

## Mr Nian 711

### [Chapter 711](#)

711 Don't make things difficult for me (1:

Ning Qing cursed Nian lie in her heart countless times. She opened the refrigerator and saw that there were only a few eggs inside.

She laughed preposterously and was about to go out and criticize the man when she thought of something and gave up on the idea.

"Even if I don't have to take care of you, you have to be able to bear it."

After saying that, she rummaged through the kitchen and finally found the only handful of noodles in the cupboard above.

Ning Qing did not mind and filled the pot with water. He turned on the fire on the stove.

Twenty minutes later.

Ning Qing came out with two steaming bowls of noodles. She dusted her hands and grabbed a tissue from the table to wipe them.

"It's done. You can eat it now."

On the sofa, Nian Xi glanced over.

Ning Qing understood what he meant. Numbly, she moved him to the wheelchair and pushed him to the dining table.

Nian lie was in a good mood when he saw that she had adapted so quickly. However, when he saw the empty dining table, he couldn't keep his face straight.

"What is this?"

"Sir, these are noodles." Ning Qing smiled and introduced them respectfully.

Nonsense.

He was not someone who could not differentiate between grains. How could he not know that it was noodles?

Nian lie's gaze shifted away from the bland face. His throat moved a few times, as if he was in disbelief. you're giving me this? "

"There's only these in the kitchen, and we don't have enough time to buy groceries, so we can only make do with it, Sir." Ning Qing said mechanically.

The corners of Nian Xi's eyes twitched. He picked up his chopsticks with much difficulty and picked up a fried egg on top of it, but he couldn't put it into his mouth.

Without another word, ning Qing sat down at the furthest seat from him, picked up her chopsticks, and began to eat.

Nian lie's dark eyes flickered. you, ran ran, are used to it? "

Ning Qing had noodles in her mouth. She had been exhausted today, and even a bowl of plain white water tasted good.

She swallowed a mouthful and said to him, " why not? I often eat like this in America.

Especially in the first year she went to America, she was doing odd jobs in HE and had to take time off to attend design classes in private. She was so busy that it was common for her to skip meals.

Nian lie suddenly froze. He was no longer in the mood. ran ran, " he said in a muffled voice, " don't you know Gu nanzhi? "

How could he allow her to ruin his body like this?

Ning Qing took another bite. Hearing his words, it seemed that it was only natural for Gu nanzhi to care about her.

"Do you think he can make me eat every day?" she retorted.

Humans ate grains for survival.

No matter how good Gu nanzhi was to her, he couldn't possibly take care of her three meals a day. Moreover, at that time, she was stubborn and wanted to be independent and strong. She didn't want anyone's help.

"I'm sorry." Nian lie could sense her unhappiness.

Ning Qing did not care. if you really feel sorry, don't make things difficult for me.

"....."

The man stopped talking.

She sneered, knowing that his apology was just a verbal one and would not be put into action.

It was just like how he said he wouldn't force her, but he still let them meet in this way.

The atmosphere suddenly turned cold, no longer as harmonious as before.

"....."

As Nian lie listened to the soft sounds she made, his dark eyes fell on the bowl of noodles.

A trace of mockery and bitterness appeared in his eyes. His slender fingers pinched the chopsticks, silently picked up the noodles, and sent them into his mouth.

It didn't taste good, but it wasn't bad.

It was much more appetizing than he had imagined.

"....."

Ning Qing saw his actions from the corner of her eye. His chewing slowed down a little and returned to normal.

The lunch passed in silence.

After they were done eating, ning Qing cleaned up the dishes.

She had just come out of the kitchen and was about to leave when Nian lie spoke again, "

"I'm tired, I want to rest."

## [Chapter 712](#)

### 712 Visiting Shen Yao\_1

Ning Qing glanced at the bedroom and thought that it would not take much time, so she pushed him in.

When they reached the bed, she was already used to it, or rather, numb. She dragged him to the bed with great effort and stood at the side, breathing slightly faster. I have something to do. I have to see a friend.

Nian Yu frowned subconsciously. what friend? "

Ning Qing looked at him and did not intend to answer.

"When are you coming back?" Nian lie asked again.

: It depends on the situation: "ning Qing replied casually.

Nian lie was probably not satisfied with her answer. you're not allowed to go.

Ning Qing almost laughed out of anger. I'm taking care of you, but I still have my freedom. Where I go and what I do is my business. You can't control me.

She kept a distance from him, afraid that he would make a move.

"You should rest."

After saying this, ning Qing turned around and left.

The door closed, and there was no movement inside.

She didn't bother with him anymore and successfully left the apartment. She took a car to the hotel.

Ning Qing knocked on the familiar door.

"Who is it?" The woman inside asked warily.

"It's me," ning Qing replied.

The door opened, and the nurse greeted her with: smile:

She nodded and entered the room. She looked around the living room. where is he? "

"Mr. Shen is in the study."

Ning Qing was puzzled. What was he doing in the study?

She walked towards the study. how has he been these few days? is he better? ” she asked as she walked.

“It’s much better. The doctor said that the wound is recovering well. The stitches can be removed in half a month.”

Ning Qing nodded and walked to the study. Just as she was about to knock on the door, it was pulled open.

Shen Yao’s face was wooden, and he was not surprised to see her.

Ning Qing frowned. how can you walk? ” Aren’t you afraid of your wound opening up?”

The caretaker hurriedly tried to help him up. yes, Didn’t I tell you to call me if you need anything? ”

Shen Yao waved the nurse’s hand away. He didn’t use much strength. He rejected her coldly. no need.

He walked around the two of them and headed to the living room.

Ning Qing looked at his strong figure and steady steps. He was no longer as fragile as before.

The caretaker was put in a difficult position and apologized to ning Qing. I’m sorry, miss. Mr. Shen doesn’t like people to get close to him. In fact, I’ve barely done anything for the past few days except cook for him.

She was very honest, so ning Qing naturally would not blame her.

“It’s fine. He can do whatever he wants. Just don’t get hurt.”

The nurse nodded.

“You can go and do your work.”

After that, ning Qing walked straight to the living room.

Shen Yao stood in front of the floor-to-ceiling window and looked down at the people coming and going below. The traffic was heavy, and his expression was unclear.

Ning Qing walked to his side. He did not turn to look at her. are you done with your work? ” he asked.

Ning Qing was surprised. It was rare for him to take the initiative to care about her.

“Not yet, but I’ll be busy for a while,”

She put her hands in the pockets of her coat, turned sideways to look at him, and then smiled gently. you look like you’ve recovered well.

Shen Yao’s eyes moved slightly. yes.

I heard that the stitches will be removed in less than half a month. For safety’s sake, you should recuperate in peace during this period of time. Don’t walk around like this.

Shen Yao’s sword-like eyebrows furrowed. I’m already fine.

He did not look like he was seriously injured. Ning Qing could not believe that he was the one who had been stabbed in the abdomen a week ago.

However, she believed the doctor's words more than his own self-narration.

"You'd better rest well,"

She raised her hand and was about to pat his shoulder when she suddenly remembered what the caretaker had said and slowly retracted her hand.

Shen Yao saw that she was avoiding him. His eyes were sharp, without any emotion. I have important things to do.

### [Chapter 713](#)

713 If: meet him: I'll definitely save \_1

"What's the important thing?"

"....."

He didn't say anything, obviously not telling her.

In fact, Ning Qing was not curious.

She tilted her head and said, "no matter what's important, it can't be more important than your health. You're in poor health now. Don't do anything more.

"....."

Looking at his emotionless expression, Ning Qing teased, "or are you planning to do something that will cost you a knife again?" I'm just afraid that you won't be so lucky to meet me."

Wuxin's words caused a little fluctuation in Shen Yao's heart.

His lips were tightly pursed into a straight line. His side profile was cold, and his voice had no warmth at all.

"The last time was an accident."

Of course it was an accident. You running into me was also an accident, but an accident is an accident because the probability of it happening is small.

Ning Qing did not know what had happened to him, nor did she know what was worth his life, but she could not stand the way he did things.

Her tone was gentle and not overbearing, as if she was chatting with an old friend.

Shen Yao, I hope you understand that your body is your own. You won't be so lucky every time that you didn't get hurt in any vital areas, and there won't be someone who will save you every time.

Shen Yao listened to the words of this woman, whom he had met less than five times, and his cold eyes wavered. I don't need anyone to save me.

Ning Qing saw that he was flustered and knew that she couldn't convince him, so she gave up.

whatever. I've already said this much. I'm just giving you a reminder. It's up to you whether you listen or not.

"....."

Ning Qing looked at him seriously. but I still hope that I won't have the chance to save you again.

When Shen Yao heard this, he clenched his fists.

"Rest well, I'll be leaving first."

Ning Qing had come to visit him, and now that she was done, she should leave.

Shen Yao looked at the woman who was about to leave, and a trace of doubt finally appeared in his cold eyes.

"Ning Qing!"

He called out to her.

She gave him a puzzled look. Shen Yao endured it and lowered his voice. aren't you curious about my identity? " he asked.

Ning Qing turned her toes and stood opposite him.

"Why should I be curious?"

you've always been suspicious of me. Now, you don't even ask about my profession, identity, and background.

He stared at her with scrutiny and insight, trying to see through what the woman in front of him was thinking.

"Aren't you afraid that I might have other motives?"

"This is the first time I've heard you talk so much." Ning Qing did not answer.

Shen Yao was stunned.

Her smile was pure, and her eyes were bright. when it comes to saving people, there's no difference in ranks. If I want to save them, I'll do it. Or, you can just treat it as if I can't bear to see people die in front of me.

Shen Yao didn't believe that she would be so kind, and his gaze turned dark. impossible, you must have other motives!

Ning Qing felt that her way of thinking was not wrong. Any normal person would do what was within their ability. Why did it seem like she had a purpose in his eyes?

She laughed helplessly. can't I be kind? "

Shen Yao's gloomy face seemed to be covered in a layer of ice.

It was obvious that he did not believe her.

Ning Qing was too lazy to explain. if you think I have a motive, you can just take it that I'm repaying you for helping me in the past, and we'll be even in the future. How about that? "

Shen Yao stared at her face, trying to see a trace of hypocrisy and falseness in her expression, but he couldn't see it.

Ning Qing patted his shoulder and smiled. you don't have to look so troubled. It doesn't matter whether it's you or not. What's important is that I'll save her if I meet her.

#### [Chapter 714](#)

714 Don't get in my way here (1:

"Mr. Shen, miss ning has instructed you not to stand there all the time. It's best for you to go back to your room and rest."

The nurse's words pulled the man's thoughts back.

Shen Yao looked to his side, but the woman had already left.

He reached out to cover his waist, but the wound was still aching.

The woman's words rang in his ears.

Again and again.

His cold heart was a little irritated, and his eyebrows and face were dyed with a strong aura.

"Mr. Shen? I'll have to trouble you to cooperate with me. Otherwise, I won't be able to feel at ease with this salary."

The caretaker begged. She had never seen a man like this before. Every time she took a step closer to him, he would stare at her with an extremely cold gaze, causing her to have goosebumps all over.

Moreover, this person's vigilance was so strong that it made one's hair stand on end.

When he fell asleep at night, she wanted to cover him with a blanket, but his eyes suddenly opened. If she hadn't begged for mercy quickly, she had no doubt that he would have killed her.

Could he be a top-tier assassin or something?

Once upon a time, the maid had thought of this. She had been longing for his face, but she gave up on that thought.

"....."

The man was still so cold and did not reply to her.

The caretaker thought that she wouldn't be able to persuade him this time. Unexpectedly, he turned sideways, moved his feet, and walked toward the bedroom.

She was shocked and then even more confused.

Shen Yao returned to his room, and when he came back to his senses, he had already locked the door.

She closed her eyes in frustration and took out her phone from under the pillow.

"I'll be back tomorrow."

After sending this message, he fell on the bed, his arm pressed on his forehead, and let out a disdainful laugh.

.....

Ning Qing went to the supermarket to buy some groceries, then dropped by Nian lie's place.

The man was a little surprised to see her return.

She looked at him sitting in the living room and narrowed her eyes.

Nian lie knew what she was looking at. He coughed twice and changed the topic. you're back so soon.

Ning Qing placed the ingredients on the table and walked over to him.

"How did you get out?"

: There's someone at the door: : Nian lie's Black eyes flickered as he lied without blushing or skipping:  
beat:

"You've calculated well, : ning Qing snorted coldly:

After saying that, she carried the ingredients back into the kitchen.

Soon, the sound of water flushing could be heard.

Nian lie looked at the documents in his hands and pushed them to the side in frustration.

Was she angry?

Was she angry that he lied to her?

Or was she angry that he could have called for someone else, but he insisted that she take care of him?

Nian lie's heart was a little tired. He moved his body into the wheelchair and went to the kitchen door.

Ning Qing was wearing a pink apron and was putting something into the pot.

She saw him coming over from the corner of her eye. She turned around with the spatula in her hand.  
what are you doing here? get out.

The merciless banishment, to Nian lie's ears, was a sign of anger.

Not only did he not leave, but he even moved his wheelchair behind her.

"What are you doing?"

Ning Qing was too lazy to bother with him.

Nian lie craned his neck, but she blocked his way with her slender waist.

He couldn't see her, so he looked up at her and raised his voice. ning Qing, I'm asking you a question.

Ning Qing didn't want to talk to him, but he still came to seek death.

She glared at him. don't you have eyes? Can't you see who I'm cooking for?"

This anger was indeed a little too strong.

Nian lie,"Huanhuan."

Ning Qing stirred the contents of the pot and said coldly,"don't disturb me here. Get out." &Nbsp;

Nian Xi frowned and grabbed her hand.

She retracted her hand in shock and almost knocked over the pot.

## [Chapter 715](#)

715 Bipolar disorder? depression? \_1

"What's wrong with you: why do you have to provoke me when: 'm cooking?: ning Qing roared at him. I told you to go out and stay, but you had to get in my way. You're so happy to see me unhappy? Isn't it interesting to lead me by the nose and play with me? Since you've seen enough of the joke, I'll ask you to leave, Mr. Judge!"

Nian lie's expression didn't change at all as he listened to her venting.

He remained silent and reached out to her again.

Ning Qing stepped back. can you ...

"Your hand is injured."

Ning Qing's anger was stuck.

Nian lie held her hand and lowered his head to look at her fingers.

There was a red mark on the outer side of his left index finger. It looked a little deep and blood was slowly oozing out.

His face suddenly sank. did you hurt yourself by cutting vegetables? "

Without waiting for ning Qing's answer, he raised his head, his expression ugly. wash it with clean water and go out immediately.

Ning Qing glanced at it, her anger dissipating. it's just a small injury.

Nian Xi held her hand tightly. His face was cold, and he even gritted his teeth. ning Qing, you're a designer!

"....."

"The most important thing for a designer is their hands."

He held her hand with one hand and used the other to move the wheelchair, wanting to pull her out.

What was important wasn't his hands, but his brain.

Ning Qing wanted to reply to him, but when she saw the man's tense side profile and anxious movements, she suddenly felt a little complicated.

Nian Yu slid to the living room.

Ning Qing stood in front of his wheelchair and said, "I'm really fine.

Nian lie refused to listen. I have disinfectant in my room. Go get it.

Ning Qing still wanted to say something, but she was threatened by his cold eyes.

She nodded and entered his room. where did you put it? "

the bottommost compartment of the left drawer.

Ning Qing followed his instructions and pulled open the drawer, where a few bottles were placed.

Puzzled, she picked up a bottle and read it silently. She shook it again, and there was only a small half left.

Nian lie was taking medicine?

Just as she was feeling puzzled, a man's nervous voice came from behind her.

"Wait a moment!"

Ning Qing's hand trembled. Nian lie wheeled himself over and snatched the medicine bottle from her hand.

The look in Nian lie's eyes was unnatural. He felt that he had overreacted just now. He lowered his voice and warned, "don't touch my things.

"....."

"That's a bottle of disinfectant,"

Ning Qing followed his direction and picked up the medicine bottle. It was filled with liquid.

Nian lie turned to look at her. He bent down and picked up a tube of ointment. this is for you too.

Ning Qing lowered her eyes. what is it? "

"Xuxu applies to scars."

Her heart skipped a beat as the man pushed the wheelchair out.

When they reached the door, Nian lie turned around. come out quickly if you're done.

"....."

"I'm talking about the one on you."

Ning Qing quickly treated the wound on her hand but did not apply his ointment on the wounds on her body.

By the time she left, the kitchen was already on the verge of exploding.

She had forgotten to turn off the fire, and by the time the two of them realized it, the pot was already a mess.

When the meal wasn't ready, Nian lie also forbade her from cooking again, using the excuse that he disliked her clumsiness.

It was already eight o'clock in the evening when the food was delivered.

After the meal, Nian lie did not let her clean up, so ning Qing prepared to go home.

On the way back, ning Qing looked out the window. The people passing by were all kinds of people with different thoughts.

She suddenly thought of something. She took out her phone and searched for a name in her memory.

However, the information that popped out shocked her.

The lithium tablets were an antipsychiatric medicine mainly used to treat bipolar disorder. It was very effective in the treatment of bipolar disorder and depression, as well as the prevention of recurrence.

Manic?

Depression?

#### [Chapter 716](#)

716 Do you know that your brother is sick?

She would never have thought that those two words had anything to do with Nian lie.

But this medicine ...

Ning Qing's chest felt tight. Thinking of his nervous expression and certain moments in the past, she didn't know how to react!

How could that be possible?

How could a cold-blooded man like him get bipolar disorder?

No.

That was impossible.

He must be lying to her.

Ning Qing tried to persuade herself, but her hand did not listen to her. She picked up her phone and made a call while trembling.

It didn't ring twice before the other end picked up.

“Sister-in-law?”

Ning Qing steadied her emotions. Nian che, it's me.

“Why did you call me all of a sudden?”

Ever since she ran away from the wedding, Nian che had never contacted her again. He only knew that she was in the capital city and was participating in the National jewelry design competition.

He had mixed feelings. He couldn't tell if he was happy or sad. He put down the pen in his hand and asked her gently, “is there something you need from me?”

“Do you know that your brother is sick?” ning Qing's lips moved a few times, and she spoke with difficulty.

The other end fell silent.

“So, when did Zhenzhen start?” ning Qing's heart trembled and she couldn't help asking.

Nian che smiled bitterly and did not say a word.

“Nian Che!”

The woman called out to him excitedly, obviously wanting to know the truth.

He relaxed his body and leaned against the soft back of the chair. a long time ago.

“.....”

it's just that the time of the diagnosis was after you got together with Yan Sichen.

There was a buzz in ning Qing's head, as if it had been hit by a heavy hammer, and it hurt so much that her head swelled.

Nian che didn't know about her situation. He said in a low voice, “during that period of time, he was completely focused on his work and was extremely busy. Everyone in the company knew that he was temperamental and everyone was in danger, afraid that they would be affected. But I know that he held back from looking for you because he was afraid that you really wanted to be with Yan Sichen and that he would disrupt your happiness.

“In fact, there are already traces of his illness. Three years ago, all of us thought that you were dead, but he stubbornly thought that you were still alive. He sent people to search for you all over the country. Lu Zhui and I thought that he was crazy, but we didn't dare to stop him because Qianqian had been tormented by him for the past three years because he lost you. Even I was scared when I saw him.”

sister-in-law, my brother didn't treat you well in the past and he did a lot of wrong things. I also looked down on him in the past, but over the past few years, I saw him torturing himself with no regard for his life, and I knew that he was really remorseful.

Nian Che's voice was calm, but it rang clearly in ning Qing's ears.

For a moment, she couldn't understand what he was saying. For another moment, she felt as if her soul had flown out of her body. She could see how Nian lie had tortured herself at that time.

Nian che stared at the empty office, then turned his head to look out of the huge floor-to-ceiling window. The evening lights were on, and the skyscrapers stood tall.

A touch of loneliness and bitterness crept into his eyes. Under the light, his eyes were faintly watery.

It was gone in a flash.

“Later on, I vaguely felt that something was wrong with him. He often couldn’t control his emotions and even hurt himself. When you were with Yan Sichen, he locked himself in his room for three days to avoid looking for you. He didn’t eat or drink. When Lu Zhui and I broke in, he was covered in blood. We only found out that it wasn’t his body that was seriously injured, but his heart that was more serious.”

sister-in-law, please don’t blame my brother, ” he said in a hoarse voice. he couldn’t control himself when he came to you.

### [Chapter 717](#)

717 Gu nanzhi moved away (1:

Ning Qing stared at a certain spot in the car, her eyes unfocused.

“I know.”

Nian che said something else, but she didn’t hear it. When she hung up the phone, a strong sense of sorrow welled up in her heart, causing tears to flow.

Seeing her like this, the driver asked anxiously, “sister, why are you crying?” Is it not going well at work or in a relationship?”

Ning Qing covered her face with both hands and told herself that there was nothing to cry about, but her tears could not stop.

It turned out that he had been sick all this time.

From three years ago until now, she thought that she was the only one suffering. She didn’t expect that man to be the same.

She refused to let him go, and so did he.

None of this was what they wanted.

However, things were going to develop in the worst direction. In the end, none of them could escape.

Fate was cruel and laughable.

The woman’s cries became more and more violent. The driver was flustered and handed her a pack of tissues. After arriving at her address, he even thoughtfully waited for her to finish crying.

Ning Qing thanked him and offered to give him more money, but the man waved his hand to refuse and comforted her. little girl, there are many unhappy things in this world. Don’t make things difficult for yourself all the time. It’s best for people to live happily. Don’t keep those bad things in mind.

Ning Qing wiped her face and bowed to the man. thank you.

you're welcome. Go back and get some sleep. You'll forget everything tomorrow and everything will be better.

Ning Qing nodded and watched the car leave.

She slowly walked under the roof and took out a mirror from her bag. She tidied up her face and made sure that she couldn't see any dog before she took out her keys to open the door.

She raised her voice and tried to make herself sound happier. dad, mom, I'm back.

Mother ning heard the noise and came out of her room. She turned on the light in the living room and quickly walked to ning Qing.

Ning Qing had just changed into her slippers. what's wrong, mom? "

Mother ning dragged her to the center of the living room. what's wrong with you and Xiao Gu? "

Ning Qing didn't react. nothing.

"Nothing, then why did he move away?"

"Move out?"

Ning Qing was surprised.

Mother ning pulled her to the room that Gu nanzhi had stayed in before. The door was wide open, and the bed was clean. It didn't look like someone had slept in it.

she started packing when she came back this morning. She said that she had disturbed us for too long and that she was sorry. She wanted to move out by herself. Your dad and I couldn't stop her.

Ning Qing's brain was in a mess. After sorting out her thoughts for a while, she remembered the quarrel she had with Gu nanzhi in the morning and suddenly felt tired.

Not planning to let her go, mother ning continued to ask, "did you quarrel with someone?" Or did he do something wrong to make you unhappy?"

"....."

"You may be unhappy, but we've been living together for a long time and we're always fighting. He's your superior, and he came all the way here to help you. How could you not know how to repay him? how could you just kick him out?"

Ning Qing looked dejected. I didn't drive him away.

if you didn't chase him away, would he have left on his own? " Mrs ning asked in disbelief.

Ning Qing was at a loss for words.

"Or did you do something overboard to make her leave?"

Ning Qing did not know what to say. mother, it's not what you think.

Mother ning could not take it in. She kept nagging. Xiao Gu is such a good person. He has helped us so much. No matter how insensible you are, you shouldn't have driven him away.

## [Chapter 718](#)

718 I'll fight him to the death (1:

Ning Qing felt very tired. She did not expect Gu nanzhi to be so angry this time.

"He cares so much about you and doesn't despise us. Your dad and I both say that he's very good. If you have the heart, you should consider him."

"Mom ..."

I'm telling you, my taste is much better than yours. Xiao Gu is such a gentle and considerate man. If I were twenty years younger, I would definitely fall for him. Look at your taste, none of you are reliable. Mother ning felt indignant for Gu nanzhi and spoke up for him.

Ning Qing's head hurt even more now.

Mr. Ning just happened to come out and stood by the door. what are you talking about? when did I say that I'm satisfied with that kid? "

Mother ning's eyes widened. shut up. I'm lecturing my daughter. It's not your place to speak.

Father ning and ning Qing looked at each other. They could see that their daughter was tired and in a bad mood.

that's enough. Qingqing has been busy all day and she still has to listen to you reciting it when she comes back. Can you stop it and let her rest earlier? "

"Are you tired today?" mother ning noticed that ning Qing did not look too good and asked with concern.

Ning Qing forced a smile. No.

Mr. Ning walked over and pulled his mother's arm into the room. can't you tell if the child is tired or not? " Every day, you only know how to blindly hold the thread."

He turned around and smiled at ning Qing. Qingqing, don't worry about your mother. Go and rest.

Ning Qing smiled and nodded.

Father ning pulled mother ning into the house and closed the door.

The conversation between the two could be vaguely heard from outside.

"Let the children settle their own matters. What are you worrying about?"

I'm doing this for the sake of her marriage. Look at your daughter's taste. First, it was Nian lie. Then, it was Si Chen. Both of them are bad people.

"What do you know about good or bad?"

as her mother, I've lived a few decades longer than her. Can't I tell if Xiao Gu is sincere or not? "

Father ning fell silent.

you're the only one who sees her as a leader, " mother ning said indignantly. which leader would care so much about their subordinates? " Didn't you see the way he usually looks at your daughter? even I'm moved by his gaze. Only Qingqing is a blockhead and doesn't understand!"

Father ning was unhappy. He did not know how to refute her. After a long time, he finally said, " Qingqing doesn't like it. It's useless no matter what you say.

"Do you think you're still a seventeen or eighteen-year-old young man? what's there to like or dislike about life? As long as he's good to Qingqing, he'll be good to her for the rest of his life. Does it matter whether he likes her or not?"

"....."

your daughter is 25 years old this year. She has already suffered for seven years. Do you still want her to continue to be entangled with that person and suffer for the rest of her life? "

One sentence and father ning was stunned.

anyway, I'm just looking after Xiao Gu. If anyone dares to interfere with my daughter's happiness in the future, I'll fight them with my life!

"....."

The confrontation between the two ended with mother ning's crushing victory.

The room quieted down, and the light under the door dimmed.

Ning Qing was standing alone in the living room.

She looked around her. That lively and gentle man would no longer jump out and try to make her happy.

She let out a low sigh and dragged her exhausted feet back to her room.

While taking a bath, ning Qing's mind was in a mess. She lowered her head and soaked in the bathtub. When she was about to suffocate, she came out of the water and panted violently.

Gu nanzhi's arrogant smile appeared in his mind, and the gentleness in her blue eyes seeped out.

Then, his face suddenly became angular, clear, and cold. The corners of his eyes were red, and her shadow was reflected in his black eyes as he called her Qingqing.

Ning Qing was on the verge of a nervous breakdown. She hurriedly jumped out of the water, wiped her body clean, and rushed back to bed.

He took out a bottle from the drawer, poured out a sleeping pill, and swallowed it.

The world was finally quiet.

She lay on the bed and closed her eyes.

Nian lie woke up early in the morning, feeling a little uncomfortable.

After receiving Nian Che's call, he knew why he felt so uneasy.

When ning Qing had appeared in front of him, his first reaction had been to wonder if she had come because she pitied me.

Ning Qing was wearing a short, light purple down jacket, a pair of jeans, and long boots, which made her legs look even more slender.

She placed the breakfast on the table and said to the man who was in a daze, "come and eat." &Nbsp;

Nian lie's dark eyes darkened. He wheeled himself to the dining table.

The air conditioner in the living room was on. Ning Qing took off her coat, revealing the rice-colored knitted sweater underneath. She went to the kitchen to get two cups, heated the milk, and poured it into them.

When she came out, Nian Jin was staring at the breakfast on the dining table.

"I didn't do it. I didn't have time in the morning," she said.

She placed the milk in front of him and was about to carry him to the seat with familiarity.

"Wait,"

Ning Qing stopped what she was doing. Her thin lips moved a few times, but she could not come up with a reason to reject her.

He propped himself up and moved to the seat with some difficulty.

Ning Qing's eyes flickered, but she didn't say anything.

Nian Ying glanced at the food. They were all light.

The two of them didn't speak and ate their breakfast quietly.

After breakfast, ning Qing tidied up the table and her phone rang.

She picked it up and read it.

"Hello, how are you?"

Hello, is this ning Qing herself? "

"It's me."

your work has achieved outstanding results in the second round of the design competition and has now successfully advanced to the next round. Please join the third round of the competition in three days. The specific time and competition format will be notified to you via text message.

Ning Qing's eyes lit up. did you advance? "

"Yes, congratulations."

"Thank you!" Ning Qing was very happy. She hung up the phone after listening to the other end of the line.

He had advanced!

She had advanced!

He should inform his parents and Gu nanzhi!

Nian lie observed her reaction from the side. He pursed his lips and asked, " did I pass? "

Ning Qing remembered his existence and her smile faded a little. yes.

" ....."

She was about to call mother ning when Nian lie made his move.

The man picked up the phone on the table and saw that it was Ruan Yi.

He looked up subconsciously and met ning Qing's eyes.

She turned her head away unnaturally, thinking that he would avoid her. She didn't expect him to pick up the call directly.

"Hello," he said.

"Let me tell you some good news. I've advanced!"

The living room was very quiet, so even if the phone was not on speaker, she could hear the female voice very clearly.

Nian lie's eyes were indifferent. yes, congratulations.

Ruan Yi was in a good mood. you said that I couldn't pass. Now you've slapped me in the face, haven't you? "

" ....."

"I'm so awesome, you must reward me."

"What do you want?" Nian lie glanced at the woman beside him and deliberately asked:

In ning Qing's ears, this meant that he was spoiling her.

She didn't know why, but she felt a little strange. The joy she felt just now was swept away, so she turned and walked to the bathroom.

The water flowed down, covering the man's deep voice outside.

Ning Qing reached under the tap and stared at the water in a daze.

After a short while, Nian lie hung up the phone and found that she was still in the bathroom. He wheeled himself over and knocked on the door hesitantly.

"Ning Qing,"

She collected her thoughts and turned off the switch. I'm here.

When she opened the door, the man was right in front of it.

She wiped her wet hands. what's wrong? "

Nian lie observed her reluctant expression, unsure why she suddenly became so unhappy.

720 What are you afraid of? it's not like you haven't seen \_1 before

Recalling the phone call that Nian che had given him, he suppressed his concern and said coldly, "I want to use the bathroom." &Nbsp;

Ning Qing nodded and moved aside.

However, he and the wheelchair were blocking the door, and there was no space at all.

She cleared her throat. step back a little.

The man did not move.

what? " she was confused. The man with the cold face blurted out, " I need your help.

Ning Qing was stunned and thought she had heard wrong. what? "

Nian lie didn't seem to mind. He looked up with his deep eyes and said in a calm and serious tone, " I want to go to the toilet. Help me.

Ning Tingting understood, and her ears turned red.

"No, there's a difference between men and women. How can I help you?"

"Help me however you should."

He said it very lightly, but ning Qing's mind had already constructed the scene of him standing and her supporting him, and the sense of shame instantly exploded.

"No, I can't do it!"

She rejected him directly.

Nian Xi looked at her blushing face and had an idea. why? shouldn't a nurse do this? "

Of course, she should be a nurse, or even worse, but Yingluo ...

Ning Qing was completely flustered, especially under his oppressive and judgmental gaze.

"I'm Yingluo. I'm not a professional. I can't do this."

However, Nian lie directly exposed her thoughts. what are you afraid of seeing? "

He was using that noble and abstinent face to say such shameless words. The contrast was too strong!

Ning Qing felt her heart beat faster, and her face was steaming.

Nian lie didn't seem to know that she was shy. He pushed his luck. what are you afraid of? it's not like you haven't seen it before.

"Enough!"

Ning Qing wished she could cover her ears, and her eyes were a little red.

She looked at him, embarrassed and angry. She gritted her teeth and said, " I'll help you. Stop talking!

Nian lie tried his best to suppress his laughter, but he still couldn't help but smile.

He raised his hand to cover his lips, hiding his wanton smile. push me in, " he said in a cold voice.

There was no way she could take back the words that ning Qing had said in a moment of passion.

She was so embarrassed that she wanted to find a hole to hide in, but she felt that she couldn't escape, so she might as well go all out and pretend that she was blind, deaf, and didn't know anything!

Wasn't it just a minute?

It didn't matter.

Even if he was deliberately making things difficult for her, she could tolerate it!

Ning Qing took a deep breath and kept building up her mental strength.

Nian lie took a few steps back. She turned around and pushed him into the toilet like a robot. Then, she awkwardly helped him to his feet.

The man didn't want to torment her any further and cooperated to stand firm.

Ning Qing had thought that she would be able to bear with it, but when she heard the sound of water, her mind completely broke!

Shame!

It was too shameful!

One day, she had to wait on her ex-husband to use the toilet!

These few seconds were simply torturous. No, it was the shadow of her life!

She couldn't help but press her head against his arm, numbing her senses.

Nian lie zipped up his pants and turned to look at her. She was like a quail, and he almost burst out laughing.

"You're hurting me," he coughed to remind her.

Ning Qing suddenly let go of his hand and took a few steps back. She did not dare to look up at him as she retreated and rushed out.

Nian lie's body turned to the side, and he shifted his center of gravity to stand firmly.

As he watched her escape out of the door, he fluttered his long eyelashes. The shadow fell on his eyes and covered his emotions. His ears were reflected with a beautiful red color.
