

## Mr. Warner Your Ex-Wife is Brilliant by Paula Chapter 405

### Chapter 405

As Zoe was still **studying** the **boy, the boy, too**, looked towards **her** direction.

When he saw **the sweet** and lovely **Zoe, his eyes seemed to** light up.

**Afterwards**, the little **boy** walked **towards** her.

**With vigilance, Zoe** backed away **immediately** when he got **too** close.

Young master!” the servant greeted the boy respectfully.

**Zoe** peeked warily at the boy walking over with her round eyes.

“Who **are** you?” the boy looked at Zoe and asked with a baby voice.

It seemed like the other party may like her since he wasn't being hostile. However, she should be asking!

“Who are you?” Zoe asked angrily.

“My name is Cedrick,” the boy answered seriously.

From the word “Ced,” she could guess that this was really Ceddie and that was just his nickname.

“I am...” Zoe started, about to introduce herself. She was thinking that perhaps this boy could help her escape if they became acquaintances so she could ask him a few questions.

However, just as she opened her mouth, she was interrupted by the servant.

“Young master, this is my relative's child. She was left **with** me today due to an emergency. I'll take her back in a while.”

Hearing the servant's words, Cedrick's small face immediately showed a kind smile.

“No, let her play with me.”

The servant was a little hesitant. The master of the house ordered her to look after the girl and not let her run anywhere, but the little young master was requesting her to let the girl stay with him.

“Young master, how could her low **status** qualify her to play with you?” the servant said hesitantly.

Cedrick pursed his lips unhappily. “I like her, and I want her to play with me.”

Seeing that the young master was not **going to** let it **rest**, the servant had no choice but to let Zoe play with him.

“You’d better **be** obedient **to** play only with the young master, otherwise...” the servant said in a threatening tone.

Zoe was trying **to** think **of a way** to escape through the boy in front of her, so she immediately pretended to **be** obedient and **nodded**. She wasn’t going to let this opportunity go!

“I will play well with the young **master**.”

**At** Zoe’s confirmation, Cedrick’s face became even more **joyful**.

“Come on! I’ll show you my new toy.” Cedrick immediately took Zoe’s hand, intending to pull **her** where they would **be** playing.

Zoe **did** not like **being touched by a strange boy**, but **she endured it in order to** escape.

**Seeing** the **young master dragging her away**, the **servant could only follow immediately**.

She still had to keep an eye on the little girl all the time.

**Cedrick** took Zoe to the backyard of the villa. It turned out that **there** was a small playground there.

**Immediately**, the **boy asked**, “This is my paradise. Do you like it?”

Zoe scanned the playground carefully, considering the boy’s question. However, she was only reminded of her own paradise which was by her mother and brothers’ side. Her eyes begin to sting.

She missed mommy and her brothers. Huhu!

Cedrick didn’t hear Zoe’s answer for a long time. He glanced at her face and instead found that her eyes were red and tears were about to fall.

“Why are you crying!?” Cedrick anxiously asked.

Her eyes were glossy with tears and he couldn’t help but feel sympathy.

“Huhu! I miss Mommy... I miss my brothers...”

“Aren’t you going back tonight?” Cedrick asked with a puzzled expression.

“Wuwu! I’m actually... Umph!” Before Zoe could say a word, the servant who followed immediately stepped forward and covered her mouth.

“Young master, this is the first time this child has left her mother. That’s why she is like this. Don’t listen to her nonsense.”

Then, she looked at Zoe again, “Didn’t you just want to go to the bathroom? I’ll take you there.”

“Young master, I’ll take her to the bathroom first and bring her back later.”

After finishing speaking, regardless of Cedrick’s expression, she ran away with Zoe in his arms.

After entering the bathroom, the servant put Zoe on the ground and looked at her threateningly.

“You’d better not talk nonsense, otherwise... If something happens, don’t blame me for not reminding you,” the servant warned with sharp eyes

Zoe's eyes were filled with more tears, and her pitiful appearance caused the servant to soften her eyes a bit.

Zoe sniffed, and said aggrievedly, "I know. I won't talk nonsense."

"Auntie, I will be good. Please don't hit me."

Hearing Zoe's obedient answer, the servant nodded in satisfaction.

"As long as you are obedient, I won't beat you," the servant coaxed softly.

After warning Zoe a few more times and letting her actually use the toilet, the servant took her back to the backyard.

In the backyard, **Cedrick** was sitting in the playground. Seeing Zoe come back, he immediately beckoned her over.

Zoe glanced at the servant. **As** soon as the servant nodded in approval, she then went to **him**.

Because Cedrick liked her very much, he didn't restrain with playing with her. **He** would let her touch all the toys and even took out his favorite robot.

Zoe looked at the **robot** **which** she already had at home. She took calmly **and fiddled with** it until the **robot transformed under her** hands.

**This** was a **robot** that could change various forms **by twisting its parts**. There were many forms which it **could** change **to**, but **not** everyone could figure out how.

Out of the simplest forms, **Cedrick** had never unlocked a new form. However, just like the Rubik's Cube, the robot was able to change into various forms in a short while under Zoe's handling. It stunned Cedrick.

‘Have you ever played with this robot? How did you know so many transformations?’ Cedrick asked excitedly and curiously.

Zoe kept moving her hands and said proudly, ‘Well, this robot has eighteen forms in total, and I have already unlocked each form.’

Cedrick’s eyes widened.

‘You know all the eighteen forms? How is that possible? This is a limited–edition robot, but aren’t you the child of a servant’s relative? How could you have this robot?’ Cedrick looked puzzled.

Before she could answer, she received a warning look from a servant not far away.

Zoe pondered for a while before replying, ‘I watched the video online, so I remembered it.’

‘So that’s how.’ Cedrick didn’t doubt Zoe’s answer and nodded thoughtfully.

‘Well, then, I’ll give you this robot,’ Cedrick offered generously.

‘No need.’ Zoe evaded. She knew that the robot was a limited edition, but she already had one at

home.

Moreover, the ability to transform into eighteen types of robots were nothing to her. What she was more interested in were other robots that could also transform.

‘Why not? You don’t like it?’ Cedrick was a little disappointed. This was his favorite toy, and it was the first time he was giving it to someone, let alone a little girl. Why would she refuse it?
