

Mr. Warner Your Ex-Wife is Brilliant by Paula Chapter 355 -

Chapter 355

Jane slept with the three little guys at night, because she was mad at Drake, but seeing that the man didn't return all night, she felt worried again.

Jane, who was so worried, couldn't fall asleep all night, and finally lost her temper, so she called

Drake.

However, after the call was connected, it wasn't him who answered the call, but a woman.

"Hello", the other party responded politely to Jane on the phone.

Jane who was already angry, heard a woman's voice instead of Drake's, her mood became cold in an

instant.

"Where's Drake?"

"Mr. Warner drank too much and hasn't woken up yet." The woman said teasingly.

Hearing this, Jane wasn't stupid enough not to understand what was going on.

Although what he did during the day made her very angry, Jane still believed Drake, thinking that he would not do anything to offend her at this time.

And now that Drake's mobile phone is being held by a woman, it means that something is wrong

with Drake's situation.

Jane straightened out her emotions, and calmed down her anger and immediately asked who the woman on the phone was.

“Who are you? Where is **Drake!**”

“Who am I? I’m Marina James.” The woman replied calmly.

Jane was stunned for a moment, and then realized who Marina was, wasn’t she that shameless woman who was chased away by her when she climbed on to Drake’s **bed**.

She actually got entangled **with** Drake again. Jane felt annoyed.

“What **did** you do? “Jane’s voice became cold.

“**Nothing, just want to taste** your man. I **have** never met a man who makes my heart beat so much. How can I **be** satiated if I **don’t** sleep with him for a while.”

Marina’s words were calm and composed, without any ounce of shame, which made Jane even

more **angry**.

Cursing the shameless woman in her heart.

But **the most** crucial thing **right now is to** quickly find **Drake**, otherwise, **He will be tainted by** this slut.

Jane didn’t dare continued to imagine about it. If he **really** did slept **with that** woman, **she would probably have a shadow** in her heart.

“**As a woman, you are too** shameless.” **Jane cursed fiercely**.

“**Why** would I be afraid **of being shameless? What you** are afraid of, **is** me being **shameless, and I will get what I want.**” **Marina didn’t care about Jane’s words** at all.

She was born as a mistress, **and gave birth to a son for her lover. For her, her sense of shame has**

uped away.

She had slept so many old men, and this is the first time she has been obsessed with a young man, so naturally she has to sleep with him successfully.

“Whatever you say, I’m going to taste your man now, so I won’t talk nonsense with you anymore.” Marina hung up the phone directly, when she finished talking. Jane dialed again, but the connection

was lost.

Jane’s anger ignited instantly. Don’t let her find this shameless woman, otherwise, she won’t let her **go easily** this **time** no matter what.

While thinking of this, Jane immediately called Daniel and asked about Drake’s **whereabouts** for the

evening.

Who would have thought that Daniel, who had always been following his boss closely, wasn’t by Drake’s side tonight.

“Ma’am, Mr. Warner asked me to come out to do **some** task. **It** is the other assistants **of** the

company who went out to socialize with him today.” Daniel replied cautiously.

“Call the assistant who accompanied him to the event and ask where are they right now” Jane was in a hurry, for fear that Drake would be really tarnished by that woman.

“Okay, got it.” Daniel hung up the phone, and immediately followed Jane’s **instructions**.

Perhaps it was because Jane spoke too loudly that Zane, who was already asleep, opened his misty

eyes.

“Mommy, hasn’t Daddy come back yet?” Zane asked in a low voice.

Jane comforted him, “It’s okay, something happened at Daddy’s **side**, sleep back first, and Mommy has to go out for a while, okay?”

Jane must go out to find Drake, she was afraid that if she went out, the three little guys would be worried.

Fortunately, Zane was mature, **Zoe** and Zach did not wake up, after Jane **coax** Zane to sleep **back**, **she** changed her clothes and went out.

Thea her driver followed her to avoid other accidents.

As soon **as the two** of them **drove out** of the villa, Daniel **called** again, **saying** that he can’t **contact** the assistant who accompanied Drake out to the event.

Hearing this, Jane’s frowned deepened even **more**, where should she **go to find him?**

Just when Jane **was at a loss**, Zane sent **her** a **message on** her mobile phone, which turned out to **be a five–star** hotel.

Jane was stunned for a moment, **and then** understood **that Zane probably hacked his** father’s phone to **locate** him, **after she** went out.

Jane was overjoyed and praised **her son** for **being** smart.

Afterwards, she **let Thea drive** the car **directly to that five–star hotel.**

When they arrived at the **location,** **Zane sent another** video of the hotel **corridor before** Jane could **find a way to** find out the hotel room **where** Drake was.

Chapter 355

A woman **helped Drake into a** presidential **suite,** and the room **number** was **clearly displayed in the video.**

Jane once again gave Zane a big thumbs up in her heart, she then went straight to the presidential suite on the top floor of the hotel.

Soon, Jane stopped at the door of the suite and rang the doorbell.

Because the hotel's sound insulation is really good, Jane couldn't hear any movement in the room. It took a long time before a woman's voice came.

"Who is it!"

Jane really wanted to strangle the woman inside, but she had to wait for the door to open, so she could only pretend to be a hotel worker.

Hearing that it was a staff member, the door opened soon, and the woman wrapped in a towel slowly opened the door.

However, before she could see who was there outside the door clearly, a punch was thrown directly on her face, and then she was kicked back inside the suite by that person.

Jane hated that she didn't wear high heels when she went out, otherwise, it would have been more painful.

Marina fell back into the room, making a painful sound, Jane immediately closed the door, punching and kicking Marina on the ground.

Sounds of painful scream rang after another and her scream was more miserable than the other. Marina finally couldn't bear it anymore, and begged loudly.

Jane didn't even put in too much strength, she just kicked the woman with her feet. Moreover, she had learned fighting, so she knew the spots where it hurt the most.

After beating up Marina, Jane finally calmed down a bit, and then found that Tea was also in the room, so she gave orders to her.

"Take her out, and then take off her bathrobe. Since she is so shameless, then there's no need to give her a face."

Hearing that **Jane** wanted her to be taken out naked and be watched by people, Marina panicked **instantly**, enduring the pain all over her body and stood up to escape, but Jane instantly grab her.

Grabbing Marina by the robes collar, Jane handed her over to Thea.

Thea **didn't** waste any time, and took Marina downstairs.
