Chapter 614

“But...”

“Also, I’ll be the one who introduces Nate to the company. I’ll handle all this so that dad won’t discover your relationship with Nate.”

After a pause, Arianna continued, “Besides, we don’t want to make you feel more uncomfortable now that dad has given that outsider a position in the company. He’ll put all his attention on that guy and won’t notice that the branch’s company has a new manager.”

The plan sounded reasonable, but Eloise still felt worried. “Still, what will change even when Nate joins the company?”

“You’re confused, Mom. I’ll have a helper when Nate joins the company. We’ll conspire and take over the company!” Arianna

talked about her plan, "Recently, I plan to start a new project in the company and set up a new division. I've already submitted the proposal, and they'll pass it soon.

"Then Nate will be the manager of that branch company. Not only will we get a hold of the company's money, but we'll also eliminate the outsider from it!" Arianna already had a comprehensive plan in her mind.

The coldness in her eyes even made Eloise unable to recognize her daughter. Although Arianna had stood by her mother's side since birth, Eloise sometimes felt inexplicably afraid of her.

"Mom?"

After Arianna called out to her a few times, Eloise finally returned to her senses. She smiled reluctantly. "It sounds good. It's just that you know how much your father values that outsider. It's not that easy to kick him out of the company."

“No matter how dad values him, it still depends on whether or not the higher-ups and shareholders in the company agree to let him stay. If that scoundrel makes an unforgivable mistake, do you think dad can still protect him?”

Eloise looked at Arianna in a trance.

Nathaniel, on the sidelines, continued, “That’s right! I have experience in that matter and can reassure you, Mom. I will cooperate well with Ari in the company. Sooner or later, the Tanner family’s business will be ours.”

“At that time, dad will have to listen to you. You can kick him out if you want! If he’s still with that woman, kick them all out!”

Arianna said while flicking her wrist.

Eloise wanted to laugh, but she could not seem to. She sighed heavily and said, “Okay, since you two have made up your mind, what can I do to help?”

It seemed the plan only involved the siblings, and there was nothing she needed to do.

“Mom, you don’t have much to do as long as you know about our plan. All you have to do is keep quiet about it,” Nathaniel said

hurriedly.

They informed Eloise because they knew she would find out about this sooner or later. It was best to tell her in advance so the plan would have a higher chance of succeeding.

"Mom, there's something else you can do. You can take advantage of your position and help us whenever necessary," Arianna said while blinking her eyes.

"What do you mean?"

"Don't you have a lot of journalist friends, Mom? Have you forgotten what they like most? They love digging up the secrets of wealthy families. Even if dad brings that scoundrel home, he won't dare to reveal his true identity.

"Doesn't dad still want to take it slow and foster that b*stard child under your name first? If the reporters and journalists reveal he's an illegitimate child, consider the consequences it'll bring."

'Does Mom still need to think about this?!'

Of course, she understood that once the news was out, everyone would realize what a sc* umbag Joseph was. On the other

hand, Eloise would be the one whom everyone pitied.

However, such news would affect the Tanner family business's stock price, so after considering the overall situation, she forbore not to say anything.

"Mom, of course, I don't mean now. I mean when it is necessary," Arianna said again as if she guessed what Eloise was thinking.

After thinking deeply, Eloise seemed to have made up her mind. She nodded and said, "Okay, let's do it!"
