

Mr. Warner Your Ex-Wife is Brilliant by Paula Chapter 344

Chapter 344

After April rested, Jane went out again to her studio, seeing that it was still early.

She was busy with the affairs of the Bentley company that she didn't get the time to visit the studio. Although she knew that even if she was away for a while, her trusted staff would not cause her any trouble, still, it would be good to see it with her own eyes.

The studio is in Warner Group. When Jane arrived, it happened to be lunch time, and many of the employees had gone out to eat.

Seeing that it was already late, Jane went to a delicious restaurant near the company to pack a few dishes, and prepared it for take away. She plan to have dinner with Drake in his office.

She and Thea both carried a lot of foods and went straight to Drake's office.

When she reached the door of Drake's office, the door was not closed tightly, and a pretentious female voice came from the inside. Jane didn't expect to hear such scene.

"Mr Warner, this is the lunch I made myself, you can try it."

Hearing a woman's voice, especially that pretentious voice, Jane instantly felt a little angry.

"I don't want to eat it, take it away!" Fortunately, she heard Drake's voice after, and it was the kind of cold and repulsive voice.

Her husband is so outstanding, it's normal for someone to desire him, as long as Drake restrains himself and not mess with the other women, Jane won't take it to heart.

After listening for a bit, Jane pushed the door vigorously. She wanted to see who was so shameless. enough, who dared to seduce him knowing that Drake's married already.

As the door was pushed open, Jane saw a scene that made her boil in anger. A sexy woman in a professional suit was about to pounce on her husband.

Drake also pushed the girl away, who rushed over to him without even thinking, and his face became extremely gloomy.

“Amy Dell, you can go to the HR department and turnover your resignation!” Drake’s voice was extremely indifferent.

Hearing this, Amy’s face turned pale, and at the same time, she also notice Jane who pushed the door in.

“Darling you’re here?” Drake got up and looked at Jane anxiously, for fear that she misunderstood.

“If I didn’t come earlier, how can I see this scene of a hungry tiger rushing to eat? In this world, there are so many shameless women. Who keep on coming at someone one after another, when they know that it doesn’t belong to them, and they seem to forgot to look at their technological face in the mirror, how disgusting!”

Jane knew that this matter was not Drake’s fault, but seeing women attacking him one after another made her feel very upset.

But the accused woman didn’t have any shame on her face. Instead, she stood up proudly and looked at Jane triumphantly.

Jane knew this woman. When she came to serve as Drake’s secretary, this woman was also a

member of the secretary team.

However, when she was here, this woman was quite reserve, presumably it was because she hadn’t appeared beside Drake for a long time, which made these women start to move again.

“Darling, don’t be angry, I’ve already told her to leave the company.” Drake walked up to Jane and comforted her softly.

Jane was jealous, knowing that she cared about him made him on cloud nine.

On the contrary, it was the woman who was expelled, whose complexion finally became a little livid, and she almost gritted her teeth and said.

“Mr. Warner, I have been in the company for several years and have been generating a lot of benefits for the company. It is too heartless for you to kick me out of the company just because of an outsider. Your behavior will disappoint countless employees of the company, besides, I didn’t do anything, why should Ms. Bentley accuse me with such an ugly words.

H

Hearing her indignant rebuttal, people who doesn’t know may think that she has misunderstood her.

“You didn’t do anything? But anyone except the blind eyes can perfectly see the way you rushed forward just now, as if you haven’t seen and tasted a man in a few decades.” Jane replied lightly.

“Hmph, so what? I just love Mr. Warner, is there something wrong with it?” The woman still raised her face with exquisite makeup?

“That’s right, but you just can’t love my man.” Jane said coldly.

“Heh, you have such a thick face. Who doesn’t know that you are Ms. Annie’s superior? You squeezed Ms. Annie away, so you can have the opportunity to be with Mr. Warner. Why can you snatch other people’s men? But I can’t?” The woman said not to be outdone.

Obviously, the woman has long been part of the company but doesn’t know that Jane was Drake’s lawfully wedded wife.

And what she said successfully made Jane so angry She walked up to her, raised her hand, and slapped her hard on the face.

“You hit me...” Amy was so angry that she raised her hand to hit back, but was stopped by Drake’s

iron fist.

Drake voice was like an ice as he shook off the woman’s hand that wanted to touch Jane’s.

“You have the nerve huh. She has been my justifiable wife from the beginning and until the end.” Drake stood in front of Jane, speaking solemnly.

Amy was stunned by Drake's words, her face scrunch and couldn't say a word, and finally, under the gaze of the two of them, she ran out of the office.

When the woman left, Jane pushed the man's hand away on her body, in a sour mood,

"Tell me, why is there so many flowers blooming around you, and not to mention those women who's wanting to jump into your arms one after another?"

This is a question that must be answered carefully. He thought, then looked at Jane affectionately with his dotting eyes.

Around me. Madam won't forget that she was kidnapped

"It's not just me who has suitors buzzing

home by some men who fell in love with her at first sight."

Drake wriggle his eyebrows, and Jane couldn't help but feel a bit of mischievousness on his aloof and domineering expression.

Forget it, let's not mention those flowers, she'd better eat, she's starving to death.

"Let's not talk about it, eat, I ordered the food from downstairs, let's eat it together while it's hot."

Jane walked to the floor-to-ceiling windows of the office, where there were sofas, tables and chairs. She put the food on the table, unpacked it, and invited Drake to eat.

Drake walked over, and help her unpacked the foods while saying,

"I made an appointment with a certain high-end wedding dress team in the afternoon. Let's set a schedule to go there, you can choose what kind of wedding dress you like, and have it customize it as soon as possible."

Hearing this, Jane raised her head and looked at Drake with a somewhat puzzled expression.

"You forgot, I'm a fashion designer myself, why do I need another design team?"

Jane thought, it is a wonderful thing for her to design her own wedding dress.

Facing Jane's doubts, Drake smiled knowingly. He couldn't help but raised his hand to touch Jane's head.

"Hmm, of course I know that my wife is the best designer, but your studio isn't involved in the wedding dress series, so I invited the internationally renowned master wedding dress design team to create the most beautiful wedding dress for you.

After hearing the man's explanation, Jane felt a little more at ease. However, she still had to design her own wedding dress.
