Chapter 121

Drake **was stunned** when he heard what Zac said. He did not know about Jane and Jasper's meal.

When he got off work, Jane left earlier than him, he only came out after processing a document.

"Where did they go?", Drake asked,

"I think I heard that they were going to a Italian-style private kitchen".

Zac told Drake what he had heard. Jane originally wanted to bring him with him, but he did not go to spread the news to his father.

"Get in the car", Drake said as he got into the car with Zac and then walked towards the Italian-style private kitchen.

However, in the restaurant at this time, Jasper was greeting the two cute babies to dinner and then mentioned to Jane about going abroad.

"Sister, three months have come, you still don't plan to leave?".

Jane was startled when she heard him say. Only then did she realize that time had passed so quickly. It had already been three months.

In the face of Jasper's questioning, Jane's stunned expression made Jasper a little flustered.

He knew that Jane had been very close to Drake during this time, but he also hoped that Jane would just be forced to helplessly and temporarily compromise with Drake.

When the time was up, she would leave and distance herself from Drake.

But looking at Jane's appearance now, she did not take this matter to heart. In other words, as time passed, she no longer hated Drake that much.

This was what Jasper was most worried about.

He was not afraid that no one could let go of Jane's heart, but he was afraid that there was someone in Jane's heart.

"I'll take it to heart", she said also realizing that she had been negligent during this period and that she had forgotten such a big matter.

Zane heard Jasper's words and pouted, guessing what he was thinking.

He was afraid that his mother would be influenced by the scumbag, so he wouldn't be able to chase after her.

"Brasher Fashion Week will be on the 10th of next month. Joe is also invited. You haven't released any new products in this period. Don't you plan to release any new products this fashion week?"

When it came **to** work, Jane was even more shocked to realize that she had been lazy during this time and that **she** had not produced any work.

Although she did not have to **design** all of **Joe's** new **products**, as the founder of Joe, it should be a new **product every** season.

Chapter 121

When she thought about **it**, Jane realized **that she had been rotten** during **this** period, and the main culprit in all of this was because of Drake.

She was forcibly trapped **in** the Warner Corporation. Although she could juggle two jobs, she **couldn't** devote herself to it.

"It's my negligence. I'll come up with a new product as soon as possible", She lowered her eyebrows and reflected on herself.

"I'm currently creating a new series of designs, but I've encountered a bottleneck. You also need time to create new products. For this fashion week, just use my designs",

"Yes". She nodded,

"My design this time is called Love Hidden in My Heart. I've already drawn five outfits and I'm planning to make nine outfits. These are my first five designs. After you take a look, we'll sum up the rest. 's design draft..."

Jasper said and took out the tablet and handed the design to Jane for a look. Because the two were very close to discussing the details of the design, the atmosphere was a little ambiguous.

As soon as Drake and **Zac** entered the restaurant, they saw **the** picture of the two of them together, and Drake was angry on the spot.

He stepped forward and pushed Jasper away, looking at Jane with a gloomy expression.

“Jane, can you pay attention to your identity?”

Drake’s sudden appearance broke the little inspiration and thoughts the two of them had just had. Especially Drake’s gloomy question which made Jane even more annoyed.

She glared at him and said angrily, “Drake, are you sick? I’m just discussing work with Jasper, but can you stop being so haunted and forcing me to do things I don’t want to do? Even my freedom in life has to be controlled“, Jane replied angrily.

“It’s necessary to be so close when it comes to work but you don’t know what he’s thinking about you. You’re still so close to him. Don’t forget, you’re still my wife“.

Annoyed, Drake directly revealed their relationship.

The three cute babies were stunned when they heard this.

Especially Zac his eyes twirled back and forth between the two of them, both shocked and surprised, but Zane was still calm. He had investigated Jane’s past in detail. He knew almost everything except that **Zac** and he **were** brothers.

Naturally, she knew that the marriage between her and Drake had not been dissolved so she was even more annoyed when she saw Drake directly revealing the relationship between the two of them.

“Drake, you’re crazy. We said a long time ago, that a paper marriage contract doesn’t count at all. What do you mean by saying this now? you don’t want to marry your beautiful Annie?“, Jane said but he became furious.

“Yes, I won’t marry her anymore, because **the** person in my heart is **you**. Are you satisfied?”, Drake gritted his teeth and said what was in his heart.

After he finished speaking, he angrily took Zac **and** left, leaving Jane in a daze. **Jasper** looked at the thoughtful **Jane** and quickly said,

“**Sister, you** don’t **believe his** words, did **you?**, You didn’t **forget** how he hurt you in the past,

right?“,

“I didn’t forget“, Jane said as **she** turned around and looked at Jasper. Her heart was complicated and sad.

“Sister...” Jasper wanted to say something, but she interrupted,

“I’m a little uncomfortable. I’ll go back first“, she said and stood up.

Jasper greeted the two babies and watched as she left, feeling a little disappointed. Jane still feels cold in her heart.

When she returned home, Jane still could not calm down. Zac on the other side couldn’t do it anymore, and could not wait to ask about Drake and Jane’s situation.

“Daddy, what did you mean by saying that to Beautiful teacher? Did you and Beautiful teacher know each other a long time ago?“.

Chapter 122

Facing Zac's series of inquiries, Drake was upset and did not answer seriously. He **just** said a few words to send him away. Zac's face sank when he learned that his father and the beautiful teacher had already received **their** certificates and that Daddy had done many things to hurt the beautiful teacher before.

"No wonder Zane said you're a scumbag. It turns out that you've done a lot of things," he said, "you're already married to Beautiful teacher but you gave birth to me with another mother and made Beautiful teacher go to other men and have Zane and Zoe. I feel you deserve a chokehold".

Drake's face was as cold as a cloud of ice. He glared at Zac and successfully made him shut

1. up.

Forget it, I won't say it anymore. Who made you my father?".

Drake opened his mouth and wanted to tell Zac that Jane was his biological mother but in the end, he couldn't say anything.

At night, Jane coaxed Zoe and Zane to bed before bringing out her phone to text Drake, asking him to meet.

After receiving Jane's message, Drake was a little surprised. He quickly packed up and went out to answer the appointment. The place where Drake met Jane was a quiet tavern. The decoration was low-key and elegant, and the melodious music carried a story. When Drake arrived, Jane had already drunk a glass of wine alone. Drake appeared and held her hand, not allowing her to drink anymore.

Stop drinking. Your health is already bad so drink less wine".

Hearing Drake's low and magnetic voice, Jane did not insist and put down the wine glass.

"You're here, sit down", she said Drake took his seat, and the two of them looked at each other with a cold expression.

"I was too impulsive about what happened during the day",

"Yeah", Jane replied, "From tomorrow, I won't go to work in the Warner Family anymore".

Drake's heart sank upon hearing this. He did not refute, but just looked at her and listened to her quietly.

"Drake, you should arrange the divorce as soon as possible. Don't delay any longer. Ending this wrong marriage as soon as possible can be regarded as a kind of conclusion".

Hearing Jane mention the divorce again, Drake's heart was very uncomfortable, but he still tried his best to **suppress** the anger in his heart.

"Why? **Is** what I did not **good** enough? I've made **it** clear to Annie",

"Some **things, if you** miss them, **you** miss them. I don't love you anymore, so there's no need to continue entanglement?",

"What about Zac? **You don't** even want him anymore?", Drake's **deep** words contained obscurity.

"**Of course**, Zac **is** still my child. Even if we **get** divorced, Zac will always be my child. As long **as you** agree, **I can** come back to **see Zac at any** time, **or** take him to live with me",

"I don't agree", Drake said after listening to Jane's understatement, he could no longer bear his anger.

“Do you have to use tough methods? You don’t love me, so why do you have to imprison me by your side?”.

Jane became angry a little. She thought about it for a whole night before she figured it out. Then, she talked to Drake, hoping to explain the matter between the two of them clearly, but Drake’s attitude did not intend to let her go at all.

“Fine, how do you know that I don’t love you?”, Drake asked,

“Oh, stop joking, how could you possibly love me? At first, you kept me by your side just to talk, but now, it’s because you think that my attitude towards you is different from before. so you’re not reconciled. Think about imprisoning me by your side, this is not love, it’s your possessiveness“, Jane directly explained that she had thought about what she had figured out all night. Listening to her analysis, Drake did not argue, but he did not agree with Jane’s

request.

“I can promise you about work, but divorce is impossible“,

“Why?“, Jane asked tiredly,

“As you said, it’s my possessiveness. Anyway, I won’t agree to a divorce. Moreover, you must also fulfill your obligations as my wife“.

After that, he put on a sullen face and did not say anymore.

“Drake, there’s something wrong with you“, She said feeling angry and helpless, “why should I fulfill your obligations as a wife? Over the years, you have fulfilled your husband’s responsibilities. Besides, we just got a certificate. We didn’t even have a wedding, and no

one...“,

Hearing this, Drake suddenly realized, “The wedding can be made up. Don’t worry, I will put the wedding on the agenda as soon as possible.

Jane became stunned hearing what he just said.

“Who wants to marry you? I want to divorce you!”, Jane roared angrily and left the tavern. She snorted coldly and took a taxi away without even looking at Drake.

Looking at her leaving, Drake did not attempt to stop her. After all, he would not let go. When she got home, Jane was upset, but she didn't have time to mess around. She had to continue working. The next day, she went to Joe's studio. Seeing Jane's return, all of Joe's staff were very happy. Soon, it was Brasher Fashion Week. With the efforts of Jane and Jasper, they launched a new style, attracting many celebrities and celebrities who participated in the fashion week.

However, Jane put the last four outfits of the design series on the stage for the finale and did not sell them. Because the first five outfits took the lead, the last four outfits aroused the anticipation and attention of many people. **And** because of the fashion **week**, Jane had to go abroad for a week. When Drake heard the news that she already packed her **things** to go, he immediately arranged to go on.

On the plane **to Italy**, Jane looked at Drake in the seat next to her and felt that the corner of her mouth twitched. She had underestimated Drake's ability. After knowing that she was going to go abroad, he even board a seat with her. As for the three cute babies, they were immediately arranged to sit together. After gritting her teeth and taking her seat, Jane asked

in a low voice,

“Drake, what exactly are you doing?”,

“Nothing, I'm just to a fashion event“, he said replied leisurely and indifferently.

Hearing this, the corner of Jane's mouth twitched even more,

“You're boring like this“,

“It’s boring. I’m going to work too. Could it be that you think I’m following you?, many of

the artists under the Warner Family have received invitations to this fashion week. As the boss, I’ll accompany you. Is there any problem?”.

Chapter 123

Jane naturally understood that Drake’s words were just rhetoric, but he had already said so. What else **could** she say, she could only choose to remain silent. When he arrived in Italy, Jasper also realized that Drake was on the plane and that he had also gotten off the plane with Jane. **Jasper** looked at Jane and asked with his eyes,

‘what was going on?’,

Jane raised her eyebrows and said indifferently,

“He’s not with us“.

However, when the car arrived at the hotel, Jane’s eyes changed as she looked at Drake’s and others who had already arrived ahead of schedule. How could there be so many coincidences? This must have been an arrangement by Drake. With his ability, it was not difficult at all to do this. Jasper also noticed Drake’s intentions, and then whispered,

“How about we change a hotel“.

Jane reasoned with this and thought for a while and said,

“At this time, most of the hotels are full. Now you can only refund half of the room fee when you check out. It’s not worthwhile. Stay for now”.

What else could Jasper say? A few people could only enter the hotel.

After completing the check-in procedures, Jane arrived at the door of the room. Before the door was opened, the door of the opposite room opened revealing Zac who smiled and looked at Jane.

“Beautiful teacher, what a coincidence!”.

Even Jane was surprised but she immediately smiled.

“Zac!”,

“Beautiful teacher, can I visit your room?”, Zac asked with a smile.

Of course, Jane would not refuse. After opening the door, she brought the three little guys in. As soon as Zac entered, he looked around, and then said with a disappointed face,

“It’s no different from ours. I thought it would be different”.

Jane put her things down and explained, “It’s just a hotel. The room design must be similar”,

“Zane, do you want to go over to our place to play?”, Zac walked in front of Zane and invited him gently. Zane looked at Zoe, then shook his head.

“No, **Zac**“,

“I have a **special** little cake from the hotel. It looks delicious. Sister Zoe why don’t you come with me?”, Zac coaxed.

“Zoe **doesn’t** like sweet **food**“, Zane said coldly as he couldn’t stand it anymore and said. **Hearing** this, Zac finally rested his thoughts, but she still tried his best to show his presence in front of **Zoe** causing Zane to roll his eyes at him.

Jane packed her **luggage** and was sweating from exhaustion. **After** instructing the three

11-12

little guys, she went to take a shower. **After** taking a shower, she realized that she had not brought her clothes, **so** she could only ask Zoe to bring her clothes Over to the bathroom.

After a while, the bathroom door rang. Jane thought it was Zoe, so she was unprepared and opened the door to get her clothes. However, the person outside was not Zoe. When she saw Drake outside, Jane was stunned for a moment, and then slammed the door shut.

“What are you doing here? where’s Zoe?”,

“Zac took them to the next room to eat a small cake“, Drake’s cold voice sounded. Hearing this, Jane always felt that something was wrong, so she could only coldly look at Drake outside the door.

“What about you? What are you doing in my room?”,

“It’s too noisy over there so I come over to calm down,” Drake said indifferently.

Hearing this, Jane’s mouth twitched with anger. He was a shameless man.

“Hmph put my clothes at the door and get out of here“, Jane said with slight anger,

“I’ve never seen your whole body before. Is it necessary for us to see things like this?”.

Jane was very angry when she thought that he had already seen everything and yet he had said such a thing.

“Drake, I warn you, don’t blame me for being so shameless“.

Hearing the anger in Jane’s voice so he did not dare to joke anymore, he put down the clothes and left.

When Jane was dressed and came out, she met Drake sitting on the sofa indifferently. fiddling with her phone.

“Why are you still here?”.

Drake turned around and met her wet eyes.

“I’m in my wife’s room, what’s wrong?”,

“Drake, what did you want?, I already said it, I want to divorce you“.

Hearing that, Drake stood up and his tall figure walked directly in front of her. Feeling a huge sense of oppression, Jane could not help but take two steps back.

“What kind of wedding do you like?“.

This topic changed a little quickly, she could not keep up with it. She looked at the man coldly.

Jane suddenly felt that she did not understand Drake enough. She did not expect him to be so shameless. It didn’t match his cold and arrogant image. She reached out and pushed him, but his strength was so strong that she could not push him away.

“Drake, let me go!“,

“You haven’t answered my question yet.” **The** man insisted.

She **couldn’t** be **soft or hard**.

Even if **you give** me a **Glory** World wedding, I’ll s remain indifferent“, Jane knew that she

11:12 1 .

Chapter 123

had gone too far, but she didn’t want to repeat the same mistakes.

“How can I make you continue to love me?“, he also understood what she meant and asked frankly.

“Impossible, Drake, it’s impossible for me to love you again in my life“.

Jane’s expression became cold, even a little indifferent. Hearing this, Drake was stunned.

After hesitating for a while, he let go and looked at her. Just when Jane thought that she was about to drown in his deep eyes, he spoke up,

“I’ll make you fall in love with me again“,

Jane did not agree with him and only said indifferently,

“Love is mutual. You only want me to fall in love with you. Have you ever asked yourself. do you love me? Why do you love me?“.

Jane’s words did silence Drake cause he couldn’t reply.

After leaving Jane’s room, Drake called and asked the person over the phone to meet at a winery. When Matthew Hughes arrived, Drake had already opened a bottle of fine wine and was waiting.

“What a good day, you’re willing to invite me to drink such good wine?“. With a smile on his face. Matthew looked at Drake with a bit of arrogance. He and Drake met when they were studying in college. At that time, they were studying the same topic, and they were both enemies and friends.

“I have a question, I want to ask you“, Drake said lightly.

Chapter 124

Hearing **this**, the corner of Matthew’s mouth smiled even more.

“It’s rare when you still ask for help. Come on, what are the questions, I’ll give you a lot of

answers“.

Hearing his teasing tone, Drake was not angry either.

“What does it mean to love someone?”,

Love someone?”, Matthew was slightly stunned, then smiled meaningfully and said. “To love someone, of course, is to treat her well. Give her everything and be willing to sacrifice for her happiness, as long as she is happy“.

Hearing this, Drake raised his eyes and looked at him. He did not agree with his words.

“What? Is there something wrong?”, Matthew asked,

“Do you have someone you love?”, Drake asked indifferently.

Matthew hesitated for a moment, then nodded, “Of course“,

“Then did you do this for her?“.

Hearing that, Matthew thought of the beautiful face who was trapped in the castle and could not leave, and his expression was a little complicated. It seems that there is no way! Not only did he fail to make her happy, but he even forced her to do things she didn't want to do. Drake immediately saw that something was wrong with his expression and took a sip from his glass, and then said,

“So your so-called love is not true. I fell in love with a person, but she asked me if I knew what love was“,

“So how did you answer?“, Matthew asked in confusion.

Drake shook his head, “No answer, but I think that if I love her, I want to get her, and I will do everything to get her, even if the jade is burnt“.

Hearing Drake's words, Matthew wanted to tell the other person that this love was a little perverted, but when he thought of the tender face in his heart, he finally swallowed the words in his mouth. How could he say that Drake was a pervert?

To keep her by his side, he would do anything, even if it made her suffer. The two men talked about the topic of love directly, and they were not in a good mood. They simply raised their glasses and drank to vent. After a while, the enti

re bottle of wine was consumed, and the two of them became a little drunk. When they left, the two powerful men were a little depressed.

Back at the hotel, Drake saw Jane in the lobby with three cute babies for dinner, with Jasper sitting opposite her, making him even more depressed. Drake walked over and took his seat. A pair of deep eyes stared at Jasper and said coldly,

“Does Mr. Jasper have a winery here? Drake wants to drink. I wonder if Mr. Jasper can **accompany** him“.

Hearing **Drake’s** invitation to invite **Jasper** for a drink, Jane’s first reaction was that Drake

11:12

must be trying **to do something**. **Jasper** also felt the same way. **His first** reaction was to refuse, but Drake’s next sentence aroused his self-esteem.

“Mr. Jasper usually wears a neutral dress. It’s not that he doesn’t know how to drink. This man doesn’t know how to drink, but...” “President Warner is joking. Since President Warner is interested, of course, I’ll accompany him“.

Jasper was provoked to directly agreed to Drake’s request.

“Alright then, let’s go over now.”

Drake did not hesitate as he stood up and Jasper followed. When Jane saw this, she quickly whispered to him,

“Why did you agree with him? He’s crazy and you’re crazy with him, tomorrow is Fashion Week. It’s crazy to go to drink at such a time“,

“It’s alright.” Jasper said and thought that Jane was worried about him and was in a good mood. The two of them left the hotel one after the other. Jane was worried. After the three cute babies had finished eating, she sent them back to their room and took a taxi to Jasper’s winery. She had to watch the two of them before they would fight. When She

arrived at the winery. she saw that the two of them were fighting. This fight was not a fistfight but a wine table fight. by the time she arrived, they have already drunk a lot.

Jasper opened a winery. The two of them both wanted to compete for first place, so it was natural for them to drink as if they were destined to die. Thinking that Drake had a stomach problem and that drinking like this would cause harm to his body, Jane quickly stepped forward to stop the two of them.

“Stop drinking, you guys think it’s water?“. Jane rushed up with a bit of anger and scolded them coldly. Both of them stopped their movements for a while, and then Drake drank the wine in the glass. Jane was so angry that she snatched the cup from his hand.

Seeing this, Drake felt cared for. He raised his head and looked at Jane with his slightly drunk eyes.

“You care about me?“,

“The devil cares. I can’t bear to waste your wine like this“, Jane flatly denied it,

“I’ll just pay“, Drake groaned.

“It’s amazing if you have money. I won’t accept your money“, Jasper said with a little drunkenness, “Come on, drink, today I’ll let you know what a real man is“, he said as he raised his glass again.

The two of them drank again. Jane’s head was big, but they did not listen.

“Forget about it“, She scolded angrily, too lazy to pay attention to the two of them.

At night, Jane coaxed the three cute babies to sleep, then got up to drink a glass of water, and heard the sound of the door. She opened the door and saw that it was Drake who was holding his room card with his head down.

Perceiving the smell of alcohol on his body made her furious.

“You still know how to come back, why **don’t** you drink to death? don’t you know **where** your room is?“, Jane frowned and scolded. Drake reluctantly raised his head and looked at

11:12

Jane, then **fell** towards her. She wanted to scold him more, but suddenly he fell into her arms and she swallowed her words. With a helpless sigh, Jane took Drake's room card, walked to the opposite room, and took him into the room. After putting him on the bed, She made to leave but he suddenly grabbed her hand and called her name in a daze.

"Jane...don't leave!".

She turned around. On the bed, Drake still closed his eyes, but his brows were furrowed as **if** he was really afraid that she would leave. For a moment, Jane's heart softened. Just as she was hesitating whether or not to stay, Drake used a force causing her to staggered and fell directly into his arms. The strong masculinity rushed toward his face, and Jane was lost for

a moment.

Chapter 125

The next day when Drake woke up, he could feel the delicate body in his arms, and a smile appeared in his mouth. The feeling of holding her to sleep turned out to be so beautiful. Last night, Drake was not drunk neither was he unconscious but he was a little drowsy. Of course, he was still very impressed by what he had done. Therefore, he and Jane simply slept together.

When Jane opened her eyes, she also found herself in Drake's arms. Thinking of what happened last night, her brows wrinkled. The stinky man had used his alcohol to pull her onto the bed

last night and hugged her tightly so that she could not escape. Fortunately, this time, nothing happened. She opened her eyes to see that he was still asleep, so she carefully got up. To prevent Jane from getting angry with him because of what happened last night, Drake did not open his eyes and pretended that he had not woken up yet. When Jane walked out of Drake's room, the opposite room also happened to open, and the three little guys Zac, Zane, and Zoe appeared at the door at the same time. Jane panicked when she met the three pairs of deer-like eyes!

"Beautiful teacher, what did you do to my father last night?", Zac covered his mouth and looked shocked.

These words successfully caused three black lines on Jane's forehead. If she could do anything to Drake, she would not be bad.

"Your father drank too much. The teacher just sent him back to his room. He is still resting now".

Hearing that, the three of them looked unconvinced, and Jane quickly changed the subject.

"I'll take you guys downstairs for breakfast. At noon, you can go to the show".

When Jane met Drake, she deliberately did not remind him of his drunkenness, and Drake also pretend like he didn't know anything happened. This made Jane feel a little angrier and finally chose to ignore him.

The Fashion week passed quickly. The four outfits that Jane brought this time attracted a lot of attention. After the show, Joe received a lot of custom orders.

After the fashion week, she had no plans to return to Germany. When she went abroad this time, she had already planned to stay directly in the place where Joe's company started, and it was also the place where she had lived for five years. Drake did not know Jane's plan, but after the fashion week, he asked Zac to inquire about their return schedule. The answer that he did not want to get was that Jane did not plan to go back.

When Drake heard the news, he immediately stopped her,

“Are you going to stop talking?”,

As soon as she heard his words, she knew that he must have known that she would not go back, and immediately replied.

“How could I not say anything?”,

“**Then why** didn’t you return to the country?”,

“What?”,

Chapter 125

“Do you want to live abroad with a certain wild man?”.

Because he was angry, Drake’s words were sharp.

“What nonsense are you talking about? I already told you. As long as you agree, I can go back to **see** Zac in the future, or pick him up to live with me”,

“I did not agree“, he said coldly,

“Drake, can we speak properly? You’re so arbitrary, it makes people...“,

“If you don’t go back, I’ll immediately announce our marriage and let everyone know of your wife’s existence“.

Before Jane could finish her words, Drake coldly threatened.

“You...” Jane looked at him angrily, her breathing became rapid, and she stared at him fiercely. In the end, she had to admit that she was threatened by him. This opportunity that she had longed for had now become her biggest weakness. Jane finally returned to Germany with two cute treasures. Because of her return, Joe’s focus had also shifted to Germany. In this regard, Jane did not have much influence. She was English, and her design preferences were more in line with States aesthetics. Moreover, in the past few years, the country style was popular in the country. Jane was also very interested in this. It happened that he could explore this field. The only person who disagreed with Jane’s return was Jasper, but after listening to her explanation, Jasper had nothing to say.

Fortunately, after returning to Germany, Drake also kept his promise and did not pester her too much. However, Jane did not know that at the moment, Drake was being forced to accept the blind date arranged by Courtney Philips in the old mansion. Courtney told him to go back to the old house and only said that it was a family dinner, but there was someone who shouldn't have appeared at the family dinner. Michelle Jones!

Courtney was still persistent to match the two of them up. Annoyed, Drake could not feel the taste of the food and after dinner, he directly invited Michelle to chat in the yard. She was overjoyed when she saw Drake taking the initiative to ask her out and she happily followed him to the garden. When Zac saw Drake's demeanor, his face wrinkled. His father wouldn't be open to anyone, would he? 'What if the beautiful teacher found out?', Zac thought worriedly.

Drake and Michelle stood by the pond in the courtyard as Drake stood upright with his hands behind his back. Michelle's fawn rammed around, twisted her fingers, walked over with the appearance of a shy girl, and called out sweetly.

"Big Brother Drake!".

Drake turned around, his cold eyes falling on her, alienated and indifferent.

"**Miss** Jones you should call me, Mr. Warner. Although our relationship is not bad, we're not related, your brother is not good."

Michelle was still smiling like a flower, but after hearing Drake's words, the smile on her face froze.

"But I always **called you** that when **I was young**", Michelle said a little wrongly.

"You said it **was** when **we were** young. We are all **adults now**. **Brothers** and **sisters** are ambiguous, you **should** understand", Drake said **coldly**. **Michelle's** face turned pale, **but**

Drake has already clarified it

“Okay, I understand, Mr. Warner, you should know why Aunty asked me to come today“, Michelle asked straightforwardly, with a hint of shyness in her words. She had come early, and Courtney had already called her to her side and instructed her. Michelle’s temperament was cold and she asked her to take the initiative.

“I love you very much in my heart. It has been since I was a child, It’s a pity that I had too many of you when I was young. Later, I went to study abroad but now that I come back, I will stay in Germany in the future. I don’t want to miss you, Mr. Warner “, Michelle’s confession was very subtle, with shyness and anticipation, but it made Drake frown. He didn’t want to provoke any peach blossoms now.

“Miss Jones may not know, I have a child“,

“It’s okay, I don’t care.” Michelle knew about this early in the morning, and Courtney had told her herself. However, the child was not important. As long as she could marry Drake, then she would have another child of the two of them. The younger one would be more loved.

Chapter 126

Drake did not say anything more about Michelle’s remarks but just said a word

.

“My future wife must be someone my son can accept“.

This was also a polite refusal, but Michelle did not think so. She thought that Drake had agreed, as long as Zac agreed. With this kind of thought in mind, when Michelle left, there was a smile on her face, and she specially greeted Zac.

Confused by Michelle’s enthusiasm, Zac thought that his father had really been seduced by her, and naturally he treated Michelle badly. When Courtney saw this, she sternly said to Zac,

“Zac, why don’t you say goodbye to Auntie Michelle? You can’t be so rude“.

If Drake has said this, Zac would give him a big roll of eyes, but it was Courtney so he did not dare to resist.

“Auntie Michelle, goodbye...” he greeted awkwardly, then turned away.

When Michelle saw this, she became more confident in her heart about becoming Mrs. Warner. In time, she would be able to marry Drake. After sending Michelle away, the family finally sat down on the sofa, and Drake took the initiative to mention it to Courtney.

“Why didn’t you say there would be an outsider at the banquet?“,

“Michelle is not an outsider. You two have known each other since you were young, and you will become a family in the future.” She said indifferently.

Hearing this, Drake’s eyes turned cold, “You won’t forget that you still have a daughter-in-law, right?“,

“You said that Jane cheated and left, she is no longer my daughter-in-law,” Courtney replied coldly.

“But legally, she’s still my wife“, Drake said, “Furthermore, you didn’t reject her in the past, why did you immediately want to change her position as Mrs. Warner?“.

Drake was not interested in Michelle arranged by Courtney, but after all, it was introduced by his mother, and it was too embarrassing for him to deal with them.

“That was in the past. Although I don’t like the way she married you, I think that since she married you, she is considered a member of the Warner Family, b

ut from the family's point of view, she is not a qualified wife and daughter-in-law".

Hearing this, Drake could not argue. In Courtney's current situation, it would be useless for him to say that many good words for Jane as it will be useless.

Immediately, he gave Zac a wink, who understood and rushed into Courtney's arms.

"Grandma, I think Teacher Bentley is very good. She is very knowledgeable, gentle, and beautiful. More importantly, I like her very much."

Listening to Zac's words, She looked at Drake and silently asked if Zac did not know Jane's identity. Drake nodded, and Courtney looked at Zac lovingly and coaxed softly.

"Why does **Zac** like her so much?",

"

like her **very** much. What reason do I **need to** like someone? It's love at first sight, and

Chapter 126

longing for ten thousand years."Zac's love story was one after another, and after he finished speaking, he did not forget to flatter Courtney, "**It's** like I like grandma very much. What reason do I need? God destined me to be your grandson, **just for** me to like **you.**"

Listening to Zac's sweet words, Courtney, who had always had a cold temperament, was also coaxed into a smile.

"**Hey**, Grandma's good grandson's mouth is so sweet. It's like wiping honey."

Zac struck while the iron was hot.

"So, Grandma, don't let Daddy and Teacher Bentley separate. I like Teacher Bentley".

Hearing that, even though Courtney still had a grudge against Jane in her heart, she did not say anything about the divorce. She just nodded.

“It’s okay, we like it. Grandma won’t say anything.”

Courtney did not make her words absolute. In other words, if Jane did not do well in the future, she would still let the two of them separate. After coaxing Courtney, Drake brought Zac back to Maplewood Garden.

In the car. Zac had a serious face. Because of his performance just now, Drake was in a good mood and praised Zac.

“Good job!”.

Zac lightly snorted and said angrily, “I’ve tried my best to help you connect and you’re better than all kinds of things but what is my father, thinking?”.

Hearing this, Drake was stunned and did not understand what Zac meant. Zac also continued to say angrily.

“What did you say to that girl named Michelle just now? Why did she smile like a flower when she left? It’s unpleasant to look at, you’ve already hooked up with other women even before you’ve done it with Beautiful teacher. If this spreads to Beautiful teacher, your previous efforts will not be in vain”.

Zac looked like he was worried, and only wanted to beat his chest. Only then did Drake understand and explain,

“I told her that my future wife must get your approval. She probably thought it would be

easy to get you.”

Hearing this, Zac was stunned for a moment, then he sneered,

“A woman who is over-confident!”.

Zac’s words made Drake pat him on the head.

“Why are you hitting me?”, Zac covered the back of his head where he was being photographed, very unhappy.

“Nothing, itchy hands“, Drake said and laughed lightly, his expression happy.

Zac rolled his eyes and said,

“Hurry up and work hard. I’ve already tried my best. **If you can’t** handle the beautiful teacher, I’ll even doubt your ability.”

11:13

Warner Your Ex

Chapter 126

The next day, **Drake** who had been instructed by Zac, personally appeared in Joe’s studio to look for Jane. **Joe’s** employees all showed complicated expressions when they saw him. **When** Jane learned that Drake was coming, her face became even more serious. After she saw Drake, her **face** became cold.

“What are you doing here?“,

“here is a cooperation project...” Yu Mohan directly explained his purpose. However, before she could finish, Jane interrupted him, “I’m not interested“,

“Are you sure? Warner’s interior design company has taken over a renovation project for an antique shop. The other party wants to open a Fashion shop. If you contact us in advance, you may be able to get the supply.” Drake said lightly.

Although he had never taken the initiative to look for Jane after returning from Italy he had always paid attention to her movements, Knowing that she had been learning about all kinds of fashion and things in the Clothes industry, she must have an intention to develop this clothing sector. Then, he would give it to her in person. She would not let such a good opportunity pass. Jane was indeed moved, but when she thought that this was an opportunity from Drake, she hesitated again,

“Thank you for your kindness, no need“, In the end, Jane chose to reject him.

Drake also guessed that Jane would refuse, so he hesitated and said directly.

“I won’t allow you to refuse“.

Hearing Drake’s overbearing words, Jane’s expression darkened.

“Drake, why are you so overbearing?“,

“Just because you don’t want to be Mrs. Warner, although threats are very low, it’s really useful”

As he approached Jane, a faint smile appeared on the corner of his mouth. She was going pissed off, but the fact was that she had been pinched by him and could not refuse.

In the end, Jane was forced to go with him. After reaching the place, she realized that he was inexplicably familiar.

Wasn’t this the first time she had met the ancient town where she had met the cold? Looking at the unfamiliar and familiar environment around her, Jane’s heart was complicated. She also understood Drake’s intentions. Of course, Jane would not forget her first acquaintance with Drake, which was also the beginning of her love at first sight for him. At that time, she had just graduated from university. She came there with her classmates who slept at the university. Because of the crowd, she and her classmates were separated. Later, she met the boy who was pestering her but because she had no feelings for him, she refused. At that moment, Drake appeared and stood in front of her. Drake’s figure was also deeply branded into her heart at that time. From then on, she fell in love with him.

Perhaps to him, it was just a meddling of his own business, but to her, who had just begun to fall in love, it was just a glimpse of ten thousand years. Jane closed her eyes. When she opened them again, the sadness in her eyes changed to indifference. People will always grow up and their minds will mature. They will not always live in youth and isolation.

“Drake, there’s no need for you to do so much. Some things are in the past and I lost my mood a long time ago. Even if I revisit my old place, I won’t be moved” She faintly Spoke coldly

Drake did not say anything but his silence was more like a denial, like it wasn’t intentional but since he didn’t say anything, she also kept quiet. Fortunately, Drake really took her into a renovated cloth store, but it was empty and had not officially opened yet With Drake’s introduction, Jane met the owner of the store, Vanessa Holland, a beautiful **woman**

“Miss Bentley, hello..“, Vanessa greeted with a smile. She wore a **warm** yellow gown with

her hair in a bun

“Hello, **Miss Holland**”

A few people took their seats in the place for the guests to rest Vanessa **brewed** chrysanthemum tea, and the camellia in the store was fragrant Although she **was not** satisfied with Drake’s persecution, Jane was still fully prepared when she **came**. This was the drawing she had drawn in the past few days. It was just the beguiling and there **were** not many drawings. However, Joe had a production factory. Vanessa was **very** satisfied with Jane’s design and the Fashion **concept**.

After talking, **she** decided on Jane’s design **without** much **thought**. Because the clothing

Chapter 127

store was still half a month away from opening, Jane also had plenty of time. **After** discussing their work and leaving their contact information, Jane and Drake got **up** and left. Just as he reached the door, he found that the **sky** was covered with dark clouds, and the rain fell in an instant.

Jane was surprised when she saw the raindrops, Vanessa did not expect that it would suddenly rain, so she chuckled and gave the two of them an idea.

“There is a hotel next to me. It was opened by my boyfriend. You can stay here first and wait until the rain clears“.

In this situation, Jane had no choice but to go to the hotel next door with Drake. When they reached the front desk of the hotel, they heard the young man greet Drake warmly.

“After so long, I finally see you again. I’m afraid your brother has forgotten me.”

Hearing this warm tone, Jane was stunned, emotionally, Drake knew the owner of this hotel. Jane looked up and quickly saw the man in front of her. She knew it in the beginning. After being harassed earlier after he came forward, the result was that several people were invited to the police station to drink tea, and it was the young man who went to the police station to pick him away.

Jane had met him once!

Noelle Pytts’s words did not change Drake’s expression. He just said indifferently,

“If you want to see me, go back to Silverbourne”,

“It’s not that you don’t know why I came here and told me to go back.” Noelle pouted and looked at Jane beside Drake.

“Hi, cousin!”.

Hearing Noelle calling her makes her stunned. Unexpectedly, the young man in front of her was Drake’s cousin. **After** greeting her indifferently, Jane remained silent.

She was stunned when she saw the room card handed over by the other party.

“Can you open an extra room?”.

Hearing her say, Noelle smiled and spread his hands,

“No more”,

“No more?”, Jane expressed her suspicion. It was too believable to say that there was no room in such a big hotel.

“It’s been tourist season recently, and it’s raining today. The rooms have been booked out in advance. There’s only one room left.” Noelle opened his mouth

and said nonsense. His cousin finally begged him for help, and he had to arrange everything properly. Looking at Noelle's smiling face, Jane was still skeptical, but she looked at the pouring rain outside. In the end, she did not say anything and walked ahead. After she went upstairs, Noelle raised an 'ok' gesture at Drake, and the smile on the corner of her mouth was a little cheap.

Drake was a little sick of the cold,

"I'll treat **you** to dinner when **you** return to Silverbourne".

After saying that, **he** also went upstairs.

In the room, Jane looked at the only big bed and became more and more sure that

Noelle did it on purpose, but she had no evidence. In addition to the big bed, there were only chairs and no sofa in the room, which meant that she and he had to sleep on the same bed. It wasn't the first time, but they always slept together. Jane raised her eyes to look at Drake and said in a bad tone,

"Go down and **let** him open another room for you",

"he said no more room", Drake replied calmly,

"You go and ask. **It's** still early before dark, maybe some people who have reserved a room will check out," she said.

"Are you so afraid of sleeping in the same room as me? Are you afraid that you will not be able to control your plans against me?", he said with a smile.

Hearing this, Jane gave him a big glare, "You're thinking too much. I'm afraid you're plotting against me".

“Then let’s sleep together and try to see who **is** plotting against whom,” Drake said coldly.

Jane did not react for a moment, so she refused to admit defeat and agreed.

“Humph, who’s afraid of who?”

At night, the two of them were lying on the same bed. They slept on the opposite sides of the bed. The air was filled with a faint fragrance. It was the incense that Noelle had ordered before going to bed. The two of them didn’t think much about it but as time passed, the fragrance in the room was overflowing, and Jane slowly lost herself in the fragrance

“Drake Do you think it’s too hot?”.

In a daze, she lifted the quilt and tugged on his clothes. Not only was it hot, but he was also boiling

In the darkness, after rustling. Drake turned on the light at the bedside The room was **lit up** with a warm yellow light She could see the man’s delicate collar bone, and further **down**. she could see his abdominal muscles. Looking at this unruly appearance, Jane subconsciously swallowed. Not only was her body hot, but her heart was also hot. The helpless Jane could only get out of bed and went straight to the door.

No, she couldn’t be with Drake anymore!

After twisting the door handle, Jane realized that the door could not be **opened** at all.

Hearing the sound, Drake also got up.

“What’s going on? The door is broken?”.

With that, his figure was already close, and he raised his hand to twist the door handle. After the slight shock, Jane came back to her senses and turned around to push him away. but because the space was too small, her feet were pinned together. In a flash, Jane was pressed against the door by Drake. The two of them were very close to each other. Jane could even feel the breath from Drake’s body spraying **on** the tip of her nose.

Drake Get up!” Qiao Huan’s voice was a little hoarse and looked up, she **saw** Drake’s Adam’s apple. As she slipped, she couldn’t help but want to bite into it. Jane felt that she was about to lose control of the desire that erupted from her heart, **but** Drake was still listening to her.

“What? Are you afraid that I’ll be next to you? Are you afraid that **I’ll** eat you?”,

Jane swallowed. She was afraid that she would eat him!

“You get out of the way she pushed the man, her consciousness erratic. Jane’s shoving had **no** effect. Drake imprisoned her hand and wrapped his other hand around her **waist**, directly lifting her a little.

“Drake...” Jane’s eyes widened as she looked at Drake who **was** kissing her, but she couldn’t make any effort to push **him away**. In a few breaths, she was dizzy from the man’s kiss, and the incense **in** the room burned all night.

The next day, the sun shone into the room and fell on **the** handsome **face** by the **bed**. Suddenly, a loud slap landed on the handsome face, awakening the man from his **sleep**.

Chapter 128

Drake sat up **as** soon as he was beaten, covering **his** face and looking **at** Jane who was **neatly** dressed **beside** the bed, looking at him angrily.

“Drake, you are despicable and shameless“, Jane cursed coldly. Drake was very innocent. He knew that she was angry because of what happened last night, but what happened last night was not his fault. She agreed!

However, Jane did not listen to his explanation at all and left coldly after the fight. Because of the situation that she couldn't open the door last night, She used a lot of force when she opened the door. Not wanting to use too much strength, the door was easily opened, and outside the door, Noelle was still standing. Seeing Jane angrily opening the door, Noelle who was outside the door was stunned for a moment and then said with a smile.

“Cousin, good morning“.

Jane's eyes immediately touched the screwdriver in Noelle's hand, her cold eyes emitting a chill. Noelle quickly hid the screwdriver behind him, and smiled a little, “Haha, the door lock of a room is broken, I'll fix it.”

Jane snorted and went straight downstairs. Seeing she has left, he slowly walked into the

room.

Inside, Drake was already dressed and his back was to the door.

“Cousin, how did you feel last night? I gave you all my treasures.”

Hearing Noelle's words, Yu Mohan's whole body exuded a coldness, and he turned around with clear marks on his face. The smiling expression on Noelle's face instantly froze.

“Cousin... This!“,

He wanted to say something, but Drake took the incense burner on the table and threw it directly into his arms.

“What a waste!“.

After that, he strode out of the room and went after Jane. After Jane left the hotel, she felt hungry, so she found a noodle shop on the roadside to eat. It had

already happened, and she was an adult after all. After sitting down for a while, Drake's figure also sat opposite, Jane ignored it.

"Don't be angry, I apologize to you for what happened last night", He said. Jane did not say anything, but Drake wanted to continue but was stopped by Jane's knowing eyes.

"You want everyone to know what we did last night?".

This was on the street, and the two of them were sitting on tables and chairs that had been temporarily set up on the side of the street. People coming and going could hear them at any time. After Jane's scolding, Drake did not mention what happened last night but only said.

"I'll accompany you to explore this ancient town in a while. See what you like, I'll buy it for you",

"No need." She coldly refused. But she still wanted to go shopping. She had been to the town before and knew that there was a place selling antiques. At that time, she had just graduated **from** college and did not have much money, but now she has free money, and

she can buy whatever she **likes**.

After eating the noodles, Jane got up and went to the antique area. Although she had not paid attention to Drake, she deliberately maintained a certain distance from him and did not get separated. Soon, the two of them arrived at the antique area. Drake did not have much research on this area. Many of the antiques at home were given by others. He bought very few of them himself unless he liked them. As soon as Jane entered the antique area, she greeted the people there in their native language.

"When did you learn this?".

Hearing that, Jane was too lazy to answer him, and only responded indifferently.

“Four years ago.”

Chapter 129

Listening to Jane’s indifferent words, Drake wanted to say something. Jane was already attracted by the pile of antiques and went forward to check. The boss was a man in his thirties with a goat. He was lean and tall. At first glance, he looked very cunning. Jane’s gaze swept **across** his stall and picked up a jade gourd. The man immediately smiled and sold it.

“Miss, you have good eyesight. This jade gourd is a treasure handed down from the Western Doubloon. It’s the only one until now, and the price is cheap. As long as this amount is enough, you can take it away.” The boy stretched out five fingers.

Hearing this, Jane laughed lightly, put down the things, and picked up another antique. When the man saw this, he immediately smiled and sold it. After looking at five items in a row, the man’s asking price was not low, and Drake frowned. Jane put down the things in her hands again, provoking dissatisfaction from the man who set up the stall who said,

Miss, do you want to buy it? If you don’t, don’t fool around. If you break it for me later, you’ll pay...”

Hearing that, Jane just smiled lightly, and then said indifferently,

“The first jade gourd was from the late Dynasty period. The fine carvings on the gourd could not be achieved without the craftsmanship of the Western Doubloon. It’s not the jade flute you mentioned in the Tang and Song Dynasties, the third one...” Jane gave out the details of the few items just now. When the man heard it, his expression immediately became cautious. It seems that once you meet someone who knows how to do it, it’s not easy to fool them.

“Hey, Miss understands so much. She looks like an expert.” The man chuckled.

Jane did not say much. She picked up a pocket watch and asked the man.

“How much is this?”

The style of the pocket watch was not new. It was a common item in the late Republic of Germany, and the color was already a little yellow. The man received this thing from a fellow villager. When he received it, he did not even receive a hundred dollars. The man’s eyes rolled around in a circle, and then he raised a finger at Jane,

“One hundred thousand!”

Hearing this, Qiao Huan laughed lightly,

“The boss doesn’t seem to have the heart to do this business.”

Being stared at by her eyes, the man was a little unnatural. His price was indeed high, but for the sake of profit, he could only bite the bullet.

“Ten thousand!”

Jane gave the price in his heart.

“That’s not good, at least 80,000.” The man bargained and showed his superb acting skills. Jane didn’t talk nonsense, She just put down the things and left without **any** delay. **When** the man saw this, he quickly called out to her and said

“**Miss**, you can add more. 10,000 **is too** low. I really can’t sell it.”

11:13

Hearing **this**, Qiao Huan gave another price, “Twenty thousand!”.

In

the end, the man agreed to the price that Jane had offered. Although the price did not meet his expectations, it was still a good deal. After paying, she held up the pocket watch again and carefully observed to make sure that she had not read it wrong. At this moment, an elderly man appeared and said to the pocket watch in Jane’s hand.

“This pocket watch... Not bad, little girl. How much is your pocket watch? I want it.”

Looking at the old man who suddenly appeared, Jane put away her pocket watch and shook her head, “Sorry, I don’t sell this.”

“little girl, I’ll pay 200,000 for this thing. What do you think?”, The old man said very generously.

But even after hearing that, she shook her head. The old man could only shake his head in disappointment. The stall owner’s eyes widened when he heard the old man’s words, full of shock. Then he stepped forward and grabbed Jane,

“Wait, I won’t sell this to you anymore. I won’t sell it anymore...”

Jane frowned and quickly put the pocket watch into her bag.

“Sir, the money and goods are clear. The things are already mine. How can you go back on them?”.

The man had been shocked by the old man’s 200,000, so he didn’t care.

“The thing is mine. If I don’t sell it, I won’t sell it. Give it back to me.” With that, the man was about to grab it. Jane dodged the man’s movements. The man al

most fell and looked embarrassed. When the old man saw this, he quickly said something fair.

“This gentleman, since the money and goods have been cleared, how can you go back on it? Isn’t this breaking the rules of Antique City?”,

The old man’s words did not arouse the man’s rationality at all. Instead, he severely reprimanded the old man.

“I want you to mind your own business!”, The old man was scolded by the man and finally left. The man pointed his finger at Jane again and demanded sharply, “Give me my things back.”

With that, he was about to pounce on Jane again. Naturally, Drake couldn’t sit still and directly block in front of Jane.

“Are you going to do something?”, Drake’s words frightened the man. He did not dare to continue to fight with Jane.

“I’ll give you another 10,000, and you can return it to me.”

Hearing this, Jane shook her head. “I bought this as a gift. I can’t sell it to you.”

Hearing this, Drake’s heart moved and he was looking forward to it. Could it be that Jane **was going to** give it to him?

Seeing that Qiao Huan was unwilling, the man’s face was even more embarrassed but when he saw Drake in front of her, he did not dare to do it.

“Okay, **you guys** are amazing, **it’s best** not to meet me again.”

With that, the man returned to the booth, packed up the things in front of the booth, and left. Jane and Drake did not take this to heart. The two of them continued to browse the antique city. Jane bought some other things. Seeing that it was almost time, they were about to leave. As soon as **the** two of them walked out of the antique city, they were stopped by a group of people in a remote alley. The leader was the man who had sold Jane's pocket watch earlier. When he saw the two of them, the man's face was still filled with anger.

"I said, you'd better not meet me again. Unfortunately, your luck is not very good, then return my things."

Jane looked at the dozen or so vicious men behind him. She was not afraid. This kind of dishonest business owner was disgusting.

"Should you hand it over yourself, or let our brothers do it!"

Because he had brought a dozen people, the man was no longer afraid and directly asked Jane to hand over the things.

"You're so dishonest, aren't you afraid that your business won't go well in the future?". Jane said coldly.

"Hmph, how I do business is my business. You can't control it." The man snorted coldly, not paying any attention to Jane's threat.

"In other words, we have to do it!" She said with a bit of indifference. Drake reached out and pulled her behind him, saying softly.

"Don't be brave, there are many of them."

“If there’s going to be **a fight** in a while, you should be careful and take the opportunity to **escape**. Don’t hurt yourself.”

As soon as Drake finished speaking, a group of people rushed up and prepared to grab it.

Drake also stretched out a hand and blocked in front of Jane.

However, just as Drake was about to protect Jane, she had already rushed up and kicked the man to the ground.

Drake was stunned for a moment while Jane had already made another move. She pulled a man’s arm and threw him over her shoulder.

With the sound of pain, Drake came to his senses and stepped forward to help. In just a few minutes, a dozen men fell to the ground, wailing in pain.

The man in the lead even cried and begged for mercy,

“Miss, I was wrong... I was wrong. Let us go. I don’t want anything anymore.”

Jane walked in front of him and looked down at the man on the ground with an indifferent expression.

“Next time, I’ll beat you up so that your mother doesn’t even know her son”.

The man quickly shook his head and begged for mercy.

Walking out of the alley, Drake looked at her suspiciously, but he stopped.

He seemed to have seen her skills last time, but because he had always thought that she was a weak woman, he had forgotten about it.

Drake couldn’t bear the question in his heart, and finally asked aloud,

“How do you know how to fight?”.

Jane's movements just now were neat and clean. Hearing Drake's question, Jane lowered her eyes and said indifferently,

"I learned it. Could it be that I was born with it?"

This answer would kill God!

After visiting the ancient town, the two of them drove back to Silverbourne. In the car. Drake thought of the pocket watch that Jane had bought, and couldn't help but say

"The pocket watch you bought in the ancient town looks very interesting. You said that you want to give it away. Who do you plan to give it to?"

"A friend," Jane said lightly,

"A friend? What friend?"

Hearing Jane say that she has a friend, Drake was sure that the person she was sending it to was him, and could not wait to ask.

Jane glanced at him and did not **hide** it. **She said directly,**

Chapter 130

"Charles..."

As soon as she finished speaking, Drake suddenly stopped and looked at Jane in shock and

anger.

"Why him?",

"Because he was injured before, I should give it to him as a favor. Moreover, that watch is more in line with *his* modest temperament," she said lightly.

Hearing this, Drake was even more unhappy. "What about me? I was injured for you too. Why don't you remember me?"

Jane looked at him indifferently and said angrily, "You're pretending."

"Then he's pretending too!", Drake roared.

He then thought of what happened last time in the hospital. Although Charles admitted that he had arranged to save her from the car accident, Jane did not hear it.

And the reason why Charles said that was to stimulate him to tell the truth for Jane to hear.

Thinking of this, Drake's expression darkened even more. Charles had a good plan.

"Can you drive well? It's very dangerous to park on the road like this."

Seeing that Drake had been entangled in Charles's matter, Jane said angrily. Seeing that Jane did not believe what he said at all, he could only start the car again with a dark face, but the air pressure was low.

He must find a way to let Jane see Charles's true colors.

Back in Silverbourne, Jane was busy with the design and production of the garments.

During that period, Zoe told her that she was going to participate in a robot disassembly and assembly competition. If she won first place in the competition, she would be able to get the brand's most precious robot.

After Jane found out, she put her work aside and prepared to take Zor to the competition.

Zac also heard about this and immediately indicated that he would also go to the game. Zane looked at his attitude and his face wrinkled.

"Hmph, that day was not a weekend. You have to go to school."

"Sister Zoe's competition is more important than going to school. The big deal is that I'll ask for two days off. You have to go to school that day, so you don't want to watch Zoe's competition." Zac replied.

Zane snorted and turned his head, ignoring Zac.

Of course, it was impossible for him not to go to Zoe's competition, even if he did not go to school.

Jane joyfully watched the three cute babies arguing with each other. Her heart was filled with happiness.

Soon, it was the day when **Zoe** to played and participated in the competition. The three of them had just come downstairs when **they** saw the lengthened Lincoln parked downstairs. Zac was lying on the window and beckoning **to** them.

Chapter **130**

“Beautiful teacher, Sister Zoe, come quickly...“.

Jane and others walked over. In **the** slowly lowered car window, in addition to Zac, there was also **a** cold old figure.

“Beautiful teacher, get in the car!” Zac opened the door and jumped out of the car, excitedly inviting Jane to get in. Jane did not move, nor did Zoe and Zane. Looking at the man sitting quietly in the car, Jane said.

“Zac, I’ll just drive there myself. This car is too ostentatious!“, she said.

Why did Drake drive such a flamboyant car to pick them up? This did not fit her image at

all.

“Beautiful teacher, you can take my car. This car is almost moldy when Daddy left it in the garage. Today is such a good opportunity to drive it out. Isn’t Sister Zoe going to race? Much more comfortable, sides, the venue for the competition is in the States. It takes three hours to drive. You must not be exhausted from driving for such a long time.” Zac persuaded seriously.

Jane was a little shaken, but when she looked at the man in the car, she was a little repulsive.

They had agreed to keep their distance, to get a divorce, how could they always get along together?

Just as Jane was hesitating, Drake alighted and moved to directly carry Zoe in to the car.

“If you don’t hurry up, you won’t be able to catch up with the game time,” said a cold voice.

Looking at the watch on her wrist, Jane did not hesitate anymore and Zane also you into the car.

The car drove slowly towards the destination.

On the way, Zac opened the refrigerator and cabinet in the car, took out a lot of snacks and drinks, and shared them with Zoe and Zane.

Because it was a luxury car, the seats were all on the side like a sofa. Jane’s sitting position, raised her head just to meet Drake’s eyes. She kept her head down and did not look at him.

Inadvertently raising her eyes, she quickly avoided him.

After finally reaching the competition venue, Jane quickly got off the bus with the three cute babies.

When they got to the game, Jane and the others lined up to enter. Zac and Zane sandwiched Zoe between them. Zac encouraged Zoe.

Zoe, don’t be nervous. I believe you can get the first place. When you get the first place, I’ll use my pocket money to invite you to a big dinner to celebrate.”

Hearing Zac’s words, Zoe was still very moved, but before she could answer, a young boy sneered from behind.
