571 Put it on for me _1

The atmosphere became harmonious.

Ning Qing felt for something from behind her and handed it to Nian lie hesitantly.

He took a look. what? ”

I saw this when I was shopping with Yu Shu, ” ning Qing said unnaturally. I think it suits you very well.

Nian lie suddenly recalled that his subordinates had said that the reason for her accident was that Yan’s mother had wanted to snatch a watch from her.

He didn’t expect it to be for himself. He was so excited that he didn’t know what to do. for me? ”

Ning Qing nodded. I just bought it casually. You don’t need to waste time.

The man couldn’t wait to open it. Without a word, he took off the watch on his hand and handed her the piece she had bought.

“Help me put it on.”

Ning Qing did not refuse and obediently did it.

Nian Xi looked at her, his smile filled with adoration. I like it very much.

Ning Qing looked at the man’s bright eyes and glanced at the piece that she had just taken from him.

She had seen it on the display wall of the counter just now.

It was so expensive that it was enough to buy her 10 yuan version.

Nian Yu hugged her and couldn’t help but smile. Qingqing, I’m very happy.

All of her performance today had surprised him!

Ning Qing’s back stiffened a little, but then she relaxed and leaned into his arms. I’m glad you like it.

Nian Xi ordered his men to return to yunhuang No. 1 and didn’t go to the company in the afternoon.

you should go and do your work, ” ning Qing said uncertainly. I don’t need you to accompany me.

“No,”

The man only had these two words, so she couldn’t say anything more.

She had thought that he would only stay at home to accompany her for the afternoon, but she did not expect that he would not go to the office for two days.

One night, the two of them had just finished their sex, drenched in sweat. Nian lie held her in his arms and comforted her gently.

He was very gentle tonight, and she was not sleepy at all.

“Nian lie, I want to take the order,” ning Qing said after she caught her breath.

The man furrowed his brows. I know you’re worried that I’ll be bored at home, ” she said immediately. but I feel guilty that you’ve been accompanying me every day. You need to manage the Nian Corporation. We can’t be too selfish.

Nian Xi half-closed his eyes. yeah.

I’m not going back to HE now, and I don’t want to work at any company. It just so happens that a few of my previous partners asked me if I wanted to take on any jobs, so I want to take on a personal job as a designer, Wanwan. What do you think? ”

She patiently asked for his opinion, and Nian lie’s doubts were dispelled.

He thought about it for a moment. His voice was deep and hoarse after the deed, and it was especially sexy.

“It’s not that I can’t do it, but I’m afraid you’ll be too tired.”

Ning Qing shook her head. it’s easy to draw up the blueprints, and they’re all small-scale designs. It doesn’t take too much time.

Nian lie couldn’t bear to reject her because of the longing in her words.

“Alright, you can do it if you like.”

well, Yingluo, then I’ll go out tomorrow to buy some things I need. I haven’t done it in a long time, so I’m afraid I’ll be rusty. I want to get back the feeling of drawing in the past.

“Alright,: ‘ll get someone to go with you tomorrow,” Nian lie said dotingly as he played with her fingers:

thank you, ” ning Qing said with a smile.

Nian Jing pinched her chin and smiled. a verbal thank you won’t work. You need to do something more practical.

Ning Qing blinked, and her innocent eyes ignited the fire in his heart again.

However, she seemed to not notice it. She leaned forward and kissed him on the side of his face. is that enough? ”

The man’s smile deepened, but it had a hint of seduction, so evil that it was not like his usual cold and forbidding self.

“Qing Qing, let me teach you what is practical.”

He bit her lips like a Wolf pouncing on its prey.

The lights dimmed, and the blanket was over her head.

The room was heated.

[Chapter 572](#)

572 There are some things you still need to understand _1

.....

Ning Qing and Yu Shu had made an appointment, so she went to the airport to send her off first.

The other party laughed and cried at the same time, always saying that he couldn't bear to.

How could she bear to do that? it was just that she couldn't block someone else's bright future for a little selfish desire.

Before she left, Yu Shu took her hand and said, "sister Qingqing, don't think that you'll forget about me just because I'm gone. I have more resources than before. If you need me, you must let me know. I'll do my best to help you!

Ning Qing was touched and agreed with a smile.

Yu Shu's tears turned into a smile. then you must tell me when you get married. I want to be your bridesmaid!

Ning Qing did not continue this sentence.

The boarding Bell rang. The girl pulled her suitcase and finally set foot on the path that belonged to her.

Ning Qing's heart was neither up nor down. She wasn't sad, but she was sad.

From the moment she looked for Yu Shu, it was because her identity as a reporter could bring her convenience. Who knew that she would slowly be attracted to this cheerful and simple girl?

In this world, the strong preyed on the weak, and benefits were the most important. However, she had always maintained her sincerity and enthusiasm, which comforted ning Qing's cold heart.

"Young Madam, it's time to go." A bodyguard reminded him.

Ning Qing nodded, sorted out her feelings, and walked out of the airport lobby.

Not long after, she arrived at the mall. After buying the basic items needed for the drawing, she did not expect to meet that person.

Butler Lu's back was straight, and his hair and clothes were neat and tidy. His face, which was full of wrinkles, was still expressionless. Even the tone of his speech was exactly the same as three years ago.

"Miss ning, long time no see."

It should be the feeling of reuniting with an old friend, but he said it without any emotion.

Ning Qing stopped in her tracks and looked at him. there's no need for you to say such friendly words to me. In fact, I don't want to see you if I can.

Back then, his cold eyes and adding insult to injury were also one of the reasons that pushed her onto the road of no return.

The man's expression changed slightly when he heard this.

Her bodyguards stood in front of ning Qing, protecting her.

Ning Qing gestured. as you can see, I have someone with me. If there's nothing else, I'll take my leave.

After she finished speaking, she turned around and was about to leave.

As the head of the Nian family, no one except Mr. And Mrs. Nian dared to show him any disrespect.

This time, ning Qing did not give him any face. His face suddenly sank and he immediately called out to her, " miss ning, I think you should know something.

As expected, ning Qing stopped in her tracks.

"I heard that you've returned to the young master's side," Butler Lu said in a deep voice.

His words meant that both his parents knew about this.

"So what if I am?" ning Qing asked in return.

Head steward Lu lowered his gaze, but his posture was still as arrogant as before. young master is now in charge of the Nian family. As a servant, I naturally have nothing to say. But if the two of you want to continue being together, you should at least seek the consent of the elders on both sides.

Ning Qing pursed her lips, her eyes calm.

"My master and Madam would like to meet you," Butler Lu said.

After that, he added, "you can refuse if you don't want to go, but it's only a matter of time before you meet your parents, let alone ran ran."

He deliberately paused, and ning Qing continued to ask.

"Besides what?"

"Besides, you might have some things you need to understand."

"....."

"For example, the real cause of your sister's death."

Ning Qing's eyes were cold, and her voice was even colder.

"My sister died in a car accident."

[Chapter 573](#)

573 Coming to the Nian family's old residence again (1:

Butler Lu's expression remained the same. what car accident? "

she and I had a car accident on our way to find Nian Xi.

Butler Lu was taken aback. Her words made it seem like she knew everything, but Yingluo's reaction was wrong.

Ning su had indeed died in the car accident when she went to look for Nian lie. Ning Qing had long since read it clearly in the diary.

However, she had thought that she had brought ning su to look for Nian lie and caused the accident on the way, which was not the case.

Butler Lu thought about it for a while and roughly understood that she had misunderstood. However, he did not reveal his feelings and continued to talk about another matter.

"Do you still want to know the truth about your coma?"

Ning Qing's heart shrank. what truth? "

She didn't faint in that car accident?

Butler Lu revealed a little smile, which didn't make him look gentle. Instead, there was an indescribable strangeness to it.

"I can tell you that your coma is related to master Yan."

"....."

Ning Qing's steady thoughts were suddenly in a mess.

She recalled what Nian lie had said to her when she was preparing to marry Yan Sichen.

don't be with him," he said. he's not a good person. He's the one who made you lose your memory.

Ning Qing couldn't help but think of a long time ago when Yan Sichen had asked her if she hated the person who had made her lose her memory. At that time, his expression had been very strange.

Butler Lu knew that he had hit her where it hurt the most, so he returned to his calm and collected appearance.

"If you want to know the truth, it's better to ask my master and Madam."

The underlying meaning of his words was,"if you want to know the truth, then follow me to see master and Madam."

Ning Qing clenched her fists and lost her strength after thinking for a moment.

"Alright, I'll go with you."

The bodyguards were shocked and tried to stop her.

"Young Madam, Sir said you can't be in a daze."

you guys know where I went. If I don't come back, just tell Nian lie the truth.

Ning Qing's tone was calm, and it formed a warning to Butler Lu.

If she didn't return to Nian lie's side safely, he would find a way to find her. So, don't ever have any ill intentions towards her.

Butler Lu was unmoved. He bowed slightly and said, " the car is waiting outside. Please follow me.

So, ning Qing once again came to the old house with an ancient style.

The heavy fragrance in the air had not changed at all. The courtyard and the flowers and plants in the courtyard could still be seen, but in comparison, it was much colder.

She followed Butler Lu and arrived at the inner garden. Two tall and burly servants stood at the door and reached out to her.

Ning Qing was on guard. Butler Lu said, " please hand over the communication equipment. I'll return it to you when we leave.

Ning Qing's face was cold. why should I? "

"There are some things that you only need to know."

He was afraid that she would record it.

Ning Qing had no choice but to hand over her phone.

The man accepted it and followed her after she crossed the threshold.

Ning Qing's back stiffened a little. Butler Lu noticed it and said lightly, " you don't have to be nervous. They're here to make sure that you won't hurt my master and Madam when you're impulsive.

"....."

There was a hint in his words.

Ning Qing's heart could not help but hang high in the air.

She followed the man up the building and stopped at the end of the corridor. master, Madam, I've brought the person.

After a short while, a deep voice was heard from inside. let her in.

Butler Lu pushed the door open, and a strong smell of tobacco hit him in the face.

Ning Qing frowned in discomfort. She had never liked the smell of medicine, and she almost vomited on the spot.

Butler Lu lowered his body. please come in, miss ning.

[Chapter 574](#)

574 Don't you two think it's ridiculous?

Ning Qing peeked inside. The gilded incense burner with carved flowers was emitting white smoke, making the whole room look half real and half fake.

She was afraid and regretted following him in a moment of rashness. But looking at Butler Lu's cold face, she knew that she could not regret it.

Taking a deep breath, ning Qing stepped in.

She took two steps and closed the door.

"They're here."

A man was lying on a reclining chair with a thick wool blanket covering his body. His face was still as stern and emotionless as ever, and his eyes were deep and sharp. He looked very similar to Nian lie, except that he looked a little sickly.

A slender woman sat beside him. She wore a cheongsam all year round and her posture was graceful and gentle, but ning Qing knew that it was just an illusion.

Song Wan looked up flirtatiously. She wasn't in the mood to reminisce about the past and pointed at the seat over there.

"Have a seat."

Ning Qing did not stand on ceremony. She pulled a chair over and sat down. She looked up at the two of them. I'm here. Please speak.

Song Wan stuffed a hand warmer into Nian Junting's hands. When she heard this, she couldn't help but chuckle.

"Shouldn't you be here because you have something to know?"

"Yes," ning Qing said.

"....."

"Since the two of you invited me here in such a way, I don't think you'll just tell me the truth so easily, right?"

Song Wan covered the man with the blanket. I don't have any ulterior motives. I just wanted to invite you over to take a look.

Ning Qing sneered, and her tone gradually turned cold.

"What are you looking at? are you looking to see if I'm really not dead?"

Song Wan adjusted the clothes on her shoulders. you're right in front of us. There's no need to verify this.

"I'm sorry to disappoint you," ning Qing mocked expressionlessly.

Nian Junting glared at her. He didn't like her tone. ning Qing, you've become more capable after three years. Why are you so aggressive when you're talking to your elders? "

Ning Qing was not to be outdone. She sneered. they're just my ex-husband's parents. I remember very clearly that everything that happened three years ago was orchestrated by the two of you.

Song Wan and Nian Junting's expressions changed.

“: don't have any old feelings for you: : ning Qing said coldly:

Nian Junting's face turned red with anger. miss ning: your status is different now. You don't even know the basic manners of: human being! he said sarcastically:

“Etiquette also depends on the person.”

Ning Qing's eyes turned cold.

didn't you say that I came from a lower-class family and wasn't worthy of your noble family? so please don't emphasize that I was rude.

“You're so silly!”

Song Wan held Nian Junting's body down and shook her head at him.

She turned around and smiled, still as kind as ever.

Qing Qing, no matter what, you're our ex-daughter-in-law. You don't have to be so hostile to us.

In the past, ning Qing's heart would have softened when she saw her like this, but now she didn't fall for it.

Auntie, you were the ones who tried everything to force Nian lie and I to get a divorce. Now, you're calling me your ex-daughter-in-law. Heh.

Ning Qing laughed coldly, her eyes sharp.

“Don't you think it's funny?”

Song Wan's face turned pale.

They would never have thought that ning Qing had become so eloquent. She was not like the submissive her of the past.

Then I'm afraid that today's matter won't come to an end.

Ning Qing was too lazy to waste her breath on them. don't beat around the bush. If you have something to say, just say it.

Song Wan and Nian Junting looked at each other. They didn't want to mention their purpose, but they had to say it now.

“You're with him again: ” Song Wan straightened her body and said straightforwardly:

[Chapter 575](#)

575 You guys just want me to leave him, it's not impossible

He was the one being used here. It seemed that Nian lie had restricted the two of them too much, and their anger had not subsided yet.

Ning Qing nodded. yes.

Song Wan took a deep breath and repeated what she had said three years ago.

“You two can’t be together.”

Ning Qing was very curious as to why they were so against her.

“Why? because I’m a member of the ning family?” she asked uninterestedly.

Song Wan’s face was tense. you can say that, ran ran.

After all, they had to find a suitable reason.

If that was what ning Qing was thinking, she didn’t mind going along with her words.

Ning Qing observed her every move. Oh? I can take it that you’re afraid that my sister’s vengeful spirit won’t leave, so you don’t want me to be by Nian lie’s side?”

Song Wan couldn’t bear to hear her mocking tone. you know why she died.

“Yes, he died on the way to find Nian lie.”

Ning Qing’s face turned cold, no longer gentle.

I was wrong. If I didn’t drag her to look for Nian lie, she wouldn’t have died. But if Nian lie didn’t exist, I wouldn’t have brought her to him at all!

In that case, ning su wouldn’t have lost two lives!

In the end, it was all because of that damn love!

It was all because of Nian lie!

Ning Qing’s eyes turned red, but Song Wan found her to be an eyesore.

Her emotions also fluctuated, and she clenched the silk handkerchief in her hand. you’re talking nonsense! From the beginning to the end, Chen ‘er didn’t ask you to look for him, but you insisted on bringing your sister here. In the end, Chen Chen got into a car accident on the road because of you, it was you who didn’t let him off!”

Ning Qing slapped the wooden armrest, her eyes filled with anger and hatred.

Mrs. Nian, you’re really good at evading!

you keep saying that we brought this upon ourselves, but don’t you know the dirty things your son has done?!

he forced my sister and got her pregnant. Then, he abandoned her and her son. My sister was such a gentle and kind person, but she died in a car accident!

Ning Qing cried as she spoke. The pain was carved into her bones, and it was so painful that it was overwhelming.

“What did she do wrong? What did I do wrong?”

Her only mistake was that she shouldn’t have brought ning su to him!

However, the pain and despair she had experienced over the past few years was not enough!

Why were they so self-righteous as to push the blame onto others?

Ning Qing's emotions were very unstable, so she missed Song Wan's strange expression after being stunned.

She turned her face away, and her tone was so cold that it was inhumane.

her life and death have nothing to do with me. I only care about my son.

Ning Qing lifted the corners of her lips and smiled again.

"What's the use of you caring about your son? he locked you up here for me."

Nian Junting stood up agitatedly. say that again!

Ning Qing's smile was like a poppy, beautiful but full of malice.

the two of you have done your best to think about the future of the Nian family. It's a pity that the son you raised single-handedly bit you back. Do you feel sad? "

"Ning Qing, shut up!" Nian Junting shouted angrily.

Ning Qing raised her chin and wiped her tears, looking like a winner.

"Didn't you all want me to leave him?"

"....."

"It's not impossible,"

The Nian family's parents had thought that there was no hope, but ning Qing's sudden words had changed their minds.

Song Wan looked at her cautiously. Yueyue, are you really willing to do it? "

Ning Qing blinked and replied, " of course.

Nian Junting snorted coldly. this woman is too scheming. Don't be fooled by her.

Ning Qing was honest. I don't have to lie to you. If you have spies, you should know how I got to him.

[Chapter 576](#)

576 Why did you agree to him marrying me?

Song Wan and Nian Junting looked at each other. Ning Qing saw their hesitation and continued, " you hate me, and I hate the Nian family. Of course, it's best if we don't get involved, but I still need a little more time. As long as you tell me the truth about why I fell into a coma, I can leave Nian lie.

It was obvious that Song Wan was moved.

Ning Qing was not in a hurry and just looked at them.

After a while, Song Wan's voice was heard.

"Sure."

Ning Qing had won again.

Song Wan did not plan to hide it and went straight to the point.

"Your coma is related to the car accident, but it wasn't directly caused by the car accident."

"Then why?" ning Qing asked.

Song Wan's eyes were cold. when you and your sister came to find che 'er, you had an accident on the way. Your sister couldn't save you. You were too sad and blamed yourself. You couldn't stand the pain and were depressed all day long. Your parents couldn't do anything to you. Yan Sichen was helpless. It just so happened that his medical team was researching a drug.

Ning Tingting's heart trembled. The uneasiness and trembling seemed to come from the depths of his soul.

She gently pressed her chest, trying to suppress the uneasiness.

"What medicine?"

"A medicine that makes people forget everything."

Ning Qing's heart felt as if it had been hit.

Song Wan looked at her dazed expression and laughed strangely. it's a pity that the medicine was not mature at that time, but you insisted on testing it, and no one could stop you. So ...

so, after taking the medicine, an accident happened and I fell into a coma for three years? "

Ning Qing couldn't believe it. She was the one who had asked for the medicine?

Song Wan's gaze was locked on her, and her lips moved slightly. that's right.

"....."

Ning Qing's heart was in turmoil.

No matter how she thought about it, she would never have thought that things would end up like this!

That shock was like an electric current that spread throughout his body.

Her mind was blank, but she could hear shouts in her ears, "

"Wrong, wrong, it's not like what she said!"

"You're not lying to me?: ning Qing blurted out.

Song Wan held Nian Junting's hand and said breathlessly, " ning Qing, I've already given you the truth that you wanted. You can choose not to believe it, but that's the truth.

"Impossible!"

Ning Qing stood up abruptly, and a wave of emotions rushed to her head, making her lose all rationality.

Song Wan and Nian Junting looked over.

She stared at the two of them in a daze. Her lips moved a few times, but she couldn't tell why she didn't believe them.

“: was the one who asked to test the medicine, so it's my own problem. Why did my parents and Yan Sichen have to hide it from me?: she said in: hurry:

Song Wan's voice was hoarse.

She clenched her fists, but her heart calmed down.

since I've made my own choice, why didn't Nian lie tell me the truth after all these years? ”

Song Wan's eyes flickered. She said slowly, ” no matter what, your sister died on the way to find him. Your family is all the same. If you put the blame on him, he'll have a hard time dealing with you. With your sister's death, will you let him go? ”

“.....”

“My son isn't that stupid.”

Ning Qing listened to the woman's nonchalant tone. Whether it was ning SU's death or the fact that she had been kept from the truth and lost her memories for a few years, all these mistakes seemed to be not worth mentioning in Song Wan's eyes.

A strange anger rose from his heart and became more and more intense.

She stared at the two of them. what a good 'no matter what'! In your eyes, a person's life is as light as an ant. Does it mean that your family is superior to others, and the others are not important?”

Without ning su, their family would not have peace!

People who had never experienced the pain of losing a loved one could not empathize with it!

Song Wan remained silent. Nian Junting lowered his voice and said, ” we have given you the truth that you wanted. Don't keep harping on other questions!

“The one who died wasn't your son, so of course you wouldn't care!”

Ning Qing's anger rose and reached its peak.

if you really hate the ning family so much, why did you agree to let him marry me in the first place?!

Song Wan narrowed her eyes. do you think his father and I will agree? ”

[Chapter 577](#)

577 I just don't believe her (1:

“Even if he didn't agree, didn't he still marry her?”

Ning Qing was so angry that she laughed instead. She spared no effort in mocking him. don't tell me that he's threatening you with his death. That's why you have no choice but to compromise? "

"Ning Qing, don't refuse a toast only to drink a forfeit!" Nian Junting pushed himself up and roared.

Song Wan supported his body. He was so angry that he coughed continuously. His body was in an exaggerated state.

Ning Qing did not show any mercy, and her eyes were as sharp as a knife.

"If you didn't allow him to marry me, all these things wouldn't have happened!"

Her children, her family, and her entire life would never experience that kind of pain and torture!

After Song Wan consoled Nian Junting, there was no longer any trace of fake kindness on her bright and clean face.

"It seems like we can't come to an agreement today."

Ning Qing glared at her resentfully. you want to protect yourselves? " I'm telling you, it's impossible!"

"....."

"You should experience what our ning family has experienced!"

Song Wan's breathing was heavy, and her eyes were cold.

ning Qing, it's not that we didn't give you a chance. Since you don't know how to cherish it, don't blame me. Someone, come.

The person at the door heard the noise and pushed the door open.

"Madam, please give me your orders."

Song Wan glared at the Furious woman. take her away and lock her in the basement. Don't let her out without my permission.

"Yes."

The two of them walked up and simply grabbed ning Qing's arms.

"What are you doing?" she was shocked and then said in fear.

Song Wan stood up, her figure graceful.

She walked in front of her and lifted her chin. your face is indeed pretty, but you're too vicious and vengeful. Chen 'er can't stand it and is going to ruin things. As his mother, I'll help him get rid of you.

Ning Qing shook her chin. do you think you can cover up the truth by killing me? Stop dreaming!"

Song Wan curled her lips. I'm not trying to kill you. It's just that Wanwan doesn't believe you.

"....."

I'm very clear about what kind of people the nings are. The Nian family's hundred-year-old business has attracted so many women. If you ruin it, wouldn't we become a joke?"

Song Wan was all smiles, but her eyes were cold.

"You said you would leave him, but I don't believe you. It's best to lock you up."

A chill spread from her feet to her head, and it invaded ning Qing's entire body.

he'll lose interest in you sooner or later. He'll slowly realize that his father and I are doing this for his own good. Your existence is not important at all.

"You're so silly!"

Song Wan pinched her chin again. She used a lot of strength, and her nails left a mark on the side of her face.

"Don't worry, even if he has the determination to look for you for the rest of his life, I can lock you up for the rest of your life. I won't mistreat you."

The last few words made ning Qing's teeth tremble.

"Take her away quickly," Song Wan ordered coldly.

Ning Qing was dragged out of the room.

Song Wan wiped her lips with a handkerchief and returned to Nian Junting's side. The man's breathing was still heavy, and he was obviously very angry.

this woman won't stop until she destroys the Nian family! he cursed.

Song Wan patted her chest to calm him down. it's alright. No matter how capable she is, she can't escape from the basement.

Although it was called a basement, it was actually a secret room. The walls were made of stone walls that were seven centimeters thick. The door was also open at the top, and it needed a special key to open.

In the early days, the Nian family had hidden some things that couldn't be exposed in the open there. In the entire Nian family, except for her and Nian Junting, only their confidants knew about it.

As long as ning Qing went there, Nian lie wouldn't be able to find her even if he tore down the entire old mansion.

[Chapter 578](#)

578 Escape (1:

Nian Junting felt relieved. He suddenly thought of something and said with a serious expression, " she's like this. If you tell her those things, she'll easily remember something.

Song Wan was not worried. how could it stimulate her if it's true or false? " Besides, it doesn't matter if she remembers it. She can only spend her life in the basement."

Nian Junting grunted and closed his eyes to rest.

On the other side, Ning Qing was guarded by people, one in front and one behind, and they were about to take her to the so-called basement.

Her heart trembled as she looked around. "What basement?" she asked.

"The basement is just a place to lock people up," Butler Lu, who was behind her, explained:

Ning Qing knew that it couldn't be that simple. "How can an ordinary place not be found?"

"It's naturally not an ordinary place."

Since she couldn't get anything out of him, she could only force herself to calm down.

Judging from the confident look on Mrs. Nian's face, if she really entered the "basement", she would probably stay there for the rest of her life, just as she said!

How could he do that?

Ning Qing quietly clenched her fists, her eyes quickly sweeping across the courtyard.

The path was narrow and the yard was large, but this was the backyard, far from the main entrance. It would be even more difficult for her to run out.

Butler Lu could tell what she was thinking. "You've never been to this courtyard before. It's better not to have any other thoughts."

"....."

Ning Qing bit her lip and remained silent.

There was no one in the backyard, and they seemed to be hiding from something.

She looked around and saw that she was getting closer and closer to a building.

A man stepped forward and grabbed her wrist.

Ning Qing gritted her teeth. Out of the corner of her eye, she suddenly saw a rockery. It was about the same height as the courtyard wall, only about two meters away.

Her heart skipped a beat. Butler Lu was opening the door.

"Wait!"

Butler Lu paused. She stretched out her leg and kicked the man on her right, then lowered her head and bit down hard ...

The man who was holding onto her let go in pain. Ning Qing immediately retreated and started running along the path.

The change happened too quickly, and the few of them did not react in time.

Butler Lu was shocked. Then, he ordered, "What are you doing? Catch her!"

The two men hurriedly caught up.

The cold wind whistled in her ears, but ning Qing didn't care. Her heart was beating fast.

"Stop!"

"Don't run! You can't run away!"

Ning Qing lowered her head and sped up with all her might.

However, there was a natural difference in physical strength between men and women. At a corner, she was pulled by a man.

Ning Qing did not hesitate. She turned around, took off her coat, and threw it in his face. The man subconsciously stopped, and she ran away from him.

Another man bumped into him. hurry up and chase after him!

The two of them caught up again, and ning Qing only cared about running along the small path.

In front of the pool, ning Qing took off her shoes and stepped on the rockery barefooted.

The coldness stung his feet, and blood flowed down.

Ning Qing clenched her teeth in pain and climbed to the top of the rockery in no time.

The two men had an advantage in height. Even if they were below, they could reach her ankle with a straight stretch of their hands.

"Come down!"

"....."

Ning Qing straightened her body, looked at the two-meter distance, and made a jumping posture.

"Ning Qing, what are you doing?!" Butler Lu also caught up.

Ning Qing looked down and saw that he was looking up. She could see his fear.

"Why do you have to resist? Master and Madam will find a way to catch you!"

She smiled and raised the corners of her eyes, looking a little charming.

"Then you can let them continue to catch me."

After saying that, she bent down and moved her blood-stained right foot back a little.

Then, under the three people's panicked eyes, he jumped over the wall-

579 A man not to be trifled with (1:

Her movements were in slow motion. Her right foot stepped on the top of the wall, and her left foot followed, her body leaning forward.

In order to maintain her balance, ning Qing leaned back, and her whole body fell backward.

“.....”

The men looked at her dangerous movements and eyed her covetously, like sheep waiting for a Tiger’s mouth.

She immediately squatted down and held onto the wall with both hands to stabilize herself.

She smiled and said, ” goodbye.

“.....”

Butler Lu’s face finally turned ugly when he saw her jump down from the other side.

“What are you still looking at? hurry up and chase!”

“.....”

As soon as ning Qing landed, she felt a sharp pain in her ankle.

She hissed and did not dare to stay any longer.

She heard Butler Lu’s words and quickly dragged her sprained left leg and walked towards the road.

There should have been a car passing by, but ning Qing waited for a minute, but there was no sign of it.

She looked back and saw that the people who had come out from the back door were already chasing after her.

She had no choice but to look down at the car nearby.

Someone was there!

She anxiously knocked on the car window.

“Shua shua-”

“Hello, can I trouble you to help me?”

The car window rolled down, and the man gave her a look. The coldness in his eyes made ning Qing freeze.

His jawline was prominent, and his facial features were not very conspicuous, but when combined together, they made him look extremely fierce and hostile. He had a crew cut, wore a black jacket, and had a cigarette between his lips.

He didn’t look like a person to be trifled with.

Ning Qing did not respond. The man glanced at her. what’s the matter? ”

His voice was low and pleasant to the ears.

“Please help me, someone is chasing me!” She pleaded desperately.

She couldn't care about anything else now.

She would rather be blackmailed than be caught!

The man retracted his gaze and lazily held the cigarette between his fingers. He leaned against the window and looked at the person who was rushing toward him with his long and narrow eyes.

His goal was clear.

He slowly looked back at Ning Qing, his eyes attracted by the blood on the ground behind her.

Ning Qing was anxious. can you please ...

"Get in the car."

His voice was cold.

thank you! she was overjoyed.

Ning Qing opened the door behind her and sat inside.

The man who had chased after her was already in front of the car. Who are you? Don't meddle in other people's business and get out of the car!"

The man was expressionless. He threw the almost-burnt cigarette to the person who was shouting and quickly turned the steering wheel.

Ning Qing thought that she would hit the car in front of her, but she just happened to brush past it.

The man immediately pressed the gear stick, and with one smooth movement, the car suddenly shot out.

In the rearview mirror, the two men gave up after a while.

Ning Qing's heart was beating so fast that it was out of control. She only turned around after a long time. thank you.

The man ignored her.

He seemed to have no interest in her Affairs at all.

Ning Qing calmed down and looked at her injured foot. Then, she looked at the bright red blood on the cushion and felt a little embarrassed.

This man was frighteningly cold.

It was completely different from the coldness of the past.

She couldn't feel any emotion from him, as if she didn't exist at all.

Just as Ning Qing was thinking about how to thank him, the car stopped by the side of the road.

"Get out of the car."

Ning Qing: "???"

Although she was confused, she could tell that the man did not want to care about her.

That's right.

No one knew what she had experienced. She was just a passerby, and no one had the obligation to help her.

She dragged her injured leg and got out of the car with some difficulty.

"Thank you for helping me. I can do it."

Before he could finish his sentence, the car had already driven away.

"....."

Ning Qing felt a little helpless. This person didn't ask for anything in return and was so cold.

580 I finally found her (1)

Sighing, she looked around and saw a pharmacy not far away.

She dragged her legs over. The pedestrians on the road pointed at her and someone took the initiative to help her.

Ning Qing thanked him and entered the pharmacy.

She picked up the phone from the owner of the pharmacy and dialed Lu Zhui's number. Then, she sat down quietly and waited for that person to come and find her.

Five minutes later, a large fleet of cars arrived and stopped in front of the pharmacy.

The crowd startled the owner. they're here to pick me up. Don't be afraid," ning Qing comforted.

As soon as he finished speaking, he heard the sound of hurried footsteps.

Then, she was hugged.

Nian lie's breathing was erratic, and his usual calm self had completely disappeared.

He was afraid that she would disappear and did not dare to let go.

Ning Qing hesitated for a moment, then patted his back. I'm fine, Nian lie.

The man didn't speak. He only trembled slightly to express his fear and panic.

Ning Qing did not say anything else.

After a long time, he restrained himself and stepped back. Looking at her slightly pale face, he couldn't help but touch her face. they're in love.

She blinked her eyes and held his hand. I'm really fine. Look at me, I'm fine now.

Nian Yu pursed his lips, taking her comfort as a forced smile.

He bent down and hugged her tightly in his arms.

“Let’s go home first.”

“Alright,” he said.

Ning Qing nestled in his arms and returned to yunhuang No. 1 smoothly. Lu Zhui quickly brought the doctor over.

Although it was a small injury, Nian Yu looked at the bloodied foot and her swollen ankle, and the hostility in his eyes grew stronger.

Ning Qing sat on the sofa, waiting for the doctor to finish bandaging her wound.

Nian lie stood by the window, listening to Lu Zhui’s report with a dark expression.

young Madam Wanwan was indeed chased all the way and was only saved by a passerby.

Nian Jue held an unlit cigarette between his fingers.

“What happened to her foot?”

Lu Zhui paused for a moment. I was injured when I jumped over the wall from the rockery in the backyard.

“.....”

Nian lie’s face was calm, but a storm was brewing in his dark eyes, and there was a faint haze.

“Go and investigate the person who helped her,” he said in a low and hoarse voice.

Lu Zhui was stunned for a moment before he nodded in agreement.

“Do we need to deal with the old residence?”

Nian lie’s gaze jumped out of the window and landed on the tall Banyan Tree outside. As winter was coming, many of its leaves had fallen and it was no longer as lively and exuberant as before.

His fingers on the windowsill tapped rhythmically, and his thin lips slowly uttered a sentence.

“The tree has been standing in the courtyard for too long, and he has forgotten that there are still walls blocking his branches.”

“.....”

“It’s time to cut it.”

With the cigarette in his mouth, Nian lie couldn’t speak clearly.

my parents are old and their minds aren’t clear enough. Lu Zhui, tell your father to go back and enjoy his old age. Take it as a warning to them.

Lu Zhui understood. He had mixed feelings, but he also knew that Nian lie had given him enough chances.

If the old mansion had not extended their hands to ning Qing this time, he would not have been so ruthless.

After all, those were his parents.

Lu Zhui hardened his heart. I understand. I'll do it now.

He took two steps back, then turned around and left.

Nian Xi stared at the distant sky. Under the mist, not a single ray of sunlight could be seen, and it was cold and heart-piercing.

“.....”

A pair of hands slowly wrapped around his waist.

Then, the heat source attached to his back.

Nian lie froze.

“What are you thinking about?” ning Qing pretended not to know and asked gently.

He hesitated and held her hand.

“It's nothing,”
