

Mr Nian 681

[Chapter 681](#)

681 This building is on fire (1:

In the quiet garden, darkness shrouded the area. The light from the street lamps spread across the road, making the ground a dim yellow.

The two black shadows scuttled past at an extremely fast speed.

A flame lit up from somewhere.

When the strong smell of cigarettes entered the room, the woman lying on the table moved her eyebrows and her eyes were sleepy.

“Why did you fall asleep?”

Ning Qing rubbed her temples. She had been prepared to call Gu nanzhi.

Her mind wasn’t clear, but she heard the noise outside.

He looked up and saw a faint flame.

“.....”

Ning Qing was stunned, not knowing what had happened.

Just as she stood up, the door was slammed open.

“Ning Qing!”

Nian lie shouted, his handsome face full of worry.

Ning Qing looked at him and then looked outside. She noticed that he was breathing heavily, as if he had rushed up in one breath.

She said, “why are you tidying up?”

“Are you alright?” The man rushed forward and held her wrist worriedly.

She was stunned and shook her head.

“This building is on fire,” he said in a low voice.

“What?”

Ning Qing was surprised that she had not heard anything.

Nian lie’s voice was deep. The situation wasn’t good.

“The fire is a Little Big, even the corridor is on fire.”

Ning Qing couldn’t make any reaction, and her mind was blank.

Nian Yu pursed his lips and stared at her with his dark eyes. the people downstairs are trying to find a way. They can't come up for the time being, but I've checked the stairs. They're still working, so you have to follow me closely.

"What Yingluo!"

Nian lie removed the lid of the teapot from the table and pulled a clean towel from the side. He poured the water on it nimbly and handed it to her.

"Cover your nose and mouth, be careful of the lack of oxygen."

"Then what about you?" ning Qing blurted out, starting to panic.

He paused and did not answer, only saying, "follow me closely."

He took her hand, his palm wide and rough, making her feel extremely at ease.

No one noticed that her phone on the bed was vibrating all the time.

Ning Qing followed Nian lie out of the room and realized that the situation was far worse than she had imagined.

The eaves of the house were all on fire, and the wooden fence was also full of flames. With a bang, a corner collapsed, and the raging fire received the oxygen and spat out a tongue of fire.

White smoke filled the air, sparks flew everywhere, and the choking gas fought to enter the mouth and nose.

It was very noisy below, and ning Qing did not dare to get close to the edge for fear of falling.

She covered her face with a towel. When they passed by a room, she grabbed Nian lie's hand and asked in a muffled voice, 'where's Ruan Yi? Why didn't you bring her along?'

Nian lie's back stiffened. He turned around and said hoarsely, " she's not in the room.

"....."

Ning Qing suddenly understood something and was speechless.

He responded to her with even more force.

"Clang-"

Something heavy fell down and the entire floor shook.

Ning Qing's legs went numb from fear. Nian lie turned around and hugged her. be careful.

She didn't know what to do and wanted to push him away.

"Don't bother about this, your life is more important." His sudden words stopped her.

Nian lie steadied her body. His usually unsmiling face was even colder and harsher at that moment.

He pulled her away from the burning wooden fence and came to the stairs that led to the second floor.

One side of the staircase had already collapsed. Nian lie's dark eyes were solemn as he looked at the height of the broken staircase from the lower floor and estimated the height.

Ning Qing saw through his intentions. don't be silly.

The man let go of her without a word, stepped down a flight of stairs, and jumped down.

"Nian lie ..."

[Chapter 682](#)

682 Come down, I'll catch you (1)

There was a slight sound below, and he seemed to be safe to the end. He turned back and reached out to her.

"Come down, I'll catch you."

Ning Qing looked at the height and the dark ground below, not knowing when it would collapse.

The heat pressed against her face, and soon, her clothes were wet with sweat.

The entire building shook again.

She was still hesitant.

Nian lie raised his head. His eyes were pitch-black, and her shadow was reflected in them.

"Ning Qing, believe me, quickly--"

"....."

She squatted there, gritted her teeth, and made up her mind. She closed her eyes and pounced on him.

Nian lie opened his arms and rushed toward her.

She fell into his arms, and the impact was so strong that he was pushed to the ground.

Ning Qing heard him groan. She propped herself up and asked anxiously, "I'm sorry. How are you?"

Nian lie lay on the ground, his body a little stiff.

When he saw her flustered and worried expression, he smiled. it's not easy to see you worry about me.

"....."

Ning Qing's hand gesture stopped, and she got up from his body.

The man propped his upper body up with some effort, a mesmerizing smile on his lips.

The flames behind him illuminated his face. The side of his face was stained with some black stains, making him look like a demon who had been reborn from the fire.

Ning Qing turned her face away. get up if you're fine.

Nian Ying laughed. He pushed himself up slowly from the hot ground, his body swaying.

Ning Qing didn't notice. She looked at the stairs from the second floor that led to the bottom. It was completely broken and was burning. The bottom was in a mess.

She frowned. the stairs are broken. I can't see what's down there.

She turned around and looked at Nian lie. what should we do? "

Nian lie was a little dazed as she rarely asked him for help. He smiled and said, " what else can I do? "

How would she know?

Should he jump down again?

Nian lie walked to her side and looked down. it's too dark down there. We're already very close to the ground. We don't have to take the stairs.

Ning Qing's eyes were bright from the fire, and she quickly walked to the fence.

The people downstairs were still trying to put out the fire. Uncle Wu saw her and shouted at them, " the stairs are broken. Wait a moment. I'll get someone to move the life-saving ladder!

"Alright!" Ning Qing replied loudly.

She turned back and heaved a sigh of relief. they've already gone to move the life-saving ladder. Let's wait for a while, ran ran.

"BOOM!"

There was a loud noise. Ning Qing and Nian lie looked up at the same time. The roof and the furniture in the room had all collapsed and buried one side of the yard.

Sweat trickled down ning Qing's forehead. She had just thought that she was about to be saved, but now she felt that survival was extremely far away.

"Ning Qing!"

A scream was heard, and the entire second floor shook violently, collapsing in one direction.

Ning Qing lost her balance and fell down the stairs. Nian Jin suddenly pounced on her and grabbed her hand.

In a flash, the fire on the stairs grew bigger and attacked him from behind. It was like a hand from hell, trying to drag him down.

Ning Qing's heart clenched. Xuanji, Nian lie? " she gritted her teeth and shouted.

The flower pot on the shelf next to him couldn't take it and fell toward his legs.

"Uh, hehe."

Nian lie groaned in pain, the pain in his eyes clear.

"Don't let go!" He said.

Ning Qing grabbed his hand, and her feet were already in the air.

Something heavy was falling from above, hitting her legs.

She tried her best to shrink back, fear and panic tormenting her nerves. The man's face of pain was clearly reflected in her eyes.

: The building is going to collapse!: Someone shouted from downstairs:

[Chapter 683](#)

683 Don't just die like this _1

Tears welled up in Ning Qing's eyes, and she choked on the air. She coughed uncomfortably, and her physiological sadness made her face covered in tears.

"Nian lie, you're the one who's crying!"

He seemed to know what she wanted to say. He gritted his teeth and held her tightly with one hand. Ning Qing, don't let go. Did you hear me, Zhenzhen? "

"....."

"Even if you die, I'll die first."

"....."

"Don't you hate me? If I die, you can live well and pursue everything you truly want."

Ning Qing couldn't describe her feelings, so she just kept shaking her head. Listening to his last words, her heart ached so much that she lost consciousness.

Nian Xi's back was facing the fire. She watched as the fire spread and burned his pants.

Ning Qing was terrified. no, no, let me go!

The man stood as still as Mount Tai, his eyes full of affection, and perhaps regret? Regret? Heartache?

She couldn't see clearly, and she stomped her feet desperately, finally stepping on a place to borrow strength.

She steadied herself and grabbed a random spot with her other hand. After making sure that it could withstand her strength, she gritted her teeth and climbed up.

She used all her strength to turn over and stand in front of him. She held his arm and moved him to a place where there was no fire.

Nian lie looked at the wound on her arm. His eyes flickered, and his pale lips trembled. why? "

Ning Qing did not answer. She looked at his legs. you're injured.

"....."

"Can't you move?"

Nian Xi looked at her, not willing to leave her face for even a second.

Ning Qing did not look at him and looked down.

The entire corridor was on fire, and the entire building was being roasted by the raging fire. No matter which immortal came, there was no way to turn the situation around.

Nian lie couldn't help but cough a few times. Ning Qing looked at the towel she had been using earlier and wondered if it was still wet.

She wanted to pick it up but was stopped by Nian lie.

"Stop moving."

"I don't want to die," ning Qing said.

"....."

"Don't just die like this."

There was a glimmer of light in Nian lie's dark eyes. She broke free from him and reached out to grab the towel on the slanted floor. Unfortunately, it had already dried up from the high temperature.

She was a little discouraged. Nian Jue moved his left leg, but he couldn't feel it. It was numb from the pain.

It must have been a sprain just now, and with the fall of the rack, it was probably a fracture.

"It's pretty good like this," he said to the air while panting.

Ning Qing didn't hear him clearly. what? "

He smiled in relief. It was not bad to die with her.

However, the heavens didn't seem to want their lives.

It started to drizzle in the garden. Uncle Wu looked up and saw raindrops falling on his face.

: It's raining!: He said happily. Hurry up!"

At the same time, someone shouted,"the emergency ladder is here!"

When ning Qing and Nian lie heard the noise, they huddled together and looked in that direction.

Soon, the life-saving ladder rose. Ning Qing pointed at Nian lie and said, " he's injured. Take him down first.

Because of his injury, he had inhaled too much dust and was very dizzy. Yingluo can't.

Ning Qing did not have much of an expression. do as I say.

One of the men at the life-saving ladder held onto Nian lie and quickly sent him down. He then turned back to save ning Qing.

When she landed, she saw that Ruan Yi was already lying on the stretcher. hey, what's wrong? Where are you hurt?"

Nian lie squinted his eyes and maintained the last bit of his consciousness. Seeing that ning Qing was safe and sound, he closed his eyes and passed out.

send him to the hospital, " uncle Wu ordered.

The two servants carried Nian lie away while the rest of the servants were busy putting out the fire.

The rain was getting heavier and heavier. Ning Qing stood where she was, watching the figures of the few people leaving, and her palms turned cold.

[Chapter 684](#)

684 He rushed into the building to save you

Uncle Wu looked at her miserable state. are you alright? "

Ning Qing came back to her senses. I'm fine. It's just a minor injury.

"Girls can't have wounds. Go with them to the hospital. I'll take care of the rest and give you an explanation." Uncle Wu said in a serious tone.

Ning Qing pursed her lips. there's no need for that.

"We must go!" Uncle Wu said sternly.

"....."

"Someone, bring miss ning to the hospital."

"Yes."

Ning Qing had no choice but to follow.

When they arrived at the hospital, Nian lie was sent to the emergency room. He was quickly wheeled into the operating room.

There were many wounds of different sizes on ning Qing's body, but none of them were serious. The only wound that needed two stitches was on her left arm.

It only took about ten minutes for her wound to be treated.

After hesitating for a while, she found the servant who came with her and took her to the door of the operating room.

Ruan Yi sat there with her head lowered, wiping her eyes from time to time. She looked like she was crying.

Ning Qing held her left arm and slowly walked over to sit beside her. Her heart was in turmoil, and she squeezed out three words from her mouth.

"I'm sorry," she said.

Ruan Yi heard the voice and looked up to see ning Qing's complicated expression.

"Why are you apologizing to me?" she asked.

Ning Qing's heart was filled with bitterness, and her eyelashes trembled. I'm the one who dragged him down. That's why he's injured.

Ruan Yi's pink lips moved.

Under the incandescent light in the hospital corridor, ning Qing's face was frighteningly pale.

She lowered her head as if she didn't dare to look into Ruan Yi's eyes, afraid that they would be filled with blame and sadness.

Ruan Yi, actually, Nian lie and I have known each other for a long time.

"....."

Hanhan and I had some stories in the past, but it's all in the past. We have our own lives now, and we shouldn't disturb each other or appear in each other's lives. He has you now, too, so I didn't tell you the truth before because I felt that these things shouldn't bother you.

But now, Nian lie was seriously injured because of her.

No matter how hard she tried to hide it, some things could not be hidden.

Ruan Yi was a little anxious. he rushed into the building to save you!

Ning Qing turned her face to the side. Zhenzhen is just thinking about our past relationship. Ruan Yi, don't overthink it.

What do you mean by don't overthink?

That man had risked his life in exchange for this?

Ruan Yi's heart was burning with anxiety, but her little face was cold. why are you telling me this? He got injured because of you. Are you trying to cut off all ties with him before he's out of the operating room?"

Ning Qing closed her eyes, her gaze dim. there was nothing to do with it.

f * ck you! Ruan Yi was so anxious that she stood up and chided her. he risked his life to save you. No matter what happened between you two, you shouldn't be treating him like this!

Ning Qing lowered her head. sorry.

"....."

Ruan Yi, I don't want you to misunderstand our relationship. You're his fiancée and a friend I made.

Perhaps, these two identities should not have overlapped.

Ning Qing's heart was weak, and her whole body was cold. you take good care of him. I'll go back first.

Ruan Yi's eyes widened. you ...

"Ning!"

A loud shout attracted everyone's attention.

Gu nanzhi was extremely anxious. The nurse stopped her. please don't raise your voice.

"I'm sorry, I'm sorry. May I ask if you've taken in a patient named ning Qing? I'm her Yingluo."

As he spoke, he saw a figure out of the corner of his eye.

She turned around and saw that it was really ning Qing!

"Ning!"

He rushed over and, ignoring everyone's objections, hugged the woman tightly. He was overjoyed.

"It's alright! It's a good thing you're fine!"

[Chapter 685](#)

685 Will he always be one step slower than him?

you didn't pick up when I called you. When I went back, I saw that the house had been burned to ashes. I thought you had just let it go. That's great, you're fine. That's great!

The man was so excited that he did not stop even after ning Qing called his name many times.

Seeing that the nurse was about to open her mouth again, ning Qing covered the man's mouth. She was tired and helpless. stop screaming. This is a hospital.

Gu nanzhi's eyes darted around and she nodded.

She let go of him and he leaned closer to her and whispered, "you don't know how scared I was when I saw the burnt house. I really thought you were scared."

Ning Qing breathed lightly. I'm still alive and well.

"What are you doing in the hospital? are you injured? Let me see, where are you hurt?"

The man was flustered and wanted to do a physical examination without caring about his face.

Ning Qing quickly stopped her. I'm not the one who's seriously injured.

Gu nanzhi was stunned. She heard her say in a low voice, " it's Nian lie.

He looked at the operating room. Ruan Yi, who was standing at the door, had explained everything.

"What's wrong with him?: he asked after: moment of silence.

Ning Qing closed her eyes. in order to save me, he probably injured his leg. He was unconscious before he was sent to the hospital.

"....."

Gu nanzhi lowered her eyes. Her expression was so dark that ning Qing didn't know what he was thinking.

She was a little flustered. Gu nanzhi? "

He smiled bitterly. I didn't make it in time.

Ning Qing was stunned.

Gu nanzhi raised her head. The bitterness and sorrow in her blue eyes were clear.

"Every time you're in danger, I'm never the first one to rush to your side. Ning, am I always one step behind him?"

Even at this critical moment of life and death, he had left in a fit of pique because of a one-sided quarrel with her, so he was one step slower than that person.

If he hadn't forced her today, if he hadn't quarreled with her, if Hanhan hadn't ...

However, there was no 'if'.

Gu nanzhi closed her eyes sadly, and ning Qing's pale lips opened slightly.

He didn't know if she was tired, but she didn't know what to say after hearing his words.

In the end, she could only say, "I'm tired. Nan Yan, can we not talk about this today?"

The man's body trembled and he opened his eyes. The bitterness in his eyes doubled.

"Hello, Yueyue."

"....."

"I'll send you back to rest."

"Or do you want to wait for him to come out and see him wake up before going back?" he added.

Ning Qing thought of the conversation she had with Ruan Yi just now. She also thought of Nian lie's dark and determined eyes in the heavy fire.

"Let's wait," she said.

"I'll go with you."

It was already close to midnight. Other than the family members and nurses accompanying the patient, there was almost no one else walking around in the hospital.

The corridor was cold and empty. Gu nanzhi looked at the woman beside her.

She was still wearing the clothes from the fire field. They were dirty, thin, and torn. It was obvious that she had come directly from the fire field.

His heart ached so much that he took off his coat and silently draped it over her shoulders.

"....."

She did not refuse and lowered her head.

Ruan Yi didn't want to talk to her when she saw their interaction. She just stood in the corridor with a look of disbelief on her face.

The person who had saved her was lying in the operating room, his life or death unknown, and she was still flirting with his love rival?

Ruan Yi felt that her actions were ridiculous!

She turned to look at the operating room, then at the woman. She was furious.

Nian lie, I really don't know what kind of despicable things you've done to her to make her so cruel to you.

[Chapter 686](#)

686 I am his fiancée (1:

She cursed angrily, and the light of the operating room went out.

doctor, how is he? " Ruan Yi walked up to the doctor. &Nbsp;

Ning Qing and Gu nanzhi also walked over.

The doctor took off his mask, and fatigue could be seen on his face.

"Are you the patient's family member?" he asked Ruan Yi.

Ruan Yi nodded. I'm his fiancée!

"....."

Gu nanzhi subconsciously tilted her head and looked at ning Qing.

The woman didn't have much of an expression. Her eyes were calm, and she looked a little nervous.

He pursed his lips and did not say anything.

The doctor said in an official tone, " her left leg has a comminuted fracture, and there are too many injuries of all sizes on her body. The patient has inhaled a lot of hot smoke and poisonous gas, causing her to faint from lack of oxygen.

Ruan Yi's face scrunched up. it's that serious.

The doctor said, " don't worry, it's all taken care of. However, the patient needs to rest in bed. If her leg is injured again, it's very likely to affect her life in the future, so she must rest well for two months.

"....."

Ning Qing's face turned pale, and Gu nanzhi held her.

She shook her head, and the doctor continued, " the patient needs to rest. She may be unconscious for a few hours. Take good care of her, family members. Remember to come to me when she wakes up.

Ruan Yi nodded. okay, thank you, doctor.

The doctor left, and Nian lie was wheeled out by the nurse.

Ruan Yi grabbed the bed and followed the nurse to push the patient away.

When she walked past ning Qing, she only saw the man's frighteningly pale face.

"....."

The corridor was empty.

Gu nanzhi looked at ning Qing. She clutched the corners of her clothes tightly. let's go back, " she said in a hoarse voice.

Gu nanzhi nodded.

The two of them left, one after the other.

Ruan Yi watched as the nurse helped Nian lie settle down. His injured leg was in a cast and hung high up in the air. He still looked tired and Haggard from his unconscious state.

She thanked the nurse and stood at the side for a long time. look at you. You started a fire and insisted on going back to save people. You almost lost your life after you saved them.

Couldn't he just stay calm and wait for the other professionals to save him? He had to be the hero who saved the beauty.

This was great, he had saved her.

"....."

The man lay on the bed steadily. As if to refute her, he began to Mutter.

Ruan Yi moved closer to him unhappily and heard him call out,"ning qingchen, Qingqing, don't go, Qingqing."

She moved away from him in disgust. Then, she crossed her arms and mocked him. she doesn't even have you in her heart. You still think of her in your dreams.

Qingqing, you can't die.

Ruan Yi put her hand down and gave in. forget it. I'll get her to come in and see you since you're so pitiful.

She walked out of the ward and looked at the corridor.

Not a single person.

He left?

Ruan Yi stepped out of the room and searched the entire floor, only to find that the person was really gone!

"This is too much! I don't know what you like about her. Is she pretty?"

She returned to the ward and couldn't help but complain to Nian Xi.

The man suddenly continued her sentence in a hoarse voice,"what did you say, Yingluo?"

Ruan Yi jumped in shock. you're awake? So fast?"

Didn't the doctor say it would take a few hours?

The man closed his eyes in a daze, then opened them again. where is she? "

she left. Gu nanzhi came to pick her up and the two of them left together.

Nian Yu coughed. her hand is injured, Zhenzhen.

"That's enough. You should care about yourself." Ruan Yi didn't look happy. I'll get the doctor for you.

The woman's footsteps gradually faded away, and the room fell into silence.

Nian Xi opened his eyes. A scorching fire flashed before his eyes, and a woman's sad tears.

The sound of the rain outside the window fell on the slightly old glass window, like someone's tears.

Nian lie heaved a heavy sigh. His legs and chest were in excruciating pain. He wanted to move but found it difficult. He could only close his eyes helplessly.

The rain outside the window poured into his heart.

[Chapter 687](#)

687 The driving force behind the scenes (1:

The rain had put out most of the fire.

When ning Qing and the others returned, the building had already become a pile of ruins with white smoke rising from it.

The servants saw them coming back and led them to a new room.

This time, they prepared two rooms.

Not long after, uncle Wu arrived.

Ning Qing and Gu nanzhi were sitting at the table in the brand-new room. Seeing the old man come in, ning Qing asked, " uncle Wu, you're still awake? "

"The police came by just now and made some records."

Gu nanzhi stood up and gave him her seat. He waved his hand and said guiltily, " our youran residence has been around for a long time. The owner doesn't like modern objects. So, I'm afraid it's difficult to restore the exact situation of the fire.

"

I've caused you four a lot of trouble. Miss ning and Mr. Nian almost lost their lives. I'll apologize to you now.

The old man cupped his fists and was about to bow when ning Qing stepped forward to stop him. this is none of your business. You don't have to blame yourself.

this happened at youran residence. It was my bad management that didn't check everywhere. I am responsible for this.

Gu nanzhi could not help but nod. you guys are responsible. This building is old and the basic defense is not in place. You burned it all down in one fire.

Fortunately, ning Qing was fine this time. Otherwise, he would have destroyed this youran residence.

"I'm really sorry." Uncle Wu was extremely ashamed.

Ning Qing said,"don't be like this. Everyone's fine now, Zhenzhen."

She suddenly thought of Nian lie in the hospital and her heart sank.

please look into the fire. If it's just an accident, you need to get people to inspect every floor. If someone deliberately caused the fire, I don't think they would be so bold.

After ning Qing denied it, she remembered the factory behind, which was not far from the burned building.

the factory is quite close to the old building we used to live in, " she said. I wonder if it's affected there?
"

you don't have to worry about that, " uncle Wu said. the craftsmen are a little affected, but the factory is very safe. It won't delay the construction.

Ning Qing heaved a sigh of relief. that's good.

He was afraid that something might happen to her and she would not be able to make it in time for the competition.

Ning Qing held the old man's hand. it's late. You should go back and rest early.

Uncle Wu nodded and said, " you two should rest early too. We'll go to the hospital to visit Mr. Nian tomorrow.

"....."

Uncle Wu left with his men. Gu nanzhi knew that ning Qing had gone through a lot today. alright, you should go to sleep too.

He lifted his legs and walked out, not giving ning Qing a chance to speak.

Ning Qing was indeed tired. With the last of her strength, she took a quick bath in the small cubicle, climbed into bed, and turned over to sleep.

In the pitch-black Garden, uncle Wu walked down the stairs. Under the shadows of the lights, a person walked over and whispered to him, " I've found the person. He's one of miss Qing Yue's men.

Uncle Wu paused and turned his head. He was no longer as charitable as before.

"Did you report the news to the master?"

no, I met eldest miss and told her the news.

Uncle Wu's white brows furrowed. what did miss say? "

The man lowered his head. he didn't say much, only that he got it.

Uncle Wu understood a little. After all, the two people upstairs were important guests brought by his miss. Their every move was probably clear to her.

He didn't want them to know.

Uncle Wu nodded to himself. alright, you may leave.

"Yes."

The man turned around and quickly disappeared into the dark garden.

[Chapter 688](#)

688 The closest person to her apart from her mother (1:

The Lou family's old house.

Next to the huge fireplace, on the tasseled beige leather sofa, a woman in sexy pajamas with her long legs crossed was swirling a wine glass in her hand. The dark red liquid in the glass moved with her movements.

On the other sofa sat a man with a dull expression. His long black hair reached his shoulders, and his eyes were like a deep pool. Being stared at by him was like being stared at by a poisonous snake, which made one's blood run cold.

However, the woman wasn't afraid at all. Her melodious female voice was charming, like the sea demon in the legends that could capture people's souls.

"How is it?"

The man stared straight at her, his fingers rubbing the glass, but his voice was not very pleasant. that woman is fine.

Lou qingyue curled her lips. as expected.

She didn't want to kill her. After all, what was the fun in killing her directly?

The man said with a straight face, " but that man was seriously injured. He's already in the hospital.

Lou qingyue narrowed her eyes. Just one look was enough to make the man's heart race. Chi, do you know what it means to be seriously injured? "

If it was just a broken leg, how could it be considered a serious injury?

That one-word nickname spilled out of her lips, and it had a kind of charming taste.

The man enjoyed it. He closed his eyes and enjoyed it for a while before finishing the glass of wine in one go. of course!

"....."

He looked at the elegant woman and thought of something. we're really brazen this time, " he said. aren't we afraid of letting her know? "

"So what if she knows? She's just an ordinary woman. Do you think I, Lou qingyue, can't touch her?"

The man hesitated. but everyone in the Lou family knows that she's Yingluo.

Lou qingyue's index finger gently knocked on the wall of the wine cup, making a crisp sound.

She looked at the clock above the fireplace and her smile grew wider. it doesn't matter if she knows or not. What's important is that her surname is ning now, isn't it? "

The man frowned and studied her words for a long time before he understood what she meant. A smile appeared on his dull face, which looked very strange.

It seemed that he did not smile often.

"You're right,"

Lou qingyue raised her head and laid on the soft cushion on the side of the sofa. Her seductive lips opened slightly and she asked a question that was completely unrelated to this topic.

"Chi, did you miss me?"

The man's expression was a little strange, but he seemed to be avoiding something. He nodded and admitted, " of course I do. You've not been home for three years. Without you, you don't know how I've lived these three years.

"Is that so?" Lou qingyue asked in a vague manner.

"That woman thinks that she has the master's support, so she's always showing off in front of me!"

As he spoke, his emotions began to stir.

you've just returned and you're already doing this. I don't think she'll be able to endure it for long.

He looked at the woman again. what are you going to do if she makes things difficult for you? "

Lou qingyue was not nervous at all. I don't have any plans.

The man did not believe her. you don't want to tell me? Lou qingyue, now you're even going to be wary of me?"

Lou qingyue snorted and let out a laugh. Everyone who heard it felt their bones go soft.

The man was no exception. His Adam's apple moved.

She pushed herself up, the strap of her pajamas sliding down from her round shoulders, and her eyes were like silk. you're the closest person to me other than my mother. How could I bear to hide it from you? "

"Hmph, you should know very well whether you're hiding something or not."

The man's rough voice was as unpleasant as a stuck tape, but Lou qingyue didn't feel uncomfortable at all. It was as if she was already used to it.

She stepped on the wool blanket, twisted her waist, and walked to the man in two steps.

"Chi, don't be angry. It wasn't easy for me to come back."

689 Lou qingyue did this?

The man looked away.

She smiled flirtatiously and pulled his arm away. She sat on his lap and pouted. what can I do? no matter how dissatisfied Lou si is with me, I'm still mother's daughter. For mother's sake, she won't dare to lay a hand on me.

The man was unmoved. She reached out her fingers and touched his Adam's apple. When she saw it slide twice, she laughed.

good ah Chi, you don't miss me? I've missed you so much when I was abroad.

The man's face was slightly red, and his eyes began to look around uneasily.

She knew that she was about to succeed, so she wrapped her arms around his neck and placed the wine glass to his lips. sister will feed you.

The man could not resist her teasing and drank the red wine.

"Ah Chi, you're so good."

She touched the side of his face as if she was rewarding a dog, her actions ambiguous.

I haven't seen you in three years. Come, let me see if you've changed. Lou qingyue whispered in his ear.

"....."

The man instantly understood the hint in her words. He did not struggle or struggle. haven't you seen enough men abroad? " he asked.

Lou qingyue didn't deny it. Her tone became even more disdainful. they're not as good-looking as you. Only my ah Chi is the most good-looking.

"....."

The man didn't speak, and his ears gradually turned red.

Lou qingyue knew that it was time. She got up, grabbed his collar, and led him to a room downstairs.

The man had completely fallen for her charm and couldn't help but follow her in.

After a round of communication, the man fell into a deep sleep, snoring deafeningly.

The woman leaned against the headboard, took out a cigarette and lighter from the drawer, and lit it.

“.....”

She cast a sidelong glance at the man. The sleeping man smacked his lips twice. Lou qingyue looked at him in disdain. She couldn't help but curse. you're really useless.

It was fine if he couldn't help her deal with Lou si. She wanted to use this matter to relax, but she didn't expect that he couldn't either.

“I really don't know what's the point of having you.”

The woman sneered and resisted the urge to kick the man out of bed. Her eyes became darker and more frightening.

On the other end, Tina was in the middle of a video conference when she found out about ning Qing's situation.

“Young miss, something has happened.”

youran residence caught fire. Miss ning and Mr. Nian were trapped in the fire and almost lost their lives. However, they managed to escape under Wu Zhi's arrangements. Mr. Nian was sent to the hospital. His injuries are rather serious.

Tina focused her gaze. what about her? is she injured? ”

it's just a superficial wound. I only had two stitches on my left arm, but everything else is fine.

Tina gritted her teeth. Who did this? Lou qingyue?”

“Yes.”

“.....”

This damned woman, she's going to start a bloody storm the moment she returns to the country.

She was deliberately targeting ning Qing!

Tina's head was throbbing with pain. should we send someone to warn miss Qing Yue? ” her subordinate suggested cautiously:

“No need for now.” Tina refused.

Lou qingyue had obviously come prepared this time. Perhaps she was testing her. If she took action now, she might fall into her trap.

Tina pondered for a moment before saying, “get someone to protect ning Qing in the dark. We must put an end to situations like today's.” &Nbsp;

“Yes, this subordinate will do so.”

As soon as he left, the vast space fell into a dead silence.

Tina turned off her computer, closed her eyes, and rubbed the bridge of her nose.

Things were getting more and more difficult.

However, she had already committed everything to her life. Whether it was voluntary or forced, she had come this far.

She was jealous and even resentful of that person's tranquility.

However, they had to desperately defend.

Because that was what she wanted.

As the night deepened, the haze finally covered the entire night sky of the capital.

690 Who asked you to quarrel with me: now you're getting your retribution (1:

The next day, ning Qing, Gu nanzhi, and uncle Wu went to the hospital together.

Nian lie had already woken up. Ruan Yi was standing beside him, serving him breakfast.

Because ning Qing needed to change her dressing, Gu nanzhi accompanied her to the hospital. Uncle Wu went to Nian lie's ward first.

The doctor was applying medicine to the wound on ning Qing's arm. The wound was a little red and swollen.

Gu nanzhi looked at her pale face and her heart clenched. does it hurt? "

Without waiting for ning Qing to speak, he turned to the doctor and said, " doctor, can you be gentler? my girlfriend is afraid of pain.

Ning Qing was stunned for a moment, then she got angry. what nonsense are you talking about? "

"I told him to be gentler."

The doctor said helplessly, " if you're afraid that I'll be too harsh, you can do it yourself.

Gu nanzhi hummed in agreement. can I? "

it's just an application of some medicine. Come here, I still have a seriously ill patient to observe.

Gu nanzhi immediately took over the work in his hands. sure.

her wound is inflamed. She needs to take this medicine when she gets back. It's anti-inflammatory and painkiller. The rest is for external application, twice a day. Pay attention to hygiene and rest. After a week, the stitches on the wound can be removed.

Gu nanzhi listened carefully, afraid that she would miss out on something. She nodded after listening. thank you, doctor.

The doctor was used to the fickleness of human nature. He looked at the young couple and saw that the man was nervous and concerned. He couldn't help but feel a little relieved. young man, your attitude is not bad.

“.....”

He looked at Ning Qing with a smile. You have to hold on to such a good man. Be careful not to be cheated by others.

“Doctor, we’re not a couple!” Ning Qing’s face heated up and she quickly explained.

The doctor didn’t believe them at all. He walked away with a smile and didn’t forget to close the door for them.

Ning Qing, “Zhenzhen.”

Gu Nanzhi lowered her head. That’s enough. Don’t look so resentful. It’s just a couple. Do you have to do this? ”

Ning Qing helplessly retracted her gaze.

He picked up the cotton swab and looked at her wound carefully. Don’t move. I won’t be responsible if you hurt yourself.

Ning Qing sighed and didn’t say anything, letting him smear the bruises on her neck and back shoulder.

For a moment, no one spoke.

“.....”

Gu Nanzhi looked at the red wounds on her hands, legs, and back. They were everywhere.

His heart began to throb with pain. He cursed, “ who told you to quarrel with me? now you’re getting your retribution. but his hand movements were even gentler.

Ning Qing thought his words were funny. Tiny, it was just an accident.

“The accident was also because you quarreled with me, so I wasn’t by your side. Otherwise, how could you be so miserable?”

Although he said that, he was blaming himself in his heart.

Ning Qing’s skin was very fair, especially in the areas usually covered by her clothes. It had not been exposed to the sun for years, so even the slightest scratch or trace could be seen very clearly.

As he applied the ointment on his wound, his eyes slowly turned red. Ning Qing, you deserve it!

Ning Qing listened carefully and heard his choking sobs. The scolding that was about to come out of her mouth stopped in her throat.

She turned her back to him and smiled. Gu Nanzhi, I’m fine.

“You call this fine? You almost lost your life!”

He was so angry that he threw down the cotton swab and came to her. Tell me, what exactly happened last night? Why would there be a fire for no reason? and you and him bickering?”

The man's eyes narrowed. He hardened his heart and asked, "that little girl is fine. Why are you and him the only ones?"

"....."

"What did you guys do?"
