

Mr Nian 1261

[Chapter 1261](#)

1261 Lou qingyue has disappeared _1

She thought he would be angry, but the man didn't.

young master, " Lu Zhui said, " let's go out first. It's harmful to inhale too much smoke.

"Opposite."

Nian lie suddenly said.

Lu Zhui was stunned for half a second. The man had already turned around and rushed downstairs.

Lu Zhui spoke into the walkie-talkie, and everyone left the building in an orderly manner.

In the protective circle, ning Qing was on tenterhooks. After she had sent someone to bring youzi back to the Lou family, she had been guarding there.

That was why she was the first to see Nian lie when he came out.

She couldn't care less about the people around her stopping her. She rushed forward. Nian lie!

After checking the man up and down, she quickly asked,"where's Mo Han?" Did you find her?"

Nian lie's gaze was deep. ah ning, Mo Han isn't there.

Not in?

Ning Qing's mind went blank. What do you mean he's not here? No one? Did he come down alone? Mo Han is so smart, he must know there's a fire. Yes, that's right."

The woman was a little abnormal. I'll go and look for him. He must be one of those people.

"Ah ning!"

he's gone! Nian Xi held her arms and said with difficulty, " he's been taken away.

Ning Qing's tears flowed. who? "

Just as he asked this, Lu Zhui picked up the phone and walked forward. His expression was even uglier.

young master, young Madam, the Lou family has sent news that Xuanji, Lou qingyue, has disappeared.

*

On a certain broad road, a weak woman lay in the back seat of a car, and it was not eye-catching.

Lou qingyue's breathing became uneven and her chest hurt. where are you taking me? "

The chauffeur did not even turn around. don't worry, miss qingyue. I'll take you to a safe place.

Lou qingyue wanted to ask something, but her body was too weak. It was hard for her to even speak.

She remembered the scene when she came out of the Lou family's house. The whole family was in a mess, and this person had taken advantage of the chaos to save her.

She thought, "something big must have happened, otherwise, why didn't those people notice that I'm missing?"

Outside the car window, a huge display screen above a building reported the situation of the fire.

at 6:20 this evening, a medium-sized fire broke out on the fourth floor of the Imperial Hotel. When the fire was raging, a business banquet was being held. According to an insider, the banquet was organized by the Lou family. The new head of the Lou family, Lou Qing, his husband, Nian lie, and his family were all present.

Lou qingyue's eyes, which were about to close, froze. Light and shadow gathered. fire? "

"....."

"Your boss did this: : she quickly connected the dots and asked:

"I'm only responsible for bringing you out of here: I don't know anything else," the man in the front seat replied:

Lou qingyue gritted her teeth and closed her eyes.

Forget it.

It was good that she could escape and no longer had to suffer the torture of that b * tch.

Shen Yao was still the most reliable. At least he saved her.

As for ning Qing and Nian lie and Qianqian, it would be considered a light punishment if they died in the accident. Otherwise, she would never let them off!

The man in the front seat hesitated for a moment. Sir asked me to take you away directly, " he said. he said that you'd better not come back in the future.

Lou qingyue froze and her expression turned cold. what does he mean? "

Chase her away?

"Why should I leave? They caused me to be in this state. I want to take revenge and watch them suffer!"

"Miss Qing Yue."

The man's words were cold and emotionless.

"Sir said that this is the last thing he can help you with."

Lou qingyue focused and heard him continue, " he saved you to repay his last favor. I will send you to the airport in a while. I have already bought a ticket for you. You can leave the capital immediately and never come back again. Don't provoke anyone again. This is the advice he asked me to give you.

[Chapter 1262](#)

1262 Car accident, died with grievances (1:

“Nonsense!”

Lou qingyue angrily propped herself up. Under her empty sleeves, there was only skin and bones.

“I saved his life and allowed him to live until now! Was it enough for him to say that he had paid it off? It’s not enough, Zhenzhen is far from enough!”

they tortured me until I was neither a human nor a ghost. They injected poison into me and took away everything that originally belonged to me. I haven’t taken revenge yet, so why should I leave? ”

calm down, ” the man said, trying to comfort her. Sir is thinking about your future.

The second household of the Lou family had lost their momentum. How could they possibly turn the tables?

Shen Yao had long understood this point and had laid out the last path for her. It was best that she could leave, and it was not in vain that he had known her.

However, Lou qingyue had never been a quiet person.

“Without the Lou family’s glory, what future do I have?”

The woman sat up in the back seat and ordered the man, “I’m not leaving!” Now, take me to see him!”

“Miss Qing Yue, Zhenzhen.”

“I want to see Shen Yao!”

The man was helpless. please sit down. It’s dangerous.

After Lou qingyue sat down, she took advantage of the man’s inattention and reached out to grab the steering wheel with a fierce look.

“Miss Qing Yue!”

The woman couldn’t hear him and was completely possessed. I’m not leaving! I want to see them die! I want to take back the Lou family!”

“Squeak-”

“Don’t even think about stopping me!”

“Bang!”

Under the intense fight, the car completely lost control and crashed into the railing by the side of the road.

uh, uh, uh. Lou qingyue woke up in a daze.

She looked at the man whose head was covered in blood, not knowing if he was Dead or Alive.

Flustered, she pushed the door open madly and muttered, “ I didn’t kill anyone. she threw herself out of the deformed car door.

People were pointing at her, but she couldn't hear them.

ning Qing, you've taken everything from me. I want you to pay me back double.

I want to live. I can't die. I'll make you pay. I'll kill you all!

I want you to be afraid of me. In this life, your family will never be able to escape from my palm.
Hahaha!

She laughed crazily and spat out a mouthful of blood.

Lou qingyue stood up with all her might and held onto the car door. Amidst the screams of the crowd, she suddenly came back to her senses.

However, he was already standing in the middle of the road.

The speeding car couldn't control itself and directly hit her.

"Bang!"

Lou qingyue felt a sharp pain. Her body flew into the air and then fell to the ground.

"Ambulance! Call an ambulance!"

There were screams from the crowd, and even more fearful and sympathetic gazes fell on her.

"I'm going to die!"

Lou qingyue's eyes widened. Bright red blood flowed out from the corners of her lips, eyes, and nose.

After some time, the indignant light in her eyes dissipated.

He died with his eyes wide open.

*

After a few twists and turns, Shen Yao finally found Lou si.

At that moment, a child was tied to Lou Si's feet. The child was very calm and did not panic at all.

"What do you want to do?" he asked coldly.

"Did you save qingyue?" Lou si asked.

Shen Yao was silent for a while. I'm already on the way.

Lou Si was holding a ring in her hand as she gently caressed it, as though she was resting with her eyes closed.

"Shen Yao."

He looked at her coldly, and she said, "what are your plans after this?"

Shen Yao looked straight at the child by her feet. it's no use bringing him here.

Lou si smiled sinisterly, " he's qingyue's child and my grandson. Why can't I bring him here to take a look? "

[Chapter 1263](#)

1263 Are they really my parents?

"....."

"As for you, I heard that you want to send me and qingyue away?"

where do you want to send us? " she asked casually.

Shen Yao knew that she had already understood his intentions and spoke bluntly.

she's the one in charge of the Lou family now. She has the support of the elders and Nian lie. No one can pull her down from her position as the head of the family. She's destined to never let you off for everything you've done to her.

you don't have the capital or power to fight her. You don't even have a stand.

so, the best outcome is for you to leave and never come back.

"As long as they don't find you, you and your daughter can live a peaceful life."

His words were calm, direct, and sounded very reasonable.

Lou Si's heart was burning with anger as she put on a fake smile, " you've thought everything through, but what if she finds me? "

"....."

I've been in the Lou family for decades. I'm very clear about their means and connections. Lou Si's eyes suddenly turned dark, " I can confidently say that no matter where qingyue and I go, we will be found within a month.

She didn't need to say much about her fate after she was found. Shen Yao would understand.

However, Shen Yao did not want to continue thinking. I can help you.

"How can I help? You keep changing Places and don't have a fixed residence?"

"....."

Lou si slammed her palm on the table as a sense of authority emanated from her.

"I, Lou si, have always hated being sneaky and disdained to hide for my entire life!"

She would rather die than live in the shadow of Lou Lan's daughter for the rest of her life!

Shen Yao frowned, and his emotions fluctuated a little. you can't win against them with just the two of you.

When Lou si heard this, she laughed coldly.

She looked at the boy by her feet. Shen Yao sensed her intentions and panicked.

“He’s just a child.”

Lou RUO smiled. it depends on whose child he is.

She was not in good health, but she could still pick up the child from the ground, and her words were full of pride.

“He is my final trump card.”

Shen Yao’s face darkened. did you get someone to start the fire? ”

Just to abduct this child?

“The fire was only to create chaos and ran ran’s target was naturally this child,” Lou si said honestly.

“.....”

She looked at Mo Han, whose eyes were covered with a black cloth, and her smile gradually became perverted.

ning Qing and Nian lie treasure him a lot. They almost lost their lives trying to find him. However, this child is loyal to qingyue and has done many hurtful things.

She touched Mo Han’s head again and again. Mo Han seemed to feel something and stopped pretending to be dizzy. He rubbed off the black cloth on his eyes.

so, they’re really my father and mother?!

This sudden childish voice exploded between the two of them.

Shen Yao didn’t say anything and Lou Si was shocked for a moment. She then comforted her softly, “ child, you heard wrong. Your mother is Qing Yue. Have you forgotten? ”

Mo Han struggled in his heart and shook his head. no! No, my mother’s name is ning Qing!”

Lou Si’s smile gradually disappeared and Mo Han struggled to get rid of her, but he didn’t have enough strength.

His face turned red. mommy said that you were the ones who lied to me in the past. Yueyue, let me go. I want to go back!

Lou Si was flustered and exasperated as she slapped his face.

Shen Yao took a step forward, and the child fell to the ground. He looked at the hunched woman in horror.

Lou si said ruthlessly,”you reckless thing, repaying kindness with enmity!” If Qing Yue didn’t say that she wanted to keep you, do you think you would still be alive?”

[Chapter 1264](#)

1264 An accident, death on the spot (1:

At first, Lou qingyue had received her instructions and wanted to recognize the child in ning Qing's stomach as her. It would be better if it was a daughter. She could use her to fight for the position of the head of the family. But it was a son.

She ordered to get rid of her, but Lou qingyue tried her best to stop her. She said that she would be useful in the future.

But later, Lou LAN found out that they had targeted ning Qing, so he sent Lou qingyue to the United States for three years as punishment.

In those three years, it was Qing Yue who had secretly taken care of this child and raised him to this state.

But in just a month, this child had believed ning Qing's words?

How was this possible?

How could he!

Lou Si's eyes turned red, " your mother was sent to the US for three years because of you! She's been guarding you for so long, and you've already gotten someone to instigate a rebellion within a month? Are you going to turn against us?"

Mo Han's Black eyes were wide open. He seemed to be scared out of his wits and shook his head.

Seeing this, Lou Si's expression changed rapidly.

She went forward and helped Mo Han up with a loving smile.

good child, don't be afraid. Grandmother didn't mean to be fierce to you. I'm just afraid that you'll be bewitched by others.

"....."

you don't know how afraid grandmother was when you and your mother weren't around. Fortunately, you've returned safely.

Following her lead, she even wiped the corner of her eyes. Her acting skills were first-class, and Shen Yao frowned as he watched.

Mo Han's hands trembled, " but, you asked someone to tie my Yueyue up.

Lou si rolled her eyes, " I'm just afraid that you would get lost.

She untied Mo Han. Mo Han shook his red wrist and looked at the marks. I just heard you say that there was a fire. Are you trying to harm my father and mother? "

Lou Si's face turned cold, " I'll say it again. Your mother is only qingyue! Not that lowly woman!"

Mo Han's arm hurt from her grip and he quickly nodded.

She smiled again. good child, go and rest first. Grandmother will call you later.

Mo Han's hands trembled in fear and he didn't dare to show it. ran ran, what are we doing? "

“Wait for your mother to come back.”

“Hello, Yueyue.”

Mo Han entered the small room and closed the door.

Lou si straightened her back and Shen Yao saw everything. he will find out sooner or later.

It was easy to guess whether it was a lie or the truth.

Moreover, her lies were so clumsy.

“Then let’s get rid of everyone before he finds out,” Lou si said:

Shen Yao felt uneasy. He was about to say something when his phone vibrated.

He took it out and his cold face stiffened for a moment.

Lou si didn’t notice this as she ordered, “ if you don’t wish to interfere, you can leave. Qing Yue and I won’t leave. Leave a few men for me to bring Qing Yue back and leave.

“.....”

Shen Yao didn’t have any reaction and Lou Si was unhappy. did you hear that!

Shen Yao pursed his lips, and his sharp eyes were complicated and turbulent.

“I won’t be able to come back,” he said in a low voice after a while.

“What?”

she was in an accident. She died on the spot.

The meaning of these twelve words was broad.

Lou Si’s mind was empty. When she saw Shen Yao’s expression, an impossible thought entered her mind.

“No! It’s impossible!”

“.....”

I’ve asked people to delay ning Qing and the others. How could something have happened to her? ”

Or would he die on the spot?

Lou si originally thought that she didn’t believe him but she realized that her hands were shaking uncontrollably, “ no, Huahua, she won’t die. She’s my daughter! The high and mighty miss of the Lou family, she was born noble, she’s a coward.”

She couldn’t say anything else.

“In the face of life and death, what’s the use of being poor and rich?” Shen Yao said quietly.

[Chapter 1265](#)

1265 Go to hell, all of you go to hell

This sentence struck Lou Si's sore spot and she could no longer maintain her fake elegance and demeanour. She inched towards him like a malicious spirit.

"Was it you?"

Shen Yao did not back down. what? "

"Did you do this on purpose to harm Qingyue?!" Lou Si grabbed him and questioned him fiercely.

"....."

"I should have known that you're biased towards that woman. What's so good about that woman? She's just like her mother, pretending to be kind and understanding on the surface, but in fact, she's full of evil tricks and is the best at fighting for power!"

She was completely bewitched and cursed like a Shrew.

"I've been suppressed by her my entire life. Why should my daughter be inferior to her? I won't accept my fate, I will never admit defeat! Even if we're underground, I'm going to fight her!"

"No, Lou LAN is dead. He died a long time ago! I'm still alive, hahaha!"

Shen Yao held her hand. calm down.

"Qing Yue is dead. How do you want me to calm down?"

"....."

The woman's wrinkled face finally showed a trace of sadness. that's my only daughter. You killed Yingluo. Return her to me, return her to me!

Shen Yao controlled his temper. I didn't do it. I'll say it again, it was an accident.

The woman refused to listen and kept pushing him.

He was a little heavy-handed and pushed her to the ground.

"....."

Shen Yao could understand the shock he felt after finding out that he had lost his daughter.

He squatted down and tried his best to soften his voice.

the news has already spread and can't be saved. After she leaves, there's no point in you staying in the capital. I'll arrange for someone to send you away. As for that child, I'll have someone send her back to prevent them from finding trouble with you again. As for her funeral, I'll handle it.

He wasn't good at comforting people, so he hesitantly patted her shaking shoulder.

"Don't be sad, Yingluo, uh--"

A sharp pain passed through his neck. Shen Yao's eyes flashed with disbelief, and he retreated quickly.

However, blood kept flowing out of the wound on his neck.

Lou Si's long hair was disheveled and her eyes emitted a terrifying light, " go to hell! All of you can go to hell!"

"....."

Shen Yao covered the wound, but the bleeding could not be stopped.

Lou si raised her hand. A sharp spot protruded from her ring and fresh blood was dripping from the tip.

"You're on their side and you want to send me away. Do you think I'll believe you?"

"You just want to send me to my death!"

"You all want to control me, but I won't be fooled by you! If Lou LAN wants to control me, I'll poison her to death. If you want to control me, you'll have to die too!"

I, Lou si, have been intelligent for my entire life and have planned for half my life. Even now, no one can decide my life!

She kicked Shen Yao down and turned to enter the room.

Not long after, she dragged Mo Han out.

The child saw that Shen Yao was covered in blood, and his face turned pale. grandmother, he sniffed him.

"Don't bother about him."

Lou Si was extremely indifferent as she dragged him away.

"But he's injured, we need to call the doctor!"

Mo Han was in a dilemma, but he couldn't withstand her strength.

When he passed by Shen Yao, he stretched out his hand and grabbed Mo Han's arm.

Mo Han turned back. The man's long and narrow eyes were filled with pain and he was trying to persuade her not to let go.

He understood.

"....."

Shen Yao covered his neck with one hand and couldn't speak, but his eyes were firm enough.

Lou si didn't care anymore and kicked his chest again. After he let go, she said, " no one can stop me. she pulled Mo Han away from his sight.

[Chapter 1266](#)

1266 The ground full of blood.1

On the cold and empty floor, there were traces of blood.

Shen Yao was in so much pain that his head was covered in sweat. He took out his phone with great effort and dialed a number.

On the other side, ning Qing, who was busy looking for someone, did not hear the phone ring.

“Damn it.”

Shen Yao cursed in a low voice. He clenched his phone tightly, and his eyes swept across the room. He took a tie from the shelf, tied it around his neck, and chased after her.

*

On the other end, ning Qing and Nian lie were anxiously looking for her.

When they found out that Lou qingyue had died, the two of them were extremely surprised.

Ning Qing was a little excited, thinking, “I’ve just escaped and something happened. This is God’s eye and retribution!”

On the other hand, Nian lie was thinking, “Mo Han just disappeared, and Lou qingyue just so happened to disappear. What’s the connection between these two?”

By the time they found Lou Si’s hiding spot, the building was already empty, leaving behind a bunch of wolves.

Lu Zhui squatted on the ground and cried out, “it’s blood. There’s a lot of blood. I’m afraid the blood vessels have ruptured.

Ning Qing was flustered. quick, check if it’s Mo Han’s.

“Yes.”

Nian lie stopped her. there’s no need to check.

Ning Qing and Lu Zhui looked at him at the same time. His eyes were cold. Lou si is trying to threaten you and me. Killing Mo Han is useless to her.

Lu Zhui said excitedly, “maybe he’s venting his anger!” Isn’t it their favorite thing to do to make you and young Madam suffer?”

Nian lie shook his head. the current situation isn’t in her favor. If she still wants to take back the Lou family, she won’t be so stupid as to lay her hands on Mohan.

Ning Qing asked, “could she have done it on purpose?” She knew we would come, so she threatened us?”

“She wouldn’t do such a meaningless thing.”

Ning Qing panicked even more. it’s been so long. Mohan is in her hands. He’s still so young. He must be afraid of Hanhan.

Ever since she got back together with Mo Han, she had never been separated from him for such a long time.

ning, don't be afraid," Nian lie said gently. the other party has a request. They won't hurt the child.

"But didn't Lou qingyue just get into trouble? If Lou si knew about this, would she use the child to vent her anger? What if he ..."

"Ning, don't scare yourself."

Nian lie was also a little flustered. After all, the child had gone missing right under his nose.

Moreover, that child had just promised him that he would protect ning Qing and youzi with his life.

His determined expression seemed to still be in front of him, and he even remembered his body trembling with excitement.

Nian lie took a deep breath. I've already asked the other side. The truth is that Lou qingyue's incident was an accident. It wasn't man-made. I think Lou si already knows.

However, after she found out, the pain of losing her daughter might make her lose her mind. As for how she would treat her child, she would definitely be angry.

Nian lie couldn't make a judgment, so he didn't dare to say anything.

"We're in a passive position. We can't panic, especially you."

Ning Qing held back her tears and forced herself to calm down. I think they have helpers.

"How did you know?"

"The Lou family is heavily guarded. How can they leave just because Lou qingyue says so? Even if something happens to the hotel and everyone's attention is diverted, there's a high possibility that someone from the Lou family will pick her up and tell her when to leave, including sending her away."

"....."

The more ning Qing thought about it, the clearer her thoughts became.

the disturbance we caused in the hotel was caused by someone. On one hand, it was to take Mo Han away. On the other hand, it was to save Lou qingyue. These required a lot of manpower and resources. Lou si couldn't have done it alone.

Lu Zhui: "so Qianqian"

"I'm looking for someone."

[Chapter 1267](#)

1267 He is our son (1:

If he dug deeper into the people who were in close contact with Lou si, he would definitely be able to find out their whereabouts.

Lu Zhui understood. I'll send someone to look for him.

Just as he finished speaking, Nian lie received a call from an unknown number.

He motioned for the two to be quiet and picked up the phone without saying a word.

“.....”

The person on the other side said something that made ning Qing panic.

okay,” Nian lie said after a few seconds and hung up the phone.

“Who is it? What did he say?”

Nian lie’s dark eyes were calm and expressionless, but his brows were tightly furrowed.

“It’s Lou si,” he said.

Ning Qing and Lu Zhui were worried. what did she ask you to do? ”

“She gave me an address.”

The meaning of his words was self-evident.

Ning Qing was the first to deny it.

“No, you can’t go!”

Nian lie appeared very calm. He used his eyes to signal Lu Zhui to leave first. The other party nodded and left.

Only two lonely figures were left in the large living room.

Nian lie adjusted his state of mind and put on a relaxed expression. I haven’t told you what I’m going to do.

Ning Qing had her back to him and did not look at him.

I know you’ll go. For Mo Han’s sake, you’ll definitely go. But Nian lie, I have to tell you that since she dared to ask you to go, she’s definitely up to no good!

They were both people who had experienced great storms and waves. The other party’s purpose was too obvious, so obvious that she couldn’t lie to herself.

With tears in her eyes, she said, ” you knew that something would happen, so why did you still run into it? ”

Nian lie listened to her grumbling voice and felt a sense of familiarity that he hadn’t felt in a long time.

Ever since she had become the head of the Lou family, she had never shown any shyness or grievance, let alone complain.

No matter how big the problem was, it seemed that she could always solve it.

She was a mother of two and had grown up too much.

However, in his heart, he still selfishly hoped that she could always be as pure and kind as a young girl.

The man behind her sighed softly.

“Didn’t you miss him? You should be happy that I can bring him back.”

Ning Qing tensed up. I’ll be happy if you can bring him back safely.

Nian lie raised his eyebrows. you don’t have confidence in me? ”

Ning Qing did not respond. He stepped forward and hugged her from behind.

“Ning, he’s our son.”

“How come I’ve never seen you admit it before?”

Nian lie choked. that’s because that brat is always occupying you.

All of ning Qing’s sadness had run away, and she pinched the back of his hand.

“He’s just a child.”

“Yes, he’s just a child. He’s harder to deal with than a love rival.”

Love rivals could be merciless, but not sons.

Ning Qing rebuked, ” don’t change the subject!

Nian lie curled his lips. ah ning, I’m very happy.

Ning Qing was confused by his sudden words. what did you say, Yingluo? ”

I thought that in your heart, your son and daughter came first. Now, it seems that you’ve also considered me.

His words were really sour. Ning Qing squinted. when did I not consider you? ” In the face of such a matter, do you think I would only think of you to save my son?”

That was their son.

He had an obligation to save her, and so did she.

Nian lie was already satisfied. He hugged her tightly and rested his chin on her shoulder.

ah ning, to be honest, after you recovered your memory, I knew that I didn’t have the right to ask you for anything. I also didn’t expect you to still be in love with me. Even when you accepted me later, I thought you did it for the Lou family and our child.

Hearing this, ning Qing wanted to refute. do you think I’d compromise for these people? ”

[Chapter 1268](#)

1268 : must save _1

Nian lie gave her a flirtatious smile. of course not. What I meant was that I thought you were just making do, not because of your deep love.

Deep love?

Ning Qing quieted down in his arms.

Nian Ying noticed this, and his smile faded. His tone was calm and unhurried.

It was as if he was telling her the deepest things in his heart.

“The worst thing I could think of was to stay by your side and our child’s side forever. It’s fine if I don’t love you, as long as I love you.”

“Now it seems that I was too unconfident in you.”

It was enough that he could protect her.

Ning Qing was emotional, and tears welled up in her eyes.

Nian lie, have you ever wondered why I allowed you to stay by my side? ”

not for the child? ” Nian Xi understood what she meant and teased her.

Ning Qing glanced at him. I’m serious.

Nian Xi rubbed against the soft skin on her neck. I understand, ning.

She had always been soft-hearted.

Once her emotions were triggered, she would say anything hurtful.

That was her way of venting her anger, and it represented her true self, but she was never a cruel person.

“In my heart, you’ll always be the same you.”

Clean, pure, kind, and cute.

“No one can replace me.”

Ning Qing’s heart throbbed at the sweet words.

It had been a long time since she had felt this way. Even she herself thought that she would never be able to reignite her love for people.

But it turned out that it was not her love that had withered.

It was hidden deep in her heart, afraid of being hurt.

Ning Qing grabbed his sleeve. She had been overwhelmed with emotions for a long time, and her eyes were hazy with tears. do you think we’ll be together forever after we bring Mo Han back? ”

Her uncertainty pierced Nian lie’s heart.

He held her hand and pressed it against his chest.

“You won’t leave me again, will you?”

“I won’t,”

“.....”

Ning Qing was so touched that her tears fell and she leaned into his arms.

Nian lie, mom and dad, sister, youzi, and Mohan, they are my family. They are the most important people to me. But in my heart, no one is more important than you. You're just like them. You're someone I want to protect for the rest of my life. I'm willing to do anything for you!

Nian lie pressed his forehead against hers, his voice low and magnetic.

“I'm the same,”

“.....”

so, ah ning, for the sake of our future together, I will bring Mo Han back.

Ning Qing's heart ached, and she couldn't stop her tears. I want you all to be fine!

“Alright,” Nian lie said, doting on her as usual.

Ning Qing grabbed his collar and emphasized, “no matter what she asks for, you have to agree to her first. Safety is the most important. You and Mohan's safety are the priority. Do you hear me?”

Nian Xi's eyes were overflowing with gentleness. Every move she made was filled with tenderness, as if she had poured out a lifetime's worth of love.

“Alright,” he said.

*

It was late at night, and the lights were bright under the wind and snow Mountain.

Countless carriages and people surrounded the foot of the mountain, making it so that not even a drop of water could escape.

In a black luxury car, Nian lie was listening to ning Qing's nagging when someone knocked on the window.

“Young master, we can set off now.”

Nian lie nodded and turned to look at ning Qing.

Her expression changed several times, becoming serious and worried.

“Remember what I just said.”

Nian Yu smiled. I'll remember that.

Ning Qing's lips moved, but she stopped herself. She found that at this time, any words seemed to be pale and weak.

Nian lie reached out his arm and held the back of her head. While she was still in shock, he leaned over and kissed her on her red lips.

1269 It's too dangerous to go alone _1

“.....”

It was a heavy kiss without any unnecessary communication.

It was just a simple contact between their lips. It was so simple and rough that there was no technique involved. Her lips were broken.

Ning Qing inexplicably tasted a bitter taste of life and death. bitter years.

He pressed his forehead against hers and revealed a trustworthy smile.

be good and rest for a while. If you're tired, sleep for a while. I will definitely bring Mo Han to you in half an hour.

Ning Qing's eyes reddened. okay.

Nian lie didn't say a word. He took the blanket and covered her with it. He looked at her in disdain and opened the car door without any reluctance.

The cold wind blew in with the rain and snow.

Ning Qing shuddered and reached out her fingers, but she could not feel his body temperature.

The car door was slammed shut. He said something to the person beside him and left.

Ning Qing did not look at him through the window because she believed that he would return safely.

He had no other choice.

“.....”

Nian lie and Lu Zhui walked to a car. Lu Zhui handed him the keys.

the young master's location is at the top of the mountain, near the snow cliff. The temperature is below zero now, and the roads in the mountain have been cleared. You can go up smoothly.

Nian lie didn't say a word. Snow fell from his raised eyebrows, making him look even colder.

Lu Zhui's expression was grave. there's Emergency Medicine, warm clothes, a gun, and a location transmitter in the car. Please inform us first that you and the young master are safe.

“Yes.”

His words made Lu Zhui even more panicked.

“Young master, I don't think it's safe enough for you to go alone,”

Nian lie opened the car trunk and swept his sharp gaze across the car. He picked up a not-so-heavy jacket and put it on.

Lu Zhui was beside him. When he saw him fiddling with the gun, he tried to persuade him in a panic. actually, we can go up with you secretly. We won't be too close to you. If anything happens, we can help you immediately.

The journey from the foot of the mountain to the top was about 20 minutes. With the snow covering the mountain, the time needed might be longer, and the rescue could easily be delayed.

Lou si will be bringing young master along, so there shouldn't be too many people. I'll bring my men and follow you, and nothing will happen.

or, you can at least let me and a small team follow you. It won't be a bad thing.

"If it really doesn't work, just bring me can also be a good choice."

Normally, Lu Zhui wouldn't dare to be so long-winded, but today, he knew that Lou Si was holding onto Nian lie's lifeline-Mo Han. Hence, he didn't dare to let his guard down.

"Young master, young master, Qianqian, please listen to me."

Nian Yu pulled up his windbreaker and looked at her coldly. you know why I have to go.

Lu Zhui was anxious. of course I know, but Yingluo.

"No buts."

"....."

"Or do you also think that I don't care about him?"

Lu Zhui was stunned by her question. Then, his heart sank even more.

I know you care a lot about the young master. Although he hurt Madam, you never thought of abandoning him. You want to send him to the doctor, I know!

Everyone, including ning Qing, thought that Nian lie had no feelings for Mo Han.

However, he was the only one who knew that as a father, Nian lie had never lost faith in his son.

He had always believed in him.

Nian lie's eyes darkened after his thoughts were seen through. Lu Zhui was annoyed. I can understand that you want to save the young master. But what if the other party wants to hurt you? " That Crazy Lou si is the same as Lou qingyue. How could she just let it go?"

1270 : big fight with Shen Yao (1:

"....."

This was the first time Lu Zhui didn't want to listen to Nian lie's orders. He squeezed out tears from his eyes. I've been by your side since I was young. It was you who let me break away from my father's control and have my own life. You gave me a new life. I swore that my life is yours! I can die for you, but I can't just watch you die!"

The man's eyes were red.

Nian Yu pursed his thin lips tightly. In the cold night, his expression flickered.

He said, "Lu Zhui, the person she captured is none other than my son."

Lu Zhui pulled a long face. I know.

Nian lie rarely talked to him about relationships. The two of them had grown up together, and from a different perspective, Lu Zhui knew him better than Nian lie.

He pulled up his shirt and hid the gun behind his back. He patted Lu Zhui's shoulder and said, "I'll leave you for now. Help me protect her."

Lu Zhui wiped the corners of his eyes. He knew that it was useless to persuade him, so he could only nod his head.

Nian lie's dark eyes were deep. He walked around him, pulled the car door open, and entered.

Lu Zhui stared at the car's headlights as it reversed and drove up the mountain pass.

He was getting further and further away.

Until the red light disappeared into the forest.

He took several deep breaths, and the cold air stimulated his rationality. He turned around and walked toward the crowd, starting to plan and deploy.

"....."

In a short ten minutes, Nian lie had gone from a thin layer of snow to a thick layer of ice on the ground.

The wheels were a little slippery. He looked at the distance from the top of the mountain, stopped the car on a flat ground, and got out.

The phone rang. He did not hesitate.

"I'm here, where is he?"

Lou Si's voice was hoarse and one could hear the sound of the wind.

"Come to the back of the temple at the top of the mountain."

Nian Xi paused, but the other party had already hung up.

He could vaguely see the outline of the building through the forest.

After walking for about three to four minutes, they arrived at the entrance of the temple.

The words "temple of purity" were written on the plaque. There were lights inside, but the snow in front of the door was very thick. It was obvious that no one had cleaned it for a long time.

Nian lie hesitated for a moment before he pushed the door open and entered.

A hand suddenly reached out from behind the door.

"....."

Nian Yu's eyes and hands were sharp, and he dodged quickly, then elbowed his opponent.

The other party didn't seem to be agile enough and was hit by him. Nian lie took the opportunity to turn around, grab his throat, and press him against the cold wall.

The two men crashed into each other's eyes, neither giving way to the other.

"Who are you?"

Nian lie questioned. Shen Yao's nerves tensed up, but the pain and coldness made him reveal his pain.

The cold air was filled with the smell of blood.

"....."

"Who are you? what are you doing here?" Nian lie asked again.

Shen Yao gritted his teeth. He knew him.

"Shen Yao."

Nian lie frowned. His phone rang.

Shen Yao pushed him away and panted heavily.

Nian lie could tell that he was injured. He picked up the phone in front of him.

After a few seconds, he looked at Shen Yao and hung up the phone.

"You were the one who helped Lou qingyue escape."

"The blood in the room is also yours."

"You're Lou Si's man."

"....."

Shen Yao breathed and raised his cold eyes. you know, you don't have to be merciful.

Nian lie didn't make a move. His dark eyes flickered. you're injured.

And very heavy.

"Who did this?"

He stood there without any intention of helping.

Shen Yao tried hard to stand up and leaned against the wall. she took the child away. After I failed to stop ran ran, I called ning Qing, but she didn't pick up.

He didn't deny Nian lie's words and simply explained what had happened.
