the family. It has nothing to do with you, and you have no right to interfere in any of the matters of the Lou family.

Nian lie's expression turned even colder, his dark eyes stirring with endless frost and anger.

“I naturally have no right to criticize the Lou family.”

“.....”

I'm only bringing her opinion on this election to one person.

Lou Si's brows twitched as her expression turned serious.

Lou qingyue anxiously retorted, ” everyone who can participate in the election is here. Who else has the right to make a suggestion? ” Nian lie, don't spout nonsense for ning Qing's sake!”

“Qingyue, shut your mouth!” Lou si chided.

Lou qingyue looked at her in disbelief. Lou Si was no longer as relaxed as before.

She had a bad feeling about this.

She knew that Nian lie had found Lou LAN. In order to not leave any evidence, she had evacuated everyone and injected the last drug into Lou Lan's body.

[Chapter 1143](#)

1143 Letter of appointment and video (1:

Logically speaking, her entire body would be on fire in less than ten minutes. The pain would be unbearable, and she would finally vomit blood and die.

How could Nian lie have gotten anything in time?

However, as she was deep in thought, she didn't see Nian lie's cold and vicious eyes.

"You're right. It's the current head of the family, Madam Loulan!" The man said in a deep voice.

Lou qingyue was shocked. how is that possible? "

She immediately noticed the people around her and her expression changed immediately. aunt is seriously ill and has been placed in a special hospital. How can you possibly find her? "

Nian lie smirked and ignored her. the evidence is in Madam Lou SI's hands.

At that moment, Lou si felt as though the item in her hands was a hot potato.

"Since you're not sick to the point where you can't move, why didn't you come to the meeting?"

"Is there any other reason?"

alright, stop guessing. Lou si, quickly open the document and take a look.

"....."

Under everyone's watchful eyes, how could Lou si throw off this so-called evidence?

She opened the document with an ugly expression. No longer dignified, she poured the things on the table and a USB flash drive slid out.

The person next to him held it. What is this? "

"What's recorded inside is what Madam Loulan wants to say," Nian lie said.

"....."

"There's also a letter of appointment in the document."

Lou si took out the letter of appointment and took a quick glance before closing it.

"Play the contents of the USB drive."

"....."

Nian Jin helped ning Qing sit down and looked at her seriously. you've worked hard.

Ning Qing shook her head. She saw that he looked a little tired and a little obscure.

She hesitated for a moment, leaned over, and whispered,"have you really found her?"

"Yingluo, yes."

Ning Qing felt a little sad, but she couldn't explain why.

no matter what, she's the current head of the Lou family. No one else in the Lou family would dare to do anything to her. So, she should be fine, right?" she asked.

Ning Qing was not a person who beat around the bush, especially in front of Nian lie.

At this moment, her question was so abrupt.

Nian lie's dark eyes darkened, and a hint of pain flashed across them. He even found it difficult to speak.

Ning Qing's heart skipped a beat. She grabbed his hand and asked, "tell me, Nian lie. She's fine, right?"

Nian lie's eyes flickered with a faint mist, making it impossible to see through.

Ning Qing was about to ask him more questions anxiously. He replied, "yes, she is sick. I have already asked someone to take care of her.

"....."

"It's okay, ah ning, it's okay."

These words did not sound like a report, but more like a comfort.

There was a buzzing sound in ning Qing's mind, and she felt a sharp pain.

She held her forehead, and a woman's voice came from the empty conference hall.

"Family elders, I am Lou LAN."

Ning Qing's back trembled. She turned around and looked at the woman on the screen.

Lou Lan's face was sickly pale, and the shadows on his face were a little deep. His body was not very stable, but his expression was solemn and serious.

But it was strange.

Ning Qing's memory of Lou LAN only had two sides of him in the past, but she could tell that there was something wrong with him.

She couldn't tell what was wrong with him, but she just felt that something was wrong. It was as if he was a fake person, sitting in front of the camera with the help of instructions.

I'm unable to personally attend the family's meeting due to some obstacles. Therefore, I've specially authorized my daughter, ning Qing's husband, Mr. Nian, to bring my letter of appointment and my opinions to the meeting.

She paused and coughed softly, which touched the hearts of everyone present.

Then, the pair of eyes that seemed to be able to see through everything looked at the screen.

[Chapter 1144](#)

1144 Mrs. Loulan's will (1:

I think everyone must be arguing over who should succeed the throne. Some people support Qing Yue, and some people will support my daughter. There's no time to investigate.

let's talk about my two daughters, Yuan Yuan 'er. She came back to me seven years ago. Unfortunately, as the head of the Lou family, I didn't give her motherly love or warmth. I always gave her strict requirements and progressive problems. I wanted to cultivate a qualified successor for the Lou family. No matter how much I felt for her, even when she might never wake up, I didn't have the time to say a word of understanding to her. This made me feel guilty towards her.

today, my youngest daughter has returned to the Lou family. I'm very happy and I hope that everyone here can understand me as a mother. I've been separated from her for more than 20 years, but I still haven't given her motherly love. Perhaps, it's too late now, Wanwan.

As she spoke, she sniffed and revealed a regretful smile.

that's why I want to be selfish for once. Not as the head of the Lou family, but as the mother of two children.

I, Lou LAN, am willing to hand over the position of the next head of the Lou family to my youngest daughter, ning Qing. I hope that everyone will support her with all their might and give her more help in the future. I am satisfied with this.

"Thank you, everyone."

As soon as he finished speaking, the camera went out.

In the long silence, some unknown emotions were brewing.

Lou qingyue's entire body trembled. This sudden turn of events made her not know what to do!

She looked towards Lou si and saw that the other party also had an ugly expression on her face.

:: 'm sure you already know what Madam Loulan wants,"Nian Xi said coldly:

Lou si put down the letter of appointment in her hands and stopped pretending to be gentle. She said expressionlessly, " Mr. Nian, I think you don't understand the Lou family's Constitution. The Lou family has been established for a hundred years and the eldest daughter is the priority. In the past, the family head has never appointed the next person. Naturally, this saying doesn't apply today.

Ning Qing stood up and faced her.

the election campaign has already changed the Lou family's ancestral teachings. Now, you're saying that there's no appointment? "

"....."

we've already destroyed the ancestral teachings thoroughly this morning. Until now, no one can say that the letter of appointment is the same. After all, everything that happened today is a precedent.

Lou qingyue scuttled out. no! I don't agree! Yimu has selfish motives and simply wanted to compensate you. She didn't consider whether you are suitable to be the head of the family!"

that's right. How can one person's will decide the future of the Lou family? "

"I can't be so rash."

Ning Qing held Nian lie's hand tightly, and he gave her a reassuring look.

He stood up and said in a deep voice, "so, you don't acknowledge Madam Loulan's appointment?"

"Yes,"

"That's right."

At this time, the most authoritative third great uncle stood up and shouted, "enough! We've been quarreling for a whole day. Don't you feel ashamed?"

"....."

Everyone looked at each other and did not speak.

The old man slowly walked in front of Lou si and took a look at the letter of appointment. Indeed, it was Lou Lan's handwriting.

"Granduncle, what do you think?" Nian lie asked.

The old man pondered for a moment. it's indeed against the rules if Lou LAN were to give his orders.

"....."

Lou qingyue and Lou SI's hearts tightened.

"However, it's a little too rash to let Qing Yue be the clan head just like that."

[Chapter 1145](#)

1145 Ah ning, you have to be mentally prepared (1:

Lou qingyue was anxious. third great uncle, you don't believe me?"

"It's not that I don't believe you, but as the oldest person here, I have to uphold justice."

"....."

"How about this, we'll keep the voting method. Lou Lan's will will be considered as one vote, and it'll go to this girl Yingluo."

Before the old man could finish his words, someone came out to object.

"How can this be? Isn't this a draw?"

The old man glanced at the man, who immediately lowered his head and pretended to be docile.

"Yes, it's a draw."

He looked at the crowd. our Lou family has been abiding by our ancestors' rules for a hundred years. We have never violated them. However, in this generation, accidents keep happening. We have no choice but to change the old rules.

"....."

allowing Qing Yue and this girl to run for the election today is already a precedent. In that case, there's no harm in breaking it again.

Lou Si stared at the old man, "third uncle, what do you mean?"

The old man looked at her meaningfully and coughed. "What I mean is that Qing Yue and Qing'er will be the candidates for the position of the family head. We will push back the appointment of the family head by one year and use this one year to test the two of them. After one year, whoever passes the test will be the family head."

His words caused a huge uproar.

However, the old man didn't want this farce to continue, so he slammed the table and agreed. More than half of the people were in support of this, and only Lou Si's side was still resisting. Unfortunately, it was useless.

"Alright, the meeting is over. You two girls, make your own preparations. What's waiting for you next won't be a good task."

The old man said with a walking stick.

Because of her failure, Lou Qingyue's expression was very bad. She tried to put on a good expression, but it was the opposite.

"I understand, third great uncle. I won't let you and the other elders down."

The old man nodded and looked at Ning Qing.

Ning Qing did not have much of an expression on her face. "I'll try my best."

The old man frowned and was a little dissatisfied. The Lou family did not say that they would do their best. What they want is to give up everything and treat the Lou family as the Supreme glory.

Ning Qing was a little flustered. She didn't know why, but she quickly nodded and ran out of the conference hall.

At the door, Nian Yu was standing tall, waiting for her.

She rushed over. "Wanwan, thank you for coming in time today, but I still have something to do."

"Take me to see her," she said hurriedly, as Nian Lie held her.

Nian Jin wanted to say something but stopped. Ning Qing was even more panicked. "What's wrong?"

His eyes were dark. "Ning, you should be mentally prepared."

"....."

Why did he need to be mentally prepared?

Was she, Yingluo, being tortured?

Very miserable?

Ning Qing suddenly did not dare to think further. She said, "it's okay. She's the head of the family. What can Lou si do to her?"

"Ah ning."

"Nian lie, you'd better not scare me."

He could not tell her the cruel truth.

Ning Qing tugged at him, and he had no choice but to compromise.

*

In a private apartment in the capital.

"....."

The woman at the head of the bed sat there, and seconds passed. She lowered her eyes, her hair quietly resting on her chest. Her expression was calm, and she did not seem to have much emotion.

Nian lie's heart trembled with worry.

She had been sitting here for an hour. The woman on the bed looked exhausted and even a little ugly. Her original appearance could not be seen at all, and she did not even have a trace of life.

Lou LAN was indeed dead.

But ning Qing did not understand why.

The last time she met her, she was still trying so hard to persuade her to return to the Lou family. Why was she lying here without saying a word this time?

[Chapter 1146](#)

1146 Always been selfish (1:

"....."

Ning Qing suddenly stood up, and Nian lie blocked her way.

"Where are you going?"

Ning Qing stared straight ahead and did not look at him. let's go back to the Lou family.

Nian Ying pursed his lips. ah ning, Mrs. Lou LAN has been injected with a slow-acting poison for a long time. According to her, it started a year ago. Lou si and Lou qingyue have been plotting against the Lou family for a long time. They've been trying to kill her. She's been in a dangerous situation in the Lou family.

"So?"

The woman's voice was faint and did not sound sad.

However, Nian lie knew her so well that he seemed to be able to see the pain and anger in her heart through her calm expression.

Nian lie's dark eyes were deep. Lou si and the rest must have prepared a backup plan. Don't be rash.

Ning Qing squinted and smiled. do you think I'm going to avenge her? "

Nian lie didn't answer. That was indeed what he thought.

"You're overthinking it," ning Qing said.

"....."

Her voice was faint, and her side profile exuded a cold luster.

I'm willing to return to the Lou family for two reasons. One, for the future peace of myself and my family. Two, I'm forcing myself to repay her for giving birth to me. I've tried my best to fight for it. Today's outcome is already very good. From the beginning to the end, I've never let her down.

"....."

"She's the one who let me and sister down."

ning, Mrs. Lou LAN didn't mean to keep you. She didn't want you and ning su to be locked up by the Lou family for the rest of your lives, so she had no choice but to keep you!

Moreover, their father had also lost his life because of the Lou family. He could not understand how much torture and struggle Lou LAN had endured all these years!

As her daughter, ning Qing could never say that about her!

However, ning Qing turned her head, her eyes sharp. since she chose to stay, why did she take my sister away? We all thought that she was dead. Do you know how much self-blame and guilt I've suffered because of this?"

Nian Jin frowned. I understand, but Mrs. Loulan is already dead.

"It has nothing to do with me,"

Ning Qing turned her face away, not even looking at the person on the bed.

Nian lie could only see her trembling chin and lips. I've already tried my best. Even if she dies, she can't mess up my life now!

After she finished speaking, she strode away.

Nian Xi sighed as he watched her messy steps.

After ordering his men to follow her, he walked back to Lou LAN and faced his guilt.

I'm sorry, she can't accept it for the time being, but I believe she will come around.

Nian Yu squatted down and lowered his eyes, his expression solemn.

"She is your daughter. No matter what, she is."

*

Ning Qing rushed out of the apartment in a daze and ran around the road.

After walking for a long time, she stood at a traffic light and gradually forgot why she was doing this.

The lights turned from red to green, and the people around him walked over without stopping.

“.....”

She stared blankly at the road, the corners of her eyes slightly red. She didn't know what to do next.

The lights changed again.

Ning Qing dragged her feet and walked to a flower bed on the side.

Staring at the red flower, the woman's elegant and dignified smile appeared in her mind, as well as her complex eyes with guilt.

Her depressed heart was instantly grabbed, and she squatted down in pain. She buried her head in her arms and cried out loud.

“Liar Yingluo, you're a liar!”

“You've always been so selfish! You don't want me to be with my sister, you want us to be separated, even if you die!”

She had messed up her and ning SU's lives without distinguishing right from wrong, and even made her own decisions and hid her illness!

[Chapter 1147](#)

If ran ran had told her that she was seriously ill when she went to Ye City to find her, she wouldn't have rejected her so directly!

Ning Qing's eyes were red, and tears fell.

“Who wants you to be so self-righteous and treat me well? Do you think I'll forgive you if you give me one last push before you die? You're still thinking of throwing the Lou family to me, Yingluo? let me tell you, it's impossible!”

She sobbed and kept scolding something. Her eyes were filled with hatred and sadness.

“I won't care about the Lou family anymore. I'll let Lou qingyue and the others snatch it! The place that you've protected your entire life will become ashes and a grave!”

“What right do you have, Yingluo? what right do you have to say you don't want me? what right do you have to say I die, Yingluo?”

In the end, her curses turned into aggrieved accusations.

The heart-wrenching pain was so sharp that she couldn't control it. She fell to the ground and sobbed.

After a long time.

When Nian lie found her, his subordinate went up to her. Madam is there. She's been crying for a long time.

The man's eyes were deep. He hummed and walked towards her.

Ning Qing's entire body was cold, and even her bones were trembling.

In front of him, a shadow fell.

She focused her unfocused eyes. Yingluo.

Nian Yu squatted down. the floor is cold. I'll help you up.

She pouted and tried her best to hold back her tears. She pushed his hand away and said, " no need. I can stand up on my own.

Her legs were already numb. She stood up with the help of the flower bed, and her whole body trembled.

Nian lie knew how stubborn she was, so he didn't stop her. He only hugged her when she was about to fall.

"Ning, if you're sad, just cry. Don't hold it in," he said.

No matter how stubborn she was, she was still her birth mother.

She had never been good at hating someone, so how could she continue to hate Lou LAN after seeing him die?

"....."

Ning Qing tugged at his coat collar. I'm not sad.

The heartache in Nian lie's eyes intensified. His tone was extremely gentle as he said, " alright, it's too cold outside. Let's go back first.

Ning Qing seemed to have been provoked. I'm not going back!"

"The Lou family will know very soon."

She was stunned.

Nian Xi placed his hand on the back of her cold hand. things will become complicated if they find out. Also, the public opinion is that ah ning is the one who's been criticized. They all say that the dead should be respected. As the younger generation, we should let the elder rest in peace.

He was very careful with his words, afraid that she would be disgusted.

you're right. ning Qing could not help but tighten the fabric in her hands. Her eyes were filled with tears as she muttered.

"Let's go back first."

"It was Lou si who ordered it, right?" ning Qing nodded unconsciously and suddenly asked.

Nian lie hesitated for a moment. it's not her. It's Lou qingyue.

There was no difference in nature.

Ning Qing nodded. alright, I understand.

She let go of him, so calm that it was strange.

Nian lie was still worried. ah ning.

Ning Qing looked up with her red eyes, obviously crying.

"No matter what, she gave birth to me."

"....."

"It's time to send her on her last journey."

The kind that was calm and steady.

"Let's spread the news," she said before Nian lie could say anything.

The man was stunned, and ning Qing's expression was numb. only when the news is released unexpectedly will they have no reason to distort the truth.

Hearing this, Nian lie was relieved, but at the same time, he felt his heart ache even more.

Her growth during this period of time made him feel helpless.

But life was like this.

From the moment she became a part of the Lou family, everything had been destined.

[Chapter 1148](#)

1148 Cover up the news of Lou Lan's death (1:

The entire capital was shaken by the news of Lou Lan's death.

No one knew how she passed away, but there were rumors that she was persecuted by the second branch. There were also rumors that she had been seriously ill for a long time and had been treated for no reason.

In short, no one could give a reason.

Outside the Lou family's high-rise Manor, the fog was hazy, and the dark sky was heavy. It was so depressing that it made people feel depressed.

Ning Qing sat in the main hall, listening to the elders argue for a long time, but her mind was still empty.

I say, the new family head hasn't been chosen yet, and the previous one has passed away. This will have a huge impact on the Lou family.

it's not just the stock price. I've also received news today that two companies want to terminate their cooperation with us. It's obvious that our every move is known to the outside world. If we really admit the news of the master's death, I don't know how serious the consequences will be.

"If you ask me, who didn't die? Why make such a big deal out of it? I think it's best to put this news aside for now and wait for the public relations department to deal with those rumors. Stabilizing the situation is the most important thing now."

"....."

Nian lie was sitting beside ning Qing.

Ever since he had appeared at the family meeting, he had been by ning Qing's side in public for the past few days.

At this moment, his handsome face was slightly sunken. His eyes were narrowed and his thin lips were pursed. It was obvious that he was not in a good mood.

Ning Qing raised her cold eyes. have you all said enough? "

"....."

The entire place fell silent.

Ning Qing stood up. She was wearing a long black dress that covered her knees. Her calves were exposed and glowed with a cold white luster.

I've heard everyone's words, " she said. there are all kinds of opinions, but I only have one question for everyone.

"....."

"If a close elder in your family passed away, would you be willing to hide the news and hide her body, making it unfair to the world?"

Everyone looked at each other and didn't say anything.

the previous head of the family was my mother. Even though I didn't spend much time with her, as her child, I still think that I should do my part.

"....."

Her emotionless eyes glanced at the crowd, and her voice was cold and indifferent, with an indescribable credibility and Majesty.

they all say that the dead should be respected and should be buried as soon as possible. But I think you all want to cover up the news of my mother's death and stabilize the Lou family? "

The second uncle of the Lou family said, " you can't say that. We concealed the death for the sake of the Lou family. In the past six months, you weren't in the Lou family, so you naturally don't know how difficult it is to run the Lou family. You also don't know that hundreds of thousands of people in the country and even overseas rely on our business to get jobs to support their families and the horror of

public opinion. You still haven't understood that if we admit the death of the head of the family, it is very likely to destroy our hundred-year foundation!

Ning Qing replied, " yes, in everyone's hearts, the Lou family is probably the most important. I can't empathize with them, so I can only try my best to understand. But I would like to ask, who can understand me? "

"....."

Nian Jin looked at the woman's side profile. It was exquisite and cold, but it was so pale that it required a lot of makeup to cover up her fatigue.

Ning Qing said, " I've just acknowledged my mother. I haven't even met her yet when I found out that she had passed away. No one was even willing to investigate the cause of her death. They were only concerned about how much damage her death would bring to the Lou family, Zhenzhen.

Lou si and Lou qingyue had received her concealed shot.

[Chapter 1149](#)

1149 I'll get someone to do it myself (1:

Ever since the family meeting, Lou si had completely lost her right to speak and could only look on as a bystander.

As for Lou qingyue, she naturally did not feel much sympathy for ning Qing.

She glared coldly at the agitated woman. sister, everyone is bound to die. The master's health has been poor for a long time. Everyone in the family knows this. It's just a matter of time. You don't have to be so upset.

Ning Qing's eyes were cold and filled with hatred. if your mother had passed away, you wouldn't be so calm, would you? "

Lou qingyue carefully looked at Lou si and gave a fake smile,"Qianqian, I will naturally be sad. However, I will not let this matter affect the entire family."

Before she could finish, ning Qing took over. it's human nature to be sad about the death of a loved one. It's also a tradition and etiquette to send the dead away.

"....."

I don't think there's a need for everyone to worry about the Lou family's future. After all, the following time is a bet between me and Lou qingyue. Whether it's her or me, we will do our best to not let the Lou family fall.

She spoke frankly and looked at everyone with her bright eyes.

"Are you going to hide the news of my mother's death?"

"Your verbal promise doesn't count as anything," someone snorted.

Ning Qing put her hands on the cold edge of the table. I, ning Qing, can write a letter of commitment. If the Lou family is affected and I can't make up for it within a year, I'll let you deal with me however you want. How about it? "

When Nian lie heard this, he frowned. He was about to say something, but ning Qing said in a cold voice, " I've understood mother. She must have treated all of you well when she was alive. You're doing this for your vanity. Not only are you disgracing the dead, but you're also disdaining the living.

"....."

The expressions of the people present changed, as if they were touched by her words.

Ning Qing stood up straight. I'll definitely send out the obituary. As for the funeral, if the Lou family is not willing to host it, I'll send someone to do it myself.

After saying that, she picked up the hat on the table and put it on firmly, covering her eyebrows and eyes.

She lowered her head slightly and left in her high heels.

"....."

Nian lie didn't say anything and chased after her.

Someone was unhappy. what's with her attitude? You've already made me the clan head? You're not going to listen to us?"

The white-haired old man's brows furrowed. alright, what's wrong with the child wanting to be filial? " after joining the Lou family, she naturally has to consider the long-term interests and future of our Lou family. She's not considering our views!

"This girl is currently feeling sad, you guys should stop talking."

Lou qingyue's lips twitched into a sneer. She pretended to be serious. third great uncle, it's not that we don't understand my sister. However, it's just that she's sad. Personal feelings and the family's mission can not be mixed together.

"That's right!" The others echoed.

Lou qingyue's eyes were submissive. if it were me, no matter how sad I am, I would still put the family's interests first.

"....."

At the side, Lou Weiwei looked at the pretentious woman and couldn't help but laugh.

Lou qingyue suppressed her anger and looked at him. little uncle, what are you laughing at? "

The man raised his eyebrows. nothing, I just wanted to praise you for being sensible.

"....."

Lou qingyue didn't want to know if he meant it or not.

Because she really hated this little uncle's enigmatic tone.

Lou Weiwei threw away the pen in his hand, stood up, and put his hands in his pockets. In the future, don't call me for this kind of thing. It's a waste of time.

There were people talking behind him, but he didn't care and walked away.

[Chapter 1150](#)

1150 Nian lie, please help me (1:

On the third floor of the main residence, Nian lie found Ning Qing in her bedroom.

The woman was half-lying on the bed, looking exhausted.

He slowed down and walked to her side. Thank you for your hard work.

Ning Qing opened her eyes and asked, "What did they say?"

Third Great Uncle helped you say a few words, but most of the remaining people didn't say anything.

Ning Qing hummed in agreement and did not say anything else.

Nian lie knew that in order to get the Lou family to agree to the funeral, she had been running around and thinking of all sorts of ways.

He wanted to comfort her, but he didn't know what to say.

"Ning, it's okay. If we can't convince them, we'll do it ourselves," he said.

Her mother was also his now.

They couldn't let her leave in such an ugly way.

Ning Qing's eyes reddened. She was a little disappointed and sad, and she nodded.

*

Even at night, there was still no news from the elders.

Ning Qing was completely disappointed. Just as she was about to discuss with Nian lie about holding the funeral in private, the old man arrived.

The old man sat in front of her with a walking stick and said, "Girl, I understand your filial piety. I have discussed with the other elders. We can hold the funeral, but the scale should not be too big. If we make too much noise, it will affect the foundation of the Lou family. So, how about we invite people in the family and not invite outsiders?"

Ning Qing knew that he had already taken a step back. With red eyes, she said, "Thank you, Third Great Uncle.

After the funeral, you and Qing Yue will be undergoing training and tests in the clan. You have to be mentally prepared.

"Yes."

The old man sighed. your mother has been doing well for the past few decades, and your sister has been doing well for the past two years. I hope you can do the same.

These words carried too much hope and expectation.

Ning Qing held the old man's skinny hand for the first time. don't worry. I'll work hard this year and live up to your expectations.

The old man's eyes glowed, but he still kept a serious expression and patted the back of her hand.

Everything was conveyed without words.

*

The Lou family was a big family. The preparation of the funeral was complicated and jumbled. It originally needed a long time.

However, because of third great uncle's " everything will be simple ", the funeral was held three days later.

On the day of the funeral, it drizzled in the capital.

A luxury car set off from the Lou family's home and shuttled through the drizzling rain to the cemetery of the Lou family.

Ning Qing was wearing a black dress and had a heavy expression on her face. She walked at the front of the group, holding a box made of gold-rimmed nanmu.

Beside her, Nian lie was holding a black umbrella over her head.

The people who followed behind were all from the Lou family.

"....."

The cold wind whistled past her face like a knife, but ning Qing did not feel it.

Standing in front of the cemetery, she looked at the small world, and her hands trembled unconsciously.

She couldn't hear what the people beside her were saying.

Nian lie was very worried. ning? "

Ning Qing looked back. what's wrong with ran ran? "

He pursed his lips, and his brows revealed a deep and solemn look.

"Time's Up, put it down."

Ning Qing's fingertips curled up involuntarily. The cold rain slanted and hit her, making her unable to open her eyes.

Lou qingyue was shivering from the cold. She couldn't help but remind him. can you hurry up? "

"....."

Ning Qing persuaded herself that she should let her go and let her rest in peace.

But her arms were so stiff that she couldn't move.

Nian lie didn't rush her. He just looked at her.

Everyone was looking at her.

"Nian lie," she finally spoke with her pale lips.

The man focused his attention. I'm here.

These two words were the best proof that he was protecting her.

"Please help me," ning Qing said.
