Joseph thought about how Arianna had threatened his livelihood, 'What kind of daughter would dare treat her father that way?'

Derrick shook his head and said earnestly, "Then, why did she do this? Have you ever thought about why she has such great ambitions? Also, have you seen what she has done for the company over the past few years? Isn't Ari being a bit too greedy with her ambitions? I've already given her so much. I even told her that once Damian inherited the company, she would be the first lady with power over Tanner Corporation. Yet, she's still unsatisfied."
