[Chapter 771](#)

771 Self-proclaimed noble and virtuous?

“.....”

“Don’t worry too much. There are many people here, she won’t do anything to me.”

Gu nanzhi was still pulling a long face, obviously extremely worried.

“If she wants to do anything to me, I’ll find a chance to call you.” She took out her phone and waved it in front of him. you have to keep an eye on your phone. Don’t miss my call for help.

Gu nanzhi was silent for a long time. Finally, she said, “ don’t worry. I’ll wait for you.

Ning Qing smiled brightly and closed the car door.

He stared at her slender figure as she walked into the flickering door under the lead of someone beside her. She went further and further away before she disappeared.

He slammed his hand on the steering wheel in frustration, his forehead resting on it. He was extremely weak.

No one noticed that in a car at the corner of the street, a man made a phone call and reported something, then continued to disappear into the dark night.

*

Ning Qing was a little nervous.

The further she went, the more people she saw.

At first, there was only one leader, but slowly, one person followed behind her.

Then, people blocked her from all directions, as if to prevent her from escaping.

Ning Qing’s palms were slightly sweaty. She had finally reached the end.

He pushed open the door to the private room and saw a group of men and women.

Under the dim light, men and women were clinging to each other, drinking, shaking dice, and playing all kinds of games. The scene was bold and chaotic.

Ning Qing’s first reaction was to vomit, and the second was to turn around and leave.

The tall man beside her reached out his hand and said coldly, “get in.” &Nbsp;

Ning Qing raised her head. I’m here to see Lou qingyue.

Hearing her call him by his full name, the noisy room quieted down in an instant.

The scene was strange.

"I'm right here."

A melodious female voice was heard. In the crowd, a woman in a red tight-fitting short skirt was crossing her legs. She was holding a glass of wine in her hand and her red nails were seductive.

Ning Qing stiffly turned around and saw her.

Lou qingyue narrowed her eyes and looked at her with a profound look.

"Zhenzhen, this isn't a good place to talk. Let's go somewhere else," ning Qing said.

However, little did she know that she no longer had a choice when she walked in.

A scantily dressed woman next to Lou qingyue asked, "who is miss?" From what you're saying, are you saying that the environment here isn't good?"

that's a little too arrogant. If he's serious, where can't we talk about things? " A woman in the corner chimed in.

Ning Qing endured the disdainful looks from the crowd and said to the woman in the middle, "you should at least show some sincerity if you want me to discuss things with you." &Nbsp;

Her tone made the people inside look at each other and then burst into laughter.

"Haha, she said sincerity?"

"This is so funny."

"Don't you know why you're here? Aren't you afraid of being slapped in the face later?"

One of the men glanced at ning Qing, his perverted eyes sweeping over her thighs. you're here to beg our sister qingyue, but you look like you're begging.

"....."

Facing the laughter of the crowd, ning Qing straightened her back and quietly stared at Lou qingyue.

The other party chuckled, like a demonic sea demon from the deep sea who could bewitch people.

don't say that. After all, he's a guest. You should be more respectful.

The crowd stopped laughing.

Lou qingyue extended her hand and invited her, " please come in.

"....."

Ning Qing took a deep breath, held back her nausea, and stepped into the room.

The door was closed behind her.

She stood on the spot, facing the crowd that surrounded her, making her seem isolated and helpless.

Ning Qing was calm. tell me, what do you want to talk to me about? "

[Chapter 772](#)

772 : couldn't tell that you have such a backbone (1:

Without waiting for Lou qingyue to speak, a woman next to her brought her a small independent sofa.

Aiya, sister qingyue has already spoken. Elder sister, you should just sit down first. How can you say anything while standing? "

The woman's attitude suddenly became solicitous, the difference was too great.

Ning Qing didn't do as she was told and continued to look at Lou qingyue. The other party had a teasing smile on his face and didn't say anything.

"That's enough. It's all your fault for being so rude and offending her." One of the women scolded the person just now and went up to hold ning Qing's hand. She smiled flatteringly. come, sister, don't mind it. Sit down first and talk to our sister qingyue slowly.

Ning Qing was forced to sit at the low table.

Seeing this, Lou qingyue had no intention of letting her go.

"Ning Qing," she called.

"When did I send you a message?" ning Qing looked at her and asked with a faint smile.

Ning Qing was silent for a moment. in the morning.

this morning, tsk tsk tsk. You only came when it's dark. The woman covered her mouth in shock. then, Wanwan, you were the one who made sister qingyue wait for you the whole day? "

Everyone was surprised again.

If it had been any of them, they might have already lost their lives walking into this room.

"....."

Ning Qing pursed her lips and remained silent.

Lou qingyue sipped her wine. since you're late, you'll have to follow the rules and accept some punishment.

Ning Qing subconsciously resisted. What if I don't? "

Lou qingyue smiled, but her eyes were cold.

"If you don't, then there's nothing to discuss."

"....."

Ning Qing wanted to leave immediately. Lou qingyue saw through her intentions. She said casually, " I don't know what the Gu family will do if you leave.

Ning Qing stopped in her tracks.

Lou qingyue swirled the wine glass and saw a woman's shadow in the translucent crystal glass.

"You can choose to leave or stay."

"What punishment?" ning Qing clenched her fists and asked after she sat down.

It was obvious that she had already compromised.

The perverted man from earlier was staring at ning Qing's face. He said in a voice that he thought was magnetic, "the punishment is simple. This is a drinking session. Those who are late will drink three glasses as punishment.

Ning Qing was disgusted. She wanted to say that she didn't know how to drink, but Lou qingyue's threat still rang in her ears.

She watched as a woman poured three glasses of wine. The amount was not much, half a glass each.

She pushed the three wine glasses over. come, sister, drink up.

"....."

Ning Qing was silent. Her clear eyes were calm as they swept over everyone present.

Those people's eyes were full of material desire, as if they wanted to see her make a fool of herself, but also as if they disdained her compromise.

She lowered her eyes, and the brightly lit wine glass reflected in her eyes.

It was poison.

The man saw that she didn't reach out for a long time and laughed, "what do you mean? don't tell me you don't know how to drink cicadas?"

Before he could say the word "wine," his eyes widened.

The woman simply picked up a glass and drank it.

Without waiting for anyone to clap and cheer, she picked up another glass and poured it into her mouth.

Then, it was the third cup.

Ning Qing endured the burning sensation in her throat and slammed the glass on the table.

Her vision was a little blurry. tell me, what is it? "

The private room was eerily quiet.

No one could have seen that such a weak woman could drink three glasses of strong alcohol in a row and still be so sober!

Lou qingyue was also surprised by her Bandit-like nature. Finally, she looked at her in the eye and ordered, "all of you, get out.

In an instant, the private room was emptied.

The lights were on, and ning Qing squinted uncomfortably, unable to see the woman's expression clearly.

"I couldn't tell that you still have such a backbone," Lou qingyue said.

[Chapter 773](#)

773 Are you willing to come to my side?

Ning Qing breathed rapidly, trying to stay awake. stop talking nonsense.

Lou qingyue looked down at him. okay, I didn't ask you to come over for anything else. I just wanted to ask if you would like to join my camp.

Ning Qing narrowed her eyes. what do you mean? "

Lou qingyue put down her wine cup. I mean what I said.

"....."

The woman leaned over. Her clothes were exposed, but she didn't mind at all. She looked down at the other person in a high and mighty manner. ning Qing, you're a smart person. Your strength is part of the reason you've been able to get to where you are now in the competition. The other part is because of me.

Ning Qing's eyes didn't change much. Miss Lou, you mean that you're the one controlling the whole competition from behind the scenes.

"Not all of them." Lou qingyue said bluntly, " however, it's not difficult for me.

As long as she wanted to, there was no point in the competition.

She just wanted to use this opportunity to do something else.

Lou qingyue half-closed her eyes. The bright light shone on her face, giving her an indescribable beauty of self-confidence.

"I know you want to win the championship. I've seen your design. If your opponent was someone else, you would have the capital to win the championship. Unfortunately, Yingluo, the person you're facing is me."

Ning Qing felt dizzy. She held her forehead with her hand to ease her discomfort.

"It seems that Miss Lou is determined to win this competition."

"Of course."

Ning Qing snorted coldly. in that case, the winner has already been decided. Why are you still looking for me? "

Lou qingyue's eyes darted around. Floating lights were swimming in her eyes, and it was hard to see what she was thinking.

"The winner and the loser are set, but I feel sorry for you."

Ning Qing frowned. why would you feel sorry for me? ”

“You clearly have a broader future and career, but now it’s going to be ruined because of this game.”
She paused and smiled. ning Qing, you should know what it means to be fired by HE.

Ning Qing pursed her lips and remained silent.

Lou qingyue’s smile deepened as she announced the result, ”

if you can’t win the championship, you will be blacklisted by the entire jewelry design industry. No matter how glorious you were in the past, you will only be buried in the soil.

Ning Qing didn’t like this kind of psychological game. As the conversation progressed, she deeply understood Lou qingyue’s means and schemes.

He would oppress her psychologically, intimidate her, and make her fear the results of the competition, and then make her feel despair.

She was very uncomfortable, and her stomach was churning, but she could only endure it and not show any signs of discomfort.

so? what do you have in mind? ” she asked ambiguously, not reacting to her words.

Lou qingyue had a good grasp of her psychological state and revealed an arrogant expression.

“You and me.”

“.....”

“What’s the big deal with being the champion of a competition? With my status and power, I can give you the best resources in the design industry and push you to the top of the jewelry industry. I can make you the darling of the jewelry industry that no one can catch up with, so how can you talk about a mere HE?”

She stared at ning Qing’s unchanging expression and continued to throw out bait.

I know you like this industry and hope to get support. I can give you any resources you want as long as you Stand By Me.

“No,” ning Qing said.

The woman’s expression changed, but then it eased again. do you think my conditions are not attractive enough? ”

Ning Qing smiled and looked at her.

the power of the Lou family is undeniable. However, Miss Lou, I’m very curious. I’m just a small designer. What does it take for you to express your goodwill like this? ”

Lou qingyue understood, but her smile remained unchanged. you think I’m not sincere enough.

[Chapter 774](#)

774 Tina is Lou qingyue’s younger sister (1:

"I'm just curious," ning Qing repeated: straightening her back.

"....."

Their gazes met and did not separate.

One was calm and composed, while the other was oppressive and overbearing.

The smile on Lou qingyue's lips fell and her seductive eyes no longer curved up.

"I heard that you've broken off relations with Lou si."

Lou si?

There was a hint of confusion in ning Qing's eyes. Fortunately, Lou qingyue did not see it.

"To be honest, I have never gotten along with my sister. Previously, because you were close to her, I used some tricks on you. I hope you don't mind."

Ning Qing understood and was shocked.

Tina was actually Lou si?

She was Lou qingyue's younger sister?

Many things from the past seemed to appear in ning Qing's mind, including what happened three years ago.

She tried her best to suppress her doubts, her face cold. she's your sister, so we're family. Why are you targeting her? "

Lou qingyue didn't intend to answer. the reason isn't important. You just need to answer me. Do you want to choose me? "

"....."

She chuckled, her tone slightly sharp.

before this, you had a competition with your ex-husband's fiancée. After you won, I knew that you were a person who could judge the situation and know what was good and what was bad for yourself. So I believe that this time, you can see clearly.

Although there was no threat in his words, the meaning was clear.

Ning Qing did not think too much about it, her eyes clear.

knowing the outcome of the competition, Miss Lou's conditions and promises are indeed tempting. It's hard for ordinary people to refuse.

Lou qingyue raised her chin. if it's tempting, it's reasonable for you to accept it.

Ning Qing sat up straight and remained calm. you're right.

Lou qingyue was delighted. so, you agree? "

Ning Qing did not say anything.

Lou qingyue poured herself a cup of wine, poured another cup, and slowly pushed it to ning Qing's hand.

"You really know how to adapt to the situation. I didn't misjudge you."

"....."

since you've agreed, I'll welcome you on behalf of my side.

She leaned against the wine glass in her hand, making a soft, crisp sound.

Lou qingyue raised her wine cup to her lips and drank it.

However, when she looked at ning Qing, she did not move at all.

Lou qingyue hesitated. Miss Lou, " ning Qing said unhurriedly, " you may have misunderstood.

The woman's expression froze.

She remained calm and composed. I think I need some time.

She had already broken up with Lou si and had no one to rely on, so what time did she need?

Lou qingyue was a little angry. ning Qing, I know my sister very well. Out of distrust, the person she gave up will never return to her side.

"I didn't think that way,": ning Qing said lightly:

For a moment, Lou qingyue couldn't figure out what she was thinking.

She thought for a moment, and the confident smile returned to her face.

"It's okay, you still have time to think about it."

"....."

if you think that you can't get over it, you don't have to. In my sister's heart, you're just a chess piece that can restrain me. Without you, she can be replaced by anyone else.

Ning Qing did not say a word. Lou qingyue's hand that was holding the wine cup gradually tightened.

"Contact me after you've thought about it."

Ning Qing understood what she meant. She nodded and slowly got up.

Lou qingyue had been watching her from the beginning. She controlled herself and didn't let herself show any timidity or weakness.

[Chapter 775](#)

775 What did that d: mn woman say to you?

Finally, she walked to the door and pulled it open.

"Ning Qing, don't make me wait too long," the woman behind her said with a deeper meaning.

Ning Qing didn't turn around. The people outside the door were waiting for her. Lou qingyue gave her a look, and no one dared to stop her.

She took a deep breath, and her nose was filled with the burning smell of alcohol. She could not help but hold her stomach and leave.

In the private room, the lights were cold.

Lou qingyue retracted her gaze and slowly landed it on the table.

The wine glass was clear, and the wine inside reflected a cold light, making it seem even more lonely and strange.

The woman's eyes suddenly turned cold. She clenched the empty glass in her hand and suddenly threw it to the ground.

"Pa-"

It shattered all over the ground.

The person at the door was trembling. miss little Yingluo.

Lou qingyue's eyes were filled with anger, and her beautiful face was slightly distorted. good, ning Qing. You dare to make me wait!

I'd like to see what you can change!

When you're in my hands, I'll definitely make you wish you were dead!

*

On the other side, ning Qing followed her memory and avoided the other people's bad intentions and attempts to hit on her. She finally walked out of the club's door.

Gu nanzhi was in the car. She was so worried that she was annoyed. She turned around and saw her coming out.

He got out of the car in a hurry. Ning!

However, she changed direction halfway.

Gu nanzhi frowned and saw her rushing towards a tree by the road. She vomited immediately.

He was shocked. what's wrong with you? Did she force you to drink?"

Ning Qing clutched her chest and could not say a word. She could only wave at him.

Gu nanzhi panicked and went back to the car. She took out a bottle of water and a tissue. this damn Lou qingyue. She's still the same as before. She doesn't care about human rights at all!

He unscrewed the bottle cap and handed it to ning Qing.

She took it with a pale face, gargled, and spat it out.

Gu nanzhi patted her back gently. Her heart ached. if I knew this would happen, I would have gone in with you. At least I could have stopped the alcohol!

He had miscalculated.

I shouldn't have trusted that Lou guy!

Ning Qing shook her head. She had vomited everything out of her stomach, and it was so empty that she felt uncomfortable.

She straightened her back, but her body was unstable.

Gu nanzhi hurriedly supported him. are you okay? Do you feel uncomfortable?"

Ning Qing took the tissue from his hand and wiped her mouth. I'm fine. I feel much better after vomiting.

Gu nanzhi was still worried. let's go back first. I'll buy you some hangover medicine on the way.

Ning Qing's head was still dizzy and she did not have any extra energy, so she nodded.

He helped her into the car and drove away without a second's delay.

In the dark, the car started slowly and followed them.

Gu nanzhi's heart ached and she felt guilty, especially when she saw ning Qing's pale and weak face. She felt terrible!

"What did that damned woman say to you?"

Ning Qing leaned against the window, her eyes full of fatigue. Gu nanzhi, I'm very tired. Can you stop asking? "

What else could he say when he heard her weak words?

"Alright, take a break. I'll call you when we arrive."

"Yes."

Ning xieqing leaned against the car door and closed his eyes.

Nothing was said along the way.

At the door of the house, Gu nanzhi held onto The Hangover medicine and helped him into the house.

It was too late now, and the ning family's parents had already gone to bed. The living room was dark, and nothing could be seen.

"Don't alarm my parents." Ning Qing stopped him as he fumbled for the lights.

He nodded in silence, slowly moved to her door, and turned the doorknob.

He helped her to the side of the bed and carefully went out to get a glass of warm water. here, take your medicine.

[Chapter 776](#)

776 What makes you think I'll win?

Ning Qing half-leaned against the head of the bed. Her head hurt so much that she could not open her eyes. She could only cooperate with his movements and take the medicine.

"It's alright. You should have a good sleep first."

Gu nanzhi helped her take off her shoes and coat, then covered her with the blanket. During this process, she didn't have any extra reaction.

He wanted to say something but stopped. In the end, he sighed and turned around to leave.

"It's too late. You should sleep in the next room."

There was a faint sound coming from the bed, which was somewhat indolent and unclear after being drunk.

Gu nanzhi paused. okay.

Then, there was no more sound.

He pursed his lips helplessly, turned around, and walked out of the room, entering the room he had stayed in before.

With the help of the dim light, he could see the entire room clearly.

The furnishings were exactly the same as before he left.

An indescribable smile appeared at the corner of his mouth. Then, he walked straight to the side of the bed, lifted the quilt, and lay down.

*

The next morning, mother ning was surprised to see the two of them back.

She smelled the alcohol on ning Qing and scolded her for a long time. It was Gu nanzhi who found an excuse for ning Qing and stopped mother ning from nagging.

After the incident, Gu Nanyan still asked ning Qing about it.

She also told him everything.

Gu nanzhi was shocked. she wants to rope you in to her side? How could this be? That's absolutely not allowed!"

Ning Qing did not have much of a reaction to this.

Gu nanzhi suddenly felt a little guilty. don't tell me that Yingluo agreed to it? "

"What do you think?" ning Qing asked.

"....."

she's offering such good conditions, but I might not be able to win the competition. If I go against her, I won't get anything in the end.

Gu nanzhi was anxious. 'Why can't I get anything? We're not even in the finals yet, how can you be so sure that we'll lose?'

"Then what makes you think I'll win?" ning Qing asked.

Gu nanzhi was instantly speechless.

Ning Qing was very calm. how many people can win against the absolute power of the Lou family? besides, I'm just an ordinary person.

The direction of these words sounded wrong.

Gu nanzhi's heart was on fire. 'How can you say that? You've won so many awards in the past and received so much love and support from so many people. How can you give up just because of this?'

Ning Qing retorted coldly. I know that the result can't be changed. Yet, I still tried my best. Am I not humiliating myself? "

"You!"

"Tiny, I'm not that great, and I don't have the courage to face failure."

After saying that, she stood up and did not give him any more time to argue.

Gu nanzhi couldn't stop her. She was so angry that she stomped her feet. She couldn't help but curse. this damn Lou qingyue!

He had made ning Qing so depressed!

It looked like he didn't want to compete anymore.

However, how could she give up just like that? How was he going to find her confidence and let her face the competition?

After thinking for a long time, he realized that he was at his wit's end. He could only find a corner and take out his phone.

hey, she's being affected. Quickly think of something!

"....."

"I've said everything I can! She won't listen to me anymore!"

"....."

"What? You might as well just get rid of yourself! Without you, that damned woman Lou qingyue wouldn't have targeted her!"

"....."

"Alright, alright, don't say anything about letting her do whatever she wants. Will you just watch her lose? Hurry up and think of a way to get rid of that shameless sister of yours. At least don't let her affect Ning Qing!"

"....."

After a series of roars, the man put his hands on his waist and turned around in anger and anxiety.

He didn't notice that the door that was originally closed had opened a crack.

Ning Qing stood there with her eyes half-closed.

Every word and action of his fell into her ears.

[Chapter 777](#)

777 Lou qingyue won't give up so easily (1:

Tina sat in front of the table and looked down at her phone screen as she fell into deep thought.

"How's Lou qingyue doing?" she asked the person behind her.

eldest miss, miss qingyue is still waiting. Miss ning is still considering and hasn't given us a reply.

Tina grunted in response, and her eyes darkened slightly.

The subordinate hesitated. miss qingyue's conditions are very good. In addition, she has made all kinds of explicit hints to miss ning, indicating that the competition will not end. Furthermore, miss ning is still unclear about the enmity between you and her. What if she really thinks that you really want to cut off all ties with her? will she be swayed? "

Tina's fingers tapped lightly on her phone screen. up to her.

"But miss Qing Yue won't let this go."

Tina's expression turned cold. she has to see if I agree to whatever she wants to do.

Her hand paused, and she changed the topic.

"The patriarch has arrived?"

soon. He just called and said he's on his way back.

"Yes."

Tina stood up with the man following behind her. do you need to prepare for the banquet? "

Tina paused for a moment. there's no need. I have my own plans.

The subordinate no longer spoke nonsense. yes.

The people behind him followed him one by one, and the group of them arrived at the entrance of the manor.

After waiting for a few minutes, Lou qingyue and Lou Chi also arrived.

Lou qingyue crossed her arms and looked at the group of people around Tina. little sister, you've really overdone it.

Tina didn't even bat an eye.

She was also willing to ask for a snub, so she stood aside obediently.

Not long after, the extended version of the luxury car showed itself. Four black cars surrounded it to protect it until it stopped outside the gate.

The leading bodyguard opened the car door respectfully, and the woman inside slowly got out of the car. She was dressed in a European aristocratic dress, with a thick fur coat on her shoulders. She looked graceful and luxurious, and her eyes were bright.

She glanced at the manor and then fixed her eyes on the few people waiting for her. She smiled.

Tina lowered her head with an expressionless face. master.

Lou LAN nodded with a smile. Lou qingyue smiled exaggeratedly and retracted her sharp aura. She greeted Lou LAN like an obedient child. Hello, aunt.

Lou Chi, who was beside her, also nodded. Hello, aunt.

Lou LAN sighed. qingyue's face is red from the cold. Have you been waiting for a long time? "

Lou qingyue chuckled and shook her head. you haven't come back for a long time. It doesn't matter if you wait a little longer. I'm willing to wait!

Lou Lan's expression was gentle and loving. you're still so sweet.

After saying that, she turned around. the weather is so cold. Let's go in earlier.

"Yes."

The convoy drove to the parking lot in an orderly manner.

Lou qingyue stepped forward. aunt, I've missed you so much!

Lou LAN smiled. it's been three years since we last met, qingyue. You've changed a lot. It seems that sending you to America was the right decision.

Lou qingyue's face stiffened. Then, she smiled again. yes, during the time I was recuperating in America, I've thought through a lot of things. I also understand aunt's good intentions. In the future, qingyue will definitely listen to aunt's words.

Lou LAN nodded in satisfaction.

aunt, my mother is preparing dinner. She's waiting for you to come back.

Lou LAN asked, " how's your mother's health these past two months? "

she's still the same, but she seems to be getting better. My mother was so happy that you came back today. She doesn't look sick at all. Lou qingyue held Lou Lan's wrist and said, " that's why, aunty, you must come home often to visit us. When you're not at home, the manor will be cold and quiet.

Lou LAN gave a half-smile. girl, you're always saying nice things to make me happy.

"No, I'm telling the truth."

Lou Chi followed beside the two of them and chimed in from time to time. The atmosphere between the three of them was harmonious.

While they were talking, Lou qingyue glanced at the woman behind her. She shouted proudly, " little sister, come quickly. What are you standing there for? "

""

Tina stood rooted to the ground, and her fingers froze.

Her head was lowered, and her expression could not be seen in the dark.

She coldly replied, " coming. she followed him.

[Chapter 778](#)

778 The Lou family's undercurrent (1)

In the European-styled retro restaurant, the crystal lights reflected warm light.

On the huge long dining table.

According to the order of seniority, Lou LAN sat in the main seat, Lou si and Lou Chi sat on the left, and Lou si and Lou qingyue sat on the right.

Lou LAN smiled as he looked at the people sitting on both sides of the table. it's been three years. Finally, everyone is here.

Lou si also sighed, " that's right. It's been three years. Qingyue has returned. Our family is finally complete.

Lou LAN looked at Lou qingyue and said, " qingyue has suffered a lot these few years. You look thinner than before. It's because you're too cruel. Have you ever blamed you? "

Lou qingyue said, " aunt, what are you saying? my body is fine. Also, I was insensible at that time. You did it for my own good. I understand that ran ran can't even thank you enough. How can I blame you? "

"You've changed a lot," Lou LAN said, pleased.

In the past, she had never been willing to say a single soft word to anyone.

Even if they did something wrong, they would never admit it until they were exposed.

Lou qingyue lowered her head shyly. it's all because of aunt's good decision. Qingyue has grown a lot.

Lou si also chimed in, " elder sister, she has changed a lot. In the past, she had a bad temper. This time, she has never been angry. I just don't know how long she can maintain this.

"Mother, what are you saying?" Lou qingyue rebuked.

"With your temperament, I don't know when you'll reveal your fox tail."

“Mom ...”

Lou LAN listened to the interaction between the two of them and smiled. once a person’s temperament is set, it’s hard to change it. Qingyue’s current state is very good.

Lou qingyue was embarrassed. thank you for your praise, aunt.

“It’s late, let’s eat,” Lou LAN replied with a nod.

The Butler behind him bowed respectfully. yes.

The Butler nodded, and from the back hall on both sides, five women in European maid uniforms came to the five of them with hot towels and warm water.

After they washed and wiped their hands, the five maids left.

Then, male servants walked out of the doors on either side of them and served exquisite and delicious food to the five of them.

“It’s been: long time since we’ve had a meal together as: family. Don’t be shy: everyone. Just be happy,” Lou LAN said:

: Yes: : Lou si and Lou Chi replied:

Lou si and Lou qingyue nodded, ” yes.

The official meal began.

When Lou LAN asked Lou si about recent events, she was very respectful and answered whatever Lou LAN asked. She was like a machine, and no one could sense her emotions.

Lou LAN didn’t show any concern or closeness to his daughter. After a few words, the topic returned to Lou qingyue.

I heard from the servants that qingyue is participating in the National jewelry design competition? ”

The dining table fell silent for a few seconds.

“What’s the score now?” Lou LAN continued to ask, as if he had not noticed it.

Lou qingyue and Lou si, who were diagonally opposite her, looked at each other. Lou qingyue was a little nervous. not bad. You’ve made it to the finals without any problems.

Lou LAN nodded and looked at her approvingly. this means that you didn’t stay in America for nothing. I hope that you can come back with the championship and show everyone the strength of the Lou family.

Lou qingyue didn’t expect her to say something like ” take back the championship ” and didn’t react for a while.

elder sister, don’t have too high of an expectation for her. I’m afraid that she won’t be able to handle such expectations. If that happens, she will lose face in front of everyone. Lou si spoke on her behalf.

Lou qingyue stopped being surprised. that’s right. Qingyue wants to win the competition with her own strength. However, there is always someone better than her. I’m also a little worried.

Lou LAN encouraged her, " don't be impatient. No matter what the result is, you have to believe in yourself. Have more confidence in yourself. I believe in you.

Lou qingyue's worried heart finally calmed down. Her smile became even sweeter. thank you, aunt. With your encouragement, I'm even more confident now!

Such a happy moment did not last long.

Lou si couldn't bear to see Lou qingyue's pretentious expression. She sneered, " you don't need the family head's encouragement. After all, the Lou family is your biggest pillar of confidence.

After that sentence, the atmosphere took a sharp turn.

Lou qingyue gave a fake smile and said,"younger sister, what are you saying, Zhenzhen?"

Lou si didn't plan on letting her off. She coldly said, " from what I know, you used the power of the Lou family to interfere in this competition. This is an insult to fairness.

Lou qingyue's expression suddenly changed.

She had never expected Lou si to do this!

He had directly exposed her on the dining table. What was she trying to do?

Lou LAN looked at her, but she refused to admit it. sister, you can eat whatever you want, but you can't say whatever you want. I'm participating in the competition in my own name. Why would I use the Lou family's power like you said? "

Lou Yuan's expression was cold. I have evidence.

"....."

Of the five people present, other than Lou LAN and Lou si, the remaining three had strange expressions on their faces.

Lou si changed the topic, " qingyue, did you really do what Yuan 'er said? did you use the Lou family to pressure the organizers? "

Lou qingyue subconsciously wanted to refute, but when she saw Lou SI's oppressive gaze, she understood the meaning behind it.

She stammered, unable to speak.

qingyue, " Lou LAN said seriously, " if you use the Lou family, it will affect the outcome of the competition. This will not be good for you and the Lou family.

Lou qingyue cowered. f * ck!

"You what? This kind of international competition is based on individual strength. Even if your surname is Lou, you should be the same as everyone else. Why did you do such a dirty thing behind our backs?"

Lou Si's sudden outburst made Lou Qingyue feel wronged and terrified. I'm sorry, mother. Auntie only urged me to win the competition.

if you want to win, you can use such a method. If I say I want to win too, can I kill you? "

Lou Si coldly added from the side, instantly turning the atmosphere into a state of tension.

"Little sister, what are you saying? My interference in the competition is different from the life-threatening injury you mentioned, Yingluo."

then what about the fact that you interfered in Ning Qing's victory? "

"....."

Lou Qingyue's eyebrows twitched and her expression twisted.

Lou Chi, who had not spoken for a long time, finally spoke. eldest sister has already admitted her mistake. Second sister, don't be so aggressive.

Lou Si's lips curled into a cold smile.

"Overbearing? She touched my family and tested my bottom line time and time again, and I only exposed her actions. Is that overbearing?"

"Yuan 'er!" Lou LAN shouted. Shut up!"

In their eyes, Lou Si didn't seem to have any personal emotions and she always had a cold face.

This was the first time she was angry.

No one knew that they could not withstand her anger.

Lou Si stared intently at Lou Qingyue. There was a flame burning in her eyes.

Lou Qingyue, if you have any dissatisfaction, you can direct it at me. You don't have to bother her. She doesn't know anything and just wants to live a simple life.

She had tried her best to maintain her peaceful life between taking the initiative and being passive. However, all of this was about to be broken by the woman in front of her!

He was so angry that he lost his mind for a moment.

It was at that moment that the woman, who had always been good at fighting, suddenly reached out, grabbed the knife in front of her, and then stabbed it into the palm of the woman next to her ...

Lou Qingyue screamed in pain,"ah!"

"Qingyue!" Lou Si was shocked.

She rushed in front of the woman and looked at the hand that was pierced by the knife. Her eyes were filled with panic as she shouted, " Lou Si, you're crazy!

Lou Si couldn't be bothered with anything else as she said ruthlessly, " whoever dares to touch her again under my eyes. I dare you to try!

“Stop! You’re trying to take qingyue’s life!”

The woman sneered, grabbed the knife, and pulled it up.

Flesh and blood separated, and blood splattered everywhere.

ah! Lou qingyue screamed again and fainted in Lou Si’s arms.

Lou Chi shouted, “ what are you still looking at? call the doctor!

The group of servants hurriedly sent Lou qingyue upstairs.

The dining room quickly quieted down, leaving only Lou LAN and Lou si.

Lou LAN tried to restrain himself but failed. He raised his hand and slapped her face. do you know what you’re doing?!

Lou si raised her eyes. Her pale face had a tinge of blood, making her look mysterious and alluring.

“I’m just warning her,” she said.

A ripple appeared on Lou Lan’s calm face. your impulsiveness will only make her hate you and her more.

Lou si snorted, “ it’s alright. You won’t protect us anyway so what’s the big deal? ”

“ ”

At that moment, Lou LAN could hear numbed hatred and disgust in her cold words.

She felt a sharp pain in her heart. She turned around and said coldly, “ lock the young miss in the confinement room. No one is allowed to let her out without my permission.

With that, she left the dining room.

Four tall and strong men walked in. young miss, please come with us.

“ ”

The woman’s hands were tightly clenched, and her nerves relaxed.

The steel knife in his hand fell to the ground, making a sound on the carpet.

She hung her head and left with them without a word.

It was not until she was locked in the dark room that she felt a trace of warmth in her heart.

“ ”

It was a familiar place, a familiar darkness.

The sound of a rat gnawing on food came from the corner.

It was terrifying.

The past and reality intertwined, and the fear seeped into the bones.

“.....”

The woman was no longer as cold as before. She retreated to a corner mechanically and squatted down.

Then, he hugged his knees and buried his head in his arms.

The next day, ning Qing's heart was restless.

Since last night, she had a feeling that something big was going to happen.

Not long after, Lou qingyue gave her a call.

The woman's voice was unusually cold. what's your decision? ”

Ning Qing wanted to delay. I haven't thought about it yet.

The other party was angry. ning Qing, are you kidding me? ” It's been three days and you're telling me you haven't thought it through!”

Ning Qing knew that she probably couldn't hide it anymore, so she laid her cards on the table.

Miss Lou, you've offered me a very good deal, but I can't get over it, whether it's about Tina or the competition.

Lou qingyue gritted her teeth. Her hand hurt so much that the corners of her mouth twitched. you know she's lying to you! She didn't even dare to be honest with you about her identity, and you actually believed her! Ning Qing, is there something wrong with your brain?”

So, she knew that she didn't know that Tina was Lou si.

In other words, she did it on purpose.

Ning Qing felt that Lou qingyue's schemes were really deep, but she was not afraid.

her status has nothing to do with how well she treated me in the past. I can't bite the hand that feeds me. Besides, I don't think you can do anything about the competition, Miss Lou.

“.....”

“No one knows who will win until the end.” Ning Qing's tone was light. maybe I'll be the one who wins.

“Bang!”

The sound of things being smashed came from the other end of the phone, followed by a woman's hysterical scolding.

Ning Qing didn't hear him clearly and the call was cut off.

This was great.

He had completely enraged the other party.

Ning Qing put on a helpless smile and put away her phone, no longer concerned about the current situation.
