### Chapter 348

Drake quickly answered Jane's call, and she immediately told him about the information she heard from Amy about that pharmaceutical factory, in an urgent tone.

After listening to Jane's words, Drake was still calm and said something lightly.

"I already know that."

Jane was stunned for a moment, and realized that he must have obtain it from Amy. After being locked up in here, she's probably unable to take it anymore and spilled this information. That explains why he has already known it.

"Then what are you going to do with her?" Jane asked.

"Keeping her there is just to let you vent your anger. After you vent your anger, we must hand her in. She will definitely won't be able to escape from prison." Drake said flatly.

After Jane figured it out, she didn't say any more and informed Drake that she brought Andrew and Rosaline to see Amy, and then hung up the phone.

When she came back again, Amy was still crying, Rosaline also recovered from the shock, and looked at Jane.

"You don't need to look at me. What she did was illegal. I can't save her. Also, I've let you see her, but you can't take her away. What she did is a very serious crime."

"If you insist on taking her away, it's considered as obstruction of evidence, and you will also be punished by the law. You should think about it yourself." Jane said coldly.

Rosaline was thinking about how to take Amy away, but when she heard Jane's words, her heart skipped a beat.

After thinking about the seriousness of the matter, it was indeed as Jane's mentioned, the thought of taking Amy away immediately disappeared in her heart.

Instead, he took two steps back and distanced herself from Amy.

Daughter is important, but not as important as myself.

Seeing her mother's actions, Amy understood her mother's thoughts in her heart. Is she going to be abandoned?

Thinking of this, Amy turned even more frightened, and could only crawl towards Jane again.

Now the only one who can save her is Jane.

Jane also saw her intention and took two steps back, her face was cold.

"Don't bother asking and begging me, I can't save you, and even if I could, I wouldn't save you based on what you did to me." Jane said resolutely, resounding her thoughts.

Amy face looked ashamed when she heard Jane and she could only ask her mother for help again.

"Mom, think of a way, save me, I don't want to die, and I don't want to go to jail."

Rosaline looked at poor daughter, although she doesn't want to be involve, still she was her daughter in the end.

"Amy, it's not that mom doesn't want to save you, but I don't have that ability at all." Rosaline said helplessly.

"Mom, help me figure out a solution, there is definitely a solution." Amy could only put all her hopes on her mother

After all, she was her own daughter, even if she couldn't save her, she shouldn't give up on her. Rosaline felt embarrassed.

"Okay, Mom will definitely find a way for you. You stay here first, and when Mom thinks of a way, I will definitely come and rescue you."

When she's done assuring her, Rosaline pulled Andrew aside and left quickly.

Amy looked at her mother's fleeing back, she then understand that her mother was just fooling her, she let out a final scream in despair.

"mom!"

Looking at this scene, Jane couldn't tell what it was like.

She didn't have that much hatred for Amy, although she kept troubling her, except for what she did recently, the previous ones were nothing serious.

Compared with Annie, Jane's feeling of revenge for her were just smaller.

All of this, she can't blame her, she just wanted to punish her once and for all and only by using such

vicious means.

Jane will no longer sympathize with them, everyone has to pay the price for their choices.

After watching Amy, Jane asked the people around to continue guarding her, she then returned to the company.

In the afternoon, when she finished her work, Jane get back to the villa. Thinking that April was pregnant, she asked Thea to take her to the largest shopping mall to buy some things that April could use.

When she's done shopping and was about to go home, she ran into Charles Carlton.

Charles seemed to be looking for Jane, and when he saw her, he walked over directly.

Before he could get close to Jane, he was stopped by the cold shadow beside Jane.

Charles was caught off guard, looked at Jane and called out lovingly.

“Jane!”

Seeing Charles like this, he was undoubtedly looking for her, Jane hesitated for a moment, and let Thea step aside.

But she looked at the man with a very cold face, “Mr. Carlton, what’s the matter?”

Jane blocked Charles contact information a long time ago. She and Annie were enemies. Even if she was really Charles’s biological child, she would not recognize her.

Therefore, she kept her distance from the beginning

“Jane, I heard that something happened to you before, are you okay?” Charles asked with concern.

When the fake Jane was in a coma, Charles went to see her several times, but because of Drake’s

orders, Charles couldn’t enter in the ward and wasn’t able to see her.

He thought that something had really happened to Jane, and he was very sad for a long time.

Seeing that Jane was fine now, he also breathed a sigh of relief, although he didn’t know what happened.

Hearing Charles kind gestures, Jane found it funny.

The reason of her accident was caused by his good daughter, but judging by his appearance, it should be because he didn’t know what Annie did.

Jane didn't take her anger out on him because of this, but her expression remained indifferent.

"Thank you sir for your concern, I'm fine now."

When she's done speaking, Jane turned around and wanted to leave, but she was stopped by Charles again.

"Jane, can we have a meal together?"

When Jane heard the words, she refused without thinking, "I'm sorry, Mr. Carlton, I have something

else to do."

Seeing the girl's indifferent expression, Charles felt a uncomfortable.

"Jane, can't we sit down and have a good talk?"

"Mr. Carlton, you and I have nothing to talk about. You and I are only strangers." Jane was tired of saying the same thing. But the other party seemed not to understand her.

Hearing her say such words again, Charles felt even more uncomfortable and a pang of pain in his

heart.

"Jane, can't you give me a chance? I've done wrong to your mother, so let me make it up to you, okay?"

"Andrew is not worthy of being a father at all. As long as you are willing to recognize me, I'll definitely compensate you for what I owed you and your mother all these years." Charles said pouring all his emotions, but unfortunately for him Jane wasn't move at all.

"I don't care what you owed to my mother, but you owed nothing to me." Jane said lightly,
