621 Successful escape (1:

Outside the airport.

An inconspicuous car stopped by the side of the road.

The woman in the gray coat pushed the door open, thanked him, and rushed into the hall without looking back.

The couple in the hall saw the person who had rushed in. Qingqing!

Ning Qing's eyes lit up. father, mother!

She rushed towards the two of them and hugged them tightly.

you've worked hard, my child, " Mrs. Ning said in tears of joy.

Mr. Ning's eyes were filled with warmth as well."It's good that you're here," he said repeatedly.

Ning Qing did not say much. She looked out of the airport and said hurriedly, " father, mother, let's talk later. Let's get on the plane first.

At this time, Nian lie must have found out that she was missing. They couldn't stay for long.

"Good, good."

She dragged her suitcase and took her parents to the boarding gate. She checked her ticket and checked in quickly before boarding the plane that could leave the city.

After sitting in her seat, ning Qing felt that everything was so unreal.

Her escape was so smooth that no one stopped her.

However, thinking about what she had done, he must have been caught up in the company's leak of information and couldn't get away to chase her.

This was a good thing.

She could finally get rid of him.

Ning Qing did not feel relieved, nor did she feel the joy of revenge. All she had was an empty and calm heart.

Mother ning held her hand, still in a state of shock. after going through so much, our family is finally together.

Ning Qing snapped out of her thoughts and held her hand. father, mother, I'm sorry.

"You silly child, why are you apologizing?" mother ning's eyes were filled with tears. You didn't let us down."

Ning Qing's lips moved. She said apologetically, " I didn't make it clear to you in advance. I've made you sad.

Mother ning's heart ached, but she was still glad.

"We're not sad. We're just worried about you," father ning said:

Mother ning said, " seeing that you're so insistent on being with that man, my heart is broken again and again. Qingqing, it's not that I don't want you to have a place to belong to. I just think that you deserve better. He can't give you a stable life, Hanhan.

With that, mother ning's eyes welled up with tears again.

Mr. Ning frowned. the child is already by your side. Why are you still talking about this? "

"Yes, yes." Mrs. Ning wiped the tears from the corners of her eyes and smiled again. from now on, we'll always be together as a family. No matter where we go, we'll never be apart.

Ning Qing laughed and said: : father, mother, will you be embarrassed if I ask you to leave Ying city with me and go to such a distant place?"

Before she could finish, mother ning patted the back of her hand. as long as we're a family, " she said, " we can go anywhere.

Qingqing, your mother and I understand what you've done. We'll support you in the future. No matter what, we'll be by your side, " Mr. Ning said.

Ning Qing was touched and tears welled up in her eyes. thank you, Father and mother.

Mother ning smiled and hugged her. silly child.

&Nbsp; yeah.

In the past, she had thought that she had nothing and no one loved her.

But now, she already had people who supported her-her parents, her grandfather, and her mother-in-law. How could she easily lose her desire for the future?

Ning Qing's smile gradually became determined, and her eyes shone with a dazzling light.

The cold winter was freezing, and the cold wind outside was bone-piercing.

The sky was gloomy, and the air was covered with a gray mist.

A plane soared into the sky, cutting through the clouds. It carried people full of hope and slowly disappeared in the air.

622 Arriving at the capital city (1:

The capital.

At night, in the brightly lit airport, three people walked out.

There was a car waiting at the entrance. Ning Qing let her parents get in first, then helped the driver put the luggage in the trunk, and then got into the car.

The car moved forward slowly, and luxury cars passed by. Outside the window were high-rise buildings that looked very modern. Compared to Ying city, it was more majestic.

The driver didn't say anything and took her directly to a small villa in the wealthy District of the suburbs of Beijing.

"This is the key that Miss Tina asked me to pass to you."

Ning Qing took it, and the driver helped them with their luggage. the furniture and basic daily necessities are all ready. There's a large shopping mall across the street. If you still need anything, you can go and buy it.

"Thank you," he said.

The driver took out a business card. if you have any special needs, you can contact me at any time.

"Alright," he said.

The chauffeur nodded politely and left.

Father ning and mother ning looked around at the attires of their surroundings. Mother ning couldn't help but say, " every inch of land in the capital is worth its weight in gold.

She took ning Qing's hand. Qingqing, I'm afraid you spent a lot of money on this house, right? "

Ning Qing smiled and explained, " mother, this house is not mine. It's my friend's. We're only borrowing it. When the time is right, we'll fly back to America.

"Why do you have friends in the capital?" Mr. Ning tilted his head and asked.

How could they not know?

Ning Qing's smile faded a little. I told you that someone saved me three years ago. It was her.

she's our Savior. Shouldn't we treat Yingluo to a meal to thank her? " Mother ning was a little excited.

Ning Qing held her up. it's already so late. There's no need to rush. Besides, her time is precious. It might not be appropriate.

what do you mean by 'suitable'? he saved you, so he's our family's benefactor. No one could stop mother ning from taking her words seriously. you have to find time to invite her over for a meal so that your father and I can meet her.

Ning Qing was helpless. alright.

She helped him to the bedroom. it's getting late. You and father should rest early. We'll talk tomorrow.

Mother ning happened to yawn, so she agreed.

Father ning took mother ning from her arms. you too, " he said. sleep early.

“Alright,” he said.

Qingqing, don't think too much about it,” Mr. Ning said as he helped his mother into the house.

There was a brief daze in ning Qing's eyes, then she chuckled. good night, dad.

“Good night,” she said.

The door closed, leaving ning Qing alone.

Standing in the bright living room, she suddenly felt a sense of emptiness, which was not good.

He walked to the bar and poured himself a glass of hot water. He sat down on the brown sofa and started to daydream.

It wasn't until she sat there that it slowly felt a little real.

She had really escaped.

She had left the wedding, left him, and left Ying city.

It turned out that her revenge on his last attack had been the most fatal.

The fact that he didn't chase after her and didn't even give her a call was already the best proof.

Ning Qing's phone suddenly rang while she was absorbed in her thoughts.

She picked it up and took a look. Her tensed heart relaxed. Hello.

“You've arrived?”

A cold female voice came through the receiver.

“Yes, I just arrived.” Ning Qing leaned back on the sofa, her posture relaxed. what about you? what are you doing? ”

Tina fell silent for two seconds before turning to look at the man behind her. I just finished work.

[Chapter 623](#)

623 I don't like to see strangers (1:

“It's so late.”

yes, it's an emergency. I need to deal with it.

It was still the same cold and cheerless tone, ning Qing didn't care.

“Thank you so much, Tina,” she said.

Not only did she help her in HE hospital, but she also helped her and her parents to prepare for their departure.

Tina said something to the person beside her and nodded. Ning Qing said, "I've contacted the company. I might have to wait two days before I go back. There are some things that I haven't settled yet, so I'm sorry."

Tina knew what she was going to say. "You two can stay here for now. Time isn't a problem. We'll talk about it when you're leaving."

"Alright," he said.

"I'm hanging up if there's nothing else."

Wait! Ning Qing suddenly thought of her mother's words and hurriedly stopped her. Wait!

"What else is there?" Tina asked.

Ning Qing thought for a moment and could not help but laugh. Yes, Zhenzhen just arrived. I mentioned you to my parents. They know that you saved me and want to thank you.

In the bright corridor, Tina's footsteps suddenly stopped.

Her clear eyes were fixed on one spot, and her exotic features were straight and stunning, revealing a trace of strangeness.

Very quickly, it disappeared.

"How are you going to thank me?" her red lips moved.

"They want to treat you to a meal and meet you."

"....."

The woman fell silent.

Ning Qing didn't notice anything and continued to smile. My parents know that I'm still alive and are already very grateful. Now that they know that you've been helping me all these years, they see you as their benefactor. They want to see Hanhan.

She didn't finish her sentence, but Tina already knew what she was going to say.

Her red lips slightly pursed, and she spat out three words, "

"No need,"

Ning Qing's enthusiasm seemed to have been doused with a basin of cold water, and her voice was frozen.

Tina's expression remained cold as she replied, "I don't have the time, and I don't like to see strangers."

The two words "strangers" faintly revealed an emphasis.

Ning Qing knew that she had a strange temperament. She was cold and did not like to interact with people, so she had always been curious about her.

She did not ask because she trusted her.

It was also because she knew better than anyone that Tina wouldn't answer such private questions.

Ning Qing forced a smile. alright, if you don't want to, I won't make things difficult for you.

The man's voice sounded from the other end of the line again: let's talk when I get back," Tina immediately said:

Then, the call ended.

Come back? Was it outside the country?

Also, was she seeing things? Why did that man's voice sound like Gu nanzhi's?

As for whether it was Gu Nanyan, ning Qing had no way of knowing.

She drank more than half of the glass of water, got up, and walked to a bedroom.

As she was too tired today, she relaxed and fell asleep in less than two minutes.

—

The same night.

There was complete silence.

Two car lights shone through the darkness as they drove through the frosty gate.

The car door opened, and the man who got out had an imposing aura. He was still wearing the wedding dress, and his face was as still as water. His gloomy eyes were cold and intimidating, even colder than the winter night.

Lu Zhui and Nian che followed behind him. After a long day, they were so exhausted that they couldn't even lift their arms and legs. They didn't know what to say.

The man ignored them and went straight to the study on the second floor. The two of them followed him eagerly.

Nian Xi took off his jacket and threw it on the sofa. He walked to the desk and pulled out a drawer. He took out a box of cigarettes and a lighter, then lit them up in one go.

: GE Xuxu: "Nian che said carefully:

[Chapter 624](#)

624 Don't ever come looking for me (1:

Nian Ying took a deep puff of his cigarette, barely stopping his trembling hands. Then, he lowered his head to hide the agitation in his eyes. His thin lips moved slightly. what's the estimated value? "

ah! Lu Zhui immediately replied, " the risk department has evaluated the projects, big and small, and S-grade projects that have been leaked, as well as the subsequent projects that need to be reinvested in manpower and resources, including the cost of terminating the contract because of this leak, Zhenzhen.

Nian Che's heart trembled when he heard that. that's enough, can you just tell me how much you lost?!

His brother's face was ashen. He didn't know if this person could read a person's expression!

Of course, Lu Zhui didn't look at it. He didn't even dare to raise his head.

the estimated loss is about 20 billion.

Nian Che's face turned pale.

20 billion RMB

That was the Nian corporation's net income for the entire quarter!

Nian lie took another puff of his cigarette. Compared to Nian Che's panic, his reaction could be described as cold.

"How are the guests?" he asked Nian che.

Nian che snapped out of his daze and said hurriedly, "I've already arranged for it. I've also sealed the news. However, the public opinion is still not settled. It's about the bride's disappearance, Wanwan!

He was hit on the ribs by an elbow. He wanted to scold Lu Zhui angrily, but he suddenly remembered what he had just said and felt terrible.

Nian lie bit the cigarette butt, his eyes cold and stern. It was hard to tell whether he was happy or angry. hurry up and seal off the news.

Nian che nodded. I understand.

"There's been a lot to do today. Go back and rest now."

Lu Zhui and Nian che froze, a chill running down their spines.

With Nian lie's temper, he wouldn't say such considerate words.

Was she so heartbroken by today's events that even her brain was starting to go haywire?

Nian che and Lu Zhui exchanged a few glances. you're not leaving? " Nian che threw him a glance.

Lu Zhui took a step back and bowed deeply. young master, you should rest early. I'll go back first.

Nian che couldn't stop him even if he wanted to. He watched as Lu Zhui ran off like a wisp of smoke, as if a ferocious beast was chasing after him.

He sighed helplessly and turned around to meet Nian lie's dark eyes.

Nian Che's entire body trembled. He forced a smile and said, " then, brother, I'll go back too.

The man's face didn't change at all, and he let out a sound of agreement through his nose.

Suddenly, Nian Che's heart ached for him. brother, don't be too sad. Sister-in-law is busy.

A cold gaze shot over.

His words were stuck in his throat. Nian Yu's cold voice rang out, "

“I’ve said it before, don’t mention her in front of me again.”

“.....”

Nian Che’s expression turned dark and he did not say anything else.

“You should go back too,” Nian lie said calmly after a long time.

Nian Xi nodded hesitantly. In the end, under the man’s cold and distant side profile, she turned and left.

Once he left, the study room fell into a terrifying silence again.

The strong smell of tobacco entered his chest, confusing his mind and vision.

Through the White mist, Nian lie seemed to have seen her figure and smelled her scent.

But in the blink of an eye, all the warmth disappeared and she became cold.

Nian lie, I don’t really love you. In order to leave you, not only did I lie to you, but I also released the Nian corporation’s Secret to stall you so that I could leave li city safely. You know how determined I am. So, never come to me again.

Everything was gone.

The door was knocked, and the good and bad her disappeared.

“Young master, the old master said that he wants to see you: ” the servant said carefully:

Only then did Nian lie remember the two old men. However, the image from the surveillance camera still lingered in his mind.

She had escaped with their help.

His lips curled into a self-deprecating smile, and the cold pain penetrated his bones. I won’t see you.

The servant left.

The night was still silent.

[Chapter 625](#)

625 An unexpected person came (1:

He headquarters in the United States.

Gu nanzhi looked at the woman walking in front of her and pretended to test her, ‘she called you? Did you really succeed in escaping the marriage?’”

Tina walked into the elevator with an expressionless face.

The elevator door closed. Gu nanzhi was not serious. tell me, don’t be so petty.

Tina shot an icy glare at him. don’t you know if she succeeded or not? ”

Gu nanzhi raised her eyebrows, finding her words funny. I've been following you around every day. How would I know what's going on with her? "

Tina remained unmoved by his frivolous words. young master Gu, you already have as many people as a security team in the country. Why would you need me to help you? "

Gu nanzhi choked. Her face turned red. woman, can you not be so sarcastic when you speak? "

"You're not honest enough."

Tina retorted with her chin raised in an ice-cold manner.

"Admitting that you like her won't affect my evaluation of you."

Gu nanzhi gritted her teeth and her smile was a little twisted. Miss Lou asked someone to cooperate with the Nian family and even terminated the contract with them when she ran away from the marriage. It's hard for me not to suspect that you're trying to buy her more time.

The elevator fell silent.

The elevator wall reflected the woman's beautiful face and the man's deep and charming face.

Gu nanzhi laughed casually. Miss Lou, aren't you not honest enough? "

"....."

Gu nanzhi walked behind her and leaned in close to her ear. we're all doing this for the same person. We don't have to hide like this.

Tina didn't move away and allowed him to get closer to her on purpose. who said I did it for her? "

Seeing that she was being stubborn, Gu nanzhi snorted and laughed. Lou si, you're not interesting anymore.

Tina turned her head to the side and met his blue eyes.

young master Gu, you can be swayed by your emotions, but you shouldn't judge everyone with that kind of gaze. I represent the Lou family and am a businessman. After the wedding and the leak of the documents, the Nian corporation's reputation has fallen again and again. The benefits it can bring to the Lou family have already reached the end. Keeping it will only drag me down.

There was a smile in Gu nanzhi's eyes. When she looked at people, there was always an illusion of affection and gentleness. It was hard to notice the coldness hidden in her eyes.

"Do you think I'll believe you?"

"It's the truth. It's none of my business whether you believe it or not."

The elevator arrived and the door opened.

if you have the time to pay attention to whether I'm true to her, you should spend more time on your grandfather and fiancée.

Tina walked out without waiting for him.

Just as the elevator was about to close, a hand reached out and blocked the door.

Gu nanzhi's expression was dark, and it was obvious that she was worried.

Of course, he knew that she was forced to get married. He also knew that she would not be willing and would definitely run away.

As a matter of fact, she did not invite him, so it was easy to imagine what she would do.

Fortunately, no matter who helped her, she had succeeded.

However, with that man's personality, would he really let her go?

The answer was unknown.

—

The next day, ning Qing slept in. When she woke up, her back was aching, which had something to do with the wrong sleeping posture last night.

Mother ning and father ning went out early in the morning, bought breakfast, and waited for her to wake up.

After the meal, the family went out for a few rounds. Mother ning was amazed by the prosperity of the capital and asked about the US, afraid that she would not be used to life there in the future. Ning Qing and father ning smiled and said nothing.

During that week, she did not pay attention to anything. The family was very comfortable and had almost toured the entire capital.

After waiting for almost a month, she did not receive any news from the American company. Instead, she received an unexpected person.

[Chapter 626](#)

626 Gu nanzhi returns to the country (1:

—

That evening, the family had just returned from a walk outside and saw a person standing at the door from afar.

He was wearing a white hoodie and a rice coat, but he was still wearing the hoodie. He leaned against the door and looked around like a thief.

Mother ning covered her mouth and whispered, "are we being targeted by a thief?" The capital's regulations are this bad?"

Ning Qing gestured for her and her father to calm down. She picked up a broom left behind by the cleaner and took out her phone to take pictures as she approached.

She walked closer slowly, stuffed the phone back into her coat pocket, and quickly pulled off the man's hat. who are you ...

As soon as he finished speaking, the broom had already fallen.

When ning Qing saw the familiar face, it was already too late for her to withdraw her hand.

“Ah!”

It was a shrill cry.

“.....”

In the bright living room, the family sat around the sofa.

Ning Qing took a glass of hot water and handed it to the man with a bitter face.

Gu nanzhi’s blonde hair was messy and her eyes were sad. She just didn’t take it.

She had no choice but to put the water on the table in front of him.

Mother ning chuckled awkwardly. Xiao Gu, when did you come back? why didn’t you tell us? ”

Gu nanzhi pulled a long face. I called her, but she didn’t answer.

Ning Qing coughed and pointed to the bedroom. my phone is charging.

Gu nanzhi was furious. ‘Is this a reason? When you see guests, you greet them with a broom!’

“Why don’t you take: look at how you’re acting like a guest: : ning Qing looked away unnaturally and said in: low voice:

Gu nanzhi shouted, ‘what did you say? I dare you to say that again!’

Mrs. Ning hurriedly held onto his hand to stop him from going berserk. don’t be angry, child. We didn’t recognize you, mainly because not many people know that we’re here. Of course, we wouldn’t have thought of you.

Since the elders were blocking her, Gu nanzhi couldn’t get angry. She just widened her eyes and stared at ning Qing.

She waved her hand and said, ” my mom is right. Besides, you’re sneaking around at the door. Who knows what you’re up to? ”

“Ning Qing!”

The man was angry again.

Father ning gave her a look, and ning Qing stopped talking.

He patted Gu nanzhi’s shoulder. Xiao Gu, don’t be angry. It’s not worth it to come all the way here just for a birthday.

“Yes, yes, yes.” “I’ll apologize to you on behalf of Qingqing,” mother ning chimed in.

What else could Gu nanzhi do? ” I’m not that angry, ” she mumbled.

that’s good, ” said Mrs ning, feeling more at ease.

The atmosphere gradually became more harmonious, and when father ning and mother ning heard that they were about to discuss business, they found an opportunity to leave.

Two people were left in the living room.

Across the table, ning Qing looked at the man she had not seen for a long time.

Gu nanzhi glared at her angrily. What are you looking at? have you never seen a handsome guy before?
”

Ning Qing smiled. yes, it's been too long. I need to take a good look at your face.

“.....”

The man's expression froze and became strange.

Seeing his slightly red face, ning Qing laughed. Gu nanzhi, are you blushing? ” she asked.

He glared at her. shut up!

Ning Qing understood what he meant, but she held back her laughter.

After a while, she said, ”tell me, what do you want this time?”

Gu nanzhi almost rolled her eyes. When facing her, he could not maintain the calmness on the surface and had to reveal his true self.

“What do you mean what do you want? do you know how to talk?”

Ning Qing knew that he was angry, so she nodded quickly. okay, may I ask what little master Gu is going to do in his return this time? ”

[Chapter 627](#)

627 In what sense are you referring to being together?

The man lifted his chin proudly. there are many things to do.

“For example?” ning Qing asked.

“I'm back for an inspection.”

“And then?”

“Surveying the domestic market.”

“There's still more.”

Gu nanzhi glanced at him meaningfully. to see if you're dead. Are you unable to live without me? ”

“From the looks of it, he's still alive,” ning Qing said.

Gu nanzhi gritted her teeth and stood up. She rushed to her side and grabbed her wrist. Her handsome face was in front of her. you're with him again? ”

Ning Qing could not react in time. She stared at his eyes in a daze. There were many emotions flowing in his eyes. They were surging and overwhelming, but he suppressed them with all his might.

She moved her lips. in what sense do you mean by being together? ”

The man didn't expect her to answer like this, and his gentle and harmless face suddenly sank.

“What do you mean? You!!!”

He couldn't continue.

Originally, he thought he had enough courage to face everything.

However, standing in front of her, he was like a helpless child. His thoughts were obvious and there was no way to hide them.

Ning Qing realized what she had said and pursed her lips tightly.

The silence was suffocating.

A man's voice came from above her head. It was depressed, heartbroken, angry, and unwilling.

“Ning Qing, why are you so silly?”

She closed her eyes and a shadow flashed across her eyes. She smiled bitterly and helplessly. what can I do, Gu nanzhi? I don't have any ideas.

At that time, she was facing Nian lie, who had everything under his control. Everything she wanted to do was right in front of him.

He was too sharp and observant. If she didn't do anything, how would he believe that she loved him?

Gu nanzhi's Blue eyes seemed to have cracked, and it could no longer be repaired.

He was filled with anger and regret as he held her hand tightly. ning Qing, tell me, why don't you want to go with me? If you had promised me earlier, if Yingluo ...”

A ray of light seeped out of his eyes, and his deep breathing pierced his heart.

“.....”

Ning Qing did not expect him to blame himself like this.

The man slowly lowered his head and leaned on her shoulder.

It was neither too far nor too close, but she could not see his face.

“If only you were willing to come with me,” he said.

Ning Qing's emotions were in turmoil, and tears welled up in her eyes.

“I'm sorry. I didn't know what was good for me in the past and made you sad.”

“.....”

This apology did not ease the man's emotions. Instead, it made his back even more tense.

"Ning Qing, you're the stupidest woman in the world."

"You're right," the woman replied with a forgiving smile.

Gu nanzhi buried her head and her eyes were red. Her heart ached so much that she could not breathe. She could only use scolding to relieve the pain.

you're so stupid. You won't turn back until you hit the south wall. Can't you change the wall? "

"Yes, I'm stupid."

"Not only are you stupid, but you're also stubborn. You don't know how to be flexible and stubborn."

She turned around to look at him.

Or perhaps, he was looking at himself.

He loved her so much and was afraid that she would be put in a difficult position, so he forced himself to leave her and return to America to continue what he had not done.

He thought that if he couldn't see or touch her, his longing would stop.

However, he did not.

Not only that, but it also became deeper as time passed.

But what about her?

She didn't cherish herself at all.

"I should have forced you to come with me. I shouldn't have trusted her. I shouldn't have trusted your decision!"

Ning Qing felt helpless as she listened to the man's angry words.

She patted his back and said gently, " I don't blame you, Nan Yan. This is my own decision. I will bear the consequences.

[Chapter 628](#)

628 The company's decision (1)

"What are you doing!"

The man suddenly swept her hand away and looked at her face, which had lost a lot of weight. His temper was like a deflated balloon, and it suddenly disappeared.

"You've never understood the people who love you. You don't know that they're willing to give up everything in exchange for a little bit of good in you! And you, not cherishing yourself is the same as destroying this heart. Who are you letting down!"

"....."

Ning Qing's eyes flickered, and the stars fell.

"I'm sorry," she said.

Gu nanzhi's face and ears turned red. the person you should be sorry to is yourself!

"....."

The loud roar alerted father ning and mother ning, who were eavesdropping.

Mother ning forced a smile. what's wrong? why is Xiao Gu so angry? " she asked.

The man's face tensed up and he looked away.

Ning Qing's back was facing them, and her voice was a little hoarse. it's okay, Mother. I made him unhappy.

Father ning knew that it was not that simple. He also knew that they needed some space. let's talk it out. Don't get angry, " he said.

With that, he pulled mother ning into the room.

The air in the living room froze.

Gu nanzhi's heart ached and she was angry. She did not express anything at all. He felt as if he had punched cotton and his heart was suffocating.

After a long time, he grabbed his hair in frustration and ruffled it. you're really my nemesis!

After scolding her angrily, he grabbed her again and forced her to say, " ning Qing, I want you to swear. You're not allowed to do such a self-degrading thing in the future. You're a girl! It's for people to pamper, not for people to trample on and humiliate!"

With tears in her eyes, ning Qing looked gently at the man who still didn't want to hurt her even after his hysteria. okay.

"....."

After a quick breath, national policy Zuo let go of her hand.

The scene became a little subtle and indescribable.

: Did Tina tell you the address?: ning Qing asked to ease the awkwardness:

"Yes."

He had chased her all the way and finally got the news.

Ning Qing thought for a moment. is there an emergency? "

Gu nanzhi held her breath and did not refute immediately.

Ning Qing knew that she had guessed right. tell me, what is it? "

Gu nanzhi hesitated for a while. Then, with some difficulty, she said, " the company has made a decision about you.

He looked at her seriously and said, " you can go back.

"....."

"But you need to do something in China."

Ning Qing frowned. what? "

Gu nanzhi found it a little difficult to speak up. you've done a lot of things in the country during this period of time. Some of the negative feedback has reached the ears of the company's higher-ups, and they have some opinions about you.

Ning Qing closed her eyes.

To be honest, she didn't expect this.

Gu nanzhi continued. some people doubt your professionalism in jewelry design. Some people also doubt your behavior. After some discussion, the higher-ups want you to participate in a jewelry design competition held in the country.

Ning Qing frowned and was a little surprised. the National League? "

Gu nanzhi nodded. you've definitely paid attention to it, so I won't go into detail. In short, the higher-ups think that this award has a high value. As long as you can win it, it's enough to prove your ability.

Ning Qing stopped talking. She had not expected this to happen.

Gu nanzhi held her shoulders and said with a serious expression, " Ning, this is the result that I fought for you. I know that you love designing and I also know that you are talented. I hope that you can continue to shine in this industry and continue your dream.

"....."

you should know that if you are fired by HE, no matter what the reason is, your career in this industry will be over.

Of course, ning Qing knew the seriousness of the matter. She pursed her lips and hesitated. but, Tiny, I haven't touched the design tools for a long time, Yingluo.

Gu nanzhi's eyes were filled with encouragement. I believe in you, Ning. You can do it. Besides, we have no other way out, right? "

Ning Qing struggled a few times and finally compromised.

"I know."

Her eyes were filled with determination. don't worry, I won't give up.

Gu nanzhi smiled knowingly. that's good.

It was not in vain that he used the Gu family's identity to vouch for her.

Even if she lost and he lost the right to fight for the family inheritance, he had already done his part for her.

Moreover, he believed that he would win whatever he gambled on her. Losing was also winning.

With Gu nanzhi's help, ning Qing quickly understood the rules and topics of the National jewelry design competition over the years.

The National jewelry competition was divided into four rounds. In the first round, the contestants would sign up with their historical designs, resumes, and a design made according to the requirements. The organizers would eliminate a group of people who did not meet the requirements according to certain data. This was the pre-selection.

It was said that half of the participants would be eliminated during the preliminary selection.

Then, it was time to officially enter the second round of the competition. Each group would have five people as the starting line, and the time limit was one week. The competition would be designed according to the conditions given by the organizer. In the end, the judges would give marks, and the first place would advance to the next round.

In the third round, the contestants would be divided into groups of two. The theme of the design would be given by the other party, and the contestants would draw the design according to the other party's request. They would also give each other marks. The one with the highest marks would advance, and the advanced would be matched with another advanced until two winners were decided.

This round took the longest time, and the number of people who were eliminated was uncountable. Many designers who were slightly famous were eliminated in this round.

It was the last and most mysterious match.

According to the themes displayed over the years, the theme would change every year. It was impossible to predict, so the reference value of the historical champion's works was not high.

Ning Qing stayed in her room and studied it for about a week. Mother ning and father ning were a little worried.

"This child doesn't even go out, will she get sick from holding it in?"

They also knew ning Qing's current situation. If she wanted to return to HE, she had to win this honor.

She was in a difficult position now, but as her parents, compared to the fame and fortune, they naturally felt more distressed for her.

Gu nanzhi stepped forward and held mother ning's shoulders. Auntie, don't worry. She's doing this for her dream. It's only right for her to put in some effort. Besides, her opponents this time are all very strong. She can't be too relaxed.

Xiao Gu is right, " Mr. Ning agreed. our daughter has grown up. We don't need to worry about her anymore. We just need to support her.

Even though she said that, mother ning's heart still ached.

Gu nanzhi's eyes turned and she suddenly had an idea. hey, Auntie, if you don't want her to work so hard, I have an idea.

what is it? " the parents looked at him in confusion.

Gu nanzhi was very serious. if you marry her to me and make her my wife, she can be HE's lady boss in the future!

Mother ning didn't know whether to laugh or cry. you silly child, what are you saying!

Gu nanzhi was anxious. I'm serious. You're an elder. You can make the decision.

Mother ning slapped his hand away helplessly. Gu nanzhi followed behind her.

"Don't you feel bad for her? Just agree and let her marry me!"

Mother ning laughed as she scolded him, and the tense atmosphere melted away.

Soon, a month passed, and the registration gate for the jewelry competition was open.

Gu nanzhi had been waiting for ning Qing since early in the morning. Under his constant urging, she finally mustered her courage and went out with him with the new work she had designed according to the tips on the official website.

Before she left, her parents cheered her on. Ning Qing was touched, but at the same time, she was more determined to win the championship.

However, she had never expected to meet Nian lie at the registration entrance.

630 Ning Qing, you don't think he's here to look for you?

In the wide hall, the ten registration gates were lined up neatly in one place. The staff wearing the work pass had a serious expression, but the hall was very quiet.

Ning Qing had noticed a group of people from the moment she entered.

This was the first time she had seen him in two months.

Among the bodyguards in black, the man had a cold aura. His face was cold and his figure was thin. However, this time, the person standing beside him was not Lu Zhui, but a petite woman.

Someone beside him said something. The woman stepped forward and leaned close to Nian lie's ear. Her posture wasn't very intimate, but there was an indescribable ambiguity.

"Ning,Ning?"

"What is it?" ning Qing asked, pulling herself back from her thoughts.

Gu nanzhi looked at her strangely. I asked you to check if you have brought all the information. It'll be difficult if you miss anything.

Ning Qing lowered her head, opened the file in her hand, and examined it carefully. nothing's missing.

"Then let's go."

Gu nanzhi led her to the registration window, took the folder from her hands, and handed it to the staff one by one.

When it was time for face recognition, Gu nanzhi called out to her, but she didn't respond. He was really helpless. what are you thinking about? "

Ning Qing shook her head, her mind in a mess.

She pushed him away and faced the scanning machine.

With a "ding," he passed the identification.

registration successful. The results of the audition will be notified by text message in three days.

"Thank you," he said.

The staff member was a woman in her thirties. She looked at ning Qing's information and asked,"are you Ning?"

Ning Qing stopped in her tracks and turned around. yes.

The woman held the sealed audition piece and smiled. I like your work very much, especially the new Night Sky series. It's very beautiful.

Ning Qing and Gu nanzhi looked at each other and felt happy from the bottom of their hearts. thank you.

"I hope you can get good results in this competition. I have high hopes for you," the woman said.

Ning Qing nodded. I'll try my best.

Before she could finish, a man's deep voice suddenly came from behind her.

"Are you done?"

Ning Qing's body froze, because she knew who the man behind her was.

"If you're done, please make way."

Nian's voice was still brilliant, rich and elegant, wrapped in a coldness that kept people a thousand miles away. It made people afraid, but at the same time, it was hard not to be attracted.

Ning Qing's hands and feet were cold, and she stood in place.

Gu nanzhi also became alert. She hugged ning Qing. let's go.

"....."

She was speechless.

The powerless coldness flowed through his blood.

She couldn't exert any strength.

The moment she brushed past him, she caught a glimpse of the man's perfect face and his deep, dark eyes. There was another woman beside him.

He did not even spare her a glance.

It was as if she was really just a stranger.

Ning Qing panicked. When her hands and feet regained their warmth, she was already sitting in the rest area.

Gu nanzhi had gotten hot water from somewhere and handed it to her.

She didn't have the time to thank him and quickly held him. The heat source was endless, and the temperature in her heart also warmed up a little.

Gu nanzhi looked at her abnormal behavior and then at the man in the distance. She frowned. why are you so afraid of him? "

Ning Qing shuddered when her thoughts were suddenly revealed. She lowered her eyes. I, Zhenzhen, don't know.

That fear was indescribable.

It was just so inexplicable.

It seeped out from her bones.

Gu nanzhi looked at her pale face and an idea came to her.

"Ning, don't tell me you thought he was here for you?"
