

## Mr Nian 1281

### [Chapter 1281](#)

1281 You're the person he wants to protect the most (1:

"They can't live without their father, and I can't live without you."

Nian lie, wake up. Wake up.

"....."

She held his hand and rested her forehead on the back of his hand, crying on the bed.

On the hospital bed, the man's eyebrows were clear, and his eyes were closed.

Only the beeping of the instrument and the cries of heartache intertwined.

Hurrying people, tears falling.

\*

Ning Qing had stayed in the ward for more than half an hour. When she came out, her eyes were red and swollen.

Mo Han and Lu Zhui stood at the door. When they looked at her, their expressions were serious.

"Young Madam."

"Mommy, Yingluo."

Ning Qing lowered her eyes and looked at Mo Han. I'm fine.

Mo Han didn't say a word because he didn't think ning Qing was a good person.

Lu Zhui was a little cautious. young Madam, I think it's better to keep this kind of information a secret from the family. That's why I only sent people to inform a few close relatives.

At this moment, ning Qing was very calm, as if she had not been the one crying in the ward just now.

"Yes, but don't spread it."

"I haven't informed the old master and Madam in Ying city."

Ning Qing pursed her lips. tell them.

After all, Nian lie was their son.

"Then, your parents, Wanwan ..."

"I'll talk to them personally," ning Qing said.

Lu Zhui nodded and immediately gave the order.

In the corridor, other than the guards, only ning Qing and Mo Han were left.

Mo Han did not speak for a long time. Ning Qingrou's expression softened and she squatted down. what's wrong? you don't look so good.

Mo Han's eyelids moved and his red lips moved.

"Are you still feeling uncomfortable? I'll get the doctor to take a look at you again."

Ning Qing stood up to leave, but Mo Han held her hand. mother.

Ning Qing squatted down and stared at her son's little face.

"Don't do this," Mo Han said.

"....."

daddy became like this because he wanted to save me. I was caught by the bad guys because I wasn't careful enough. You can blame me. I hate myself too, Qingqing. If it wasn't for me, daddy wouldn't be injured and lying in bed.

The child lowered his head, feeling extremely guilty as tears welled up in his eyes.

Ning Qing's heart was in turmoil as she pulled him into her arms.

"It's not like that, Mo Han."

"....."

you're the child of father and mother, our most beloved baby. Father and mother have the duty and responsibility to save you. Besides, father and mother both love you. No parent would want their child to be hurt.

Mo Han cried. but I'm a bad child. I hurt my mother and hurt my father.

Ning Qing's eyes were sore. She had thought that she had shed all her tears and weakness just now, but when she heard the child say this to her, her heart still ached.

She let go of him and cupped his face. baby, mommy has never blamed you.

Mo Han sobbed. really? "

Ning Qing smiled a little. father has never blamed you. Although Zhenzhen has always been cold to you, in his heart, you are the person he wants to protect the most.

The boy was crying so hard that there were tears at the corners of his eyes, and his fair face was streaked with tears.

He was even sadder when she said that.

It was as if a small bug was crawling around his heart, biting him from time to time. It was very painful.

Ning Qing was very serious. Mohan, you have to know that no matter what, mom and dad will never give up on you.

"....."

“Look, this time, didn’t dad try his best to save you? If he doesn’t love you, why would he protect you when he’s injured?”

### [Chapter 1282](#)

1282 Dad is good to me (1:

Mo Han blinked his teary eyelashes and pouted his red lips. Hanhan’s father is good to me.

Ning Qing touched his ear-length short hair. father loves you as much as mother does.

“.....”

we hope that you will be healthy, safe, and happy for the rest of your life. Don’t be used and hurt by others again. This is what we hope for.

Mo Han sobbed and nodded heavily, ” I will be good!

He swept away all the negative emotions in his heart and gathered his courage to wipe the tears on ning Qing’s face. mother, I believe in father. He will wake up. Don’t be sad.

Ning Qing looked at her son, who was encouraging her, and felt deeply gratified.

It was said that a daughter was her little cotton-padded jacket, but wasn’t his son also her precious treasure?

Her eyes were glistening with tears, and she curled her lips. okay, mommy believes you.

“Mommy, don’t cry.”

“Don’t cry,”

Mo Han helped ning Qing up. Ning Qing thought about what had happened that day and asked, ” Mo Han, what happened that day. Are you willing to tell mom? ”

Mo Han thought for a few seconds and told ning Qing everything.

“Yingluo, dad got shot and pulled me back.”

Ning Qing listened to these earth-shaking words, and the pain in his heart did not go away for a long time.

“This child, why are you so silly?”

He actually wanted to give up his own life and die together with Lou si!

Mo Han lowered his head and said softly, ” I don’t want my father to be hurt again because of me. My grandfather, Yingluo, is too fierce. She looks like she wants to kill everyone. I’m afraid of Yingluo.

Ning Qing’s tears fell and she hugged him again, treating him like a treasure.

silly child, mom and dad know how you feel, but you can’t put yourself in danger. If something happens to you, mom will never forgive herself!

Mo Han’s heart ached. He patted ning Qing’s back. I’m sorry, Mom.

Ning Qing requested, " you only live once. Promise me. No matter what happens in the future, you can't give up hope. You can't give up your life.

"Alright," he said.

The two of them were silent for a while. Mo Han snuggled up to ning Qing. Then, he suddenly thought of something and said softly, " Oh right, mom. There's one more person.

"Who?" ning Qing asked.

"An uncle." Mo Han tried to recall, but he couldn't describe Shen Yao's appearance. He could only say, " when she caught me, that uncle wanted to save me. He asked her to let me go, but she didn't want to. She even stabbed the uncle's neck.

Ning Qing frowned. neck? "

A ray of light flashed through his mind.

Wasn't Shen Yao the one who injured his neck?

Mo Han acknowledged and was a little anxious, " I think he's badly injured and he's bleeding a lot. Mom, can you send someone to check on him? I'm afraid of Hanhan.

They were afraid that he would die.

Ning Qing was a little dazed. Oh, Yingluo is fine.

Mo Han was confused. did mom see him? "

Ning Qing's feelings were a little complicated. She still remembered that when she saw him, she had slapped him without figuring out what had happened. But it turned out that he had been injured because he had saved Mo Han.

And this morning, she realized that she had a few missed calls on her phone.

Although they were unfamiliar numbers, they were all from the same person.

Perhaps Shen Yao called her to inform her, but she did not pick up any of his calls.

"Mom?"

The young voice woke her up. She smiled comfortingly. that uncle is mom's old friend.

Oh, no wonder he was willing to save him. He was his mother's friend.

### [Chapter 1283](#)

1283 Dad, wake up \_1

Mo Han looked at ning Qing's strange expression and felt that something was wrong.

"Mom, did you fight with that uncle?"

Ning Qing's smile was forced. mother, Zhenzhen has misunderstood uncle.

Mo Han seemed to understand and patted ning Qing's shoulder. it's okay, uncle is a boy. All boys are generous. He won't be angry with his mother.

"....."

If it had been something else, there might have been a chance of turning things around.

It was a pity that she had misunderstood him too deeply, and Shen Yao was probably completely disappointed in her.

Mo Han couldn't bear to see her so frustrated, so he changed the topic.

"Can I go in and see my father?" he asked.

Ning Qing hesitated for a moment. yes, but be careful. Don't touch anything on father.

Mo Han nodded obediently, and ning Qing led him in. She left and closed the door.

Mo Han stood there alone for a while before looking at the man on the bed.

Compared to the tall image in his mind that refused to let go, the current Nian lie was too fragile.

It was as if it would break with a single touch.

His steps were light as he walked to the bed.

He looked left and right, then pulled a chair over with great effort and sat down. Only then could he see Nian lie's face in its entirety.

He was silent for a long time, as if he didn't know what to say, or as if he was thinking about what to say.

After a long time, he raised his head.

"Daddy."

"....."

"I'm Mo Han. You used all your strength to save Mo Han."

just now, my mother cried. She cried very sadly. I told her everything that happened last night. She told me that you usually treat me coldly, but you still love me.

He spoke very slowly, somewhat bashful and unnatural.

if it was a day ago, I would have thought that she was lying to me. But now, I know that she's telling the truth.

Mo Han raised his head and looked at the man who was sleeping.

after yesterday, you must be very tired. Mohan understands that you just want to rest.

"....."

"But, can you just sleep for a while and wake up? Don't make mommy sad."

As he spoke, his tears fell.

He tried his best to restrain himself, but in the end, he still burst into tears because he didn't get a response.

dad, wake up quickly. I Don't Want To See You Like This. Mom is waiting for you. I'm waiting for you too. And sister.

“.....”

Countless complaints came from this five-year-old child's mouth, somewhat clumsy and unable to control his emotions.

It was true.

After rambling for a while, Mo Han's face turned red and he cried miserably.

After he wiped away his tears, he looked at Nian lie with determination and promised, "it's okay. If you're tired, I can take care of mom and sister. I'll take good care of them. When you wake up, I'll hand them over to you!

He made up his mind and clenched his fists. His eyes were full of spirit and determination.

The ward was quiet.

The weather outside the window was gloomy. Suddenly, the dark clouds broke open, and golden light seemed to sprinkle down.

\*

Ning Qing had personally returned to the Lou family and explained the situation to the elders. The elders all understood her and took over her work, giving her a three-month long holiday.

Father ning and mother ning had also rushed over when they heard the news. They were sad, but they also stayed by ning Qing's side, afraid that she would not be able to hold on and would collapse.

What about ning Qing?

In fact, she had already calmed down.

She was thinking that if Nian lie could wake up, it would be a happy ending for everyone.

If he didn't wake up, she would take care of the child and stay by his side for the rest of her life.

### [Chapter 1284](#)

1284 Seeing Shen Yao again (1:

What if, during the new year holiday, an accident happened while she was unconscious?

She thought, she would still hold on.

Whether it was for his parents who were gradually growing old, or for the two young siblings.

She would definitely hold on.

\*\*\*

Very quickly, three months had passed.

Nian lie's ward was as quiet as ever. As usual, he showed no signs of waking up.

That day, ning Qing had just finished giving him a simple massage. Mo Han held youzi's hand and walked around the bed, protecting her with both hands behind her back and reminding her from time to time.

"Walk steadily, don't go too fast."

"Slow down, you can't go there!"

"Youzi!"

"Bang-ah! Wuwuwu!"

Ning Qing turned around in a hurry. Mo Han picked up youzi with some difficulty. I'm sorry, Mom.

Ning Qing returned a smile. I'm fine.

She carried youzi and asked, "baby, what's wrong? where did you hit yourself? let mommy take a look.

Youzi covered her forehead with both hands, crystal-clear tears like gems falling non-stop.

"Did you hit your forehead? Mommy will blow on it."

Ning Qing removed her hand and saw that her forehead was a little red.

She blew twice and patted youzi's back. Okay, okay, don't cry.

Youzi sobbed, "mommy, it hurts ~"

"Mommy, it doesn't hurt."

Youzi was stunned for a moment, then pouted and said, "youzi, it hurts."

"Mommy's blown, it doesn't hurt anymore. Youzi, be brave."

Looking at the interaction between the mother and daughter, Mo Han felt bad.

I'm sorry, Mom, " he apologized again. I didn't take good care of my sister.

Before ning Qing could say anything, youzi started to wave her hands. no! It's not brother!"

Ning Qing smiled. I know. Youzi was careless, wasn't she? "

The little girl blinked her teary eyes and nodded.

"It's okay, youzi isn't afraid. It's just a little pain, and there will be more difficulties in the future. You can't cry so easily."

Youzi's nose and eyes were red, and she said in a childish voice, "okay!" I'm not afraid!"

Ning Qing put her down on the sofa and told Mo Han to just watch her. Then, she returned to Nian lie's side.

She listened to Mo Han playing with youzi with the toy and smiled.

She said in her heart, Nian lie, look, Mohan and youzi have both grown up. Mohan knows how to take care of youzi now. Youzi didn't want to at first, but she's used to it now. She's always sticking to Mohan. The siblings have a good relationship, and I feel at ease.

"It's just that it'd be great if you could wake up,"

As she thought of this, ning Qing's smile faded a little.

There was a knock on the door.

Lu Zhui's voice came.

"Young Madam, someone wants to see you."

"....."

"It's the person I saw on Blizzard Mountain."

Ning Qing paused, then went to open the door.

"Is it him?" she asked Lu Zhui.

Lu Zhui took out his tablet. The man on the screen had cold eyes and a sharp face. He had a 'not to be trifled with' aura.

Ning Qing's eyes lit up. Quickly invite him in!"

"Yes."

Not long after, a figure entered the ward.

Mo Han looked at him approaching and his black eyes lit up. uncle!

Shen Yao and ning Qing looked at each other and were attracted by him.

Mo Han put down his toy and ran to him excitedly. you're fine, that's great!

Yingluo. Shen Yao was a little overwhelmed by his enthusiasm.

mm," he replied. Then, feeling that he was cold, he added, " it's good that you're safe.

### [Chapter 1285](#)

1285 Resolving the misunderstanding and coming separately \_1

Mo Han was so excited that his face turned red. thank you for saving me! I'm sorry for causing you to be injured."

He stood up straight, bent down, and bowed deeply.

Shen Yao didn't think that being injured was a big deal. For an assassin like him who had been licking blood from his blade since he was young, it was common for him to be hunted down.

However, he was touched by the sincere gratitude of a child.

It was as if the wound on her neck had become lighter.

Shen Yao was a little stiff. He raised his hand. I'm Chenchen.

Ning Qing saw his embarrassment and walked over. alright, Mohan, uncle has received your gratitude and apology.

Mo Han stood up and smiled brightly.

"Take your sister out first. Mother has something to say to this uncle," ning Qing instructed.

Mo Han nodded sensibly and held youzi's hand as they got off the sofa. Youzi crossed her short legs and obediently followed Mo Han out.

However, when she passed by Shen Yao, she still raised her head and stared at him curiously with her big black grape-like eyes.

She even stopped in front of Shen Yao.

Mo Han was a little embarrassed. I'm leaving, youzi.

The little girl tilted her head. handsome brother.

Mo Han held his forehead. He had no choice but to carry her from behind and leave.

"You've taught him well."

Ning Qing paused for a moment and smiled. thank you.

Then, the two of them fell silent.

The air was a little heavy, especially when Nian lie was still lying on the bed.

Ning Qing considered her words carefully. that Zhenzhen.

"You're so silly!"

The two of them spoke at the same time, and then stopped at the same time.

Shen Yao frowned. you go first.

Ning Qing pursed her lips, her eyes a little strange.

I've told Mo Han about what happened that day. I know the whole story, but I was too emotional before and misunderstood you. I even hit you, I'm very sorry.

Shen Yao lifted his eyes. His gaze was neither cold nor light. it's okay, I can understand.

Ning Qing heaved a sigh of relief when she heard him say that he was fine.

In the past few months, she had felt guilty whenever she thought of him.

Ning Qing laughed. Mo Han also told me that you wanted to stop Lou si, and she even hurt you. Shen Yao, thank you for being willing to stand on my side and help me save my son.

The man's eyebrows moved. I'm not on anyone's side. I'm not helping anyone.

Ning Qing did not feel awkward. I still have to thank you. I'm really sincere.

Shen Yao didn't say anything. She led the way and walked to the sofa. She let him sit down and poured him a glass of warm water.

"There's no other drink in the ward. Just make do with it."

When she lowered her body, there was a fragrance.

Shen Yao's mind wavered, and he moved his gaze away from her face.

"I'm here to say goodbye,"

A few words, concise and to the point.

It had always been his style.

where are you going?" ning Qing was surprised.

"Anywhere is fine."

In short, he was used to wandering around and had never stayed in one place for so long.

In truth, in all those days, he had never left the capital.

He had heard about her training in the Lou family, how she had obtained the position of the head of the family, and everything that had happened after Xuanji. He knew everything.

But as for why, he had never thought about it.

Ning Qing was quiet for a while. you don't want to settle down?"

Shen Yao looked at him. if you stay in one place for a long time, you will have something to worry about.

With something to worry about, he would not be free no matter where he went.

In other words, he did not want to have any.

### [Chapter 1286](#)

1286 He will wake up \_1

Ning Qing did not know what kind of relationship she had with him, and she did not think that she had the right to influence his decision.

She smiled sincerely, her eyes pure and gentle.

"Then I can only wish you a smooth journey."

"....."

Shen Yao's eyelashes fluttered. yeah.

The surroundings became quiet again.

The two of them seemed to have nothing to say, but also seemed to have a lot to say.

Shen Yao initiated the conversation and looked at Nian lie, who was on the bed. how is he? "

Ning Qing smiled bitterly. what else can I do? it's a miracle that she can wake up, but it's normal that she can't. Countless doctors have said the same thing.

Shen Yao furrowed his brows. she can't wake up? "

Ning Qing shook her head, unable to voice the bitterness in her heart.

"....."

"Are you planning to guard him for the rest of your life?"

"Of course."

After she said this, ning Qing felt that the atmosphere around her was a little different.

She looked at Shen Yao and suddenly caught the quick emotion in his cold and indifferent eyes.

Sadness, sadness, or bitterness.

Ning Qing was stunned. Shen Yao wouldn't tease her.

"You're right, the child is already so big."

Shen Yao said, and his expression returned to that cold and indifferent look.

Ning Qing's heart was still strange, but before she could say anything, Shen Yao had already stood up.

She stood up as well. you're leaving? "

Shen Yao looked at her from the corner of his eyes. you want me to stay for dinner? "

"....."

Ning Qing couldn't reply. Such a cold sense of humor was never Shen Yao's style.

Shen Yao also realized what he had said and coughed. my schedule is very urgent. I just came to see you on the way.

Ning Qing lowered her head and squeezed out a smile. thank you.

He walked out without stopping.

"I'll get Lu Zhui to send you," ning Qing said.

"No need,"

"Shen Yao!"

He stood still and turned around. is there anything else? ”

Ning Qing’s hands clenched and she was a little excited. you’ve helped me a lot in the past, whether it was a conspiracy or a deliberate one. I’m happy to meet a friend like you. Thank you for everything you’ve done for me and my family.

“.....”

Time stood still, and space was still.

Shen Yao stood there alone and did not turn around.

He seemed to be in a trance, but also seemed to be very clear-headed, his straight lips pursed and then relaxed.

“It’s just a passing thought.”

Ning Qing smiled emotionally with tears in her eyes. I’ve wanted to thank you for a long time. Even if you thought it was futile, I’m relieved to say it now.

“.....”

“If you’re in a hurry, then go.”

The woman’s voice was gentle, neither too fast nor too slow. It was not as crisp as before, but more steady and mature.

“Shen Yao, have a safe journey.”

The man’s hair hung down from his forehead and covered his head. His eyes were cold and indifferent, sharp and seemed to keep people a thousand miles away.

“He will wake up,” he said.

Ning Qing was stunned for a moment, and her smile deepened. I believe you.

The door opened and closed.

The woman’s slender figure stood there. When she turned to look at Nian lie, her expression was gentle. Her eyes were quiet and filled with love.

Outside the window, a green sprout had sprouted from a branch.

Spring was coming soon.

\*

Ning Qing had been taking care of Nian lie for more than two months, but he had not woken up.

It was within her expectations and she was not disappointed. She even comforted Mo Han and her parents.

...

It was not that she was not afraid of his imposing manner.

She was afraid that he would continue to lie here.

She was afraid that he would leave in his sleep.

She was afraid that he would struggle.

She knew that Nian lie wouldn't like her for being so useless.

Perhaps, he would rather die than lie here like a piece of trash.

### [Chapter 1287](#)

1287 Nian Jinyu, you'd better be obedient (1:

However, even though she thought so, she felt that he would not give up.

For her, for Mohan and youzi, for their family.

“He will wake up.”

Every time she was disappointed and couldn't sleep at night, she would tell herself this countless times.

However, there was always a time limit to the holidays.

No matter how much the elders and internal staff of the Lou family understood her, as the head of the family, she couldn't just leave them behind. When Nian che was in trouble, she had also talked to Nian che, who was in Lin city.

She assisted him in managing the Nian Corporation while she was busy with the Lou family's Affairs. She also had to keep her two children company, taking into account Nian lie's situation. She was extremely busy.

However, no matter how busy she was, she would still visit Nian lie every night.

That was because only she knew how difficult it was for her to live without him.

Sometimes, she would even lean against his bed and fall asleep. In her dreams, she would dream that he had woken up and was touching her face with a smile. But when she woke up, she would have to face the cold and quiet space.

The greater the hope, the greater the disappointment.

At this moment, she was the saddest.

Therefore, she could only make herself busier. Only when she was busy would she not think about those possibilities.

All she needed was to wait fearlessly.

No matter how long.

Fortunately, the heavens would not let down those who trusted it so easily.

Such difficult days would end one day.

\*

A year later.

Yongye building, the office of the Supreme Chairman.

In front of the wide and luxurious office desk, a woman was wearing a beige haute couture casual suit jacket with silk suspenders inside. She matched it with a pair of suit pants of the same color and her black high heels tapped the ground lightly.

Ning Qing's Red lips curved up slightly. Her makeup was exquisite, and her eyes were warm and bright. She said in a voice that was neither humble nor arrogant, "okay, Mr. Zhou, your suggestion is very good. Your idea is very unique. I personally think it's better, but I hope that you can handle the follow-up personally.

"....."

of course, I'll send my assistant to keep an eye on him. Don't worry.

The excited words came from the other end of the phone. Ning Qing remained calm, her eyes smiling.

Two minutes later, she hung up the phone.

She looked at the time and glanced at the other end of the sofa.

On the dark gray leather sofa, the little girl in a pink chiffon dress stretched out her little hand and looked at the strawberry cake on the coffee table. Her plush toys were all thrown aside.

"Nian Jinyu." Ning Qing's voice was cold.

The little girl stopped, turned around, and met her mother's cold eyes.

"Mom, are you done with your work?" she asked with a smile.

"What do you want?: ning Qing asked.

She retracted her hand and picked up the piggy toy. youzi, be good and play with your toy. Don't disturb mommy ~"

"But I saw you taking the cake just now."

Youzi blinked her eyes. mommy saw wrong. Youzi didn't.

Ning Qing gave a fake smile. really?"

Youzi nodded and pretended to be sensible. mom said that the doctor said that my teeth aren't good, so I can't eat sweet food. So youzi was very obedient and didn't eat it secretly.

Youzi, who was only three and a half years old, could now spit out words very clearly and almost didn't need anyone to help her speak.

However, it was precisely because of this that ning Qing felt a headache.

The older youzi grew, the more clever she became. Sometimes, she could even get her into trouble.

“You’d better listen to me,” ning Qing said, holding her forehead.

“I’ll be obedient.”

Ning Qing stood up and walked towards her.

Youzi watched as her mother walked over and sat beside her. She turned sideways and hugged her, then climbed into her arms and kissed ning Qing on the cheek. mommy is so pretty!

### [Chapter 1288](#)

1288 Mother loves father more (1:

“When will mommy be beautiful?”

mommy is always beautiful ~ the most beautiful!

He didn’t even blink when he praised someone.

Youzi giggled, “if mommy is willing to let me have a bite of the cake, I’ll be even more beautiful!

Ning Qing looked at her. So, she had been waiting for her here.

Hehe.

“You’re not allowed to eat it.”

These three words made the little girl’s smile collapse.

Youzi turned around and broke free from her hands. then mom should go to work.

Fine, I won’t eat.

She wasn’t greedy anyway.

Although she said she wasn’t greedy, she still couldn’t help but swallow her saliva.

Ning Qing could not help but laugh. you really want to eat it? ”

“I don’t want to,” the little girl pouted and refused.

“Tell me the truth.”

“Yingluo wants to have a small bite of Yingluo.”

Ning Qing smiled. just a small sip, then.

Youzi’s eyes brightened. mom is the best!

She was about to kiss him again, but ning Qing held her mouth and said, “ don’t give me that. Eat some. We’re going to see father.

“Alright!”

Youzi carefully unwrapped the package, licked her pink lips, picked up a small spoon, and scooped a spoonful, putting it into her mouth.

That feeling made her so happy that she shook her head.

She had not eaten cake for a whole week. It was all that doctor's fault for making her endure for so long.

Now, she was going to enjoy it.

"....."

Ning Qing knew that she had been holding it in for a long time, so she did not actually say that she would only let her have one bite.

After eating a fair amount, ning Qing finished the rest of the cake, arranged her work, and took youzi to the hospital.

Today, she had arrived early and didn't let the caretaker help. She personally cleaned Nian lie's body and gave him a massage.

Youzi was placed on the children's sofa while they were doing this.

"Mom, aren't you tired?: she asked her mother: who was busy.

Ning Qing was stunned for a moment before she continued.

"It's not tiring to do all this for your father."

"But you've done a lot of work. It's been hard on you."

Ning Qing knew that although youzi said she was delicate, she was actually more sensible than anyone else.

"It's tiring to do all this, but I don't feel tired when I think of who I'm doing it for," she said.

"....."

"For you and brother, mom won't feel tired."

Youzi made an "Oh" sound."Is it because mommy loves us?"

"Yes,"

"Mommy, do you love Daddy too?"

"Yes,"

"Then, does mommy love Daddy more, or Do You Love Me and brother more?"

Ning Qing smiled. I love them all the same.

Youzi was not satisfied with her answer. but my brother and I both say that you're more beautiful with long hair. Why do you still want to cut it short? "

Children were like this, always changing topics.

Ning Qing had to admit that she could not keep up with her thoughts.

She thought for a moment. long hair is beautiful, but I don't care if it's beautiful or not. I just want it to be convenient.

Long hair was difficult to take care of, and she had lost a lot of hair in the past year of anxiety and fatigue, so she simply cut her waist-length hair.

After the hair was cut to the back of the ears, it was much more convenient for her to do things, including taking care of Nian lie. However, the two children kept saying that they didn't like it.

Youzi was angry. mommy loves daddy more. She cut her hair to take care of daddy, and she's still making excuses.

Ning Qing didn't know whether to laugh or cry. who taught you to speak like that? ”

“Uncle Gu,” youzi said proudly with her hands on her hips.

Uncle Gu, also known as Gu nanzhi.

...

Not long after Nian lie fell into a coma, he received the news and came back to the country twice to check on the situation. Naturally, he got to know the two children.

#### [Chapter 1289](#)

1289 : fatherless child (1:

Previously, because of the Gu family's power struggle, Gu nanzhi had been hidden for a long time. It was not easy for her to make a name for herself and she had been busy recently.

Ning Qing tilted her head. you're so close to him? ”

“Uncle Gu is good to me.”

Ning Qing choked and didn't know what to say.

Coincidentally, her phone rang.

After a glance, it was the company.

She pursed her lips. be good and sit down. Don't run around. Mommy will go out to take a call.

“Alright,” he said.

Ning Qing walked out of the door. She had not taken two steps when her voice could still be heard in the ward.

Youzi sat there for a while, but she still hadn't returned.

From the tone of his voice, he seemed to have something urgent to say.

Youzi thought for a moment, moved the board in front of her, and stepped on the ground with her short legs.

He walked steadily to the door and pressed his ear against it.

“.....”

After listening to a few words, the little girl pouted. you're busy with work every day, and you even have to quarrel with people.

She glanced at the man on the bed, then walked over and climbed into the chair.

Youzi sighed and looked at her handsome father. dad, mom's temper is getting worse. Not only does she fight with people, but she also doesn't allow me to eat cake.

“.....”

Youzi pouted. she's always fierce. She doesn't allow me and my brother to do this or that. I can only stay at home every day, and it's very boring.

the older sister and the servants don't play with me much. My brother has to go to school and my mother works and comes back very late. They often leave me alone at home.

As she said that, the child felt a little aggrieved and looked at Nian lie with teary eyes.

daddy, why aren't you awake yet? mommy is so tired.

“.....”

Youzi sobbed, " I don't want mommy to be so tired. You don't have to take care of me and my brother, and also take care of daddy.

"Daddy, can you please wake up: : she looked up with her big watery eyes and begged pitifully.

The man was unmoved.

She lowered her eyes, jumped off the chair, and looked at the man's hands by his sides.

The little girl hesitated for a moment. She reached out her chubby hand and tricked Nian lie's palm.

Her father's hand was different from her mother's.

His mother's was soft and comfortable to pinch, while his father's was thick and wide.

It was just as warm.

Youzi had a strange feeling in her heart, as if she was connected to Nian lie.

She looked at his face and clenched her fists. daddy, " she said sincerely, " if you don't wake up, someone will bully youzi.

"They'll say that I'm a child without a father."

"Daddy, Daddy."

Despite her shouting, the scene she had imagined did not happen.

Youzi couldn't help but feel disappointed, and she was about to let go of his hand.

Suddenly, she saw something and her eyes widened.

The joints of the man's fingers were distinct and slightly bent into a natural arc. However, the back of his hand, which had never moved, moved, and his little finger was obviously bent.

"Mom!" The little girl was both scared and surprised.

That afternoon, the first hospital was extremely busy.

Outsiders only said that the husband of the head of the Lou family, who had been in a coma for more than a year, had woken up. The entire capital, and even the merchants at home and abroad, were alarmed.

The ward was packed with people.

Inside, several doctors were performing examinations in full swing, not daring to have the slightest negligence.

Ning Qing stood at the side, as if she was in a dream. She stared at the weak man without blinking.

After a careful examination, the doctor heaved a sigh of relief and smiled respectfully.

congratulations, Madam. Sir has woken up. All of his physical indicators are normal, and there are no signs of muscle atrophy. At present, he looks very healthy. After some rehabilitation training, his daily life will go on as usual.

Upon hearing this, ning Qing covered her mouth in excitement and tears fell.

Ning Xi's parents were there as well, and they thanked the doctor excitedly.

The doctor left after giving some instructions.

Mother ning looked at the man on the bed. He had been quiet the whole time, and his face was a little pale, but his eyes were firm and deep.

Nian Xi had indeed woken up.

That's right.

you're finally awake," mother ning couldn't help but say. it's the best thing that happened this year.

Mr. Ning nodded. we've been sleeping for more than a year and we've almost given up hope. Fortunately, you didn't abandon our family.

Ning Qing's mother pushed him away. what are you saying? it's good that he's awake. Why are you saying all this?"

Father ning was speechless and stopped talking.

Nian lie smiled. Thank you, Mom and dad.

He had just woken up and his energy was limited. Everyone could see that.

Lu Zhui didn't say a word. He whispered something into father ning's ear and dragged mother ning away.

"Young Madam, please do it," Lu Zhui said:

He led youzi and Mo Han out. Although Mo Han was excited, he also had mixed feelings and obediently went out.

Only ning Qing and Nian lie were left.

She didn't move. He turned his head with difficulty and looked at her with a smile.

Ning Qing's eyes were in a daze. She could not believe that the person in front of her was really awake.

Nian Xi's eyes were gentle. What are you looking at? come here, ning.

Ning Qing's mind went blank. Her feet floated and she couldn't help but walk towards him.

When she was in front of him, the light behind her fell on her back, casting a shadow over Nian lie.

He was still smiling. why? don't you recognize me? "

"....."

Ning Qing's lips trembled and she could not say a word.

Nian lie raised his head and carefully traced her face. why did you cut your hair? "

"It's troublesome," ning Qing replied stiffly.

Nian Ying was stunned and didn't answer.

Her eyes were blurry and she could not see his face clearly.

"Ning, you must be tired," Nian lie said.

A sudden heartache and pain rushed to the top of his head, both anxious and fast.

Without thinking, she threw herself into his arms and cried hysterically.

"Why did you sleep for so long, you bastard!"

"Do you know how sad you're making me? Why didn't you wake up earlier?"

"I hate you to death! I'll f \* ck you!"

"I miss you so much, Nian lie. I'm Yingluo."

She cried her heart out and hugged him while berating him. In the end, she started to talk about her fear and grievances.

"I thought you really didn't want me anymore."

Nian Xi lowered his black eyes, looking a little languid. I won't abandon you.

“.....”

ning, you must always have this confidence. No matter what you become, no matter what I become, I will come back to you.

Ning Qing bit her lip. really? ”

He gave her a look of certainty.

: You won't ever leave me again, right?: she asked in: trembling voice.

Nian lie couldn't move his body, so he could only use his little finger to hook her.

It was like an oath.

“I won't, I won't ever do it again.”

The suffocating pain in her heart gradually dissipated. She raised her tear-stained face and looked into his affectionate eyes.

“I'll keep my word.”

“It's a promise.”

She hugged him tightly. Even though he could not respond, ning Qing's heart was at ease now.

It was a peace that she had never felt before.

At this moment, the door suddenly opened.

Mo Han and youzi rushed over to them, their eyes red. dad, mom!

...

Ning Qing was stunned. She stood up and looked at them.

Father ning and mother ning snuggled up to each other, their eyes full of relief.

Lu Zhui laughed with tears in his eyes. that's great.

“In the future, it's better to just live like this for the rest of my life.”

Ning Qing hugged the two children who had welcomed her. The gloominess was dispelled, and her smile was bright.

“From now on, our family will never be separated.”
