

Mr Nian 361

Chapter 361: Ning Qing, my wound hurts (1:

The old man paused and was really surprised. ex-wife? You mean you're divorced?"

Nian Yun nodded seriously.

"Who initiated the divorce?"

Nian lie stopped scrubbing and his eyelids twitched.

When the old man saw this, he slapped him on the head. This time, he no longer sympathized with him. He retorted. you deserve it!

No wonder the girl despised him so much now. It turned out that she used to be a heartless master!

"If this person let others down, he will get his retribution sooner or later!"

His grandfather shot Nian lie a few dirty looks, as if he was disappointed in him.

"Look at you, you've done something wrong in the past, and now you're getting your retribution. That girl is here to get her retribution! You deserve it!"

Perhaps the water was too cold, Nian Yu's head hurt a little, and his wound hurt even more.

He held it in and put the washed sweet potatoes into the basket. I let her down in the past. I didn't want to shirk my responsibility. But Grandpa, I really had no choice back then, Wanwan.

He had never opened his mouth to reveal his thoughts to anyone, but this time, he had spoken so easily.

However, the old man did not buy it and snorted coldly.

"There's nothing that can't be said between people. If it's something related to you two, why didn't you tell her?"

Nian lie couldn't speak.

I'm going to make it clear to you. If there's anything, you have to explain it to her quickly. There's still a chance to redeem yourself. If you drag it out any longer and she finds out later, you'll have to get this girl back, " the old man said with a serious expression. it's difficult!

Nian Xi's heart skipped a beat. He had a bad feeling.

The old man added, " I can't talk about any great principles, but you, don't push yourself so hard. Isn't the purpose of living for yourself and the people around you to be happy? " If she's unhappy, nothing you do will be of any use."

"....."

Nian Xi's hands drooped, the cold water turning the back of his hands red. Water dripped from his fingertips, seeping into the soil beneath his feet.

He looked in that direction in a daze, thinking about something.

The old man sighed and patted his shoulder. let's go back.

Nian Jue came back to his senses. He and the old man put away the sweet potatoes and hoes and hurried back.

When she walked out of the door, she could hear her mother-in-law and ning Qing's conversation in the courtyard.

The old master tugged at Nian lie's clothes. what's the rush? "

Nian lie's lips parted, but there was not much color in them.

The old man put down the basket. look at you, don't you have any sincerity? how do you look like you want to win her back? "

Nian lie was silent.

He pushed the basket to him. carry it properly for me.

Nian lie exchanged a glance with him and immediately understood.

He obediently carried the basket on his back. The straps tightened around his wound, and his face changed in pain.

The old man glanced at his shoulder and nodded in satisfaction before pushing the door open and entering.

"We're back."

As soon as he entered the house, his mother-in-law immediately rushed to Nian lie and helped him take down the basket on his back while she mumbled something.

His grandfather patted the dust off his body. oh my, he was the one who wanted to carry it. It has nothing to do with me.

Ning Qing stood aside, not saying a word.

Her grandfather glanced at her. little girl ning, you won't blame this old man just because you feel bad for him, right? "

Ning Qing's lips twitched. ran ran won't.

"That's good." why? " Grandpa Shen turned to his mother-in-law and said, " his wife doesn't even feel bad for him. Why do you feel bad for him? "

With that, he pulled his mother-in-law into the room.

my back hurts a lot. I think I twisted it. Hurry up and get some ointment for me to apply. Aiyo, it hurts so much!

The two of them entered the room, leaving ning Qing and Nian lie standing in the courtyard.

“.....”

After last night, Ning Qing had nothing to say to him, so she turned around and wanted to go back to her room.

“Ning Qing!” Nian lie called out to her.

“What are you doing?” Ning Qing asked coldly as she suppressed her inexplicable emotions.

Nian Ying pursed his lips tightly. The pain and the fatigue from a sleepless night made his mind fuzzy.

Ning Qing couldn't wait for him. She had to leave again. He couldn't care about anything else. He said anxiously and quickly, “my wound hurts!”

Chapter 362: The person's shooting target was her (1:

In the half-lit room.

Nian lie sat by the table. His hands were clenched, and beads of sweat seeped out of his forehead.

little girl, I'll leave the ointment here. You guys use it yourselves. I'll help your mother-in-law start the fire. After the old man finished speaking, he closed the door and left.

Ning Qing silently took the bowl and looked down at the man's injured back.

The wound was more than ten centimeters long, from the back of his shoulder to his spine, and took up more than half of his back.

It was probably because it had been wet last night, so the edge of the wound was slightly white and looked shocking.

Ning Qing's hands clenched and she began to apply it.

The room was silent.

“Why aren't you saying anything?” Nian lie's back trembled slightly:

Ning Qing was expressionless. what do you want me to say? ”

Nian lie heaved a sigh of relief when she was willing to answer.

“If you don't want to tell me, then I'll ask you.”

“.....”

: What do you think about the pursuit on the mountain: : he asked in a formal tone:

Ning Qing bent down and applied the ointment along the wound, her voice flat.

I thought you were self-aware and acted so calm. Isn't it because you've offended too many people in the past and your enemies are here? ”

Nian Yu frowned. The pain in his back and the subtle touch of her fingers made him feel uneasy.

“Do you really think that he’s my enemy?” he asked after he regained his senses.

Ning Qing straightened her back after she was done. Her expression was cold. are you trying to say that you’re my enemy? ”

“.....”

Nian lie’s jaw tightened.

Ning Qing turned in front of him and saw that the wound from last night was hideous and terrible. She did not know how deep it was.

She pursed her lips. I’m done. You can do the rest yourself.

After saying that, she was about to leave.

Nian lie grabbed her sleeve. He was so anxious that he didn’t know how to express himself. I told you last night that we’re going out together again. How can we go out together with your attitude? ”

“You said it, I didn’t promise you.”

Ning Qing broke free and left without any reluctance.

Tears welled up in Nian lie’s eyes. He breathed heavily, but in the end, all he could do was sigh.

As he thought about what ning Qing had just said, the scene from that day gradually gathered in his mind.

He had always kept his whereabouts a secret, especially when he came to Haicheng this time. He had even sent everyone away, including Lu Zhui. Who would have known that he was coming here?

And that group of people came with a menacing momentum. It didn’t look like they had made any last-minute preparations, but rather, they had been waiting for a long time.

If they were targeting him, they should have killed him, but why did he see it clearly when the man fired?

His eyes were fixed on ning Qing.

“.....”

A dark light flashed under Nian lie’s dark eyes, cold and sharp.

It seemed that they really should go out.

After applying the medicine quickly and wrapping it with a bandage, Nian lie got up and left the house.

At the entrance of the kitchen, ning Qing was sitting on a small stool, holding a small knife in her hand and peeling a sweet potato.

The old man who was tending the fire saw him and immediately called out. hurry up and peel it with ning. It’s in the pot!

“Alright,” he said.

Nian lie moved a chair over and started peeling the skin as well.

The old man looked at the harmonious relationship between the two and felt a little comforted.

After breakfast, ning Qing and her mother-in-law chatted in the courtyard while Nian lie left the courtyard alone and walked down the stream.

The old man came out after washing the dishes. He didn't see Nian lie. little girl, " he asked, " what did your husband say? "

Ning Qing had lost the desire to explain. she just went out.

The old man walked down the steps, moved a chair over, and sat down. He muttered, " he's so seriously injured. What's the point of going out? "

Chapter 363: Little girl, you still have to forgive him this once (1)

"I don't know,"

The old man's eyes lit up when he saw ning Qing's expression of refusal to talk about Nian lie. He patted her shoulder and said, " you're really something. You're such a fierce girl. Which man would like you? "

Ning Qing's lips moved. why should I want someone else to like me? "

hey, it's fine if you're like this before you're married, but you can't be like this after you're married. Your own man also needs to be pampered and coaxed.

Ning Qing found it strange and moved her lips, too lazy to explain.

think about it. The world is so big. It's not easy for two people to meet each other. For example, your mother-in-law and I have been together for so many years. I have to thank the person who arranged my marriage for me.

"Oh," ning Qing replied.

The old man glared at her fiercely. Hmph, back then, my father wanted to arrange a marriage for me. At that time, I would rather die than agree. I thought that your mother-in-law was uncultured. At least I was educated, so I thought that I could find a better man. In the end, it was my parents who made the decision to marry your mother-in-law.

"....."

in the beginning, I didn't like her and often despised her for the small things. Your mother-in-law was gentle and didn't say anything when she was bullied. After so many things, you see, she's still the only one accompanying me now.

Her mother-in-law slapped her grandfather's hand and rolled her eyes. However, she had a vexed and embarrassed expression.

Ning Qing's eyes wavered. so? "

that's why people should know to be content and to cherish. If you don't cherish the person who's with you today and treat him badly, you might not be able to see him again tomorrow.

Ning Qing finally understood what he meant, and her hands on her thighs clenched slightly.

The old man held his mother-in-law's hand and said, "if my son did something wrong in the past, he has done well enough. Girl, you have to relax and forgive him this once.

"....."

"Don't force him into a desperate situation, and don't force yourself into a dead end."

.....

The stream was murmuring, and the ravine was getting wider and wider.

Nian lie walked for about ten minutes before he saw the huge Lake in the valley making a deafening sound.

The water was so clear that one could see the bottom. The fish were swimming freely in the water. There were red flowers by the stream. Nian Ying could not recognize the species, but he thought that they were very beautiful.

He stopped there and looked at the mountain range in the distance.

"....."

He restrained himself by rubbing his shoulders and rested for a while.

He caught a glimpse of the red flowers from the corner of his eye and his mind froze. He spent a few minutes to tie a bouquet of flowers.

Nian lie smiled and turned around to leave.

When they came down, the path was still easy to walk, but it was much more difficult to go up.

Especially the injury on his calf, which had not fully recovered. His bones were still aching, and he had to rest for a while after walking for less than two minutes.

In the courtyard, ningqing finished listening to the old man's words and estimated the time.

Half an hour passed, and that person still hadn't returned.

The old man could tell that she was absent-minded. He teased her. what's the matter? he didn't come back. Now you know how to worry? "

Ning Qing pursed her lips and did not refute this time.

The old man was surprised at first, but then he knew that his words had worked. He smiled happily. if you're worried, you can go down and look for him. He can go down and explore the way.

Ning Qing glanced at him.

The old man laughed. He was not embarrassed at all that he had been exposed. He continued to persuade her, "the road down is easy, but the road up is difficult. He is covered in injuries and has not slept because of you. Why don't you go and see him?"

Ning Qing's eyes drooped, and a hint of struggle flashed through her eyes.

The old master pushed her to the door without a word.

"Go, quickly go! Don't come back if you don't come back together!"

Ning Qing stepped on the cobblestone steps and turned back with a helpless expression.

The two of them confronted each other for a long time before she finally lost. you can go back.

He turned around and walked down step by step.

Chapter 364: I'm really envious _1

Ning Qing walked along the road for a while, and it started drizzling.

She wanted to go back to get her umbrella, but when she looked at the bottom lane, she gave up on the idea.

After walking for about ten minutes, she finally saw a figure.

The man didn't take shelter from the rain. He leaned against a large rock and panted heavily.

Hearing the sound, he turned his face to the side, and the scar on his forehead that had faded away was faintly visible.

Nian lie's pupils shrank when he saw ning Qing. why are you here? "

Ning Qing stood at a higher place than him, her long eyelashes drooping slightly. grandfather was worried about you, so he asked me to come and take a look.

The joy in Nian lie's eyes faded, and his pale lips were tightly pursed.

Ning Qing walked in front of him. The rain fell on her head all the way, and her black hair seemed to be stained with white frost.

"Can you walk?" she asked after looking at him for a while.

Nian Yu bent down. yes.

"Then let's go."

She raised her foot and stepped into an uneven pit, but Nian lie held her hand.

Looking up, behind him was a misty rain and surrounded by mountains. His deep facial features were clear, but there was a bit more unnatural expression in his eyes.

Ning Qing gave him a confused look. Nian lie pretended to cough and handed her the flowers he had wrapped in his clothes.

The petals of the red flower were bright red, and the stamen were light yellow, which reflected the gray color around it.

ahem, " Nian lie said, " I saw it by the river Pond below just now. I think Yingluo suits you very well.

Ning Qing's hand trembled.

Nian lie tried his best to force a smile. ning Qing, we've agreed on this, Zhenzhen.

"Thank you," he said.

A sudden sentence interrupted him.

Nian Xi stared at her in surprise, waves rolling in his heart.

Ning Qing took the flowers. the rain is heavy. Let's go.

Nian Jin was stunned. Before he could recover from his joy, ning Qing had already walked away.

"Alright," he said.

He responded to the air. The pain in his body seemed to have disappeared, and he followed her.

The rain was getting heavier.

This time, ning Qing and Nian Yu had endured the rain. When they returned to the courtyard, the old master asked them to take a hot bath.

At that time, ning Qing was taking a bath, Nian Xi had returned to her room, and her grandfather and mother-in-law were waiting for the second pot of hot water in the kitchen.

The old woman couldn't help but scold her grandfather. you knew it was going to rain today, but you still let the servant girl pick him up. Now, both of them are drenched in the rain. What if they fall sick? "

Grandfather naturally understood. He bent over to guard the fire and secretly glanced outside. can't you see that these two people need a push? " They're all like turtles, not brave at all."

"That young man's business is none of your business." The old lady muttered.

"I don't want to care. It's just that the two of them are making me anxious."

"....."

Her mother-in-law said a few more words. Ning Qing had just finished showering. Her grandfather called out to her. the water is ready. Go and call him out.

"Alright," he said.

Ning Qing called out from the window and went back to the kitchen.

The old lady came over with a bowl. It was a brown medicinal soup, and it didn't smell good.

"Granny, What is this?: ning Qing asked:

Grandpa Shen fought to answer. it's to prevent you from getting cold. It's warm. Drink it quickly.

Oh, " ning Qing said. Without saying anything else, she raised her head and tried it. It was a little spicy. She endured it and drank it in one go.

Nian Jin walked in and helped his grandfather carry the water into the bathroom.

After the old man returned, he approached ning Qing, who was peeling corn. is it done? "

Ning Qing frowned. what are you talking about? "

The old master looked at her reproachfully. what, you still don't admit it? "

Ning Qing sounded helpless. don't make wild guesses.

The old man's eyes widened. you two are still not done? Weren't you the one who helped him back just now? and the flowers are so beautiful, I'm so envious."

Chapter 365: Sleeping in the same bed (1:

She stopped what she was doing and a serious expression appeared on her face.

"I picked the flowers on the way. I helped him to speed up his return and avoid getting too wet in the rain. Grandpa, the relationship between me and him is not as simple as you think. Please don't keep playing tricks."

The old man stiffened his neck and felt a little guilty, but he refused to admit it.

"What little tricks did I do? Little girl, don't slander this old man!"

"....."

"You young people can't do it, and now you're blaming it on an old man. You heartless girl."

Looking at her grandfather who was making bogus accusations, ning Qing was too lazy to argue with him and simply shut her mouth.

Nian lie came out of the shower and drank a bowl of medicine made by his mother-in-law.

After dinner, they went back to their rooms early because of the heavy rain.

Grandfather brought over a thick blanket for the two of them. it's getting cold today. Cover yourselves with the blanket properly and don't catch a cold again.

Ning Qing looked at the thick blanket and refused. you and mother-in-law can just cover yourself. We don't need it.

"Why not? You don't know when you're going to leave. If you don't recover from your injuries and catch a cold, it'll affect you."

There was no doubt in their grandfather's words. Ning Qing and Nian lie exchanged a glance and did not say anything else.

Her grandfather laughed and patted the quilt. Then, he looked at Ning Qing with a straight face. don't chase him out again today. His body can't take it.

Ning Qing blinked.

"Alright, I won't disturb your rest. I'll go out now!"

Nian lie nodded. you and grandma should rest early too.

"Alright," he said.

The old man left, and the room returned to silence.

Ning Qing stood by the bed and tidied her slightly wet hair, her heart a little confused.

Coincidentally, she met Nian lie's eyes the moment she raised her head.

She felt her heart warm up. why are you looking at me? "

Nian lie looked at the woman in the red coat. nothing.

"....."

"You look good in this dress."

Ning Qing looked down at her clothes. A red coat and white pants, she looked like she had worn them decades ago.

She suspected that Nian lie was making fun of him. you look pretty good, " she retorted, not to be outdone.

Nian lie was stunned for a moment, but a faint smile appeared in his eyes. it's pretty good, but it's a little too small.

The sleeves were up to his wrist, and the trouser legs only reached a little below his calf. It was indeed not suitable for his height.

Ning Qing's eyes narrowed. She didn't want to continue talking to him. She turned around to tidy up the thick bedding, walked around the end of the bed, lifted a corner, and got in.

For a while, there was no movement around her.

Ning Qing was facing the roof, listening to the sound of the raindrops falling on the green tiles, which was particularly loud.

"Aren't you going to sleep?" she asked the air.

Of course, Nian lie knew that she was asking him, so he didn't say much. you should sleep first.

"....."

Ning Qing's hands clenched tightly on the bed. She closed her eyes again and again. She made up her mind and gritted her teeth. Nian lie, come over and sleep.

Nian lie, who had intended to sit at the table for the entire night, was once again stunned.

Ning Qing hugged the corner of the blanket and turned inside.

Grandpa is right. We'll have to go out sooner or later. We'll leave when your body recovers. You're more injured than me. If your recovery is slow, you'll only be a burden to me.

The woman's voice had never been soft, and even had a hint of coldness and loneliness. She was busy explaining, and her tone was anxious and harsh.

However, Nian lie's heart softened when he understood her words.

He paused for two seconds and replied with his throat pressed.

He got up and walked to the bed.

The footsteps were getting closer.

The other side was lifted up by a corner.

There was an obvious feeling of sinking under the bed.

Ning Qing clutched the corner of the blanket tightly and held her breath unconsciously, as if she was afraid that the person behind her would touch her.

However, that person didn't have any self-awareness and actually took the initiative to reach out and hug her waist through the blanket!

Chapter 366: They've already disappeared for five whole days (1:

Ning Qing exploded. She turned around and pressed her hand against his chest. what do you want: ! she shouted in resistance.

Nian lie held her falling body, his eyes pitch-black.

"You're about to fall," he said quietly.

Ning Qing's breathing quickened. I'm willing. It's none of your business, Zhenzhen.

"Ning Qing,"

Nian lie suddenly called out her name. The expression on his face was calm, and his tone was calm.

"I'm heavily injured, but my recovery ability is better than yours. You're a girl, so you can't stand the cold."

Ning Qing was still repulsed by his approach, but she could only comfort herself in her heart,"ning Qing, he won't dare to do anything to you now. Don't panic. Don't be nervous."

After stopping the panic that was about to rush out, she blinked her trembling eyelashes. let go of me first.

"No,"

Ning Qing's eyes widened.

: What if you roll down the stairs in the middle of the night?" Nian lie replied indifferently.

"I won't!" She took a deep breath and gritted her teeth.

In front of him, the woman did not dare to look at him. Her thick and curled eyelashes were trembling non-stop.

Nian lie sighed softly in his heart. He followed her wishes and moved his hand to her side.

"Lie down properly, don't fall down."

"Yingluo, yes."

Nian Ying massaged his painful shoulder. The wound had already gone numb.

He turned over and gently pressed her down. His face suddenly turned pale, but he did not say a word. He even lowered his voice to comfort the woman behind him.

"Go to sleep, good night."

Ning Qing did not say anything. She just slowly closed her eyes as he silently walked away.

.....

On the fifth day of Ning Qing and Nian lie's disappearance, Haicheng fell into chaos.

In the mountains and forests, countless people in uniform patrolled around, searching for traces that might have been left behind by the two.

The rain was getting heavier and heavier, washing the leaves and branches.

A man walked in front of Lu Zhui and said, "assistant Lu, the rain is too heavy and the fog is heavy. We can't see anything at all. It's easy to get separated.

Lu Zhui looked around with a tired face. He couldn't see anyone a few meters away.

Yan Sichen also walked over. His eyes were red and his jaw was blue, showing that he was extremely tired.

He grabbed onto Lu Zhui, his eyes shining. have you found any clues? "

Lu Zhui was speechless. He only shook his head and said, " young master Yan, the weather is too strange. If we continue to look for her, I'm afraid she'll get separated from us.

"So you're saying you're not looking for it?" Yan Sichen's voice was a little loud.

Lu Zhui replied anxiously, " of course not. It's early in the morning and it's raining. The visibility is too low. If this continues, it will only increase the difficulty of the search!

Yan Sichen gritted his teeth and maintained the last bit of his rationality. then what do you think we should do? "

Lu Zhui couldn't speak, nor could he make a decision.

"I say, everyone, make a mark first, then go back along the road. We'll look for them when the rain stops." A clear male voice interrupted their conversation.

Lu Zhui turned around and saw that it was Nian che, who had returned to the country!

He called out in surprise, "second young master, why are you tidying up?"

Nian che was wearing a Disposable Raincoat, a sweatshirt, long pants, and sports shoes. It was obvious that he had just rushed back.

He hesitated for a moment, but he managed to steady himself in time. He walked in front of the others and looked at Lu Zhui with an ugly expression, not saying a word.

"Second young master, please."

"If it wasn't for the servant at home calling me, you wouldn't have told me that my brother is missing?"

Lu Zhui hurriedly explained, "no, it's just that the news can't be released, Yingluo."

Nian che threw away the umbrella and grabbed Lu Zhui's collar. He used so much force that he almost lifted him up into the air.

He was no longer calm as he roared with anger, "I'm his younger brother!" He disappeared for five whole days, and not a single one of you told me!"

Lu Zhui didn't dare to resist. I'm sorry, second young master.

Nian Yun glared at him, then pushed him away. His breathing was heavy, but his tone was calm.

the weather in luoxia Valley is strange and the terrain is dangerous. After the rain, the fog in the valley is so thick that no one can be seen. Moreover, it will not dissipate for many days. So, let everyone come back first. We'll see the situation at dawn and continue to look for people after the fog has dispersed.

Chapter 367: Be prepared to leave (1:

Lu Zhui stood firmly and listened to his analysis. He nodded in agreement.

Yan Sichen disagreed. He didn't have a good impression of anyone in the Nian family, including Nian che, who looked like Nian lie.

"Why should I listen to you?" he asked.

Nian Xi glanced at him, then ignored him. She told Lu Zhui to get someone to come back.

Yan Sichen felt offended by him and stood still without saying a word.

People started to walk back and gathered at the hillside.

Lu Zhui followed Nian Che's instructions. Everyone prepared red cloth strips and tied them to the surrounding tree branches. They were about to head back.

After those people left, only Yan Sichen's men were left.

One of his subordinates walked over. master Yan, the rain is really too heavy. Why don't we go back too? "

Yan Sichen's heart was filled with anger. Mixed with the panic of not being able to find ning Qing, he had completely lost his mind.

"They're leaving, and you want to leave too?"

The subordinate lowered his head and didn't speak.

When Nian che saw this, he furrowed his brows. Hello.

Yan Sichen looked over and he said,"the rain is so heavy. Stop looking." &Nbsp;

Yan Sichen ignored him.

Nian Che's face was no longer as young and handsome as it was three years ago. It was now more mature and reserved.

"Since we're looking for someone, we have the same goal. Don't waste your time. Let's go back and discuss countermeasures, then continue looking. Besides, I believe in my brother. As long as he's with my sister-in-law, nothing will happen to her. "

Although it was a normal sentence, it gave the young master of the Nian family a sense of arrogance.

Yan Sichen still didn't move. He looked at him and didn't try to persuade him anymore. He turned around and left with the others.

"Pa da pa da-"

The rain fell on the leaves, and patches of leaves fell.

The rain got heavier.

"Call the men back and return the way we came," Yan Sichen ordered in a hoarse voice.

The subordinate was excited. yes!

In the heavy rain, the figures that had initially expanded slowly retracted, as if they were swallowed by the night.

.....

The rain continued for three days.

The search team was blocked, and the progress of the search stagnated for a while.

Fortunately, on the eighth day of ning Qing and Nian lie's disappearance, the weather finally cleared up.

In the yard, ning Qing, who had been at home for three days, felt uncomfortable and moldy.

"Have you recovered well?" the old man stood in the courtyard, turning his body around.

Nian lie nodded and massaged his shoulder. It still hurt. He glanced at ning Qing beside him and said subconsciously, " it's pretty good.

"Did the wound on your back form a scar?"

"Yes."

"Be careful not to touch water. Hold on for a few more days."

"Alright," he said.

After that, the old master looked at ning Qing. why aren't you saying anything, girl? Have you become stupid?"

Ning Qing sat on the bench, one hand supporting her chin. no, I'm a little stuffy.

"If you're bored, then go out for a walk. What's the use of sitting here?" she said she's bored, " the old man turned around and said to Nian lie, " you should go out with her.

Nian lie looked at ning Qing's listless side profile. alright.

He walked over to ning Qing. let's go.

Ning Qing wanted to refuse, but when she saw the old man's eyes, she had no choice but to get up and follow.

The two of them walked out of the courtyard one after another and headed down the mountain.

"How's your injury?" Nian lie asked her after they had walked for about two to three minutes.

Ning Qing moved her arms and said simply, "it's done."

Nian lie jumped down from a flight of stairs that was half the height of a human and reached out to help her. be careful.

Ning Qing hesitated for a moment, but she still held his hand and jumped down. Unexpectedly, she tripped and fell straight into his arms.

Nian Jin snorted, and ning Qing backed out in a panic. is ran ran okay? "

Nian Xi put a hand on his shoulder and shook his head.

Ning Qing did not look at him. She quickly walked past him and walked in front.

After walking for a while, he suddenly heard a sentence from behind him.

"Ning Qing, I think we should be prepared to leave."

Chapter 368: Accidentally fell into the water (1:

She suddenly stopped in her tracks.

His stern face blended in with the dark mountains and rivers behind him, exuding a faint calmness.

"If your injuries are healed, we can leave tomorrow or the day after."

Upon hearing this, Ning Qing suddenly had a feeling.

It was complicated and hard to explain.

The old man's smiling face floated before her eyes. She frowned slightly. She thought of something and asked him, "Are you sure?"

Nian Ying had a serious look on his face as he analyzed the current situation.

It was because of the rain two days ago. The fog in the mountains is too heavy, so it's not suitable for traveling. Besides, you haven't recovered from your injury yet, Wanwan. It's already the eighth day today. I think your parents already know that you're missing, so it's better not to let them worry.

"....."

&Nbsp; yeah.

It might have been a storm outside, but because of the relaxed environment here, she had almost forgotten that someone was waiting for her outside.

Ning Qing didn't know what was wrong with her, but her mood suddenly fell.

She gritted her teeth and continued walking down.

Nian lie noticed that she was in a bad mood, so he followed behind her at a moderate pace. You can't bear to leave grandfather and mother-in-law?"

"A little bit: the woman said gloomily: her back straight:

The voice sounded pitiful and soft.

After we leave," Nian lie said after some thought, "you can come here anytime you want. Grandpa will welcome you.

Ning Qing paid attention to her feet and walked carefully.

She was a little distracted, and Nian lie didn't talk to her anymore.

The two of them walked down a long way, all the way until they reached the clear pond that Nian lie had visited last time.

The stream was clear and sparkling, and the red flowers on the shore swayed in the wind.

Ning Qing squatted down and looked at the flower. Did you come here last time?"

Nian lie looked at the top of her head. Her long, curly hair was tied up casually. It was messy and mischievous. Yeah," he said in a gentle voice.

The sun was blazing, and Ning Qing felt a little thirsty. She looked at the clear stream and hesitated.

Nian lie saw through her intentions. He smiled gently and comforted her. The spring water is very clean. You can drink it.

She didn't know if she believed his words, but she took a bite with both hands and her eyes lit up. It was indeed extremely sweet!

After two more sips, she wiped her face with her sleeve and said, " let's go back. she turned around and was about to leave.

She didn't know if it was because she had been in the sun for too long, but when she got up, she felt dizzy and her feet were floating.

"Ning Qing!"

Nian lie called out in concern and reached out to pull her.

Unfortunately, they didn't pull it firmly and were tripped by a protruding stone under their feet. The original pulling force turned into a pushing force, and the two fell straight into the water.

"Whoosh-"

The deafening sound of the water rushed into her ears. Ning Qing was terrified. She subconsciously grabbed Nian lie's collar tightly and was in a hurry to escape.

Nian lie lifted her up with his arms around her body. He could sense her slight trembling.

His eyes darkened as he thought of the scene where she had jumped into the water three years ago. He hugged her waist tightly. ning Qing, don't be afraid.

Ning Qing had a mouthful of water in her mouth, and her eyelashes were wet. She trembled badly, and her face was pale and fragile.

Nian lie's heart clenched. He held her and swam to the side.

His shoulder hurt so much that a faint trace of blood seeped out, which was diluted by the stream water.

He tried his best to hold it in. With one hand on the soil and the other holding her waist, he said, " come, you go up first.

As if she had not heard him, ning Qing clutched his clothes tightly, her lips pale.

She shook her head as if she had lost her soul. don't, " she muttered softly. don't, don't.

Chapter 369: Ning Qing, can you give me another chance?

Nian Yu's heart skipped a beat. He looked at her face and said, " ning Qing, wake up. Can you go upstairs first? "

The woman couldn't hear him. She grabbed her collar and shrank into his arms, almost sinking down again.

After all, Nian lie was injured. He used all his strength, but he still couldn't stop her from sliding into the water.

He felt a dull pain in his chest. He could only hold her shoulder with one hand and force her to look at him. this is not three years ago. Ning Qing, the water is not deep. I'm here. Listen to me. Don't be afraid. I'll help you up first, okay? "

However, the woman only shook her head. Her body trembled, and her eyes were filled with tears as if she was seized by her memories.

Nian lie's temples throbbed, and his shoulders were numb from the pain. ning Qing!

He wanted to lift her up, but he had no strength.

The woman in his arms suddenly slipped and fell into the water!

Nian lie's eyes widened as he tried his best to stab the needle in.

"..."

Ning Qing could not hear any other sound.

His heart was beating fast, one beat slower than the other.

She had forgotten where she was and only knew that the water was bone-chillingly cold.

Sadness and despair took over her brain. The heart-wrenching pain spread through her body, and she lost all strength in her limbs.

The feeling of suffocation was getting stronger.

She didn't even struggle. Her tears and the water intertwined and slowly sank.

However, a figure flashed past her eyes.

She opened her eyes in a daze, and the man's eager face was right in front of her.

"Nian lie, Qianqian."

As soon as she spoke, the remaining air was also taken away.

Hence, in a moment of desperation, the man leaned over.

His cold lips kissed hers.

Her entire body stiffened, and she opened her eyes!

However, the man did not care and forcefully pried open her lips.

As the warm breath entered her mouth, ning Qing suddenly woke up!

His arms were like iron as he held her waist tightly, not allowing her to break free.

With a splash, the two of them jumped out of the water.

Ning Qing's breathing quickened and she choked on two mouthfuls of water. Before she could recover, Nian lie's kiss landed on her again!

This time, those Hot Lips pressed against her, so strong that she could not refuse.

It was a very urgent kiss.

Ning Qing could feel all his emotions-fear, annoyance, heartache, regret.

The sunlight above her head became even more intense at that moment. The dazzling light hurt her eyes and also touched a string in her mind!

Her hand was originally on his chest, but in the end, she could only helplessly grab his collar and bear everything.

It took a long time, so long that ning Qing could no longer distinguish between reality and her dream, for the man to restrain himself. He panted heavily and dragged her to the shore.

As soon as she got up, she fell weakly on a stone at the side.

Water was dripping from Nian lie's body. The thin fabric of his clothes clung tightly to his body, revealing the lines of his muscles.

Ning Qing's eyes flickered. She bit her Hot Lips uncomfortably and wanted to split her face open, but he bent his knees and held her shoulders.

Her back tightened and she was forced to look at him.

"..."

They looked at each other for three seconds before Nian lie pulled her into his arms.

"Ning Qing, can you give me another chance?" he asked in a trembling voice, trying to suppress his excitement.

"..."

Nian Xi hugged her tightly, not daring to use too much force. His dark eyes glowed with a hurried light.

I'm not asking for your forgiveness. I know that you can't forgive everything. I can't do it either. Can I just ask for a chance? a chance to be by your side? "

The man's lips were next to her ear. His words were like a whisper, gentle and loving, but with a bone-deep regret and apology.

Chapter 370: Give me some time_1

"....."

Under the scorching Sun, Ning Qing's eyes looked past everything and gazed at the mountains in the distance.

The man couldn't hear her answer and his hands trembled in fear.

He didn't dare to look at her expression and eyes. He was afraid of her rejection.

“Before we go back, ning Qing, I want to hear you say give me a chance!”

“.....”

“Alright?”

His tone had already changed at the end of his sentence.

Ning Qing stared blankly at the little red flowers in the grass by the shore. Her vision was blurry for a moment, then clear again.

Nian lie didn't get a reply from her after a long time. He released his arms and looked at her face.

Ning Qing's eyes regained focus, and her wet eyelashes drooped. She was so weak that he couldn't bear to force her.

Nian lie's heart sank. He had thought that she would not respond. However, ning Qing said in a low voice, “ give me some time.

His eyes trembled, followed by a great joy and rejoicing.

He wanted to hug her but didn't dare to. okay! Whatever you say!”

As long as he didn't refuse!

Ning Qing glanced at his shoulder. your wound is bleeding. You should take care of it.

Nian Yu's eyes lit up. it's fine, Zhenzhen.

we're about to leave. Are you sure you can do this? ”

When he came out, his grandfather had told him not to let his wound come into contact with water.

Nian lie's rationality was pulled back by her calm tone. He didn't care about himself. Instead, he asked her, “ are you alright? are you feeling uncomfortable anywhere? ”

Ning Qing licked her lips. She noticed the man's gaze, but she pretended not to care.

“I'm fine,” she said.

Nian lie didn't believe her and said worriedly, “your performance just now was so awkward.”

“I'm afraid of water.”

There were still water droplets on ning Qing's face, which made her heart ache even more.

“I haven't been in the water since three years ago.”

Listening to her almost cold description, Nian lie's heart felt like it had been cut by a knife. I'm sorry.

“.....”

Ning Qing did not say anything more. She stood up with the help of the stone and looked at the road up the mountain. let's go back.

Before she left, she turned back and glanced at him. can you do it? ”

Nian lie suppressed his disappointment and nodded reluctantly.

On the way back, the two of them did not speak again.

However, when they returned to the courtyard, the two elders looked at the half-dried clothes on their bodies and chided them again.

Ning Qing changed into clean clothes and went to the courtyard. She suddenly thought of something and asked her mother-in-law. do you still have any more of your ointment? ”

Her mother-in-law gave her a strange look, as if asking her, ”haven’t you fully recovered? why did you take the ointment?”

Ning Qing’s eyes became unnatural, and she explained to her unwillingly, ” his wound has been soaked in water. I’m afraid that it will take too much time if it gets serious. We’re going to leave.

When the mother-in-law heard this, she was stunned at first, then she got up and left.

Ning Qing watched her walk into the kitchen, her brows furrowed. She felt as if a ball of cotton was stuck in her heart, and she felt a little uncomfortable.

After a while, her mother-in-law came out and handed her a porcelain bowl with the ointment. She went into the house without saying a word.

Ning Qing had not expected such a reaction.

She didn’t feel good, but she still got up and brought the ointment into the house.

Nian lie was cleaning his wound when she walked in and handed him the ointment.

He raised his head, and there was a faint smile in his eyes. thank you.

After saying that, he thought that ning Qing would leave without looking back, but unexpectedly, she stood in front of him and did not leave.

“Ning Qing, what’s wrong?” Nian lie noticed her unusual behavior. He stopped what he was doing and asked her seriously, his smile fading.
