"Mr. Tanner, I'm sorry, but this is important! Do you remember how Naomi Schiffer was hospitalized?" The assistant asked anxiously.

"Yeah, I do. What's wrong? Didn't I get someone to send a get-well -soon gift basket for her? Is she trying to pull some strings?" Damian immediately assumed the worst when he heard this from his assistant. It didn't matter if she was a supermodel. The advertisements had been filmed, and she had also been fully paid. "She said that she's allergic to our perfume and that our perfume contains ingredients that are harmful to humans," Damian's assistant spat out in one breath.
